## FARMERS' INSTITUTE

WILL BE HELD AT PEMBROKE ON  
MAY 5 AND 6.

Will Be Under Auspices of Commissioner Rankin and Other Noted Authorities Will Be There.

After negotiating for a week or more, arrangements have been made for the holding of a farmers institute at Pembroke, under the auspices of State Commissioner of Agriculture Rankin. The institute was planned and the arrangements made by the Pembroke Farmers club of which Charles E. Barker is president.

The institute will be held on May 5th and 6th and in addition to the usual experts on farming who will be present, Messrs. Joseph E. Wing and C. D. Lyon will be in attendance. The institute promises to be a most interesting, beneficial and instructive one. The official notice of the institute is as follows:

"The Pembroke Farmers' club will hold an institute under the auspices of State Commissioner Rankin at Pembroke on May 5 and 6. Mr. Joseph E. Wing and Mr. C. D. Lyon, both of Ohio, two of the men most prominent in this work in America, will be present, together with the staff of the state commissioner. Seldom does the farmer have such an opportunity offered him and it is hoped that all who can will attend.

"C. E. BARKER, President,  
Pembroke Farmers' Club."

## BACK TO DIXON

NEGROES CHARGED WITH MURDER ARE TAKEN.

Believed That Danger of Mob Violence is Past and They Will Remain in Dixon

DIXON, Ky., April 23.—Under an order from the Webster circuit court, T. H. Shoulters, sheriff of this county accompanied by three guards brought to town Tom Crow, Will Brown, Harve McDowell, H. Williams, Henry Packet, L. Abe Crow and George Miller, charged with the wilful murder of J. B. Barry, of Louisville, who was shot from ambush near this place on March 14 and Jake McDowell, who shot and seriously wounded Smith Childers, deputy Marshal, of Providence. The prisoners have been confined at Henderson since their arrest to prevent mob violence. The prisoners will be arraigned today and a day set for their trial. Three negroes, Carl Lowery, Charles Packet and Dud Newcomb, connected with the murder, are still at large, and \$100 reward has been offered for their arrest. Unless some further demonstrations of mob violence are made, the prisoners will not be returned to Henderson.

## ARGUMENT BEGUN IN THE HOLLOWELL DAMAGE SUIT

PADUCAH, Ky., April 23.—The taking of evidence in chief in the Hollowell damage suit in federal court here which has attracted so much attention, was concluded yesterday afternoon at five o'clock. The argument was begun this morning. The plaintiffs, Mr. and Mrs. Robt. Hollowell, testified on the stand that their house was raided by Night Riders after midnight on May 1, 1907. They told of the house being fired into, the threats which were made, the whipping of Mr. Hollowell, etc. According to their story none of the raiders were masked and they said to them, "We did not come here masked. We want you to recognize us." They claim that George Brown was the leader of the raid and among those accused of participation are John E. Hollowell, a brother of the plaintiff, and John W. Hollowell, a cousin.

Recounting the details of the whipping Hollowell stated that John Gray held a pistol and Milt and Wallace Oliver took hold of his arms and carried him to the wood-yard, and made him take off his coat. He was led seventy-five yards further, the men kicking and curs-

ing him and calling him a planted scrapper. They voted to give him "fifty."

He said Marion Brown and Malachi Pickering whipped him and John Gray held a pistol over him. When he went back to the house he heard some one say, "G-d— it Jim, shoot her."

After all had left, while he and his wife and child were sitting on the floor crying, he said his brother John and the Olivers and Jim Hyde returned and ordered him to leave the country. He said he begged his brother to leave them alone, and he cried on the stand as he recited the story.

The defense did not attempt to contradict the facts of the raid on plaintiffs but proved alibis for each of the defendants by numerous witnesses and attacked the character of the plaintiffs. Various reasons were given for the statements as to the whereabouts of the defendants.

Among the character witnesses for the defense were Rev. John Cunningham, a Baptist minister, and County Attorney J. E. Baker.

The case is not expected to be completed before tonight.

## DISASTROUS RESULT

LOUISVILLE, Ky., April 23.—The industrial menace that is contained in the tobacco war is just being realized by the business men of Kentucky. That the state has suffered a setback from which it will take years to recover is admitted, and it is now hoped to relieve the situation before irreparable injury is done.

While the American tobacco company is blamed in large measure for bringing on the trouble, the possibility that it may betake itself out of the state causes some alarm, particularly in Louisville, where it has its enormous factories and plants that give employment to thousands of people. There are intimations now that the trust may do this, though it is impossible to tell whether it is in earnest or bluffing. It is announced that the Big Four tobacco factory here will be removed to North Middleton, O., to be combined with the Sorg factory there, but this is a comparatively small plant and the move is not considered significant. The trust claims that it affairs in such shape that it could make a move out of Kentucky with little trouble, but this is not believed to be the case.

The effect on Kentucky as a tobacco-growing state is also a matter of consideration. With Kentucky not raising tobacco other states will doubtless do more experimenting on this line than ever before, and it is possible that regions may be found where tobacco can be raised as well as in Kentucky. Tobacco is a peculiar crop, in that it flourishes only in certain soil, and Kentucky has heretofore been the best field for it; hence its pre-eminence as a tobacco growing state.

The steps to check lawlessness that have been taken at Murray have encouraged the entire state and will doubtless do great good. The grand jury have returned fifty-two indictments in all in Calloway county, and the guilty are reported to be fleeing to escape punishment.

The tobacco growers of Daviess, MeLean, Ohio, Breckinridge and Hancock counties have organized under the name of the Green River Tobacco Growers' association, and no further trouble is expected in this district.

## NO DEVELOPMENTS

There are no new developments in the situation in regard to who is sheriff of Christian county. Both Mr. Smith and Mr. Renshaw are performing the duties of that office whenever the occasion demands.

Mr. Smith has not yet returned a definite reply to Mr. Renshaw's demand that the office be turned over to him.

### To Change Name.

The change of name of Kentucky University to Transylvania University, which was authorized at the recent session of the legislature, will be made by the board of curators at its meeting on June 12. At this meeting of the board it is expected that a president will be elected to fill the vacancy made nearly two years ago by the resignation of President Burris A. Jenkins. The new president will, therefore, take charge simultaneously with the change of name to Transylvania University, which will open the first session next September.

## TRIGG SURPRISED

AT THE ORDER SENDING TROOPS INTO THAT SECTION

Business Men Send Telegram To Gov Willson Protesting Against Soldiers Coming.

CADIZ, Ky., April 23.—The news received here that Gov. Willson had decided to send troops to Trigg county to investigate the Night Riders of this county has caused general surprise, as there has been practically no trouble in this county for some time.

Tobacco men declare that the report that the parent body of Night Riders has its headquarters in Trigg county is false, and that the outrages charged to Trigg county men were really committed by those from other counties.

Acting on the report that Gov. Willson had determined to send troops to Trigg county to round up alleged Night Riders, the business and professional men of this city sent a telegram to the executive protesting against such action. The telegram, which was signed by all, was as follows:

To the Hon. A. E. Willson, governor, Frankfort, Ky.—Understand soldiers are to be sent to Cadiz. We, the business men of Cadiz, hereby enter our protest against such action and beg that you do not send them. There is no need for them. The town and county are free from disorder, and if any alleged Night Riders have fled, as has been reported, no one here knows of the fact.

### CLEVELAND ILL AGAIN

LAKEWOOD, N. J., April 23.—Grover Cleveland is seriously ill of stomach trouble and two physicians are attending him.

## GRAND LARCENY

Charge Lodged Against Louis Bruff, Aged Eighteen.

Louis Bruff, aged eighteen, is in the county jail on the charge of grand larceny. It is said that while away on a visit, Mrs. L. R. Phillips, of E. Ninth street, engaged the boy to look after her chickens. When she returned, it is alleged, she missed a bicycle, a watch, four chickens, etc., and it is charged that Bruff took them. The watch and bicycle have been recovered but the chickens had been sold to a dealer. The arrest was made and case worked up by Policeman E. N. Miller.

### MYSTERIOUS MOVEMENT.

WINCHESTER, Ky., April 23.—Twenty-three members of the Pineville company of state guards reached here this morning and immediately rode off into the county. It is believed that this was done as a blind and that the soldiers will take the train at another point for the western part of the state.

### TROOPS RENEW ACTIVITY

MURRAY, Ky., April 23.—A rumor that three men were killed by the soldiers is denied. The militia today made another demonstration and it is believed that an attack of the Night Riders is again feared. All riding on the public highways at night has been stopped by soldiers.

### PERSONAL NOTES.

Mrs. C. D. Bell went to Evansville today where she will enter a sanitarium for treatment.

## Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and what they will do. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, back-ache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, spasms, chills or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, so Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

## L. &amp; N. HAS ORDERED

LAVATORIES TAKEN OUT OF  
LADIES COACHES

Result of President Roosevelt's Order to Make Service For Whites And Blacks the Same.

