WHO IS THE PRETTIEST WOMAN IN CHRISTIAN COUNTY?

The Kentucky New Era has inaugurated a contest to determine who she is, and also to prove to the world that nowhere are there prettier girls than right here at home. After an extensive and costly contest, the Chicago Tribune published the picture of a young lady of the city and heralded her as the most beautiful woman in the United States. The Courier-Journal, of Louisville, at once took up the question thus thrown down and a began a contest to select the prettiest woman in Kentucky. The New Era wants to assist in this work of sustaining the men’s reputation for producing the prettiest women in the world, but also wants to show that even in this state where beautiful women should, that nowhere they are prettier than in Christian County. To this end two cash prizes will be offered by this paper—$10 in gold to the prettiest and $5 in gold to the next—photographs to be submitted to a committee to be selected later. In addition to these prizes all photographs submitted to the New Era will be forwarded to the Courier-Journal, and there considered in the selection of the beauty to be represented in the state. This is no money making scheme but a contest to uphold the claims of the Grand Old Commonwealth to the beauty of its women. The name and address of the young lady should be written on the back of each photograph. No limit is placed on number of photographs which may be entered and any one may submit pictures.

REAL ESTATE Managed, Purchased and Sold

The rapid growth of our Trust Department has brought our management into frequent and direct control of Real Estate and has made it necessary to give special attention to this department.

Thus encouraged we have determined to place the control of Real Estate, and the buying and selling of same on commissions, in the hands of one specially qualified for the work, Mr. T. J. McReynolds, Vice President, who will give it his personal and undivided attention, assisted by other officials of wide experience and good judgment, which will insure our customers the very best results obtainable in real estate transactions.

Our organization of the Real Estate branch of the Trust Department will be so complete and our publicity so widespread that we can always promptly furnish facts and figures in prospective buyers and sellers. By the way, this department has sold ten lots on one street in five weeks and put in course of construction four beautiful houses thereby increasing the value of every other lot. This is a record seldom equaled in a single locality in the city.

If you have houses to rent anywhere and their care and attention is a burden to you, let us manage and collect the rents for a very reasonable commission. Our opportunities for renting to good tenants are ample. The general demand leads us to say that there is need for a hundred houses in Hopkinsville today, and they could all be rented promptly to substantial citizens.

We are pleased to place our experience, knowledge and organization at your disposal, confident that if you will call and talk it over with us, and let us show you some things that have been done for others, you will list your property with us, and, REMEMBER, that we can also aid you in

INJUNCTION FILED

Mr. Thomas H. Ryan, M.P., filed an injunction today against the city of Boston, seeking to prevent the city from revoking his whisky licenses. The petition states that Mr. Ryan has been issued a licence to sell in the city of Boston, and that his business is carried on in a proper manner. The city, it is charged, has no cause for revoking his licence, and that he is entitled to use the premises for the purpose of selling whisky.

Mr. Ryan also states that he has been in business for many years, and that his licence has been regularly renewed. He charges that the city has no right to revoke his licence without due process of law, and that he has suffered a great deal of inconvenience by the city's action. He asks that the court grant an injunction restraining the city from revoking his licence.

I want yerkis now growing upon the hillsides not only have a rich character, but they also add to the beauty of the places where they grow. Just as the beauty of the human body is not only in its outward form, but also in its proportions, so the beauty of the temple was not only in its architectural form, but also in its decorations.
