ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, MAY 22 1908

VOLUME XXVII, NO 20

Chat About People and Things

Prof. H. Clay Smith, of this city, will deliver an address on "United Brotherhood" at the Esperantist convention which will be held the week of July 20 at Chautauqua, New York. Prof. Smith is an enthusiastic advocate of the new "Universal language," and delivered an admirable lecture on the subject before the Athenaeum several months ago.

Edward A. Jonas, the brilliant editor of the Henderson Journal, arrived in the city today to attend the May Music festival. He is the guest of Dr. and Mrs. Preston Thomas, whom Mrs. Jonas is also visiting. Mr. Jonas is a native of England and a graduate of the University of London. He pursued the study of languages in Germany and other continental countries and had the conspicuous distinction of being presented by Queen Victoria of England with a medal for proficiency in his studies. Mr. Jonas will be toastmaster at the Kentucky Press association at Cerulean Springs next month.

Jefferson J. Moore, formerly a popular young attorney of this city, and now of Pikeville, was chosen presidential elector for the Tenth Congressional district at the Republican convention held at Winchester. "The Pikeville paper remarks: 'This is a signal honor and every citizen of the town and county cannot fail to appreciate this honor bestowed on our young townsman. He is a brilliant young lawyer, of a retiring disposition, is cultured and thoughtful, and doubtless will acquit himself most creditably in any post of importance that he may ever be called upon to fill, and we congratulate him and Pike county for the aforementioned selection.'

Earnest R. Mayo, the handsome young son of George R. Mayo, who is here from Bowling Green, visiting the family of H. L. McPherson during the festival, has just received an appointment to a cadetship at West Point. He is an Ogden college student and captain of the football team of that institution.

Invitations as follows have been sent out:

Mrs. John C. Duffy at home Tuesday, May twenty-sixth. Nineteen hundred and eight Mrs. John E. Byars

In some of the cards a mistake was made in the date. The reception will take place next Tuesday afternoon.

John West, aged twenty years and Miss Lillie Blankenship, aged sixteen secured a marriage license Wednesday and were married by Rev. C. H. H. Branch. The couple come from the northern portion of the county.

The eightieth annual council of the Episcopal diocese of Kentucky is being held this week in Louisville. The annual address was delivered by Rt. Rev. Charles E. Woodcock, bishop of Kentucky. Rev. George C. Abbott and Hugh N. Wood are delegates from Grace church. Mr. Abbott conducted one of the prayer services and was appointed a member of the Ecclesiastical committee.

Account Republican National convention, Chicago Illinois, June 17, 1908. The Illinois Central will sell, to Chicago and return for one fare plus \$4.00 on sale June 12th to 16th inclusive. Limit June 30th 1908. G. R. Newman, Agent.

The work of remodeling the third story of the W. T. Cooper building on Main street for the Woodmen of the World has been begun. The interior of this room will be given a thorough overhauling and when completed will be one of the most attractive and luxurious lodge rooms in the state.

Festival visitors are invited to visit our store while in the city. We consider it a pleasure to show you through.

STRIKE CALLED OFF

ANNOUNCEMENT TO UNION MEN IN COAL FIELDS

No More Supplies For The Men, Who Quit Work, And Their Families.

EARLINGTON, Ky., May 21.—The strike of union miners in the non-union counties of Hopkins, Union, Webster and Christian, which was called off on Jan. 1, was today declared off and the announcement was made that no further supplies would be given the idle miners and their families. This announcement was made at a meeting of union miners held at St. Charles and the men were offered union cards for the purpose of seeking work in fields that are unionized.

A number of union members who attended the meeting were denouncing the organizers after they left the meeting and declared they would not accept cards of transfer. All the mines in the non-union district have been operating their normal way with full forces all the year except that for a short time after the strike was ordered a few of the smallest mines had temporary difficulty to secure their full complement. There has been no violence.

FOR FILING SUITS

FRIDAY WILL BE THE VERY LAST DAY

(From Thursday's Daily.)

Tomorrow will be the last day for filing suits for the June term of court and the attorneys are bringing in their petitions in order to have the papers served in time.

D. E. Fowler, administrator for Henry Bell, col., has sued the Illinois Central railroad company for \$2,000. Bell was killed by the cars at Ashland City, Tenn., and the administrator claims in his petition that the accident was due to the carelessness and negligence of the employees of the road.

John T. Rickets, who was struck in the eye by a piece of glass from an exploding pop bottle while loading a case of that beverage onto

a train, has sued the Southern Express company for \$2,000. He claims that the eye was so badly injured that it had to be removed in order to save his life.

Suit for \$3,000 damages has been brought against the L. & N. by J. L. Thacker, of LaFayette. The plaintiff claims that while he was a passenger on the Clarksville and Graceland branch of the L. & N. on January 7, the car in which he was riding was derailed which threw him with much force from his seat resulting in many injuries to various parts of his body and one eye.

PERSONAL NOTES

(From Thursday's Daily)

Miss Joanna Corban and Miss Helen Swift, of Carbondale, Tenn., arrived in the city today to attend the May festival, the guests of Mrs. Walpole, on West Seventh street.

Claud Wadlington and two friends from Trigg county attended the festival yesterday.

B. F. Goodwin, of Graceland, is here today.

Miss Carrie Nourse has returned from New Orleans where she spent the winter with the family of her brother, Rev. Charles L. Nourse.

Mrs. R. A. Peck and Mrs. A. A. Hooberry, of Pee Dee, are visiting Mrs. E. J. Duncan during the festival.

Mesdames Orr, Borders and Carroll, of Allensville, are in the city attending the Music festival.

Will Daniel, of Cadiz, is here to tend the festival.

Capt. R. S. Pool, of Cerulean, is in the city.

Among the Clarksville people who are attending the May Music festival are Mrs. E. C. Morrow and Misses Mable, Lena and Annie Morrow, Herbert and Henry Morrow, Miss Louise Anderson, Watson Baker, Charles Morton, Oliver Pickering, Laurence Bryant, George Bruno, Harry Dickson and Charles Booth.

Dick Roach, of Louisville, is in the city shaking hands with his many friends.

GAVE UP \$10,000.

NEW YORK, May 21.—Senator Platt's son admitted on the witness today that he gave Abe Hummel \$10,000 to get his father's letters from Mae Wood.

FIFTY KILLED.

ANTWERP, May 21.—The Antwerp limited today crashed into a pilgrim train on a siding at Contich, owing to a misplaced switch. Fifty pilgrims were killed and 100 injured.

ANOTHER CALAMITY

IN FORM OF FIRE VISITS TOWN OF MAYFIELD.

Business Plants And Dwellings Consumed By Flames And The Loss Is \$14,000.

MAYFIELD, Ky., May 21.—Fire last night destroyed the Mayfield planing mill, the Mayfield Transfer company's stables, several dwellings and did other serious damages.

Two fine residences, owned by E. W. Kennedy, were consumed and the fire caused the death of I. C. Owens, who dropped dead from excitement. The loss amounts to \$45,000.

On last Sunday night, the water and light plants were burned at a loss of \$35,000 and the town is without fire protection.

No water could be obtained with which to fight the flames and citizens could do nothing but try to save the contents of buildings and watch the fire burn itself today.

WITH MOONSHINERS

DEPUTY MARSHAL ARRIVES IN THE CITY

Deputy United States Marshal J. W. Ament came here last night with three prisoners whom he had captured near Weir, in Muhlenberg county, it is said, in a raid on a moonshine still.

On account of the absence from the city of Commissioner L. Yonts, the prisoners were carried to Russellville today where they will be given a hearing.

FRIENDS INDIGNANT

SAY JUDGE WELLS IS PLACED IN FALSE LIGHT

Calloway County Executive Committee's Attack Based on Private Conversation With Chairman.

PADUCAH, Ky., May 20.—Friends of County Judge A. J. G. Wells in and out of the Planter's Protective association, think he has been done a grave injustice by resolutions adopted at a recent meeting in Calloway county in which he is charged with accusing the association with being responsible for the tobacco troubles there. The impression is conveyed that Judge Wells lost his head and talked publicly. The accusation of Judge Wells was directed to Chairman Swan of the county association, and was made in a private conversation, when Judge Wells begged Mr. Swan, who is representative from Calloway county, to issue a statement condemning Night Riders and calling on an association men to stand for law and order.

Chairman Swan refused to do so after Judge Wells had informed him that such a statement emanating from the chairman of the county association would do much to restore order and confidence in the authorities. He called Chairman Swan's attention to a similar statement published by Chairman Usher, of Graves county, which quieted incipient disorder in that county.

Chairman Swan and the Calloway county executive committee never have condemned night riding, and it was after Chairman Swan's positive refusal to publish such a statement that Judge Wells is reported to have told the chairman that he must then bear some of the responsibility for his own refusal to put his organization on record against disorder and lawlessness. Friends of the association declare that the resolutions, condemning Judge Wells, were ill-advised, and considering the state of feeling in Calloway county and the popularity of Judge Wells, many hurt the cause of the association.

SOCIALISTS NOMINATE DEBS FOR PRESIDENT.

EUGENE V. DEBS.

CHICAGO, May 15.—Socialists, in national convention early this morning, nominated Eugene V. Debs for president on the first ballot.

The platform demands national ownership of public utilities and of all great industries of national scope "in which competition has virtually ceased to exist." extension of the public domain to include mines, quarries, oil wells, forests and water power, and scientific reforestation of timber lands and reclamation of swamp lands.

