WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, JULY 31 1908

VOLUME XXVII, NO 30

REPORT IS DENIED

THAT GOV. WILLSON WOULD
DECLARE MARTIAL LAW.

Situation is Believed to be Most
Critical and Further Outbreaks
are Expected.

FRANKFORT, Ky., July 30.—The report that Gov. Willson has been requested by the Illinois Central railroad to declare martial law is untrue, though the railroad has written the governor that they have been notified by the Night Riders that if any more soldiers camped on its property its trains would be derailed. The governor has no power to declare martial law, as he has stated several times, the power resting with the legislature.

The governor wrote a long letter to the Illinois Central, stating that the soldiers must camp on the best suited site, and that no stone would be left unturned to arrest any and all lawbreakers.

The Night Rider situation in Western Kentucky is believed by many persons here to be very critical and further more serious outbreaks than any that have occurred are freely predicted. It did not come through any official channel, but it is reported that the railroad in that section have been warned by the Night Riders not to allow any soldiers to camp on any railroad property. This is not worrying the soldiers any however, for they can find plenty of places to camp and will likely camp on property that belongs to the Night Riders or their sympathizers. At least, they will not camp on any property that will cause its owner to be treated with hostility by the Night Riders. While the officials here are reticent as to their knowledge of what is going on in Western Kentucky, they leave the inference that they believe there will be no further trouble, because it is asserted that a large part of the better citizens in that section are opposed to any sort of violence, although they may be in sympathy with the object of the tobacco war.

The governor has clearly indicated that he will take all steps in his power to punish the lawbreakers, and will send more soldiers to that section at once, if they have not already been sent, to aid the officers in capturing the guilty men. This means there will be no cessation of the efforts of the governor to ferret out the lawbreakers, and there will be no withdrawal of the soldiers from any county where there is any possible chance of another outbreak. If it be true that the United States officers are investigating the burning of the mail sack in one of the depots that were burned last week, matters will soon be brought to a crisis in the United States court. If a large number of arrests follow Uncle Sam's investigation, then many more destructive night raids are looked for against the people who informed on the depot burners.

ENTIRE COMPANY

May be Sent at Once Into Night Rider
District

It is probable that the entire militia company composing company C, will be called out on special duty in the Night Rider district. Captain Gans, of company C, is now at Princeton with twenty members of the company. The company is forty-seven men strong, and it is understood that the other twenty-seven men will be sent into Western Kentucky. No official information has as yet been given out, but the members of the guard here are ready for moving orders—Owensboro Messenger.

LOST—Pug dog, tan, dark face.
Reward—Cumb. Phone 384-3.

ANOTHER FIRE.

MAYFIELD, Ky., July 30.—Dukedom, Tenn., a small town on the state line, was almost wiped out by fire today, which is believed to have been of incendiary origin. The loss is \$10,000.

FLEE TO INDIANA TO ESCAPE NIGHT RIDERS

Crumbaugh and Attorney Krone.

LOUISVILLE, July 30.—Mr. and Mrs. A. Stephens, S. S. Hall and Miss Minnie Deau arrived here today en route to Indiana. These parties are from Lyon county and are witnesses against alleged Night Riders in that section. Their lives

have been threatened and although they had been given military protection they decided to leave the state. They were accompanied by County Judge Crumbaugh and County Attorney Krone, of Lyon county, who have been so active against the Night Riders.

CHILD INJURED

When Rope Spring Broke At Salubria
Springs.

The little daughter of Mr. and Mrs. Douglas Lander, of Pembroke, suffered a dislocation of one of her arms yesterday at Salubria Springs when a rope swing broke with her. Her brother was in the swing with her but was not injured to any great extent.

BURN A BARN

SALVISA, Ky., July 30.—The barn of Kie Crossfield was burned by Night Riders last night. Crossfield was warned last March to leave the state but did not obey. Bloodhounds were carried to the scene but lost the trail in the high grass. There was no tobacco in the barn.

MAKES HIS ESCAPE

Spiegel Bourland, a patient at the Western Kentucky Asylum for the Insane, made his escape from that institution Tuesday morning and although diligent search has been made for him and the police of every neighboring town has been notified to look out for him, no trace has as yet been found of him. Bourland made his escape by going down an elevator shaft.

He is a young man and was sent to the asylum from Madisonville. He was probably one of the most widely known patients by reason of his mother having brought suit a few years ago against Dr. W. A. Lackey, who was at that time connected with the asylum, on the charge that the physician had unnecessarily assaulted her son.

Rice, Mrs. H. C. Locker and daughter, Mrs. LeRoy Schrode, Mrs. Elbert Turner, Mr. Stith and wife, Mrs. D. O. Wash.

ARE STILL AT IT

Testimony Not Yet Concluded in Kelly
Case at Cadiz.

CADIZ, Ky., July 30.—The taking of testimony on the motion for a change of venue in the Kelly case has not yet been completed and will probably not be before the adjournment of court this afternoon.

The delay is caused, not by an unusual number of witnesses, but by the closeness with which each one is being examined.

Rev. C. H. Nash.

Rev. Charles Harris Nash, for many years pastor of the Baptist church here, and his wife are spending the summer at Greensboro, N. C., with their daughter, Mrs. Roger Harrison. Since leaving here and going to Texas Mr. Nash has never accepted a regular pastorate. During the month of August he will be engaged in evangelistic work in Virginia.

IMPORTANCE URGED

For People to Take An Interest in
School Election.

The importance of the election next Saturday when school trustees will be elected in the seventy school subdistricts of the county, is urged upon the citizens generally and especially those of the country who perhaps have not given as much attention to the matter as have those in towns. Everybody who is interested in the welfare and development of the public schools should go to the polls and cast his ballot for some good man for trustee. In only twenty-one out of the seventy districts are there announced candidates for the position of trustee and it is therefore up to the residents of those districts where there are no nominations to make a wise selection when casting their ballots. Voting will begin at each precinct at 1 p. m., and continue to 5 p. m.

COLE CAUGHT

DE-E-LIGHTED:

WAS TAFT WHEN NOTIFIED OF
HIS NOMINATION.

Big Republican Candidate Accepts
Gracefully And Says Many Things
as to The Future.

CINCINNATI, O., July 29.—Officially notified of his nomination for the presidency by the Republican party, William H. Taft, standing on the portico of his brother's home in this, the city of his nativity, formally accepted the honor, pledging anew his allegiance to the policies of President Roosevelt and declared that the chief function of the next Republican administration will be to clinch what has been already accomplished by the present occupant of White House. In doing this, however, Mr. Taft pointed out in what is regarded as a conservative note in his address that there will be serious and difficult work to do, principally "to devise ways and means by which the high level of business integrity and obedience to law which he (President Roosevelt) has established may be maintained and departures from it restrained without undue interference with legitimate business."

Mr. Taft attacked the Democratic platform, asserting that most of its declarations either are inconsistent or disingenuous. Mr. Bryan's policies were held up as destructive. The vast audience that heard the candidate filling porches, lawns and streets surrounding the Taft residence and seeming not to mind the intense heat which the direct rays of a midsummer sun set down upon it, was responsive to Mr. Taft's every mood, and there were loud cries of "No, no" when he said:

"I submit to those most interested to wage-earners, to farmers and to business men, which the introduction into power of the Democratic party, with Mr. Bryan at its head, and with the business destruction that it openly advocates as a remedy for present evils, will bring about the needed confidence for the restoration of prosperity."

Mr. Taft spoke for one hour and eleven minutes. Because of the intense heat, which he appeared to feel more keenly beneath the canopy of the speaker's stand than did those in the open lawn, he cut his enunciation of principles in many places, passing over entire sheets of his manuscript at a time, explaining his course and the reason therefor, in order that his hearers might read the entire speech as it was given out for publication.

Mr. Taft denounced the Democratic anti-injunction plank as "vague and ambiguous," in contrast to the Republican declaration, which he said was "clear and unequivocal." Labor and the rights of labor came in for extensive consideration by Mr. Taft.

As to the publicity of campaign contributions, the candidate declared that the selection of a treasurer from the state of New York, bound by the laws of that state as to the publication of such expenditures, assured the position of the Republican party as against the mere declaration of their opponents.

Mr. Taft said he believed in the physical valuation of railroads as from time to time might be necessary, and that he personally favored the direct election by the people of United States Senators. The latter question, Mr. Taft asserted, could hardly be catalogued as party issue. Dealing with national expenditures and the charges of deficit, Mr. Taft declared that the deficit of one year often is more than offset by the surplus of another, and said that under the present administration there has been no deficit, but a surplus which actually is in the treasury.

