WEEKLY NEW ERA

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, MAY 1 1908

VOLUME XXVII, NO 27

SIGNOR CREATORE

THE MOST ECCENTRIC GENIUS
OF THE AGE.Employs Most Unusual Means in
Directing His Men But Results
Justifying Him.

There is probably no band master in the world who stands in the limelight more than Sig. Guiseppe Creatore. This fiery musician from sunny Italy—Creatore is nothing more or less than one big bundle of nerves strung to such a tension that it would not be a surprising fact should the announcement be made that an utter collapse had come. Notwithstanding he is a man that has the appearance of an athlete, that after conducting numbers such as "Pagliacci," "Carmen," "William Tell," "Damnation of Faust" that before he can continue further in his work, stimulants are necessary.

A glance at his program shows that he undertakes such an evening's work as no other conductor in the country would dare attempt. Creatore stands unique—alone—his is up to a high standard, full of shyness, of color and power, while playing is full of expressiveness. In his conducting his may appear to be spectacular. Most of effects are produced. He is pleading to his men, threatening, then urging, then praying—then soaring to great heights. When at the the audience is almost as, then a gasp, then thunder-clause. Those in search of sensation may well be recommended not only to hear Creatore's band, but to see how he conducts it. That this wonderful conductor and his great band are soon to be with us is being exploited in a manner that shows great skill. No stone is being left unturned to advise the people of the Pennyrile section that Hopkinsville is to have the five festival concerts May 19, 20 and 21 at the tabernacle.

89TH ANNIVERSARY

Of The Odd Fellows Will Be Celebrated Next Monday Night.

For some time past the Odd Fellows of this city have been endeavoring to secure a strong high-class attraction which would prove something new and novel in the way of an entertainment as a means for celebrating the eighty-ninth anniversary of the establishment of the order in America, to be given under their auspices in the near future.

With this in view they finally closed negotiations whereby they are to secure Mr. Newton Beers, the well known dramatic impersonator, in his highly interesting characterization of the dramatic divertissement entitled "David and Jonathan."

This event will take place at the tabernacle next Monday evening, May 4th, and ample preparations are being made to make this affair a notable event. Mr. Beers has been so long before the public in Shakespearean and other roles that he needs but little introduction to the amusement loving public. He comes direct from Boston engagements to his appearance in this city, and no doubt will be greeted by a large audience.

Everybody is invited and no admission will be charged.

SUIT FILED

Against Alleged Tobacco Buyer By
Society of Equity.

WILLIAMSTOWN, Ky., April 28.—The Grant county board of control of the Society of Equity has filed a suit against J. W. Kennedy, owner of a store at Corinth, for \$2,600 damages. The petition alleges that he had been purchasing pooled tobacco, Mr. Kennedy is a former representative from Boone county.

ELOPEMENT RUDELY INTERRUPTED BY POLICEMEN.

Miss Edens and Mr. McCormick, Aged Fourteen And Eighteen Years Respectively, Of Near Dixon, Ky., Were Stopped Here This Morning.

(From Tuesday's Daily.)

After they thought they had safely passed the danger line and were well on their way to Nashville, where they expected to be married without further trouble or delay, Miss Jessie Edens, aged 14 years, and Dave McCormick, aged 18 years, were taken into custody by Patrolmen Witherspoon and Miller when the Dixie Flyer pulled in to the local L. & N. station this morning, and they are now being held under surveillance, or at least the young lady is and the young man is remaining with her, until the girl's mother can arrive. The story of the elopement is one of the most romantic which has been told here in a long time and it was recounted at length any in a most cheerful manner to a number of officials and interested citizens this morning while the party—Miss Minnie Madden and Mr. A. C. Glazebrook accompanying the would-be bride and groom—were being held in the private office of Chief of Police Roper.

Miss Edens evidently did not overstate her age. She is very attractive looking, being low in stature, but heavy built. She is attired in a modest dress, the skirt of which barely reached below her knees, and she wore a long blue coat. Mr. McCormick is a boyish looking young fellow, seemingly possessed of jovial disposition, which permits him to always look on the bright side. Both the accompanying parties are also young, though they are possibly the seniors of the eloping couple.

According to the story as told by Mr. McCormick, the party left the girl's home, near Dixon, Ky., last night about 9 o'clock. After performing her usual household duties last night, Miss Edens went into her room, ostensibly to retire, but instead she secured her clothes, which had already been packed, slipped out of the house and met Mr. McCormick. The couple were in readiness and the party drove sixteen miles to Sebree, arriving there shortly after midnight. They at once began to look for a place to sleep but failed to secure lodging anywhere and were forced to sit up all night in the depot. They say they were taken in charge at Sebree but were later released and after eating a hasty breakfast, boarded the Dixie Flyer, having first bought tickets to Nashville.

They say they were constantly looking out for someone to board the train and put a stop to the elopement until they had passed Madisonville, and they were especially fearful of that place, but no one interfered and they breathed easy then, thinking the trouble was entirely passed. But upon reaching Hopkinsville and seeing the forms of the blue coated policemen loom up in the doorway of the train, they knew the jig was up. They submitted though without demur to the demand of the officers and got off the train, although Miss Edens naively said after reaching the police station: "I would have crawled under the seat if I had seen them in time."

The mother of the girl, who has married a second time and is now Mrs. Sisk, is expected to reach here on the 5:18 train this afternoon, and it is supposed will have the party return with her on the Dixie Flyer, which passes here going north at 5:48. Until the mother arrives the girl will kept under police supervision. The message ordering the arrest of the young lady came from the marshal at Sebree, and all four of the young people say that they don't believe Mrs. Sisk will come to Hopkinsville.

Judging from their conversation at police headquarters, one would have thought the party was on a pleasure trip and the enforced stop here was a part of the program. Miss Madden, dressed in white, is an unusually pretty young lady and Mr. Glazebrook is an intelligent and substantial looking young man. None of the party evidenced any desire to be reticent about the matter, Miss Edens being the one who was at all reserved.

Asked why they did not go to Evansville, which was much closer and more easily reached, Mr. Mc-

Cormick replied, "We wanted a long ride and to see the people." The young people talked a good deal about being hungry and speaking of the breakfast they had had, one of them said, "If all we had to eat had been arsenic it wouldn't have hurt us." When Mayor Meacham asked what was the name of the would-be bride's mother, he was first told that it was Mrs. Cindy Edens, but this was corrected with the statement that she had married a second time, and Miss Madden broke in with "Yes, she has been married twice and now she doesn't want Jessie to marry once." This is only a sample of some of the remarks made by the young people and those who were listening were kept in an uproar of laughter all the time.

Mayor Meacham and Chief of Police Roper assured the party that they would be treated with every courtesy and that only Miss Edens was under their control; that the others were free to come and go as they saw fit. All of them refused to leave their companion though and all seemed to be averse to getting out on the street, although one of them did remark that "we must see the asylum before we leave." They were assured that this could be arranged. They went to the Hill House for dinner.

Both the young man and woman say they are determined to marry and if prevented this time they will run off again at the first opportunity.

NIGHT WALKERS

Creating Disorder in The Girkin And
Darby Neighborhood.

We are reliably informed that while there are no Night Riders in the vicinity of Girkin, and Darby in this county that there are some "night walkers" who are fixing to get themselves worked on by the grand jury. There are said to be some boys from 15 to 20 years of age who are making a practice of tramping through the fields at night with dogs and creating a great deal of disorder. They fire off their pistols at random, shot after shot and are said to have fired into one man's house, the bullet lodging in the foot of the bed. On another occasion they threw rocks into another house. We understand the people of the vicinity have become aroused and are on the watch out for these night walkers, who are likely to get into serious trouble if they do not give up their prowling.—Bowling Green Times Journal.

FROST REPORTED

By Early Risers This Morning.—Believed No Damage Resulted.

Several parties who claim to be early risers say they saw frost this morning. These reports come from town and country alike and there was evidently a considerable amount of the white covering which is so much feared at this season of the year. It is not believed that it was sufficient, however, to really injure anything unless vegetation in low places suffered slightly. Peaches are as large as the end of one's little finger, plums, cherries, pears and apples are also getting to be some size, while strawberries are coming nicely. A frost severe enough to kill the fruit after it has reached this stage would be a calamity indeed, to say nothing of the damage which would necessarily be done to gardens.

Seriously Ill.

Louis Bruff, the eighteen year old boy who was recently placed in jail on a grand larceny charge, is quite ill and his condition is regarded as serious. It is probable that he will be removed from the jail for treatment.

TO CONTINUE CASE

IS AIM OF YOST & LAFFOON FOR
DEFENSE, AT MURRAY.File Affidavit That They Are Not
Ready For Trial.—Cases Temporarily Passed.

MURRAY, Ky., April 28.—Attorneys William H. Yost and Ruby Laffoon, representing Jake Ellis, charged with night riding, presented their affidavit when the case was called this morning claiming that they were not ready to enter into trial.

The commonwealth announced ready and were anxious to go into the case. The appearance of Yost & Laffoon for the defense surprised everyone.

The attorneys for the prosecution attempted to make these attorneys show who had employed them. Judge Cook granted time for the preparing of further affidavits.

Seven other cases were called but passed temporarily at the request of the prosecution.

It is believed that if the case against Ellis is continued that none of the cases on the same charge will be tried at this term of court.

Clay Garland, under indictment for night riding, gave himself up yesterday. He was able to make bond immediately and was, not placed in jail. Garland is the man who is supposed to have crossed the Tennessee river after the Calloway Night Riders had decided not to raid Murray to tell the Trig county contingent that the attack was not to be made. He is a young man and has a good appearance.

Ed Thompson has made bond. Kelsey Kirk made bond late Saturday evening. There is only one alleged Night Rider in jail, Jake Ellis. Jake's kin, people are very poor and as he is under two or three indictments, he has not been able to make sufficient bond. It is believed that he will give bond. The accused men seemed to be in the best of spirits.

STANLEY RE-NOMINATED

Without Opposition as Democratic
Congressman to Succeed Himself.

HENDERSON, Ky., April 28.—The Second Congressional Democratic committee met here yesterday afternoon at 1 o'clock and declared Congressman A. O. Stanley the nominee to succeed himself. R. B. Bradley, of Madisonville, presided at the meeting. Congressman Stanley had no opposition.

NEGRO CONFESSED

That He Had Been Hired to Burn a
Store.

NASHVILLE, Tenn., April 28.—Recently the storehouse of J. A. Laceyfield, at Morton's Mills, Tenn., was burned. Laceyfield had received letters signed "Night Riders," threatening to burn his property. Bloodhounds were placed on the trail and a negro was run down, who confessed he burned the store and received \$50 for the job. Sensational developments are expected.

