## SHAPE OF A GRAVE

ON PLANT BED DESTROYED BY NIGHT RIDERS.

Second Visit to S. P. Moseley's—Negro Members of Association Victims of the Scrapers.

S. P. Moseley, who lives near Roaring Springs in Trigg county, was the victim of night riders last Monday night, this being the second time they have visited him this spring. The last time they made sure work of his plant beds by digging them up.

Several weeks ago Mr. Moseley's plant beds were sown with grass seed, but he burned and sowed new ones. Monday night the marauders not only dug up the newly planted ones, but the old as well, all of them aggregating about 900 square yards.

In the center of the plant beds which was thus treated, the earth was piled up in the shape of a grave and sticks were stuck up at the foot and head. No writing was left. Mr. Moseley is not a member of the association.

The same night the plantbeds belonging to Ben Foster, William Garrett and George Dulin, colored croppers on the farm of A. M. Henry, near Newstead, were destroyed by unknown parties. These plantbeds were in the same woodland as three others which were not touched. All of the sufferers from these depredations were members of the association. Mr. Henry himself is a member of the association, although he does not raise tobacco on his individual account.

## IN WEE SMA' HOURS GENERAL ASSEMBLY

WEDDING IN A CHURCH WAS SOLEMNIZED

Were on Their Way to Memphis To Marry and Got Their Routes Mixed.

(From Thursday's Daily)

The unusual sight of the Universalist church brilliantly lighted at 12:35 o'clock in the morning was witnessed by what few people were about the streets at that early hour.

The occasion was equally as odd as the lighting of the church. It was a wedding. Virgil A. Mills and Miss Nettie Clayton, of Shawneetown, Ill., were the contracting parties. Rev. J. M. Rasnake was the officiating clergyman and Deputy County Clerk W. R. Wicks, Police- men Booth Morris and E. N. Miller and Edgar Renshaw were the witnesses.

Mr. Mills and Miss Clayton left Shawneetown with all arrangements made for the wedding to be solemnized in Memphis. In some way they got their railroad route mixed and last midnight found themselves in Hopkinsville. As it was imperative that the groom-to-be should be back at his home today it was decided that the wedding should be solemnized without further delay.

Leaving the lady in the L. & N. depot, Mr. Mills went to Gray & Gates, livery stable and called up Deputy County Clerk Wicks, who, after the circumstances were explained, agreed to come down and issue the license. After securing this the party, who had been supplemented by the two policemen and Mr. Renshaw, repaired to the residence of Rev. Mr. Rasnake. Here the loud rapping on the door soon aroused him from his slumbers and when the story was told to him he readily agreed to pronounce the ceremony. As soon as he could dress he appeared and in order that the wedding should not lack anything, the church was lighted and the solemn vows were taken inside its walls. After well wishes had been extended to the newly married couple, the party dispersed and again sought slumber.

The groom gave his age as fifty one years and stated that he was a former sheriff of Gallatin county, Illinois, and in good business shape. The bride was thirty eight years old and a handsome lady. The couple left this morning for their home in Shawneetown.

## Oldest Man in County.

William Coburn, the oldest man in the county, is dying at his home near this city. He fell a few days ago at his home and, striking his thigh on a chair, received injuries that will likely result in his death. He is a native of Ireland and was born one hundred and eight years ago.

## HUNDRED CAUGHT.

CHICAGO, Ill., May 2.—Some 100 persons, mostly women, were caught in an upper floor lunch room during a fire on Wabash avenue. There was but one exit, through a window to a fire escape. Those who reached it first were pushed or jumped out, and the rest leaped on the living mass below. About fifty were injured.

### TALKED ABOUT ASSOCIATION AND OTHER MATTERS

INTERESTING MASS MEETING HELD AT THE COURTHOUSE.

### COL. FORT AND THE MAYOR

Had a Lively Tilt, After the Former Had Made General Attack on the Newspapers.

(From Friday's Daily)

A good crowd gathered at the courthouse last night to hear the speeches which were to be made at the meeting of citizens with the executive committee of the Planters' Protective association. President Fort and the other officers of the association, as well as several of the committeemen, left on the 5:18 train for their homes, but the larger part of them remained over.

The meeting was called to order by Chairman Radford, who stated its object, and then called on Mayor Charles M. Meacham for a talk.

Mayor Meacham responded and after stating his reasons for being proud that he was an American, a Kentuckian, a citizen of Christian county, but chief of all that he resided in Hopkinsville, he welcomed the association to the city. He said that by reason of recent articles which had appeared in the Kentuckian he might have been misjudged as to his attitude toward the association, and he wanted to state emphatically that he was, and had always been, heartily in favor of the organization and its purposes, but that he was against all lawlessness which was being perpetrated and that he expected to continue to do all in his power to bring it to a halt. He told the committee that, whether by friend or foe, this lawlessness was being done under the cloak of the association and that therefore they were being hurt by it.

Dr. J. W. Dunn, a member of the advisory committee of the association, was then called before the meeting. He was glad to hear the welcome extended by Mr. Meacham. He told of hearing a policeman remark at the depot yesterday afternoon, "Well, I hope they will come tonight and we will meet them with lead." Dr. Dunn said that this aroused his ire for he thought the policeman referred to the committee as only being the forerunners of the night riders, but when the circumstance was explained that a man had said to the policeman that the night riders would come to Hopkinsville, without any reference to the committee, and that the policeman had made the remark which he had overheard, his anger cooled and he said "Amen brother." From this Dr. Dunn went on to say that the town had a right to protect the property of its citizens and that the executive committee would commend its officers for so doing. He went further and stated positively that if these crimes could be proven against a member of the association that the committee stood ready to expel such a one from the organization, and to do all in their power to help prosecute him and secure his conviction. He said that the association was on such solid ground now that there was no possibility of its falling and that its victory in securing higher prices would continue.

Mr. Miles, of Mayfield, made a short talk in which he stated as proof that the association had accomplished its object, that within a week after the last schedule of prices

had been published for the association that prices on all the tobacco markets handling dark tobacco had increased at least \$1 on all grades.

Capt. J. W. Stone, of Lyon county gave a brief statement of what the association had done for the people of his district. They did not organize until last December but now 75% of the farmers belonged and business men and everybody were heartily in favor of it. Prices had been increased wonderfully and it was not necessary to commit lawlessness for the people saw it in a business light and were joining all the time. He related an instance where two car loads of tobacco had been shipped to this city to the trust warehouses, this tobacco being in a wet condition. He said that this was a great thing for the association, for the owners of this tobacco were docked \$500 on the shipment and that as a result thirty five joined the association. The speaker denounced the outrages which have been committed and stated that every other good citizen should and does deny such acts.

John Bell, Jr., M. C. Forbes and John C. Duffy stated their friendly feeling and the friendly feelings of the city generally for the association, and showed where, if for no other reason, the one of selfishness should make them favor it for anything which benefits the farmer necessarily benefits the merchant and professional man. Mr. Duffy said that he was very glad to hear the expressions of condemnation of the outrages.

Ed Hester assured the committee of the friendly feeling which the labor organizations hold for the farmers and their readiness at all times to help them in any way possible.

Bradley Wilson, of Hopkins county, complimented Mayor Meacham and said that from some articles which he had read from the Kentuckian he may have misjudged him and made some statements about him which were not justified, and he publicly retracted any such expressions. He then went on to show that in District 23 of his county that the labor organizations had ordered that a fine of \$25 be assessed against any member who purchased produce from a hill billy farmer.

Joel Fort was called on for the closing speech of the evening and to cement the friendly relations which had been established during the day. The only ripple which occurred came as the result of his opening remarks. In beginning his speech Mr. Fort severely scored the newspapers and news correspondents of Hopkinsville for failing to state in the accounts of plant bad scrapings, barn burning and other outrages which had been sent to the city papers, that these acts were condemned by the association. He also charged that the newspapers and correspondents were so thoroughly under the domination of the Imperial Tobacco company and other branches of the trust that they were afraid to condemn its practices. He asked Mr. Meacham the direct question, requesting that he answer it before the meeting adjourned, if he knew who was responsible for these reports. He then took up the association and pointed out the far reaching good it had accomplished.

After Mr. Fort had concluded, Mr. Meacham arose and stated that as the speaker had asked him a direct question and requested that he answer it at once, he wished to state that personally he did not represent any outside paper. He then reiterated his position, in the midst of which Mr. Fort arose and interrupted him and asked him if he knew who were the correspondents for the various papers, saying that he appreciated Mr. Meacham's position. Mr. Meacham stated that he did know the various correspondents and Mr. Fort then asked him if he wouldn't notify them to in future to always state in their dispatches that the association was against lawlessness in every form. To this Mr. Meacham intimated that the correspondents would be only too glad to do so if they were given such

authority as a formal resolution by the committee or some other action by which they put themselves on record as being against such practices, but before he could complete his remark Mr. Fort vehemently interrupted him with "My God, man, what more authority do you want? Hasn't the president of this association told you that we were against it; haven't I told you so? What more can be asked?" Just at this point Chairman Radford arose and declared the meeting adjourned.

