Grover Cleveland Is Dead

DIED IN NIGHTMARE

SUDDEN END OF MR. BURCHETT'S
USEFUL LIFEWas Lying On The Floor To Take a
Nap When Death Came
Quickly.

(From Wednesday's Daily)

R. F. Burchett died suddenly Tuesday afternoon at his home on East Ninth street. He had been in bad health for a long time but was able to be up and had gone into his room about 2 o'clock and lain down on the floor for an afternoon nap. He was subject to attacks of nightmare and it was the custom of some member of the family to arouse him when it was noticed that he was so affected. After he had gone to sleep one of his children heard him making sounds indicating that he was suffering from night-mare and he was called and shaken, but this failed to rouse him and he died without ever regaining consciousness.

Mr. Burchett was sixty-seven years of age and was highly respected citizen of Christian county. Until about two years ago he lived on his farm near Casky. He was a member of the Christian church and was identified with its work in all departments. His wife and three children survive him.

The funeral services will be held in the Christian church this afternoon at 4 o'clock, Rev. H. D. Smith officiating. Interment will take place in Riverside cemetery.

IN AS SHERIFF

(From Wednesday's Daily)

J. M. Renshaw is now in possession of the room in the court house known as the sheriff's office, Mr. Smith having vacated it yesterday afternoon. Mr. Renshaw is now the only one who is acting as the sheriff of Christian county and is discharging the duties of that office. His former office in the Hopper building has been closed.

Longest Day.

Sunday was the longest day of the year and the sun celebrated what is called the summer solstice. This is the date when the sun's rays fall perpendicularly at the point farthest north on the earth's surface. This limit marks what is known as the tropic of cancer. On December 22 annually the sun's rays fall perpendicularly on the tropic of Capricorn, which divides two zones of the southern hemisphere. For a few weeks the days will be shortened but little, as the sun seems to recede to the south; but after that or about August 15 they will begin to shorten quite rapidly.

Former President of United States and
Great Democratic Statesman
Passes Away.

His Health Had Been Feeble For Some Time [But
The News Of His Demise Comes As a Shock
To The People Of America, And The
Nation Is In Grief.

PRINCETON, N. J., June 24.—Former President Grover Cleveland died at his home here at 8:40 o'clock this morning of heart failure superinduced by an intestinal trouble of long standing. The end was unexpected, though his condition had been regarded as serious. Mrs. Cleveland was with him when he passed away, but his children were away from home.

Stephen Grover Cleveland was born March 18, 1837 in Caldwell, N. J., and was a son of Rev. Richard F. Cleveland. His ancestors were English. He received an academic education and first clerked and then taught school. In 1855 he went to Buffalo as clerk in a law office. He was admitted to the bar in 1859. He was assistant district attorney three years and was sheriff of Erie county from 1870 to 1873.

In 1881 he was elected mayor of Buffalo, and soon became known as the "veto mayor," checking unwise, illegal and extravagant expenditure of public money. In 1882 he was elected governor of New York by a plurality of 192,854 over the Republican nominee, Charles J. Folger.

In July, 1884, the Democratic

political issues. In the election which followed, Mr. Cleveland received a majority of 37 in the electoral college, and a majority in the popular vote of 23,005 out of a total of 10,067,610.

He was inaugurated March 4, 1885, serving until 1889. On March 13, 1885, Mr. Cleveland issued a proclamation to remove the white intruders from Oklahoma, Indian Territory, and after the burning of Aspinwall, Panama, by the revolutionists, March 31, 1885, ordered a naval expedition to protect the Americans and their property. June 2, 1886, President Cleveland married, in the White House, Frances Folsom, daughter of his former partner. With the exception of Mrs. Madison, Mrs. Cleveland was the youngest of the many mistresses of the White House, having been born in Buffalo, New York. By this union four children have been born, one Esther, being born in the White House, September, 1893. Richard Folsom, a son, was born Oct. 28, 1897.

In 1889 Mr. Cleveland was renominated for president, but was defeated by the Republican candidate, Benjamin Harrison. Mr. Cleveland then removed to New York City to practice law. In 1892 Mr. Cleveland was again nominated for president by the Democrats, and elected over President Harrison on a tariff reform platform and campaign. Both houses being Democratic, the Wilson bill, a tariff-for-revenue-only measure, was passed in 1894, but the Democratic party was held responsible for the hard times by the country, and the Republicans won a protective tariff victory in November, 1894, so that President Cleveland had to deal with a Republican congress the last two years of his administration.

eral Johnston.

FRANKFORT, Ky., June 24.—Acting Gov. Cox has directed Adj. Gen. Johnston to reduce the militia in Night Rider territory one-third. This follows reports from officers in command in various sections. was willing to go anywhere they saw fit to send her. She said she did not know anything about the way she acted when arrested.—Henderson Journal.

ELECT A PRINCIPAL

MISS MILLS

Mr. McDonald, of Gainesville, Texas
Is Chosen by The Board of
Trustees.

The board of trustees of the public school, at a meeting held yesterday afternoon, elected E. C. McDonald, of Gainesville, Texas, as principal of the Hopkinsville High school, to succeed Miss Lelia D. Mills.

Mr. McDonald is a Virginian by birth and a graduate of Hampden-Sidney college. He has had nine years experience in High school work in Virginia, West Virginia and Texas. For five years he has been professor of latin in the Gainesville schools.

Supt. Hamlett personally knows Mr. McDonald and his ability and is confident that he is the right man for the place. Mr. McDonald will arrive in Hopkinsville on a short visit this week. He is about thirty years old and unmarried.

Pleads to Return.

Tommy Rodgers, or Thomas McCrea, he answers to either name, who was brought to Louisville from Trigg county, Ky., and placed in the receiving home of the Kentucky Children's Home society, on Von Borries avenue, disappeared Sunday afternoon and was found last night trying to get through railroad guard gates to catch a train. Tommy pleaded with the officer who took him in custody, saying that he was a country boy and could never get used to the ways of a big city. He was returned to the home.—Louisville Times.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading physicians and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

STAR WITNESS

The fire of an alleged wronged woman is powerful and accomplished something that threats of death from Night Riders failed to do, as rather than face his wife Sanders Hall, the confessor king bee of the Night Riders pulled his freight from Paducah yesterday and skipped out or is in hiding, as his wife came down from Lyon county and secured from Judge David Cross, a warrant charging that Hall and a woman Minnie Bean were living as man and wife at a certain boarding house in Paducah. Before the authorities could nab Hall and the female so accused, they had left and cannot now be located.

Hall is the fellow who six weeks ago came here from Lyon county and made a confession in Paducah to County Attorney Walter Krone, of Lyon, in which he acknowledged to taking part in the night riding raids of that vicinity, while he also gave the names of about fifty other parties he charged with being along. These parties will be indicted, and fearing violence may be attempted him in Lyon county, Hall has remained in Paducah to wait until the trials come up at Marion, Ky.

SHERMAN NAMED ON REPUBLICAN TICKET

Like Taft, He Was Nominated on the First Ballot, Receiving 816 Votes.

Nominations of Taft and Sherman Completed the Business and Convention Adjourned Sine Die.—Result of Convention Shows How Taft Was Always in Control.

CHICAGO, June 19.—Following the precedent established yesterday, it only required one ballot for the Republican convention to name a candidate for vice president, the roll call showing that James Schoolcraft Sherman, of New York, had received 816 votes. The boom for Mr. Sherman was only launched yesterday, but once started it gained strength so rapidly that he swept everything before him or when the vote was called, his was really the only name before the convention.

Gov. Willson, of Kentucky, made one of the speeches seconding the nomination of Mr. Sherman. This completed the business before the convention and the motion to adjourn sine die was carried amid much enthusiasm.

The Republican candidate for vice president was born in 1855 at Utica, New York, where he yet resides. He was thirty-five years of age before being admitted to the bar but his rise was rapid. He was elected mayor of Utica in 1884 and served one term. He was chairman of the Republican state convention in New York in 1895 and 1900.

He was elected to congress in 1887 from the Twenty-third district and has been a member of that body ever since, serving until 1891 from the district which elected him, from the Twenty-fifth district from 1893 to 1903 and from the Twenty-seventh district from 1903 to 1907.

Aside from his political career, he is a successful business man and is president of the Utica Trust and Deposit company.

CHICAGO, June 19.—For president of the United States, William H. Taft, of Ohio.

Taft on the first ballot; Taft by 702 votes; Taft by the unanimous choice of the convention.

Such is the record of the culmination

day of the Republican convention of 1908, effected amid scenes of tumultuous enthusiasm and after a nerve-racking continuous session lasting nearly eight hours.

The picture within the walls of the vast amphitheater as the presidential candidate was named yesterday was one truly grandiose in its magnitude. In front, to the right and left, below and above, the billowing sea of humanity, restless after hours of waiting, and stirred from one emotion to another, was in a fever of expectancy for the culminating vote.

The favorite sons of other states had been named, save Knox and LaFollette and now on the roll call came Ohio. As the Buckeye state was reached, the tall, gaunt form of Theodore E. Burton, with student-like face and severe black clerical garb, advanced to the platform to nominate Ohio's candidate. He spoke fervently, with the ringing voice of an evangelist which went through the great building. The close of his speech of nomination was the signal for loosing the long pent-up feeling of the Taft legions. Instantly the Ohio delegates were on their feet, other Taft states following, while the convention hosts in gallery and on the floor broke into mad demonstration.

"Taft, Taft, W. H. Taft," came in a roar from the Chicagoans.

A lull gave the opportunity for the speech seconding the Taft nomination by George H. Knight, of California, his big, round face beaming forth on the sympathetic multitude and his splendid baritone voice welling forth like the tones of a great church organ. California's tribute to Taft was brief and fervid. Now

WILLIAM H. TAFT.

there was another lull in the Taft movement, while the remaining candidates were placed in nomination.

A hush of expectancy hung over the assembly as the roll call proceeded. Hasty summaries showed that Taft was far in advance. When New York was reached, the Taft column totalled 427. Ohio carries the Taft total to 511, or 20 more than enough to nominate. Still the call went on until the final result was announced by Chairman Lodge.

TO ITS OLD OWNERS

TENNESSEE CENTRAL RAILROAD WILL REVERT

Options Held By I. C. And Southern Will Not Be Exercised; It Is Reported.

NEW YORK, June 20.—The Illinois Central, it was learned yesterday, has decided not to exercise its July 1 option on a controlling interest in the Tennessee Central, and on that date it will give up the operation of this line, over which the Illinois Central reaches Nashville. The Southern railway which, along with the Illinois Central, has an interest in this option, will not exercise its rights, as was made known some time ago, so that July 1 control of the Tennessee Central railway will revert to its former owners.