Touching the labor situation it

calls for a shortening of the work day; the securing to workmen of at least a day and a half each week for rest; prohibition of employment of women in harmful vocation and of children under sixteen; convict labor and the products of unsupervised factories. A demand is made for the abolition of the senate and the veto of the president, and that the constitution be made amendable by a majority vote; that all judges be elected by the people for short terms and that the power of injunction be curbed by immediate legislation.

Led in Chains of Love to The Altar—
Other Pleasant Nuptial
Notes.

From Friday's Daily)
Hopkinsville society had another delightful surprise, last night, when a message from Nashville reached the city of the marriage of one of its prominent citizens to a pretty Springfield, Tenn., belle. The bride was Miss Emma Cobbs and the gentleman she has honored with her heart and hands is Mr. John E. Byars. Nearly two years ago while Mr. Byars was on a train coming to this city from Nashville, another passenger was Miss Cobbs, and her loveliness set his bachelor heart a-flutter. So lasting was the impression of her charms that Mr. Byars visited Springfield and mutual friends formally introduced the couple. The acquaintance ripened into love, and last night at nine o'clock in the study of a Nashville pastor the sacred words were spoken that made them husband and wife. Mr. and Mrs. Byars will probably return to Hopkinsville tonight. The bride is a daughter of the late Judge Cobbs, a foremost Tennessee jurist, and has many attractions which will make her a welcome acquisition to society. Mr. Byars is an able and successful attorney, and for seventeen years was commonwealth's attorney of the Seventh judicial district. He removed to Hopkinsville from Elkton about a year ago.

Rives-Graham.
Mrs. Mattie Graham, of Pembroke announces the engagement of her daughter, Jennie Katherine, to Mr. George Pollard Rives, of Trenton, Ky. The wedding will take place early in June.

Married in Louisville.
Mr. Coleman E. Gill and Miss Annie Small, of Elkton, were united in marriage in Louisville Tuesday afternoon at 5 o'clock in the parlors of the Louisville Hotel, the Rev. J. H. Moore, of Russellville, officiating. Mr. Gill is county clerk of Todd county and a popular member of the Hopkinsville Elks lodge.

BEWARE OF PHYSIC

Only Aggravates Stomach Trouble
And Never Cures.

The trouble with most people who have stomach trouble is that they do not like to take the time to get cured; they over-eat and then take physic, which simply upsets the stomach.

While you can get relief from one or two doses of Mi-o-na stomach tablets, it cannot be expected that a trouble which has been coming on for years can be cured in a day. Chronic and long-standing cases of stomach trouble need at least two or three weeks' treatment before the sick headaches, dizzy spells, bloating, heart-burn, constipation, nervousness and other symptoms that directly result from indigestion, are banished, never to return.

Mi-o-na is far different from the usual digestives which have been used in treating stomach troubles. It is taken before each meal, stimulating the secretion of the digestive juices and strengthening the whole system so that the stomach itself does the work of taking care of the food which is eaten, without distress or suffering.

No discovery in medicine in recent years has been of greater value than the prescription of Mi-o-na stomach tablets. It is today the acknowledged specific for treatment of stomach disease, and is relied upon as a certainty in relieving the worst case of indigestion and malassimilation, and making a complete cure.

The strongest proof that can be given in support of the claim that Mi-o-na will cure the worst form of stomach trouble, cancer excepted, and relieve the worst case of acute indigestion, is the guarantee L. L. Elgin gives with every 50 cent box of Mi-o-na, to refund the money unless it cures.

NIGHT RIDERS PAY

FARMERS FOR DAMAGE TO THE
TOBACCO BEDS.

Rode into Scott From Owen County
And Destroyed Three
Plant Beds.

WILLIAMSTOWN, Ky., May 16.—Scott county was invaded last night by a band of Night Riders. They proceeded swiftly and quietly to the farms of three planters. At each place they destroyed plant beds.

As soon as the work was completed they went to the homes of the farmers, woke them up, and paid them in money for the damage that had been done to their property. There was no other disorder during the raid. There were about fifty men in the band, all of whom were masked or disguised. They entered Scott from Owen county.

Whooping Cough

"In February our daughter had whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy, and said it gave his customers the best of satisfaction. IF WOMEN ONLY KNEW

What a Heap of Happiness It Would
Bring to Hopkingsville Homes.

Hard to do housework with an aching back. Bring your hours of misery to a close or at work.

If women only knew the cause—that backache pains come from sick kidneys, they would save much needless woe. Doan's Kidney Pills cure sick kidneys. Hopkingsville people endorse this:

Miss L. A. Hester, 826 North Main street, Hopkingsville, Ky., says: "I honestly believe that there is little need of any one suffering the torture of backache when such an effective remedy as Doan's Kidney Pills can be purchased at L. A. Johnson's drug store. The prompt and thorough relief which followed their use in my case has given me abiding faith in their merits. In the summer of 1903, I was suffering greatly from soreness and lameness across the small of my back and other difficulties arising from a weakness of the kidneys. Two boxes of Doan's Kidney Pills was all I required to free me from the distressing pain in my back and restore my kidneys to a good, healthy condition. I recommended Doan's Kidney Pills at that time and during the four years that have elapsed I still hold the same good opinion of the remedy."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere in 20 minutes. HAD NARROW ESCAPE

GALVESTON, Tex., May 16.—William J. Bryan, Jr., the 17-year-old son of the Nebraskan, had a narrow escape from being kidnapped for a ransom near Seabrooke, in Harris county.

Two detectives planned for young Bryan to accept the invitation for a hunting expedition arranged by the would-be abductors so that the officers could get hold of the kidnapers who sent a launch after Bryan with instructions to bring no one but him to where they were camped on the other side of the bay.

Bryan was placed aboard and the officers put off in another boat, but landed at a point five miles away. The abductors had seen them, however, and, leaving Bryan, fled.

Pat Crowe was seen in Houston three days ago and it is believed he is the author of the plot. Officers have started in three directions. Crowe has been traced to San Antonio. A boatman who had been hired to help in the kidnaping got drunk and tipped off the plot.

Bad Attack of Dysentery Cured

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the west. He was told that I kept it in stock and lost no time in obtaining it and was promptly cured," says M. J. Leach, druggist, of Wolfcott, Vt. For sale by Anderson & Fowler Drug Co., incorporated.

Jeff Davis' Birthday.

Gov. Swanson has issued a proclamation to the people of Virginia to observe June 3, the centennial of Jefferson Davis' birth, as a holiday. It does look like here in Todd, the birthplace of that great leader, of a lost but righteous cause, something should be done on this occasion. The times will cheerfully do anything that may be suggested to assist in making the occasion a noteworthy one. If prominent Confederate veterans here and in Christian county will take the matter up, a highly interesting program might yet be arranged by them for the occasion, the people of Fairview, of course, to take an especially prominent place in the work. This is all the more appropriate because of the steps now being taken to purchase the old Jefferson Davis farm and convert it into a park. Jeff Davis' greatness becomes the more highly appreciated as history becomes the more and more impartial. His name will be revered by coming generations, and at

"That far-off, sublime event, 'To which the whole creation moves,' it is certain that Jefferson Davis will, as has been said by some one, stand before humanity clean, true and noble, 'with a countenance like the lightning, and in raiment white as snow.'—Todd County Times.

RIGHTS OF STATE

NOT IN ANY WAY TO BE INTERFERED WITH.

President Declares Federal Government Wishes Only to Act Within Its Sovereign Power.

WASHINGTON, May 16.—In clearcut enunciation, the voicing of which aroused a tumult of enthusiasm in the conference of the governors called to devise ways and means for conserving the resources of the country, President Roosevelt declared that the national government sought no usurpation of state powers; that all he desired was to see the states act where the power to act was vested in them. With a vigor that was unmistakable and a sincerity that carried conviction with it, he declared that all the national government was seeking was a sovereign power, the exercise of which would work the greatest good for the greatest number at all times.

With this expression before them, the governors effected a permanent organization. They will meet next year in a place yet to be determined upon. A committee of five, of which Governor Swanson of Virginia is chairman, was vested with the power to carry out this arrangement.

The statement has been made that the calling of the conference was to subordinate the states to the federal government, that the president sought centralization of power and this potent loomed over the conference when it met for the final session.

The question of state rights and federal power was raised by Governor Comer of Alabama, who has been in conflict with the federal courts over railroad legislation and control.

The president sought to clear the atmosphere. With a vigor of enunciation, with an emphasis none could mistake, and with an enthusiasm that brought many of his hearers to their feet before he had concluded, the president said:

"My primary object has been to discover some popular sovereign for each corporation. I have tried to find out where the state or nation could act and always have some sovereign power to hold every big corporation and person to a strict accountability, in order that the people as a whole might be benefited."

"State power is sovereign in its own state. If a state cannot act, then I wish on behalf of the state, that the government should act."

"When a policy can be carried out by the state, it should be carried out by the state; when it can only be carried out by the national government, it should be carried out by that government. My object has been to best conserve the interests of the people as a whole."

FRANCHISE MATTER

OCCUPIES ATTENTION OF THE CITY COUNCIL

Draft Presented by Cumberland Company—Corporation Committee Ordered to Prepare Another One.

(From Saturday's Daily)

The city council held its regular mid-monthly meeting last night. The Cumberland telephone matter had been made a special order for this meeting and this was taken up before anything else. The Cumberland company presented a franchise which they would be willing to purchase. The council, after discussion, ordered the corporation committee to draft a charter which they would be willing to sell and submit it to the officials of the Cumberland company. It is hoped that an agreement as to the terms of a franchise can be reached and the matter amicably settled.