### ACTUALLY CURES CATARRH.

It is one thing to claim, but another thing to back up the claim by a statement that if not proven true, there will be no charge for the service or the goods. It is in this way that L. L. Elgin sells Hyomel, for has so much faith in its power to cure all forms of catarrh and bronchial troubles that he gives an absolute, unqualified guarantee with every outfit that if the remedy does not cure the money will be refunded. A complete Hyomel outfit costs but \$1.00, making it not only a very pleasant method of treatment, but most economical.

### FILED BY PHILLIPS

IS PETITION IN BANKRUPTCY AT PEMBROKE.

The Pembroke Journal says:

Len R. Phillips, who for several months has conducted the Pembroke Produce company, filed a petition in bankruptcy Monday. This action was brought about by a disposition on the part of one creditor to run attachments.

Mr. Phillips has conducted his business on a very large scale, probably handling more produce than any two firms in this section. Recently he had made unusually heavy shipments, which reached the markets on the heels of a very sharp decline in prices, and consequently he lost very heavily. It is thought however, that he could have stood the losses if his creditors had been a little more lenient.

### FAST THINNING OUT

ARE RANKS AND RICHMOND REUNION MAY BE LAST.

WASHINGTON, April 26.—The thought of many thousands of people in the South will be directed to Richmond, Va., on May 30, 1907. On that day at the Virginia capital will begin the seventeenth annual reunion of the Grand Camp of the United Confederate Veterans.

Reports from Richmond state that letters received there from remote parts of Dixie indicate that the approaching reunion will be the last interstate meeting of the kind the old Confederate veterans will have. The time is at hand when the thin line of the dauntless wearers of the grey, daily growing thinner, has become so depleted and the veterans so advanced in age, that it is not believed a general reunion will again be undertaken, the gatherings of the old soldiers being confined hereafter to state reunions.

"Let us see Richmond once more before we die," say the venerable heroes; "one more trip to old Virginia."

As a consequence of the pathetic prospect that the Confederates' capital will likely see no more of these great reunions after that of this year, the spirit of the occasion permeates every household and the entire population will vie with each other in giving the visitors a cordial and happy reception, welcoming them to their bounty without charge.

### GEN. H. B. LYON DEAD

SUDDEN END TO LIFE OF THE OLD SOLDIER.

Left United States Army to Serve With Confederates, and Became a Brigadier General.

(From Friday's Daily)

General H. B. Lyon died suddenly at his home in Eddyville, Ky., yesterday.

Gen. Lyon was born in Eddyville, the son of Hon. Matthew Lyon, at one time congressman from the First Kentucky district. His grandfather, the Hon. Chittenden Lyon, being one of the most prominent Kentucky pioneers.

Gen. Lyon was graduated from West Point as a lieutenant. He served with Gen. A. S. Johnston in the Utah expedition. He was then made commandant of a fort on the Pacific coast. It was while here he resigned his commission in the U. S. army and hurried home, offering his sword to the Southern cause. He first commanded the Eighth Kentucky infantry. He organized and equipped the famous Cobb's battery. With the 8th Ky., he was surrendered at Fort Donelson. He and Generals Buckner and Tilghman were about the first generals captured and as they had been in the U. S. army they were treated as traitors, and there was talk of shooting them. They were placed at Fort Warren in solitary confinement, maltreated in every way. It was only by the intercession of General Grant (who was a magnanimous enemy) that they were saved. Stanton and Holt wanted to hang them.

Gen. Lyon was looked upon as the hero of that great victory of Brice's Cross Roads. Gen. Forrest accorded him this honor.

Gen. Lyon refused to surrender at the close of the war. He with Gen. Joe Shelby and Gov. Isham Harris crossed the Mississippi at flood height and went into Mexico. Gen. Lyon offered his services to the ill-fated Maximilian and served in the engineer corps of the French army. He escaped the fate of the emperor and got safely back home again.

Gen. Lyon was every inch a soldier—brave and cool but never reckless. Born and educated and living so long a soldier he was little fitted to take up the quiet life of a citizen. Modest to bashfulness, he was always retiring. He would not allow his friends and followers to push him into prominence. He preferred the quiet of a home life. His son, Frank Lyon, is an officer in the U. S. navy.

Gen. Lyon will be buried at Eddyville. The chapters of the U. D. C. at Hopkinsville, Princeton, Cadiz and Paducah will send floral offerings. Mr. C. F. Jarrett will attend the funeral.

Remarkable Case of Negro Who Has Died in Cuba.

NEW YORK, April 26.—A despatch from Santiago, Cuba, says the death occurred there of Antonio Infante, a negro, at the age of 150 years. Infante is said to have been born in 1757, nineteen years before the beginning of the American Revolution.

## MARKET WAS ACTIVE

GOOD PRICES CONTINUE AND DEMAND IS ACTIVE.

Salesman Jarrett, of The Planters' Association, Reports His Business.—Inspector's Statement.

The local tobacco market for last week showed considerable activity, this being confined more to hog-head offerings than to loose sales as has been the case heretofore. Loose offerings are gradually falling off as the season for these sales has about passed its busiest time, but offerings are yet received to sufficient extent to warrant the holding regular sales. On all offerings there was a ready demand and good prices continue to be secured.

Salesman C. F. Jarrett, for the Planters' Protective association, reports as follows: Sales previously reported... 400 hhd's Sales for past week... 185 hhd's Receipts to date... 3,500 hhd's

The market continues strong and active, the demand being mostly for low grades. Nothing above medium grades has been sold. A firm and active demand for tobacco is anticipated throughout the season. Prices are very satisfactory to the farmers. They feel that the permanency of the organization is insured. There is some complaint of loss of plants.

The report of the inspector on the general market is: Receipts for the week, 125 hhd's; receipts for the year, 3,010 hhd's; sales for the week, 51 hhd's; sales for the year, 241 hhd's. All sales were made privately. Good prices were secured on all offerings and the supply seems to be insufficient for the demand.

## ENGINEER STUCK TO HIS POST AND SAVED LIVES OF MANY PASSENGERS.

Ran Locomotive For a Mile to Slacken Speed Gradually, After Tender Had Left Track—Baggage Master Savage Was Struck By Flying Trunk.

### SLEEPING CARS PLUNGED INTO BANK—NO ONE WAS HURT.

To the coolness and courage of Engineer Satterfield is due the credit of preventing, Sunday morning, one of the most serious railroad wrecks which ever occurred in this region.

Engineer Satterfield passed through here Sunday morning in charge of the engine pulling the second section of L. & N. southbound passenger train No. 58. About a mile before reaching Pembroke the wheels of the engine tender left the track for some unaccountable reason, but instead of attempting to stop his train by use of sudden application of air or the emergency brakes, the engineer decided to gradually reduce the rate of forty five miles an hour at which he was running, hoping to bring the train to a stop without further mishaps. For the mile into Pembroke the speed gradually slackened and the engineer's object would doubtless have been accomplished had not the derailed trucks of the tender become jammed in a switch near the City Mills, this causing the baggage car, day coach, express

car and two sleepers to plunge from the track and bury themselves to a considerable extent in the banks of the slight cut where the accident occurred.

Although the coaches were well filled with passengers, no one was injured and very little damage was sustained by the rolling stock. A trunk fell on baggage Master John Savage and painfully bruised him about the back, but his injuries were not severe enough to lay him up. The engine and two rear sleepers did not leave the track.

The track was badly torn up for a long distance, and for the entire mile this side of Pembroke, the marks left by the wheels of the tender could be plainly seen on the ends of the ties. Two wreckers were sent to the scene but traffic was not resumed until 4:10 in the afternoon. The accident occurred about 7:45 in the morning. Train No. 52, due here at 10:08 a. m., was sent around via Russellville to Central City and thence to Nortonville over the Illinois Central and on into Evansville.

## ROUTE IS CROOKED

CARRIER GARY WILL GO IN ZIG-ZAG FASHION.

Another Rural Delivery Service Begins Out of Hopkinsville on Wednesday May 1.

Rural Free Delivery route No. 7 out of Hopkinsville will go into commission Wednesday morning, May 1. The route is 24 1/2 miles in length and will serve 91 houses or 410 people. Frank Gary is carrier.

This route is probably one of the crookedest ever commissioned by the government. Leaving the post-office the route is out the Palmyra road to McKnight's corner, thence across to the Cox Mill road at Pool's corner; thence to Lander's corner near Church Hill where it turns again and goes to West's corner and again strikes the Palmyra road at Sargent's corner; thence to Liberty church where another turn is made and it crosses over to the Clarksville pike at The Square; thence toward this city until Van Cleve's corner is reached where it turns and goes once more to the Palmyra road which it strikes at Cayce's corner or just this side of the top of the hill leading down to the river; then back to Hopkinsville over the same road traversed in the outgoing trip.

In several places, in fact all of that territory on the Cox Mill road and Palmyra road, the new route conflicts with route No. 8, but the people of these districts will be benefitted by the change for now they will get their mail in the morning instead of the evening and in nearly every instance it will be brought to their doors, whereas under the old system the people lived a mile or more from their boxes which were located on one of the public roads. In fact the new route serves only those people living between the Cox Mill and Palmyra roads and the Clarksville pike, the people living directly upon these thoroughfares still being served as formerly.

### Bitten by a Spider.

Through blood poison caused by a spider bite, John Washington, of Bosqueville, Tex., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklen's Arnica Salve. He writes: "The first application relieved and four boxes healed all the sores. Heals every sore. 25c Cook & Higgins and Cook's Pharmacy."

