time for compromise. LEO (July 23 to Aug. 22) ♌
Though the climate is ripe for romance, warning signals are posted re health. Don't overdo or be neglectful of physical well-being.

VIRGO (Aug. 23 to Sept. 22) ♍
Children could get on your nerves. Money may be the issue. An evening nap or moments by yourself keep you on top of things.

LIBRA (Sept. 23 to Oct. 22) ♎
Accept invitations, but domestic concerns work against inviting others over. A family member has something on his mind and may be tense.

SCORPIO (Oct. 23 to Nov. 21) ♏
Misunderstandings are possible. Stay clear of gossip and be careful while traveling. Little things could aggravate you now.

SAGITTARIUS (Nov. 22 to Dec. 21) ♐
Unexpected expenses possible re travel. Money an issue between you and a friend. Still, your overall outlook should be bright.

CAPRICORN (Dec. 22 to Jan. 19) ♑
Don't let self-confidence cause you to come on too strong. You may feel others fail to recognize your importance. Be patient.

AQUARIUS (Jan. 20 to Feb. 18) ♒
A social event may be marred by someone's contrary attitude. You don't have to win every argument. Find ways to retreat gracefully.

PISCES (Feb. 19 to Mar. 20) ♓
Work may prove more rewarding than play. Friends could change plans or may not be in a party mood. You may not appreciate someone's advances.

YOU BORN TODAY can be successful in business but are more at home in the arts. Writing, playwrighting, acting, music, and painting would provide a suitable outlet for your dramatic nature. Do not let a desire for material success keep you from taking a chance on your individuality. Your greatest success comes through doing your own thing. You have executive ability and can also succeed as a teacher, engineer, lecturer, politician, or lawyer. Usually you have some humanitarian interest that also concerns you. THE ACES

IRA G. CORN, JR.

"The trouble with today's work-less philosophies is that they don't work." — Arnold Glasow.

Declarer had to put in some overtime to bring in today's shaky game. He could see that a small slam in diamonds was a cinch, so he had to salvage something by finding nine quick tricks.

Declarer was Claude Rodrigue of London and his off-beat one no trump opening was made at rubber bridge. How much easier to have played a game or slam in diamonds!

West's heart jack was ducked in dummy and East's king won. A heart came back to dummy's ace and declarer was in obvious trouble. Nevertheless, this was no time to quit.

The diamond jack was led from dummy, hoping for a fortuitous cover by East with Q-4 or K-4. Had this taken place, the diamond suit would run and East would be left with a blush. When East played low, declarer went straight up with his ace in quest of other chances.

A spade was led to dummy's king and a spade was successfully finessed to the jack. Next, declarer cashed the spade ace and West was in considerable pain. If he discarded the high diamond, dummy's diamonds would be high and, if he discarded a club, a winning finesse would bring in that suit for nine tricks. So West reluctantly parted with a heart.

Pouncing upon his good fortune, declarer led a diamond to West's king and now the defense could take only three more heart tricks while declarer made

Trouble with gas

DEAR DR. LAMB — Perhaps you can help me with what I consider a serious problem. It may not be serious compared with some others but it is to me. I produce more natural gas than the local gas company and I'm getting better at it all the time.

I just turned 50 and am in perfect shape physically. I'm active and live a busy life. I really don't know what to do about this problem. It's not the kind of subject that's discussed at cocktail parties but after three hours at the theater, I'm ready to pop.

Is this a physiological problem, a diet problem or a sign of an ulcer growing or what? Can you give me some suggestions?

Atkins Asks Nunn To Reveal Circumstances About \$100,000

By THOMAS S. WATSON
Associated Press Writer

LOUISVILLE, Ky. (AP) — A spokesman for Democratic gubernatorial nominee John Y. Brown Jr. has challenged Louie B. Nunn to tell what he knows about \$100,000 in "Watergate money."

George Atkins, state co-chairman for Brown, said Nunn claimed to have information on the money that was "delivered to his office when he was governor back in 1971."

Atkins, the state auditor, said Wednesday that "if indeed, Mr. Nunn has the sort of information he claims to have, he has the responsibility to

make this information known to the proper authorities. One wonders why Mr. Nunn has suppressed this information all these years and why he has failed to give it to the proper authorities."

