## FOR WILLIAM TAFT

### KENTUCKY REPUBLICAN CONVENTION INSTRUCTS DELEGATES

Administration of Willson and Roosevelt Endorsed.—Bradley Made Plea For Fairbanks.

LOUISVILLE, Ky., May 7.—The Republicans met in convention this morning at 10 o'clock. The platform which was adopted endorses the administration of both Governor Willson and President Roosevelt, favors a sound financial policy, approves the Panama canal proposition and proper regulation of public utilities, asks for a revision of the tariff and instructs for Wm. H. Taft for president. The report of the committee on credentials gave Taft over 700 votes. Senator William O. Bradley made a speech before the organization was perfected in behalf of Fairbanks, but said he was willing to submit to the will of the convention.

Congressman Edwards was made permanent chairman and A. S. Bennett permanent secretary.

The convention last night took an adjournment until 10 o'clock this morning, pending the report of the committee on credentials. The committee had contests from nearly half of the 119 counties in the state to consider and settle down at three o'clock yesterday afternoon for a continuous session until the convention reassembled today. The chief friction developed in the fifth congressional delegation, Louisville, where the Fairbanks men are contesting the entire delegation. They charge that Louisville police were used for purposes of intimidation and other acts of fraud were committed. Similar acts were charged by the Fairbanks men of the Eleventh district, which is also contested entirely. There seems little doubt that the Taft slate will be put thro. The convention was in session but an hour yesterday afternoon. No friction developed during the session and Taft men captured the temporary organization. The only incident to break the routine preliminaries was a great outburst of joy caused by an announcement that Gov. Willson had pardoned Caleb Powers and James Howard. The report proved untrue.

Senator Bradley, Gov. Willson, Judge Burnett, Marshall Bullitt, Johnson, colored, Berry, of Owensboro, were nominated as delegates at large. An effort to nominate Caleb Powers failed.

## GOOD SHOWING MADE

### ASSESSMENT OF TAXABLE PROPERTY IS COMPLETE.

The assessment of property in Hopkinsville for taxation has been completed by City Assessor Leslie Haydon and shows an increase of \$90,000 over that of last year in spite of the panic and Night Rider raid. The total assessment aggregates \$3,906,134. The board of supervisors will meet May 14 to go over the books. There are 3,438 voters. Assessor Haydon's recapitulation shows the following figures:

Real estate, white, \$2,145,580; personality, white, \$1,187,469; lists incomplete, \$100,000; real estate, col., \$166,405; personality, col., \$6,680; total, \$3,906,134.

The 1908 assessment for Christian county as certified to the Sheriff's office by Auditor James at \$10,989,875, does not include railroad property in bank stock, which brings the total up to about \$13,000,000.

Dog and Pony Show.

The amusement lovers of Hopkinsville know the Gentry shows. It is enough to create immediate interest to announce that this great exhibition, with its wonderfully educated animals, great feature acts and beautiful street parade will exhibit in this city for two performances, afternoon and night of Saturday, May 16.

## HARMON FOR GOVERNOR AND BRYAN IS ENDORSED.

COLUMBUS, O., May 7.—In a tumultuous convention characterized by the most intense factional feeling, the Democrats of Ohio today nominated Judson Harmon, of Cincinnati, attorney general under President Cleveland, for governor, and endorsed William Jennings Bryan, and instructed the delegates at large to the national convention to vote for him for president.

A complete state ticket was nominated, and former Gov. James E. Campbell, of Butler county, was endorsed for United States senator, and delegates and alternates at large to the national convention selected.

National issues were left to the Denver convention, and the platform adopted solely with state questions, attacking the Republican administration of various state offices and endorsing especially the initiative and referendum in state and local legislation and the taxation of franchises.

JUDSON HARMON. Conservative Ohio Democrat whose name probably will be presented in the Democratic national convention.

### FESTIVAL FLASHES.

Mme. Joanna Barili, the prima donna soprano with Creatore's band, possesses a voice of the rarest beauty and purity. She is a member of

MME. JOANNA BARILI.

the famous Barili-Patti family and is an European favorite. She sings soprano with a quality of the highest charm, clear, pure, flexible, and of remarkable smoothness throughout.

"How many tickets do you want for the festival?"

—Familiar quotations.

Many of the Elk's have sold their allotment of tickets and are getting more.

The festival is being advertised in more than a score of papers all over this section. Invariably the publishers, in writing about rates, etc., express lively interest in the event and their best wishes for its success. Nearly every one has expressed the intention of attending, and many say they will work up crowds in their localities.

The blue print diagram at Anderson-Fowler Drug Co., is liberally speckled by the red markings which denote the reservation of season tickets. Its a wise head that buys season tickets, thus saving half the cost and having the opportunity to mark off their seats before the single performance tickets ever go on sale.

### FARMERS' INSTITUTE.

The farmers institute which was held at Pembroke Tuesday and Wednesday under the auspices of the Pembroke Farmers club and State Agricultural Commissioner

C. Rankin, closed late Tuesday afternoon. During both days the attendance was so great that the big warehouse in which the institute was held, was filled. Many farmers from adjoining counties were in attendance and exhibited the same deep interest as did the citizens of Christian county. The program was carried out in its entirety with the one exception of Congressman Stanley's address on "Our Tobacco Association." Mr. Stanley was prevented at the last minute from coming.

The meeting was presided over by Charles E. Barker, president of the Pembroke Farmers club. Commissioner Rankin evinced the deepest interest in the various features and his remarks and advice were very helpful.

The address of C. D. Lyon, of Georgetown, Ohio, on "corn" was one of the most entertaining and instructive of the series. Mr. Lyon is a specialist in this particular crop and he told the farmers many things about its cultivation that they never knew before.

Particular interest centered in the address of A. D. Shamel, of the government experiment station on "Tobacco Breeding" and he more than made good by what he told his hearers regarding this most important feature of the tobacco industry.

Just at this time when the good roads question is being paid so much attention in this county, the address of Mr. Duaney, of Warren county on "Good Roads" struck a responsive chord and the discussions of this subject were probably entered into more generally than any other.

Joseph E. Wing, of Ohio, spoke on "Alfalfa" and also gave a most interesting account of a recent trip he made, comparing the country through which he passed with this section.

J. B. Walker, of this county, recounted the experiments which had been conducted on his farm under government supervision, in an effort to locate the treble which caused the clover crops to be almost a failure of late years.

Among the other speakers were W. C. Cook, of Warren county, M. C. Hanna, of Shelbyville and W. H. Strang, of Hart county, all of whom make helpful talks.

## LIBERTY IS BRIEF

### GAVE BOND IN CRITTENDEN AND TAKEN TO LYON

Warrants For Thirty Others to Be Issued.—Alleged Night Riders Are Hard Pressed.

EDDYVILLE, Ky., May 7.—The sheriff of Lyon county arrived here this morning with thirteen men who had been arrested and taken to Marion, charged with complicity in the raid in Crittenden county, and who had given bond there.

These same men are wanted here on warrants charging them with also being in the raid on this place.

Warrants for about thirty others are expected to be issued today.

### WORRYING WALL.

CLARKSVILLE, Tenn., May 7.—An engine owned by W. E. Wall was blown up with dynamite Tuesday night near Fredonia and a threatening letter signed "Night Riders" was left near the engine for Mr. Wall.

It is reported that an envelope bearing the name of a well known young man of the community was found near the engine.

Mr. Wall has suffered severely at the hands of his enemies.

Last year his store and tenement house were burned, and his plant beds scraped.

Last Saturday night his brother, Henry Wall, who lives on an adjoining farm, had his stable and barn burned.

### TWENTY-TWO TAKEN

MARION, Ky., May 7.—Twenty-two Lyon county farmers, charged with participating in the raids of Night Riders on Dycusburg and View, surrendered at Eddyville and were brought to this city. Fourteen furnished bond. The town is being patrolled by troops. There are twenty alleged Night Riders in the Marion jail. A report that an effort will be made to release them is not treated seriously.

### TROOPS FOR TRIGG

PADUCAH, Ky., May 7.—Major E. B. Bassett, commanding seven hundred privates and two officers, left here yesterday afternoon on the steamer H. W. Butterff for Rockcastle, Trigg county, where a permanent camp will be established. His detachment consisted of Lieut. Wilburn and two soldiers of Company H, and Lieut. Back and fifteen soldiers of Company E. They came here from Murray. Capt. Givens and detail arrived overland at Murray where they will get equipment and go to Golden Pond, Trigg county, and establish a camp. This camp will consist of Capt. Givens, Second Lieut. Stair and twenty-two men of Company H, and will be in command of Major Albrecht.

