# WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, SEPTEMBER 11, 1908

VOLUME XXVII, NO 35

## GOODY! LOOK HERE

SOMETHING BIG IS DOING EVERY  
LITTLE WHILE

All Sorts of Interesting Events Are  
Scheduled To Take Place  
In Hopkinsville

Perhaps never before in the history of the town was there such a list of attractive events scheduled to take place in Hopkinsville within as short a time as there is from now until the middle of October. These attractions are greatly diversified and appeal to all classes of people, and many of them are of such magnitude that they will draw people from long distances, one at least being of state-wide importance.

This latter, and the only one of the events which is strictly of a religious nature, will be the meeting beginning September 21 and continuing through September 24 of the Christian Missionary convention. This organization is a branch of the Christian church and at a meeting held in Princeton a union of the two associations of the state was perfected. The meeting here will be the first to be held by the united organizations and for that reason will be one of paramount importance. Delegates numbering not less than a thousand are expected to be here during that time and these will come from all over the state. The railroads have granted greatly reduced rates are already the various state papers are carrying advertisements of these rates, for instance the rate from Louisville for the round trip being \$5.40. The hospitable people of Hopkinsville will throw wide their doors and offer free entertainment to the delegates. Many visitors will be here during the time. The meetings will be held at the Christian church and the most talented and eloquent ministers of that denomination will be here at that time.

Everybody, of course, is aware that two of the biggest circuses in the world are to show here, these being John Robinson's on September 21 and Ringling Brothers on October 1. Advertising car No. 1, of the Ringling circus arrived here this morning and the bill posting crew went to work at once adorning every bill board and wall and fence they could find which had not already been covered with the paper of the Robinson show, with gorgeous lithographs depicting the many wonders to be seen under the mammoth tents. Never before were circus bills so plentiful as they are at present and the abundance will continue until after the last show has come and gone. It has been two or three years since a big circus exhibited here—everybody of course remembering the day Barnum and Bailey were rained out—and the people all through the country as well as those in town are anxious to see and hear the never-old circuses and both will draw large crowds.

On September 22 The Louisville base ball team, of the American association, will play the local team here. Louisville, in the face of the great handicap of being short of pitchers, is making a great fight for the pennant and still has a good chance of winning. Whether they win or lose the rag they will be greeted by a big crowd when they play here for the local fans have watched their course through the year and have boosted for them loyally. Manager Bassett has secured the services of "Hub" Perdue, now the premier pitcher of the Nashville Southern league team, but who made his debut as a professional pitcher with the Hopkinsville Kilty league team, to twirl against the visitors and the Nashville catcher to receive him. Everybody will give "Hub" the glad hand.

Circuit court will begin a six weeks term on Monday, September 28, and of course there will be many people in town all during the term. The docket for the coming term will be fully up to the schedule, both in the number of cases and the importance,

## Free Circus Tickets

To every person who sends us two (2) new subscriptions paid to the Weekly New Era for one year in advance at the regular price of \$1, we will give a general admission ticket to either John Robinson's or Ringling Bros' Circus. Or for every \$3 paid on renewals of present subscriptions we will give a ticket. This offer is not limited; a person can get as many tickets as he or she desires just so the requisite number of subscribers or renewals are turned in. Orders given to agents will not be good on this offer.

and the interest centering in the tribunal and its actions will not be lessened any.

Then on October 5 there will begin a whole week of fun when the carnival to be given by the Uniform Rank Knights of Pythias will throw open its gates for the first time. In securing the Cosmopolitan Carnival company to furnish the attractions the Knights of Pythias assured the people of the highest class of attractions and themselves of a complete success in every way, for no carnival company in the business is the peer of the Cosmopolitan. It requires twenty-six cars to transport the numerous attractions of this company, many of which are as large as the smaller circuses.

A tennis tournament between teams representing Madisonville and Hopkinsville is scheduled to be played here in the near future. While tennis has never attracted the widespread attention that other games such as foot ball and baseball have, there are many ardent devotees of the sport and the tournament will draw well.

By the time all of these things will have taken place there will be others on tap which will continue the festivities indefinitely. There will be football games to be seen, for McLean College is already at work getting a team of winners together and a schedule of games is being arranged. Following the football will come basketball, that indoor athletic sport which is steadily growing in favor with Hopkinsville people. Then of course the usual Thanksgiving holiday with its accompanying dinner will come on schedule time and in due season will come Christmas with its round of joys and pleasures. So, with what additional attractions that will be arranged in the meantime, it can be readily seen that the year

1908 will be rounded out in a manner such as was probably never before seen in this part of the country.

Music lovers will have their inning when Phinney's United States Band, Chicago, will be the attraction for afternoon and night performances at the tabernacle under the auspices of the tabernacle association and the Woodmen of the World. This band numbers sixty musicians and is one of the best in the country.

## PROMINENT FARMER

DANIEL E. FOWLER PASSES AWAY  
AT HIS HOME

Mr. J. S. McCarley, An Aged Citizen,  
Dies At His Residence On  
Eleventh Avenue.

(From Thursday's Daily.)

Daniel E. Fowler, a prominent and highly esteemed farmer, died this morning at 11 o'clock of a complicated stomach affection at his home two miles south of Hopkinsville. He was born 55 years ago in Tennessee, and came to Kentucky when a boy. He was a farmer all his life and unusually successful.

Mr. Fowler was a staunch Republican, and for a number of years was public administrator and guard for Christian county. He was a Christian and had been baptized, but had never united with a church. He is survived by his widow and five children, his sons being Judge W. T. Fowler, Leonard E. Fowler and Lucien Fowler.

Funeral arrangements have not been announced.

## Mr. McCarley's Death.

Mr. J. S. McCarley died shortly before noon at his home on Eleventh Avenue East. He was 75 years of age and was a native of Logan county. Death was due to infirmities incident to his advanced years. Mr. McCarley was a gentleman of many excellent qualities.

He leaves a widow and the following children: Mrs. Ida Jernigan, Mrs. J. W. Harned, Mrs. James McClellan, Messrs. John and Lucian McCarley and Miss Mary McCarley. The deceased was a devout Christian and a member of the Cumberland Presbyterian church. Funeral services, conducted by Rev. A. C. Bidle, will be held tomorrow afternoon at 3 o'clock at the late residence. Interment at Riverside cemetery.

A meeting of the Christian County Chapter, United Daughters of Confederacy, will be held Saturday afternoon at four o'clock at Hotel Latham. Delegates both of the state and national committee will be elected and business of importance will be transacted. A full attendance of members is desired.

Miss Louise Ware and brother, Midshipman James G. Ware, are spending the week end with Mrs. M. A. Mason at her country home. Midshipman Ware is a son of Mr. W. M. Ware of Guthrie, and as second classman has made an enviable record at the U. S. Naval Academy.

## Republican Committee Meeting

The Republican Executive Committee for Christian county, Kentucky, is hereby called to meet in the county court room in the court house in Hopkinsville, Ky., next Saturday, Sept. 12th, 1908, for the purpose of fixing the time, place and manner of nominating Republican candidates to fill the vacancies in the offices of county judge and sheriff of Christian county, Ky., and which vacancies are to be filled at the coming November general election to be held Nov. 3rd, 1908.

## BIG CROWDS HERE

HUNDREDS OF PEOPLE ATTRACTED TO THE CITY.

Several Interesting Events Were Pulled Off and Each of Them Was Largely Attended.

Monday was indeed labor day with all the business men of Hopkinsville. It was county court day and a regular circus day crowd was in town, the streets being packed with people all day long and everybody seemingly out to do business.

There was something to attract them all day, too. In the morning the association meeting was held at the courthouse and the Democratic committee meeting in the city court room. In the afternoon the Democratic mass convention was held in the city courtroom for the purpose of nominating candidates for county judge and sheriff, and Judge John M. West, of Crofton, delivered a speech in the circuit courtroom against the proposed stock law for the county. Judge West declared that the law was all right for the southern portion of the county, but was not wanted in the northern section, and said the stock law question was of more importance to the citizens of this county than the election of Bryan or Taft.

On the streets there was something doing, especially in the buying and selling and trading of stock. It has been a long time since there have been as many horses and mules on "trading alley" and business was brisk all day. Around the courthouse Auctioneer Claiborne was busy selling household goods, furniture, vehicles, cows and calves and lands and he was surrounded all the time by a big crowd of bidders.

Especially noticeable was the number of mule colts in town. On every hand mule colts could be seen and there was considerable trading

in these. One man sold a young mule for \$85 and a negro refused \$75 for another colt. Horses and mules, judging from scraps of conversation that could be picked up on the streets, were both selling very high and there was no indication that the market would take a tumble at any time soon, although prices are usually supposed to go down as winter approaches.

## FIGHT TO A FINISH

PADUCAH, Ky., Sept. 9.—County Judge A. J. G. Wells, of Calloway county, held Allen Weatherford and Jasper Garland to the grand jury on the charge of subornation of perjury in connection with perjury charge preferred against Will Ingram, the confessed Night Rider, and fixed their bonds at \$500. Both men denied the story of Ingram that they compelled him to make affidavit that his confession, implicating Kelsie Kirk, Jasper Garland, Ed Thompson and Bob Duncan in the burning of Hendrick's barn was false. Garland's father said he thought the boy was at home at work on the day Ingram mentioned.

