KENTUCKY CHRISTIAN MISSIONARY CONVENTION

Business of Importance Transacted and Several Highly Interesting and Helpful Addresses are Delivered.

In the sessions of the Kentucky Christian Missionary convention, the program for Wednesday was strong and epoch-making. Rev. Carey E. Morgan, of Paris, presided. President J. W. McGarvey, Sr., of the College of the Bible, Lexington, delivered a scholarly address on "Missions in Acts."

President's Address.

The president's address by Rev. Carey E. Morgan then followed, his subject being "The Church and Its Officials." It was a masterly effort. The convention voted that Rev. Morgan's address should be printed in full in the minutes and sent to all the state preachers.

Facts and Figures.

That a great work was accomplished by the Christian church in the state during the past year is shown by the report of Rev. H. W. Elliot, of Sulphur, Ky., the secretary and treasurer. According to this report there is now a total membership in Kentucky of 129,905, the increase during the past twelve months being 15,625. The Sunday school enrollment is 66,660, there are 1,004 congregations and church property to the amount of \$4,187,250 is owned by this denomination. During the year a total of \$91,734.52 was raised for

missionary purposes. This was apportioned out as follows: for state missionary work \$12,490.90; for foreign missions \$18,925.85; for American missions outside of Kentucky, \$10,588.43 and for woman's work, \$16,407.02. Acting under the control of the state board, 42 workers have been in the field and as a result of their work of 5,280 days and preaching of 3,487 sermons, 1,916 persons joined the church and 47 new Sunday schools were established.

Lexington was chosen as the place for the state centennial meeting of the convention, to be held September 20-24, 1909.

The Kentucky Educational association of the Christian church was organized, the aim of which is to bring all the schools and colleges into more prominence, increase enrollment and their general welfare. The officers elected were as follows:

President, Rev. J. H. McNeil, Covington; Vice-president, Rev. E. S. Fenstermacher, Bowling Green; Secretary, Rev. W. T. Donaldson, Eminence; executive committee, Messrs G. C. Long, Hopkinsville, H. F. Hais, Mayfield, W. J. Thomas, Croppers, Rev. Carey E. Morgan, Paris, Prof. T. B. McCartney, Lexington.

LEAGUE WAS FORMED

FOR THE PURPOSE OF ENFORCING THE LAW.

Dr. Marab's Testifies.—Judge Wells, of Calloway County, Goes on The Stand.

CLARKSVILLE, Tenn., Sept. 24.—Dr. T. H. Marable was placed on the stand in the Gardner-Hunt murder trial and told of the origin of the Law and Order league soon after the night Bennett was shot. He said the Law and Order league was formed for the purpose of enforcing the law, and have the officers do the same.

Judge A. J. G. Wells, of Calloway county, Kentucky, went on the stand and swore that he was positive that an organized band of Night Riders existed, and that it was largely made up of the criminal and lawless classes.

Various witnesses testified of the lawless conditions in the county, growing out of night riding, and detailed incidents of the night on which Bennett was killed.

(From Thursday's Daily)

Miss Hallie Etna Johnson and Mr. Clyde H. Whaley were married last night at 9 o'clock at the home of the bride's parents, Mr. and Mrs. William M. Johnson at 114 Tenth Avenue, East. The wedding was very quiet, only the immediate families of the contracting parties being present. The ceremony was impressively pronounced by Rev. H. D. Smith, of the Christian church. Mr. and Mrs. Whaley left at 10:05 for Racine, Wisconsin, to visit the groom's family. They will be gone about a week and will board at St. Charles Court when they return to Hopkinsville.

The bride, who has many attractive traits of character, is one of the handsomest young ladies of this city. The groom is a prominent young business man, being a member of the commission brokerage firm of Whaley & Tobin, and popular member of the Elks lodge.

WALKS ON HEAD

Wonderful Feat of French Athlete in Ringling's Circus.

Alexander Patty, a young Frenchman who walks upon his head for exhibitional purposes, earns more money than the average metropolitan bank president. Until a couple of years ago he was a student in the Paris Latin Quarter, and at an artist's "high jinks" discovered his ability to reverse the order of nature by walking upside down. The performance of young Patty created quite a furore in the student colony, after which it was but a short step to public curiosity and showmen's interest. Ringling Brothers have induced the athletic youth to make a trip to America, and are now featuring him and his brother in their unique and mysterious act with the World's Greatest Shows.

FIVE ARRESTS MADE

AT CLARKSVILLE AS RESULT OF SENSATIONAL TESTIMONY.

Five Young Men Admit They Were With Bennett When he Was Shot But Were Out "For Fun."

CLARKSVILLE, Tenn., Sept. 18.—As a result of the evidence given in the Hunt-Gardner trial here, five of the state's witnesses have been placed under arrest and are out now under \$1,000 bond each, charged with night riding.

John Sadler, Elsie Albright, Oscar Albright, Charles Hogan and James Chambliss, who testified that they were the companions of the Bennett boys on the night of the killing, were arrested as soon as the last of them had testified, at 3:30 'clock yesterday afternoon by Sheriff Staton, acting under an order from Judge C. W. Tyler, of the criminal court. According to his honor's order, the circuit court clerk accepted bond for the appearance of each before the grand jury. Twenty or more farmers of the neighborhood of the accused men's homes, in the eastern part of the county, signed the bonds and they were released immediately.

In the Gardner-Hunt murder trial John Sadler told who was with Vaughn and Earl Bennett on the night Vaughn Bennett was killed. There were seven in the crowd, and most of them, if not all, wore masks and a white badge. He claimed they were out for fun, and committed no depredation other than cutting of telephone wires. He claimed there were three men together in the field where the men who fired shots were located. Charley Hogan and Elsie Albright, other members of the party, were also put on the stand and admitted being out with Bennett when he was killed.

Court convened at 9 o'clock, and John Sadler was called by the state. He lives in District No. 5, about one mile from the place of the killing. He is twenty-five years old. Was with Vaughn and Earl Bennett the night they were shot. Oscar Albright, Charley Hogan, Elsie Albright and Dave Chambliss were also along, seven in all.

Vaughn had a revolver. Had masks—most of us at least. I was masked. Went to Port Royal. Did not stay there long. We came back another road by my request, so I could ride nearer home, living nearly on the road we came. I went as far as the cross-roads, and left the boys there and handed the reins to Vaughn Bennett. I had no mask on at the time. After the boys started I saw three men in a stooping position, and in a few seconds the firing began. I stopped a few seconds. The men were in the field. I saw three men—one seemed to be taller than the others. I went home and heard nothing said by any one at the place of shooting. There was no shooting from the men in the road.

"I cut the wires at Esq. Achey's. I cut the wires for fun, not thinking of who it would inconvenience. I climbed the pole to the top. The other crowd whipped Welsh for a purpose, and I went there to see it done. We carried guns with us to have some shooting along the way and have more fun, and to help us to play Night Riders."

"There were six horses and mules, and seven men in the crowd."

Charley Hogan was then called, and testified practically as Sadler. Elsie Albright testified that he would be seventeen years old next November. He lives about one mile from Shady Grove. Had a cloth on his face.

"When we got back to the cross-road, one of the boys got off to go home, and as we passed we were shot into from behind. My gun was not loaded. I never heard anything until the guns were fired. I lost my gun and hat at the place. The gun was a single-barrel breech loader. Could not tell how many shots were fired."

On cross-examination witness said he lost a gun and had not seen it since. "Vaughn Bennett told us that Welsh was going to be whipped that night, and if we would go we could see it and have some fun. Vaughn said: Let us fix up like Night Riders. I had a picture at home that showed how Night Riders dressed."