### GOING INTO CAMP.

MURRAY, Ky., May 7.—The state troops which have been quartered in dwelling houses until this week, will go into camp today. They have already pitched their tents in the southern part of town, and it is supposed to be their intention to remain here until after the trials of the Night Riders, which will be held at the August term of circuit court.

County Judge A. J. G. Wells, who has so vigorously prosecuted the Night Riders in Calloway, left for some points east. It is not known the exact points he will make, but it is generally believed he will visit some of the counties immediately east of Calloway to consult with the authorities in regard to the Night Rider situation.

Through an act of Judge R. L. Stout here the name of Adj. Gen. P. P. Johnston, as inspector of the pay rolls, was substituted in the petition of the soldiers for that of former Adj. Gen. Percy Haly, and, complying with the mandate of the court of appeals, the money will be distributed as soon as Gen. Johnston has time to inspect the payrolls. There will be about \$12,000 distributed.

## BABY'S EYESIGHT WAS THREATENED

By Terrible Eczema—Head Became a Mass of Itching Rash and Sores—Would Scratch Till Blood Came—Much Money Wasted in Fruitless Treatments—Disease Was Soon

## CURED AT SLIGHT COST BY CUTICURA REMEDIES

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. At night we had to pin her hands down. This went on until she was five months old; then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and in three weeks—what a change! I kept using the Cuticura Remedies for two months and our baby was a content girl. You could not see a sign of a sore, and she was as fat as a new-born baby, and all for the small cost of a dollar and seventy-five cents where we had spent ten times the money for doctoring. She is now two years old and has not had a sign of the eczema since." Mrs. H. E. Budley, R. F. D. 4, Le Sueur, Minn., Apr. 15 and May 2, 1907.

## SUIT FILED

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the feeling appetite, and universally aids digestion. It always quickly brings renewed strength, life vigor and ambition. Try it and be convinced. Sold by Anderson-Fowler Drug Co., incorporated.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere in 20 minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headache. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centers—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 tablets 25c. Sold by Anderson-Fowler Drug Co., incorporated.

## AFTER COMPROMISE

BUT MILLER SAYS THERE IS NOT ENOUGH MONEY

Princeton Man States Defendants Wanted Him To Make Proposition To Hollowells.

Reports have gotten circulated here that a movement was on to compromise the Mary and Robert Hollowell suits of \$50,000 each against the twenty-eight alleged Night Riders, but there is nothing doing along this line, so stated Hon. John G. Miller, Sr., who is attorney for the Hollowells, and who returned last evening at 6 o'clock from Princeton where he had been on legal business. Mr. Miller said that one party did come to him, and announced that although the latter had no authority to make a proposition, still he would like to know what Mr. Miller and the Hollowells would compromise for, so that this party would know what figure would be acceptable if his friends among the twenty-eight defendants evidenced a desire to compromise. Lawyer Miller promptly informed the party that the latter did not have money to compromise the cases which would be prosecuted to a bitter end.

A certain Paducahan was in Princeton a day or two ago and was informed by a party there that another party had said interested parties had asked this other party to go to Evansville and see if the Hollowells would not compromise the case, if the defendants paid \$2,000 to the Hollowells, bore all the court costs, and paid Attorney Miller \$1,000 for his services. The party in question said he had been asked to make this proposition but that he knew it would not do any good.—Paducah Register.

Weak women should read my "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by Anderson-Fowler Drug Co., incorporated.

## WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. W. I. Bailey, living on East Greenville St., Madisonville, Ky., says: "It is four years since I recommended Doan's Kidney Pills through our papers, and my confidence in them during the time which has elapsed has not been shattered in the least, but to the contrary, I learned more about them and can recommend them even more strongly. I said at that time that Mr. Bailey had suffered 16th kidney complaint off and on for a number of years, and had used almost every known remedy for this trouble but nothing brought permanent results. He finally learned of Doan's Kidney Pills and got a box. They benefited him in every way, more so than all the other kidney medicines he had ever tried. He has used them many times during the past four years, and they have never failed to give him relief from these severe attacks. I have used Doan's Kidney Pills myself for a weakened condition of the kidneys and they proved just as satisfactory in my case. We both think there is no remedy like Doan's Kidney Pills."

For sale by all dealers. Price 50 cents Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

"In February our daughter had whooping cough. Mr. Lane of Hartland, recommended Chamberlain's Cough Remedy, and said it gave his customers the best of satisfaction. ## CALLAHAN GETS HIS

NOTORIOUS BREATHITT FEUDIST  
FATALLY CUT.Wounded By His Brother-in-Law—An-  
other Tragedy Occurs in the  
Same County.

JACKSON, Ky., May 4.—Ed Callahan, chief of the Hargis feud clan, was fatally wounded by his brother-in-law, John Spicer, at Callahan's store on Long's Creek, and Spicer was in turn shot and instantly killed by Callahan's 17-year-old son, as a result of a quarrel between Callahan and Spicer yesterday.

Spicer came into the store, where he and Callahan engaged in an altercation. When Spicer attacked Callahan and nearly severed his arm from his body, Callahan's 17-year-old son, Wilson, came in. As Spicer was cutting the elder Callahan the son shot Spicer through the heart, killing him instantly.

Spicer was a brother of Mrs. Callahan, who is separated from her husband. Callahan brought suit for divorce several months ago, and this is supposed to have been the cause of the trouble.

Mrs. Marcum, widow of the lawyer assassinated by Curt Jett at the instigation of Hargis and Callahan, heard of the latter's assassination with joy.

"Thank God," she cried. "When I bent over my dying husband the day they killed him, I raised a prayer to heaven. I prayed 'Let me live to see Jim's murderers killed as they have murdered him.' And James Hargis was killed by his own son, and now Ed Callahan has been slain by his wife's own brother. When Curtis Jett has been slain I will feel that God has answered my prayer."

In a fight between Daniel White and James Biddy Fugate, also feudists, at the former's farm, two miles above Jackson, in Breathitt county, Fugate was killed and White was wounded in the face with birdshot. The men lived on adjoining farms and had been on unfriendly terms for some time.

## Chat About People and Things

(From Wednesday's Daily)

Last night at his handsome new home on East Seventh street, Councilman L. H. Davis entertained at six o'clock dinner the gentlemen who have been associated with him on the board of council during the eight years he has represented the Fourth ward in that body. Those present were: Ex-Mayors F. W. Dabney and J. M. Meacham; ex-Councilmen J. K. Twyman, J. B. Jackson and J. Miller Clark; present Councilmen John B. Galbreath, E. H. Higgins, M. H. Carroll, and G. E. Randle. Ex-Councilmen James West and Lloyd Whitlow are attending federal court at Owensboro and were thus prevented from attending, while Councilman E. H. Armstrong was sick, as was Ex-Councilman A. B. Benton. Two councilmen have died, these being Guy Duncan and J. D. Ware. The party were sumptuously dined and a most enjoyable evening was spent with Mr. Davis and his family. The handsome new home which he has just completed was inspected and admired by all.

While it didn't keep up for forty days and forty nights, the severity of the biblical flood could hardly have been much worse in the beginning than the one which visited this section this morning between three and four o'clock. Accompanying the rain, which literally poured, were blinding flashes of lightning, heavy peals of thunder and a high wind which threatened to do serious harm. It all passed over, though, with no damaging effects except from the rain. Reports received this morning show that the rain was general all over the county and was equally as hard as it was here. All streams were greatly swollen. Dry Branch, for instance, being so deep that the water rose in the beds of the buggies of those who came to town early. Some say that the storm was accompanied by hail. Weather Observer Randle states that the rainfall measured 1.70 inches.

## STAGE IS IMMENSE TELLS BIBLE STORY

BUT ALL SPACE WILL BE FILLED  
AT FESTIVALSomething About One Of The Noted  
Soloists Whose Singing Will  
Be a Feature.