This means the abandonment by the Illinois Central of a line under its own control in Nashville. It was said that the line to Nashville had been operated at a loss, and therefore its abandonment would be profitable to the Illinois Central, rather than otherwise.

ADOPTS CHICKENS

REMARKABLE DOG OWNED BY MISS WEST

Miss Alice West, stenographer in the office of County Judge Prosser, owns a handsome dog named Sam that has attempted the seemingly impossible in assuming the role of mother to a brood of nine downy young chicks and attempting to raise them to full grown chickenhood. So far Sam is progressing finely.

The chicks were hatched out about two weeks ago, there being ten in the brood but one was pecked to death by the unnatural mother hen, before she made matters even worse by deserting the rest of the flock. Two other hens on the place were setting and could not take charge of the brood and it seemed that they were doomed to destruction.

The dog, though, seemed to realize the dilemma of the hopeless chickens and he took them under his care. Now he watches his adopted flock with as much devotion and interest as would a hen. He does not attempt to find food for them for they have gotten strong enough to scratch for themselves. He does see to it though that they do not stray onto any dangerous or forbidden ground and if he sees them passing what he considers the danger line he very carefully and gently, but none the less firmly, pushes them about with his nose until they are back on the territory where they belong. So far Sam has not lost a single one of the chickens and they are thriving unusually well under his care.

Mrs. S. L. Bowen, of Waynes, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." Foley's Kidney Remedy works wonders where others are a total failure. L. A. Johnson & Co.

THE SUNDAY SCHOOL.

Lesson XIII.—Second Quarter, For June 28, 1908.

THE INTERNATIONAL SERIES.

Text of the Lesson, Eph. v. 6-20—Memory Verses, 15, 16—Golden Text, Eph. v. 18—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1908, by American Press Association.] Self is a great master and a monster with which we have to deal and which in many is never fully subdued. It may be drunken with sober, moral or immoral, religious or irreligious, righteous or unrighteous, but if it is self it is not only not of God, but it is against God. It is incorrigibly corrupt and must be delivered to death. It is darkness and therefore opposed to light, and who ever says otherwise is talking vain words which tend toward the wrath of God (verse 6). This self life or old man or carnal mind or natural man must be put off, kept under, denied, reckoned dead, that the new man, Christ in us, may have full control.

There is a glory which wins us, a love which constraineth us and so occupies the heart and the affections that if we rightly see Jesus in His life and death and resurrection and ascension and coming kingdom we are made gladly willing—yes, earnestly desirous—to have done with the unfruitful works of darkness and walk as children of light (verses 8-12). The Lord does not seek to drive us to this, but to draw us by "His great love, wherewith He loved us, even when we were dead in sins" (Eph. ii. 4, 5). In the opening chapters of this epistle He tells us of the riches, the unsearchable riches of His grace and glory, the redemption which is ours through His blood, the eternal purpose into which we have come in Christ to be consummated only in the ages to come, and then He beseeches us because of all this to walk worthy of this calling, to walk in love and in the light circumspectly, kind to and forgiving one another, looking onward to the time when the church shall be a glorious church without spot or wrinkle or any such thing. Therefore He would have us arise from the sleep of death which seems to have overcome so many and redeem the time or buy up the opportunities which are slipping by so fast (verses 14-16).

That word in verse 14 takes us back to Isa. lx. 1-3, and on to the time when Israel, as a nation shall welcome her Messiah and then so shine that the nations shall come to her light and kings to the brightness of her rising. If believers now would let the beauty of the Lord be seen upon them and let His spirit fill them, the whole being yielded to the Lord, then those who know not the Lord might be drawn to Him and the church hastened to completion. The complaint of Paul by the Spirit in Phil. ii. 21, "All seek their own, not the things which are Jesus Christ's," is sadly true today of the professing church as a whole, but He is not discouraged (Isa. xlii. 4), and there is no reason for His followers to be. In spite of all the power of the great adversary He will complete His church and bring His kingdom.

Where does the lesson on so called temperance come in in this study? In verses 11 and 18 we read, "Have no fellowship with the unfruitful works of darkness" and "Be not drunk with wine, wherein is excess." The woes and abominations of the drunkard are more fully set forth in some other lessons we have had, such as Isa. v and xxviii, but we must not forget that drunkenness is only one phase of the self life and there is a drunkenness wholly apart from wine or strong drink (Isa. xxix. 9). A man might be a ruler in the church or a preacher, temperate in all things, an upright, honorable man in the eyes of his fellows, and yet on his way to the same hell as the drunkard, for even such as Nicodemus must be born from above if he would see the kingdom of God. The greatest question is not one of temperance or intemperance, but what have I done with Jesus Christ? God has infinite cost, even the sacrifice of His own Son to bear the sins of the world, provided eternal redemption for all mankind, and the great and only important question for every sinner (for all have sinned) is, Have I accepted the Son of God as my Saviour—am I under that precious blood which alone can save me from eternal death? Then to all such come the exhortations of this epistle, for these epistles were written to the saints (chapter i. 1)—that is, to saved sinners.

Sinners are saved not merely to deliver them from hell and get them to heaven, but that others may be saved through them, and therefore, among other exhortations, this one, not to be filled with wine, but to be filled with the Spirit. Wine tends to self exaltation, but if filled with the Spirit we loathe and abhor self and exalt the Lord alone, whose love is better than wine (Song i. 2, 4). Instead of the song of the drunkard it will then be spiritual songs and melody in the heart to the Lord (verse 19). It will be the new song of the new creature in Christ, full of thanksgiving for the great redemption and for the all things included in it (verse 20 and Rom. viii. 32). We will then see in all things pleasant or unpleasant something to be thankful for, the good and acceptable and perfect will of God, the perfect submission which was seen in Christ manifest also in us by the same Spirit. The devil hates a life like that and will put up the strongest possible fight against it; hence see chapter vi. 10-18. God is able to make us to stand and withstand, and He will if we let Him.

JOHN ED BUCHANAN

POPULAR CITIZEN DIES IN EVANSVILLE HOSPITAL

Bright's Disease the Cause.—One of Hopkinsville's Best Known and Liked Men.

(From Monday's Daily)

John Ed Buchanan is dead. The sad announcement will cause genuine sorrow and regret throughout the community, and to his many friends and intimates it comes as a severe shock. Mr. Buchanan was one of Hopkinsville's most popular citizens and a man of large and varied usefulness. He was active in business circles and in the van of movements to advance the material and moral interests of the city. Having a bright mind, stored with interesting and valuable information gathered from contact with people in many parts of the world, a keen and lively sense of humor, generous impulses, rare wit and a buoyant disposition, he was a delightful companion, and he was as highly respected and esteemed as he was cordially and personally liked.

Mr. Buchanan was born fifty-two years ago in Campbellsville, Ky., and was a son of the late Augustus Buchanan, for many years a resident of Hopkinsville. After acquiring a good education in the Campbellsville schools, Mr. Buchanan studied pharmacy and for a number of years was in the drug business. On one occasion, in Louisville, there was an explosion of chemicals in the drug store with which Mr. Buchanan was connected. At the risk of his own life he fought his way through flames and smoke into a cellar where a little boy had run in terror at the explosion, and brought the child to a place of safety. Mr. Buchanan was dreadfully burned, and was in a hospital in Louisville several months, his life hanging as by a thread. He carried the marks of his heroic act to his grave. For some time Mr. Buchanan was editor of a newspaper published at Adairville, and for nine years was connected with the business offices of the great Armour Packing company in Chicago.

He came to Hopkinsville to reside in 1893, and engaged in the insurance and abstract business, being associated with John T. Edmunds. He continued these duties with the exception of three years spent in the United States army. At the time of the Spanish-American war, he enlisted and served one year in Cuba and two in the Philippines.

Mr. Buchanan had been afflicted with a kidney disease since his return from the army, and some time ago Bright's disease was developed. He left here last Friday and entered a sanitarium at Evansville where he died last night about 7 o'clock. The remains will be brought to Hopkinsville this afternoon at 5:15, and funeral services will be held tomorrow afternoon at 4 o'clock at the residence of his brother-in-law, Mr. W. H. Everitt, on West Seventh street, where he had made his home. Mr. Buchanan is survived by his sisters, Mrs. Everitt and Miss Florence Buchanan, to whom, as well as to Mrs. Everitt's family, he was fondly devoted.

The funeral will be conducted by Rev. Millard A. Jenkins, pastor of the Baptist church, and the remains will be interred in Riverside cemetery.

The healthy old man wears his gray hairs like a silver crown. What if he be threescore and ten if there is still fire in his eye, firmness in his step, command in his voice and wisdom in his counsel? He commands love and reverence. Yet how few wear the mantle of age with dignity. Dim eyed, querulous of speech, halting in step, childish in mind, they "lag superfluous on the stage," dragging out the fag end of life in a simple existence. The secret of a healthy old age is a healthy middle age. The man who takes care of his stomach, who keeps his body properly nourished, will find that the body does not fail him in old age. The great value of Dr. Pierce's Golden Medical Discovery lies in the preservation of the working power of the stomach and other organs of digestion and nutrition. From this center is distributed the nourishment of the whole body, the salt for the blood, the lime for the bones, phosphates for the brain and nerves. A sound stomach means a sound man. A man who keeps his stomach sound by the use of "Golden Medical Discovery" will wear the crown of gray hairs as befits a monarch, with dignity and ease. RENDERS OPINION

IN FAVOR OF THE INSURANCE COMPANIES

Judge Sandidge Decides They Are Exempt by Reason of "The Riot Clause."

RUSSELLVILLE, Ky., June 22.—The insurance companies which had policies of insurance on the tobacco destroyed by Night Riders in Russellville won a signal victory in the opinion handed down by Judge Sandidge here. The companies refuse to pay the losses on the ground that they were exempted from payment under that clause in the policy which excuses them from payment of a loss that is caused directly or indirectly by riot. They insisted that the losses in question were caused by "riot."

The plaintiff, on the other hand, contended that the clause in question did not excuse the companies from payment of a loss by fire caused by a "riot," but merely a loss caused by the rioters other than a fire loss, such as a destruction of the property by means other than by a fire.

The case was elaborately argued about two weeks ago and in an elaborate opinion handed down by Judge Sandidge he sustains every contention of the insurance companies and holds that it would be doing violence to the policy and to the intention of the contracting persons to take any view other than that contended for by the insurance companies. The losses at Russellville amount to something over \$20,000.

