WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, SEPTEMBER 11, 1908

VOLUME XXVII, NO. 85

MANY NEW SUITS

ARE FILED FOR THE SEPTEMBER TERM OF COURT.

One is Against Christian County For \$1,750.—Two Suits Are Brought Against City of Pembroke.

Several more suits have been filed for the coming term of circuit court. Among these is one brought by Cherry Brothers against Christian county, in which the plaintiffs pray for damages aggregating \$1,750. They claim that they contracted with the commissioners appointed by the fiscal court to furnish a rock quarry on their place from which rock was to be secured to pike the Palmyra road for a certain distance. According to this contract they claim that the county was to supply a spring on the place with a force pump and to put in a watering trough and was to further make good all damages to fences, crops, etc. According to their allegations, the blasting has permanently sunk the spring for which they want \$1,000. They further say that the damage to their crops, fences, road, etc., amounts to \$500. They allege that the pump and the trough were not put in, their loss in this respect being \$200, and that as a result of this failure upon the part of the county they have been damaged \$50.

Another suit growing out of the piking of the county roads is that of W. E. Browning against J. H. Holman. Plaintiff alleges that he contracted with defendant for use of his crusher with which to prepare stone

for the Pembroke and Fairview road, but that Mr. Holman removed his machine before the work was completed which damaged him in the sum of \$500.

Two suits for damages were filed against the city of Pembroke. One of these was brought by Mrs. Fannie C. Hollis and her husband, W. Hollis. The other is by Mrs. Hollis alone. In the first named action the plaintiffs say they own three lots in Jameson's addition upon which they built a home, but that College street was raised in front of their property which caused it to overflow whenever it rained and that the sewer was so faultily constructed and badly attended to that the water was not carried off.

In the other case Mrs. Hollis says that another lot in the same addition, upon which she had built a business house and on the rear of which she grew a garden, was overflowed from the same cause which ruined her garden and almost caused her to lose her tenants. The damage in the first case is placed at \$1,500 and in the second at \$2,000.

Joins The Army.

Mr. Caliph Shanklin, of Mannington, Ky., joined the U. S. army at Princeton, Ky., Sept. 15th. He enlisted for the Infantry branch of service and passed on excellent physical examination. He was sent immediately to Jefferson Barracks, Mo. for his preliminary training as a soldier before joining the organization for which he enlisted. He is to be congratulated on choosing and receiving service "with the colors," both at home and abroad.

Cansler-Jones.

Robert L. Jones and Miss Mildred Cansler, popular young people of the Crofton neighborhood, were married by Judge C. O. Prowse Wednesday morning at the court house.

ARE ACQUITTED

NINE MEN CHARGED WITH NIGHT RIDING AT CADIZ

Grand Jury Commends Civil Officials And Explains Their Failure to Indict Military.

CADIZ, Ky., Sept. 17.—After being out about four hours, the jury in the case of commonwealth against the nine alleged Night Riders charged with whipping Dave Cossey, near Golden Pond, twelve miles west of here, last March, returned a verdict yesterday afternoon of not guilty. There was one juror favoring conviction, and he finally came to the other eleven.

The following report was made to the court by the Trigg county grand jury, which adjourned yesterday afternoon.

To the Judge of the Trigg Circuit Court:

The grand jury of Trigg county desires to thank the court for courtesies extended. We have made a close examination of all the matters brought to our observation, with the exception of offenses committed by the military in Trigg county. In this regard we were at a loss to secure testimony and were unable to return indictments. We found the civil officers had been vigilant, and all the offenses growing out of the troubles affecting not only this section, but the entire state, had been promptly looked after. We are glad to note that peace exists in our county, and we hope it will continue.

In regard to the specific act committed by soldiers at Wallonia Masonic lodge, we thought that at present it was useless to present any charge, but that the matter can still

be investigated by future grand juries, when conditions are changed and witnesses can be secured. We visited the jail and found it in good condition.

BLUE GLAD SOLDIERS.

Will be One of The Attractions With Robinson's Circus.

The John Robinson Big Circus is billed for two performances on Monday September 21, and the advance couriers tell of an augmentation to their usual excellent program in the shape of two companies of U. S. cavalry from the world's greatest military riding school at Fort Riley, Kansas. These dare-devil riders have astounded the world with their remarkable exhibition of horsemanship, and their addition to the usual excellent offering of his father of shows was only accomplished after much red tape and a strong pull with the military heads of Uncle Sam's army. Within the past few years the riding of the soldiers of the regular army in this country has been brought to such a perfection that the oldest of the successful circus riders have been apprehensive of their laurels, and the coming of the show will afford an opportunity to witness the daily contests between the favorites of the sawdust arena and the daring soldier boys in blue.

These hardy fighters scorn the use of tight and riding shoes, and clad in their regulation uniform, with heavy army boots, they perform with daring ease and consummate skill every remarkable feat of horsemanship known to modern and ancient riding.

Misses Fannie Boyd and Allie Armstrong left today for Louisville to attend the state fair.

KERN AT LOUISVILLE

DEMOCRATIC CANDIDATE DELIVERS NON-ADDRESS

Gives Resume of History of Kentucky and Indiana and Pays High Tribute to the Farmers.

LOUISVILLE, Ky., Sept. 17.—John W. Kern, the Democratic candidate for vice president, was the guest yesterday of the citizens of Louisville and Kentucky, receiving a hearty welcome, not only from the Democratic leaders, by whom he was entertained at luncheon, but from a great crowd of people at the state fair grounds, where he delivered a non-partisan address. About 15,000 people were on the ground and as many as could be seated in the big live stock pavilion crowded into the edifice to hear the candidate deliver a brief address. Mr. Kern opened his address by remarking that while he was in Louisville as the guest of a quasi-political organization, he had thrown his politics away for the time being as he entered the fair grounds. He gave an eloquent resume of the history of Kentucky and Indiana, dwelling on the unusually intimate interweaving of the two populations descended from a common stock and at one time children in the leading strings of Virginia.

MRS. NOE IS DEAD

(From Thursday's Daily)

Mrs. A. D. Noe, wife of the pre-

sent manager of Hotel Latham in this city died at Seebree this morning at 6 o'clock. Mrs. Noe had been in failing health for about a year, but only in the last few days did her condition become serious. Yesterday it was seen that she could not survive much longer and the members of the family were called home, all of them reaching the bedside several hours before death came.

Mrs. Noe was a member of the Cumberland Presbyterian church and a conserated Christian who, by her daily life, gave evidence of her faith. She was fifty-five or fifty-six years of age, and is survived by her husband and six children. She had spent most of her life in Union county and interment will take place at Morganfield tomorrow.

After the Negroes.

HUMBOLDT, Tenn., Sept. 17.—"Warning to the men that keeps the Nigro—you are running a risk of getting your house burned up and killed yourself."

The above is a sample of notices that are reported to have been printed on white cloth and posted on public places in various section of Crockett county. Another one in the same neighborhood reads:

"Warning to all Nigors that lives in here to move out by December 1st, 1908. Death to the man that tears this down." This last sign has been read by hundreds of men who are not cowards, but it still stands at a public place near Williams store on the Humboldt and Alamo road, and there has developed no inclination whatever to tear it down.

Just what the posting of the notices means no one seems to fully understand, but the opinion is general that feeling in Crockett county against the negroes is rather high, caused largely by the killing of a white boy by negroes at a picnic a few weeks ago in the neighborhood of Gadsden.

REPUBLICANS MEET

COUNTY COMMITTEE ARRANGES FOR NOMINATIONS

Praise Governor Willson For The Stand He Has Taken Against Violations of Law.

(From Saturday's Daily)

The Christian county Republican committee met this afternoon in the county court room, Chairman A. H. Anderson presiding. Next Saturday was set as the time in which candidates for judge and sheriff could qualify. If there is more than one candidate for either office, nominations will be made Oct. 17 at a mass convention. Otherwise the nominations will be made by the committee.

The following resolutions were adopted.

Be it resolved—By the Republican executive committee of Christian county, First, that we heartily endorse the action of the Republican national convention, and we recognize in William H. Taft the fittest man in the nation for president.

Second, That we commend those of a Democratic court of appeals who fearlessly arose above petty politics and by their decision endorsed and upheld the action of County Judge Frowse in removing David Smith as sheriff of this county and appointing J. M. Renshaw in his stead, as it was purely the enforcement of the law, and we unreservedly endorse the upholding of law in any and all matters.

Fourth, That we heartily endorse the state administration, and as strongly as we can, do we endorse Governor Augustus E. Willson in his effort to enforce law and order; we are for law and order at all times and under any and all circumstances.

Fifth, We select and adopt the log cabin, the same as adopted by the state Republican convention as the Republican device for the nominees for all offices in this county.

The third clause of the resolution read as follows:

Third, That we recommend to the voters of Christian county, Chas. O. Frowse, as a proper and suitable man for county judge and J. M. Renshaw, as a proper and suitable man for sheriff.

This was eliminated by the proposer of the resolution, C. R. Clark, when it was seen that to insist upon its adoption would precipitate a protest from some of the colored members of the committee.

It is reported that H. H. Goley will, as well as Mr. Renshaw, be a candidate for sheriff.

Just a Letter

Los Angeles, Cal., Sept. 6, 1908

Editor New Era—

Just why I am writing you today I know not. I have thought of it many, many times since coming to this far-away California home. I thought of it because I used to write to the old New Era, and worked for it long ago, away back in its infancy, when our genial good old "Cy" (Hiram) Brown used to write for it and canvas for it; away back in the '70s, when Dr. Wm. Feland used to be in charge of the editorial department and later Jas. Wood who brought it so gloriously to the front and established it apparently for all time to be; I knew it when Jim Hays and Henry Wallis and Allen Wallis and Fred Wallis and others that I may not mention were in some way connected with it; yes I knew it when Buggy Peay and "Vera" used to write for it, and when the leading citizens at that time in your town and county, apparently well-to-do, blooming and blossoming for happiness, though some are now passed over into the beautiful beyond, among whom were Hiram Phelps, E. P. Campbell, Judge McPherson, Champlin Littell, Petree, Feland, Evans, Landes, Clark, Winfree, McCarrall, Wood, Ferguson, Stites, Henry, and many others; all prominent lawyers, and think of the noted physicians too, who played their faithful part: Drs. Fairleigh, Gaines, Dennis, Gish, Young, Newlan, Hickman, Dryden, Feland, Rodman, and others; where are they now? Most of them gone and left a new generation to swing the new cycles of time with its many changes and improvements in this age of progressions. And yet this root of the old New Era still stands with Walker Wood at one end and Tom Underwood at the other. When I visited good old Kentucky two years ago I saw many pleasing remembrances of those good old days of long ago when everybody else were "Bill and I were Joe." I saw very pleasantly a few lone trees of the old forest, among whom were Major Breathitt, Allick Anderson, Tom Edmundson, Polk Cansler, Tobe Smith, Peter Rogers and a few others. By

the way this reminds me that I saw Esq. Peter Rogers in the morning of the day in which his spirit took its flight in the same afternoon to the "better land." He was so calm, genial and good even to the last, just the same noble hearted, jolly ever companionable Peter Rogers. As I followed the bier to the old family "grave yard" I wondered if some one would offer a tribute to the memory of a man who had been better to the world than to himself. Or would he be left to sleep peacefully with others who had lived there before, and his friends jog along in the hum-drum of life while he was quietly forgotten. I suppose it makes no difference anyhow, but I believe that if the world was composed of as good people as Peter Rogers, heaven would be better than it will if peopled by most of those who are counting on going there. Peter Rogers never kept the best for himself, he never condemned anybody's religion or politics, never said ill of anyone intentionally; 'tis true he would joke, jolly and josh his friends under any and almost all circumstances. To illustrate in this connection, when one of his old friends was on his death bed, Esq. Peter met the attending doctor about a mile or more beyond the house of his sick friend, and upon learning of his serious illness the 'squire remarked that he must turn and go back and see him, as they had been friends since early manhood. Upon arriving at his ill friend's home he found him very low with consumption and yet able to converse with the 'squire in the good old way that they had been wont to do in days gone by. However, his friend Jess was of a very religious turn of mind and soon turned the conversation in that direction. "Well, Peter," he says to 'Squire Rogers, "I am awful glad to see you for this is the last time I will ever see you on earth, but I hope we will meet in heaven where there will be no pain nor sorrow. I tell you, Peter, I am happy. I am ready to go, my sins are all gone, and I know I am going to heaven." But Esq. Peter, wishing to jolly him up a little says: "I don't know so much about that, Jess. I think it a little doubtful. I've been knowing you a long time and you've done a d— lot of meanness. I'm not so sure what we'll do with your case, Jess, but I think there's pretty good grounds for a veto; anyhow I think it will be continued for more evidence." In the meantime Jess began to rally and was getting ready or a battle when the doctor announced to the 'squire that they must go, which ended the fun. And this was characteristic of Peter Rogers—always saw the optimistic side of life, and if possible always turned evil into good and darkness into light.

