SUFFERED WITH ECZEMA 25 YEARS

Leighty Paul and Fred W. L'Heureux, both of the Halo Advertising Company, have recovered from the thralldom which had beset them for 25 years.

BELIEVES LIFE SAVED BY CUTICURA "I have for years suffered with eczema and have been clothed in the garments of the gentle but very dry skin; but after using Cuticura for seven years I have found it wonderful. I am now free from the disease and have the most beautiful skin I have ever had. Cuticura had cured me and said that it would cure others too. I bought a cake of Cuticura and have been cured since then. I have now been using it for seven years and have never had a single complaint." -John Brown, aged 42, Illinois.

How To Get It

In every profession introduction to the High New Era, you should look for every one in advance and be on your guard in all sales messages. It is not necessary to be on their guard, but it is necessary to be on your guard. The only way to get the most out of your introduction is to be on the lookout for any sales messages that seem suspicious. If you see a sales message that is suspicious, do not be afraid to question it. You have a right to know what you are buying, and you should not be afraid to ask questions.

To every person who is now taking the New Era and whose address is given at the time of subscription, the name of the sender of the New Era will be printed in large letters on the mailing label. This will make it easy for you to identify the sender of the New Era, and you will be able to date the issue that is being sent to you.

For the first time in the history of Union county, as far as we have been able to find out, the annual fair was held in Union county, the county which was the earliest settled in the county.

The fair was held on the old courthouse grounds, in the town of Caseyville, on the 29th of September. The weather was fine, and the grounds were well-trimmed and decorated with flowers. The fair was well attended, and the exhibits were of high quality. The fair included a variety of events, such as agricultural displays, live stock shows, and competitions.

The fair was organized by the Union County Agricultural Society, and was sponsored by the town of Caseyville. The society had been formed earlier in the year, with the aim of promoting agriculture and rural life in the county.

The fair was a success, and the organizers were pleased with the turnout and the quality of the exhibits. They expressed their gratitude to the local farmers and residents for their support and participation.

The fair was a great opportunity for the people of Union county to come together, showcase their skills and knowledge, and build a sense of community.
