## WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, APRIL 12, 1917

VOLUME XXVI, NO. 19

## INNES SENDS WIRE WILL YOU HELP SAVE UNION TABERNACLE? MADE HIS LAST RUN

CONFIRMING CONTRACTS FOR MUSIC FESTIVAL.

Dates Will Be May 28, 29 and 30.—  
Large Local Chorus Will Be Organized.

Hopkinsville's First Annual May Music Festival will take place at the tabernacle on the 28th, 29th and 30th of next month.

The celebrated Frederick Innes band of New York city will be the principal feature of the festival. As everybody knows, Innes, Sousa and Creators are the foremost bandmasters in America.

The appearance of Innes' band here is made possible by his engagement at the Jamestown exposition. Manager McPherson has kept the mails and wires hot for weeks trying to arrange the dates. His efforts were rewarded yesterday afternoon by a telegram from Innes himself confirming the contracts.

This will be the greatest musical event in the history of Western Kentucky and will attract large crowds from all over this part of the state.

Innes is accompanied by a number of noted vocalists, and "Parsifal" and other great masterpieces will be interpreted by them, with the aid of local choruses.

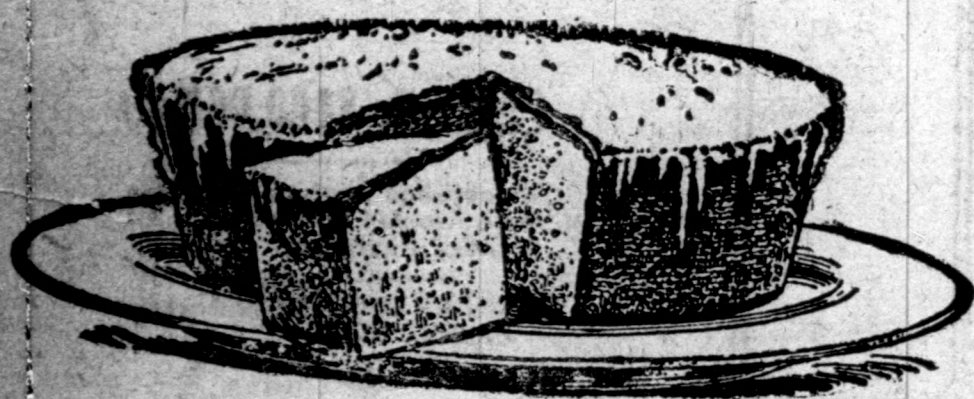

The tabernacle management has engaged Prof. Mayo, of Bowling Green, to conduct the rehearsals, and it is desired that the singers of the city shall lend their voices. The ministers and choir leaders are earnestly requested to make out lists of the singers they know and leave them with Manager McPherson at the Bank of Hopkinsville so that he may get into immediate communication with them.

## NEGRO RUNS AMUCK

And Policeman Broderick Has a Lively Tussle.

Policeman Broderick has a lively set-to with Luke White, a big negro, Saturday night near the L. & N. depot. White was bullying around that section flourishing a big pocket knife and finally made as if he would cut another negro when the policeman grabbed him. White then grappled with the officer, who finally broke away and knocked his antagonist down twice with his billy before the negro could be brought to scene. When presented in police court plead guilty to the charge registered against him and a fine of \$25 was assessed which he is working out on the streets.

BUILDING WHICH MEANS SO MUCH TO HOPKINSVILLE IS IN DANGER OF BEING SOLD FOR DEBT.

Meeting Of the Board Of Directors and Ministers Of the City Is Held And Steps are Taken To Make A Canvass to Secure Funds to Pay Off the Mortgage.

Save the tabernacle!

That is an appeal which should stir the hearts of all good citizens.

Union Tabernacle, the great building which has been the scene of so many mighty religious revivals, of important gatherings of a secular character and of delightful and elevating entertainments galore is in danger of passing out of the control of the churches and of being converted into business property of some sort.

To see the grand old temple of worship and home of wholesome pleasure turned into a livery stable or a tobacco factory would bring a blush of shame to every face.

And that is what is likely to happen to the building if prompt and effective steps are not taken to pay off the debt of about \$2,500.

The mortgagee wants the money and is unwilling to submit to any further dillying or procrastination. Secretary McPherson of the tabernacle board is in receipt of a letter stating positively that unless the indebtedness is discharged immediately, the mortgage will be foreclosed without further notice. April 15, less than a week off, is the date set for the suit to be filed.

A meeting of the tabernacle board and ministers of the city was held Monday afternoon in the directors' room of the Bank of Hopkinsville. Prof. H. Clay Smith, of South Kentucky college, presided, and among those present were R. H. DeTraville, H. C. Smith, Ross A. Rogers, Frank Monroe, F. E. Renshaw, H. L. McPherson, W. T. Fowler, W. T. Cooper, Dr. John W. Lewis, Rev. George C. Abbit, Rev. A. P. Lyon.

It was the unanimous sentiment of the meeting that every effort should be made to lift the burden of debt which has been carried so long by the association and have the tabernacle continue its existence under the supervision of the churches.

## BRADSHAW-REYNOLDS.

Miss Kate Sherwood Bradshaw, the lovely and attractive daughter of Mr. and Mrs. Edgar Bradshaw, and Mr. Edwin Reynolds, a popular and prosperous young South Christian farmer, were joined in wedlock Tuesday afternoon at four o'clock at Salem Baptist church, the Rev. Mr. Baker officiating. The church was beautifully decorated with spring

As Dr. Lyon stated, the institution has done a glorious work in uniting in brotherly love and Christian harmony the various churches of Hopkinsville. He knew of no city in which this spirit was so beautifully manifested. The tabernacle made it possible to secure the greatest of evangelists for special and union revival meetings, and these had accomplished untold good. W. T. Cooper said that he would subscribe \$100 toward the fund. He believed the institution was a powerful factor in the moral welfare of the city. The meetings at the tabernacle attracted many people who could never be gotten into a church and these people enjoyed and were benefited by the services. Mr. Abbit endorsed what had been said and spoke of the improvement and pleasure that the people of Hopkinsville derived through the high-class courses of entertainments. He spoke of the noted and able lecturers whose messages had inspired many and of the charming musical and literary performances that were given each season. Others mentioned the imperative need of a building of this kind for big public and political gatherings and of its benefit to the business houses in attracting people here from all over the region on these occasions. That it has been one of the most effective advertisements of Hopkinsville's enterprise and progressiveness is not to be doubted.

Mr. Bull stated that he had two conditional subscriptions of \$100 each, which he was authorized to offer to the board from gentlemen interested in saving the tabernacle. The directors decided to try to fill the conditions.

On motion of Judge Fowler, a citizen's committee of ten prominent business men was appointed to aid the tabernacle board in securing subscriptions. These gentlemen were carefully selected by the meeting and will be requested to confer with the board at once and formulate plans for a thorough canvass of the city.

flowers. The wedding march was played by Miss Lula Mosely, and Miss Fuchs, of Memphis, sang "Call Me Thine Own."

The bridal pair stood under a handsome floral arch. Mrs. John Morris Barker was matron of honor and Mr. John Morris Barker was best man. The bride wore white silk voile, with point lace trimmings, and a point lace hat. After the ceremony, the happy couple were entertained at an elegant supper at the home of the bride's parents, after which they drove to their future home, the bridegroom's farm.