John Hines was elected to the position of teamster at the central fire station, vice Leq Morris who recently resigned.

It was ordered that the balance remaining on all unexpired huckster and meat peddlers' licenses should be refunded to the persons who had paid it.

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated the aggregate term of woman's suffering is ten years. Ten years out of thirty! One-third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They write their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness, and establishes delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

CADIZ TRIAL

CADIZ, Ky., May 16.—The trials of the sixteen alleged Night Riders recently arrested were called in the county court today.

J. D. Cossey testified he was asked by Hugh Wallace to join the Night Riders. He refused, and was warned he would be punished.

After the Golden Pond raid, the Night Riders went to Cossey's house, fired 135 shots into it, and, taking him out, whipped him, giving him 23 lashes.

Cossey and his two sons claimed they recognized the nine men under arrest as members of the band.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life vigor and ambition. Now Chief of Police Ellis Roper Changed His Name

Decided, at the Age of Four, That "Jefferson Davis" Was Rather a Dangerous Cognomen While Sherman Was Marching to Sea.

Everybody knows popular and genial Chief of Police Ellis Roper, but very few know that in strict reality "Ellis" is not his name. He was christened "Jefferson Davis," he and his parents living at this time in Tuscaloosa, Ala. Early in life he was nicknamed "Bud" and in this manner his sure enough cognomen was not put into general use, but it stood on the pages of the family bible as his title until he was about four years old.

Mr. Roper was born in 1861 and when Sherman made his memorable march to the sea, he was just four years old. As Sherman's army grew

nearer and nearer to Tuscaloosa, and it became apparent that it would pass through that city, the negroes began to tell the youthful scion of the Roper family that they would kill all people who were named "Jefferson Davis."

This so worked on his fears that he decided that he would escape by changing his name, and as he had a close friend, a grocer named Ellis, he decided to take his name, and he so gravely notified his parents. They consented, thinking doubtless it was a mere childish fancy, but before they knew it the name had become a fixture and today everybody knows him as "Ellis."

EXAMINATION WAIVED.

MARION, Ky., May 16.—The examining trial of thirty-four Caldwell and Lyon county farmers charged with night riding in this county, was called before County Judge Blackburn yesterday. L. H. James, counsel for the defendant, waived examining trial, and will await the action of the grand jury at the June term of the Crittenden circuit court. The court room was only partially filled when the trial was called, as it was expected that the case would be continued.

Harvesting Machinery

"Down With the Trust?"

WE believe implicitly in active competition. Every farmer knows that Harvest machines are an absolute necessity on the modern farm. Any attempt to monopolize this necessity in his business in order to ultimately impose a tribute upon him should be forever defeated. The price of Harvesting Machinery has advanced since the great trust was formed, showing without a doubt what they will do if the farmer will continue to buy from them, thereby leaving absolutely no competition. Why is it that the price of binders alone have advanced considerably since the trust has taken hold of them? We say to the farmers that we will furnish them with one of the best machines built, binders, mowers and rakes, at

MEAT LICENSE.

Following the lead of the Hop-
kinsville city council, Owensboro is
seeking to abolish the meat license.
The Messenger says:

It is hoped that the city council
will, as some of its members advo-
cate, remove the license fee imposed
upon vendors of meats and vegeta-
bles. The people of the city ought
to be allowed to buy their provisions
as cheaply as possible and in an
open competitive market. The li-
censing of meat dealers, by driving
out the meat peddler and lessening
competition, if it does not actually
increase the price of meats in Owens-
boro, at least has a tendency in that
direction. The meat license oper-
ates in restraint of trade, lessens the
supply to meet a fixed demand, and,
consequently, tends to increase the
price.

The meat dealers who own or rent
houses in the city are entitled to
every consideration shown other
owners and operators of business
establishments, but there is no rea-
son why they should be given the
benefit of a protective tariff to the
detriment of the consumer. Partic-
ularly is this so when the estab-
lished meat leaders are not willing to
pay the fee required of them for
their own protection. There should
be no tax on necessities. The city
should be thrown open as a market
to all legitimate dealers in these
commodities.

One of the notable new structures
in Washington will be the building
which is to be the home of the bu-
reau of American republics. Thus
there will be provided permanent
headquarters for an international
organization which is working out
great results for this hemisphere.
The governing board of the bureau,
which includes representatives from
from all the Latin-American coun-
tries, has decided by a unanimous
vote to place in the building a testi-
monial to Hon. Elihu Root, secre-
tary of state, in recognition of his
services in maintaining and en-
riching friendly relations be-
tween American republics.

ful and appropriate action. The
form of the testimonial has not been
determined, but there is no doubt
that something appropriate and dig-
nified will be selected.

It is the hard blows from the
blacksmith's hammer that welds
iron. It is the continual chipping
away of the sculptor that is neces-
sary to finish the statue. It is the

Great Britain has adopted meas-
ures of reform in the military ser-
vice. A feature of the system is the
disbandment of the "volunteer" or-
ganization, which approximated
that of the militia in the United
States, and the substitution there-
for of a "territorial army." The
changes made are much after the
same order as those assured by the
reorganization of the American regu-
lar establishment and the closer
assimilation of the national guard
to the standing army. The tenden-
cy in both countries is to do away
with military frippery and to pro-
mote efficiency. England's volun-
teers were a showy body, but did
not meet the requirements of a real-
ly up-to-date military organization,
and the authorities over there seem
to have learned a lesson from Amer-
ican procedure.

are some who ought to be ashamed
that they have lived as long as they
have.

MINISTER MARRIES

CEREMONY PERFORMED AT THE
HOME OF THE BRIDE

Rev. Mr. Tomerlin and Miss Major
United in The Holy Bonds
Of Wedlock.

Rev. Thomas E. Tomerlin and
Miss Ruth Major were quietly mar-
ried at the home of the bride's father
Howard Major, Tuesday afternoon
at 2 o'clock. The ceremony was pro-
nounced by Rev. H. D. Smith, of
this city, and only a few persons
were present. Immediately follow-
ing the ceremony the couple left for
Tennessee where they will spend
their honeymoon.

The bride is an attractive and tal-
ented young lady. Rev. Mr. Tomer-
lin is the popular pastor of Liberty
and other congregations in the
county.

FARMERS ARE BUSY

RECENT RAINS HAVE MADE TO-
BACCO SEASON.

Plants Set Out Before Corn.—Wheat
Will Be The Best For
Several Years.

About the busiest people in Chris-
tian county at this time are the
farmers. On account of the contin-
ued wet weather corn planting was
considerably delayed and the un-
usual sight of tobacco being set out
before corn was in the ground was
to be seen in many places. For
several days past, though, the weath-
er has remained dry and constantly
grew hotter, with the result that the
ground has dried out rapidly and
the farmers are taking advantage of
it and are turning it over as fast as
teams and plows can. Many farmers
had not even done their initiatory
fallowing, much less harrowing and
laying off their corn land and mak-
ing tobacco hills. Every able bodied
laborer and animal are now being
brought into requisition and the de-
lay is being overcome rapidly.

Tobacco plants are becoming over-
grown in many beds, the wet weath-
er having brought them out unusu-
ally fast. Profiting by last year's ex-
perience when bugs and cold weath-
er killed out the plants in such
quantities, most of the farmers this
season made extra large plant beds
and as a result there is abundance
of plants in nearly every neighbor-
hood. So far no reports have been
made of the destroying presence of
bugs or other insects, but some beds
are said to be in bad condition due
probably to faulty burning.

Wheat gives promise of being one
of the finest crops of recent years,
unless a bad spell of wet weather
hits it. It is already headed out,
the heads bidding fair to be large
and well filled with fat grains. The
stalk is strong and healthy and
every indication is good. Harvest
is expected to be about the first
week in June, as the crop is regarded
as being somewhat advanced this
year.

The fruit crop is a puzzle. Some
farmers report that they will have
an abundance of fruit of all kinds.
Maybe their next door neighbor
will report that his trees are almost
bare of fruit. Still others will tell
you that the peaches are all right
while the apples are more or less
damaged, or vice versa. The straw-
berry crop is in much the same con-
dition. The blackberry bushes are
full of bloom and everybody hopes
for the best from these.

PRAYER AND HYMN

LA CENTER, Ky., May 19.—
Night Riders made a raid last night
in Ballard county.

They set fire to and burned to the
ground a barn belonging to H. G.
Maddox, a farmer.

On their way to the scene of oper-
ation the band, the members of
which were masked, captured Flint
Randall and Miss Maggie Tate, a
young couple who were returning
from a party, and took them along.
Randall says that just before the
torch was applied, the Night Riders
sang "Nearer"

BASEBALL LEAGUE

The Brotherhood of the Ninth
St. Presbyterian church has taken
steps to organize a ball team from
the members of the churches. An
effort is being made to form an inter-
church league, in which event a
regular schedule will be adopted and
a series of games played during the
summer. It is expected that much
interest will be aroused and Hop-
kinsville treated to exhibitions of
real ball playing. In all the churches
of the city there is excellent ma-
terial for teams. The Baptist church
has in its Baraca class, a number of
expert players, while both the Meth-
odist and Christian churches have
in their membership some of the
best amateurs in this region. Other
congregations would have no diffi-
culty in putting out teams. The plan
is a good one and deserves encour-
agement.