Judge Wells says it seems apparent to him that Ingram told the truth about the burning of Hendrick's barn, and the statement that his confession on the trial of Jake Ellis was procured by force was ridiculous, because Ingram had told the same confession to Capt. Parker, at Otter Pond, a month before. Judge Wells believes that Night Riders intended to impeach him on Ingram's affidavit and implicate Clarence Dyer, an important witness for the state in the Night Rider cases.

Ingram is about 18 years old. He says that the Night Riders have kept their word about strengthening their organization after the August term of circuit court, and they are so thick along the Tennessee River now that it is not safe for anyone to live there who is not actively and heartily in sympathy with the organization.

Judge Wells declared that he intends to fight it out to the end and realizes now to what lengths his enemies will go in order to compromise and embarrass him.

## "Belle of the Golden West"

Judge Cansler  
Writes  
Interestingly of  
Enid and its  
Cosmopolitan  
Ways

Enid, Okla., Sept. 1, '08  
Kentucky New Era—

As you are probably aware, on the morning of the 12th ult., I "drifted" out of my old home town and turned my face in the direction of where "Old Sol" sends back his last rays every twenty-four hours, landing in this city the following day.

Yes, I am in the great and growing new state that necessitated the adding of a new star to the most beautiful flag that has ever floated in the breezes or for which heroes died.

Yes, the state that can boast of her millions and millions of acres of rich and loamy soil that has furnished homes for so many "sons of toil" who was want to leave the old worn out hillside plowed by their ancestry more than half a century ago, and cast their lot in a land where opportunities are so much greater for success in life even though they may be among strangers in a strange land for the time being.

Yes, the state noted for its constitutional provision against the sale of "snake-bite" medicine; its statute provision requiring hotels and boarding houses to furnish bed sheets 9 ft. long; its state guarantee banking law, etc.

Enid is conceded to be one of the best cities in the new state, and by many who do not even live here, to be the best resident city in the state. One coming from the east would be astonished to see the spirit of improvement that exists here at this time.

When I left here for Kentucky last May there were eighty new buildings in process of construction, and I am sure that number will hold good at this time, and you may believe there is something doing every day and sometimes of a Sunday.

The religious denomination known as the Seven Day Adventists have just closed a ten days camp meeting at the Electric Park at the terminus of the street car line five miles west of the city, and on Sunday last baptised at University lake 87 converts as the result of their protracted service.

They are quite a prosperous denomination in this western country, asking no aid in any way from outside sources; each one of their members being expected to give to the cause of their church one tenth of their income. From information obtained from their membership they are usually ready and willing, and many of them anxious for the opportunity to so give.

They believe from the teachings of Holy Writ, the time is near at hand when Mother Earth is to be destroyed, and that all who have lived a righteous and upright life

will go to a land of pleasure and happiness while those who have not will be blotted out or destroyed. Such a thing as an endless punishment has no part with them.

Close on the heels of the camp meeting came one William D. Haywood, noted as one of the leaders of the Western Federation of Labor, also one of the alleged conspirators of the murder of former Gov. Steunenberg, of Idaho.

His mission through this part of the country is in the interest of Eugene V. Debs, socialist candidate for president of the United States. His speech of an hour and a half was delivered from the East entrance of the court house and was listened to by several hundred people impelled mainly on account of his notoriety gained in the ways above mentioned than for the ideas promulgated by the speaker.

His arraignment of both the dominant political parties and their leaders in the present campaign was quite severe. He characterized Taft as "Injunction Bill," and Bryan as the so-called Commoner who was growing commoner every day, picturing him as a statesman who never framed a law, a lawyer who never written a brief, the soldier who had never fought a battle, a journalist who had never set a type, a farmer who had never plowed a furrow and the leader who had never led twice in the same direction.

He advised every profession to organize unions and to allow none to join unless they actually belonged to the profession so organizing. Especially did he urge the farmers to organize, and see to it that lawyers, doctors, merchants, preachers and all the rest of the thieves were kept out; because, he said, when they applied for membership it was usually to promote their individual interests instead of aiding the farmers in their work.

He scorned the idea of the laboring man receiving any favors at the hands of either of the two dominant parties. He said there was no material difference in them, that Taft was running on the Roosevelt policy and that Bryan claimed that Roosevelt stolen it from him.

The speaker was given marked attention throughout and the crowd seemed to enjoy many of his witty sayings and criticisms of public men, but the number that approved of his theories were apparently very small.

I have made this letter much longer than was intended, but if your columns won't hold it your waste basket will. With true love and a good luck wish for all my old Kentucky friends, I am, as ever,

Respectfully,  
Polk Cansler.

### THE ATHENAEUM.

(From Friday's Daily)

The September meeting of the Athenaeum was held last night at Hotel Latham. President H. Clay Smith was in the chair. A delicious supper was served in the ordinary by Mr. Noe, the new proprietor of the hotel.

The following subjects were presented over the cigars:

The Influence of the Bible on Tennyson's Poetry. Rev. H. D. Smith  
A State of Alarm. Mr. T. C. Underwood

Trust vs. Trust. Judge J. T. Hanbery

Mr. Smith's address was one of the most charming the club has ever had the pleasure of hearing. Its preparation was evidently a labor of love, and its rare literary quality and the freshness and force with which he treated the subject were alike captivating. His interpretation of several of the major poems was thoroughly artistic, the characters being skillfully individualized and the spiritual significance convincingly suggested.

Judge Hanbery told in a very interesting and graphic manner of the genesis of the trust, its functions and its capacity for good and evil. His theme had been intensely thought out and the speaker was at his best in its delivery. The subject provoked animated discussion.

At the next meeting of the club Dr. E. H. Barker, Dr. T. W. Blakey and Rev. C. H. H. Branch are on the program.

Mr. J. W. Downer was appointed a committee to revise the constitution of the club. The membership is limited to thirty and, at present, it

is full, with a number of names on the waiting list.

Those present last night were: J. W. Downer, J. T. Hanbery, Barksdale Hamlett, F. M. Stites, H. D. Smith, J. T. Hanbery, W. T. Tandy, R. F. McDaniel, T. J. McReynolds, Charles M. Meacham, W. L. Nourse, H. Clay Smith, Ira L. Smith, R. L. Woodard, C. H. H. Branch.

## HALF NOT YET TOLD

CARD TO NEWSPAPER FROM  
COUNTY ATTORNEY KRONE.

Many of The Foulest Acts of Night  
Riders Have Never Reached  
The Press.

The following communication from  
Edlyville appears in the Courier  
Journal:

The newspapers have never got half of the crimes that have been committed in this part of the state. Many of the foulest and gravest acts of lawlessness have never reached the press.

I noticed in the Courier-Journal recently the report of the burning of Moss Dodds' barn, which was sent from Edlyville, and it is said, that the burning was accidental.

Moss Dodds was a grand juror at the recent term of court and he and K. P. Brasher were the only two of twelve that would not take up the matter of investigations of the circuit judge and commonwealth's attorney and make a favorable report as to their standing and for that reason I believe that "Night Riders" went (at a few in number) quietly and set fire to Dodds' barn, since Dodds says that he was up at 12 o'clock at night and nothing had happened, then when he got up at daybreak the barn and twenty-one loads of hay had burned.

The soldiers preclude the possibility of large bands of "Night Riders," any more, but they are doing their work, as they go in small numbers. They can never be punished in this county with the present system of practice. What I mean is that they will have to be tried out of the county or a jury will have to come from some county not infected with "Night Riders," as they will overawe the jury if, indeed, it is possible to get a jury in the county a part of whom are not members of the bands. I write you this as an expression of my appreciation of your writing and to give you this further information regarding the situation in this county. Very respectfully yours,  
W. L. KRONE.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deep-seated. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will clog the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickly by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects infirmity to hold urine and coddling pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## BOUQUET FOR MAUD

FULSOME EULOGY IS PAID THE  
NEGRO'S ALLY.

Many Points in Which the Mule Out-classes His Aristocratic Brother, the Horse.

The mule industry in the United States has grown into vast proportion, the 1908 census enumerating 3,869,000, says the Drovers' Journal. The mule is comparatively immune from disease and does not contract contagious ailments as easily as does the horse. A sick mule is almost an anomaly, while horses are frequently sick from complaints to which the mule is impervious. Not being afflicted with sickness, the mule attains great longevity and performs useful service years after the horse is superannuated. Pliny gives a description of a mule in ancient Greece that attained the age of eighty years. While the mule is able to forage for himself on pastures where a horse would starve, he is also susceptible to generous treatment and improves rapidly on liberal rations. The young mule can be weaned at four months old and will thrive on grass where a horse foal would need grain to maintain good condition.

Mules come to maturity younger than horses and are more easily managed to harness. When two years old, if halter broken, about all the breaking required is to put on the harness and, hitched beside a broken mule, the youngster works as cheerfully as his educated mate.

Stubbornness is a leading attribute of the mule and his characteristic gives him his paramount value. It is this caricatured quality that encourages the mule to try and try again to move a load long after a horse is discouraged. A vicious mule is rarely seen, and such animals are generally the result of ill treatment. Naturally this useful hybrid is more docile and intelligent than the horse. If a mule becomes entangled in his harness he will lie quietly until he is extricated, while a horse would struggle to free himself from his complications.

