## Centennial Beards Are Getting The Freight-Yards Bums All Confused

This beard-growing proposition for the Twin-Cities forthcoming Centennial is providing unexpected problems for Illinois Central employees working out in Fulton's busy "New Yards", according to a couple of incidents that happened last week.

Take the case of Bobby Buckingham, who is sporting a respectable bit of chin whiskers. The other day Bobby was working in the yards and was hailed by a hobo.

"Hey there, buddy", the hobo yelled. "How long you been on the road?"

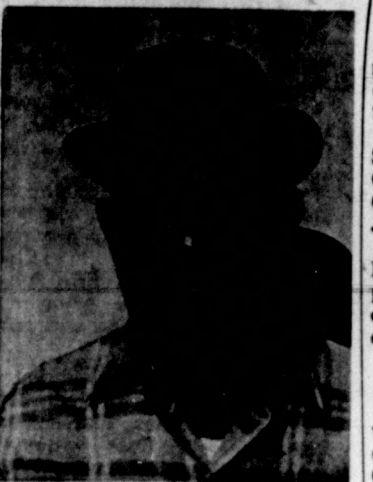

Bobby angrily informed the bum that he wasn't on the road; that he worked there.

Or take the case of Pat Matheny, who is sporting about the bushiest beard in the yards.

Pat was inspecting some freight cars (so the story goes), and as he climbed into one he was promptly thrown out bodily by a bum inside. As he climbed up for a second try, the bum yelled at him:

"Buddy, this is my car. Go find yourself another one."

Pat says it took quite a little

Pat Matheny

arguing with the hobo to convince him that the whiskers were for a centennial celebration, and that he (Pat) was an employee of the railroad.

## Dumas Says He Was Not Asked For Use Of Gym Before Meeting

Spokesmen for the South Fulton Rosenwald Parent-Teachers Association and the Citizens Committee said Tuesday they would petition the Obion County Board of Education to dismiss A. Dumas, Rosenwald principal for the past 12 years.

The spokesmen said the petition would be prepared and circulated within the next few days.

The decision was made Monday night at a meeting of the two organizations at Mt. Olive Baptist Church here after the two spokesmen, had been denied use of the school gymnasium for the meeting.

"This lack of cooperation between the principal and the PTA has existed for some time," a spokesman for the organization said.

Dumas said Tuesday night that three men called on him at a hospital where he was visiting his ill wife Monday night and asked if he had received a registered letter asking for use of the school building for the meeting. Dumas said he told them he had not, and when the men demanded keys

to the building he refused.

He said he received the registered letter Tuesday, and that the postmark showed it was mailed that day.

The school principal said he didn't know of any "lack of cooperation with the PTA and had never heard" of the Citizens Committee.

Mrs. James Carson is president of the P-T-A.

## Fulton's New Electric Plant Board Gets To Work; Names Officers, Joins Fight For Cheap Power

Fulton's new electric Plant Board, scarcely a week old, has gotten down to business without delay, meeting formally or informally four times during the past eight days.

Its first meeting, for organizational purposes, was held Wednesday evening, March 25. Clyde Williams, Jr. was elected President and Paul Westpheling, Jr. elected secretary-treasurer. Other members include Rodney Miller, W. M. Adams and Ward Johnson.

The following day the group was driven to Kentucky Dam Village, where they had been invited to attend a special meeting of communities interested in obtaining TVA power.

Last Monday evening the group met in a meeting adjourned from the previous Wednesday to discuss and chart its course.

On Tuesday evening Mayor Tripp and the five Board members

tucky. A 2 1/2-hour discussion of plans and objectives of interest to the communities followed a dinner.

Besides Fulton, other communities represented included, Princeton, Marion, Glasgow, Paducah and Hickman, all in varying stages of efforts to acquire their own electric systems. In addition, Murray, which has had its own power system since 1943, and representatives of all electric power cooperatives in the state attended the meeting.

Ed Paxton Jr., managing director of WPSD-TV in Paducah, was named temporary chairman of the new organization.

Members of the steering committee named at the session included Clyde Williams Jr., Fulton;

E. L. Williams, Princeton; R. E. Rodgers, Marion; Dr. W. H. Bryant, Glasgow; Harold Everett, Hickman; Major Holmes Ellis, Murray; and Jim R. Smith, secretary of the Kentucky REA Cooperative Corporation.

Selection of a Paducah member of the committee was postponed. The group heard an explanation of the proposed TVA self-financing bill, which contains an amendment freezing TVA power to the area served by the agency on July 1, 1957, and heard a grim threat to further expansion of the Calvert City Chemical Center if the "freeze" is finally approved by Congress.

## Membership Of WSCS Has Climbed Says Report At Opening Session

Membership in Woman's Society of Christian Service of the Memphis Methodist Conference has climbed to 19,090 it was reported here Tuesday at First Methodist Church at the opening session of the organization's annual meeting.

Mrs. George C. McGee, Jackson, secretary of promotion, said that 1,163 new members have been received during the period from June 1, 1958 to February 1, 1959. The figures include members of the Wesleyan Service Guild, an organization for employed women.

Eleven new societies were organized during the period, bringing the total to 392 now in West Tennessee and eight Western Kentucky Counties. Mrs. McGee reported, however, that 97 churches in the conference have no woman's organization.

She said the Brownsville Methodist District has become the first to have an active Woman's Society in each of its churches.

Mrs. C. B. Johnston, Memphis, president of the organization, called.

## Town Not Given To Prying Till Spinster Took A Bath

The following article was taken from Sunday's Commercial Appeal.

By Lydel Sims

On such a Sunday as this, in the little Weakley County town of Latham, Tenn., a spinster got stuck in her bathtub.

