WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, MARCH 8, 1906

VOLUME XXVI, NO. 14

FROM DAY TO DAY

(From Wednesday's Daily)

Mrs. Andrew J. Casey, wife of the editor of the Independent, who has been seriously ill of grip, is much better.

Invitations have been issued to the marriage of Lewis P. Payne, of this city, to Miss Lena Wood, of Clarksville, which will occur March 10.

J. B. Walker has been appointed assistant commissioner in charge of the Kentucky agricultural and horticultural exhibits at the Jamestown exposition and he will remain at Jamestown during the entire fair. His appointment comes from Commissioner of Agriculture Hubert Vreeland.

George H. Smith is perfecting arrangements to bring the "Kilties" band of Canada to Hopkinsville in the near future.

Mayor Charles M. Meacham and W. C. Lacy, president of the Hopkinsville Traveling Men's association, and Ed C. Gray were elected members of the Elks lodge last night. They will be initiated next Tuesday night.

L. Aubrey Tuggle has resigned his position with T. M. Jones to go on the road in the interest of the Wolfe Brothers Shoe company, a large wholesale house of Columbus, Ohio. The position is a lucrative one and Mr. Tuggle's territory will be the state of Virginia. He is one of the most popular young men in the city.

Col. Will S. Hays claims he wrote "Dixie," the authorship of which is generally accredited to the late Dan Emmett, the old-time minstrel. The Filson club of Louisville has appointed a committee to investigate the matter.

In yesterday's Louisville Herald, a Beattyville correspondent nominates Otto H. Anderson, of this city, for clerk of the court of appeals on the next Republican ticket.

Says the Courier-Journal: "As an evidence of the widespread interest in the Courier-Journal beauty contest, the special contest inaugurated by the Daily Kentucky New Era, of Hopkinsville, is interesting. This is the proper spirit to show when the pride of Kentucky is aroused and the reputation of the Kentucky women for beauty is at stake."

FINE IS ASSESSED

ONE OF THE INDICTMENTS AGAINST LEDFORD

One Set of Witnesses Says Store Had Boisterous Scenes; Another That It Was Quiet.

(From Thursday's Daily)

Joe Leford's trial on the charge of maintaining a common nuisance in his place of business at Pee Dee occupied all of Tuesday and Wednesday in circuit court, the case going to the jury Wednesday afternoon. They returned their verdict this morning finding the defendant guilty of the charge and assessed a fine of \$50 against him. This was one of the seventeen indictments returned against Mr. Leford by the September grand jury, charging him with various offenses, such as nuisance, retailing liquor without license, selling liquor to minors, selling it on Sunday, etc.

A number of the most influential people of that vicinity appeared as witnesses. The prosecution introduced testimony to show that boisterous conduct, drunkenness, etc., were permitted at the Leford store. The defense introduced witnesses who stated that so far as they knew nothing of the kind ever occurred. The prosecution was represented by Commonwealth's Attorney Smith and Hanbery & Fowler. The defense was represented by C. H. Bush and O. H. Anderson.

Today the case against Willie Foster, who is charged with having hid an ax in a bundle of wheat which was fed into the threshing of Riley & Carter last summer and which greatly damaged the machine, is being heard today.

POWERS CASE

LOUISVILLE, Ky., March 7.—Judge Robbins announced today that he would try the Caleb Powers case either on the fourth Monday in May or the fourth Monday in July. The attorneys will decide which date is the more convenient.

HOPKINSVILLE BEST

AND PADUCAH, ONE OF THE WORST CITIES.

Observation Of Salvation Army Officer Who Is Here In Interest Of Western Kentucky Campaign.

A young woman, almost pretty enough to enter the New Era's beauty contest, and wearing the jacket and poke bonnet of the Salvation Army, is in the city in the interest of the work of the army in Western Kentucky.

The young officer came from Paducah, where a band of Salvationists has been stationed, with a view to arranging for an expedition to Hopkinsville.

She was surprised at the result of her scouting trip.

"Hopkinsville is not in need of the Salvation Army," she said to the New Era. "This is one of the best and most religious towns I ever saw. The churches there are live and active and the members actually seem to feel an interest in the souls of the neighbors and their friends, and they don't stop there for their interest extends to the poor and outcasts."

"I assure you I have been astonished and delighted to discover that the various denominations in Hopkinsville are making a sincere and loving effort to save and aid the very classes of people which the Salvation Army does the most work among, the lowest classes."

"Now, Paducah is a rich field for our work. Paducah is one of the worst towns, from a religious point of view, in the state. Specially is there need for work among its dregs of humanity."

The young Salvationist is collecting funds to aid in prosecuting the army's campaign in Paducah, and many citizens are contributing.

OUR BEAUTY CONTEST.

Everybody is becoming interested in the New Era's Beauty contest, and many pictures are being received. A fine reproduction of one photograph will appear in Saturday's New Era, and from time to time pictures of our prettiest girls will be published.

Don't forget that the New Era's contest will close far enough in advance of the Courier-Journal's to allow all pictures to be sent by us there and considered in the award to be made by that paper. Send your pictures to the New Era and let them be considered here before being sent to Louisville.

Mules and Horses.

Wanted to buy good mules and horses from 4 to 12 years old will be at C. H. Layne's stable Monday, March 11th. R. B. BUCKLEY.

BACK TO THE WOODS

JACKSON, Ky., March 6.—Special Judge William Carnes issued an order in the circuit court at Jackson transferring to Elliott county the cases against James Hargis and others, charged with the murder of Dr. D. B. Cox, although the commonwealth entered vigorous protest, and finally withdrew its motion for a change. Hargis' attorney protested against a trial in Jackson, after the order sending the case to Elliott was entered, although but a few minutes before he had insisted on a trial in Hargis' home county. Judge Carnes' connection with the cases now ceases unless he should again be appointed by Gov. Beckham.

Elliott county is one of the most remote of the secluded mountain districts in Kentucky. The county seat is Sandy Hook, with a total population of 148 souls and a money order postoffice. There is not a telegraph or railway line in the entire county.

There is great chagrin among the attorneys for the commonwealth and the anti-Hargis people because of the change of venue granted by Carnes and trouble is feared.

TO A THOUSAND MEN

EVANGELIST BIRCH PREACHED ON SUNDAY AFTERNOON

—Large Offering For Missions at The Christian Church.

Probably a thousand men heard evangelist Birch's sermon, at the tabernacle yesterday afternoon, on, "The Withered Hand." The speaker first asked every man present to hold up his right hand and from that he proceeded with his discourse that in God's sight many of the hands were withered. The text was found in Matthew 12:13. He said there was the hand withered by unbelief, drink habit, gambling spirit, swearing and immorality, and the plea was "Stretch it forth," that the son of God may restore it whole. A number of men responded to the invitation to come forward and take the evangelists hand thus signifying a desire to be better men. He said, "make it mean all you can men, and may God bless it as a start in the Christian life."

The monster night meeting, fairly testing the capacity of the auditorium, was made possible by the hearty co-operation of the pastors of the city whose congregations united in the tabernacle meeting. Dr. Wilson, of Clarksville, accompanied by Prof. Deadrick, S. W. P. T. came over to play the piano and assist in the music. Mr. Hebbien, the moving picture man, an expert trombone soloist and Mr. Kincannon with a solo contributed to the pleasure of the men's service. Mr. Birch gave the Old Kentucky Home on his cornet to the men and Nearer My God to Thee at the night service.

Announcement was made for continuation of the meetings in the tabernacle concluding Wednesday night, daily meetings at 2:30 and 7:15.

Larger Mission Offered.

The offering for foreign missions made yesterday at the Christian church is the largest ever made by the church at this session. Only one offering made at any season for missions has exceeded it. That was the offering not of the church as such but of the Sunday school made last June. The offering of the Sunday school at that time amounted to \$550 that of the church yesterday to \$525. It should be added that many offerings of individuals always come in after the day of the offering and that these will doubtless make a total equal to or greater than that of last year's Sunday school offering. Yesterday's offering brings the total of gifts for missions made by the church since Jan. 1st 1907 up to about \$900.

FEELING VERY GOOD

Clerks and carriers connected with the Hopkinsville postoffice are rejoicing over the new law adopted by the fifty-ninth congress providing for an increase in salaries.

The salary section of the bill establishes six grades of clerks in first and second class offices and carriers in city delivery service with salaries ranging from \$600 to \$1,200. Railway mail clerks are divided into six grades below that of chief clerk, salaries in each grade being increased \$100, and ranging from \$800 to \$1,700. The maximum salary of rural carriers is fixed at \$900. All carriers who on June 30, 1907, are regularly employed at \$800 per annum are to be promoted to the fourth grade upon satisfactory evidence of their efficiency during at least one year's service.

There are six rural carriers out of Hopkinsville and these will receive \$900 a year, each. Each of the four city carriers has his salary increased \$150 a year, and there is a raise of \$100 a year for each of the five clerks.

MARKET FOR MULES

MORE ACTIVE THAN AT ANY TIME FOR YEARS.

Maud Brings Fancy Prices, and Horses Are Also Coming Again Into Their Own.

At no time since the Spanish-American war, has the price of mules and horses been so high and the business of trading in this stock so profitable and largely engaged in as now.

Monday, county court day, attracted a great crowd to the city. Mule and horse buyers were here in large numbers mingling with the farmers and trying to get them to set a price on their stock. Almost any kind of an old mule would bring from \$100 to \$125, while mediumly good stock would run up as high as \$200.

Fine specimens, young, well broken, clean limbed and sound bodied mules though would bring fancy prices sure enough these running from \$225 to even \$300. This is the highest price in the memory of any of the present dealers, and they all predict even higher figures than these. A local raiser of mules held a sale a few days ago and sold fifty head, most of which were young and unbroken, and on these he realized an average price of \$125. The supply seems to be far short of the demand.

While so much can be said of mules the same is equally true of horses. The man who owns a good horse nowadays will not sell him unless paid a handsome price and any kind can be sold at figures which a year or two ago would have been considered high for the blooded stock.

A number of men of this section are now engaged in a regular business as mule and horse brokers.

These men take orders for these animals, the prospective purchaser giving the points to which the horse or mule must measure up to and the price he will pay for such. The broker then goes on a search, not for this one alone but generally with a nice lot of similar orders, and when he finds stock that will fill the bill he purchases it if he can and if not continues the search until he is successful. This search is not confined to this section either, for only last week a broker of this kind of this city traveled over a considerable portion of Missouri looking for horses and mules to fill his orders.