The Bowling Green Times Journal says:

The L. & N. officials have issued an order, which has reached here, to take out the ladies' coaches, the lavatories, towels, etc., which have been kept for the use of ladies in the white coaches. This is the result of President Roosevelt's order to the railroads to make the accommodation for the white and colored passengers the same. These conveniences have not been in the colored coaches, and as the result of the president's order they will be taken out of the white coaches and travel for white lady passengers will not be as convenient as heretofore. President Roosevelt is being criticised for this order, as it is apparent that it is simply a political move to get the colored vote of the south for Taft, which has been strong against him.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## 6 Pieces "Sanito" Cooking Ware

Absolutely  
Given Away!

**FREE**

Absolutely  
Given Away!

## What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what preceded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

## How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

To every person who is now taking the New Era and who pays up all arrearages, if any, and one year in advance and the 98c for the expressage and packing charges, we will give a set of Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly.

BY SHERIFF AND TROOPS.

Band Of Sixty Had Held Up Harrison County Farmer On His Way To  
Cynthiana With Tobacco.—All Escaped But Four Who are in Jail.

CYNTHIANA, Ky., April 17.—Sheriff Gregg and troops captured, early this morning, Will Brown, Montgomery McGhee, Will Kenton and Charles Fowler, members of a Night Rider band which held up George Haley, a Bracken county farmer, who was en route here with three wagons of tobacco, last night. Local officials were notified at midnight by two other farmers who

were also held up but escaped. Sheriff Gregg and sixteen militiamen pursued the Night Riders and caught them after a chase of two hours.

There were sixty in the band and all but four got away.

No resistance was offered.

Two had masks on their faces when arrested.

They are in jail here.

## HOME TELEPHONE CO., OF LOUISVILLE

SHOWS A GREAT NECESSITY FOR  
RAISING ITS RATES

Franchise Now Pending Before The  
City Council For That Purpose.—  
Argument of its Attorneys.

In 1901, E. M. Coleman, in connection with Barber & Brailey, the known telephone promoters, organized the Home Telephone company of Louisville, with the usual criticism of the rates, service, etc., of the old company, characterizing its rates as extortionate, and its service as rotten. They especially denounced the use of public station and party lines as atrocious. So severe were they that they voluntarily, and with a great show of fairness, had it put into their franchise that their rates should not exceed one-half the rates then charged by the Cumberland Telephone & Telegraph company, and that they would not be permitted to use party lines or public stations.

They built a plant costing about the same amount as that of the Cumberland Telephone company. After the company's plant was constructed and put in operation, statements were put forth every month of the earning capacity of the company and the profits it was making.

Stock and bonds of the concern were sold to Louisville people, and the original promoters and builders have long since disappeared from the scene of action.

The present owners some time since quit paying dividends on the stock, and have made several applications to the city council to be permitted to do all of those things, and just as the Cumberland Telephone & Telegraph company was doing before; that is to say, they now desire to be permitted to put in public stations and party lines, and charge rates a little higher than were charged by the Cumberland company at the time the Home company was organized. In other words, they are asking to be allowed to double their rates, and install party lines and public paystations.

In urging the passage of the franchise before the council, Messrs. Helm Bruce and Senator W. O. Bradley appeared, advocating the interest of the Home company, and spoke as follows:

"This ordinance that is pending before you gentlemen is for the sale of a telephone franchise, and the Louisville Home Telephone company hope to acquire it. There are strictures in the franchise under which the company is now operating which makes it impossible for the company to live under the franchise. The ordinance creating the franchise under which the Home Telephone company is now operating has passed originally pursuant to the belief that competition was desirable.

"You may regulate rates by law, but you cannot regulate telephone service by law. You gentlemen know that the cost of labor and material changes. All of these things have added to the cost of the company. Seven years of experience has demonstrated that a mistake was made; that the rates are too low, and that if these rates continue the company must die.

"A few months ago the board of trade appointed five men to investigate the rates charged by the Cumberland Telephone & Telegraph company. That committee was composed of Atilla Cox, George Gault, William B. Belknap, Marion Taylor, and one other name I do not recall just now. These gentlemen made a report to the board of trade, in which they showed they had employed an expert from another city, who had gone over the books of the Cumberland Telephone & Telegraph company, and found that the rates were no more than fair.

"Now, gentlemen, the cost of the Louisville Home Telephone plant is practically the same as that attached to the plant of the Cumberland Telephone & Telegraph company. If the rates charged by the Cumberland company are no more than fair, then you know that the rates charged by the Home company are not living rates.

"If this company pays its daily operating expenses and lays aside a depreciation fund, it will not have enough to pay interest on its bonds, much less pay dividends to its stockholders. How can a company go out and sell its bonds in order to get funds to build up its plant when it is known that its present stockholders

## CITY COUNCIL PROPOSES TO RENOVATE AND BEAUTIFY THE OLD CEMETERY

Action to This End Taken at Meeting Last Night.—  
Plans Contemplate Erection of a Handsome  
Monument to Pioneer Hopkinsvillians.

If the plan as outlined by the city council at their meeting last night is carried out, it will only be a short time until the old cemetery in the western portion of the city, will be beautified in many ways, a monument will be erected to the some four hundred dead whose bodies rest there and the place will be made into a park.

According to these plans the cemetery is to be cleaned up and a handsome shaft to be known as the "Pioneer's Monument" is to be erected. The funds to erect this monument are to be secured through popular subscription, the giving of entertainments, etc. It is proposed that the shaft shall be surmounted by a bust of Bartholomew Wood, one of the founders of Hopkinsville and whose descendants still live here. The monument will also bear the names of all the known dead who sleep in this old cemetery. Among these are such pioneers as Dr. Steel, Dr. Weber and others. The body of one congressman, Robert P. Henry, an ancestor of Col. Jouett Henry, and the wife of a former governor of the state, Charles S. Morehead, rest here also.

Mayor Charles M. Meacham and

Councilman J. B. Galbreath and G. E. Randle were appointed as a committee to get the work started. This committee was given power to act and to increase their number if they saw fit. It is therefore probable that they will enlist the aid of a number of ladies in the work, especially those who have relatives buried in this old cemetery. It is expected that the movement will meet with a hearty and ready response from the citizens generally and by fall it is hoped that the work will be completed and the now desolate and forsaken graveyard will be beautified in every way with fountains, lights, etc.

An ordinance was adopted annexing a small territory on the eastern edge of the city, thus taking into the city limits a disorderly house of that section. This was done so that it might be brought under the supervision of the city authorities and thus suppressed in the same manner as were those north of town.

An election was ordered to be held on May 2nd to select two school trustees, the terms of J. E. McPherson and J. T. Wall having expired. The election will be held as usual by viva voce vote.

## WORDS ABOUT THE WEED.

News and Notes of Much Interest to All Who Are Connected With the  
Growing and Sale of Tobacco.

The heaviest receipts noted for any previous week this season, with sales fully up to any past week, made last week a most satisfactory one on the local tobacco market. The demand continues to be for the low to medium grades, and sales of this class are made readily, the buyers being anxious to make purchases.

The Planters Protective association sold 93 hogsheads at prices up to the schedule adopted by the association. The demand here seems to be some stronger and increased sales are expected. The receipts for the week were 590 hogsheads, making a total of 4,161 hogsheads now in storage here. Receipts of loose tobacco at the association prize houses is still heavy, though the end is in sight and it will only be a short time until it is practically all delivered to these houses. The prizes are working it up rapidly.

With the Society of Equity warehouse sales continue steady with

are not realizing a cent on their investment? This is not a question of small or large profit. It is an existing condition of no profit and of operating at a loss. The continuation of these conditions means death to the company."

Succumbed Last Night to Stomach Trouble.

(From Saturday's Daily)

Miss Virginia C. Medley died at her home on the Palmyra pike last night about 10 o'clock of stomach trouble from which she had been a sufferer for more than a quarter of a century. Her condition had been serious for the past two weeks.

She was fifty-nine years of age, and a native of Halifax county, Virginia, but came to Kentucky during childhood with her parents. She was a consecrated member of Grace Episcopal church and an exemplary Christian character. She is survived by three brothers, Dr. G. E. Medley, James Medley and Charles Medley, and one sister, Mrs. Sallie Dennis. The funeral services will be held at Grace church tomorrow afternoon at 2 o'clock and interment will take place in Riverside cemetery.

### Important Decision.

It is important that you should decide to take only Foley's Honey and Tar when you have a cough or cold, as it will cure the most obstinate racking cough and expel the cold from your system. Foley's Honey and Tar contains no harmful drugs. Insist upon having it. L. A. Johnson & Co.

good demand and prices strong and in accord with the figures placed upon the tobacco by the grading committee. Lugs from \$7 to \$10 and common to medium leaf from \$10.50 to \$12.50. Here also the demand is confined to the lower grades. Receipts show a slight decrease for the past week but considerable quantities of tobacco are still coming in.

With the close of the week the Imperial and Italian Regie houses closed down, they having worked up the purchases made in this section, and shipped the tobacco out. The tobacco prized here went direct to England and Italy. These are the last of the Independent houses to close with the exception of the American Snuff company which is one of the heaviest customers of the farmers organizations and runs almost the year round.

Reports from the country are that plants will be more than enough to put out the crop but that labor promises to be scarce.