About People and Things

Their large circle of devoted friends and admirers will learn with genuine regret that Mr. and Mrs. William H. Olvey will shortly remove from this city to Louisville to reside. They have made their home here for twenty-two years. Mr. Olvey is one of the most skillful and best known jewelers the city has ever had and a valuable and popular citizen. Mrs. Olvey's lovely personality and charming manners made her a favorite. They formerly lived in Louisville where they both have many relatives.

One of the interesting and enjoyable entertainments incident to the annual outing of the Kentucky Press association was a reception which was given Thursday afternoon from 4 to 6 o'clock at the hospital home of Mr. and Mrs. W. N. Stice, of Cerulean. The hosts were aided in receiving the guests by several popular Cerulean ladies, and the event was much enjoyed by everybody. The residence was elaborately decorated and pretty girls pinned bouilloniers of "pennynill" on the editors' coats. Delicious refreshments were served.

Col. E. Polk Johnson, one of Kentucky's distinguished citizens, is visiting in Hopkinsville on his way to his home in Louisville after attending the press meeting at Cerulean. Col. Johnson's fame as a journalist is of national extent and while he has not been on the tripod for many years, he is an honorary life member of the Kentucky Press association, and dearly loved by every newspaper man in the state. Until recently, when voluntarily, he retired from active duties, he represented the treasury department of the United States government at important stations in America and foreign countries.

Dr. and Mrs. G. E. Medley have decided to remove to Cadiz where they will hereafter reside and Dr. Medley will resume the practice of his profession. They have won an enduring place in the hearts of many friends here, and the best of wishes for happiness and prosperity will follow them.

NEW OIL COMPANY

The Standard Oil company, which has had things its own way so long in Hopkinsville and Christian county is to have competition from the Indian Refining company, of Cincinnati. There have been rumors of this for some time but nothing definite was known until now.

The Indian Refining company does not propose to do the thing half way either but it has shipped big tanks similar to those now used by the Standard, in which it will keep a big supply of oil at all times. Upshaw Woodriddle, a popular citizen and good business man, will be the local representative.

BY A GREAT CROWD

OPENING AT SALUBRIA SPRINGS WAS ATTENDED

Large Number of Hopkinsville People Present.—Everybody Pleased With Place and Its Hospitality.

The opening of Salubria Springs was indeed a most successful event. For some time Saturday the 20th has been looked forward with pleasant anticipations by those who expected to be present from Hopkinsville and adjoining places. While the day of the week set for the opening was inconvenient for our people still about one hundred attended, and helped to swell the large number of visitors to the new summer resort. Many from Pembroke and other places were present and the number registered was about two hundred and fifty. Lebkuecher's band from this city gave a most delightful program, commencing 2 p. m. and continuing until 8 p. m., and the guests as they arriving were greeted with inspiring melodies.

Upon arrival the guest took a general survey of the beautiful grove shaded by spreading oaks, plentiful enough to furnish ample shade, and perfect retreats for those who seek quietude and peace. A walk to the old spring was made before supper, for a refreshing drink of this famous sulphur water. Dinner was announced at 6 p. m. and Mr. Ackerman who has charge of the culinary department fully sustained his former reputation as a caterer. The menu was lavish, and the service most satisfactory.

Music, dancing and social intercourse were enjoyed until a late hour, when departures were taken, and the guests remaining retired to well appointed rooms with new and comfortable beds to enjoy the refreshing breeze that seems to be ever present at this famous spot. The hotel is a well appointed, neatly furnished, two story building, with very wide veranda and balcony supported by large white columns, and fronting toward Pembroke, and the old Cumberland Presbyterian church, with a history of nearly a century, which nestles on part of the spring property.

Sunday was a most enjoyable day. The Pembroke military band gave a very fine concert in the afternoon and evening. Pembroke is to be congratulated upon the possession of such a fine band. Many new visitors came to spend the day, and to remain over during the evening.

Mr. D. L. Lander, the president of the company, is the manager and he expressed himself of being much pleased with the large attendance at the opening. Mr. Lander says that he will be unable to have everything just as he has planned for some time still he will make all who come have a good time, and give them something good to eat.

Below is a partial list of those who attended from Hopkinsville:

What's the Matter With Hopkinsville? SHE'S ALL RIGHT!

—KENTUCKY PRESS ASSOCIATION.

Instead of adopting a set resolution expressing their thanks and appreciation of the hospitality shown them in Hopkinsville, the members of the Kentucky Press association took up the matter in an informal manner Thursday morning and each one wrote out his opinion in his own way and signed his name to it. It is impossible to give all of these, but some of them were as follows:

E. POLK JOHNSON—"Your paper is not large enough to contain a full expression of my appreciation of the beautiful hospitality of the good people of Hopkinsville. Everything looking to our comfort and pleasure was just as it should be. Joy was unconfined and no hoof beat of nocturnal equestrians was heard to disturb or make us afraid."

C. E. WOODS, of the Richmond Delta—"Our Canadian trip about 1901 has held the banner until this year. Thanks to Hopkinsville, Wilgus, Meacham and Underwood, we shall hereafter call 1908 our banner trip from the point of hospitality extended to us."

W. S. HUDSON, of the Barbourville News—"Hopkinsville certainly delivers the goods. One of the most enjoyable features of the 1908 meeting was the trip to Hopkinsville."

W. VERNON RICHARDSON, secretary of the association, a bachelor and editor of the Danville Advocate—"The most delectable entertainment ever tendered the K. P. A., since my tenure of office of secretary, was that so graciously extended by the good people of Hopkinsville. Nothing was left undone that lent to the pleasure of the press. The hospitality that was bestowed was only exceeded by the beauty and perspective of the lovely girls of the splendid city, who easily held their own with the fair queens of the Blue Grass region."

R. W. BROWN, managing editor of Louisville Times—"Hurrah for

Hoptown! She only surrenders to the K. P. A."

JUDGE E. BARRY, of the Benton Tribune—"The entertainment was the finest ever given us."

JOHN S. LAWRENCE, of the Cadiz Record—"Hopkinsville certainly maintained its reputation for 'doing things' in its royal reception to the K. P. A."

JOHN J. BARRY, of the New Haven Echo—"Hoptown seems to want first place in my memory. Before getting over the dose of thirty years ago I have received another injection that will last me for life."

GEORGE H. PETERS, of the Louisville Times—"May the Kentucky Press association meet annually at Cerulean Springs and Hopkinsville. The hospitality of the citizens of Hopkinsville is the genuine article, the kind that makes Kentucky famous."

TIM NEEDHAM, of the Williamson Courier, and the newly elected president—"The reception was a delightful one and everything they did for us was out of the ordinary except the 'light refreshments' just at parting and they were served 'in the ordinary'."

CHARLES J. CRUISE, of the Kentucky Elk, Louisville—"The hospitality of Hopkinsville will never be forgotten by those who had the pleasure of being guests within her gates."

H. P. SUMMERS, of the Smith's Grove Times—"While Mr. Wilgus is one of the finest entertainers we find that Hopkinsville is filled with many such gentlemen. Long may she continue to prosper."

N. H. M'NEV, of Carlisle—"Do not see how they could do more for us. It was in the superlative degree."

J. C. ALCOCK, of the Jefferson-town Jeffersonian—"Our trip to Hopkinsville was a round of profit and pleasure from start to finish."

E. A. JONAS, of the Henderson

Journal—"Sunshine and smiles and the glad hand that starts spontaneously from the heart beat; the heart that beats for others, feels through others and is all—compounded of self forgetfulness. Kentucky hospitality is emblematic of the word—Hopkinsville's is quintessential."

CAPT. R. S. POOL, of Cerulean—"The hospitable people of Hopkinsville surely did treat the K. P. A. most royally and grandly."

S. K. VAUGHT, of the Somerset Times—"Hopkinsville fooled me. Heard about the old town all my life and she is in a class to herself. When it comes to showing hospitality of the good old Kentucky style, it tops the best of them."

The New Era could not without "frantic boast"—if a Kipling phrase may be borrowed—say how proud it is of Hopkinsville's generous entertainment of the newspapermen and the ladies of the K. P. A.

The unanimity with which the citizens entered into the project showed the civic pride in their home town was one of the strongest characteristics of its people. At the depot scores of citizens with vehicles, either their own or hired for the occasion, greeted the guests. After the line of march had been taken up one person who counted the vehicles as they passed out Seventh street to the asylum said there were sixty-four in line and all filled to their capacity. The merchants had special window displays and, with the banks, kept their places of business open that night for the inspection of the visitors and everyone highly complimented the appearance of the town. Metcalfe's greenhouses were visited by the entire body and enthusiastically praised. Mr. Metcalfe bestowed flowers in the greatest profusion upon the pencil pushers which were duly appreciated.

ciated.

The executive committee under the splendid leadership of Chairman W. A. Wilgus, had a great load on their shoulders but they made a perfect success. Mr. C. Forbes, George E. Gary and the other employees of the Forbes Manufacturing company showed the proper spirit in so handsomely entertaining the guests at the Mogul Wagon works. Dr. Stephens and his assistants at the asylum were ideal hosts and left nothing undone for the pleasure of the visitors. John Stites, chairman, and the committee on securing vehicles saw to every detail of this part of the work. Landlord Brewer, of Hotel Latham entertained in lavish style. Lebkuecher's band, both in the afternoon and at night, even exceeded their own past good record. The organization has long been one of the institutions in which Hopkinsville takes pride. Mr. Lebkuecher conducted the band in a captivating style. Very many others contributed in various ways to the success of the day and to everyone who in any way assisted the heartiest thanks are due.

6 Pieces "Sanito" Cooking Ware

Absolutely Given Away!

FREE

Absolutely Given Away!

What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what preceded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

How To Get It.

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

How to Cure Liver Trouble

There are usually several ways to do a given thing, but it is the aim with all of us to find the best and shortest way. It is just so in the cure of disease. People suffering from liver trouble imagine that all they have to do is to take something that will physic them. There is more than that in the cure of so serious a disorder as liver trouble.

When that drowsy, clogged up feeling comes on you go to a drug store and ask for a 50 cent or \$1 bottle of Dr. Caldwell's Syrup Pepsin. Take a dose or two and watch results. It will not only clean out the bowels and stimulate the liver, but it will get the blood circulating so that you feel active again, and arouse the functions of the stomach so that your appetite returns and you feel like your old self again. A simple laxative or purgative could not do that. Dr. Caldwell's Syrup Pepsin is not only a wonderful laxative but it has tonic properties, so that, unlike so many other things, instead of leaving you weak and drawn it builds you up and strengthens you.