Teaching Shorthand

Is like teaching any other study—every teacher, perhaps, employs a different method, but nearly all teach the same basic principles. In teaching Shorthand, we use the Barnes' Manual, compiled by Mrs. Arthur J. Barnes, of Barnes College, the largest Commercial College in St. Louis. The author presents only the genuine Benn Pitman system, but in the manner which her long and successful career as teacher and all-round reporter has shown her to be the best. Our pupils, therefore, get the benefit of her experience. Our course of study is thorough and our teachers competent and painstaking.

WHO IS THE PRETTIEST WOMAN IN CHRISTIAN COUNTY?

The Kentucky New Era has inaugurated a contest to determine who she is, and also to prove to the world that nowhere are there prettier girls than right here at home. After an extensive and costly contest, the Chicago Tribune published the picture of a young lady of that city and heralded her as the most beautiful woman in the United States. The Courier-Journal, of Louisville, at once took up the gauntlet thus thrown down and began a contest to select the prettiest woman in Kentucky. The New Era wants to assist in this work of sustaining the state's reputation for producing the prettiest women in the world, but also wants to show that even in this state where beautiful women abound, that nowhere are they prettier than in Christian county. To this end two cash prizes will be offered by this paper—\$10 in gold to the prettiest and \$5 in gold to the next—photographs to be submitted to a committee to be selected later. In addition to these prizes all photographs submitted to the New Era will be forwarded to the Courier-Journal, and there considered in the selection of the beauty to represent the state. This is no money making scheme but a contest to uphold the claims of the Grand Old Commonwealth to the beauty of its women. The name and address of the young lady should be written on the back of each photograph. No limit is placed on number of photographs which may be entered and any one may submit pictures.

Address all photographs to The Kentucky New Era, Hopkinsville, Ky.

ON MURDER CHARGE

PROF. ROACH IS IN AN ARIZONA JAIL

Writes to Commonwealth's Attorney Smith to Help Him Out Of The Trouble.

Commonwealth's Attorney Denny P. Smith, who is here attending circuit court, has received a letter from Prof. T. G. Roach, of Preston, Arizona, asking him to defend the writer in a murder trial.

The letter did not go into details at all, but simply said that he could not get an attorney there to defend his case for less than \$500 cash, and as he did not have that much money at hand, he would have to defend his own case unless he could get some one from here. He stated that he had been in prison there since November, but that the only evidence against him was circumstantial.

The Cadiz Record says: "Mr. Roach is well remembered here by most of our citizens as having taught our public school about 1886, but is a native of Fulton county. He made many friends during his stay among us by his gentlemanly conduct and refined manner, all of whom will learn with much regret that he may be able to prove his innocence of this grave charge. "Prof. Roach was a graduate of the State college at Lexington, and has many friends throughout the entire state. After leaving here he attended the law school at Ann Arbor, Mich., from which he graduated and went west. He located at El Paso, Tex., where he married. His health failed him, and he was compelled to abandon the practice of law and moved to Arizona, where he now has some mining interests.

His trial will be called in May, and if Mr. Smith can arrange his duties here so he can get away, he expects to go to Preston to defend Prof. Roach against this charge.

General Inspector C. C. Reynold, of the Planters' Protective association, has appointed T. D. Jameson, of this city, one of his assistant inspectors says the Pembroke Journal. This is a very responsible position and Mr. Jameson's appointment will meet the hearty approval of all tobacco growers. He has many years' experience in tobacco, is thoroughly reliable, and is a staunch organization.

Joe Lenear and G. W. Wiggins, Crofton saloon keepers, plead guilty to one charge each of selling liquor on Sunday and accepted a fine of \$25 and costs in each case. A second charge against each man was dismissed.

The grand jury yesterday returned a batch of seven indictments, one of which was against Dollie Scott charging her with malicious cutting in her attack and wounding of Birdie Henslich on Durrett avenue a few days ago. Another indictment returned was that against Ed Lascow charging him with stealing a horse from Sandy Brewer.

Recommends That No Member of A. S. of E. Plant Over 8,000 Hills to The Hand.

To the Tobacco Growers: A very important question is the acreage question. The organization, through its representative officers, has the power to make a reduction in the acreage for 1907. Controlling production is the keynote in the song of success in this movement. I feel that I cannot urge too strongly upon you the great importance of curtailing this year's tobacco production. We find the total production in 1906 was 685,000,000 pounds, which was an increase of 45,000,000 pounds over the production of 1905. We must prevent a repetition of this increase this year at all hazards. If we fail to prevent an increase in acreage I foresee that we will take three downward steps to the verge of failure.

First, we will have an overproduction which will be followed by failure to sell all our holdings at a fair price, resulting in discontent which will bring about the dissolution of the society. Consider this fact. The high price paid to dumpers the past two years will probably stimulate them to a greater effort this year.

As business men, we must learn and profit by this lesson that we must regulate the supply, keeping it in proportion to the demand, if we may hope to maintain profitable prices and dispose of all we produce.

Let me repeat and burn into your brain this basic principle of our organization—controlled marketing means control of production as well. The tobacco districts are the cynosure of all eyes in its present struggle for the supremacy in the right to make the price on leaf tobacco in the farmers' hands. I therefore recommend that no member of the society shall plant over 8,000 hills to hand and 4,000 to the half hand. If the surplus is not then exhausted we can make another reduction next year. But let us get that surplus the trust fights us with out of our way.

Fraternally,

The marriage of Miss Nina Thomas and Mr. N. M. Collins Thursday night at the residence of J. M. Ruthford was attended by quite a large number of friends. The ceremony was solemnized by Rev. Rawlison, of the Christian church, in a very impressive manner. The bridal party left at 8:20 Friday morning for Nashville, where they will make their future home. A party of friends accompanied them to the depot, where they administered a large shower of rice as they bade them farewell.

The bride is a sister of Mrs. James Rutherford, and is a most estimable young lady. The groom is a former resident of Hopkinsville, and an excellent young man.—Clarksville Leaf Chronicle.

Mrs. R. T. Steinhagen, formerly of this city, died Sunday morning at her home in Atlanta, Ga. The sad news was received by telephone yesterday by Mrs. M. F. Crenshaw. The deceased had been in ill health for some time and underwent an operation in the hope of obtaining relief, but all that the most skilled surgery and tender nursing could do was to prolong her life for a little while. Mrs. Steinhagen had a host of devoted friends in Hopkinsville and they are greatly grieved over her death. Her husband, Prof. Steinhagen, and two daughters, Mrs. Clarence Blosser and Mrs. Florence Waide, survive her. Her sons, Rudolph and Oswin Steinhagen, two of the most popular young men who ever lived in Hopkinsville, died several years ago. Mrs. Steinhagen's remains will be interred this afternoon at Atlanta.

CADIZ SALOON CASE

TEMPORARY INJUNCTION DIS-
SOLVED BY JUDGE COOK.Case to be Taken to Higher Court.—
Indictment For Loud Whistling
Is Dismissed.

(From Monday's Daily)

Judge Cook this morning dissolved the temporary injunction which was granted to F. M. Mitchell at Cadiz last week, preventing the city council of that town from cancelling his saloon license which was issued for one year July 9, 1906, with the written agreement that should local option carry in the county, and election for which was called on the same day the license was issued, that Mr. Mitchell's license should be null and void on March 2, 1907, the day when the licenses of Mense & Woodruff and D. I. Smith & Co., the two other saloons of the town, would expire.

Local option carried at the election which was held later, and everything ran along smoothly until the time approached for the closing of the saloons. Mense & Woodruff and D. I. Smith & Co., closed their doors Saturday night, but Mr. Mitchell refused, and secured a temporary injunction from the circuit clerk on the grounds that the agreement which he had entered into carried no consideration and was therefore not binding and that furthermore it had been obtained by duress.

This morning both sides appeared before Judge Cook, the city of Cadiz being represented by Judge Crenshaw, of that place, and Downer & Russell, of this city. Mr. Mitchell was represented by Hon. James B. Garnett, Col. R. A. Burnett and Hon. G. P. Thomas.

The order dissolving the injunction was held up for twenty days in order to allow the case to be taken to the higher court, and for this period Mr. Mitchell will continue his business.

Besides the attorneys interested and Mr. Mitchell himself several citizens of Cadiz were present at the hearing of the motion, among these being, G. B. Jefferson, John W. Kelley, R. L. Davis, D. L. Grinter, J. V. Jefferson and E. C. Thacker.

The indictment returned at the September term of court charging the Dalton Stone company with maintaining a nuisance in the blowing of their steam whistle at unreasonable times of the night and disturbing people in their sleep, was tried out Friday and Saturday in circuit court. A number of witnesses were introduced on both sides, all of whom gave direct testimony. The jury returned a verdict of not guilty.

The rapid growth of our Trust Department has brought our management into frequent and direct control of Real Estate and has made it necessary to give special attention to this feature.

Thus encouraged we have determined to place the control of Real Estate, and the buying and selling of same on commission, in the hands of one specially qualified for the work, Mr. T. J. McReynolds, Vice President, who will give it his personal and undivided attention, assisted by other officials of wide experience and good judgment, which will insure our customers the very best results obtainable in real estate transactions.

Our organization of the Real Estate branch of the Trust Department will be so complete and our publicity so wide-spread that we can always promptly furnish facts and figures to prospective buyers and sellers. By the way, this department has sold ten lots on one street in five weeks and put in course of construction four beautiful houses thereby increasing the value of every other lot. This is a record seldom equalled in a single locality in the city.

If you have houses to rent anywhere and their care and attention is a burden to you, let us manage and collect the rents for a very reasonable commission. Our opportunities for renting to good tenants are ample. The general demand leads us to say that there is need for a hundred houses in Hopkinsville today, and they could all be rented promptly to substantial citizens.

We are pleased to place our experience, knowledge and organization at your disposal, confident that if you will call and talk it over with us, and let us show you some things that have been done for others, you will list your property with us, and, REMEMBER, that we can also aid you in

OUTBREAK OF LAWLESSNESS BY RAIDERS

TOBACCO CONSIGNED TO TRUST PLANT AT HOPKINSVILLE IS
SCATTERED AT OTTER PONDCars Were Broken Into Saturday and Sixteen Hogsheads Were Rolled Out.—
Fifteen Masked Men in the Party.—Railroad May
Have to Stand The Loss.

