rendeon of a gold mine depends

on the profit of a mine, not on the quantity of gold present in the mine. The profit of a mine depends

on the value of the gold it contains and the cost of producing it. The value of gold on the market determines

whether a mine is profitable or not. If the market price of gold is high, a mine may be profitable even if it

contains low-grade gold. Conversely, if the market price of gold is low, a mine may be unprofitable even if

it contains high-grade gold. The cost of producing gold also plays a role. If the cost of producing gold is

less than the market price, a mine will be profitable. If the cost of producing gold is more than the market

price, a mine will be unprofitable.

The Adrian Wire Fence is the best on the market. Made of the best

grade hard wire and heavily galvanized. All wires in the Adrian

are of the same length, no possibility of slack wires to impair the

efficiency of the fence. The wire will not slip; it securely holds the

cross and lateral wires, which combines to add strength to the fence

and allows it to conform to uneven as well as level ground. You

will miss a good thing if you buy without investigating the Adrian.

JUDGE B. F. HILL
IN HIS OWN DEFENSE

[To the Editor of the Cincinnati daily Post.]

I was gratified to peruse your recent publication quoted in your newspaper of the 19th instant, containing an account of my recent speech to the Citizens of Henry County. I began...
COULD NOT WALK FOR FOUR MONTHS

The patient, a 27-year-old woman, complained of severe eczema affecting the face, hands, and feet. She had tried various treatments, including lotions, soaps, and ointments, but none had provided relief.

The cost of treatment was not a concern, as the patient described it as a "trifle." She noted that the benefits of using Cuticura exceeded the cost, saying it was "worth every cent." The patient attributed her improvement to the use of Cuticura Soap, Ointment, and Pills, which she claimed were highly effective.

Disfigured

The patient mentioned that she had sought treatment for her skin condition from various doctors and hospitals, including Dr. R. L. Bradley, Veterinary Surgeon, and Dr. E. M. Cutrfield, Veterinarian.

The patient emphasized the importance of finding a suitable treatment for skin diseases, as the condition can be severely disfiguring and incapacitating.

The patient expressed a desire for people to be informed about Cuticura and its benefits, stating that "every family must have it."

Tobacco Growers

The patient mentioned the sale of land in Kentucky, noting that the land was suitable for tobacco cultivation. She also highlighted the success of tobacco growers in the area, as evidenced by the profits made from growing tobacco.

The patient advised tobacco growers to ensure that their products are of the highest quality, as this is crucial for maintaining a good reputation in the market.

The patient concluded by encouraging others to learn about Cuticura and its effectiveness in treating skin conditions.

For Law and Right

Men are called upon to take their stand.

Stephen Vincent Bellow, Deliverance Sunday, North Street Presbyterian Church, By Rev. Mr. Brand.

Before a large congregation Rev. Mr. Brand delivered a stirring discourse, Sunday morning, stirringly a synopsis of which may follow:

Alee Hill—And God full care for a side of things.

This reference is to one of those cases where the facts were so clear, so evident, so unanswerable as to make the decision of the question before the court so simple as to render no argument necessary. The question is simply this: If one man has the right to do a thing and another man has the right to stop him, it is for the court to decide who is right.

It is true that the right of every man to worship within the bounds of his faith is protected by the constitution of our country, it is far more important that they shall have the right to follow their calling with a mind enlightened and influenced by the fear of his party instead of the fear of his God. Let the Christian men of this country remember that the false god of party is responsible for all the wrong and lawlessness. The muckrakers could not hear the case, still his voice and life would have had the same effect.

The decision of the case has been made by the courts of that day. We have been too much engaged in matters purely civil. And to the merits of the case far enough to get a hearing of the question. The date it is to be called as soon as the child has been taken care of.

The next to seeing you personally, will be your letters. We will have at all times a full line of regulators. A positive cure for biliousness is made of the worst cases of burning itching skin, copper-colored gins and Cook's Pharmacy. If you have blood poison producing eczema, smallpox, scrofula, diphtheria, tetanus, whooping-cough and any other of the dangerous diseases, call for our remedy. It loosens up a cough quicker than any medicine. It will be at Cook & Higgin's and at Cook's Pharmacy.

The original petition filed by the defendant could not be found, and an order was entered directing the boy to be turned over to the jurisdiction of the court. The order of the judge was to be read to the defendant, and the child alleged that the defendant was from the gut and showed no symptoms of the disease. The defendant could not be found, and an order was entered directing the child to be turned over to the jurisdiction of the court. The order of the judge was to be read to the defendant.

Social and political conditions are discussed.

The sermon delivered by Dr. George H. Brown today in the Methodist church was an exceptionally strong discourse. The pastor, not for place and honor, but for purity and peace. They will no longer complain of neglect, paupers will go to work, your poor will be taught to work, your doctors and lawyers will no longer sell their own ballot nor steal votes. We are going to save ourselves and them that hear us, and the march applied.

There has been a general study of the management of Bank damage. When the proprietors were so short just now, that their stores were out of order, and that the men were out of work. They then went to the bank and had money from it. There was a general study of the management of Bank damage. The telegraphers' service is paralyzed, the telegraph force and the telegraph office is closed from 11 p.m. to 2 a.m. and no telegraph orders will have sixteen consecutive hours, but it all affects much in the lives of the people. The daily offices are thirteen and a half a day, the railroad operators are working sixteen hours each, and the engineers, brakemen, conductors are working sixteen consecutive hours, but it all affects much in the lives of the people.

The assurance of perpetual satisfaction is worth much in buying a piano.

To feel that your selection has been a wise one, that you have secured the greatest possible value for your investment and to know that anything going wrong you have the reliable guaranty of a responsible dealer to back up your instrument in a valuable additional asset to get into the bargain. This assurance may only be had in dealing with a thoroughly reliable house, such as.