Let us make you figures on that
roof that you are going to put on.

MAJOR FRANK COX

PASSES AWAY AT HIS HOME IN CLARKSVILLE

Deceased Was Born in Christian County and Most of His Life Was Spent Here.

Maj. Frank F. Cox, formerly a highly esteemed citizen of Christian county, died Sunday afternoon at the home of his daughter, Mrs. Quint C. Atkinson, in Clarksville, Tenn.

The deceased was a native of Newstead, and was born May 10, 1838. He was married in 1864 to Miss Sallie Henry. Maj. and Mrs. Cox moved to Clarksville fourteen years ago to make their home with their only child, Mrs. Atkinson. Mrs. Cox died seven years ago.

The deceased had been an invalid several years, and his death was not unexpected. Maj. Cox was a Mason and a member of the Presbyterian church.

The funeral service was held Monday afternoon at the Atkinson home in Clarksville, and was conducted by the Rev. J. C. Tate.

NEW ROAD

The reports of the commissioner appointed to invest the proposed change in the Greenville road, whereby a new road was to be constructed connecting with the present Gainsville road, was made and confirmed some day ago, but when Judge Prowse went over the ground he considered the outlook not altogether favorable and in order to thoroughly investigate every promising avenue he ordered that the commissioners should make a report on a route leaving the Greenville road just past the pumping station, crossing the river somewhere near that plant and connecting with the Madisonville road near the cemetery. It is believed that this route will prove some shorter than the present Greenville road itself and can be constructed at less expense than the road through Galpesville.

WHIPPED HIS WIFE

Steve Garrett, colored, was haled before County Judge Prowse this morning on the charge of having beaten his wife. A fine of \$450 was assessed against the negro and in default of the money he went to jail.

It is charged that Saturday Garrett got very drunk and went to his home on the Minty farm and attacked his wife, throwing her down on the floor. Seeing their mother's danger her two children by a former marriage landed on Garrett several times with a pike rock, a bad cut being inflicted in the back of his head. Somehow Garrett fell off a train while in his drunken condition and two or three other cuts were made on his face and head and as he sat in the courtroom this morning he presented an example of the bitter getting bit.

Pays a Fine.

Charles Willis, colored, was fined \$24 in the city court Saturday for paddling medicine without a license. He arranged for the fine and was released.

LOUISVILLE TROOPS.

LOUISVILLE, Ky., May 19.—A report apparently reliable, has reached here from Frankfort, that a battalion of Louisville troops has been ordered to be ready for service in the tobacco region.

HOLD CONVENTION

FRANKFORT, Ky., May 19.—At a meeting of the Democratic state executive committee held here this morning at 11 o'clock the time and place for holding the Democratic state convention was determined upon.

Louisville and Lexington were the applicants for the convention, and Lexington won the meeting.

The vote stood 6 to 5 and Chairman Lewis McQuown, ex-Gov. Beckham's law partner cast the deciding vote in favor of Lexington. Committeeman Bradley of the Second district, voted for Louisville.

The convention will be held June 11.

K. E. A. MEETING.

FRANKFORT, Ky., May 19.—Secretary T. W. Vinson, of the Kentucky Educational association, is mailing out to teachers all over the state copies of the programme for the thirty-seventh annual session, which will be held here June 16, 17 and 18. The sessions are to be held in the new capitol building, and will be the first meeting of any kind of public body held in the new structure. It is confidently believed that 1,000 teachers will be in attendance. The K. E. A. is growing in scope and strength each year.

Supt. Barksdale Hamlett, of the Hopkinsville public schools, will deliver an address at the meeting on "Education and the Ideals of Our People."

MRS. MARY HILLMAN

DIES AT HER HOME IN TRIGG FURNACE.

A Wealthy and Beloved Lady.—Body Will Be Taken to Nashville For Burial.

CADIZ, Ky., May 19.—Mrs. Mary A. Hillman, one of Trigg county's most prominent ladies, died yesterday evening at her home at Trigg Furnace, west of this city. She was sixty-seven years of age. Her death was sudden. Mrs. Hillman was the widow of the late Daniel Hillman, a wealthy and distinguished Tennesseean. Her body will be taken to Nashville and on Wednesday will be laid to rest in Mt. Olivet beside that of her husband, who died twenty-three years ago.

She is survived by two sons, Meredith P. Gentry Hillman, who lives at Napier, where he is manager of the iron furnace, and James H. Hillman, of Birmingham, Ala. Her step-children are Mrs. Scales, of Nashville, and J. H. Hillman, of Pittsburg, Pa. Mrs. T. T. Hillman, of Birmingham, is her sister, and another sister is Mrs. Ed N. Franklin, of Gallatin.

Her youth and young married life were passed in Nashville, and the Hillman residence, on the site of the present Methodist publishing house on Broad street was one of the handsomest homes of its time, and was a noted seat of hospitality. Mrs. Hillman was a daughter of Meredith P. Gentry, and was a great belle and beauty. She was a gifted woman, with many friends, to whom the news of her death will bring genuine sorrow.

Let us repair your roof, gutters, hydrant and hose. All work done promptly.

BARN BURNERS

Responsible For Destruction of Building and Contents.

A large frame barn belonging to R. J. Stone, of Neptune, Cheatham county, was destroyed by fire last night about 11 o'clock. The building contained 500 barrels of corn, seven tons of hay, some farming implements and several sacks of wool, totaling about \$4,000 in value. On the whole was \$1,300 insurance.

Mr. Stone telephoned the sheriff, Chas. Staton, of this city, for bloodhounds early this morning. Mr. Staton having none, referred him to the state farm at Nashville and dogs were secured from there and gotten to the scene of the fire this afternoon, but at the time of going to press with the paper nothing had resulted from the trail taken. The fire is supposed to be the work of incendiaries, but Mr. Stone is unable to understand their motives. He is a loyal member of the Tobacco association and is not known to have an enemy in the neighborhood. Other buildings located near the one burned were saved by the efforts of his nearby neighbors, who were called to the fire.—Clarksville Leaf-Chronicle.

Answers Summons.

(From Wednesday's Daily)

Caleb Fields, aged fifty-four, died last night of a complication of diseases at his home, eight miles from Hopkinsville on the Kirkmansville road. Funeral services will be held this afternoon.

MAY MUSIC FESTIVAL

A Scene of Beauty and Brilliance and a Veritable Triumph of Artistic Endeavor, and in Splendid Success of the Event "There is Glory Enough to Go All Around."

THE WIZARD AND THE WIDOW.

Creator, Song and story Your baton have celebrated As a wondrous wifehood wand; Waving it the air is freighted—Eager ears are never sated—With the magic music of your band. Classic stuff our soul enralls, Ditto the Merry Widow waltz.

With a dashing And a flashing, Off a cox and then command, Now it conjures soothing sweetness, Now an awesome "amen grand"—The gamut of emotion spanned. But for joy in all completeness, With harmony that never halts, Banzai! The Merry Widow waltz.

O, the wonder Of the thunder In the Orpheus orchestration Creates a diapason near divine; Offenbach meets approbation, Tobani fills us with elation, And Victor Herbert's march is very fine. But gimme, be she fair or false, The very Merry Widow and her waltz.

Cavaleria Is hysteria Of passion and of tragedy Fit to set your hearers all awild; And Southern hearts in ecstasy Throb in happiness and glee—By the "Stephen Foster gems" beguiled; Still, defying critical assaults, I adore the Merry Widow waltz.

There is telling By the yelling, When dear Dixie's notes are leaping, Or Old Kentucky Home gets in the air; Every foot the time is keeping, Lips are smiling, eyes are weeping And the golden, fragrant past is everywhere. Revering what each melody recalls I can't forget the Merry Widow waltz.

L'ENVOI. O, Maestro, may your shadow Never, never grow less thick, Long may you wave your baton As music's real Big Stick; And don't forget, wild classics To some folks sound like equals Both highbrows and hoi polloi Like the Merry Widow waltz.

—T. C. U.

(From Wednesday's Daily)

By a golden flood of harmony, Rippling, rushing, roaring, a splendid audience at the tabernacle last night was swept to a state of blissful enchantment. Creator, the Svengali of sweet sound, weaved a far reaching spell with the delicious strains which he seemed literally to draw from his swart musicians, and the all-pervading joyousness was enhanced when, mingled with reeds and brasses, that most beautiful of instruments, the human voice, was heard in the great chorus, under Mr. Mayo's direction, and with Mme. Barill—Mrs. Creator—sang.