OLD CITIZEN DIES

CLARKSVILLE, Tenn., April 28.—Mr. Jack Hunter, one of the oldest citizens in the Fredonia neighborhood, died at his home near Fredonia. Mr. Hunter was eighty-six years old and had been a resident of this county for many years. Five years ago his wife was burned to death and he received serious burns from which he never entirely recovered. Two children, Sam Hunter and Mrs. Will Adkins, survive him. He was a member of the Masonic lodge and a good man who was highly respected by all who knew him. Interment was in the Davidson burying ground.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. W. I. Bailey, living on East Greenville St., Madisonville, Ky., says: "It is four years since I recommended Doan's Kidney Pills through our papers, and my confidence in them during the time which has elapsed has not been shattered in the least, but to the contrary, I learned more about them and can recommend them even more strongly. I said at that time that Mr. Bailey had suffered with kidney complaint off and on for a number of years, and had used almost every known remedy for this trouble but nothing brought permanent results. He finally learned of Doan's Kidney Pills and got a box. They benefited him in every way, more so than all the other kidney medicines he had ever tried. He has used them many times during the past four years, and they have never failed to give him relief from these severe attacks. I have used Doan's Kidney Pills myself for a weakened condition of the kidneys and they proved just as satisfactory in my case. We both think there is no remedy like Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

FINED \$25 EACH

Two Boys Who Threw Rocks as a Joke Made to Pay.

(From Saturday's Daily)

In the county court yesterday afternoon Elbridge Vinson and John Russell were fined \$25 each and the costs in the case, on a breach of the peace charge, it being alleged that they had thrown rocks at J. B. Sherrill last Saturday night.

Sherrill said that as he was walking through a field on his way home from a neighbors, the boys threw at him and threatened him if he would come out into the road. The boys admitted that they threw rocks in the direction of Sherrill but claimed that they were not attempting to hit him but merely wanted to scare him and see him run, which they claimed he did. Judge Prowse gave the jury peremptory instructions to assess a fine in their discretion against the boys.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

APPALLING LOSS

OF BOTH LIFE AND PROPERTY
CAUSED BY FRIDAY'S STORM

Killed Number 350, The Sufferers
Being Mostly Negroes.—
Thousands Homeless.

NEW ORLEANS, La., April 27.—The totals of death, misery and ruin caused in four southern states by Friday's tornadoes came to hand today in approximately correct form. Briefly stated they are:

Killed, about 350.
Injured partially or seriously, 1,200.
Homeless several thousands.
Towns reporting serious wreckage 45.

Habitations and business houses practically complete ruins in these towns, 2,500.

The above figures do not include the wreckage on plantations or farms, hundreds of which were struck or damaged. The number of dead will never be known accurately, for the reason that about 800 of them were negroes and they were buried in many communities without careful records being made of their numbers. While some of the first reports giving apparently reliable death lists have since proved untrue, nevertheless remote places which were late in reporting their dead have served to hold the total death list uniformly around 350. The manner in which this death list has grown for two days in spite of continual subtractions from early reports, has been a melancholy index of the interstate scope of the disaster.

The mother who would be horrified at the thought of letting her daughter wander away to a strange country without guide or counsel, yet permits her to enter that unknown land of womanhood without counsel or caution. Then, in utter ignorance, the maiden must meet physical problems whose solution will effect her whole future life. Dr. Pierce's Favorite Prescription has been well named a "God-send to women." It corrects irregularities and imparts such vigorous vitality to the delicate womanly organs, as fits them for their important functions. Many a nervous, hysterical, peevish girl has been changed to a happy young woman after the use of "Favorite Prescription" has established the sound health of the organs peculiarly feminine.

Not a patent medicine but the "Favorite Prescription" of Dr. Pierce, a specialist in the diseases of women. Of known composition without alcohol or other dangerous stimulants, the active medicinal principles of Golden Seal and Lady's Slipper root, of Black Cohosh root, Unicorn root and Blue Cohosh root are extracted from each by the use of chemically pure, triple-refined glycerine.

REGISTER ASSIGNS

Morning Newspaper Goes Into Hands of Receiver.

PADUCAH, Ky., April 27.—James E. Wilhelm, president of the Register Newspaper company made an assignment to Cecil Reed. The act was forced on account of numerous debts and liabilities which the company is unable to pay off. The assignment recites that the publication of both the Daily and Weekly Register shall be made until Mr. Reed can sell the plant. Afterwards the indebtedness of the company is to be discharged, as far as the assets will permit.

Mr. Reed said that the publication of both issues of the paper would be made. In the course of a few days he will draw up a list of the liabilities and assets of the company and then set a date for the sale of the plant.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and pang of this terrible disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These hard-like granular wastes, found in Rheumatic Blood, need to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with our pain. We sell, and in confidence recommend

HALF MILLION LOST

Mail Bags From London Stolen After Reaching New York.

LONDON, April 27.—The London postal authorities have learned that two bags of mail from this city containing securities and other valuables worth \$500,000 were stolen in New York the latter part of last month. According to the reports received here, one of the bags was destined for St. Louis and was shipped by the Majestic, which arrived in New York on March 27; the other, destined for Brooklyn, was shipped by the steamer Philadelphia, which arrived in New York March 27. Both bags disappeared in transit between the steamer and the postoffice. It is stated that they were handed over to the mail boats and receipted for. Efforts have been made to keep the theft a secret while the investigation has been going on.

TWO BARNS BURNED

By Unknown Incendiary in Mason County.

MAYSVILLE, Ky., April 27.—Incendiaries got in their work again in Mason county. The large barn on the farm of Alfred Peed, between Mayslick and this city, was destroyed, and about an hour afterwards the barn on the farm of Squire J. Draymonds, about a mile south of the Peed farm, was burned.

The Draymonds barn contained a finely-bred young horse, the property of A. J. Boyd, of this city, and a lot of harness, farming implements and hay were lost.

These fires were in the same neighborhood as the Walter Matthews and Miss Lizzie P2rry fires, of recent date, and have so worked the people up that they have become afraid to go to sleep for fear of being burned to death.

This morning Mr. Peed sent to Lexington and secured several bloodhounds to try and run down the person who is making good headway in his attempt to rid the Mayslick precinct of all its valuable barns. The last two barns burned make four that have been destroyed in two weeks in a radius of two miles. The loss is heavy, with small insurance.

WERE AT DEPOT

DETAIL FROM CO. D. WAS READY TO ENTRAIN

But Orders Were Countermanded At Last Minute—Camp Will Be Established.

(From Monday's Daily.)

Unexpected orders were received here this morning for a detail of men from Co. D., to be in readiness to take the 11:20 train over the Illinois Central, presumably for Paducah or Murray although no information on this point was given out.

Lieut. Stanley Bassett and acting First Sergeant J. W. Smith hustled about and got thirteen of the men together and the entire party of fifteen were at the depot when the train pulled in, all of them being in heavy marching order. After the train was in, the orders were countermanded and the soldiers marched back to the armory. Maj. G. W. Albrecht is still here but he would have nothing to say about any military matters.

It is reported that Gen. Roger Williams is to leave Murray this week and to come through to Hopkinsville on horseback, investigating conditions as he comes.

A regular army camp is to be established at Murray, the tents and other equipment having already been ordered from Frankfort. Other similar camps may be established as these are much more flexible when a move is to be made than where houses have to be depended upon for shelter.

SKIN DISEASES
CAUSED BY HUMORS IN THE BLOOD

The skin is provided with countless pores and glands, through which an evaporation is going on continually, day and night. This is nature's method of regulating the temperature of our bodies, and preserving the natural appearance of the skin. These pores and glands are connected with tiny veins and arteries through which they receive, from the blood, the necessary nourishment and strength to preserve their healthy condition, and enable them to perform this duty.

So long as the blood is pure and rich the skin will be free from eruption or disease, but when the circulation becomes infected with acids and humors its nourishing and healthful properties are lost, and its acid, humor-laden condition causes irritation and inflammation of the delicate tissues and fibres of the pores and glands, and the effect is shown in Eczema, Acne, Tetter, Salt Rheum, or some other distressing, disfiguring skin disease.

These humors get into the blood through a deranged or inactive condition of the system. Those members whose duty it is to collect and expel the refuse matter of the body fail to properly do their work, and this surplus or waste matter is left in the system to sour and ferment and be absorbed into the blood. There are also certain other humors which get into the blood from without. The juice or milk from poisonous plants, such as poison oak, poison ivy, nettle rash, etc., enters through the open pores of the skin and takes root in the blood. This causes a breaking out which remains for a time and then disappears, but returns at certain seasons of each year.

The cause of all skin troubles can be traced to some kind of humor in the blood. Smooth, healthy skins are only possible where the circulation is pure; and therefore the cure of any skin affection can only come through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., are valuable only for their ability to keep the skin clean, allay the itching, and tend to reduce inflammation; they cannot correct the trouble because they do not reach the blood.

S. S. S. cures skin diseases of every character and kind, because it purifies the blood. It goes down into the circulation and removes humors that are causing the trouble, builds up the weak, acid blood, and completely cures Eczema, Acne, Salt Rheum, Poison Ivy, all eruptions and sores of the skin. When S. S. S. drives the humors from the blood, and cleanses the heated circulation, every symptom passes away, the skin is again nourished with healthful blood, and comfort is given to disease-tortured skins.

Special book on Skin Diseases and any medical advice free. S. S. S. is for sale at all drug stores.

Rheumatic Pains Relieved.

Mr. Thos Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and I cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by Anderson-Fowler Drug Co., incorporated.

The soothing spray of Ely's Liquid Cream Balm used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains all the healing, purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 75c, including spraying tube, or mailed by Ely Bros., 56 Warren St., New York.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beautiful environment of soil and sunshine—and of atmosphere—seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vasoline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co.

George Chinn, Formerly Warden of
Frankfort Penitentiary Makes
Sensational Charges.

FRANKFORT, Ky., April 25.—Charges of gross and inhuman cruelty to the convicts in the Frankfort penitentiary, and the direct statement that the punishment inflicted was so severe that several of the convicts cut off their fingers rather than work in the shops, are made in a statement given out here by George Chinn, formerly warden of the penitentiary. In this statement, which is in reply to the charges made against him by the prison commission when he was removed from office, Mr. Chinn charges that the prison contractors are really in charge of the prison, and that their foremen run the shops and direct the infliction of punishment. Mr. Chinn further charges that one man, at least, who is employed as a guard in the prison, is also employed by the Hoge-Montgomery company, which has the contract to work the men. Charges that the prison physician put men on the sick list who were unable to make a full day's labor, so that the contractors would not have to pay but 25 cents a day for their services, when they actually were employed at their regular tasks, are also made in Mr. Chinn's statement.

Mr. Chinn charges that the men in the prison were whipped on their bare skin with a leather strap, so made that the edges were sharp and would lacerate the flesh of the man being whipped. He says he was removed because he stopped this inhuman whipping of the prisoners and because he would not punish the men as the contractors wanted them punished. He says he found the strap covered with blood, and when he returned from his trip west he found that nine prisoners had been given a total of 180 lashes.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by Anderson Fowler Drug Co. incorporated.