I got the details yesterday from D. L. Priestley of Martin, a neighbor by town. Mr. Priestley, who was not present at the time but got a story on good authority, prudently withheld all names. After all, it happened only 43 years ago.

The lady lived alone, he told me, and was of the build known as fleshy. On the fateful Sunday in question, she prepared to take her usual before-church bath.

At that time Latham lacked running water. One bathed in a washtub in the kitchen. So our lady locked the front door, put the water on the stove to heat, and went for the tub.

The tub she usually used was not available, so she took one a size smaller, poured in the water, put soap and towels handy, and got in. All went well until she

## Harry Lee Again Assures State Line Road Work

Harry Lee Waterfield AGAIN promised that East State Line Road would be widened and improved. In speaking informally to a gathering at a local restaurant Monday night he said: "I have promised these projects", and obviously was making reference to the promise he made in 1955 while campaigning here that he would improve East State Line road.

Although Mr. Waterfield repeated his 1955 promise on that the road would be widened and improved it is not included in the 1165 miles of highway contracts awarded thus far this year in 92 counties. Of the \$13,515,920 in contracts awarded for road improvements this year only a few have been in West Kentucky. (See editorial.)

Mr. Waterfield arrived in Fulton late Monday afternoon, with a group of campaign workers and Graves and Hickman County supporters. Center of the street parking was necessary for the Waterfield entourage since most Lake Street parking places were taken as a result of a large Combs-Wyatt meeting that was being held in a Lake Street office.

Mr. Waterfield made a handshaking tour of downtown business offices prior to the reception and on Tuesday morning. It was the first time Mr. Waterfield had made such a cordial visit since he

camped here for lieutenant Governor in 1955 with his running mate for Governor, Happy Chandler.

During his visit Mr. Waterfield also promised again the extension of the Dukedom highway and the Obion Watershed project.

Residents along the East State Line Road said that during Waterfield's Campaign in 1955 the candidate promised that widening and improving the road was to be a top project of the Chandler Administration as soon as it took office.

Waterfield launched a week-long swing through Western Kentucky with the speech at the reception here. He is resuming his full-scale campaign after a mild attack of flu. He arrived late here, his arrival being delayed by a meeting in Frankfort.

On Thursday Waterfield is scheduled to make several speeches in Graves County.

## Mrs. Travis To Speak To Club

Mrs. Charles Travis of Hickman will be the guest speaker at the regular open meeting of the Fulton Woman's Club Friday afternoon at 3 at the club home, according to Mrs. Hendon Wright, president.

Mrs. Jesse McNeill of Hickman will give a piano selection.

The hospitality committee will be host. Mrs. Elizabeth Joyner is chairman of the committee.

All members are urged to attend the meeting.

EDMOND AND HIS POPCORN STAND on upper Lake Street have been familiar figures to passerby for years. Every day of the week, rain or shine, Edmond Khourie wheels out his popcorn stand and keeps plenty of hot buttered popcorn on hand for passerby. Each Thursday, Friday and Saturday, Edmond also sells THE NEWS at his stand, and currently is the leading news-stand outlet for the downtown area.

## Campaign Posters Indicate That Waterfield Has Little Influence Over Chandler's Hatchet-men

Harry Lee Waterfield is not too happy about the fact that Kentuckians by the thousands have charged the Chandler Administration of which he is part and parcel, with broken promises. Yet, it is ironical that Harry Lee permits his own broken promises to be plastered all over the highways and the by-ways of Kentucky.

Within the next few weeks, as you travel not only on the highways, but on city streets, you will be shocked to see that Harry Lee is guilty of a broken promise even to the group of very lovely ladies in Kentucky. And while breaking a promise, he's also guilty of violating at least three Kentucky laws.

Early in the campaign the Garden Clubs of Kentucky, Inc. wrote to the major candidates for Governor asking them if they would refrain from posting campaign placards on telephone posts, trees and other appurtenances along the highways of Kentucky. The ladies pointed out, and justifiably so, that the placards mar the scenic beauty of the highways, and what is more, remain eyesores to the scenery long after the campaign is over.

Bert Combs and Wilson Wyatt promised the ladies that they would not post the signs along the highways, if all the candidates would join in the agreement. Harry Lee Waterfield wrote the ladies, and correspondence in the files of the Garden Clubs will prove it, that he would turn the matter over to his campaign headquarters, but that he (Harry Lee) would

be inclined to go along with the wishes of the ladies.

It is obvious that promises mean nothing to the people who surround Mr. Waterfield in his campaign, even if it means making a liar out of their candidate and breaking the laws at the same time. Kentucky Statutes KRS 433.430, KRS 433.750 and KRS 433.760 specifically state that it is unlawful to damage, injure or deface property. But what does that matter to the Chandler crowd?

You will not see any highway posters for any other gubernatorial candidates on telephone posts or trees or other highway markers, except those of Harry Lee Waterfield.

In this connection we can understand what Joe Leary said recently when apologizing for Mr. Waterfield's record. Said the Waterfield Newsletter:

"We think few adults in Kentucky believe that Harry Lee could have prevented anything Governor Chandler desired to do during this administration. . . . KNOWING THAT THE LIEUTENANT-GOVERNOR HAS NO POWER UNDER THE LAW TO DO ANYTHING EXCEPT PRESIDE OVER THE SENATE. . . ."

And we might add that if Harry Lee is elected he will have no power to do anything except what Joe Leary, Happy Chandler, Harry Davis and a bunch of other folks tell him.

If this is not the truth, why then did Harry Lee Waterfield, permit his headquarters to break a promise, that he himself, made to the Garden Clubs of Kentucky.

## State To Improve 1105 Miles Of Roads As Big VOTE-GETTER, Yet Not An Inch For Local Folks

Gravel, gravel, everywhere, but not a pebble for his people.