But I must tell you that I am a jolly happy school boy again, which perhaps will sound very strange to you after living over and over again all these years—since these seventies—but I am! Have been to college more than three years since 1900, and expect to go for perhaps two years more. I am going to the top "captain" I slip on the way. And why not? What's the use in giving up and thinking of old age and bowing your back and grunting your life away? That's what is telling on our generation today; too much worry; too much hustle, worry and taxation; all telling and killing on the nervous system, in fact the entire organism. Why, I worked hard on the farm for my father fifteen years (because I had to) and taught school for thirty years and have been trying to be a doctor for the past six years, and yet I am only 21 years old in feeling now, and anticipate 50 years of genial practice for the benefit of suffering humanity, and then hope to retire to some happy, pleasant spot and build a beautiful home among my own vine and fig trees, where I can ensconce myself within my own boudoir and for the next ten years write a book of the good things seen in this life and the better things hoped for in the next, for the good of my fellowmen who come after me.

Some of my friends may wish to know what kind of physician I am getting to be. Well, I am one of those "Osteopaths." "Rabbers," as our good M. D.'s call us. That name is a misnomer save when we "get it in the neck," and I believe the world has a cinch along that line.

ARE SHORT OF FUNDS

BOARD OF CONTROL'S WARRANTS ARE NOT PAID.

Treasurer Farley Refuses to Cash Them.—Differs As to Attorney General's Opinion.

Capt. E. Farley, state treasurer, has refused to pay any warrants, and today he refused to pay warrants drawn by the board of control of the charitable institutions for improvements and supplies at the asylums, according to a dispatch from Frankfort. This leaves the charitable institutions in a bad way, except that they can cash the warrants at any bank by paying a small per cent of interest. The board asked the attorney general if, under the old law, they could issue interest bearing warrants, and the opinion of the attorney general was that this could be done.

Capt. Farley disagrees with the attorney general, and does not think it can be done. He thinks the board should do as everybody else is doing, getting their money from the banks by paying interest.

SEVERAL CHANGES

ARE MADE AT STATE CHARITABLE INSTITUTIONS.

Dr. Rederm. of Brownsville, Named as Second Physician at the Western Asylum.

A number of officials for the various charitable institutions of the state were chosen by the state board of control at a meeting in Lexington. All of the elections were for terms of four years, several being merely the formality of securing incumbents in their positions for the four-year term.

R. J. McMichael, Jr., of Lexington, was elected steward of the feeble minded institute to succeed John G. Evans, who has held the place for several years. Dr. W. E. Rederm, of Brownsville, who has been second assistant physician at the Eastern Asylum at Lexington, was transferred to the same position at the Western Asylum near Hopkinsville. Dr. C. A. Nevitt, of Meade county, was elected first assistant at Lexington and Dr. W. E. Gardner, first assistant at Lakeland. George C. Caywood, of Rowan county, was re-elected secretary of the board for a new term. All of the appointments take effect October 1.

Drive Rheumatism out of the blood with Dr. Shoop's Rheumatism Remedy and see how quickly pain will depart. Rub-on's never did reach the real disease. Rheumatism isn't in the skin. It's deep down—it's constitutional. Getting rid of the pain is after all, what counts. That is why Dr. Shoop's Rheumatic goes, by word of mouth from one to another. And herein lies the popularity of this Remedy. It is winning defenders everywhere. Tablets or Liquid. Sold by Anderson-Fowler Drug Co. Incorporated.

Evolution of a Circus.

The most imposing wonder of amusement growth today is the circus. The greatest development of the idea is due to Ringling Brothers. Today it takes eighty-five cars to transport their enormous enterprise. The tents alone cover twelve acres of ground space. In the menagerie tents are sheltered 40 elephants and 110 cages, dens and liars. A baby elephant, American born, is the priceless pet of this department. Six hundred and fifty horses are carried, and the men, women and children employed aggregate 1,280. To move this stupendous institution each day without delay or confusion indicates a most wonderful system. Military chiefs at home and from other countries have studied and lauded the wonderful discipline that pervades the Ringling Brothers' shows and pronounced it the best governed amusement institution in the world.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Cook & Higgins and Cooks Pharmacy drug stores 50c. and \$1.00. Trial bottle free.

WARREN JURIST DEAD.

Judge J. M. Wilkins, a prominent citizen and jurist of Bowling Green, died Saturday of a paralytic stroke sustained the day before while making an address to the school children at Smith's Grove. Judge Wilkins was an uncle of Mrs. Herbert L. McPherson, of this city, and she attended the funeral which took place Sunday afternoon.

Tickling or dry Coughs will quickly loosen using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells us others to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to inflame or suppress. Demand Dr. Shoop's. Accept no other. BRYAN-KERN CLUB

ORGANIZED TO RAISE FUNDS FOR NATIONAL CAMPAIGN

Holds Meeting at Court House and Elects Officers.—Not Connected With Local Politics.

The Fifty Cent Bryan and Kern club whose object is to raise funds for the National Democratic campaign held its initial meeting at courthouse Friday night and was organized by the election of the following officers: President, Barksdale Hamlett; first vice president, J. T. Hanbery; second vice president, Jonett Henry; third vice president, J. E. Mosley; Secretary and Treasurer, W. A. Wilgus; Assistant Secretary, John B. Chilton.

The attendance was gratifying to the promoters of the club. The next meeting will be held on Friday night of next week, after which there will be bi-monthly meetings. A number of enthusiastic speeches were made. The club's object is to do solely with the national campaign and has no connection with local politics.

At the next meeting of the club a new president will be elected, as Mr. Hamlett, owing to his pressing school duties, does not feel that he can, in justice to his work, accept the office.

If It's a Reputation

You are after, White's Cream Vermifuge has a world wide reputation as the best of all worm destroyers, and for its tonic influence on weak and untrifling children. It improves their digestion and assimilation of their food, strengthens their nervous system and restores them to health and vigor natural to a child. If you want a healthy, happy child get a bottle of White's Cream Vermifuge. Sold by L. A. Johnson & Co.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind. Discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root including many of the thousands of testimonials received from sufferers from kidney and bladder trouble. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at Cook & Higgins and Cooks Pharmacy drug stores. 50c.

ELECTRIC BITTERS THE BEST FOR BILIOUSNESS AND KIDNEYS

OPPOSES THE IDEA

OF TEMPORARILY SHUTTING UP ASSOCIATION SALESROOMS

Tobacco Planter Says Situation Not Serious Enough to Call For Such Radical Action.

Ever since the season of tighter sales of tobacco in the Black Patch markets began, many have held to the idea that the best plan for creating a demand and forcing the buyers to purchase the holdings of the association would be to close up every salesroom in this district and keep them closed until a desire should be shown for the tobacco. In this regard the Tobacco Planter, published at Guthrie and which, judging from the tone of the article is endeavoring to set forth the views of General Manager Ewing himself, has the following to say—

"As Mr. Ewing has conducted the affairs of the association so admirably in the past The Tobacco Planter can see no reason for opposing his ideas in the present situation. Since the slump in the sales commenced one of the plans of relief suggested has been the closing of the sales rooms throughout the district for an indefinite period. For just what, and just why, it is not exactly clear.

"The slump, while aggravating to the farmers temporarily, is not such a serious matter as to call for any radical action of this nature. Indeed, the embarrassment resulting from the matter is by no means as great as has been felt by the farmers in the other sections of the country during the recent financial depression.

"Why then should the salesrooms be closed? It would undoubtedly give, if there is any concerted action causing the slack in sales, the buyers an excuse for the thing they are said to be doing. No merchant closes his door when times are hard, but instead he keeps open and tries all the harder to sell to what he has in stock. The situation will right itself in a short time, as it shows signs of doing now, and every pound pledged to the association will be sold. The members of the board of directors are the men to whom are delegated the powers of the organization, the authority to make rules for its business, and their close touch with the affairs of the association probably enables them to understand just what is needed better than anyone else."

About People and Things

The Rev. Dr. Thomas Hale, of Louisville, secretary of the Kentucky Baptist Educational Association, delivered two strong addresses Sunday at the First Baptist church in the interest of the endowment fund for Baptist educational institutions. Dr. Hale started out to raise \$500,000, and is now within \$60,000 of the amount required. Dr. Jenkins, pastor of the Hopkinsville church, yesterday made a personal subscription of \$500, and many other liberal donations are expected here, as the Hopkinsville church is one of the largest and wealthiest in the state.

The fifty-third annual meeting of the Kentucky State Medical Association will be held at Winchester, Ky., September 23rd to 25th, inclusive. It promises to be one of the most valuable and instructive medical meetings ever held in the state. The railroad round trip for the meeting will be one fare, plus twenty-five cents, and it is expected there will be 500 physicians in attendance.

Joseph A. Wall, son of Mr. and Mrs. J. T. Wall, left today for Nashville where he will enter a medical college for a four years' course.

In a sermon at the Methodist church yesterday morning, Rev. G. H. Means took as his subject "The Future Church" and in the course of his remarks he made a number of interesting predictions as to what would be done by God's people in the future. He said the church of today was only in its infancy and that it would continue to grow and exert an influence for good over all things until it finally controlled the world.

He said that instead of putting politics into religion the people would put religion into politics and vote for the moral stand of the candidate rather than his political affiliation. He prophesied that dancing, card playing, liquor drinking and all such would become unknown and that the church, instead of raising money by giving oyster suppers, lawn fetes and such like would make voluntary contributions in such amounts that no other means of raising funds would be necessary.

He said that the church services would be made so interesting to all, and especially the young people, that they would attend upon these in preference to any other amusement and that theatres, circuses and other worldly amusements would pass away from lack of patronage.

OFFICERS ELECTED

FOR PLANTERS' ASSOCIATION OF CHRISTIAN COUNTY.

Dr. Barker, of Pembroke, Chairman
Mr. McGaughey, Vice Chairman,
and Mr. King, Secretary.

Chairman, Dr. J. L. Barker, of Pembroke.
Vice-Chairman, R. H. McGaughey, of Newstead.
Secretary, M. B. King, of Casky.

The above is a list of the officers of the Christian county branch of the Planters' Protective Association as elected for the ensuing year at the meeting held here Saturday afternoon. The crowd which attended the meeting was perhaps the largest in the history of the association where purely local matters were to be discussed.