Citizens Bring About Agreement and
Cumberland Telephone Co. Re-
opens Exchange

The Cumberland Telephone company will not leave town. The matter was adjusted at a conference of citizens held with Mr. Katterjohn, representing the company, Monday morning. The city council and telephone company were both "standing pat" and the city council wishes to be understood as not yielding as much as an eyelash to the telephone company. At the urgent entreaty of citizens and business men, however, the city council made concessions to them by which the citizens were permitted to treat with the telephone company on their own responsibility the council merely agreeing to acquiesce to any contract entered into by the parties. The committee of citizens and the telephone people were not long in coming to terms and the telephone has been reinstated.—Providence Enterprise.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form will witness the fact in a most convincing manner. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers or for those broken down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. E. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

TWO CONVENTIONS

HELD BY THE REPUBLICANS THIS
AFTERNOON.

The Fairbanks Delegation Ran Away
With Taft Forces at First But
Latter Came Back.

(From Saturday's Daily)

Although seemingly outnumbered two to one, the Fairbanks followers overrun the Taft forces this afternoon and railroaded through an instruction for their candidate.

Following this the Taft forces organized, appointed delegates and instructed for Taft.

The circuit courtroom was packed with a hot, yelling crowd. The Fairbanks forces lining up to the right and the Taft followers on the left and in the balcony. So numerous were the Taft people that as they were counted they passed out.

When the tellers announced the count it stood 989 to 530 in favor of Fairbanks. On this E. B. Long was elected chairman and E. W. Glass secretary. The resolutions declaring for Fairbanks were read and the convention adjourned.

The Taft forces then organized by electing J. M. Starling chairman and Phil H. Brown secretary, and instructed for Taft.

The Taft forces were struck speechless for a while by the suddenness with which they were overrun but when they did come to themselves hot speeches were made. One speaker said the steal of the Fairbanks people was even worse than the Music Hall convention in Louisville.

He Got What He Needed

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. I dug my foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at Cook & Higgins drug store and Cook's Pharmacy 50c.

JUDGE PROWSE

Makes a Statement Regarding The
Sheriff's Case.

I have little to say at present, and that is that the law required Mr. Smith to make his bond on or before the 1st day of March; and that Mr. Smith, his attorney or attorneys, friend or friends, relatives or any one pretending to represent Mr. Smith, did not present or pretend to present any bond required under the law, or any bond of any description whatsoever to me as county judge or as a private citizen until after I had removed Mr. Smith from office and named his successor, namely at 1:10 p. m. o'clock March 11, 1908, and any statements to the contrary are absolutely false. If time and my duties permit, I may make a statement in the near future as to my reasons for removing Mr. Smith.

LAW DISCOVERED

WHICH PROVIDES FOR A TRANS-
FER OF CASES ON TRIAL.

Thought This Will Prove Sufficient to
Carry Cases to Other Counties
For Hearing.

FRANKFORT, Ky., April 25.—A solution of the trouble in the tobacco districts of the State where the Night Riders have been active is offered under section 1112 of the Kentucky statutes, which allows the trial judge to remove the case from the county in which the indictments were found to some other county in the State where a fair trial may be had. It is probable that if conviction are not obtained in Calloway county, after all the indictments which have been returned, an effort will be made to have the cases transferred from Calloway and the other counties where the Night Riders have been active to some county entirely removed, would be made provided for the procedure in case a state of lawlessness exists and is as follows.

"Section 1112—removal from county in state of Lawlessness—expense paid by county.—Whenever any judge shall be satisfied from his own knowledge, and from the written statement of the commonwealth's Attorney, that such a state of lawlessness exists in any county that the officers will be prevented from discharging their duty, or the jurors be deterred from rendering an impartial verdict, he may order the prosecution removed to some other county in which a fair trial can be held; and the fiscal court of the county from which such removal is made shall allow and pay the cost thereof out of the county levy."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling round or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Is The Association In Western Dis-
trict Says Mr Ewing.

"You may say that I come back from the western district very much pleased with the outlook. The prospect for the association are the best they could possibly be and we are gaining strength every day."

This statement was made to The Tobacco Planter by Mr. F. G. Ewing, general manager of the Planters Protective association, who has just returned from a trip from the western portion of Kentucky. Mr. Ewing was gone for about a week and in that time he visited Paducah, Mayfield, Murray, Barlow, Kevil, and La Center, and in all these places he found conditions satisfactory as could be expected. Throughout the entire section known as "The Purchase," he found the association gaining ground steadily and the district will soon be practically solidly organized.—The Tobacco Planter.

BODY IN A WELL

JAMES SULLINGER OF CRITTENDEN COUNTY KILLED

Had Left Home With a Large Sum of
Money With Which to Carry
Out a Trade.

SMITHLAND, Ky., April 27.—The body of James Sullinger, a well-known resident of Crittenden county, who lived near Irma, was found in an old cistern at a dilapidated and abandoned farm place on the road leading to Lola, in Livingston county. Sullinger had left home with \$5,000 in cash on his person, to expend at Lola for cattle.

He disappeared and a search was made for him with the result that his body was found as stated. When found the money which Sullinger had left home with was gone, but there were no marks about his person to indicate any foul play.

However, it was clear that he had met a foul death for there was a big stone about his neck to hold the body under water. Sullinger was about 67 years old and a man of family. There is no clue to how or by whom he was murdered and robbed.

A Common Mistake.

Many women mistake kidney and bladder troubles for some irregularity peculiar to the sex. Foley's Kidney Remedy corrects irregularities and makes women well. UNEXPECTED DEATH

OF FRANK BUCKNER SADDENS
MANY FRIENDS

End Came Yesterday Afternoon At
Jackson, Miss.—Had Been Ill
Only a Few Days.

(From Friday's Daily)

The sad and unexpected news of the death at Jackson, Miss., of Mr. Frank W. Buckner was conveyed late yesterday afternoon in a telegram to his father 'Squire S. G. Buckner.

Wednesday morning a letter was received which stated that Mr. Buckner had been taken ill while in Mobile, but that he had been brought home and placed in a sanitarium and his condition was not regarded as serious. That afternoon Dr. H. H. Wallace received a telegram from Mrs. Buckner asking him to come at once and he left that night.

Yesterday morning another telegram was received stating that Mr. Buckner's condition was much worse and hope had been abandoned. Acting on this Mrs. S. G. Buckner left at once for her son's bedside but he died at 3:40 in the afternoon, while she was not due to reach him until this morning.

Mr. Buckner's wide circle of friends here will learn with much sorrow of his death. Born and reared in Hopkinsville, Mr. Buckner enjoyed the confidence, esteem and friendship of everyone. He was in the insurance business in which he had scored a distinct success. He left here several years ago and went to New Orleans where he remained for some time, later going to Jackson, Miss., where he established his headquarters as special agent and adjuster for the Georgia Home Fire Insurance company.

He was forty six years of age. He was a member of the Baptist church and a consecrated Christian, he having been especially active in Sunday School work. He was also a member of the Masonic lodge and of his membership here.

A few years ago Mr. Buckner was married at Shelbyville, Tenn., his wife being a Miss Bates, of that city. Two children blessed this union, both of them being still in infancy. These survive him.

The details of the funeral have not yet been announced and it is not known whether the body will be brought here for interment or not.

Receives Congratulations.

WEATHER SIGNS

When the temperature suddenly falls there is a storm coming from the south.

When the temperature suddenly rises there is a storm forming north of you.

The wind always blows from a region where a storm is in progress toward a region of fair weather.

Cumulus clouds always move from a region where a storm is in progress. When cirrus clouds are moving rapidly from the north or northeast there will be rain within 24 hours, no matter how cold it is.

When the cirrus clouds are moving rapidly from the south or southwest there will be a cold hailstorm on the morrow if it be in summer, and if in winter there will be a snowstorm.

The wind always blows in a circle for storm and when from the north the heaviest rain is east of you; if it blows from the east the heaviest rain is south. The wind never blows unless rain or snow is falling within 1,000 miles of you.

Whenever heavy white frosts occur a storm is forming within 1,000 miles north or northeast of you.

THE TOBACCO WORM

WILL BE INVESTIGATED AGAIN
THIS SUMMER

By Government Expert Morgan In An
Effort To Find a Means of Ex-
terminating This Pest.

Extensive experiments by the bureau of entomology of the United States government will be made at Guthrie, Clarksville, Russellville and Hopkinsville this spring and summer to determine whether or not the tobacco worm is susceptible to lead arsenate when he is given all he can eat of this toothsome dainty.

The experiments will be conducted by Mr. A. C. Morgan, of the bureau of entomology who had charge of experiments of a somewhat similar nature last year in this section, and who was engaged in a four year crusade against the Mexican boll weevil in Texas before coming to Kentucky and Tennessee.

At Guthrie Mr. Morgan will maintain experiment stations on the farms of Mr. Watkins Northington, Mr. Robert Lester, Mr. James S. Linebaugh and Mr. William Ware. Experiments will be made which will determine most positively whether or not the tobacco worm thrives on lead arsenate or whether he turns over and dies as he should when he makes a few meals off of this deadly poison.

Lead arsenate will, if it proves fatal to the tobacco worm, probably take the place of paris green almost generally in this section. Certain elements of paris green under generally existing conditions is very injurious to tobacco plants. It is necessary to mix lime with paris green when applying it to plants, and in a great many cases this is also very harmful to tobacco. In seeking to determine whether or not lead arsenate will have any effect on the tobacco worm, Mr. Morgan is attempting to find a substitute for paris green which will not work this injury to the plant. For this reason the experiments will be conducted in the tobacco district this year.

Mr. Morgan will make his headquarters in Clarksville, but will make frequent trips to Guthrie, where he can observe the effect of the poison on the worm and on the tobacco as well.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative.

The Restorative is a genuine tonic to tired, run down nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor airies up the liver, stagnates the kidneys, and oftentimes weakens the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by Anderson-Fowler Drug Co., Incorporated.

HOLLOWELL DAMAGE SUIT
RESULTS IN A MISTRIAL

Federal Judge Evans Says That the Case Will Be
Tried Again In May and Orders That the
Jury Be Selected From Louisville.

PADUCAH, Ky., April 24.—The trial of the suit for damages of R. E. Hollowell and wife against twenty-eight citizens of Caldwell county as a result of an alleged raid upon the Hollowell home by Night Riders, resulted in a mistrial, the jury standing 10 to 2.

Judge Evans said that the case would be tried again in May and instructed that the jury be selected out of the city of Louisville.

PADUCAH, Ky., April 24.—After deliberating six hours, with two hours' intermission for supper, the federal jury in the Hollowell damage case was excused at 10 o'clock last night until 8:30 o'clock this morning, not having been able to reach an agreement.