That could be an appropriate song for the people of Fulton County and for western Kentucky to be singing these days.

On March 20 the State Highway Department asked for bids on 300 miles of Kentucky road improvements. NOT AN INCH FOR FULTON COUNTY.

On April 3, another bid call was made for 415 miles of road improvements in Kentucky. NOT AN INCH FOR FULTON COUNTY.

On April 17 another bid call will be made for 390 miles of Kentucky highways improvements. NOT AN INCH FOR FULTON COUNTY.

While a hand full of local supporters beat the drums about the so-called advantage of electing a West Kentucky governor, Harry Lee Waterfield's "bosses" are laughing up their

sleeves because they know that it is more politically advantageous to "pay-off" more concentrated voting areas.

Just look at this release from the State Highway department and the counties that are benefiting from the campaign debts Happy, Chandler has to repay.

The 60 counties involved in the April 17 bid call are: Adair, Anderson, Barren, Bath, Bell, Boone, Boyd, Boyle, Bracken, Breckinridge, Bullitt, Caldwell, Calloway, Carlisle, Carter, Clark, Clay, Clinton, Daviess, Fayette, Garrard, Grayson, Greenup, Hancock, Hardin, Hart, Harrison, Henry, Hopkins, Jackson, Johnson, Laurel, Lawrence, Lee, Letcher, Logan, Lyon, McCreary, McLean, Madison, Marshall, Mason, Menifee, Metcalfe, Morgan, Nelson, Ohio, Perry, Pike, Powell, Robertson, Rowan, Russell, Simpson, Todd, Trigg, Union, Warren, Wayne and Webster.

Judged by state officials as one of the most outstanding events of its kind in Tennessee was the Blue Ribbon Parade and Pageant held at Union City Wednesday. A large group of children from South Fulton school participated.

## WASHINGTON REPORT

by your Congressman, Frank Stubblefield

### TOBACCO HEARINGS

The Jennings Bill, H. R. 5058, to stabilize and protect the price support level for tobacco was wholeheartedly supported by representatives testifying on behalf of all the tobacco grower organizations and farm organizations from the major tobacco producing states.

In addition to the members of our Tobacco Subcommittee, a number of Members of Congress from Kentucky and other tobacco growing states attended the hearing.

Leaders supporting the bill from Kentucky included Holmes Ellis, Western Dark Fired Tobacco Growers Association; R. A. Ham-mack, Eastern Dark Fired Tobacco Growers Association; Clarence Maloney, Stemming Tobacco Growers Association; John Berry, Burley Tobacco Growers Association; and Burl St. Clair, president of the Kentucky Farm Bureau.

A spokesman for the national office of the National Farm Bureau Federation opposed the Jennings Bill and offered a substitute proposal to "freeze" supports for 1959 only. I am confident the Tobacco Subcommittee and the full Agriculture Committee will favor the Jennings Bill over the substitute proposal. This legislation should reach the House Floor for a vote sometime in April.

### TVA SELF-FINANCING BILL

The TVA Self-Financing Bill is expected to be reported by the Rules Committee and come to a vote sometime during the latter half of April. As previously reported, this bill designed to put TVA on its own feet financially, has determined opposition. This opposition was able to force the House Public Works Committee to add a rigid territorial freeze provision to the bill. H. R. 3460, as reported, made an exception for Paducah and Princeton because they were in the process of negotiating for TVA power.

I am going to try to amend the bill on the Floor of the House so as to make it possible for all the towns in the TVA area to obtain TVA power if they so desire. It is not my purpose to advocate that any town or county seek TVA power, but I do feel very strongly that the Federal Government should not prohibit the people in the area from using TVA power if they desire to do so.

### HEARD MAYFIELD NATIVE PREACH

On March 18 we attended the National City Christian Church to hear the Reverend Jack Barron, a native of Mayfield, Kentucky, conduct the evening service. His most interesting and timely subject related to his experiences while in mission work in Africa.

We enjoyed seeing many old friends from the Mayfield area who are now living in Washington at the service including Charlie Rogers, Mrs. Gertrude Pickering, Mrs. Frances Harris Farmer, and Mrs. Laura Barron Hynds. Laua found it difficult to conceal her pride in her brother following his inspirational message. Jack is presently minister of the First Christian Church in Independence, Kansas.

### REPORT ON TOBACCO EXPORT TRADE

A report on "International Trade in Tobacco and its Effect on United States Leaf Production" was issued last week by the House Agriculture Committee. This report was made by a special subcommittee appointed to study this subject consisting of Congressman John C. Watts of Kentucky, chairman, Congressman Ross Bass of Tennessee, and Congressman Pat Jennings of Virginia. I am sure this excellent study will be of interest to everyone connected with the tobacco industry, and I have a number of copies available for distribution. If you would like to get this report, please let me know, and I will be glad to send you a copy.

### IF IN SOIL BANK, OBSERVE PERMITTED ACRES

Is your farm under a Conservation Reserve contract in the Soil Bank this year? If so, be sure to comply with any acreage allotments on the farm and also to observe your permitted acreage of Soil Bank base crops.

That's the reminder this week from the Fulton Agricultural Stabilization and Conservation office to all participants in the 1959 Soil Bank Program. Generally speaking, the permitted acreage on a Soil Bank farm is the amount of land on which grains, oilseeds, and row crops may be produced. It consists of the historical acreage of such crops less the amount of land placed in the Conservation Reserve. A farmer who exceeds this permitted acreage or any acreage allotment on the farm

## Boys Tried In City, Juvenile Court Last Week

A Fulton boy was tried in juvenile court at Hickman Thursday morning before County Judge John Bondurant on a charge of disorderly conduct. He pleaded guilty and was probated to his parents, after being given a six months sentence.