The New Era's Beauty Contest will close next Monday April 15th and the pictures forwarded immediately to the Courier Journal whose contest closes on April 26. Send the pictures of all the pretty women you know to the New Era at once.

CAPT. COLMESNEIL, I. C. CONDUCTOR IS DEAD.

Suffered Stroke of Paralysis Ten Days Ago and Passed Away in Henderson Hospital.

(From Tuesday's Daily)

Capt. W. T. Colmesneil, of Evansville, the veteran I. C. conductor who had a host of friends in this city, died yesterday afternoon of dropsy and heart trouble at Letcher's hospital in Henderson. He was taken to the hospital three weeks ago.

Ten days ago he suffered a stroke of paralysis and gradually grew worse until death relieved him.

Capt. Colmesneil was born at Parquet Springs, near Louisville, January 28, 1849, and resided there until the breaking out of civil war when though but a mere lad, he joined the Confederate army to fight for his chosen cause. After the war he became connected with the railroad as conductor and has served in that capacity on various railroads ever since.

Capt. Colmesneil was married in Henderson to Miss Fannie Taylor twenty years ago, and resided here for a few years. He then moved to Evansville and had resided there about twenty years. He had served as conductor on the Illinois Central for seventeen years, which position he had held until unable to attend to his duties.

His wife and two sons, Thomas, aged eighteen years and Charles, aged fourteen years, survive him.

# PRINT PROCEEDINGS

IN THE TOBACCO TAX HEARING  
AT WASHINGTON.

Volume of Much Interest to Growers  
Who Seek Relief.—Evidence  
Against Trust.

WASHINGTON, April 6.—The print of the hearings before the senate finance committee on the Gaines-Yerkes bill to repeal the tax of six cents a pound on the sale of leaf tobacco has just been issued. The hearings begun January 24 and closed February 21, 1907. The report contains 163 pages of surpassing interest to growers of tobacco and the trade generally.

In the volume are the arguments of Representatives Stanley, Trimble and Gaines and Messrs. F. G. Ewing, Joel B. and C. H. Fort, John Landstreet and others, and letters E. M. Flack, of Hopkinsville, Ky., and H. M. Clark, of Clarksville, Tenn., to Mr. Gaines, and the latter's explanation of the present law and the bill then pending. Also in the volume is the appeal of Mr. Gaines to the tobacco growers of Kentucky, Virginia and Tennessee to aid him in obtaining evidence upon which to prosecute the tobacco trust.

It will be recalled that Mr. Gaines, in May, 1904, wrote Attorney General Knox appealing him to institute proceedings against the trust, filing with him valuable evidence, since used by the department of justice showing unlawful practices. Then the attorney general replied by inviting Mr. Gaines and others to file all the proof which could be obtained, saying he would then decide whether a case could be made out.

Former Assistant Attorney General McKeynolds, of Tennessee, is now representing the government in an investigation of the trust with a view to instituting a suit against it.

# NEW STEEL BRIDGES

ARE ORDERED BUILT BY THE  
FISCAL COURT

Tax Assessment Fixed at the Present  
Rate.—An Appropriation For  
The Pauper Fund.

(From Friday's Daily)  
The fiscal court completed their business yesterday afternoon and adjourned. They will meet again on April 16 for the purpose of further discussing the road and bridge proposition.

The sum of \$700 was appropriated and ordered to be turned over to J. G. Ford, poor commissioner, for the benefit of the pauper fund. The money appropriated by the last fiscal court for this fund had been entirely exhausted and the account showed an overcheck.

Three steel bridges were ordered to be built and committees were appointed in each case to secure bids for the work. One of these will be a 40 foot span over Little River on the Concord road near the Greenville bridge. Justice Morris, and Parker and Road Supervisor Murphy were appointed to secure bids. Another bridge ordered is to be a 70 foot span over a creek on the Indian Mound road near LaFayette, Magistrate Dixon and Road Supervisor Murphy being appointed as the committee to arrange the preliminaries. The third bridge is to be a 35 foot span over McFarland's creek near Lobelia, Magistrate Estes and Road Supervisor Murphy having charge of the matter.

An order was made providing that the roads and passways of the county should be maintained only by taxation.

The tax assessment was fixed at 50c on the \$100, this being divided as follows: 25c for roads and bridges and in addition to this each person subject to work the roads shall not be required to do this but shall pay a tax of \$1 instead; 5c to pay the semi-annual interest on the \$70,000 worth of outstanding Illinois Central railroad bonds; 7c to pay the interest on the \$75,000 worth of turnpike bonds; 13c for general fund. The poll tax was fixed at \$1.50 on each male citizen over twenty one years of age.

(From Friday's Daily)

Mrs. L. A. Quisenberry, of Fairview, was burned to death at her home about 7 o'clock last night. It is supposed that she started across the room with a lamp and had a fainting spell, to which she was subject, and dropped the lamp which exploded and set fire to her clothes. She was wrapped in flames when assistance reached her and death resulted in a few minutes. Mrs. Quisenberry was a member of one of the oldest and best families of Fairview. Three children, Edward Quisenberry, with whom she made her home, Hal Quisenberry, of Dakota, and Mrs. W. H. Barksdale survive her.

Mothers Close Friends and Children  
Die of Same Disease.—The In-  
terment in Hopkinsville.

Mrs. Essie Ricketts and Mrs. Edward Marshall, life-long friends and neighbors, will share each other's sorrow, when they will bury their infant children in the same casket with services by the same minister. The children were separated in ages by fourteen months, but both were small. They died of the same disease, in the same room, but few hours apart.

Mrs. Ricketts is a widow and resides with Mrs. Edward Marshall at 1025 South Third street. For years they had been neighbors in Hopkinsville. Mrs. Ricketts came to Paducah with Mr. and Mrs. Marshall, Mr. Marshall securing employment as a brakeman for the N. C. & St. L. Mrs. Ricketts's 16 month-old daughter became ill of pneumonia several days ago and last night at 7 o'clock expired. Mrs. Marshall's two-months-old son became ill of the same disease a day later and expired between 2 and 4 o'clock this morning. The bodies were prepared for burial and placed in the same casket by Undertaker Guy Nance. This afternoon the bodies were taken to Hopkinsville and the funeral will take place tomorrow.—Paducah Sun.

# THOUSANDS OF SEED

DISTRIBUTED IN KENTUCKY  
DURING THIS SPRING.

Shares That Go to Senators and Rep-  
resentatives.—Government Buys  
Seed in Open Market.

The department of Agriculture announces that 780,000 packets of garden and flower seeds have been distributed in Kentucky this spring. The annual distribution is now practically over and the bluegrass state has obtained a liberal share of the 38,000,000 packets that have been sent out to all parts of the country.

Each senator and representative from Kentucky received for distribution 12,000 packages of five packets each—a total of 780,000 packets. In addition, some of the Kentucky members begged part of the quotas of certain city members, whose constituents have no flower and vegetable gardens, and as a result the total amount sent out in Kentucky almost reaches 800,000 packets.

Contrary to a very general belief the department of agriculture does not raise the seeds that it sends out. More than 90 per cent. of the seeds are bought in the open market and the remaining 10 per cent. are raised by seed dealers under a form of contract with the government. The seeds are rigidly inspected and if the bulk is not up to the standard of the sample the contract is made void, and the seed dealer who tries to palm off inferior goods on Uncle Sam finds himself tabooed from any further contracts. Before the seeds are sent out they are subjected to thorough tests to determine their vitality and their truthness to type.