The May Music Festival, given by the Elks and the Tabernacle management, could not well have had a more auspicious opening. The weather conditions were ideal, and the crowd that assembled, aside from its gratifying size, was never excelled here in cultivation and appreciation of what is rare and fine in music. The program, lighter in some respects than Creator heretofore has presented, had charming variety and faultlessness of rendition. There is not a shadow of doubt of the famous bandmaster's marvelous power as a conductor. He is a fixed star in the firmament of music. Physically, he twinkles rather less continually than on his previous visit. There is more repose and repression in his manner. His restlessness has vanished and his eccentricities are not so marked. Once upon a time, Creator was as noted as a graceful contortionist as he was a conductor. He provoked grins and guffaws by the peculiarity of his methods. Now he has largely discarded extraneous gyrations, and appears in all his glory as a genius, not a gymnast. Still, he is as responsive to the spirit of his music as of yore. Pleading, warning, scolding, compelling, his hands and baton wave with sinuous grace. Frequently he leaves his scoreless stand—for all his directing is from memory—and moves about the stage, inspiring his men to finer accomplishments. Sometimes, when mighty effects are being produced, his hair is on end, "like quills on the fretful porpoise," there is a glare almost of madness in his eyes, his face set and pallid, his mouth extended, and his whole frame quivering with emotion. His band is incomparable. Skilled artists, the members of it have subordinated their personalities to the compelling genius of the master.

mysteries of music. It is unlike that of any other band ever heard in this city, and Sousa, Innes, the Kilties and other organizations of international fame have been here. It is fascinating, intoxicating, and carries a wonderful mesmeric appeal not only to those who are musicians themselves but to the general public. There could be nothing but praise for every number of last night's program. The lively notes of Herbert's Baltimore Centennial, the veritable majesty of "Orpheus," the dear, sweet Foster airs, the charming "Merry Widow," the intensity of "Cavaleria Rusticana" and the climactic thrill of "The Star Spangled Banner" kept the audience in a constant state of rapture and called forth enthusiastic applause. Creator was specially gracious in responding to encores, and each additional offering, mostly of his own compositions, was of the happiest choice.

The soloist of the occasion was Mme. Barill and she was accorded a reception that was nothing short of an ovation. Her voice is one of delicious sweetness and of the rarest cultivation, while her beauty and her charm of manner are immeasurably pleasing. She was exquisitely groomed. As an encore she sang "Listen to the Mocking Bird," and if ever there was a human mocking bird it is Mme. Barill. It was worth a fifty-mile trip to hear her utter the first syllable of "Mocking." The spontaneous outburst of applause brought her back for a double encore, at which even the melancholy countenance of Creator lighted up with the only smile anybody here has seen him wear.

The local chorus of three hundred trained voices was superb. That is a strong word, but nothing less than superlatives could be used in mentioning these singers. Under the splendid leadership of George R. Mayo, of Bowling Green, they have attained a remarkable proficiency, and surpassing excellence. In the renditions of "The Heavens are Telling," "O, Shepherd of Israel" and "The Star Spangled Banner" the purity of tone and the potency of expression stamped it as far and away the most adequate choral organization in the history of the city. Mr. Mayo was given a greeting by the audience that must have filled him with happiness. Handsome, easy and capable, he handled the baton with the skill of a maestro, and both chorus and band were perfectly responsive to his leading. At the rehearsal, his classic features and dignified bearing so impressed one of the good Romanists in Creator's band, that, with much hard work he succeeded in scribbling this little note which the apologetically slipped to one of the chorists: "Are he a priest?" He is not a priest, but he is a prince of good fellows and a master musician. Last night was the first time, that any man, save Signor Errico, the assistant director, had been entrusted with Creator's baton and the leadership of his band, and at the conclusion of the selection from "The Creation," the great bandmaster grasped and cordially shook Mr. Mayo's hand and warmly congratulated him.

The ladies chorus, without accompaniment, sang Dennis's "Sleep Little Baby of Mine" and with all due recognition of the excellence of the entire program, it was surely, the gem of the evening. Nothing lovelier could be imagined. By all means it should be repeated at other concerts during the festival. The triumph of the event—for last night's entertainment was an event—carries with it the highest commendation of the labors of the Elks and Tabernacle management—particularly Herbert L. McPherson and W. A. Wilgus. The thousand and one preliminary details were attended to by sacrificing hard work individuals who mixed intelligence with energy in bringing about results over which ever citizen of Hopkinsville should feel proud.

CHEROKEE INDIANS

The Cherokee Indian baseball team will visit Hopkinsville next Wednesday May 27, for two games, one in the afternoon and one at night. This is one of the strongest Indian teams touring the country today, having scored shutouts in fourteen different states. They are composed of all Redskins, right from the reservations and can certainly put up a fast game of ball if records count for anything.

The special feature however is the night game. They carry a complete lighting plant consisting of 50 arch lights of 1,000 candle power, each thereby putting 50,000 candle power on the field. This is certainly a novelty and should draw a large crowd.

A lot of credit must be given Manager Jeff Morris, of the local team, for securing such a good attraction, and it is expected that everyone interested in baseball will turn out, and also those that are not. The Indians carry a canvas fence to enclose the grounds. The two games will be played on the college grounds and the admission will be 25c to all.

Games called, afternoon 3 p. m. Night game 8 p. m.

SINKING FORK NOTES.

We had a good tobacco season this morning and all farmers are busy planting the weed today. It seems that most of the tobacco will be planted before the corn this spring.

Mr. Fairleigh Boyd and wife, of St. Louis, are visiting relatives here.

Mr. E. R. Watson and wife are the proud parents of another boy.

Mr. R. L. Vaughn, and children, of Hopkinsville are visiting at this place.

Mr. Henry Wood who has been attending school at Cincinnati, is at home spending his vacation.

We are glad to learn that little Lucile Woosley is recovering.

The body of Thomas Davenport, who died at his home in Hopkinsville on the 15th inst., was laid to rest in the Davenport burial ground near this place Saturday. A young man of noble character, just entering upon the threshold of manhood, he had won many friends who sorrow sincerely for his early death, but the blow fell with crushing weight upon the stricken mother and father, and sister. To them he was a noble son and brother, kind affectionate and thoughtful. He seems to have known from the beginning of his illness that the time of his departure from this life was at hand and said "he was going home."

POSTPONE MEETING

Owing to the recent disastrous fire at Mayfield, which destroyed both the light and water plants of the city, the South Kentucky Christian Missionary and Sunday School association, which was to have there May 25-28, is under the necessity of arranging for another time and place of meeting. HERE IN HOPKINSVILLE

Following is the communication sent by the Commercial Club of Hopkinsville to Congressman Stanley:

Hon. A. O. Stanley, M. C.
Washington, D. C.

My Dear Sir—
Having learned that the public building appropriation bill is up for consideration and that included therein is an appropriation for a public building for Hopkinsville, Ky., we desire to give you herein such information as will be of some advantage to the bill insofar as our town is concerned.

Main Street Business Property

In the business section property is worth from \$200 to \$400 per front foot. The character of our business houses is equalled to and unsurpassed by any town in the South of from 20,000 to 25,000 inhabitants. They are practically all new, of the latest design, made of brick and stone and the majority of them practically fireproof.

Main Street Residence Property

In the residence section property is worth from \$20 to \$80 per front foot. Our residences are new and up-to-date and equal to any city double the size in Kentucky. The cost ranges from \$4,000 to \$25,000.

Hotels

Hopkinsville has three hotels. The leading hotel covers one block of space, is built of brick and stone, cost \$150,000 and is unquestionably the finest and best equipped hotel in any town or city in the South having less than 100,000 inhabitants.

Factories and Manufacturing Interest

We are justly proud of the progressive and flourishing factories doing business in our town. The steady growth of these industries alone will in the course of a few years make Hopkinsville a first-class city. Such as—

American Shuff Co., Imperial Tobacco Co., Acme Mill & Elevator Co., Crescent Milling Co., Climax Milling Co., Jax Cate Son Milling Co., Forbes Mfg. Co., Mogul Wagon Mfg. Co., Hopkinsville Canning Co., Ellis Ice Co., H. M. Dalton Stone Co., Davis Monument & Con. Co., Kentucky Stone Co., Derrling-Frank Lumber Co., Hopkinsville Lumber Co., Dalton Bros. Brick Co., Oriental Block Mfg. Co., Hopkinsville Stone Mfg. Co., Robt. C. West Tobacco Co., Elgin-Jarrett Oil Co., Higgins Oil Co., Lebkuecher Oil Co., Metcalfe Machine Mfg. Co., McGraw Machine Mfg. Co., West & Lee Carriage Mfg. Co., Duckett Carriage Mfg. Co., Hopkinsville Lime Works, Wallace & Adcock Barrel Co., C. S. Mayes Cooper Co., Metcalfe Steam Laundry Co., Metcalfe Florist Co., Ford Schmitt Bottling Works, Kentucky Carbonating Co., Wm. Weston Basket Mfg. Co., Six tobacco re-handling houses, 4 tobacco warehouses, 10 tobacco storage houses. The four flouring mills have a daily capacity of 2500 bbls. The Forbes Mfg. Co., incorporated at \$500,000 and do a general manufacturing, contracting, and planing mill business.

The Mogul Wagon Co., incorporated at \$300,000, new plant, covers a space of fifteen acres, is equipped with the latest and most improved machinery, has an annual capacity of 12,000 wagons.

The Dalton Stone Co., incorporated at \$45,000, has a daily capacity of 40 car-loads crushed stone for commercial and R. R. property, with a pay roll of \$10,000 per month.

The Dalton Bros Brick Co., operate one of the finest plants in the south, having a daily capacity of 40,000 brick.

The Derrling-Frank Lumber Co., do an extensive saw and planing

mill business, a large portion of their product going to foreign markets.

Banks and Bankers

Bank of Hopkinsville, City Bank, Planters Bank & Trust Co., First National Bank, Commercial & Savings.

Our five banks are the best equipped and most up-to-date institutions of their kind to be found in any city of like size, of the United States of America, and we are justly proud of them.

Investment Companies

Hopkinsville Building & Loan Association, South Kentucky Building & Loan Association. Two institutions which have helped to make Hopkinsville what it is today.

Public Utilities

Hopkinsville Water Co., Hopkinsville Gas Co., City Electric Light Co., Hopkinsville Sewerage Co., Home Telephone Co., Cumberland Telephone & Telegraph Co.

