## DR. KINNAMA N

WILL LECTURE AT THE COURT-HOUSE TONIGHT

His Subject Will Be "The Advantage of More Education."—Everybody Is Invited to Hear Him.

(From Thursday's Daily) Today has been another good one for the teachers' institute. This morning Miss Westcott and Dr. Kinnaman both continued their subjects of yesterday, these being "Primary Reading," and "Object Teaching," respectively. Both showed that the subjects had by no means been exhausted and many new things were shown the teachers. Mrs. Charles P. A county league will be organized here tomorrow morning at 11 o'clock and the teachers desire the co-operation of all citizens, whether they are officially connected with the schools or not, and invite them to be present at the circuit courtroom tomorrow morning when the league is formed.

Tonight at 8 o'clock Dr. Kinnaman will give a public lecture at the courthouse, his subject being "The Advantages of More Education." Dr. Kinnaman is a most interesting and fluent speaker and his address will be a treat. Everybody is invited to hear him.

## SOLID PLATFORMS

MUST BE CONSTRUCTED AT BOTH DEPOTS, SAYS CITY

Objections Filed to Action of Roads In Using Loose Screenings in Making Their Platforms.

The old wooden platform which has done duty so long at the Illinois Central depot has been torn away and cinders and screenings are being put down instead. The old log girders which held the planks are being made to serve as curbing to hold in the cinders and screenings and naturally the looks of the platform suffers much thereby.

The city officials have protested against the construction of such a platform and now have the matter up with the officials of the road. The city claims that an ordinance which makes it obligatory to lay only concrete sidewalks with concrete curbing in the business district, applies to the platform which the railroad is putting in; that although the platform is private property it is for the use of the public and can thus be controlled. The city demands that the screenings be made solid by the use of concrete and that the unsightly logs be removed and either stone or concrete be used to confine the filling of the platform.

The same demand has been made of the Louisville & Nashville railroad in reference to the platform surrounding its depot. Several years ago this road surrounded its platform with a stone wall, provided with stone steps and filled in with screenings. So far as the wall and steps are concerned the city has no kick coming but they want the loose screenings to be covered over with concrete.

Name Was Wrong.

In the account in yesterday's NEW ERA of a suit for damages the name of the plaintiff was given as T. B. Pendleton. This should have been T. B. Templeton.

## TIME EXTENDED

IN WHICH DOG TAGS MAY BE SECURED.

Next Monday is Positively The Last Chance.—More Dogs Here This Year Than Last.

The city authorities have decided to extend the time in which all dogs are to be tagged to show that the dollar tax on them has been paid, to next Monday. This is positively the last call though and the owners of all dogs who are not wearing tags by that time will be liable to a fine of \$5, and no favorites will be played.

Up to today Chief Roper has sold three hundred and six tags. He only ordered three hundred tags at first but seeing that this would not be enough to supply the demand he put in an additional order for two hundred tags. These are expected now at any time and then he can supply all comers.

One amusing thing has been brought to light by the new dog law in Hopkinsville. Last year the assessor books showed only one hundred and twenty eight dogs in Hopkinsville listed for taxation. Already three hundred and six tags have been sold and more will be disposed of before next Monday. Where did these extra dogs come from?

## REIGN OF TERROR

PREVAILS IN THE COAL MINING REGION OF ALABAMA

Deeds Of Violence Are of Almost Hourly Occurrence and Regiment of Troops May Be Ordered Out.

BIRMINGHAM, Ala., Aug. 6.—Yesterday was by far the most turbulent of the coal miners' strike. The lynching of the negro, Will Miller, a union miner, charged with dynamiting at Brighton, was followed by the arrest of two Deputy Sheriffs, Lon Tyler and Bruce Tyler, charged with killing the negro.

Strong feeling over the strike followed by a quarrel led to the killing this morning of Albert Fletcher, a negro, at New Castle, by Constable Will Ellard.

Two deputy sheriffs were kidnapped by strikers at Jett mines and tied to a tree. Another house was dynamited at Wylam, the shock being so severe as to throw the inmates out of bed.

Sheriff Higdon, after a conference with Gov. Comer today, issued orders that no assemblies of men are to be allowed near the mines; that marching groups are not allowed to go along the highways from mine to mine; that all meetings will be attended by deputies and incendiary speakers will be arrested, and that discharging of firearms will not be permitted.

Gov. Comer will probably place the entire First Alabama regiment in the district before the end of the week.

W. R. Fairley, leader of the miners, issued a statement in which he arraigns the governor, charging him with being in sympathy with the mine owners and doing all in his power to injure the miners' cause.

Coroner Paris spent the day at Brighton investigating the lynching of the negro Miller at Brighton, and it is understood that the lynching was done by not more than five men. It is said that other deputies will be implicated in the crime. Brighton citizens regard the lynching as especially lamentable because the man hanged is not believed to have had anything to do with the dynamiting of which he was charged.

The home of John Hugico, a P. O. at No. 5 Mines, beyond Ensley, was dynamited. Deputies who were nearby gave chase to six men, and considerable firing followed. Dogs were brought out and the feeling men threw dynamite at them. The trail led to an Italian boarding house, and six men were arrested, one of them having a bullet wound in the head.

Just as a mass-meeting was being held at Brighton, ten miles south of Birmingham, near the Woodward mines, last night, deputies brought in Will Miller, a negro charged with complicity in the dynamiting of the house of Finley Fuller night before last. The mass-meeting was composed of prominent citizens of the place, and resolutions were adopted that there would be no lawlessness allowed in the community. Today when a deputy sheriff was sent to Brighton to get Miller and bring him to the county jail in Birmingham, it was discovered that the little calaboose had been broken into and the body of Miller was found in the woods hanging to a tree. He had been lynched. The greatest excitement prevails around Brighton, and further trouble is imminent. There is no telling who did the lynching.

Another house was blown up at Wylam, in the western part of the county, but no one was hurt. Two arrests have been made.

## CARDINAL ILL

ROME, Aug. 6.—Cardinal Gibbons, of the Catholic church, was stricken with an intestinal trouble today and his condition as serious.

## FISCAL COURT

HLED A VERY BUSY SESSION TUESDAY.

Road Matters Receive Much of The Magistrates Attention.—Sheep Claims Allowed.

The fiscal court held a busy session Tuesday.

The report of Frank Rives, commissioner to make settlement for 1907 with Sheriff David Smith, was filed and Judge Prowse, Magistrates Morris and Parker and County Attorney Duffy were appointed to go over the settlement and report to the court.

E. M. Jones was appointed as a committee to solicit funds for the building of the Newstead pike. He was empowered to expend such money for the hauling of rock upon the road.

L. R. Davis and Ed Higgins were appointed as commissioners to act with the road supervisor in letting a contract for one and three-quarter miles of pike which is to be built on the Crofton and Greenville road. Claims amounting to \$324 were allowed for sheep alleged to have been killed by dogs and the claims were ordered to be certified to the state auditor for payment.

Magistrates W. L. Parker and J. M. Morris and Judge Prowse were named as a committee to float a loan of \$5,000 at the lowest rate of interest possible, to be due December 1.

Several matters pertaining to the maintenance of public roads were disposed of, these referring principally, to culverts.

## EARL BROADDUS

Administers Discipline to a "Cusser" at Henderson.

