\$300,000 High School Building To Be Built In South Fulton In Near Future

Members of the Obion County school board met at the South Fulton City Hall Tuesday afternoon for the purpose of hearing the desires of the citizens as to the location for the new \$300,000 high school building to be constructed soon in the City of South Fulton.

One group of the citizens desire that the new school be built at one of two locations near the present school, and another group desire a location across town in the southeast section.

The new building will house high school students from South Fulton and the area out to the drive-in theatre south of town. The first eight grades will attend in the present school building.

The new building will not have quarters for basketball practice and the players would have to travel across town to the present building for this purpose, if the

Welcome aboard to a brand new year. By this time many of you have tucked away the happenings and the memories of the old year, and barring any temporary debilities you might have today, we hope you're looking forward to a New Year with lots of vigor and lots of hopes and plans for a full and wholesome 1959.

There's lots of hope for the New Year, but just for the heck of it, let's take a look at the old year. For us it was something of a hectic one. In our personal lives we had three major incidents that we want to forget, but quick. Last February Mary Jo and R. Paul were in a near tragic auto accident. Last August Mary Jo broke her arm, and after getting the break all in a cast, the poor young'un had to undergo surgery again and have it re-set. In October of this year I had an auto accident that kept me in this old world by the grace of God.

But besides some minor ups and downs everything was as normal for us. In the lives that we devote to the public both Paul and I can recount some very satisfying moments as we shared with you some spectacular accomplishments in our community. These accomplishments for all of us are recounted in our annual year-end story of past happenings.

And so as we close the book Continued on Page Eight

Polio Drive In Fulton Gets Underway Jan. 2

Launching an expanded attack on behalf of a whole new group of physically underprivileged persons in this community and throughout the country, the "Greater Victories" March of Dimes will get under way Friday (Jan. 2) in Fulton County, Mrs. Morgan Omar, county campaign director, announced today. Harold Henderson of the Fulton Bank is treasurer.

The appeal will continue throughout the month with the traditional Mothers' March climaxed in the 1959 campaign, the local leader said.

"In 1959," he said, "the March of Dimes must meet the big challenge of the three faces of crippling—polio, arthritis and birth defects. Just as the National Foundation came up with the Salk vaccine, so too we hope to move ahead toward greater victories in arthritis and birth defects.

The News Reviews Many Big Stories Occurring During 1958

By Ouida Jewell

The year 1958 was one of the busiest and progressive years for the twin cities of Fulton, Ky. and South Fulton, Tenn., in many years. And many big news stories developed here that received nationwide publicity for our towns—most of the stories being good ones.

As we recall, the best news to be spread on the pages of The News, and other newspapers, was the announcement that Fulton had been selected for the new location of the package division of the Ferry-Morse Seed Company. The plant has now been under construction for the past several months in Highlands. Another good story was TVA for South Fulton.

The news story carrying the worst news was that the Henry I. Siegel Company, local pants factory, which has been located on the Kentucky side of town for many years, had announced its intention of moving to another town, if a new building was not provided by the town for the factory.

A true spirit of cooperation among the citizens of the twin cities and surrounding towns was in news stories when everyone—rich, poor, young and old—pitched in and raised the necessary \$200,000 in cash for the new building.

And there were many, many big stories taking place in Fulton and South Fulton during the year. We have scanned the pages of The News for the past year and below are listed the front page, headline stories for 1958.

Jan. 9, 1958—The 1958 Polio Fund Drive in Fulton County got underway with the first six radio auctions over WFUL, broadcast from the KU auditorium in downtown Fulton.

The Nichols Engineering firm of Union City and an architect from Memphis have already been hired to work on the new building.

Charles Cannon of South Fulton, a member of the Obion County School Board, said late Tuesday afternoon that it would be several days before the school board would make a decision as to where the new building would be constructed.

South Fulton Wins Over Troy

South Fulton's boys, who sported a 54-11 lead at the half, had 14-point scoring by A. M. Dycus with a dozen of his teammates also scoring.

Our Challenge for '59: Push Hard, Keep Moving!