### BIG GATHERING

Of Delegates at the Women's Home Mission Society.

The meeting of the Women's Home Mission society of the Louisville conference, M. E. church south, which is to be held in the Methodist church here May 12-15, promised to be the greatest ever held by that organization.

At first it was expected that only about fifty or sixty delegates would be present, but a letter from Mrs. T. R. Kendall, the president of the society, states that the interest in the meeting is far greater than had ever before been aroused and that there will probably be over a hundred delegates present, which if secured will break all records for attendance. The member of the local society are making elaborate preparations to entertain their guests, and are very enthusiastic over the outlook for the meeting.

### Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly" begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle, *Bottle of Swamp-Root*, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## TRIP FOR SOLDIERS

WILL BE DETERMINED IN A SHORT TIME.

Kentucky Officials Desirous of Gratifying State Guard's Wish to Go to Jamestown.

FRANKFORT, Ky., April 27.—It will shortly be determined whether the Kentucky troops are to have their state encampment at the Jamestown, Va., exposition this summer. Adj. Gen. Lawrence, of the state department has taken up the matter of transportation with the several railroad companies, and if a sufficiently low rate is secured to make it possible to take the soldiers to the exposition for the annual encampment, it will be done.

Garrett B. Wall, of Richmond, Va., representing the C. & O. company, was here during the week just ending to see the adjutant general regarding the matter of transportation.

Mr. Wall is a Kentuckian, being a son of Judge Garrett S. Wall, of Maysville, and he is very desirous of having the Kentucky soldiers visit the Jamestown exposition.

The state officials are disposed to gratify the desire of the state troops to make the trip to Jamestown.

### A Woman Tells How to Relieve Rheumatic Pains

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderful it has worked.—Mrs. Sarah H. Cole, 140 S. New St., Dover Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. Sold by Anderson-Fowler Drug Co. (Incorporated) the leading Drug Store 9th and Main St. Hopkinsville Ky.

### Appointed Administrator.

E. D. Jones has been appointed administrator of the estate of the late Mrs. Mollie J. Gregory, with R. J. Wood as surety. Fox Holloway, F. W. McCrae and W. A. Glass were named as appraisers.

"Preventies" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventives cure seated colds as well. Preventives are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on Colds free, if you will write him. The samples prove their merit. Check early Colds with Preventives and stop Pneumonia. Sold in 5c and 25c boxes by Anderson-Fowler Drug Co., (Inc.)

### WHY SO WEAK?

Kidney Troubles May be Sapping Your Life Away.—Hopkinsville People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backaches, headaches, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is Hopkinsville testimony to prove it.

R. C. Moorefield, Sr., real estate dealer and associated with the Christian County Title Co., residing at 222 W. 17th St., Hopkinsville, Ky., says: "For several years the condition of my back and of the kidney secretions furnished ample evidence that I was suffering from kidney disorders. The aching in my back would come on by spells often so severe that it was painful for me to stoop, to straighten up or to attempt any sudden movement. I saw Doan's Kidney Pills advertised locally and thinking that they might help me, got a box at Thomas & Trahern's drug store. I had used them only a few days when I noticed a marked improvement in my condition, and I continued their use. They did me more good than any medicine I had ever used and that is putting it mildly. You may publish my statement any time and I will do all I can to let the value of Doan's Kidney Pills be known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## THE STEUNENBERG MURDER CASE.

WILLIAM D. HAYWOOD.

Secretary-treasurer of the Western Federation of Miners, charged with the assassination of ex-Governor Steunenberg of Idaho.

CHARLES H. MOYER.

President of the Western Federation of Miners, indicted for the alleged murder of ex-Governor Steunenberg of Idaho.

The charge of conspiracy to murder brought in connection with the assassination of Frank Steunenberg, a former governor of Idaho, by the Idaho state authorities against Charles H. Moyer, William D. Haywood and George A. Pettibone is one that has been agitating the courts of Colorado and Idaho for nearly a year and a half. Moyer was the president, Haywood was the secretary-treasurer and Pettibone was a member of the executive committee of the Western Federation of Miners. When ex-Governor Steunenberg, of Idaho, was murdered, on December 30, 1896, by the explosion of a dynamite bomb attached to the gate opening into the yard of his home, the Western Federation of Miners was said to be very bitter against him. The Idaho authorities claimed that they had obtained evidence showing that the Western Federation of Miners had, aided by funds from its treasury, financed the assassination of Steunenberg. The three men still held for trial on this charge were then in Denver, Colo.

Charges of conspiracy to murder which were brought against them were dismissed by the Colorado courts on January 6, 1906, or just about a week after the death of Steunenberg. Then an attempt was made to get Governor McDonald, of Colorado, to issue extradition papers to the Idaho police for the three men, but this was refused by the Colorado governor. On February 18, 1906, the men were taken out of jail in Denver, and smuggled on a special train into Idaho without the knowledge of the Colorado authorities. This caused serious trouble between these two states. On March 22 of this year the case had only progressed to a point where the accused demanded a change of venue which was denied. The case is expected to be brought into court within a short time. Governor Steunenberg had been governor of Idaho for two terms—from 1897 to 1901. He lived in Caldwell, Idaho, and left a widow and three children. Both his legs were torn off by the explosion of the bomb and he lived only twenty minutes after he was blown up.

It was declared Hammond would not leave his carriage to enter a courtroom.

"Pneumonia's Deadly Work had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route No. 1, Georgetown, Tenn., "that I coughed continuously night and day, and the neighbors' prediction—consumption—seemed inevitable until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only REAL cough cure and restorer of weak, sore lungs." When all other remedies utterly fail you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed and sold by Cook & Higgins and Cook's Pharmacy, Drugists. 50c and \$1.00. Trial bottle free.

### Cured of Rheumatism

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscle so it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by Anderson-Fowler Drug Co. (Inc.), the leading Drug Store, 9th and Main St., Hopkinsville, Ky.

## COMPANY IS FORMED

TO HANDLE MONUMENTS AND CONSTRUCTION BUSINESS

Made Necessary by Rapid Growth of Lucian H. Davis' Enterprises.—A Strong Establishment.

An association of prominent business men of the city into a big company is that which will be known as the Davis Monument & Construction company. The gentlemen composing this firm will be: L. H. Davis, general manager; W. H. Heister, assistant manager and superintendent of the building department; Geo. Wilson, traveling salesman for monuments; Hugh Nelson, superintendent of the concrete department; M. O. Mason superintendent of the excavating department and of teams, and Miss Kathleen White bookkeeper.

The new company will absorb the business heretofore conducted by Mr. Davis individually. The present plant will be greatly enlarged and much new equipment will be added. One of the most important of these new additions will be an electric machine for cutting and lettering monuments.

The new company already has the contract for the stone work on several buildings to say nothing of concrete and stone walls, sidewalks, etc. Among these buildings now being erected by Mr. Davis himself, T. J. Tate, T. M. Dalton, J. D. Thompson, the addition to the Baptist church, the new baker shop at the asylum, the retaining wall at South Kentucky college the building of the wall and laying of concrete sidewalks around the Latham homestead and many other jobs. ### MONEY FOR MURDER.

Alleged to Have Been Offered by Agitator at Goldfield.

RENO, Nev., April 27.—A despatch to the Journal from Hawthorne says W. L. Claiborne, a member of the Industrial Workers of the World, testified at the trial of Preston and Smith, leaders of that organization, that A. E. Johnson offered \$250 to any one who would kill "Diamond Field Jack" Davis, the Goldfield mine owner. Claiborne swore that Johnson asked Smith, one of the prisoners, why Silva had not been killed. Silva was murdered next day. Johnson is under indictment for murder and he was a leader in the recent Goldfield strike. Silva was a restaurant keeper in Goldfield and was killed, it is alleged, by members of the Industrial Workers of the World for employing men who were not members of that organization.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. For sale by R. C. Hardwick.

Many Requests from catarrh sufferers who use atomizers have resulted in Liquid Cream Balm, a safe and convenient form of Ely's Cream Balm, the only remedy for Catarrh which can always be depended on. In power to allay inflammation, to cleanse the clogged air-passages, to promote free, natural breathing, the two forms of Cream Balm are alike. Liquid Cream Balm is sold by all druggists for 75 cents, including spraying tube. Mailed by Ely Bros., 56 Warren Street, New York.

Kodol for Dyspepsia clears the stomach and makes the breath as sweet as a rose. Kodol is sold by druggists on a guarantee relief plan. It conforms strictly to the National Pure Food and Drugs Law. Sold by R. C. Hardwick.

Pays a Visit Home.—Finds Deaths to Record.

### FESTIVAL NEWS.

The rehearsals are going along quite nicely, and after two or three more meetings the choruses will be in shape for Mr. Innes' to make a trip to Hopkinsville to run over the music with the choruses.

The festival costs lots more to put on than was at first expected, and we hope those merchants who have not made subscriptions will do so when called on by the canvassers.