Mr. Taft was informed of his nomination by Senator William Warner, of Missouri, chairman of the notification committee.

LEG WAS BROKEN

(From Wednesday's Daily)

While handling expressage at the L. & N. depot last night, McKinley Rogers, an employee of the Southern Express company, was struck by a falling box and the small bone in his left leg was shattered. He was removed to the home of his father James Rogers, on Elm street, where a physician was called and the injury promptly attended to. A few pieces of the bone were removed but the injury is not considered serious. The young man will be confined to his bed for several weeks until the bone knits.

Rogers only began working for the express company last Monday. Last night a big lot of camping equipment arrived here for the use of soldiers. The tents were loaded on to one truck and the boxes and campstoves on another. In some way the truck was cut too short in leaving the car and the entire load was spilled, a box weighing over three hundred pounds striking Rogers, knocking him down and pinning his leg.

FOR GRAND LARCENY

A YOUNG MAN FROM NASHVILLE IS HELD.

A Farmer Charges John Cooney With Robbing Him of Thirty Dollars in Money.

(From Saturday's Daily)

John Cooney, a young man who claims Nashville as his home was arrested at the Illinois Central depot yesterday afternoon by Policeman Hadden and Workhouse Keeper McCord, on a warrant charging him with grand larceny it being alleged that he stole \$30 in money from H. S. Sims for whom he had been working for three or four weeks. Mr. Sims, who lives two and a half miles from town on the Buttermilk road, came to town yesterday morning to sell some vegetables.

According to Mr. Sims account of the affair he left \$20 in silver and \$10 in currency in a trunk, the silver being in a cloth sack and the currency in a leather purse. On the pretext of cleaning his pistol Cooney is said to have gone upstairs into the room where the trunk was. He soon came down, dressed in his best clothes and stating that he was going out to try his pistol, he left the house. Mrs. Sims went upstairs soon afterwards and discovered the theft and sent a negro to town to inform her husband. He promptly had a warrant issued by Judge Prowse, and as it was thought Cooney had probably left town several neighboring places were notified to watch out for him. Mr. Sims happened to go down to the Illinois Central depot and saw Cooney in the waiting room behaving purchased a new hat. Mr. Sims talked with Cooney, giving no intimation that he knew of the robbery, but notified the police as soon as he left the depot.

When arrested two cheap pistols and a bottle of brandy were taken from Cooney's pockets. When the money was counted the currency was found intact but there was only \$11.83 of the silver. Cooney claimed that he, had no intention of leaving town. He was locked up in the city jail and was later turned over to the county authorities.

A YOUNG MAN FROM NASHVILLE IS HELD.

A Farmer Charges John Cooney With Robbing Him of Thirty Dollars in Money.

(From Saturday's Daily)

John Cooney, a young man who claims Nashville as his home was arrested at the Illinois Central depot yesterday afternoon by Policeman Hadden and Workhouse Keeper McCord, on a warrant charging him with grand larceny it being alleged that he stole \$30 in money from H. S. Sims for whom he had been working for three or four weeks. Mr. Sims, who lives two and a half miles from town on the Buttermilk road, came to town yesterday morning to sell some vegetables.

According to Mr. Sims account of the affair he left \$20 in silver and \$10 in currency in a trunk, the silver being in a cloth sack and the currency in a leather purse. On the pretext of cleaning his pistol Cooney is said to have gone upstairs into the room where the trunk was. He soon came down, dressed in his best clothes and stating that he was going out to try his pistol, he left the house. Mrs. Sims went upstairs soon afterwards and discovered the theft and sent a negro to town to inform her husband. He promptly had a warrant issued by Judge Prowse, and as it was thought Cooney had probably left town several neighboring places were notified to watch out for him. Mr. Sims happened to go down to the Illinois Central depot and saw Cooney in the waiting room behaving purchased a new hat. Mr. Sims talked with Cooney, giving no intimation that he knew of the robbery, but notified the police as soon as he left the depot.

When arrested two cheap pistols and a bottle of brandy were taken from Cooney's pockets. When the money was counted the currency was found intact but there was only \$11.83 of the silver. Cooney claimed that he, had no intention of leaving town. He was locked up in the city jail and was later turned over to the county authorities.

WELCOME WETNESS

FARMERS HAPPY OVER RAIN THAT HAS FOLLEN.

Christian's Crops Are Saved Just When The Outlook For Severe Loss Was Very Threatening.

Hopkinsville got its share of the rain Saturday afternoon and night and Sunday and today the indications are good for still more of the juice which has come just in the nick of time to prevent a wholesale loss of crops from the drouth. The rains of Friday afternoon left quite a large scope of territory around Hopkinsville untouched, all that section from here to Newstead getting very little of the moisture. The rains of Saturday and yesterday visited these thirsty localities and repeated the dose to some of those which had been soaked Friday. Now practically the entire county has been given a generous wetting and all danger for the time being of damage from the drouth is past.

When the rain began falling in this city Saturday afternoon many people were so glad to see it that they made no effort to protect themselves from it as they walked about the streets. Crowds congregated on the streets and watched the approach of the clouds and speculated whether it would rain or not and how much it would be. Vegetation of all kinds is already wonderfully improved.

The Remedy That Does.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Cook & Higgins and Cook's Pharmacy drug stores. 50c. and \$1.00. Trial bottle free.

LARGE JAW TOOTH

Dr. G. P. Isbell, the veterinary surgeon, was recently called to see one of Dr. M. W. Williams blooded horses, the trouble being a large knot upon the horse's jaw which had been constantly getting larger and larger for a year or more.

Dr. Isbell could tell by examination that some foreign substance was inside the knot and he decided to operate upon it. Upon cutting the place open he extracted a large jaw tooth which was evidently the cause of the trouble. The tooth must have been loosened from its socket and burrowed its way up into the horse's jaw, slowly but surely going higher and higher until it had gotten some distance above where the teeth grow. There is every indication now that the knot will disappear without further trouble.

Pain will depart in exactly 20 minutes if one of Dr. Shoop's Pink Pain tablets is taken. Pain anywhere. Remember! pain always means congestion, blood pressure—nothing else. ASSASSINATION ATTEMPTED IN TRIGG COUNTY

Seven Shots Fired At Young Citizen Of Center Furnace Who Testified That Seven Men Were Night Riders.—Serious Wound.

CADIZ, Ky., July 27.—An attempt was made Sunday night to assassinate, near his home, Walter Goodwin, the young man who betrayed alleged night rider secrets before the last grand jury of Trigg county.

He was fired on from ambush by a number of men and seriously wounded. Goodwin is still alive and may recover.

At the May term of the Trigg circuit court, Goodwin, who is about 23 years of age and unmarried, appeared before the grand jury, and, it is reported, made a statement, implicating seven other men who, like Goodwin, worked for the Center Furnace company. He accused these men of forming a "Night Rider" squad for the purpose of running negroes out of the Center Furnace community.

After considering this evidence, the grand jury declined to return "true bills" against the seven men, but recommended that they be held under bond to the next grand jury, which was done.

It is stated that one of the men named by the witness as a Night Rider was a deputy sheriff of this county.

Goodwin was guarded by soldiers for several weeks after he had given in his testimony, and when the troops returned from Trigg county to Hopkinsville he accompanied them, because of his fear that he would be violently dealt with if he remained unprotected at home.

Later on he returned to Center Furnace. Last night Goodwin went to the house of a neighbor to pay a call.

As he was walking home, about nine o'clock, seven shots were fired at him by unknown parties, concealed by the side of the road.

All of the bullets whistled close to his head and body, and one of them entered his jaw and ranged upward. He fell in the road, and the would-be assassins, evidently believing him to be dead, fled in the night.

Neighbors, who heard the shots, found Goodwin lying where he had fallen and carried him to his home.

A physician was summoned and everything possible for his relief was administered. This morning the doctors removed the bullet, which entered Goodwin's head. It was extracted from behind his ear.

The wound is a dangerous one, but the victim of the murderous assault may recover.

Colored Teachers.

The colored teachers of Christian county began their annual institute this morning at the courthouse. Prof. F. L. Williams, of Covington, is conducting the institute. Prof. Williams was here in the same capacity last year and pleased everyone with the manner in which he fulfilled his duties. As usual, the singing at the institute this morning was one of the features and many white people gathered to listen to the melody.

Just Exactly Right.

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. "New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria. 25c. at Cook & Higgins and Cook's Pharmacy."

Sues For \$1000.

Julia Ann Brown, as next friend for her son, William Brown, colored, has filed suit against the City Light company for \$1,000 damages.