The machinery used in preparing the packages for mailing is a triumph of Yankee ingenuity. One machine will weigh the seeds, put them in packets, put five packets in a package, seal the package and dump it in a bin. The capacity of each machine is 40,000 packages a day, and there are seventy machines in operation when the mailing season is on. Even the slip containing the address and the congressman's frank, is pasted on the package by machinery.

# DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lameness, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

# SCROFULA A FAMILY BLOOD TAIN

Scrofula is not a disease that is acquired, under ordinary circumstances. It is a deep-seated family blood taint, handed down from generation to generation, blighting the lives and sapping the vital forces of innocent persons who have inherited this legacy of disease. Parents who are blood relations or who have a consumptive tendency, or blood disease of any character, are sure to transmit it to their offspring, and it usually takes the form of Scrofula. Swollen glands, brittle bones, weak eyes, sores and eruptions on the body, Catarrh, and often deformities with hip disease, are the principal ways in which the trouble is manifested. In some cases the blood is so filled with scrofulous germs and poisons that from birth the sufferer is an object of pity because of suffering and a total lack of health, while in other instances favorable surroundings and prudent living hold the disease in check until later in life. A deep-seated blood disease like Scrofula can only be reached by the very best constitutional treatment. A remedy is required that can renovate the entire blood supply and drive out the scrofulous and tuberculous deposits. S. S. S. is the greatest of all blood purifiers; it goes to the very bottom of all blood disorders and removes every taint and poison from the circulation, makes rich, healthy blood and cures Scrofula permanently. S. S. S. supplies the weak, diseased blood with the rich, health-sustaining properties it is in need of, and vitality. Scrofula yields to S. S. S. because it is a natural blood purifier. Write for book on the blood and any medical advice desired. No charge for either.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. For sale by R. C. ## CREATORE AND HIS BAND.

(From Saturday's Daily)

The tabernacle was the Creatore last night. Outside the elements raged, but a thousand braved the weather and went through rain and wind to spend an enraptured evening in a storm of sweet sound and a hall of harmony.

Long live Creatore!  
He's a wonder and his band, whose fame is as wide as the country, is a great organization. There is everything to praise about its playing. Perfectly balanced and completely in rapport with the director, the tones brought forth in different selections were always beautiful and at times glorious.

The program, as arranged by the maestro for the city was as follows:  
1. March "The Leader" (new).  
2. Overture—"William Tell" (new).  
3. Cornet Solo—"Allegro" (new).  
4. Sextette from "Lucia" (Donizetti).  
5. Solos by Signori Perno, Russo, Molinari, Nenei, Belgio, and Errieo.

### INTERMISSION.

6. Prelude to "Lohengrin" (Wagner).  
7. Soprano Solo—"Waltz Song" (Parla) (Arditi).  
8. Grand Selection—"Carmen" (Bizet).  
(a) Prelude. (b) Habanera. (c) Toreador Song. (d) Gypsy Song. (e) Entracte. (f) March and Chorus. (g) Finale.

Solos by Signori Perno, Molinari, Belgio, and Onofry.  
Creatore in his personality even exceeded expectations. With his luxuriant locks, which seemed at times fairly to stand on end like "quills on the fretful porpoise," together with his frenzy of physical movements, it might be forgiven to remark that he conducted the splendid concert with all his might and mane. He twisted and contorted, stood on his tiptoes like a danseuse, bumbled as Lewis Carroll's slimy toad, and expressed in his face and body the very spirit of the selections of the masterpieces his band interpreted. There was never a moment of repose. He glared ferociously at the brass, scared the snare drummer into fits, smiled coolly on the

reed instruments, yelped at the wood, and with faultless precision the musicians responded. Creatore was generous with his encores, and particularly pleasing were the more familiar strains of the lighter numbers. La Paloma, for instance, was heard with delight. "I Dreamt that I Dwelt in Marble Halls," started an encore in its prelude, and the first notes of "Dixie" filled the air with cheers. Sometime an astute bandmaster is going to tour the country and play nothing but music the "great common people" know; and after a couple of seasons he can retire with an independent fortune.

Signor Perno's cornet solos charmed everybody, and the sextette from Lucia was exquisite and masterful. No features of the concert were more enjoyed than the solos of Mme. Barilli. The applause that greeted her was a tribute to the surpassing fascination of the human voice to the average audience. She sang "The Mocking Bird" as an encore, and so insistent was the demand for more of her liquid notes that she repeated a verse of that old favorite. Her voice is unusually sweet and highly cultivated.

The concluding selection was a number of arranged selections from Bizet's "Carmen," and was a fitting finale. This brought out the full power of the band and it is tremendous, and yet never blatant, but genuinely soul shaking—a sort of abandon of musical passion, leaving the audience in a veritable ecstasy. Not a soul stirred in his seat until several moments after the last note of the magnificent number had died away. And that was rather remarkably when you come to think of the little way Hopkinsville audiences have of grabbing their hats and wraps and hiking homeward before the usual entertainment ends. The Creatore engagement was a great success and attracted, besides the Hopkinsville musical lovers, large parties of people from other towns in this region. Manager McPherson deserves the heartiest thanks of all the citizens for his efforts in bringing the very best of attractions to the tabernacle. Certainly everyone who knows of the immense amount of work such undertaking requires is grateful and appreciative.

NOW is the time for you to open a savings account in Commercial & Savings Bank, which can be done either by mail or in person. We emphasize NOW because interest is paid on July 1st and Jan. 1st of each year, and all deposits made on or before the 7th of the month bear interest from the first of that month, so any deposits made from now to and including the 7th of April will on July 1st draw 3 month interest and if you should have no use for either interest or principal and allow it to remain, on Jan. 1st you would receive interest on the entire amount, in other words interest is compounded on July 1st and Jan. 1st of each year as long as the money remains.

## UNUSUAL STRENGTH

SHOWN IN THE DEMAND FOR TRASH LUGS.

Unfavorable Weather Cut Down Loose Floor Offerings.—Further Sales by The Planters Association.

The demand for trash lugs, the leavings of a crop which in former seasons were swept up and sold for any price obtainable, was unusually strong on the tobacco market last week for even a season in which this class of tobacco had showed remarkable strength. On the loose floors as well as in hogheads the low grades brought fancy prices. The offerings generally were of the medium grades, no fine leaf or lugs being put up.

The offerings on the loose floor were lighter than usual owing to the unfavorable weather conditions, it being so dry that farmers could not bring their crop to market. Buyers were out in force though at every sale and prices ruled as follows:

Trash \$4.75 to \$5.50.  
Common lugs \$5.00 to \$5.75.  
Medium lugs \$5.50 to \$6.00.  
Good lugs \$6.00 to \$7.00.  
Low leaf \$7.00 to \$7.75.  
Medium leaf \$7.75 to \$9.00.

The first sale of hoghead tobacco at public auction held this season was that of last week, and the return to the old and still popular form of selling was the event of the week. Only a few hogheads were thus offered and all of these were low class lugs which brought the satisfactory price of \$5 to \$6. So pleasing was this sale that other similar sales are probable in the future. Receipts of hoghead tobacco on the general market were heavy.

The local salesman for the Planters Protective association reports several sales for the week at satisfactory prices but figures as to these prices and amount and class of tobacco figuring in them were not made public.