### A CURIOSITY.

S. T. Oates has a sewing machine in his possession which is a curiosity and a relic of bygone days. It is the lock-stitch type, and is one of the first ones made by Elias Howe, the inventor of the sewing machine, that is so indispensable to the home today. He secured it from J. N. Putnam of North Christian, and it has been in use for 51 years, being used by his grandmother for many years before her death. The machine when it was first made sold for \$150 and was considered cheap at that price in those days. This machine will be on exhibition at the Hustler office for several days, and all of our out of town friends are invited to call and inspect when in the city. Those living in Madisonville can see it by calling at the office. A credit of \$10 is offered by the firm on a new machine to any one who can produce an older one.—Madisonville Hustler.

A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed. Sold by L. A. Johnson & Co."

## DEATH OF MR. HARDY

WELL KNOWN FARMER VICTIM  
OF WHITE PLAGUE

Sixty-Three Years of Age and Passed  
Away at His Home Near  
Caledonia.

W. L. Hardy, a leading farmer of the Caledonia vicinity, died at noon Saturday of consumption of which he had been a sufferer for many years. His condition had been critical for several days and his death was by no means unexpected.

Mr. Hardy was sixty-three years of age and one of the most highly respected citizens of that section. He leaves a wife and five children, one of whom is Mrs. Witt Crawley, of this city.

Interment took place Sunday afternoon in the Averett burying ground.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### FROM THE PINE WOODS.

Hyomei's Aromatic Air is Guaranteed  
To Cure Catarrh or Cost Nothing.

Hyomei is a nature's true cure for catarrh. There is no stomach dosing in using Hyomei, no more than there is when you go to the mountains or the sea shore to get relief from lung trouble.

When using the Hyomei treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breathed through the neat pocket inhaler that comes with every outfit, the healing balsams of Hyomei reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hyomei has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breathe is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptom of catarrhal trouble, use Hyomei and see how quickly you get relief and cure.

The complete outfit costs but \$1.00 and is sold by L. L. Elgin, under guarantee to refund the money if it does not give satisfaction.

### Rheumatic Pains Relieved.

Mr. Thos. Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." ## BLOOD POISON TREACHEROUS-DANGEROUS

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence; because its first symptom, which is usually a little sore or pimple, is so insignificant that it does not cause alarm, or even excited suspicion. But notwithstanding the outward symptoms are not manifest in the beginning, this insidious poison is at work on the blood, and in a short time the patients find themselves diseased from head to foot.

The mouth and throat ulcerate, the hair begins to come out, a rash breaks out on the body, copper-colored spots, and even sores and ulcers appear on the flesh. Unless the poison is driven from the blood it affects the bones, and literally eats out the life of the sufferer.

There is scarcely any limit to the evil powers of Contagious Blood Poison. It is often transmitted to others by a friendly handshake or from the use of the toilet articles of an infected person. And if the virus is allowed to remain in the circulation, its blighting influence will be handed down to offspring to ruin their innocent lives.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in ridding the blood of this insidious poison; and in no disease is it more important that the proper remedy be used. Medicines which merely check the symptoms for a time and leave the real cause smoldering in the system, have brought misery and despair to thousands. Faithfully the sufferers took such treatment, and when all outward signs had disappeared left off its use, only to find that the virus had been shut up in the blood, awaiting a favorable opportunity to break out again.

S. S. S. goes down into the circulation, and removes every particle of the poison from the blood, makes this vital fluid pure and healthy, and does not leave the slightest trace of the poison for future outbreaks. S. S. S. is made entirely of roots and herbs of the forests and fields. It does not contain the least particle of mineral in any form to injure the delicate parts of the system, impair the digestion or corrode and irritate the membranous tissue or lining of the stomach and bowels.

If you are suffering with Contagious Blood Poison, S. S. S. will cure you, because it will purify your blood, and destroy every vestige of the taint. It will act as the finest of tonics to build up and strengthen your system, assist it in overcoming the effects of

the disease, and insure a speedy restoration to perfect health.

We have a Home Treatment book, describing the different stages and symptoms of Contagious Blood Poison, and containing many suggestions that will be helpful to you in curing yourself with S. S. S. We will send this book and any medical advice desired to all who write; no charge for either. S. S. S. is for sale at all drug stores.

### DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—  
Eczema in Raw Spot on Baby  
Boy's Face Lasted for Months—  
Cried with Pain when Washed.

ECZEMA WAS CURED AND  
HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleaned with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Kan., May 14 and June 12, '07."

### NOT SAFE

Tobacco Company's Reply to Request of Clarksville Committee.

CLARKSVILLE, Tenn., April 17.—The Dark Tobacco Growers' association held its regular meeting here. The district reports showed tobacco plants to be showing up well. A number of new members had been secured and good prices were announced for all sales of tobacco made by the association. President Savage, of the chamber of commerce, who with W. A. McFall, representing the association, went to New York to confer with officials of the American Tobacco company, with a view of offering inducements to continue their manufacturing business in this city, said the company expected to enlarge its twist factory but did not deem it wise to make further investment in this city, hence removal recently of the Meriwether branch of the factory to Nashville. Mr. Savage impressed upon the meeting the need of maintaining peace and quiet in order that the company may be assured of the protection should they continue their operation here.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. W. I. Bailey, living on East Greenville St., Madisonville, Ky., says: "It is four years since I recommended Doan's Kidney Pills through our papers, and my confidence in them during the time which has elapsed has not been shattered in the least, but to the contrary, I learned more about them and can recommend them even more strongly. I said at that time that Mr. Bailey had suffered with kidney complaint off and on for a number of years, and had used almost every known remedy for this trouble but nothing brought permanent results. He finally learned of Doan's Kidney Pills and got a box. They benefited him in every way, more so than all the other kidney medicines he had ever tried. He has used them many times during the past four years, and they have never failed to give him relief from these severe attacks. I have used Doan's Kidney Pills myself for a weakened condition of the kidneys and they proved just as satisfactory in my case. We both think there is no remedy like Doan's Kidney Pills."

## DEATH RATE DECREASES.

Country people are healthier than city folks.

Deaths from tuberculosis are decreasing year by year.

The death rate of the United States has decreased in a year from 16.2 per 10,000 population to 16.1.

There were fewer deaths per 10,000 of population in South Dakota in 1906 than in any other state in the union. The record breaking mark was 8.8.

There were more deaths per 1,000 of population in California in 1906 than in any other state. The rate was 17.4 out of every thousand.

New Zealanders are the healthiest people in the world. The death rate there in 1906 was 9.3. In Chile it was 32.3.

These are some of the striking facts brought out in the government's mortality statistics for 1906, just issued.

The reason the mortality rate, both here and in foreign countries, is lower than ever before is because of the tremendous world-wide movement for sanitary betterments, clean milk and pure water.

For 1906 the death rate of the city part of Uncle Sam's domain was 17.8, and of the rural 14.1, and the difference, 3.7, was somewhat more than the average, 3.2.

For the five-year period 1901 to 1905, the death rate of the white population of the United States was 17.5, and that of the colored population was 28.4 per 1,000 population, a difference of over 80 per cent.

## DEATH

Of Prominent Young Man of the Dogwood Neighborhood.

Death our dearest ties can sever  
Take our loved ones from our side,  
Bear them from our home forever  
O'er the dark and rolling tide.  
Last Thursday night at 9 o'clock the dark angel of death visited a home for the second time this week and the bright, brave and generous spirit of Payton King answered the summons of death.

He was the idolized and only son of Mr. A. C. King, of this neighborhood, who passed away last Monday night.

Our neighborhood has lost one of its best men when it lost Mr. King. Everyone praised him for his generous spirit and kind heart. And Payton, how we will miss him when we gather once more. His voice was always heard among the young and gay, ever ready with a smiling face and a kind word of greeting. And just as the world broke from the cold embrace of winter and nature broke forth with their sweetest songs to cheer the weary heart, and everything spoke of new life, hope and happiness the grim reaper came and gathered home one so full of hope and happiness. Payton was just reaching manhood. He was only about twenty-one years old, so happy and youthful. It seems like it is too hard, and sometimes we ask ourselves the question, "Is life worth living after all?" but we take hope again and think how sweet will be that meeting in heaven with all those loved and lost, where we shall clasp hands with them once more never to say farewell. It is sad to stand by our friends and minister to every want and then at last find we can do nothing more than watch their spirit depart. But there is a friend who can go with him after we can go no further. Jesus has said: "I will never forsake thee," and even in the valley of death we know that Payton was not alone, we know those prayers were not in vain, and though the body has been lowered to the embrace of mother-earth, we know that spirit is in heaven.

God saw fit to rob Payton of his mother when he was but a small child, and he had struggled to manhood without a mother's love and care, but we know he cherished the faded memory of her. The writer had the pleasure of knowing Payton from a child, and my thoughts go back to our school days when boy

and girl we played beneath the spreading oaks at old Dogwood. Happy then, unmindful of any of life's battles, I ever found Payton a true and steadfast friend, ever ready with a kind word and a helping hand, but now those hands are folded in death, those lips are sealed and those eyes are closed forever in this world. It is when we look on him thus in the casket that we realize that "friends who have loved us are slipping away." How well we remember the last time we were permitted to be with him how happy and gay he was, and he asked his friends to sing with him his favorite song, "Tell Mother I'll be There," and as we stood singing with him we little dreamed that it would be the last time we would ever hear that voice or even look on that face as it has been with many of his friends. But we believe he is with that mother of whom he loved so well to sing, and that his voice is heard in an angel choir. Life is short and we too must meet death, let us ever be ready, let the hands of those departed be beckoning hands at the gateway of heaven to beckon us nearer to heaven and to our God. Heaven retaineth now the treasure Earth the lonely casket keeps; And the sunbeams long to linger Where our departed Payton sleeps. There is nothing left to us now but an earthly mound upon which to plant sweet flowers and his memory which we will cherish until we see his heavenly face.