Schools

Hopkinsville has unsurpassed educational facilities. It has three graded public schools for white children, and one graded public school for colored children. One Co-educational college, white. One Female college, white. Two Business colleges, white. One Kindergarten and one Academy, white. One College for colored.

Our public schools for whites have an average attendance of 1,200 pupils, and an equal to any school in the state. The two colleges for whites draw pupils from all states surrounding us.

Churches

There are 13 churches in the city where man can serve his God as his conscience dictates.

Police and Fire Protection

Hopkinsville boasts of a metropolitan police force; has a magnificent fire department with fully paid men and all the latest equipment.

Christian County

Christian county is noted for its fertile and productive lands, producing more wheat than any county in the state, and more tobacco than any county in the United States. The annual production of wheat is 1,000,000 bushels; the annual production of tobacco is 17,000,000 lbs.

Free Turnpikes

Christian county has acquired and is now constructing free turnpikes on all roads, running into every section of the county.

Kentucky Charitable Institution

Located just outside the city limits is the Western Kentucky Asylum for the Insane. The institution owns 500 acres of land all necessary buildings and equipment, representing an investment of \$1,000,000, has 1500 inhabitants and the annual cost of maintenance is \$200,000.

Present and Future

The general business of Hopkinsville is today in a healthy condition. It has enjoyed for the past ten years a steady growth, with prospects better today than at any previous period of our history.

Publicity

Hopkinsville has five newspapers—one daily, one tri-weekly, one semi-weekly, two weeklies. All give the news and stand ready to assist in "boosting" their town.

Hopkinsville has an active commercial club, managed by the representative business men of the city, backed by every citizen here. Organized for the purpose of fostering all the enterprises we have, and to use every honorable means to secure new ones.

RICH RED BLOOD

NATURE'S SAFE-GUARD AGAINST DISEASE

Pure, rich blood and a free circulation is the surest protection against the diseases and disorders which are constantly attacking our physical systems. The healthy circulation of the blood prevents the entrance of disease germs, and filters out of the system everything that is not necessary or beneficial to the growth and development of the body; all life's forces are kept up by it, and every organ, nerve, tissue and bone is dependent on the blood for its nourishment and strength.

Healthy blood is filled with millions of little red corpuscles. These minute particles furnish its rich, red color, and are the carriers of nutriment and health to the different parts of the body; in other words the very life and vitalizing essence of the circulation. The destruction of these corpuscles by disease germs weakens and pollutes the blood, and anaemia, with its attendant evils of pale, chalky complexions, weak, run-down systems and malarial conditions, or perhaps some more definitely marked disorder, is the result.

Frequently the blood becomes infected with acid, fiery humors, and Eczema, Acne, Tetter, or some other skin disease or affection makes its appearance, and is kept up with its itching and disfiguring symptoms. An excess of uric acid in the circulation causes a fermentation of the blood, and Rheumatism, with its pains and aches, is established in the system, there to remain, unless the poison is driven from the blood.

Old Sores and Ulcers are likewise dependent on bad blood. These places are kept open and in a state of irritation by the drainage of pollution which the blood is continually discharging into them. In fact there are few ailments which cannot be traced to impure or diseased blood, and our only safeguard is to keep the circulation in strong, healthy condition. In all blood troubles S. S. S. has proven itself a perfect remedy, and is universally recognized as the greatest of all blood purifiers. It goes down into the circulation, and removes all poisons, humors and aches, and makes this life-stream pure and health-sustaining. It purifies and strengthens weak, deteriorated blood, supplies it with the healthful properties it needs, and establishes the foundation for good health. As a tonic S. S. S. has no equal, and will be found especially adapted to weak, run-down systems.

One of the greatest points in favor of S. S. S., is that it does not contain a particle of mineral, but is made entirely of the extracts and juices of harmless, healing, cleansing roots and herbs. Rheumatism, Catarrh, Sores and

Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison, and all other blood troubles, are permanently cured by S. S. S., and so thorough is its work that no trace of the disease is left for future outbreaks. S. S. S. is for sale at all drug stores. Book on the blood and any medical advice desired will be sent free to all who write.

KENTUCKY FARMERS

TO HEAR LECTURES BY AGRICULTURAL EXPERTS

Breeders of Live Stock and Poultry
To Be Specially Provided for
By Department.

Believing that the farmers of the state, who are executive breeders of live stock can learn much from lectures by expert veterinarians, Commissioner of Agriculture M. C. Rankin has engaged Dr. Chas. Frazier, of McKillip veterinary college, of Chicago, expert veterinarian, to spend the month of August in Kentucky and deliver a series of lectures at the various Farmers' institutes.

Dr. Frazier will be sent only to the largest live stock communities, where his discussion of home remedies for diseases of cattle, horses, mules, hogs and sheep will prove a practical benefit to every farmer.

Dr. Frazier's lectures will be taken down in short hand and printed in a book form for distribution among the farmers in the state.

Another institute feature will be a series of lectures by Otis Crane, of Lebanon, Ind., an expert breeder. Mr. Crane has delivered lectures before Purdue University, Greencastle Indiana, and is an authority on this subject. At present it is proposed to have Prof. Crane lecture only at points in the state where there are Poultry Breeders' associations.

Weak women should read my "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by Anderson-Fowler Drug Co., incorporated.

WARRANTS ISSUED

AUGUSTA, Ky., May 16.—Lewis Kinney, of Bracken county, who was whipped recently by Night Riders, swore out warrants for James W. Devaughn and Frank High, charging that they were members of the party that assaulted him. The county judge gave the warrants to a deputy sheriff and ordered him not to ask the assistance of the militia in serving the papers.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or change in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Anderson & Fowler Drug Co., incorporated.

CORTELYOU HELPS ALDRICH TO KILL THE TOBACCO BILL.

WASHINGTON, May 16.—Senator Aldrich, of Rhode Island, the chairman of the senate finance committee, will play a trump card when his committee meets next Tuesday to consider the bill which passed the house last March for the relief of tobacco growers, so amending the present statutes as to allow unstemmed tobacco in the natural leaf to be sold without payment of tax.

He has received from the secretary of the treasury a letter protesting against the passage of the bill. Several times has this bill, championed by Kentucky members and Representative Gaines of Tennessee, passed the house, only to be held up by Senator Aldrich.

The senator never gave any reason for his action. Within the past few weeks members have been clamoring for the report of the bill from committee, and according to the report, Aldrich was on the point of yielding when he secured the co-operation of Secretary Cortelyou, who justifies the attitude of the senator and makes the passage of the bill beyond possibility.

The result will be a big disappointment to growers. Many members contended that its passage would do much toward causing a cessation of night riding. One of the principal features of the case is that the former commissioner of internal revenue approved the bill, while now the secretary of the treasury takes an opposite course.

ECZEMA NOW CURABLE.
All Itching Skin Diseases Which Are Not Hereditary Instantly Relieved By Oil of Wintergreen.

Can Eczema be cured? Some physicians say "Yes." Some say "No." The real question is, "What is meant by Eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth but years afterward, and perhaps not until middle age—then there can no longer be any question that the germs of Eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. prescription when rightly used, will cure every last case of genuine Eczema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. prescription instantly takes away the itch the moment it is applied to the skin. Stop that itch today—instantly. Just call at our store and try this refreshing and soothing liquid also ask about D. D. D. Soap.

EXTRA SESSION

Said To Have Been Determined Upon By Gov. Willson For November.

The Louisville Post prints this story of an extra session: An extra session of the Kentucky legislature immediately following the November election is now said to be assured, but what the call will provide is not so certain. A member of the house of representatives here on legal business stated to an Evening Post representative that he had seen a letter from Gov. A. E. Willson, written to a leading Republican senator, in which it was stated that an extra session would be called in November.

It was the original intention of Gov. Willson, it is reported, to have a special session in the summer before the campaign started, but he is said to have changed his mind on this proposition. The probability of a special session causes conjecture as to what the call will provide. It is the impression among members of the legislature that it will ask an investigation of the charges made by former Warden Chinn of the penitentiary at Frankfort for steps toward enabling the state to meet the appropriations of the last legislature, and probably the passage of some non-partisan.

Fight on Mosquitoes.

The Owensboro Inquirer says: The city sanitary department is actively at work distributing crude oil in wet places to keep down mosquitoes, and having the various premises and alleys cleaned up. Oil has already been placed in ponds and ditches, and today the department began in the west end a house to house or yard to yard visitation for the purpose of fighting mosquitoes, and whenever premises or alleys need it, lime will also be used for purifying and drying.

There was some delay in procuring the crude oil, but the work will go forward promptly and the pests kept down as they were last summer.

PROF. COYNER DEAD

PASSES AWAY AT HIS HOME NEAR THE CITY.

William H. Howe, of Nashville, A. For mer, Resident, Answered the Summons of Death.

(From Monday's Daily)

Prof. J. M. Coyner, aged eighty-one years, died at noon Sunday at his home, "Highland Ranch," near this city. He had been in failing health since an attack of the grip four months ago. The immediate cause of his death was a heart affection.

Prof. Coyner outlived two wives and several children. He was a native of Ohio and most of his life was devoted to the cause of education. He was president of a college for girls at Salt Lake City fifteen years and later was head of a collegiate institution at Los Angeles, Cal. For several years he was a lecturer in the service of the Anti-Mormon league and lectured in all parts of the United States.