Tommy Elam, another boy involved in the blockades, was tried in City Court Thursday morning. It was first thought that Elam would go before juvenile Judge Bondurant, however after discovering he was 18 he was tried in City Court.

Ralph Eudy, was scheduled to appear in court last Wednesday along with James Warren and Dickie Thomas. Eudy, who was home on furlough from the armed forces, failed to appear Wednesday afternoon or Thursday morning.

Chief of Police Rex Ruddle said that a warrant had been issued for his arrest. It is believed that Eudy has returned to his base camp.

According to City Attorney James Warren he cannot be returned from the service to face the charge, because it is classified as a misdemeanor. However the warrant for his arrest will stay in effect to be acted upon his return here.

Two other boys were tried, on the same charges in Fulton City Court here, last Wednesday afternoon before City Judge H. H. Perce.

Appearing in City Court were James Warren and Dickie Thomas, also of Fulton.

Another boy, Ralph Eudy, will appear in City Court at a later date to face the disorderly conduct charge.

Both Thomas and Warren entered a plea of guilty to the charge after it had been explained to them. Judge Perce fined both boys \$10.00 and cost and

may lose his annual rental payment and also be subject to a civil penalty.

The ASC office points out that when all eligible cropland on a farm is in the Soil Bank, the permitted acreage is zero. The home garden area on such a farm may be used to produce crops for home use, for setting out forest trees or for non-agricultural purposes; but production of a Soil Bank base crop on such acreage is a contract violation.

gave them a six months jail sentence. He suspended the jail sentence, under the conditions of good behavior and a curfew of 10 p. m. for the next six months.

The boys used the rolls of wire at A. C. Butts Grocery, some railroad ties, and the evergreens at the Ben Franklin Store to form two blockades across the streets.

One blockade was across East State Line at Butts Grocery and Swift and Company and the rolls of wire from in front of the grocery were used, along with some railroad ties. At 1 Wednesday morning Aaron Butts, co-owner of the grocery was called to the scene by the Fulton City policemen. In removing the blockade, E. W. Bethel, a member of the police force, dropped a cross-tie on his foot and was painfully injured.

The other blockade was on Lake Street in front of the Ben Franklin Store, and the evergreens from in front of the store were used.

## Year's Shop Projects Reviewed

Mr. William C. Robertson's industrious shop and mechanical drawing classes are showing their skill with their tools as well as their pencils.

Just to name more than a few would take a lot of writing, so only a few boys and their projects will be spotlighted.

Charles Sisson, a shop student for four years, is making a pair of beautiful walnut twin beds. Roy Morrow, a junior, is constructing a full size cedar chest. Another junior, Jerry House, is making a coffee table of wild cherry. Johnny Jones, a senior, is building a chest of drawers which is coming along fine. It is a beautiful thing made of walnut.

The boys in Mechanical Drawing have finished their projects—booklets of all their drawings. The covers of those booklets are graded on neatness and originality. Their main projects now are house plans. Don't be surprised if you hear the seniors talking of floor plans, foundations, etc. The boys are looking forward to field trips with their instructor, Mr. Robertson to houses which are under construction in the vicinity. After the field trip is over, it will be discussed in class and the good

and bad points of the house will be pointed out.

It looks like another great year for the boys in shop because the outstanding senior in Industrial Arts is going to be selected this year, and in future years. The requirements are rigid and demand an all A and B standing in shop and C in their other scholastic studies.

## Woman's Club To Give Scholarship

The time is here again for Seniors everywhere to start giving serious thought to the matter of college. Naturally, when you think of college, you begin to think of the expense.

The Junior Woman's Club of Fulton also realizes the growing expense of a college education and is willing to help a senior girl in this problem. The Club gives \$100.00 annually to a deserving senior girl of Fulton or South Fulton High Schools. All the girl has to do is compose a brief paragraph explaining why she feels she needs the money. The paragraphs are then judged and the prize awarded.

This scholarship may be used in any college the girl might choose and will help pay her expenses in any subject she might take.

Last year the award went to a South Fulton girl. The Woman's Club is considering discontinuing the scholarship unless the girls show more interest this year. Last year there was practically no interest in it among the senior girls.

So don't disappoint a fine club which is trying to help us. It would be nice if every senior girl took active interest in keeping this fine offer open.

## Class Rings Arrive

On March 25, Mr. Charles Andrews, owner of Andrews Jewelry Store, informed Mr. Martin that the Juniors' class rings had come in. Of course, all the Juniors were glad to hear that. It takes several months for these rings to arrive from the company. Most of the Juniors ordered them with blue stones, but one girl ordered a white one. They are mounted in gold settings and have on them a bulldog and a shield with an "F" on it, and "Fulton" printed under it. Beside the stone is the graduation year, 1960, in black print.

## Merit Scholarship Exam To Be Given April 28

On April 28, the National Merit Scholarship examination will be given to any junior who wishes to take it. These tests are given all over the United States each spring to select outstanding students who, together with the colleges they choose, will share in \$3.5 million in Merit Scholarship funds offered by over eighty different organizations and individuals. Previous experience indicates that the finalists in this contest will be offered some \$2.5 million worth of freshman-year scholarship assistance from over 1,500 colleges, universities, and other scholarship-granting agencies to which lists of the Certificate of Merit winners have been sent.

Over 478,000 students were tested in the 1958-59 competition. Ten thousand of these became finalists, and about 700 of these will be named Merit Scholars about May 1, 1959. Personal qualities of the contestants will be considered in the last judging.

Charlie Huddleston and Kenneth Turner took the examination last spring and are now in the national finals, having taken the second-stage test at Metropolis, Illinois, in mid-winter. They are the first students from Fulton High to have received this high honor.