Though he lived among us a short time the memory of him will live on with us as long as we live, and we hope to meet him in that city whose builder and maker is God, and where death can never sever the ties that bind us and part us from those we love.

—A FRIEND.

## HERE'S A HOW D'Y DO!

COUNTY FACE TO FACE WITH TWO SHERIFFS.

To Say Nothing of a Couple of Sets of Deputies.—Renshaw Gets Tax Books.

(From Wednesday's Daily)

From present indications, Christian county may soon have two sheriffs.

This morning J. M. Renshaw entered the sheriff's office in the courthouse promptly at 10 o'clock and formally demanded that Sheriff David Smith surrender the office books etc., to him under the order issued on March 11 by County Judge Prowse and the subsequent decision of Judge Barker of the court of appeals. Mr. Smith asked for time to consult with his attorneys and the decision has not yet been announced.

In the meantime Mr. Renshaw went to the office of County Clerk Campbell and demanded the tax books for 1908, these having been ordered to be turned over to him by the order issued by Judge Prowse. The books were delivered to him. Later in the day Mr. Renshaw again entered the county clerk's office, in company with Judge Prowse, and on his motion John Boyd, Edgar Renshaw and Miss Lillie Owen were sworn in as deputy sheriffs, the court, in the order made for this purpose referring to Mr. Renshaw as "sheriff of Christian county." Mr. Renshaw says that if Mr. Smith refuses to surrender the office to him he will open up another office somewhere else in town.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by Anderson-Fowler Drug Co., Incorporated.

## JAS. D. WOOD KILLED

IN A FIGHT WITH A DISCHARGED  
POLICEMANOthers Were Wounded.—Dead Man  
Was Formerly Head Of The  
Union Miners.

CENTRAL CITY, Ky., April 22.

—James D. Wood, for many years  
president of District 23, United  
Mine Workers of America, was shot  
and instantly killed last night in a  
fight in which his brother, John  
Wood and John H. Magan, a former  
policeman, were also wounded.The fight occurred on the platform  
of the Illinois Central railroad  
station and grew out of political  
troubles between the Wood's and  
three former policemen who were  
recently let out of the city's service,  
largely through the influence of  
James D. Wood, who was a member  
of the board of councilmen.Nearly twenty shots were fired by  
the two Woods and James Jenkins,  
former chief of police, and Walter  
Hardwick and Magan, both former  
members of the police force. The  
five men met on the platform and  
are said to have quarreled violently  
for some minutes before the shoot-  
ing began. Who first drew a weapon  
is not known, but after the first  
shot, nearly every man in the party  
emptied his revolver.James Wood was shot once in the  
neck and a second time in the heart,  
the bullet causing instant death.  
John Wood was twice wounded,  
one ball entering the stomach and a  
second lodging in his arm, but it is  
believed that he will recover. Magan  
was shot in the leg, but the wound  
is not serious. The other two  
men were not wounded.James D. Wood for a number of  
years was president of District No.  
23, of the United Mine Workers of  
America, which was during the  
time of the Hopkins county trouble.  
Subsequently he went on the stage  
and was the hero of a play entitled  
"Down in Hopkins." Wood also had  
the honor of being a member of the  
National Board of the United Mine  
Workers of America.The last office of any importance  
which he held was that of president  
of the State Federation of Labor.For a few months he ran a weekly  
labor paper at Henderson and later  
on moved it to Central City.

## An Insidious Danger

One of the worst features of kidney  
trouble is that it is an insidious dis-  
ease and before the victim realizes  
his danger he may have a fatal mal-  
ady. Take Foley's Kidney Remedy  
at the first sign of trouble as it cor-  
rects irregularities and prevents  
Bright's disease and diabetes. L.

## A Common Mistake.

Many women mistake kidney and  
bladder troubles for some irregu-  
larity peculiar to the sex. Foley's Kid-  
ney Remedy corrects irregularities  
and makes women well. Miss Car-  
rie Harden, Bowling Green, Ky.,  
writes: "I suffered much pain from  
kidney and bladder trouble until I  
started to use Foley's Kidney Rem-  
edy. The first bottle gave me great  
relief, and after taking the second  
bottle I was entirely well." L. A.

## ECZEMA NOW CURABLE.

All Itching Skin Diseases Which Are  
Not Hereditary Instantly Relieved  
By Oil of Wintergreen.Can Eczema be cured?  
Some physicians say "Yes."  
Some say "No."The real question is, "What is  
meant by Eczema?" If you mean  
those scaly eruptions, those diseases  
which make their first appearance  
not at birth but years afterward,  
and perhaps not until middle age—  
then there can no longer be any  
question that the germs of Eczema  
are curable.Simple vegetable oil of winter-  
green, mixed with other vegetable  
ingredients, will kill the germs that  
infest the skin. Apply this pre-  
scription to the skin, and instantly  
that awful itch is gone. The very  
moment the liquid is applied, that  
agonizing, tantalizing itch disap-  
pears, and continued applications of  
this external remedy soon cure the  
disease.We carry in stock this oil of win-  
tergreen properly compounded into  
D. D. D. prescription. While we  
are not sure that it will cure all  
those cases of skin trouble which  
are inherited, we positively know  
that this D. D. D. prescription when  
rightly used, will cure every last  
case of genuine Eczema or other  
skin trouble, which did not exist at  
birth.We know this. Anyway you,  
yourself, will know that D. D. D.  
perscription instantly takes away  
the itch the moment it is applied to  
the skin. Stop that itch today—  
instantly. Just call at our store and  
try this refreshing and soothing li-  
quid also ask about D. D. D. Soap.

## Death Was on His Heels

Jesse P. Morris, of Skippers, Va.,  
had a close call in the spring of 1906.  
He says: "An attack of pneumonia  
left me so weak and with such a  
feverish cough that my friends de-  
clared consumption had me, and  
death was on my heels. Then I was  
persuaded to try Dr. King's New  
Discovery. It helped me immediately,  
and after taking two and a half  
bottles I was a well man again. I

## READY TO PERFORM

HIS DUTY AND SEND RIDERS TO  
PENITENTIARY.Commonwealth's Attorney Smith  
Wants Murray Lawyers to Assist In  
Selecting the JuriesMURRAY, Ky., April 22.—That  
Commonwealth's Attorney Denny  
P. Smith will do his sworn duty in  
the prosecution of the Night Rider  
cases in the Calloway circuit court  
is not only forthcoming from him,  
but many citizens and County At-  
torney N. B. Barnett, who has so  
earnestly and faithfully assisted the  
grand jury in returning those  
indictments that have been found.Some doubting Thomases have  
put in circulation a report that the  
commonwealth attorney would not  
be severe enough in the prosecution.  
He has heard these reports and  
authorizes The Times correspondent  
to refute them. He said:"If I am let alone in this matter I  
expect to send some of the men to  
the penitentiary, especially the  
leaders. I want some assistance,  
not so much to prosecute as in help-  
ing select the juries. I am not  
familiar enough with the residents  
of Calloway county to know who is  
and is not in sympathy with night  
riding, and in order not to be de-  
ceived in getting an impartial jury,  
I want assistance, but the attorney  
or attorneys should be from Murray.A firm I have in mind has set a fee,  
and I think it will be employed.  
This is one of the most prominent  
law firms in Murray, composed of  
capable and sincere lawyers. Gov.  
Willson not long ago saw fit to roast  
me for failing in prosecutions of  
alleged Night Riders at Hopkins-  
ville. The fire marshal claimed to  
have sufficient evidence to send the  
men to the penitentiary, but when  
the cases went to trial the evidence  
was weak and the prosecution failed.  
In Louisville newspapers I answered  
Gov. Willson, but he could not reply  
to the plain facts set out. It is  
different in these cases. There is  
enough evidence in some of the  
cases to insure convictions. It will  
be impossible to try more than three  
or four cases at this term of court,  
and some of the defendants I sin-  
cerely expect to convict."County Attorney N. B. Barnett  
said he had been associated with  
the commonwealth's attorney in the  
cases in the grand jury rooms, and  
he wanted to say that Mr. Smith  
was doing all that a prosecutor could  
do. He said he was satisfied that  
he would do his utmost to send the  
guilty to the penitentiary, and he  
hoped there would be no outside  
interference.