There had been many rumors current all day Saturday of various members of the committee who would be placed in nomination for the office but when the time came for making the nominations, for chairman only one name was put before the meeting, this being that of Dr. Barker. In seconding this nomination Judge W. T. Fowler paid a high tribute to Dr. Barker's ability, popularity and fidelity shown to the association cause. He also stated that some time ago Mr. Radford had stated positively that he would not stand for re-election and he praised the retiring chairman in an eloquent manner for his three years of service and said it was only justice that the onerous duties of chairman should be removed from his shoulders and laid upon some one else. Judge Fowler also called attention to remarks he had made a year ago advising the members of the association against letting politics get into the association in any manner, and he reiterated this advice. Following this speech the secretary was empowered to cast one vote for Dr. Barker, and he was thus selected as chairman.

The election for vice-chairman was then taken up and Mr. R. H. McGaughey was selected in the same manner, there being no opposition except when the candidate himself tried to place another member in nomination but the committee would not stand for it and elected him unanimously.

The race for secretary was the event of the day. Two nominations were made, these being R. C. Rives, of Howell, and M. B. King, of Casky. Neither man had any intimation that he was to be placed in nomination and the voting for them showed how evenly divided the members were in their opinion as to which one would be the better officer. The first ballot showed thirteen votes for Rives, fourteen for King and one for George B. Powell. As the last named was not a nominated candidate the vote for him could not be counted and it was decided to cast the vote again. This time it resulted in a tie of fourteen and fourteen, the chairman not voting. At the third attempt, the chairman voting, the result was fourteen for King, thirteen for Rives and two blank ballots.

This completed the business before the meeting and the association adjourned to meet at the courthouse in their first official business session on the first Monday in October.

Passed Examination Successful
James Donahue, New Britain, Conn., writes: "I tried several kidney remedies and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. L. A. Johnson & Co.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Any way test the Restorative 48 hours. Stomach Muscles In Old Age

How Old People May Retain or Restore Good Health

Usually the bowels are not so active in middle or advanced years as in youth. Just as the eyes grow dim, the skin wrinkled, the hair gray, the muscles flabby, so do the internal organs show their age if we could but see them. However we sometimes find a person whose age is near the meted three-score and ten and yet his step is sprightly, his eye keen, his flesh firm, his appetite good and his bowels regular, and upon close questioning you will find a life's history of right-living, good food, keen appetite, perfect digestion and regular bowel action.

Regular bowels and proper digestion of the food we eat is absolutely necessary to the enjoyment of good health by old or young. If the readers of this article are interested, we are glad to tell them how they can restore good health and prolong their lives. BY MAJORITY OF ONE

LAFAYETTE DECIDED TO ESTABLISH GRADED SCHOOLS.

Two Years Ago Proposition Was Defeated by Same Vote.—Town Deserves Congratulations.

An election to determine whether or not a white graded school should be established in Lafayette was held Saturday and resulted as follows:

For a school.....49
Against a school.....50
The following trustees were elected:

Walter Garner James Kingins
Sam Bumpus C. B. Fraser
O. M. Keatts

By an interesting coincidence, at the election on the same question held two years ago, the proposition was defeated by just one vote. The supporters of a graded school very properly submitted to the will of the majority, and this year another election was held and the establishment of a school was decided upon by a majority of one vote.

The friends of education not only at Lafayette but everywhere in the county will rejoice at the outcome of the election. The good town of Lafayette has never taken a wiser step or one that will have more enduring benefits and its citizens deserve cordial congratulations. The prosperity and advancement of Hopkinsville are largely due to its splendid graded school system, and that is the experience of all towns in which they are established. The New Era is confident that before long the most zealous opponent of the graded school proposition in Lafayette will be heartily glad that the election went as it did Saturday. That certainly has been the case in Hopkinsville, Pembroke, and everywhere else that graded schools are conducted.

THE GIRL WITH THE AUBURN HAIR

Is on the outside package of every bottle of Parisian Sage. Should you forget the name simply ask for the package with "the girl with the auburn hair" upon it.

And what a wonderful sale Parisian Sage has made for itself in America in a little over a year. And what a multitude of people have been cured of falling hair, dandruff and itching scalp by its use.

And how the American women praise Parisian Sage for its peculiar ability to turn harsh, faded, lusterless hair into fresh, beautiful, silky and lustrous hair in a few days.

Parisian Sage is today the favorite hair dressing and tonic of discriminating Americans, not because of sensational methods of advertising, but because it is the only hair restorer that will do just what it is advertised to do.

It kills the dandruff germ and cures dandruff in two weeks. If it doesn't, Cook & Higgins, the agents in Hopkinsville will give you money back.

"I had been troubled with dandruff for five years, but since using Parisian Sage I have not been bothered with it. I only used one-half bottle when I noticed the dandruff disappearing. I consider it the best tonic I ever used."—Mrs. C. B. Morton, 450 Main St., Buffalo, N. Y., Aug. 10, 1908.

If you haven't tried Parisian Sage get a bottle today. It is a delightful dressing. The price is only 50 cents a large bottle at Cook & Higgins or charges prepaid, by the American makers, Giroux Mfg. Co., Buffalo, N. Y.

S.S.S. THE CURE FOR SCROFULA

Swollen glands about the neck, weak eyes, pale, waxy complexions, running sores and ulcers, skin diseases, and general poor health, are the usual ways in which Scrofula is manifested. The disease being deeply entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, and the scrofulous and tubercular matter so thoroughly destroys the healthful properties of the blood that Scrofula sometimes terminates in consumption, an incurable disease. The entire circulation being contaminated, the only way to cure the trouble is to thoroughly purify the blood and restore the circulation to a strong, healthy state. S. S. S. is the very best treatment for Scrofula; it renovates the entire blood supply and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes right down to the very bottom of the trouble and removes the cause, but it supplies the weak, diseased blood with the healthful properties it is in need of, and in this way builds up weak, frail, scrofulous persons and makes them strong and healthy. S. S. S. is a gentle, safe, vegetable preparation and is suited for persons of any age. Book on the blood containing information about Scrofula and any medical advice free.

CHAT ABOUT PEOPLE AND THINGS

A Thought For the Day.

For success I ask no more than this—to bear unflinching witness to the truth.—James Russell Lowell.

The Baltimore Sun says: "Mrs. Edward Contee Johnson has cards out for the marriage of her daughter, Miss Mary Bowles, to Mr. John Pierce Campbell, formerly of Virginia, but now of Baltimore. The wedding will take place Wednesday, Sept. 23, at the home of the bride's mother, Parker Place, Winchester, Va. The bride-elect is a granddaughter of the late Beverly Johnson, United States senator from Maryland, and a cousin of Mr. Harry Lehr. Mr. Campbell is a nephew of former United States Senator Charles J. Faulkner, of West Virginia.

When a man has worked desperately for 15 hours a day for 15 or 20 years and got a little money ahead, it is amusing to hear his neighbors tell about how lucky he has always been.—Norfolk (Neb.) News.

Warning: When you think a man is down, don't kick him until you are sure of it!

Prof. William A. Evans, who has been elected professor of the science department of the High school, has arrived, and today was at the school arranging the apparatus preparatory to beginning work. Prof. Evans came from the Hopkinsville High school, and was highly recommended to the school board. He will have charge of the athletics of the school, and will begin work of coaching the boys for the football team.—Paducah Sun.

Hopkinsville people, who had never taken much interest in the horse show heretofore, were here in great shape this time. The attendance from that city amounted to hundreds every day and night. The management duly appreciated the presence and the many words of congratulation and encouragement which the Hopkinsville people brought.—Pembroke Journal.

When the Labor Day parade was being lined up on Baltimore street last Monday, the Confederate veterans in their uniforms, were waiting in front of the Masonic building. Mr. Frank Monroe, the secretary of the Metcalfe Floral Co. was seen to cross the street with a quantity of handsome white carnations and present each veteran with one of the flowers for the lapel of his coat. Mr. Monroe, being a Confederate veteran himself, was invited to march with the boys in gray, even though he did not have his uniform. Mr. Monroe was with Capt. FIRE IN FACTORY

Destroys the Plant of Walker & Co. at Clarksville.

CLARKSVILLE, Tenn., Sept. 11.—A three story brick tobacco factory, owned by R. A. Walker & Co., was destroyed by fire yesterday afternoon together with between 75 and 100 hogsheads of tobacco. The firm handled tobacco for the export trade. The fire started in the boiler room and was beyond control when discovered. The loss on building is \$3,500 and stock \$12,000, partially covered by insurance.

GOOD MAN CALLED

TO HIS REWARD FOR A RIGHTLY SPENT LIFE.

R. M. Whitlock, Octogenarian Farmer, Passes Peacefully Away at His Home in South Christian.

(From Friday's Daily)

Mr. R. M. Whitlock, of South Christian, died Thursday morning from diseases incident to old age. He was 80 years of age. He was a highly esteemed and useful citizen.

Mr. Whitlock was a native of this county and had resided here all of his life with the exception of a short time spent in New York in the brokerage business. Returning from that city he settled on his farm near Bell Station where he had resided ever since. He was successful in this occupation and was highly esteemed by every one. For more than fifty years he had been a member of the Masonic lodge and the Salem Baptist church, the only two organizations with which he had ever affiliated. His wife survives him, they never having been blessed with children.

According to the request which he made, the funeral services this morning at 10 o'clock were very simple. After a song had been sung, prayer was offered by Dr. J. P. Bell and the body was then laid to rest in the family burying ground.

TRIGG COUNTY MEN

Said to be Defendants in Proposed Damage Suit.

Says the Murray Times: It is reported that Henry Bennett, of Dyersburg, who was a victim of the Night Riders' lynch, will file suit in the federal court in a few days for damages. It is said that a number of citizens of Lyon and Trigg counties will be made defendants in the suit.

Several attempts have been made to kill Bennett, and his home is guarded by a detachment of soldiers. Bennett has made frequent trips to Paducah to see Paducah attorneys.

Cobb-Jameson.

Miss Oma Jameson, of this city and William Cobb, of Hopkinsville, were married in Clarksville last Thursday. The marriage was a surprise to everyone, as the young people had guarded their secret very carefully. Both have many friends who wish them much happiness. They will make their home in Hopkinsville, where the groom has a position in a cigar factory.—Pembroke Journal.

Death of a Lovely Young Lady

Died August 23, 1908, at the residence of her uncle, Mr. Kit Trainum, in Knoxville, Tenn., Miss Johnnie Killebrew, only child of Lucy Trainum Killebrew.

The deceased had many relatives and friends in this city and community, who mourn her loss. She was in the twenty-sixth year of her age, was a victim of a long, tedious and very painful attack of consumption, but bore her sufferings with great Christian fortitude, always having a bright smile and cheerful words for those about her.

Accompanied by her widowed mother, sweetheart, brother and other relatives and friends, the remains were brought to Trenton, Ky., August 25, and lovingly laid to rest in Edgewood cemetery, where her body sweetly rests, while her sweet spirit has entered into "The beautiful home of the soul."

Franks and Rhea.

The Cadiz Record says: Hon. John S. Rhea, the brilliant ex-congressman from Russellville, will be here next Monday and address the voters in the interest of the Democratic ticket. Hon. E. T. Franks, of Owensboro, has been billed to speak here on that date for the Republicans, and the Republicans were asked for a division of time, but without conferring with Mr. Franks, the local committee declined to agree to a joint debate, saying that if Mr. Franks wanted to debate with Mr. Rhea, he could agree to do so when he arrives in Cadiz next Monday.

GREAT CONVENTION

A THOUSAND DELEGATES WILL COME TO HOPKINSVILLE

Meeting Will be Event of Unusual Importance to the Disciples' Denomination

No meeting of the year will be of more importance to the members of the Church of Christ in this state than will be the convention here on September 21-24 of the Kentucky Sunday School and Missionary association. The meeting will be of paramount importance from the fact that it will be the first joint meeting of the Southern Kentucky Missionary association and the Central Kentucky organization of the same nature. It will be an historic meeting, for it will be the first time in 33 years that the entire state membership has been represented in a single meeting.

