FULL ATTENDANCE

DESIRED AT MEETING OF ASSOCIATION COMMITTEE

Politicians Warned That They Must Not Attempt To Make Use Of the Association.

The regular monthly meeting of the Christian county executive committee of the Planters Protective association will be held at the courthouse next Monday. Chairman W. W. Radford was in the city yesterday and stated that while there were no new or unusual features to be considered at this meeting that there were a number of matters of importance and that a full attendance of the district committeemen was desired. All members of the association as well as the general public are also invited to attend the meeting.

No Hobby-Horses.

CADIZ, Ky., Aug. 14.—There having been some indications around here recently of an attempt to use the tobacco association for the purpose of advancing certain political interests, Mr. E. E. Wash, Democratic nominee for representative from this county, offered the following resolutions at the meeting of the Trigg County Tobacco association here, which resolutions were unanimously adopted:

"Whereas, It has ever been the tactics of unscrupulous and designing politicians to endeavor to take advantage of every popular movement intended to benefit the people; and,

"Whereas, It is and always has been their practice to first join and take an active part in such popular movements and to profess great love for the principles for which they stand; therefore be it

"Resolved, by the Planters' Protective association of Trigg county, Ky., now in meeting assembled at Cadiz, Ky., that we shall condemn any effort upon the part of anybody to use us or our association to further his political ambition.

"Resolved, second, That we are opposed to this association being dragged into the mire of political strife.

"Resolved, third, Just as eternal vigilance is the price of liberty, so eternal vigilance is the price of success and purity of purpose in any movement looking to the benefit of the people. Therefore, we shall be on the alert, and if any designing politician or politicians shall undertake to use us or this association to further his political schemes, we shall resent his actions as an insult to our intelligence and as an effort to prostitute this association into a political hobby upon which to ride into office."

SERVICE CRIPPLED

The telegraphers' strike has badly crippled the local service. While neither the Postal nor Western Union offices will be closed here, messages taken are subject to delay as a result of the inability to send them promptly. Messages were not being received at either office this morning with any promise of prompt delivery.

At nearly all the important cities the operators have walked out. The number of messages received at the local offices have been greatly reduced, senders preferring to send them through the mails with special delivery, rather than take chances on tying them up at some of the offices.

The United States and Canada are completely tied up by the strike of the operators.

More than 15,000 men are out and 100 of the largest city are affected.

To Try to Bring About an End to the Strike.

CHICAGO, Ill., Aug. 14.—The board of trade decided today to appeal to President Roosevelt to the telegraphers' strike.

NIGHT RIDERS SUSPECTED OF BEING FIREBUGS.

Tobacco Patch Near the Scenes Ruined.—Bloodhounds Were Unable to Follow Marauders.

CLARKSVILLE, Tenn., Aug. 15.—(Special.)—The little town of Fredonia, this county, was thrown into a state of excitement yesterday morning by the burning of the general merchandise store of W. E. Wall, a prominent farmer and non-Association man.

The fire is believed to have been caused by the "night riders." The loss is estimated at \$4,500, with \$1,700 insurance.

Revival Meeting.

Mr. G. H. C. Stoney, of Cadiz, began a meeting at Roaring Springs on Monday Aug. 12, to continue over next Sunday. Much interest is shown by the people. The Rich church expects to meet with the church at Roaring Springs next Sunday. A pleasant time is anticipated.

WERE DRESSED IN CLOTHES THEY HAD STOLEN.

Showed Officers Where Part Of the Booty Was Hidden.—In Jail Here.

The men who broke into the clothing store of S. A. Powell and the drug store of L. A. Miller, at Pembroke Monday night, and stole a quantity of clothing from the former and jewelry and money from the latter, were arrested Wednesday near Trenton where they were found lying in some woods.

The men were brought here last night by Marshal Jackson, of Pembroke, and locked up in the county jail. They gave their names as Will Franklin, of Louisville, and Willie Richmond, of Nashville.

STRIKE SITUATION

CHICAGO, Ill., Aug. 15.—The situation in the strike of the telegraph operators remains practically unchanged. The strikers seem to be well satisfied with the situation. Commercial business is badly hampered. The press associations seem to be in somewhat better condition. Several railroads have been threatened with strikes by their operators who refuse to send commercial messages.

President Small of the telegraphers union is expected to reach Chicago tonight from California and it is thought that he will immediately issue an order calling out the operators in the offices of the stockbrokers.

Mr. Bartley, of the Dering & Frank Lumber Co. who has been seriously ill of fever is reported to be some better.

REDUCTION ANNOUNCED IN TOBACCO INSURANCE RATES.

Indicates That Confidence Has Been Largely Restored.—Announcement Is Made By Inspector Chittenden.

Through their local inspector, Herbert Chittenden, the Kentucky Board of Fire Insurance Underwriters has announced a reduction of 25 cents in the premium on each \$100 worth of tobacco which is stored in a regularly appointed storage house. This is a considerable reduction and applies to the entire state of Kentucky. It is especially welcomed in this end of the state where there had so much uneasiness and rumors in regard to the intention of the insurance companies to refuse to insure tobacco at all. The reduction is the strongest indication which the companies could give that they consider tobacco, when stored in regular storage houses, as a good risk.

ELECT GOOD MAN

Joseph K. Twyman Will Supervise Building of Roads.

J. K. Twyman was unanimously elected by the fiscal court to the newly created office of superintendent of the construction work upon the roads of the county. Mr. Twyman has served as street engineer for the city of Hopkinsville and is thoroughly capable in every way of fulfilling the duties of that office.

Sam and Henry Frankel left this morning for New York. Mrs. Henry Frankel accompanied them as far as Louisville where she will be the guest of her brother.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

There is an intelligent thinking woman, in need of relief from weakness, nervousness, pain and sickness, then it may be much to you that there is one tried and true honest medicine on record—*Dr. Pierce's Favorite Prescription*—sold by druggists for the cure of woman's ills.

The makers of *Dr. Pierce's Favorite Prescription*, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of *Dr. Pierce's Favorite Prescription* will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of *Dr. Pierce's Favorite Prescription* for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's ills has any such professional endorsement as *Dr. Pierce's Favorite Prescription* has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address *Dr. E. V. Pierce, Buffalo, N. Y.*

From Day to Day

The Eagles will hold a carnival in the city next month. The Robinson Amusement company will furnish the attractions and the dates will be Sept. 23-28. The plans are subject to the action of the city council at its next meeting.

Emmett Jones' Country Seat.

Strenuous life is killing men of Chicago at a tremendous rate, while women are increasing in long endurance by the simple life. During the past seven months five men have died to two women, according to statistics published. Men are living 30 per cent faster, take less care of themselves, eat quick lunches, court danger, dissipate and work harder.

Prof. M. E. Jaffa who has been connected with the state university at Berkeley, Cal., for thirty years, says in a bulletin just prepared for the United States department of agriculture that ten cents' worth of peanuts contains more than twice the protein and six times the amount of energy contained in a porterhouse steak.

These conclusions were arrived at after an exhaustive study and experiments carried on in Berkeley with students and others as subjects.

SOME IMPROVEMENT

IS NOTED IN CORN CROP OF KENTUCKY.

Tobacco Short in Acreage And Condition.—Following For Wheat Is In Progress.

The monthly report of state agricultural commissioner Vreeland is as follows:

The weather during the month of July was ideal for growing crops. Generally warm days and nights, with frequent showers. The rain was amply sufficient for corn and tobacco without materially interfering with the cultivation. In some localities there was complaint of the showers being so frequent that wheat threshing was interfered with, and some wheat was damaged by sprouting. Some hay was also damaged, but most of this crop was saved before the rain set in. Only a few counties report damage from excessive rains.

The corn crop has improved wonderfully, moving up ten points in condition during the month—79 July August 89; prospect for average crop 90. The yield of wheat is 80 per cent of an average. The berry crop is good. The oat crop is a short one, only 71 per cent. of an average. Barley is also short 24 per cent., and rye 15 per cent. The prospect for hemp is 95 per cent. of an average crop.

The tobacco crop is short both in acreage and condition. The prospect for an average crop of Burley is 82 per cent. and condition 80 per cent. Dark, prospect, 71 per cent.; condition 79 per cent. The low condition of the tobacco crop is largely caused by late planting and unfavorable weather in June.

Meadows, pastures and clover are in fair condition. The outlook for clover seed in the state is good, considering the trouble of getting a stand the last few years.

The condition of live stock is generally good. The number of young mules is very much below an average.

Following for wheat has begun in many counties, and will be pushed weather and other conditions being suitable.

TYPHOID FEVER

"A person who develops a genuine case of typhoid fever, has the fever for probably a week before he takes to his bed," is the statement which was made recently by a prominent physician. Continuing, the doctor said: "If the person who shows the usual symptoms of fever, such as tired, languid feeling, a variable appetite, hot flushes or a feeling that the brain is unable to take hold of and work out any proposition, will use a few simple remedies, a large proportion of fever sufferers would be prevented. These remedies consist of a good purgative and a tonic, and if used promptly they will dispel the threatening indications in a majority of cases."

To the doctor's advice it might be added that if the remedies fail to bring about a healthy condition then the patient would better consult a good physician, for fever is one of those diseases where a course of prevention is worth a whole pound of cure.

This advice should be heeded by Hopkinsville and Christian county people.

Fever patients are increasing at an alarming rate, there now being quite a number who are in bed with this dread disease.

In Nashville considerable apprehension is felt that this disease may become epidemic and even now there are not enough trained nurses in the city to care for those who are already sick. The disease is said to be in a very serious form.

Another thing which goes a long way toward preventing fever is to see to the cleanliness of your premises and the purity of the water supply. The city officials have paid special attention to having the city cleaned up from one end to the other just for this purpose, but their eyes are not all seeing and if they have overlooked any danger breeding spot, either have it attended to or report it to the board of health or police.

GIRL BABY'S AWFUL ECZEMA

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. By this time she was nothing but a yellow, greenish sore. Well, he said he could help her, so we let him try it about a week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 3. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Oswego to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we would try doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1, and in three days our daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. Of course it could not restore the eyesight, but if we had used Cuticura in time I am confident that it would have saved the eye. We think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, R. F. D. No. 9, Fulton, Oswego Co., N. Y., August 17, 1906."

In Memoriam.

Of J. E. Quine, who was born May 31, 1865, died July 5, 1907, therefore, he was forty-two years, one month and four days old.

It is to be remembered that the subject of this sketch was killed by a runaway team on the farm of John McCain, near LaFayette.

Mr. Quine was temperate and industrious, kind to his family and neighbors, and never too tired or too busy to go to the suffering. On account of his willing mind he was always among the first to be called in time of accidents, sickness, and free gratis work, never murmuring or complaining at the frequent calls.

He joined the Little River Baptist church where he was about seven years of age and remained a member for several years, but finally a disturbance came up in the church, resulting in several members withdrawing, among whom was Mr. Quine. He never any more united with the church, but remained obedient to his religious duties until his death.

Save his widow and two little boys he leaves only one relative, (Pink Quine, an uncle) bearing his name. He was a nephew of the late Bufam Carter and a first cousin of Robt. James and Major Carter.

No one knows the hour that the Lord will come. On the evening of Mr. Quine's death he left his house, sound and hearty, at one o'clock, to go to his work, at five o'clock he was brought home a corpse. Oh, what a shock upon the family! Death is as a sad even when it comes to the lingering invalid, the groaning rheumatic, or the old and infirmed; but when it falls suddenly upon the good and useful, young and hearty, it makes a sore wound upon the hearts of friends and loved ones.

His mortal parts are sleeping in the Powell Wooten cemetery, near LaFayette.