(From Monday's Daily)

The peace and quiet which have ruled in tobacco circles of this section since the excitement incident to the burning of the two trust warehouses at Princeton on December 1, 1906, had quieted down, have been rudely disturbed by the destruction Saturday night of sixteen hogsheads of tobacco which had been loaded on Illinois Central cars at Otter Pond in Caldwell county and consigned to the American Snuff company of this city. The perpetrators of the crime were masked and a body of fifteen men who were seen riding about the vicinity Saturday night are thought to have been the ones. Nothing can be learned of their exact method of destroying the tobacco or of the time it occurred, the first report of it being yesterday morning when the citizens of the place began to stir about.

The tobacco was hand packed in hogsheads and loaded on to the cars by George Martin and his tenants, and the cars had been officially sealed by the railroad and the breaking of these seals greatly magnifies the crime for this feature in itself is punishable by penitentiary sentence. It is also reported that the railroad agent had issued bill of lading covering the shipment, and if this be true the railroad, it is claimed, will have to bear the actual loss, although the case may go to the courts.

The tobacco, after being taken from the cars, was taken from the hogsheads, the casks being completely demolished; and strewn around the depot premises and up and down the track on both sides for a considerable distance, and was trampled upon until it is practically worthless.

Circuit court convened at Princeton this morning and it was expected that Judge Gordon would make a strong charge to the grand jury to ferret out the perpetrators of this and other similar misdoings and return indictments against them.

INJUNCTION FILED

Mr. Frances M. Mitchell Tuesday filed an injunction against the city council at this place to prevent them from revoking his whisky license next Monday, which matter our readers are perfectly familiar with. Mitchell having agreed last summer to surrender his license when the licenses of the other two saloons expired, which was the conditions under which the council granted him his license.

The council has notified Mr. Mitchell that they will move Circuit Judge Cook at Hopkinsville next Monday to dissolve the injunction. The licenses of the other two saloons here expire at 11 o'clock Saturday night—Cadiz Record.

ENJOY EATING.

Good Digestion Can be Readily Gained with MI-O-NA Stomach Tablets.

It is torment to look upon a tempting dinner and realize that to eat freely means distress and suffering. Let us tell you how you can enjoy eating, so that the heartiest meals will set well and cause no pain, distress or uncomfortable feeling of fullness.

If you cannot eat and enjoy three good, hearty, satisfying meals a day without any feeling of discomfort, your stomach is weak and needs the strength which MI-O-NA stomach tablets will give it. You cannot afford to delay treatment, for the longer you allow the digestive organ to be weak, the harder it will be to get help.

The remarkable curative and strengthening power of MI-O-NA is attested by the guarantee, which L. L. Elgin gives with every 50c box. "He returns the money if MI-O-NA fails to cure."

If you find that eating well-cooked and properly chewed food is followed by heaviness and load on the stomach, by bloating, by gulping of acids and wind, by distress, nervousness, headache, trouble to sleep, or by any other symptoms of disorder or weak stomach, you should begin the use of MI-O-NA at once. It is guaranteed one of the best known druggists in Hopkinsville to cure all disorders of the stomach, or cost nothing. A guarantee like this means a good deal.

To remove a cough you must get at the cold which caused the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives on the cold. Sold by L. L. Elgin and Anderson-Fowler Drug Co., Inc.

NATURE'S MONOPOLY

AND THE ENORMOUS DIVIDENDS IT PAYS.

Fifty Per Cent Yearly on Investment.
Interesting Interview With One Who Knows About It.

The general agent of the Sacramento Valley Improvement company, a Missouri corporation, with a capital of \$150,000 fully paid, is in this city for a few days. He stated that his company was offering the public the greatest chance of investing in the soundest, most conservative, yet extremely paying proposition, that has been offered in years. "Everyone," he stated, "that has studied the question, acknowledges that it has been proved that a large portion of the land in the Sacramento valley of California, is the richest and most productive in the world. The climate also is unequalled."

"The soil of Sacramento county took the first prize at the St. Louis exposition as the richest in the world. There is a small tract of land about 50 miles in length and about 20 miles in width, in which area lie Sacramento and San Joaquin counties. In this district only, in the whole of the United States, can be raised the Flame Tokay grape, the most prized table grape in the market today. Hence the production of this grape is a monopoly held by the lucky owners of this limited area of land."

"We own," he continued, "five thousand acres in the center of this 'monopoly area,' and for a few weeks only, the outside public has a chance of joining this money-making and consequently reaping enormous dividends, before the chance will be closed to them forever."

35 YEARS UNBROKEN RECORD.
"The last 35 years' record of this industry shows the enormous average yearly return of \$200 per acre net. We can prove to the public that the industry pays fifty per cent a year on the investment."

"The wise man, always on the alert for golden opportunities, reads, investigates, and after statements are proved, invests, makes money and becomes rich."

"The suspicious man trusts neither himself nor others; the know-all is too clever to investigate, both turn down good propositions and remain poor."

"The poor man thinks he has not got the money to invest, and thus often misses an opportunity to get in on the ground floor, and make the money he so sorely needs. He foolishly believes the good things are for the rich only."

"Finally," he added, "we can not only satisfy the rich, but the man who can only afford a few dollars a month can be helped and taken care of. It costs nothing to investigate, and we are sending you to California to the ground, to prove what we have, and we are paying all your expenses there and back."

"We can prove to the man with little capital looking for investment that this is the safest and most profitable business that has ever been offered him. We can show the wage earner that if he can save \$10 month for a few months, how he can be assured of an income of from \$300 to \$500 a year for his life, his children's lives, and possibly the lives of his grandchildren."

"We can satisfy the investor, large or small, that he will make from forty to sixty per cent on his investment for the next seventy to eighty years."

"In short, we are offering a proposition that is: "Better than speculation, because there is no possibility of loss."

"Better than mining, or oil, because there is no guesswork as to the output."

"Better than railroad or other stocks, because there is no 'manipulation.' The property is under your absolute control."

"Better than corn, wheat, or cotton, because the crop is permanently so limited by conditions, that prices are always maintained at the high notch."

"Better than collateral loans, because while your security is equally safe, your returns are enormously larger."

"Better than manufactures, because you are not affected by labor troubles, low prices, or danger of over-production."

"Better than city real estate, because you do not have to pay for repairs, insurance, or street and sidewalk improvements."

"Several of the leading citizens of Hopkinsville have become interest-

ed in the proposition. Join them before it is too late."

"Mr. W. F. Garnett & Co., of your city is our representative here, and has charge of everything. You all know him, ask him to explain the matter to you thoroughly, it will cost you nothing."

"In 1897 I had a stomach disease. Some physicians said Dyspepsia, some Consumption. One said I would not live until Spring. For four years I existed on boiled milk, soda biscuits, and doctors' prescriptions. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my lifesaver. I bought a fifty-cent bottle of KODOL and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell, Rodding, Ga., 1903. The above is only a sample of the great good that is daily done everywhere by Kodol for Dyspepsia. It is sold here by L. L. Elgin and Anderson-Fowler Drug Co., Inc.

"GINGERBREAD MAN"

BIGGEST MUSICAL SHOW EVER PRODUCED HERE

Five Well Known Comedians in Company and Sixty-five Pretty Show Girls.

"The Gingerbread Man," which will be seen at the opera house on next Friday night is the only one of all the big musical extravaganzas on tour that carries five established comedians, like Ben Grinnell, who was original Fairy Queen in the notable production of "Jack and the Beanstalk"; Eddie Redway, who starred in "Smiling Island"; W. H. Mack, who starred for a number of seasons under his own management in farce comedies, and Will Donnelly, the latter one of the few comedians on the stage today who possesses a tenor voice of quality."

It is to the efforts of this quintette of laugh producers that the great meet of success achieved by "The Gingerbread Man" is due. Just as surely as the drama with "one part" is on the wane, so surely is the musical comedy with a single comedian a thing of the past.

There are very few individuals on the stage today who can amuse an audience for two hours and a half. The playgoing public is moved by a desire for entertainment nowadays and not by a curiosity to see some particular "star". This has been proven over and over again during the past few seasons by the avalanche of "name" failures. Theatricals liberally patronized by the public today are not those which exploit a single footlight personage, but those which appeal on the ground of genuine merit.

"The Gingerbread Man" with its big roster of comedians and singers, possesses the strongest all-round cast that has left New York this season; for in addition to Messrs. Grinnell, Snow, Redway, Mack and Donnelly, it contains Homer Lind, the baritone who season before last sang with the Savage English Opera Co.; Grace Belmont, who was prima donna with the Nixon & Zimmerman Opera Co., and Mae Phelps, who was especially engaged to sing the prima donna role with the "Prince of Pilsen" during the New York run of this piece, and Nellie Lynch who scored so decidedly in the original cast of "The Tenderfoot". In addition to its splendid cast of principals, "The Gingerbread Man" carries an ensemble of sixty-five girls who have been christened "The American Beauty Chorus."

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures, and we have never known a cold to result in pneumonia when it is used. It is pleasant and safe to take. Children like it. For sale by Anderson-Fowler Drug Co., Inc., the leading Drug Store 9th and Main St., Hopkinsville, Ky.

CHAPTER V.

There was a clicking sound, and the glare of a dark-lantern struck my blinking eyes.

"Pick up the candle, sir," said the tranquil voice from behind the light.

I obeyed readily enough. Fate was downright cruel to us. Not a dozen feet away was liberty; and now we were back at the beginning again, with the end nowhere in sight.

"Shall I light it, sir?" I asked, not to be outdone in the matter of formal politeness.

"Yes, sir, doubtless you will need it."

I struck a match and touched the candlestick.

"Burglar!" said I. (For all my apparent coolness, my heartbeats were away up in the eighties.)

The girl snuggled close to my side. I could feel her heart beating even faster than mine.

"Burglar?" I repeated.

"Indeed, no, sir,"—reproachfully.

"Mine is a political job."

"A political job?" thunderstruck.

"Yes, sir; I am an inspector of cellars."

"Grinny," I couldn't get around to this her cellar earlier in the day, sir, and a fellow's work must be done."

Here was a burglar with the sense of humor.

"What can I do for you?" I asked blandly.

"Firstly, as they say, you might tell me what you and this lady are doing in this lonesome cellar."

"Say, sir, when you address me."

"Yes, sir."

"The lady and I were playing hide-and-seek."

"Nice game, sir,"—grinning. "Were you trying to hide under the coal?"

"Oh, no; I was merely exploring it."

"Say, sir, when you address me."

"Sir."

"You're a cool hand, sir."

"I am gratified to learn that our admiration is mutual. But what are you doing here?"

"I was ascertaining if the law was properly observed, sir," shaking with silent laughter.