The year 1958 is now completed and ready for the history books of Fulton, but it was one of those rare years that deserves to be set in bold-face type whenever that history is set in print.

In 1958 Fulton moved from the brink of disaster to the road to success, and while it is not our purpose here to recount all of the incidents in this about-face movement, it does seem important to underline the method that was used.

That method was simply "TEAM-WORK."

A bunch of people got together for a common cause, put their shoulders to the wheel and exerted a mighty and continuous force on a lethargic machine... and got it moving. The "machine" is a cumbersome arrangement which every city, large or small has. It is simply called "the town" its gears are known as "community spirit," "energy," "willingness," "foresight," "unselfishness" and "pride of accomplishment."

This machine won't move unless it is pushed bodily, and it takes several dozen men to push it. When it is stopped dead still, it takes up to 100 people or more to get it going, but once it's going, fewer numbers can keep it going, but if all 100 keep pushing, it moves at great speed.

This "machine" manufactures "happiness," "prosperity," "success" and "contentment" as it moves along, and strews these products all about it, for the enjoyment of all.

In 1958 the Twin-Cities got their "machine" moving and in the year 1959 we've got to keep it moving; we should try to make it move even faster so that we can enjoy more of its by-products.

People who sit back and watch this machine run are of no value to it whatever. They deserve few of its benefits, and remaining at some distance from it, usually get few.

Throughout 1959, let's PUSH and PUSH HARD for our communities.

A Case of Humanity Suffering For Political Whims

After driving countless hundreds of miles on the highways of other States during the Christmas holidays, what a let-down to return to Kentucky and have to fight the narrow, twisting U. S. 51 from Wickliffe to Fulton!

What a hazardous route, to boot! Narrow pavement, sharp curves, poor visibility, often no shoulders at all, narrow bridges... all these things that Illinois, Missouri and even Tennessee have long outlawed and are

rapidly replacing.

We wonder at the thoughts of the countless thousands of travelers as they hit U. S. 51 and begin their irritating trek through Kentucky. A dozen or more lives are lost each year on this antiquated route; innocent people sacrificed for political whims that dictate improvement money to other projects because they'll get more votes.

Must We Have Any More Confusion Like This?

An unfortunate note of dissention crept into an otherwise happy Christmas season in Fulton this year, and what a shame.

It seems like the retail merchants have an association, and then again it seems like they do not. In other words, the Association may decide to do something, but if the members don't agree, the dissenters publicly announce their own course and the

public can try to figure out what's going on.

We submit that on matters such as opening nights before Christmas, on closing Christmas eve and closing on holidays, the entire retail membership of the Association should be present at a meeting and decide these things before they happen. That's the time to argue and decide... not later.

SERMONETTE OF THE WEEK

Help Brings Peace In '59

By Richard Cardinal Cushing,
Archbishop of Boston

1959 comes to us wrapped up in even thicker swaddling clothes of uncertainty and mystery than its predecessor. Will the cold war against tyrants seeking world domination come to an end? Shall we become involved in a greater war, one that will end what we call civilization? Will economic disaster overtake our rich nation?

Amid these numerous threats to our nation, the question we must ask ourselves is how for shall we as individuals influence world events? It would be to deny the Constitution of the United States to assume that we are powerless in the hands of a state, for if we believe in America, we must believe in our power and our obligation to become an element in its deciding forces.

ONE resolution I would like to suggest for '59—one which would help bring peace to the world—would be to devote ourselves to the enforcement of law. The religious feast of New Year's Day, the Circumcision,

commemorates the submission of the God-Man to the requirements of the law, emphasizing the sacred character of all wise and just laws.

Taking this feast as our inspiration we could, it would seem almost by working as individuals, put a swift end to the moral plagues of our country: rackets and gambling abuses, the use and sale of drugs, juvenile and parental delinquency, dishonesty in private and public life, crime of all types. Wipe out these evils and we will make a better world for all men to live in.

TODAY we Americans are stepping out upon a stage set for a new act in the drama of living. Pray God the title may be Peace on Earth to men of good will. In the pit, the world is assembled; all eyes follow the action. We have discovered that the obstacles are partly of our own devising; that the lines are of our own volition. To avert a tragic ending lies within our power. We are a great and good nation. Fundamentally, we are a God-fearing nation. We have the assurance of God's help in all our undertakings; ask and you shall receive; knock and it shall be opened unto you.