Some apprehension is felt that the supply of tobacco plants will prove far short of the demand for setting out this year's crop. Scores of plant beds have been sown with salt or grass seed by night riders in several of the counties in the dark tobacco district. The recent cold snap, when the thermometer fell below freezing, caught numbers of plant beds unprotected by canvass and in nearly every such instance the plants were killed by the cold.

## CRAP GAME KILLING

"PETE" TAYLOR IS SHOT BY NED BROWDER.

In a crap game on the farm of J. R. Caudle, near Julien, Saturday night, Ned Browder shot and instantly killed Pete, alias William Taylor. Eye witnesses to the shooting say that the killing was unjustifiable as no difficulty beyond the passage of a few words had come up, when Browder pulled his pistol and shot Taylor.

As soon as the shooting took place, Browder took flight and has seemingly made good his escape, probably going into Tennessee.

### JOHN W. PAYNE DEAD

HAD BEEN CRITICALLY ILL SEVERAL WEEKS.

Funeral Saturday and Interment in Riverside Cemetery.—A Former Citizen Passes Away.

(From Friday's Daily)

John W. Payne, after an illness of several weeks, died at half past twelve o'clock this afternoon of a complication following an attack of grip. For several days his life had been hanging as by a thread, and he passed away despite skillful medical service and the tenderness of nursing. The deceased was held in affection by a wide circle of relatives and friends and the constant attention that was shown him in his last illness attested their interest and love. Mr. Payne was in the fifty-first year of his age and he was a son of the late Newton Payne, a prominent Christian county citizen. He was educated in the Cumberland University of Lebanon, Tenn., from which institution he was graduated with high honors in 1877. He was admitted the same year to practice in the courts of Kentucky, being first associated with Judge James Breathitt. From October 1880 to January 1, 1884, he was business manager and city editor of the Kentucky New Era, a position he filled most ably. In December 1888 he was elected city attorney. At the expiration of his term of office, he continued the practice of law in Hopkinsville.

Mr. Payne was a Christian and a member of the Baptist church of this city. He leaves a daughter, who resides in Washington, D. C., and the following sisters: Mrs. J. W. Warfield, Mrs. T. W. Long, Mrs. Garth Bell and Miss Felle Payne. Mrs. Frank Waller is a half-sister. Funeral services, conducted by the Rev. H. D. Smith, will be held at the residence of Mr. and Mrs. Frank Waller tomorrow afternoon at 2:30 o'clock and the remains will be interred in Riverside cemetery.

William Twyman, a native of this city, was found dead in bed at his home in Oklahoma. For several days he had been ill but had recovered considerably and had gotten up the day before and gone to an entertainment. The next morning when members of his family went to his room he was found dead in bed. He was about seventy years of age and a widow and several children survive him.

Mr. Twyman was a brother of John Twyman, who was for many years street engineer here. He was born here and lived in this city, where he conducted a grocery, until about twenty years ago.

### A DAY IN THE COUNTRY.

It is a pleasure indeed to drive through the country just at this season. Everywhere the bursting of buds into blossom, the leafing out of the trees, the riotous growth of vegetation of all kinds make the landscape vivid with color, while the gay songs of the birds perched upon many a limb and along the fences and disporting themselves in the highways give a most welcome change to the monotony of town life and effectually drives away the chronic grouse left over from winter.

Wheat and clover give promise of maturing into the finest crop which has been produced in this county for many years. Especially are the farmers joyful over the fine showing which is being made by the clover, for until this year it had been many seasons since a satisfactory stand of clover had been generally noted. Wheat shows no indications of having suffered any serious damage from the cold weather and hopes are high that the yield will be abundant in quantity and extra fine in quality.

On every hand big two and four horse plows are busily engaged in preparing land for corn. In some sections many of the farmers have already planted most of their crop, but it is yet rather early and this is not general. Arrangements are also being made for the cultivation of the fields which are to be planted in tobacco.

The roads continue to be one drawback to pleasant travel on account of the ruts remaining in them, but these are rapidly disappearing and it will only be a short time until they are smooth again. There is not much mud but the terrible weather of the winter which simply made the roads bottomless, left them cut into deep ruts and holes. The warm and windy weather then dried out the moisture leaving the ruts just the same and the earth so hardened that they do not easily fill up from the ordinary passage. In some places even the plows are cut entire-

ly through the metal while more or less ruts are everywhere noticeable.

The beautiful dogwood blossoms are just at the height of their beauty and lend a touch of purest white to the color scheme, these with the red buds and the green foliage making a most beautiful sight.

Streams are rather lower than usual and unusually clear. The water is so clear in most cases that objects at some depth can be plainly discerned.

On many farms the residences and other buildings are being given a new coat of paint, old fences are being repaired where needed while in many instances new ones are being built. Premises and fields are being cleaned and a general air of thrift is apparent everywhere.

Horses and mules and cattle of all kinds are in the best of condition and are doing full justice to the luxuriant grass. Numerous young calves, colts and lambs are to be seen, while scores of grunting little pigs root contently along the roadside and give promise for the meat supply of next winter.

There is a good deal of difference in the opinions of the farmers as to whether or not there will be any fruit this summer. All agree that the crop will be very much curtailed on account of the damage done by the recent cold snap, but some contend that it will not be an entire failure. Some farmers who live in the bottoms claim that they will have a fair amount of peaches and pears while others who live on high ground say their fruit is killed entirely. So there the matter stands and we will have to wait and see who is right.

The recent cold spell is reported to have killed tobacco plants wherever the beds had not been covered with canvass. Where the beds were covered no damage was done.

Those present were: W. T. Fowler, John Stites, Frank Rives, J. C. Duffy, T. C. Underwood, J. W. Downer, Barksdale Hamlett, Dr. T. W. Blakey, Rev. H. D. Smith, Prof. Edmund Harrison, J. T. Hanbery, R. ### BY FIRE MARSHAL

INVESTIGATION INTO BARN BURNING IS MADE

Believes He Has Secured Sufficient Evidence to Warrant Conviction Of Several Parties.

Fire Marshal Mott Ayres has returned to Louisville after a thorough investigation into the burning of tobacco barns by night riders. Mr. Ayres was accompanied by John Grayot, commonwealth's attorney for that district. Both Mr. Ayres and Mr. Grayot believe they have sufficient evidence to warrant the conviction of several persons implicated in the destruction of property of nonmembers of the American Society of Equity. Three men are already under indictment, and some of the important witnesses have been put under heavy bond to prevent them from leaving the state.

Marshal Ayres also investigated the burning of a mine at Sturgis in which several lives were lost. He finds that the fire was accidental and not of incendiary origin as at first suspected. He has a half-dozen other acts of alleged incendiarism to investigate in various parts of the state.—Louisville Times.

SEASON OF 1907

## THE HIGHLAND GAY 2300 and BALM OF GILEAD 2649

Will make the season at my place near Pembroke, Ky., at the following prices to insure a living foal.

**THE HIGHLAND GAY, \$30**  
**BALM OF GILEAD, \$20**

Money due when mare is transferred or parted with, or bred to another horse. A lien retained on colt until fee is paid.