Little boys, become reconciled to your father's death, realizing that God knows best and does best in all things. He cannot come back to you but you can go to him. Though you have no father on earth you have one in heaven who makes special provisions for the fatherless. He has promised you aid and guidance, so remember him in troubles and afflictions and he will lead you through this life and into life eternal. Were I the ruler of this universe, Endowed with the power of the God above,

I would blot out anguish and death, And mold all enmity into love; I'd take from each of God's newborn creatures

Every sorrow germ at the day of its birth, I'd lift all the pool, burning souls out of hades

And give them an endless life of mirth. R. M. T.

SALARY QUESTION

MR. DUNN SAYS TOO MUCH IS NOT PAID.

Ed Webb Asserts That But One Officer Gets More Than His Services Warrant.

A dispatch from Springfield, Tenn., says:

"The Robertson county branch of the Planters' Protective association met here yesterday. County Chairman Dunn, speaking of the recent kick made concerning the high salaries paid some of the officials, explained the matter and contended that no officer is being paid more than he deserves."

A Clarksville press despatch in a notice of meeting of the association in that city says that Ed Webb, of Trenton, Ky., discussed the salary question. He said in part:

"Do you know what you pay for selling a hoghead of tobacco in every independent house? Two dollars and fifty cents is what you have to pay, when in the association you pay only \$1.75, and you have to pay 1 per cent everywhere and when you pay it to the association house you pay for your business. Compare the situation now and three years ago, and see if there ever was a gigantic business run on less money than 1 per cent of its receipts. There is but one man in the association who is drawing a larger salary than the service warrants, and that is the treasurer, but when we consider that he gave two years hard work for the association free of charge, I believe that the present salary is to only partly remunerate him for these past services. Let us stand by our officers in the discharge of their duties and everything will work out all right."

MORE OUTLAWRY

Dynamite And Gun Shells The Latest Example.

CLARKSVILLE, Tenn., Aug. 9.—Last Monday night some one placed a few gun shells and a stick of dynamite on the gatepost near the residence of Dr. John Barker, in district two. It has been reported that Dr. Barker last year sold a part of his crop out of the association, but he has been reported as being now a member in good standing. Dr. Barker supposes some one did not know that he has promised the present crop to go straight.

G. N. Gentry, who had a large amount of tobacco pulled up several weeks ago by "Night Riders," has sent the following letter, which was received by him requesting that it be published as per instructions:

"St Bethlehem, Tenn., Aug. 7, 07. — Mr. Gentry: We just want to give you a taste of high life. We want the acreage cut to the limit. If you don't think we have got enough please pull up the amount. We advise you to live a truer man than you have been, if you do, this need not fear any further trouble. We expect to see that the acreage is cut all over the black patch. All men had better pull it up for fear that we will get too much. We want you to have this published, please. Good bye, old fellow; we expect to return to our families sometime tonight. S. S. S."

NEW SUPERINTENDENT.

Prof. Hamlett Succeeds J. H. Anderson in Baptist Sunday School.

At the monthly business meeting of the Baptist church, last night, the resignation of James H. Anderson as superintendent was received and Prof. Barksdale Hamlett was elected as his successor. Resolutions were adopted expressing the church's loss in the removal of Mr. and Mrs. Anderson to Knoxville and commending them to the grace and fellowship of the church, with which they unite. F. P. Renshaw was re-elected trustee of Union Tabernacle.

Dr. Carlstedt's German Liver Powder is a wonderful remedy, a prescription used for over fifty years by an eminent German physician in his practice both in Europe and this country and sold by thousands of druggists all over the world. So mildly natural are the effects of this remedy that all Kidney and Liver troubles give way to perfect health. It cures the worst cases and many have been cured who had tried every known remedy.
Symptoms of Liver Complaint: Dyspepsia, indigestion, rheumatism, gout, skin eruptions, sallowness, constipation, dizziness, vertigo, headache, piles, pain in the back, melancholy, bad breath, furry tongue, horrid taste, unpleasant dreams, insomnia, undue sleepiness, nausea, flatulence, swelling of the abdomen, colicky condition of the bowels, pain and soreness in the stomach, liver spots on the skin, loss of memory, impaired vitality, dire forebodings, lack of energy, indigestion, crankiness, blood poisoning, nervousness, falling hair—oh, there are lots of them and each one emphasizes the importance of having Dr. Carlstedt's German Liver Powder constantly within reach. It is the right thing at the right time, sure and certain in effect, pleasant and perfect in action.
For your own sake, don't neglect any of the symptoms of liver disorder or the complaint will become chronic and the ultimate, after untold sufferings, is DEATH.

YOUR DRUGGIST

can tell you all about Dr. Carlstedt's German Liver Powder; it has cured many of the customers who are recommending it to their friends.

Better than testimonials is the guarantee under which Dr. Carlstedt's German Liver Powder is sold. If it does not relieve and cure you it will cost you nothing, so go at once and procure the remedy and take along this guarantee.

HENDERSON, Ky., Aug. 10.—As a result of lying for forty-eight hours on the ground at a camp-meeting near here several days ago, Mrs. Fannie F. McQuerry, aged 68 years, has been declared insane. She declared before a commission in a justice's court that she goes to heaven every night and occupies a seat with the angels. She will be taken to the asylum at Hopkinsville.

POPE PIUS WORRIED

SUFFERS MENTAL ANXIETY OVER
DEMONSTRATION.

Claims That Most Of the Charges
Made By Anti-Clericals Are
False.

ROME, Aug. 10.—Persons who have seen the pope lately say that he is suffering from mental anxiety caused by the outburst of anti-clericalism. Like almost everyone else he knows that most of the charges made by the anti-clericals, on which the movement is ostensibly based, are false, while others are shamefully exaggerated, and the church is being made to suffer for the misdeeds of a few black sheep. Two of these his holiness has publicly unfrocked. They were rectors of parish churches in Rome.

SAME OLD QUESTION

OF TWO BODIES OCCUPYING THE
IDENTICAL SPOT.

For the past two or three days the office of County Superintendent W. E. Gray has been filled with colored people. The occasion was a couple of cases in which two teachers held contracts for the same school. There was much interest manifested in the hearing of the cases and, as stated before, Prof. Gray's office was filled each day. The superintendent was the judge, the teachers in each case were the parties to the trial and in some instances they had retained lawyers to manage these cases.
One of the cases was in Robertstown school district which is in reality in San Domingo, the negro settlement just outside the city limits south of town. Here E. Poston and J. W. Head each claimed to hold the legal contract for the school, but Prof. Gray, after hearing both sides, decided that Poston should be the teacher.

The other case was in the Nelson Gee district near Church Hill where Margaret McKnight and Thos. J. McReynolds were the contestants. This case was decided in favor of the woman and one trustee, who it was alleged had signed both contracts, was removed from office for incompetency.

New president of the Delaware and Hudson company, one of the "Great Five" of the anthracite coal and railroad companies, and former president of the Rock Island.

Mr. and Mrs. John Stites, of Louisville, have announced the engagement of their daughter, Miss Mildred Bullitt Stites, to Mr. Joseph Rowlett Gant, of Kansas City, Mo. The wedding will take place on Tuesday, September 17.

The Rev. Millard A. Jenkins left last night for Asheville, N. C., to attend a family reunion, and will be absent from the city about two weeks. His pulpit next Sunday will be filled by the Rev. Dr. Oranor, of Illinois, a distinguished Baptist divine.

Attorney General Napoleon Bonaparte Hayes is preparing to go west at the expiration of his term of office, and will probably locate in Oklahoma. Gen. Hays has repeatedly stated that he intended to support the Democratic ticket in the election this fall and hopes to see it elected by a splendid majority.

Mrs. Sallie McDaniel Richards left yesterday morning for Diamond Springs where she will spend a vacation. The trip was awarded to her by the Maryland Casualty company of which she is the local agent for the large amount of business she has written this summer. She had the privilege of going to Jamestown Exposition, but preferred to rest at the Kentucky resort.

In the shoot on the State Rifle Range to a single Third Kentucky militiaman qualified as a sharpshooter for a place on the rifle team to represent Kentucky at the national shoot at Port Clinton, Ohio, the latter part of this month. The Hopkinsville contestants returned home full of regrets. Col. J. J. Henry and Gen. Roger Williams have been named as two officers for the Kentucky team. Five from the "Third" fell just short of the sharpshooters' score and will make the team if a sufficient number from 2d regiment, does not qualify. They are: Privates Beck, Lamb, Boyd and Corporal Davis, of the Eastington company, and Sergt. Stevenson, of Owensboro.

"Everybody Should Know" says C. G. Hays, a prominent business man of Cin. Mo., "that Buckle's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I'm used to it and know what I am talking about." Guaranteed by Cook & Higgins and Cook's Pharmacy. 25c.

Don't accept a cough cure that you may be told is just as good as Kennedy's Laxative Cough Syrup, because it isn't just as good—there is quite a difference. Kennedy's Laxative Cough Syrup acts gently upon the bowels and clears the whole system of coughs and colds. It promptly relieves inflammation of the throat and allays irritation. Sold by R. C. Johnson."

John Riha, a prominent dealer of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with the results." Sold by R. C. Hardwick.

ON DR. ERKILETIAN

ARMENIAN SOCIETY CONFERS A HIGH HONOR

Elected As Its President At Annual Meeting Held Last Month In Athens, Greece.

Dr. D. H. Erkiletian, of this country, has been notified of his election as president of the Society of Free Armenians. The election took place July 10, 1907, at the annual meeting of the organization which was held in Athens, Greece.

The organization in international and its object is to promote the interests Armenia in that country's struggle for national independence. The elevation of Dr. Erkiletian to the chief office is an unusual honor and a remarkable tribute to the service he has rendered the society. This is the first time in the long history of the organization that anyone has been called to the presidential chair from the United States.

Dr. Erkiletian is a native of Armenia and a member of a prominent family of that country. His activities on behalf of his countrymen caused him to be persecuted by the Turks, and to escape their atrocities and to further the propaganda of the Society of Free Armenians he came to America in 1896. He adopted the profession of medicine and was graduated from the University of Tennessee in 1906. He came to Laytonville, he has a large practice, and has also achieved a fine reputation as a lecturer on foreign countries and affairs. He is vice president of the Christian County Medical society. Armenia's independence was destroyed by Mamelukes in 1335. Since then the Armenians have been without an independent state, their country being divided by Persia, Turkey and Russia. They still have an independent church, with the seat of government at Constantinople.

HOLY WAR HAS BEGUN AND FRANTIC FOREIGNERS FLEE FROM MOROCCO

TANGIER IS ATTACKED BY FRENCH MOORS

SITUATION IS NOW DESPERATE

Europeans Who Cannot Leave Are Preparing To Fight For Their Lives.—Revolt Spreading.

TANGIER, Aug. 10.—The holy war in Morocco has broken with full force. Today Tangier was attacked. From this city to Cape Nun along the entire western coasts, the Moors are in arms, determined to drive out every foreigner.

In the interior the agitation is spreading rapidly. Tribes from the furthest corners of Morocco are sending their fighting men to join the cause of the Moors against the world.

More Fighting.

Fresh fighting has occurred at Casablanca, Rahat, Mehdiah, Mogador and Cape Nun are threatened, with immediate attack.

Foreigners everywhere are fleeing to vessels in the harbors for safety.

At Cape Jubi, just across the Moroccan border, Moors attacked and raided the town after surprising the

IDA TARBELL, WHO FIRST EXPOSED THE STANDARD, SAYS FINE IS ALL RIGHT

NEW YORK, Aug. 12.—"The day of the Standard Oil Co. in its old form is over. It must either conform now to justice and fair dealing or it will fall. I don't mean its day is over this year or next year, but it is as surely ended as right is right." Ida M. Tarbell, in an interview thus expressed her satisfaction at the assessment of \$29,240,000 fine on the oil trust by Judge Landis.