UNDER GOD, then, let us face the problems of the new year. With His help and guidance, let each of us resolve to become a better person, a more interested citizen, a more obedient and loving child of God. From the individual will radiate peace outward into society; from society, in turn, peace will seep into the individual until it inundates his soul. Peace: real peace, not its semblance; not its travesty. We beg it of God in this year of His grace 1959, and all that is in our power to help speed His peace, we pledge Him that we will do.

Turning Back The Clock--

January 6, 1939

Jerry Ward McClure, age 6, son of Mr. and Mrs. M. D. McClure died Sunday evening in the Fulton Hospital from burns received while shooting fire crackers in the yard of his home on Route, Jackson Grove Community.

Twenty-five years ago the Fulton Building & Loan Association was organized—that was in 1913. From that beginning this institution, which is operated and managed by local people for the purpose of assisting citizens of this community in the purchase and ownership of homes and other real estate, has grown the present strong organization.

There may be a magistrate somewhere who has married more people than South Fulton's "Marrying Squire" S. A. McDade, but he hasn't been heard from so far, so the local man seems to wear the crown: "Square Mc-

Dade" united his 6000th couple sometime during the Christmas holidays.

Mr. and Mrs. J. J. Wade announce the marriage of their daughter, Miss Louise Wade, to Mr. Lloyd E. Hanson of Alameda, Calif.

Mrs. Bertie Taylor of Sharon, Tenn., and R. C. Nanney of Melrose Park, Ill., were united in marriage at the Presbyterian Church, during the Sunday school hour, Sunday, Jan. 1.

Sunday evening at the home of Rev. J. N. Wilford, Miss Helen Exum, daughter of T. M. Exum, became the bride of Harry Platt of Hargis, Ill.

Christmas Eve Miss Cassie Hanley became the bride of Ray Lockhart, popular young Mayfield couple. The ceremony was performed by Square S. A. McDade at his home in South Fulton.

Mrs. Margaret Satterfield left Saturday for Pasadena, Calif., where she will make her home with her daughter, Roma, who is a student at the famous Pasadena Playhouse.

Mrs. Satterfield, who has been a nurse at Fulton Hospital for several years, will be missed by her many friends here, but we all wish her much happiness in her new home.

Margaret was at the house for dinner a few nights before she left and she was showing us some clippings she had received from Roma. In a recent issue of the Los Angeles Times, the Playhouse was featured on its 42nd anniversary. Besides the story, there was a full page devoted to pictures, and in the center of the page there was a picture featuring Roma in a play.

The local girl is doing fine at the Playhouse, which has turned out many famous movie stars. Besides being a second year student, she is working in the office. Later, she has appeared in plays at the Playhouse. In the last play she played the part of an old lady and was praised for her role. In a play coming on she was asked to do the part of another old lady. She complained that she was tired of being an old lady, so they gave her the role of Cleo Patra, a 16-year-old. Now, she's worried about playing such a young role. But, knowing Roma, I'm sure she'll do justice to the role. You know, we're real proud of our young friend, Roma, for you have to be really talented to remain a student at the Playhouse.

When we were visiting in Hollywood and around this past September everyone out there said that Roma had to really be good to remain in the college of theatre arts. And we know she is.

We were glad to see our old friend, Paul Harwood of Chicago, over the holidays. He was here visiting his parents and other relatives and friends, before leaving Jan. 15 for Alaska, where he has accepted a good position. He will be in Alaska for the next year and a half.

Mother (Mrs. Leland Jewell) was winner of one of the fifty dollar bills given away by the Jaycees Christmas Eve. Boy, was

she surprised! The other two winners of fifty dollar bills were Harold E. Pentecost of Dresden and Earl Carter of Water Valley.

Money received from the sale of tickets went to the Christmas basket fund for the needy.

I certainly did enjoy the lovely Christmas cards from all my friends. There were so many of them!

