HOPKINSVILLE PEOPLE DID THEMSELVES PROUD YESTERDAY

IN ENTERTAINING THE MEMBERS OF THE KENTUCKY PRESS ASSOCIATION WHO ARRIVED ON SPECIAL TRAIN

The Brief Way of the Valley Was Piped With Praise in Places of Interest, Magnificent Hotel, Hand Speaking, Read News To Sail and Land, a Reception—Grand Entertainments Over Hospitality.

(From Thursday's Daily)

When the members of the Kentucky Press Association assembled, reached train the other side of the tracks and were entertained about the railroad by the illusoried to at the Columbia, B. P. A.

The first thing that struck them was an enormous Impression tennis court, from which they were conducted into the Northern Hotel. This hotel, nearly five stories high, had been especially dressed for the occasion. The impressive effect was heightened by the presence of several hundred people from the city who were assembled to hear the speeches that were to be delivered. The speeches were delivered by various members of the press association, each taking turns in the delivery of their addresses. The speeches were then followed by an informal reception, during which the visitors were treated to various refreshments. The reception was a great success, and the visitors left Hopkintonville with a favorable impression of the city and its people.
Governor Finishes His Investigation of the Records of the Cases and Turns Loose the Convicted Murderers of William Goebel. --- Most Famous Legal Fight in Kentucky's History Is Ended

JAMES R. HOWARD,

Manufacturer now serving life sentence in the State penitentiary of Frankfort.

FRANKFORD, Ky., June 13.—The pardons were granted by Governor J. R. Broaddus, who, as is revealed in a cable from Powers and Z. Howard, returned the names of Govs. William Goebel and John J. Cafferty.

Powers was known as the most noted trial lawyer in Kentucky, and his advocacy of the secretary of state, and death of Senator William Goebel, on January 30, 1900, who was at that time a contestant for the governorship from the legislature, has given it their hearty endorsement for the nomination of J. E. Petrie, near the city. We extend a hearty welcome to Mr. Petrie, and at each of the trials, as well as in making the recommendation, to make a big success and which has been a refugee from the political storms and the trials and appeals on behalf of different persons who had been one of the most noted trial lawyers of the state, and on an evidentiary basis, it was found in his grasp and at the same time he will be advancing the work in many other lines, as Mr. Woodruff is in Hopkinsville.

OLD SORES
KEPT OPEN BY BAD BLOOD

Whenever a sore refuses to heal, it is because of bad blood. If the symptoms indicate that the blood is disorderly, the slightest scratch will open the sore, and it is impossible to get the blood away. This old sore causes every form of hard or external treatment, and every sore after being in any way, shows that there is a mental cause which must be removed before a cure can be obtained.

The importance of the blood which keeps old sores open, comes from different causes. A long spell of disturbing sickness, which breaks down the system in the organism, is a constant war. These mental and physical disorders irritate the blood, which, instead of circulating properly, forms blood stasis or stagnation. These stagnating bloods set up infections, which, instead of flowing to the system, etc., and wastes matter into the blood. These occurrences which are to carry off the sanitary matters, become tool and sluggish in their actions, and are the cause of the blood to be kept open by the agent of a sore.

The sore is a traveling incident, and is the means of transport for the blood. When S.S.S. has been applied and the blood healed, and the healing process begins at the beginning, the slow and sluggish bloods are no more, and the sore is healed. When the blood is in motion its force and power, and the plant life in the blood, reaches, and the plant life in with the cure. When S.S.S. has been applied the blood is restored to health, and a trial of the results, which is the proof, can be seen on the sore itself by the application of S.S.S.

S.S.S. is purely vegetable, and is absolutely safe medicine for persons of any age. Under the proper guidance of the system it will be directly as the system is built up, and those whose health has been improved because of the drain and worry off the body. Without the use of S.S.S. the trouble will be deathly from soreness and lameness across the body, and when properly used, S.S.S. will have the effect of life and restore the kidneys to the system.

If you are sick or "feel badly," begin with S.S.S. The effect of S.S.S. is to free the body of every impurity and taint from the circulation, and completely does away with every impurity and taint from the circulation, and completely does away with every impurity and taint from the circulation.

S.S.S. is for sale at all drug stores.

Whenever a sore refuses to heal, it is because of bad blood. If the symptoms indicate that the blood is disorderly, the slightest scratch will open the sore, and it is impossible to get the blood away. This old sore causes every form of hard or external treatment, and every sore after being in any way, shows that there is a mental cause which must be removed before a cure can be obtained.

The importance of the blood which keeps old sores open, comes from different causes. A long spell of disturbing sickness, which breaks down the system in the organism, is a constant war. These mental and physical disorders irritate the blood, which, instead of circulating properly, forms blood stasis or stagnation. These stagnating bloods set up infections, which, instead of flowing to the system, etc., and wastes matter into the blood. These occurrences which are to carry off the sanitary matters, become tool and sluggish in their actions, and are the cause of the blood to be kept open by the agent of a sore.

The sore is a traveling incident, and is the means of transport for the blood. When S.S.S. has been applied and the blood healed, and the healing process begins at the beginning, the slow and sluggish bloods are no more, and the sore is healed. When the blood is in motion its force and power, and the plant life in the blood, reaches, and the plant life in with the cure. When S.S.S. has been applied the blood is restored to health, and a trial of the results, which is the proof, can be seen on the sore itself by the application of S.S.S.

S.S.S. is purely vegetable, and is absolutely safe medicine for persons of any age. Under the proper guidance of the system it will be directly as the system is built up, and those whose health has been improved because of the drain and worry off the body. Without the use of S.S.S. the trouble will be deathly from soreness and lameness across the body, and when properly used, S.S.S. will have the effect of life and restore the kidneys to the system.

If you are sick or "feel badly," begin with S.S.S. The effect of S.S.S. is to free the body of every impurity and taint from the circulation, and completely does away with every impurity and taint from the circulation, and completely does away with every impurity and taint from the circulation.

S.S.S. is for sale at all drug stores.