"After 35 years of such practices as the Standard Oil has been found guilty of, it is entirely just that the maximum punishment should be imposed."

"The Standard points to the men it employs and the immense sums spent in various charitable and educational undertakings with the inference that it is impossible for such good men to be guilty of such offenses."

"It seems never to occur to them that this is something that the public can see through."

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh cure. Send for circulars free.

S.S.S. FORTY YEARS OF CURES

Long experience and thorough testing have proven S. S. S. to be the King of blood purifiers and the greatest of all tonics. For nearly half a century S. S. S. has been used in the treatment of blood and skin diseases of every character, and so satisfactory have been the results that it is now the best known and most widely used blood medicine on the market. S. S. S. attracted attention as soon as it was placed on the market by curing promptly those diseases for which it was recommended, and we have so jealously guarded its first good reputation, by keeping it up to its standard in manufacture, that it now has the unequalled and pleasing record of "Forty Years Of Cures." For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases due to an impure or poisoned condition of the blood, there is nothing that equals S. S. S. It counteracts and removes the germs and poisons, cleanses the system of all unhealthy matter, cures the trouble permanently, and restores strong, robust health. Where the blood is weak or anaemic and unable to nourish the system as it should, S. S. S. supplies it with the needed properties, and being a bracing, invigorating tonic it builds up the entire system. It goes to the very bottom of all blood disorders, and in this way reaches deep-seated and inherited cases on which the ordinary sarsaparillas and tonics have little or no effect. Not only is S. S. S. certain in its results, but it is an absolutely safe medicine. It enjoys the distinction of being the only blood medicine on the market that is guaranteed purely vegetable. If you are in need of a blood remedy begin the use of S. S. S., the medicine that has proven its worth by its record of forty years of cures. Book on the blood and any medical advice you wish. No charge for either.

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair. Formula with each bottle. Show it to your doctor. Ask him about it then do as he says.

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor. Made by the J. C. Ayer Co., Lowell, Mass.

HARRISON ALEXANDER PUT TO DEATH AT SUNRISE.

TROOPS WERE AGAIN ON HAND

Rumors Both of Attempts at Rescue and Lynching.—Died Protesting That He Was Innocent.

GREENVILLE, Ky., Aug. 9.—Harrison Alexander, the negro youth who assaulted Mrs. Florence Whitehouse, a half-witted white woman was hanged at 5:32 o'clock this morning in the jail yard. He kept his nerve to the last and proclaimed his innocence until the black cap was drawn over his head. When the lever of the scaffold was drawn the body fell six feet but his feet touched the ground and it was necessary to draw the body up. Death from strangulation followed in 38 minutes.

Troops from Madisonville were on hand to prevent any disturbance, but all was quiet with no indication of trouble. There had been two reports which caused Adjutant General Lawrence, who was there in person to order out the detachment of troops. One was that there was to be an attempt by negroes to rescue Alexander. The other was that an effort would be made to lynch him.

ZION CITY NO MORE

OWIE'S CREED AND COMMUNITY HANE CRUMBLED.

Voliva, Present Head of the Cult, Will Found New Faith in Nevada.

CHICAGO, Aug. 10.—Zion City, once the home of a world-wide creed, is no more. Overseer Wilbur Glenn Voliva, stripped of every vestige of power by the U. S. District Court, announced today that he was ready to let the battered hulk sink into oblivion.

With the sale of the lace factories to a Chicago merchant, an ignoble end comes to the Christian Catholic church of Zion, founded by John Alexander Dowie, Elijah II.

Voliva, with a handful of followers, will migrate to Nevada, and on a reclaimed desert will attempt to propagate a faith.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration seems to be between 50 and 60 years; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Cook & Higgins and Cook's Pharmacy. 50c.

Another Answers Summons at Cadiz Where he Had Resided For Many Years.

(From Friday's Daily)

W. H. Chastain, a highly respected and useful citizen of Pembroke, died Tuesday after an illness of two weeks. He was a veteran of the civil war, having been a soldier in the union army.

He was born in Lyon county in 1828 and removed to Christian county thirty years ago. He was a carpenter by trade and was widely known as a skilled workman. His widow and three children survive him.

The deceased was a member of the Baptist church. The remains were interred Wednesday afternoon in Rosedale cemetery at Pembroke.

A. B. Crawley Dead.

A. B. Crawley, a prominent citizen of Trigg county, died Wednesday near Cadiz. He was a Confederate veteran and served throughout the civil war in Co. 8, 8th Ky. regiment. He was a member of the Methodist church.

He was born in Virginia in 1836, but moved to Trigg county from that state about 1861 and had since made his home there. In 1867 he was married to Miss Sallie W. Roberts, of Virginia, and this union was blessed with nine children, seven of whom are still living as follows: Mrs. John Roberts, of Cadiz; Mr. L. R. Crawley, Mrs. Forest Giles, Mrs. Whit Mitchell and Miss Ella May Crawley, of Trigg county, and Mr. Thos. B. and Wilt Crawley of this county.

The funeral took place at Cadiz.

Dr. Paul Anderson Dead. A telegram was received in the city by friends today announcing the death of Dr. Paul S. Anderson, at Redlands, Cal. Dr. Anderson removed from this city to Redlands about ten years ago. He was fifty-one years of age and was reared in the Kirkmansville neighborhood. He practiced medicine about twelve years in the vicinity of Caskey with large success. Funeral arrangements were not stated in the dispatch.

SPECIAL COMMITTEE

APPROVED THE COSTUME WORN BY LADY GODIVA

Ministers Had Been Preaching Against Fleshings as Suggesting Nudity.

COMENTRY, Eng., Aug. 9.—Mounted on a white palfrey and decorously clothed in masses of hair, pink fleshings and clouds of gauze, a modern Lady Godiva gave a representation of the historic ride through the city's streets.

Coventry had been Lady Godiva mad for a week. When a revival procession, last witnessed in 1887, was first mooted there were many who desired a strict adherence of tradition, even to the nudity of Lady Godiva, but the anti-fudists effected a compromise and a vaudeville actress whose specialty is to display herself in groups of living statuary, was engaged to represent the historic benefactress of Coventry.

The actress is said to have complained that she could make half a dozen summer frocks out of the gauze she was compelled to wear. Many of the local clergy, who had been preaching against the fleshings as being suggestive of nudity, left the city temporarily, but most of the people of the county and 80,000 to 100,000 from the outside had a sight of Lady Godiva as she traversed the six miles.

Lady Godiva, who flourished about the middle of the Eleventh century, was the wife of Leofric, Earl of Chester. She was a woman of great beauty and piety, and the benefactress of many churches and monasteries.

According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax, and he consented to do so on the condition that she should ride nude through the market place. This she did, covered only by her long hair and won relief for the people.

According to some versions of the story the people were commanded to keep within their houses while Lady Godiva passed and only one man, "Peeping Tom" disobeyed, and he was miraculously stricken with blindness.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves". Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Anderson-Fowler Drug Co., Incorporated.

FOR JAILING RICH

IF THEY ARE FOUND GUILTY IN COURT.

Bonaparte of the Opinion That Course Would be More Effective Than Fines.

LENEX, Mass., Aug. 10.—Attorney General Bonaparte today said: "I have noticed a good many complaints that criminal prosecutions against trust magnates and senten-

es of imprisonment for them have been very infrequent, and, in fact, unknown. It is perfectly true that in my opinion at least, a better moral effect would be produced by sending prominent men to jail than by heavy fines against the corporations."

Endorsed by the County.

"The most popular remedy in Otsego county, and the best friend of my family," writes Wm. S. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle of it in the house. I believe it to be the most valuable prescription known for lung and throat diseases." Guaranteed to never disappoint the taker, by Cook & Higgins and Cook's Pharmacy. 50c and \$1. FISCAL COURT ADVERTISES FOR BIDS ON SIXTY-FOUR MILES OF PIKE ROAD

Will Be Built Under Supervision Of Engineer Who Will Be Paid a Salary Of \$100 a Month.—Each End Of County Will Be Taken Care of Equally.

(From Wednesday's Daily)
The fiscal court met yesterday for the purpose of taking some action in the matter of the bond sale and of apportioning out the money coming therefrom. W. F. Garnett & Co., the nominal purchasers of the bonds, reported that their attorneys in the matter were still considering the legal conditions and that they had not yet been able to give their opinion. It is said that the attorneys live in Louisville which has caused the idea to get abroad that Louisville parties are interested in the purchase.

The fiscal court, however, decided to go ahead and take some definite steps toward securing the additional pikes. To this end they appointed two committees, one for the southern portion of the county and one for the northern portion, to advertise for bids for the construction of a total of sixty-four miles, these bids to be made according to specifications to be published later. The amount of pike to be built and the apportionment to each road, was made as follows:

For the southern portion of the county Magistrates W. L. Parker, J. M. Morris, H. B. Clark, J. F. Dixon and W. W. Garrett were appointed to advertise for bids for three miles of pike on the Gracery road, three miles on the Newstead road, five and one-fourth miles on the Palmyra road, twelve miles on the Lafayette road, beginning at its junction with the Palmyra road and three miles on the Nashville road, all this to be twelve feet wide and the metal twelve inches thick in the center and grade down to nine inches on the side. Bids will be asked by this committee for two miles of pike on the Bradshaw road, three miles on the Fairview and Pembroke road and three fourths of a mile on the Tobacco road beginning

at the road leading from the Tobacco road to the Clarksville pike via Edgerton, these pikes to be nine feet wide and the metal ten inches deep all the way across. This gives a total of 82 miles.

The committee for securing bids for piking the roads of the northern portion of the county is composed of Magistrates W. L. Parker, A. J. Estes, John W. Rogers and T. H. Moore and they will ask for bids on five miles of pike on the Princeton road, five miles on the Buttermilk road, five miles on the Greenville road, five miles on the Kirkmansville road, five miles on the Butler road, one mile on the Johnson's mill road and one mile on the Pilot Rock road, all this pike to be nine feet wide and ten inches of metal except on the Madisonville road which is to be twelve feet wide and the metal to be twelve inches thick in the middle and grade down to nine inches on the sides.

This shows a total of thirty-two miles in this section, or exactly the same amount as is to be built in the southern portion of the county.

It was also ordered that a civil engineer shall be employed by the county at a salary of \$100 per month whose duty it will be to see to the building on these pikes, the repairing of others and to perform any duties in connection with the roads of the county as he might be called upon to do by the fiscal court.

Road Supervisor Murphy was ordered to have the bad place in the road near E. D. Jones place on the Cox Mill road, filled with rock at once. The sum of \$500 was appropriated to J. G. Hord for the pauper fund. W. W. Johnson was ordered to have the jail and court house sewers connected with the city sewerage system.

LOGAN-McINTOSH.

(From Wednesday's Daily)

Miss Nancy Logan, of West Fork, in South Christian county, and the Rev. William McIntosh, of Poplarville, Miss., were united in marriage this afternoon at the home of the bride. The bride a popular and lovely young lady and a grand-daughter of Mrs. Charles T. Barker, of this city. The bridegroom is a prominent young Presbyterian minister and was graduated from the Southwestern Presbyterian university at Clarksville Tenn.

BIG BARN BURNED

TOGETHER WITH CONTENTS AND
LOSS IS \$5,000.

The immense barn of J. T. Garrett in the Pembroke neighborhood was burned about 1 o'clock last night together with all its contents. It is not known how the fire originated as the doors were all kept tightly locked and no one had been about with anything which could have dropped a spark. When discovered though, the building was in a blaze all over and nothing could be done to save the contents of the barn.