"But what puzzles me," I went on, "is the fact that you could gather the gems in that garb." For I was positive that this was the Galloping Dick every one was looking for.

"I don't understand a word you say, sir. I'm an inspector of cellars, sir, not a jeweler. So you and the lady was playing hide-and-seek? Come, now, what is your graft? Is all the push here to-night?"

"That, depends,"—cursing under my breath that I wore a gown which hampered my movements. For, truth to tell, I was watching him as a cat watches a mouse.

"Well, sir, we of the profession never interfere with gentlemanly jobs, sir. All I want of you is to help me out of here."

"I am not a burglar."

"Oh, I understand, sir; I understand completely. A gentleman is always a gentleman, sir. Now, you can return to that coal bin. I was just about to make for it when you lit that candle."

"Why not leave by the cellar doors?"

"I have my reasons, sir; most satisfactory reasons, sir. I prefer the window. Get along!"—his tones suddenly hardening.

I got along.

"The lady may sit down, sir," he said courteously.

"Thank you, I will," replied the girl, plumping down on an empty winecase. (She afterward confessed that if she had not sat down on the box, she would have sat down on the cellar floor, as a sort of paralysis had seized her knees.)

I stepped into the coal bin and rested the candle on the little shelf for that purpose. I was downright anxious to see the fellow safely away. There wasn't room in that cellar for the three of us. His presence doubly endangered us and multiplied the complications. I was in no position to force the gems from him. A man who has ten thousand dollars' worth of jewels on his person doesn't stop at shooting; and I possessed a healthy regard for my skin. I opened the window and caught it to the ceiling by a hook I found there.

"There is a stout screen, my man."

"Handing me a pair of wire clippers, holding his lantern under his arm meanwhile. The muzzle of the revolver, during all this time, never wavered in its aim at my head.

I went to work at the screen and presently it fell inward.

"Is that satisfactory?"—with impressive irony.

"You are the most perfect gentleman that I ever see, sir!"

"Now, what?" The fun was beginning to pall on me.

"Step out of the bin and stand aside. Sit down by the lady. Maybe she's a bit frightened."

I obeyed him to the letter.

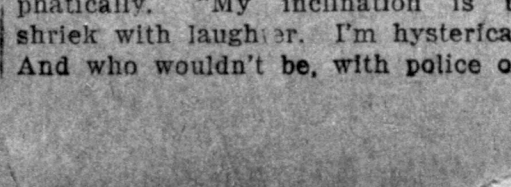

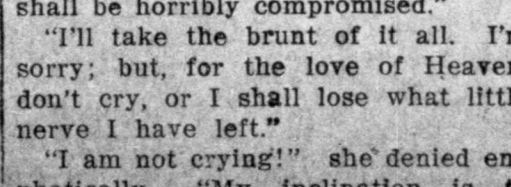

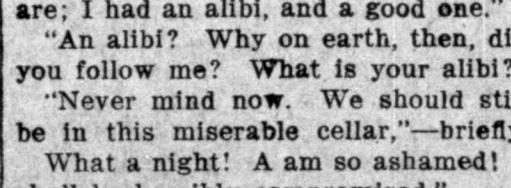

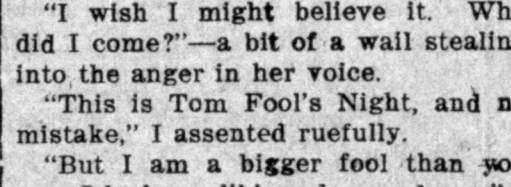

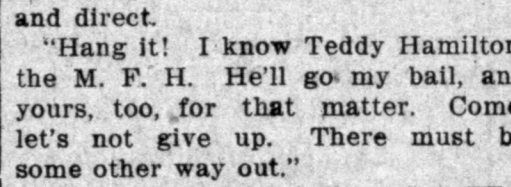

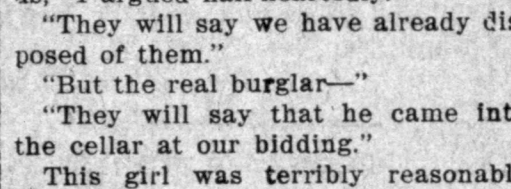

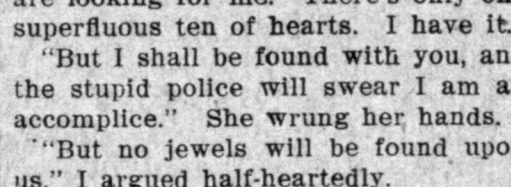

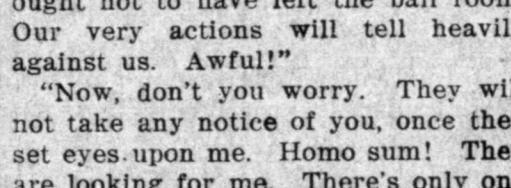

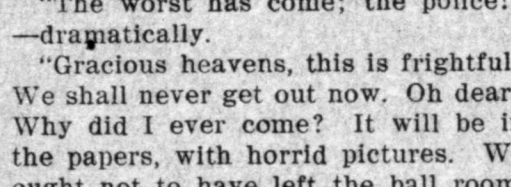

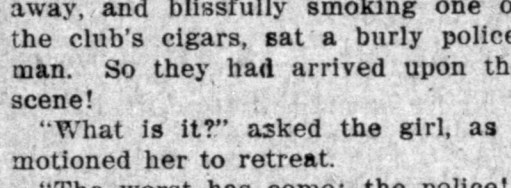

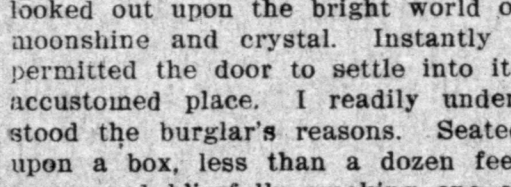

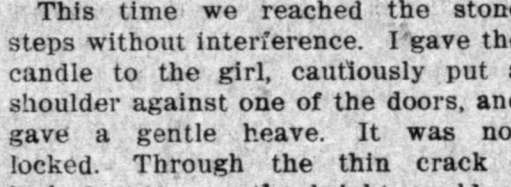

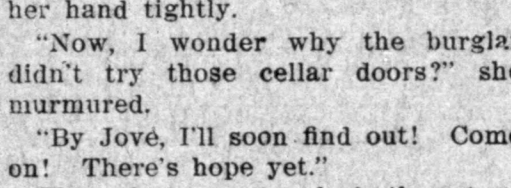

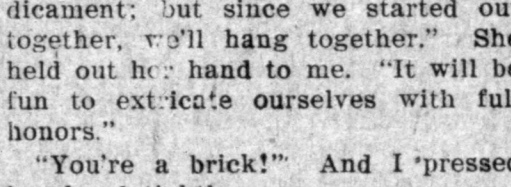

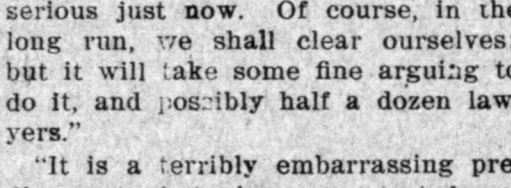

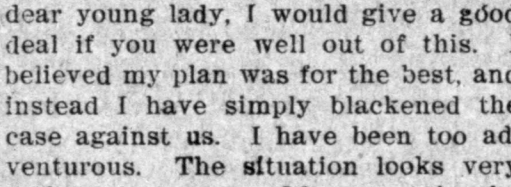

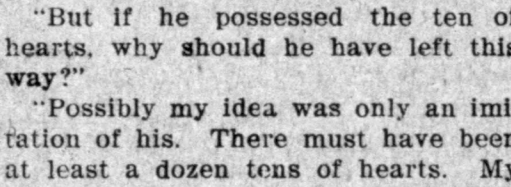

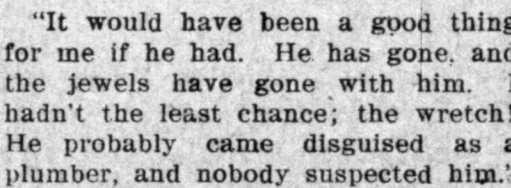

"Thanks!" With the agility of a cat he leaped up and wriggled through the window. He turned. "Good night, sir. Sometime maybe I'll do the same for you, sir."

"Go to the devil!" I snarled.

"My, my! What a temper, sir! I wouldn't have thought it of you, and a nice lady in speaking distance!"