There are two cases, one for Mary Hollowell and the other for Robert Hollowell, each asking for \$50,000 damages from the same defendants on account of an alleged Night Rider outrage on the morning of May 2, 1907. There are twenty-eight defendants and each one of the defendants offered a separate alibi, so that the jury has a great deal of evidence to thresh over, as some defendants may be exonerated, even should the general verdict be in favor of the plaintiffs.

In his charge to the jury, Judge Evans said night riding has been thoroughly discussed and that it would be a waste of time for him to deal with the subject generally. He

said there was no question that the plaintiffs had been whipped, and since there was no evidence that men called on horseback, he presumed that they were whipped by neighbors. He said while the defense had introduced witnesses to prove the plaintiffs' reputation bad, equally as good looking witnesses testified that the plaintiffs' characters were good. He referred to Price Hollowell, son of the plaintiffs, who identified some of the defendants and told the story of the raid.

Judge Evans said he was astonished that the raiders had not whipped the boy, as men who in the night time call defenseless people from their beds are capable of whipping a small boy. The plaintiffs swore they recognized the defendants. It would be easy for them to recognize all who came within range of their vision if they were neighbors and relatives, he said. The defendants swore with particular positiveness to the very hour that they were elsewhere on that occasion and each defendant was corroborated by two witnesses equal positive. He said he had taken unusually copious notes of the evidence and he soon found that he could anticipate what witnesses were going to swear to; that they were at home and two members of the family were awakened by the shots and got up and saw the defendant was at home and went to bed again.

BIG LIBEL SUIT

Is Filed Against the Madisonville
Hustler.

MADISONVILLE, Ky., April 25.—Suit was filed in the circuit court Thursday by John Hall against the Hustler Publishing company for \$5,000 damages for libel growing out of a publication in the semi-weekly Hustler of February 25, 1908.

The article referred, among other things referred to the plaintiff as having been arrested on a charge of murder, and in writing of him in connection with said charge, plaintiff alleges, did wilfully, maliciously and falsely publish of and concerning the plaintiff the following false, slanderous, libelous and defamatory matter, to-wit: "Morgan and Hall (speaking of plaintiff, John Hall) were apprehended several weeks after their escape and were given penitentiary sentences."

Plaintiff says that as a matter of fact there was a charge of murder or manslaughter, but he says, as the records will show, he was not sentenced to the penitentiary, but was acquitted upon preceptory instructions of the court, and that he was and is innocent of the crime charged against him.

Upon the whole he feels that he has been damaged in the sum of \$5,000 and asks judgment for that sum.

C. H. Bush, of Hopkinsville, and Letcher R. Fox are attorneys for plaintiff.

Chamberlain's Has the Preference

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him that I give it the preference." Hymel's Aromatic Air is Guaranteed
To Cure Catarrh or Cost Nothing.

Hymel is a nature's true cure for catarrh. There is no stomach dosing in using Hymel, no more than there is when you go to the mountains or the sea shore to get relief from lung trouble.

When using the Hymel treatment, the air you breathe is like that on the mountains high above sea level where the pine woods fill the air with aromatic healing that gives health and strength to those suffering from diseases of the respiratory organs. Breathed through the neat pocket inhaler that comes with every outfit, the healing balsams of Hymel reach the most remote air cells of the throat, nose and lungs, destroying all catarrhal germs and giving quick relief and cure.

Hymel has performed almost miraculous cures of catarrh, often restoring health in chronic cases that had given up all hope of recovery. Its best action is at the start of the disease, when the breathe is becoming offensive and when discharges from the nose, droppings in the throat and frequent sneezing or spasmodic coughing begin to make life a burden. At the first symptom of catarrhal trouble, use Hymel and see how quickly you get relief and cure.

The complete outfit costs but \$1.00 and is sold by L. L. Elgin, under guarantee to refund the money if it does not give satisfaction.

89TH ANNIVERSARY

The local lodge of Odd Fellows are making big preparation for celebrating the eighty-ninth anniversary of the organization of the I. O. O. F lodge in the United States.

The celebration will take place at the tabernacle on Monday night May 4. The speaker of the occasion will be Mr. Newton Beers, an orator of national reputation, especially in secret order matters. Mr. Beers subject will be the love of David and Jonathan, upon which the tenets of the order are based. Other features will probably be added to the program and the event will be a most interesting one.

Of course the Odd Fellows will be out in force but in addition it is hoped that enough outsiders will be present to fill the big tabernacle to the limit. There will be no admission charged and everybody will be welcome.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. ANNUAL MEETING

OF SOUTH KENTUCKY CONVEN-
TION MAY 25-27.

Session Will be Held at Mayfield.—
Arrangements Outlined and
Large Crowd Expected.

On May 25-27-1908 our south Kentucky convention meets in annual session.

With present prospects it promises to be one of the most enthusiastic and profitable conventions ever held in south Kentucky.

The fond hope is entertained that a fine delegation will come from all parts of south Kentucky, and many visitors from all parts of the state, inasmuch as matters of great moment, in which we are all mutually interested, will come up for our prayerful consideration; and no one interested in our missionary work in Kentucky can afford to stay away, if he can possibly help it.

The place where the convention is to be held is the beautiful city of Mayfield, Graves county, in the new and beautiful house of worship just completed, and stands ready to be occupied.

The time is Monday May 25 at 8 p.m., Wednesday May 27, final adjournment to take place Wednesday night.

The time to be taken in going, staying and coming home is not too much for any one to take from regular work.

To all who send their names to Sherman B. Moore at Mayfield, homes will be provided free.

No more hospitable people live any where than in Mayfield and if you send names in time, you can count on having a good home while there.

This will be one of the most pleasant features of the convention. To all who bring with them a certificate, from the railroad agent at the starting point, and who have purchased a full fare ticket going to Mayfield, a fare of one third plus 25 cents only, will be charged on returning home, provided as many as one hundred holding certificates attend. Bear this in mind.

Best according to recent rulings, have as many as one hundred holding certificates and if we fail to have them, we fail to get the reduction returning home. This is important.

This convention, will in all probability, be our last south Kentucky convention, as it is more than likely that the whole state will unite into one great missionary convention.

This consummation will be hailed with great enthusiasm.

I am sure from the great brotherhood of Kentucky from Pike county on the extreme east to Fulton county on the extreme west, and from the one side to the other.

Let every one who possibly can come to Mayfield, May 25-27.

All aboard for Mayfield.

Corresponding secretary,
Hopkinsville, Ky.

The "pure food law" is designed by the government to protect the public from injurious ingredients in both food and drugs. It is beneficial both to the public and to the conscientious manufacturer. Ely's Cream Balm, a successful remedy for cold in the head, nasal catarrh, hay fever, etc., containing no injurious drugs, meets fully the requirements of the new law, and that fact is prominently stated on every package. It contains none of the injurious drugs which are required by the law to be mentioned on the label. Hence you can use it safely.

MURRAY SITUATION.

MURRAY, Ky., April 25.—Acting under the instructions of the Law and Order league, Sheriff Edwards called Felix G. Ewing over telephone this morning and asked him not to come to this city Monday to make a speech. Mr. Ewing denied that he had even intended coming. It develops that the plan was to collect large crowd in town Monday and allow Night Rider sympathizers to confer and to lay waste to the tobacco association.

THREE CURES OF SEVERE ECZEMA

Michigan Woman Tells of Her Brother's Terrible Suffering with the Disease—Grandchild and Another Baby also Permanently Cured.

CUTICURA REMEDIES PROVED INVALUABLE

"My brother had eczema three different summers. About the same time each summer it came out between his shoulders and down his back, and he said his suffering was terrible. He used different kinds of medicines that were said to be good for that disease, but nothing seemed to do him much good. When it came on the third summer, he bought a box of Cuticura Ointment and gave it a faithful trial. Soon he began to feel better and he cured himself entirely with Cuticura and has never been bothered with eczema since. He also used Cuticura to cure a bunch over his eye and a terrible corn which was so bad that he could not wear his shoe. A lady in Indiana heard of how my daughter, Mrs. Miller, had cured her little son of terrible eczema by the Cuticura Remedies. This lady's little one had the eczema so badly that they thought they would lose it. She used Cuticura Soap and Cuticura Ointment and it cured her child entirely, and the disease never came back. REPUBLICAN CONVENTIONS OF SATURDAY FAVOR TAFT.

indications Are That He Will Have No Trouble in Securing Kentucky's Instructions—Fairbanks Followers Claim They Were Badly Treated By Those Favoring Teddy's Friend.

LOUISVILLE, Ky., April 27.—The latest returns from the state shows that Taft will have 1,650 votes out of 2,055 to organize the convention.

LOUISVILLE, Ky., April 27.—The Taft forces scored a sweeping victory and the addition of Kentucky to their candidate's column as the result of the Republican county and ward mass convention held throughout the State Saturday. Fairbanks men are contesting the claim and make vigorous accusations that fraud and intimidation were practiced by the Taft men who is most instance had the administration and party machinery behind them.

In Louisville the proceedings were tumultuous and a number of fights occurred, no one being seriously hurt however. The Fairbanks men, who held separate conventions in nearly every ward, charge that the police were used to protect repeaters and keep Fairbanks men from the ballot boxes. WORDS ABOUT THE WEED.

News and Notes of Much Interest to All Who Are Connected With the Growing and Sale of Tobacco.

The largest week's sales of the season and a slight advance in prices was recorded this week by the local salesman for the Planters Protective association. Up to this time the highest price received for tobacco was \$13 but this week the price went to \$14. This is taken as an indication that the demand for higher grades, for which there has been no market up to this time, is beginning to open up and from now on ready sales of these grades are expected.

The types sold ranged from lugs to medium leaf and the prices ranged from \$7 to \$10 for lugs and \$10.50 to \$14 for leaf. A total of 143 hogheads were sold during the week, this being the first time this season that the hundred mark has been passed in any week. Receipts by the association were 470 hogheads for the week, or 4,630 for the season. The chief buyers this week were W. M. Hancock representing the American Snuff Co., Nat Dorch representing W. S. Matthews & Co., and E. M. Flack, the latter filling foreign orders.

At the Society of Equity warehouse a good week's business was reported with demand and prices fully up to the former quotations.

The report of Auditor John D. Scales for the Planters Protective association shows that up to April 18 the association had disposed of 5,209 hogheads of tobacco in the district and a total of 27,875 hogheads had been received and graded.

Tobacco all over the dark district is moving much earlier and more satisfactorily this year than ever before. Usually buying does not begin before April 1 but this year it began in February and as a rule the purchases are being made in larger quantities. Prices are strong, the two organizations controlling this section having no difficulty in disposing of their holdings at the prices set upon it by the grading committee. It is already being predicted that the supply is going to fall short of filling the demand and that prices next season will go still higher as the crop this summer will be lessened locally.