School authorities have stated that it is pointless for anyone not in the upper ten percent of their class to enter this competition. However, they strongly urge those in this upper bracket to avail themselves of the opportunity.

## WATCH OUT FOR SPRING!

March winds and April showers

May help make the May Flowers,

But oft before the flowers bloom,

Sometimes there is quite a boom!

In coughs, colds and red noses,

Before we clip the red roses,

Should this plague settle on you,

We can tell you what to do:

Take a dose of EZ-O-DYNE,

Ease the pain and clear the shine

Off your nose, the weeping too

And make the snuffles just a few

Then, sip that good KRE-O-TAR

Before the cough goes too far.

Now if your chest gets too tight

And bronchitis you have to fight,

Get a bottle of BRONKEROL RUB,

Just after you get out of tub,

And before you go to bed

Rub your chest until it's red.

KRE-O-TAR for COUGHS

EZ-O-DYNE for FEVER and PAIN

BROKEROL RUB for CHEST and

## STOP LIVING IN THE WORLD OF HALF-SOUND

If you are partially deaf, I pledge that within 15 minutes I can show you the door to a new world of amazing clear, distinct sounds—a world free from the annoying, almost maddening background noises usually associated with ordinary hearing aids. And you will enter this world of full, clear sound without awkward, unsightly bands in the hair, wires in your clothes, or blobs in or behind your ears. Your key to this new world is the Otation Listener, employing a modern scientific principle known as "Target Hearing"—which many scientists call an "electronics miracle." Through "Target Hearing", you will be able to hear wanted sounds clearly and clearly, without the distracting clatter and clamor of "background noises" which usually plague those wearing ordinary hearing aids. And your secret will be safe with an Otation Listener. There are no "gadgets" or "gimmicks" to produce awareness of a hearing aid. A tiny, almost invisible tube leads to the ear.

If you feel you are losing your hearing, you owe it to yourself to come in for a free audiometric measurement and a demonstration of the Otation Listener—worn and acclaimed by such world-renowned personalities as Mrs. Eleanor Roosevelt. You will not be charged for your visit and will be under no obligation. The only thing you will give is time—a few minutes. Give me the opportunity to help you out of your lonely world of half sound.

since 1949 and is now shipping manager for the Siegel's Fulton plant which manufactures the nationally famous H. I. S. Sportswear. He is married, has two children, and has been a resident of the twin cities for the past three years. Thompson received the key man award for outstanding work and participation in civic work and club projects in 1958.

The new officers have already met and have an extensive planned program outlined for the coming year. The new program includes projects designed to promote community development; safety; health; leadership training; youth activities; charity and recreation.

The Jaycees is the nations fastest growing young mans organization and has received wide acclaim as our country's "young men of action". Anyone interested in joining this active group is invited to contact any member of the club for application. All young men age 21 to 35 are eligible regardless of business or occupational status.

Mr. Thompson and other officers have expressed hope that all the citizens of Fulton and South Fulton will endorse and support the Jaycees during the coming year and help in their efforts to make our community a better place in which to live.

The next regular meeting of the Jaycees will be held Thursday night, April 16th. All members are urged to attend.

### TOWN NOT—

(Continued from Page One)

prepared to leave.

"To her horror," Mr. Priestley told me, "she found that she was sturk fast. She squirmed, pulled, twisted, and rocked. But the more she struggled, the tighter the fit."

As she sat rocking and moaning a neighbor lady who had planned to go to church with her knocked on the front door. Apprised of the situation, she hastened around to the back door, entered, and confidently prepared to pull her friend out of the tub. She tried and tried, but in vain, so she rounded up every other

neighbor lady in close range. They gathered, gawked, gasped, and grabbed, but again their efforts were fruitless.

One woman more daring than the others suggested that the men be called in to help. After the shrieks of the prisoner had died down, it was agreed this could be done with propriety. A sheet was

drapped over tub and contents, and the ladies went for the men.

A few men arrived, surveyed the situation, reached gingerly for bits of sheet, and pulled. Still the lady remained stuck fast.

At this point the assembled delegations—numbering a sizable portion of the town's population—agreed to seek medical aid. The

town doctor was consulted.

"Drive a nail in the bottom of the tub," he advised.

It was a desperate move, but by now they were desperate people. The tub was turned over sideways, and a spot was chosen which everyone devoutly hoped

was strategic.

The nail was driven, there was a loud hiss of inrushing air, and (Mr. Priestley assured me) the lady slid out onto the wet floor.

It was a great triumph, he concluded, except for one thing. It was too late for church.

## Know You're Appreciated—Be A Librarian

As you know, our library is on the top floor of Fulton High School, and, of course, the most important job in the library is that of librarian.

The librarians are a very essential part of the library. They check books in and out, assist students with their problems in trying to find certain books, mend books, fix posters for the bulletin board, and keep shelves in order and the books in their places. Mrs. Rice is in charge of the library, but has only two vacant periods to work in the library. The rest of her time is filled with classes or study hall. Being in charge of the library is a very hard and

tiresome job, and therefore we want to thank the librarians and Mrs. Rice for the job they have done for us.

The librarians and their periods are:

First Period—Judy Burton, Linda Sandling, and Carol McNelly.

Second Period—Janice Page and Elaine Butler.

Third Period—Elaine Beggs and Sandra Williams.

Fourth Period—Joyce Owens.

Fifth Period—Karen Dublin.

Sixth Period—Sidney Calliham.

Another very important member of the library staff is Katie Brown. Katie mends books, dusts shelves, and prepares the bulletin board during first and third periods.

Brenda Jones also deserves credit as one of the girls on the library staff. She helped out second and fourth periods in the library during first semester.

## Quill And Scroll Nominees Chosen

Fulton High School's chapter of the Quill and Scroll has nominated seven seniors and juniors for membership.