The biggest surprise I got, was a card from Lawrence Welk, closed was a small colored picture of his entire band and singers. Very nice, I thought.

We understand that James Hamlett, a former Fultonian, now has a television program out in Kansas City, Mo. James, son of Mr. and Mrs. Roy Hamlett, now of Washington, D. C., sings and draws on a kiddie program. He has several relatives living in Fulton.

We received a nice note from Edith Taylor Harris of Louisville, a former Fultonian, Monday, which follows:

Just a few lines to say hello and that I am fine. I received the nicest Christmas gift today, a year's Subscription to the Fulton County News. I enjoy the papers so much and save them for my mother and dad as they enjoy them also.

Say hello to everyone for me. As always, Edith Taylor Harris

Martha Sue Jenkins Becomes Bride Of Lawrence O'Connor

Mrs. Lawrence O'Connor

A beautiful winter wedding was solemnized on Tuesday evening, December 16th at seven o'clock, when Miss Martha Sue Jenkins (formerly of Hopkinsville) daughter of Mr. and Mrs. Charles H. Jenkins of Lexington and Fulton became the bride of Lawrence F. O'Connor, son of Mr. and Mrs. Dennis O'Connor of New York City. The impressive double ring ceremony was performed by the Reverend William Holladay at the bride's home in Lexington, Kentucky in the presence of immediate relatives and friends.

The lovely young bride was given in marriage by her cousin, Wallace Kimberlin Foster, Jr. She wore a formal wedding gown of imported Chantilly lace and tulle poised over heavy bridal satin. The fitted lace bodice was encrusted with sabrina neckline encrusted with iridescent sequins and seed pearls. The long sleeves ended in lily points over her hands. The voluminous satin and tulle skirts were topped with a draped lace overskirt. The skirt swept into a demitrain. Her tiered veil of French bridal illusion fell from a crown headpiece of pearls. She carried a white satin covered Bible framed in tulle, topped with white orchid.

Mrs. Charles Harold McCracken, Jr. attended her sister as matron of honor.

Charles Harold McCracken, Jr. attended the groom as best man.

For her daughter's wedding Mrs. Jenkins chose a frock of midnight blue. Her accessories were of navy blue. Her corsage was of white carnations.

Immediately following the ceremony Mr. and Mrs. Charles Harold McCracken, Jr., brother-in-law and sister of the bride, entertained with a reception at their home.

Later in the evening Mr. and Mrs. O'Connor left on a wedding trip to New York, after which they will make their home in

Two Businesses Broken Into Here Dec. 20th

Two local business establishments here were broken into and burglarized early Saturday morning, Dec. 20.

Saturday morning when the McAdoo Builder's Supply was opened for business, it was discovered that the safe had been broken into and \$140 was missing.

Entrance to the building was made by breaking the lock on the back door. The safe door was opened by knocking the dial off of the safe.

At 4:40 a. m. Saturday Aaron Butts opened up his grocery and discovered a man inside trying to open the office safe. When Mr. Butts surprised him, the burglar ran and jumped out of a window on the east side of the building, where he had made his entrance by breaking the window pane.

The thief took about \$4 or \$5 from a cigar box, which was Christmas money belonging to the employees.

The Fulton City police are investigating the two robberies.

Chief of Police Rex Ruddle said Saturday morning that Mr. Butts didn't get a good look at the man in his store as he had his back to him.

Gene McAdoo of Union City is manager of the Builders Supply Co. and Mr. Butts is partner in the grocery store with his father, A. C. Butts and his brother, Paul Butts.

McClintock Pays Fine Of \$25, Cost

John McClintock, a Kentucky game warden, formerly of Fulton and Hickman counties, was fined \$25 and \$18 costs recently on a charge of exceeding the daily bag limit of ducks.

McClintock was a companion of Kentucky Wildlife Commissioner Dr. James C. Salato and Dr. H. C. Randall, who pleaded guilty to similar charges Monday.

Unlike Drs. Salato and Randall, McClintock didn't plead guilty. He pleaded "nolo contendere," which means that the defendant choose not to contest the charge, but doesn't admit guilt.