The Henderson Gleaner gives the following account of a fight which occurred in that office in which Earl Broaddus, formerly of Hopkinsville and a compositor in the New Era office, was one of the principals:

"About one o'clock Tuesday afternoon, N. R. Dill came into the Gleaner office and proceeded to air his objections to an article in this paper, and interspersed his talk with some 'cuss' words, in the presence of the ladies who are employed there. Earl Broaddus, who is the linotype operator, asked Dill to cease using that kind of language in the presence of the ladies, and Dill, in answer thereto, punched Broaddus in the face. Broaddus was soon on his mettle, and actively and successfully floored Dill, and chucked his head against the floor, giving him about the severest drubbing that he has ever had. Broaddus weighs about 130 and Dill will probably tip the beam at about 200. Dill was slated by Chief Held on breach of the peace charges and will probably have his trial this afternoon."

## ENORMOUS LOSS

MIDWAY, Ky., Aug. 6.—A property loss of from \$800,000 to \$400,000 was caused last night when six warehouses of the Greenbaum distillery were destroyed by fire. The United States government will suffer a constructive loss of \$2,500,000 on account of the loss of the tax on the whiskey stored in the warehouse. The distillery and warehouses caught fire last night at 10 o'clock, and the flames spread to adjoining buildings. The local department was unable to cope with the fire, and an entire section of the town was threatened.

## What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder—curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous dysentery), bladder, uterus or other pelvic organs. Even in the chronic ulcerative stages of these affections it is often successful in effecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those resulting from weakness, debility and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak women, out-of-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into "Doctor Pierce's medicines" by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

# FOUR NEGROES HUNG BY A MOB AT RUSSELLVILLE.

All Were Swung to a Tree Just Outside of the Town and Bodies Left There With Note of Warning to Other Negroes Pinned to the Breast of One.

## JAILER WAS FORCED TO SURRENDER THEM

Mob Worked So Quietly That Citizens Generally Were Not Awakened From Their Slumbers. No Shots Fired or Unnecessary Words Spoken.

RUSSELLVILLE, Ky., Aug. 1.—At an early hour this morning, from fifty to one hundred masked men entered this place so quietly that no one was awakened from their slumbers. Proceeding in the same ominously quiet manner to the jail they called Jailer Butts and forced him to unlock the doors of the cells of four negroes: Virgil Jones, Tom Jones, Robert Jones and Joe Riley, charged with being accessories to the killing of James T. Cunningham, a white man by Rufus Browder, colored, on July 13. The negroes were then led to a point just outside the city limits where they were hung to a limb of a famous tree which did similar duty several years ago. Two of the negroes were clad only in their night shirts.

### Hung in a Row.

The negroes were all strung up in a row and after accomplishing their fearful work the mob quietly dispersed leaving the bodies of their victims hanging to the limb.

The lynching had evidently been carefully planned and every detail of the arrangements was carried out. The utmost order and quiet was observed, no words being spoken and no shots being fired. Very few of the citizens knew that any untoward event had occurred until they awakened at the usual hour this morning.

### News Spread.

After daylight, when the news had been spread, many people went out to view the swinging bodies. The bodies were cut down by the officers and brought here and laid in the courthouse.

Rufus Browder, the negro who is charged with having secreted himself and killed Mr. Cunningham as he passed by, is now in Louisville

for safe keeping. When he was first arrested feeling against him was very strong and he had to be kept out in a cemetery all night in order to keep the mob which had formed from lynching him. Hearing of the excitement Gov. Willson dispatched a small detail of Hopkinsville troops which were then on duty at Guthrie to the scene. The soldiers had not been requested by the civil authorities and their presence created quite a stir as it was claimed they were not needed to preserve order, and that the officials were capable of handling the situation. The soldiers only remained a short while.

Browder was first taken to Bowling Green for safe keeping but even here it was feared that an attempt would be made to get him from the officers, and he was removed to Louisville.

### Note of Warning.

Pinned to the breast of one of the negroes was found a note which read, "Let this be a warning to you negroes to let white people alone or you will go the same way. You lodgers had better shut up or quit."

It is said that the four negroes were members of the lodge known as the True Reformers and money was being raised with which to secure attorneys to defend Browder. There had been more or less rumor as to what expressions and resolutions had emanated from this lodge and a card was published recently denying some of the reports.

The four negroes were placed under arrest several days ago and had been in jail ever since. It is said that they had been doing considerable talking and were upholding Browder in his crime.

### The Murder.

The murder of Mr. Cunningham

occurred near Keysburg on July 13, about 10 miles from Guthrie. The white man discharged the negro from his employ and was preparing to settle with him. Owing to a slight misunderstanding in regard to how much he owed the negro, Cunningham went to the house to get his book in which accounts with his hands were kept. During his absence Browder secreted himself in a buggy house and opened fire on his former employer when he returned. Three shots from the negro's revolver struck Cunningham, one in the heart, in the hip and in the leg. Cunningham fell dying to the ground, but as he fell he drew his own revolver and fired at the fleeing negro. One bullet struck Browder in the back, but did not wound him seriously. Cunningham's wife, attracted by the shooting, rushed to her husband, but before he could make any statement he was dead.

Browder escaped, but was discovered that afternoon by a posse of 150 men and turned over to Sheriff Thomas Rhea, of Russellville, who was on the spot.

LOUISVILLE, Ky., Aug. 1.—Rufus Browder, the negro who killed Mr. Cunningham, near Russellville, and who is in jail here, claims that he killed his former employer in self defense. According to his story Mr. Cunningham fired the first shot.

## WILL LEAVE HERE

Gus Brannon Selected as President of Birmingham Bank.

To the general regret of the many friends of himself and family, Gus Brannon has announced that he is to sever his connection with the Commercial & Savings Bank and is to leave Hopkinsville. Mr. Brannon has been selected as president of the Citizens Savings Bank, of Birmingham, Ala., and he will leave for that city about September 1. His family will follow him about October 1. It is understood that Mr. Brannon's successor as cashier of the bank here has been selected but his name has not been announced.

## ONE THOUSAND

VISITORS EXPECTED HERE IN SEPTEMBER.

Occasion Will be The First Annual Meeting of The Missionary Association of Christian Church.

The Madisonville Hustler says of the state meeting of the Christian Missionary association which is to be held in Hopkinsville September 21-24:

The Churches of Christ in Kentucky will hold their annual state convention at Hopkinsville on September 21-24. The meeting this year has many unusual features connected with it. It will be the first combined state convention that has been held in the last 35 years, the South Kentucky convention at Princeton having voted this union at Hopkinsville.

For the first time in the history of the convention every railroad in the state has declared a rate of one fare plus 25 cents for the round trip, and the managers are working hard to show their appreciation by having the largest attendance this year that they have ever had. Arrangements will be made for those who wish to stop at Mammoth Cave on the return trip from the convention.

No pains have been spared to make the program the best ever presented. Among the speakers will be H. D. Smith, Rev. I. J. Spencer, Rev. E. L. Powell, President R. H. Crossfield, President J. W. McGarvey, Rev. H. M. Hamill, President H. J. Derhick, Rev. A. M. McLean, and Rev. C. E. Morgan.

There is no other convention or gathering to be held in 1908 of such vital importance to the Disciples of Kentucky at this convention at Hopkinsville. The question of the Baptist church union which will be discussed this year makes the convention paramount. The slogan for the year will be "One thousand visitors at Hopkinsville."

## Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

One of the most remarkable Eczema cures recently credited to the well known D. D. D. Prescription has just been recorded in Chicago.

Mrs. E. Hegg, 1550 West Madison street, under date of Dec. 9, 1907, writes as follows:

"I suffered three years with Weeping Eczema. It started with a little spot on my knees and spread fast all over my body. I spent hundreds of dollars and went to every good doctor I heard of, but kept getting worse. Nothing would stop the awful itch and burning.

"I had to stay in bed from the middle of May to the middle of July. Then I tried D. D. D. Prescription. This is the 9th of December and I am entirely free from the terrible disease. D. D. D. saved my life.

"When I began this treatment, people were afraid of me I looked so terrible. My husband was the only one who would care for me, D. D. D. stopped the itch at once so I could sleep, which I had not done before. Then I began to get better fast and now my skin is clean and white, not a spot anywhere."

Just a few drops of D. D. D. Prescription applied to the skin brings relief—nothing to swallow or drink. We vouch for D. D. D. Prescription, also the cleansing D. D. D. Soap. Get a bottle today if you have any skin disease. Begin your cure at once. For sale by L. L. Elgin.

The Democrats are more aggressive in this campaign than they have been any time since 1892. Furthermore the part is as thoroughly united, determined, and harmonious as it was in that famous campaign which resulted in a great Democratic landslide. Mr. Bryan has shown political sagacity in choosing an eastern man Mr. Norman E. Mack of Buffalo who is thoroughly identified with the old Cleveland wing of the party, to manage his campaign and, who at the same time is a devoted and loyal follower of the eloquent Nebraskan. It is evident that the Democrats are going to assume the aggressive, from the start to finish, and they are going to assault and storm the Republican breast works all along the line. While Mr. Roosevelt has been a popular and patriot president, they point to the fact that the Republican party at heart is as bitterly opposed to him as it is to Bryan. In fact the Republican party is so thoroughly wedded to the trusts and corporate interests, and to the interests of what Mr. Roosevelt calls the "wealthy malefactors" that Mr. Roosevelt has been utterly unable to accomplish any good for the country.

The Great Standard Oil fine of \$29,000,000 has been set aside by Standard Oil Republican judges and thus deprived the Republicans of the only legitimate evidence of real results yet accomplished by the Roosevelt administration. In fact the Republicans in this campaign cannot point to a single trust that has been "busted" by the administration, nor can it point to a single item of relief that has been afforded the people as the result of the Republican administration. Furthermore they point to the fact that all of the policies of Mr. Roosevelt that have excited such tremendous popularity and approval were promulgated by Mr. Bryan long before Mr. Roosevelt ever thought of them. In other words Mr. Roosevelt has gained popularity only by carrying out Mr. Bryan's principles which were not only preached by Mr. Bryan but have been incorporated in Democratic platforms as well, and are absent from the Republican platform. In other words if the people want relief they must look to the Democrats and not to the Republicans.

The slow merchant has many and varied ways to avoid advertising for business. If he happens to sell a few dollars worth of goods, he's too busy, and if he doesn't sell anything it's too dull. The whole truth about the matter is, he's a dead duck, and doesn't know it. However, advertising in a judicious and systematic way can save him if he only knew it.

# SCHOOL ELECTION

WAS HELD SATURDAY WITH LITTLE INTEREST MANIFESTED.

Fifty of The Precincts Have Reported And a List of Those Elected Trustees Therein is Given Here.

The election for school trustees for Christian county under the new school law, was held Saturday as scheduled. Owing to the general lack of understanding of the law the interest was not as great as it should have been. It is reported that in some precincts no election was held while in nearly all of the precincts the vote was light.

Unlike the general elections, the ballot boxes have to be returned to the county superintendent of public instruction instead of the county clerk.

Fifty of the boxes have been returned up to this time and the certificates show the following results in those precincts.

# THE STOCK LAW

An enthusiastic meeting was held on the pavement in front of the courthouse Monday afternoon, the question under consideration being the proposed county stock law. Squire Joe Moseley presided and an interesting discussion of the law and its advantages was held.

The most of those present seemed to be heartily in favor of the stock law, they seeming to accept Squire Moseley's idea that it was cheaper and less trouble to fence against one's own stock and that of his tenants than it was to fence against the stock of all his neighbors as is the case whenever it is turned out on the public highway. Besides the presiding officer, speeches in favor of the proposed law were made by J. D. Shepherd and James Ragdale and Mayor Meacham told the country people what a good thing a stock law was for the city and promised the same satisfactory results in the country should it be voted.

D. R. Perry was inclined to go a little slow in the matter and look at it from all sides before making it operative.

# RUSSELLVILLE CITIZENS GUARD THE TOWN

To Protect It From a Mob of Armed Men Who Were Reported To Be Marching In That Direction.  
Mob Failed To Show Up

RUSSELLVILLE, Ky., Aug. 4.—This place spent a wakeful and most unpleasant night last night as the result of a report which was received that a mob of 200 men was marching on the town. When the report was received a regular riot alarm was sounded, whistles being blown, and bells rung. The citizens responded promptly and for the balance of the night the streets were patrolled by armed bodies of men. According to the report the mob was coming from the direction of Allensville, Cave Spring and Ferguson.

It was not known whether the members were white or black. A body of men, heavily armed, was sent by Sheriff Rhea to guard the home of Mrs. Cunningham, widow of the man who was killed. The rumors proved to be false and no hostile bands showed up.

RUSSELLVILLE, Ky., Aug. 4.—Following the indictment of Rufus Browder for the wilful murder of James Cunningham the negro's counsel informed the court that they desired to move for a change of venue, on which motion they desired to introduce testimony. It is claimed that in view of the present inflexible state of public sentiment the defendant cannot obtain a fair trial in Logan county.

The court set the hearing of this motion for Monday next and each side is preparing to offer testimony for and against the motion at that time.

As only one section of the county is stirred over this tragedy, it is freely believed that from other sections of the county there will be no trouble in obtaining jurors who know nothing of the case.

The charge of Judge Sandidge was more in the nature of an appeal to reason than a condemnation of the mob. His charge was well received by the large crowd who had assembled to hear it. The court closed his remarks by saying that Browder must and would be tried in the constitutional way by a jury properly chosen without the interference of a mob or otherwise. It is accepted here as a settled fact that the governor will send troops here when Browder is presented in court. Officials and the people generally have concluded that the governor will order them here without regard to what recommendations the local officers might make.

The lynching does not appear to have had any great moral effect on the negroes here. There are frequent mutterings among the blacks, and with the arrival of soldiers it is feared they will become more bold.

There are several members of the True Reformers' lodge in Russellville, and it is known they had a secret meeting following the lynching. What transpired can only be surmised. The lodge has been in existence but a few months, according to the information of the authorities, and the sole object is said to be one of intimidation; in fact, the authorities say they will be able to prove that one of the decrees of the society is that an employer who discharges a negro shall be assassinated. Since the organization of the band the farmers out in the country have been afraid to antagonize the negroes, and the latter became so bold and domineering that stringent measures to break the influence of the organization were decided upon as absolutely necessary. The negroes worked when they pleased and refused to work, despite conditions, whenever so inclined, and the farmers were compelled to submit. The authorities say they will prove that.