A mule never becomes so frightened as to lose control of reason. A runaway mule was never known to hurt himself, as he instinctively avoids danger, while a frightened horse is liable to kill himself by running blindly into some obstacle in his mad career. The mule possesses the patience, endurance and sure-footedness of his sire and the vigor and undaunted courage of the horse, and is admirably adapted to use on the farm or the teaming industry of cities, where his services are becoming annually more highly appreciated.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." ## How to Cure Constipation

Simple Home Remedy That Is Safe and Pleasant

Few people escape constipation. Catching cold, over eating, worry, lack of exercise, failure to answer promptly the calls of nature, diseased or weakened system or strong medicines may cause it. The too common practice of taking salts, or pills or some such violent cathartic has always done more harm than good. They make the bowels act quickly and violently simply because they irritate them, and leave them in a worse condition than before.

What is needed is a mild easy herb laxative, that gives regular daily movements in all cases, yet does not pain or gripe, and which will strengthen the bowels and tone up the system instead of depleting it.

Dr. Caldwell's Syrup Pepsin taken at night before going to bed will bring an easy pleasant natural movement in the morning even in the most obstinate cases and without any bad effects. No pain, no gripe and it is so safe and pleasant to take, mothers give it to their babies with splendid results. It is an aid to digestion and tones up the system as well as cures bowel trouble. Dr. L. E. Covey, Savannah, Tenn., writes: "I get better results from it than any Pepsin I ever used." Dr. T. Jones, Osgood, Mo., says: "I consider Dr. Caldwell's Syrup Pepsin the best of all laxatives." Mrs. Almon Willis, Jamaica, Vt., says: "I truly believe it saved my little boy's life." Rev. A. J. Fletcher, Rutherford, Tenn., says: "I am 80 years old and your Syrup Pepsin has cured me of dyspepsia and bowel trouble."

W. D. Jackson, Burns Station, Tenn., says: "I was afflicted with constipation and dyspepsia for nine years, and found no relief until I used Dr. Caldwell's Syrup Pepsin." All druggists sell it at 50c and \$1.00 per bottle.

We are glad to send a free sample to any reader of this paper who has never used it and will give it a fair trial. Write today to Pepsin Syrup Co., 303 Caldwell Bldg., Monticello, Ill.

## Public Sale

I will on  
**Monday September 28,**  
at 1:30 o'clock p. m.,

1908, unless sooner sold privately, offer for sale for division, at the court house door, in Hopkinsville, Kentucky, at public outcry to the highest bidder a certain tract or parcel of land situated in Christian county, Kentucky, 2 1/2 miles north of Pembroke, and containing 368 acres. Said land will be first offered in lots, and as a whole, and sold the way it brings most money.

This property is in good state of cultivation, and has 5 room dwelling, stable and all other necessary outbuildings, including two barns that will house 25 acres of tobacco, and is well supplied with water. This farm is one of the best tobacco raising farms in Christian county. Over 100 acres of this land is in fine timber, composed largely of red oak and hickory.

Possession given January 1st 1909. Terms: One third cash, balance one and two years, with lien retained in deed, to secure deferred payments.

# DENIES THAT ALF AND VIC HAVE HAD A SPAT

LONDON, Sept. 5.—A London  
newspaper, "John Bull," denies to-  
day the rumor that a quarrel has  
taken place between King Alfonso  
of Spain and his wife, Queen Vic-  
toria, who is visiting her mother on  
the Isle of Wight.

The denial is printed to give cur-  
rency to the rumor, which, the  
Queen's family declares, is without  
the slightest foundation.

John Bull repeats the story that  
the king followed his wife to the  
Isle of Wight, but does not state  
whether he was successful in seeing  
her there.

# INCREASE IN PUPILS

MAKES THE ELECTION OF NEW  
TEACHER NECESSARY

Physical Director Also Secured.—  
Hundred New Desks Ordered.—  
Prof. McDonald Makes Good.

The board of trustees of the Hop-  
kinsville Public schools held a meet-  
ing Friday night at which several  
matters of much importance receiv-  
ed attention. Chief among them  
were the election of a new teacher  
and the appointment of a physical  
director.

Owing to the unexpectedly large  
increase in the number of students,  
the board found it necessary to cre-  
ate a new grade and elect another  
teacher. Miss Jean McKee was  
chosen to have charge of this room,  
which will be located in the third  
story of the Virginia street building.  
Miss McKee is admirably qualified.  
Her examination for a teacher's cer-  
tificate was one of the best ever  
passed in this city, and she has been  
taking a special teacher's course  
this summer in the normal school at  
Knoxville, Tenn.

The board and Superintendent  
Hamlett are thoroughly awake to  
the necessity of physical training of  
the children, and with this end in  
view the Rev. C. H. H. Branch, the  
popular and brilliant pastor of the  
Ninth Street Presbyterian church,  
was elected physical director. Mr.  
Branch was noted as a college ath-  
lete, both at Johns Hopkins institute  
and at Princeton university. He will  
have full charge of the physical cul-  
ture department of the schools, and

will coach the football, baseball and  
track teams of the High school. The  
institution is to be congratulated on  
securing his excellent services.

The schools have started off in a  
most satisfactory manner. The  
High school has the highest enroll-  
ment in its history, and Prof. E. C.  
McDonald is proving an ideal prin-  
cipal.

The board attended to a number  
of matters of minor interest at the  
meeting, one of which was the or-  
dering of one hundred new desks to  
accommodate the increased attend-  
ance.

# AFTER OPERATION

REAR ADMIRAL GLASS DIED IN A  
HOSPITAL

Further Information Concerning Not-  
ed Officer Who Was Born in  
Hopkinsville.

John C. Latham, of New York,  
has sent to President H. C. Gant,  
of the Bank of Hopkinsville, the  
following account of the death of  
Rear Admiral Henry Glass at Paso  
Robles Hot Springs, Cal.:

An operation was performed upon  
the rear admiral about a month ago,  
and for the first week after it he ral-  
lied to such an extent that his fam-  
ily was cheered at the prospect of  
his early restoration to health. Since  
that time, however, he had been  
steadily growing worse.

Rear Admiral Glass was born in  
Hopkinsville, Ky., on January 7,  
1844, and was appointed to the Naval  
academy in 1860. He was graduated  
at the head of his class, which in-  
cluded "Fighting Bob" Evans,  
Crownshield and Hendrickson. He  
reached the rank of lieutenant com-  
mander in 1868, in 1879 was made  
commander, 1894 captain and 1901  
rear admiral.

One of his first assignments, in  
1863, was on the Canandaigua in the  
South Atlantic blockading squadron.  
He also served on the Pawnee and  
took part in all the general engage-  
ments with the forts and batteries in  
Charleston Harbor, as well as the en-  
counters with the batteries in North  
Ediston river and in the capture of  
Georgetown, S. C., in 1865. After  
that year he served on the Powhatan  
and the Derotah, of the Pacific  
squadron, and from 1869 to 1870 he  
was in the navy yard at Philadel-  
phia.

Various other commands followed  
in quick succession, and in 1874 he  
found himself in command of the  
schoolship the Jamestown. In 1878  
he was assigned to special duty in  
San Francisco. From that date he  
in turn in command of the Washu-  
sett, the Monocacy, the Cincinnati  
and the Texas. In 1898 he was made  
commandant of the Pensacola sta-  
tion, but when hostilities began in  
the Philippines he was sent there,  
and was present at the capture of  
the Ladrone Islands and the taking  
of Manila. From 1903 to 1904 he was  
in command of the Pacific station,  
and in 1906 he was retired.

Rear Admiral Glass was the au-  
thor of a work on marine interna-  
tional law which is a text book in  
the Naval academy, and he was a  
member of the Loyal Legion, the  
Society of American Wars, the So-  
ciety of Foreign Wars and the  
University, Olympic and Union  
League clubs, of San Francisco, the  
Athenian and Country clubs, of Oak-  
land, and the Faculty club, of  
Berkeley, Cal.

## NINE REASONS.

Prominently displayed on the first page of the current issue of W. J. Bryan's Commoner are nine paragraphs telling voters why they should not cast their ballots for Republican nominees. They are as follows:

"First, the failure of the Republican party to take steps to provide for electing senators by popular vote, and the refusal of the Republican convention to indorse the reform.

"Second, the failure of the Republican congress to pass a bill providing for the publicity of campaign contributions and the refusal of the convention to even indorse the reform.

"Third, the failure of the Republican congress to pass a postal savings bank bill and the hypocrisy of the party in indorsing this reform, which it had just ignored in congress.

"Fourth, the passage by the Republican congress of a currency bill which enables speculative banks to convert all sorts of securities into currency and actually reduces the margin of safety for depositors, instead of increasing it.

"Fifth, the destruction of representative government in the lower house where the Republican speaker and his committee on rules have all power and not even a majority can get a vote on a popular bill if the speaker refuses consent.

"Sixth, the 49 per cent increase in the cost of living under the Republican Dingley tariff and its trusts, while wages have increased only 19 per cent.

"Seventh, the refusal of the Republican congress to amend this tariff, although its inequities are admitted and future revision has been reluctantly promised by its friends after the storm is over.

"Eighth, the notorious fact, admitted by Senator Aldrich, Republican leader of the senate, that American tariff-protected concerns sell their products abroad in competition with European factories at lower prices than they exact from American consumers, and the refusal of the Republican house of representatives to adopt an amendment to have our government agents report on these prices.

"Ninth, the Republican leaders pretend they favor a tariff sufficient only to compensate factories for the difference between labor cost in America and abroad, but the fact is that the Republican tariff is more than sufficient to pay the whole labor cost. On steel products the labor cost is 15 per cent and the tariff is 32 per cent."

## KILL THE GERM

That's the Only Way to Cure Dandruff—and Parisian Sage is the Only Killer.