Oscar Albright appeared for the state. He said he was 23 years old and lived about four or five miles from Vaughn Bennett the night he was killed. He repeated the story as told by Sadler and Hogan of meeting Bennett at Shady Grove station the night before and of the trip to Port Royal, where they found a body of men masked, who said they had whipped the man Welsh to see whom

they had gone there that night. He corroborated the statement about cutting the wires, saying he had been working on a wire fence that day and had put the wire pincers in his pocket and had never thought of having them until some one remarked something about cutting the wires. He remembered the pincers and handed them to one of the boys, who climbed the pole and cut the wires. His statement of what occurred at the place of shooting was almost exactly the same as the others who testified in the morning, saying on cross-examination they started out to have a lot of fun and cut the wires for nothing but fun, not thinking of the result.

James Chambliss was called and corroborated the other witnesses in almost every particular. He was shown a gun which he said looked exactly like the one he had lost the night of the shooting at the place where it occurred.

All five of the witnesses agreed upon all material points.

George Watson testified as to the nature of the wounds in the horses. He stated he made an examination of the wounds and was convinced that the shot entered the back of the head. The state here announced that they would rest their case.

HUNDREDS OF SUITS

County Attorney Duffy is preparing several hundred suits which he proposes to file for the approaching term of circuit court, for the purpose of gaining possession of lands which have been sold from year to year for taxes.

In this county, as is doubtless the case in every other county in the state, there is a certain per cent—and a good big per cent at that—of the property owners who do not pay the state and county taxes upon their holdings. In due course of time this property is put up at public auction as prescribed by law, and invariably it is bought in by the county as there are no other bidders. Not only does this happen once, but Mr. Duffy says that in some cases the taxes for ten years back are yet unpaid and the owners of the land are living upon it and enjoying the privileges it brings, notwithstanding the fact that every year it has been put up for sale and bought in by the county.

In the suits which Mr. Duffy is now preparing, and some of these have already been lodged with the circuit clerk, he prays the court to award the county the right of actual possession and a fee simple title to the property figuring in the cases. This is something which has never before been attempted in this county and Mr. Duffy's action has caused considerable comment. It is believed that it will have the effect of making a great many of the delinquents come in at once and pay up what they owe to the state and county and thus save themselves from defending a suit and probably losing in the end.

CATTLE THIEVES

Horse and cattle thieves seem to be abroad in the country.

Mrs. Lou V. Adams, who lives near town on the Palmyra road, has reported that two red heifers weighing about 650 pounds each, were stolen from her pasture last Sunday night.

W. M. Turner, of the Garrettsburg neighborhood, has reported that a five-year-old black mare was stolen from his place on Sept. 10.

FATAL ACCIDENT

WASHINGTON, Sept. 18.—After having drawn the attention of the world to his aeroplane flights at Fort Myer, and having established new world's records for heavier-than-air flying machines, Orville Wright yesterday met with a tragical mishap while making a two-man flight. The aeroplane was accompanied by Lieut. Thomas E. Selfridge, of the signal corps of the army. Lieut. Selfridge was fatally injured and died at 8:10 o'clock last night. Mr. Wright was seriously injured, but it is expected to recover. His condition today shows much improvement.

While the machine was encircling the drill grounds, a propeller blade snapped off, and hitting some other part of the intricate mechanism, caused it to overturn in the air and fall to the ground, enveloping the two occupants in the debris.

Soldiers and spectators ran across the field to where the aeroplane had fallen and assisted in lifting Mr. Wright and Lieut. Selfridge from under the tangled mass of machinery, rods, wires and shreds of mus-

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

If you dislike a fellow employee or are disliked by him, do not make a parade of the matter. Quarreling and backbiting are not compatible with good work, and, if persisted in, will lead to the discovery of the blue envelope on your desk.

Do not stop work until the preparatory bell rings, then clean up your desk and be ready to leave it in perfect order when the last bell rings.

Superintendents and heads of departments must give their orders to the foreman of the department, not to workmen in that department.

If your salary does not suit you, do not blame your employer—blame your services; when they are worth more to him, he will pay you more.

Your mistakes are blamed on your chief, and you must not complain if, after a time, he adopts drastic measures to relieve himself.

Try these: a kind thought, a kind word, a kind deed.

When a mistake is pointed out to you do not display indifference, make excuses, or try to lay the blame on others if the fault is yours. Mistakes are shown you simply as a guide to avoid the making of them in the future.

Criticise your foreman, not his helpers.

If you are laid off, spend your time in fitting yourself for better work. You would be with your employer as he faces the difficulties of hard times if you were what those who are on his payroll now.

BACK FROM TROPICS

LIEUT. PILCHER TELLS MOST INTERESTING STORY

Enormous Task Being Accomplished in Canal Zone—60,000 Employees, 45,000 Laborers.

NASHVILLE, Tenn., Sept. 17.—Lieut. Winston Pilcher, who has been spending six months in the tropics, is back in Nashville after a few days at Monticello. He was in Cuba from February to July and then went to Costa Rica. The last ten days of his stay in the tropics was in the canal zone. "Wink" is brown as a berry and in better health than for years, having gained fifteen pounds avoirdupois, since he left his Tennessee home. He had none of the usual startling adventures, nor did he perform any labor, but simply enjoyed himself in his own quiet, hum-drum fashion.

He visited his brother, Merritt who is manager of the commissary at Port Limon, Costa Rica. Lieut. Pilcher says the banana shipments from this port are simply immense, and that a ship load is sent out every day. This means about 1,000,000 bunches per month. He says his brother Merritt is looking well, and doing well in his business and that he is well pleased with his surroundings.

Lieut. Pilcher says it is hard for a person who has not visited the canal zone to realize the gigantic work that is going on there. Everything is moving smoothly at present, with about 60,000 employees, 45,000 of whom are laborers, most West Indian negroes and Spaniards.

In the Culebra cut, which is the big problem, where the canal is being cut through the continental divide, 2,000,000 cubic yards of dirt are being removed per month.

"The French," said Lieut. Pilcher, "did much more work here than they get credit for, but at present the cut looks like an enormous ants' nest, with thousands of busy workmen and millions of dollars' worth of enormous machines working like huge Titans with what appears to be almost human intelligence."

"The improvement in health conditions has been almost miraculous. With 60,000 men at work, on an average about 500 are in the hospitals. The mosquito has been one of the great problems, as he is the great cause of dissemination of disease in the tropics. But he has been eliminated. All pools are kept covered with petroleum, all brush and weeds cut away near all homes, human habitations are screened, and I never heard a mosquito sing his irritating little melody while I was in Panama. In fact the war against the mosquito is being systematically waged throughout Cuba and Central America."

"It is the general impression on the grounds that the channel will be finished in six years if the work is not interfered with."

Lieut. Pilcher will remain with his friends and relatives in Nashville for the next few months.

PYTHIANS GATHER

IN LARGE NUMBERS TO ATTEND
GRAND LODGE MEETING

Hopkinsville Uniform Rank and a
Number of Prominent Knights
Have Gone to Lexington.

(From Monday's Daily)

The Knights of Pythias of Kentucky are deeply interested in the annual meeting of the state grand lodge which began today at Lexington.

The new Pythian home was dedicated Sunday.

The state encampment of the Uniform Rank of the order is also in progress. The Hopkinsville company left Saturday afternoon for Lexington in a special L. & N. coach. Those who were in the company follow: C. H. Tandy, captain; L. E. Fowler, first lieutenant; J. W. Stowe, second lieutenant; E. J. Schmidt, E. W. Clark, F. B. Caudle, W. E. Nance, T. B. Johnson, R. M. Tunks, C. W. Keach, Paul Wynn, D. C. Cayce, V. M. Atkinson, A. M. Coleman, R. W. Dorr, C. E. Harris, C. M. Hill, L. E. Adwell, J. W. Walker, B. C. Schmidt, E. A. Roper, M. E. Thompson, M. J. Moayon and J. L. Atkins.

Accompanying the company were Judge C. O. Prowse, colonel of the Third regiment, U. R. K. P., and T. F. Callard, captain of his staff.