We will get out a nice booklet, giving the five programmes, and other information about the festival. These books will be sent out with other advertising matter to the surrounding towns, and as an edition, of say 5,000 copies, will be issued, this will be a very fine advertising medium, and we hope our merchants and business men will subscribe liberally for space in this book. It will be printed on the best tinted book paper; giving cuts of all the soloists, both vocal and instrumental, and will be in souvenir form with outline cut of the tabernacle building, and a book that will be preserved. The last page of the booklet will be a general "boost" for "Greater Hopkinsville," and if our merchants wish to offer out of town customers return of railroad fares,

if certain amounts of merchandise are bought, we will donate as much space as will be required for this purpose. This is done by the merchants in Louisville, Nashville, Cincinnati, Evansville and other cities, and we think it would be good business for our local merchants.

The choruses will be quite large, so much so that a platform to extend across the entire south side of the building must be erected. This is all right, we will build the platform, or choir loft, and when the big festival comes off we know you will be proud of our efforts.

### CHAIRMAN EXECUTIVE COM.

### Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Anderson-Powder Drug Co., (Inc.) the leading Drugstore 9th and Main Hopkinsville.

## A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal properties used in them, it is pure refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

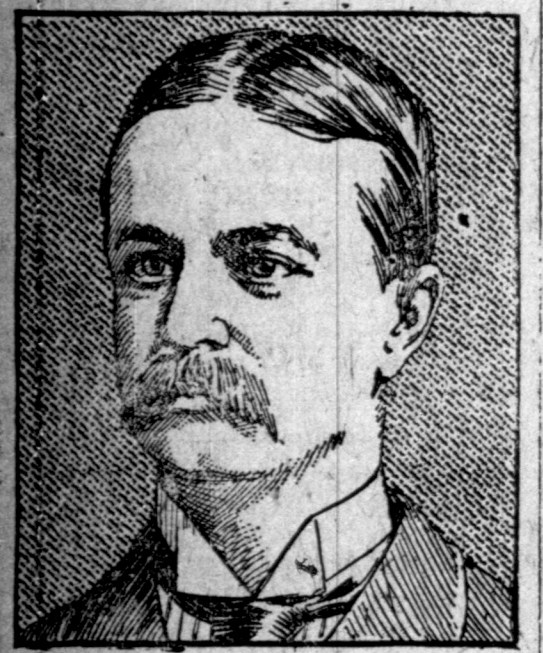

In coughs and hoarseness caused by bronchitis, throat and lung affections, except consumption in its advanced stages the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and constriction of the bronchial mucous membrane. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

## INCREASE ON JULY 1.

MORE PAY AFTER THAT DATE  
FOR CARRIERS.

Adjustment of the Salaries is Approved  
By the Postmaster General—A  
Graded Schedule.

WASHINGTON, April 30.—Postmaster General Meyer has approved the detailed adjustment of salaries of rural free delivery carriers, as submitted by Assistant Postmaster General De Gray. The new schedule, which will become effective July 1 next, will make a graded increase in the compensation of carriers of from 9 to 25 per cent. based upon the

POSTMASTER GENERAL MEYER.

number of miles traversed. The readjustment adopted, with the increase of upwards of \$8,000,000 made in the appropriation by congress, will involve an aggregate expenditure for rural service during the next fiscal year of nearly \$35,000,000. The schedule follows:

Routes of twenty-four or more miles, \$900 per annum; twenty-two to twenty-four miles \$884; twenty to twenty-two miles, \$810; eighteen to twenty miles, \$720; sixteen to eighteen miles, \$680; fourteen to sixteen miles, \$540; twelve to fourteen miles, \$504; ten to twelve miles, \$468; eight to ten miles, \$432; six to eight miles \$396.

Don't Pay Alimony.  
To be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr. King's New Life Pills. Their action is so gentle that the appendix never had cause to make the least complaint. Guaranteed by Cook & Higgins Cook's Pharmacy. 25 cents Try them.

For a cold or a cough take Kennedy's Laxative Cough Syrup. It is BETTER than any other cough remedy because its laxative principle assures a healthy, copious action of the bowels and at the same time heals irritation of the throat, strengthens the bronchial tubes and allays inflammation of the mucous membrane. Contains Honey and Tar, pleasant to take. Children like it. Conforms to the National Pure Food and Drug Law. Sold by R. C. Hardwick.

"Here's to your health and happiness"—Dr. Witt's Little Early Risers—famous little pills. Nasty, sick headache or biliousness may come on any time; the cure is a Little Early Riser. Sold by R. C. Hardwick.

## ELIHU ROOT IS TO QUIT THE CABINET. OF PIONEER STOCK

Secretary Is Rapidly Preparing Business So That He May Resign.

WASHINGTON, April 30.—Secretary Root will resign from the cabinet, it is believed, but just when is not known.

For six weeks the secretary has been pushing important matters to a rapid head, so he could resign and spend a long vacation at his Utica (N. Y.) home.

The president and Root are not as intimate as they used to be. The estrangement, if such it be, is believed to date from the time the president advocated the nomination of Taft as his successor.

Prior to that, Root believed he would receive the Roosevelt influence.

Then, too, it is said Root has not been in sympathy with the president's attack on O'Dell and Wadsworth, in New York.

ELIHU ROOT.  
Secretary of state, formerly secretary of war, noted lawyer and orator of New York city.

## POLITICAL WAR IN NEW YORK ENDED.

Geo. B. McClellan.

Mayor McClellan and Tammany Hall Have Meeting in Gotham.

NEW YORK, April 30.—There is peace between Mayor McClellan and Tammany Hall to-day.

A meeting was arranged for this afternoon, at which the Mayor and the Tammany officials discuss politics.

McClellan has cowed the tiger, it is said. The situation is generally regarded as one of Murphy not hating McClellan less, but Hearst more.

## BOND FOR BRITTON

LEXINGTON, Ky., April 30.—Judge Parker to-day admitted Bill Britton to bail in sum of \$7,500. Jack Hargis will probably be his bondsman.

## SCHOOL ELECTION

An election of two members of the board of trustees of the Hopkinsville schools will be held next Saturday, May 4. The terms of office of Dr. Frank M. Stites and W. A. Long expire. Dr. Stites is president of the board. Both of these gentlemen are candidates for re-election, and they have given such general satisfaction by their excellent services in the past that they will doubtless be re-elected without opposition.

Mayor Mencham has appointed the following officers to conduct the election:

S. G. Buckner, A. W. Pyle, judges; Herbert Richards, sheriff; George Bradley, clerk.

The polls will be located at the city hall, and will be open from 7 a. m., to 4 p. m.

FOR FAMINE RELIEF.

WASHINGTON, May 1.—Two hundred thousand dollars, the largest contribution for famine relief relief ever made in one day, was sent to China by the Christian Herald. On the day the transport Buford sailed from San Francisco with the most valuable relief money cargo ever shipped, being worth \$150,000, fifty thousand dollars more in money was cabled to the Relief Commission, all contributed by the same paper, which has made a total contribution of \$40,000 for the Chinese famine.

Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicine and body building health tonics. Guaranteed at Cook & Higgins Cook's Pharmacy, 50 cents.

## PARDON IS FAVORED

WASHINGTON, May 1.—President Roosevelt, in a note to the department of justice, expressed the opinion that John William January, of Missouri, should have his sentence commuted at once or be pardoned outright. January was convicted some years ago of robbing a post-office in Oklahoma and served the greater portion of a five-year sentence at Leavenworth.

He then escaped and after nine years of liberty was rearrested in Kansas City and returned to prison. Many petitions have reached the president asking for his pardon. He had lived in Kansas City under the name of Chas. W. Anderson during the time he was at liberty.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by Anderson-Fowler Drug Co., (Inc.) the leading Drug store 9th and Main Hopkinsville.

STRUCK HIS MOTHER.

ST LOUIS, May 1.—At the inquest today into the death of Edward Linne, 24 years old, who committed suicide last night by shooting, it was developed that Linne had taken his life because of remorse in having hit his mother with his fist. He had been out of work as a painter for some time and yesterday his mother chided him for not making further efforts to secure employment. In a rage he struck her in the face.

Later he returned and weepingly begged for forgiveness, which she freely granted. Then he went into the cellar and shot himself.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by Anderson-Fowler Drug Co., (Inc.) the leading Drug store 9th and Main Hopkinsville.

Dr. Edwards, specialist eye, ear, nose and throat. Test made free of charge for glasses. Phoenix bldg. Main St., Hopkinsville.

WAS MR. ROBINSON WHO DIED SUNDAY.

Prominent Citizen of North Christian.—His Father Second Child Born In This County.

Gustavus Adolphus Henry Robinson, one of the leading citizens of the northern portion of Christian county and a member of the one of the first families which ever settled in the county, died Sunday at his home near Bluff Springs of consumption, aged seventy-four years. Mr. Robinson's educational advantages were somewhat limited, but such as they were he made the most of them. He was an omnivorous reader and there was probably not a better read man on general topics than he was. He was born June 19, 1833. His father Wiley, Robinson, was born March 27, 1800 and was the second white child born in what is now Christian county. Wiley Robinson was also very instrumental in hunting down Alonzo Pennington for the murder of Simon Davis, and it was he who went into the unknown depths of the cave into which Davis body had been thrown and brought it out.

Gustavus Robinson's ancestors for generations back were of fighting stock, some having served under Napoleon, while in the war of 1812 five uncles were in the American army.

He was a consecrated member of the Christian church and always was ready and willing to lend a helping hand to the afflicted or unfortunate. His wife, four daughters and three sons survive him. Interment took place Monday in the family buying ground.