About 2,500 bushels of wheat was stored in the barn and this was practically a total loss. A threshing outfit was also destroyed as was a number of other farming implements and pieces of machinery. The loss will amount to probably \$5,000 with no insurance.

OFFICIAL CALL

For the Election Of County Commissioners.

GUTHRIE, KY., Aug. 12, 1907. To the members of the Planters Protective Association:

The members of the Planters Protective Association of Kentucky, Tennessee and Virginia are requested to meet at their respective voting places on Saturday Sept. 7th, for the purpose of electing the various district chairmen over the county.

On Saturday Sept. 14th, the district chairmen so elected are requested to meet at the county seats of their respective counties and elect from their number a county chairman and a vice-chairman for the ensuing year, the county chairman to be a member of the Board of Directors. These elections are to be held between the hours of 2 and 5 p. m.

We specially urge upon our members the necessity of electing strong honorable, conservative means, much of the success of the Association depends upon this.

Yours truly,

MRS. N. E. GREENE
Secretary.

By order of the Board of Directors. Guthrie, Ky., July 26, 1907.

FELL FROM BUGGY

M. O. MASON VICTIM OF SEVERE ACCIDENT.

(From Tuesday's Daily)

M. O. Mason was the victim this morning of a very painful accident. He was driving a H. Davis' pony on Seventh street and as he turned into Liberty the animal slipped and fell. Mr. Mason was thrown from the buggy with much force and his head struck the curb and was severely cut. His side was also badly bruised and one rib was fractured. He was taken into a residence on 7th street and his injuries were attended to by Dr. Ketchum who was passing along the street when the accident occurred. Mr. Mason was then taken to his home. He is about sixty years of age, a Confederate veteran and a highly esteemed citizen.

CUT OFF FINGER

John Tunks Victim Of Accident at Planing Mill.

(From Wednesday's Daily)

Yesterday, August 13, was certainly a hoodoo, for three serious accidents occurred. Two were reported in yesterday's impression of the New Era and the third occurred late in the afternoon when John Tunks lost a finger while operating a jointer at Forbes planing mill.

Mr. Tunks was holding a piece of timber against the machine when it became jammed and caught the forefinger on the right hand and cut it off. The wound was dressed promptly and is doing very well.

NOON IN HOPKINSVILLE.

What Is Going on in Town When the Clock Strikes 12.

Noon, the dinner hour, the hour of comfort, of pleasure and relaxation the one hour in the twenty-four which comes to men and women of every station with greater similarity than the hour of any other function in life.

Promptly as the clock strikes 12 in Hopkinsville the shadows on anxious faces turn to lines of good will, and if villainous hot bread, pies, spices and other indigestibles were excluded there would be no such words as dyspepsia or indigestion in the dictionary.

But the contrary is true, and medical science has to step in and aid the man or woman who has been too busy to pay proper attention to health.

The greatest step forward in medical discovery is Mi-o-na, which cures all stomach and digestive troubles.

In hundreds of the best homes in Hopkinsville and adjoining towns the handy little tablets so pleasant to take, yet effective, have given quick and lasting relief in indigestion and that disagreeable full feeling after eating.

Mi-o-na acts very gently. Much of its wonderful power over indigestion comes from its uniform but sustaining action. The required stimulating and strengthening is given to the important organs of digestion without producing the slightest weakness or reaction.

A 50-cent box lasts for a couple of weeks and will ward off a dozen attacks of indigestion. L. L. Elgin gives a guarantee absolute and unqualified, with every box of Mi-o-na to refund the money if it does not give satisfaction.

Important Suit.

Suit has been filed by the Henry county board of control of the tobacco growers' association against a farmer and an independent buyer, charging them with entering into a conspiracy to break up the organization. It charged that the farmer sold 8,000 pounds of tobacco to the association and refused to deliver it.

UNCLE SAM AROUSED

AND MAY PUT AN END TO NIGHT RIDING.

Cases May Be Presented To Federal Court.—Consultation Held With District Attorney.

The next term of the federal court will, no doubt make strong efforts to suppress "Night Riding," which has come to be a matter of very frequent occurrence in the dark tobacco district.

Indictments will be found against them for violating the interstate commerce laws and for intimidation in restraint of trade.

It is understood that several parties interested in putting this evil down in the border counties of Tennessee and Kentucky have held a consultation with District Attorney Tillman. If upon investigation the federal statutes were found to have been violated the case would be presented to the federal grand jury.—Nashville Banner.

"ANNUAL SHAKEDOWN"

Office Holders Must Come Across for Campaign Funds.

LEXINGTON, Ky., Aug. 13.—Although the civil service rules prohibit the annual "shakedown" of federal office holders in this state the order has been received here from Louisville, it is said, to collect 5 per cent of the salaries of the mail carriers, postal clerks and other officials to be used this year by the Republican campaign committee. The mail carriers will not feel this assessment so heavily because they received an increase in their salaries July 1 and the increase will pay the assessment.

Charged With Murder Complicity.—
Released at Request of Sister
Who Committed Suicide.

Robert and Richard Crepsaw, of Providence, have been released from the branch penitentiary at Eddyville, on parole, by the state board of prison commissioners.

They, with their sister, Mrs. Emma Roach, killed her former husband Ghoslon Teague in the depot at Providence about two years ago. She and Teague had separated and the trouble leading to the murder occurred over the custody of her two children. Mrs. Roach committed suicide recently in the prison at Frankfort. She left a letter to the prison board saying that she alone committed the murder and requested the release of her brothers. This with a largely signed petition secured their release from prison. They were serving a term of eleven years each for aiding and abetting the murder.

ORDERED TO JOIN

FARMERS NEAR CLARKSVILLE TENN., RECEIVED THREATS.

Demand That Crop Be Placed At Once In Association and "No Questions Asked."

CLARKSVILLE, Tenn., Aug. 12.—A letter was placed in the mail box of T. N. Watson Saturday, which when opened was found addressed to T. N. Watson & Bro. The note said in substance that their tobacco crop must be placed in the association and done quickly, and no questions asked. It said further that the people had grown tired of making sacrifices while they were aiding "hellish trusts." This letter, they stated, also applied to all their "hill billy" neighbors, and "we want it done right away." The note was written in printed letters and well punctuated, indicating the writer was well educated. The postmark on the envelope was Hickory Point and received at Clarksville. Mr. Watson lives at Rudolphtown and he and most of his neighbors have never joined the association.

LOST HIS FOOT

(From Tuesday's Daily)

The forfeit of jumping on moving trains paid about 1 o'clock this afternoon when Eulus Summers, a negro employed at the Acme Mills & Elevator company's plant, lost his right foot.

Summers had just finished eating his dinner and as a fast freight came by at a good rate of speed he ran out and jumped on it. The speed was greater than he had counted on however, and he was drawn under the car and his right foot amputated at the ankle. He was taken to his home on Vine street where a physician waited on him. Summers is about twenty two years of age and is married.

CONDITION BAD

Mayor Bingham Removes Superintendent of City Hospital.

LOUISVILLE, Ky., Aug. 13.—The medical board appointed by Mayor Bingham to examine into the condition of the city hospital reported today that the condition was terrible. Charges of mismanagement, filth and gross carelessness caused Mayor Bingham to remove Supt. Vogt and appoint Dr. Jonett Menifee to succeed him.

TWO STORES AT PEMBROKE ARE ENTERED BY BURGLARS

At Crygoods Establishment Thieves Changed Clothes and Left Their Old Ones Behind.—Also Stole Jewelry and a Few Dollars

(From Tuesday's Daily)

Two stores were burglarized at Pembroke last night, one of them being the clothing establishment of S. A. Powell and the other L. A. Miller's drug store. In both instances the thieves, for there were evidently two of them, secured an entrance by climbing through the transom over the back door.

At Powell's the thieves changed clothes entirely, leaving their old clothing in the store. They secured a complete outfit and some other articles.

At Miller's drug store they took

quite a lot of jewelry amounting to probably \$15 and also \$3 in money. Here they found a good pair of shoes belonging to Ernest McFadden, the clerk, and one of the thieves discarded the heavy pair of brogans which he had secured as Powell's and took Mr. McFadden's footgear.

It is thought that the thieves were two strangers who were loafing about the town all day yesterday and who left during the night and are known to have gone in the direction of Trenton.

FARMERS' MEETING

AT DAWSON SATURDAY WAS BIG SUCCESS.

Five Thousand People Present and Speeches Were Made by Association Orators.

DAWSON, Ky., Aug. 13.—The farmers meeting held here Saturday surpassed in every way anything ever before in the way of farmers' meeting held in the county. A conservative estimate places the number of tobacco growers present at 5,000 and there were many people at the meeting who represented all professions. The meeting was held in Franklin's Grove near Dawson Springs and a big barbecued dinner was served on the grounds. Many ladies and children were in attendance.

Chairman Bradley Wilson presided, and after prayer by Rev. Mr. Lamb, speeches were made by Everett Jennings, of Madisonville, John Allen, of Tennessee, Dr. J. W. Dunn, of the board of general managers. Dr. Dunn impressed on the membership the necessity of assisting the county chairman in every possible way, and requested that every tobacco grower in the county be given an opportunity to join the association before October 10, when the books will be closed. He also stated that he wanted the name and address of every man who refused to join in the fight for better conditions and more remunerative compensation for the farmers for the product of their soil and the fruit of their labor, and requested Chairman Wilson to see that a list of those so refusing was procured immediately.

Chairman W. W. Radford, of Christian county, was called on for a report. His report showed that over 12,000 acres are pledged to the association in Christian county. The estimated full crop in this county will be about 13,500, leaving only about 1,500 acres outside the association unpledged, and it is conceded that a great deal of this will finally be landed by the organized farmers. Chairman Radford was asked if there would be any trust buyers in Christian this year. He replied that he did not think there would be enough tobacco outside to justify a buyer going into the country.

Pledges Were Taken.

Quite a number of Christian county growers responded, several from Caldwell and fifty-three from Hopkins. The Hopkins county organization has secured about two hundred new members this year in the Dawson and Charleston section.

After an excellent dinner, there were speeches by Ward Headley, of

Princeton, Congressman John Wesley Gaines, of Tennessee, and Joel B. Fort, of Tennessee.

The last speaker was Congressman Owsley Stanley. He stated that, although he knew he was a marked man, and if it meant his assassination or his life, he stood ready and would continue to defend the association against any man or set of men who would attempt to rob and pillage the honest and tax-paying farmer of the fruits of his toil by capitalistic combinations and intimidation.

All the speakers discouraged lawlessness in any form by the members or friends of the association.

Chat About People and Things

The Rev. J. A. McCord, of Texas, is in the city visiting relatives. He is a former Christian county citizen and has many friends here. Dr. McCord is a brother of Officer Geo. McCord, whose guest he is. He will conduct prayer meeting service tomorrow night at the Baptist church.

Lucien M. Cayce will leave tomorrow for Cuba in the interest of a large wagon company of Toledo, O. Mr. Cayce was selected from a list of forty salesmen as the man best fitted for the trip. His family will remain in Memphis during his absence. He will return the latter part of October.

The four young ladies who were the winners in the Kentuckian's popularity contest which closed sometime ago, left Sunday for James town where they will spend a week seeing the sights at the exposition and there about and will probably return via Washington. The young ladies were Misses Maude Shunklin, Lois Accock, Maybel Dillman and Marian Barris and they were accompanied by Mr. T. E. Bartley as the representative of the paper whose guests they are.