### The Highland Gay 2300

Foaled 1902. Sire Highland Denmark 730, the sire of more high priced saddle horses than any stallion living. The Highland Gay 2300 dam is also the dam of Star McDonald 1712, who won more money than any horse out last year, winning the \$1,000 Merchants' stakes at Richmond, Ky., the championships at St. Louis, Kansas City, Chicago and Louisville, and many others, and the only living horse that has ever defeated the great Bourbon King. 2nd dam Sallie Gibson, by Bald Stockings, son of Copperbottom, F. S. The Highland Gay is 16 hands high, a beautiful mahogany bay. In offering his services to the public we are confident that his produce will demand as high price as any saddle stallion's. He has shown in a marked degree his ability to reproduce himself in style, finish and action. His get won 1st, 2nd and 3rd in the championship colt stake (open to the get of any saddle or harness stallion in America) at the Christian County Horse Show. Also winning \$180 in money, being more than was won by the get of any other one stallion. Five of his weanlings changed hands at an average of \$142.50 fall of 1906.

### Balm of Gilead 2649

Foaled 1902. Sired by Red Eagle 28, the best son of Red Squirrel 53. 1st dam Dear-est, 3699, by Cabel's Raven, 2645, who showed 43 times at State fairs in harness, saddle and combined classes, and won 42 firsts. Cabel's Raven's dam was Bell Slaughter, by Bell, by Cabel's Lexington, and was one of the greatest show mares of the day. Balm's 2nd dam was Daisy Epps, and was admitted by all Tennessee to be the greatest show mare Tennessee ever produced, and was the only mare that ever defeated Lady Graves in a brood mare class. Dr. J. Herr, of Lexington, claimed Lady Graves was as great a show mare under saddle as Lady DeJarnett was in harness. Balm of Gilead is 16 hands high, a beautiful bay with four white feet and stripe in face. He has style, substance and finish to let, and a horse is seldom seen that has as good bone as this one. We believe him to be as sound a horse as lives. It is an undisputed fact that Balm of Gilead is one of the handsomest horses ever raised in Kentucky. Any one who sees his get will care to go no further to breed for a real high class horse.

## FARMERS WARNED

AND TWO OF THEM JOIN ASSO-  
CIATION.

Membership in A. S. of E. Not Suf-  
ficient to Satisfy Band.—Note  
In Mail Box.

Reports from northwestern portion of this county, along the Caldwell county line, show that the band of night riders who called Pooley Reese out into the yard last Sunday night also visited other farmers of that neighborhood and left warning notes on gates of some whom they apparently did not have the nerve to call out of their houses.

Among those visited besides Reese, were W. H. Butler, Henry Woosley and Edgar Reed. Butler and Woosley were notified that they would be allowed three days in which to join the association, and both have done so.

A note was put into L. N. McCargo's rural free mail delivery box telling him that he had now been "riding the association" through the American Society of Equity for two or three years and that this would not do and that he must join the association. The note was written in a scrawling hand with a lead pencil on a rough piece of paper. Other similar notes were left in other boxes.

It is said that the night riders who were about fifteen to twenty in number and all masked, met in a body of timber near the homes of the farmers they visited. It is also reported that they left cards inscribed "Night Riders" stuck up on a number of the trees in the shade of which they had come together.

## ANGEL OF DEATH

Visits Home of Mr. and Mrs. Tom Thomas and Claims Pretty Little Corabelle.

(Communicated.)

Again we are reminded that "in the midst of life, we are in death." The dark-winged death angel visited the home of Mr. and Mrs. Tom Thomas, near Gracey, Ky., March 26, 1907, claimed Corabelle, and bore her spirit to fairer climes. Corabelle was two years and nine months of age, a beautiful child, so bright and sweet, and everything her parents could desire, her childish prattle being the delight of the home.

Diphtheria, followed by meningitis, was the cause of death; she was a great sufferer for one week, when she was relieved of her suffering and passed into the beautiful beyond.

Bertha, Lurline and Eliza Ann, who were ever proud of little Corabelle and who were always watchful and sweet in their protection of her while at play, will miss her sweet face and baby talk, but she is now playing in God's great garden, and there is no suffering there but all is peace and love. Mamma, papa and grandpapa, be of good cheer, our little darling is only waiting there for us; you did your best. The best medical aid, and the kind service of relatives and friends were all to no avail, God had called his own.

A host of friends, not only here, but at many other points, deeply sympathize with the stricken family in their bereavement. Many handsome floral designs attested the high esteem in which Mr. and Mrs. Thomas are held by their scores of friends. The remains were interred in the beautiful family burying ground, near Gracey, on Wednesday afternoon, a large number of sympathetic friends and relatives attending the service, which was conducted by Mr. Walker.

Don't weep for her, so pure and sweet; though we miss her just the same, She's gathering flowers at Jesus' feet Where he will forever reign.

## WHAT'S THE USE OF FRETTING?

What's the use of fretting all the day,

It's because some little thing has gone wrong?

Straighten up your face, my dear, and smile,

And from your heart will swell forth a song,

Let the sunshine chase away the clouds,

After tempest always comes a calm,

Then what's the use of fretting all the while,

Just because some little thing has gone wrong?

Of trouble, we must all have our share

So what's the use of fretting after all?

Let it go and say you do not care,

And brighten up the day with a smile.

FLORA MAYE VAUGHAN.

## EQUITABLE RATING

IS WANTED BY HOPKINSVILLE BUSINESS MEN.

Expert Has Been Sent to This City by The Kentucky Board of Fire Underwriters.

In answer to a continued and insistent demand made by the merchants of Hopkinsville that a more equitable insurance rating be made of this city, the Kentucky Board of Fire Underwriters has sent E. F. Scott, an expert in this line of work, here for the purpose of rating the risks of the city under what is known as Analytical Rating system. It is said that if there is a person in the state who is more thoroughly conversant with the making of rates than anybody else, it is Mr. Scott, and the business men and property owners anticipate much relief from the rating which will go into effect as a result of his visit.

Preparatory to this work a representative of the board of underwriter spent some time in Hopkinsville last fall and made a complete map of the city.

Mr. Scott will probably be here for two weeks or more.

Kills Catarrh Germs.

Stomach dosing cannot kill these germs; a direct local treatment is absolutely necessary, and for this purpose nothing else equals Hyomei.

Breathed through the neat pocket inhaler that comes with every outfit Hyomei reaches the most remote air cells in the nose, throat and lungs, giving immediate relief and effecting a permanent cure in the worst cases of catarrh.

A complete Hyomei outfit cost but \$1.00, and L. L. Elgin gives a guarantee with every outfit that the treatment will cost nothing unless it cures.

## FATE OF HARRY THAW IN JURY'S HANDS AND INDICATIONS ARE THAT THERE WILL BE NO VERDICT SOON.

NEW YORK, April 11.—The fate of Harry Kendall Thaw, charged with the murder of Stanford White, is in the hands of the jury. The indications are that there may be no verdict for some time.

The disagreement of the jury is the most unfavorable outcome that Thaw has anticipated. His family and counsel are much alarmed, lest the jury, under Justice Fitzgerald's charge, may find a verdict of some less crime than murder in the first degree.

This morning when court convened and Justice Fitzgerald ascended the stand, the jury came into open court. Thaw and his counsel were sent for, and it was generally supposed a verdict had been reached. The jury, however, requested six exhibits introduced during the trial, the plan of Madison Square roof garden where the killing occurred, the Longfellow letters, Thaw's will and codicil, the Comstock letters and the hypothetical questions of Jerome and Delmas.

Charged with the responsibility of deciding the fate of Thaw, the jury which, since Jan. 23, had been sitting in judgment on the slayer of Stanford White, retired at 5:17 p. m. yesterday to begin the consideration of their verdict. Six hours later they had failed to reach an agreement, and shortly after 11 p. m. were locked up for the night in the jury room of the criminal courts building.