## TOBACCO CASE.

Kentucky's Highest Tribunal Appealed to By A. S. of E.

FRANKFORT, Ky., April 30.—

Questions involving the future of the Burley Tobacco Society, known as the Society of Equity, in Kentucky were presented to the Court of Appeals in an action brought before the court from Woodford county. The American Tobacco Company and individuals engaged in raising tobacco have asked the court to dissolve an injunction secured in the Woodford county court restraining these individuals from selling their tobacco to plaintiff after they have pledged it to the Burley Tobacco Society. The injunction was secured by the Woodford board of control. The questions presented to the court here in the record brought up are:

Is the act of 1906, permitting pooling of tobacco crops, constitutional? Are the contracts made with raisers valid and enforceable? Does injunction lie to prevent a threatened breach of a contract by a party thereto?

It is urged by the board of control that if the farmers can now break the contracts with the Society, it will result in defeating its purposes, the main feature of which is to prevent any tobacco corporation from pooling the weed and controlling prices. The matter before the court here was brought before Justice Barker, it being the rule of the court to have motions heard before a single judge, but all the members of the court heard the argument and will sit in determining the questions presented.

## ALL ARE RESCUED.

JOHNSTOWN, Pa., May 1.—After being entombed since last Friday noon in the Berwind-White Coal Company mine No. 38 at Fosterwell, near here, the seven miners who were shut off from the world by a sudden rush of water caused by the breaking of a wall of an abandoned mine, were rescued at 10 o'clock last night. The men were greatly exhausted. Of the dangers they faced, the darkness was the most terrible.

When stock was taken of the available supplies of provisions it was found that three baskets were but half emptied. This scanty store of rations was husbanded until Monday morning, since when the men had nothing to eat. During the whole time they had gone without water, fearing to drink water from the abandoned workings.

## BABY WASTED TO MERE SKELETON

In Torments a Year and a Half with Terrible Sores on Face and Body—Hands Tied to Stop Scratching and Tearing at Flesh—But

### CURE BY CUTICURA COMPLETE AND SPEEDY

"My little son, when about a year and a half old began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing at the flesh. He got to be a mere skeleton, and was hardly able to walk. My aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Cuticura Soap to try and a Little Cuticura Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. I sent to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. Mrs. Egbert Sheldon, R. F. D., No. 1, Woodville, Conn., April 22, 1905."

If the stomach is only given a rest by using a digestive, the muscles soon become weak, and it is necessary to continue taking a digestive tablet after every meal. Mi-o-na costs but 50c a box, and makes positive and complete cures. The best proof of its merits is the guarantee to refund the money if it does not cure that L. L. Elgin gives with every box.

## THE SUNDAY SCHOOL.

Lesson V.—Second Quarter, For May 5, 1907.

### THE INTERNATIONAL SERIES.

Text of the Lesson, Gen. xli, 38-49. Memory Verses, 38-40—Golden Text, Jas. 1-5—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1907, by American Press Association.]

One of the greatest lessons for the redeemed of the Lord to learn is that God has a set time for everything and does everything at the appointed time. That which seems to us like delay or even denial is simply His waiting time for us while He is surely working out His purpose. He always waits to be gracious and merciful beyond our asking and is too wise and kind to be either too soon or too late in His dealings with His own. Blessed are all they that wait for Him (Isa. xxx, 18). Happy are all who leave all their affairs with Him, with the utmost confidence in Him, and say gladly, "My times are in Thy hand" (Ps. xxxi, 15).

The full time had now come for Joseph's deliverance, and it delights the trustful child to watch his Father at work. That the butler may remember his faults and think upon his prison friend of two years before, Pharaoh is given two dreams in one night, which trouble him, but which none of the wise men of Egypt can interpret (verse 8). It was just so with the king of Babylon and his wise men long afterward (Dan. ii and iv), for all the wisdom of this world cannot interpret the things of God. The natural man reveleth them not.

In Pharaoh's trouble because of his uninterpreted dreams the chief butler recalls his prison experience and tells the king how he and the chief baker, having dreams which troubled them while in prison, had them interpreted by a fellow prisoner, a young Hebrew, and each interpretation was literally fulfilled. On hearing this Pharaoh brought Joseph hastily out of the dungeon (the margin says "made him run"). Joseph, being summoned to meet the king, shaved himself, changed his raiment and was soon in the presence of the king. On hearing why the king sent for him he replied: "It is not in me. God shall give Pharaoh an answer of peace" (verses 14, 19). Having heard the dreams, he readily interprets them, prefacing his interpretation by the remark, "What God is about to do He sheweth unto Pharaoh," and adding that the doubling of the dream indicated that the thing was established by God, and He would shortly bring it to pass (verses 28, 32). Then he suggests that Pharaoh appoint a proper person to lay up corn during the years of plenty.

The time of Joseph's deliverance has come. From this on it is rise and progress, and the dreams of his youth have a literal fulfillment. If from being the overseer of Potphar's house to a dungeon was a great fall and a seeming calamity, what shall we say of this change from the dungeon to the throne or next to it? For Pharaoh's word was only in the throne will I be greater than thou" (verse 40). When God's appointed time comes, how suddenly He works! The same day that Lot went out of Sodom the cities of the plain ceased to exist on earth (Luke xvii, 29).

It is fascinating to read of Joseph's promotion and Pharaoh's words to him: "See, I have set thee over all the land of Egypt. According unto thy word shall all my people be ruled. Without thee shall no man lift up his hand or foot in all the land of Egypt." Then see the royal raiment, the ring, the gold chain, the chariot and all the people bowing before him and saying, "Tender father." Then note his marriage to Asenath, daughter of the prince of On (verses 38-45).

"Let me remind every true believer in Christ, however poor or afflicted or discouraged, that if Jesus should come (an event always possible) we would in a moment change our mortal for immortal bodies, our present weakness for eternal youth and perfect health, and instead of our present circumstances reign with Christ on His throne (I Cor. xv, 51; Phil. iii, 20, 21; I Thess. iv, 16-18; Rev. iii, 21).

Think also of the new name and all its significance! (Verse 45; Rev. ii, 17.) Joseph, by the blessing and guidance of God, wrought wisely and diligently during all the seven plentiful years and laid up an abundance for the coming years. Our blessed Lord at the same age, thirty (verse 46; Luke iii, 23), entered upon His public ministry and the special phase of preparing bread and life for the perishing millions of earth. Think of those in the famine days in Egypt and other lands who knew that corn could be had from Joseph and never telling it! It is unthinkable. But what about those who know that life is in Christ and not anywhere else (Acts iv, 12; I John v, 12) and are not stirred to make it known? In Joseph's day the corn had to be bought by giving money and lands in exchange for it, but our story is that eternal life is the free gift of God without money or good works (Rom. iii, 24; Eph. ii, 8).

The names which Joseph gave his two children who were born in Egypt because God made him forget his toil and made him fruitful in the land of his affliction (verses 51, 52) are suggestive of Job xi, 16; John xv, 8. Pharaoh's word to every one, "Go unto Joseph: what he saith unto you, do" (verse 55), makes us think of Mary's word to the servants at the marriage feast (John ii, 5), "Whatever He saith unto you, do it." May II Sam. xv, 15, be our motto.

## MR. DUNCAN DEAD GOOD INSTITUTION

FATHER OF MRS. CALLIS PASSES IS THE KENTUCKY CHILDREN'S HOME INSTITUTE.

Death Due to General Breaking Down of His System—Formerly President of Louisville Bank.

(From Saturday's Daily) Mr. James M. Duncan, the venerable father of Mrs. Mary D. Callis, died at five o'clock this morning at the residence of his daughter on East Seventh street. Death was due to illness incident to his advanced years, and he had been in a critical condition several weeks. Mr. Duncan was a native of Kentucky and had been a resident of Hopkinsville for about twenty years. He was well known and highly esteemed and his death causes much sorrow. He was a Christian and a member of the Ninth Street Presbyterian church, and took a keen interest in religious affairs.

Mr. Duncan was a gentleman of fine intellect and of generous and sympathetic nature. Up to the time of his retirement from active business pursuits he was a prominent citizen of Louisville, where he was president of a bank. Funeral arrangements are not yet completed. The services will probably be held Sunday afternoon at the Ninth Street Presbyterian church. Interment at Riverside cemetery.

## GOOD INSTITUTION

IS THE KENTUCKY CHILDREN'S HOME INSTITUTE.

District Superintendent John Hutchen Is Now In the City In Its Interest.

John Hutchen, district superintendent of the Kentucky Children's Home Society, is in the city in the interest of that splendid institution. It is non-sectarian. It seeks to place in good homes the homeless, destitute children of the state, regardless of the church affiliations of the parents. The society carefully endeavors to find suitable homes for its wards. After their placement the society maintains a systematic watch-care over them, removing them when the relations are discovered not to be for the best interest of the child.

Foster parents are required to love, clothe, feed, educate, and give religious advantages as to a natural child.

The most needy child is the most earnestly sought. The unfortunate child cannot escape the efforts of the society to relieve it.

Every part of the state is becoming well organized for the society's operations. The mountains are a fruitful field for child-saving.