## HA! HA! HA!

Good Digestion and Good Health  
Bring Joyous Life.Whoever heard of a joyous dys-  
peptic?Merriment and indigestion are as  
far apart as the north and south  
poles. Don't blame the poor dys-  
peptic for being blue, cross, nervous,  
irritable and grouchy. He cannot  
help it. No one whose stomach is  
weak, whose nerves are on edge,  
whose tongue is furred and whose  
teeth at eating a hearty meal for fear  
of the distress that will follow, can  
be sweet tempered.Tone up the weak stomach mus-  
cles and get digestion working nat-  
urally by using Mi-o-na stomach  
tablets. This remedy is not a mere  
digestive that gives temporary re-  
lief only; it cures all stomach  
troubles by strengthening the diges-  
tive machinery and putting it into  
such perfect order that it will take  
care of all foods without distress,  
indigestion or flatulence.Mi-o-na cures stomach troubles in  
a perfectly natural way, increasing  
the flow of gastric juices so that  
life's nourishment is extracted from  
the food and the refuse is expelled  
without the aid of laxatives or other  
medicine.If the complexion is blotched or  
pimpled, in nine cases out of ten it  
is caused by stomach troubles and  
cannot be cured until the stomach is  
regulated by Mi-o-na.So reliable and positive is the ac-  
tion of Mi-o-na in curing indigestion

## \$25,000 SUIT FILED.

A suit growing out of a railroad  
wreck that occurred at Mannington  
on June 30, 1907, in which Charles  
B. Long, a youthful operator, lost  
his life by a car crashing into a  
block house where the young man  
was working, demolishing the build-  
ing into kindling wood and killing  
him instantly, has according to the  
Hustler, been filed in the Hopkins  
circuit court against the L. & N.  
railroad company by his adminis-  
trator, D. A. Wilbert.In the filed petition the adminis-  
trator avers that Chas. F. Long died  
on June 30, 1907, and that he was,  
on March 2, 1908, appointed adminis-  
trator of his estate by the county court.The plaintiff further alleges that  
the defendant Louisville & Nash-  
ville railroad company is and was on  
said day a corporation duly incor-  
porated and doing a general railroad  
business under the laws of this  
state, with conferred powers to sue  
and be sued, and operated a line of  
railroad running through the village  
of Mannington, where it had estab-  
lished and was then maintaining a  
telegraph office in a building built  
and constructed adjacent to the pas-  
senger platform at said station.The plaintiff alleges that the de-  
fendant on said day so negligently  
maintained its tracks at and near  
said place, so negligently construct-  
ed and placed its telegraph office  
building, and so carelessly and neg-  
ligently ran, managed and operated  
one of its freight trains then ap-  
proaching said station that it ran in-  
to and overturned said building,  
where the defendant, Chas. F. Long,  
was then at work for the defendant  
as a telegraph operator in the dis-  
charge of his duties, exercising ordi-  
nary care for his own safety and  
then and there with gross negligence  
killed him to the plaintiff's damage  
in the sum of \$25,000.In view of all these facts herein  
set forth, the plaintiff prays the  
court to award him a judgment of  
\$25,000 against the defendant and  
for all proper relief.Winfree & Knight

### PEMBROKE PYTHIANS

ENTERTAIN HANSOMELY AT THE DISTRICT MEETING

Lucian H. Davis, of This City, Re-elected District Deputy.—The Attendance Was Large.

(From Friday's Daily)

A district meeting of the Knights of Pythias lodges in this region was held yesterday and last night at Pembroke, the McKenzie lodge No. 82, named in honor of the late Hon. James A. McKenzie, being the host of the occasion. About one hundred members of the order were present and the meeting was one of interest and instruction. The grand keeper of records and seal, John W. Carter, of Owensboro, the grand prelate, C. F. Saunders, of Franklin, and past grand chancellor, J. J. Henry, were present. The lodges included in the district are Hopkinsville, Pembroke, Marion, Earlington, Guthrie and Elkton. Following the business session, which was presided over by the district deputy, Lucian H. Davis, of this city, the second rank was conferred on Jacob Newman, of this city, and the work was impressively performed. Mr. Davis was re-elected district deputy. The Pembroke lodge gave the visitors an elegant spread in one of the storerooms, and it was long after midnight before the social festivities were ended. Among the Hopkinsville knights who attended were: J. J. Henry, L. H. Davis, Green H. Champlin, M. J. Moayon, J. Will Smith, Jacob Newman, L. F. Atkinson, G. W. Walter, J. A. Edings, George DeTreville, Paul Winn, C. M. Hill. The Hopkinsville contingent returned home overland at 3 o'clock this morning.

### THRICE-A-WEEK WORLD

In the Presidential Campaign Year More Alert, More Thorough and More Fearless Than Ever. Read in Every English-Speaking Country.

A president of the United States will be elected this year. Who is he and who is the man whom he will beat? Nobody yet knows, but the Thrice-a-Week edition of the New York World will tell you every step and every detail of what promises to be a campaign of the most absorbing interest. It may not tell you what you hope, but it will tell you what is. The Thrice-a-Week World long ago established a character for impartiality and fearlessness in the publication of news, and this it will maintain. If you want the news as it really is, subscribe to the Thrice-a-Week edition of the New York World, which comes to you every other day except Sunday, and is practically a daily at the price of a weekly.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper, and the Kentucky New Era together for one year for \$1.65.

### SWAPPED BULLETS

TROUBLE NEAR CLARKSVILLE  
OVER TOBACCO SITUATION

Joe Gerhart Wounded Twice and Tom Williams Shot In Hand.—Ben Rinehart Unhurt.

CLARKSVILLE, Tenn., April 17—About noon yesterday an affray, in which several shots were fired, took place near the blacksmith shop of F. M. Adkins in New Providence, in which Joe Gerhart and Ben Rinehart were the principals.

The shooting resulted in Gerhart receiving two wounds, one in the hand and a flesh wound in the neck. Tom Williams, who lives in district No. 3, and who was only a short distance away, received a wound in the hand, caused, it is supposed, by an attempt to grab Gerhart's pistol.

The sheriff was notified and immediately went to the place of the shooting, where he arrested Mr. Rinehart, Mr. Gerhart having come to Clarksville, where his wounds were dressed.

Mr. Rinehart refused to make any statement about the affair and waived examination.

Mr. Gerhart was standing in the road in conversation with H. C. Merritt when Rinehart came up and patted him on the shoulder in an apparently friendly manner and said: "Mr. Gerhart, I want to see you." He walked off with Rinehart to the side of the store, when Rinehart asked him what the trouble was with the tobacco association up there (meaning Gerhart's neighborhood). Mr. Gerhart said he told him that he was always busy with his own affairs and didn't know what was going on with other people. He said Rinehart then told him if he didn't belong to the association that he needn't ever speak to him again, whereupon he (Gerhart) replied that if they couldn't speak, he didn't think there would be any love lost.

Rinehart kept talking and Gerhart walked away. Rinehart followed and as Gerhart turned around Rinehart drew his pistol and fired. Gerhart raised his hand and knocked the pistol down, the shot inflicting a flesh wound in the neck. The second shot struck Gerhart in the left hand and a third shot went wild and grazed Dub Smith's side, the latter narrowly escaping serious injury.

Gerhart in the meantime said he stepped back and fired at Rinehart, Tom Williams, who was near, threw up his hand to knock Gerhart's revolver and knocked it down. The bullet struck him in the right hand, inflicting an injury that will cause him much trouble.

Tom Williams, who was shot in the hand, stated that Rinehart was the aggressor in the case from the first and it seemed that Gerhart had tried to avoid trouble. Rinehart had fired four times and Gerhart shot once.

WASHINGTON, D. C., April 18—If the senate finance committee continues to smother the bill taking the tax off the leaf tobacco it will hear from Senator McCreary, Mr. McCreary has served notice on Senator Daniel, who is a member of the committee, that if the latter does not move to discharge the committee from consideration of the bill he (McCreary) will do so, and thus precipitate the fight on the floor of the Senate.

Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of medicines of known composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his medicines, "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood-purifier, and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by Anderson Fowler Drug Co incorporated.

the work accomplished by it is most  
remarkable.

"After the destruction wrought by  
the Night Riders, when Hopkinsville  
and the whole section about it seemed  
to be terrorized, the law prostrate,  
and free speech throttled, a few men,  
less than a dozen—whose courage  
and public spirit were equal to the  
emergency, organized themselves  
into a Law and Order League and  
formed the nucleus around which  
other such men gathered until today  
according to the information we  
have received, that league numbers  
many hundred and those who do  
not belong to it, instead of those  
who do, are called upon to explain  
whether they feel sympathy with

Little Light  
on Smith CaseJudge Barker's Decision Has  
Not Cleared the Situation.

## ---Who Is Sheriff?

(From Monday's Daily)

The complexity of the situation in  
regard to the question of who is  
sheriff of Christian county increases  
as a result of the decision of Judge  
Barker, of the court of appeals.

Circuit Clerk Clark received a let-  
ter this morning from Judge Barker  
stating that the records in the case  
and the opinion had been forwarded  
by express. The package was ex-  
pected to arrive this morning but it  
failed to do so.

This afternoon Attorneys Duffy  
and Hanbery, representing Mr.  
Smith, had the circuit clerk issue an  
order directed to Judge Prowse and  
Mr. Renshaw for a stay of proceed-  
ings. The papers were served soon  
after 1 o'clock by Corner Alenworth.  
This action is in the nature of an ap-  
peal from the original order as issued  
by Judge Prowse and the peti-  
tion supporting this appeal will raise  
new questions in the case.