The plan for uniting the two associations has been under consideration for several years, but no action was taken until last May when the Southern Kentucky organization voted to join with the Central Kentucky association. The latter has never yet acted upon the question officially, not having held a convention, and the first consideration after organizing here will be this, and it will be only a matter of form to ratify the resolution calling for the union. When this is done the united body will assemble for business.

It is planned to greatly enlarge and broaden the scope of the work heretofore done by the associations. The work is three-fold in its nature, embracing the Sunday school, mission work and evangelistic work. Heretofore this city has been headquarters for the Southern Kentucky association but for a time at least the head offices will be in Lexington, although it is planned to purchase an assembly ground near Louisville where the meetings will be held. An evangelist will be stationed in Hopkinsville as before.

About a thousand visitors are expected to be here during the convention this month. These will come from all over the state and they will be entertained free in the homes of the citizens, all denominations having thrown wide their doors with the hospitality characteristic of Hopkinsville. All railroads have offered greatly reduced rates and these are being extensively advertised in all the papers.

Among the speakers will be the most learned divines of the Christian denomination, many of them being men whose names are familiar throughout the country. Among these will be Rev. E. L. Powell, pastor of Fourth Avenue church in Louisville; Prof. J. M. McGarvey, of Lexington; President R. P. Crossfield, of Transylvania University, of Lexington; A. McLean, of Cincinnati, president of the foreign mission work; F. M. Rains, of Cincinnati, connected with the same work, and many others. One of the most interesting personages will be Dr. Anna Gordon, widow of Rev. E. M. Gordon, the missionary in India who was asphyxiated here a short time ago while he was on a visit to the local church which had supported him for several years.

His wife was not with him at the time, she being in Philadelphia, and on account of the sad calamity the sympathy of everyone has gone out to her. Not only will she be present at the meeting here but she has been given a prominent place on the program at various times.

All of the business sessions will be held in the Christian church here, and those of an inspirational nature, where indications denote that the church will be inadequate to accommodate the crowd, will be held at the union tabernacle. Local committees are working hard and nothing will be left undone at this end of the line to make the meeting the success which its importance and historic interest demand that it should be.

Will Move to Hopkinsville.

(Cadiz Record)

Mrs. Ida Golliday has bought property in Hopkinsville and will move to that city about the first of November. She has leased her farm near Montgomery to Morton Mason, of Caledonia, for a term of three years.

GETS A WARNING.

PRINCETON, Ky., Sept. 11.—Harvey McDowell, an aged farmer, has been warned by Night Riders not to make a sorghum crop. He had already cut out tobacco.

The ABC and XYZ of ADVERTISING

A SERIES OF TEN TALKS ON ADVERTISING No. 5

written by Seymour Eaton of Philadelphia

Never spring a big newspaper advertisement upon the public unexpectedly.

Make it an invariable rule to lead up by two or three nicely graded steps to the important announcement to be made. People take a certain pleasure out of anticipation. They enjoy their dinner all the more if they have been anxiously waiting to hear the bell. But if you open up your morning newspaper and find blazed forth in big headlines the advertisement of something startlingly new you are stunned rather than interested. If, however, for two or three days you have been looking for this announcement and each day getting a little more curious about it, you get yourself keyed up in anticipation, and then if the announcement is even better than you had imagined you surrender in a body.

Don't pay the United States government two cents for carrying a letter or a circular worth less than two cents.

The average advertiser will shave off 15 cents a thousand on envelopes and a quarter of a cent a pound on paper and beat down the printer in price so that he is obliged to use a 30-cent ink and by various other economies get his material ready for \$6 a thousand. He will then pay the government \$20 for carrying his stinky, badly-printed, cheap-looking \$6 worth of stuff and pat himself on the back for being economical.

Don't waste gray matter on your competitor. No matter how entertainingly he lies, you go right on telling the plain, blunt kind of truth that mother-used-to-make.

Truth can be made far more entertaining than falsehood. Don't be afraid to call a spade a spade.

If the goods are shoddy advertise them as shoddy, give good shoddy measure, and charge shoddy prices. There are tens of thousands of people who prefer shoddy; prefer to eat it, to wear it, to be entertained by it.

If you have news to print about your store—some call it advertising—don't order twenty-three styles of type with whirling borders and a crazy, badly-engraved picture. The mummer on New Year's Day or the clown at Barnum's may look funny, but he couldn't make good on the road selling gold watches. The advertiser has an idea that the more fool things he drags into his copy the more entertaining it is. The clown has the very same idea.

The great thing in all advertising is not quantity of circulation, but quality of your copy printed in a newspaper the readers of which are able to buy your goods.

Seymour Eaton

AS TO SCOUNDRELS AND FOOLS.

The real leaders of the league are a lot of calculating, unscrupulous scoundrels, who have hidden themselves behind other men, whose lack of intelligence or courage prevents them from seeing the right. ***** The man who claims to be for the association, and at the same time a loyal member of the Law and Order league and striving to accomplish its objects, is either a liar or a fool. —Pembroke Journal.

The efforts of persons, whose motives are generally apparent, to discredit the Hopkinsville and Christian county Law and Order league will not fool all of the people all of time. The membership of the league is not composed of "scoundrels or fools," as is usually insisted on by night writers, but of many of the very best and most honorable citizens of the town and county, who want removed the stigma of shame which disgraceful orgies of crime have put on this region. The organization has absolutely no connection, directly or indirectly, with any interest that is inimicable to the farmers or any law-abiding people; its sole object is to insist that our laws be enforced and obeyed. No permanent good can result from violations of law, for the very purpose of law is to protect citizens in their rights, liberty, happiness and peace; and there can, of course, be no law without penalties for breaking it. The Law and Order league in seeking to vindicate the laws of Kentucky deserve commendation and hearty co-operation on the part of every good citizen, and this is what eventually it will have. The mist of misunderstanding and prejudice is rolling away and, by and by, it will be seen clearly that the real enemies of the farmers and their dependents are the very ones who are most bitterly traducing those men and agencies that are at work for the preservation of law and order.

GOOD ROADS

Prospects are bright for the usual muddy roads in Trigg county next winter. —Cadiz Record.

The same sign confronts Caldwell county. —Princeton Leader.

Well, this doesn't apply to Christian. Thanks to that extra \$100,000, several miles of pike have already been built and many more miles will be added by time winter sets in. By that time there will be a total of about 150 miles of pike road in Christian county, every foot of which the county owns, and over all of which the public travels, free of toll. This, it is hoped, is only a beginning and that the good work will be continued until every road in the county is piked to the county line. Christian county believes in good roads.

From Day to Day

(From Tuesday's Daily)

A big gray fox, which evidently misjudged the speed at which train No. 341 on the Illinois Central was running, attempted to cross the track in front of the engine yesterday morning and was killed. The train, which is a combination freight and passenger operating between here and Princeton, was running at about thirty miles an hour. Between Cobb and Cerulean the fox came out of the woods and started across the track but was too slow and was caught and killed. The crew picked up the carcass and laid it on the cow catcher and brought it into this city where it attracted much attention. The fox was fully grown.

A. C. Humphreys has resigned his position as secretary to the superintendent at the Western Kentucky asylum to accept a position as treasurer with Jos. McWilliams Co., of Louisville. Mr. Humphreys is a worthy and competent young man and will be greatly missed. He carries to Louisville with him the best wishes of a host of friends.

Dr. M. T. Chastain, a prominent citizen of Central Missouri, is visiting his friend, Rev. H. D. Smith, Dr. Chastain has many kinspeople in this section whom he will visit before his return home.

County Judge Prowse has appointed the following citizens as delegates from Christian county to attend the good roads convention which will meet in Louisville on Thursday of this week: J. T. Walker, L. R. Davis, W. R. Putman, M. H. Dukes, John H. Brown, Roe Boyd, Charles E. Barker, R. J. Carothers, J. J. Garrett and Irvin Foster.

A plague of mosquitoes is being visited upon Hopkinsville. The pests have been more or less plentiful all the season, but such precautions as screens at the doors and windows, mosquito bars and lotions have been sufficient to protect the people.

For the last two nights, though, humanity suffered. Many people report that they did not secure any sleep, numbers of them not finding rest until after midnight and some having to walk the floor to get relief. The mosquitoes not only came in swarms and from mysterious sources but they were very rapacious and sang their song and stung the quivering flesh despite everything that could be done. About the only remedy was to cover up head and ears in the bed clothing, and on account of the heat this was not pleasant by any means.

Today nearly every person you meet tells you of his or her harrowing experiences and points out the bumps which are left as undeniable evidence of the truth of the story.

The war for bill posting space between Ringling and Robinson's circus goes merrily on. Yesterday Car No. 2 of the Ringling show struck town, loaded down with enormous cloth banners which had evidently been prepared for the occasion. These displayed in great letters and figures the name of the show and of Hopkinsville and the date October 1. Other streamers showed a ferocious tiger in his jungle lair. These cloth advertisements were put up all over town and especially just over, under or at the side of Robinson's bills, wherever space would permit.

Dr. Roy Robinson, of Morton's Gap has been appointed as third assistant physician and druggist at the Western Kentucky Insane Asylum at Hopkinsville by Dr. T. W. Gardner, superintendent of the institution. He will assume his new duties October 1st. Dr. Robinson is one of the youngest physicians in Hopkins county, and has made a splendid record as a practitioner since he entered upon the practice of his profession. He is a graduate of the Louisville Medical college and was valedictorian on his class. He is a son of Hon. Ben T. Robinson, who formerly represented Hopkins county in the legislature. His many friends are pleased to learn of his good fortune and trust that there are even better things awaiting him in the medical world in the near future. —Madisonville Hustler.

DEMOCRATS GAIN

PORTLAND, Maine, Sept. 15.—The Republicans carried Maine by about 8,000 plurality, as against 26,816 in the last presidential year and 6,064 in 1906. Returns from 468 out of 519 cities and towns in the state gave for governor: Bert M. Fernald of Poland, Republican, 72,117; Obadiah Gardner, of Rockland, Democrat, 64,988.

BITTERLY FOUGHT

IS EVERY POINT IN TRIAL OF GARDNER AND HUNT

Court Rules Temporarily That Evidence to Show A Night Rider Conspiracy Is Incompetent

CLARKSVILLE, Tenn., Sept. 17.—In the trial of Gardner and Hunt on the charge of killing Vaughn Bennett, an alleged Night Rider, John Sadler stated on the witness stand that he was with Bennett when the latter was shot and that they were just out playing "Night Rider." He admitted that they were armed and masked.

CLARKSVILLE, Tenn., Sept. 17.—Many hours of today's session were consumed in argument by counsel on the competency of Night Rider testimony and kindred subjects. Judge Tyler made a temporary ruling, after two hours of argument, from which the jury was excluded, holding that for the present evidence to show that a general Night Rider conspiracy exists is incompetent and the last question asked Chief Robinson yesterday afternoon, by which the argument was precipitated, was ruled out and the witness were not allowed to answer it. However, in stating the ruling his Honor said he desired more time to think over the question of limiting the investigation, saying that thus far in the progress of the case it had not been shown that a band of Night Riders were aboard that night nor that Vaughn Bennett was a Night Rider. In the light of this, he held that the question was neither relevant nor competent at this time.

The question in point was to whether numerous acts of lawlessness had not been committed by Night Riders in Montgomery county prior to the time of the shooting. The most sensational incident of the day came in the course of several impassioned speeches made by Mr. Savage, of counsel for the state, in which he declared if one side of the question was going to be investigated and laid bare the other side ought to be. He said that if the defense was going to be allowed to attempt to show that Sory, his employees, Gardner and Hunt, and others were compelled to go to the scene of the killing by a desire to preserve law and order that the state had an equal right to try to show that they were impelled by hatred for the tobacco association. He dramatically declared that Ben Sory was the central figure around which the whole tobacco trouble had revolved.