1. They must be of at least junior or senior classification.

2. They must be in the upper third of their class in general scholastic standing, either for the year of their election, or for the cumulative total of all of their high school work.

3. They must have done superior work in some phase of journalism or school publications work, such as writing, editing, business management, or production.

4. They must be recommended by the supervisor or by the committee governing publications.

5. They must be approved by the Executive Secretary of the Society.

The nominees are as follows: Joanne Covington, Freddy Harper, Philip Jeffress and Kenneth Turner, seniors, and Jean Burnette, Martha Herring, and Roland Carter, juniors.

## Band Scheduled For Very Active Spring

The Fulton High School band is working hard these days preparing for parades. They are planning on participating in the Strawberry Festival and in the Fulton Centennial Celebration. It is ready to play a good Sousa band march or beat out a Dixie tune.

This year's annual band concert is scheduled for May 15. This concert will offer talent of an exceedingly large scope.

Recently a band parents' club was organized.

The twirling squad is in excellent condition and is preparing to enter the festival at Murray. The members of the squad design their own costumes and arrange their own dances and formations.

The annual Regional Music Festival will be held at Murray on April 2, 3, and 4. On April 4 the Fulton City band will participate. Music students entering the festival are the following:

Senior Piano Division, Nancy Bushart, Carol McNelly, Judy Moore, James Reed and Ophelia Speight; Junior Piano Division,

Bob Anderson and Mary Grant DeMyer; soprano solo, Kay French; baton twirling solo, Brenda Brown; Fulton City baton twirling ensemble; flute, Elaine Butler; clarinet, Bill Wade; trumpet, John Cunningham and Jimmy Clark; trombone, Norman Harwood; tuba, Edward Butler.

### FINED ON 2 COUNTS

A fine of \$150 on each of two charges of exceeding the daily bag limit on ducks was assessed March 23 in Federal court in Jackson against H. L. Bushart, Fulton liquor store operator.

The fines came as a result of two hunting excursions on Reelfoot Lake for the Fulton businessman.

## Cheerleader Selection Changed

A recent announcement from the principal's office states that a new plan will be followed next year in regard to the cheerleaders. Instead of five members on the cheering squad, there will be six, all of whom will be boys.

This change is in line with methods being used in many of the larger schools over the country. After a lengthy discussion, the athletic committee voted unanimously to have male cheerleaders as a last-ditch effort to cut down confusion on the part of the football and basketball players. It was pointed out on responsible authority that frequently things other than the next play have been discussed in the huddles. The whirling skirts are held to be responsible.

So far, principal candidates for the cheering positions are: Merrill Davis, Philip Andrews, Butch Buckingham, and Kenneth Leggett. In a canvass of the student body made by this reporter, most of those questioned thought any of these applicants would make charming cheerleaders.

Uniforms for the new group are under discussion. Some think bloomers should be worn, while others lean to Bermuda skirts.

If the legs are not shapely enough for public display, longer bloomers will be advised.

April fool!

## 2 Sentenced For Robbery

Two daring bandits who held up the Bank of Troy shortly after noon on Jan. 12 were sentenced to serve 20 years each in a federal penitentiary in Jackson Federal court March 23. About \$3,000 of the stolen money has not been recovered.

Milford Lee Stagner, 33, of Detroit sobbed bitterly even before sentence was pronounced. Clarence Sullins, 27, dropped his head at the sentence but otherwise showed few signs of emotion.

Judge Marion S. Boyd imposed the sentences after they entered pleas of guilty to the charges.

## Cosmetics Taboo! Holland Declares Following Study

Mr. W. L. Holland has announced that a new school rule has been made—girls are to wear no cosmetics to school!

Have you ever noticed the peculiar places where girls' cosmetics appear? Lipstick is found on pages of books, on walls, on mirrors, and all sorts of other unusual places. The remains of powder are found sprinkled on desks, floors, and any place they happen to land.

In the midst of a class discussion, have you ever been overwhelmed by an exotic fragrance? It's probably some female trying to snare another poor male.

Because of these distractions, the new school ruling has been

made. So all girls must get used to the idea that beginning next Monday they are to come to school looking "natural".

## Ouida Jewell

My good friend, Jack Stewart, former radio announcer and advertising man at WFUL, was in Fulton one day last week en route to Chicago, where he has accepted a position with an advertising firm there. We were so glad to talk with Jack and he said that he would be back in town on a visit soon as he got settled in the Windy City. Since leaving Fulton, Jack has worked for a Memphis radio station and his latest position was with a radio station farther south.

Five generations of one family gathered in Fulton for the Easter holidays. The first generation was Mr. and Mrs. L. M. Roberson of South Fulton; the second generation, Mrs. Jewell McClain of South Fulton; the third, Mrs. Rollie Miller of River Rouge, Mich., and Mr. and Mrs. R. G. Carver of South Fulton; the fourth, Mrs. Bill Sabourin, Linda Kay Miller and Larry Max Miller, all of River Rouge, Ray Carver, Jr. and Dana Nell Carver, both of Fulton; and the fifth generation, Debra Ann and Pamela Kay Sabourin, both of River Rouge.

The group gathered in the home of Mr. and Mrs. Roberson and Mrs. McClain Sunday for Easter dinner. The Detroit guests will be here through this week.

Ken Turner, when he takes over The Livewire program out at WFUL when Jo's out of town, is quite the card! The other morning he was chatting about being old and his 20th wedding anniversary last Wednesday. As a result he received a number of comical cards and letters. Included was a letter from a Clinton listener, who enclosed a very clever poem. The letter and poem follow:

Dear Mr. Turner:  
I listen to your Live Wire ever morning and enjoy it very much, especially the Fulton and Hickman news as I used to live in Fulton County.