"Parisian Sage," said a New York barber "will kill the destructive and persistent germs of dandruff and abolish the disease. There may be other remedies that will do the same, but I never heard of one."

And just read what one of the foremost barbers of Springfield, Mass., says of Parisian Sage.

"Dear Sirs: I used your Parisian Sage and found it better than any other. It is the best Hair Restorer I ever used, and I have used them all. I find it a great Dandruff remover also. You should get it into all the Barber Shops and get the barbers to use it as it is great. I remain, Yours truly, Geo. A. Stiltz, 73 1/2 Main Street Springfield, Mass."

Parisian Sage soaks into the scalp and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world; use it one week and you will never give it up.

Parisian Sage is guaranteed by Cook & Higgins to stop falling hair, to cure dandruff; to darken gray and faded hair; to cure itching of the scalp or money back. Price 50 cents a bottle at Cook & Higgins or by mail, charges prepaid from Giroux Mfg. Co., Buffalo, N. Y.

E. D. JONES ROBBED OF HIS HORSE AND BUGGY

Police Are Busy Trying Discover What Has Become of Prominent Farmer's Property

(From Tuesday's Daily)

E. D. Jones, of the Church Hill neighborhood, is minus a horse, set of harness and buggy and some nery chief is correspondingly well off.

Mr. Jones came to town yesterday and hitched his horse on Third Avenue West, alongside of the building of the Planters Hardware company.

After seeing that the horse was securely hitched Mr. Jones went on about his business. Several hours later, being ready to return to his home, he went back for his horse and buggy and was much surprised to find it gone.

Inquiry in the vicinity of where it had been hitched failed to bring forth any traces of how, when or by whom the outfit had been taken, and Mr. Jones reported the matter to the police and postal cards giving a description of the rig were printed and sent to every town of this part of the state and Tennessee.

Mr. Jones is back here today still trying to gain some information as to his property but when seen just after noon he stated that he found no trace whatever; that the horse and buggy had disappeared as completely as if the earth had opened and swallowed them.

## CARNIVAL IS COMING

CONDUCTED BY THE UNIFORM RANK, KNIGHTS OF PYTHIAS

The Uniform Rank Knights of Pythias will conduct in Hopkinsville this fall what is promised to be the biggest and best carnival in the history of this region.

The Knights have signed all contracts with the noted Cosmopolitan company for every one of its attractions, and twenty-six cars will be required to transport the shows to this city.

The dates will be October 5, 6, 7, 8, 9 and 10, and Mercer park will be the scene of the carnival.

The Cosmopolitan shows are at Mattoon, Ill., this week, and are pronounced by the press to be superb.

The Uniform Rank will meet Thursday night for the purpose of appointing committees to look after the details of the carnival.

## LEAF, LUGS AND TRASH."

Some News and Notes of Interest About Tobacco

The present committee of the association held its last meeting at the court house Monday. On next Saturday the new committee will meet for the first time in regular business session and will elect a county chairman, vice chairman and secretary.

One of the most important actions taken Monday was the adoption of a resolution calling for a further reduction in the acreage in the crop grown next year. Under the present rule a farmer is allowed to put in 7 1/2 acres of tobacco for the first fifty acres in his farm and 2 1/2 acres for each additional fifty acres. Under the resolution adopted Monday morning, if it becomes general, he will be allowed to put in 7 1/2 acres for the first fifty acres, 2 1/2 acres for the second fifty acres, but only 1 1/2 acres for each additional fifty acres. If this is carried out it means a considerable reduction in the crop next year.

Another resolution which was unanimously adopted was one recommending to the district executive committee that a representative of the association be sent to the foreign countries which are the heaviest consumers of dark tobacco for the purpose of making a thorough investigation as to what class of tobacco is wanted, how it should be packed to suit the trade of these countries and to gather other statistics bearing on the situation. Then, if conditions should warrant such a step, those representatives are to be empowered to negotiate sales direct with these countries and thus all middlemen will be eliminated. This step has been talked of for a long time and the Christian county committee believes now that the time has come to put it into action.

The meeting Monday was well attended and was presided over by Chairman W. W. Radford.

Following is a list of the new committee elected Saturday: No. 1, J. J. Barnes; 2, E. W. Walker; 3, F. E. Quarles; 4, R. C. Crenshaw; 5, J. R. Mabry; 6, Ed Gossett; 7, Bob Nichols; 8, J. T. Stegar; 9, J. H. Dillman; 10, N. O. Allen; 11, Dr. J. L. Barker; 12, J. U. Campbell; 13, R. H. McGaughey; 14, W. H. Smith; 15, W. H. Jones; 16, J. J. Reed; 17, J. R. King; 18, W. E. Garner; 19, Rufe Dickerson; 20, R. C. Rives; 21, Jno. H. Boyd; 22, Jno. T. East; 23, Bob Hopson; 24, James Orten; 25, Sam Cavanaugh; 26, Geo. W. Barnes; 27, Geo. B. Powell; 28, Kirk Marquess; 29, Tom Thomas; 30, R. C. Cary. Those marked with an asterisk were reelected.

A somewhat stronger demand prevailed on this tobacco market last week, resulting in heavier sales than have been noted for some time.

Even at this the increase was not up to what had been hoped for. Still it is taken as a hopeful indication, and the market has been buoyed up thereby, and it is believed that the demand will continue to show an increase.

The Planters' Protective association sold 79 hogsheads of tobacco at full schedule prices, and indications are good for heavier sales during the coming week.

The Society of Equity warehouse did not make a report but their business also showed more activity.

Broker M. D. Roales summarizes the business of the month as follows: "The market has ruled quiet with small sales, the supply being ample but the demand light. The following prices are in force: Lugs—Low, \$7.00 @ 7.25, common, \$7.25 @ 7.75; medium, \$8.00 @ 8.75; good, \$8.75 @ 9.50.

Leaf—Low, \$8.50 @ 9.00; common, \$9.00 @ 10.00; medium, \$10.00 @ 11.50; good, \$11.50 @ 13.00.

Cigar wrappers, \$11.00 @ 11.50; binders, \$8.00 @ 10.00; fillers, \$7.00 @ 8.50.

Receipts for the month, 43 hogsheads; for year, 6,585 hogsheads. Sales for month, 150 hogsheads; for year, 2,963 hogsheads.

The growing crop is now going into the barns rapidly, and is a clean, leafy crop, free from worm out and will be very useful and largest crop since 1903. The association controls virtually all the crop, and if they will allow the selling loose, it will sell readily at good prices, as many dealers prefer to do their own stemming and prizing."

Sues For Damages.

Matt Gregg has sued the Hopkinsville Stone company for \$800 damages. The plaintiff alleges that two houses which he owns very near the defendant's quarry, are in constant danger from the blasts of the company and have already suffered heavily from stones thrown up by

the blasts falling through the roof.

Sent to Asylum.

## HIS MIND UNSOUND

COMMITTEE IS APPOINTED FOR DR. A. A. HENDRIX

Has Been Failing For Five Months.—Threatened to Burn Down His Residence.

(From Tuesday's Daily)

Dr. A. A. Hendrix, aged seventy-nine years, one of the oldest citizens of North Christian, and one who has spent his life in relieving suffering humanity, was this morning declared of unsound mind and not capable of further administering his affairs. D. T. Cranor was appointed as committee to take charge of and manage the physician's property, which is considerable. For the present at least, Dr. Hendrix will not be sent to the asylum but will be kept at his home in Crofton.

Dr. Hendrix's mind has only been failing for about five months, but since then the change has been rapid. Of late he has threatened to strike members of the family and has shown a quarrelsome disposition. He has also threatened to burn his home, stating that he did not need it any longer.

He was born in Tennessee and moved to this county in 1865 and has practiced his profession ever since. He was regarded as one of the ablest practitioners of this section and he has continued his studies throughout his life. Dr. J. B. Jackson, of this city, was one of the many successful physicians who read medicine under him.

## STRUCK BY TRAIN

Roach Griffin Injured and a Wagon Is Demolished.

(From Tuesday's Daily)

A wagon belonging to W. T. Fowler was struck at the Clarksville pike crossing this morning by northbound passenger train No. 52 and completely demolished, and Roach Griffin, the colored driver, was severely injured. The team was clear of the track and escaped injury.

The negro was picked up by the train and brought into the depot where he was attended by a physician. He is said to be paralyzed and in a critical condition. He has been removed to his home on Judge Fowler's farm.

## PUBLIC IS BARRED

AND ALL WHO ENTER COURT-ROOM ARE SEARCHED.

Defense Expects to Rulings.—Only One Juror Secured and Adjournment to Thursday Taken.

CLARKSVILLE, Tenn., Sept. 8.—On the first day of the trial of John Gardner and Walter Hunt, charged with the murder of Vaughn Bennett, an alleged Night Rider, time was consumed in passing on seventy-two names from the special venire of 100 summoned for jury service in this trial. Only one juror, F. W. Harper, was secured out of the seventy-two called.

The defense employed ten of its forty-eight peremptory challenges and the state two of its twelve. Court adjourned at 5:15 o'clock after counsel for the defense had objected to calling the remaining twenty-eight names of the special venire. Judge Tyler ordered a new venire of 100 names and adjourned court until 9 o'clock Thursday morning, when it is hoped the jury will be completed.

Counsel for defense protested this morning against the ruling of the court requiring that all parties be searched before entering the courtroom. Judge Tyler then issued a ruling that during the selection of the jury only those connected with the case be admitted, and that all save counsel be searched. He also earnestly requested counsel not to come into court armed.