"If Vaughn Bennett were a mask on the night of his death," said he, "I can not defend that, but how much more virtuous was it for these defendants to go there and mask their faces behind weeds and shoot him in the back?"

The examination of Chief Robinson was completed during the morning. Dr. Charles R. Crouch, who telephoned to the Hayes-Sory factory of the agency of the Night Riders, was the chief witness of the day. In substance, Dr. Crouch stated that he had been in Clarksville the day before the shooting to consult a lawyer as to whether he should join the association, a colored man working on his place having received a warning to leave by anonymous letter signed "Night Riders." That night his son telephoned him that Henry Morrison had telephoned him that a band of about fifteen Night Riders were coming up the road. He had then telephoned to Clarksville and had gone to his son's house and waited until Sory and his party arrived. He had heard about ten or fifteen shots later about 2 o'clock and had gone back to his son's house. He found Gardner and Hunt in the field at the crossroads. His son recognized the defendants in the road as that of Vaughn Bennett.

On redirect examination by the state Dr. Crouch was asked many questions about Ben Sory and how antagonistic he was to the association, etc. He finally answered that Mr. Sory had been very energetic in conducting a legitimate business along honorable lines. A long controversy came up over the introduction of the anonymous letter to the negro. It was finally admitted to the jury on the ground that it has been exhibited to Joe Gerhart, a member of the Sory party, and that it acted on the minds of the defendants in their action.

The line of the state's examination for the past three days shows that the undergrowth and weeds along the fence and in the field where Gardner and Hunt are alleged to have fired upon young Bennett are strong points in the state's case. It is the evident intention to attempt to show that the defendants were hidden in ambush and fired from there. The fact that they were employed by the intrepid Ben Sory and that he was an enemy to the tobacco association will also be developed as strongly as possible, it seems. The final ruling of the court upon the competency of an investigation into the entire Night Rider conspiracy still remains the point of central interest in the case.

JUDGE PROWSE ISSUES A PUBLIC STATEMENT.

To the voters of Christian county:

In view of the election to the office of county judge this fall, and in view of the fact that possibly weeks will elapse before the nominations are made, which will leave but a short space of time for one, after receiving the nomination of his party, to make a canvass; I take this opportunity of presenting my candidacy for the nomination of the Republican party as county judge for the remainder of the present term, and, if successful in receiving said nomination, to request the suffrage of my party, my friends and of all men who believe in the enforcement of law.

Having served the people of this county faithfully since my induction into office on December 19, 1907, I feel that I have a right to call upon them for endorsement for a least the remainder of the present term.

Some one has said "be loyal to your convictions, have courage to express them and wait for the judgment of history to decide their merit." This has been my motto, and I have tried faithfully without "fuss or feathers" to live true to it. The few short months in which I have served the people of this county, my trials have been many, varied and oppressive. I have been true to my oath of office and turned a deaf ear to the clamorings of interested politicians. By some of the interested politicians I have been censured for doing my duty in removing Mr. David Smith, the late sheriff, from office and appointing Mr. Renshaw, as his successor, and some of these schenning politicians were so prejudiced as to criticize my acts as "a political scheme" to oust a Democrat and appoint a Republican, and yet when a Democratic court of appeals reversed the opinion of the circuit court, and in no uncertain language upheld my action in this matter; when the court of appeals in their decision said "THE ORDER OF THE COUNTY COURT DID NOT DEPRIVE SMITH OF HIS OFFICE. IT WAS THE STATUTE" AND "THE SHERIFF AND ALL THE WORLD HAD NOTICE OF THE FACT FROM THE STATUTE ITSELF" AND, "THE PROVISIONS OF THE STATUTE ARE FOR THE BENEFIT OF THE TAX-PAYERS AND THE PUBLIC," and when said court directed the dismissal of the writ of prohibition granted by Judge Cook as against me, may I ask, was there a single politician among them that offered to present the facts as they really were, or has one of them acknowledged, that perhaps they were attempting to work the "political scheme" while I was simply doing that which my oath of office and duty required.

The facts in the case are in substance, as follows:—At no time, since entering upon the duties of my office, on the 19th day of December 1907, has Mr. Smith, or any one representing him, up to March 10th, 1908, approached me, either as a private citizen or as county judge of this county, relative to a quietus from the fiscal court of this county, or as to a settlement by Mr. Smith as such sheriff, or as to a bond or any bonds that may be annually required of the sheriff, or as to any matters pertaining thereto, statements to the contrary notwithstanding.

Mr. Smith failed to execute the annual bonds required of him as sheriff by law on or before March 1st 1908, and at no time did he, or any one representing him, attempt or offer in any manner to make the required bonds before me as county judge, until after I had caused the order removing him from office to be entered, although he was notified in January and February 1908, by his then sureties, The United States Fidelity & Guaranty company, that they would not renew his bonds for the year 1908, unless he (Smith) would make to them an indemnifying bond in the sum of \$10,000.00, which indemnifying bond Mr. Smith did not make or offer to make.

Trusting that the interested politicians will concede that I had as much right under the law to remove Mr. Smith from office on the 2nd day of March 1908, as I had on the 11th day of March, (the bonds being required March 1st.) I wish to say, that it was not my desire to remove Mr. Smith, simply because he did not make the bonds required at the exact moment they were due, although I had the right to do so, and for this reason the order was not entered until I was informed by their representative (Mr. Dugan, of Louisville, Ky.) about 11 o'clock March 11th 1908, that they, The United States Fidelity & Guaranty company, would not renew Mr. Smith's bonds. Previous to this refusal of said bonding company, I was informed, and said information is now of record in the Christian circuit

clerk's office, that Mr. Smith had said "while in office he had spent money belonging to the county but that he (Smith) was able to repay same, that he did not believe it would exceed four thousand dollars," and I want to say that this information was not given by any interested politician, but by persons of the best character, and whose reputation for honesty, truthfulness and integrity stands unimpeachable in the minds of all honest men; therefore I say without fear of successful contradiction, that questions of vital importance to the tax-payers of this county had more to do with the removal of Mr. Smith than any thing else, and if any man doubt the truthfulness of my statement let him read the record. When these facts were made known to me, I made up my mind, that it was my duty as county judge, to remove or cause to be removed, any officer guilty of such conduct, regardless of politics, and I immediately began an investigation of the law, and found that upon which the order of removal was issued.

It is claimed that nothing was stated in my order of removal that would indicate anything wrong in the sheriff's office; that is true, but as I did not think it necessary to do so to make the order good or binding in law, and not desiring to humiliate Mr. Smith or any one else, and having, I trust, some milk of human kindness in my breast, I preferred to leave any such charge out of the order and take upon myself some of the unjust criticisms that I knew would fall upon me, and speak now, only when certain interested politicians attempt to lay all the blame upon me and lead the people to believe that my actions were an "unwarranted exercise of judicial discretion."

Does it appear to you, my friends, that the court of appeals of Kentucky, (composed of 6 Democrats and 1 Republican) would permit me, a Republican, to use an "unwarranted exercise of judicial discretion" in removing a Democrat from office? I would like to ask those gentlemen composing the Democratic mass convention held here on Sept. 7, why, in your resolutions, did you not denounce the Democratic court of appeals as being "arbitrary, partisan and corrupt, etc" for removing Mr. Smith from office, and why did you denounce my actions as being "arbitrary, partisan and corrupt etc" when the court of appeals has upheld the action of the county court, and reversed the action of the circuit court. Is it that your draftsman in drawing those resolutions named the wrong court? I rendered my decision in fear of no man or set of men, but in obedience to the dictation of a clear conscience and under my oath of office. Whether or not my actions under the facts meet with the approval of the tax-payers of this county, I leave with them.

In further answer to these "interested politicians" and to prove that I am not attempting to play the dirty game of politics, I desire to say that on the night of March 10, 1908, and while I was examining the law pertaining to my duty in this very matter, a certain Democratic politician came to my office and requested me not to remove Mr. Smith, stating that he would admit that perhaps Mr. Smith had not run the sheriff's office exactly right, but if such was true, that it was negligence on Mr. Smith's part and not any criminal intention to do wrong, and further this party stated to me that he and other Democratic politicians had held a conference and had come to the conclusion that they were glad Governor Willson had appointed me to office, that they believed I would make an efficient officer, and if I would not make the order removing Mr. Smith he would assure me that, in so far as the Democratic party was concerned, I would have no opposition to the office of county judge this year or next. His offer was courteously declined.

On April 11, 1908, I entered a motion before the fiscal court, composed of the magistrates of the county, asking that a bi-partisan board, one Democrat and one Republican, each to be a competent accountant, be appointed for the purpose of examining the books of the sheriff's office, and make a report as to the actual condition of Mr. Smith's accounts. This motion was voted down by a unanimous Democratic vote, as will appear from the minutes of said court on said date, and I would like to know why this was done if not for the purpose of shielding Mr. Smith. At least, does it look like a partisan move on my part or does it appear to be a fair proposition? Why should the fiscal court refuse an examination of the books of any county officer when a charge like this

confronts the officer? And why did the court, when 3 months had elapsed, vote to allow an examination? Was it because it was known that a Republican majority of the court was present and that they demanded an investigation. I desire to say that in accordance with the opinion of the highest court in our state, I have done my duty in this matter, and if my record as a public officer can always stand the search-light of the law as it has in this matter, I shall point to it in years to come with pride.

Having stated my position fully in this matter, I trust the good people of this county who believe in enforcing the law will investigate its truthfulness, satisfy themselves and act accordingly.

By my political enemies it is being said, that I am an enemy of the farmer and the farmer's interests. This is done not to assist the farmer, but to injure me. Having done nothing that will condemn me in the sound judgment of any man, they attempt to appeal to passion instead. I was raised a farmer's boy and know the trials and tribulations of a man, who of necessity, must till the soil for his daily bread and have no hesitancy in saying that at all times I will be ready when called upon, to help the farmer in his fight for right.

I thank God that I believe in a party that has always stood for the enforcement of the law, not only by its resolutions, but by its acts and the acts of the officials of this country who believe in its principles, and should that party ever forsake those principles, it will go down to defeat, and by all that is just and right, it ought to. The farmer humbly in his cabin has as much right to the protection of the law, as the greatest man in our land, and whenever the laws of our state become so weak as not to protect the one, the other will be in danger even in the capitol of our nation. At times the clouds may hang low, we may have wars and rumors of wars, you may think the criminals have taken possession of our land, and that all is lost, but I thank God that we have several thousand good men in this county alone who will not bend the knee in fear and trembling, and who will stand for the supremacy of the law and die by those principles if necessary to uphold its sanctity. There is not a good Democrat nor a good Republican in Christian county who is a Night Rider and a criminal, or who is in sympathy with the lawlessness that abounds, and I want to say if there be a Republican in this county who feels that he cannot vote for me because I am opposed to the Night Rider or the criminal, it matter not the name, who is today enveloping in shame and disgrace the name of old Kentucky, I want him to vote some other ticket, and then tell his God the reason why he did it. For every Republican vote I may lose on that score I believe I will receive the votes of an hundred good Democrats.

To the principles advocated herein, I pledge to the good people of this county, if nominated and elected, my every earnest endeavor, my hearty support; to give to the citizens of this county regardless of their station in life, the protection guaranteed to the people by the constitution of our state in so far as my power lies, to use my every effort to the upbuilding of the public roads of the county and to deal open-handed justice alike to all; to pursue the same course in the future I have in the past, to guard with zeal, the settlements of guardians, administrators, executors and committees, that the estate of decedents may be protected, that children, old and infirm people may be protected and receive that which is theirs.

Appealing to my party, my friends and to all men who believe in the upholding of law, to give me their support at the next general election, should I receive the nomination of my party, and assuring you and each of you my hearty appreciation and hoping to see and thank you in person, I beg to remain,

Loyally yours,
CHAS. O. PROWSE.