The immense crowd which gathered at the tabernacle last night to hear Newton Beers had an ocular demonstration of what preparations were being made for the May Music Festival. Nearly every one who came in, and these were hundreds, remarked on the size of the stage which has been prepared. This great stage is the biggest thing of the kind ever before seen in Hopkinsville. Every bit of the space thus afforded, though, will be occupied during the festival by Creators' band, which alone demands 1,200 square feet, and the choruses.

Mr. Beers, before beginning his program last night, very gracefully advertised the festival by a few happy remarks which brought forth a ready response from the big audience.

General interest centers in the soloists who have been engaged for the festival. The advance notices say of Peter J. Schlicht, the baritone: "Mr. Schlicht is one of the best baritones in the entire south. For years he has been prominently before the public, singing in some of the most notable musical events. He is a German-American, thoroughly schooled in the art of singing. He sings as well in English as in Latin, Italian or German. In fact, he is at home in almost any language which the best singers are required to use. His voice is a sweet, rich sympathetic baritone of extraordinary compass and volume. He is a man of imposing presence and sings with an abandon that wins his audience from the start."

## GATHERING 'EM IN

PRINCETON, Ky., May 5.—Thirteen Caldwell county men were arrested today by six soldiers from Marion charged with taking part in the Dycusburg raid.

Four of them, William Tandy, Richard Pool, John Turner and B. Malone, are defendants in the Hollowell cases.

The others arrested are: Roy Merriek, Opp Brown, Herbert Coleman, Bob Oliver, Sr., Bob Oliver, Jr., Roger Tandy, James Tandy, E. K. Mitchell and Guy Satterfield.

## ON TOWARD MURRAY

(From Tuesday's Daily.)

The Middlesboro soldiers were busy all day yesterday packing up their paraphernalia and getting everything ready for moving. Clothing was overhauled and winter duds and all unnecessary effects were packed up and sent home, the soldiers taking with them only those things which they supposed they would need in summer weather. It is understood that this luggage is now at the Illinois Central depot awaiting shipping instructions.

This morning thirteen soldiers, led by Capt. Givens, rode out West Seventh street, each man being in heavy marching order and all of them leading extra horses, which were also saddled and bridled. One man was leading two horses which made twenty-seven horses they had with them. Their final destination, Gen. Williams states, will be Murray.

AND IS HEARD BY A VERY LARGE  
AUDIENCENewton Beers Appears at the Taber-  
nacle Under Auspices of the  
Odd Fellows.

Under the auspices of Green River Lodge No. 54, Independent Order of Odd Fellows, the people of Hopkinsville were treated to a dramatic entertainment at the tabernacle last night, the beautiful story of Jonathan and David being graphically interpreted by that veteran of the stage, Mr. Newton Beers. The occasion celebrated the 89th anniversary of the institution of the American order of Odd Fellows. A great audience greeted Mr. Beers, who was gracefully introduced by Mr. John Stites. Mr. Stites, before presenting the entertainer, eloquently set forth the noble principles of the order. Mr. Beers, before beginning his impersonations, congratulated Hopkinsville on the opportunity of enjoying Creators' band and the May festival program and urged everybody to attend. He is an actor of the old school, and an impressive reader. In presenting the play of David and Jonathan, he uses no notes, but his fluency of speech is remarkable.

The remarkable adventures that signaled the lives of Saul, David and Jonathan, are both thrilling and dramatic. Attending their every act, good or ill, there is an atmosphere of fatalism that holds one spell-bound to the end. The story begins in the vale of Elah, where Saul and his army face the Philistines. The derisive insults and unanswered challenge of Goliath, the Philistine giant, so enraged the followers of Saul, their "Mad King," that they revolt and clamor for deliverance; whereupon David appears as the champion of the king, slays the monster, and the people rejoicing, exalt him, which incites rage and jealousy in the heart of Saul, who, however, promises David riches and one of his daughters to wed. A feast of victory follows in Hebron, where the nuptials of the shepherd and princess are celebrated as Saul has promised, in which he also plans David's death. His plot miscarries because of the timely warning given David by Prince Jonathan, his dearest friend, and the two brothers make a covenant of never-ending friendship, by the stone where young Ezel fell in battle years before. David and his men arms now fly to the great wilderness to a cavern to escape Saul; but, before so doing, David goes to the high priest, who blesses him and anoints him king hereafter. Saul, learning of this, orders the massacre of the entire priesthood and starts in pursuit of David. The fourth night afterward, in a lonely cave, the spirits of the murdered "innocent," haunt the slumbering king, and he awakes to find himself in the hands of David, who spares his life, and both are reconciled at last. The battle of Gilboa follows, where Saul and Jonathan are slain. Found by David, they are buried with great pomp and ceremony, after which the shepherd is crowned king. With these amaranthean rites the story ends. Saul and Jonathan have played their parts and David dominates the scene.

## THE SUNDAY SCHOOL.

Lesson VI.—Second Quarter, For  
May 10, 1908.

THE INTERNATIONAL SERIES.

Text of the Lesson, John xvi, 4-15.  
Memory Verse, 13—Golden Text, John  
xiv, 16—Commentary Prepared by  
Rev. D. M. Stearns.

(Copyright, 1908, by American Press Association.)

While a definite portion of this great discourse is assigned as our lesson for the day, it is evidently intended that we should take specially the portions of the whole discourse which refer to the Holy Spirit, who is four times called the Comforter, or Paraklete, one ever ready to heed every call for help and to be to the redeemed all that Jesus was to His disciples (xiv, 16, 26; xv, 26; xvi, 7). The same name is given to the Lord Jesus Himself in 1 John ii, 1, where He is called our Advocate. So we have an abiding Comforter, Helper, Friend, at the Father's right hand and another in us always. From xiv, 17, 23, we learn that the Father, Son and Holy Spirit are willing to make their home in us and live in us the heavenly life which it is so impossible for us to live ourselves. They desire to possess us fully. The Spirit which He made to dwell in us yearneth for us even unto jealous envy (xas. iv, 5, R. V. M.). What He would do in us and for us and through us, to the glory of God, perhaps no one has yet fully learned. He is the Spirit of truth, and everything that has the least taint of deceit, not merely outwardly, but in the inward parts, grieves and hinders Him. He is the Holy Spirit, and everything that is unholy in thought, word or deed is a hindrance to His filling us as He would like to and using us as He might. He is the Great Teacher, guiding us into all truth, testifying of Christ and showing us things to come. When He fills us we will never be occupied with ourselves, but with Him whom He delights to honor. He is also our Remembrancer, bringing to our minds, as we need it, all that we have ever read or heard of the sufferings and the glory of the Lord Jesus. The world seeth Him not, neither knoweth Him, but they ought to see Him in us. Israel vexed His Holy Spirit, and it is possible for us to resist or grieve or quench Him (Isa. lxiii, 10; Acts vii, 51; Eph. iv, 30; 1 Thess. v, 19). The one only thing to do is to so behold the Lamb of God that His love shall constrain us to be all that He wants us to be, and then, opening our hearts wide to the Holy Spirit, He will purify us and work in us all the will of God.

Then shall we learn the meaning of abiding and of bearing the fruit for which He has chosen and ordained us. Then shall we know the meaning of being hated by the world as He was and persecuted (chapter xv). He told the disciples that they would be put out of the synagogue and even killed by those who knew not the Father nor Him, but that they must not be offended. The seemingly strange thing is that those who would so ill treat them were most religious people and professed friends of God. When He sent a word to John the Baptist about not being offended, it was evidently because John was offended by what seemed like neglect or indifference on the part of Jesus. The words of Martha and Mary also sound as if they were offended at Him because He had not come to them. What is more the spirit of complaining among Christians generally because He does not do as they think He might, but simply being offended at Him?