Cunningham was marked for assassination at a meeting of the order, and Browder, it is alleged, was selected to kill him.

Mrs. John Russell, wife of a prominent farmer, will testify that her negro hired man, upon hearing the shots near the Russell home, said: "Well, I guess Rufus Browder has killed Cunningham." Lawson Browder, a cousin of the slayer, is said to have been run out of town because of his refusal to join the reformers. An attempt was made to assassinate him.

Employer John Gill, who in turn was marked for assassination, fled to Illinois, and Gill's death was only

prevented by a warning that he would be summoned to a neighbor's home on a certain night and waylaid and killed on the way. It was on a charge of conspiring to kill Gill that the negroes who were lynched were arrested.

Dr. Kemp, a well-known physician in the southern part of the county, incurred the enmity of the reformers, and was summoned to a farmer's home late one night, but upon leaving his house saw negroes loitering about, and returned and telephoned the home of the supposed sick man. He was then informed that no summons had been sent him, and later learned from the same negro who warned Mr. Gill that a plot to kill him was only frustrated by his action in telephoning.

The officers have learned that the band includes about three hundred negroes, principally in the southern part of the county. They say the object is to furnish funds for defending criminals, and the organization is said to be formed on lines exactly similar to the Black Hand or the Mafia. The negroes, on the other hand, declare it is nothing more than an insurance and burial organization. Judge Sims, Browder's attorney, denies that he is employed by the True Reformers.

# BOUQUET FOR EWING

Full Text of Resolutions Adopted Yesterday.

In adopting the resolution Monday endorsing Felix G. Ewing in his course as general manager of the association and calling upon him to continue in that capacity, the Christian county branch of the organization was very enthusiastic and when the vote was called for there was not a dissenting voice. The resolution reads:

"We, the county executive committee of the Planters' Protective association of Christian county, Ky., in regular meeting assembled, take this opportunity of expressing our confidence in the leadership of our General Manager, Hon. Felix G. Ewing, of Glenraven, Tenn.

We recognize in Mr. Ewing, a true and loyal friend of the farmer, a wise leader and safe counselor. The sacrifices he had made in behalf of the organization he has founded, have no parallel in the commercial history of this country. We recognize him a conservative Christian gentleman, who believes in the maintenance of law and order, and who has labored earnestly and zealously for peace and good will among the people.

With the highest hopes for the future we congratulate him and the executive board on the success they have achieved; and we hereby urge Mr. Ewing to continue as our general manager, and assure him the loyal support of our county."

After lengthy discussion it was decided not to have a barbecue and picnic as had been proposed. This action was for the county as a whole and did not bind the various precinct picnics.

The attendance was unusually good, the city courtroom being filled with members of the association in addition to the usual number of committeemen. Several talks were made, one of these being by S. J. Lowry, of Garrettsburg, whose remarks were listened to with close attention and were warmly applauded. Tom Hale, colored, also recounted an impression when he recounted how much good the association had done for him. At the close of the meeting Chairman Radford expressed his satisfaction at the large number present and announced that if the members would continue to pack the house every time the committee met that much more good could be done for the organization.

# OUTLINES HIS PLAN

FOR THE COMING CAMPAIGN, DOES MR. BRYAN

Will Make Only A Few Public Speeches at Central Points.—Interviews and Letters to Play Important Part.

FAIRVIEW, LINCOLN, Neb. July 31.—The first authentic outline of Mr. Bryan's plan of campaign was secured from one close to him. A few prepared speeches will be made at central points, and nearly all of these will be made by the first of October. During the month of October, he expects to remain at home and assist in the educational work of the campaign through the discussion of public questions, in the form of interviews, signed articles and letters.

While Mr. Bryan is not disposed to talk on the subject there is no doubt as to the correctness of the information. Despite the intensity of the heat, the Democratic nominee today was hard at work with his secretary, Mr. Rose, disposing of correspondence.

## UNUSUAL SUIT

IS FILED FOR NEXT TERM OF  
COURT,

## Plaintiff Claims He Cared For Defendant's Child for Ten Years and Has Never Seen Paid.

T. B. Pendleton has filed suit against J. M. Wright for \$1,000, the allegations contained in the petition being rather out of the ordinary.

The plaintiff says that in August 1896 the defendant, whose wife had died, prevailed on him to take his infant child of only a few months and take care of it, the father being unable to provide for the child but agreeing to pay a reasonable amount for its keep. In November 1906, so the plaintiff claims, Mr. Wright reclaimed the child who was then a stout young fellow ten years of age. Mr. Pendleton says that he has been unable to collect anything for board and expenses while the child was under his charge and he thinks the court should adjudge him at least \$100 per year or \$1,000 for the entire time, therefor.

FOR SALE—Two good mules 5 years old and wagon and harness. Twelve months time with good security.

P. M. OWEN,  
R. R. No. 3, Hopkinsville.

## UNEXPECTED DEATH

Of Aged Senator Wm. B. Allison of Iowa.

DUBUQUE, Iowa, August 5.—Senator William B. Allison, of Iowa, died of heart failure yesterday afternoon. Senator Allison has been seriously ill since last Saturday, but the facts of his condition were concealed by his family. Had Senator Allison lived to complete his term in 1909 he would have served longer in the United States senate than any other member. Gov. A. B. Cummins on learning of the senator's death decided to cut short his vacation and will return to Iowa to begin a campaign for election as Senator Allison's successor.

## HER FEET WERE SORE AND CRACKED

Soles Seemed as Though Covered with Knife Cuts—Could Not Bear Weight of Feet Even on Pillow—Was Long Unable to Walk—Many Remedies Failed—Now Cured.

### WILL PRAISE CUTICURA AS LONG AS SHE LIVES

"Some four years ago I had the misfortune to have my feet get sore. The doctors could not tell me what it was. I used everything I could hear or think of but all to no avail. The feet were all cracked across the bottom as if you had taken a knife and cut them every whichway. They would peel up, and oh, my! how they did hurt when I would try to walk—which I was not able to do for a long time. One day one of our neighbors came to our house and asked what was the matter. He showed him my feet and he said he had some Cuticura Ointment which would heal them up. There was only enough to apply once, but I found it helped me so much that I sent for a set of Cuticura Soap, Cuticura Ointment, and Cuticura Pills, costing one dollar, and to my great joy, my feet were cured and have never troubled me since. I shall praise Cuticura as long as I live for the great help it has been to me. Margaret Primmer, Platts, Mo., June 30 and July 21, 1907."

## BOOKS ARE CLOSED

NO MORE PLEDGES WILL BE TAKEN BY THE ASSOCIATION.

For the 1908 Crop.—Practically Every Farmer in Christian County Had Already Joined.

(From Saturday's Daily)

Today is the time set by the executive committee of the Planters' Protective association when the membership books of that organization should be closed. This order applies to the entire dark tobacco district.

After today, therefore, the farmer who has not signed up the pledges must remain on the outside until the books are again opened. The pledges which have been taken expire with the 1908 crop and when the books are again opened it will be for the crop raised next year.

This also completes the three-year term, for which pledges were taken, and it has not yet been decided for how long the pledges will be asked when they are again solicited.

In many counties throughout the district a whirlwind campaign has been carried on for the past few weeks for the purpose of getting in as near all the outsiders as possible. These campaigns were remarkably successful and it is said that an almost solid front will be presented to the trust this fall.