Four years ago, Prof. Coyner, learning that his brother, E. F. Coyner, from whom he had been separated twenty-nine years and had lost sight of, was residing in this city, he came here to make his home.

Prof. Coyner was a member of the Presbyterian church and since removing to Hopkinsville had declined a call to the assistant pastorate of a Presbyterian church in a Michigan city. In connection with his brother, the rural mail carrier on Route No. 2, Prof. Coyner owned and conducted "Highland Ranch" as a fruit farm.

He was a man of learning and many accomplishments, a lover of humanity and a devoted Christian. During his residence here he made many friends and admirers and his death causes much sorrow. Funeral service conducted by Rev. E. H. Bull was held this afternoon at the late home, and the remains were interred in Riverside cemetery.

William H. Howe.

Friends in the city were informed today of the death of William H. Howe at his home in Nashville. The deceased was a resident and prominent citizen of Hopkinsville for many years, and the news of his death is received here with general regret. Mr. Howe was strongly attached to Hopkinsville and its people had often said that but for his business interests in Nashville he would make his home here. The regard he felt was fully reciprocated and he was always a welcomed and honored visitor.

Mr. Howe was 72 years of age and was born in Pennsylvania. He came with his wife to Hopkinsville shortly before the civil war and engaged in the jewelry business in which he was very successful. In 1880 he removed to Nashville and establishing wholesale and retail coal and ice business, he amassed a fortune, estimated at half a million dollars. He was one of Nashville's most influential citizens.

Mr. Howe was a member of the Presbyterian church, and was deeply interested in the Y. M. C. A. movement and other religious and charitable institutions.

His death occurred at 4:30 o'clock this morning of neuralgia of the heart after an illness of two weeks. He is survived by his widow and six children, Messrs. Harry, William, Julian and Bertram Howe and Mrs. Mary Carroll and Clara Mae Fugate. He leaves a brother, James M. Howe, formerly of Hopkinsville.

Funeral arrangements have not been announced.

If You Don't

It is a sure cure for constipation and malaria fever, which is substantiated by what its done for my family.—Sold by L. A. Johnson & Co.

MAYFIELD FIRE

MAYFIELD, Ky., May 18.—The Mayfield Water and Light Plant took fire at 7:20 o'clock last night and burned to the ground. The cause of the fire is unknown. The loss is total with only \$5,000 insurance. The plant is estimated by those who know to be worth about \$85,000.

This is a great calamity to Mayfield. It puts all the newspapers, printing and other industries out of business. The residents are without water and electricity for any soon.

JUDGE WELLS TO ADDRESS CITIZENS OF THIS COUNTY.

Accepts Invitation Extended By The Law And Order League To Attend Open Meeting at The Courthouse on Thursday, May 28.

At the last meeting of the Law and Order league, it was decided to hold an open session on Thursday, May 28, at the courthouse in this city, and to invite Judge A. J. G. Wells, of Murray, to be present and deliver an address.

In reply to the invitation the following letter from Judge Wells has been received by the president of the league:

President of Law and Order League, Hopkinsville, Ky.

My Dear Sir:—

Your invitation to be present

at a meeting of your Law and Order league on May 28th and make an address is duly received.

I will say in reply that your kind invitation is accepted, as I am anxious to contribute whatever I can to the restoration of law and order throughout this section of the state.

Will you please advise me what train I should arrive on to suit your convenience.

With kindest regards to all my friends and those who are at work in the common cause, I am,

Very truly,

WORDS ABOUT THE WEED.

News and Notes of Much Interest to All Who Are Connected With the Growing and Sale of Tobacco.

An increasing demand during the past week caused a corresponding increase in sales of tobacco on the local market, there being a total of 354 hogheads sold. All the buyers were active and purchased freely, the demand being confined altogether, though, to the lower grades. All classes of lugs were in demand, but nothing but the lower class leaf was wanted.

Of the sales made, 324 hogheads were sold by the Planters' Protective association. Business here during the week was so rushing that all the time and attention had to be given to the making of sales, the spare time being so limited that not enough to enter up the sales on the ledger was found. Indications are good for another heavy sale this week. Receipts during the past

week were 220 hogheads, making a total of 5,681 for this market. Prices were steady at the schedule set by the association, ranging from \$7 to \$10 for lugs and \$10.50 to \$13 for low to medium leaf.

The Society of Equity reports sales of about 30 hogheads at prices ranging from \$7 to \$10.50 for lugs, and \$10 to \$12.50 for leaf. Receipts continue to decrease here, as the crop is about all in.

Reports from the country indicate that tobacco planting is under good headway. In some sections plants are said to be becoming overgrown; some say that plants are abundant, while others say there is a shortage in their neighborhood; the reports of damage are very scattering and seems to be due more to faulty burning of the beds than to anything else.

Southern Baptists Vote Unanimously in Favor of City Next Year

HOTSPRINGS, Ark., May 18.—The Southern Baptist convention voted unanimously to hold its next annual convention in Louisville May next. The features of the session were addressed by Dr. George W. Daniel, of Richmond, Va., and Dr. W. W. Landrum, of Atlanta, Ga. The subject under discussion was the enlargement and improvement of the Southern Baptist Theological seminary at Louisville. A movement is being inaugurated at this session to raise an ample endowment fund for increasing the facilities and broadening the field of the institution.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is easier than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break off the head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Opium, no Phlegm, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual illness. And don't forget your child. If there is feverishness, night or day. Herein probably lies Preventics' greatest efficacy. Sold in the boxes for the pocket, also in the boxes of 48 Preventics. Insist on your druggists giving you

NIGHT RIDER CASES

TRIED AT CADIZ.—NINE MEN HELD OVER.

Several Alleged Riders Were Dismissed.—Four More Warrants Have Been Sworn Out

CADIZ, May 18.—One set of alleged Night Riders was held to answer to the grand jury and another set was dismissed in the county court Saturday when the examining trials were held. The nine Trigg county men charged by J. D. Cossey with whipping him were held under \$500 bond each. They are W. T. Crass, Lee Ferguson, Roscoe Ferguson, Hugh Wallace, Roy Wallace, Timoleon Leneave, Jasper Leneave, Tom Christ and Charles Pollard.

Mr. Cossey and his two sons testified for the prosecution. They said that a party of twenty-five masked men had come to the house on March 30, and after firing more than a hundred shots had taken Mr. Cossey 200 yards from the house and whipped him. This was the same night that a negro was killed at Golden Pond, a short distance away. Mr. Cossey was questioned as to each man he identified and told in detail how he recognized them. He said he and his sons went over the men in the party and that all three agreed on the nine men for whom warrants were sworn out. No testimony was offered by the defendants.

The case of Simon Ingram, of Trigg county, and Dr. Champion, Reason Barnett, Tandy Colson, Ted Murray, James Dupriest and Willie Fulk, all of Lyon county, were next called. Claude Colson, who swore out the warrant charged them with whipping him, was not positive in his identification and the judge dismissed the cases.

Frank Hicks, who lives near the Calloway county line, came here and swore out warrants for four alleged Night Riders, whom he charged with whipping him. Hicks alleges that two of the men first sent him a threatening letter and that the four thrashed him. The accused men all live near Hicks and a deputy sheriff will make the arrest. The names have not been made public.

THE TIME TO BUILD IS RIGHT NOW.

Why?

First---

Because nearly everything that enters into the construction of a house, except labor, is cheaper than it has been for three years. This is owing to the panic and the demoralized trade conditions resulting therefrom. Prices may go back, however, when business over the country generally resumes.

Second---

There is less building being done here now than is usual at this season of the year. We have always pursued the policy of giving employment to all our men when we could do so without actual loss, in order to bridge over dull seasons. We believe this is best for us, best for the community and certainly is a help to the men.

If you contemplate building this year you will save money by getting at it without loss of time

How to Cure Constipation

Few people altogether escape a disorder of the bowels. You may catch cold, over-eat, over-drink, worry too much, not exercise enough or do a hundred and one other things that result in constipation or costiveness. When the trouble comes it is well to know what to do for it. In the opinion of thousands there is no better cure for constipation than Dr. Caldwell's Syrup Pepsin, which anyone can obtain for 50 cents or \$1 at a drug store. We all have constipation occasionally, and the sensible thing to do is to have a bottle of this remedy always in the house. You take it at night on retiring, for example, and when you wake up in the morning at your usual hour it produces its results.

Your stomach instantly becomes lighter, your head clearer, your eyes brighter, you feel active and spry once again, your appetite has returned and you are ready to work with enthusiasm and vigor. All this may not have taken more than a dose or two, at a cost not to exceed two or three cents. Can you afford to feel bad when you can feel good for so little?

Dr. Wilson Brown, of Metropolis, Ill., has no hesitancy in saying that Dr. Caldwell's Syrup Pepsin is the greatest of all laxatives and he frankly admits to his patients that if they used it when the stomach, liver or bowels got out of order they would have less need of it. It is without doubt the best cure for occasional or chronic constipation, dyspepsia, biliousness, jaundice, sour stomach, lazy liver, flatulency, diarrhea, and similar digestive ills in old or young. It is a thousand times better than salts or purgative waters, acts gently but surely, is pleasant to the taste, does not grip, and cures permanently.

Go to your druggist and get a 50 cent or \$1 bottle and see if our claims are not justified.

FREE TEST Write to Dr. Caldwell's Syrup Pepsin Co. for a free sample bottle sent to your home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Send for most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." CAMPS OF SOLDIERS

TWO ARE ESTABLISHED IN TRIGG COUNTY

Maj. F. B. Bassett is in Command of One and Capt. Givens of the Other.