Col. Henry Watterson, celebrated editor and orator, was the principal speaker at Lexington at the opening of the Blue Grass fair, which will continue for several days. The famous journalist was at his best and delivered a characteristic speech, running over with Wattersonian epigrams and witticisms which were applauded to the echo. He took a shot at both Bryan and Roosevelt, and protested against "the religion which sends the sugar and waters the milk before it goes to prayers" and "the morality which poses as a saint in public, to do what it pleases in private." He said that he did not care to live in a world that is too good to be genial and hoped that he "would never grow too old to make merry with his friends and forget for awhile he is no longer one and twenty." He defended the old time Kentucky gentlemen who drank whiskey and bet on horses and said they were honorable men who paid their losses and "marked the distinction between intemperance and moderation."

GENERAL STRIKE WILL BE ORDERED.

CHICAGO, ILL., Aug. 13.—Secretary Russell will issue orders this afternoon for a general involving 25,000 operators in United States and Canada.

Railroad operators may strike all over country of a B. & O. railroad carries out its threats to discharge an operator for refusing to send Western Union messages.

LOUISVILLE, Ky., Aug. 13.—Both the Western Union and Postal operators struck here today, walking out of the offices at 7:40 o'clock. Thirty-five union men quit work in the Western Union and ten in the Postal. Officials of the company and a few non-union telegraphers are at the keys. At noon the Western Union had ten men at work and the Postal eight. Seven operators employed by the Associated Press walked out. Only two men are

handling the A. P. wire, and the newspapers are getting less than one-third the usual telegrams.

CHICAGO, Aug. 13.—The strike of the telegraph operators spread rapidly the men walking out in many cities in the East and West. The chief strike of the day was in New York, where the operators of both the Western Union and Postal Companies left their instruments. Other strikes were as follows:

The Western Union—Montgomery, Ala.; Savannah, Augusta, Ga.; Des Moines, Ia.; Chattanooga, Cleveland, Buffalo, Baltimore, Toledo, Columbia, Pittsburg and Washington.

Postal—Columbus, O.; Des Moines, Denver, Los Angeles, Salt Lake City, Cleveland, Philadelphia, Buffalo, Baltimore, Columbia and Washington, D. C.

SURELY MISQUOTED.

What purports to be an interview
with Congressman Stanley is pub-
lished in Tuesday's issue of the
Evansville, Ind., Courier.

Here's a sample:

"In an interview here yesterday
Congressman A. O. Stanley of Hen-
derson, Ky., declared that there
was no such thing as a tobacco war
in Kentucky and charged that the
many stories of that nature which
have been sent over the country
were written by subsidized agents
of the American Tobacco company
and that that company is controlled
by the same clique who own the
Standard Oil company and is in fact
a part of the Standard Oil company's
holdings."

Mr. Stanley, according to the
Courier interview, said that there
had been "a few cases" of violence
and "night riding. One" was the
Princeton affair and another the
chauntism nt of a tobacco man at
Trenton.

"Congressman Stanley," says the
Courier, "has investigated both of
these cases and says that the motive
which actuated them was revenge
for personal insults which the 'Night
Riders' thought they had received
at the hands of the tobacco men in
question and not because of their al-
legiance to the Farmers' Protective
association, the society which is now
threatening to wrest the control of
the tobacco market from Johndee's
(Rockefeller) hands."

And then this:
"With the exception of the in-
stances cited, Congressman Stanley
says these 'night rider' depreda-
tions' were born in the fertile brain
of the Standard's expert newspaper
man retained for that purpose."

The interviewed concludes:
"Very little talk of any such thing
as a tobacco war is heard in the to-
bacco section and it is only when
we get out where the correspondents
have telegraphed their 'news' that
we hear of the fact that we are living
in the very midst of a broiling, see-
sawing and desperate tobacco war."

The Courier says that Mr. Stanley
is recognized "the world over" as
the best authority on tobacco ques-
tions in public life today.

Was Mr. Stanley "stringing" the
reporter or is he a victim of gross
misrepresentation. It is not con-
ceivable that a man of his intelli-
gence made all the statements attrib-
uted to him in a spirit of sincerity.
It is worse than foolish to shut one's
eyes to the alarming conditions that
have prevailed in some sections of
this tobacco district. Instead of "a
few" there have been many crimes,
and some of them of an extremely
serious nature. Minimizing the oc-
currences, as some persons and pa-
pers are seeking to do, is more than
apt to encourage outlawry. The
wisest course is to face the situation
squarely, act vigorously and put
an end to the devilry that is dis-
gracing the region.

A Washington man who tried fast-
ing for his health didn't live long
enough to see whether it helped him
or not.

The sperm whale could swallow an
automobile according to one scient-
ist, but we should think it would
fire him indigestion.

Little Vill of Children

Mothers and all others who have chil-
dren about the house cannot do their
families a better service than to learn of
simple and reliable remedies that correct
children's ailments. Many grown peo-
ple are suffering today for the ignorance
or negligence of those who had charge
of their bringing up.

Children are prone to constipation,
and if it isn't corrected early, the bow-
els get in the habit of not working nor-
mally and soon chronic constipation
results that may last off and on all
through life. Then children eat almost
continually and as a consequence indi-
gestion sets in soon followed by worms,
or stomach pains, or diarrhea, or any one of
a dozen other troubles. To say that it will
itself put itself into the child's system
is to say that it is trying with the child's present
and future health.

A better way is to give the child a dose of
something intended to cure that very trouble,
and nothing better is known than
Dr. Caldwell's Syrup Pepsin. It never grips
but acts gently and as it has a pleasant taste
the child will not refuse to take it. Buy a 30-cent
or \$1 bottle of your druggist and save the child
from sickness. You should remember that a
child whose stomach is in good working order
is not likely to catch colds and fever diseases.

Mrs. Curry, of Trowbridge, Ill., attributes the
remarkable health of her child to Dr. Caldwell's
Syrup Pepsin, which she gives regularly in these
disorders. Mrs. Eversole, of Hinsdale, Ill., is
trunk to say that the present good condition of
her five-year-old boy is entirely due to this won-
derful remedy. Try it in your own family and
see if you cannot share these opinions. Every
bottle is guaranteed to do exactly as we claim,
and the purity of ingredients is also vouched for.

Those wishing to try Dr. Cal-
dwell's Syrup Pepsin before buy-
ing can have a free sample bottle sent to their home by
addressing the company. This offer is to prove that the
remedy will do as we claim, and is only open to those
who have never taken it. Send for it if you have any
symptoms of stomach, liver or bowel disease. Gentlest
yet most effective laxative for children, women and old
folks. A guaranteed, permanent home cure. THE

In his speech at Jamestown, Mr.
Roosevelt proposed a federal inheri-
tance tax, not as a means of raising
revenue, but as a means of accom-
plishing a purely socialistic reform—
of decreasing swollen fortunes. But
he must have known that congress
has no power to lay a tax for any
purpose except to carry out the
legitimate enterprises of the gov-
ernment. Democrats favor gradu-
ated and inheritance taxes for reve-
nue only, and in the belief that
such taxes would enable us to re-
duce the trust breeding and oppres-
sive tariff.

We are to have a new orator in the
United States senate. His name is
Thomas P. Gore. He is totally blind,
but is said to be the most eloquent
man in the United States, and has
been nominated for a seat in the senate
by the Democrats of Oklahoma. But
President Roosevelt and the Re-
publican leaders are trying to invent
some scheme to keep Mr. Gore and
his state out of the union.

THE SUNDAY SCHOOL.

Lesson VII.—Third Quarter, For
Aug. 18, 1907.

THE INTERNATIONAL SERIES.

Text of the Lesson, Lev. xvi, 5-22.
Memory Verse, 2—Golden Text, Heb.
vii, 25—Commentary Prepared by
Rev. D. M. Stearns.

[Copyright, 1907, by American Press Association.]

I think the great lesson of today
would be better understood and ap-
preciated if we had first studied the
cleansing of the leper in chapters xiii
and xiv. I ask special attention to a
few points, such as the necessity of
being wholly leprous in order to be pro-
nounced clean (xiii, 13, with Rom. vii,
18). The two birds, one killed and
one flying away with the blood of the
dead bird upon it, typify the death
and resurrection of Christ, while the
cedar and scarlet and hyssop speak of
nature in its highest and lowest forms
(I Kings iv, 33; Ps. li, 7), which must
all go under the blood. The blood was
placed on hand, ear and foot, separat-
ing all to God, and the oil on top of
the blood speaks of the anointing for
service (xiv, 1-7, 14-17, 25-28).

The tabernacle consisted of two
rooms—the holy place and the most
holy—and the outer court. Into the
most holy or holiest of all, within the
veil, the high priest went only once a
year, not without blood, which he of-
fered for himself and for the errors of
the people (1-4; Heb. ix, 1-10). The
lesson today describes fully the ritual of
that day on which atonement was
made for the sins of Israel for the past
year, typical of and yet a contrast to
the atonement of our Great High Priest
made once for all, for "Christ being
come an high priest of good things to
come, by a greater and more perfect
tabernacle, not made with hands—that
is to say, not of this building—neither
by the blood of goats and calves, but by
His own blood, He entered in once for
all into the holy place, having obtained
eternal redemption for us" (Heb. ix,
11, 12).

Ordinarily the priest as he ministered
wore garments of glory and beauty,
which are fully described in Ex. xxviii
and every part of which is suggestive
of something concerning our High
Priest in His present work for us, "for
if He were on earth He should not be
a priest" (Heb. viii, 4). On this great
day of atonement the priest laid aside
his garments of glory, and, having
washed his flesh in water, he put on
only white linen garments till the
atonement had been made. How sug-
gestive of the Lord Jesus laying aside
His glory till He had made atonement
for the sins of the world! But He never
laid aside righteousness, which is
represented by the fine linen (Rev.
xix, 8).

It was necessary for the priest in
Israel, being himself a sinner, to make
atonement first for himself and his
house (verse 6), but our High Priest is
holy, harmless, undefiled, separate from
sinners and needed not to offer sacrifice
for His own sins, for He had none of
His own (Heb. vii, 26, 27). The
priest then took the two goats before
the Lord at the door of the tabernacle,
and one was chosen to be killed, the
other to bear away the sins of the peo-
ple, representing the death of our sin
offering and the result of His death,
the benefits to those who believe (verses
7-10). The golden altar of incense,
which always stood just before the
veil in the holy place, was for the
time being on this particular day vir-
tually removed into the most holy place
inside the veil (verses 12, 13), and thus
it is described in Heb. ix, 3-5, for that
chapter speaks of the work of this
great day.

The high priest could not minister
without the burning incense, and be-
lievers, as priests unto God, cannot
serve Him acceptably apart from the
mercy of the Lord Jesus, which is typi-
fied by the incense, the perfume of
which the fire drew forth. Some think
that because of degrees of holiness in
different people the service of some is
more acceptable to God than that of
others, but in Rev. vii, 3, we read that
incense had to be offered with the
prayers of all saints.

The incense burning in the holiest,
the priest could then go in, which he
did, first with blood for himself and
then for the people, and sprinkled it
upon the mercy seat and before the
mercy seat (verses 14, 15). From above
the mercy seat, between the cherubim,
God met and communed with His peo-
ple through Moses, His servant. Be-
neath the mercy seat, in the ark, were
the two tables of stone with the Ten
Commandments, representing the right-
eousness of God, which He requires,
but which we sinners cannot give, for
we have all broken it, and the soul
that sinneth it shall die. The blood
which was sprinkled on the mercy seat
said, "My substitute has died for me."