Either self or Christ is on the throne of our hearts, and it is the enthronement of self that makes all the difficulty. If he had spoken of going away, but none of them asked Him whither He was going, because they were thinking more of themselves than of Him. Imagine yourself saying to some intimate friends that you are going away for an indefinite period, but that it will undoubtedly be of great benefit to you, and they at once begin to say how lonely they will be and to wonder what they will ever do without you. You see at once the prominence of self and their interest rather than yours. If you can also add that you are going on their behalf and that it will be greatly for their gain to have you go, they may be quieted as possibly the disciples were (verse 7), because of the benefit to self. Some one has defined consecration as a persistent determination never to please yourself, but where do we see it? Is it in us by His grace? Note the threefold work of the Spirit convincing of sin, of righteousness and of judgment. The great sin, the sin of all sins, is that of not believing on or receiving Jesus, for "he that believeth not is condemned already" (iii, 18). Conversion that does begin with a conviction of sin is not true conversion, and the awfulness of sin is but little apprehended. Until men see themselves as sinners they will be going about to establish their own righteousness and will not submit to God, but once truly convinced of sin and seeing no hope in their efforts they will turn to Him who has gone to the Father and who is the righteousness of God unto all and upon all who believe (Rom. iii, 19, 24; x, 4). This world has a ruler who blinds people to the light of the glorious gospel, but he is already judged and only waits to be cast in due time into the lake of fire. All who will not receive Jesus Christ are already condemned and must go to hell unless they repent and turn to God. Dr. McLaren says, "Sin is ours; righteousness may be ours; judgment must be ours."

### GEN. WILLIAMS HERE

OPENS HEADQUARTERS WITH  
CAPT. CHAPMAN IN CHARGE

Royally Treated in Trigg County.—  
The Bowling Green Detachment  
Leaves For Lyon County.

Gen. Roger Williams and the detail of fifteen Middlesboro soldiers under Capt. Givens, arrived here Sunday afternoon, completing their overland trip from Murray. Since leaving Murray early last week the party covered over two hundred miles on horseback and their uniforms and accoutrements show the effect of the hard treatment and the exposure to the rain and snow, which they have met. The party came into Hopkinsville on horseback, they being in heavy marching order.

The first matter that demanded Gen. Williams' personal attention was his correspondence. Not since he left Murray had he received a line from Frankfort and when he reached here he found a great stack of letters awaiting him. Today he is giving his attention to these. Maj. Albrecht is here also and the two are in close company all the time.

Gen. Williams is silent as to his future plans, he preserving the plan of secretiveness which has been adopted. In conversation he is very affable but very cautiously declines to discuss his future movements, or those of the men under him. He is an exceptionally fine looking man, being large and well built, and notwithstanding the strain of the long journey which he has just completed stated that he felt fine. He has personally led the soldiers on their trip and has never asked them to make a ride in which he was not with them. He stated this morning that he would establish tentative headquarters here and leave these in charge of Capt. Chapman, but admitted that he did not expect to be here much of the time himself, but would be in and out as his duty demanded.

Gen. Williams spoke very highly of the officials in Trigg county and the promptness with which they dealt with the twelve men who were charged with banding together for the purpose of driving negroes out of the "between the rivers" section of that county. Walter Goodwin, the man who swore out the warrants was brought here with the soldiers as it was feared some violence might be offered him. Gen. Williams says

the warrants in this case were issued promptly, the arrests were made without any loss of time and when the examining trial was held the prisoners were held to await the action of the next grand jury.

He says further that the officials of the county have assured him that they stand ready to second him in every possible way in bringing those guilty of night riding to justice. Gen. Williams says that he was royally treated while in Trigg county, and cites as an instance that when he went to one place in the county the report had preceded him that there were one hundred men in the party and when he arrived at about dinner time he found that arrangements had been made to feed this number.

Just how long Gen. Williams will remain in Hopkinsville is not known. The detail of seventeen men from the Bowling Green company, left this morning, presumably for Eddyville.

### ECZEMA NOW CURABLE.

All Itching Skin Diseases Which Are  
Not Hereditary Instantly Relieved  
By Oil of Wintergreen.

Can Eczema be cured?  
Some physicians say "Yes."  
Some say "No."

The real question is, "What is meant by Eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth but years afterward, and perhaps not until middle age—then there can no longer be any question that the germs of Eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. prescription when rightly used, will cure every last case of genuine Eczema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. prescription instantly takes away the itch the moment it is applied to the skin. Stop that itch today—Instantly. Just call at our store and try this refreshing and soothing liquid also ask about D. D. D. Soap.

### REMARKABLE RECORDS.

Not a Burial of a Hopkinsville Citizen at Riverside in Three Months.—  
No Fire in Four Months.

Cemetery Sexton Johnson reports that there has not been a burial of a citizen of Hopkinsville in Riverside cemetery since February 10th, a period of nearly three months. During this time several persons from the country have been buried there and some bodies have been shipped in and buried, but no bona fide citizen of the town has been laid to rest since that date.

Another most unusual report is that there has not been a fire in Hopkinsville since December 26th, now more than four months past. The department was called out on April 1 but the alarm was only a hoax, and they found no blaze.

These two records are unparalleled and speak volumes for the health of the city and the absence of destructive fires.

### WORDS ABOUT THE WEED.

News and Notes of Much Interest to All Who Are Connected With the  
Growing and Sale of Tobacco.

While the actual number of hogsheads sold was not quite up to the previous week, the business of the local tobacco market last week was very satisfactory and all things considered, conditions showed improvement. Among the developments was the appearance on the market as buyers and not mere onlookers of the representatives of the Italian Regie. Forty-five hogsheads were sold to the Regie at very satisfactory prices, and these buyers are expected to add considerable strength to the market.

The salesman of the Planters' Protective association reports 128 hogsheads were sold during the week, on which prices ranged from \$7 to \$10 for lugs and \$10.50 to \$13 for common to medium leaf. The buyers were R. C. West, W. M. Hancock, representing the American Snuff Co., T. B. Fairleigh, representing the Italian Regie and E. M. Flack, broker. Receipts for the week were 344 hogsheads, making a total for the season of 4,964 hogsheads. The sales for this week make a total of 484 hogsheads for April, or 997 for the season. This is regarded as most encouraging.

Prices which have prevailed on the local market for the past month are reported as follows:  
Lugs—Low, \$7.00 @ 7.50; common, \$7.50 @ 8.50; medium, \$8.50 @ 9.50; good, \$9.50 @ 10.00; fine, \$10.00 @ 11.00.  
Leaf—Low, \$10.00 @ 11.00; common, \$11.00 @ 11.50; medium, \$12.50 @ 14.00; good, \$14.00 @ 16.00; fine, \$16.00 @ 20.00.

Deliveries of loose tobacco are still being made to the association

prizing houses and to the Society of Equity warehouse, but the crop has practically been delivered. The prizing houses are still kept busy working up the surplus which has accumulated, but will soon wind up. The crop is short even of the estimates made earlier in the season, and the crop this year is expected to show a still further decrease.

### DEATH OF FARMER.

E. T. Summerhill, an influential farmer of the Edgemoor vicinity, died Saturday of consumption. Interment took place in Riverside cemetery in this city Sunday.

Drank Ink.

The child was at the home of its parents on the Fairview pike. Prompt remedies were applied and it is now thought he is out of danger.

For the first time in many years no Talmage sermon appears in the New Era. Rev. Dr. Frank DeWitt Talmage has resigned the pastorate of his church in Los Angeles and has sailed for Europe on a six months' tour, during which time he will compose no religious discourses. We shall probably be able in a short time to present an equally strong feature in place of the Talmage sermon.

### RASTUS ON PARADE

BIG CROWD IN TOWN ON TH  
"FUST SAD'DY"

Shooting Scrape On Ninth Street  
And Another During Early Hours  
of Sunday.

Saturday, being the first Saturday in May, was looked forward to as the occasion when the largest crowd of colored people of the year barring a circus, would be in town and the expectation was amply verified. The negroes began to gather early and before long the sidewalks were crowded on all the main business streets. They were well supplied with money, having made their annual settlement with the farmers for whom they had worked, and they spent it freely. As a rule they were very orderly, only a few arrests being made and these almost entirely for plain drunks.

The only serious affair of the day was a shooting scrape which occurred on Ninth street just in front of McAllister's store. Two shots were fired from a 32 calibre Harrington & Richardson pistol and one bullet struck Dan McKnight in the left hip. Barker Hopkins was arrested and is now in jail, but he claims that he did not do the shooting. McKnight says he believes that another negro fired the two shots, but no one seems to be certain who the guilty one is. McKnight's wound is painful but not considered serious.

Another mysterious shooting scrape occurred during the early hours of Sunday morning. Flicks Crimes was shot in the thigh and it is alleged that Bud and Vernon Word did the shooting. These two were arrested Sunday morning but Bud gave bond in afternoon and was released. All the parties are negroes and the shooting occurred just outside the city limits on North Main street.