U. S. Commissioner Herbert S. Melton, Jr. ordered McClintock to pay a \$25 fine and \$18 costs, the same punishment given his two companions.

Game Management Agent William B. Lee said Drs. Salato and Randall told him they fired into a flight of ducks December 2 on the Ballard Wildlife Refuge. When the burst of firing was over, they found they had killed 22 ducks, they told Lee.

Under the federal law they were permitted only four ducks each on any one day.

Body of Dr. Miller Found In Bottoms

Martin, Tenn.—The body of Dr. Warner Miller, prominent Martin dentist, was found in Obion County bottom lands Saturday afternoon after an intensive search begun Friday night.

Dr. Miller, 37, left home about 1:30 Friday afternoon on a duck hunting trip with a friend, Billy Cate of Martin.

The body was found face down in waist-deep water near a duck blind. Only the hunting coat was visible. A coroner's jury, empaneled at the scene, said death was due to natural causes, probably a heart attack.

Mr. Cate said Dr. Miller told him, shortly after entering the bottoms, that he was not feeling well. Dr. Miller told him, he said, to go ahead and that he would join him later.

Dr. Miller leaves his wife: two children, and his mother, Mrs. Stelle Miller of Mayfield, Kentucky.

Dr. Miller was born in Holly Springs, Miss. He was a graduate of the University of Tennessee college of dentistry in Memphis.

Jones Funeral Home of Martin had charge of arrangements.

Hal Riddle Has Role In "Cop Hater"

Hal Riddle, son of Mr. and Mrs. F. H. Riddle, 327 Backusburg Road, has a role in the cast of "Cop Hater," which includes Robert Loggia, Gerald O'Loughlin, Ellen Parker and Shirley Ballard. Riddle appeared at the Fulton Theatre here in "Onionhead," starring Andy Griffith recently.

Produced and directed in New York, with noteworthy touches of realism, by William Burke, this hard-hitting drama of a police killer on the loose deserves exploitable effort and preferred playing time.

The names of Robert Loggia, Gerald O'Loughlin, Ellen Parker and Shirley Ballard, unfamiliar to movie-goers, should make a marked impression.

Miss Donna Sue Johnston Becomes Bride Of John Crenshaw December 21

Mr. and Mrs. John Crenshaw

The First Christian Church in Fulton, Kentucky was the impressive candlelight setting on December twenty-first, nineteen hundred and fifty-eight as Miss Donna Sue Johnston, daughter of Mr. and Mrs. J. W. Johnston of Fulton, became the bride of John Crenshaw, son of Mrs. John B. Crenshaw of Trenton, Tenn.

The Reverend Brady Whitehead, Jr., Director of the Wesley Foundation at the University of Tennessee, Martin Branch, officiated at the double ring ceremony before relatives and friends.

A program of nuptial music was presented by Mrs. Steve Wiley of Fulton, organist, and Miss Shirley Grant of Rutherford, Tenn., vocalist.

Given in marriage by her father, the lovely bride wore a gown of white Skinner satin designed along empire lines with a fingertip veil of illusion attached to a tiara of seed pearls. Her dress featured a short bolero of Chantilly lace buttoned down the back with tiny satin buttons, and styled with long sleeves tapering over the wrist. The bell-shaped skirt featured a chapel train of Chantilly lace over net that fell to a point. The bride carried a white Bible topped with a lovely arrangement of white callias, and white satin streamers tied with love knots. At her neck she wore a single strand of white seed pearls, a gift of the groom.

Mrs. Gerald Crocker of Memphis attended the bride as matron of honor and bridesmaids were Mrs. Jeff Lester of Caruthersville, Mo., Miss Ruth Caldwell of Union City, and Miss Jo White of Fulton.

The matron of honor and the bridesmaids all wore identical dresses of peacock blue velvet featuring short trains styled along the same lines as the bride's. They carried matching velvet muffs accented with white gardenias. The bridesmaids wore velvet headbands, while the matron of honor's headband was set off by a short veil of scalloped illusion.