It does not gripe—it acts smoothly, oiling the intestines so that the passage is smooth and agreeable. It is a pleasant, pleasant to the taste and pure in quality. It is an excellent, economical Home Cure, and its results are permanent. It is absolutely guaranteed to do what is claimed for it.

Use it for occasional or chronic constipation, dyspepsia, indigestion, biliousness, sour stomach, bloated stomach, flatulency, diarrhea, and the down and one other ill of the stomach, liver and bowels. It is the greatest of household remedies and so family should be without it because in a family someone at any moment may need such a laxative and then you will appreciate having Dr. Caldwell's Syrup Pepsin in the house.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Send for it if you are a sufferer from indigestion, biliousness, sour stomach, flatulency, diarrhea, and the down and one other ill of the stomach, liver and bowels. A guarantee of 100% satisfaction. MANY INDICTMENTS

RETURNED BY GRAND JURY AFTER WHICH IT ADJOURNS

One Charges Gano Warder With Night Riding.—Another is Against International Harvester Co.

From Friday's Daily

The grand jury made their final report Thursday afternoon and were discharged from further duty. They handed in a number of indictments. One of those returned was against Gano Warder, or Waters, as it is in the indictment, formerly city marshal of Gracey, charging him with "confederating and going forth for the purpose of destroying and destroying property," it being alleged that he was a member of the band of Night Riders that raided Hopkinsville on the night of December 6. Mr. Warder was arrested by Deputy Sheriff J. W. Smith at the corner of Main and Seventh streets. The bond was fixed at \$1,000, which was given at 2 o'clock this afternoon.

Another indictment, which is the first of its kind yet found in Christian county, was against the International Harvester company charging for the purpose of fixing, regulating and controlling the prices on harvesting machines. The names of seven witnesses appear on the indictment, these being farmers and dealers. One of the witnesses lives at Clarksville. For several terms of court Judge Cook had admonished the grand jury to return indictments against trusts if possible, and now that one has been found its course will be watched with interest. The town of Fairview is charged with maintaining a nuisance. The indictment alleges that for about two years the town has permitted a big mudhole to remain in the street, in front of the Western Union Telegraph company. Mr. Bell claimed that a telegram apprising him of the death of his sister was not delivered as soon as it should have been and he was damaged in the sum of \$500.

A verdict for \$10 damages was returned yesterday in favor of D. D. Bell in his suit against the Western Union Telegraph company. Mr. Bell claimed that a telegram apprising him of the death of his sister was not delivered as soon as it should have been and he was damaged in the sum of \$500.

The grand jury also failed to indict Nick Green, who has been held in jail on a charge of murder, and he was ordered released from custody. The charge of manslaughter against Rush McReynolds, the negro who was charged with so severely beating and choking his wife that she died from the effects, was reduced to assault and battery to which he pleaded guilty and a fine of \$15 was assessed against him.

IT SAVED MY LIFE. WRITES ECZEMA PATIENT.

Bed-Ridden Sufferer Completely Cured by Use of D. D. D. External Wash.

One of the most remarkable Ecze-ma cures recently credited to the well known D. D. D. Prescription has just been recorded in Chicago. Mrs. E. Hegg, 1550 West Madison street, under date of Dec. 9, 1907, writes as follows:

"I suffered three years with Weeping Eczema. It started with a little spot on my knees and spread fast all over my body. I spent hundreds of dollars and went to every good doctor I heard of, but kept getting worse. Nothing would stop the awful itch and burning.

"I had to stay in bed from the middle of May to the middle of July. Then I tried D. D. D. Prescription. This is the 9th of December and I am entirely free from the terrible disease. D. D. D. saved my life.

"When I began this treatment, people were afraid of me I looked so terrible. My husband was the only one who would care for me. D. D. D. stopped the itch at once so I could sleep, which I had not done before. Then I began to get better fast and now my skin is clean and white, not a spot anywhere."

Just a few drops of D. D. D. Prescription applied to the skin brings relief—nothing to swallow or drink. We vouch for D. D. D. Prescription, also the cleansing D. D. D. Soap. Get a bottle today if you have any skin disease. Begin your cure at once. For sale by L. L. Elgin.

BANQUET CLOSED

THE EDITORS REUNION AT CERULEAN SPRINGS LAST NIGHT

Business Was Completed Yesterday.—Everybody Happy Over The Enjoyable Meeting.

CERULEAN SPRINGS, Ky., June 19.—The Kentucky Press association after one of the most delightful outings in its long history, concluded the thirty-ninth annual meeting yesterday afternoon with the election of officers. Last night a banquet was tendered to the editors and ladies by Capt. and Mrs. R. S. Pool, the popular hosts of this beautiful resort. It was a brilliant occasion and a fitting climax to the many charming social festivities. The proprietors of the hotel were excellently assisted in making the affair a success by W. A. Wilgus, who, both here and at Hopkinsville, has had personal supervision of the entertainment of the newspapermen. Most of the press folk left today for their respective homes, bearing with them delightful memories of the entire meeting. The journalists are enthusiastic in their praise of the lavish hospitality of Cerulean and Hopkinsville.

All of the elections of officers were made by acclamation, with the following result:

President—Tim Needham, The Courier, Williamsburg, Ky.

Vice president—T. C. Underwood, Kentucky New Era, Hopkinsville.

Secretary-treasurer—W. Vernon Richardson, The Advocate, Danville.

Eloquent nominating speeches were made, respectively, by Col. E. Polk Johnson, C. M. Meacham and Edward A. Jonas.

At the banquet last night President Needham appointed the executive committee as follows: A. D. Miller, Richmond chairman; W. B. Haldeman, Louisville; Judge E. Barry, Benton; H. B. Summers, Smith's Grove; R. B. Perry, Winchester. At the banquet Mr. Edward A. Jonas, of Henderson, was a captivating toastmaster, and happy responses were made on the following live topics:

"How We Make Presidents," Tim Needham.

"Being a Bachelor," Vernon Richardson.

"Silence is Golden," T. C. Underwood.

"Doing Others Good," Green R. Keller.

"Private and Personal," Miss S. R. Marcum.

"The Mayor's Nest," Charles M. Meacham.

"Our Homes and Country," Ward Headley.

The tables were gorgeously decorated with flowers presented to Capt. and Mrs. Pool by the Kentucky Press association.

Yesterday afternoon, from 4 to 6, a very pleasurable reception in honor of the Kentucky Press association was given by Mr. and Mrs. W. N. Stice, residents of Cerulean, at their hospitable home.

The following telegram was sent to the Kentucky Educational association in session at Frankfort:

"The Kentucky Press association in convention assembled sends greeting and pledges hearty co-operation in advancing the mental, moral and material welfare of our state. Not so much what Kentucky has been, but what it may be, should be the inspiration of the state's educators and its press."

Rules were suspended yesterday for the introduction of expressions of appreciation from all of the editors present for the elaborate courtesies extended to them by the people of Hopkinsville. Scores of signed statements complimenting most heartily the beauty and progressiveness of the city, and the tenor of the symposium was that more delightful hospitality had never been experienced by the members of the association.

MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of **Mother's Friend** before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. **Mother's Friend** makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy.

Sold by druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

The last of living ex-presidents was removed Wednesday by the death of Grover Cleveland. He was a really great man and history will accord him high honor, though many in his own party sought to disown him because he thought his own thoughts. Serene, courageous, clear-headed, he went his way, and political shafts found him practically invulnerable. Before his death, even those who had most reviled him had learned something of his true worth and accepted him as America's most distinguished private citizen.

David B. Hill has gone abroad for the first time but he should prove a good sailor after being so often at sea in the ocean of politics.

Owing to the scarcity of the timber supply the several political parties of the present year should try and get along with a few planks as possible in their platforms. Save the pulp!

Some of those presidential aspirants who have been sawing wood or a year or more may find consolation in the thought that the exercise was good for them.

Three of the biggest piano manufacturing concerns in the country have been merged into a harmonious trust.

Governor Johnson says his name may not be presented at Denver. Recent events have shown that if it were the formality would be but an empty compliment.

"Senator 'Jeff' Davis is no joke" says the Cleveland Plain Dealer. No, indeed; when one thinks of poor Arkansas and some of the great men who have represented here in the senate, he is anything but a joke—he's a problem and almost a tragedy.

A contemporary notes that "Admiral Evans retired to private life without carrying a quarrel with him." The president might cite the admiral as evidence of the correctness of the Roosevelt idea of a big navy. "Fighting Bob" was always in trim for all hostile comers; hence there were no hostile comers.

WOODMEN OF WORLD

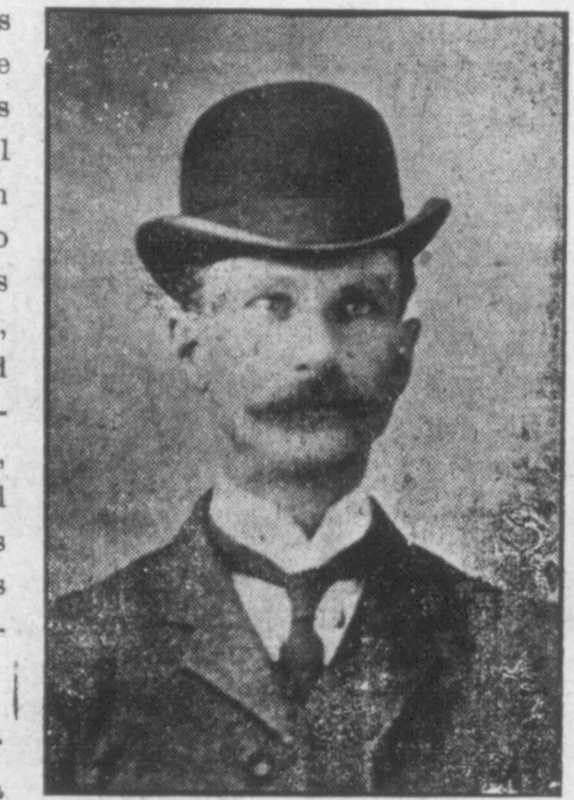

HAVE FORMAL OPENING OF THE NEW HOME.

Beautiful Club Rooms and Commodious Hall.—The Young People Enjoyed A Ball.

(From Wednesday's Daily)

The handsome home and club-rooms of the Hopkinsville camp of the Woodmen of the World were formally opened last night and the occasion was one of great pleasure.

The third story of W. T. Cooper's Main street building has been remodeled to suit the requirements of

J. D. HIGGINS, Chairman Home Committee.

the lodge, and no more commodious or inviting quarters can be found anywhere.