MAY MUSIC FESTIVAL

To the local public it may be of some interest to have the itinerary of the great Creator and his band of sixty-five men. From Feb. 1st to last Saturday night they were at Atlantic City, playing on the Steel Pier. This week they are at Baltimore, then to Washington, D. C. Then they drop down through Virginia, then they play at Lexington, Ky., May 8-9th, then at the White City in Louisville from May 10th to 18th, Hopkinsville, Ky., May 19-20-21st, then to Evansville for two days, from Evansville to St. Louis from May 23rd to June 20th from St. Louis they go to Chicago for the balance of the summer, June 21st to August 29th.

From this you will notice that this great musical organization, is making this tour only in the largest cities in the country, and the fact that they will be brought to our city should be hailed with delight by all music lovers. Hopkinsville will have the advantage over the other cities as given above, as the engagement here will be in the nature of a festival, in which will be used ten soloists, four vocal and six instrumental, which soloists are not carried with the band but are brought direct to Hopkinsville, and after the engagement here they will go to their respective homes.

The great problem that confronts the local executive committee, is how to build the immense choir loft, so as to give Creator and his sixty-five men their required 1,250 square feet of space, and have any room left for the choruses. This will be done, it must be done, but it will take some good figuring to work it out.

Prof. Mayo says the choruses are working out fine, and that they will eclipse the efforts of last year along this line. The five programmes as outlined for this festival will appeal to every one, and not be so high classed that none but a professor in music could enjoy. They sparkle with such late successes as the Merry Widow, Mlle Modiste, Pan American, Wonderland, etc. That the festival this year will be an artistic as well as financial success is already assured.

HAD THINGS GOING THEIR OWN WAY IN CONVENTION

Christian County Taft Delegation Refused Admittance.—Worsham Nominated to Oppose Stanley

HENDERSON, Ky., April 30.—There was a large attendance of delegates at the Second district convention of the Republican party and E. T. Franks, of Owensboro, dominated the meeting and got all that he asked for.

The contesting delegates from Christian county, composed of Taft supporters was denied admission and the Fairbanks forces had every thing their way during the entire proceedings, seating the Fairbanks delegates.

John C. Worsham, of Henderson, was nominated for congress to oppose A. O. Stanley next November. J. W. McCulloch, of Owensboro, was elected state committeeman to succeed W. P. Scott, of Hopkins county.

A. H. Anderson, of Hopkinsville and R. J. Hunter, of Webster county, were selected as delegates to the national convention at Chicago. G. W. McGuire and G. W. Adams were selected as alternates.

The convention was presided over by R. W. Slack as chairman and Roscoe Downes, of McLean, was secretary.

The convention endorsed the administration of President Roosevelt and Gov. Willson and passed a resolution calling upon Gov. Willson to pardon Taylor, Howard and Powers.

FORMER CITIZEN

William J. Hayes Dies at His Home in Mayfield.

After lingering for several months with complicated afflictions William J. Hayes, died Wednesday morning at 7 o'clock at his room in Hotel Hall. He had been in feeble health for the past few years and had spent much of his time at Dawson Springs and other health resorts but relief was only temporary and several months ago while at El Paso Texas, his physical system suffered a general break-down, when he returned to Mayfield.

Since that time he had been confined to his room and his life slowly ebbing away.

Mr. Hayes was 73 years 11 months and one day of age. He was born in North Carolina and was the son of William F. Hayes, who died in Christian county before they moved to this country. The deceased after living in Christian county moved to Henry county, Tenn., afterwards to Calloway county, and finally to Graves county.

Mr. Hayes came to Kentucky in 1814 and in 1833 moved to Mayfield. He first embarked in the tobacco business. After following that business for several years he was in the milling business and then later was a retail grocery merchant. He was successful in this, and in 1900 retired to private life.

He was never married and leaves one sister, Mrs. Sallie Hardin, of Murray, who has been at his bedside since he was taken ill. One sister and four brothers who were well known in western Kentucky, have been dead for several years.

Mr. Hayes was considered one of the wealthiest men in the city and county. He owned valuable real estate and bank stock.

The funeral services will be conducted from Hotel Hall Thursday afternoon at 2 o'clock by Eld. J. M. Perkins of the Primitive Baptist church. Burial at the city cemetery.—Mayfield Messenger.

First Dose Cures.

OLD BOSEAS DUMPED BIG PILES OF SNOW.

For Two Hours The Air Was Full of Falling Flakes.—Melted By the Showers.

(From Thursday's Daily.)

The thickest snowstorm of the winter of 1907-08 fell last night according to reports made by the few people who were abroad at the time. As late as eight o'clock today snow could be seen on the housetops but it melted on the ground almost as fast as it fell. It was not confined to Hopkinsville but seems to have been pretty general through this immediate section and in some localities was so heavy that it drifted to a slight extent. The snow began about 1 o'clock this morning and continued for more than two hours. Those who were out in it say that the flakes were the largest for a time they had ever seen and fell in such clouds that vision was greatly interfered with. Preceding the snow was the rain which began about four o'clock yesterday afternoon and continued without a let up throughout the night, the showers being especially heavy between ten and eleven o'clock.

Weather Observer Randle reports that his instruments show a rain fall for the night of 1.02 inches and snowfall of 1 inch. His thermometer registered 33, or only one degree above freezing, for the low point reached during the night.

With all of this unseasonable weather it is believed that the fruit has not been seriously damaged, although everyone is more or less anxious about it. Fruit growers say that when fruit has reached the advanced stage which it now has, that a freeze is necessary to kill it. Last night there was no indication of ice and by this it is hoped the fruit has escaped. It must have been badly chilled though and this will probably cause some of it to drop from the trees before maturing. Some reports have already been made of cherries dropping from the trees already as a result of the frost a few nights ago.

JAP DISASTER

TAKIO, April 30.—The Japanese cruise Matsushima was sunk today by the explosion of a powder magazine.

Only 141 men and officers out of 300 on board were saved.

FRAUD ALLEGED

OWENSBORO, Ky., April 30.—Henry Cline, having refused to serve as assignee for the Daviess County Bank & Trust company, Ernest B. Anderson was today appointed in his stead. A petition alleging fraud in the affairs of the bank was filed today and criminal prosecutions are expected.

PERSONAL NOTES.

(From Thursday's Daily)

Mr. Wallace Green left this morning for his home in Keeling, Tenn., after a visit to relatives in this city.

Mrs. A. S. Wood of Nashville, who has been attending the bedside of her grand-niece, Miss Kattie Wood, returned home yesterday.

L. Yonts has returned from Omaha, Neb.

THOSE WHO WILL SING IN THE ADULT CHORUSES

No Further Names, After Friday Night, Will be Admitted to The List of Participants.

We give below a complete list of all who have been asked to sing in the great music festival which takes place May 19-20-21. All who have any voice should take an interest in this huge undertaking, and kindly lend their voices on this occasion. There are a few good singers whose names are not on the list, and we are making an effort to get them in by Friday night. After this date no more will be admitted to the choruses, and we earnestly ask that if you intend to help in this matter, that you come out to the rehearsal tomorrow night. After that time the whole chorus can not be held back for some few who may not be able to get their parts. Mr. Mayo is very much pleased with his chorus this year, and says they will make a very fine showing, when the festival is given. This is very gratifying to the committee who have had this work in charge, and after the great festival is given we predict that every member of this chorus will be a bit chummy over their complete success.

fishermen today. These two anglers went to a pond near Longview yesterday and besides landing a handsome string of trout, ranging from two and a half pounds down to one pound, they caught one monster, which tipped the beam at 8 1/2 pounds, after they reached town. Mr. Moss fished in the same pond one day last week and hooked this same fish, he says, but it got away and yesterday he went back with the avowed purpose of catching the big one. When caught, the fish did have a wound in his mouth, evidently made by a hook within the last few days. The fish was displayed this morning in the show window at Mr. Moss' store on Sixth street and there was a constant stream of fishermen looking at the prize beauty.

Yesterday afternoon a negro walked into the postoffice, laid down a five cent piece and asked for a one-cent stamp. When it was handed to him, together with the four pennies in change, he remarked, "I didn't want no stamp but I had to had de pennies."

Several patrons of the Hotel Latham barbershop were discussing the cold snap yesterday and debating whether or not it was blackberry winter, many holding to the opinion that it was too early for that season. Abe Singer was getting a shave and he finally put in with, "Of course this blackberry winter. What if it is a little early; isn't this leap year?"

The press meeting at Cerulean in June will prove one of the most pleasant in the history of the association. Cerulean is the most beautiful resort in the state, and Capt. Pool is sure to make his guests realize that the real thing in genuine old-time Kentucky hospitality is to be found nowhere else as it is dispensed at Cerulean.—Cadiz Record.

Dogs have caused Mrs. May M. Sharp, of Chicago, to sue her husband for divorce. Mrs. Sharp says he had no bad habits, and he was not cruel to her, but he had twenty dogs, and she thinks he loves them better than his wife. She says her husband spent money on dogs, but did not pay the grocery bill; kept sick dogs in the house when she was ill, and battled dogs in the family bathtub.

A HAPPY SELECTION.

The outing arranged by the executive committee of the K. P. A. for the annual outing of the Kentucky editors is indeed a pleasing one in every detail. Those who are in a position to know, are aware that Cerulean Springs, where the business meetings are to be held, is an ideal resort, and the pencil pushers and their wives and sweethearts will find much to make them happy, and will be able to forget their vexations for a while, at least. The short stay at Hopkinsville will be enjoyed, as the good people of that pretty little city never do anything by halves. Last, but by far not least is the day or two to be spent at the greatest of world wonders, the Mammoth Cave.—Bowling Green Times-Journal.

A vote of thanks is due the Wisconsin professor who says that our old friends the tired feeling which comes in the spring is not an acquired virtue but is the result of heredity. If it has been handed down to us from our forefathers who acquired it through much patient endeavor, anyone can see that we are not to blame, still, we think more of our ancestors because of this discovery. Evidently they were human, remarked the Chicago Daily News, and not mere stern, busy automatons, as we have been taught to believe, who never relaxed but were busy chasing work throughout the livelong day and part of both ends of the night. Besides, we can the more readily resign ourselves to the pleasure of being lazy in the spring when we know that we couldn't help it if we tried.

FLYING TIMBER

Struck J. T. Pickersgill in Abdomen
Causing His Death.

While working at a saw mill near Haley's Mill one day last week, J. T. Pickersgill, a prominent citizen of that section received an injury in an unusual manner which resulted in his death Saturday morning.

Mr. Pickersgill was standing near the carriage that feeds the mill when a piece of timber which was being sawed came hurling through the air from the mill and struck him in the abdomen. He was at once removed to his home and medical aid was summoned, but he died. It is said that there was no outward wound on Mr. Pickersgill's body, not even a bruise being left. The injury was altogether internal.