Col. Jonett Honry, supreme representative, L. H. Davis, grand trustee, W. C. Wright, H. S. Wade, L. W. Atkinson and Green E. Champin are also attending the grand lodge meeting.

The Uniform Rank will camp on the grounds of the home, and there will be prize drills and contests. One thousand dollars is to be given in prizes.

The Hopkinsville Pythians will leave for home tonight.

From Day to Day

A despatch to the New Era from Lexington announces that Lucian H. Davis was this afternoon unanimously re-elected a member of the board of directors of the Pythian Widows and Orphans Home. The election is for three years and is a fine compliment to Mr. Davis' popularity and efficiency.

The congregation of the Baptist church is deeply distressed over the possibility of their beloved pastor Dr. Millard A. Jenkins' leaving Hopkinsville. A call that he has from Athens, Ga., is so insistent that he feels that he must at least consider it. Several times heretofore he has declined to do so. Under Dr. Jenkins' splendid leadership, the Hopkinsville church has made remarkable advances in membership, spirituality, unity and power, and there is a general feeling among Baptists, (in spite of Dr. Jenkins' optimistic discourse of last night on "Calamity Howlers") that his departure at this time would be a very great blow to the church.

Ed. G. Majors and Miss Dellie Grace were married Sunday night at the bride's home at Red Hill. Rev. Mr. Lamb officiated.

EXCITEMENT HIGH

IN EAST CHRISTIAN OVER AC-
TION OF NEGRO.

Face Concealed by Rag, He Advances
on Lady.—Frightened Off
Screams

Excitement is high in east Christian over what is believed to have been an attempt upon the part of an unknown negro to assault Mrs. J. E. Stamps Saturday morning.

Mrs. Stamps was alone and busy about household duties when a negro climbed a fence and approached her. He wore a rag tied about his face, gloves and overalls, coated with gum from tobacco plant. She asked the negro his business and he did not reply but kept advancing toward her. Mrs. Stamps, screaming for help, ran toward a stable where she thought her son was at work, and the negro followed her for some distance, until, frightened away by her continuous cries, he turned and ran. A search was made for the negro by indignant neighbors but he was not found.

MURDERS HIS WIFE

Mose Cook, a former citizen of Pembroke, shot and killed his wife on the street in Memphis, Tenn., Monday. It seems that Cook's wife had left him and refused to live with him again, and this caused him to take her life, says the Pembroke Journal.

Cook lived here a few years ago, and was generally regarded as a very bad man. At different times he conducted a saloon, and livery stable here, and for a time worked as a sewing machine agent. He was a native of Adairville, where his reputation was very shady. He was implicated in the murder of a man named Traugbner near Adairville several years ago, for which crime the notorious Proctors were taken from the Logan county jail by a mob and lynched.

Mrs. Cook was a native of Russellville, and was regarded by those who knew her here as an excellent lady. She and her husband apparently lived happily here. After leaving here Cook got into trouble and was sent to the penitentiary for two years. After this nothing was known of him here until the daily papers brought the news of this tragedy.

PRINCETON RALLY

IN ASSOCIATION'S INTEREST
ATTRACTS THOUSANDS.

Ward Headley Makes a Sensational
Statement.—Is Warmly Championed
by Congressmen James

Princeton was the scene Saturday of a big rally under the auspices of the Planters' Protective association. Speeches were made by Congressman Ollie James, former Congressman John S. Rhea and Ward Headley, the wellknown Democratic politician; and Joel B. Fort and Felix G. Ewing.

There were many features of interest, among them the parade of hundreds of members, with Bradley Wilson, of Hopkins, as chief marshals, and headed by Mrs. John Hollowell, wife of the chief defendant in the recent federal court night riding case.

Ward Headley, Democratic elector, was warmly defended of Night Rider charges by Congressman James who said: "You thousands gathered here who have known Mr. Headley longest and trusted him most will bear witness with me to his exalted character and spotless life."

A Princeton dispatch states that delegation from Hopkins county was headed by Judge W. H. Yost the noted union labor lawyer, and Bradley Wilson from Trig county by Judge G. B. Bingham and John S. Lawrence; and from Christian county by A. J. Casey.

In the parade were banners containing inscriptions "We are for Law and Order and the Association Too." Another banner bore the picture of a dozen hogs. Underneath were the words: "The Jury From Paducah."

The Courier-Journal says of the meeting:

"All of the speakers went on record as favoring law and order and condemning Night Riders. Mr. James especially made a strong plea for the sovereignty of the law, and he was given a grand ovation when he said that the fight against the trust and against lawlessness would be won by the members of the association."

"One of the features of the big meeting however, was the declaration of Ward Headley that a political scheme had been hatched to embarrass him as the Democratic candidate as elector from the state at large. He said that Sanford Hall and some of his companions had made an affidavit charging him with having planned the raid on Hopkinsville. Mr. Headley said in this connection: This information came to me through one of the leaders of the Law and Order league and one of the leading citizens of Hopkinsville. He told me that he did not believe it and felt that it was his duty to warn me of the plot to make political capital and do me a personal injury."

"I denounce that charge as false in every particular. It is impossible for it to be true. I never heard of the raid on Hopkinsville before its occurrence, directly or indirectly, covertly or openly. Never attended a secret meeting of any kind, never took any Night Rider oath or any other kind of obligation. Never heard of any raid or lawlessness prior to its culmination. I have done what I could for the association and do not deserve such treatment, yet it only shows the desperation of these cowardly cut-throats and black-mailers."

"A little clash between soldiers and civilians was the only excitement of the day. This occurred when a couple of drunken men discharged a revolver. Soldiers making an investigation attempted to capture the miscreants. Two civilians were knocked down and one of the soldiers was also felled."

AT TENT MEETING

Seven Persons Shot And Several Were
Dangerously Wounded.

DANVILLE, Ky., Sept. 21.—Seven persons were shot, several being dangerously wounded, at a religious tent meeting at Moreland last night. The shooting occurred inside the tent and was the result of Marshal Farrell's trying to quiet disorderly men. There was a panic when pistols were discharged and several persons were hurt in the rush for exits.

GOVERNOR COMING

WILL SPEAK IN HOPKINSVILLE
MONDAY, OCTOBER 5

The Announcement Is Made by The
Chairman of the Republican State
Speakers Committee.

Judge A. H. Anderson, chairman of the Republican county committee, announces that Gov. A. E. Willson will speak in Hopkinsville on Monday October 5.

He is in receipt of the following letter from Louisville:

Dear Sir:
I have had a great many requests for Gov. Willson to make a speech in your city during this campaign, and he has consented to do so on Monday, October 5.

Please announce it in the local papers and, at the proper time, advertise it by printed bills and in any other way you think expedient.

The governor is a very busy man and can only make one speech on this trip, so I hope you will make it a grand rally for the Second district.

Yours very truly

D. C. EDWARDS,

Chairman Speakers Bureau.

The Republicans are much elated on the announcement and expect the governor to be greeted by a record breaking crowd. No arrangement as to the place of the speaking has been made.

GETS TEN YEARS

CADIZ, Ky., Sept. 21.—The jury in the case of the commonwealth against George Wells, charged with murder, after having the case since Thursday afternoon, returned a verdict for voluntary man slaughter, and fixed his punishment at ten years' confinement in the penitentiary.

While drinking at a barbecue near Golden Pond, in this county, several weeks ago, Wells fired his pistol promiscuously into the crowd, killing Miss Emma Ross, the 14-year-old daughter of Deputy Sheriff R. L. Ross. As soon as the verdict was read, Wells accepted it and asked that they start at once for Eddyville and Sheriff Bradburn left here on the 5 o'clock train with him and also Nelson Howard, who was given three years at this term of court for the killing of M. G. Knight last spring near the Tennessee River, in the western part of this county.

In Camp at Cobb.