In Christian county no such steps were necessary and none such were attempted. Many months ago Chairman W. W. Radford made the statement that he did not believe there were fifty farmers in the county who were not members of the association and his statement was never questioned. This morning a member of the county committee stated that the association had at least ninety nine per cent of the farmers on its membership list. So the closing of the books did not cut much ice here.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. H. CHENEY & Co., Toledo, O.

## Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers', ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mount City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was a very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant to take. The greatest guarantee it absolutely both as to purity and results to be expected. Usually one or two bottles will do it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old.

A guaranteed, permanent cure. **PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEP SIN."** This product bears priority certificate No. 27, Washington, D. C.

## SUMMONS OF DEATH

COMES UNEXPECTEDLY TO MR. LOUIS W. CANSLER, CROFTON.

As he Arose From Breakfast Table he Was Stricken and Died Immediately.

—Leaves a Family

(From Friday's Daily)

Louis W. Cansler, one of the most substantial and energetic farmers of the Crofton neighborhood, fell dead this morning as he arose from the breakfast table after a hearty meal.

Mr. Cansler had always been noted for his almost perfect and vigorous health and had never given any indication of organic trouble of any kind. He was a man who worked with zeal and force whenever he had a task to perform. Yesterday he put in the day at the strenuous labor of hauling logs in preparation for building a barn, and he intended to continue this work today. While he was eating his breakfast some of his neighbors who were to help him today arrived and were waiting at the gate when death overtook him. The summons came entirely unexpected and before a physician could even get started to his home he was dead.

Mr. Cansler lived about three miles west of Crofton. He was widely known and held the respect and esteem of everyone. He was about forty years of age and leaves a widow and several children.

August time, tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The gain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, Heart, and Kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by Anderson & Fowler Drug Co., Incorporated.

## MARRIED WOMEN

Every woman covets a shapely figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided by the use of Mother's Friend before baby comes, as this liniment prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend makes the danger of child-birth less, and carries her safely through this critical period. Thousands gratefully tell of the benefit and relief derived from the use of this remedy. Sold by druggists at 10.00 per bottle. Book mailed free to all expecting mothers. THE BRADFIELD REGULATOR CO. Atlanta, Ga.

## MOTHER'S FRIEND

In some cases they last longer. They never need repairs. They're fire-proof, storm-proof. They reduce the cost of insurance, and they're easy to lay. They preserve the building too, by keeping out dampness: so if you want a thoroughly cozy home in winter, and a cool house in summer, you can't do better than see that Cortright Shingles are used for the covering.

### RIDDLED BODY

OF MILLARD COLLINS FOUND IN  
A GINSENG PATCH

Killed by a Shot Gun Arranged to  
Fire When Anyone Entered  
The Patch

MIDDLESBORO, Ky., July 31.—  
Pennington Gap, Va., is consid-  
erably agitated over the finding of the  
body of Millard Collins, near Ben  
Hur, Va., riddled with shot. Collins  
was killed by the discharge of a

shotgun, mechanically arranged to  
shoot the gun having been placed  
in the ginseng patch of John Wilson,  
of Ben Hur.

Collins' body was found by his  
wife Wednesday. Collins disappeared  
about ten days ago. Mrs. Collins re-  
ceived a letter from her husband's  
father in Tennessee, stating that his  
son, who had been boarding with  
the Collins family in Virginia, had  
come home. He stated that his son  
had told him that he and his brother,  
Millard, had gone into Wilson's  
ginseng patch when a gun was dis-  
charged. Millard fell, but his brother  
ran away.

On reading the letter Mrs. Collins  
went to the ginseng patch and found  
her husband's body. John Wilson,  
owner of the ginseng garden is al-  
most prostrated over the killing of  
Collins. He stated that notice was  
posted on his garden to the effect

that he had several guns arranged  
to fire mechanically and he thought  
this would scare away all the  
marauders.

### RUMOR WAS UNTRUE

A wild eyed rumor was spread  
here this morning that several hun-  
dred negroes had entered Guthrie  
about 2:30 a. m., and had been driv-  
en out by a posse of citizens and the  
soldiers.

Over long distance telephone this  
rumor was denied by a Guthrie citi-  
zen and the statement made that no  
body of men entered the town at all  
and that the night passed quietly.  
From parties coming from Guthrie  
this morning, it is learned that reports  
were received there last night that  
the negroes were on their way and  
that citizens, in addition to the  
soldiers on duty there, had patrol-  
led the town.

### AN EDITORIAL

CAUSES SERIOUS TROUBLE AT  
MADISONVILLE.

MADISONVILLE, Ky., Aug. 4.—  
J. B. Brasher, editor of the Madison-  
ville Journal, and Jack Shanks, a  
non-union contractor, engaged in a  
fight at the depot here yesterday  
which resulted in Shanks' receiving  
a number of ugly gashes about the  
face. Shanks, it is said, attacked  
Brasher, striking him in the face  
and knocking him back several feet.  
Brasher sprang on Shanks, cutting  
several ugly gashes in his face and  
near the throat with a pocketknife.

It is claimed that Shanks also had a  
large knife in his hand, but that  
Brasher caught his wrist with one  
hand and made quick slashes at  
Shanks' face with the other, which  
kept Shanks busy warding off his  
blows. Men standing by separated  
them. The trouble grew out of a  
recent editorial in the Madisonville  
Journal referring to Shanks as an  
enemy to organized labor. The  
wounds of Shanks are not serious.

### SQ. ALEX CAMPBELL

Adjudged of Unsound Mind And Sent  
to Asylum.

Before a jury in the county court  
this morning Squire Alexander  
Campbell was adjudged of unsound  
mind and was ordered to be confined  
in the Western Kentucky Asylum  
for the Insane. While the citizens  
generally did not realize his condi-  
tion, Squire Campbell's mind has  
been steadily failing for the past  
two years and he has now become so  
childish and irresponsible that he  
was too great a charge to be left to  
his family and relatives. He is seven-  
ty-five years of age. His reasoning  
powers seem to be gone entirely. In  
his day Mr. Campbell possessed one  
of the brightest minds in the city  
and his break down will be learned  
with general regret.

## SPASM WAS FATAL

WHILE FAMILY WERE RETURNING  
TO THEIR HOME

James Woodford, an Aged Resident  
of North Christian, Passed  
Away Saturday.

While returning home Saturday afternoon from a family reunion, the three-year-old child of Mr. and Mrs. Edgar Tuggle, of the Julien vicinity, died with spasms. Before the reunion broke up the child was seized with a spasm but was pulled through. After leaving the reunion and while Mrs. Tuggle and another lady, with the child, were driving along the road, with Mr. Tuggle and a friend in a second buggy, the child was again seized with a spasm and died.

The body was buried in the family burying ground Sunday.

James Woodford, one of the oldest and best known residents of the Pilot Rock neighborhood, died Saturday of senility. He leaves a wife and one son.

Interment took place at Ebenezer church Sunday.

## From Day to Day

After more than four years of service with the Kentucky Board of Fire Underwriters, Claude F. Snyder, secretary, has resigned, the resignation to take effect September 1. B. F. Weitzel, former president of the company, in speaking of the matter, said that the resignation has not been officially considered by the board of directors, and that it will not be until August 11. He stated that Mr. Snyder will accept the state agency for the North American Insurance company and for the Philadelphia Underwriters company.