Harry Thaw sat in the prisoners' pen adjoining the deserted courtroom during the long hours of the jury's deliberations. By his side was his wife and counsel, who remained with him until all hope of a verdict last night was abandoned. During the early evening all of the Thaw family were with the prisoner, but before 10 o'clock they went to their hotel.

Thaw, who was much depressed at the close of District Attorney Jerome's impassioned attack upon him as a "cowardly, brutal murderer—a rich illiterate, who always had had his own way until he fell into the clutches of the law"—revived his spirits as the evening wore on and the chances of an unfavorable verdict seemed more remote. He was reluctant to wend his way back over the dimly lighted "Bridge of Sighs" to his cell in the Tombs—to say good night to his wife.

Mr. Jerome disclaimed all intention of entering into an oratorical contest with Mr. Delmas, but it is seldom that an address more powerful, more logical, has been heard in a courtroom. From cold logic he passed to biting sarcasm, and then invested here and there a touch of pathos.

He held the closest attention of the jurors and spectators, including the Thaw family. His defense of Stanford White, whose spirit, he said seemed to be hovering in the courtroom begging to be heard before it was blackened forever, was uttered with impressiveness and with tears in his eyes.

In concluding his charge to the jury, Justice Fitzgerald said that Thaw might be convicted of murder in the first degree, in the second degree, or of manslaughter in the first degree. If acquitted on the ground of insanity, the jury might state that ground in its verdict. He said that if Thaw knew the nature or quality of his act he committed a crime. The burden of proof of insanity, Justice Fitzgerald placed on the defense. Irresistible impulses, he said, had no place in law.

The defense noted several exceptions to the charge on the ground that the court had declined to include in its instructions several of their suggestions.

## OFFER OF A REWARD

APPLAUDED BY ALL LAW-ABIDING CITIZENS

Gov. Beckham is Determined to Break Up Disorders in the Dark Tobacco District.

The special telegram to the New Era Tuesday announcing that Gov. Beckham had offered a reward for information leading to the arrest and conviction of persons guilty of destroying tobacco beds and barns in the dark district was read with general interest and satisfaction.

The text of the proclamation follows: "Frankfort, Ky., April 9.—Proclamation of reward: Commonwealth of Kentucky, Executive Department.

Whereas, numerous complaints have been made to me of the wanton destruction of property in Western Kentucky, to-wit: Beds of tobacco plants and warehouses wherein tobacco has been stored for keeping and for sale; and, whereas, the banding together of persons for the purpose of destroying such property or to intimidate persons in charge of same, is denounced as a felony by our statutes, and is a menace to the peace and good order of the commonwealth.

"Now know ye that by virtue of the authority vested in me by law I hereby offer a reward of \$500 for the apprehension and conviction of every person who participates in the burning or injury of any barn or warehouse wherein is stored any tobacco or who participates in the destruction of any bed of tobacco plants; such reward to be paid upon allowance of the circuit court having such jurisdiction.

"In testimony whereof I have hereunto set my hand and caused the great seal of the commonwealth to be hereunto affixed. Done at Frankfort this 8th day of April, 1907, and in the 15th year of the common-

wealth.  
(Signed) J. C. W. BECKHAM.  
"By the Governor,  
"H. V. McCHESNEY, Secretary of state.

"By W. F. GRAYOT,  
"Assistant secretary of state."  
The reward offered by the governor is under the so-called "tollgate raiders" law of 1897, and is covered by section 1241 of the Kentucky statutes, which provides that any two or more persons banding together to injure property shall be guilty of a felony, and upon conviction shall be confined in the penitentiary not less than one nor more than five years.

This law making such a conspiracy felony thus gives the governor power to offer the reward of \$500 for information leading to the arrest and conviction of any guilty person.

The law allows the employment of two detectives to aid in the work of securing information, though it provides that not more than \$3,000 per year shall be spent for this purpose.

The proclamation of the governor follows the recent investigations of Fire Marshall Mott Ayres into the

destruction of the tobacco beds in the dark tobacco region of the state and the returning of indictments at Princeton by the grand jury in connection with the burning of the tobacco warehouses.

It is understood that the action of the governor will have the approval of the Dark Tobacco Growers' association and the Society of Equity, and that they will aid in the prosecution of those who are charged with being implicated in the disorders.

## MRS. HOPSON DEAD

Passes Away At Her Daughter's Home at Memphis.

(From Thursday's Daily)

Mrs. Mary Shipp Hopson died last night at the home of her daughter, Mrs. Henry G. O'Neill, in Memphis, Tenn. A complication of diseases caused death, and for a week or she had been extremely ill. The deceased was a daughter of the late Col. Shipp, a prominent pioneer citizen of this country, and the widow of the late Dr. W. H. Hopson. Since the death of her husband she had made her home with her daughter, Mrs. O'Neill, in Memphis. Mrs. Hopson was about sixty-five years of age and was loved by all who knew her well for her many excellent traits of character. She was a Christian and a member of Grace church of this city.

The remains will be brought to this city at 10 o'clock tomorrow morning, and the funeral will take place at 4 o'clock tomorrow afternoon at Grace church. Interment at Riverside cemetery.

## MAN IS MISSING

Chief of Police Roper has received a letter from Stanley Kleindienst of Chicago, asking that a lookout be kept here for his brother.

According to the letter, the brother of the writer, Charley Kleindienst, left home for a visit to Birmingham, Ala., with a stop over here for a visit to a friend. The last heard from him was a postal card mailed from Hopkinsville on March 27. Letters received from Birmingham failed to make any mention of his arrival there and the writer of the letter is very uneasy about his brother as he carried a considerable of money on his person. The missing man is said to be strictly temperate, quite and rather retiring in manner. He is thirty six years of age, is about 5 feet 7 or 8 inches in height and weighs about 160 pounds. He has blue eyes and dark hair.

## ON ITS MERITS

Case Against John W. Kelly Must be Tried

FRANKFORT, Ky., April 10.—

The court of appeals today reversed the Trigg circuit court in the case of the commonwealth vs. John W. Kelly. Kelly was indicted for misappropriating funds in his hands as master commissioner but demurred to the indictment was sustained. The appellate court directs that the case be tried on its merits. The case in the Trigg circuit court was held before Judge Robert Crenshaw as special judge.

## JAMESTOWN CONCERT.

The Jamestown concert at Grace Memorial Parish house, last night, was much enjoyed by all who were present. The program was an interesting one. There were delightful vocal solos by Miss Wendemuth and Mrs. Hamlett, and instrumental selections by Misses Nourse, Elgin, Dietrich and Dr. McDaniel and Messrs. Fallenstein and Hille. Charming recitations were rendered by Misses Williamson, Rickman, Jones and Wendemuth. The program was included by singing "My Old Kentucky Home," Miss Wendemuth leading and the audience joining in the chorus. About \$20 will be added to the fund.

## HOLDING A MEETING

Advisory Committee of Planters Association in Session.

(From Tuesday's Daily)

J. B. Jackson of Logan county, Dr. Dunn, of Robertson county, Tenn., and Polk Prince of Guthrie, composing the advisory committee of the Planters Protective association are here today consulting with the members of the Christian county executive committee in regard to the matters of the association. Their meeting is private.

Local salesman, C. F. Jarrett, of the farmers association, stated this morning that while big sales were not yet being made by him that hardly a day passed that more or less tobacco was not disposed of at prices which showed an advance of about 2c over last year and about 2½ cents over last year's association schedule.

## Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health, every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

The "Golden Medical Discovery" is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

## BREATHITT SAYS NO

WILL NOT BE A CANDIDATE FOR GOVERNOR

Announces Positively He Will Not Allow His Name to Be Put Forward Before the Convention.

Judge Jas. Breathitt, whose name has been extensively used as a probable candidate for the Republican nomination for governor and who has had the matter under serious consideration for some time, has definitely announced that he will not allow his name to go before the convention. Judge Breathitt was strongly urged by a number of the leading Republican politicians of the state to make the race, they pledging him their unqualified support, and a number of papers publicly called upon him to offer himself, but he has positively declined.

Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of medicine of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his medicines. "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood-purifier and heart regulator; also of his "Favorite Prescription" for weak, overworked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has by showing exactly what his well-known medicines are composed of, completely disarmed all harking critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to anyone desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Tandy-Ryan.

The affair was not an elopement, the young people preferring this method to the details of a home wedding.

## UP TO THE PEOPLE

WHETHER SYSTEM OF PIKES SHALL BE EXTENDED.

If Cooperation Of Citizens Living on The Roads Is Secured, The Court Will Act.

Interest in the turnpike movement is spreading rapidly throughout the county. The meeting of the fiscal court to be held on the 15th of this month is solely for the consideration of this question. It is desired by the court, and if sufficient interest is shown by written offers to assist the court in extending the system of free pikes, a plan will undoubtedly be adopted for extending the pikes so as to benefit all sections of the county as much as possible within the powers of the court.

The turnpike bonds out standing amount to \$75,000.00 and those who are familiar with the county finances say that we can issue bonds to the amount of \$100,000.00 in addition without increasing the rate of taxation. In fact the levy of 7c on the \$100 of taxable property as just made by fiscal court will pay all the interest on the proposed issue of \$100,000.00 of bonds in addition to the present bonded debt, and leave a balance in the treasury. But this will not be done unless the people of the county show sufficient interest to supplement the effort of the court, so as to extend the system into all sections of the county. But if sufficient interest is shown there is no reason why the pikes should not be extended when it is within the power of the court to do it without increasing taxes. It would mark a new period in the development of Christian county.

## PENCIL BREAKS RIB

WHEN PROF. SMITH LEANED ON ARM OF CHAIR.

J. M. Startling Falls From a Revolving Trough and Gets Some Painful Injuries.

(From Friday's Daily)

Prof. H. Clay Smith, of South Kentucky College, was the victim several days ago of a peculiar accident and as a result has a broken rib. He was talking with friends in the office of R. E. Cooper & Co., and dropped on the floor a letter which he had been holding in his hand. Reaching over the side of the chair to pick up the envelope, a lead pencil in his vest pocket was pressed by the arm of the chair against Prof. Smith's side with sufficient force to break a rib in his left side. Prof. Smith has not been incapacitated by the accident, and the bone is rapidly knitting.

J. Matt Starling was painfully injured yesterday afternoon at his farm near the city. He was making some repairs in his stable and attempted to climb up on a revolving trough. The trough turned suddenly and Mr. Starling was precipitated violently to the ground. It was first feared that he had been badly hurt, but except for a few bruises and a severe shaking up, he escaped much injury. He came to his home in the city last night.

## REST MADE EASY.

There Will be Less Sleeplessness When Hopkinsville Learns This.

Can't rest at night with a bad back? A lame, a weak or an aching one. Doan's Kidney Pills are for bad backs.

They cure every form of kidney ills.

From common backache to diabetes.

They are endorsed by Hopkinsville people.

James A. Twyman, brick mason 1230 S. Virginia St., Hopkinsville, Ky., says: "Disorders of the kidneys brought in my case so sharp and continued a succession of pains and aches throughout my back that I could not rest comfortably at night and across in the morning lame and sore. I was tired and worn out from morning to night. The kidney secretions were irregular, high colored and scalding and deposited a heavy sediment if allowed to stand? I had no energy left and felt generally run down. I was feeling worse than usual when my attention was attracted to an advertisement of Doan's Kidney Pills, and I got a box at L. A. Johnson's drug store and began using them. In a few days I noticed that the secretions had assumed a natural appearance and the pain and aching had been directly relieved. By the time I had completed the box there was a wonderful change in my condition. I am glad to state that I am practically cured and Doan's Kidney Pills will be my friend for life."

Where Roosters Lay Eggs.

PEMBROKE, Ky., April 8.—Loaded entirely with eggs, a special train will leave Pembroke about April 15 for the Chicago market. The train will consist of fifteen to twenty cars, and will carry 2,920,000 eggs. These eggs have been gathered by a produce company here from the surrounding counties and will bring into circulation several thousands of dollars. The company has been shipping several cars of eggs each week, but this train will carry the banner load from Kentucky, and probably from any other state.

Sells Farm.

George W. Wills has sold his farm six miles from Hopkinsville on the Clarksville pike to W. H. Butler, of Bainbridge. The farm contained 380 acres and the consideration was \$35 an acre.

## LET THERE BE LIGHT

UP TO FRANCHISE REQUIREMENTS, SAYS COUNCIL.

Meeting of The City Fathers Friday Night And Business of Interest Was Transacted.

(From Saturday's Daily)

The city council met last night with the mayor and all members of the board present. J. H. Anderson & Co presented an ordinance asking the privilege to make a twenty-four inch elevation in the paving in front of their property on Main street recently purchased from J. F. Garnett, as they desire to build their new building above the high water line. After some discussion the ordinance was passed.

On account of the illness of one of the members of the firm, the case of Cannon, Henderson and Jones was postponed until the next regular meeting.

The curbing and cluder paving ordinance for south side of East Ninth street from Belmont street to Tucker's grocery was amended and will call for concrete paving. This was done on petition from the property owners.

The Ky. Carbonating Co. and the Ky. Stone Co. were exempted from taxes from five years.

S. N. Ward was granted coffee house license at No. 18 East 7th street. The mayor was instructed to appoint election officers for the school trustee election which will be held the first Monday in May.

The council authorized the employment of an expert electrician to test the present street lights of Hopkinsville and determine whether a not they are up to the franchise requirements.

A Woman Tells How to Relieve Rheumatic Pains

I have been a very great sufferer from the dreadful disease, Rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderful it has worked. —Mrs. Sarah H. Cole, 140 S. New St., Dover Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. Sold by Anderson-Powell Drug Co. (Incorporated) the leading Drug Store 9th and Main St. Hopkinsville Ky.

You will then be in the same position as the man who wins a prize at Monte Carlo or at some race track. What will you say? Will he say, "I am glad to have been a prize winner, but I will now stay away from prayer meeting to go to the dance hall and to the card table. I must be more regular at the prayer meetings, for surely if such a condition exists in this church God knows the church needs my prayers." Will he say, "I will go to the church and the special leaders of the church will put the card table above the prayer meeting, surely I may do the same." What would Paul do if he asked him to go to a progressive church party or to a dance hall? I know. You know. He would answer, "If I meant me

## GREAT EXCITEMENT

PREVAILED BUT ORDER WAS FINALLY RESTORED

For a Short Time, it is Said, it Looked As if There Would Be Trouble.

For a few minutes yesterday afternoon at the corner of Main and Ninth streets, it looked very much like there might be serious trouble. The parties' names are withheld by request.