In the year 1897, the society began its work in Kentucky. In the brief period of ten years nine hundred children have come under the guardianship of the society and have been placed in family homes. In addition fifteen hundred children have been benefited through the aid department. The National Children's Home Society of which the Kentucky societies is a branch now embraces twenty-nine states, and has placed in homes about 35,000 children.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One third of the best part of a woman's life is sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

## EGG WITHIN AN EGG.

We have often heard of wheels within wheels but never saw eggs within eggs until Friday when John W. Wood, of Sinking Fork, brought such a curiosity to this office.

The outside egg is fully as large, if not just a little larger, than a turkey egg. It is the same as any other ordinary egg, the shell being of a brownish tint. On the inside was another full size hen egg and as there was only a big enough hole in the outer shell to see in, there was no possible way for the second egg to have been slipped inside. This inside egg was about the usual hen egg size. Filling the outer shell and surrounding the inner egg was the usual albumen but no yolk.

Mr. Wood says that this freak was laid by one of the hens on his place.

Use Kennedy's Laxative Cough Syrup. Children like its pleasant taste, and mothers give it hearty endorsement. Contains no opiates, but drives off the cold through the bowels. Made in strict conformity to Pure Food and Drugs Law. Recommended and sold by R. C. Hardwick.

## S.S.S. REMOVES BLOOD HUMORS

When the blood is pure and healthy the skin will be soft, smooth and free from eruptions, but when the blood becomes infected with some unhealthy humor the effect is shown by rashes, eruptions, boils and pimples, or other disfiguring and annoying skin disease. The skin is provided with countless pores and glands which act as a drainage system to rid the body of impurities through the perspiration that is constantly passing through these little tubes. There are other glands that pour out on the skin an oily substance to keep it soft and pliable. When the blood becomes filled with humors and acids these are thrown off through the pores and glands, burning and irritating the skin and drying up the natural oils so that we have not only Acne, Eczema, Salt Rheum, etc., but such dry, scaly skin affections as Tetter, Psoriasis, and kindred troubles. The treatment of skin troubles with salves, washes, lotions, etc. is not along the right line. True, such treatment relieves some of the itching and discomfort and aids in keeping the skin clear, but it does not reach the real cause of the trouble, which are humors in the blood, and it can therefore have no real curative effect on these skin affections. S. S. S., a gentle acting and perfect blood purifier, is the best and quickest treatment. It goes down into the blood and removes the humors, fiery acids and poisons from the circulation, cools the overheated blood, and by sending a fresh stream of nourishing blood to the skin permanently cures skin diseases of every character. S. S. S. is made entirely of health producing roots, herbs and barks, and is an absolutely safe remedy for young or old. S. S. S. cures Eczema, Acne, Salt Rheum, Tetter, Psoriasis, and all other disagreeable and unsightly eruptions of the skin. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

## FOUND NEAR TRACK WITH BACK BROKEN.

Aged Negro, Under Influence of Liquor, Meets With Accident Which Cost Him His Life—Was Unable to Tell How He Had Been Injured.

(From Monday's Daily)

Ike Johnson, an old colored man, was found lying beside the L. & N. railroad track just across the trestle north of town Sunday morning, with his back broken.

The old negro was first discovered by the crew of an incoming freight train who reported it to the police and Officers Hord and Miller went out to investigate. They found Johnson lying beside the track where he had evidently been for several hours and had literally worn the earth away in places in his attempts to pull himself forward. From his waist down he was incapable of movement and whenever he would

be moved he would scream with the pain which it caused him. He was brought to town and carried to the home of his son where he died last night.

It is not known for certain what caused the negro's injury but it is supposed that he was struck by a train. He had been in town drinking Saturday, yet to Officer Hord he stated that he did not remember to have gone in that direction and he remembered nothing of being struck. Johnson was about fifty or sixty years of age and lived on C.A. Brasher's farm south of town on the Clarksville pike.

## TWO BIG CROWDS

SAW PAWNEE BILL'S EXCELLENT SHOW SATURDAY

Many Remarkable Features Were Introduced.—How the Attaches Live While on The Road.

Two large crowds witnessed the performances of Pawnee Bill's show Saturday and were delighted with the numerous interesting features that were introduced. The remarkable horsemanship, fancy shooting, customs and sports of the wild west and far east and the reproduction of the Dalton train robbery, together with numerous other feats, made up a program that no one could help enjoying. Without being as large as Buffalo Bill's show, Pawnee Bill's show is an excellent attraction of the kind, and deserved its big patronage.

The show was interesting aside from the feats that were performed. About the grounds strolled Russian Cossacks, Mexican and American cowboys, Pawnee, Sioux, Digger and other tribes of Indians, Singalese, cow girls, Australian Bushmen and other types. Along the river bank the Indians had pitched their teepees, these being the time honored figured cloth seemingly wrapped about a bundle of poles which are carried ready for immediate setting up. As soon as the camp was pitched the squaws made their arrangements for washing their clothes, they taking advantage of the waters of the stream. The garments, principally blankets, were dipped into the stream and then thrown into a tub and rubbed over an ordinary wash board, and then rinsed in the stream again and hung on a nearby wire fence to dry. A papoose threw mud balls at a crowd of negro children who were standing on the bank above and the squaws watched the episode and laughed as they washed. Big Chief American Horse, who enjoys the luxury of two tents, walked about and grunted contentedly as he smoked his big pipe.

It was in the big dining tent at the noon hour that the extent of the cosmopolitan collection was realized. Here the long tables where hundreds of meals are served every day, were filled with a happy chattering throng representing nearly every country on the globe. A Japanese cavalry man was seated next to a Russian Cossack, the recent bitterness of the war having given way to a personal friendship in the show life. Australian Bushmen with painted faces and bushy hair contentedly ate fried ham and beef with the South Sea Islanders. Of the latter was "Sport," a gaudily bedecked Singalese, with his long coarse hair wrapped about his head and held in place with a white cloth. It required two or three tables to accommodate the Indians and their appetites had in no measure suffered from the change from their reservations to circus life. Some of the war-

riors smoked while they ate and in a number of instances it was noted that they used handmade cigarettes instead of the time honored pipe. Off to himself was Prince Luca, chief of the band of Cossacks, who by their dare devil riding are one of the wonders of the great show. Prince Luca wears a moustache and goatee of the French type and his manners and speech are as polished as any of the gallants of that country. Among the cowboys, privilege men, cow girls and other actors and employees, a spirit of hearty good fellowship prevailed. The cow girls, dressed in their divided skirts, the cowboys with their leather chaps and jangling spurs, the concessionaires with and without coats and sometimes collars, all ate and chatted in high good humor. On the motley gathering white aproned colored boys waited. For dinner they served coffee, milk or tea, roast beef or fried ham, eggs, light bread, spring onions and for dessert peaches, cakes and cream.

## NEW UNIFORMS

For the Hopkinsville Policemen Have Been Received.

Ed J. Duncan has received the new police uniforms, for which the council recently made an appropriation. The new uniforms are of dark blue serge of handsome quality, with the regulation brass buttons. The suits will be completed by broad brimmed hats which were ordered in connection with those for the Clarksville police force, but which have not yet been received. A similar uniform, but with plain silver finished buttons instead of brass, was received in the same lot for Cemetery Sexton J. T. Johnson.

W. D. Ennis, of the Hopkinsville Lumber Company, recently turned a lot of new maces out of wood secured from osage orange trees which were cut down in widening West Seventeenth street. The are beautifully wrought "billies" and are finished in the natural wood.

## WOMAN'S COLLEGE

INCORPORATED BY PRESBYTERIANS AT DANVILLE.

Will Be Made a Larger Institution.—Plan For Methodist University at Louisville.

Dispatches from Danville, the seat of Central University, say that the Woman's College of Kentucky has been incorporated there, and while it has no capital stock, it limits its liabilities to \$100,000. The school is to be the great union Presbyterian school, and take the place of the present Caldwell Female Presbyterian College. The plans for the institution were put on foot at a meeting of the synods of Kentucky in Hopkinsville several years ago. Mr. Carnegie gave \$20,000 toward the endowment and Mr. J. A. Shuttleworth, of Louisville, donated a large plot of ground adjoining the present school site.

The incorporators named in the articles are John Stiles and J. A. Shuttleworth, Louisville; O. H. Rhodes, R. T. Quisenberry, J. A. Clark, J. A. Quisenberry, C. T. Armstrong and W. G. Dunlap, of Danville, Kentucky.

The board of trustees of the school are to be approved by the two synods of Kentucky and three-fourths of the trustees must be laymen. The school is not to teach any religious doctrines.

It is aimed to make the school a high class girls' college on a par with the big Eastern colleges.

LOUISVILLE, Ky., April 27.—A plan is being considered whereby a large university may be established here, embracing the University of Louisville, and the board of education of the Louisville Methodist Episcopal church. It is proposed that the two church boards relinquish all efforts to establish a separate university. Each is to donate \$300,000 to the University of Louisville, in consideration of which they will be permitted to maintain schools in the university.

## Talmage Sermon

By Rev.  
Frank De Witt Talmage, D. D.

Los Angeles, Cal., April 28.—That God's way of judging men and choosing them for some special task is totally different from man's way is emphasized in this sermon, the text of which is taken from Luke xix, 5, "Today I must abide at thy house."