Heard you say your long time anniversary would be this week and you were also too old to join the J. C.'s. Thought the next page might have been written for you.  
A Radio Listener

MY GET UP AND GO  
HAS GOT UP AND WENT

How do I know my youth is all spent?  
Well my get up and go has got up and went.  
But in spite of it all I'm able to grin  
When I recall where my get up has been.

Old age is golden so I've heard it said  
But sometimes I wonder when I get into bed  
With my ears in a drawer and my teeth in a cup  
My eyes on the table until I get up.

Ere sleep dims my eyes I say to myself  
Is there any thing else I should put on the shelf?  
And I'm happy to say as I close the door  
My friends are in the same shape, perhaps even more.

When I was young my slippers were red  
I could kick up my heels right over my head.  
When I grew older my slippers were blue  
But still I could dance the whole night through.

Now I am old my slippers are black  
I go to the store and puff my way back.  
The way I know my youth is all spent  
My get up and go has got up and went.

But I really don't mind, when I think with a grin  
Of all the grand places my get up has been.  
Since I have retired from life's competition  
I busy myself with complete repetition.

I get up each morning, dust off my wits,  
Pick up the paper and read the "obits."  
If my name is missing I know I'm not dead  
So, I eat a good breakfast and go back to bed.

I was so glad to see and chat with Russell Travis, Jr., of Washington, D. C., Thursday morning. The last time I saw Russell we were in Washington back in 1950. I was sitting in a restaurant on F Street. I glanced around and there sitting at a table next to me was Russell, whom I had not seen since Fulton High School days.

Russell, his mother, Mrs. Elsiebeth Travis, and his younger brother, John Mac, were here a few days last week for the funeral of their grandmother, Mrs.

Ella Travis.

Thursday afternoon, Russell's mother dropped by The News office to see us, but I had gone out to the radio station. Mrs. Travis has been living in Washington for quite some time, having moved away from Fulton 18 years ago. She stopped by to say hello and to tell us how much she enjoys The News. (Sorry I missed seeing you, Mrs. Travis, and thanks for the compliments on our paper. We are glad that you enjoy it so much.)

At an executive board meeting of the newly organized Fulton Business and Professional Woman's Club last Wednesday night, plans were made for the club's Charter Night banquet, which will be held in the Terrace Room of the Park Terrace Monday night, April 20, at 7:30. Mrs. Kellie Lowe is president of the club.

Approximately 75 are expected to attend. Besides local charter members, the B&PW's state president will be here, along with several members from the Mayfield club. There will be a guest speaker, and all heads of the various local civic organizations will be honored guests.

Our deadline for charter members has been extended until April 20. If there are any local business and professional women who would like to become charter members, they should pay their dues (\$3.25) to me, the treasurer, before April 20.

Additional charter members whose names have been added since the list was published include—Mrs. Robert Batts, Mrs. Leonard Allen, Mrs. Harry Hicks, Mrs. E. E. Huffman, Mrs. Harry Allison, Mrs. Bill Scott, Mrs. Orian Winstead, Mrs. Leonard Hagan, Mrs. Hulon Allen, Miss Gertrude Murphy, Miss Marjorie Holder, Miss Dorothy Newton and Miss Dorothy Boyd.

Please forgive us if your news release didn't get published last week. We tried to get everything in, but just couldn't stretch the pages large enough. I do believe we had enough stories to put out a second edition. If you have a story you would like to get in the paper on Wednesday, it would help a great deal if it was released to us at least by Tuesday afternoon. It's so hard to explain why stories don't get in—especially if we have asked for them. But, we do WANT all of your stories and we do TRY each week to get them all in.

A group of South Fulton seniors really kept busy Saturday washing cars at the South Fulton City

Annual Arrival

The 1958-59 GR-R-ROWL, one of the biggest and best annuals ever published at Fulton High School, arrived Friday morning to bring the proverbial yell of "Hold the presses!" from the KENNEL's editor. The books arrived just minutes before time to begin printing a feature article

Easter prayers at the Ralph Stover residence in Lansing, Mich., were held for five-year-old Juaise who entered Ford hospital in Detroit Sunday for a delicate heart operation.

The tissues inside her heart have been in need for repair since birth. Little Juaise is good natured about the operation and the lengthy period of recovery which follows.

She has little realization that the operation would have been unheard of just a few years ago, but has been told that afterwards she will be able to play like other children.

Mrs. Stover says her curly brown-haired daughter, who has the biggest brown eyes in town, tires rapidly because of defective heart tissues.

Already doctors have conducted a preliminary operation to plot their final course of action. This time they will use some of the most modern tricks of medicine, using an artificial heart during the intricate surgery.

Joining her parents in praying for the little miss, was her three-year-old sister, Yolanda. The Stovers live at 5006 Buffalo Road in Lansing.

Juaise is the granddaughter of Mr. and Mrs. Calvin Stover and Mr. and Mrs. Smilie Crider of West State Line, Fulton. The little girl undergo surgery on either Wednesday or Thursday of this week.

on the supposedly far-distant arrival of the annuals.

The GR-R-ROWL has cost \$1.100; it contains eighty pages with a special section on the 1958 Junior-Senior Prom. As you now know, the covers of these fine annuals are blue with white letters and a white bulldog's head.

Delivery was not expected until April 27, so the Co-editors, Susan Bushart and Joanne Covington, were flabbergasted and enthusiastic people.

The business manager and his assistants did a tremendous job this year, selling 150 annuals and \$600 worth of advertising.

There was quite a lot of work put in on the annual by all concerned, and as you can see, it has paid rich dividends. THE KENNEL extends its heartiest congratulations to the annual staff for a job well done.