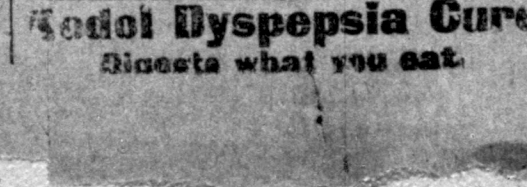

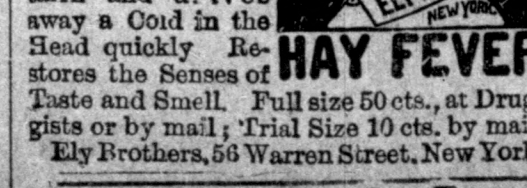

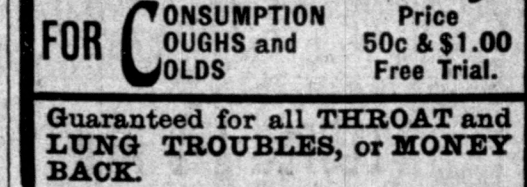

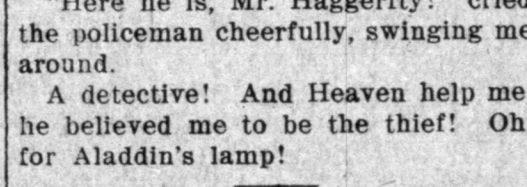

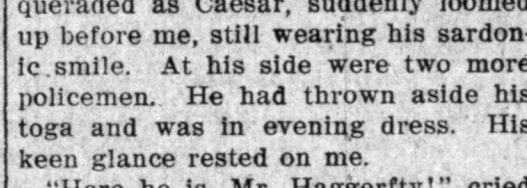

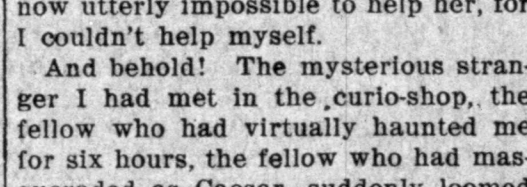

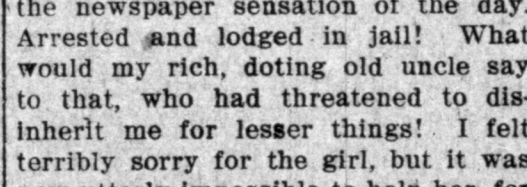

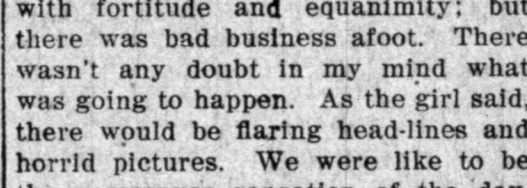

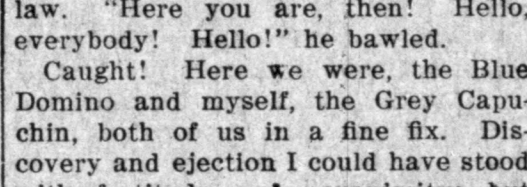

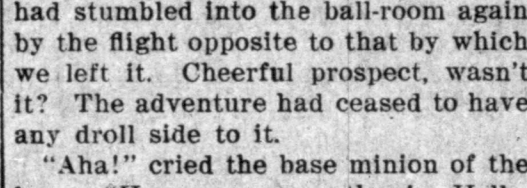

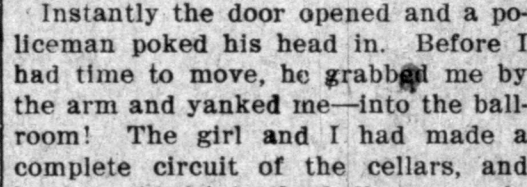

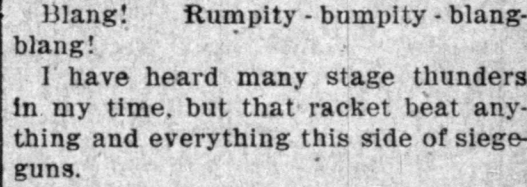

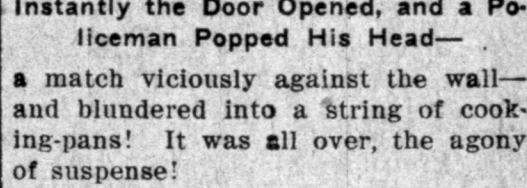

* He disappeared.

THE GIRL SAID A HAND TO ME. "You have acted very sensibly, Mr. Comstak. If you had not, it is quite certain he would have shot you."

floors and cells staring one in the face? Let us be going. That policeman outside will presently hear us whispering if we stand here much longer."

There was wisdom in this. So, once again I took the candle, and we marched back. There wasn't a single jost left in my whole system, and it didn't look as if there was ever going to be another supply. We took the other side of the furnace, and at length came to a flight of wooden stairs, leading somewhere into the club. It was our last chance, or we should be obliged to stay all night in some bin; for it would not be long before they searched the cellars. If this flight led into the kitchen, we were saved, for I could bluff the servants. We paused. Presently we ascended, side by side, with light but firm step. We reached the landing in front of the door without mishap. From somewhere came a puff of air which blew out the candle. I struck

SALUBRIA SPRINGS

MUCH INTEREST IN THE HOTEL PROPOSITION.

Prominent Pembroke Citizens Are At Hotel Latham.—An Interurban Electric Car Line is Being Planned.

(From Wednesday's Daily)

In order personally to present the exceptional advantages of the Salubria Springs hotel proposition to the citizens of Hopkinsville, a number of prominent Pembroke business men who are officers or stockholders of the Salubria Springs Hotel company, (Inc.) are in the city. They are spending the day at Hotel Latham where they have a suite of rooms, and it will give them pleasure to meet anybody who is interested in the matter.

Among those here are D. L. Lander, John H. Pendleton, John H. Williams, W. A. Lackey, K. P. Cross, C. E. Mann, T. D. Jameson, Douglas Graham and J. B. Carter. As is well known, a company composed principally of alert business people of Pembroke has been organized to build a large and commodious summer hotel at Salubria Springs, eight miles from this city and one mile from Pembroke. There are about fifty springs there, some of which possess medicinal qualities of great value. The company owns the land and the springs, and there are many beautiful sites for summer homes. The property has been divided into building lots and these are now on the market and are rapidly being sold.

Indeed, a sufficient number has been disposed of to warrant the company erecting a modern hotel of forty rooms, and which will be ready for guests this summer. The lots adjoining the hotel grounds will be sold at \$75 each, and each purchaser is given one share of \$25 of the preferred stock of the hotel, with a view to interesting as many people as possible in the success of that institution. There is every reason to believe that Salubria will speedily become one of the most popular and paying health resorts in this region, and that investors will realize handsome dividends. The hotel is to be situated in a grove of forest trees, and a lake, a thousand feet long and three hundred feet wide, is to be constructed on the grounds. A drive from the city, over the pike, is an attractive one, and trains run on a convenient schedule. An interurban electric line between Hopkinsville and Pembroke and running directly by Salubria is being discussed and plans for its construction are already being formulated. Stock for the road is being successfully solicited.

The Salubria Springs Hotel company is desirous of interesting the people generally of Hopkinsville and elsewhere in their proposition and will gladly give full information to anyone.

SPOONER RESIGNS

AS UNITED STATES SENATOR FROM WISCONSIN.

WASHINGTON, March 4.—Senator Spooner has written a letter to Gov. Davidson, of Wisconsin, tendering his resignation as a senator of the United States, to take effect May 1 next. The letter was dated Saturday, but the fact that such a letter had been written or that Mr. Spooner contemplated resigning did not become known in the senate until late Sunday, when it created great surprise and the Wisconsin senator at once found himself the subject of many anxious inquiries.

To all he replied that his mind was fully made up. He had found, he said, that to continue in his present position would require a sacrifice on his part that he could not justify himself in making.

In reply to questions he said he would resume the practice of law, but declined to say whether he would be located in Wisconsin. He said, however, that he would continue to be a citizen of the state as long as he lives.

Into New Store Room.

Keegan & Co., are moving their stock of millinery and fixtures from the store room in the Gannett block on South Main street to the room next to Anderson-Royce Drug company which was recently vacated by Tom Dattilo. Their new quarters are renovated throughly and are to be at the service of the public.

GRACEY GOSSIP.

Gipp Watkins, general manager of Frick Treshing Machine Company, of Nashville, Tenn., spent Sunday with his father in Gracey who has been sick for the past week or ten days.

C. B. Tate, Jr., of Madisonville, Ky., spent Sunday with friends near Gracey.

Miss Bessie Clark, of Guthrie, is visiting the Misses Wadlington, of near Gracey, this week.

The new bank at Gracey is doing a good business and is proving to be a great help to the people of Gracey and also to the farmers of this section.

Gaines & Ladd are prizing tobacco for the association here at Gracey and seem to be kept busy receiving tobacco this week, as the roads have been too bad before this time for the farmers to haul their crop.

The merchants of this place report dull trade on account of the bad roads, but are beginning to receive new goods now and all are looking for a big spring business.

By the way, we have another new firm in our town, Wilson & Stevenson, who will handle gents' furnishings and shoes.

John Thurmond, who has been connected with the Southern express at Memphis for the past four months, is at home for a short time.

Mrs. J. P. Meacham spent a few days with her mother last week near Peedee.

Dr. J. J. Backus has been on the sick list for the past few days but at this writing is improving, and is to be hoped that he will soon be well again, as we have lots of sickness in this section now and he is badly needed.

The town of Gracey has been for the past two weeks doctoring on a sick tramp, and all seem to be getting pretty tired of the job, as he seems to be a little hard to please and often threatens suit against the town unless they pay him more attention. He seems to think that he should have a trained nurse to wait on him, day and night, and some one to keep up the fire for him all the time, so beware of taking in tramps.

Thomas Gunn, the popular conductor of the Cadiz train made a special trip to Gracey Sunday, but this time, as he had but one passenger, himself, he came overland.

The schools have closed now and it is reported that he will not have a spring school this time, but the people are now fixing to build a good school house and expect to have it ready by fall, and it is to be hoped that we will have better schools now than we ever had.

Miss Lurline Wadlington has been quite sick but is now improving.

Now in regard to the pretty girls. We have some down here and you can look out for pictures soon. You may find some girls in other places that can send in better pictures, but I doubt if you can find any that will come up to the Gracey girls in making cake and house keeping, which I think is the most important part, and should be the one receiving the prize. As beauty, as the old saying is very shallow, but goodness goes a long ways.

Mrs. Cora Dalton, Mrs. Gabe Payne, Mrs. G. E. Brondus and Miss Ella Wilkins, of Hopkinsville, spent Tuesday with Mrs. H. C. McGeehe.

KELLY KERNELS.

Mrs. Robert Antony died February 24, of pneumonia. She was a kind and lovable woman, greatly admired by all who knew her. A husband and one brother, Mr. Kelly, of Texas, survive her. Interment in Louisville.

Mr. David Walker, who was taken suddenly ill while visiting his brother-in-law, Mr. Larry West, of Pon river Saturday, is much better, and returned to his home Tuesday.

Mrs. Harrison Simpson is on the sick list.

Mr. J. G. Yancey, of Barnes, was in our town Tuesday.

Tom Underwood and Pete McCord, of Earlington, were here one day last week.

Mr. Ernest Cansler and wife have moved their home to Mrs. Faulkner's.

Mr. Sherman Boyd, of Earlington, visited his father last week.

Thanks to you Sunshine, for your compliment of last week. Your notes are also read with pleasure.

CERULEAN CHAT.

The Cerulean Springs Storage Co., has broken ground for their new storage house and expect to rush right along so they can make room for tobacco that will be prized here. The stock for the storage house is guaranteed. No one need be afraid of having tobacco prized for fear that it cannot be stored here. Lumber is being delivered for it now.

Mrs. A. E. Blakeley of the Gracey neighborhood, is visiting her daughter, Mrs. W. R. Turner of Cerulean.

The Tri-state Stone Co., has about put its plant in operation. They expect to do an extensive business.

M. H. Tandy & Co.'s Loose Floor.

We had the largest sales of the season this week. The planters are delivering their tobacco on the floor every day and are getting full value for all grades, the market was stronger and the buyers are wanting all kinds. You can get better results on our floor than you can possibly do in the barn.

We quote the market as follows: Trash, 4.00 to 4.50; common lugs, 4.75 to 5.25; good lugs, 6.00 to 6.50; common leaf, 6.75 to 7.50; medium leaf, 7.75 to 9.50; good leaf, 9.50 to 10.00. No fine leaf offered.