In the petition it is claimed that on June 6 the boy leaned against a post at Virginia and Ninth streets (now Second Avenue) and that he was badly injured by a current of electricity with which the post was charged. It is charged that the accident was the result of faulty wires on the pole.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless, feeling will quickly depart when using the Restorative. It will strengthen the weakened kidneys and heart by simply rebuilding the word-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Anderson-Fowler Drug Co. ARREST RICKETTS

WELL KNOWN FARMER IS PLACED UNDER BOND.

Charged With Being a Night Rider.—Denies Any Connection With the Outlaw Brnd.

(From Monday's Daily)

Lige Ricketts, a well known young farmer, was arrested at his home in the Sinking Fork neighborhood this morning by Sheriff Renshaw on a warrant which charges him with confederating and banding together with others for the purpose of injuring or destroying real or personal property. The exact time is not given in the warrant, further than that it was last December; neither is the name of the party who furnished the information given.

When seen shortly after reaching the courthouse, Mr. Ricketts expressed much surprise that he had been arrested on such a charge and declared not only his innocence of any connection or participation in any raid by Night Riders but denied all personal knowledge of any such acts. He said that he did not believe that any attempt had ever been made to organize a lodge of Night Riders in his neighborhood, that no speeches or organizers for any such movement had ever been there so far as he knew and that there had been no trouble in that locality. He furnished bond of \$1,500, with his brother, James Ricketts, as surety.

Gano Warder, who had been in jail under two charges of night riding, was released this morning on his giving the required bond of \$2,500. His sureties are Barnes and Will Hammon.

Need is Pressing For the Empty

A message was flashed to Agent Hoove, of this city, and to every station agent along the Evansville-Nashville division of the Louisville & Nashville railroad Saturday night, instructing them to keep all box cars moving as rapidly as possible; to rush all loaded cars to their destination and hasten their unloading and to let no empty cars stand idle on the sidings as every available car was now in constant demand to accommodate the shippers of the country.

One thing that is making the demand greater for cars is to accommodate the grain crops. Wheat is already being marketed and shipments of coal are also becoming heavier each day, consumers generally having profited by past experiences with famines in this commodity and are following the course which proved so satisfactory last winter, and are laying in their supply of fuel in advance of the cold weather.

SET ON FIRE

Burning of a Thresher Near Clarksville Not an Accident.

The Clarksville Leaf-Chronicle says:

"The thresher owned by Wes Smith, of the Fifth district, which was destroyed by fire Thursday night was evidently of incendiary origin. The thresher was on the farm of J. T. Morrison. A new piece of belting was taken off of the machine and laid aside by the 'fire bug,' but just why he desired to save that and destroy the machine is hard to understand. A thorough investigation failed to disclose any clue which might lead to the arrest of the guilty parties. Mr. Smith is a staunch member of the association and can give no reason for such action against him. The loss will be about \$500."

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator makes for normal activity of the entire reproductive system. He continues 'in Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent.' Dr. Fyfe further says: 'The following are among the leading indications for Helonias (Unicorn root). Pain atonic (weak) condition of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the uterus; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhea (suppression) or absent monthly periods; falling from or accompanying an abnormal condition of the digestive tract; and a general (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions of the uterus, its use is essential. It is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhages, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Tobacco Grower Held a Meeting.—Maj. Bassett Present.

PRINCETON, Ky., July 27.—The Caldwell county tobacco growers held a very interesting meeting here Saturday which was largely attended. At 10 o'clock an open business meeting was held in the courthouse. The general meeting, in which several interesting and enthusiastic speeches were made was held Saturday afternoon beginning at 1 o'clock. It was presided over by County Chairman J. W. Hollowell. The speakers, including Chairman Hollowell, Prof. J. M. Mason, of the county, and C. W. Richards and the Hon. R. W. Lisansky, of this city, advised against lawlessness and urged the members to do nothing that would cause trouble in any form, but to stand firm in their advocacy and support of the tobacco association.

Maj. Bassett, of Hopkinsville, was present at the meeting, but had nothing to say.

JOHN COONEY.

Enters a Plea of Guilty and Goes to
Jail to Await Grand Jury's
Action.

John Cooney, the young man arrested on the charge of having stolen \$30 in money from H. S. Sims, was presented in county court yesterday afternoon to answer the charge of grand larceny, which had been registered against him. He pleaded guilty and was sent back to jail to await the action of the next grand jury. Cooney claimed that he took the money as a joke.

A letter from the young man's mother was found in his pocket. In this letter the mother upbraided her son for not sending "that money," judging from the tone of the letter he having promised to send some certain amount, though how much was not stated.

Some of Cooney's relatives are here today trying to get him out of the trouble.

Home Watermelons.

The first home grown watermelons of the season made their appearance on the street today, a full week earlier than usual. Most of the melons were small but they had the true watermelon flavor and color and were sold right along although the price was rather stiff.

GOOD NEWS

Many Hopkinsville Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Hopkinsville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Many people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

R. H. Buck, living on South Franklin street, Madisonville, Ky., says: "Doan's Kidney Pills is an exceedingly good remedy for kidney complaint and backache. I was never seriously troubled until about nine months ago I was taken with an attack of backache caused I think by strain from over-lifting. I was annoyed a good deal. I saw Doan's Kidney Pills advertised, and concluding to give them a trial got a supply. They proved very satisfactory, curing attack in a short time. Sometime later, there were symptoms of a recurrence, and I appealed to Doan's Kidney Pills again. They relieved me in a short time, and they keep my kidneys in excellent condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's—and take no other.

The New College

If the Soul Winners have done not more for the mountaineers, than build the Log College at Buckhorn in the Cumberland of Perry county, they deserve the gratitude or every true Kentuckian. Six years ago, twenty-five miles from a rail-road, and nearly as far from a town, they started a mission school under a ragged tent in a most destitute region, with Dr. Miles Saunders and his daughter as teachers. Today it has five large buildings crowded with over two hundred students and five professors, under President Murdoch, a graduate of Princeton University. The Society is just finishing a second college building, in the same beautiful mountains of Breathitt county, among hundreds of bright boys and girls, beyond the reach of other institutions. Professors Manning and his wife, Miss Mary Pauline Abbott, trained teachers, are already on the ground, preparing for the opening. It is proposed to have

the governor and other distinguished citizens present at the dedication this summer, to meet thousands of the highlanders on their native heath. It is not necessary to say they will receive a hearty welcome. These mountaineers are not always peaceable, but they never fail in their royal hospitality. The Society of Soul Winners whose work is confined exclusively to the mountains, has a hundred faithful teachers and preachers at work in the Highlands and the South, and supports them by the free will offerings of friends all over the world. Last year, Major Robert S. Bullock, the Treasurer, received over \$10,000 for their support. During the year these faithful evangelists taught over 7,000 children in 37 day schools and 133 Sabbath schools, visited over 10,000 homes, preached over 5,000 times, and had 1,375 conversions. Distributed tens of thousands of Bibles and religious tracts and papers. Be-

For the Mountaineers in Breathitt County

sides this work, the Society built nine schools and churches and mission houses in different parts of the mountains. It publishes the only paper devoted exclusively to the Highlanders. It maintains fine schools in the Alleghany, Cumberland, and Great Smoky mountains. It owns the only Orphan Home for the mountain children, a splendid plant at Clay City. A distinguished man said "It is doing the most and best work, with the least money, of any missionary Society on earth, so far as I know." Have you an interest in this work? They are our neighbors, our "kith and kin," and with all their faults, there is no better stock on the continent. They are of Scotch-Irish and Anglo-Saxon blood, the purest in the country. They need and deserve your help. If you wish to give it, send it to Major Robert S. Bullock, cashier Fayette National Bank, Lexington Ky. the Treasurer; or to Dr. Edward O. Guernant, the President, at Will more Ky.

The Constitution

That sacred instrument is more than a creation—it is a growth, the crystallization of the experience, the privation and the heroism of hardy pioneer, wise in their day and sleeplessly vigilant in safeguarding that freedom bought at such an infinite cost of persecution and peril.

For centuries neither the telescope of the astronomer nor the researches of science could solve the mystery of that misty light, that glimmering gossamer encircling the black brow of night; at last the spectrum revealed in this nebula unborn worlds, held in a shimmering gauze; revolving masses of incandescent gas, cooling through the passing cycles of time, growing denser without,

shrinking within, forming smoky concentric circles, a whirling luminous fog, congealing into molten rings drawn by their own gravity in rude globes, and these spinning spheres shaped by the plastic hand of Divinity, like clay upon the potter's wheel, into planets and their satellites, new solar systems, swinging for the first time into their orbits in the trackless, fathomless depths above. Thus God peoples the heavens' luminous worlds.