The result of this death of the sacri-
fice and sprinkled blood is seen in
verses 21, 22, where the live goat bears
upon him all the iniquities, transgres-
sions and sins of the children of Israel
to a land of separation (margin). It is
written in verse 30, "For on that day
shall the priest make an atonement for
you to cleanse you, that you may be
clean from all your sins before the Lord." This was done once a year
(verse 34), but by the precious blood of
our great sacrifice we have eternal re-
demption, and our High Priest is in
the presence of God for us (Heb. ix,
12, 24-26). By His one great offering
He has sanctified and perfected forever
all who put their trust in Him (Heb. x,
10-14). As to the forgiveness of sins
and their being remembered, no more
see Isa. xlii, 25; Acts xiii, 38, 39; Eph.
i, 6, 7; I John ii, 12; Heb. x, 17-25.

The Louisville Herald to Award \$10,000 in Prizes

Monday, July 1, The Louisville Daily
Herald inaugurated a
voting contest, in which \$10,000 in
prizes will be awarded the women of Ken-
tucky and Indiana. The plan adopted for
awarding these prizes is the fairest con-
ceivable, and no element of "luck,"
"chance" or "guessing" enters into the
plan. The campaign is to be conducted
along legitimate, competitive lines, and
every woman who enters the race will have
an equal opportunity to win a first prize
whichever she resides in Louisville or a
town of much smaller size.

The prizes offered by The Herald are
the most liberal ever given away by any
newspaper in the South. The capital
prize of the \$10,000 contest is \$1,000 in
cash. This large amount of money will
be given to the woman who secures the
largest number of votes in the entire
contest, regardless of district limitations.
As the contest runs but nine weeks, the
winner of this prize will earn \$100.00 per
week for nine weeks.
Besides the capital prize there are two
other grand prizes, consisting of two 1907
model automobiles. One of these ma-
chines is a brand new Aerocar, purchased
direct from the factory for the express
purpose of awarding it as a prize in The
Herald's contest. The other automobile
is a runabout model, valued at \$650.
The candidate who secures the largest
number of votes of the two automobile
winners will be given choice of the ma-
chines.

The contest is divided into twenty-five
districts. Each district will receive three
prizes. The first prize in each district
will be a free trip through the Eastern
States, including visits to New York, At-
lantic City, Philadelphia, Baltimore,
Washington, Norfolk and the Jamestown
Exposition. Every cent of the expense
of the twenty-five tourists from the time
they leave home until they return will
be borne by The Herald.
One of these free trips will, then, be
awarded to the candidate in each one of
the twenty-five districts who secures the
largest number of votes in her own par-
ticular district. The number of votes ac-
corded candidates in one district has no
bearing whatever upon the number of
votes accorded candidates in other
districts. This equalizes the competi-
tion and gives every one who enters the
race an opportunity to win.

JOHN LARKIN WEDS

Former Hopkinsville Citizen Has a Secret Marriage.

Mr. Jno Larkin and Miss Bertha Cates were married about a month ago at the home of Rev. P. D. Tucker and it has been kept secret since. Mr. Larkin has been uncertain for some time when he would have his vacation and decided not to postpone his marriage until then but to be married and keep it a secret until his vacation came, so about a month ago he and Miss Cates were united in marriage by Rev. Tucker with only Mr. W. T. Mills and Mrs. Tucker present, and no one knew of it until today when he and his wife started to Nashville and Hy-gela springs, where they will spend their honeymoon. Mr. Larkin is the day operator for the L. & N. in this city and is a very honorable and highly esteemed gentleman and Miss Cates is a daughter of Mr. W. L. Cates of this city and one of our most attractive and popular young ladies. Mr. and Mrs. Larkin will return to the city in a few weeks and be at home to their many friends.

TOBACCO HOLDERS

ARE NOW IN POSITION TO NAME THE PRICES.

Demand in Greater Than the Supply.—Low Grades are Especially Wanted at Present.

The same story of a demand greater than the supply on hand continues to be true of the local tobacco market. During the past week stocks have been sold to a considerable extent, although the amount on hand is steadily decreasing and the end of the season will soon be upon the market. There is no limit to prices of tobacco now except that which the holder decides he is willing to take for it. The seller names his price and there are always plenty of buyers to take him up at his proposition.

One thing that has been noticeable about the tobacco situation this season is the big demand for the low grades and the high prices which have been paid for this class. Up until a year or two ago it was the high grades which brought the fancy prices and were sought after, but now the opposite is the case. This is said to be due to the increase in all grades. The dealers now buy the low grades, even at the advanced figures, and make it do for those purposes which in past years they used the higher class of tobaccos. As a result, the better grades have been more or less shoved aside in the dealing, but they are now coming to the front.

As an example of this is the report of the Planters' Protective association's local salesman that 200 hogheads were sold this week at prices ranging from \$11 to \$15 with the association as with the general market the demand had been for the low grades until now the buyers are being forced into taking the better tobaccos as there is nothing else left.

On the general market all stocks are moving rapidly and there is only a small number of hogheads left. Prices are strong at last week's quotations. Reports are beginning to come in of damage to the growing crop from continued and frequent rains. Worms are also beginning to appear in many sections.

RAPIDLY MATURING

ARE PLANS FOR THE KENTUCKY STATE FAIR.

State Board of Agriculture Announces Details of Big Event to be Held Sept. 16-21.

The state board of agriculture, which recently purchased the Douglas Park jockey club at Louisville for permanent grounds and buildings for the Kentucky state fair, has not been able to close negotiations because the title company employed to clear the title and guarantee it has found that a part of the land bought has been dedicated to public uses, and, therefore, there may be some trouble in closing the public roadways, at least there will be a delay of a few months.

In the meantime the board has asked the owners of Douglas park to lease them the grounds for holding this year's fair with the understanding that as soon as the title is cleared, the property will be taken over by the state board. This Mr. Cella has declined to do, it is understood, although there is a probability of the matter being adjusted in the next day or two. The state board is determined that it will not take over the property until the title is perfect. This may mean that the fair this year will be held at Churchill Downs where it was held last year instead of on the home grounds of the state fair as was hoped.

Under any circumstances, the fair is certain to be held at Louisville on the dates mentioned, and we are asked by the State fair management to say to our readers that the plans for the state fair are maturing rapidly and satisfactorily, and that they can assure every Kentuckian that the fair will be the biggest one ever held in the south in the way of exhibits departments, in the way of big amusement features, in the way of music and in the way of attendance.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Hopkinsville, Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains come from sick kidneys.

'Twould save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Hopkinsville people endorse this:

Miss L. A. Hester, 826 North Main street, Hopkinsville, Ky., says: "I honestly believe that there is little

doe of any one suffering the torture of backache when such an effective

remedy as Doan's Kidney Pills can be secured at L. A. Johnson's drug

store. The prompt and thorough relief which followed their use in my

case has given me abiding faith in their merits. In the summer of 1903,

I was suffering greatly from soreness and lameness across the small of my

back and other difficulties arising from a weakness of the kidneys. Two

boxes of Doan's Kidney Pills was all I required to free me from the dis-

tressing pain in my back and restore my kidneys to a good healthy condition. I recommended Doan's Kid-

ney Pills at that time and during the four years which have elapsed, I

still hold the same good opinion of the remedy."

Chronic Diarrhoea Relieved.

Mr. Edward B. Henry, with the United States Express Co., Chicago, writes: "Our General Superintendent, Mr. Quick, handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy some time ago to check an attack on the old chronic diarrhoea. I have used it since that time and cured many of our trainees who have been sick. I am an old soldier who served with Rutherford B. Hayes and William McKinley four years in the 23rd Ohio Regiment and have no ailment except chronic diarrhoea, which this remedy stops at once." For sale Anderson-Fowler Drug Co., (Incorporated.)

NOT ANY FRICTION

AMONG DIRECTORS OF TOBACCO ASSOCIATION.

Whatever Differences Existed Were Outside of Board.—Why Barbecue Was Called Off.

GUTHRIE, KY., Aug. 10, 1907.

To the Kentucky New Era:—

We notice with regret an article in some of the leading newspapers saying that at the last meeting of the Board of Directors of the Planters Protective Association of Kentucky, Tennessee and Virginia held at Guthrie, Ky., July 25-26 there was much friction among the members and as a consequence the annual barbecue was indefinitely postponed.

This is misleading. We wish to state to the public that there was no friction among the members of board. Whatever friction or differences were manifested belonged strictly to those not of the board of directors.

The question of the annual barbecue came before the board as a business proposition, was discussed and disposed of as such. For many reasons, it was deemed more practical, for the present, to dispense with the barbecue, first because of the expense; second, there were many of our Western Kentucky and Tennessee people who, because of the railroad accommodations were kept away from home too long to think of attending.

Then, the barbecue would have called for very earnest work, and a great deal of time from every official and county chairman in the "Black Patch." We feel that this time and effort can be used to greater advantage for our membership, directed in other channels.

YOUR HAT

Buy Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has a few drawbacks. For one thing, it is a nuisance to grow more numerous every day. Hats make excellent seedbeds for the parasite germs which keep the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff, it is a sign that these countless germs are really at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. to camps for sample to The Herpicide Co., Detroit, Mich.

THREATENING LETTER IS RECEIVED BY PRESIDENT CHARLES H. FORT

RESIGNATION FROM OFFICE IS
DEMANDED.

"BETTER ORDER BODYGUARD"

Woman Evidently Wrote the Communica-
tion.—Plot To Assassinate
Has Been Discovered.

CHARLES H. FORT.
President Planters' Association

SPRINGFIELD, Tenn., Aug. 10.—There has been much excitement in the neighborhood of Adams, this county, on account of the attack on Dr. L. F. Sory, who narrowly escaped serious injury at the hands of what are supposed to be night riders. Dr. Sory was severely dealt with, after threats had been made to the effect that his life was in danger, and that he was too much in sympathy with the Dark Tobacco association.

This excitement was augmented to a great extent Thursday when Chas. H. Fort, president of the tobacco association, and one of the largest tobacco growers in Robertson county, received an anonymous letter stating that ten days would be allowed him to resign his position and disassociate himself from the association, upon penalty of exposing himself to serious danger if he did not obey the warning.

At a meeting of the executive committee of the tobacco association, held at Guthrie Friday, the matter was taken up and a careful investigation made. Some startling facts were produced to show that the attack upon Dr. Sory was made by a band of night riders, and that a plot had been entered into whereby if the dastardly attempt upon Dr. Sory had proved successful, it was the intention to go to the home of President Fort, call him to the door and cut his throat, and then go to Montgomery county and take the life of George Montgomery, a prominent association farmer. It is thought that this is the same band of men who sent the anonymous letter to President Fort. Their names are known to include some very prominent citizens of Robertson county. It is freely predicted that they will be caught within forty-eight hours, and some sensational developments are expected.

Written by Woman.

The letter received by Mr. Fort was written in a legible hand, and indicated that a woman had written it. It bears date Aug. 7, 1907, and was mailed at Adams. It follows:

"Dear Sir—We give you ten days to withdraw from the Planters' Protective association as president, and to publish same in all the leading papers. If you value your life more than you do the dishonorable office you fill, you had best take this advice, for you and your brother have done more to cause the ruin of our once peaceable community than any other three men in it. Now, you must retract. You must do something more than say, 'We deplore the great wrongs that have been done.' If you deplore same, stop it; you leaders can stop this lawlessness. To prove that you do encourage it when the law gets on to these night prowlers, you have been seen advising, instructing and sympathizing with them; in fact, helping them out in every way possible, when it was your duty as a Christian to help punish the guilty ones. All this sinful workings—for the love of the salary you are getting breaking the peace of our country, disorganizing our churches. Members of your own church have not for months attended worship, from having lost confidence in you, whom they considered so godly, being reared by God-fearing parents who would look down on such with shame. We have waited for your conscience to appeal to you, and now we warn you in time. If you don't take it, you had better order a bodyguard, for we won't do as you approve of your members doing—we won't destroy anything on your place—but we will go after the right one when the time comes, and it will surely come. Yours truly,
"FEARLESS."