Send us your tobacco and we will get you the highest market prices.

Respectfully,
M. H. TANDY & CO.

MASS CONVENTIONS

IN EVERY COUNTY IN DISTRICT ON MAY 18

Only One of the Committeeman Favored Primary Which Was What Mr. Ferguson Wanted.

As stated Saturday in a special despatch to the Kentucky New Era, the Democratic committee from the First railroad commissioners district, called mass county conventions for May 18 and a district convention for May 21 in Henderson. There was no opposition to the convention, except from Sam T. Spalding, the committeeman from the Fourth congressional district, who favored a primary. All the committeemen were present in person and by proxy as follows:

First district, Mott Ayres; Second district, R. B. Bradley; Third district, G. W. Boark; Fourth district, Sam T. Spalding; Eleventh district, J. P. Hawn (proxy).

One county in the Eleventh district is included in the thirty-nine in this railroad district. All five of the candidates for railroad commissioner were on hand, namely: Judge Bunk Gardner, Mayfield; G. W. Landram, Smithland; McD. Ferguson, Paducah; Lawrence Finn, Franklin; W. H. Southall, Hopkinsville.

Mott Ayres presided as chairman and R. B. Bradley as secretary. Sam T. Spalding, of the Fourth, offered a resolution calling for a primary on May 4, but there was no second. It was stated that McD. Ferguson was the only one of the candidates who favored a primary and that he was behind the Spalding resolution. However, at the conclusion of the session all of them announced themselves as perfectly agreeable to the committee's action. R. B. Bradley offered the resolution and call for a convention, which was unanimously adopted, as Spalding came over to the majority.

The call provides for a mass-convention in each of the thirty-nine counties on May 18 at 1 o'clock in the afternoon to select delegates to the district convention to be held on May 21 in Henderson at 2 p. m. The basis of representation is one delegate vote for every 300 votes or fraction thereof cast in the last presidential election. Among the visitors and interested ones in attendance were Hon. Gerald Finn, Franklin; Dr. Milton Board, Hopkinsville; A. L. Brand, Mayfield; C. M. Finn, Owensboro, and John T. Grayott, of Smithland.

A Noble Woman Calues.

It was our pleasure and good fortune more than thirty years ago, to locate as near neighbors to the family of J. A. B. Johnson, who died many years ago at his home on Fourteenth street in this city, leaving to mourn his untimely loss an affectionate wife and two children, together with a host of friends who had become endeared to him on account of his great kindness and manly bearing toward those about him.

On last Friday morning the Death Angel again visited this home and the spirit of this affectionate wife and mother took its flight to re-unite with the spirit of that noble-hearted husband who had preceded her to the heavenly home.

As neighbors and friends hearts go out in most tender sympathy to the son and daughter, Charlie and Mattie, who has been deprived of a mother's care and guidance.

A true companion, a noble and kind-hearted parent, a faithful Christian, and obliging neighbor has been called from our midst to the higher life, to which divine call we can only bow and say: "Thy will not ours be done."

For the many acts of kindness, and tokens of love and respect for the family, by friends and neighbors during their mother's illness, the hearts of her children go out in feelings of warmest gratitude.

MEN IN MERRY MOOD

MADE MIRTH AND MUSIC IN MINSTREL MONDAY.

Elks Annual Entertainment Was a Huge Success and Lodge and Public Were Delighted.

(From Tuesday's Daily)

The annual funfest and frolic of the B. P. O. Elks, sparkling with wit, rich in humor, and bubbling over with sweet and catchy music, delighted a big audience at Holland's opera house last night. It was one of the most enjoyable performances, professional or amateur, ever presented in the city and reminiscent humming and whistling of "Crocodile Isle," "The Good Old U. S. A.," "Sally," and other melodies will fill the air for many days to come.

The first part was as follows:

S. A. Grubbs, interlocutor.
Comedians on the end—Jack Tobin, Ben Winfree, Tom Underwood, Buck Anderson, Claude Clark, Frank Southall, Lawson Flack, Will Wicks.
No. 1—Local Song.
Traveling..... Tom Underwood
No. 2—Coon Philosophy.
What's the Use a' Knockin'..... Ben Winfree
No. 3—March Song.
The Good Old U. S. A..... Gus Brannon
No. 4—Comic Song.
Sally..... Buck Anderson
No. 5—End Song.
Poor Old Man..... Claude Clark
No. 6—A Darkey Lamentation.
My Lovin' Henry..... Frank Southall
No. 7—Tenor Ballad.
When the Bees are in the Hive..... Charles Kincannon
No. 8—Jungle Song.
Crocodile Isle..... Jack Tobin

The stage setting was one of much attractiveness. It was all special scenery supplied by Mr. Grubbs, and was particularly striking by reason of fine electric effects. The first row of the semi-circle, containing the comedians and singers, was in black face, and was attired in handsome fancy costumes. The rear rows, which the chorus composed, wore costly and lovely satin court costumes, powdered wigs and chapeaux. The songs, jokes and dances of the first part were presented with zest and buoyancy and well attested the exceptional talent as entertainers of the various participants.

The olio was excellent. The first number was a happy dancing specialty by Frank Southall, Ben Winfree, Dennis Shaw, and Buck Anderson, Mr. Southall being featured. All showed nimble feet and "Southy's" dancing was never surpassed by any professional on the local stage.

Then came that "latest European importation," Sandow (R. B. Spalding) and Eulaly (Cole Wicks). This was a screamingly funny act. The make-up of these "men of mighty muscle" was a facial nightmare, and their burlesque stunts kept the audience in roars of laughter.

Jack Tobin, "the large party," assassinator of sorrow, murderer of melancholy, butcher of the blues, gave a monologue that was simply a "pepper." He handed some hot ones

to popular men about town and sang a couple of parodies. He was a great big hit.

The program was concluded with a beautiful costume drill, in which intricate and graceful marching figures were perfectly executed by the following gentlemen:

Ed Clark, Jewell Smith, Will Terry, Jack Tate, Ed Courtney, Ed Callis, Reese Bell, Dr. Feirstein, Dave Smith, Robert Hille, Leslie P. Pool, Lucian Davis, John Owsley, Wallace Roper, Marrell Donaldson, E. T. Libby.

Lebkuecher's orchestra furnished music for the occasion and played the songs, all of which were new, with finest skill and effectiveness.

The local management was in charge of Claude Clark, James D. Russell, Dr. Feirstein and A. B. Anderson.

The show was given under the personal direction of S. A. Grubbs, president of the Chicago Minstrel syndicate, who had charge of last year's minstrels. Mr. Grubbs' ability in this city transcends belief. He did not arrive in this city until Thursday night, and up to that time not a single detail of the show was known of by the Elks. But Mr. Grubbs sized up the talent and guaranteed the committee that the performance would be satisfactory. Then he and the Elks got to work. They worked like Trojans. There were rehearsals Friday and Saturday nights and Monday afternoon. There were some doubts and trembling before the curtain went up. "The show will be all right," said Mr. Grubbs. It was.

Planters' Association Wants Banks to Lend Money.

The Christian county executive committee of the Planters Protective association held a well attended and interesting meeting here Monday. Nearly every district in the county was represented by its committee man, and these made reports showing that the association was in a most satisfactory condition and that new names were being added.

The time of holding the regular monthly meeting was changed from the first Monday in each month to the third Monday, and another meeting of the committee will be held on March 18, making two meetings for this month.

A committee was appointed to wait on the banks of the city and see if arrangements could not be made whereby association members could secure money at a lower rate of interest than under the present condition.

HORSE WAS DROWNED

(From Tuesday's Daily)

Howard Brame, the liveryman, lost a valuable horse Saturday afternoon by drowning. A double team which had been out on a trip, was sent to the river for the purpose of washing the mud off the horses' legs. The driver, as usual, drove into the river at the foot of Fifth street, the water being at about its usual depth. In some manner however one of the horses became entangled in the harness and was thrown in such a position that before it could be rescued it was drowned. The horse was valued at \$150.

	1907	1906
Receipts past month	655	895
Receipts for year	1,500	1,585

Shipments for year	3,176	2,768
Stock on sale	1,767	1,700
Stock sold	5	145
Total stock on hand	1,772	1,845

On the loose floor prices continue to advance, the highest being reached last week, when \$10 was paid for some fairly good leaf. Offerings on this branch of the market continue to grow day by day, although as yet the finer grades are being held back. Prices ruled as follows:

Trash, 4 25 to 4 75; low lugs to common, 4 75 to 5 50; common to medium, 5 50 to 6 25; medium to good, 6 25 to 7 00; low leaf, 6 50 to 7 25; common to medium, 7 25 to 8 00; medium to good, 8 00 to 10 00.

The Planters Protective association have not yet announced any sales, but state that receipts at the association prizeing houses have been the heaviest of any year since the organization was perfected. Some hoghead tobacco has been delivered to the association sales-rooms.

CORSETS, KISSING AND CONSUMPTION

Corsets, belts and kissing all lead to consumption, according to the experts of the American Anti-Tuberculosis league. They are spreading information to that effect broadcast throughout the country in their campaign to stamp out the plague.

The league advises further:

Plain, wholesome food. Dainties and intoxicants should be avoided.

The best, sunniest rooms always to be used to sleep in.

Plain, durable clothing out of material not too thickly woven, discarding the follies of fashion, like corsets and belts that hamper the free movement of the body.

Take a cold bath or a cold rub daily. Breathe with the mouth closed.

Devote your whole strength to your work. It gives strength in return. Seek, however, to perform it in accordance with the rules of health. Avoid a bent position in intellectual work. The time for work and rest should be in proper proportion.

Devote the hours free from work to the strengthening of the body.

Take outdoor exercise. Draw in long, deep draughts of fresh air while holding the hands pressed tightly against the sides. Become accustomed to being in the open air in unfavorable weather. Change wet clothing and shoes.

Gymnastic exercises—especially when out of doors—suited to the conditions of the body, together with tramps on foot, games, moderate cycling, rowing, swimming and the like, are the best allies in the fight with tuberculosis.

Go to bed at a reasonable hour. Avoid excesses of every sort. They destroy in a few minutes what has been gained in years. Shun intercourse with persons suffering from infectious diseases. Don't talk in the cold air or while walking.

Be careful whom you kiss.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "run-down," run-down or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nerve-tonic, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuritis, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendly whites, and gradually some of the more progressive physicians came to test and use them. They have since have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

THE SUNDAY SCHOOL

LESSON X, FIRST QUARTER, INTERNATIONAL SERIES, MARCH 10.