## PURELY VEGETABLE GREATEST OF ALL TONICS

Very few persons are able to pass the Spring season with any degree of physical comfort, without the aid of a tonic. Our systems change with the changing seasons, and more is required of the blood, from which source our bodies receive their nourishment and strength, at this particular season than at others.

During the cold Winter months we do not exercise as freely as in warmer weather, the skin is not as active in removing the waste and refuse matter, and the other avenues of drainage are dull and sluggish in their work. Thus the impurities which should pass off are left in the system, and are absorbed into the blood.

When Spring comes and all nature takes on new life, we change our mode of living, and greater demands are made on the blood for nourishment and strength to enable us to meet the changed conditions. But the Winter accumulations have polluted the blood and destroyed its nutritive qualities to such an extent that it is not able to supply the increased needs of the system, and we suffer in consequence.

Our physical machinery seems to get "out of gear," and suffers from debility, weakness, nervousness, loss of appetite, etc. Sleep is not refreshing, there is a constant worn-out feeling, and we do not feel equal to performing the ordinary duties of daily life.

When the system is in this disordered condition it must have assistance; it must be aided with a tonic, and it should be a medicine which has the additional qualities of a first-class blood purifier, for to restore health the blood must be cleansed of all impurities.

S. S. S. is the best Spring tonic, and it is recognized as the oldest and best blood purifier. It is made entirely of roots and herbs of the forests and fields, and as it does not contain the slightest trace of mineral in any form, is especially adapted for a systemic remedy, and has the additional value of being absolutely safe for young or old. S. S. S. re-establishes the healthy circulation of the blood, rids the body of that run-down, worn-out feeling, improves the appetite and digestion, and brings about a return of health and strength to those whose systems have been weakened and depleted. S. S. S. acts more promptly and satisfactorily than any other medicine, and those who are beginning to feel the need of a tonic to fortify themselves against the unpleasant conditions which come with Spring, should commence its use at once. Not only will it tone up the system, but it will remove any humor from the blood, and prevent an outbreak of Eczema, Acne, Tetter, Poison Oak, Poison Ivy, or other skin disease or eruption, which is so common at this season. S. S. S. is for sale at all drug stores.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood elements.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, ceaseless and efficient, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well the "Night Cure."

## BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

John Sharp Williams referred to  
Congressman Hobson as a "young  
enthusiast," notwithstanding the  
subject of his remark is a veteran of  
one war, two political campaigns,  
and a fierce kissing tour.

There seems to be some slight ob-  
jection in Washington to Senator  
Aldrich's prosecution of his old busi-  
ness of managing the United States.

All Illinois debating society will  
discuss the question, "should con-  
gressman be allowed to carry guns?"  
We respectfully suggest that the  
judges of the debate be selected from  
among the bystanders.

An esteemed Cincinnati contem-  
porary print a long and impressive  
editorial on "Clubs and Their In-  
fluence." What impresses one most  
is the fact that the writer makes ab-  
solutely no mention of the Presi-  
dent's "big stick," the king of clubs.

Oklahoma has prohibited the use  
of wooden Indians as cigar signs.  
That may be all right as far as it  
goes, but what this country wants is  
a law that will prohibit the use of  
cabbage, old rope, and excelsior as  
cigar fillers.

This year's spring styles make us  
more thankful than ever that the  
women will be wearing halos in  
heaven instead of hats.

If Walter Wellman postpones his  
next dash for the north pole until  
after the election a number of de-  
feated candidates may volunteer  
to accompany him.

"Love me little, love me about six  
months," is the way it appears to go  
among the big rich in New York,  
nowadays.

"When the big stick comes down  
on anarchy," says the Chicago  
Journal, "there is nobody to ob-  
ject." Nobody, eh? Well, just lis-  
ten to the screech Emma Goldman  
and her followers let out every time.

At any rate Tom Watson will not  
find it necessary to promise cabinet  
positions and postmasterships in or-  
der to secure the support of big  
friends for the office of president.

"How many clothes ought a wom-  
an to have?" asks an inquisitive  
contemporary. Well, at the very  
least, she ought to have more than  
the average chorus girl wears on  
the stage.

Hon. William Sulzer, of New  
York, is still standing bravely by  
Thomas Jefferson.

If Hobson can scare four battle-  
ships out of congress, he will be en-  
titled to the Young Wonder Medal.

## GETS INSTRUCTION

FROM STATE AUDITOR AS TO  
COLLECTING TAXES.

Renshaw Is Recognized By Republican  
Administration as the Sheriff of  
Christian County

J. M. Renshaw, one of Christian  
county sheriffs, has received official  
instructions from Auditor James to  
begin at once collecting the tax for  
1908. This instruction comes about a  
month earlier than ever known be-  
fore and acting upon it Mr Renshaw  
is ready to receive payments of tax,  
the books being in readiness.  
According to the assessment as  
certified to Mr. Renshaw by the  
auditor, the county's taxable prop-  
erty is divided as follows:  
Land.....\$5,459,210  
Town lots.....2,767,840  
Personalty subject to  
equalization.....1,597,895  
Personalty not subject to  
equalization.....814,430  
Total.....\$10,639,375

## Are You Nervous.

Nervousness and sleeplessness are  
usually due to the fact that the  
nerves are not fed on properly nour-  
ished blood; they are starved nerves.  
Dr. Pierce's Golden Medical Dis-  
covery makes pure, rich blood, and  
thereby the nerves are properly  
nourished and all the organs of the  
body are run as smoothly as ma-  
chinery which runs in oil. In this  
way you feel clean, strong and  
strenuous—you are toned up and in-  
vigorated, and you are good for a  
whole lot of physical or mental work.  
Best of all, the strength and increase  
in vitality and health are lasting.

The trouble with most tonics and  
medicines which have a large boom-  
ing sale for a short time, is that they  
are largely composed of alcohol,  
alcohol holding the drugs in solu-  
tion. This alcohol shrinks up the  
red blood corpuscles, and in the long  
run greatly injures the system. One  
may feel exhilarated and better for  
the time being, yet in the end weak-  
ened and with vitality decreased.  
Dr. Pierce's Golden Medical Dis-  
covery contains no alcohol. Every  
bottle of it bears upon its wrapper  
The Badge of Honesty, in a full list  
of all its several ingredients. For  
the druggist to offer you something  
he claims is "just as good" is to in-  
sult your intelligence.

## FISCAL COURT.

The fiscal court held its regular  
meeting Tuesday, attention being  
paid especially to road and bridge  
matters.

T. H. Major's proposition to fur-  
nish a rock quarry from which to  
secure rock to metal the Howell  
road, was accepted, the price being  
\$250.

Mansfield McClellan and W. E.  
Browning were granted a contract  
for two miles of pike to be built on  
the Pembroke and Fairview road,  
the price being \$1,565 per mile.

J. E. Claiborne secured the con-  
tract for three miles of pike to be  
built on the Buttermilk road and  
one-fourth mile on the Palestine  
road, at \$2,400 per mile.

R. F. Vaughn's bid of \$2,552 per  
mile for four miles of pike to be  
built on the Lafayette road, was ac-  
cepted, it also being stipulated that  
the contractor was to have the use of  
the county's engine and rock crusher  
and all grading was to be done by  
the county except the pick and  
shovel work.

The proposition of L. R. Davis, J.  
B. Wood and others to pay one-third  
of the cost of piking two miles on  
the Crofton and Greenville road was  
accepted, it being provided that the  
expense to the county should not  
exceed \$4,000.

## SEEKING TO ENJOIN DOUBLE YOKE HEAVY

MR. SMITH FROM USE OF COURT-  
HOUSE OFFICE

Petition Is Filed By Mr. Renshaw's  
Attorneys.—Case Comes Be-  
fore Judge Prowse.

Another ripple of interest in the  
sheriff's case is caused by the attor-  
neys for Mr. Renshaw filing a peti-  
tion in the office of the circuit clerk  
which seeks to enjoin Mr. Smith  
from longer holding the sheriff's of-  
fice in the courthouse and to prevent  
him from further serving of process.  
The case, in the absence of Circuit  
Judge Cook, will come up before  
county Judge Prowse on Friday  
morning. In case Judge Prowse  
grants the injunction it will hold good  
until it is passed upon by Judge  
Cook, and in all probability even his  
decision would be carried before the  
court of appeals, so the end is not  
yet.