It seems that a certain gentleman met his friend, and taking from his pocket a newspaper called his attention to a certain article therein. In a few moments the discussion between the gentlemen in question became very animated, and began to attract the attention of the passing crowd, and as usual the "forever present young American" exhibiting his usual curiosity, stopped and gathered around to ascertain exactly what was "doing." This little assemblage attracted the larger crowd, and in a short time the disputants were surrounded by a large crowd, made up of small boys, old men, young men, business men, strangers, dogs, loafers and what-not. The crowd grew and grew, and those on the outer edges were so far removed from the originators of the excitement, that they couldn't even see who the men were. Every one was greatly interested to know what was the matter. Some of the older heads fearing trouble suggested that some one get the police to disperse the increasing mob. Presently the chief and several of his men pressed through the crowd and placed the despoilers of peace, and disturbers of the public quietude under arrest.

The "Accommodation Auto-bus" was ordered from Police Headquarters, and before it had arrived on the spot, the two gentlemen had an opportunity to explain that both were unarmed, that no deadly concealed weapons, gun-cotton, nitro-glycerine, dynamite, bombs or torpedoes were concealed about their persons, and that their razors were doing corn service at home, and that the excitement created was unprovoked on their part, and that really the crowd was disturbing the peace, and that they were only discussing in a friendly manner a little advertisement in the Kentucky New Era.

The Chief was from Missouri, and demanded the paper. It was then that one of the gentlemen produced the paper, and read him about the gold watch buggy sale which commences next Monday at Forbes Manufacturing Co., and in which they offer to give every person during the 10 days opening a handsome gold watch, Egin or Waltham movements with every vehicle sold. This gentleman said that he had inspected their line of buggies, phaetons, carriages, runabouts, etc., and they were of the latest styles, best makes and the prices low as the lowest, notwithstanding that they also gave you the gold watch, and further explained that he was only telling his friend about it, and regretting the fact that he had bought his buggy from some other firm, and had to pay just as much money and didn't get any watch either.

He admitted that he probably seemed excited, but stated that it was caused by his utter disgust of letting such a good thing pass. The crowd hearing the explanation, insisted on the Chief releasing his prisoners, which he kindly did, and it was generally understood from the large crowd that all would meet again at the big opening Monday morning.

To Enjoy a Good Dinner.

There is no need of any self-denying diet list, no call for nasty disagreeable medicine, no list of hard exercises; simply a Mi-o-na stomach tablet before each meal, and one before going to bed, and it will so strengthen the stomach that a good dinner will give you pleasure and comfort without the least fear of distress.

The best proof of the value of our advice is the fact that L. L. Elgin gives a positive guarantee (applying to two 50c boxes of Mi-o-na) that your money will be refunded unless remedy cures. A guarantee like this must give you confidence in Mi-o-na stomach tablets.

Preyor Captured.

Doc Preyor, who shot and wounded William Pingston a few days ago, was captured last night and locked up on the charge of malicious shooting.

## CONTRACT IS LET FOR BUILDING SALUBRIA SPRINGS HOTEL.

The contract was let today to the Forbes Manufacturing company for the erection of the Salubria Springs hotel. The hotel will have frontage of 170 feet and will contain forty rooms with piazzas around the entire building. Work on the hotel is to be begun at once and the structure is to be completed by June 1. Already a number of the rooms have been engaged for June, while others are being reserved nearly every day for the other months. All indications point to full house the entire season.

## CREATORE IS DIVORCED BY HIS WIFE WHO NAMED MME. BARILI AS CO-RESPONDENT

NEW YORK, April 10.—A divorce from her husband, Giuseppe Creatore, the eccentric long-haired bandmaster, was today granted Anna Creatore. The conductor made no defense.

The couple were married in Barlothe, Italy, in 1886, and came to this country six years ago.

Mrs. Creatore testified that soon after that her husband abandoned her and that they had not lived together since.

The co-respondent named in the papers was Joanna Barili, a singer, who appears with Creatore's band in concerts.

Creatore recently filed naturalization papers.

## DEATH OF VETERAN

JAMES B. WHITE IS A VICTIM OF GRIP

Only Eighteen Men Left at 104 Who Joined Maj. John W. Brethitt's Company.

(From Wednesday's Daily)

James B. White, a highly respected farmer, died last night at his home eight miles from the city on the Antioch road.

Mr. White was a veteran of the civil war, having enlisted in the Federal army Oct. 15, 1861, in Maj. John W. Brethitt's company, Co. A., Third Kentucky Cavalry. He fought throughout the conflict between the states and was mustered out at Savannah, Ga., in 1864. There are now only eighteen men living out of the original 101 mustered in at Calhoun, Ky.

Mr. White was seventy years of age and is survived by a large family. He died of the effects of grip. Mr. White was a Christian and a good citizen and his death is deeply regretted by all who knew him.

How To Save Money.

In these times when living expenses have increased from thirty to fifty per cent, it is unusual to hear of a standard remedy being offered at half price.

Yet that is the way L. L. Elgin the popular druggist, is selling Dr. Howard's celebrated specific for the cure of dyspepsia and constipation. In addition to selling a fifty cent bottle, containing a month's treatment of sixty doses, for 25 cents, he gives his personal guarantee with every bottle he sells to refund the money if it does not give satisfaction.

This unusual offer has brought hundreds of customers to his store in the last few weeks, yet out of the many bottles of Dr. Howard's specific he has sold, but one customer has asked to have the money returned. This was done without any questions, although he does not think the remedy could have been given a fair trial.

Crap Shooters Arrested.

Deputy Sheriff Lucien Cravens spent yesterday in the neighborhood of Julien and Newstead and rounded up eight negroes who are charged with having been in the crap game Saturday night over which Ned Browder shot and killed Pete Taylor. All the negroes gave bond as they were arrested for their appearance for trial.

## ABSOLUTELY FREE

HICKS FAMOUS ALMANAC FOR SUBSCRIBERS.

Pay One Year In Advance and The Celebrated Forecasts Will Be Sent to You.

The Kentucky New Era has made arrangements with Rev. Irl R. Hicks, the noted weather forecaster of St. Louis, whereby a copy of his almanac will be given absolutely free with every paid in advance subscription to the weekly issue of this paper.

The fame of Rev. Hicks weather forecasts has gone broadcast over the entire land and while his long range forecasts, as they were called, were scoffed at by scientists for a long time, these same scoffers have now virtually admitted that there is something to it when the announcement was recently made that the government weather bureau would soon begin sending out advance prognostications of the weather.

This almanac contains nearly a hundred pages and every one is filled with interesting matter and illustrations. The forecast for every month in the year is given in this book and the weather for any certain period, as Rev. Hicks predicts it, can be learned at any time. Besides this there is much valuable information as to the positions of the stars and their relations to each other, how to read barometers and thermometers so as to get accurate reports, and other facts which will prove interesting to students of weather conditions.

The almanac is also well filled with accounts of storms and tornadoes, earthquakes, electrical freaks and other disasters which have occurred and which were foretold by Rev. Hicks. All of these are profusely illustrated with actual photographs of the scenes.

This almanac will be given absolutely free to every new subscriber to the Weekly New Era who pays one year in advance. If you are already a subscriber you can secure a copy also by paying your arrears, if any, and one year in advance. This is one of the best offers this paper ever has been able to make and we confidently anticipate a big lot of orders. So send yours in early or the supply may be exhausted as it is getting late in the season.