In the vast womb of the wilderness the colonies took form and voice, varying in their orbits and splendor, but they differed only "as one star differs from another star in glory." In the hour of destiny each found its

From a Speech Delivered by A. O. Stanley

own place about the great central power, to which, like the planets, they were eternally bound, yet forever separate. The fathers, I declare to you, heard the voice of God when they covered this continent with States, even as the heavens are bespangled with the stars.

The same peril awaits the star and the State. The State dismembered from her sisters is lost, even as a planet wrenched from its moorings, comet-like, becomes the wandering vagrant of the skies.

Either, drawn by the compelling gravity of a central force into its mighty vortex, is annihilated by the power which should have been the source of light and life.

LOVE OR HATE.

Is your life controlled more largely
by your likes, your loves, or by your
dislikes, your hates?

Malice, envy, hard thoughts of
any sort, poison first the heart in
which they originate.

They make a brackish, unhealthy
pool, where all sorts of noisome
mental conditions will generate.

It was Sydney Smith who declar-
ed it was his idea of hell to hate
somebody.

It is only in our loves that we real-
ly live.

What we hate is dead to us, and
the wider the range of our hates, the
narrower our lives.

It is a beautiful belief that every
kindly act, word, thought or impulse
continues in its influence forever,
brightening and sweetening the
world, and that every evil deed or
thought permanently destroys a part
of the sum total of human happiness.

Certainly this is the effect upon
the life in which the thought origi-
nates. Every thought elevates or
lowers, purifies or debases. Love
thoughts are wings. Hate thoughts
are weights.

Your own feeling is reflected back
to you from others. If you give
love, you get love. It is one of the
things the more of which you give
the more you have. Love was born
a twin, and cannot exist without its
counterpart.

It is your own thought that at-
tracts or repels others. According
as you love or hate, you surround
yourself with an atmosphere of in-
viting sweetness, or you hedge your-
self in with a barbed-wire fence.

People are lovely to you or hate-
ful just as you love them or hate
them. This is not mere seeming,
but actuality.

Love is the light in which we see
and live.

Hates are malarial mists, in which
we blindly grope and miserably die.

The head of a large commercial
establishment says that the blunders
and mistakes of its employees cost
\$25,000 a year to correct, notwith-
standing his utmost vigilance, and
that though hundreds of thousands
of men are out of employment, yet
never before was it so hard to get
a good employe for almost any po-
sition as today. The great cry since
the world began is: "Give us a
man." The scarest thing in the
world is a man—a man who can ac-
complish something, a man of force,
a man with concentrated energy, a
man who has a definite purpose and
knows how to fling his life out with
all the weight of his being. Such a
man is needed in every calling. "I

Ney. He wanted a man. The
world wants men who can produce
results, men possessing tact, practi-
cal ability and executive force. The
times demand men who are
well balanced and not curs-
ed with some inherent de-
fect or moral weakness which
cripples their usefulness and neu-
tralizes all their power. The call is
for men who do not take half views
of things, men of common sense,
men who are trained all over—
whose hands are deft, whose eyes
are alert and microscopic, whose
brains are keen and well developed,
and whose hearts are stout enough
for any task. Never did the world
call more loudly for men with force,
energy and purpose than today.

BIG FIRE IN COUNTRY

Handsome Home of Mr. Jno. W. Ford,
Near Church Hill, is Burned.

(From Wednesday's Daily)
The two-story brick residence of
Mr. John W. Ford, near Church
Hill, was burned this morning be-
tween nine and ten o'clock.

The fire originated in some man-
ner from the flue in the kitchen,
which was a one-story frame struc-
ture. When discovered the flames
had attained such headway that
they could not be checked, and the
building was gutted, only the walls
being left standing.

A good deal of the furniture on the
lower floor was saved, but practi-
cally nothing could be gotten from the
upstairs rooms.

The loss will amount to several
thousand dollars, which was only
partially covered by insurance.

Mr. Ford's home was noted as one
of the most beautiful and hospitable
in the country.

Empire Coal Company In Financial Trouble

Unable to Meet Their Obligations and Are Forced
Into Bankruptcy.

(From Wednesday's Daily)
Upon motion of the creditors of
the Empire Coal and Mining company
an order was issued today in federal
court at Nashville which throws the
company into bankruptcy. This
followed the reading of a written
statement from the officers of the
company that they were unable to
meet their financial obligations.
Will R. Manier, a prominent busi-
ness man of Nashville, was named
as trustee and he will continue the
business, both at the mines at Em-
pire and at the official headquarters

in Nashville, until further orders of
the court are rendered.

The many friends here of presi-
dent John D. Anderson and general
manager W. T. Rutland, will learn
with sincere regret of this action and
will hope that circumstances may
be such that they may effect a
speedy adjustment of the trouble
and be again placed in charge of the
business. The Empire coal mine
is the largest in Christian county
and the quality of the coal secured
there is second to none.

Meetings Of Importance To The Farmers To Be Held Next Monday Expected To Draw Big Crowds

Next Monday will be an important
day in Hopkinsville, especially for
the farmers. There will be a triple
attraction—county court day, the
regular meeting of the executive
committee of the association and a
meeting in the afternoon to consider
the proposed county stock law. As
a result of these features an unusu-
ally large crowd is expected to be
here on that day.

One of the most important and in-
teresting matters which will come
before the executive committee of
the Planters' Protective association
will be to determine whether or not
a barbecue shall be held for the
members in Christian county and if
so, where and when and under what
arrangements it shall be held. At
the last meeting of the committee
every committeeman was instructed
to interview the people in his dis-
trict and get their ideas on the sub-
ject. These ideas are to be reported

at the meeting next Monday and if
it seems the majority are in favor of
the picnic it will probably be order-
ed. Other matters of importance
will also come before the committee.

The books of the association will
close next Saturday, August 1, and
the committee will probably discuss
this feature also.

At 2 o'clock in the afternoon a mass
meeting will be held at the court-
house for the purpose of interesting
the people, especially those of the
country, in the new stock law which
is to be voted on at the coming
November election. This law is the
same for the county that the law
now in force in Hopkinsville is for
the city, its only object being the
prohibiting of stock from running
loose on the public roads of the
county. It is a movement and im-
provement in which everybody
should be interested and it is hoped
that a large crowd will attend the
meeting next Monday afternoon.

CHARGES KELLY WITH BEING A NIGHT RIDER.

John Stites, of This City, Special Commonwealth's
Attorney, Seeks to Secure a Change of
Venue—Judge Sims Presiding.

CADIZ, Ky., July 28.—The trial
of John W. Kelly, charged with
misappropriating trust funds, was
called in the Trigg circuit court
Monday. Judge J. C. Sims, of Bow-
ling, is presiding as special judge,
and John Stites, of Hopkinsville, is
acting as special prosecuting attor-
ney. Denny Smith, the state's attor-
ney, having declined to act in the
case.

Mr. Stites sprang a sensation
when he filed an affidavit in support
of a motion for a change of venue.
The affidavit set forth that the com-
monwealth could not get a fair trial
under the state of lawlessness exist-
ing in Trigg county, and further

charged that Kelly was a leader of
the Night Riders. Mr. Stites said
that the commonwealth could not
get a fair trial in any of the adjoin-
ing counties with the exception of
Christian, and asked that the case
be sent to that county.

Judge Sims held that the affidavit
would have to be supported by oral
testimony and gave the common-
wealth until 9 o'clock this morning
to obtain witnesses.

This morning the taking of testi-
mony in support of the affidavit was
begun. Both sides will have about
fifteen witnesses to introduce and
the entire day will be consumed.
The deepest interest prevails here.

MANY SHOTS FIRED

PADUCAH, Ky., July 29.—A bat-
tle took place Monday night in front
of the home of Henry Bennett, near
Dycusburg, Crittenden county, be-
tween soldiers and Night Riders.
About fifty shots were exchanged
before the Night Riders fled. None
of the soldiers were wounded.

Bennett was whipped by the Night
Riders last winter, and his ware-
house burned. He had been threat-
ened because he recognized his as-
sailants, and a guard of seven sol-
diers from Marion has been estab-
lished at his home.

Monday night four Night Riders
were seen about the premises, and
watchful soldiers discovered a score
of armed men slipping through the
woods toward the house shortly be-

fore midnight. Before the Night
Riders got within fifty yards of the
house the guards opened fire, which
was returned.

Lesson V.—Third Quarter, For
Aug. 2, 1900.

THE INTERNATIONAL SERIES.

Text of the Lesson, I Sam. xvi, 1-13.
Memory Verses, 11, 12—Golden Text,
I Sam. xvi, 7—Commentary Prepared
by Rev. D. M. Stearns.