In his petition Mr. Renshaw  
claims that Mr. Smith is interfering  
with him in the proper discharge of  
his duties as sheriff of Christian  
county, in retaining possession of  
the office in the courthouse and by  
continuing to serve process as before  
the decision of the court of appeals,  
was rendered.

## MR. POLLARD DEAD

Highly Respected Confederate Veter-  
an Dies at the Asylum.

Joseph B. Pollard died a few days  
ago at the Western Kentucky Asy-  
lum for the Insane, after an illness  
of several weeks. He was sixty-  
eight years of age, and a well known  
Confederate soldier, being a mem-  
ber of Ned Meriwether's camp of this  
city. Mr. Pollard was born at Rich-  
mond, Va., entering the army at  
that place. At the close of the war  
he came to Kentucky, locating in  
Christian county, where he entered  
the mercantile business and con-  
ducted a store for many years. He  
was married to a Miss Morris, of  
Richmond. Mr. Pollard had many  
friends and was a highly respected  
and upright citizen.

## DEATH OF DR. GILL

the oldest, most honored, and best  
beloved ministers in the Cumber-  
land Presbyterian Church, fell pain-  
lessly to sleep today at 12:15. Dr.  
Gill was born in Davidson county,  
Tenn., April 1, 1827, and hence was  
more than eighty-one years old. His  
funeral will take place tomorrow  
at 10 o'clock. Rev. A. C. Biddle, pas-  
tor of the Cumberland Presbyterian  
church of Hopkinsville, will conduct  
the services.

TWO SUITS FOR DIVORCE FILED  
HERE MONDAY

Postoffice Inspector Horsford is  
Made the Defendant in One of  
The Actions.

Suit for divorce was filed Monday  
afternoon by Mrs. Anna L. Hors-  
ford against her husband, R. M. C.  
Horsford. The plaintiff states in her  
petition that they were married in  
Evansville on September 5, 1907 and  
have resided here ever since. She  
plays for an attachment against the  
property of the defendant, this be-  
ing granted.

The defendant holds the responsi-  
ble position of postoffice inspector  
with headquarters in this city.

Mrs. Carrie Fish vs. Andrew Fish  
is the style of another divorce suit  
which was filed Monday afternoon.  
She states that she and the defend-  
ant were married here on January  
28, 1905, and that he abandoned her  
on May 24, 1905. She prays for an  
absolute divorce and restoration to  
her maiden name of Carrie Forbes.

## STANLEY AS A WAIF

It is not generally known that  
Stanley, the famous explorer, was a  
waif, and that his original name was  
not Stanley at all, says the June  
Delinquent. The little boy's "real  
name" was John Rowlands. He  
was born near Denbigh, Wales, in  
1840. When he was three years old  
he was put in a poorhouse at St.  
Asaph. It was ten years later that  
he sailed to America as a cabin-boy.  
In New Orleans a merchant by the  
name of Henry Morton Stanley  
adopted him and the little boy was  
given his name. The "John Row-  
lands" was discarded from the day,  
and it was Henry M. Stanley, Jr.,  
who served in the United States  
navy, won fame as a war correspon-  
dent in Turkey and with the British  
army in Abyssinia, and as the  
crowning achievement of his life,  
after he had penetrated the darkest  
wilds of Africa and found Dr. David  
Livingstone, opened up the Congo  
region for intercourse and commerce  
with the world.

## The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain-Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or change in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Apderson & Fowler Drug Co., incorporated.

## Chat About People and Things

Thomas W. Gunn has accepted the position of clerk at the Cerulean Springs hotel for the coming season, and will begin work about the first of June, says the Cadiz Record. Mr. Gunn is an experienced hotel man, and Capt. Pool could have gotten no better man for the position.

The Henderson Gleaner, in its notes on the Republican district convention, says: "Otho Anderson, was, as of yore, at the bag, and made several doubles and a home run. Awful to think of, but he has grown a few gray hairs on his dome of thought."

From the statistics given out at Washington it appears that the number of women who earn their own living is steadily on the increase in the south. From the figures at our disposal we learn that in Kentucky there are 93,000 women who are breadwinners out of 635,000 females over sixteen years of age. This number is nearly double what it was twenty years ago. The great increase is largely due to a number of new vocations that have been opened to women in recent years.

The Confederate Home Messenger, published at Pewee Valley, gives the following account of the home which will be pleasant reading to the friends of the veterans who are spending their last days there:

"As the summer months draw near those inmates of the home who have friends or relatives take a furlough and get out for a visit. Some twenty-five left in April, but will return for cold weather. Those who haven't friends to be happy in the assurance that there is no more comfortable spot in all Kentucky than is the Confederate home. As one who has traveled said, 'The grounds are more beautiful than those enjoyed by the Queen at Windsor Castle.' The rooms beautifully clean, airy and full of sunshine. The table abundantly supplied with good, wholesome food; comfortable clothing, and all the care and attention one could need in sickness and in health. Surely this is a privilege deserving the highest appreciation by the Confederate Veterans."

Gov. Willson has announced the appointment of three men to represent Kentucky at the conference of governors of the various states to be held in Washington, May 12, 13 & 14. Each state is allowed to send three men in addition to the governor. The three who will represent Kentucky, are John B. Atkinson, of Earlington, Col. Andrew Cowan, of Louisville, and J. W. Porter, of Lexington. The three men named are representative citizens. Mr. Porter being president of the Kentucky State Development association.

Souvenir post cards devotees can now send all they want to without having to buy them and at the same time help along materially in great cause.

The committee which has in charge the May Music Festival have had an enormous quantity of postcards printed advertising the big event and these are now deposited with many of the stores of the city where the merchants will be glad to give them to any one who asks. These postcards are adorned at the top with photographs of Signor Creatore and contains all the salient points about the music festival. They are very attractive and are already being much sought by the citizens who are sending them to friends or relatives at a distance. The cards are absolutely free except for the necessary one-cent stamp. By sending these out, much good can be done in exploiting the festival.

## HAVE FILED SUITS

TO RECOVER LOSSES ON TOBACCO BY NIGHT RIDER FIRE.

Plaintiffs Contend That "Riot Clause" Does Not Hold Good.—Aggregate About \$10,000.

(From Saturday's Daily)

Suits aggregating between \$8,000 and \$10,000 were filed here today in which the prayer is that the insurance companies named as defendants shall be made to pay the amount of the policies which were alleged to have been in force on the tobacco stored in the Tandy & Fairleigh warehouse when it was destroyed by Night Riders on the morning of December 7, 1907. The plaintiffs are W. G. Dunnington & Co., and others and the companies sued are the Atlas Assurance Co., of London; The Royal, of Liverpool; The German-American, of New York; The American Central of St. Louis; The Hamburg-Bremen, of Hamburg; The Fireman's Fund, of San Francisco; The Handover Fire Insurance company, of New York.

Settlement has been refused on the policies carried with these companies on the ground that the riot clause protect the companies against loss occasioned by mobs. Two other companies which carried risks on this tobacco have settled. The plaintiffs contend that the riot clause lose its force in this case as the tobacco was destroyed entirely by fire and not by the mob itself.

It is said that in the cases brought at Princeton, and which are very similar to these, the insurance companies would have been thrown out of court had they not been allowed to file an amended statement in which they claimed that before the fire destroyed the tobacco in the warehouses there that the Night Riders had gone into the buildings and torn up and otherwise damaged the tobacco. Here no such defense can be made.

The suits filed apply solely to the tobacco in the warehouse at the time, the owners of the buildings having taken no such steps.

## "Down With the Trust?"

**W**E believe implicitly in active competition. Every farmer knows that Harvest machines are an absolute necessity on the modern farm. Any attempt to monopolize this necessity in his business in order to ultimately impose a tribute upon him should be forever defeated. The price of Harvesting Machinery has advanced since the great trust was formed, showing without a doubt what they will do if the farmer will continue to buy from them, thereby leaving absolutely no competition. ## LARGELY ATTENDED

## WAS THE MAY MEETING OF THE ASSOCIATION

Reports From Committeemen Arouse Enthusiasm.—Chairman Radford On The Boycott Rumor.

The meeting of the Christian county executive committee of the Planters Protective association Monday at the courthouse, was one of the best attended sessions which that body has held for some time.