It is amazing how long the world compels some of its most honored children to struggle amid the quicksands of poverty, obscurity, misrepresentation and slander before it allows them to climb the mountain tops of immortality and fame. It is hard to understand why some men have to spend so much of their lives fighting for a mere existence when they would have been able to do so much more good for their fellow men if the world had only been willing to encourage them instead of turning the cold shoulder upon them. Every one remembers the famous couplet by the poet Heywood:

Seven cities warred for Homer being dead,  
Who living had no roof to shroud his head.

Well, that is the history of many of the world's greatest heroes and heroines. For years and years they battled with poverty. For years and years they had to fight for mere physical existence. Then came wealth, fame, position, honor. The world was bowing at their feet to do their bidding.

The lot of the obscure peasant is necessarily hard, yet when Christ was to come into the world it was that lot he chose, as if he desired to know by experience the sorrow and hardship of humanity. Christ for thirty years had lived in poverty and obscurity. When at last he started forth on his world's mission he was opposed at every step. He was maligned and slandered. Then there came a sudden change which placed him on the top wave of popularity. We find him no longer the unknown peasant. All his countrymen are talking of him, and many of them call him a great teacher. His fame, too, has gone abroad, and certain Greeks have asked to see him. He is now on his way to Jerusalem, where he will be acclaimed as the Son of David. He has reached Jericho, and the people turn out to see the young prophet who may prove to be the long expected Messiah.

**The Publican's Home.**  
Who will have the honor of entertaining him? To which home does he go? He can practically go and lodge in any home that he will. Does he go to the home of the good and pure man? Does he go to the home of the aristocrat? No; he goes to the home of a despised publican. When Christ stops and looks up and sees the despised publican Zaccheus perched upon the overhanging bough of a sycamore tree, he seems to say: "Come, Zaccheus! Come down! Come and let me go home with thee! Come and let me teach the world that my mission is to save souls which are lost! Come and let me lodge with one who is universally ostracized by his countrymen! Come down, Zaccheus! Come down! For today I must abide at thy house!" Now, why did Christ choose to visit Zaccheus' home in preference to all the other homes of Jericho which would gladly have opened their doors to receive him as their honored guest?

Christ lodged in Zaccheus' house in the first place because it was the most despised home in all Jericho. It represented all that was bitter and cruel and tyrannical and unjust. It represented extortion and dishonesty. It represented the fiendish power which would take a community in its viselike grip and squeeze the last drop of financial blood out of a man and then turn him out of his home and let him starve. Murderer, thief, destroyer, assassin, hangman, were names honored and respected by the Jews in comparison with that word "publican." It was a name the most hated of all names in the Hebrew language. There was no indictment more opprobrious which could be hurled against Christ than that he was a friend of publicans and sinners, for of all sinners the worst sinner in Hebrew eyes was the publican. In order to understand why the house of Zaccheus was the most exalted in all Jericho we must study for a little while the attitude of the Roman government toward its provinces.

The Roman government was like the Turkish government. In the capital of Constantinople sits the "sick man of Europe." He opens the map of his kingdom and says: "Here is one of my provinces. I will sell this to the highest bidder. Then I will make the tax collector of this province pay me a certain amount each year. All the money he can squeeze out of those people above that amount he can have for himself." So the sultan sells his provinces, just as a capitalist would rent a farm. Then the tax collector goes to that province, and he puts the financial thumb-screws upon those people.

Such was the province of Judea in the time of Christ. The Roman government had stationed its tax collectors everywhere. It had sold these provinces and cities to the different buyers. That the Hebrew must bear, but he was humiliated when one of his own people stooped to thus serve the tyrant. Zaccheus was one of these

publicans, with his headquarters at Jericho. He was one of Rome's tax collectors, and he bled the people until they could be bled no more. And because he had been an extortioner, a legalized robber, the people hated him with an unutterable loathing. They regarded him and his family as social outcasts.

Now, Christ by going to this despised tax collector's house practically said: "Even to the lowest of the low I shall carry my gospel. No man or woman has sunk so deep into the mire of sin but my blood can cleanse him from all sin." Zaccheus, make haste and come down, for today I must abide at thy house." Oh, my friends, is it not a blessed thought to you that Christ came to save the publicans and the sinners? Is it not a glorious thought that, no matter how low a man or a woman may be in sin, Jesus is ready and willing to rescue him or her from that sin?

**Saved by Christ.**

Some time ago it was my privilege to attend a revival service held by a well known slum worker. After the talk was over he asked all who would to come forward and confess Christ. They came by scores. There were about a hundred of them. Some were filthy and ragged. Some were without collars. Some of them had their breath smelling vile with liquor. As they came forward to the mercy seat I kept saying to myself: "I wonder if those men are in earnest. I wonder if those men truly want Christ." Then I thought myself of a conversation I had with one of my elders a few days before. He said: "Ten years ago I was in the Pacific Garden mission. To my left, on one of the front seats, sat a man so maudlin drunk that I did not think he understood one word that was said. He was the lowest kind of an outcast. When the invitation to come to Christ was given, that man arose and staggered forward and fell on his knees and then there gave his heart to Christ. He was sincere, too, for he is now working as an evangelist. His name is Melville Trotter." It is not surprising that the elder's story came to my mind that night, for the man whose pleadings had drawn that dissipated crowd to their knees was the Melville Trotter whose conversion the elder had witnessed. No wonder his invitations were so confident. He knew that the Christ who had saved him could save all who came to him. That is why Christ saves the worst cases. It encourages others to come to him. That is why he went to be a guest at the house of Zaccheus.

**Honest at Heart.**

I take a step further in my subject and declare that Christ went to the house of Zaccheus for another reason. He wanted to prove to the world that some of the sinners who have been swept off their feet by great temptation are sometimes the easiest men to reach and lead to the better life. A man may be a thief and a robber or even a murderer and yet not be wedded to his sins. He may long to become pure and true and honest and upright. Zaccheus was a publican. Zaccheus was a dishonest tax collector. But Zaccheus was one who, at the first salutation of Jesus, was willing to come down from that sycamore tree and welcome the master to his home. That is the type of sinner who can be most easily reached for Christ by us in the present day.

Again, I believe that Zaccheus was at heart an honest man and wanted to do right. When a man is converted and says to Christ, "Behold, Lord, the half of my goods I give to the poor, and if I have taken anything from any man by false accusation I restore to him fourfold," he gives good evidence that he had primarily been of an honest nature. Then perhaps it was his honesty that led the Romans to offer the office of tax collector to him. Perhaps the Roman officials came to him and said: "Zaccheus, would you not like to be the tax collector for the city of Jericho? You know everybody. You know just how much they are worth. You can make more out of it than anybody else." "Oh, no," I think I hear Zaccheus say, "I do not want the position. It is one of the meanest and most contemptible positions on earth." "I know it," says the Roman governor, "but, remember, somebody has to take this position, and if you take it think of all the money you can make and how rich you can leave your family. You had better take it, Zaccheus." Then in a moment of great temptation, perhaps, Zaccheus fell. Do you not think he ever regretted that he took that position? And when Jesus called him back to the better life do you wonder that he gladly climbed down out of that sycamore tree and asked Christ into his home? Do not make the mistake of thinking that a great sinner never has a desire to come back to the better life.

How many men are there whom, like Zaccheus, you might lead to Christ? Here is one whom you call a stony hearted, brutal, saloon keeper. You think he is brutal, but he is not. There never was a man who loathed the curse of liquor more than he loathes it. If you talked to him, you might find that he drifted into the whisky business as thousands of whisky dealers have done. They honestly tried to find other employment, but could not. Then in a spirit of desperation they took employment in a saloon. Before they knew it they commenced to make lots of money. But in the midnight hour, in the darkness of their rooms, some of these saloon keepers have realized again and again that the road they are taking to fortune is marked by tombstones and coffin lids and open graves. Only too willing would thousands of the saloon keepers be to turn their backs upon the evil traffic they off knew a way to get out. If you, O man, would accost some of these modern saloon keepers as Christ saluted Zaccheus, you might lead them

to the better and truer life, even as the publican of old turned his back upon his dishonest tax collecting.

**The Modern Zaccheus.**

Or take another case. Here is a plain, honest, simple farmer from one of the country districts elected to our state legislature. He is not at heart a bad man. He has always tried to lead a simple, honest, true, faithful life. He goes to our state capitol. His term of office is drawing to a close. He has a big mortgage on his farm. He has tried for years to lift that mortgage, but it is an impossibility. Just as the session of the legislature is nearing an end a railroad corporation tries to push through a bill to grab some land for its private use. That farmer knows the bill is wrong. But one day the lobbyist or representative of the railroad comes to him and says: "We need your vote to pass that bill. We know you are opposed to its passage. But if you can change your mind and vote for it we will give you five one-thousand dollar bills. That \$5,000 will just pay off your mortgage and leave your farm free of debt, and you can make an easy living for the rest of your life." The farmer looks at the money. He struggles against the temptation and at last yields. At once the newspapers open their broadsides against him. His good reputation is gone. Do you not believe this modern Zaccheus ever regrets what he has done? Do you not believe he is regretting his dishonest act now? If you accost him as Christ greeted the publican of old, do you not believe you might lead him to the better and truer life?