Statement From Mr. Fort.

President Fort arrived at Springfield tonight from Guthrie, where he attended a meeting of the Executive committee. When seen by a representative of the American, he stated that he would under no conditions, withdraw from the association, and

Work on the three miles of new turnpike on the Tobacco road has been commenced and is progressing satisfactorily. It is the intention of the special commissioner, Jeff J. Garrett, to push the work as rapidly as it is possible to do good work. Though there has been much delay in getting started, the public may rest assured of a good road when it is completed. And we need it badly.

Frank Trice has sold his farm just outside of town to B. D. Eddins and has purchased Mr. Eddins' farm, about four miles north of town. The exchange will be made in the early fall.

Esquire Charles B. Fulcher, of the Fairview neighborhood, has been seriously ill for several days, but is reported so much improved as to be up. He has tuberculosis of the lungs and has had several hemorrhages.

W. E. Browning, Tom Ware and Charles Gum, well known colored citizens, have leased the horse show grounds for a three day fair to be held the last week in September.

Next week the great Christian County Horse Show, the biggest horse event to be held in Southwestern Kentucky, will be held in Pembroke, the biggest town of its size on the map. You don't want to miss it.

Judge W. P. Winfree, of Hopkinsville, and Summers Dean, of Muhlenburg county, were in the city Wednesday. The latter is in search of a South Christian farm.

A letter from T. W. Porter, who is in a sanitarium at Battle Creek, Mich., states that he is getting along splendidly. He also states that Mrs. W. A. Radford and Dr. W. S. Petrie, who are in the same sanitarium, are getting along very well, though the latter may have to submit to an operation.

800 PEOPLE A YEAR

BY LIGHTNING.

That Means That It's 99,999 to
1 You'll Not Meet Death
In That Way.

Did the flashing of lightning and
claps of thunder scare you last
night?

An average of 800 people are killed
in the United States each year by
lightning, according to data collected
by the weather bureau. This means
that about 1 in each 100,000 of population
is killed in that manner.

The belt of most numerous visitations
includes all of Florida except
the southernmost tip, the lower
edge of Georgia and the southeastern
corner of Alabama. In that belt an
average of forty-five thunderstorms
a year is experienced.

The zone of next greatest frequency
includes the more northern parts of
Georgia and Alabama, and its annual
average is forty storms.

Thirty five a year are experienced
in a somewhat irregular belt north
of this, and including still more
northern parts of the states last
named, as well as the whole of Mississippi
and Louisiana, nearly all of
Tennessee, the adjacent corners
of Illinois and Kentucky, the southern
part of Arkansas and the eastern
central part of Texas.

Another belt of equal intensity extends
throughout central Illinois
and adjacent sections of Indiana,
Iowa and Missouri.

Four times more persons of outdoor
pursuits than of indoor occupations
are struck. Men, like animals, are more apt to be struck
when collected in groups than when
alone. Out of every three persons
struck one survives, and probably
more than half would recover if
means were employed to induce
artificial respiration, as in cases of
drowning. More than half the persons
killed by lightning are struck
while standing under trees.

Society

Pleasant
Events of the
Week.

(From Saturday's Daily)

The younger society men gave a dance Wednesday at the dancing school which was a very agreeable event. The guests of honor were the fair visitors in the city. Lebkuecher's orchestra furnished excellent music.

Misses Mary West Pickering, Mattie Dunlap and Ernestine Elder, bright and pretty Clarksville girls, have returned home after a visit to Miss Addie Green. They were recipients of much social attention while in the city.

Picnics, parties, dances, hayride, theatricum parties and automobile trips are the order of the day. Despite the hot weather, the young people are having a jay time.

Monday night Miss Catharine Long was the pretty hostess of a large entertainment given at the home of her parents on South Virginia street. The guests were congenial and everybody had a good time. The refreshments were very much enjoyed.

Miss Susie Stites gave a beautiful entertainment last night for her young nephews, Frank and Joseph Stites, at her handsome home on East 7th street. The spacious lawn, with its myriad of light and crowd of happy young people, was a scene of rare loveliness. Delightful refreshments were served.

Mrs. M. H. Nelson entertained the card club Thursday afternoon at her hospitable suburban home in honor of her charming daughter, Mrs. Chas. Graves. The club prize was won by Mrs. A. H. Edwards and the visitor's prize by Mrs. Henry M. Frankel. Dainty refreshments were served.

Miss Louise Downer was the honoree of a most enjoyable party, Thursday night, given by Mrs. J. W. Downer at her home on South Main street. The rain prevented the holding of the lawn fete which had been planned, but the young people, about fifty in number had the freedom of the residence and the evening was delightfully spent. The refreshments were ices and cakes.

Complimentary to her popular visitors, Miss Barker, of Kennedy, and Miss Brown, of Mississippi, Mrs. Jefferson D. Morris gave a charming entertainment Wednesday evening at her home on South Virginia street. Euchre and bridge whist proved highly agreeable diversions and seasonable refreshments were served.

Mrs. Preston Thomas was the hostess of this week's meeting of the As You Like It club. Besides the members, there were many guests present and the entertainment, which took place yesterday afternoon, was a delightful one. A literary contest was a pleasant feature of this occasion and attractive prizes were awarded to Miss Alise Dabney and Mrs. Henry M. Frankel. Delicious refreshments were served.

IN EQUAL DIVISION

The fiscal court will hold a special meeting next Tuesday for the purpose of winding up the sale of the \$100,000 worth of road bonds which was recently made to W. F. Garnett & Co., of this city. Downer & Russell, attorneys for the purchasers, are now investigating the legality of the conditions under which the bonds were sold and if their report is favorable the formalities of the transfer will be gone through with at this meeting. There is no apprehension that this report will be unfavorable and it is therefore expected that the bonds will be turned over to the purchasers and that some appropriations for new work will be made at this meeting.

As yet the court has not decided upon plans to govern the distribution of this money except that half of it shall be expended in the southern portion of the county and half in the northern portion, the Princeton and Fairview pikes being taken as the dividing lines. It is probable that at Tuesday's meeting some plans will be devised by which the amount apportioned to each half of the county will be divided among the different roads which are clamoring for appropriations.

The willingness of the persons living along these roads to assist in the work by cash contributions, the furnishing of teams, rocks and labor and in other ways will have much to do with securing these appropriations.

Talmage Sermon

By Rev.
Frank De Witt Talmage, D. D.

Los Angeles, Cal., Aug. 11.—In this sermon the preacher, who was an eyewitness of the rescue of the survivors of the appalling Columbia wreck, draws an eloquent and timely lesson from the disaster. The text is Psalm xlii, 3, "Though the waters thereof roar and be troubled."

Upon a curtain of one of the public places of amusement in the city of Chicago is a beautiful picture of the "White City" of the national exposition of 1893. Underneath this wonderful vision are written these words, "And should I live a thousand years I never can forget it."

This was the sentence which sprang to my lips when I sat down to write the horrible experience of the most momentous day of my life. But now, instead of seeing beautiful white buildings, with their columns and domes and minarets, and hearing the sweet notes of the most famous musicians in the world played in the gardens and hearing the songs and the merry-making of the happy parties which filled the gondolas of that new Venice of the west, I saw a sinking ship crowded with men and women. I saw lifeboats filled to the gunwales with helpless human beings. I saw the wreckage drifting everywhere. And above all, in imagination, I could see the white faces of men, women and children coming to the surface of the merciless ocean, eagerly looking to see whether their loved ones had been saved and then disappearing into those depths from which only the archangel's resurrection trumpet can now bring them forth. Should I live a thousand years I can never forget it. Perhaps even in heaven I shall yet talk over the horrors of that day with some who won the crown of martyrdom when the Columbia, one of the finest ships on the Pacific, collided with the lumber boat San Pedro and then blew up and added one more tragedy to the long list of marine catastrophes.

It was on a beautiful summer afternoon, July 20, 1907, that we set sail from that gem of harbors and passed through the Golden Gate of the Pacific at San Francisco. For weeks and months I had been preparing and looking forward to the time when, with my boy and a couple of dear friends, I could drop work and camp for a few weeks in the famous forests of northern California. The sea never looked more peaceful, the sky never more bright. Hard, grinding work for a little while was to be cast aside—no telephone, no telegraph, no callers, no mail, no engagements to speak. I was just to listen to the music of the woods and lie away to the secret haunts of the deer. For hours we paced the deck. Then the sun sank to the west, and the moon began to pave the crystal pavements of the deep with nuggets of gold. Silently, yet relentlessly, the dense fog banks began to shut out the lofty hills to our right. Then the hoarse and reverberating and irritating fog horn began to blow. "Well," I said to one of my friends, "no sleep tonight. I have traveled all around the world. I have been months and months upon the sea, and yet I could never understand why the sailors would persist in blowing that fog horn. The sea is so wide and the ships so few I do not believe there is any more danger of a collision than there is of shooting a deer in the woods if you lift your gun at random and shut your eyes and pull the trigger and know not where the ball will fly." My traveling companion said nothing. He always has that rebuking silence when I have made any statement which is a self-evident defiance of all the laws of common sense.

The Fog Horn's Call.
I went to bed in disgust. Hardly would I get to sleep when I would be awakened with the fog horn's call. "Look out! There is danger! Look out!" At 5 o'clock in the morning I arose and went on deck and ate some fruit. Then I returned to my stateroom and crawled into bed with my little boy. I had not been there more than ten minutes when I heard a rapid pattering of feet and the sharp command of the officers. I again arose. As I looked out of the stateroom I said, "What is the matter?" Then the officer, pointing ahead, said, "Look!" I looked, and, O God, I saw the saddest sight of my life. There was a small lumber boat which seemed to be "turning turtle." Its decks were simply swarming with people. Yonder were lifeboats. Here were rafts. Here were loose, floating life preservers. A collision had clearly taken place. But where was the other ship? With that the men and the women and the children, seeing the relief coming out of the fog bank, raised a cheer of thanksgiving. But for us on the George W. Elder we could raise no cheer. The scene was too tragic.

Then the work of rescue. As our great ship was rolling this way and that the boats came by. Some of the poor victims were covered with blood. Some were too exhausted even to look. Some were rescued only with their night garments, and some had only a blanket around them. From the time the Columbia was struck to the time she sank it took only ten minutes to lay her broken bones in the bottom of the sea.

"Stand back there! Stand back or you will sink your boats!" cried the chief officer. "Here, put that rope

around this woman. Now lift this old man up. Now, here is a child. Now for the other boat!" Then the empty boats would go back again for their loads of suffering. Poor, poor things! Some of them—delicate women—came up with only a drenched cloak to shield their bodies. Some fainted dead away as they were being hauled up. Some even then were weeping: "O God, my baby!" "O God, my husband and my children!" "O God, my wife and my two children!" It was a scene of pathos passing all human description. I saw strong men standing there with the tears running down their cheeks; brave women crying like babies.

Merciless Death.
I have often stood in the presence of death, and never did I witness death so merciless and cruel as on that sad day. What is the actual extent of the catastrophe I know not. But at the present writing I have been told that there were at least 105 lost of the 225 souls which the Columbia carried on board. God pity the broken hearts of that night's awful work! God pity the children who have been bereft of their parents' love and care! God pity the wrecked homes and the wrecked lives!

As a pastor and Christian teacher I learned many gospel lessons from this heartrending tragedy. Heroic deeds of self sacrifice were revealed on every hand. With but one or two exceptions it did not seem to me as though there was a coward or a mean and contemptible soul among all the three crews and passengers of the San Pedro, the Columbia and the George W. Elder, who met in such close and holy association on that fatal day. I have heard some people declare that this is a mean and contemptible world, but if such cynics had only been standing with me on the deck of that rescuing steamer on July 20 they would have had their faith in God and in mankind renewed or inspired with a flaming enthusiasm.