Every section of the county was represented and the various committeemen, with one accord, reported the affairs of the association in their territory to be in the best possible shape. Several lists of new members, aggregating about four hundred, were handed in and duly accepted and registered. The committee reported that farm work of all kinds was a very much behind on account of the continued wet weather, the farmers being unable to prepare their land. Plants are said to be becoming overgrown and some tobacco was reported as having already been set out. Judging from the reports Monday the tobacco acreage this year will be considerably below even that of last year and well within the provisions of the association. In some parts of the county it is said that the acreage will be cut in half.

Reports from the association prize houses throughout the county shows that the crop has practically been delivered and some of the houses have already closed. Others are rapidly winding up, the receipts now being very scattering. These reports show that the prize houses have done a business beyond all precedent, they have handled upward of 10,000,000 pounds. Some of the reports Monday gave the number of hogheads prized without reference to the weight while others reported the actual pounds received and prized. From these reports it is also evident that no serious trouble has been met by the prize men in securing ample insurance to cover the tobacco entrusted to them, all of them showing that their stocks were well covered now. The greatest amount of tobacco handled was by Dorris & Fairleigh who have received to date 1,344,675 pounds. J. W. Adams is second with 1,026,970 pounds, these being the only two who reached the million pound mark.

An invitation was extended by the citizens of Pembroke that the committee meet in that town at its next regular meeting. The invitation was accepted for the June meeting but it was decided to hold the meeting on the first Saturday in June instead of the first Monday as probably more farmers could be present on Saturday than on Monday.

Chairman Radford stated that last Saturday night a report reached his ears that the association had declared a boycott on certain places. Mr. Radford denied this emphatically and stated that if a boycott should be declared against any place or person on the part of the association, the order would have to come from the executive committee. He stated that he knew that such a move had never been mentioned in the executive committee and felt sure that nothing of the kind had ever been considered. He declared that the association had won the fight for better prices for tobacco, as was shown by the satisfactory sales, both as to quantity and price, which were now being made on each of the ten markets in the district, and the association had no cause for boycotting anybody.

The meeting Monday was one of the most enthusiastic ever held here. The good reports which were brought in by the committeemen both as to past months and indications for the future, seemed to fill all present with satisfaction.

## FOR \$1,000 DAMAGES

Suit is Filed Against The Illinois Central Railroad.

E. E. Stegar as next friend for his son David O. Stegar, has filed suit against the Illinois Central railroad company for \$1,000 damages.

In the petition it is alleged that while the boy and his mother were driving out the Palmyra road and the horse was already on the railroad track where it crosses that road, a freight train dashed up.

They claim that an effort was made to back the horse off the track but seeing that this would be a failure, both Mrs. Stegar and her son jumped out of the buggy and after they had done so the horse wheeled in order to escape the train and in so doing struck the boy, knocking him down and severely injuring him.

The plaintiff claims that before driving on to the track the couple stopped and looked and listened for approaching trains but did not hear any and no warning was given of the train's approach.

A license has been issued for the marriage of S. D. Bowles to Miss Mattie Overton.

## RIDERS SUSPECTED

CLARKSVILLE, Tenn., May 4.—A stable and barn on the farm of Henry Wall, ten miles from this city, were set on fire Saturday night and destroyed together with their contents and a large amount of hay, corn, and farming implements and fertilizer.

The telephone wires were cut between Clarksville and Fredonia and between Fredonia and Hickory Point, to prevent parties from being notified of the fire, which is supposed to be the work of Night Riders.

Henry Wall is a non-association farmer, and brother of W. E. Wall, who was almost ruined by the work of the Night Riders, losing a general merchandise store, barns, stable and tobacco plants.

DR. KING'S NEW DISCOVERY Will Surely Stop That Cough.

## JOINS MYSTIC CALL

LAFAYETTE, Ind., May 5.—President Winthrop Ellsworth Stone, of Purdue university, confirmed a report that his wife has withdrawn from the world, including her husband and family, to pursue a mystic teaching supposed to be imported from India. He and his two sons are heartbroken and would eagerly welcome her back, but are unable to reach her.

The circumstances were laid by President Stone before the board of trustees of the university with his resignation, but the board has voted unanimously to retain President Stone in the official position he has held with conspicuous success since 1900.

Three years ago there was organized in Lafayette a class in so-called Yoga philosophy. Many women and some men in the college town joined the class which became quite the fad with certain highly educated people.

It was taught that the complete power of the Yoga involved "withdrawal" or separation from kindred and friends. The last heard from President Stone's wife she was in Germany.

Dr. Winthrop Ellsworth Stone was born in New Hampshire July 12, 1862. He graduated at Massachusetts agricultural college and then finished his studies at Göttingen, where he remained until 1888. He met his wife abroad but married her in this country while she was chemist at the Massachusetts State Agricultural Experiment station. He and his wife had lived in Lafayette since 1889, when he became professor of chemistry at Purdue.

## CADIZ CASES

CADIZ, Ky., May 4.—After an examining trial in the county court, Judge Bingham held the twelve men accused of banding together to drive negroes away from Center Furnace, under bond of \$500 each to answer to the grand jury, which meets here the third Monday in May. The accused men are James Ackley, James Haston, Ebb Woods, Willie Sherbet, Rouse Forsythe, Henry Forsythe, Mode Ethridge, James Aldridge, John Aldridge, Ben Wood, James Oakley and Wick Meredith. All gave bond and were released.

Walter Goodwin, who swore out the warrants, was the principal witness for the prosecution. He said that about five weeks ago five of the defendants induced him to meet with them in a field at night when they discussed the whipping of Zeb Miller, a negro. A few nights later he attended another meeting when nine of the defendants were present, he said, and a long discussion was held about whipping three negroes and a white man. He said one of the men at the meeting said: "It is true for our bosses to learn their places."

The witness said the men referred to were: J. B. White and G. W. Dixon, of Center Furnace, and L. W. Laton, of the Hillman Land & Iron company.

Later, some of the men, Goodwin said, put on masks and went to the home of a farmer named Wilson and fired several shots. The other witnesses for the state told little that was material.

## MANY LIVES LOST.

FORT WAYNE, Ind., May 4.—An unknown number of persons, estimated at from fifteen to twenty-five, lost their lives in a fire that destroyed the new Aveline hotel here early Sunday.

The entire interior of the building is a smoldering heap of ruins, and how many dead are concealed by the debris can only be conjectured.

The hotel register was consumed by the fire, and there is no accurate means of determining who is missing.

The fire was discovered at 3:30 o'clock in the elevator shaft by Night Clerk Ralph Pipkins. He rushed to the upper floors alarming the guests until the flames, which had spread with lightning-like rapidity, drove him back. His efforts, however, saved many lives.

## Heartburn Comes From the Stomach

The heart is an organ that people are  
not inclined to trifle with, but a person  
may have fluttering of the heart, heart-  
burn and similar troubles and yet have  
a perfectly sound heart. Nine times  
out of ten the disorder comes from the  
stomach through dyspepsia, constipa-  
tion or some other digestive ailment.  
So instead of taking "heart cures,"  
or other such things that contain stimulants  
and narcotics, take a harmless but effective  
remedy like Dr. Caldwell's Syrup Pepsin which  
will correct the digestive disorder and in that  
way cure the heart trouble. The remedy  
is guaranteed to do this, and you can obtain it  
of any druggist in 50 cent and \$1 bottles. As  
there are about 30 doses to the latter the cure  
will cost you but a few cents.

The experience of Mrs. Knight of Bellevue,  
Tenn., in this regard should be of interest to all  
who suffer from heartburn, etc. She writes that  
for five years she suffered from indigestion and  
constipation, from fainting spells, fluttering at  
the heart and heartburn. She couldn't eat meat  
or anything seasoned with meat. Dr. Caldwell's  
Syrup Pepsin was recommended to her and  
after a few doses the indigestion and constipa-  
tion were relieved and the fainting spells and  
heart trouble soon disappeared. She takes a  
dose of the remedy after eating and now never  
feels any ill effects no matter what she eats. It  
does well for those who suffer in this way to  
do as she did and be cured.

There is no question that Dr. Caldwell's Syrup  
Pepsin is the best tonic laxative and diges-  
tive aid at the disposal of the American people. It  
is gentle in action and pleasant in taste.  
never gripes. It is the ideal remedy for stom-  
ach, liver and bowel complaints, and owing to  
its gentle action is especially to be recom-  
mended to children, women and others who can-  
not stand the violence and griping of salts,  
purgatives and cathartic tablets.