FRANKFORT, Ky., April 20.—  
David Smith, the Democratic sheriff  
of Christian county, lost out in an  
appeal in chambers to Judge Barker,  
of the court of appeals Saturday  
from a judgment rendered by the  
Christian circuit court a few days  
ago. In the opinion Judge Barker  
called in consultation his fellow  
judges of the eastern division, Chief  
Justice O'Rear, Judge Lassing and  
Judge Carroll, who concurred with  
him in his dissent from the finding  
of Circuit Judge Cook.

A brief history of the case will  
show plainly the basis of the opinion  
of Judge Barker. David Smith,  
Democrat, was elected sheriff of  
Christian in 1905, and went into office  
in January, 1906. He extended the  
bond required by law for the first  
two years, but in January, 1908, he  
failed to renew his bond, nor did he  
renew the same until after March  
1st, of that year, whereupon on the  
11th day of March the newly ap-  
pointed county judge, C. O. Prowse,  
entered a county court order re-  
moving Smith from office and ap-  
pointing J. M. Renshaw in his place  
on the ground that Smith had not  
filed his bond within the time re-  
quired by law. Mr. Smith sued out  
an injunction against Judge Prowse,  
restraining him from removing the  
said Smith from office, and Circuit  
Judge Cook issued a temporary re-  
straining order against Prowse.  
From this decision Prowse and  
Renshaw appealed to the court of  
appeals, and the case was heard  
Saturday in chambers before Judge  
Barker, with the other members of  
his division sitting in consultation  
with the result that the lower court  
was reversed and the office awarded  
to Renshaw.

In reversing the circuit judge and  
in some measure reversing the court  
of appeals, as shown in the case of  
Schuff vs. Pfanz, 99 Ky., 97, Judge  
Barker calls attention to the change  
made in the revenue law of 1906,  
which required that the new bond  
should be given on or before the  
first day of March of each year in-  
stead, as the old law provided, on  
or before the first Monday in Jan-  
uary of each year. It was admitted  
that the bond was not filed and ac-  
cepted by the county judge on or  
before the first day of March, 1908,  
and the judge points out that the  
law gives the county judge the op-  
tion of removing the sheriff or  
suspending him from office for such

(From Tuesday's Daily.)

The opinion of Judge Barker, of  
the court of appeals, in the Smith-  
Renshaw case was received here  
this morning and ever since the fact  
became known that it was here a  
constant stream of lawyers and in-  
terested persons poured into Circuit  
Clerk Clark's office and the docu-  
ment has passed from hand to hand  
to be read.

The opinion covers thirteen pages  
and is typewritten. Judge Barker  
takes up every salient feature of the  
case and passes upon each in detail  
and then finally sums up the whole.  
This is a question that has bothered  
everyone considerably—whether

These attorneys also contend that  
as Judge Barker's decision was not  
received here and entered upon the  
records within the prescribed twenty  
days from the day on which Judge  
Cook granted the injunction, which  
was on March 28, that the opinion  
loses its force dissolving the injunc-  
tion which has been granted. Under  
these conditions they hope to retain  
the office for Mr. Smith until the  
June term of court when the case  
will be tried out on its merits.

Mr. Renshaw admits that the op-  
inion of Judge Barker was not filed  
here within the required twenty  
days, but this side claims that a  
written agreement was entered into  
by the parties interested, which was  
for the purpose of giving Judge  
Barker additional time in which to  
lay the case before the other judges  
of the court of appeals, and that  
therefore the opinion dissolving the  
injunction holds good.

dereliction, and as the county judge  
exercised the option of removing  
him, the judge decides he was clear-  
ly within his rights and therefore  
awards the office to Renshaw.

Judge Barker draws the following  
difference between the decision in  
the case of Schuff vs. Pfanz, above  
referred to, and the present case as  
follows:

"Section 4557 of the Kentucky  
Statutes provides that it shall be the  
duty of the County Court to re-  
new the Sheriff annually to renew  
his bonds and upon his failure to do  
so, the court is required either to  
suspend him from acting until he  
does give bond, or may vacate his  
office. So far as this phase of the  
case is concluded by the reasoning in  
Schuff vs. Pfanz 99 Ky., 97. That  
case is similar in principle in all re-  
spects to the case at bar, except  
that after the sheriff failed to give  
bond at the proper time the County  
Judge accepted his bond and then  
entered an order vacating the office  
and appointing a successor." The  
court then goes to show that the  
present case differs in that the County  
Judge did not accept the bond of  
Smith, but on the other hand made  
an order vacating his office because  
of his failure to make the bond with-  
in the time provided by law, and ap-  
pointing his successor. The court  
holds that if the county court of  
Jefferson county, had taken the same  
action in the case of Schuff vs. Pfanz,  
the same decision as in the present  
case would have been rendered.

The court overruled the conten-  
tion of Smith that it was the duty  
of the county judge to first notify him  
of his failure to execute the required  
bond within the specified time, hold-  
ing that the onus was on the sheriff  
to give the bond rather than of the  
county judge to give him notice of  
his failure.

The decision leaves only one Demo-  
cratic official in Christian county.  
In the November election of 1905, the  
Democrats got active, and although  
the county is nominally fifteen hun-  
dred Republican, they succeeded in  
getting the sheriff, the county attor-  
ney and the representative in the  
general assembly. The member of  
the general assembly only served  
one term, which has long since ex-  
pired. David Smith has been depos-  
ed by this decision, which only  
leaves John C. Duffy, county attor-  
ney, as the only Democratic official  
of Christian county.

Judge Barker merely passed upon  
the injunction or whether he took  
up the case in its entirety. Prefac-  
ing his construction of the various  
phases of the case, Judge Barker  
recites the conditions upon which  
the ouster order was issued and the  
contention of Mr. Smith in securing  
the injunction in the circuit court,  
and quotes the law governing the  
sheriff's office and the requirement  
to make bond.

In taking up the matter of the  
quietus which figured so largely in  
the case Judge Barker takes the  
position that the question of wheth-  
er or not Mr. Smith was provided  
with this had nothing to do with

the bond. The failure to secure this  
quietus did not prevent Mr. Smith  
from making the bond; it was nec-  
essary for him to have a quietus be-  
fore the tax books could be deliver-  
ed to him but this had no bearing  
on his making his bond.

In regard to the contention of Mr.  
Smith's attorneys that Judge Prowse  
had promised Mr. Smith to accept  
his bond after the first day of March  
and date it back accordingly, which  
in the evidence filed Judge Prowse  
denied, Judge Barker says:

"The county court must speak by  
its records. The county judge off  
the bench has no power or authority  
to bind the county court and it  
would entail most disastrous conse-  
quences if those having business  
with the court could come in and set  
up conversations had with the judge  
on the street or out of office in bar  
of the consequences of the judgments  
of the court. \*\*\*\*\* Therefore,  
admitting to be true all the plaintiff  
contends took place between the  
county judge and himself with refer-  
ence to the execution of the bond  
involved here, it cannot be allowed  
to avail him upon this motion.

In summing up the case Judge  
Barker says:

"It was not necessary that the  
county judge should give plaintiff  
notice that he intended to enter a  
judgment vacating the office. The  
court only had jurisdiction to enter  
the order provided the bond had not  
been accepted and filed. This was  
a matter of record and its existence  
jurisdictional. There was but one  
question: Had the bond been filed?  
This could only be established by  
the record. Upon the failure to ex-  
ecute the bond and file it on the day  
required by the statute, the authori-  
ty of the court arose to vacate the  
office. The record shows (and it  
could not be contradicted) that no  
bond was filed. The right to vacate  
the office was absolute, and the judg-  
ment of vacation removed the plain-  
tiff from office.

"For the foregoing reasons I am  
constrained to dissolve the injunc-  
tion granted by the circuit judge,  
and it is so ordered."

Attorney Duffy, of the counsel for  
Mr. Smith, did not finish reading  
the opinion of Judge Barker until  
noon. After he had gone through it  
carefully, he stated that the status  
of the case remained practically the  
same as given in yesterday's New  
Era.

Mr. Duffy stands firm in his con-  
tention that the fact that the opinion  
was not received and filed here  
within twenty days from the time  
the injunction was granted, causes it  
to lose its effect and therefore the  
injunction retains its restraining  
force. In regard to the written  
agreement which Mr. Renshaw's at-  
torneys claim was entered into  
granting an extension of time,  
Mr. Duffy says that this agree-  
ment was merely to give per-  
mission to Judge Barker  
to hold the records in the case until  
his decision was rendered, so that  
the other justices of the court might  
consider the case with him. He says  
that by this agreement Mr. Smith  
did not in any degree surrender any  
of his rights or privileges under the  
law. Mr. Duffy also claims that  
Judge Barker has gotten some of  
the facts in the case considerably  
twisted in his opinion. The appeal  
to the original order which was taken  
yesterday is still adhered to.

Under these circumstances Mr.  
Smith still expects to retain the of-  
fice until the case is heard in its en-  
tirety at the June term of court and  
confidently expects a decision in his  
favor.