[Copyright, 1900, by American Bible Association.]

When the Lord told Samuel that Saul could no longer be king it grieved him so that he cried unto the Lord all night, and although he went to see him no more, he continued to mourn for him (chapter xv, 11, 35); hence the opening words of our lesson chapter, "How long wilt thou mourn for Saul, seeing I have rejected him from reigning over Israel?" It is well to remind ourselves that the cause of Saul's being rejected by the Lord was his rejection of the word of the Lord (xv, 23, 26), for in these days the word of the Lord is being rejected by many who still profess to be His friends, but it cannot be, for those who reject or even question the word of God are in the service of Him whose first recorded utterance was, "Yea, hath God said?" (Gen. iii, 1). There are many also who, like Samuel, seem to side more with the Sauls than with the Lord. Matt. xii, 30, is a searching word, "He that is not with me is against me," and we must stand wholeheartedly with Him for every word the Spirit has written, receiving it, holding it fast, rightly dividing it and building it forth (Jas. i, 1; Tit. i, 1; I Tim. ii, 15; Phil. iii, 18). To be on the Lord's side means to stand with Him against even the nearest and dearest as Levi did, for only thus can we turn people away from iniquity (Ex. xxxiii, 20-23; Mal. ii, 4-6).

"Fill thine horn with oil and go; I will send thee, * * * for I have provided me a king." These words carry us back to that great name "Jehovah-Jireh" (Gen. xxi, 14). The Lord will see or provide, and He who provided the lamb has also provided a king who shall sit on the throne of David and reign over the house of Jacob forever. The Lamb and the King shall be seen to be one and the same, for when John was told that the lion of Judah had prevailed to break the seals and open the book he looked and beheld a lamb as it had been slain (Rev. v, 6). Thinking of the Lord seeing and providing leads me to say that I find a lot of comfort in the name of that well by which the Lord comforted Hagar (Gen. xvi, 14, marginal), "The well of Him that liveth and seeth me." We are reminded also of our Lord's word, "Your Heavenly Father knoweth what things ye have need of" (Matt. vi, 32).

Samuel seems to be a little out of fellowship for his "How can I go? Saul will kill me" (verse 2), does not sound like prompt and hearty obedience. Possibly his continued mourning for the rejected Saul was the cause of it. The Lord graciously and patiently gave him a commission which included the former and dispelled his fears. Doubtless this was the Lord's original intention, but Samuel got in his question of fear before the Lord had finished His commission. Now it is all plain, and Samuel has only to do that which the Lord spake (verse 4), and he did it. Jesse and seven of his sons came to meet Samuel, who had been looking so long at a tall, one-eyed man, Saul, that when he set eyes upon Eliab, whose countenance and height made him conspicuous, he said, "Surely the Lord's anointed is before Him" (verses 6, 7). But note the Lord's message, "I have refused him, for the Lord seeth not as man seeth, for man looketh on the outward appearance, but the Lord looketh on the heart." What a word for us to keep in mind in connection with I Cor. i, 26-29! We will need it as long as we continue in these mortal bodies—not the outward of form or figure, of height or countenance, of eloquence or oratory, or anything that the merely natural man is apt to consider, but the attitude of the heart toward God. They said of the great apostle Paul that, while his letters were weighty and powerful, his bodily presence was weak and his speech contemptible (II Cor. x, 10). As the seven sons passed before Samuel the word came again and again, "The Lord hath not chosen this." What a great and comforting truth it is that when a sinner comes to Christ for salvation no one is ever refused, rejected or cast out. (John vi, 37.)

Samuel is perplexed, for the Lord had said that He had provided a king from among the sons of Jesse, so he asks if all are here and is informed that the youngest keepeth the sheep at home. Everything stopped till he was sent for, and as he came the Lord said to Samuel, "Arise, anoint him, for this is he" (verse 12). He, too, had a beautiful countenance, so that need not be a hindrance, but he had a heart that was right with God back of it. My heart rejoices in this story of the boy who was left at home when all the rest went to meet the prophet bearing the one whom God had chosen. Rest assured, O young man or young woman, that if your heart is right with God the one thing to do is just what you are now doing, whether it be helping mother in the home or father on the farm or in the store or office or workshop, and when the Lord wants you elsewhere He will unmistakably call you. Run not before Him, for that believeth shall not make haste. David is now anointed in the midst of his brethren. The Spirit of the Lord came specially upon him from that day forward (verse 13).

Roycroft Philosophy

By Fra Elbertus

Written in a sincere and kindly desire to help the young
who do not know, and the older ones who sometimes forget

which help and interest a customer. This will make you enthusiastic over your goods, and a good salesman without your knowing it. However do not be too eager or unduly talkative.

If customers are fault-finding—forget it.

Your promise to a customer is your employer's promise. A broken promise always hurts; and it shows weakness in the character of a business organization just as unreliability does in an individual. The chewing of gum, tobacco or paper as a jaw exerciser should be eliminated. The world is pronouncing them vulgar, unbusinesslike and dangerous. Keep ahead of your foreman and the board of health in this thing.

Most inaccuracy comes from not really listening to what is said, or not really seeing what you put down.

Having promised to obtain goods or information, or to deliver goods by a certain time, do not start the thing going and trust to luck for the rest. Do your own part in full and then follow up to know that the rest is moving on schedule time. Remember that the thing specially promised and of special importance needs most watching. "Accidents" and life's "various hindrances" get after just those things with a keen scent.

Keep your shop open. Losing time hurts your growth in your employer's business as it would in your own if your shop were open and closed, off and on. Avoid absence. Be "on the job" all the days and hours the business allows.

Give each customer your whole attention—and just as considerate attention to a little buyer as a big one.

If your business is to wait on customers, be careful of your dress and appearance. Do your maneuvering before you reach the store. Dental floss is a good investment. A salesman with a bad breath is dear at any price. Let your dress be quiet, neat and not too fashionable. To have a prosperous appearance helps you inwardly and helps in the business.

As a salesman, know your stocks—what you have, and the facts of make, use, beauty and fashion, which help and interest a customer. This will make you enthusiastic over your goods, and a good salesman without your knowing it. However do not be too eager or unduly talkative.

SCHOOL PER CAPITA

FIXED AT \$3.60 BY THE STATE
SUPERINTENDENT.Official Amount is Made by Prof.
Crabbe in a Letter to The
New Era.

The New Era is in receipt of a communication from the Kentucky department of education which shows that the largest school per capita ever known in Kentucky has been fixed by Superintendent of Public Instruction J. G. Crabbe. The per capita for this year is \$3.60, which is twenty cents higher than it was last year, and last year was the high water mark. The increase in school children is 4,735. Prof. Crabbe has been at work on the figures from which he computed the school per capita for some days and completed the task only late this afternoon.

The following is the statement issued by Prof. Crabbe:
The state school fund (estimated) distributed for the payment of teachers for the fiscal year ending June 30, 1900, amounts to \$2,661,957.29.

The per capita is declared \$3.60. The per capita last year was \$3.40; this year is an increase of 20 cents, hence this per capita for the year 1900-01 is the largest in the history of the state.

The school census, showing pupil children, reports as follows:
Pupils in counties . . . 587,051
Pupils in cities . . . 152,361

Total . . . 739,412
The school census last year was 734,677 pupils. This year the increase is 4,735 pupils.

In concluding his letter Prof. Crabbe says: "I congratulate the teachers of the state. I repeat, we are inaugurating here and now the biggest forward movement of schools in Kentucky since the past 40 or 50 years. You will see this sentence again. Better help now!"

A muddy, greasy or sallow complexion is quickly improved over night. Sold by all druggists. Price 50cts. and \$1.00. The A. J. MARTIN MEDICINE CO., Props., Toledo, Ohio.

Women as Well as Men Are Made
Miserable by Kidney and
Bladder Trouble.

Kidney trouble preys upon the mind. Discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells like flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may get a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WRITES ECZEMA PATIENT.

Bed-Ridden Sufferer Completely Cured by Use of D. D. D. External Wash.

One of the most remarkable Eczema cures recently credited to the well known D. D. D. Prescription has just been recorded in Chicago.

Mrs. E. Hogg, 1550 West Madison street, under date of Dec. 9, 1907, writes as follows:

"I suffered three years with Weeping Eczema. It started with a little spot on my knees and spread fast all over my body. I spent hundreds of dollars and went to every good doctor I heard of, but kept getting worse. Nothing would stop the awful itching and burning.

"I had to stay in bed from the middle of May to the middle of July. Then I tried D. D. D. Prescription. This is the 9th of December and I am entirely free from the terrible disease. D. D. D. saved my life.