Mr. Pickersgill was about forty years of age and leaves a widow. Interment took place Sunday.

The Farmer's Wife.

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In stomach and digestive and nutritive tracts are performed processes which are exactly akin to the churning of butter. It is not apparent then that if this stomach churn is "sour" it soured all which is put into it? The evil of a foul stomach is not the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of the blood and the dissemination of discoloration makes the sour stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. "Golden Medical Discovery" contains no alcohol. Its ingredients are plainly printed on each bottle-wrapper.

ELOPED TO CLARKSVILLE

Miss Opal Helsley and Roscoe Prowse Married Saturday.

Miss Opal Helsley and Roscoe Prowse, both of Haley's Mill vicinity, eloped to Clarksville last Friday night and were married in that city Saturday morning. The couple met by appointment late Friday night, both having slipped away without anyone knowing of it, and while the families slept they made their long journey, passing through Hopkinsville en route.

The bride is the charming and talented daughter of County Assessor H. C. Helsley. The groom is the son of Isaac Prowse and a nephew of John P. Prowse, of this city.

ONLY FOUR CITIES

IN KENTUCKY WILL HEAR CREATOR'S BAND.

Hopkinsville is the Last On the List Before the Band Goes to Chicago For the Summer.

The people of this entire section have been glad ever since the engagement of Creator and his band for the Hopkinsville May Music Festival was announced, but when they realize that this stellar musical organization will appear in only four cities in Kentucky and not in Tennessee at all, before going to Chicago for the summer, they will realize more fully what an opportunity is offered them by the May Music Festival at which Signor Creator and his sixty-five musical artists will be the center of attraction.

It is a fact though that Hopkinsville will be one among four cities in the Bluegrass state where this band will perform. The other three cities are Lexington, Louisville and Bowling Green, in order named. At Lexington Creator will remain for three days, as he will at Louisville, but at Bowling Green he will appear for only one night as he makes his way here.

In Hopkinsville he will charm everyone for five performances lasting through the three days of the Music Festival, May 19, 20 and 21. After completing his engagement here he will go direct to Chicago where he will remain through the summer.

There is no one who has ever heard Creator and his band who will not be doubly anxious to hear and see him again, while those who have never heard him should not miss this opportunity. Creator himself, by reason

of his unusual personal appearance and his queer gymnastic performances as he directs the musicians, is a whole show. But by these self same gymnastic stunts he so leads the sixty-five men in the band that they render the most difficult music in such faultless style and perfect harmony that Creator's reputation as a bandmaster and that of the individual players as genuine artists, is second to none in the world. Everyone of his musicians is a full blooded Italian.

A floor space of 1,500 square feet is required to accommodate this band, considerably more than is required for Sousa and his men. Every bit of this 1,500 feet is occupied too and judging from the volume and sweetness of the music which is made they are entitled to even more space if they want it.

A CRAZY NEGRO

Is Said to Have Burned Five Barns.—He Is Under Arrest.

MAYSVILLE, Ky., April 28.—The burning of the barn of Joseph Yancey, in this county, last night, led to the arrest of Bill Washington, colored, who is said to be crazy. It is now said that Washington has a mania for burning buildings and that burning of five barns recently in this section was his work and not that of night riders.

PROSECUTION WITHDRAWN

Ben Rinehart Asked For Dismissal of "Doc" Holt at Clarksville.

When the hour for the trial arrived in the case of "Doc" Holt, who was arrested on a writ sworn out by Ben Rinehart charging him with complicity in the shooting affray at New Providence last week, F. G. Gilbert, attorney for Rinehart, asked for a withdrawal of the warrant, which request was granted. Rinehart was taxed with the costs in the case.—Leaf Chronicle.

MORE INDICTMENTS

MURRAY, Ky., April 28.—When the grand jury made its final report Saturday afternoon a batch of indictments was returned after which Judge Cook complimented the jury on its brave and efficient work. Indictments for alleged night riding were returned against Felix Wynn, Dallas Wynn and Arthur Wynn and five other men not under arrest. Dallas and Felix Wynn were indicted several days ago on a similar charge.

El Jones, an alleged captain, and Josh Cunningham, previously indicted for alleged night riding, were indicted along with five other men not under arrest for sending threatening letters. This offense is a misdemeanor.

FRANKFORT, Ky., April 28.—The First congressional district seems to be well patrolled. Gov. Willson has sent Gen. Roger Williams, an old soldier, to take charge of the Western Kentucky squad, with headquarters in Paducah. The officials of Trigg county, which is in this locality, have given notice that there is no need of soldiers in that county, and it is announced that no soldiers will be sent over the protest of the county judge and other county officials. It is rumored but not announced, that Woodford county, in the heart of the Bluegrass, is to be the next county to be patrolled by troops. There was some disturbance in Woodford several months ago, but it has been supposed that the troubles there were at an end.

ANOTHER MESSAGE

WASHINGTON, April 28.—In a special message to congress the president practically repeated his message of March 26, in which he urged the enactment of an employers' liability law and certain other of his pet measures. He states that while congress has followed his suggestion and passed a bill for the protection of employees, drafted along

the lines laid down in his previous message, there is still more to be done in the same direction.

He expresses the belief that there is little doubt of the passage of the measures providing further for re-compensating employees injured in the public service, regulating child labor in the District of Columbia, giving financial support to the waterways commission, for investigation into tariff conditions preparatory to a revision, and for financial legislation to meet emergencies like the recent panic.

Two measures, however, are mentioned as being not so certain of passage at this session, and he recommends their favorable consideration before adjournment. One of these is a bill to limit the power of injunction and punishment for contempt of court in order to relieve conditions which arise in labor disputes. There is a bill to strengthen the anti-trust laws, though at the same time lodging in the executive branch of the government power to permit combinations that will benefit the public interest.

WITH HER MOTHER

WOULD-BE BRIDE RETURNS TO HER HOME

Party of Elopers From Webster County Take The Frustration of Their Plans Quietly.

Mrs. Cynthia Sisk arrived here yesterday afternoon at 5:18 and left on the Dixie Flyer shortly after six o'clock with her daughter, Miss Jessie Edens, who was stopped here by Officers Witherspoon and Miller yesterday morning as she was on her way to Nashville with a young man whose name is Dave McCormick where they expected to get married.

The meeting between mother and daughter was cordial and without anything approaching a scene. The young lady had nothing to say and the mother did not upbraid the child for her action. Mrs. Sisk stated that she had no objection to the marriage except the youthfulness of her daughter, and that she had told her and Mr. McCormick if they would wait for two years, or until the girl was sixteen, that she would give her consent. She said that they had both agreed to this stipulation. When the party boarded the train Mrs. Sisk took her daughter with her, while her suitor, Mr. McCormick, and Miss Madden and Mr. Glazebrook, who accompanied the elopers, secured seats some distance away.

The only indication of temper shown by the party at the enforced stopping here was when Mr. Glazebrook notified Chief of Police Roper that he would hold the city of Hopkinsville responsible for the balance of the railroad fare to Nashville, which they had paid but failed to reap the benefit. Chief Roper told him that no effort had been made to force any of the party to get off the train except Miss Edens and that the city of Hopkinsville was not responsible for their loss. The party dined at the Hill house and the young men refused to pay for the dinners.

As the party made their way to the depot yesterday afternoon, they were the cynosure of all eyes. They were accompanied by Chief Roper, who saw them safely off on their return journey.

An Announcement.

STORM SUFFERERS

Postal Telegraph Company Offers Free Use of Wires.

The following telegram was received today by Manager J. McHenry Tichenor, of the Hopkinsville office, from Supt. Arrington:

"The Postal Telegraph-Cable company will transmit free on its own lines within the United States telegrams relating to relief of sufferers from the recent cyclone in the south, when such telegrams are offered by duly constituted relief organizations or by public officers in their official capacity."

Sent to Asylum.

Rachel McCarty was tried before Judge Birkhead on the charge of insanity. It was not determined what caused her to become insane, nor was it determined when insanity developed. She was arrested on Saturday on the charge of disorderly conduct and appeared before Judge Yawell Monday. He held her over to the circuit court on the charge of insanity. The jury returned a verdict that she was of unsound mind. She will be taken to the Hopkinsville asylum.—Owensboro Inquirer.

TROOPERS IN TRIGG

AND EIGHT MEN ARE PLACED UNDER ARREST

Twelve Warrants Sworn Out Charging Conspiracy Among White People to Frighten Negroes.

CADIZ, Ky., April 29.—Warrants for twelve white men, employed at the iron works at Center Furnace, in Trigg county, were sworn out at Cadiz. The men are charged with banding together to drive negroes in the employ of the works away from the community.

Gen. Williams, with sixteen militiamen, is camped near Center Furnace. Eight of the twelve men for whom the warrants were issued were brought here by officers this morning. They are:

James Aldrich, Jack Aldrich, Jim Haston, Jim Bruce, Mode Ethridge, Nick Menedeth, Eob Woods, Ben Woods.

The trouble has no connection with the tobacco situation. The warrants were sworn out by Walter Goodwin.

Cases Continued.

All of the cases against alleged Night Riders, set for trial at Murray, were continued on motion of the defense, until the fifth day of the August term of court. The prosecution announced ready and made an effort to force a trial.

METHODIST "NUNS"

Nine Women Consecrate Their Lives

To The Methodist Church.

LOUISVILLE, Ky., April 29.—Nine "nuns," or as near that title as the Methodist church approaches, were consecrated here Sunday, by Bishop E. R. Hendricks, of Kansas City. These women in a sense, forswear the world, as do Catholic sisters, and pledge their lives to church work, either as nurses in the Deaconess hospitals of the south or as teachers in the Methodist schools. Celibacy is not a condition.

Among those taking the "crown veil" were Misses Emma Burton, Mary Frankland, Helen Gibson, Stella Womack and Daisie Duncan and Mrs. Amanda Hewitt.

TELEPHONE MATTER

As a result of a conference held here this morning between President James E. Caldwell and General Manager Leland Hume, of the Cumberland Telephone company, and Mayor Meacham, it was agreed that the telephone matter should be made a special order for the mid-monthly meeting of the council to be held May 15. At this time representatives of the Cumberland will appear before the council and state their side of the case, the council will be prepared in a similar way, and it is hoped and believed that the matter will be amicably adjusted.

FARMERS' INSTITUTE TO BE HELD NEXT WEEK AT PEMBROKE

INTERESTING PROGRAM ARRANGED FOR THE OCCASION

SECURE NOTABLE SPEAKERS

A General Invitation Is Extended To The Public Interested In Agriculture To Attend.