Text of the Lesson, Gen. xxvi, 12-25. Memory Verses, 16, 17—Golden Text, Matt. v, 9—Commentary Prepared by Rev. D. M. Stearns.

(Copyright, 1907, by American Probe Association.)

That we should be asked to omit all those intervening chapters and specially chapters xxii and xxiv seems too bad indeed, and we simply can't do it and have the mind of God. The weakness and wickedness of man are seen in Abraham's sinning again because he gave way to thoughts and fears (xx, 11). The birth of Isaac when his father Abraham was 100 years old, the casting out of Hagar and Ishmael, the angel's care of Hagar and the new name of God, the everlasting God (El-olam), are found in xxi. Chapter xxii gives us the most wonderful picture in the whole Bible of the father offering up his only son, the father carrying the fire and the knife, and the boy carrying the wood and asking, "Where is the lamb for a burnt offering?" Abraham receiving Isaac back from the dead in a figure (Heb. xi, 19) on the third day, and on Mount Moriah, where the foundation of Solomon's temple was afterward laid; the ram offered in Isaac's stead, the new name of the place (Jehovah Jireh, the Lord will see or provide). The union of the two previous separate promises concerning the seed as the sand and as the stars and many other wonders of grace and glory make us sorry to pass such a chapter.

Chapter xxiii tells of the death of Sarah, the purchase of the cave of Machpelah and her burial there at Hebron. In chapter xxiv we have such a fascinating foreshadowing of the Holy Spirit telling of the riches of the Father who gave all His wealth to His only Son that He may obtain a bride for that Son. Chapter xxv tells of the death of Abraham and his burial by Isaac and Ishmael in the cave of Machpelah, the birth of Jacob and Esau and how the latter sold his birthright for a mess of pottage.

Our lesson chapter opens with Isaac sojourning with the Philistines instead of at the well of Him that liveth and seeth (Gen. xvi, 14, margin; xxv, 11) because of a famine in the land. The Lord blessed him there and confirmed the promise to Abraham of a blessing to all nations and gave him the star of the promise, the dust of the earth or sand portion being afterward given to Jacob (xxvii, 14).

We find Isaac falling into his father's sin of calling his wife his sister, lest he should be killed for her sake, and, as in his father's case, reproved by a heathen king. Yet God bore with his erring child and cared for him and blessed him for His own name's sake in spite of his sin. "If we believe not, He abideth faithful. He cannot deny Himself" (1 Tim. ii, 13). The unchangeable faithfulness of God is our only resting place (Mal. i, 2, iii, 6).

In verse 3 we hear God saying to him, "I will be with thee and will bless thee," and in verse 12 we read, "And the Lord blessed him," and the next two verses tell something of the extent of the blessing. There is nothing that can compare with the blessing of the Lord which maketh rich and to which our toll can add nothing (Prov. x, 22, R. V.). In Isaac's case it brought only resting place (Mal. i, 2, iii, 6).

the first two. It is not our way, as a rule, to take such injustice meekly. Much trouble has often come from less provocation. Isaac meekly reopened a third, and they did not claim that, so he said, "Now there is room for us all." But who of us would have acted so? We next find him at Beer-sheba (the well of the oath), and the Lord appeared to him the second time, saying, "Fear not, for I am with thee and will bless thee" (verses 24, 25). There he built an altar and worshipped, and his servants dug another well.

Now note the sequel to his yielding the wells. Those who had driven him away from them came to him, desiring to make a covenant with him. They came with a lot of talk that does not sound true (29), but Isaac does not notice it, and we better not. But what we do notice is their testimony to God as seen in Isaac—"We saw certainly that the Lord was with thee" (29). How much are we willing to bear that God may be seen in us? The same day that Isaac received these men kindly his servants brought him word that they had found water. Is there not a connection?

THE PLAIN TRUTH

What More Can Hopkinsville People Ask.

When well-known residents and highly-respected people of Hopkinsville make such statements as the following, it must carry conviction to every reader:

W. H. West, stock raiser, city constable and collector, living at 849 W. 7th St., says: "I suffered for years with kidney and bladder troubles, and in consequence was subject to a great deal of pain. There was a heavy, dull aching in the small of my back over my right hip and extending down over the bladder. The pain became especially severe if I should stir around or remain long on my feet. The difficulty of the kidney secretions annoyed me at all times. They are scanty, irregular, and the passages were accomplished with a burning sensation. I heard so much said Doan's Kidney Pills that I got a box, and gave them a trial. I found that they benefited me in every way, so much so that I have taken the opportunity on several occasions to recommend them to my friends, and will continue to do so. You may refer to me as having used your remedy with good results, and I hope that it will be the means of relieving others who may be suffering from that common complaint, kidney trouble."

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. It kills five. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scaling pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y.

SACRA IS HURRIED TO THE WILL BE MADE BY SECRETARY
PENITENTIARY. TAFT EARLY IN APRIL.

Was Brought to Hopkinsville Thursday
Night to Escape a Mob At
Russellville.

(From Friday's Daily)

Sheriff Tom Rhea and Deputy
Sheriff Latham, of Logan county,
spent last night here en route to the
Eddyville penitentiary with John
Sacra who was given a twenty-year
sentence at Russellville yesterday
for assault upon Mary Gladder in
that county in May, 1905—the crime
for which Guy Lyon and Polk
Fletcher were hanged.

The citizens of Logan county were
very much displeased with the ver-
dict and Sheriff Rhea stated last
night that strenuous efforts had to
be put forth in order to keep the an-
gry people from lynching Sacra, and
at one time during the day it was
thought they would surely take him
from the guards and hang him de-
spite the sentence of the law. Final-
ly he was landed safe in the jail and
no time was lost in getting him out
of Russellville and to the peniten-
tiary. Had he remained in Russell-
ville last night it is very probable
that a most determined effort would
have been made to lynch him.

The officers also had with them a
negro who had been sentenced to
five years.

"It is the little rift within the lute
which ever widening, makes the
music mute." It is just a little rift
in the health of a woman often,
which gradually takes the spring
from her step, the light from her
eyes, the rose from her cheek, and
the music from her voice. Perhaps
the bug-bear which has frightened
the woman from the timely help
needed at the beginning has been
the dreaded questions, the obnox-
ious examination, the local treat-
ments, of the home physicians.
There is no need for these. Nor is
there need for continued suffering.

Dr. Pierce's Favorite Prescription
can be relied on by every woman
suffering from what is called "fe-
male troubles," to renew the health
and cure the disease. Women are
astonished at the results of the use
of this medicine. It not only makes
weak women "robust and rosy
cheeked," but it gives them back
the vigor and vitality of youth. This
is not a "patent medicine" but a
prescription of known composition
in which pure triple-refined glycer-
ine is used instead of alcohol. Each
bottle-wrapper bears a full list of
ingredients upon it.

paying another visit to Cuba to look
for himself into the conditions there
and compare them with those he
left in Havana when he quitted the

The secretary in answer to inquir-

plete restoration of order and de-
monstration of the fact that a peace-
ful and fair election could be held.

Face and Feet Covered—Rest

Baby's Torture—Tries Cuticura

IMMEDIATE RELIEF
AND SPEEDY CURE

"My baby was about nine months
old when she had rash on her face and
feet. Her feet seemed to irritate her
most, especially
nights. They would
cause her to be
broken of her rest,
and sometimes she
would cry until she
was tired out. I had
always used Cuti-
cura Soap myself,

many cures by the
Cuticura Remedies
that I thought I
would give them a
trial. The improve-
ment was noticeable
in a few hours, and
before I had used
one box of the Cuti-
cura Ointment her feet
were well and have never troubled her
since. I also used it to remove what
is known as "cradle cap" from her
head, and it worked like a charm as it
cleansed and healed the scalp at the same
time. Now I keep Cuticura Ointment
on hand in case of any little rash or
insect bites, as it takes out the inflam-
mation at once. Perhaps this may be
the means of helping other suffering
babies. Mrs. Hattie Currier, Thomas-
ton, Me., June 9, 1906."

MRS. GOODLETT ILL

AND IT IS FEARED SHE MAY NOT RECOVER

Founder of the United Daughters Of The Confederacy and Has Many Friends in Hopkinsville.

A special from Nashville, Tenn., announces that Mrs. M. C. Goodlett, founder of the United Daughters of the Confederacy, and one of the most distinguished women of the south, is ill at her home and fear is entertained that she will not recover. She has many relatives and friends in Hopkinsville. Mrs. Goodlett's summer home is near Trenton.

She is a unique type of the old time southern woman. She is a descendant of two aristocratic families of the old world, the Douglasses of Scotland and the Meriwethers of England.

Her cousin, Captain Edward Meriwether, was the first Confederate killed on Kentucky soil, being shot when an escort to General N. B. Forrest, just before the battle of Fort Donelson.

Mrs. Goodlett was president of the Ladies' auxiliary of the Nashville Confederate home in 1890, and it was at her request that the name was changed to Daughters of Confederacy on May 10, 1892. Her death would be sincerely mourned all over the southland.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppes. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Cook & Higgins and Cook's Pharmacy, Druggists. 50 and \$1.00. Trial bottle free.

MAYSVILLE, Ky., March 2.—Mrs. Mary Dunn was found dead in bed this morning. Her husband was sick in bed and unable to notify neighbors. Two little sons, both nearly starved, were in the house, and there was neither fuel nor food on the place.

FROM DAY TO DAY

An order issued by the postmaster general effective March 1 provides for the passage of post cards with a written message on the left hand portion of the address side at the regular one-cent rate. Heretofore where the reverse side has been taken up with pictures leaving no room for a message the government has exacted a charge of two cents for its passage through the mails with a message written on the front. The new rule does not affect ordinary postal cards, on the address side of which no message is allowed.

The postoffice authorities believe they have hit on a plan to stop the system of "chain prayers" which has been in operation through the mails for about four years. The plan of the "chain" has been for a person to send a prayer to some person with the request that he send a like letter to nine other persons under penalty of having some misfortune befall him and thus the system has spread. The inspectors are now following the plan of reprimanding those who receive and send these letters, when they can be discovered. The postal authorities and the police have been appealed to break up the system. The chain-workers cannot be prosecuted for using the mails, but it is believed the present plan of reprimand will result in breaking the chain.