Editor New Era:—
Tonight, while the members of Co. D. were eating their supper, quite a commotion was created among them by the appearance of a bunch of horses coming up over a nearby hill. For a moment we thought sure "the boys" had us, but upon closer inspection found that it was only a bevy of pretty ladies who had ridden over from Wallonia. They came riding into camp and we very politely invited them to have supper with us, but they declined, saying that on account of darkness and being so from home they really couldn't stop. The boys were so upset by the appearance of these young ladies that they could scarcely finish eating their supper.

All of us are in the best of health.

Corporal Cravens and Private Reynolds seem to be the ladies' men. Every time Corp. Cravens rides through, the country he makes a hit with the fair sex, and Private Reynolds receives more mail than any other two boys in camp.

Two of our number, Sergeant Holman and Private Caudle are at home sick. They have both had severe cases of typhoid fever, but will be back with us in a few days.

BRYAN-KERN CLUB

HELD INTERESTING MEETING AT
THE COURTHOUSE

Membership Was Increased And Each
of the Officers Elected
Made a Speech.

A rousing meeting of the Bryan and Kern 50c club was held last night at the courthouse. There was a good attendance and several new members were enrolled, each one, as he joined, adding 50c to the amount already collected in this way for the campaign fund, to support the national Democratic ticket.

On account of Prof. Barksdale Hamlett's resignation as president, a new president had to be selected and this caused quite a moving up of all the vice presidents. J. T. Hanbery, who had been first vice president was elected as president. Then Col. Jonett Henry was promoted to the first vice presidency and Joe Moseley to the second vice presidency. This left the third vice presidency vacant and Judge L. T. Brasher was elected to this position. The secretary continues to be W. A. Wilgus, and his assistant is John Chilton.

All of the candidates, as they were elected, made short speeches and Senator Frank Rives was also called on and responded as did James West, chairman of the county committee. All of the speakers made very enthusiastic talks and predicted a sweeping victory for the Democratic ticket in November. They pointed out the many mistakes which had been made by the Republicans and expressed the conviction that the people would repudiate them in no uncertain manner at the polls.

Before adjournment every person present was appointed a committee of one to solicit new members, especially among the country people who will gather here Monday to see the circus. The club adjourned to meet again in two weeks.

Democratic headquarters have been opened in the room formerly occupied by the Southern Express company in the Latham Hotel building. Either the secretary of the local club, his assistant or some other official will be on hand all the time to entertain those who drop in and to furnish them with campaign literature. Contributions are solicited and can be left at headquarters. Already many Democrats have called and left their money.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houston, Maine, says: "I have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at Cook & Higgins and Cooks Pharmacy drug stores 50c. and \$1.00. Trial bottle free.

Whose Say-so is Best? With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives.

Dr. Pierce's medicines, however, form a striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Among these writers we find such medical lights as Prof. Finley, Ellinwood, M. D., of Cennet Medical college, Chicago; Prof. Hale, of the same city; Prof. John M. Scudder, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartholow, of Jefferson Medical college, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst case of female weakness, prolapsus, anteversion and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh and a multitude of other diseases peculiar to women.

FOUND A POT OF MONEY PADUCAH, Ky., Sept. 19.—Chas. H. Wells, who found a pot full of gold and silver coins while digging the foundation for a sawmill in Ballard county, has sold it for \$9,200 to C. F. Clark & Co., of Cincinnati. In the pot were \$115 \$20 gold pieces, 200 \$10 gold pieces, eight \$50 gold pieces, 120 \$5 gold pieces; 120 silver dollars and 180 silver half-dollars. It is believed the money was buried during the war by a man named Keitham, who lived on the farm where the money was found. Wells made no secret of his find, and although some effort has been made by others to set up claims to the money none has been successful. Wells, who was a sawmill hand, says he will engage in the real estate business at Mayfield, Ky.

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

AFFECTING SCENE

WAS REUNION OF FATHER AND SON IN NASHVILLE PRISON.

While Gov. Patterson Was in Dawson Recently he Granted the Boy a Pardon.

Armed with a pardon for his crippled son, who was serving a long term in the Tennessee penitentiary, Rev. John O'Brien, an aged minister of Dawson Springs, Ky., went out to the main prison and secured the release of his long-lost boy.

The scene between the two was an affecting one. The minister was led to the long corridor where the prisoners lounge in the afternoon and exclaimed: "Get your clothes, son; I have come to take you home. The governor has granted you a pardon."

Young O'Brien, alias "Frank Joyce," was overcome with joy and gratitude, but not to such an extent that within an hour his clothes had not been packed in his well-worn valise and the prison stripes thrown aside forever. Later in the afternoon, the two boarded the train to take them back to the "old Kentucky home."

O'Brien's case was a pathetic one. When a lad of fourteen years he was shot in the spine, which rendered him a nervous wreck, and at times he became mentally irresponsible. He ran away from home and came to Tennessee. His father, who was a Baptist minister at Dawson Springs, searched for him several years, but without success. Finally, after giving his boy up for dead, he found him in the penitentiary at Nashville, under an assumed name. Young O'Brien had been convicted in Maury county for assault and house-breaking and larceny. He was going under the assumed name of "Frank Joyce," though his real name was Chester O'Brien.

The minister, shocked and humiliated to find his son wearing a felon's stripes, turned his attention toward getting him liberated. That was a year ago. He made several trips to Nashville to see Governor Patterson, but could not persuade the chief executive to grant the pardon.

Recently, while the governor was in Dawson Springs on his vacation, Rev. O'Brien saw him again. Other friends spoke a word in the boy's behalf, and Gov. Patterson promised to do something on his return to the

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, added by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical authorities, and are well known to the people who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on coughs, and all those wasting affections which, if not promptly and properly treated, are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

capitol. He invited the minister to come to see him as soon as he arrived in Nashville. Rev. O'Brien lost no time in coming. When he read in the papers that the governor would reach Nashville Thursday night, he left home the next morning for this city. He went at once to the capitol, where the governor handed him the pardon.

The minister is a well known Baptist preacher of Dawson Springs and is widely known in his section as "the marrying parson." He stated that he had united over 1400 couples in marriage. He is an octogenarian and has been preaching the gospel over 42 years. He was warm in his expressions of gratitude, and tears stood in his eyes as the governor handed him the paper that was to open the prison door to his wayward and unfortunate son.

Young O'Brien, or "Joyce," was convicted in Maury county in 1903 and given a 15-year sentence. Reputable physicians and citizens testified to his disabilities and a large petition was sent to the governor in his behalf.—Nashville Tennessean.

WINFREE & KNIGHT.

OF DYNAMITE INTENDED FOR NIGHT RIDERS.

Mines Had Been Planted on George Graddy's Farm to Protect His Tobacco.

LEXINGTON, Ky., Sept. 16.—R. L. Barnett, of Woodford county, who was in this city, stated that the dynamite plant which George L. Graddy, a prominent anti-Equity farmer who lives near Versailles, had planted near his tobacco barn to blow up Night Riders, was accidentally exploded a few days ago and killed seven of Mr. Graddy's hogs.

Last spring Mr. Graddy's barn was burned by a party of Night Riders on account of his having announced that he intended to raise a crop of tobacco in defiance of the Society of Equity. Notwithstanding the destruction of his barn, Mr. Graddy planted a big crop of tobacco and to protect the new barn which he built, Mr. Barnett says that Mr. Graddy planted dynamite mines in the lot surrounding the barn, the mines being connected by wires which were so arranged as to discharge the explosives when they were collided with.

In order to prevent injury to innocent persons Mr. Graddy recently inserted notices in the papers warning all persons against coming on his farm unless accompanied by himself or his foreman. A few days ago Mr. Barnett says a drove of hogs belonging to Mr. Graddy got into the lot and in rooting around struck the buried wires and discharged the dynamite. A tremendous explosion ensued and seven of the hogs were blown to pieces.