FOR CHRISTIAN COUNTY FAIR

SUBSCRIPTIONS TO STOCK
LISTS WILL BE TAKEN

BIG INSTITUTION IS PLANNED

It is Proposed to Purchase Grounds
as Soon as Possible.—Interest
is General.

No time is to be lost in securing subscriptions for the stock to the Christian county fair association, and the promoters do not intend to wait until next year before putting the matter before the people and making the preliminary arrangements.

It has been decided that the organization shall be known as the "Christian County Agricultural and Mechanical Association." This is the name under which the popular old-time fairs were conducted in the past; nothing better could be found for it. The association is to be capitalized at \$20,000 divided into shares of \$25 each and canvassers will begin to solicit subscription for the stock right away. Enough stock is to be sold now to purchase and fit up the necessary ground and the balance will be held in reserve.

It is proposed to make this fair an annual feature of surpassing merit. It is to be primarily a county fair at which every product of the farm can be entered for prizes in some of the classes. Besides this, though, it is proposed to add the horse show feature and by the offering of rich cash prizes to bring some of the finest specimens of horse flesh in the country to this city.

The interest taken in the proposal is general, town and country people working together to make it a go and to insure its complete success. Some of the most enthusiastic workers are farmers who see in it the promise of rich returns. The shares are put at such a low figure that almost any one can take some stock. It is a sure thing that the fair will be a winner and that the stock in the association will pay handsome dividends so it is a good investment to make if you have no other motive prompts those who are seeking places to put their money. There will be no trouble in selling all the stock necessary and then it will only be a question of buying the ground and putting up the buildings, fitting up the track, etc.

Suits Filed By Mr. Renshaw Growing Out of Sheriff's Case.

Dr. Broadus Wants \$1,000 Damages Because His Title Was Not Printed.—
U. S. Barnes Says His Wife is a Shrew.

Two suits have been filed for the coming term of circuit court by J. M. Renshaw, these being an echo of Christian county's famous shrievalty case. In each petition the plaintiff prays for \$1,000 damages.

One suit is against David Smith and his sureties, M. V. Dulin and James West, on an indemnifying bond given when the injunction in the case was issued against Mr. Renshaw. The other suit was against Mr. Smith personally.

In each case Mr. Renshaw claims that he has been damaged to the amount prayed for in being kept out of the office to which he was later adjudged the rightful occupant and in the loss of fees of various kinds during the time he was thus kept from exercising the duties of sheriff's office.

Sues Telephone Company.
Dr. C. L. Broadus has filed suit against the Cumberland Telephone

company for \$1,000 damages, alleging breach of contract. Dr. Broadus claims he had a telephone placed in his residence under the stipulation that his name was to appear in the directory with his professional title. He claims that upon his refusal to place a telephone in his office the title of "Dr." was dropped from the directories issued in March and August.

His Home "a Hell".

In his answer to his wife's petition for divorce, U. S. Barnes, of North Christian, denies the sensational charges brought by the plaintiff and says that his wife has "a violent, vicious and uncontrollable temper and that from the date of their marriage she has at times lost all restraint and control of herself and coupled with a perverse and jealous disposition she has, for the last five or six years, made of his home a veritable hell."

TO HOPKINSVILLE

PYTHIANS WILL BE CORDIALLY
INVITED TO COME.

Strong Fight For The Encampment
Will be Made.—Uniform Rank
to Drill.

The Uniform Rank, Knights of Pythias, will leave next Saturday afternoon for Lexington where they will remain through Sunday and Monday in attendance upon the state meeting of the Knights of Pythias. While there the company will participate in the drills and other contests which have been arranged and expect to carry off a goodly share of the prizes that have been offered. The company, under the efficient command of Dr. C. H. Tandy, have been drilling frequently of late in preparation for the contest and they are in fine condition.

The members are going prepared to make a strong bid for the annual encampment of the Knights of Pythias to be held in Hopkinsville in 1908. This encampment is one of the features of the year and always attracts a large crowd of Knights and visitors. The local company, in order to have everything attractive as possible, are very anxious to take Lebkuecher's band with them, but are not financially able to do so, although the band has made a very low rate for their services. In this dilemma the Knights of Pythias are soliciting help from the business men and are meeting with a generous response. The company proposes to leave no stone unturned in advertising Hopkinsville and pulling for the encampment. The presence of the band will assist greatly in both these respects and it is to be hoped that the necessary money can be raised.

At a meeting of the Uniform Rank last night, the coming carnival was discussed, and it was decided that no guarantee should be asked from the town at all. The executive committee was appointed as follows: L. E. Fowler, Will Stowe and Fred Callard. The other committees will be appointed later.

ONLY ONE "BEST"

Hopkinsville People Give Credit
Where Credit is Due.

People of Hopkinsville who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Hopkinsville.

Here's Hopkinsville testimony: Mrs. Francis Brown, 4 Fourth St. Cor. Mechanic St., Hopkinsville, Ky., says: "There is no doubt about Doan's Kidney Pills being all that is claimed for them and you are at liberty to use my name in defense of that statement. I was annoyed for years with backache which came on by spells especially when I contracted a cold. About four years ago I was induced to try Doan's Kidney Pills, procuring them at Thomas & Trahern's drug store, now conducted by L. A. Johnson & Co. I was not disappointed with the results obtained. After taking a dose or two of the remedy I knew that it was acting directly on my kidneys and in a short time the trouble ceased. During the past four years I have appealed to Doan's Kidney pills some six or seven times when having slight attacks of my former complaint and I can candidly state that in each case I have been given quick and lasting relief. Mr. Brown has also used them with equally good results. We both think a great deal of Doan's Kidney Pills and always keep them in the house."

CONFLAGRATION AT PEMBROKE

TWO WAREHOUSES DESTROYED
AND LOSS IS LARGE

ORIGIN OF FIRE IS UNKNOWN

Caught in Garnett & Williams Building and Flames Spread to McComb & Co.—Wheat Burned.

Fire, which is thought to have started either from spontaneous combustion or from a match dropped by some careless hand, destroyed the large warehouse belonging to Garnett & Williams, at Pembroke, occupied by A. O. Dority & Co., and from this the warehouse of L. McComb & Co., caught and was also destroyed.

In the warehouse operated by Dority & Co. was stored about 100 tons of hay and probably 8,000 bushels of wheat. The loss on the building is about \$1,500 with no insurance. The wheat was fully insured. In the McComb warehouse from 10,000 to 15,000 bushels of wheat were destroyed, this being covered by insurance. The building was valued at \$4,000. As wheat is now selling at 95c per bushel and hay from \$10 to \$12 per ton the total loss is about \$25,000.

The fire was first discovered about 6 o'clock Monday evening, and when the alarm was first sounded the flames were bursting from the Dority warehouse. The citizens of the town promptly responded to the call and worked valiantly to save the other warehouse but their efforts were unavailing. One or two residences in the vicinity were seriously threatened but heroic work on the part of the fire fighters saved them.

With the burning of the two warehouses Monday night, Pembroke has lost three of its largest store rooms by fire this year. Last February another big building, owned and operated by Dority & Co., was burned one night about midnight.

Mr. West's Theory.

Editor Ky. New Era:—

I see in the New Era of Sept. 11, some conflicting ideas as to the cause of the blackened condition of the waters of Little River at Hopkinsville. Some say it came from the canning factory; others say it is caused by filth collected in the river, but the true explanation of the situation is the coloring of the water black was caused by the untimely falling of the leaves of the trees along the river bank. The untimely fall of the leaves is due to the drouth and hot run of the season. Possibly some black matter has found its way into the water. The leaf, having been killed by drouth and hot sun instead of frost, retains its strength of dye and its acid has killed the fish. The above is the cause and effect.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine is offered you?

There is an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true, honest medicine of known composition, sold by druggists for the cure of woman's life.

The makers of Dr. Pierce's Favorite Prescription for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's life has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. B. V. Pierce, Buffalo, N. Y.

Lesson XII.—Third Quarter, For Sept. 20, 1908.

THE INTERNATIONAL SERIES.

Text of the Lesson, a Comprehensive Quarterly Review—Golden Text, II Sam. v. 12—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1903, by American Press Association.] Lesson I.—Israel asks for a king (I Sam. viii. 19-22). Golden Text, Prov. viii. 15. "By Me kings reign and princes decree justice." The whole quarter has kept us face to face with Israel, for the most part in rebellion against God. In this first lesson they deliberately and persistently reject Him and demand to be given a king like other nations. When He came in the form of man, as their Messiah, they rejected Him, saying we have no king but Caesar, and thus they do still.

Lesson II.—Saul chosen king (I Sam. x. 17-27). Golden Text II Sam. xxiii. 3. "He that ruleth over men must be just, ruling in the fear of God." It seems an awful thing that men should turn from the only living and true God to put their trust in one of themselves, but they did worse than this and made a golden calf and said, "These be thy gods, O Israel." When they had to choose between the Son of God, their Messiah, and a murderer they chose the murderer, and they will yet choose the wickedest of men as their rulers.

Lesson III.—Saul warns Saul and the people (I Sam. xii. 1-5, 13-25). Golden Text, I Sam. xii. 24. "Only fear the Lord and serve Him in truth with all your heart, for consider how great things He hath done for you." God having indulged them with a man after their own heart, a tall, fine looking man, a head and shoulders above other men, Samuel earnestly entreats them to fear and serve and obey the Lord, who has dealt so graciously with them, that He may still bless them, if possible, notwithstanding their great sin.

Lesson IV.—Saul rejected by the Lord (I Sam. xiv. 1-28). Golden Text, Josh. xxiv. 24. "The Lord our God will we serve, and His voice will we obey." Saul did not continue as little in his own sight (verse 17) as before he became king, but had his own thoughts about things, did what he thought best and yet insisted that he had obeyed the Lord.

Lesson V.—David anointed at Bethlehem (I Sam. xvi. 1-13). Golden Text, I Sam. xvi. 7. "Man looketh on the outward appearance, but the Lord looketh on the heart." It is our weakness to consider a fine appearance, something to fascinate the eye or the ear or the intellect, but God considers above all things the heart, for out of it are the issues of life—not the eldest nor the most attractive, but the youngest and to men the most unlikely.

Lesson VI.—David and Goliath (I Sam. xvii. 38-40). Golden Text, Ps. xl. 1. "In the Lord put I my trust." A magnificent illustration of the strength that is made perfect in weakness, of the Lord showing Himself strong on behalf of those whose hearts are whole toward Him! The great mass of flesh and blood, with all its strength and armor, falls before a stripling with a sling and stone. Pride and self confidence fall before confidence in God.

Lesson VII.—Saul tries to kill David (I Sam. xviii. 6-16). Golden Text, Ps. lxxv. 11. "The Lord God is a sun and shield." The flesh cannot tolerate the Spirit, for the flesh is controlled by an evil spirit of jealousy, hatred, pride, strife and such like. The same spirit that in Cain slew his brother Abel is in Saul seeking to kill David, and so it always has been, and will be. "The carnal mind is enmity against God."

Lesson VIII.—Friendship of David and Jonathan (I Sam. xx. 30-42). Golden Text, Prov. xviii. 24. "A friend loveth at all times, and a brother is born for adversity." Such love as these two had, the one for the other, is something heavenly, but what can we say of the love of God to sinners? Nothing was ever seen on earth like it. The love of God in Christ Jesus to us sinners is certainly the greatest topic in Scripture, the greatest thing truly.

Lesson IX.—David spares Saul's life (I Sam. xxvi. 1-12). Golden Text, Luke vi. 27. "Love your enemies: do good to them which hate you." There is neither murder nor hatred nor revenge in the heart of David. He would not lay a finger on his enemy to harm him even when he had him in his power. This was the Spirit of God, the Spirit of Him who said, "Father, forgive them, for they know not what they do." He truly committed himself to God.