Preparations for the farmers institute to be held at Pembroke on next Tuesday and Wednesday, May 5 and 6 under the auspices of the farmers club of that place are rapidly being completed and this event promises to be one of the most important and best attended which has been held in this region in a long time. President Charles E. Barker has issued the following announcement and program:

"It gives us great pleasure to announce to the farmers of the surrounding country that the Pembroke Farmers' club will hold an institute at Pembroke on May 5th and 6th under the auspices of the state board of agriculture. We have secured the aid of Mr. Joseph E. Wing, of Mechanicsburg, O., who is not only a very prominent institute man, but the most popular correspondent of the Breeders' Gazette, published at Chicago. Mr. Wing needs no introduction to our people, as he has been here before, and everybody loves Joe Wing and wants to see and hear him.

We will also have Mr. C. D. Lyon, of Georgetown, O., who is the favorite correspondent of Colman's Rural World, published at St. Louis. Mr. Lyon is also one of the most successful institute men in the country, and it is fortunate indeed that we have succeeded in getting dates that suit each of these men. We also will have our commissioner, Mr. M. C. Rankin, and some of his institute men, and we hope to have Mr. A. D. Shamel, tobacco expert of the agricultural department at Washington, D. C., who will be especially attractive to our people.

Hon. A. O. Stanley, congressman from the Second Kentucky district, will also be among the speakers. Mr. Stanley has devoted much time during his service in congress to legislation for the relief of tobacco growers, and will be prepared to tell the farmers much of interest concerning his efforts. "The Planters' Protective association; What It Is For, and What We Should Make

It" will be Mr. Stanley's subject, and he is well able, from experience and much study, to handle it properly.

We also expect to have Hon. W. C. Cook, of Bowling Green, who has been for many years the faithful correspondent of the Farmers' Home Journal, and with whom everybody wants to shake hands. Also Mr. Robt. Dulaney, of Bowling Green, who must tell us how he built pikes in Warren county. Mr. J. B. Walker, of our county, will give us the results of the experiments made by the United States department of agriculture on his place with alfalfa, clover and other legumes.

ARRIVAL OF FLEET

After A Trip Around The World Described For The New Era By Judge Polk Cansler.

San Diego, Cal., April 15, 1908.
Editor Kentucky New Era:—

The great American fleet that steamed out of Hampton Roads December 16, last, arrived in this harbor just before 1 o'clock yesterday and cast anchor off Hotel Dell Coronado, where they now quietly rest from the journey of more than fourteen thousand miles.

Soon after their arrival a reception committee headed by U. S. Grant, Jr., in behalf of the citizens of San Diego went out to bid them welcome. Later in the afternoon Governor Gillett with his staff and other parties of prominence in behalf of the citizens of California, went out to bid them a royal welcome to the shores of the Golden state.

The party was cordially received on the flagship Connecticut by Admiral Thomas and staff. Before leaving the ship the governor made an appropriate address assuring the commander and his men of his appreciation of the courtesy extended to his people, and as he was leaving the ship a salute of seventeen guns was fired in his honor.

Last night the whole fleet was illuminated apparently in a blaze of electricity with a search-light swinging to and fro from each ship, together with the most brilliantly illuminated city I ever saw was viewed from elevated points by the many thousands of admirers from 6:30 to 11 o'clock.

Had I the time and space I would fall far short on suitable words with which to attempt to describe the naval parade that took place this afternoon. Headed by Admiral Thomas and staff with many of his subordinates of high rank, and with James W. Gillett, governor of California, and staff, and other prominent officials, both civil and military, all of whom occupied seats in thirty-five large auto cars of the latest and most complete style, followed by the California state guards and more than 5,000 men from the sixteen battleships with several hundred veterans of the civil war, together with some fraternal organizations, it was easily pronounced the greatest naval parade that ever took place on American soil, or perhaps in the world's history; and in this connection I must not forget to say that I had the privilege, the pleasure and honor of numbering one with a "big O," in the ranks of the Grand Army contingent. The splendor of the whole occasion inspired me with new life for the time and I was able to keep step to the tap of the drum as closely as in the dark days of the sixties, and could I have heard amidst the great clamor the voice of my lamented Captain Fruit, holler "Fall in Company G," and could have seen Comrades Curt Brasher, Henry Brasher, Benton Brown, Bill Sizemore, Jim Morris, John Menner, Tom Ewing, Ike Cook, Joe Wilson, Alex Gilliland,

George Boyd, Wes Witty, and many others living, and the long list of heroes that have answered the last roll call, who made up the membership of that company line up in battle array it would have truly been a reminder of other days.

Quite an important feature of the parade was the drum corps composed of seven men with fifes, eight with small drums, and one large one belonging to the local posts of the Grand Army of the Republic. When I heard them coming to take their position at the head of the column of bowed, bent and scarred veterans I looked with longing eyes hoping to at least see the outlines of the forms of Bijah Baldock and Arie Mathena, who with fife and drum aroused the patriotism in so many Christian county boys by playing "The Girl I Left Behind Me," and other popular tunes of their day, but alas, they did not come in sight. Like the hundreds and thousands of others who figured in that great drama, they to have answered the last roll call.

Comparatively few, under the Providence of God, have lived to see a parade of soldiers in which the commanders rode in automobiles instead of on foaming chargers, the autos being only reminders of the cannons and calson wagons that formerly constituted part of the line.

The fleet will be entertained until the 18th, when it will weigh anchor and sail out into the open sea for San Francisco stopping in divisions at a few points on the way.

Too much cannot be said in praise of Uncle Sam's splendid fighting machines and the men in charge of them. A look at them ought to make any one feel proud that he is an American citizen. San Diego is a splendid city of about forty thousand people with excellent prospects of doubling her population within the next decade. Her people justly boast of the finest climate, and the most complete naval harbor in the world.

U. S. Grant, Jr., resides here, and is having erected "Hotel U. S. Grant" in honor of his illustrious father. The hotel is eight stories in the heart of the city. Mr. Grant reminds one very much of him who was great in war and great in peace, and seems glad to shake the hand of any one who took part in the ordeals through which this country passed with his father as leader nearly half a century ago.

My wife and daughter and I have enjoyed our visit to this part of the Golden state, and now that the great drawing card that brought so many thousands here has been thrown, we will in a few days retrace the long journey where we can see a familiar face now and then.

With kindest regards to all my "Old Kentucky Home" friends, I am respectfully,
POLK CANSLER.

6 Pieces "Sanito" Cooking Ware

Absolutely
Given Away!

FREE

Absolutely
Given Away!

What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what proceeded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

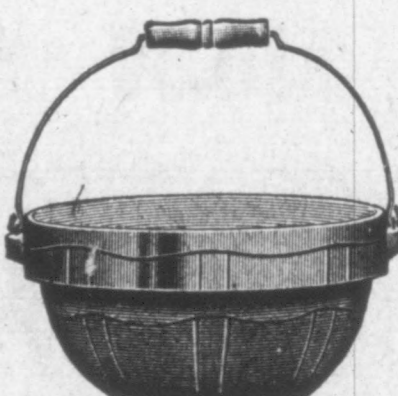

To every person who is now taking the New Era and who pays up all arrearages, if any, and one year in advance and the 98c for the expressage and packing charges, we will give a set of Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

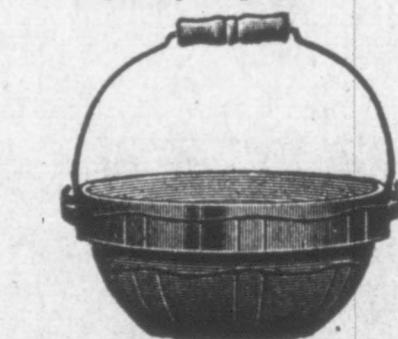

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly.

Talmage Sermon

By Rev.
Frank De Witt Talmage, D. D.

New York, April 26.—In this sermon the preacher exalts love as the highest of the Christian graces. Dr. Talmage has resigned his pastorate in Los Angeles, feeling the need of complete rest, and has gone to Europe, where he will remain six months. He will compose no sermons during his absence. The text of this farewell sermon is taken from I Corinthians xiii, 13. "And the greatest of these is love" (R. V.).

Talking with a friend before setting out on my European journey, I referred to my long cherished desire to visit the famous canyon of Arizona that I might study it and describe it to my eastern friends. "It cannot be done," said my friend. "No living man could describe the grandeur and majesty of that wonderful scene. Just before I went there I was told that a man approached the brink of that awful chasm, and as he looked across it and down into its depths and up into the sky he dropped upon his knees and cried: 'O God, how infinitely great art thou! I never realized until my eyes beheld it this wonderful manifestation of thy handiwork!' All that you can do when you visit the Grand Canyon is to be overwhelmed with the immensity of its conception. It is greater, far greater, than your wildest imagination could ever conceive."

Well, I said to myself if that is true there is one fact I will learn from the Grand Canyon. That will be its superlativeness as a basis for comparison. There are things that are above and beyond utterance. Paul heard things when he was caught up to heaven that he said were unspeakable, and on another occasion, trying to describe the things God had prepared for them that love him, he said that eye had not seen nor ear heard, neither had it entered into the heart of man, and John in Patmos fell down as one dead. When I read of these strange incidents I shall always think of the overwhelming impression which one gets from his first view of the Grand Canyon of Arizona. It is a species of measuring rule by which I estimate other impressions. It is this kind of culminating comparison that Paul uses in my text.

The Celestial Music.

In the first place, Paul leads us into the celestial choir of heaven. He gathers before us the sweet voiced singers who once sang the song of the Nativity above Bethlehem of Judea. He leads those white winged messengers of the sky to sing until their united choruses roll about us in great tidal waves of harmony. Some of us have heard the most famous songstresses on earth lift up their voices in praise. But never will our ears hear melodies like those celestial songs until at last as redeemed spirits we ourselves are singing the song of Moses and the Lamb before the great white throne of heaven. Then after Paul has in imagination led us up through the boulevards of gold, down past the great white mansions of the skies, and has overwhelmed us with the beauty and pathos and grandeur of the inspiring oratorios of the celestial city he says to us: "That singing is the most beautiful singing of all the ages. From human lips and throat could never come music so enchanting. But, though we could sing like that, our song would be empty and meaningless and discordant if it had not in it that one thrilling note of love. Though I speak with the tongue of angels and have not love, I am become as sounding brass or a tinkling cymbal. It is love that gives celestial music its sweetness."

Then Paul has us sit at the feet of Hebrew teachers like Gamaliel and Hillel. He introduces to us the prophets of old. He brings before us the wise men of the magi of the east. He solves for us all the knotty social problems of the day and leads us down amid the temples of old Egypt and amid the wonders of Nineveh and Babylon and Rome and Athens. Then he shows us the giants of faith as Titans changing the topographical construction of the earth. Then after he has led us upon wisdom and intellectuality upon superlativity and man omniscient as well as omnipotent he utters these words: "And if I have the gift of prophecy and know all mysteries and all knowledge and if I have all faith so as to move mountains, but have not love, I am nothing." Ah, yes; love is greater than all the knowledge contained within the walls of an Alexandrian library. Love is greater than the wisdom of King Solomon. Love is greater than the prophetic eye which can look through the black curtain which separates the present and the events that will happen millions of years hence. Love is greater than the strength of the everlasting hills. Love is greater than the highest triumphs of art. For if we have not love, no matter how great our intellectuality may be, we are as nothing. Aye, we are worse than nothing. Is not Paul's second comparison again approaching the culminating superlativity?