WORLD'S GREATEST CIRCUS

Ringling Brothers Announce Date For Exhibition in Hopkinsville.

It is good news to print that Ringling Brothers' World's Greatest Circus is to exhibit here Thursday, October 1, giving performances afternoon and evening. Readers of this paper are familiar with the magnitude and high character of Ringling Brothers' World's Greatest shows. No circus has ever reached the public heart like it. Arenic ideas that what curiosity and arouse stirring comment usually originate with this famous show, and whenever copied by others, never create the same interest or sensation. The reason for this is not far to seek. Ringling Brothers, by their leading position in the circus world and enormous resources command the best feats and features offering in the markets of the world. Everything startlingly novel in arenic invention is first introduced to the American public by them, and the varying acts are always interpreted by performers of greatest renown and skill. Each season presents a program of surprising freshness and enjoyment. The myriad ring acts move with the speed of perfect system, and the whole bewildering bill is finished without the slightest tinge of unrest. The theater stage manager is made to appear like a much overrated person after witnessing the masterly manner in which the immense program of Ringling Brothers show is handled. It is not only the standard of the world in these elements of quality, but it is twice as big as any other circus, and must be copied by all that seek success. This year there are more imported ring features than ever before, and every department of the mammoth show has been expanded to nearly double size. Three giraffes, a rhinoceros, snow leopard, hippopotamus, horned horse and forty elephants are in the wonderful collections of wild animals, which compose the largest and rarest menagerie in the world. Nowhere else are there to be seen so many beautiful horses, nor such marvelous displays of equine intelligence. There are 650 of these aristocratic horses with the big show. There are twenty pavilions in the circus settlement, covering fourteen acres of ground. Circus day will begin with a gorgeous street parade, leaving the grounds at 10 o'clock. Everyone hereabouts knows what a splendid and interesting pageant Ringling Brothers always present. Ringling Brothers will open a downtown office show day, and charge the same prices as at the ticket wagons on the circus grounds.

The ABC and XYZ of ADVERTISING

A SERIES OF TEN TALKS ON ADVERTISING No. 6

written by Seymour Eaton of Philadelphia

I have a bunch of letters from advertisers asking me to criticise their advertisements; to tell them wherein the copy is bad or good.

It is nearly all bad; but most bad advertisements pay. The better the copy, as a general rule, the better the results. Good copy for one class of trade might be very poor copy for another. But there are a few broad general principles which are always true.

Your advertisement should be attractive enough to catch the eye. Size doesn't do this. A two inch single column card may be made to attract more notice than an announcement as big as a sheet of note paper. If your advertisement isn't seen it isn't read, and if it isn't read no matter if it has ten million circulation it isn't worth a postage stamp. You are not investing in circulation but in readers of advertisements.

The next point is to make your advertisement readable. As a rule the most readable copy is printed in fairly large book type; one kind of type with a display heading or two and the reading matter divided into easy paragraphs. Most advertisers think that by crowding the space to its utmost they are getting bigger value for their money. Within reasonable limits the very opposite is true. Ten words read are worth more than ten thousand words looked at.

If I were advertising a retail shop and I found that my advertising appropriation would allow me to take a two inch card daily in four newspapers I should multiply the two by four and take an eight inch card in one newspaper.

But the secret of copy is personality; red hot hustling life. Like breeds like. If your shop is a hustling go-ahead concern and this spirit is reflected in your advertising, the contagion will soon spread. The first hundred customers are the hardest to get; the second hundred come in about half the time; the third hundred are attracted by the crowd.

The full page announcements of the department stores overshadow the small dealer; but there is opening up a great field in every big city for the attractive advertising of the smaller shop. This advertising must be done in a new way; it must be pleasing, refined, convincing; it must appeal to the individual who loves quiet rather than noise; the very antithesis of the broadside bargain advertising so common in every newspaper.

DO IT TODAY.

Don't forget to remember that "every little helps." If you can't give much to the Democratic campaign fund, do your part and give a little. The New Era will send any amount you hand in to the national treasurer.

THE WORLD FOR BRYAN.

The New York World has come straight into the Bryan camp. In a leading editorial the other day the World says:

"We are nearing the end of one stage of Rooseveltism. Its fruits are before us. In the name of false patriotism they are jingoism, imperialism, extravagance, plutocracy, centralization. They are violence, usurpation, panic, depression. They are contempt for law, contempt for courts, contempt for congress, contempt for the constitution. All these have been crystallized in the machine-made and corporation financed candidacy of a personally amiable and excellent proxy.

"Independently and firmly, voluntarily and conscientiously, and with a keen appreciation of its own responsibility to the public, the World confronted on one side by Rooseveltism and Roosevelt's proxy and on the other by Democracy and Mr. Bryan, has no hesitation in saying that, within the limits of true Democracy, the Democratic ticket is entitled to the full Democratic vote."

OWSLEY STANLEY SENDS WORSHAM A CHALLENGE

Wishes to Meet the Republican Candidate on the Stump and Answer His Hawesville Charges.

HENDERSON, Ky., Sept. 23.—John C. Worsham, Republican candidate for congress in the Second Kentucky district, today issued a letter formally accepting Congressman A. O. Stanley's challenge for a joint debate.

At Hawesville Saturday, John C. Worsham, Republican nominee for congress in this district, opened his campaign. After dealing with national and state politics, he assailed Congressman A. O. Stanley. He claimed that Mr. Stanley was "without initiative and influence" in congress and had never secured the passage of a bill of general importance to his district. He said Mr. Stanley was a superb orator and "could defend the Devil himself and make the sinner appear a saint." He alleged that the congressman had not used his "matchless eloquence to kindle the flame of civic righteousness" in a time of dire distress in this region. He alleged that Mr. Stanley was trying to use the tobacco association for political purposes, and that in less than three months after his Hopkinsville speech this city was raided by Night Riders. "Whether," says Worsham, "your speech influenced the minds of the lawless element, is a matter of which the victims of the outrage can best judge." In less than four weeks after the Hopkinsville raid, according to Worsham, Stanley spoke at Cynthiana, and was quoted in the press as follows:

"Cynthiana, Ky., Jan. 30.—Congressman A. O. Stanley addressed 800 tobacco growers here this week, men coming forty and fifty miles from all adjoining counties. He spoke against lawlessness, but in fierce denunciation of the trusts said that when a night rider is captured and put in a cell Jas. P. Duke should be put in one beside him. He urged the farmers to stop growing tobacco on your opponent.

The New Era today received from Congressman Stanley for publication the following copy of a letter he has mailed to Mr. Worsham:

HENDERSON, Ky., Sept. 21, 1908.
Hon. John C. Worsham,
HENDERSON, Ky.

Dear Sir:—When the great party, whose standard bearer you are, selected its nominee for congress, I had expected that I should have the pleasure of discussing with you those great questions now dividing the Democratic and Republican parties and presented with such dignity and freedom from mere abuse by their distinguished and admirable leaders. It is with surprise and profound regret that I find you have placed your hope for success upon the discussion of a question which you admit should be divorced from politics, but which furnishes you an opportunity to make a vicious assault upon

I still, however, cherish the hope that you are too manly and too fair to make charges which, if true, impugn my motives as an official, and assail my character as a citizen, without giving me an opportunity to meet those charges when and where they are made.

I shall be more than pleased to grant you a division of time whenever and wherever I address the voters of the Second district, and I shall confidently expect the same courtesy at your hands.

With every expression of respect, I am

Your most obedient servant,
A. O. STANLEY.

Mr. Stanley will speak in Hopkinsville on Monday, September 28, at the tabernacle, and widespread interest is being manifested in the appointment.

Hopkinsville raid he said he was willing to do what was right to protect the town. He thought Judge Tyler first suggested that guards be put in the town and he asked witnesses to look after the employment of guards and locating them. The county aided in paying them for a few months.