Lesson X.—Saul and Jonathan slain in battle (I Sam. xxxi. 1-17). Golden Text, Amos iv. 12. "Prepare to meet thy God." As David said when urged one day to kill him, "His time will come," and it did, but David was guiltless. God has a "thus far" for all His enemies, and beyond that they cannot go. There is a fullness of time of blessing upon His own and judgment for His adversaries. The sad part is to see such as Jonathan cut off. But for such "to die is gain."

Lesson XI.—David made king over Judah and Israel (II Sam. ii. 1-7; v. 1-5). Golden Text, II Sam. v. 10. "David went on and grew great, and the Lord God of Hosts was with him." happy consummation to the quarter's lessons, and as we consider if we are carried on to the great consummation when the Son of David shall sit on David's throne and shall reign in righteousness over all Israel and all nations, and there shall be neither adversary nor evil occurrent, and the nations shall learn war no more.

ITCHING HUMOR ON LITTLE BOY

His Hands were a Solid Mass, and Disease Spread All Over His Body—In Four Days the Child was Entirely Cured—Mother Strongly

RECOMMENDS CUTICURA SOAP AND OINTMENT

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores, etc., that I thought I would get them. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed and in three or four nights he was entirely cured. You have my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies for they are a godsend to all suffering with skin diseases. Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

PIMPLES And Blackheads Prevented and Cured by Cuticura.

Gently smear the face with Cuticura Ointment, the great Skin Cure, but do not rub. Wash off the Ointment in five minutes with Cuticura Soap and hot water and continue to bathe the face freely for some minutes. Repeat morning and evening. At other times use hot water and Cuticura Soap for bathing the face as often as agreeable.

Complete External and Internal Treatment for Pimples, Humors, Children, and Adults consists of Cuticura Soap (25c) to cleanse the Skin, Cuticura Ointment (50c) to heal the Skin, and Cuticura Resolvent (50c) (or in the form of Chocolate) to purify the Blood. Price 25c per box of 50 to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

FOR IMMIGRATION

GOVERNMENT MAY ESTABLISH BRANCH IN LOUISVILLE

State Agent Green Says Plenty of Farm Laborers Can be Had For Transportation.

Louisville may have a branch of the office of the immigration so as to enable Kentucky to get better results from immigration. Elijah Green, state immigration agent, who is now in New York, has taken up with the officials at Washington the question of establishing an office in Louisville and has received favorable reports on the subject.

Mr. Green has filed his report for August with M. C. Rankin, commissioner of agriculture, showing that plenty of farm laborers, of the kind desired by the farmers of Kentucky, can be secured if transportation is sent. The immigrants, Mr. Green writes, are nearly all too poor to pay their way to Kentucky, but are willing and anxious to come, and will come if their transportation is forwarded. The record shows that only one case in a hundred is the transportation lost to the man who advanced it. Two families and one single woman have been provided with transportation to points in western Kentucky and will be sent there this month.

\$416.25 Per Acre For Tobacco in Florida

The Year Book of the United States Department of Agriculture shows the above figures, as against \$90.78 for Kentucky and \$78.40 for Tennessee. These governmental reports must be correct.

Columbia County, Florida is the richest in the State. It carried off the prize, at the last State Fair, on Sea Island Cotton, Rice, Oats, Hay, Corn, Sweet Potatoes, etc., together with the big \$500 premium for best agricultural display—nearly \$1,000 in all.

Columbia county alone could easily produce a tobacco product more valuable than that of the entire United States.

6 Pieces "Sanito" Cooking Ware

Absolutely Given Away!

FREE

Absolutely Given Away!

What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what proceeded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

To every person who is now taking the New Era and who pays up all arrearages, if y, and one year in advance and the 98c for the expressage and packing charges, we will give a set of Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly. This ware is delivered free of all charges at this office. If further express or freight charges are necessary they must be borne by the purchaser.

HORSE RECOVERED

AND MR. JONES HAS GONE AFTER HIS BUGGY

Floyd Mabry, Notorious Youth, is Charged With Theft.—Refuses to Return Without Requisition.

(From Monday's Daily)

E. D. Jones, whose horse and buggy were stolen last Monday, recovered his property Saturday in Tennessee. It is alleged that they had been taken by Floyd Mabry, a boy of this place, who refused to come back here without a requisition and he was left in Nashville.

After securing the rig the boy drove through to Guthrie and from there headed for Nashville. At Greenbrier he traded Mr. Jones' buggy for another one and he sold this for \$1.50 and an old saddle. He then went on to a place about nine miles from Lebanon, Tenn., where Mr. Jones caught up with him and recovered his horse. Mr. Jones is now on his way back home and will recover his buggy when he reaches Greenbrier.

STOPS ITCHING INSTANTLY

Eczema, Pimples, Rashes, Blotches, Eruptions, etc., Quickly Eradicated by New Skin Remedy.

Since the discovery of "A. J. M." Prescription, the new skin remedy, its success has exceeded the most sanguine expectations of the dispensers who gave it to the world. It has cured thousands of cases of eczema and cleaned the skin of facial disfigurements and repulsive pimples of years' standing. The burnings and itchings of eczema are stopped with the first application.

In minor skin troubles such as rashes, blotches, pimples, blackheads, barber's itch, salt rheum, itching piles, red noses, dandruff, oak and ivy poison, odorous feet, results show after a few applications. A muddy, greasy or sallow complexion is quickly improved over night. Sold by all druggists. Price 50c. and \$1.00. The A. J. MARTIN MEDICINE CO., Props., Toledo, Ohio.

NEW NAME FOR A HISTORIC CHURCH

At a meeting of the congregation of the Ninth St., Presbyterian church held yesterday morning it was decided to change the name of the church to the Westminster Presbyterian church, owing to the recent action of the council in changing the names of the streets. As originally organized the church was called the Old School Presbyterian church of Hopkinsville. After the war, when the division was made between the northern and southern churches, this congregation by a two-thirds vote decided to remain within the southern church, but the minority withdrew and since then has been within the jurisdiction of the northern, by the casting of lots choosing the name of First church. Owing to its location on what was then Nashville St., the original church took its name from the street, which was afterwards changed to Ninth St., when the name of the street was again changed. When the name was recently changed to Second Ave., the church decided to adopt a name that was thoroughly Presbyterian and not dependent on the locality.

RARE WILD ANIMALS

ALL WONDERS OF CREATION IN RINGLINGS' CIRCUS.

Famous Menagerie Is Said to Be The Finest Collection in the World.

The most valuable collection of wild animals in the world is the menagerie feature of Ringling Brothers' show, the largest circus organization of all time. Among the odd creatures, nowhere else to be seen, and above price, are three giraffes, the last of their tribe; the only rhinoceros in captivity; the almost extinct gnu, or horned horse, and a gigantic troop of forty elephants, the largest company ever shown under canvas, and more than twice as many as are with any other show in America. In this priceless collection of odd animal creatures the specimens are all perfect types, and 108 cages, lairs and dens are used to carry them. The big menagerie tent is the largest ever made for a circus, and so big that an army of 5,000 men could be easily maneuvered within its walls. Naturalists and explorers of fame positively pronounce this menagerie the rarest, largest and most valuable in existence. Frequently colleges and schools are closed so that students may have the privilege of inspecting this wonderful exhibition of wild animal life. One may practically make a tour of the world in the time devoted to the study of this immense zoological display, and never again will an opportunity present itself of seeing a great many animals almost extinct. The horse exhibition of the Ringling Brothers' World's Greatest Shows is another surpassing feature that separates this marvelous show from all others. There are 650 horses with the big enterprise, over 300 of which are performing animals of blue-blooded pedigree.

The Ringling Brothers will exhibit at Hopkinsville Thursday Oct. 1, giving two performances, at 2 o'clock and at 8 o'clock. The big street parade will leave the show grounds at 10 o'clock sharply. Tickets of admission and reserved numbered seats can be bought at the down town ticket office of Ringling Brothers show day for exactly the same prices charged at the ticket wagons on the circus grounds.

FIRE OVER SALOON

DEPARTMENT PREVENTED THE FLAMES FROM SPREADING

Damage is Considerable.—Hook and Ladder Squad Had Chance to Show Its Merit.

(From Monday's Daily)

Fire broke out last night about 8:30 o'clock in a room over Higgins & Winders saloon at Central avenue and Virginia street. There had been no one in the room since Saturday at noon and no cause can be assigned for the blaze.

The department responded promptly and for the first time the hook and ladder equipment came into general use. Every ladder was used, the firemen going in at three windows. Although the blaze had reached alarming proportions the department quickly had it under control. The damage to the firm of Higgins & Winders will amount to about \$500 which is covered by insurance. The damage to the building, which is owned by John Young, has not yet been estimated. It will be covered by insurance.

SUDDENLY EXPIRES

Maj. Clay Stacker, one of Clarksville's Prominent Citizens.

CLARKSVILLE, Tenn., Sept. 14.—Maj. Clay Stacker, a prominent citizen of this city, expired suddenly Sunday morning at 5 o'clock of heart trouble. He had not been in the best of health for several weeks, but was able to be at his office Saturday morning, going home at noon. Soon after that hour he became seriously ill but rallied, and seemed greatly improved. Maj. Stacker resigned last night as commander of the volunteer guards who have been doing guard duty since the Night Rider depredations in the tobacco district, on account of the condition of his health. He was born in Stewart county on Jan. 11, 1847, and moved to Clarksville in his youth. He left school at age of 16, and entered the Confederate army, serving in Company A, Second Kentucky regiment, under Col. Breckinridge. He commanded company H, First regiment, state guard, when that company did valiant service at Coal Creek during the labor disturbances a number of years ago, and afterward was major of a battalion in the state guard. He was brigadier general of the Tennessee division of the United Confederate Veterans and past grand master of the Odd Fellows' lodge in this state. His widow and five children survive him. The latter are Mrs. J. E. Ellis, Mrs. G. W. Coulter, of Birmingham, Ala.; Clay Stacker, Jr., of Batesville, Miss.; and Edwin Stacker of this city. Maj. Stacker for a number of years was city engineer and city marshal of this city. At the time of his death he was engaged in the lumber business.

SALES ARE BETTER

SLIGHT IMPROVEMENT SHOWN
IN TOBACCO MARKET

Two Thirds of Crop is Housed.—Report of the Auditor of the Association.

With nearly every tobacco market in the dark tobacco district showing steady decreases, the local market has shown more strength during the past two weeks, the activity being notably better last week. For the first time for some time the sales last week passed the hundred mark and a better demand is hoped for from now on.

The Planters' Protective association reports the sale of 112 hogheads during the week, this ranging in price from \$7 to \$12 per hundred pounds. There is not much, if any, of the fancy grades left at the local salesroom of the organization, all that is now on hand ranging as quoted above.

The Society of Equity gave out no report further than the statement that their business was about an average for the past week.

Perhaps two-thirds of the growing crop has been out and is now being fired. As is usual when this process is being carried out, there are frequent reports of barns being burned by flames starting from flying sparks lodging among the drying leaves. That tobacco which is still in the field is incurring considerably on account of the extremely dry weather.

The drought prevents the plants from ripening as they should and unless rain comes soon, this portion of the crop will further damage. The crop this year is the largest that has been grown in several seasons.

The report of Auditor John D. Scales, of the Planters' Protective association, for the ten markets in the black patch for the week ending September 5, shows the low water mark of the season, three of the markets not reporting. The figures are:

Why?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by Anderson & Fowler Drug Co., incorporated.

KIRK DISCHARGED

Acquitted at Preliminary Trial at Murray Saturday.

MURRAY, Ky., Sept. 14.—Dr. Peter Kirk, who was charged with forcing Will Ingram to make a false affidavit denying his confession, in which it is alleged he implicated Kirk's son in the burning of Hendrick's barn in Calloway county, was discharged by Magistrate Holland for "want of proof." Dr. Kirk said that Ingram called at his house and asked to be brought to Murray the day he made the affidavit.