But, again, I think that Christ went to the house of Zaccheus to prove to the world that he wishes to save the rich man in his palace as well as the poor man in his hut. He wants to be the Saviour of Dives in his mansion, as well as the beggar Lazarus in his rags. The story of Zaccheus proves this. Was Zaccheus a poor man? Nay. "Behold, there was a man named Zaccheus, which was the chief among the publicans, and he was rich." Yes, whenever you think of Zaccheus you must think of him living in a mansion. You must think of him dressed in the most expensive robes. You must picture him having all that money can buy. It was to Zaccheus, a rich man, that Christ carried the gospel.

But, though Christ came to save the rich man, how hard it is to preach repentance and faith and judgment to come to the merchant prince and to the man who rides in a carriage and to one who has scores of servants to run at his bidding! It is easy enough for me to go to a murderer in his cell, just about to be executed for his crimes, and beg him to trust in Jesus, who saved the dying thief on the cross; but, oh, how hard it is for me to go to the rich man and say: "Merchant, with your gold; lawyer and doctor, with your lucrative practice; statesmen, sitting in senatorial halls and in gubernatorial chairs, Christ came to save the rich man. He came to save the aristocrat. He came to save Zaccheus. He came to save you. Oh, ye wealthy Zaccheuses, bulwarked up in your gold, will you not believe Jesus came to save you, even you?"

**Sale of a Beauty's Soul.**

In all probability you have heard the old story about Rowland Hill many years ago preaching upon the outskirts of London. A great multitude was gathered about the popular preacher. While he was preaching there drove to the outskirts of the crowd the carriage of the noted aristocratic beauty, Lady Eskine. Suddenly Rowland Hill in his blunt way stopped and said: "Now, brethren, we are going to have an auction sale. We are going to sell the soul of Lady Eskine, who is here, to the highest bidder. 'Who will bid first for this soul?' 'I will,' cries the world. 'What will you give for this soul?' 'I will give riches and honor and pleasure and fame.' 'Is that all?' 'Yes, that is all.' 'Who is the next bidder?' 'I am,' says Satan. 'I will give all the kingdoms of the earth. I will make men bow down to her. I will give her full license for all her evil desires until she reaches the grave.' 'Is that all?' 'Yes, that is all.' 'Who is the next bidder?' cried Rowland Hill. 'I am,' says Christ. 'What will you give?' 'I will give peace and joy on earth. I will give her many years of usefulness to mankind. Then I will give her eternal joy and life and peace beyond. I will give her a crown that shall never fade.' 'Dramatic was that, Oh, yes. Only a Rowland Hill dared preach such a gospel to a proud aristocrat. But what Rowland Hill said was true. Over every rich man as well as over every poor these three forces are struggling. Christ wants to save the aristocrat just as much as he wants to save the poorest peasant. Zaccheus was a rich man.

There is a beautiful legend told about Zaccheus which goes thus: Long after his conversion he continued to live in Jericho. He lived there until he became a very old man and till his hair became as white as the driven snow. Then in his old age he took upon himself a very curious habit. Every morning he would take a pail and go off alone for a walk and stay away two or three hours. He would come back with a smiling countenance, as though he had been with Christ. When his grownup daughter would ask him where he went, he would answer nothing. But one day his daughter followed him. She saw her old father go to the outskirts of the town to an old sycamore tree. When he got there, he took his pail and filled it with water and watered the roots of the tree. Then he plucked up the weeds about this old tree and kissed it and caressed it. Then he knelt down and prayed by it. When the daughter saw him doing thus, she said, "Father, why are you loving that old sycamore tree?" Then the old man said: "Why, daughter, don't you know? This is the most

sacred place on earth to me. It was under this tree that Jesus spoke to me."

My friends, that is only a legend, but has not that legend any message for you? Christ is speaking to you now. He would abide at your house and control your life and fill your heart. Come down from your high station, from your pride or from your despair. He condescends to plead with you. Open wide your doors, give him welcome and learn what a blessing comes to the man whose home has Christ for an inmate.

His firm the past few days has sold  
quite a number of hogheads, part  
of which was Caldwell county to-  
bacco, but not the best grade, at  
\$11.50 a hundred.

Mr. Wooldridge was in fine spirits

The American Society of Equity  
has issued a call for a national con-  
vention to be held at Omaha June  
5th, 6th and 7th, to determine the  
marketing and pricing of grain. It  
is proposed to have all the delegates  
agree on a plan to fix the price on  
wheat in the farmers' hands at one  
dollar a bushel, and also to have  
farmers make their obligations full  
due January 1st instead of October  
1st, so that wheat will not have to be  
dumped on the market to pay bills.

### SONS ARE MISSING

Farmer Thinks They Went Off With  
Pawned Bill's Show.

(From Tuesday's Daily)  
R. L. Long, who lives about four  
miles north of this city, was in town  
today trying to learn the route of the  
Pawned Bill wild west show which  
exhibited here last Saturday. Mr.  
Long says that he has been told that  
three of his sons left town with the  
show. If he locates the show he in-  
tends to take immediate steps to re-  
gain his sons. The boys are, Willie  
aged 15, Robert aged 18 and John  
aged 21. The father says that he has  
learned that the boys were seen  
about the grounds several times Sat-  
urday and that when the show re-  
loaded they were helping in the  
work. No trace can be secured of  
them after the show pulled out of  
this city. The show was in Evans-  
ville yesterday, and it is said, will  
go thence to St. Louis for a week.

By order of the executive com-

### ON HEAD OF RIDERS

CLARKSVILLE PLANTERS WANT  
PRICE TO BE PUT.

Appeal to Association and Governors  
of Our States to Offer Sub-  
stantial Rewards.

CLARKSVILLE, Tenn., April  
30.—The Dark Tobacco Growers' As-  
sociation met here with a large at-  
tendance. Reports from the differ-  
ent districts showed a scarcity of to-  
bacco plants and labor. The bugs  
are doing a great deal of damage  
and the unfavorable weather has re-  
tarded the growth of plants.

Resolutions in regard to the depre-  
dations that have been committed  
were read by Dr. Haskins, request-  
ing the executive committee to offer  
a reward of \$500 for the arrest of the  
parties guilty of these acts, and also  
requesting the governors of Tennes-  
see and Kentucky to do likewise. Dr.  
Haskins made a statement to the ef-  
fect that the report that Frank  
Brown's plant beds were salted was  
untrue. He said he visited the plant  
beds and believed them to be the best  
he had seen.

Dr. Dunn, of Robertson county,  
chairman of the advisory board of  
the association, told of the trials of  
the association in trying to maintain  
prices for tobacco that would remu-  
nerate the grower. He spoke of the  
success in selling all the crop of last  
year at a price at a considerable ad-  
vance over the previous year, and  
now there was only one hoghead  
left, and that was about half dirt.  
He said tobacco was being rapidly  
sold this year and that last week  
more than 2,000 were sold in "Black  
Patch." He estimated that the as-  
sociation would sell this year be-  
tween 40,000 and 50,000 hogheads.  
He spoke of the increase in member-  
ship, which had shown a substantial  
growth.

### EXAMINE GOVERNOR

Arkansas Legislature Wants to Know  
Exact Condition.

LITTLE ROCK, Ark., April 30.—  
The Arkansas legislature may order  
an inquiry into the condition of Gov-  
ernor Little.

It is declared there has been much  
secrecy about his illness, and Sen-  
ator Simms will introduce a resolu-  
tion to send a committee to Corpus  
Christi, Tex., where the governor is  
in a sanitarium.

The governor has been there since  
January and it is believed the legis-  
lature should know his condition  
before it adjourns sine die.

### THEATRICAL TRUST.

The Shuberts Join Forces With Klaw  
& Erlanger.

NEW YORK, April 30.—The Klaw  
& Erlanger and the Shubert theatri-  
cal interests, it has been announced,  
have been merged in a combination  
under the name of the United States  
Amusement Company. The new  
company immediately acquired from  
Messrs. Shubert and their associa-  
ted theatres in the following cities:  
Brooklyn, Buffalo, Chattanooga,  
Columbus, Denver, Kansas City,  
Louisville, Milwaukee, New Orleans,  
Pittsburg, Rochester, Springfield  
and Worcester and the Majestic in  
New York and from Klaw and Er-  
langer and their associates the Tre-  
mont theatre in Boston, Grand the-  
atre in Philadelphia and New York  
theatre in New York.

### FEW STRIKES.

CHICAGO, May 1.—The general  
prosperity of the nation and the  
prospect for great building activity  
are revealed by the fact that May  
Day, 1907, finds the relations be-  
tween capital and labor throughout  
the United States more amicable  
than they have been at this time in  
many years.

San Francisco alone, of all the  
cities, is threatened with serious  
trouble. The Metal Trade council  
is considering a strike, as, also are  
the street car men.

In Pittsburg 300 machinists are  
out, but it is believed the differences  
will be adjusted. Chicago's machin-  
ists are seeking a wage increase and  
threaten to walk out, but it is not  
believed there will be any trouble.

WANTED—Gentlemen or lady to  
travel for Mercantile house of \$250-  
000.00 capital. If desirable the home  
may be used as headquarters. Week-  
ly salary of \$1,000.00 per year and  
expenses. Address J. A. Alexander,  
125 Plymouth Place, Chicago, Ill.