It is regarded here as probable that the request of the defense for an open trial will be granted when the time comes for the hearing of the evidence.

The most interesting incident of the day came up over this order by Judge Tyler. Early this morning W. D. Daniel, Sr., and his son, W. D. Daniel, Jr., of the firm of Daniel & Daniel, attorneys for the defendants, started to enter the courtroom when they were stopped by Deputy Dean and informed that they would have to be searched before entering the room. The junior member of the firm exclaimed: "I'll knock your teeth down your throat before you'll search me." A messenger was hastily sent in to Judge Tyler, and he issued an order that the Messrs. Daniel be admitted without being searched.

Clarksville is in rather peculiar condition over the tobacco situation. The town is said to be divided about half and half in its sympathies between the Law and Order league and the other crowd. About fifty soldiers are on constant guard at the armory at night, while fifty special police patrol the streets, maintaining an armed guard line all through the night. Several individual citizens and public officials also maintain guards about their homes at night.

It is said that during the past two years in Montgomery county alone, there have been 197 crimes committed, whose inception and in many cases execution, may be laid at the door of the tobacco troubles on the one side or the other. This list of crimes includes everything from murder down to scraping plantbeds, including shooting at women, house burning and a number of other things. During this time it is said that there have been few arrests in connection and no convictions at all. There are four murders in the list. For these reasons the feeling is necessarily intense in spite of the fact that it is not manifested at this time as much as might have been expected. It is understood that a large proportion of the special venire are members of the Planters' Protective association and that there are about half a dozen members of the Law and Order League.

Vaughn Bennett was killed between 11 o'clock of the night of March 9 of this year and 4 o'clock on the morning of the 10th. His body was found about a mile and a half from his home near Woodford, this county, about ten miles from Clarksville. Indictments were returned against the defendants, Gardner and Hunt, who were employed as buyers by the Hayes-Sory Tobacco Co., a Regie house. Gardner lives here in Clarksville and Hunt in New Providence, a suburb. They were indicted shortly after the murder and about two weeks after this indictment were found, the two surrendered themselves to Sheriff Johns, at Nashville. About two weeks later than this, by common agreement, they were admitted to bail in the sum of \$5,000 each.

A motion for change of venue on the part of the defendants was heard a short time ago and denied by

## CHAT ABOUT PEOPLE AND THINGS

"I see," said R. C. Curry, the eastern journalist who is here gathering data for a book on 'The Tobacco War' of which he is the author, "that Taft is a Unitarian." "What's that," asked a local Republican to whom he had addressed his remark.

"Why," replied Mr. Curry, with a twinkle in his eye, "that means he is in favor of the county unit law." "Well, gosh ding it! I'm agin him," came the earnest and explosive assertion.

Here's a picture of the attractive new city seal, designed by Mayor Meacham, who describes it as follows: "It shows a stalk of pennyroyal set in a button-pearl. It is

arched over with a crescent of pearls of different sizes and shapes. The lettering explains itself. The outer border is a miniature representation of tobacco leaves. The date represents the selection of the original site of Elizabeth, Nov. 21, 1797. The name was changed to Hopkinsville about 1808."

The National Association of Master Bakers has closed its meeting at Indianapolis, Ind. Max Raubold, of this city, attended the meeting.

N. H. Fentress, the efficient supervisor of the Western Kentucky Asylum for the Insane, has been sent by the State Board of Control to Lexington to reorganize the work in the supervisor's department in the asylum there. He will be absent from the city about ten days or two weeks.

Dr. T. W. Blakey, who has been confined to his bed about two weeks with malarial fever, is much better and has gone to Dawson Springs to recuperate his strength.

Chief Roper, of the police department, is taking his annual vacation. Lieut. Wilkins is in charge during his absence on a hunting trip, and Officer Shanklin is serving as night chief.

Mrs. Sam Klein, who has been quite ill for several weeks, left this morning for Cincinnati where she will receive treatment from a specialist. Mrs. Klein was accompanied by her mother, Mrs. H. Bohn.

At the annual meeting of the Kentucky Rural Carriers Association at Owensboro this week, J. T. Boyd was re-elected president. T. M. Davis, of Christian county, was honored with the office of vice president. The next meeting will be held at Paducah.

Millard T. Bartley has resigned his position with the Frankels to accept a more lucrative one with the Meacham Contracting company. He has gone to Henderson to look after concrete construction work in that city.

Baylor Abernathy has resigned his position with C. B. Clark & Company and accepted one with the Acme Mills & Elevator company.

Judge Tyler, he at that time setting today as the date for special term of the criminal court to try the case. The state is represented by M. G. Lyle, attorney general for Montgomery county; Savage and Fort; and Joe D. Tyler. The defendants are represented by H. N. Leech, Daniel & Daniel, Gen. M. H. Meeks, of Nashville, and W. B. Sugg, of Adams Station.—J. E. Chappell in Nashville-American.

Rich Christian Church.

A protracted meeting was begun at Rich Christian church Monday night, conducted by Rev. J. T. Hawkins, and will continue for two weeks. Song and prayer service, 7:30 p. m.; preaching 8:00 p. m.

Miss Grace Martin left this morning for Bowling Green to enter the Normal School.

Rev. Dr. Millard A. Jenkins, after a month's vacation spent in the east and south, resumed his duties Sunday as pastor of the First Baptist church. He is in fine health. While in New York, Dr. Jenkins encountered some of the "new thought" gospel folks, and will preach about them Sunday night, his subject being "The Religious Calamity Howler."

Clark Tandy, who represented Kentucky in the Cecil Rhodes scholarships, and who was graduated in August at the University of Oxford, is in the city visiting his father, W. T. Tandy. He arrived in New York about two weeks ago, and after a short visit in Lexington came to this city. Under Cecil Rhodes' will a fund of \$10,000,000 was bequeathed to maintain Anglo-American scholarships, and each student is allotted \$1500 a year for his maintenance at the university. The scholarships are awarded on elements that, according to the benefactor's ideas, make for superiority among men—literary and scholastic attainments, love of athletics and outdoor sports, strong many qualities, high moral character and ambition to serve and lead in public affairs. Hopkinsville is very proud of the high rank attained by Mr. Tandy among the Rhodes students.

After an extended trip in the west, Ed Gaither, one of Hopkinsville's most popular citizens, is at home. He is busy answering, "Thanks; and I'm glad to be back."

The Rev. Dr. P. T. Hale, corresponding secretary of the Baptist Educational society of Kentucky, announced the recent purchase of the Normal college school property in Prestonburg. It is the plan of the society to open a school there as soon as things can be gotten ready, and Dr. Hale is seeking a suitable man for principal. Dr. Hale will speak Sunday at the Baptist church and spend several days here in the interest of his work.

No man can be the whole cheese long enough without getting rank.—Dallas News.

Howard Pettus, of Clarksville, a popular representative of the Tennessee Central railroad, is in the city.

Sam Frankel and Mr. and Mrs. Henry M. Frankel returned this morning from New York City. After spending the summer in Europe, Sam Frankel met Mr. and Mrs. Frankel in New York, where they remained several weeks. The globetrotter is being given a cordial welcome back home by his host of friends.

Manager Herbert L. McPherson, of the tabernacle, has returned from Oshkosh, Wis., where he spent ten days attending the great I. L. A. Chautauqua. All the great lyceum entertainers in the country were there, and Mr. McPherson has arranged for next season the greatest amusement and lecture course the tabernacle has ever offered to the people.

Mr. T. S. Torian has rented the Mrs. Anna Layne place on South Virginia street and will go to house-keeping.

Mr. and Mrs. Clarence Olvey who have been living at Paducah for several years have returned to the city.

## EISON-ROBINSON.

(From Wednesday's Daily)

Miss Mattie Eison and Mr. Erwin Paxton Robinson were joined in matrimony this morning at the residence of the bride's cousin, Mr. Leonard E. Fowler. The ceremony, which took place promptly at nine o'clock, was witnessed by a limited company of the friends of the happy couple. Rev. W. L. Nourse, D. D., was the officiating clergyman. Mrs. Fowler presided at the piano, and before the service Mrs. Lucian E. Barnes sang "All For You." The bride wore a handsome going-away gown of black cloth. The bride is an attractive and accomplished young lady and has many friends here where for several years she made her home with Judge and Mrs. W. T. Fowler. The fortunate bridegroom is a prosperous and popular young business man of Hattiesburg, Miss. After an eastern trip and a visit in Virginia, Mr. and Mrs. Robinson will be at home in Hattiesburg after October 10.

Misses Reed and Mary Waddington of Gracely are the guests of Mr. and Mrs. Tom Thomas.

### "The Blood is The Life"

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cur of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

### DEATH WAS RESULT

OF CADIZ MAN WALKING OUT OF A WINDOW

Ed Neblett, Who Received Injuries From Fall in Hopkinsville, Passes Away.

Poor Ed Neblett is no more. After years of suffering and pain, both of mind and body, the end came Tuesday morning in this city, the direct cause of which no doubt being the fall from the second story window of a hotel in Hopkinsville several weeks ago. He was about forty-eight years of age. He came to Cadiz from Lafayette in 1898 with his father, with whom he was associated in the tin business, and made this his home almost continuously ever since. He had not enjoyed perfect health for many years, his mind as well as his body being affected, and death comes as a relief from much suffering. He was a clever, inoffensive man and was generally known throughout the county. He was closely related to the Nebletts of Clarksville. The remains were buried Tuesday afternoon at the poor farm near town.—Record.