"When I began this treatment, people were afraid of me. I looked so terrible. My husband was the only one who would care for me. D. D. D. stopped the itch at once so I could sleep, which I had not done before. Then I began to get better fast and now my skin is clean and white, not a spot anywhere."

Just a few drops of D. D. D. Prescription applied to the skin brings relief—nothing to swallow or drink. We vouch for D. D. D. Prescription, also the cleansing D. D. D. Soap. Get a bottle today if you have any skin disease. Begin your cure at once. For sale by L. L. Elgin.

S.S.S. CURES
SKIN DISEASES

When the blood is pure and healthy, the skin will be soft, smooth, and free from all blemishes and eruptions; but when some acid humor takes root in the circulation, its presence is quickly manifested by some form of skin disease. The skin receives its necessary nourishment and strength from the blood. When, however, this vital fluid becomes a humor-laden stream, it can no longer preserve the healthy, natural appearance of the skin, but by its acid, impure nature continually irritates and inflames the delicate tissues and fibres and keeps the cuticle in a diseased and disfigured condition. External applications cannot reach the blood, and therefore are beneficial only for their ability to reduce inflammation, and assist in keeping the parts clean. To cure any skin trouble the blood must be purified of the humors that are causing the trouble. S. S. S. drives out the humors from the blood so that the skin, instead of being irritated and diseased, is nourished by a healthy, cooling stream. S. S. S. goes down into the circulation and removes every particle of impure matter, all acids and humors, and restores the blood to its normal, pure condition, thereby curing every form of skin disease or affection. Book on skin diseases and any medical advice free to all who write.

BABY TORTURED
FOR 6 MONTHS

By Terrible Itching Eczema—Face and Head a Solid Sore—Spread to His Hand and Legs—Would Scratch Until He Bled—Tiny Sufferer Immediately Relieved and

ENTIRELY CURED IN 2
MONTHS BY CUTICURA

"When my son Walter was three weeks old, eczema appeared on his face. We did not know what it was so went to a doctor who treated him for three months. Then he was so bad that his face and head were nothing but one sore and his ears looked as if they were going to fall off, so we tried another doctor. He said he could cure him and we doctored there four months, the baby never getting any better. His hands and legs then had big sores on them and as for his sleeping, we could not think of it, the poor little fellow suffered so terribly. First I tied his hands to the crib to keep him from scratching, but when it got so bad I tied him in a shawl or he would scratch himself all bloody. When he was seven months old we tried a set of the Cuticura Remedies. The first application of Cuticura let him sleep and rest well, in one week the sores were gone but it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear and white face. Now he is two years and seven months old and has never had eczema again. I hope this letter will help some who are suffering from skin disease. Every mother who has a baby suffering with skin disease should just try Cuticura; there is nothing better." Mrs. Louis Beck, R. F. D. 3, San Antonio, Tex., Apr. 15, '07.

A single set of Cuticura Remedies is often sufficient to cure torturing disfiguring, itching, burning, and scaly humors, eczema, rashes, and irritations, from infancy to age, when all other remedies fail.

Complete External and Internal Treatment for Every Humour consists of Cuticura Soap (25c.) to cleanse the skin, Cuticura Ointment (50c.) to heal the skin, and Cuticura Resolvent (50c.), for in the form of Chocolate Coated Tablets the purgative effect to purify the blood. TOBACCO NOTES

Another slump was noted on the tobacco market last week, these slumps having come with such every-other-week regularity of late that now they are almost anticipated. Sales last week showed a heavy decrease but prices remained firm according to the schedule of the farmers' organizations which control the present supply at least. Even with the lessened activity trading was continuous every day, sales being recorded for each day with the exception of Saturday. The fact that sales are being made so steadily and not spasmodically as is the case at other points, is considered a good omen for the future.

The Planters' Protective association sold 63 hogsheds during the week at prices ranging from \$7 to \$10.50 for hogs and \$10.50 to \$13 for leaf. It was thought that about all the tobacco had been delivered but receipts for the week were about fifty hogsheds which brings the total for the year up to this time to 6,324 hogsheds.

The Society of Equity sold 16 hogsheds at prices ranging from \$7 to \$12 and which, considering the grade, are very satisfactory. No receipts were reported.

The sales for the entire dark district by the Planters' Protective association for the week ending July 18 show another heavy decrease, the report of Auditor Seales showing only 968 hogsheds disposed of for that period. These sales for the week, with totals for the year, on the various markets, are given as follows:

MARKETS	SALE THIS WEEK	SALES THIS SEASON
Springfield.....	354	6939
Clarksville.....	133	6305
Guthrie.....	251	2759
Hopkinsville.....	102	2738
Paducah.....	123	3709
Murray.....	45	1715
Mayfield.....	27	1148
Cadiz.....	24	438
Russellville.....	25	732
Princeton.....	57	648
Totals.....	985	27,114

The growing crop is still being unfavorably reported, but rains which fell toward the latter part of the week will doubtless bring it out materially and improve its condition rapidly.

It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Cook & Higgins and Cook's Pharmacy drug stores. 50c.

ON NEXT SATURDAY

THE POLLS WILL BE OPENED AT SEVENTY PLACES.

First Election Under The New School Law of Kentucky Will be Held.

The new school law makes many changes in old system under which county schools were conducted, and one of the most important of these is the manner in which trustees are elected, a special election having to be held for this purpose. Much has appeared in reference to this new law and there are very few yet who really understand and are fully acquainted with its provisions.

Suffice it to say that the first election for school trustees will be held in Christian county next Saturday, August 1. The officials ballot books, ballot boxes and the other multitudinous equipment which goes with an election under our present system, is now being distributed by County Clerk Campbell. The election is to be held in strict accordance with the Australian method. One material change though is that instead of voting from six o'clock in the morning until four in the afternoon as is the case in a general election the poles next Saturday will only be open from one to five p. m. Three officers are to be at each polling place, a list of these having appeared in these columns in a previous issue. Instead of there being only thirty precincts as is the case in a general election there are seventy in the school election and a trustee is to be elected by the vote cast at each precinct.

The time for making nominations has passed and there were only twenty-one candidates named in as many sub-districts as they are called. In no district is there a contest and in those districts, were no nominations were made the voters will cast their votes for whomsoever they please. Forty-nine of the ballot books were therefore sent out without the name of a candidate appearing on the printed ballot.

Don't fail to go to the polls next Saturday and cast your vote for some one.

ENDORSE EWING

Favor New Constitution and Demand Annual Financial Statement.

At a meeting of the Keysburg District Planters' Protective association Saturday, July 18, the following resolutions endorsing Manager Ewing for re election were passed unanimously:

Whereas, certain influences or combinations within the executive committee of the Tobacco Growers' association have so nullified our general manager's acts and have so hampered and embarrassed him in the discharge of his duties that great harm has come to the organization and may result eventually in his displacement by some one else. Therefore be it

Resolved, by the Keysburg District of the Tobacco Growers' association in convention assembled.
1. That we hereby declare our faith and confidence in Mr. Ewing as general manager and Mr. Fort as president and pledge them our hearty support.

Resolved, (2nd) That we will exert ourselves to elect a county chairman who will be pledged to support them for re-election.

Resolved, (3rd) That we favor a new constitution either made by a committee and submitted to the counties for their approval or by delegates elected from all the counties in the district.

Resolved, (4th) That we demand an annual itemized financial report of all receipts and disbursements, beginning with the first of the next new association year.

Resolved, (5th) That a copy of these resolutions be furnished the county papers for publication.

BURNING OF DEPOTS WILL BE INVESTIGATED.

Sleuths of Uncle Sam Will Look Into the Latest Outrages by Night Riders.

FRANKFORT, Ky., July 28.—Before the end of this week a number of secret service men of the government will be in Trigg and Caldwell counties to investigate the burning of the depots of the Illinois Central railroad company and the destruction of cars.

It was stated here today that the postal department at Washington has been notified that the burning of depots has interfered with the transportation of mail and the cases were those in which the government should take action. The government was requested last winter to send secret service men into Kentucky to investigate the sending of threatening letters through the mails, but the state government was notified that the case as presented did not come under the jurisdiction of the postal department.

On warrants sworn out by the board of control of Franklin county, Ben Marshall, of Honeyuckle, and Harrison Coburn and V. D. Pulliam, of Thornhill, this county, were arrested today on a charge of violating the Crecelius law by buying pooled tobacco. They were released on \$1,000 bonds.

CINCINNATI, O., July 28.—The ceremonies incident to the notification of William H. Taft of his nomination by the Republicans for the presidency are being held today.