Two military camps have been established in Trigg county, and it is probable that soldiers will remain in the county for some time. Maj. E. B. Bassett, of Hopkinsville, and Lieut. Wilburn, of Middlesboro, with about twenty-five men, are in camp on Bob Collins' place across Cumberland river from Rockcastle. Capt. Givens, of Middlesboro, with about the same number of men, are camped at Golden Pond. The equipment for their camp was shipped in to Cadiz last week and was taken to Golden Pond Saturday.

We understand the men occupy their time riding through the country in squads.

Gen. Williams spent several days in the county this week, coming to Cadiz Monday and remaining until yesterday. He and several of his men left yesterday afternoon going toward Hopkinsville.—Cadiz Record.

DOCTOR ADVISED USE OF CUTICURA

After Other Treatment Failed—Eczema in Raw Spot on Baby Boy's Face Lasted for Months—Cried with Pain when Washed.

ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beefsteak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleansed with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

SANATIVE

Antiseptic Cleansing Is Best Accomplished by Cuticura.

Women, especially mothers, find Cuticura Soap, Ointment, and Pills the purest, sweetest, and most effective remedies for preserving, purifying, and beautifying the skin, scalp, hair, and hands, for the treatment of inflammatory and ulcerative conditions, as well as for restoring to health, strength, and beauty pale, weak, nervous, prematurely faded, and worn-out women. Guaranteed absolutely pure under the United States Food and Drugs Act.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (50c), to cleanse the skin, Cuticura Ointment (50c), to heal the skin, and Cuticura Resolvent (50c), for in the form of Chocolate Tablets, 25c, per box of 60 to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Mfrs., Boston, U. S. A.

COMMISSIONER'S SALE.

Christian Circuit Court, Ky.
A. A. Martin & Co. Against Virginia Holt & Co. } Equity

By virtue of a judgment and order of sale of the Christian circuit court, rendered at the Feb. term thereof, 1908, in the above cause, I shall proceed to offer for sale, at the courthouse door in Hopkinsville, Ky., to the highest and best bidder, at public auction, on Monday, the 1st day of June, 1908, between the hours of 11 a. m. and 1 p. m. (being county court day), upon a credit of six months the following described property, to-wit:

A tract of land, in the northwest part of Christian county, Kentucky, about ten miles from Hopkinsville, on the waters of Brushy Fork of Trade-water; beginning at stake, corner to Mrs. Mullin's land; thence, with her line 7 1/2 poles to corner of W. C. Holt; thence with Holt's line 26 poles to a post oak, said Holt's corner; thence with another of his lines, 34 poles to stump, another of his corners; thence again with Holt, 63 poles to a hickory, his corner; thence again with Holt, 22 poles to branch; thence with another of his lines, down the branch with its meanders to T. W. Holt's corner, where the old Crofton road crosses the branch; thence with T. W. Holt's line, and said road, 70 poles to a stake at the present Crofton road; thence with said road and T. W. Holt's line, 36 poles, near said Holt's stable; thence with his line, 88 poles to a hickory, John Walker's line; thence with Walker 60 poles to an elm, corner to Josiah Haley; thence with his line to a branch; thence up the branch to line of said Haley's 56 acre tract; thence with said line to two red oaks; thence with another line of said tract, 90 poles; thence with line of the heirs of L. W. D. Hamby, and Mrs. Mullin, to the beginning; supposed to contain 245 acres.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a Replevin Bond. Bidders with these preparations may comply with the terms of sale.

OFFICIALS ARE PLANNING TO MOVE NEXT MONTH

INTO NEW CAPITOL

Some of the officials are planning to move into the new capitol some time in June but whether they will be able to carry out their designs remains to be seen. It is believed by Gov. Willson and the majority of the members of the capitol commission that enough furniture can be installed within the ensuing month to enable the officials to get into their offices and carry on the routine business, which comes up daily.

The plan is to move in with just what is needed to transact the business of the commonwealth and to transfer the old records, books etc., from the old building to the new more leisurely. The beautifying of the grounds will not be waited, and as warm weather is expected from now on throughout the summer, it will not be necessary to delay on account of the installation of the heating and power plant.

The capitol commission will hold another meeting next Monday at which time definite plans for the completion of the new capitol will be taken up.

Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When ~~Home of Swamp-Root~~ writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

VALUE OF RIGHT BREATHING

Health Comes From Knowing How and What to Breathe.

Hardly a day passes without confirmation of the old adage, "Man's life is but a breath of air."

Dust laden with the germs of consumption or other disease is inhaled by all who use the streets, but disease is not developed unless the germs find conditions suitable for their lodgment and growth.

With people having catarrh there is an ideal culture medium for these germs, as the irritated membrane and weakened tissues are hot-beds where germs must thrive and multiply until they are numerous and active.

If you have catarrh, you should use the easiest, simplest and quickest cure, the direct method of Hyomei, whose wonderful medicated air is taken in with the air you breathe, directly following and destroying all germs that have been inhaled, repairing any damage they may have worked and so healing and vitalizing the tissues as to render catarrh and germ infection no longer possible.

The unusual way in which Hyomei is sold should dispel all doubt as to its curative properties, for L. L. Elgin offers to refund the price to anyone whom it fails to benefit. You do not risk a cent in testing the healing virtues of this breath of life, for with every \$1.00 outfit L. L. Elgin gives a guarantee to relieve catarrh or money refunded.

Willson and the majority of the members of the capitol commission that enough furniture can be installed within the ensuing month to enable the officials to get into their offices and carry on the routine business, which comes up daily.

The plan is to move in with just what is needed to transact the business of the commonwealth and to transfer the old records, books etc., from the old building to the new more leisurely. The beautifying of the grounds will not be waited, and as warm weather is expected from now on throughout the summer, it will not be necessary to delay on account of the installation of the heating and power plant.

The capitol commission will hold another meeting next Monday at which time definite plans for the completion of the new capitol will be taken up.

BIG CROP OF HAY

WILL BE RAISED BY FARMERS THIS YEAR

rather Conditions in This Region Show That Everything Has Been Very Favorable.

Largest hay crop in the history of the country is predicted for this year. Weather conditions in the middle western states this spring have been peculiarly adapted for the growing of grasses and the latest government report placed the development to date at 93 per cent. This is an unusual figure. So great is the interest in wheat and cotton that the importance to the country of a good hay crop is seldom fully realized. Its value each year, however, is over half a billion dollars, and last year, it was the second most valuable crop grown in the United States, outranking both wheat and cotton and exceeded only by corn. Hay has the unique distinction of being the only agricultural product, approaching it in importance which is never sold for future delivery and that is absolutely dependent for its price on the daily fluctuations of supply and demand. In the case of the cereals and cotton the producer is able to sell his product at a figure made in a world market and a miller or manufacturer by buying for future delivery can tell beforehand what his flour will cost him. Large users of hay, however, do not know from one day to another what price they will have to pay.

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or change in the weather, a permanent cure cannot be expected; the relief from pain which this Liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Anderson & Fowler Drug Co., Incorporated.

BOWLING HELD OVER

HE GIVES BOND OF \$100 AND IS RELEASED

Charged With Having Scraped Plantbed of Albert McReynolds.—His Shoes Measured.

Henry Bowling, the negro who is charged with having scraped the tobacco plantbed of Albert McReynolds, colored, on the morning of May 9, while McReynolds was in Hopkinsville, was held over by Judge Prowse at his examining trial Wednesday. Bond was fixed at \$1,000 and this was given.

The testimony against Bowling was circumstantial, it being mainly a comparison of tracks found leading off from the plantbed, with Bowling's shoes, and of allegedly incriminating statements made by the negro. The defense entered a vigorous denial of the charge.

McReynolds is a member of the Planters' Protective association.

Up to Princeton.

The Kentucky Press association will hold its annual midsummer meeting this year at Cerulean Springs, beginning Monday, June 15th. Hopkinsville has given the association an invitation to spend at least one day in that city as the city's guest and the invitation was accepted as a matter of course. It is up to Princeton to show her hospitality in the way of a cordial invitation to visit Princeton for an afternoon or evening. In this manner the press gang of the state will learn and say a few good things of our pretty little city that may result very beneficially in a business and social way.—Princeton Leader.

Bring your visiting friends to our store on a tour of inspection. More than welcome.

SMASH-UP ON ROAD

IN WHICH SEVERAL PERSONS WERE INJURED

Horse Ran Away And a Collision Of Buggies Occurred.—Hurts Not Serious.

Policeman Abner Witherspoon, J. P. Tate, Leslie Tate and Harry Brame were in a bad runaway and smash up Monday night as they were returning home from a fishing trip.

Policeman Witherspoon and J. P. Tate were in one buggy and the other two fishermen were in another buggy and several yards behind. About three miles from town on the Church Hill pike, the single tree of the rear buggy broke causing the horse to run away. The occupants

of the front vehicle heard the runaway coming and pulled out of the road as far as possible but not enough to prevent a collision.

Policeman Witherspoon, Leslie Tate and Mr. Brame were thrown out at once by the shock, but J. P. Tate retained his seat. The horse went only a few yards further until he broke loose from the buggy and was caught some distance down the road.

Policeman Witherspoon received several bad bruises, the worst of which was in his left side. Leslie Tate was badly cut on the right leg and otherwise banged up. Mr. Brame was scratched and cut pretty badly.