### TWO REMARKABLE CURES OF ECZEMA

Over Twenty-three Years Ago Baby had Severe Attack—Years Later Grandfather Suffered Torments with the Disease—Virulent Sores Developed From Knees to Toes.

BOTH OWE COMPLETE RECOVERY TO CUTICURA

"In 1884 my grandson, a babe, had an attack of eczema, and after trying the doctors to the extent of heavy bills and an increase of the disease and suffering, I recommended Cuticura and in a few weeks the child was well. He is to-day a strong man and absolutely free from the disease. A few years ago I contracted eczema, and became an intense sufferer. A whole winter passed without once having on shoes, my ankles and nearly from the knees to the toes being covered with virulent sores. I tried practitioners, specialists, dermatologists, etc., to no purpose. My daughter-in-law reminded me of having prescribed Cuticura for my grandson more than twenty years ago. I at once procured the Cuticura Remedies and found immediate improvement and final cure, till to-day, though well along in years, I am as though I had never had that disease. I am well known in the vicinity of Louisville and Cincinnati, and all this could be verified by witnesses. Mr. W. LaRue, 845 Seventh St., Louisville, Ky., April 23 and May 14, 1907."

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in acne—these are all demand remedies of extraordinary virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven by testimonials of remarkable cures when many remedies and even physicians have failed. One set is often sufficient to cure.

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (25c.) to Purify the Blood. Sold throughout the world. Foster Bros. & Chem. Corp., Sole Props., Boston, Mass.

### CANTRILL IS NAMED

BOLTING CONVENTION PUTS FRANK JOHNSON IN FIELD.

LEXINGTON, Ky., Sept. 4.—James Campbell Cantrill, of Georgetown, was nominated by the Democrats of Seventh congressional district to succeed W. P. Kimball, of Fayette county, incumbent, who was also a candidate for renomination. A bolting convention of thirty-four of the 104 delegates participating nominated Frank Johnson, of Franklin county, after offering the nomination to Kimball, who declined it, saying he had always been regular in his party allegiance and did not desire to undo the record of a lifetime.

Cantrill is president of the Kentucky Society of Equity, is a farmer and an ardent advocate of the poolers of tobacco in the white burley district.

One convention was held in the auditorium and the other under the trees of Woodland Park. The split came during a roll-call of counties for their choice for chairman, M. H. Bourne, of Owen county, was placed in nomination by Dr. Lew Wallace, acting for the friends of Cantrill. G. Allison Holland, of this city, for Kimball, placed James Thompson, of Bourbon county, in nomination. When Franklin county was reached on the roll-call George R. Hunt, of Lexington, protested against the vote of Franklin county being cast for Cantrill, and appealed to the chair, by which he was overruled. Upon this decision the Kimball men arose in a body and left the hall amid scenes of wildest excitement. The Seventh district has long been famous as the "Ashland District." Henry Clay and Col. W. C. P. Breckenridge having represented it for many years.

Will Not Run.

FRANKFORD, Ky., Sept. 4.—Frank Johnson, it is announced, will not run for congress on a third ticket, but will abide by the committee decision.

### Case Continued.

The case of Miss Louise Willis et al. against John W. Kelly, of Cadiz, has been continued until Sept. 10 in federal court at Paducah.

### HORSE SHOW

Proving to Be a Splendid Success.—Winners in the First Day's Events.—Pembroke Dispensing Lavish Hospitality.

From Friday's Daily

The success scored by the Christian County Horse Show at its fifth annual meet at Pembroke, broke all previous records, both in point of attendance and the number of horses entered. The first day showed an attendance of at least 2,000 and there are from sixty-five to seventy horses entered in the various events. The evening show is especially attractive and last night the grounds were packed with people, many who could not leave their business during the day, being present at this time.

#### First Day Feature.

The feature of the first day's show was the Champion Saddle Stakes in which the purse was \$1,000. This handsome amount, which was divided into prizes of \$500, \$200, \$150, \$100 and \$50 attracted horses from all over the state and it was indeed a hard matter to select the winners. After long consideration the judges awarded the prizes as follows—

1st. "Edna May," owned by Matt S. Cohen, of Lexington.  
2nd. "Bourbon Prince," owned by Matt S. Cohen, of Lexington.  
3rd. "Indian Boy," owned by W. S. Nichols, of Bowling Green.  
4th. "Rex Blair," owned by J. D. McKemie, of Gallatin, Tenn.  
5th. "Artie's Charm," owned by Dr. W. W. Franklin, of Glasgow, Ky.

#### Awards Made.

The awards yesterday were as follows—

Event No. 2—Best suckling colt, either sex, prize \$10. Won by M. B. Kirby, of Bowling Green.  
Event No. 3—Best yearling, either sex, prize \$10. Won by Dr. S. B. Strouse, of Bowling Green.  
Event No. 4—Best 2-year-old, either sex, in harness, prize \$10. Won by John H. Williams, of Pembroke.  
Event No. 5—Best boy rider, 14 years and under, prize, \$2.50. Won by Lee Trabue, of Pembroke.  
Event No. 6—Best girl rider, 16 years and under, prize, \$2.50. Won by Miss Anita Bland, of Pembroke.  
Event No. 7—Finest and best mare for family use, to be driven by lady to double seated vehicle, and to be accompanied by two or more persons. Horse, harness and vehicle considered, prize \$10. Won by D. C. Williams, of Pembroke.  
Event No. 8—Best pair mares in harness, prizes \$15 and \$10. First, Dr. C. B. Strouse, of Bowling Green; W. S. Nichols, of Woodburn, Ky., second.  
Event No. 9—Best stallion under saddle, 3-year-old, prize \$15. Won by G. T. Williams.  
Event No. 10—Best combined stallion, mare or gelding to be ridden and driven, prizes \$15 and \$10. First, W. S. Nichols, of Woodburn, Ky. Second, J. D. McKemie, of Gallatin, Tenn.  
Event No. 11—Finest stallion,

mare, or gelding, soundness, size, style and conformation considered, prize \$10. Won by J. H. Williams, of Pembroke.

Event—Special roadster class, prize \$15 and \$10. First, W. S. Nichols, of Woodburn, Ky. Second Joe Ray, of Auburn, Ky.

Last night the prizes were awarded as follows—

Event No. 12—Best pair geldings in harness, prizes \$15 and \$10. First Dr. C. B. Strouse. Second W. S. Nichols.

Event No. 13—Best gelding 3-years old in harness, prize \$10. Won by Joe Ray, of Auburn.

Event No. 14—Champion saddle stakes, prizes \$500, \$200, \$150, \$100 and \$50. Winners given above.

Event No. 15—Best walk-trot canter, prizes \$15 and \$10. First, Matt S. Cohen, of Lexington. Second C. B. Strouse.

Today even larger crowds are in attendance and the show, with anything like favorable weather tomorrow will prove a big success in every way. For tonight some special events have been added to the published list and this part of the show will be unusually attractive.

#### Tonight's Program.

The stated program for tonight is—Best team in tandem. Wheeler to be approximately 16 and leaders 15 hands high. Two or more entries required. . . . \$80.00

### \$416.25 Per Acre For Tobacco in Florida

The Year Book of the United States Department of Agriculture shows the above figures, as against \$90.78 for Kentucky and \$78.40 for Tennessee. These governmental reports must be correct.

**Columbia County, Florida** is the richest in the State. It carried off the prize, at the last State Fair, on Sea Island Cotton, Rice, Oats, Hay, Corn, Sweet Potatoes, etc., together with the big \$500 premium for best agricultural display—nearly \$1,000 in all.

Columbia county alone could easily produce a tobacco product more valuable than that of the entire United States

### 6 Pieces "San it" Cooking Ware

Absolutely Given Away!

# FREE

Absolutely Given Away!

### What "Sanito" Is

It is the ware you see advertised in all the leading Ladies' magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what preceded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

### How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

To every person who is now taking the New Era and who pays up all arrearages, if y, and one year in advance and the 98c for the expressage and packing charges, we will give a set of Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly. This ware is delivered free of all charges at this office. If further express or freight charges are necessary they must be borne by the purchaser.

## WHO IS TO BLAME?

CANNING FACTORY SAYS IT IS NOT AT FAULT

Claims Fish Would Get Fat on Tomato Refuse And Water Would Not Be Colored.

The responsibility for the pollution which is causing so much trouble in the river is a matter which no one wants to assume. The city authorities objected to the published report that it was due to an accumulation of fish in the river and intimated that it was from the canning factory while the factory people just as strenuously insist that it does not come from their plant and base their contention on many reasons; among these that the refuse matter which comes from their factory is purely from tomatoes and even if it did find its way into the river it would not form the black matter which is now doing so much damage and that instead of killing the fish they would feed upon it and wax fat. They say they have used every precaution properly to treat the waste matter with chemicals when it was allowed to remain in the vicinity for any time, but that it had been kept cleaned away about as fast as it accumulated by farmers who hauled it out and fed it to their hogs.

## TO SHOW NIGHT RIDER CONSPIRACY IN 2 STATES

When Trial of Men for Killing Vaughn Bennett Takes Place—Same Signs and Signals Used.—A Case of Much Importance.

PADUCAH, Ky., Sept. 5.—Of greatest significance is the proposed effort to prove that a general conspiracy to beat citizens and burn property exists in western Kentucky and Tennessee, which will be inaugurated in the case of Vaughn Bennett, who was killed on the roadway in Montgomery county, Tenn., while he was with a band of Night Riders organized under that conspiracy.