The principal point in the speech of Judge Taft was that the next administration must clinch the progress made by Roosevelt.

Senator Warner of Missouri made the chief address of notification. Magnificent fireworks display on the river will be the crowning event of the celebration.

OF MUCH INTEREST

IS QUESTION OF THE ELECTION OF OFFICERS.

Probable That Both the County Judge and Sheriff Will Be Elected in November.

The question of how long the appointees at present holding office as county judge and sheriff of Christian county, respectively, will continue in office has been a good deal discussed for some time past, and it is a question in which our people are very much interested.

Judging from the expressions which have been heard it is the general opinion that both offices will have to be filled at the coming election, though no one has yet been able to say definitely whether or not this would have to be done. When the matter was first suggested every one held the opinion that on account of this being a national election and also that a congressman was to be elected, it effectually prevented any election for county officers to be held at the same time. Investigation, though, shows where the court of appeals has construed the existing laws in such a manner that indications are that there is no question but that the people will have to decide at the coming general election who will be sheriff and county judge for Christian county for the year yet remaining of the term for which David Smith and Judge James Breathitt were originally elected.

In the event that an election is called to fill the offices, Judge C. O. Prowse and Sheriff J. M. Renshaw will stand for election for the unexpired term. In this case Mr. Renshaw will be opposed by at least David Smith, the former sheriff who was ousted from office by Judge Prowse because he had not renewed his bond within the specified time. There may be other entries in this race. As yet there have been no authoritative announcements of opponents for Judge Prowse, but Squire J. F. Dixon, D. R. Perry and others are being mentioned as probable candidates.

The law regarding elections and filling of vacancies is rather complex.

Section No. 152, of the constitution of Kentucky, reads as follows:

"Vacancies in Office—How Filled: Except as otherwise provided in this constitution, vacancies in all elective offices shall be filled by election or appointment, as follows: If the unexpired term will end at the next succeeding annual election at which either city, town, county, district or state officers are to be elected, the office shall be filled by appointment for the remainder of the term. If the unexpired term will not end at the next succeeding annual election at which either city, town, county, district or state officers are to be elected, the office shall be filled by election until said election, and then said vacancy shall be filled by election for the remainder of the term. If three months do not intervene between the happening of said vacancy and the next succeeding election at which city, town, county, district or state officers are to be elected, the office shall be filled by appointment until the second succeeding annual election at which city, town, county, district or state officers are to be elected; and then, if any part of the term remains unexpired, the office shall be filled by election until the regular time for the election of officers to fill said offices. Vacancies in all offices for the state at large, or for districts larger than a county shall be filled by appointment of the governor; all other appointments shall be made as may be prescribed by law. No person shall ever be appointed a member of the general assembly, but vacancies therein may be filled at a special election, in such manner as may be provided by law."

The decision of this question depends upon whether or not three months will intervene from the time of the appointment before a succeeding annual election, at which either city, town, county, district or state officers are to be elected. In other words, the present incumbents of these offices have been appointed more than three months before the next election, but is the next election, one at which officers of the character above enumerated, and enumerated in Section No. 152, of the constitution, are to be elected. Are presidential electors state officers? If they are, then the terms of office of these appointees expire at

writ of election must be issued so as to fill the vacancies for these offices between now and the November election. If, however, presidential electors are not state officers, then these appointees to the offices of county judge and sheriff of Christian county, hold until the November election, 1909. The court of appeals has decided this question in more than one case. In the case of Todd against Johnson, 99 Kentucky 548; and Donelan against Bird 118 Kentucky 181, the court of appeals has decided that the office of presidential elector is a state office. The court of appeals has in several cases decided that where only congressmen were to be elected at the next election succeeding the filling of vacancies for certain offices that the appointees held over until the next general election at which city, county or state officers were to be elected. So, it would seem from these decisions that these two offices will have to be filled by an election this year.

SUITS ON POLICIES

FILED BY MR. TANDY AGAINST INSURANCE COMPANIES.

Seeks to Recover on Losses Sustained by Him During The Night Rider Raid.

Suits aggregating \$5,000 were filed today by W. T. Tandy against four fire insurance companies for the purpose of forcing the companies to pay the amount of policies which the plaintiff claims were in force when two warehouses belonging to him were destroyed in the Night Rider raid upon the city on December 7, 1908. The buildings which were destroyed were located at Campbell street and Seventh Avenue east, and were occupied at the time by Tandy & Fairleigh, representing the Italian Regio.

The plaintiff states that he complied with all the requirements of the companies in filing his claim for the losses. It is understood that the refusal of the companies to pay the policies is based on the "riot and insurrection" clause.

The companies that are made defendants to the suits and the amount claimed from each are as follows: City of New York Fire Insurance company, \$1,500; Glenn's Falls Insurance company, \$1,000; Williamsburgh City Insurance company, of Brooklyn, \$1,000; Rochester German Insurance company, \$1,500. All of the insurance carried with the three first named companies was on the principal building standing directly on the corner, and \$500 of the Rochester German risk on the same structure while the other \$1,000 was on the one story building standing nearer the Acme Mills plant. In his petition Mr. Tandy values the main building at \$7,000 and the secondary building at \$3,000.

When a boy turns his bulging pocket inside out we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse chestnut, a top, brass nails, hickory-nuts, an apple, and many more articles are garnered by this "snapper up of unconsidered trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomach? There's the apples and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Doctor Pierce's Golden Medical Discovery. The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver "troubles," kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Dr. Pierce's medicines are purely vegetable—no alcohol or habit-forming drugs enter into their composition.

Judge James Breathitt, attorney general of Kentucky, in an opinion holds the barber inspection and examination law constitutional.

Came To Go On Warder's Bond And Arrested As Night Rider.

As He Stepped From Train Warrant Was Served on Him by The Sheriff.—J. G. Hord Withdraws as Security For Former Marshal at Gracey.

(From Saturday's Daily)

Upon his arrival here last evening for the purpose of going on the bond of Gano Warder, charged with being a Night Rider, Tom Thomas was arrested at the I. C., station by Sheriff Renshaw upon a warrant which accused him of the same offense. Mr. Thomas expressed surprise at the charge against him and arranged the bond of \$1,500 temporarily with Howard Brame as security, until he could give permanent security today, and he was released from custody.

The specific case in which Mr. Thomas is alleged to have participated with the Night Riders is not given. The charge reads that on the blank day of December 1907 he "did then and there, with others, unlawfully and feloniously confederate and band together and go forth for the purpose of molesting, injuring or destroying personal or real property belonging to another person or persons."

Morrison Against Taft.

He says that the Republican nominee denies that Jesus Christ was the Son of God, and says that every minister of the gospel and layman of the faith, and every mother who loves the Lord, and every Sabbath school teacher in the nation, ought to rise up and march to the polls on election day, singing "All Hail the Power of Jesus' Name," and give Mr. Taft a rebuke that will go ringing around the world, up to heaven, and down through the centuries.—State Journal.

IN NICK OF TIME

TROOPS ARRIVE AT PRINCETON TO PREVENT RAID.

Reported That Night Riders Had Planned to Use Torch on The Town.

The presence of soldiers at Princeton last Thursday night a detail having been sent there that afternoon from Marion, is all that prevented another raid of the Night Riders upon that town, is the startling information that has been brought here by people who have been in Princeton. According to the story it has been learned that the Night Riders had their plans all perfected for entering Princeton on that night when no one anticipated any such move on their part and after placing the town under guard as is their custom they intended to set fire to the new Illinois Central passenger depot, the freight depot a flouring mill and the court house.

Whether the military authorities got wind of the proposed plan and sent soldiers there for the purpose of frustrating such a move or whether it was just a coincidence that the soldiers were sent to Princeton that afternoon, is not known, but the fact remains that the soldiers were sent and that no Night Riders appeared. Judging from the manner in which the soldiers were sent there is ground to believe that the authorities had notification that something was in the wind. A detail from Marion, the closest company to Princeton, was ordered out and barely reached the depot in time to catch the last train of the day. They were kept at Princeton no longer than was necessary to get a detachment from the Owensboro company on the ground. When the Owensboro soldiers arrived the Marion boys went home.

STARTLING STORY

IS TOLD BY A CONFESSED NIGHT
RIDER

Band Started to Drown Him in Old
Well, Believing He Had Re-
vealed Secrets.

Exiled from home, and unable to attend his mother's funeral, or minister to his stricken father, John Stephens, with his wife and children, is hiding in Paducah from Lyon county Night Riders, who once have bound him with wires and weighted him with stones, preparatory to drowning him in a deep well. He made his escape from the Lamasco section to Paducah on foot, traveling a day and a night without a bite to eat.