The general work of letting contracts and fitting up the hall and club was under the charge of the following excellent committee:

J. D. Higgins, chairman
 J. D. Russell T. S. Torian
 Will Williamson, R. C. West.

This committee has labored zealously and efficiently, and the beauty and comfort of the home reflects infinite credit upon the taste and good sense of the committee. The large hall, with its perfectly waxed dancing floor, the club apartment with billiard and pool tables, the dining rooms, kitchen, bath rooms and library are all handsome in appearance and perfectly adapted to the needs and wishes of the members. The culinary department is in charge of William Moore, colored, a famous cook.

The officers of the lodge are:
 W. H. Elgin, council commander.
 Garland Jones, adviser.
 T. S. Torian, banker.
 Dr. A. H. Tunks, clerk and secretary.

Will Williamson, past C. C. Last night, the rooms were thronged with friends of the Woodmen. After an informal reception, and an eloquent address of welcome by County Attorney John C. Duffy, delicious refreshments were served. Misses Nora Higgins and Susan Moss presided at the punch bowl. From 10 o'clock to 1:30 this morning the young people enjoyed a ball. Lebkuecher's splendid orchestra furnished delightful music both for the reception and the dance.

The Woodmen will keep open house all of this week. The lodge is in a most flourishing condition and, with an additional attraction in the form of fine club rooms, its popularity should increase by leaps and bounds.

LOOKING BACKWARD

INTERESTING REMINISCENCES OF DAYS LONG GONE

Prof. Lindsay Tells About The Pioneer Press of Hopkinsville In Its Village Period.

Mr. Editor:—In a late number of your paper you printed the names of one or more of the newspapers published in Hopkinsville years ago. I did not discover the name of "The Spy," started in about '28 or '27 by David S. Patton.

In 1828, Livingston Lindsay, a graduate from the first class that ever studied law in the University of Virginia, came to Kentucky and stopped at his brother's who had moved to Todd county about 1816, and was county surveyor and a school teacher, and was the first postmaster and gave the name of Pembroke to the postoffice, which was then located a mile or two east of its present location.

Livingston Lindsay's first occupation was school teaching. He afterwards moved to Hopkinsville and bought "The Spy" of Mr. Patton which he published about two years, when he was called to Princeton to take the professorship of mathematics, and soon entered upon the practice of law which he continued until the early '50's when he moved to Texas where he became the chief justice of the state.

About 1835, two young printers, A. C. and John L. Goodall, came from Louisville to the town and began the publication of the Hopkinsville Gazette. John Goodall did not remain in the office long and some years after he left E. A. Arnolds, who had learned the printing business with Goodall, took partnership with A. C. Goodall which continued several years, when he sold out his interest in the paper and entered upon the study of medicine. He graduated from a St. Louis medical school and practiced at Cobb until his death at the age of 77 years.

In the early '40's there came to the town from New York two brothers, John and B. Smith. They sold

goods at Sasseen's corner where now stands the City bank. John was a Whig and E. G. a Democrat. He soon started "The People's Press," under the typographical management of George C. Bronaugh, who had learned the printing business in the Gazette office. George was raised a few miles north of town and was quite a poet.

I here append an extract from a letter written to me in March, 1884, by Judge Lindsay:

"When I settled in Hopkinsville in 1829, it was a small village comparatively; I do not recollect the number of the population—don't think it much exceeded 1,500—but it was inhabited by an intelligent and interesting population. It was a cultivated society for what might be called a sort of frontier settlement. Hopkinsville, at the time above adverted to, in her social, moral and intellectual condition could justly enter into rivalry with any community west of the Alleghenies. The manners of her people were polished and refined; her public as well as private morals above reproach, and as little disorder among her people, both town and county, as falls to the lot of the most favored community. Her men of prominence, character and standing, considering her population, were equal to any. When I arrived there I found distinguished gentlemen of the legal profession, Charles S. Morehead, Fidelio Sharp, W. W. Fry, Gustavus A. Henry, J. B. Crockett, Gain Page.

"Two others, Benjamin Patton and Robert P. Henry, had both died a year or two before, and their fame was still echoing through town and county, at the time of my arrival; and not confined to town and county, but reverberating throughout the state. Pardon me, in the hurry of writing I pretermitted two other prominent gentlemen of the profession about that time, James Breathitt and James Ewing, neither of whom lived a great while after. Besides James Buckner was then equipping himself for the struggle. It may be that I have omitted to mention others of that period; but if so it is a lapse of my memory, not intentional.

"Besides these gentlemen of note of the legal fraternity, the medical profession was not less famous for its learned physicians. Dr. John F. Henry, who was afterwards professor in several medical colleges, and a man of unquestioned ability, Drs. Webber, Glass, Montgomery, men of considerable literary attainments, and of undoubted success in the practice of their profession. I cannot now call to mind the names of others, some of whom were just pluming their feathers for the adventurous flight. In addition to these professional celebrities, there were literary gentlemen, not a few, of which a modest ensample was found in the person of Jas. D. Rumsey, who was as guileless as a child, and intellectually as brilliant as the most favored sons of genius. In the private walks of life, too, could be seen men of exalted character and of personal worth and public spirit worthy of all imitation, a specimen of which was plainly manifested in the bearing and conduct of John P. Campbell, Sr., whom I always looked upon as one of nature's noblemen and whose memory I shall always revere as a generous friend. These worthy specimens of the male population of the town, which were much enlarged by many of the county, were supplemented by many high-toned, intelligent, refined women, of whom I will not be guilty of the bad taste of particularizing, but who contributed largely to the many excellencies of the community."

A. C. LINDSAY.
 Cobb, Ky., June 18, 1908.

Selling Too Slowly.

The Mayfield Messenger says: J. W. Usher left Monday morning for Paducah where he goes to take part in a meeting of the executive committee of the Dark Tobacco Growers' association which has been called together by General Manager Ewing, of Guthrie, for the purpose of taking some action, if possible, in order to bring about the sale of the Mayfield tobacco.

It seems that the association tobacco at this place is not being sold as fast as at other places and this meeting is to ascertain, if possible, the cause, also a remedy to get the weed sold.

ECLIPSE ON SUNDAY

OLD SOL WILL HIDE HIS FACE FROM US

The Phenomenon Will be Visible in This Region For Over Three Hours.

For more than three hours next Sunday morning Old Sol will go into partial eclipse when his face will be almost obscured when the eclipse will be visible throughout all of North America, south of Latitude 60, South America, north of the Equator, parts of the Atlantic and Pacific oceans, south-western Europe and West Africa.

The fact that the moon is now almost at its greatest distance from the earth will cause it to appear directly in front of the sun though it will not conceal it. Across Mexico, the gulf and Florida the eclipse will be most nearly total, the area where a central observation may be made being about 200 miles wide.

The eclipse will begin about 8:30 a. m., Louisville time, and will reach its greatest degree at 10:36 o'clock. The eclipse will end at 12:18 p. m. When the eclipse is at his height about three-fourth of the face of the sun will be covered and the greater part of the United States will pass into semi-obscurity.

The eclipse will begin at the right edge of the sun and will gradually cover the lower part of the disc. At its height the moon will transform the sun into a crescent of a width about a third the diameter of the sun. The shape of the sun will readily be seen through smoked glasses.

Christian County.

Although it is yet some time off, considerable interest has been aroused in the meeting of the Society of Equity which is scheduled to be held here on Monday, July 6th, and at which time Cicero M. Barnett, national president, ex-Senator Cantrill, state president, and E. L. Japenport, president of the National Tobacco Growers' association, which is nothing more or less than the tobacco department of the Society of Equity will be here and address the people. All of these officers have been prominently identified with the work of advancing the interests of the society and they will explain here the objects they are striving for and the means through which they hope to secure these ends. Everybody is invited to be present and hear the speeches.

The Society of Equity has never been very strongly entrenched in this county, although it has a good membership in the northern portion. The large majority of the farmers of the county have affiliated with the Planters Protective association.

The date selected for the meeting will also be the day for the regular meeting of the county committee of the Planters Protective association. This body will meet at the courthouse at 8:30 o'clock that morning so as to get through with their business before the other organization begins.

STATE GOOD ROADS

CONVENTION WILL BE HELD ON
JULY THIRD

Experts Will Meet The People At
Eminence.—Will Make a Practical
Demonstration.

Governor A. E. Willson, through the commissioner of agriculture, has called a state good roads convention to meet at Eminence, Ky., on the 3rd of July. The United States government has recently completed a mile of model road at this place, and at the convention object lesson demonstrations will be made with all the most modern road-building machinery, including the King Split Log Drag. Prominent speakers, both from the United States government and from the state college at Lexington will be present.

It is also proposed to make a practical demonstration of the relative value of the different materials available in Kentucky.

It is also the purpose of the convention to form a permanent organization that shall have in view the combination of the good roads interests of the state, to work for better roads in Kentucky, both by securing favorable legislation and by the dissemination of knowledge of the proper manner of building good roads.

This will afford an unusual opportunity to secure information of how to get "good roads" and everyone should avail themselves of the opportunity.

"We doff our hat to Hopkinsville," writes R. D. Moorman in the Breckinridge Democrat. "the beautiful city where genuine, old fashioned Kentucky hospitality reigns throughout the year. Hoptown! you have won our heart. Our greatest desire is that we may again enjoy a visit to you like the one of last week."

The Christian church base ball team turned tables on the Presbyterian brothers at the game this week and won by a score of 5 to 3. Last week the Presbyterians were victorious. The tie will be played off tomorrow afternoon on the South Kentucky college diamond. Both clubs played rattling good ball. The smaller boys of the churches are making their arrangements to follow the lead of the grown ups and the Sunday schools may organize a league of their own. The boys of the Methodist Sunday school have already taken steps to get a team together.

Stanley never told of his finding Livingston with half the pride and gusto of Harry Lipstine in his celebrated monologue on "How I rescued Aubrey Tuggle." Harry gravely asseverates that, after a long and nerve-racking quest, he came across L. Aubrey on the banks of the sunny Tennessee river, coatless, unshaved and pushing a baby buggy. Asking no questions, Harry bundled Mr. Tuggle into the first train and brought him back to the Elks club rooms.

Who knew that solid limestone rock would absorb moisture to a considerable extent? It will probably be news to many people to learn that the absorbing qualities of limestone are so great that it at times seriously interferes with working with it. A few days ago W. S. Davison, who is engaged in the quarrying and crushing of stone, remarked that "this hot weather has dried the stone out now so that it will crush properly."