Dr. James Crenshaw of Centerville, Alabama, attended his brother as best man. Ushers were

Tom Crenshaw, brother of the groom, David Sisk of Memphis, Emmett Barker of Humboldt, and Jimmy Barker of Trenton.

Jimmy Sturgis Is Getting An Early Start With His Farming

Union City—Fourteen-year-old Jimmy Sturgis is one of the many Obion county youths who are learning about farming by doing.

The son of Mr. and Mrs. Melvin Sturgis, who live six miles east of Union City on the Old McConnell road, Jimmy has become a hard worker in his 4-H club at South Fulton. In his club he has received a lot of encouragement from 4-H leader, Tom McCutchen, and at home he has found his father equally willing to help him in his projects.

This year, Jimmy has decided to work on 4-H projects which consist of beef, corn, electricity and handicraft.

It is in the beef business that Jimmy has been directing most of his efforts.

Last year, he showed his twin home grown calves in the Junior Livestock show and sale and from the sale (one sold for 24¢ and the other for 28 cents per pound), he made about \$250. And this profit put him in the cow business.

This year he had a Shorthorn and an Angus steer for the sale and they brought 32¢ and 30¢

and made him \$290 profit. Jimmy was able to use the good pastures of this year to his advantage and he raised most of his own corn.

With next year's show and sale in mind, Jimmy is now raising two steers and in addition he will have a cow and bull calf to show at the Fair.

Udder examination profitable to beef production.

This thought is most unusual to consider however after long trials and much consideration cattlemen have found it profitable. A little time spent when the calf is weaned and just after birth will save many calves. A sound udder is worth \$100.00 or \$250.00 per quarter to the cattle man. Lets look at the situation this way for an analysis. If a cow drops a calf with one or two quarters infected with mastitis, you will have a slow starting calf and one that will not go to the feeder sale as large as a calf with 4 dinner plates to serve him.

Udders on beef type cattle take an awful beating when the calf gets to the weaning stage and attention at this time could save an udder. If trouble is detected an injection of mastitis medicine of your veterinarian's choice should be used. This can be left in the udder during the dry period. The same is true with fresh cows showing a little too much inflammation or mastitis.

We cannot give the beef herd the attention that the dairyman, however it will return good profits to see that the young calves have a good start. Many calves are found dead with no reason being sought. I have seen cases this year where calves never had that first and most important meal of warm milk. It doesn't take long to check the cows and I think you will be well paid for the time it takes for this inspection.

NEW BLACK LEAF 40 NOT SAFE FOR SHEEP DRENCH This month's Farmers Digest reports from Virginia Specialists have found the NEW preparation of BLACK LEAF 40 cannot be used safely in preparing the cunic drench for sheep. A wetting agent has been added to the nicotine sulfate in the NEW BLACK LEAF 40 which makes it incompatible with the copper sulphate which is generally used in a sheep drench. The specialists explained. It would be well to check the label to see if the material you buy is recommended for sheep drench.

NOTEBOOK—

(Continued from Page One)
on days, and weeks and months of hard work in our community its time for us to look back and try to make some resolutions, which you may keep for a month or two or break as you make 'em.

I'd like to make some personal resolutions... and if you care to read them here goes. If ever I get on a diet I'm going to stay on it for 24 hours at least... I'm going to get the sewing machine fixed so I can keep the kids from strangling in their ripped pajama tops... I'm going to stop asking Paul to clean the basement and instead dump the coal clinkers in the living room... I'm going to call my neighbor Mildred Moore at least once every three months, so when I meet her in her strawberry patch in the Spring I won't think she's a new-comer to town... I'm going to get the heels fixed on my shoes so I won't walk leaning backwards... I'm going to sew up the pockets in everybody's coat who lives in our house to keep them from scrapping the ground when they put a coin therein... and while I'm watching my weight I'm going to keep R. Paul on a diet and eat his second helping so he won't get fat... I'm going to return those books I borrowed when I lived in New Orleans 30 years ago to see if they have any best sellers of today... yes, indeed I'm really going to turn over a new leaf... I'm going to turn this leaf of resolutions over to the linotype operator and let him worry about them for awhile.

Happy New Year, and let's start thinking about your candidate for a Citizen of the Year.