The latest innovation in fine writing materials is a perfumed ink. When a letter is written with this ink, the recipient, upon opening the envelope, is greeted with a most delicate and pleasing perfume. Of course the Hopkinsville stores have been one day recently a young lady was investigating the ink and as she and the salesman were discussing its qualities and merits another young lady stepped up and listened with close attention to the conversation. Finally the new comer broke in with, "And wouldn't it make a dandy shoe polish."

A Knoxville church paper recently contained the following complimentary notice of the playing of Mrs. J. H. Anderson, formerly of Hopkinsville. "We were truly glad to have Mrs. J. H. Anderson play for us the past two Sundays, while our organist was at Asheville. She is one of, if not the best organist in the city. Besides going through one of the best conservatories, she has rare musical talent. And all that, with her devoted Christian life, thrown into an organ, music rare and beautiful rolls from the instrument that gladdens the heart and soul and inspires the faithful to greater undertakings. Our people enjoyed her presence as well as they did her playing."

The Nashville Tennessean says: "Jere Tobin of this city saved the life of a young lady at Atlantic City a few days ago. Information relative to his heroic act has just been received here in a letter from John Ryan and J. N. Steadwell, two other Nashvillians who were there at the time. It is stated in the letter that the young lady was going down for the third time when rescued by Mr. Tobin, and that he saved her from drowning at the risk of losing his own life. Mr. Ryan stated in his letter that the act was witnessed by Mr. Steadman and himself, and that Mr. Tobin richly deserves a Carnegie hero medal."

The hero is a brother of Jack Tobin of this city, and has many friends here.

After all, Hopkinsville and Christian county people are to have an opportunity to see a circus this year. It may not be one of the biggest ones as so many had hoped for but it is a circus, and a good one too, and big crowds will doubtless see both performances on August 20. The circus is Sun Brothers, which has been here several times and never failed to please.

Dr. A. J. Kinnaman is Instructor and Miss Avis Westcott is Here Again.

(From Monday's Daily)

The Christian county teachers' institute, white, began this morning. The sessions are being held in the circuit court room and when the call to order was made this morning there was an unusually good attendance of the teachers.

The institute was opened with a fervent prayer by Rev. A. C. Bidla, which was followed by a song service.

The instructor this year is Dr. A. J. Kinnaman, dean of the Southern Normal school at Bowling Green. Dr. Kinnaman is prominent in educational circles and his services as instructor are much in demand.

Miss Avis Westcott, of Minneapolis, who created such a favorable impression here last year, and who gave so much valuable information in regard to primary work, is with the institute again this year. Miss Westcott is a specialist in the art of teaching children by such easy stages that they are not made to abhor their studies, but at the same time the results are attained.

The colored institute closed Friday after a most helpful session. All of the teachers attended with much regularity and entered into the discussions with deep interest. Every one seemed to be freshly charged with enthusiasm for the coming term.

Prof. F. L. Williams, of Covington, again demonstrated his learning and ability as an instructor of a high order.

## LEAVE CLARKSVILLE

The Louisville Herald says: "One of the most important deals of the past few months, and one which presages the coming to Louisville of a large and well known tobacco manufacturing plant was made yesterday when the property of the American Seeding Machine Company, on Green street, was sold to the firm of Luckett & Wade for a purchase price in the neighborhood of \$25,000.

The deal was closed through the agency of the firm of John H. Brand & Co. "It was stated last night that the firm of Luckett & Wade, which has operated a plant in Clarksville, Tenn., for many years, has been desirous of coming to Louisville for many months but until the vacating of the newly purchased plant could not find quarters that were entirely satisfactory. It is said that the new concern will open their plant for operation some time next month."

## TRIPLE DAMAGES

LOUISVILLE, Ky., Aug. 3.—Suit for \$1,500,000 damages under the Sherman anti-trust law was bought in the federal court today by the Monarch Tobacco company, a large independent concern, against the American Tobacco company. The petition alleges the American Tobacco company through operations conducted in restraint of trade, restricted the manufacture and sale of tobacco to such an extent that the Monarch company had been crowded out of several profitable selling fields. The Monarch company alleges damages sustained amount to \$500,000 and ask for triple reimbursement under the punitive clause of the Sherman act.

Suit is understood to be an outgrowth of the showing made during the federal investigation of the tobacco trade conducted last winter.

## LARGE ATTENDANCE

OF THE MEETING TODAY OF THE ASSOCIATION COMMITTEE

Resolution Indorsing Mr. Ewing Is Adopted, Picnic Is Abandoned And Much Business Is attended to

(From Monday's Daily)

The Planters' Protective Association held its regular monthly meeting in the county city room this morning at ten o'clock. The meeting was called to order by County Chairman W. W. Radford. Crop conditions were reported as being only fair, and with good weather only 65 per cent. of the crop could be raised. The question of unsatisfactory pricing was thrashed out and the poorness of the crop given as the reason for dissatisfaction in this quarter. Some dissatisfaction was expressed in regard to the slow movement of tobacco on hand as only 50 to 55 per cent. of the crop has been disposed of, but in view of the fact that the prices received for even this amount are equal to the money gotten for the entire crop in years gone by, all the loyal association men were urged to accept conditions as they are and patiently wait until all the crop could be disposed of at present prices.

The question of pledges for the coming year was brought up. Many of the members approved signing at once, and a resolution was passed asking Mr. Radford to confer with the district committee with a view to having the pledges prepared before the time originally set—in October after the election of officers.

A resolution was adopted unanimously approving of the sterling qualities of General Manager Felix G. Ewing, of Glenhaven, Tenn., and pledging him the support of the county. This resolution will be published in full tomorrow.

The meeting was characterized by a spirit of loyalty to the association and a feeling that everything was progressing satisfactorily for the farmer and the outlook for the future was regarded as being exceedingly cheerful.

## RENEW NIGHT RIDER REWARDS

FRANKFORT, Ky., Aug. 3.—Gov. Wilson today renewed his offer of \$500 reward each for the arrest and conviction of the leaders and chief officers of the night rider raids on Princeton, Hopkinsville and Russellville. The time for which the rewards as originally made had expired and to keep them in force it was necessary to renew the offer.

## FELL FROM WINDOW

Old Four Year Old Child But Was Unhurt.

The four year old child of Mr. and Mrs. W. J. Murphy fell from a second story window at the home of D. E. Fowler, on the Clarksville pike, Sunday afternoon, but beyond a general shaking up and soreness of the muscles no injuries were sustained. The child was leaning against the window ledge when her hand slipped and she pitched out of the window and struck the hard ground. In a few minutes she was laughing over the occurrence with the rest of the family.

## TOBACCO NOTES

Last week was another dull one in local tobacco circles, the sales for the week showing a slight decrease from the week preceding. Even with these conditions there is no indication of a decrease in prices, the farmers organizations, which control all the tobacco in sight, steadfastly demanding the full schedule figures.

With the Planters' Protective association the sales amounted to 47 hogsheads. Some sales were made nearly every day of the week. The buyers all say they are ready and anxious to make purchases, but that the orders are not forthcoming. Sales for the month were 431 hogsheads and for the year 2,818 hogsheads.

Quieter conditions were also noted at the Society of Equity warehouse during the week, not so many hogsheads being sold as during the preceding week.