SLATE WIPED CLEAN

OF THE PERPLEXING PROBLEMS
IN SHERIFF'S CASE

Two Appeals Taken.—Present Session of Court is Rapidly Nearing an End.

(From Thursday's Daily)

One after the other the various petitions and counter petitions which had been filed in the sheriff's case were called up in circuit court Wednesday afternoon and Judge Cook wiped the slate clean by dismissing every action. There were three or four different cases, only one of which was brought by Mr. Renshaw. In dismissing these cases Judge Cook gave judgment for the costs in the case to the defendant.

In one case which was decided against him, Mr. Smith prayed for and was granted an appeal to the court of appeals. Mr. Renshaw also excepted to the ruling of the court in his case and asked for an appeal which was granted. The taking of these cases to the higher court will therefore keep the issue alive for a time but so far as the local court is concerned the docket for the present at least is clear of this case.

Today the court is taking a recess. Judge Cook having gone to Pembroke to spend the day with A. O. Dority. Except for Circuit Clerk Clark and his deputy, Feland Clark, there is no sign of activity about the seat of justice. It is probable that the business will be completed tomorrow and the term finally brought to a close.

Wednesday afternoon Judge Cook passed sentence upon six negroes who had been found guilty as follows: Will Johnson and Charles Tyner, housebreaking, two years each; Banks Burrus, malicious shooting, one year; Harrison Gowens, larceny from a common carrier, one year; Sam Rives, housebreaking two years; James Hardy, hog stealing, one year. The prisoners will be taken to Eddyville to begin their sentences in a few days.

FRANKFORT, Ky., June 25.—The United States flag is floating today for the first time over the new capitol. It is at half mast on account of President Cleveland's death.

OYSTER BAY, N. Y., June 25.—President Roosevelt issued the following proclamation:

"By the president of the United States.—A proclamation:

"The White House, June 24, 1908.—To the people of the United States: Grover Cleveland, president of the United States from 1885 to 1889 and again from 1893 to 1897, died at eight o'clock this morning at his home in Princeton, N. J. In his death the nation has been deprived of one of its greatest citizens. By profession a lawyer, his chief services to his country were rendered through a long, varied and honorable career of life.

As mayor of his city, as governor of his state, and twice as president, he showed signal power as an administrator, coupled with entire devotion to the country's good, and a courage that quailed before no hostility when once he was convinced where his duty lay. Since his retirement from the presidency he has continued well and faithfully to serve his countrymen by the simplicity, dignity and uprightness of his private life.

"In testimony of the respect in which his memory is held by the government and people of the United States, I do hereby direct that the flags on the White House and the several departmental buildings be displayed at half-staff for a period of 30 days; and that suitable military and naval honors, under the orders of the secretary of the war and of the secretary of the navy be rendered on the day of the funeral. "Done this 24th day of June, in the year of our Lord, one thousand nine hundred and eight and of the independence of the United States of America the 132d.

"THEODORE ROOSEVELT.
By the President.

"ALFRED A. ADEE,
Acting Secretary of State."

LINCOLN, Neb., June 25.—The following tribute to former President Grover Cleveland was written by William J. Bryan:

"The death of ex-President Grover Cleveland brings to a sudden end the phenomenal career of one of the strongest characters known to the political world during the present generation. Like every commanding figure, he had zealous supporters and earnest opponents, but those who differed from him were as ready as his warmest friends to concede to him the possession of elements of

leadership to an extraordinary degree. He was deliberate in action, firm in conviction, and ever ready to accept responsibility for what he did. Few men have exerted a more positive influence on those associated with them. We are not far enough from the period in which his work was done to measure accurately his place in history, but the qualities which made him great are a part of the nation's heritage, and universal sorrow is felt at his death.

MACHINE DAMAGED

Five pieces of old iron, concealed by some miscreant in bundle of wheat, were fed Tuesday into Richard (Bud) Boyd's separator on the farm of Joe Johnson, near Kelly. The machine was so badly damaged that work had to be abandoned. There is no clue. Neither Mr. Boyd nor Mr. Johnson has any known enemies, and both are loyal members of the tobacco association.

Trying Dr. Champion.

BENTON, Ky., June 25.—With a jury from McCracken county, Dr. Champion, alleged Night Rider captain, is on trial for being in the Birmingham raid. Four negroes and two white men identified Champion as a member of the mob.

Otis Bilek was the last witness examined and is the star witness for the prosecution. He is a confessed Night Rider, took part in the raid and was shot by Lee Baker with a shotgun. He produced the mask and exhibited the wounds that correspond with the holes in the mask. He gave the names of Dr. Champion, Burnett Phelps and about sixty others he claims were in the raid; told of crossing the river into Lyon county and remaining until his wounds were healed. The trial will probably not close until Saturday.

TEACHERS' MEETING

ADJOURNS AT FRANKFORT AFTER PROFITABLE SESSION

Officers are Elected.—Place of Next Meeting Left to the Executive Committee.

FRANKFORT, Ky., June 19.—With the election of officers for the ensuing year and deciding to leave the question of the place for holding the next session to the discretion of the executive committee as the best means of settling the hard fight between Henderson and Estill Springs the thirty-seventh annual meeting of the Kentucky Educational association came to an end yesterday afternoon. The officers elected for the new term are as follows:

President—H. C. McKee, of Frankfort.

First vice president—George W. Chapman, of Paris.

Second vice president—Edmund Wroe, of Cleveland.

Third Vice President—Miss Mamie Miller, of Taylorsville.

Treasurer—W. C. Bell, of Owensboro.

The secretary is chosen for a three year term, and Secretary F. W. Vinson has still another year to serve.

The election of officers was the climax of a short but busy session. It was thought that a spirited contest would develop between Prof. E. H. Crawford, of the Eastern Normal school at Richmond, and Prof. McKee, but the former's name was not presented, and Prof. McKee was elected president by acclamation. For first vice president, Prof. Chapman defeated Prof. W. G. King, of Maysville, by a decisive vote.

The program of the last day included addresses by Miss Mamie E. Schmidt, of the public schools of Lexington; Principal W. J. McConathy, of the Normal school, Louisville; Principal J. S. Dickey, of the Business University of Bowling Green; Commonwealth's Attorney Robert B. Franklin, Prof. C. C. Freeman, of Georgetown college, and Prof. M. A. Cassidy, of Lexington, and after them came reports from the various committees. The association warmly applauded Secretary Vinson's statement that 800 more new members were enrolled at this session than ever before, and that the total membership is now 910. Treasurer Bell's report showed a balance of \$553 in the treasury.

FIFTEEN YEARS OF KEEN SUFFERING

Rheumatism Developed Burning, Painful Sores on Legs—Tortured Day and Night—Tried All Kinds of Remedies to No Avail—Wife Had Debility and Pains in Back.

**BOTH USED CUTICURA
AND ARE WELL AGAIN**

"My husband had been a great sufferer with rheumatism for nearly fifteen years. At first it was in his bones, but after a while it was in the flesh and finally running sores broke out on his legs, from below the knees to the ankles. There are no words to tell all the discomfort and great suffering he had to endure night and day. He used every kind of remedy and three physicians treated him, one after the other, without any good results whatever. So one day I happened to read about Cuticura Remedies. I asked him if he would not try them. 'No,' said he, 'it's no use, I've spent enough money now.' The next day I ordered five dollars' worth of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. He began to use them without complaint but after three weeks all the sores had dried up. The burning had stopped, and the pains became bearable. After three months he was quite well. Two years later the pains came back after he had been working hard and had taken cold. But as soon as he used Cuticura again it cured him. Three months since I had pains in my back and Cuticura took them away, too. I can prove this testimonial at any time. Mrs. V. V. Albert, Upper Frenchville, Me., July 21, 1907.

A Single Treatment

Consisting of a warm bath with Cuticura Soap, a gentle application of Cuticura Ointment, and a mild dose of Cuticura Resolvent or Pills, is often sufficient to afford instant relief, permit rest and sleep, and point to a speedy cure of torturing, disfiguring eczemas, rashes, itches, irritations, and inflammations of the skin and scalp, from infancy to age, when all else fails.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Hopkinsville Homes.

Hard to do housework with an aching back. Bring your hours of misery at leisure or at work.

If women only knew the cause—that backache pains come from sick kidneys, 'twould save much needless woe. Doan's Kidney Pills cure sick kidneys. Hopkinsville people endorse this:

Miss L. A. Hester, 826 North Main street, Hopkinsville, Ky., says: "I honestly believe that there is little need of any one suffering the torture of backache when such an effective remedy as Doan's Kidney Pills can be purchased at L. A. Johnson's drug store. The prompt and thorough relief which followed their use in my case has given me abiding faith in their merits. In the summer of 1903, I was suffering greatly from soreness and lameness across the small of my back and other difficulties arising from a weakness of the kidneys. Two boxes of Doan's Kidney Pills was all I required to free me from the distressing pain in my back and restore my kidneys to a good, healthy condition. I recommended Doan's Kidney Pills at that time and during the four years that have elapsed I still hold the same good opinion of the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Often The Kidneys Are Weakened by Over-Work.

Uncleanly Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MONSTER RALLY

OF TOBACCO GROWERS IN LOUISVILLE SEPTEMBER 18

It is Estimated That 25,000 Farmers Will be Present and Big Parade Will be a Feature.

LOUISVILLE, Ky., June 19.—The greatest gathering of tobacco growers in the history of Kentucky will be held in Louisville Friday, September 18, during State Fair week. The announcement that the growers included in the American Society of Equity will attend the Louisville meeting was received by J. W. Newman, secretary of the State Fair, following a recent conference between Mr. Newman and Jam P. Jones, of Louisville, and the leaders of the Equity Society in Winchester. The number that will attend the gathering is estimated at anywhere between 25,000 and 30,000.

In addition to the tobacco growers, thousands and thousands of other Kentuckians from out of the city are expected on that day.

The pavilion, grand stand and thirty-odd other buildings on the State Fair grounds insure ample shelter, even in the most disagreeable weather. The foundation of the \$100,000 pavilion, which will be longer than the Louisville armory, is already laid.

VAGRANTS WARNED

HOPKINSVILLE IS NO PLACE FOR IDLERS

Mayor Issues Strict Orders to The Police to Enforce Laws Against Loafers.

Vagrants, idle negroes, or any one else who comes under this head, you had better go to work. If you don't you will probably be working for the city for nothing more than your board and keep and the settlement of a fine which has been assessed against you.