That noble heroism with the first call of danger was revealed in the conduct of the commander of the ill-fated steamer Columbia, Captain P. R. Doran, now of blessed memory. It would have been a very easy matter for him to have saved himself. But he went to the captain's bridge and stood there. He ordered all the lifeboats to be lowered. Then, while he bade others save themselves, he himself with his own hand rang the danger signals. While he was ringing those signals he seemed to be calling: "My passengers and crew, save yourselves! Some one must die to warn you. I am willing. Save yourselves! Save yourselves!" What a glorious death he died! What a blessed heritage he has given to his dear ones! For all time his name will be emblazoned upon the "honor list" of those who have given their lives in order that their fellow men might live.

A Woman's Courage.
The captain's heroism found its counterpart in the life of many a humble passenger and sailor—in how many only the great honor book of heaven shall ever record. I heard of one woman who did not know how to swim. She had a life preserver and could therefore keep afloat. While the boat was coming to get her she grasped two women's skirts and clutched them in her teeth. Then with her right hand she reached out and caught a sinking man. When the sailors pulled her into the boat she, with her woman's courage, had saved three human lives. This heroism was sometimes found in the most unexpected places. After all the survivors had been brought on board the George W. Elder a young girl came and sat by my side. Her whole life seemed to have been that of a frivolous social butterfly. She laughed and joked. I said to myself, "How can any one make light of this horror?" Yet a short time afterward a gentleman told me that this young girl, who seemed to be out of place except as a creature of fun, was so brave that at the risk of her life she had reached out of the boat and with her own frail hands drawn a drowning man over the gunwale and saved him. Oh, do not tell me that this is a mean and selfish world! It is a world filled with heroes and heroines when a human life is standing face to face with death. If you had been on that tossing, tumbling sea to the south of Cape Mendocino when the Columbia sank you would have known it.

But another fact which impressed me on that fatal day was the realization that those who truly suffer the worst suffer in absolute quietude. It is only the shallow brook that gurgles and splashes and makes a noise. The deep waters of trouble, like a great river, roll quietly and smoothly. Oh, the profound, the gloomy silence and yet the overpowering sorrow of that sad line of haunting faces of the shipwrecked passengers and crews lying in the berths of the George W. Elder after they reached the rescuing ship!

Suffered in Silence.
I went to many of these berths and heard nearly everywhere the same kind of gratitude. To one I would take clothes; for many of the survivors had nothing; to others I would carry food; with others I would offer a prayer. "Have you lost any one?" I asked a gentle lady whose young eyes haunted me. "Yes, my baby," she answered. "Is your husband safe?" "No," she answered. "I have no husband; I am a widow." Yes, she had lost her all. Only he who raised up that only son of his mother, and she a widow, could comfort her. Yet there she lay, not uttering one word of complaint. Like a wounded animal, she was suffering in silence.

I saw a man who had set sail from San Francisco with his wife and two children. Just before the Columbia sank each parent took a child. When the awful plunge came the biggest child was snatched out of the father's

arms. The mother and the baby never came up. Let that man said hardly a word. While he suffered, he suffered in silence. But to hear some people complain about their little troubles you would suppose that their little troubles were the greatest troubles in the world. Ah, my brother, when you go around and advise your grief I am sure about one thing—the trouble which you have does not amount to much. If you had been on the sinking Columbia and heard the fearful explosion when the cold waters touched the hot boilers and if you had had your wife and children swept away then you would have had a grief too great to parade before your fellow men. Then when you suffered you would suffer in silence, in complete silence, in sacred silence. And I sometimes fear that if we persist in complaining about our little troubles God may soon send us a truly great trouble in order to stop our continual complaint.

But there was another fact that impressed me about the ghastly catastrophe of the fatal 20th day of July. I felt that we might be very near to those who are in trouble and yet not hear their cries of anguish or see their beaming calls or be a part in their physical, mental, moral, spiritual and eternal rescue. We may be so near that we can almost speak to them, so near that we are almost treading upon them, and yet as far as we are concerned they may be a thousand miles away, ten thousand miles away.

The San Pedro struck the Columbia about 12:15 a. m. At 12:30 the Columbia sank, and her passengers and crew were struggling in the water. Two or three of the survivors showed me their watches filled with water. They had stopped about 12:30 a. m. For five long hours in the cold and the darkness the survivors floated in boats and on rafts, waiting for the day. The fog was still blindingly heavy. About 5 o'clock in the morning the passengers in the boats saw a large vessel loom up in the distance. It was only a few hundred yards away. "Thank God!" they cried. "We are saved! We are saved!" But instead of stopping its engines it moved steadily on and disappeared. The survivors were frantic. They called, they shouted, they screamed. But the watchman on the bridge saw them not, and the vessel moved swiftly on and was gone. Then the fog bank closed down and no human voice answered their cries. Women fainted and men groaned, and despair was everywhere. "No hope! No hope! We shall all be lost in this impenetrable fog!"

Now, the sailors and passengers of that passing ship may have been as true-hearted people as those who were aboard the Elder. But they were not looking for any shipwrecked crews. Otherwise they might have acted differently. If that ship had known that any one was in trouble in that sea its captain would probably have done as good Captain Jensen of the Elder did. He would have tarried there until the fog lifted. After he had picked up all the occupants of the boats and rafts he would have sailed around among the wreckage until he was sure that not one man, woman or child was struggling in those waters. Then the passengers of that passing ship would have done just as our passengers did. They would have helped the survivors to their own staterooms and placed them in berths and given them clothes. I do not believe there was a man or a woman on the Elder who did not divide spare clothing with those survivors who came to us almost naked from the seas. And I do not believe there was a strong, healthy man who did not give up his berth to some sick man or some woman or child. When I slept upon the open deck in order that a woman might have my berth I did just what scores of other men did and no more than every other man of that passing ship would have done had he known that his suffering fellow men were struggling in the midst of that sea. But the trouble was that the watchman of that passing ship did not see those little boats and rafts floating in the fog. And the great reason why we do not help those who are struggling by our side in the fog of life is because we do not see or hear them.

Is It Our Fault?
Yet as I stood and looked at some of those poor survivors of the Columbia I kept saying to myself, "Is it our fault? I do not see those who are in trouble by our side in the fog and mists of life?" Why should I give up part of my clothing and my berth to the shipwrecked at sea and yet refuse to help those who are living in my own town by my side? Why not think of the poor, the lame, the blind, by our own fireside? "Oh," some one answers, "the reason we do not feed those living under the shadow of our own doors is because we think they ought to be able to make a living as we have to do." Your answer, my friend, is right and yet it is wrong. Neither God nor man wishes you to feed loafers and clothed deadbeats and house social vampires. "If any man does not work, neither shall he eat," is good sound doctrine for the Bible and modern social economies. But I want to tell you bluntly that all the poor and the unfortunate of your town are not loafers and deadbeats. There are honest and deserving poor as well as honest and deserving rich. The poor who come begging at your door may not be deserving. Bishop Potter enunciated a mighty truth when he said, "The deserving poor are not those who seek you, but those whom you must seek." The deserving poor are everywhere around you in life. Therefore in the mists and fog of the journey of life blow not simply a warning whistle. Keep open your watch eye. Hunt for the shipwrecked crews of the San Pedro and the Columbia. They are everywhere around us. Slow down and look about. God bids us care for his

needy, and as he has cared for and loved us.

But there is still another overwhelming fact which forced itself upon me on the fatal day of July 20, 1907. What an awful struggle life is even under the best conditions! It is not a pleasant day sail, as some suppose. It is not a voyage over a smooth sea, with the winds always to the stern, and happy friends to wave an adieu and kind friends to welcome us into the coming harbor. But it is a battle, a struggle. It is a tossing, tumbling sea.

Saving the Lumber Boat.
No sooner were the accounts of the boat and the rafts and the half submerged lumber ship taken on board than at once the captain and other officers of the Elder turned their attention to saving the prow split and leaking San Pedro. Only a year before the vessel had been sold for \$60,000. The builder of this ship was one of our fellow passengers, and he told me all about it. Now, a cargo was worth about \$20,000. That was too much money to turn drift, so, after all the human lives had been placed in safety, the sailors turned their attention to saving the lumber ship. As it rolled backward and forward in the sea it looked like a human creature in mortal agony. First they attached between the two boats a long steel rope, but after the Elder's engines had been started a little while that steel rope snapped as one would break a spider thread in two. Then a couple of manila hawsers were strung out, and they went the same way. Then the San Pedro seemed to be "turning turtle," and her own crew deserted her. But still the captain of the Elder would not give her up. He sent his first officer and a crew to board her. They broke one of the rubber chains and let the anchor drop into the sea and strung their chain between the two ships. Again and again some of the ropes would snap, but always another rope was flung over the chain, and at last the chain was bound to the Elder by a steel rope.

All this took hours. The engines would start and stop. The vessel would roll and pitch in the path of the sea. Many of the people were grumbling. I grumbled, as did the others. Then it suddenly occurred to me: "Those men are making a fearful fight to save the ship because it means salvage for the crew that tows the San Pedro as well as for the company. They were fighting for that money. Just as I am struggling to earn bread for my wife and babies. That vessel in tow means bread. It means clothing. It means education. We may have to go slower, but let us be patient for the plucky fight these sailors are making to provide for those who are dependent upon them."

Lastly, as I look upon the floating boats and the pleading, upturned faces of that fatal day of July 20 I am impressed with the rapidity with which death can strike down its victims. Like a bolt out of a clear sky the summons may come. It may come to me at any time, in any place. It can come to us as quickly as it hurried into a watery grave the 103 men, women and children when the San Pedro crashed into the Columbia, sending them to the bottom of the cruel and unfathomable sea. The marine entombment which came to the Columbia might have come to us. In an instant, in the twinkling of an eye, the summons may come. Death comes suddenly to our neighbors, and death may come suddenly to us. Let us, then, heed the warning which Christ gave to the rich man of his time, "Thou fool, this night thy soul shall be required of thee!"

On the night of July 20 not one of all the passengers and crew aboard the Elder had to be told how near death was. We all felt his presence. We were all saying to ourselves: "How would I have been prepared to meet my God if my summons had come as it did to the passengers of the Columbia? Am I living the right life, and will my dear ones beyond, by Jesus' side, be able to greet me if I should now hear the call. This night, this night thy soul shall be required of thee?"

An Impressive Service.
In the evening hours of that day some of the survivors of the Columbia came to me and asked with sad faces, "Will you hold a service tonight in the saloon for us?" "Do you want it?" I asked. "Are not the people too high strung and overwrought and sorrowful to meet at this time?" "No," they answered; "we want it, and we want you to lead it." "Well, I will." Never was there a gathering exactly like it. Most of us had eaten but little that day. Many of us had not even washed. We were unwashed and unkempt. But, oh, the solemnity of it! Some had no clothes except a blanket. Some had lost babies and husbands or wives and mothers and fathers. There we met and prayed and sang and read the twenty-first chapter of Revelation and talked about heaven and our dear ones. There we were, Catholics and Protestants, in that strange audience and perhaps some that had never yet spoken the name of Christ in reverence. There we prayed and sang and wept, and we consecrated our lives anew to God and our fellow men.

It is so easy to think of death coming to a thousand miles away. But that day it came near to us. Can you not feel that death may this moment be ready for you? Why not now surrender your heart to God's work, as we did on that Sabbath night which followed the awful catastrophe of the sinking Columbia? Then indeed we may say in the words of the Psalms of old: "God is our refuge and strength, a very present help in trouble; therefore will we not fear, though the earth be removed and though the mountains be carried into the midst of the sea, though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof."