BECOMING  
A MOTHER

Is an ordeal which all  
women approach with  
indescribable fear, for  
nothing compares with  
the pain and horror of  
child-birth. The thought  
of the suffering and danger in store for her, robs the expectant mother  
of all pleasant anticipations of the coming event, and casts over her a  
shadow of gloom which cannot be shaken off. Thousands of women  
have found that the use of Mother's Friend during pregnancy robs  
confinement of all pain and danger, and insures safety to life of mother  
and child. This scientific liniment is a god-send to all women at the  
time of their most critical trial. Not only does Mother's Friend  
carry women safely through the perils of child-birth, but its use  
gently prepares the system for the coming event, prevents "morning

## Guaranteed Cure for Constipation

After watching results for sixteen years, during which time many millions of bottles were sold and thousands of letters from users were received, the originators of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, feel safe in guaranteeing it in the various diseases of the stomach, liver and bowels, such as chronic constipation, dyspepsia, indigestion, biliousness, flatulency, sour stomach, bloated stomach, heartburn, etc. There is an absolute guarantee to refund the purchase price if Dr. Caldwell's Syrup Pepsin does not do what is claimed for it.

For sixteen years this remedy has been recommended for stomach, liver and bowel complaints and the fact that each year more and more families are using it proves that it has the merit claimed for it, and the letters we are constantly receiving prove that it is curing these diseases. Hence the guarantee is justified.

Mr. Alston, of Boynton, N. C., considers Dr. Caldwell's Syrup Pepsin the best laxative on the market because, to use his own words, it does all you claim for it and I do not know of another medicine of its kind that does. "Mrs. Williams, of Sidney, Ill., writes that she has used it in her home all her married life and would not keep house without it. Thousands of others have written to the same effect.

If you have any complaint for which Dr. Caldwell's Syrup Pepsin is recommended go to your druggist and get a 50 cent or \$1 bottle. Take it on the basis that we guarantee satisfaction. You will find it gentle in action and pleasant in taste. It works promptly and efficiently, and unlike purgative waters, salts and cathartic powders or pills, does not grip and leave you feeling weak and torn. It is safe to say that you will like it and use it regularly when you have call for a laxative. It is especially suited to children and weak people because of its gentle action.

**FREE TEST** Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their homes by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gettest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purely guarantee No. 17, Washington, D. C.

## Talmage Sermon

By Rev.  
Frank De Witt Talmage, D. D.

New York, April 19.—In this sermon, appropriate to spring, the preacher speaks encouragement to those who are now dropping into the soil the seed that will yet bear fruit in good deeds, gospel teaching and noble sacrifice for others. The text is John iv, 35: "Say not ye there are yet four months and then cometh harvest? Behold, I say unto you, lift up your eyes and look upon the fields, for they are white already to harvest."

If these words were true when Jesus uttered them to his disciples nearly 2,000 years ago, how much more true are they when spoken to the men and women of the present generation! These nineteen centuries of gospel preaching and gospel sacrifices have not gone for naught. The preaching and the life labors of the twelve apostles, followed by those of Polycarp and Athanasius and Augustine and Luther and Calvin and Wycliffe and Wesley and Whitefield and Savonarola and John Knox and David Livingstone, were not all useless. Have no harvests come from the myriads of gospel sowers who have been scattering their seeds everywhere in every generation? Have we no harvests from the self sacrifice of our modern missionaries as well as from the patient labors of the hundreds and thousands of Christian ministers scattered all over the whole world? What would we think of a man who, having endless life and unlimited wealth, devoted years of labor and millions of dollars to a work that after 2,000 years showed no signs of completion? We should say that man was in a fool's business. Well, my brother, do you suppose God is engaged in any such business as that? Do you suppose all these labors for nineteen centuries have gone for naught? Nay, nay! In every generation the toilers have been cheered and encouraged by seeing the results of their labors. The word has never returned void. Wherever and whenever it has been sown men have listened and have turned from the husks of the world to seek eternal life. Sowing and reaping have gone on simultaneously. The work is still ready for the worker, and we in our day have the additional stimulus of seeing what the predecessors have accomplished by the very means we have at command. Let us consider this morning what those means are that have been effective in the past and will prove effective in the future.

**The Meaning of the Sacrifice.**  
First there are the facts of the gospel. Christ himself was born in a manger. He suffered and died and rose again and ascended from Mount Olivet for our atonement, our redemption and our coronation. By his shed blood he has paid all the price for our emancipation from sin. By his shed blood he has made it possible for us to be pure as he is pure, perfect as he is perfect, and to sit upon a throne at the right hand of God. His redeemed saints are at this hour singing his praises in never ending hosannas amid the eternal joys of heavenly remission, where there is no sickness, no pain, no partings, no sin, no death. Though we should have the silver tongue of the most eloquent preacher that ever lived and all the mental grasp of a Paul himself, yet today we would give the chief praise for this glorious expectation to the atoning sacrifice of Jesus Christ. It is the blood—the divine blood—of our Saviour shed for the redemption of sins that has made all this harvest of the gospel fields possible.

And this truth is the more emphatic because it is just here at the atoning cross that the orthodox gospel minister and all other teachers separate. The crucial question is not, as some suppose, as to the garden of Eden or the book of Job or the experience of Jonah. The one great issue which every Christian has to decide is not whether Moses wrote the Pentateuch. It is not whether he was the author of the Psalms or of the book of Ecclesiastes. It is not whether the Bible itself is verbally inspired. It is not as to the meaning of the Messianic prophecies. It is not whether God created the world in six days or in 6,000 years. The great question at issue is still that which was put to the apostles, "What think ye of Christ?" Do you believe that he died to save men from their sins? Do you believe that he is able to give eternal life to those who put their trust in him? Are you willing to make him the guide of your life, your king who shall control your thoughts and actions? That is the main point at issue, and that alone, for if you can believe and do believe that and put your trust in him you have the essentials of Christian faith, and the other questions are of minor importance.

**The Essentials of Faith.**  
Do you believe that Jesus was in very truth the only begotten Son of God and that he came into this world to save us by his life and shameful death from our sins? This is the vital place where all true Christians and false believers separate. I am not today asking you one of the interesting but unessential questions I might ask. I am trying to find out where you are in the great foundation truths. The center right, the circumference of your spiritual faith, will be right. What is your answer in reference to the blood—the divine blood—shed for the remission of sins? Can you not perceive that it

is this doctrine of the cross that has been the basis of the triumphs of Christianity? The harvest of souls that has come in every generation as a reward to the faithful preacher has been won by that doctrine and no other, and we therefore go forth to preach the same doctrine, assured that we shall have the same success.

But there is another cause which has been the means of making the spiritual harvests white for the reapers, and that is separation of the church from the state. There has been ever since Jesus came to the earth an incurable tendency to build up an earthly kingdom on his divine name rather than a spiritual one. They attempted it even in his life, trying to take him by force and make him a king. Time and again in succeeding ages the attempt to unite the power of the state with that of the church was renewed. Constantine and other potentates sought to make the church a civil power. But Christ's words proved true. "My kingdom is not of this world." Whenever the church has accepted alliance with the state it has become feeble and corrupt and has failed of its spiritual purpose. Her strength now, as in former ages, comes, as God declared, "not by might nor by power, but by my spirit, saith the Lord."

**The Crusaders.**  
Take, for instance, the movement of the crusades. Do you believe that the men who followed Godfrey of Bouillon or Frederick Barbarossa or Richard the Lion Hearted or Count Baldwin of Flanders cared a playmate about Christ? Do you believe they were sincere, earnest, noble, self sacrificing Christians, or do you believe that for the most the crusaders of old were freebooters and renegades and children of the fortunes of war who cared not whom they were fighting as long as they could live by conquest and fatten upon the spoils of their swords? When the pope sent forth his emissaries to peddle around his "indulgences," do you think that he cared anything about the sins of the people? Was it not rather that he adopted this means to levy a tax upon the whole world to support the outrageous extravagances of his ecclesiastical hierarchy? Do you believe Henry VIII. was concerned about the purity of the church when he separated from the pope and established the Church of England? He, like the potentates that had gone before him, sought from the church the help and strength it might afford. It was a selfish design, out of which God has brought good to the world. Wherever you see the church in olden times grow powerful in a temporal sense, then it became tyrannical and oppressive, and if any man refused to join it he was looked upon as an enemy to his country. In olden times the question of a man's membership in the church did not turn upon whether he loved Christ and had his spirit, but whether he believed in the technicalities of a sectarian creed which had been the product of human ingenuity and had little to do with the great purpose of Christ's gospel.

But there is another fact which has split up the hard, rocky soil of the earth for the gospel harvests—that is, some of the ablest men of this century have come out unequivocally in the testimony to the truth of the Bible and the immortality of the soul. The more fully science has gone on in its investigations the more the Bible is accepted in its simplicity, the more the greatest men of light and learning are ready to accept it. This fact is not a matter of doubt; it is susceptible of proof.

About a year ago the editor of a popular magazine published the answers to a series of questions which he had sent out to a thousand members of the medical profession. One of the questions he asked was, "Do you believe in the immortality of the soul?" There were 900 answers to that inquiry, and of these every physician but twelve answered in the affirmative. Think of that! Some of us have supposed that the medical profession was made up of materialists. Five hundred and eighty-eight physicians out of 600 confessed that they believed in the immortality of the soul. And without any doubt the larger proportion of those men also believed in the divinity of Jesus Christ.