He is quartered at Pryor's boarding house, 605 Broadway where Sanford Hall, the Night Rider spy, is also staying, and it was with difficulty that Mr. Stephens could be made to talk of his affairs. He positively refuses to discuss his joining the Night Riders and their operations although it is understood that he was compelled to join them.

Mr. Stephens tells the story about himself:

"I was living on my father's farm in Lyon county between Eddyville and Lamasco. Nearly everyone there is a Night Rider. I need not tell of my joining them. One day I was approached by three men of my county. (He gave their names) who suggested that we rob the bank at Birmingham. They said there is no danger of being caught. We are all Night Riders, and the organization will have to stand behind us, for fear of what we might tell. I refused to join them, and then they told me that because I knew their plans I would have to leave the country or be killed. I fled to Missouri.

"I have been taking care of my father and mother, and about April 1 left them on the farm alone. While I was gone I learned of my mother's death, and I returned to the farm. These three men told the Night Riders I had exposed them, and they visited me the night of July 13. They took me about thirteen miles from home and bound me with wires and fastened two boulders together for the purpose of putting the weights about my neck. I was standing on the brink of a deep, open well. They said I had informed on them and they would kill me. They have killed more than one man in that section.

"I assured them the story was false and convinced them. They let me go, when I said I would forget this affair.

"The next night I started on foot to Lamasco, and met the party riding to my house, armed and masked. I stepped into a shadow as they passed and hurried on westward. They visited my house, broke the lock and searched the premises. They threatened my wife, that unless she left the next day they would kill her. She hurried to Kut-tawa, and County Attorney Krone sent her on to Paducah.

"Came through afoot, trudging all day, all night and day without stopping for anything to eat. I had to traverse the Night Rider infested district the whole way. I had to leave the crops untended and my father, without waiting to look after his comfort. Of course, my wife, knew nothing of my whereabouts, except that she knew they had not found me before they called, and she could only pray they would not find me on their return."

Stephens names people mixed up in the Hollowell case in his story. These recent outbreaks have occurred in the circuit presided over by Judge Cook, of Murray, who will try the night riders of Calloway county week after next. A great many tobacco speeches have been made in that circuit the last few weeks, and some of the speeches were incendiary.—Paducah Sun.

ISSUES A MESSAGE

ADDRESSED TO ALL FARMERS
OF KENTUCKY

Bryan and Kern Urge Them to Con-
tribute According to Their Means
To Democratic Campaign.

The first appeal for campaign contributions by the Democratic candidates for the presidency and vice-presidency has been made. In a formal message directed to the farmers of the country, Messrs. Bryan and Kern urge them to contribute according to their means and in other ways assist in restoring democracy to power.

The appeal is as follows:

To the farmers of the United States: The first contribution made by the Democratic campaign fund this year, so far as we know, was made by an Iowa farmer. Just before the Denver convention met, this man, who modestly prefers not to have his name mentioned, journeyed more than one hundred miles to Lincoln with his contribution of \$100, which he left with Mr. Bryan to be given to the committee when organized for the campaign.

The farmer was born in Sweden and for some time after he was naturalized was a member of the Republican party, but as he was a student of public questions in the course of time he became a Democrat. To manifest his deep interest in the success of the party and in the triumph of Democratic principles, he made this free will offering to the campaign fund.

It is very appropriate that the first contribution should come from that great body of our population, known as agriculturists. The farmer has nothing to gain by privilege and favoritism; his hope is in the application of the doctrine of equal rights to all and special privileges to none. He has been the victim of all special legislation and has suffered from the control of politics by the great predatory corporations.

Now that the Democratic party has announced its determination not to accept contributions from corporations, nor except excessive contributions, even from individuals, to publish all contributions when over a reasonable minimum, it ought to be able to secure a sufficient sum from the citizens who ask from the government nothing but protection for their rights and consideration for the general welfare. There are hundreds of thousands of farmers, who are abundantly able to contribute to the campaign fund. There are thousands who could give \$100 apiece without feeling it; there's tens of thousands who could give \$50 apiece, without sacrifice and still more who could give \$25 or \$10 or \$5.

As the national committee has not yet been organized, we will ask The Commoner to call for subscriptions to this Farmers' fund. Those giving may indicate whether they are willing to have their names mentioned and, if the contribution is not more than \$100 their wishes will be complied with. All contributions above \$100 must be made known, no matter from whom they come.

The farmers' fund will be turned over to the national committee as soon as its permanent officers have been selected. Who will be the first to respond? The Denver convention was a people's convention; it adopted a strong, clear, honest platform and its nominations were made with practical unanimity.

Our fight is a fight for the whole people. Our aim is equal and exact justice to all; our purpose is to restore the government to the hands of freely chosen representatives of the voters. How many farmers will join in furnishing the necessary to present the issues?

JOHN W. KERN.

VALE, MR. BURGESS

REQUISITION FOR THE NOTORI-
OUS PRISONER IS RECEIVED.

Officer Left With Him This Morning,
Via Murray, For a Jail in
Mississippi.

From Friday's Daily)

F. S. Smith, the complaining witness in the case against J. M. Burgess, arrived here last night armed with requisition papers for the transfer of Burgess to Mississippi. This morning Deputy Sheriff Jim Claiborne, accompanied by Mr. Smith, left via the Illinois Central for Murray where the final orders before Burgess can be removed from the state will be issued by Judge Cook.

While Burgess was in jail here, a letter addressed to him in care of Hotel Latham, was received. It was opened by the authorities and found to contain a letter from a Nashville citizen, stating that he was ready to close a timber deal with Burgess, paying him \$7,000 in cash and the remainder in one, two and three years. Burgess told Jailer Johnson that he had deals on hand by which he could obtain \$10,000 if he could get his liberty for a few days.

TWO STOCK BARN

Burned Tuesday Night Near Clarksville.

The Leaf-Chronicle says: Demps R. Hunter, who lives near Southside, lost two stock barns by fire Tuesday night between two and three o'clock. Besides the barns he lost about seventeen tons of hay, 100 bushels of threshed oats and wheat, 75 bushels of corn, all of his harness, and part of his farming implements, entailing a loss of about \$1,500, with \$375 insurance.

Fortunately the stock were all gotten out and saved from the fire. The barns were situated only a short distance apart and one caught from the other. Mr. Hunter thinks the fire originated from spontaneous combustion in the hay or from a loose match, as the flames when first seen were bursting through the roof with no fire below. Mr. Hunter is quite certain that the burning was not of incendiary origin, as he does not know of any personal enemies, and he is one of the original association members, having become a member at the beginning. His friends deeply sympathize with him.

FIRST TRACT: "Beginning at a point marked by a stake on the Canton pike; thence with the west edge of said pike, with the meanders thereof, 300 feet to the corner of M. F. Crenshaw's lot on said pike; thence with a line of said Crenshaw, N 63½° W 410 feet to a stake another corner of said Crenshaw, thence, at right angles to said second line, or S 26½° W 300 feet to a stake; thence with a straight line from said last stake to the beginning; but excepting and excluding from this conveyance a lot on the most easterly corner of said parcel, fronting fifty feet on Canton pike and running back one hundred feet on the northeastern boundary, more or less, which excepted strip or lot was conveyed to C. L. Mayes, and his deed is referred to for accurate description of same. This is the same lot conveyed

to J. A. Wallace and W. A. Adecock on the 28th of January, 1904, by deed from Fannie Phelps, Corrie Phelps and Lillie B. Phelps, now recorded in Christian county clerk's office in Deed Book No. 107, at page 119, and the said Adecock's interest in said lot was conveyed by him and wife to said R. H. SECOND TRACT: "Was conveyed to said Wallace & Adecock, jointly on March 8, 1906, by Fannie Phelps, Corrie Phelps and Lillie B. A. Fay & Egan Co., has liens, which will be sold separately; then, the two lots of real estate, together with all the machinery except the three pieces above named will be offered as a whole, and the sale made in the way that most money will be realized. WELCOME TO OLLIE

Citizens of Marion Give Him Ovation on Return From Denver.

MARION, Ky., July 30.—A welcome was tendered to Congressman Ollie M. James here this afternoon when he arrived from Denver. The people regardless of politics or creed, turned out and met the train, and with numerous banners, marched to court square, where former Senator Deboe delivered an address of welcome which was appropriate to the occasion. Mr. James' response was short and to the point, and expressive of his gratitude. Judge Nunn, of the Court of Appeals, County Judge Blackburn and Mayor J. W. Blue also spoke. The town was in gala attire, flags and bunting being everywhere in evidence.