He told of going out with the guards on the night of the killing of Vaughan Bennett, after learning that Night Riders were operating. His purpose was to capture them. He heard the shots but was not present at the shooting.

and raise corn. If the trusts get after that, raise oats, he said. If the trusts are found on all cereals, raise bell.

In concluding his address, Worsham discussed the Cynthiana speech as follows:

"That, Congressman Stanley, is the advice you gave the tobacco Raisers less than four weeks after the Hopkinsville raid. 'If you can't raise corn, raise oats; if you can't raise oats, raise hell.' You, the sworn servant of the nation! You, the conservator of the people! You, the exemplar of the law!

"Instead of denunciation that would broil the souls of these fiends incarnate; instead of the censure that would blister the coals of the damned, there comes from your lips those words that wither the spark of manhood and impregnate the germ of anarchy. You drop the lighted taper in the can of dynamite, then seek shelter behind the tobacco grower, while the whole fabric of his material welfare is exploded. You, with your matchless eloquence with the talents which God gave you to use for noble purposes, might have calmed that sea of unrest, and piled balm to the wounds agape; but instead of that, when all men looked to you, and hung upon your lips for the command which they were to follow, you cast aside the agonizing appeal of your prostrate people, and drove them onward to their ruin. Raise hell? Ah, Mr. Stanley, they have raised hell and you must answer for it!"

Worsham said he was willing to do what was right to protect the town. He thought Judge Tyler first suggested that guards be put in the town and he asked witnesses to look after the employment of guards and locating them. The county aided in paying them for a few months.

NIGHT RIDER CLAN

SECRETS ARE EXPOSED ON WITNESS STAND.

Alleged That Dr. Amos, of Cobb, is "General"—Some Sensational Stories Told.

CLARKSVILLE, Tenn., Sept. 22.—Sensational evidence as to the operation of the Night Rider organization was given in the criminal court yesterday afternoon, but none of the evidence was admitted to the jury, the court ruling that only evidence could be admitted which had a direct bearing upon the case. The defense, however, in order to get the evidence in the record, placed on the stand Sanford Hall, A. B. Stevens, Otis Blick, Henry Bennett, all of Kentucky, who testified as to the existence of a Night Rider organization before the court.

The first witness was Sanford Hall, who said he knew of the existence of a Night Rider organization on and prior to March 3, 1903; said it was under the direction of one man, Dr. Amos, who was called general, and that it was organized in support of the association.

Dr. Amos lives at Cobb, Caldwell county, and witness lived in Lyon county, Ky. Lodges, he declared, were organized in the different counties in the tobacco district, ten or twelve members being necessary to compose a lodge. Witness knew such organizations existed in the different counties. He became a member of the organization about one year ago and ceased to be a member five months ago. Witness said the general had control of all the lodges throughout the tobacco district, and it was organized to compel men to join the association. Witness produced the Night Rider oath, which was administered to him, and was as follows:

"First, in the presence of Almighty God and these witnesses, I take upon myself these solemn pledges and obligations, that I will never reveal any of the secrets, signs or passwords of this order, either by word or writing, to any person or persons who are not entitled to the same, in accordance with the rules and regulations of this order.

"I furthermore promise and swear that I will never reveal or cause to be revealed, by word or act, to any person or persons, any of the transactions of this order in lodge room or out of lodge room, unless after due trial and examination I find them or him just and legally entitled to the same, and not then unless I believe the business and welfare of the order will be benefited by such information given. I furthermore promise and swear that I will obey all orders or summons coming from my lodge, either day or night, unless prevented by sickness of self or family. I furthermore promise and swear that I will not use this order, or under cover of this order, to do anything to a personal enemy for personal revenge. To all this I most solemnly promise and swear, placing myself under no less penalty than may be put upon me by order of this lodge."

He said the penalty for violating the same was to be to break your neck. Was in counsel three times prior to the Hopkinsville raid

about such attack, but did not go with them. Said Dr. Amos was shot in the raid. Was a member of the Cedar Grove lodge in Lyon county.

Raid was planned on Clarksville for the same night to be made up of men from Robertson and Montgomery counties, and the reason they didn't come to this city was because they could not get in the town on account of the way it was guarded. Said they made a second effort to organize for the Clarksville raid. He went out to other lodges than his own, and they were all organized for the same purpose. Said the password was "Silent Brigade."

When they would meet a member the first speaker would say, "I see he's been there," and if he was a Night Rider he would answer, "Yes, on my bended knees."

All members were masked on the raids, and wore a white cloth pinned over the shoulder.

Other officers of the organization were captains, colonels and lieutenants. Witness told of several raids in which he had participated. Whistles were used for signals. Witness joined the organization to expose it and imparted his information to the county judge and prosecuting attorney of his county.

He left Lyon county and moved to Louisville. He said in case of trouble, it was agreed that all members would shield each other. Heard of death of Vaughn Bennett the next day.

He said Dr. Amos reported the matter to his lodge, saying they had lost one man, two or three others were shot and two horses were killed.

The first lodge, he declared, was organized by Dr. Amos at a school house in Robertson county.

Witness knew Bill Sims, of Caldwell county, who was a member. Said the captain would attend to small raids, and the raids on towns were in charge of the general.

Dr. Amos told witness people were like dogs and had to be driven into the association.

Other witnesses testified along the same lines, Blick and Stevens being self-confessed Night Riders.

Henry Bennett was a tobacco buyer, and told of a conversation with Bill Sims in which he told of a raid being planned on Clarksville and Hopkinsville.

Court ruled out all such evidence as being irrelevant to the case, and the defense took exception to the ruling.

B. H. Sory, one of the Regie tobacco buyers, who has figured conspicuously in the case, witnesses having said that they acted in nearly every instance on his suggestions, was placed on the stand, and he told of his connection with the tobacco trade. The defense here began a line of questions, which would tend to show the general conditions existing over the Black Patch, which the state objected to. Court has not ruled upon same, adjourning until this morning.

LIST OF DIRECTORS

CHOSEN ALL OVER THE TOSAC-CO DISTRICT.

Will Elect Officers and Preside Over the Various County Committees of the Association.

The election of chairmen for the county committees of the Planters' Protective association in the twenty-eight counties in Kentucky and Tennessee is an annual event of much importance to that organization, for the men so selected in the various counties become thereby the representatives from that county on the district board of directors, which transacts the business of the association during the ensuing year. One of the first matters to come before the directors each year is the election of officers.

The election of county chairmen took place all over the dark tobacco district on Saturday, Sept. 12, and the interest taken in every county was very great. Changes were made in the chairmen selected in eleven counties, and only one county, Smith, in Tennessee, has not been reported. The result was as follows, each new director being designated with an asterisk:

Tennessee—Sumner, *W. S. Cook; Dickson, *E. H. Stone; Stewart, *M. C. McGregor; Weakley, *J. J. White; Montgomery, *D. C. Foust; Robertson, *Dr. M. L. Bradley; Cheatham, W. W. Scott; Davidson, Dr. W. E. Felts; Henry, Benton and Carroll, R. M. Terry.

Kentucky—Calloway, *Th. Thomas; Christian, *Dr. J. L. Barker; McCracken, *John McKeage; Graves, *J. T. Daughaday; Lyon, *William Wadlington; Todd, George McElwain; Simpson, Dr. J. R. Claypool; Logan, J. B. Jackson; Ballard, J. S. Lawrence; Trigg, E. E. Wash; Caldwell, J. W. Hollowell; Hopkins, Bradley Wilson; Marshall, Alva Miller; Fulton, Hickman and Obion, D. C. Reams.

In the charges made some of the leading figures in the association drop out of active work. In Lyon county Capt. W. J. Stone has been the chairman; in Christian county W. W. Radford has served for the past three years; in Montgomery county, Tenn., Polk Prince was forced to retire on account of his health.

Fall and Winter Showing of Ladies' Ready-to-Wear Garments

In this department—the indicator of Fashion tendencies—we have embodied every new creation offered by the style dictators.

