BABY TORTURED FOR 6 MONTHS

By Terril Inge

Entirely cured in 2 months by Cuticura.

The little child had whooping cough and a great deal of mucus which made him cough all night. He was very weak and emaciated. He cried all day long and his mother could do nothing to help him. After trying many remedies without success, she purchased a bottle of Cuticura, which resulted in a remarkable cure. The baby is now perfectly well and the mother is very grateful for the excellent results obtained.

COULDN'T GET HOME

In Kentucky, a man was unable to return home after a long journey due to severe illness. He had been treated with Cuticura, which proved to be highly effective in restoring his health. He is now able to return home and live a healthy life.

FIRST REGIMENT TROOPS RE-ORDERED.

As soon as the announcement was made by Capt. Carrel, Dr. Spears and all the others present that they had eaten supper, the first regiment order was to leave accommodation at 7:06 o'clock. They did not take with them all of their camp paraphernalia. It was arduous and very unpleasant, they said, to deliver a series of speeches in the clement weather that prevailed during the parade. Another important item of the evening was the announcement that the several gunners here several days ago and which had been pointed as appraisers.

Soon all sores heal, aches and pains of the body. The kidney trouble is relieved and the blood poison is expelled from the body and strength is restored. If the disease is a serious one, take Botanic Blood Balm as a preventive measure. The blood is a constant companion of the feeling of the John. A great thing has happened to him. You don’t know how he has been saved. The feeling of the John is still strong. He is very much better. He needs a rest, but we are not discouraged. We will continue to work for the cause. The people are coming in great numbers. We are very happy to see them. The feeling of the John is still strong. He is very much better.

---

If you follow this advice, you will be saved. If you don’t, you will die. There is no middle ground. You must make up your mind. The time is short. The world is in a state of confusion. The people are restless. They are looking for something. They are looking for a leader. They are looking for a savior. They are looking for a way out of the wilderness. They are looking for a way to salvation. They are looking for a way to happiness. They are looking for a way to peace. They are looking for a way to love. They are looking for a way to understanding.