What is true of the medical profession is true of the law. And what is true of the law is also true to a large extent in reference to students of physical science. Said a prominent college president to me some time ago, "My ambition is to give my college the best course of science it is possible for it to have, for I believe the more we understand the sciences the more we will believe in the Holy Bible." The mightiest re-enforcement today we have for Bible truth is the archaeologist's hammer and the geologist's crowbar—Newton and Faraday and Agassiz and Joseph Henry and Sir William Dawson and Professor Sayre, the leaders of scientific thought, all firm believers in God and his book.

**Science on Side of Religion.**  
I want to read the powerful testimony Sir William Dawson, one of the greatest geologists of our time, gave some time ago before a body of students: "I have read recently—and, I confess, with feelings of contempt—discussions respecting the supposed limitations of the knowledge of Jesus. Did he know the data of modern criticism? Was he acquainted with the discoveries of modern science? The fly alighting on my hand might as well attempt to understand the thoughts passing through my brain as criticism to gauge in this way the mind of Jesus. To me as a student of fifty years of nature, of man and of the Bible such discussions seem most frivolous since our Lord's knowledge as we have it in his discourses is altogether above and beyond our science and philosophy, transcending them as much as the vision of an astronomer armed with one of the great telescopes of our time transcends the unaided vision. Christ viewed things from a standpoint of his own and through a different medium from that of the atmosphere of this world. His difficulty appears to be to convey heavenly thoughts to us through the imperfect language in which we speak of heavenly thoughts." Oh, my brother, is it not a tremendous fact that some of the greatest leaders of modern scientific thought are the firmest believers in the doctrine of the divine incarnation of Jesus Christ? If men like Sir William Dawson speak words like these, is it too much to say that we, the rank and file of the human race, are as a great white harvest field ready for the gospel sickle?

And this white harvest is not confined simply to our own land or to what we call civilized countries. The forest lands and the most remote people are rapidly being brought into touch with our nation. We are not independent of other countries; neither are other countries independent of us. What we think they must think, or, rather, what they think we must think, for more and more the people of this world are going to become one in religion and one in sentiment.

**Work in Foreign Lands.**  
Today I thank God for all the great missionary movements which have taken place in foreign lands. I thank God that today, as we are sending forth our ships laden down with goods, so we are sending forth ships with Christian missionaries treading the decks. I thank God for the noble seed planters of the gospel who have been for years and years laboring in these foreign lands. Does it not send a thrill of joy through you to read the wonderful missionary statistics? Are you not more and more ready to pour your money into the great foreign missionary societies which are capturing for God China and Japan and Korea and Africa and South America? Look about you. Take a worldwide sweep. Can you not see that everywhere the gospel fields are white with ripening harvest?

But I feel that a sermon theme like this sometimes loses its force because we take too great a perspective. When we stand upon the mount of inspiration and look off upon distant continents we are apt to forget the divine mercies and the gospel opportunities which are at our very door. And thus as Jesus Christ leads us up in sermon-ic theme and bids us look at the white gospel harvests which are stretching away over the five continents and over the islands of the sea I think I hear my Lord say: "Yes, child, the harvest is white everywhere—over in India and Siam, over in Samoa and Tahiti, over in Congo and in the swaying forests of Brazil—but these harvests do not concern you so much as those by your side. Even the men and the women and the children by your side whom you think do not love me and will never care for me can be saved if you will reach forth your hand to them." There are capacities in every breast just ready to receive the gospel if you will preach it to them. And, my brother, the more you look for the Christ love in the hearts of men and women at your side the more you will be astonished to find it planted there even in the most unexpected places.

**Near to the Kingdom.**  
Some time ago I was camping away back in the mountains. While there was thrown in touch with a rough looking man who was brusque of speech and crude in action. He had seen a man who was a cattleman. I never knew a man so profane and blasphemous of speech. His words made me shudder. Finally he found out that I was a clergyman. Then he came to me and apologized. Then he began to open his heart to me. He said: "I had one of the best mothers that ever lived. She was a sincere Christian. She lived for us children. And I know for her sake as well as my own I ought to be a Christian too." And he talked for years just walked up out of his eyes and trickled down his cheeks. "Oh," I said as I watched him, "who would have thought that such a man as you would be so near the kingdom of God?" And, believe me, there is hardly a man, woman or child near us without such memories. Away back in the old homestead the gospel plowing and seed planting have gone on. Those men and women near to you may be tired of sin. Believe me, you can bring them to Christ if you will only stretch forth the hand to lead them. The preparatory work for Christ has all been done. Say ye not there are yet four months and then cometh harvest? Behold, I say unto you, lift up your eyes and look upon the fields, for they are white already to the harvest."

And this thought suggests a gospel fact which is even more personal than any I have yet mentioned. As those who are nearest to us are like white harvests ready for the gospel reapers, so we ourselves are also ready to be garnered for the divine granaries. Oh, yes; as with our neighbors, so there have been many gospel seed plantings within us. We have tried to smother them and pull them out, but in spite of ourselves they have been steadily growing. And the spiritual longings which we had years ago seem to be tugging at our hearts with increased vigor every year. Are you not ready now to gather the whitened harvest of your own heart and bring it into the gospel granary? All the preparatory work has been done in your life. Will you just give yourself up to him now?

On May 19th to 21st inclusive the Greatest Musical Event ever given in Kentucky will be held in Hopkinsville—for the joint benefit of the Union Tabernacle Co. and the Benevolent Order of Elks. What money made for the Tabernacle will be used to improve the Tabernacle building, and that made by the Elks will be largely used in dispensing charity. Never in all the history of Western Kentucky has there been such an opportunity for pleasure and profit. Createore and his band of 60 pieces, Mme. Bareli, world renowned soloist, and others of equal fame; a chorus of 650 voices trained by that master chorus leader, Prof. Mayo, give some idea of the immensity of the program to be presented. All remember the May Festival last year and those who attended pronounced the last performance the greatest show ever seen in West Kentucky. With the attractions secured and the enthusiastic support of the entire city, the record made last year will be a mere trifle compared to the great success that will necessarily follow the intelligent, strenuous effort to be put forth this year. You'll be asking, "What has Anderson's Store got to do with the May Music Festival?" Just this: **WE WILL GIVE EVERY MAN, WOMAN AND CHILD A TICKET FREE** to the May Music Festival who will spend Ten Dollars or more in our store before the night of May 21st. Here is our plan: On every CASH purchase of Ten Dollars or more we will give absolutely free a reserve seat ticket, good for any performance during the May Festival. Remember, these seats are reserved for you and you may have the choice of all the seats in the house. These seats are worth One Dollar, and we have the positive guarantee that no reserved seat will be sold for less than one dollar. No more attractive offer has ever been made in the form of an advertisement, and should appeal to every person in a radius of fifty miles of Hopkinsville. Remember, you have **SEVEN COMPLETE STOCKS** of bright new merchandise to select from, and you don't have to spend the whole amount of Ten Dollars in one department, **BUT YOU MUST SPEND TEN DOLLARS IN ONE VISIT TO THE STORE.** Why not get tickets for the whole family? It would be just as easy, you'll have to have the goods some time, and you ought to go to the May Festival—everybody else is going—and you and the whole family may go without costing a penny if you will. This offer holds good beginning Saturday, April 25th, and continues to May 31st. Don't delay, come now and you get pick of the seats.

Prominent Young McCracken County Citizen is Lodged in the Western Kentucky Asylum.

Ben Shelton, a well-known young man of near Wingo, was brought to the city Tuesday evening and about 9 o'clock was tried for lunacy before Acting County Judge E. L. Garnett. Shelton was at one time a very promising young man and had been successful in trading and dealing in stock. He developed a mania for losing checks when he knew that

he had no money in the bank to his credit. His incessant desire to have money at all times and his firm resolution to not work to get it, had labored on his mind so continually that his reason became deranged and it was seen that he was not responsible for his actions. He comes from a good family and the misfortune is to be regretted.

City Marshal Dave Jackson, of Wingo, accompanied Shelton to Hopkinsville Tuesday night where he was lodged in the institute.—Mayfield Messenger.

### SUES FOR \$900,000

**W. J. OLIVER THE CONTRACTOR, WANTS HEAVY DAMAGES**

Breach of Contract is Alleged.—Suit is Outgrowth of Past Litigation.

CHATTANOOGA, Tenn., April 23.—A special from Jasper, Tenn., states that W. J. Oliver, the big contractor, prominent politician, banker and manufacturer, worth \$3,000,000, in the chancery court of Marion county, sued Anthony N. Brady, of New York, financier of the lock and dam project at Hales Bar, for \$900,000.

tract on the part of Mr. Brady and the unreasonable ejection of Col. Oliver, as a contractor from the locks and dam works, are the charges.

The cross bill filed here reviews the history of the Brady-Oliver litigation, the recent suit in the chancery court here brought by Brady to eject Oliver from the lock and dam work, and asks that the bill of complaint of Brady for ejection and damages against Oliver be dismissed.

Oliver cites in his answer to the Brady bill that he could have finished the contract in ample time if Brady had not breached the contract.