**FREE TEST** Those wishing to try Dr. Cald-  
well's Syrup Pepsin before buy-  
ing can have a free sample bottle sent to their home by  
addressing the company. This offer is to prove that the  
remedy will do as we claim, and is only open to those  
who have never taken it. Send for it if you have any  
symptoms of stomach, liver or bowel disease. Gentlest  
yet most effective laxative for children, women and old  
folks. A guaranteed, permanent home cure. THE  
PUBLIC VERDICT: "No Laxative So Good and Sure  
as DR. CALDWELL'S SYRUP PEPsin." This product  
bears purity guarantee No. 17, Washington, D. C.

## COME TO THIS CITY

DETAIL OF BOWLING GREEN  
COMPANY ARRIVES

Citizens Knew Nothing of Their Or-  
ders.—Installed in Quarters on  
Sixth Street.

(From Friday's Daily)

Capt. Denhardt and seventeen  
men, of the Bowling Green military  
company, reached Hopkinsville  
last night on the accommodation.  
The men were all in heavy marching  
order and fully armed. They were  
installed in quarters on Sixth street.

No intimation had been given  
that the troops were to come here,  
although it had been rumored that a  
detail from Bowling Green company  
would be ordered into service and  
placed on duty at some point in  
western Kentucky. The soldiers of  
the company state that they know  
nothing as to what future orders  
will be or for what purpose they  
were sent here. As one expressed it  
this morning, "All I know is that  
this guard is to be changed every  
two hours and that I am to see to it."

Some say that the troops were  
ordered to report to Gen. Roger  
Williams here. The last report  
from Gen. Williams was that he  
was still between the rivers in Trigg  
county, and if the Bowling Green  
company is to report to him here,  
it will probably await his arrival  
in this city.

## DANGER OF CATARRH

Unless Properly Treated With Hyomei,  
The Disease Becomes Serious.

Catarrhal troubles are far more  
dangerous than they seem at first  
thought.

If you have catarrh, there is an  
irritated state of the mucous mem-  
brane and weakened tissues which  
afford an ideal lodgment and cul-  
ture medium for disease germs, es-  
pecially those of consumption.

You should get cured as quickly  
as possible before any dangerous  
germ that you may breathe lodge  
on the diseased tissue and work de-  
struction in the throat and lungs.

The easiest, simplest, quickest,  
surest and cheapest way to cure cat-  
arrh is by the direct method,  
breathing Hyomei. This wonderful  
medicated air treatment does not  
drug and derange the stomach, but  
is breathed in, directly following  
and destroying all disease germs  
that may have been inhaled, and  
healing and vitalizing the tissues of  
the throat, nose and lungs so as to  
render catarrh and all other germ  
infections no longer possible.

The unusual way in which Hy-  
omei is sold by L. L. Elgin is the best  
evidence of his confidence in the  
treatment and should dispel all  
doubt as to its curative properties.  
He agrees to refund the purchase  
price to anyone whom Hyomei fails  
to benefit, and you do not risk a cent  
in testing its healing virtues. A  
complete outfit costs but \$1.00, if it  
helps you, not a cent if it does not  
do all that is claimed for it.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this  
country most dangerous because so deep-  
ly hidden. Many sudden  
deaths are caused  
by it—heart dis-  
ease, pneumonia,  
heart failure or  
apoplexy are often  
the result of kid-  
ney disease. If  
kidney trouble is  
allowed to advance  
the kidney-poison-  
ed blood will at-  
tack the vital organs, causing catarrh  
of the bladder, or the kidneys themselves  
break down and waste away cell by cell.  
Bladder troubles almost always result  
from a derangement of the kidneys and  
a cure is obtained quickest by a proper  
treatment of the kidneys. If you are feel-  
ing badly you can make no mistake by  
taking Dr. Kilmer's Swamp-Root, the  
great kidney, liver and bladder remedy.

It corrects inability to hold urine and  
scalding pain in passing it, and over-  
comes that unpleasant necessity of being  
compelled to go often through the day  
and to get up many times during the  
night. The mild and the extraordinary  
effect of Swamp-Root is soon realized.  
It stands the highest for its wonderful  
cures of the most distressing cases.

Swamp-Root is pleasant to take and is  
sold by all druggists in fifty-cent and  
one-dollar size bottles. You may have a  
sample bottle of this wonderful new dis-  
covery and a book that tells all about it,  
both sent free by mail. Address, Dr. Kil-  
mer & Co., Binghamton, N. Y. When  
writing mention reading this generous  
offer in this paper. Don't make any  
mistake, but remember the name, Swamp-  
Root, Dr. Kilmer's Swamp-Root, and the  
address, Binghamton, N. Y., on every  
bottle.

### SEASON TICKET SALE

FOR THE MAY MUSIC FESTIVAL IS NOW ON.

For just a few days longer—until next Tuesday May 12, at 6 p. m.—season tickets for the great May Music Festival will be offered for sale.

They may be purchased from any Elk in the city, from the Elks' public

bureau in the Cooper building, from H. L. McPherson at the Bank of Hopkinsville, or from the Anderson-Fowler Drug company.

The price of season tickets—five performances—is \$2.50, less than the price of box seats for one of Creator's Boston or New York concerts. The festival will take place Tuesday, Wednesday and Thursday, May 19, 20 and 21.

Prof. Mayo had a highly satisfactory practice of the great festival chorus last night. There will be another rehearsal tonight, instead of Friday night, owing to the tabernacle being occupied on the latter day for a school entertainment. The chorus is rapidly rounding

into great form. The selections are all beautiful.

Everybody is talking of the return of Creator to Hopkinsville. He is fascinating to all of his audience, and once in a while one almost forgets the music in sheer absorption as he deftly manipulates the half a hundred men that fill the stage. It is when conducting them that this great master's individuality comes out and his marked mannerisms are best noted. There is a gentle wave of the baton and there is a thunder of drums and blast from the brasses. More vigorous becomes the motion of the leader, he leaves the pedestal and is down among his men, even talking to them, and so through all of this gymnastic work this great conductor is bringing forth such music from his band as causes the audience to sit spellbound until a breath is drawn, then deafening applause comes.

The Experience of a Poultry Dealer.

Only in recent years has poultry-keeping taken a place among recognized industries. Many of the successful poultry men of today were not experts when they began, but had to learn by experience.

"In regard to Sloan's Liniment for poultry diseases," writes E. R. Spaulding, of Jaffrey, N. H., "a disease called roup is one of the greatest drawbacks in raising poultry. It is somewhat similar to distemper in a horse. After trying and experimenting with about everything recommended, I found that Sloan's Liniment was the speediest and surest remedy for roup, and I can especially recommend it for canker in the windpipe."

Send for Dr. Sloan's free book on Horses, Cattle, Hogs and Poultry. Address: Dr. Earl S. Sloan, 615 Albany street, Boston, Mass.

### MEMORIAL TO DAVIS

THE REVERED PRESIDENT OF THE CONFEDERACY.

Dr. Brown is in the City in the Interest of the Noble Movement.

Dr. C. C. Brown, of Smith's Grove is in the city in the interest of Jefferson Davis. Home association which proposes to raise by popular subscription enough money to purchase as much as is desired of the original Davis farm at Fairview and convert it into a memorial park. Dr. Brown is explaining the ob-

jects and plans of the association to all whom he meets and incidentally giving them an opportunity to contribute to this most worthy cause in which so much local interest centers. By reason of his being a stranger Dr. Brown has not been able to meet

as many of those persons who are most directly interested as he would like, but on the whole he has received very encouraging support and quite a good amount of ready cash. He will remain here until Friday morning when he will go to Pembroke to continue the work there. People who are interested and desire to make a contribution are requested not to wait for Dr. Brown to call on them but to look him up.

The conversion of the Davis farm into a public park means much to the people of this section. Dr. Brown stated yesterday that the fruition of the plans would almost certainly result in the building of an

electric car line from here to Bowling Green and possibly to other points. It would attract thousands of sight seers every year who would spend their money as they come and go, of which everybody would get their share.

It therefore behooves everyone who can to contribute to this most worthy object. Dr. Brown is asking for amounts from one dollar up and to each one who donates he gives a handsome lithographed certificate of membership in the Jefferson Davis Home association. Several handsome contributions have been made and others have signified their intention of giving substantial amounts.