Wiley Stewart, of Calloway county; Otis Blik, of Marshall county, and Sanford Hall, who is now in Louisville, will be summoned to appear at the trial of Walter Hunt, who is charged with shooting Bennett. The trial of the case will begin at Clarksville, Tenn., Monday, and the witnesses have been summoned by the defense, which will seek to establish a general conspiracy and that Bennett was a Night Rider on a raid when killed.

According to evidence the defense has in the case, the Night Riders of Tennessee and those in the Kentucky counties had the same signs, signals and passwords, and the identical paraphernalia worn were identical the same and corresponding to that which was found on and near the body of Bennett.

Hunt has been denied a change of venue, though 187 witnesses swore that he could not secure a fair and impartial trial. He is a Calloway county boy and stayed in Paducah several weeks this spring before surrendering to the Tennessee officers after the indictment had been brought against him.

## BRIG.-GEN. J. W. CLOUS, NOTED SOLDIER, IS DEAD

Born in Germany, He Quit American Army After a Distinguished Career.

NEW YORK, Sept. 5.—Brig.-Gen. John Walter Clous, U. S. A., retired, died in St. Luke's Hospital.

His military career from the time he entered the ranks as a private at the beginning of the civil war until he had fought his way to a generalship for splendid service during the Spanish war, had always been distinguished.

Gen. Clous was born in Kiel, Germany, in 1837. He graduated with honors as a civil engineer from the Polytechnic institute at Karlsruhe. He came to America in 1857, and when the first call for volunteers was sent out by President Lincoln he hurried to a recruiting station and was assigned to the Sixth United States Infantry. In 1862 he was made regimental quartermaster.

After the civil war he spent his leisure time reading law, and by 1895 had passed the bar examination of Texas without having studied anywhere except in the barracks. A few

years later he was made judge advocate of the army.

When Gen. Miles reached Santiago during the Spanish war Gen. Clous drew up the laws that now govern the province of Santiago and Porto Rico. He was also secretary and counsel to the commission for the evacuation of Cuba.

Gen. Clous was a member of the Century club and of the Army and Navy clubs of New York and Washington. He leaves a widow, Caroline Stueckly, whom he married in Dayton, O., in 1874.

## HAIL STORM

In some sections there was a heavy fall of hail Sunday afternoon. In the Era and Gracey neighborhoods the hail did considerable damage to ripened tobacco, but that which was still green was tough enough to withstand the hailstones.

The worst reports from hail come from the Roaring Springs neighborhood. In the region along Casey's creek it is said that the hailstones were as large as partridge eggs and that tobacco that was still in the field suffered heavily.

## EARLY MORNING FIRE

RUINS STOCK IN THE WITT CO.'S FURNISHING STORE

The Elks Building on Second Avenue Was in Danger of Being Destroyed.

Fire at an early hour Sunday morning gutted the gentlemen's furnishing store of the Witt company and the Petre tailoring establishment and threatened the destruction of the Elks' building on Second avenue, in which are located Waller & Rogers' furniture store and the Elks lodge and club rooms.

Shortly after 3 o'clock a soldier while patrolling discovered the blaze, and, promptly reporting it, the alarm was turned in by Lieut. Winfree. The department arrived quickly and its excellent work confined the flames to the Witt store. Fire, smoke and water played havoc with the stock, which was valued at \$1,500. The insurance amounts to \$3,500, and the fixtures were insured for \$300. The damage to the building, which is owned by the Elks association, will amount to several hundred dollars. The origin of the fire is not known. It apparently started in the tailoring shop in the rear of the building, and several new suits of clothes and numerous suit patterns were burned.

Mr. Witt states that as soon as the loss is adjusted the company will resume business.

## CANCER CURED BY BLOOD BALM

All Skin and Blood Diseases Also Cured

Mrs. M. L. Adams, Fredonia, Alaska, cured her cancer, which afflicted her for many years, by using Blood Balm. The cancer was on the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings, etc., have been cured by Blood Balm. Among others Mrs. B. M. Guernsey, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharge from the eating sores. Doctors advised cutting, but it failed. Blood Balm healed the sore and Mrs. Guernsey is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, rheumatism, neuralgia, blood poisons, ulcers, offensive pimples, blotches, carbuncles, eruptions, risings and lumps on the skin and all blood troubles. Improves the digestion, strengthens weak kidneys. Druggists, \$1 per large bottle, with complete directions for home cure. Sample free and prepaid by writing the Blood Balm Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter.

## FROM SIX STATES

Probabilities are that when the Union Tobacco society holds its organization meeting in Louisville October 6, that the greatest growers' meeting ever held will be in progress.

The tobacco growers of six states and of all the important associations in Kentucky and Tennessee will be there and the delegates will compose an election board for the selection of officers, the making of by-laws and the general organization and planning of the headquarters, which the society will maintain in Louisville.

On October 4 each association in Kentucky and Tennessee and the single associations of Ohio, West Virginia, Indiana, Wisconsin and Missouri will meet to select delegates to the constitutional convention.

Each will be entitled to one delegate and one additional delegate for every 25,000,000 pounds of tobacco in pool. That will take about twenty or thirty delegates to Louisville, and their chief duty will be to elect executive officers. It may be decided to select a board of directors with power to choose a chairman or president.

## S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed. ## FARMERS ARE STUNG

Someone has been trying to "string" the farmers of the country. According to experts of the department of agriculture, the exploitation of the so-called "Alaska wheat," which is said to be about four times the size of ordinary wheat in head, and to yield "under ordinary soil conditions" 200 bushels to the acre, is almost as rank a fake as the "Cardiff Giant."

For the past few months articles glowingly descriptive of the alleged newly discovered grain, and predicting a consequent revolution in wheat industry of the nation, have been widely published in magazines and newspapers.

Dr. Galloway, chief of the bureau of industry, thus explodes the pretensions of the "Alaska" wheat boomers:

"This variety of wheat has been known for many years, both in this country and in Europe. It has been tried at several state experiment stations in the western part of the United States during the past 15 years, but nowhere have the yields been high enough to merit attention. It has been grown to a very limited extent on certain heavy, undrained soils in France for many years. In such locations it is said to yield rather better than ordinary wheat but as it is one of the poorest wheats known for making flour, it is never grown where the ordinary varieties of the grain will thrive."

## A Sprained Ankle.

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully a cure may, in most cases, be effected in less than one week's time. This liniment is a most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief when it affords. ## CHAT ABOUT PEOPLE AND THINGS

Mrs. Anna C. Layne has resigned her position with J. H. Anderson & Co., to accept a very flattering offer from the Stewart Dry Goods Co., of Louisville, in its ready-to-wear department. Accompanied by her pretty daughter, Mrs. Layne will go to Louisville to reside in a few days. Their departure will be greatly regretted by a host of friends. Mrs. Layne is a charming and gracious woman with excellent business qualifications.

Mrs. Ida Jernigan and son, Sterling, have returned to Hopkinsville. Mrs. Jernigan has been the very efficient and popular hostess of the Salubria Springs hotel this season.—Pembroke Journal.

A magazine writer says that American cities have no distinctive smell. Tarry a bit on the classic banks of Little River, stranger, and take a whiff of the breezes.

Hon. James B. Garnett has been much better for the past week and is able to come down town almost every day. The change for the better is very gratifying to his friends.—Cadiz Record.

Madison Square, Chicago Coliseum, and the Louisville Horse show may well duck their heads when a town of 800 people puts up the biggest premium ever known for saddle horses in one ring. Pembroke, in Christian county, Ky., has a horse show of its own, lasting three days and beginning today. Such saddle horsemen as Matt Cohen, Bob Moreland and Thos. A. Knight passed through Louisville last evening on their way to attend. Such gaited stars as Bourbon Prince, winner of twelve out of thirteen blue ribbons at Madison Square last year; Edna Mae, the champion mare of last year and defeated but once this year, and that by Bourbon Prince, at Lancaster, and Indian Boy, owned at Bowling Green and regarded as the most promising corner of the season, will be shown at Pembroke

In addition to these, horses and mares from all over the southern part of the state will be exhibited in the one ring purse of \$1,000.—Louisville Times.

The man who is always paying compliments to women may be an awful liar, but he doesn't need any affidavits in that business.

Among the good results of the Croan dog tax law in Kentucky, the Glasgow Times mentions the following: "There is now in the state treasury something like \$95,000 that has not been claimed for dead sheep, and nearly all of this amount will be eventually turned into school fund. The law is playing havoc with the dogs, however, and the assessor's figures show that thousands have been slaughtered in the last twelve months. In 1907 over 180,000 dogs reported by the assessor and this year but 142,000 have been found. In 1907, \$125,786.88 were collected under the dog law, and but \$32,387 was paid out for dog-killed sheep, the remainder going into the school fund. "The Croan law is a blessing to the sheep raisers, and a holy terror to the sheep-killing dogs.

### Using Lime.

Chas. E. Barker, one of our up-to-date farmers, is unloading a car of raw lime that analyzes 98 per cent calcium of lime, and pronounced by Prof. Scovell as good as he has come across. This lime is from W. S. Davidson's lime works and is put up in 125 pound sacks, costing \$4.45 per ton, delivered. Mr. Barker will use it on alfalfa, wheat and grass lands. He says that Prof. Hopkins writes Joe Wing that lime liberally applied to the uplands of southern Illinois and western Tennessee has doubled the crops of corn, wheat and hay, and that Mr. Wing cannot be too enthusiastic in its praise. Mr. Barker also suggests that Mr. Wing has sounded the death knell of wild onions in advising the growing of alfalfa, as the frequent cutting of this crop in spring and summer will surely prevent the onions from seeding and finally exhaust the sets and buttons.—Pembroke Journal.