Mayor Meacham has issued orders to the police that all loafers, idlers and vagrants are to be made to work in the future. The farmers are begging labor to go into their fields and are offering good wages, but they say the negroes flatly refuse to work. Now all who can work and won't work are going to be made to work; if they won't do it voluntarily the city will give them a job on terms which its officials will set. Discretion is much the better part of valor sometimes and this is one of those occasions.

Badly Sprained Ankle Cured.

"Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not slept a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and had a good night's rest. The next morning she was much better and in a short time could walk around and had no more trouble with her ankle."—E. M. DAVIS HOME TO BE BEAUTIFUL MEMORIAL PARK.

Says the Louisville Times: Kentuckians who attended the Union Confederate Veterans' reunion at Birmingham, Ala., have returned home. Among those who returned to Louisville are Col. Bennett H. Young, Col. W. A. Milton, Col. Henry George and Gen. Dozia Thornton.

All the Kentucky delegation are enthusiastic over the plan to make the birthplace of Jefferson Davis in Kentucky a Confederate memorial. At the reunion it was so decided and the Jefferson Davis Memorial association, Gen. Simon Bolivar Buckner, president and Thomas D. Osborne, secretary, was taken over by the United Confederate Veterans. It is expected that within a year the old home of President Davis at Fairview, Ky., will be turned into one of the finest memorials in the country.

ASSOCIATION SALES

AS REPORTED BY AUDITOR JOHN D. SCALES.

Over Nineteen Thousand Hogsheads Have Been Disposed of During The Present Season

Much more activity was apparent on the local tobacco market this week than was shown the week before, the sales being twice as much again. The demand was diversified, including all of the grades except the finer grades of leaf.

The Planters' Protective association sold 147 hogsheads, ranging in price from \$7.00 to \$10.50 for lugs and \$11.00 to \$15.00 for leaf. The market showed considerable more strength, as is evidenced by the increased sales. No fears are entertained but that the tobacco will come through the "sweat" in good condition, and when this is done the balance remaining on hand will soon be disposed of. Receipts were so light this week that no report was made.

With the society of Equity, business was about the same, sales being steady but with no sensational features. Receipts here were also comparatively nothing. Prices ruled in full accord with the schedule of the organization.

The growing crop is said to be coming nicely. Wheat harvest is now on in full blast and has for a time attracted the public interest.

The report of sales by the Planter's Protective association for the week ending June 18 shows a slight falling off from the preceding week.

Have You a Summer Stove?

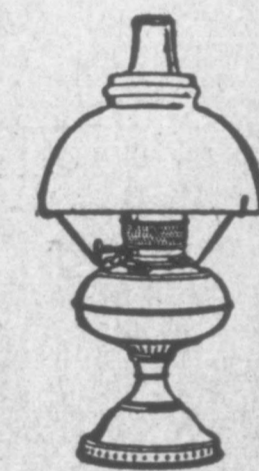

The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned over—that too, without overheating the room. If you examine the

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.

VERY DRASTIC LAW

IS NOW IN FULL OPERATION IN KENTUCKY

The New Child Labor Statute Will Cause Many Minors To Lose Employment.

The child labor law passed at the last session of the Kentucky legislature, is now in effect, and has been since Monday. It is estimated by good authorities that there are now many unemployed minors as a result.

The law forbids the employment of minors under fourteen years of age absolutely, and the employment of minors under sixteen years of age unless they possess a school certificate showing their good standing in their classes. The latter provision, however, does not become effective until September 1, 1908.

The new law is one of the most drastic and far advanced of any in the Union. A jail penalty is provided for the employer who violates the law.

Memorial Services.

Memorial services were held at Highland chapel Sunday afternoon, June 14, to honor the memory of Mrs. Mary V. Morris, a noble Christian woman whose death caused great sorrow in that community. An appropriate address was delivered by Mr. Bailey Waller, and the following resolutions were adopted:

Whereas, Almighty God in his allwise providence, having seen proper to remove from our midst and happy association, our dear sister and co-worker in the Sabbath school, Mrs. Mary V. Morris, it is therefore

Resolved, By the members of the school, that while we humbly submit to the ways of our Heavenly Father, realizing he knoweth best and doeth all things well, we cannot but express our deep sorrow, and feel our almost irreparable loss in the departure of our dear sister in the Christian work, from this world of sin and sorrow to a better world on high.

Sister Morris was a teacher in our Sunday school, greatly beloved by

her class to which she was sincerely devoted, an untiring worker for the school, always ready and willing to do her part in carrying on every good work for the betterment of the school and the community in which she lived. She was a Christian woman in every true sense of the word, proving her faith by her works, a devoted mother, a loving daughter, a kind sister and a faithful friend, always ready to help the needy and visit those who were sick or in distress, and while our loss is great, we feel her gain is vastly greater, for we have every reason to believe she is now enjoying "the rest that remaineth for the people of God" in the land of bliss, where sorrow, sickness or death can never enter, but all is joy and peace, and where parting is no more, and it is further

Resolved, That a copy of these resolutions be presented to the family of the deceased, given the Daily New Era for publication, and also spread on the minutes of the Sunday school.

If one feels dull and spiritless, in the spring or early summer they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a falling appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. SHERMAN ILL IN A HOSPITAL

**Republican Candidate For Vice President Will
Probably Undergo An Operation For
Gall Stones.**

CLEVELAND, O., Jan. 23.—Congressman James S. Sherman, of New York, Republican nominee for vice president, is seriously ill.

Mr. Sherman arrived in the city Sunday to visit Col. Myron T. Herrick, en route to his home in Utica, N. Y., where a big celebration in his honor awaits him.

He expected to leave today for Utica but a severe attack of gallstone colic prevented.

He was removed to the Lakeside Hospital, where an operation for gallstones will probably be performed.

While there is alarm over his condition, his recovery is expected.

Hot Weather Caused Short Session of City Council.

The city council held their usual mid-monthly meeting last night. On account of the excessive heat the session was a short one, several matters, nearly all of minor importance in themselves, being attended to in the shortest possible order.

The committee appointed to draw up a franchise for the use of the Cumberland Telephone company, which would be agreeable to the city, asked for further time and were given until the regular meeting in July.

The matter of settlement of the franchise tax with the First National bank was referred to the finance

committee.

The city attorney was ordered to secure a copy of the Owensboro dog tax ordinance which is said to be just the thing which is wanted along this line. The dog tax law which was in operation here for some time was repealed but conditions since have demanded that some such regulation be enforced and the Owensboro law will be considered.

Another meeting of the council will be held next Friday night for the purpose of receiving the report of the committee appointed to examine the books of the city tax collector, and attend to other matters.

UNTIL THE AUGUST TERM OF
THE COURT.

CLARKSVILLE, Tenn., June 23.—The case of John Gardner and Walter Hunt, charged with the murder of Vaughn Bennett has been continued to the fourth Wednesday in August. The case was

called two weeks ago and attorneys for the defendants made application for a change of venue, which motion was set for argument Saturday. When court reconvened, however, the court announced the case continued. This case is one of the most important to be tried in Montgomery county in many years and grows out of tobacco troubles here. It is claimed Vaughn Bennett was waylaid and shot down on the public highway by the defendants, who at the time were in the employ of the Regies, but doing special guard duty.

John Heath who went to Oklahoma last winter shortly after being visited by Night Riders at Dawson, has not been heard from by his family and friends in this county for the past three months, and it is feared that he is dead. A report has been current that he was killed in a cyclone that passed over some part of Oklahoma several weeks ago, but this report has not been confirmed. His mother, Mrs. Emaline Heath, lives four miles west of Cadiz, and is very much worried because she has been unable to hear from him, and her idea is that he is dead. Mr. Heath was born and reared in Trigg county, but for several years past had made his home in Hopkinsville, until a short time ago when he went to Dawson.—Cadiz Record.

DAVE SMITH'S MOVE

POLITICAL CHECKER GAME GOES
MERRILY ON

(From Tuesday's Daily.)

In open court this morning Sheriff David Smith announced that as soon as he could remove his effects he would surrender the room in the courthouse, used as the sheriff's office, to J. M. Renshaw and that he would not further execute the duties of that office until the suit over the office shall have been finally settled on its merits. This action is the result of the recent decision of the court of appeals which was announced Saturday.

Mr. Smith will probably be out of the office today or tomorrow and Mr. Renshaw and his deputies will take charge.

This by no means, say the attorneys for Mr. Smith, indicates that Mr. Smith has abandoned the contest. Under the decision of the court of appeals he had no recourse but to give up the office, but he will continue to fight the case and if necessary, says he will carry it to the supreme court of the United States. The case is set to come up before Judge Cook here tomorrow.

Mrs. S. Joyce, Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Remedy. It cured me of a severe case of kidney trouble of several years standing. It certainly is a grand, good medicine, and I heartily recommend it." L. A. Johnson & Co.

CHAPTER III. The Garden Fete.

THE gardens of Mme. Sonia Sadova's villa, just outside Paris, were gayly decorated for a lawn fete. The grounds were dotted with laughing groups of brightly dressed men and women, for Sonia had particularly requested that all her Marsovia guests wear their picturesque native costume, and the result was a veritable kaleidoscopic carnival of color, a perfect riot of gorgeous hues and striking figures.

Ambassador Popoff, his long, lean figure draped in vivid green, was pacing the alleys of the garden near the entrance gate, pausing nervously now and again to scan late arrivals in search of some one. At length he descried the man he sought. Nish was just bustling into the grounds, and the ambassador at once beckoned to him.

"Now, then, Mr. Nish," cried Popoff as soon as the little clerk had shambled within earshot, "I told you to bring Prince Danilo here and not to leave him for an instant until—"

"He wouldn't let me stay," explained Nish. "He says he won't come. He's giving a party—if I may say so, a very gay one."

"And for the sake of a lot of pleasures seeking idlers the prince refuses to obey my orders and come to Mme. Sonia's?"

"Yes, your excellency. He positively refuses to come. And when I say 'positively' refuses—Here he is now!"

Danilo, resplendent in the uniform of a Marsovia captain of hussars, strolled nonchalantly forward, with a careless nod that quite ignored the ambassador's glare of reproof at his late arrival.

"I understand, prince," began Popoff coldly, "that you positively refused to obey my—"

"So I did, so I did," assented Danilo cheerfully. "But at the last moment I changed my mind and my clothes, and here I am. I've postponed my party for an hour or so. You see, I remembered my promise to help you scare away from the widow any Frenchman who seemed inclined to make love to her."

"That's why I came,"

"Good!" approved Popoff, rubbing his hands gleefully. "Very good! And where do you expect to begin?"

"With the most dangerous sutor. Who is he?"