A report as to the general condition of the market as seen by Broker M. D. Boales, during the month is as follows:

The past month has been quite dull and sales were small for the season. This was due to the uncertain condition of the tobacco which has been passing through the sweating process produced by hot weather. This is now well past and inspections show the tobacco to be in better condition than had been anticipated. The growing crop is doing well in the field, but is very irregular in growth on account of varying times of planting. Some is now past the first suckering and will be cut by about August 15 to 20th. Much of it is spreading on the hill and growing nicely. The prospects are good for a good size crop of all styles of dark tobacco that may be wanted. Prices remain unchanged as to grade, nothing selling below \$7. Quotations are:

Lugs—Low, \$7.00@7.50; common \$7.50@8.00; medium, \$8.00@8.75; good \$9.00@9.75; fine, \$10@10.50.

Leaf—Low \$10@10.50; common, \$11@12; medium, \$12@13; good, \$13.50@15.00; fine, \$15@18.00.

Cigar wrappers, \$12.50@16.00; binders, \$9.00@11.00; fillers, \$7@10.

## NIGHT RIDERS

PRINCETON, Ky., Aug. 3.—Night Riders, only three or four in number, judging from the tracks left went to the home of John Herron last night and dug up a few plants of tobacco. Splitting one plant a note was stuck in it warning Herron not to sell any more tobacco. As the riders passed the barn several shot were fired into the building.

## STATE TROOPS

ARE REGULARLY ON DUTY AT CLARKSVILLE

Have Been Since March.—Were Ordered Out by Gov. Patterson As "Sheriff's Posse."

The Nashville Tennessean says: State troops are and have been on duty in the "Black Patch" of Tennessee since last March.

They are on duty by order of Gov. M. R. Patterson, acting under authority vested in him by the act of the legislature of 1893, giving the chief executive power to call out the militia to quell any disorder which, in his opinion, has become too strong for the county authorities to cope with.

The men on duty are under Capt. Morton M. McJee, of Company H, First Tennessee infantry, and number about 35 men, although when first ordered out they numbered from 48 to 48 men.

They form a "sheriff's posse" in Clarksville, and it is understood they have been on duty there for the past three months, guarding that city from a possible attack. They meet all late trains, stay up all night, are heavily armed, and have a regular barracks for headquarters.

This law under which the governor acted is chapter 149, Acts of 1893, and during the month of May the expenses of the militia were \$1,506.88. During June there were 46 men on duty, at an expense of \$1,077, and for the month of July, just ended, the expense of maintaining the posse was only \$780.70.

In all, the disbursements to the state militia on duty at Clarksville for the three months of May, June and July was \$3,358.28.

## MENTAL ATTITUDE

**W**Henever you get out of doors, draw the chin in, carry the crown of the head high, and fill the lungs to the utmost; greet your friends with a smile, and put soul into every hand clasp. Do not fear being misunderstood; and never waste a minute thinking about your enemies. Try to fix firmly in your mind what you would like to do, and then without violence or direction you will move straight to the goal. Keep your mind on the great and splendid things you would like to do; and then as the days go gliding by, you will find yourself unconsciously seizing the opportunities that are required for the fulfillment of your desire, just as the coral insect takes from the running tide the elements it needs. Picture in your mind the able, earnest, useful person you desire to be, and the thought you hold hourly is transforming you into that particular individual. Thought is supreme. Preserve a right mental attitude—the attitude of courage, frankness and good cheer. To think rightly is to create. All things come through desire, and every sincere prayer is answered. We become like that on which our hearts are fixed. Carry your chin in and the crown of your head high. We are gods in the chrysalis.

## NO DIVIDENDS

WANTED FROM THE CLARKSVILLE CEMETERY

Motion Filed Asking That Further Dividends Be Prohibited and Former Ones Be Refunded.

CLARKSVILLE, Tenn., Aug. 1—

A bill was filed in the chancery court to restrain the directors of the Greenwood Cemetery Co. from declaring a dividend on the company's stock and to compel them to refund a dividend of 5 per cent which was declared last October, it being claimed that the company is an eleemosynary corporation, rather than a corporation for private benefit. The complainants are B. H. Owen, a large stockholder, and the following lot owners: C. L. Lockert, Q. C. Atkinson, Mrs. S. E. Atkinson, C. B. Lyle, Dr. C. E. L. McCauley, Michael Savage, A. R. Gholson, B. K. Gold, I. P. Gerhart, Mrs. N. V. Gerhart and Mrs. Ludie Cross. The attorneys for the complainants are A. R. Gholson, Michael Savage and H. N. Leech.

## SUICIDAL COMPACT

Suspected as Result of Third Case of Self-Destruction.

PRINCETON, Ky., Aug. 1.—Lifton P. Pool, a young man of this city, shot himself with suicidal intent. The pistol used was a Colt's special 32-calibre and the ball entered just below the heart, passed through the stomach and came out near the backbone. The attending physicians state that Pool will not survive over twenty-four hours. He is a son of W. B. P. Pool, a well-known blacksmith and woodworker. This is the third suicide of young men under 21 years of age the past two years, all of whom were chums, and it looks as if they entered an agreement of self-destruction. All were excessive cigarette smokers.

### UNIQUE AFFAIR

**WILL BE THE PEMBROKE HORSE SHOW**

T. A. Knight, in Lexington Herald, Comments on the Many Unusual And Attractive Features.

Writing in the Lexington Herald, Thomas A. Knight discusses the Pembroke Horse Show in the following complimentary manner.

The most unique of all the horse shows that will be held in Kentucky this year and probably one of the most unique fairs of its kind to be held in the United States will be conducted at Pembroke, Kentucky, during the first week of September.

There are so many odd features to the show that it is hard to emphasize any particular one. In the first place more money will be put up at this show than any other horse fair, which, of course, will result in bringing a tremendous crowd of horsemen and will bring out the best there in the state in the way of horse flesh. The principal stake will be for \$1,000, and there will be other stakes in proportion.

As a matter of fact instead of pinching in on some of the stakes, the way some of the managers of horse shows are doing, this association is figuring on a plan for giving an additional stake for a three gaited class that may carry with it as big a purse as that given for the five-gaited saddle classes.

Another odd feature about the show is the fact that it is given during the afternoon and evening and the principal events will take place out in the open air under a myriad of brilliant electric globes. The stake has not been officially decided upon, however, and whatever action is taken in this respect will depend upon the reception given to the whole plan by horsemen in this part of the state.

The show at Pembroke will last three days and in addition to the thousand dollar stake there is guaranteed at the present time upwards of \$1,000 for other saddle classes. The winner and second place winner of this stake is barred from other classes at the show.

There will be rings for buckling colts and fillies, there will be rings for five-gaited and for three-gaited geldings; there will be rings for combination horses and in fact an effort will be made to have as good a class of horses at this show as there will be at the State Fair, the Blue Grass Fair or the Louisville Horse Show. In the roadster class

and in the harness class a large prize in actual money will also be offered.

John H. Williams, of Pembroke, who is responsible in a large measure for the success of the Pembroke Horse Show, has been in Central Kentucky for about a week working up interest in the affair and reports that all stakes will be well filled.

### "SAWDUST TOWN"

Where Most of The Acrobats And Tumblers Come From.