### CROPS NEED RAIN

LACK OF MOISTURE INJURY TO 1909 WHEAT CROP.

Rain in Some Sections Insure Good Corn Yield.—Tobacco Prospects Not Favorable.

Unless it rains soon the Kentucky wheat crop will be very late next year, as the ground is so hard nothing can be done towards sowing it yet. This is the information which comes to the department of agriculture from its various correspondents throughout the state. Commissioner M. C. Rankin has issued his monthly bulletin in which he summarizes crop conditions as follows: The rains in the early part of the month were of much benefit to early corn, and it will make almost a full crop. In some parts of the state the rains of recent date will make the late corn good, while in other parts it is badly injured and will not mature.

The dry weather will cause the ground to be hard to get in order for sowing of wheat, and will make the wheat crop late unless we have rain soon.

The potato crop has been greatly damaged by the dry weather and in some places is almost a total failure, while in more seasonable parts there are some very fine crops. McKee Bros., at Versailles, planted forty acres of potatoes and they made an average yield of 125 bushels per acre. They treated their potatoes before planting, and we think that if others would follow the same plan of treating their seed before planting that better results would follow.

The condition of the tobacco crop is not good and in some sections of the state the fall in the early part of the month ruined some of the early tobacco.

Livestock of all kinds is doing well, except where the dry weather has made stock water so scarce that some are suffering on account of not getting what water they need.

The fruit crop of the state will be very small, except in a few sections where there will be a good crop of peaches and apples, and there is a

fine crop of grapes.

The comparative condition of the various crops is stated as follows:

Corn, 87; rye, 88; Burley tobacco, condition, 78; per cent. sold September 1, 48; dark tobacco, condition of crop, 91; per cent. sold September 1, 48; dark tobacco, condition 80; alfalfa, 68; potatoes, 77.

Livestock—number as compared with September 1, 1907: Cattle, 88; sheep, 90; hogs, 89; horses, 92; mules, 90. Condition cattle, sheep and hogs, 93; horses and mules, 94.

Condition peach crop, 56; condition apple crop, 43; condition pear crop, 36; condition grape crop, 60.

### THE CIRCUS

The circus has not lost any of its popularity and it probably never will. The circus is a distinctive American amusement enterprise. It has long had a great hold on the affections of the people. Circus day is always a great day for the children, and it is a great day for multitudes of older people, who, of course, must accompany children for the purpose of seeing that the little folks are properly guarded and given the opportunity of witnessing all that is to be witnessed. The man or woman who has never been to a circus to see the animals—is the exception and not the rule. The boy who has not seen a circus, even if he had to carry several dozen pails of water a block or two in order to earn the price of admission—well, there are not many such boys. There are not many people nowadays who inveigh, publicly at least, against attending a circus. And it would probably do no good if they did make such protests. The circus is a legitimate amusement enterprise, and those who patronize it have no apology to offer for their attendance.

John Robinson's Big Circus, Menagerie, and Wild West, the oldest, largest, and richest show in the world will be here on September 21. This show is not in the circus trust and will give one of the finest parades ever in this city.

Princeton Tobacco Rally.

The New Era is requested to announce that there will be a big tobacco growers' rally at Princeton Saturday, September 19.

Ward Headley will preside. The following speakers will be present: F. G. Ewing, Ollie M. James, John S. Rhea and Campbell Cantrell.

A brass band has been engaged for the occasion.

### SORROWFUL SEQUEL

TO A RECENT DEATH BED WEDDING IN HOSPITAL

Dr. Dorsey Winchester, Who Married a Former Hopkinsville Young Lady Dies of Appendicitis.

LOUISVILLE, Ky., Sept.—The funeral of Dr. B. Dorsey Winchester was conducted yesterday by the minister who married him ten days ago. The death of Dr. Winchester was peculiarly sad. He was engaged to Miss Ida Moody, formerly of Hopkinsville, who he met while both were engaged in work at the city hospital, she as a nurse. When Dr. Winchester was stricken with appendicitis and was thought to be on his death bed, he asked that the marriage be performed. He rallied immediately afterward and recovery seemed assured when he suffered a heart attack and died.

### RINGLING'S CIRCUS

When Ringling Brothers' circus spreads its 14 acres of canvas in Hopkinsville Oct. 1, Willie Smallboy will find an almost human creature in the menagerie that can give the knee pants generation cards and spades in the game of marbles. His name is Darwin, and in spite of being dubbed the "missing link," he is tickling more joy ribs than has been recorded by any importation ever before made. Until a few weeks ago he was well satisfied with life in Borneo, but since visiting America, he has expressed a desire to become a naturalized citizen. Darwin not only plays marbles, but spins a top, smokes Turkish cigarettes, shaves in front of a mirror, and is striving hard to master base ball.

For those craving emotional sensation, there has been provided an act that ranks the greatest nerve-racking thriller of the age. From dome of the mammoth tent down a slender metal track a heavy machine throbbs and strains at every rivet, plunges with lightning speed and the crash of thunder. The

ending of the incline in an abrupt curve which lifts the auto high in air, the plucky young woman firmly clutching the guiding wheel. There is a pause of death-like stillness after the charger has left the stool rails. Ascending until within a few feet of the canvas roof, the car then hesitates for the fraction of a second, dips and whirls over twice, before alighting with dreadful impact.

Each season finds this circus a step in advance of its past splendid record. The procession that will be noted this year is exceptional. Last winter all the material used in the pageant was built in Germany, France and Japan. It is over three miles in length, and contains hundreds of golden throne cars, band wagons of carved mahogany, tabernacles of fantastic, Japanese design, elaborately chiseled cages and dens, Italian statuary, elephants blankets made in Persia and flags, banners, standards and costumes of the finest China silk. A 20-camel team hitched to a gorgeous tableau is a novel display. The largest herd of elephants in captivity will march single file stepping clumsily to the music of bands, orchestras, organs, chimes and drum and bugle corps. Nearly 1,300 men, women and children from every zone will take part, and 650 horses will be exhibited.

Stable is Empty.

Mr. E. D. Jones returned last night from Nashville where he went on a hunt for his horse and buggy which were stolen Monday in this city. The clue proved to be a false one and Mr. Jones failed to secure any information. The police are working hard on the case and believe they will locate and recover the property and bring the thief to justice.

### DATE IS NOW FIXED

LOUISVILLE TEAM COMES ON TUESDAY, SEPT. 22

All the Association Stars Will Take Part in the Game.—Great Crowd is Expected.

The Louisville American Association baseball team will play in Hopkinsville on Tuesday, Sept. 22.

The general interest, not only here but all over this section of the state, being manifested in the appearance of the Colonels, indicates that a record-breaking crowd will witness the contest.

Frank H. Bassett and Benj. S. Winfree are the popular promoters of the event and the "fans" are indebted to them for this big treat.

It will cost \$250 or \$300 to get the association players here. Tickets will be sold for \$1. As scores of baseball lovers go from here every season to Louisville just to see the Colonels, with expenses amounting to \$15 or \$20, the opportunity to see these diamond stars for only \$1.00 should be eagerly accepted.

The Hopkinsville team will be strengthened for the occasion, and Manager Bassett expects to have Hub Perdue pitch.

This being the people's campaign, we, the undersigned Democrats of Christian county, hereby request every Democrat in this county to meet with us at the county court house in Hopkinsville, Ky., on Friday night 11th inst at 7:30 p. m., for the purpose of organizing a 50c Bryan and Kern club, the fund realized by this arrangement to be forwarded to the national campaign committee. Such An Excitement!

FRANKFORT, Ky., Sept. 9.—(Near Special)—The news that "Col." Max Hanbery, of Trigg county, had renounced his allegiance to the Republican party, was tremblingly broken to Gov. Willson this morning. The governor has not yet ordered out troops to restrain him.

On To The Job.

Charles W. Morrison, of Pembroke, Democratic candidate for county judge, is in town today. He is a natural born handshaker and baby kisser and simply radiates smiles. He is already busy interviewing the voters.

Nominate Norris.

ANACONDA, Mont., Sept. 9.—The Democratic State convention met here today, and Edwin Norris, the present governor, was nominated for governor by acclamation. Thomas D. Long, of Flat Head, was nominated for congress.

Gov. Norris visited in Hopkinsville this summer with his wife, who is a sister of Mrs. H. L. McPherson.

KENNEDY ITEMS

Mr. R. D. Fort was in Clarksville recently.

Miss Margaret Shaw has returned home from a two week's stay at Dawson Springs.

There will be two sermons and dinner on the ground at Ringgold Baptist church Sunday.

There will be preaching at Bethel church Sunday by Rev. Sam Coker.

Mr. John Jones and wife spent Sunday with Mr. and Mrs. John Shaw.

DEFEND JUDGE COOK

PADUCAH, Ky., Sept. 9.—Circuit Judge Cook, of the Third district, who charged the grand juries of Calloway and Lyon counties to investigate reports that he was a night rider, is defended in last week's issue of the Murray Ledger by more than a hundred old neighbors in Calloway county, who testify to his character as a man and jurist and repudiate the charges as false.