F. J. Haskin, a special correspondent, telling of a class of boys at Central college, Danville, in the 50's, including Joe Blackburn, Jas. B. McCreary, Adlai Stevenson, John Young Brown, W. C. P. Breckinridge, Thos. T. Crittenden, writes: "Another of that noted class was 'Quinine Jim' McKenzie, whose death not long since was the occasion for mourning in every malarial section of the nation. 'Quinine Jim' earned his name and fame because, as a member of congress he reduced the duty on quinine, bringing the price down from two dollars an ounce to a few cents. For this the age districts canonized him. McKenzie was one of the best story tellers who ever lived, and it was an open secret that when Proctor Knott was governor of Kentucky he made 'Quinine Jim' secretary of state just to have a good story teller and a good listener near at hand.

In a letter from Cadiz, Spain, to his paper, the Courier Journal, Colonel Henry Watterson takes his readers into his confidence as to the type of female beauty which he prefers.

Remarking that he could not find the "sights" about Cadiz that inspired the magnificent apostrophe of Byron he adds: "The things that inspired the great English bard are no longer visible to the naked eye, if ever they existed outside the poet's fancy. I must confess that the Andalusian type was never very fetching to me. I much prefer the dainty blondes. But don't you tell anybody. Indeed the Spanish girls are beginning to affect brick dust, so that the dye stuffs of the Titian variety have gone up in the market in the last few years.

"Howbeit, the streets of Cadiz on a Sunday afternoon are filled with comely, well-dressed women, whilst of 'dark-eyed pouris' half hid by black veils there were a plenty."

The new baseball rules were adopted as they came from the committee by the National League. After making some minor changes the committee reported that rule 14 should read, that only the pitcher be allowed to take the glove off a new ball. No other player may do so under a penalty of \$5 fine for each offense.

Rule 51 Section 10 pertaining to the man at the bat was amended to read that the batsman shall be declared out if he steps from one batsman's box to the other after the pitcher has taken his position in the pitcher's box. Other changes are:

If a catcher interferes with a batsman while striking at a pitched ball, the batsman becomes a baserunner.

If there are two baserunners and one passes another in an endeavor to make a run while the first baserunner is being "tagged," the baserunner who passes is to be declared out.

Hereafter the umpires shall announce the plays that they are to rule on as agreed between them before the commencement of the game.

Found At Last.

J. A. Harmon, of Lixmore, West Va., says: "At last I have found the perfect pill that never disappoints me; and for the benefit of others afflicted with tropid liver and chronic constipation, will say: take Dr. King's New Life Pills." Guaranteed satisfactory. Price 25c at Cook Higgins and Cook's Pharmacy.

The tobacco was fished out and recovered, but greatly damaged, says the report. The tobacco was on the river bank, for shipment to Clarksville, having been purchased by an independent firm of that city from the farmers of the Rockcastle section of Trigg county.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisville, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Cook & Higgins and Cook's Pharmacy Druggists. Price 25c.

Temple of the Holy Ghost.
The physical body has been aptly called "the temple of the Holy Ghost." Therefore, in the first place, it is incumbent upon us to study how we can make our persons as beautiful as possible. For his dear name's sake we should strive to possess as beautiful a physical body as we can. We should consider that body with just as much care as we do our face. We should make our physical frames an agency for spiritual prayer. I do not forget that the word "flesh" in the Pauline epistles is used again and again as the symbol of sin, but that is no reason why we should not adorn our bodies with holy linen and unguaily fitting garments. No; not that. No man can worship God acceptably with unclean hands and with unkempt hair as he can with a neat and cleanly person. Let us, therefore, make our hands, our faces, our lips, our eyes, our ears, our heads, our garments, as beautiful as

Do you suppose that Robert Burns would have his influence upon Scottish life unless he had been able to sing his songs of love and patriotism with a sweeter or a more clarion note than every bard had sung before or since his day? Do you believe that the Rev. Mr. "Kindle Light" would have been leading the Christian world through enveloping gloom unless the words of that hymn were as soft and hushed as any ever written by a master of English? Do you believe the gospel messages of Bunce, a Millet, a Raphael or a Da Vinci would be teaching the love of God and man unless the words of each one of their messages had been painted by the hand of a master? Do you believe that Bunyan's allegory would be read by the hundreds of thousands and the millions unless the Christians' parables. It was the wonder of all literary critics? Do you believe that the words of the hymn written by a Thomas Hastings and an H. D. Barker would have charmed the thousands for Christ unless their voices

To speak literally, do you not believe we should have flowers in the home? It does not take much work to plant a few flowers in your back yard or even to plant a few geraniums or petunias in a box of soil and have them catch the sunlight and come streaming through your windows in winter's day. Can you not place in the middle of your dining table a fern? No child ever yearned to love flowers, but through flowers it was easier for him to love Christ. Can you not hang copies of the old religious masters upon your walls? It does not cost much to get a copy of Rubens' "Descent From the Cross" or "Christ Preaching to the Sinner" or an "Easter Resurrection." Will you not have a "Ruth Gleaning After the Reapers." You had better teach your children to love good pictures, for, mark me, if you do not teach them to love good pictures when they are young, they may learn to love bad pictures when they are beyond your control, and you not buy for your children some musical instrument, if it is only a phonograph, and have that phonograph play some of the world's best music, and sing some of the beautiful hymns which have come singing down through the centuries?

But as we reach out may these symbols of Solomon's temple teach us that we are to reach out only for the purpose of consecrating our cherubim and palm trees and blossoming flowers to God's great work and for the salvation of man as well as for our eternal life. "And he carved thereon cherubims and palm trees and open flowers and covered them with gold fitted upon the carved work." May God bless this beautiful sermonic theme of this beautiful Sabbath day for Christ's honor

HONEST PACKING.

SHALL BE DEMANDED BY DARK
TOBACCO GROWERS.

Instructions Sent to Prizers Concern-
ing Hogsheads That Show
Damage.

To the Prizers:—

The object of this is to call your at-
tention to the following instructions
given the general inspector by the
executive committee at its last meet-
ing: "When a hogshead of tobacco
shows damage by reason of bad
packing, you shall notify the prizer,
the salesman and the owner of the
tobacco, have the damage assessed
and collect such damage from the
prizer."

This means that the inspection will
be thorough, impartial, and will
therefore, show up the careless and
dishonest packer, it being the com-
mittee's intention that the associa-
tion's reputation for honest packing
and honest sampling shall be main-
tained. It also means that all bad
packing will be reported to the com-
mittee and the grading of the prizers
will be based on these reports. In
view of the above I ask you to look
very carefully after your packing, to
the end that every one may get jus-
tice.

Yours truly,
W. E. FRAZER,
Asst. Gen. Mgrs.

CHRISTIAN'S PART

IN KENTUCKY HOME AT JAMES-
TOWN EXPOSITION.

President Atkinson is Here and is at
Work With the Local
Committee.

(From Tuesday's Daily)

John B. Atkinson, of Earlington,
who is president of the Kentucky
Jamestown Exposition Commission,
is in the city in the interest of the
movement to have this common-
wealth adequately represented at
the great exposition.

While work is proceeding with the
erection of the state building, the
Kentucky commission is redoubing
its efforts to round out a fund for the
purpose of maintaining the building
and collecting and installing an ex-
hibit of Kentucky's products and re-
sources. The commission has asked
for a total of \$40,000, dividing the
sum equitably among the various
counties of the state. A number of
the counties have already pledged
the complete quotas asked of them,
and the canvass is now progressing
rapidly.

Christian county's prorata is \$145
and it is greatly desired that this
amount shall be raised at once.
The Christian county committee
is: Mayor C. M. Meacham, chair-
man; James West, George S. Gary,
L. H. Davis, J. B. Jackson, W. A.
Wilgus, A. W. Wood, J. B. Walker
W. T. Cooper.
Already the committee has made

a very encouraging start, subscrip-
tions having been made as follows:

Acme Mills & Elevator Co.	\$40
Crescent Milling Co. (chairs)	\$40
Forbes Mfg. Co., (railing)	\$80
Forbes Mfg. Co., (cash)	\$25
J. H. Anderson & Co.	\$25
G. B. Underwood	\$20
Climax Milling Co., (swings)	\$20
John Moya Co.	\$10
Sam and Henry Frankel	\$10

In addition to this the banks of
the city have made a generous do-
nation under another apportionment.
The logs necessary to build one of
the ten cabins in the stockade of
of the fort of Booneborough have
also been pledged, and part of them
already shipped, this work having
been done by Mr. Birch Walker.
The committee is continuing its
work this afternoon and hopes to
raise the entire amount required of
this county by tomorrow at the lat-
est, Mr. Atkinson having agreed to

stay over that long.

Subscriptions may be left at the
New Era office and every loyal citi-
zen of Kentucky is cordially invit-
ed to aid in the movement.

The site of the Kentucky building
is declared to be the most attractive
on the World's Fair grounds. A
cluster of pine trees, some 500 in
number, will furnish a background
for the fort, and the front of the
stockade will face along Hampton
Roads. From the windows of the
eight cabins, which will compose the
fort, an excellent view can be had of
the great naval pageant, which will
be one of the continuous features of
the exposition.

NO EXTRA PAY.

FRANKFORT, Ky., March 6.—
The court of appeals today held that
the county jailers are not entitled to

Successful Operation

[Miss Lillian Brasher underwent an
operation for appendicitis today at
the home of her parents, Mr. and
Mrs. John L. Brasher, on Camp-
bell street. Her many friends will
be glad to learn that she stood the
operation well and that it was a
complete success.]

There's a New Trick in Town

The latest product of the inventive genius of
the American mind is a Welting Machine to sew
soles on shoes and to make them look just the
same as they did when new. The machine makes
the same stitch as the old fashion hand stitch that
grandpa used to have put in his boots that cost \$20
a pair. The only difference in the soles put on by
this Welting Machine and by hand is in the price
and the time it takes to put them on. The soles are
soft and flexible--no stitches inside to hurt your
feet--and the wearing qualities are the best. We
have one of these machines installed on three
months trial and if the work here will justify our
keeping it we will do so. Just to see how much
work there is in Hopkinsville and if the people
here really want the most up-to-date service at
saving prices, we will for two weeks offer the fol-
lowing prices on half soles:

Men's Best Oak Soles	75c
Sewed On, at	-
Ladies Best Oak Soles	50c
Sewed On, at	-
Misses Best Oak Soles	40c

We have a delivery wagon and an extra bun-
dle boy, and if you'll call Phones 317 Cumberland
or 1205 Home we will send for your shoes and re-
turn them to you promptly.

Yours for better and cheaper service,

**J. H. Anderson
& Co.**