Love the Greatest of All.

Then, as a guide leads us higher and higher over a mountain range and we climb from peak to peak until at last we stand upon the topmost pinnacle overlooking all mountains, rising out of material into moral elevation, Paul says: "Love is more than this. Though you labor for others and seem to spend

all your life in the service of your fellow men, though you become a pauper for their sake and go to the martyr's stake, if you do not love your fellow men, in God's sight all your deeds of self sacrifice will go for naught. Yes, yes! How superlative does overtop superlative when Paul is elaborating for us the power and the necessity of love. Now let us ask ourselves why love is so essential in God's sight and why love should be the predominant passion of every human heart.

Now, what is love? "Love," says the lexicographer, "is a feeling of strong attachment to another. It is pre-eminent kindness or devotion to another. It is affection. It is tenderness. It is the bond which binds mother to child and husband to wife and brother to sister and friend to friend." That is the definition which I have abridged from different dictionaries. That definition means this: "Love is the strange power born in the human heart, which, like another life into that heart and makes the joy and the happiness of that other life more important than the joy and the happiness of its own life." In other words, "love is the power which will make a human tree graft upon itself other human branches, and then that original human tree shall live simply for the purpose of bearing luscious fruit for the benefit of some other human life." In other words, true love finds its happiness in the benefits which that human life can bring to other lives rather than for the benefits of its own selfish life.

The Grafting of Trees.

"How do you graft one tree on another?" I asked an old California horticulturist. "Well," he answered, "that depends upon the tree you intend to graft. If I were going to graft a lemon tree upon an orange tree"—"What?" I interrupted. "Are nearly all our lemon trees grafted upon the orange tree?" "Yes," he answered; "nearly all. If I were going to graft a lemon tree upon an orange tree, I would go out to my orchard in springtime and cut a slender branch off my lemon tree. From this branch I would cut the heaviest bud, making the grafting bud about three-quarters of an inch long. Then I would cut the bark of an orange tree about two years old and gently press the lemon bud into the bark. Then I would hermetically seal the woods together with wax. Then, when the lemon bud took root and got to growing fully, I would cut off the orange tree just above the lemon bud, so that all the strength of the trunk of the orange tree would be conserved to develop the lemon branch and the lemon fruit as it ought." Ah, yes, I said to myself while my friend was talking; the orange tree has its branches cut off so its trunk can produce sustenance for the lemon branches. And that is love. We are the human tree and will have the branches of our own selfish desires amputated in order that we may bear fruit in the lives of our fellow men. That is the whole definition of love in a nutshell.

Tell me, friend, is your life a life of love? Are you the human orange tree with the lemon buds grafted into your bark? Have you had the selfish limbs of your own life cut off? Are you standing like the trunk of the orange tree in the center of the multitudinous orchards of the world with your own name forgotten and obliterated that the honor and the glory of Christ may shine in the lives of your dear ones and farther into the ground in order to gather up the rich nourishment of the soil to nourish and feed hundreds of buds which have been grafted on your foundations? If you are, then you have the priceless characteristics which God honors above all other virtues; then you have love—purified love, triumphant love, divine love; then you are like the Lord God Almighty himself, for God is love and love is God.

Love's First Duty.

Now, if the whole essence of love is to put the joys and the blessings and the happiness of others above all selfish happiness and joys and blessings, what is then in its crudest form the first duty of love? First, never to give another pain; never do anything which will bring the tear to the eye or the quiver to the lip or the sob to the aching heart. It does not take much to wound the sensibilities of another. And, if your first duty of life is to learn not to hurt yourself, so the first duty of love should be never to hurt or to wound the feelings of another.

Now, it was no easy matter to learn how not to do yourself a physical damage when you were young. It was only by painful experience that those laws of caution were mastered. For instance, when you were a boy you had a great habit of balancing upon the chair in the dining room. Your father again and again warned you to stop. He told you that you would hurt yourself. But there was a fascination in making that chair tip back. You felt like a trapeze performer in mid-air. But one day you lost your balance and fell backward and struck your head against the mantelpiece. The cut was deep, the blood flowed, and you have a scar upon your head to this day. Then after that you never balanced upon a chair, because you knew your father was right. Or take that old habit you had of sliding down the banisters of the staircase. It was great fun until your hand slipped and you fell stunned upon the floor below. Or do you remember that toy cannon? You asked your mother if you could have one, and she said you were too young, but you thought differently, and you went and bought one on the sly. When you were about to play Bunker Hill the cannon went off at the wrong time, and instead of knocking down the toy soldiers your face received the charge, and your father and mother had to sit for hours dig-

ging the powder out. Aye, it was not easy to learn the lesson of physical caution. You learned it by suffering and pain; you learned it by fearful sorrow. And now you know that fire burns and a sharp knife cuts and a tumble will hurt. So you guard your body in the light of warning experiences.

Mental Sufferings.

But the physical sufferings are never as bad as the mental. The accidental blow from the basen, that prostrated you on the field and gave you a headache for days never hurt you as did the cruel word, the harsh criticism, the unkind misrepresentation, of the man whom you had trusted as a friend. You all know what physical pain is. Some of you have been under the torture of the surgeon's knife; but, though your physical pains have been great, I ask you if any pain inflicted by one whom you have loved as a brother and who has brutally turned against you as Brutus struck his patron Caesar. Now, my friends, if you have suffered so much from the attacks of those whom you love, beware how you give pain to others, whether friends or strangers. If you have suffered so grievously from the harsh words, the uncharitable insinuations, the malevolent untruths of those who have treacherously turned against you without cause, learn the lesson and look well to your own conduct, lest you sin against another. The law of love works both ways. To deserve God's love we must graft the lives of others into our lives and make their sufferings our sufferings and their heartaches our heartaches.

Brother, do not speak that harsh word. You have no idea how deep its probe cuts. Sister, do not make that bitter interpretation. "Well," he thinks the person against whom you speak it will not hear about it. He will; he will. He will hear about it in its meanest and most malignant form. I know your brother may have wronged you; but, remember, the injustices which he has done you can never justify the angry thoughts you have against him. Love puts the sufferings of your enemy above your sufferings and the heartaches of those against whom you are uttering those stinging words above your own heartaches. "Love suffereth long and is kind, is not easily provoked, thinketh no evil, beareth all things, believeth all things, hopeth all things, endureth all things."

But we do not always want to be little children in the kindergarten of love. We do not always wish to be spiritual babies learning the negative side of the gospel, which tells us "Don't do the other thing." We should grow in grace as we grow in spiritual power and learn to utter some other prayer than the little petition—

Now I lay me down to sleep
I pray the Lord my soul to keep—
which we learned years ago at our mothers' knees. And so the next great step in the way of love is, "Never give pain, physical or mental, to another." The second is like unto the first, only a little higher in spiritual life. When we love our neighbors we must rejoice with them in their days of prosperity. As their sorrows should be our sorrows, so their temporal and spiritual triumphs should be our temporal and spiritual triumphs. Their lives as trees are grafted upon us. Then we, as the old orange trunk supporting them, should rejoice at the gathering of their fruits just as much as though the autumnal nuggets of gold were taken from our own branches. Do you grasp the far-reaching significance of my text? "And the greatest of these is love." The more others prosper the more we should rejoice.

Jealous of Others' Success.

But, of strange to say, some ill minded critics look upon the success and the prosperity of other people as an insult to themselves. They feel that if they cannot have all the honors and all the praises of success they do not want any one else to have those honors. And not only that, but by sneers they will do all in their power to undermine another's work. Here, for instance, is a college president. For years and years he is the official head of the institution. For years and years he molds the characters of the boys and the girls under him. He has the devoted following of the officers and teachers, but when his work is done he sometimes seems to be angry because those same officers and teachers give the same loyalty to his successor as they accorded to him and because the college is making a greater success after he leaves the institution. Why should not that old college president be happy at the success of his successor? Why should not the minister be happy when he hears that the man who follows him in his pulpit is more beloved and is doing a greater work than he was privileged to do?

But you cannot rejoice with a man in his days of prosperity unless at the same time you are willing to sympathize with him in the days of his sorrow. And you cannot truly sympathize with a friend in his time of trial unless at the same time you are willing to do everything in your power to overcome his mental, moral and spiritual weaknesses and help him to rectify the mistakes he has made. Have you been willing to do that? Have you such an overwhelming love of mankind in your heart that you will do everything and anything to help your brother out of his present difficulties?

Friend, could there be a better message for us to dwell upon this morning than this of love? "Oh," I said, "if I can only get my people to feel and practice this divine love all will be well." Will you let this divine grace eradicate all hate and bitterness from your heart? Will you go today to the man against whom you have a grudge and take him by the hand and say, "Let us quit our enmities for Christ's sake." Indeed, it is not so hard for

some of us to say that, for Christ whom we love and whose example we are to follow, has taught us to say "Forgive us our trespasses as we forgive those who have trespassed against us." Oh, for a baptism of divine love! And the greatest of these is love."

There is a star that beams on earth
With tender, lovely ray,
That lights the path of generous worth
And speaks a brighter day.
It is friendship.

There is a tie, a golden chain,
That binds with stronger hand
Than iron shackles of the cell
Or all the arts of man.
It is love.

There is a gem, a pearl of worth,
As lasting as the skies,
More dazzling than the gems of earth;
Its splendor never dies.
It is truth.

Three angel spirits—evermore
They guard our thorny way,
And those who follow where they lead
Can never go astray.

For God hath given them alike
To childhood and to youth,
And age is mellowed by the touch
Of friendship, love and truth.

Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers, ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mound City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant and sure. The proprietors guarantee it absolutely both as to purity and results to be expected. Usually one or two doses will bring about a complete change for the better, and as it is only 50 cents or \$1 a bottle the sure relief can be had for a few cents. Buy a bottle so you can see what it will do for you.

These wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company.

This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPsin." This product bears purity guarantee No. 17, Washington, D. C.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-round cook-stove. Made in three sizes, and fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp**
a substantial, strongly made and hand-made lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.

Attractive Spring Merchandise at Very Special Prices

The offers made below represent best values procurable on new spring merchandise. Everything exactly as described and priced

The exaggeration of values by some merchants borders on the ridiculous. Price alone does not make the value. It must be backed up by quality. Scan the columns of this paper and make a note of the "great bargains," look them up, then come to our store and see the difference. You will have confidence in us, if not in the other fellow.

These goods go on sale Saturday morning, May 2nd, and sale continues for two weeks only. Remember the place.