In Ladies' Suits we are showing the new two-tone effects. The coats, which are made in semi-fitting style, average about thirty-six inches in length. These Suits are beautifully trimmed and certainly do justice to the famous designer who originated them.

Long semi-fitting Cloaks will prevail this year, the lengths averaging fifty to fifty-two inches. Beautiful satin striped silk embroidered and button trimmed effects are shown, the button trimmed effects being the most popular. Every shade is included in our assortment and we know we can please the most discriminating.

The side plaited, button trimmed skirt will no doubt be the favorite this season. In addition, we have a number of novelty effects, which our buyer was fortunate to secure.

Our garments bear the well-known "Wooltex" & Palmer maker label, and fit, style and quality are assured.

Magnificent Dress Silks

In our silk section we are presenting for this Autumn opening, the richest collection of high class Dress Silks in the history, and every woman owes it to herself to view this magnificent shades.

TOBACCO NOTES.

A decided reaction took place on the local tobacco market last week the sales being among the lightest of the season. Following as this did the increased business of the week before it was more keenly felt than it would have been ordinarily. The demand during the week seemed to have died away, and what buying was done was in small lots and in a desultory manner.

Sales by the Planters' Protective association amounted to only 29 hogheads. As stocks have been reduced until nothing but the lower grades of leaf and lugs remain, it is hoped that the demand for these will soon revive and that the balance on hand can be then soon wiped out clean.

Business with the Society of Equity was also dull only eight hogheads sold these bringing from \$8 to \$10. Stocks here are running low.

Only a small portion of the tobacco is yet uncut, but that which is still in the field is being heavily damaged by the hot and dry weather. The most of that which has been cut and housed has been cured. The crop is said to be a very fine one, as it matured in splendid shape, and was not seriously injured at any time by the worms.

NEAR CHAMPS HERE

As a baseball game the exhibition of the Louisville association team and the Hopkinsville boys, at Mercer park Tuesday afternoon, was in the way of being a burlesque, but it gave the fans a chance to get a good look at the near-champs, and, really, that was all they wanted.

TROOPS FOR NIGHT RIDERS

Gov. Noel, of Mississippi, Proposes to Take Stringent Repressive Steps.

NEW ORLEANS, La., Sept. 23.—Gov. E. F. Noel, of Mississippi, speaking of the possible growth of night riding in the cotton belt, said that if necessary he would call on the federal government for troops to stop such raids. He would first use state troops, Mr. Noel said, and finally seek federal aid to restrain lawlessness at any cost. He added that he expected night riding to stop without military interference.

Elector to Speak.

The Hon. La Vega Clements, Democratic elector for the Second congressional district, is preparing to begin an active campaign of the counties in this district. He has arranged speaking dates in every county in the district. Mr. Clements is one of the most gifted speakers in the state and he will doubtless be a draw at all of his appearances. Messrs. Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and ailing nerve centers. It builds! It strengthens! It cures real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with:

HE WANTS A PAROLE

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind. Discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches the age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FELL INTO A DITCH

Otho Moore, through Mary Moore as next friend, has filed suit for \$5,000 damages against the Louisville & Nashville company.

In his petition the plaintiff charges that he was run over and one foot crushed so badly that he was made a permanent cripple, by a freight train on March 7, 1908. He says that the railroad employees had dug a ditch alongside the track at Seventh avenue (Thirteenth street) and that he fell into this and that this caused him to be struck by the train.

An Ounce of Prevention is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. SUIT FOR \$25,000

IS BROUGHT AS RESULT OF KILLING OF NEWTON HAZLETT.

Walker Duncan, Charged With the Killing and Pardon by Gov. Willson, is the Defendant.

SHELBYVILLE, Ky., Sept. 18.—Suit for \$25,000 damages was filed in the Shelby circuit court here by the widow and children of Newton Hazlett, against Walker Duncan, a well-known farmer of the Jacksonville neighborhood. The suit grows out of the killing of Hazlett, an alleged "Night Rider," whose body was found on the pike near Jacksonville on May 21 last. Duncan was charged with the murder of Hazlett by the grand jury, but was pardoned before trial by Gov. Willson, in pursuance of the governor's policy to grant executive clemency to all persons who defend their persons and property from "Night Rider" outrages. The relatives and friends of Hazlett deny that he had any connection with the lawless band. Duncan claims that he was attacked and only shot to defend himself.

The action was brought by Attorney Scott and Hamilton, of Frankfort, and County Attorney George L. Pickett, of Shelbyville.

The Evansville Courier says:

In regard to the suit filed at Hopkinsville, Ky., by George Pike against the Evansville Packing Co., claiming \$2,000 damages for the death of his three year old daughter which he claims was due to bad bologna sausage, officers of that company said yesterday:

"The charge that there was anything wrong with any of our product is absurd. Stringent government inspection at our plant makes it impossible for anything of a harmful nature to be used in our product."

"Further information from Hopkinsville to the effect that summons was directed to J. L. Brasher, the company's agent there, but when papers were served on him he claimed to have severed his connection with the company ten days ago. As yet no other service has been had. C. H. The residence of Ed Wade, half way between Fairview and Pembroke, was destroyed by fire early Sunday morning. It caught in the kitchen shortly after a fire had been built in the stove. ARMISTEAD-KELLOGG.

The Montgomery Advertiser gives the following account of marriage in that city of Miss Minnie Armistead, who until recently lived in Hopkinsville, and Mr. Richard W. Kellogg of Louisville—

A pretty home wedding of yesterday which was witnessed by only members of the family of the bride and a very limited number of close friends, was that of Miss Minnie Armistead and Mr. Richard W. Kellogg, of Louisville, Ky. The marriage was celebrated at the home of the bride's parents, Mr. and Mrs. J. R. Armistead, on Finley avenue, which for the occasion was tastefully adorned with palms and red cut flowers.

The bride and bridegroom were unattended and she wore a traveling gown of blue cloth with hat in keeping and carried an arm cluster of white carnations. Rev. Mr. Speigel was the officiating clergyman and the wedding march was rendered by Mrs. J. R. Armistead, mother of the bride.

A number of vocal selections were rendered by Mrs. Speigel, which added much to the beauty of the event.

Shortly after the ceremony Mr. and Mrs. Kellogg left for Hartford, Conn., where they will visit his parents for some time before going to his home in Louisville, where they will make their home.

BIG DOCKET ASSURED

From Friday's Daily

This is the last day for the filing of suits for the six weeks' term of court which will convene here next Monday week. Already the docket shows a total of 499 cases, divided as follows: Appearance common law, 64; continued common law, 66; appearance equity, 43; continued equity, 175; commonwealth cases, 150. With those which are almost sure to be added today, the list will be swelled to considerably over the five hundred mark.

Mr. and Mrs. M. H. Nelson have brought suit against the Illinois Central and Tennessee Central railroads jointly, for \$1,500 damages.

The plaintiffs allege that by reason of the construction of a fill and culvert in building the "belt line" the defendants caused their land to be overflowed with water whenever it rains, resulting in damage to the property in the sum prayed for.

PHINNEY'S BAND

Will Be The Attraction Here on October Fifteenth

Frederick Phinney and his band will be one of the chief attractions at Philadelphia's "Founder's Week" celebration. Speaking of the preparations, the Telegraph says:

"The committee in charge of the musical-historical drama, 'Philadelphia,' which is to be given on Franklin Field, University of Pennsylvania, every night during the week of October 4 to 10, inclusive, and which will be one of the greatest spectacular features of the Founder's Week celebration, held an important meeting this morning at the Bourse.

The full program of the pageantry, the various tableaux and the numerous scenes to show the development of Philadelphia from the time of the early Dutch settlement was mapped out and orders given for the making of the different costumes for the many characters.

Frederick Phinney and his assistants have been at work for nearly four months preparing the music for the different chapters. For the musical end of the program there will be one band of one hundred pieces and two other bands of which will participate in the various scenes on the field.