## A Jukebox Addict

An addict of today's "cool" jive stands beside his favorite jukebox, his long ill-kept hair flopping over his forehead. As the red hot pop record gives out its initial moans, he saunters across the floor in his usual slouchy gait with his pants so low on his hips that there is danger at every step of his parting company with them. Slumping on a stool at the lunch counter, he begins to munch on a candy bar.

This is only one of the many thousands who spend their late afternoons and most of their evenings in joints listening to the current platters. Since they are so enthralled by the "crazy" music, if it may be called music, they completely lose all consciousness of the value of money. Nickel after nickel, which could be put to much better use, slides through the slot of the little noise box.

This type of person, who is classified in today's slang as a "cool cat", looks at the more serious things in life as "for the birds". Frequently, as a result of his wasted time, he reports to his classes the following day without so much as one book having been opened. No matter how much time the teacher may take reproving him, his indifference continues. His contemptuous atti-

## Roger Pigue Of Fulton Named To 1959 All-Purchase Team

State champion North Marshall supplied two players and the "Coach-of-the-Year" for The Sun-Democrat's 1959 All-Purchase basketball team announced Sunday.

Pat Doyle, who tied with Joe Gold of Benton for the top spot in the balloting, and Dolph Larimer were the members of the North Marshall team voted to the annual dream team picked by players

and coaches at the 39 schools in the first five districts of Western Kentucky.

Charley Lampley was a big choice for "coach-of-the-year" honors.

Doyle and Gold finished with 230 votes each to lead the balloting.

Kenny Dalton of Fancy Farm was a close third with 221 votes. Other players who made the first team and the number of votes: Roger Pigue, Fulton City, 166; Don Ringstaff, Livingston Central, 127; Joe Mathis, South Marshall, 120; John Mutchler, Tilghman, 105; Larimer, 104; Rich Page, Sedalia, 100; and Dennis Jackson, Murray Douglass, 95.

All ten of the first team members are seniors. Dalton is the only varsity repeater from the 1958 All-Purchase team.

Three Southeastern Conference schools—Ole Miss, Alabama and Vanderbilt—are among the schools making a strong bid for this 6-1 Fulton City shotmaker.

Pigue was one of the most accurate shooters in the area this season. He bombed in 598 points in 22 for a 27.2 average.

He set the season individual high mark with a 51 point effort

## 1831—FIRST RAILROAD IN THE WEST

The first rail for this pioneer road was laid at Lexington on October 21, 1831. The railroad ran from Lexington to Frankfort. It was not finally completed until December 1835. It was the second railroad to be laid down in the United States. The first locomotive in the world was built by Thomas Barlow in 1826-27 at Lexington.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of this light, bright beverage of moderation under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

## Centennial Is Calling All The Women

By Christine Batts

By public demand, we are in it, ladies—the Ken-Tenn-O-Rama that is!

The men are growing glorious facial adornment, and the women are complaining. Oh, the women are not complaining about the beards! We like 'em! The women are complaining because they are missing all the fun, and they want to join in, too.

Tuesday night, March 24, we called together representatives from the women's organizations in Fulton, South Fulton, and the surrounding area. Mayor Nelson Tripp of the City of Fulton was present to welcome the ladies and sign the Proclamation above, so, ladies, we are not a part of the Ken-Tenn-O-Rama.

Col. Charlie Burrow, the biggest brush in the Centennial celebration, was also present to express his pleasure that the ladies are organizing.

The following committee chairwomen were introduced: Centennial Belles, Mrs. Morgan Omar; Bonnets and Dresses, Mrs. Clyde Fields; Style Show, Mrs. Gene Williamson; Promenade and Cara-

Baptist Church the past Sunday at 11 a. m. The evening service was held at 8 p. m. The Spring revival begins April 12 and the pastor, the Rev. Mr. Hickman, will be assisted by the Rev. Robert Campbell, as visiting evangelist. Everyone is most cordially invited by the pastor and church to attend.

mittee, was given by Frank Ellis, administrative assistant to Rep. Frank Stubblefield.

Ellis said that if the bill passes in its present form "new customers will be virtually impossible anywhere in the TVA area." He said the bill presents a problem any way it is considered. If it is not passed, TVA will have no funds to operate, and if it is passed, the area it serves will be restricted.

He emphasized that private power interests are against the bill in any form, but have tacked on the "freeze" provision for protection in case it does pass.

Ellis had this advice for the towns seeking cheaper power rates: "Do not couch your fight in terms of TVA power. Aim for the purchase of power from anyone who will supply it on a cheaper basis. Why should you let Kentucky Utilities Co. say you can only buy electric power from them? We have a right to buy from whom we please."

Cecil Wilson, Glasgow, told of the long fight his town has experienced in trying to purchase the KU system there. The attempt was started in 1937 and is just now at the point of being voted on by citizens of the town. He declared that the amount of electricity in Glasgow which costs \$25 can be had in nearby Bowling Green for \$9. Bowling Green owns its own power system and is supplied by TVA.

George Hart, Murray, painted a rosy picture of municipal ownership. He said power rates in Murray were cut 32 per cent when the city acquired the system and started using TVA power in 1943. He said that a 25 per cent rate cut was made in 1945, and that a 10 per cent surcharge was lifted on commercial and industrial rates in 1946. A further 10 per cent cut was made in 1951, he said.

He said the cheap power rate was a major factor in landing the Tappan range factory in Murray.

Other speakers included Mayor Nelson Tripp, Fulton; Dr. Bryant, Rodgers, Mayor King Davis of Hickman, and Charley Stewart, representing the Warren County REA.

Besides the campaign for cheaper electric power, the group agreed to work for repeal of the Everett Act, passed at the last session of the Kentucky legislature. The law stifles municipal power ownership by prohibiting construction of parallel facilities.