County Judge A. J. G. Wells was sworn off the bench at the preliminary hearing and Magistrate F. L. Holland presided in his place.

Dr. Kirk got rid of the newspaper men by availing himself of the privilege of section 33 of the code, clearing the courtroom on preliminary examination.

An Ounce of Prevention is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S., Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs. Sold by L. A. Johnson & Co."

MILL IS DYNAMITED

REPORT OF NEW CALDWELL COUNTY OUTRAGE VERIFIED.

Soldiers Sent to the Scene.—Victim is a Member of the Tobacco Association

PRINCETON, Ky., Sept. 12.—The report that Night Riders had destroyed the sorghum mill of James McGregor has been verified.

The mill was blown up with dynamite.

It was situated ten miles north of this place on Tradewater river.

Mr. McGregor is said to be a member of the tobacco association. He lives in a section where there has been much friction among the farmers.

Soldiers have been sent to the scene.

Harvey McDowell, an old farmer who lives in the same neighborhood night before last received a warning not to make up his sorghum crop under penalty of a visit from the lawless band. Mr. McDowell formerly raised considerable tobacco, but cut out the crop this year rather than run the risk of having his barn or house burned and being whipped. There is a great prejudice growing in this county against the methods of the Night Riders, and it is not unlikely that the citizens will adopt some measures soon to force them to cease their depredations.

A clever, popular Candy Cold Cure Tablets—called Preventics, is being dispensed by druggists everywhere. In a few hours Preventics are said to break any cold, completely. And Preventics being so safe and so effective, are very fine for children. No Quinine, no laxative, nothing harsh nor sickening. Box of 44, 25c. Sold by Anderson-Fowler Drug Co., incorporated.

CANCER CURED BY BLOOD BALM
All Skin and Blood Diseases
Also Cured

Mrs. M. L. Adams, Fredonia, Alaska, took Botanic Blood Balm, which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up her case as hopeless. Hundreds of cases of cancer, eating sores, suppurating swellings, etc., have been cured by Blood Balm. Among others Mrs. B. M. Guernsey, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharge from the eating sore. Doctors advised cutting, but it failed. Blood Balm healed the sore and Mrs. Guernsey is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone setts, ulcers, offensive pimples, blood poisoning, carbuncles, crotchets, risings and bumps on the skin and all blood troubles. Improves the digestion, strengthens weak kidneys. Druggists, \$1 per large bottle, with complete directions for home cure. Sample free and prepaid by writing the Blood Balm Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter.

COUNCILMAN LIGE ARMSTRONG
ESCAPES BEING KILLED.

Knocked Down By a Piece of Tiling at the L. & N., Freight Depot.

(From Saturday's Daily)
Councilman E. H. Armstrong, of the 7th ward, was painfully injured Thursday by being struck by a heavy piece of iron tiling at the L. & N., freight depot. In fact he very narrowly escaped death.

He was busy about removing some freight when the tiling, which weighs probably 300 pounds and was leaning against the wall of the building, fell and struck Mr. Armstrong in the left side. He was knocked down and could not get up and his cries for help were answered by Will Carliss of the Crescent Milling company. The injured man was taken in a carriage to his home on Central Avenue West. It is not thought the injuries are serious and he is resting very well.

The great and growing popularity of Dr. Pierce's Golden Medical Discovery is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper the Badge of Honesty, in the full list of its ingredients. Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The "Golden Medical Discovery" cures weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affect no matter what parts or organs may be affected with it.

Dr. Pierce's Pleasant Pellets are the original little liver pills, first put 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take a candy. One to three a dose.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggists recommend and sell.

Brilliant Array of Attorneys Employed to Represent the School Interests to the Finish.

The members of the board of regents of the Western Kentucky State Normal school met in Frankfort on Monday with the regents of the Eastern Kentucky Normal and representatives from the State university and made final arrangements for prosecuting the claims through the courts. Messrs. McQuown & Beckham, J. McK. Moss and W. O. Davis were engaged as attorneys. The case will be taken up at once in the Franklin circuit court which convenes at Frankfort Monday, and the case will be taken through the courts with the least delay. The argument in the court of appeals will be made by the Hon. Lewis McQuown. A decision is expected from the court of appeal early in October, as it is thought the court will advance it because of its importance and because of its former decisions.

KENTUCKIANS WARNED.

PADUCAH, Ky., Sept. 10.—A number of Kentuckians from Ballard county are being given a taste of night riding in Mississippi. They went to Harris, Mississippi, to haul lumber for the Tulane Lumber company, which refused to hire the native teamsters because of their exorbitant demands. The Kentuckians have received warning notes, accompanied by bundles of switches, to move away or take the consequences. They say they will remain.

Fall Opening

Hopkinsville's Great Fashion Show

Wednesday and Thursday, Sept. 23rd and 24th, all the Millinery Openings of the city, together with our own display of millinery and Ladies Garments, will make this the "Greatest Fashion Show" western Kentucky has ever seen. The growth of these two departments is the pride of our business and early buying already begun has firmly established the popularity of these departments for this season. In millinery we have peculiar advantages in that we send both the trimmer and saleslady to New York to study the styles and assist in selecting the stock. Miss Annie Cayce, whose genius and wonderful taste in suggesting wearable hats is well known, spent two weeks in New York selecting stock and studying styles in the most exclusive millinery parlors of the city, and is better prepared than ever to cater to the buying public she knows so well. Miss Stanly, our new trimmer, comes direct from New York. She has made a life study of millinery under the most skillful and exacting teachers in America. She comes to us fairly alive with new ideas, original creations and with an enthusiasm and love for her work that will insure conscientious and careful attention to every hat entrusted to her. Wednesday we will show 200 pattern hats, from the stylish hat at moderate price up to the most exclusive patterns at \$65.00. In Ladies Garments we were determined to outdo our best previous efforts. Our achievements have been fully as satisfactory as our endeavors were determined. A Fall Fashion Show awaits you such as you never experienced in this locality. Wednesday, Sept. 23rd, is the day and you are cordially invited to come and bring all your friends and to buy if you feel tempted or to look to your heart's content if you are not ready to buy. BARN IS BURNED

J. H. DUVALL LOST HIS ENTIRE CROP OF TOBACCO

Blaze is Supposed to Have Started From a Coal Left From Firing.

(From Wednesday's Daily)

J. H. Duvall, who lives six miles from town on the Greenville road, lost his barn and entire crop of tobacco grown this year, by fire last night. The tobacco was estimated at 12,000 pounds and was an unusually fine and well cured crop. Nothing whatever was saved from the barn and there was no insurance on it.

The curing process was completed late, yesterday afternoon and the fires were put out, as it was thought.

Mr. Duvall stated this morning that evidently some of the coals were overlooked and that the blaze started from these. The loss falls very heavily upon Mr. Duvall and his many friends sympathize with him.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." FAIRVIEW NOTES.

Miss Beatrice Hurt, of near Hopkinsville, is spending the week with her cousin, Miss Ella Everett.

Mr. and Mrs. Maxey Wade, who recently moved here from Hopkinsville, are confined to their beds with an attack of fever.

Rev. W. C. Brandon, pastor of the Methodist church, is in this community visiting his congregation before he goes to conference.

Rev. C. Huchison, of Spokane, Wash., will occupy the pulpit at the Baptist church in this city Sunday morning at 11 o'clock. Every one is cordially invited to attend this service.

Bud Reeves, an aged white man, was found unconscious on the side of the pike near the old toll-gate last Sunday morning, and upon examination it was found that he was suffering from a sun-stroke, having over-exerted himself in sunning. A last accounts he was improving.

Frank Layton lost his horse in a rather peculiar way last week. A large knot came on one side of the horse, thought to have been caused from a snake bite, and he had it lanced. In doing so one of the arteries was cut, and the animal bled to death before the flow of blood could be stopped.

Foley's Orino Laxative is a new remedy, an improvement on the laxative of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. L. A. Johnson & Co.

HUGHES NOMINATED

SARATOGA, N. Y., Sept. 16.—By a vote of 827 out of a total of 1,000, which was later made unanimous, Gov. Charles E. Hughes was re-nominated for governor on the first ballot by the republican state convention. Senator Horace White was nominated for lieutenant governor, the secretary casting one ballot for him.

KILLED BY A TRAIN

J. H. COLE, AN L. & N. FIREMAN, THE VICTIM

Said to Have Gone to Sleep on The Track.—Body Was Terribly Mutilated.

(From Wednesday's Daily)

L. H. Cole, a fireman on a Louisville & Nashville freight train was killed by his own train in the yards near Latham this morning about 6 o'clock.

Exactly how the accident occurred is not clear, but it is certain that he went to sleep either on or near the track that the train struck him. One report says that he leaned up against the fence at a cattle guard while his train was switching, and that he was struck in this manner. Another report says that while the train was standing still he went around in front of the engine and sat down on the track and fell asleep. The engineer, not knowing where he was, started the engine and Cole's death resulted in this manner.

The body was horribly mutilated, it being an almost unrecognizable mass of mashed and torn flesh and crushed bones. Cole was about twenty-five years of age and live in Nashville. The body was prepared for burial here and sent to Nashville where it will be interred.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. SOUTHALL-SMITHSON.

Miss Verna Louise Southall and Mr. B. C. Smithson were united in the holy bonds of wedlock today at Nashville, Tenn. The happy couple left Hopkinsville on the Louisville and Nashville accommodation. They were met in the Tennessee capital by relatives and friends and went at once to the Maxwell house where the ceremony was impressively performed. There were no objections to the marriage on the part of the parents of the young sweethearts, but they decided to assume the nuptial vows in Nashville in order to avoid the details incident to a home wedding. The bride is the lovely and attractive daughter of Mr. and Mrs. G. W. Southall and a sister of Hon. Herman Southall. The fortunate bridegroom is a son of Mr. W. R. Smithson and a popular and prosperous merchant of Bolivar in South Christian. Mr. and Mrs. Smithson will return home tonight. They will board for the present with Mr. and Mrs. S. H. Ward at Bolivar.

BOLOGNA SAUSAGE

George A. Pike, as administrator for Ora Pike, has filed suit for \$2,000 against the Evansville Packing company, upon rather unusual grounds.

The plaintiff states in his petition that his three-year-old daughter died on July 3 from poison contained in some bologna sausage which she ate. He charges that this sausage was put up by the defendant company and sold by them to a wholesale house and they in turn to a retail dealer in Kelley, who sold it to the family. He states that after the child died he had a sample of the sausage analyzed by a physician and it was found to contain poison. The charge is made that the defendant through negligence, in not taking proper precautions in packing the sausage, is responsible for the child's death.

DROUTH IS SERIOUS

HAS REACHED AN ALARMING STAGE IN THIS REGION.

Kentucky Crops are Suffering Greatly And People's Health is also Being Threatened.

The drouth, which seems to be general all over Kentucky, has reached an alarming stage in this section. For weeks the farmers and town people have united their prayers for rain but except a few localities the showers have not come and these which did fall were far short of what was needed. Streams are at a lower ebb than has been known for years and many of them have ceased running and are only a succession of stagnant pools while others have dried up entirely. The

public highways are deep in dust which has been ground to the fineness of powder by the passing travel and which rises in suffocating clouds at the slightest breeze or the passage of a vehicle.

Crops are suffering greatly. About a third of the tobacco crop is still in the field and the dry weather prevents it from ripening as it should and it is showing the effects of the hot atmosphere. Corn, unless rain comes soon will not mature as it should by a big per cent and other crops will suffer likewise.

Leaves are falling from the trees almost as freely as if a succession of heavy frosts had come.

The public health in some sections is being threatened by malaria resulting from these conditions. Chills seem to be the prevalent form of the sickness and these have become common in neighborhoods which have been free from them for a generation. As yet serious attacks of fever have been scarce.