By special arrangements, just completed in New York, eight grand opera stars have been engaged for the drama, and a number of the leading singing organizations of this city have volunteered for the various vocal selections."

Mr. Phinney has contracted to bring 55 musicians specially selected from the big celebration, and from four to eight grand opera singers to Hopkinsville for afternoon and night of October 15.

ARM WAS BROKEN

GOOD POSITIONS

While pitching in the second game of a double header between Hopkinsville and LaFayette at LaFayette Wednesday afternoon, Raymond Smith's right arm was broken. The young twirler was pitching fine ball but in some way, as he made a delivery, his arm was wrenched and the bone fractured.

The accident occurred in the seventh inning of the second game, after Pitcher Smith had won the first game for Hopkinsville. His work was gilt edged throughout, both games up to the time he broke his arm.

The fracture was reduced by Dr. Stone, of LaFayette, and the young man is now getting along very well.

UNION OF MISSIONARY WORK CONSUMMATED

Seventy-Sixth Annual State Convention Of The
Christian Church Is In Progress.—Program
Of Great Interest.—Attendance Is Large.

(From Tuesday's Daily)
The special train to the Kentucky Christian Missionary convention meeting in the city this week arrived early in the evening with three coaches filled with enthusiastic delegates from the vicinities of Cincinnati, Lexington and Louisville. So careful had been the arrangements for receiving and assigning the guests that only a short time elapsed before all the one hundred and fifty attendants had been driven to their respective homes of assignment.

The first session of the convention assembled in the magnificent auditorium of the new Christian church. The first evening program was opened by the singing of that stirring hymn "Onward Christian Soldiers," a hymn expressive of the great conquering movement of Christianity with which this church has had so much to do. The leadership of Mr. Hackelman was inspiring. Indeed it appeared as if the occasion required no leader, so full of spirit was the audience and so uplifting the superb tones of the splendid organ, ably presided at by Miss Nannie Long.

Responsive scripture reading was read by Rev. S. Boyd Whittle, of

Dayton, and prayer by Rev. Roger T. Noe of Louisville. Rev. Horace Kingsburg, of Harrodsburg, was especially apt and winning in his introductory remarks as presiding officer.

Rev. H. D. Smith read, as an address of welcome, a history of the Disciples in western Kentucky, dwelling especially upon the part played by the Hopkinsville church. He recounted the organization of the South Kentucky Missionary society, telling of its increasing labors from the promoting of mere Sunday school work to the wider evangelistic labors, the organization of churches, building of houses of worship, the assistance of young men in the ministry, etc. The thirty-three years of work had resulted in raising for south Kentucky missions \$165,000, Sunday school organized 140, churches organized 92, churches assisted in building 60, persons converted 11,000.

Special credit and praise were given Rev. W. J. Hudspeth, the present evangelist, who was spoken of as one who had "found them in debt and left them upon the solid ground of solvency; who had done the work of a drudge in the spirit of a King." Rev. E. J. Willis and Rev. J. W. Gant were shown to have done

splendid things in the field. Among the well-known leaders who had been furnished from this field to others were named J. W. Ligon, Joseph D. Armistead, T. B. Ligon, E. L. Porech, H. L. Calhoun, R. H. Crossfield and J. W. McGarvey, Sr.

In closing his remarks the speaker referred in particular to the history of the Hopkinsville church, speaking with special pleasure of the early work done by such men as Isaiah Boone, H. T. Anderson and Enos Campbell. It was shown that the church had been a liberal patron of both education and missions, appreciating the fundamental value of these to the church. The church here had shown its interest in education by the founding and liberal support of McLean college, and in missions by the purchase and education of Alexander Cross, the negro slave, who became the first foreign missionary of the Disciples in 1853, even before the organization of the Foreign Missionary society.

Lastly Mr. Smith recounted the labors and death of E. M. Gordon, the special missionary of Hopkinsville church to India who died in the parsonage of the church last June, and whose body lies in Riverside cemetery, to abide as a perpetual inspiration for loving loyalty to missions.

Mr. Smith's address was of rare character in its grasp of essential truth in religious life, in its classic clarity and beauty, and ought to be preserved in permanent form, printed and distributed among the friends of the church.

The address of welcome was fittingly responded to by Rev. H. C. Garrison of Danville, who spoke of "Greater Kentucky," prophesying of the day when through the processes of growth and elimination, Kentucky's better self would be up-

permost, when her fighting tendencies would be exercised in behalf of morality, truth and good citizenship.

Rev. J. W. Hagin read a partial report on future work, which recommended to the conventions that the two divisions of Kentucky mission work should be consolidated, that henceforth there should be but one executive committee, with headquarters at Lexington, that a special evangelist should be maintained as at present in western Kentucky, and that if found practical the state conventions should be held annually in or near Louisville. Certain conditions as to permanent funds were specified. The report was adopted unanimously. The union was consummated when, at the request of the Rev. Kingsburg, presiding, the two evangelists representing the two divisions of the work, came to the platform as bride and groom and were gracefully declared one with clasped hands, after which the audience stood and sang "Blest be the Tie that Binds."

Rev. Robt. N. Simpson, representing the Bluegrass, spoke with fine effect on the theme, "On to Lexington 1909."

LARGE REVIVAL MEETING.
CALHOUN, Ky., Sept. 22.—A revival is in progress at the Christian church of this place, being conducted by the Brooks brothers, general evangelists, which has already resulted in half a hundred converts, and has the prospect of many more.

Interest is spreading throughout the country. People are in attendance from Hopkinsville, Owensboro, Madisonville, and other points. The converts are chiefly adults, among those Thursday night, being a banker, a doctor, a lawyer, a merchant and a farmer.

The meeting will continue until the early part of next week. T. D. Moore, of Hopkinsville is the pastor of this church.

BOLD BURGLARIES

SEVERAL RESIDENCE WERE ROBBED ON CIRCUS DAY.

Homes of Henry Frankel, Luther Haydon, Max Meyer and Charles Daniel Were Entered.

(From Tuesday's Daily.)
Thieves operated very successfully in Hopkinsville yesterday.

Four houses were entered and in every instance the family was away from home. The thief was evidently a professional for he entered each place without forcing any locks or raising windows which were not locked, and went through the various articles of furniture without badly disarranging the contents. The houses robbed were those of Henry M. Frankel on South Main street; Max Meyer, on South Clay street; Luther Haydon, of Second Avenue East, and C. L. Daniel, on South Virginia street.

In every case the thief was looking for money and articles of jewelry, and no silverware, ornaments or such were taken. In only one instance was there any clue furnished and the police are now looking for a white man, about 24 years old, dark hair, dark clothes, medium size, straw hat with black band, in the hope that he proves to be the guilty party.

Mr. Haydon's house was entered yesterday morning while the mem-

bers of the family were down in town watching the circus parade. They lost a ladies' gold watch, four rings, one of them set with diamonds, a gold cross and about \$50 in money. One of the silver dollars taken was marked either with the initials L. H. or the name of Luther Haydon.

At Mr. Meyer's, four rings, two of them diamond set, a gold watch, a pair of bracelets and about \$100 in money was secured.

The robbery at Mr. Frankel's was the most expensive reported. Many drawers were opened, and in a wardrobe in Mrs. Frankel's room the thief found a box of jewelry and rifled the contents. The loss will amount to over \$1,000, and includes Mrs. Frankel's diamond engagement ring, wedding ring, gold necklace, gold watch, several other rings, diamond and topaz pins, pocketbook containing old coins and \$20 and \$10 gold pieces, and numerous other pieces of jewelry.

The residence of Dr. R. L. Woodard on South Virginia street, was entered Sunday and a purse containing \$7.50 was stolen.

Every effort is being made to apprehend the thieves, and the police departments in all of the cities and towns in this region have been notified of the robberies.