"Well," replied Popoff confidentially, "I've had my eye on her, and it seems to me that De Joldon—"

"De Joldon!" exclaimed Danilo. "Impossible!"

"Why impossible, pray? I think I have as good eyes as any man. I think, sir, I can detect love when I see it. And from the way De Joldon looks at the widow—why, man, I don't know a single thing that doesn't point toward his being in love with her."

"If I may say so, your excellency," put in Nish, shuffling nervously, "I think I could tell you of a 'single' thing, or, rather," he added, chuckling, "when I say 'single' I mean 'married.'"

"Mr. Nish," interrupted Popoff, "if you can stop wriggling around like an inebriated centipede long enough to talk plainly, will you do me the honor to put your blitherings into plain words?"

"Well, your excellency," stammered

Nish, "I happen to know M. de Joldon is already head over heels in love with a lady who has a husband. He—"

"Mr. Nish," thundered Popoff, "you are demeaning yourself to the contemptible act of talking scandal! Are you aware of that, Mr. Nish? If so, go on talking it and tell me who she is."

"You fool!" whispered Danilo in Nish's ear. "Everybody but the ambassador himself knows it is Mme. Popoff whom De Joldon loves. Be careful!"

"Well, Mr. Nish," repeated Popoff majestically as he eyed the squirming clerk with lofty majesty, "I'm waiting to hear the name of the lady that De Joldon is in love with."

"He—he neglected to tell me, your excellency," sputtered Nish.

"Then," decided the ambassador, "I shall discover her by diplomatic means, and when I find who she is she shall use her influence to lure De Joldon away from the widow. Prince, will you help me in this?"

"Leave it all to me," suggested Danilo, with startling willingness. "Don't try to learn her identity yourself. Let me attend to the whole matter."

"All right," consented Popoff. "It will be a good lesson in diplomacy for you. Perhaps I can put you on the right track."

The ambassador drew an ivory fan from his pocket.

"Last night at the embassy ball," said he, "Nova Kovitch, who used to be one of my attaches, brought me this. He was crazy with jealousy. He'd just picked up the fan; said it was his wife's and that some man had written 'I love you' on one of the sticks. He was going home to beat his wife and make her confess who the villain was when I persuaded my wife to save poor Mme. Nova Kovitch by pretending the fan was her own. Ah, but my wife is a born diplomatist! Nova Kovitch was convinced, and I pocketed the fan for future reference."

Danilo took the trinket from Popoff's hands and read the penciled inscription.

"Why," he said on impulse, "this is De Joldon's handwriting! How does it happen that he—"

"Then," squealed Popoff in triumph, "it is Mme. Nova Kovitch he loves. The whole thing is absurdly simple when a brain like mine is brought to bear on it!"

Delighted with his own astuteness, the ambassador pattered off to join the other guests, leaving Danilo, fan in hand, blankly facing the astounded little clerk.

"Nish," observed the prince, "do you suppose it's possible De Joldon can be in love with Mme. Nova Kovitch as well as with Mme. Popoff?"

"I'd-I'd like to think so," murmured Nish as he started faithfully off in the wake of his chief. "I'd like to think so. It would make it less exclusive, less of a monopoly. And to think his excellency never recognized his own wife's fan! Where ignorance is bliss why read up on divorce laws?"

Laying the fan on a nearby table, Danilo was turning away when a voice behind him called mockingly:

"Still in retreat? So you are afraid of me!"

Whirling about, the prince faced Sonia. She was bewitchingly pretty in the black and gold Marsovia dress that snowed to fullest advantage every willowy line of her figure.

"I'm not retreating," he contradicted. "Only skirmishing in light cavalry fashion."

"And you are going away like that? Oh, you stupid man!"

"I can't tell what you mean," he answered, puzzled.

"And I shan't tell what I mean," she rejoined. "By the way," she added, "how do you happen to be here? You declined my invitation."

"I'm here," he replied bluntly, "because I'm making it my business to get rid of every Frenchman who shows signs of proposing to you."

"But why?" she asked in wonder. "For my own amusement; that's all."

"You—you don't happen to be in love with me yourself?" she asked, a tinge of wistfulness in the light mockery of her tone.

"Certainly not!" he retorted, with suspicious promptitude.

"You're very, very rude!" she reproved. "But since you don't love me you ought to be able to give me good advice about accepting a man I really want to marry."

"Oh!" growled Danilo, chagrined. "Then there is some one you want to marry?"

She nodded.

"Whoever the man is, he's after your money," he sneered.

"No," she contradicted. "He is not—not this one."

"You said all men were alike."

"This man is different. He loves me."

"Then marry him! What is it to me? Marry any one you want to. I don't care. And I'll dance at your wedding. I'll dance till I wear holes through both my shoes."

"You silly boy!" she scoffed. "You're jealous!"

"Jealous?" he raged. "Jealous? I jealous? That's a good one!"

Words failed him, and he stalked away to a nearby summer house, where he paused, lost in seeming contemplation of the little building's architecture.

The neglected fan lying on the table caught Sonia's eye. She picked it up idly and opened it. The words "I love you" met her gaze. Quickly she glanced at Danilo.

"I understand," she murmured to herself. "He vowed he'd never say it to me, so he's written it."

Noting that Danilo's back was toward her, she furtively lifted the fan to her lips and kissed the written words. Then as she restored it to the table she whispered:

"Just the same, I'll make him say it. He shall!"

She crossed to where he stood.

"Have you nothing to say to me, prince?" she asked.

"Only one thing—goodbye!"

"Goodbye!" she echoed. "You're not going?"

"I leave Paris tomorrow morning—by the first train—forever!"

"Then you won't be here, after all, to dance at my wedding?"

"No!"

"But you promised. And now, I suppose, I shall never see you again, for when I'm married I shall live in Paris."

"I thought you were more patriotic," he sighed. "It seems hard that you should turn your back on your native land, marry a Frenchman and settle here."

"Yet it is what I have decided," she answered. "This is probably the last time I shall wear our native costume or dance our wild national dances. Today's fete is a sort of farewell to old times."

"No; our dances and costumes would not appeal to a Frenchman. Who is it you are going to marry?"

"The engagement isn't announced yet," she evaded.

"Then," he returned, with a shrug, "I suppose I shall never know, for I leave early tomorrow."

OLD SORES KEPT OPEN BY BAD BLOOD

Whenever a sore refuses to heal, it is because of bad blood. If the place existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the ulcer that would kill the germ; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result.

The impurities in the blood which keep old sores open, come from different causes. A long spell of debilitating sickness, which breeds disease germs in the system, is a common source. These morbid impurities get into the circulation, and the blood becomes a polluted, infectious fluid, which, instead of nourishing the fibres and tissues of the flesh, irritates and ulcerates them, and continually discharges its impurities into the open sore, and prevents the place from healing. Another cause for bad blood is the retention in the system of the refuse and waste matters of the body. Those members whose duty it is to carry off the useless accumulations, become dull and sluggish in their action and leave their work imperfectly done, and this fermenting matter is absorbed into the circulation. The weakening or polluting of this vital fluid may also come from the results of some constitutional disease, while persons who are born with an hereditary blood taint are very apt to be afflicted with sores and ulcers.

Local or external applications can not cure an old sore, because they do not reach the blood. Such treatment may reduce the inflammation, lessen the pain and discharge, and tend to keep the place clean, and for this reason should be used, but it can do no real good toward effecting a permanent cure.

S. S. S. cures sores and ulcers by purifying the blood. It removes every impurity and taint from the circulation, and completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the pain and inflammation leave, the discharge ceases, and the place fills in with firm, healthy flesh.

S. S. S. is purely vegetable, made only from roots and herbs, and is an absolutely safe medicine for persons of any age. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired because of the drain and worry of an old sore, will be doubly benefited by its use. Special book on Sores and Ulcers and any medical advice free. S. S. S. is for sale at all drug stores.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—eases blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply common sense. We sell at 25 cents, and cheerfully recommend

THE MERRY WIDOW

VALSE
COPYRIGHT, 1907, BY CHAPPEL & CO., LTD.

From the Opera "The Merry Widow."

By FRANZ LEHAR.

Liberty Was Brief.

Saturday morning a patient escaped from the Western Kentucky Asylum, he taking advantage of the liberties granted him and slipping off, but he was not long at large before being caught by Policeman Miller. As soon as the escape was reported to the police department Mr. Miller started out on a hunt for the man and located him going out the Illinois Central track. He chased him to the first trestle and caught him and had no trouble in getting him to come back. The man formerly lived at Paducah and his idea was to walk through to his home. Mr. Miller told him that when the officials got ready for him to return home they would pay his way on the train and this seemed to please the escaped patient very much and he said, "All right then I had rather rule than walk any day."

"DIXIE" NEARLY WINS.

LOUISVILLE, Ky., June 25.—The entire afternoon session of the International Sunday School convention was taken up with the selection of the next meeting place. It appears that the last convention held in Toronto in 1906, an agreement was reached to have the body meet in Louisville 1908, with the understanding that San Francisco would get the gathering in 1911. However, T. V. Ellzey of New Orleans, secured the floor and in one of the best speeches heard at this convention, tried to upset this arrangement and strongly advocated the claims of the Crescent City to the next general meeting.

At the conclusion of his address somebody was playing "Dixie" on the piano and the delegates from all the southern states were on their feet in uproarious cheering. However, the northern delegates remained firm for San Francisco and when the result of the ballot was announced it was shown that the Golden Gate city had won by about 300 majority. The vote stood: San Francisco, 682; New Orleans, 307; Des Moines, 83.

THRESHING WHEAT

Wheat threshing is now under full headway, many farmers having already finished this part of their work. Reports indicate that the yield is going to be much better than had been hoped for, one man stating this morning that his crop would average twenty bushels to the acre. Just at cutting time so much rain fell that the outlook was very blue but the succeeding hot weather has dried out the wheat with hardly any bad results. The wheat is also in better condition than had been expected.

BY THE WIRE WORM

The Madisonville Hustler says it has been reliably informed that the corn crop in some sections of Hopkins county is being greatly damaged by an insect known as the wire worm, and in many instances farmers have been compelled to replant their crops. This will cause a late crop and it will not have time to mature before the early fall frosts come. Reports from other sections of the county say that the situation there is almost as bad.

The wire worm has a white body and black head and is about the size and shape of a pin. It is very destructive and nothing has yet been found that will check its progress when once it invades the farmer's field and begins operations on his corn.

The prospects are that Hopkins will have a short crop this year, and an advance in the price of cereals and foodstuffs is expected before the winter has passed.