Where do all the acrobats and tumblers come from? Where do they learn their trade? There is no school, as such, for the training of men who imperil their limbs for a living. The advance car manager, of the Sun Brothers' Greater Shows, which was recently here billing for the appearance of their exhibition, on Aug. 20, and who is by the way is an old retired acrobat and is now following the advertising branch of the show business, solved the above questions when he told where he had learned to leap and turn springs in the air and fall on the back of his neck without injuring himself.

Most of the tented show acrobats, and not a few of the rough and tumble comedians of the stage, who have graduated from the ring, were reared and learned the rudiments of their business in the lumber towns of the northwest. In the "business", these are known as "Sawdust" towns, on account of the sawmills, which are their chief industry.

There are many of these in Wisconsin and Michigan and several in Iowa that have turned out the bulk of acrobats and tumblers in the business.

In the "Sawdust towns" the small boys have exceptional facilities for learning to turn somersets and hand-springs in the great beds of sawdust that surround the mills. Soon they begin to try the more difficult feats they see done in the shows that visit the towns. After school hours they tumble until it is time to go home and do the "chores." From out of them all there generally rise two or three boys who get the knack of acrobatic feats, and these work in constant rivalry, each trying to excel the other.

One day along comes a tented show and the best boy applies for a job and shows what he can do. Perhaps he is given a chance as a "top mounter," or a top man in a pyramid act, because he is light and active. When he gets older, heavier and stronger, he may become an "understander," or one of the men who help to hold a mountain of men on his shoulders. If he works hard and studies he may become a good acrobat in time. But he got his start on a sawdust pile. The Sun Brothers' Greater Shows which appear here in the near future present as a special feature an ensemble of some of the very best acrobatic and athletic acts ever put together, they will be offered by such clever people as the Atlas Troupe, the La Pasque Troupe, the

### BURNING OF DEPOTS

IS CONDEMNED BY CITIZENS OF CERULEAN SPRINGS.

Meeting Was Held Last Saturday Night at Which Strong Resolutions Were Adopted.

CERULEAN SPRINGS, Ky., Aug. 5.—Residents of this neighborhood held a mass meeting here last Saturday night to denounce the recent burning of the railroad station here.

A large number of men were present and Tom O. Turner presided. Following short addresses by Mr. Turner, Capt. R. S. Pool, Lloyd Blakely, J. S. White, and Presley H. Atwood, of Cadiz, resolutions were adopted pledging the support of those present to the county officers in their efforts to suppress lawlessness.

The following are the resolutions adopted: First. We deplore the action of some unknown person or persons in destroying the depot at this place recently, as well as the depots at Gracey, Christian county, and Otter Pond, Caldwell county, and denounce it as an outrage committed upon our community by reckless or thoughtless person or persons upon innocent people, and feel that they might as well burn any of our other public buildings as our depot.

Second. We deeply sympathize with the Illinois Central railroad in their loss, which we feel is greater upon us than upon the railroad, as we feel that they had taken no part in the tobacco trouble throughout this section and had nothing to do with the soldiers coming into this country.

Third. We are not asking soldiers to come to our town, and do not believe that we need them, but if all the soldiers of Kentucky are sent here we will allow them a place to camp and treat them as courteous as we knew how.

Chairman.

### OVER A PRECIPICE

NEW YORK, Aug. 5.—United States District Attorney Baker of Washington, who successfully prosecuted the government land frauds in the northwest, and bride of two months and several companions on their honeymoon, had a miraculous escape from death, when their automobile, running down a sharp hill on Walnut mountain, near Liberty, N. Y., got out of control and plunged over a precipice 300 feet in height. The machine turned three complete somersaults in the air and lodged in the boughs of a tree thirty feet below the brink of the precipice, where it hung upside down, the occupants still held prisoners in the body of the machine.

All were badly bruised and frightened, but none was seriously injured with the exception of the chauffeur. His skull was fractured, one ear torn off and he sustained other injuries.

### SOLDIERS ARRIVE

AND ARE NOW GUARDING RUSSELLVILLE.

Capt. Dan Carrell is in Command.—Citizens, Armed With State Rifles Guarded Last Night.

RUSSELLVILLE, Ky., Aug. 5.—Co. H., of Louisville, under the command of Capt. Dan Carrell, and fifteen men from Bowling Green arrived here this morning under orders from Gov. Willson. They will guard this city until after the trial of Rufus Browder at least. There was no demonstration made when the soldiers arrived.

Last night the town was again guarded by the citizens in order to be prepared against any possible attack that might be made by any band. The citizens were armed with rifles which had been furnished by the state.

Today conditions are quiet and with soldiers on the ground in such numbers no further outbreaks are expected.

FRANKFORT, Ky., Aug. 5.—In order to direct particular attention of the Logan county and other officials to the lynching of the four negroes there last week, and to induce the display of the utmost zeal in apprehending the members of the mob, Gov. Willson has offered a reward of \$500 for their arrest and conviction. He says:

"On Saturday morning, August 1, 1908, a mob estimated at from fifty to one hundred armed men entered the city of Russellville, proceeded to the jail, and took by force from the jail four negro prisoners, Virgil Jones, John Jones, Robert Boyer, and Joe Riley, and hung them."

Nobody claims that these negroes had killed anybody or were accessories to killing anybody or had committed any capital offense. They were confined on trivial charges, held by the Commonwealth of Kentucky disarmed, in jail and helpless.

It would have been a cowardly thing for one armed man to attack these helpless prisoners. For fifty or one hundred armed men to do it and to take the lives which God alone or his laws could take without crime is one of the basest and most shameful crimes in the history of the commonwealth. They have added to the stain of crime the basest

Kentucky's honor and decency a by-word.

I hereby offer a reward of \$500 for the apprehension and conviction of each and any of the criminals who took part or were accessories to those murders. This reward to be open until January 1, 1909.

AUGUSTUS E. WILLSON,  
Governor of Kentucky.

### THE LAW MUST BE UPHOLD.

Aside from the fear of the law we are a nation of barbarians—remove the law and we would in a little while revert to a state of savagery, therefore the importance of upholding the law and those whose duty it is to execute it. The mob spirit is intolerable to every patriotic citizen and a disgrace upon our civilization. It is true that the law is often lax in the punishment of crime and moves slowly in the execution of the guilty, but better a thousand guilty men escape than the punishment of one who is innocent. The people as a whole in any and all communities deplore the mob spirit that prevails all over the land, east, west, north and south, but there is an element everywhere—and in many instances composed of citizens of the highest respectability—who forget their duty to society, to law and order and to their fellow men, who under stress of great excitement do things which in their cooler judgment they deeply regret.

There is one crime in the calendar which almost always calls for summary action and when the accused is known to be guilty but few condemn those who act in such matters, yet it is a violation of both the laws of man and God to take a man's life without giving him a fair and impartial trial by his peers. To take a man's life upon mere suspicion or rumor of his having committed a crime is horrible—it is murder pure and simple—it should be frowned upon by all good citizens in every community everywhere. The strong arm of the law must be invoked to do away with the mob spirit and one way to accomplish it—and it is the only way, since no one can ascertain the individuals composing a mob—is for judges and juries when called upon to try men for crime is to give them a speedy trial and if guilty promptly mete out justice to them and allow nothing to interfere with speedy trials and swift justice—allow no guilty man to go unwhipped of justice by the shrewd manoeuvres and sharp practices of conscienceless lawyers and characterless judges.