Atkins further contended that "suppression of evidence is in itself a punishable offense."

He said Kentuckians "have a right to know exactly what Mr. Nunn's connection is to this money and why the \$100,000 was not reported as expenditures on Tom Emberton's campaign reports since that allegedly is where the money went."

In responding to Atkins' remarks, Richard Lobb, press

secretary for GOP nominee Nunn, said, "we have noticed that Mr. Brown's campaign has taken on a personal tone lately."

"While Louie Nunn has been discussing the issues, John Y. Brown Jr. has been criticizing his personality and we think it's unfortunate that a statewide elected official (Atkins) has been reduced to the role of a waterboy for a man who is trying to buy the governorship of Kentucky," he said.

Brown's camp also announced endorsements from the Kentucky Legislative Board of the United Transportation Union and the Associated Professional Firefighters of Kentucky.

Nunn, meanwhile, told a meeting of the Kentucky Federation of Women's Clubs at Fort Mitchell that the family "is in trouble in Kentucky."

He said the symptoms of a nationwide problem include the increasing divorce rate, the number of single-parent households, children left alone all day without adult supervision, and neglect of child immunization and other health programs.

Nunn said his first priority if elected would be to improve education "the first time around" so as to encourage young people to stay in school and finish their educations.

Nunn said he wants to encourage continuing education for adults and 12-month "around-the-clock use of the schools."

Dear Abby
By Abigail Van Buren

DEAR ABBY: The practice of "saving seats" needs some guidelines much like the guidelines for tipping. I recently attended a graduation exercise where two people arrived early and "saved" 20 seats in the front row for the rest of the family who arrived one minute before the activities started!

At least 500 people walked down to the front row during that time, thinking those seats were available.

Because no guidelines exist with regard to this practice, all persons honored the "Sorry, these seats are taken," explanation.

May I suggest a rule? One person may save ONE SEAT ONLY in public places.

Because this situation occurs frequently, your comments would be greatly appreciated.

NO SEATS IN LINCOLN, NEB.

DEAR SEATS: Your suggestion makes a lot of sense. But a trend has to start somewhere; I'm willing. How about you? Readers!

DEAR ABBY: I am married to a very affectionate man. Don't get me wrong, I'm not complaining; I'm lucky, but I think there's a time and place for everything. My problem is that Henry will pinch me on the behind, or make a grab for me in front of the kids, and it makes me very uncomfortable.

I don't mind being patted and pawed when Henry and I are alone, but I get embarrassed when he does it in front of the kids. When I tell him how I feel about this, he says it's good for the kids to see this kind of thing at home, and it's nothing to be ashamed of.

I agree, kids should witness love and affection between parents, but isn't there a limit? And if so, where is it?

THE OBJECT OF HIS AFFECTIONS

DEAR OBJECT: Love and affection are indeed beautiful. And children who witness it at home are blessed. But the limit is reached when you begin to feel uncomfortable.

DEAR ABBY: You told AMERICA FIRST, who objected to our taking in the boat people:

"Unless you are a direct descendant of the American Indian, you wouldn't be here if your forebears hadn't sought refuge from another country."

Am I to assume that you do not recognize over 20 million blacks in this country who are NOT descendants of American Indians?

OFFENDED IN VALLEJO

DEAR OFFENDED: You are right. I apologize for having overlooked the fact that YOUR ancestors were brought here in chains—to the everlasting shame of those who were guilty of such outrageously inhumane conduct.

DEAR ABBY: A friend of mine who lives in Hollywood says there is a cologne called "Entice" that is going over big out there, and—are you ready for this—it smells like "sweaty ballplayers!"

Will you please check it out for me?
CAN'T BELIEVE IT IN OHIO

DEAR CANT: I did, and there is!

Though 3-1, Caldwell Co. 'Opens' Its Season Friday Against 2-3 Murray High

By TONY WILSON
Ledger & Times Sports Editor

Victories in three games and a one-point loss in another indicate a good start, but the real beginning, says Caldwell County coach Al Giordano, has yet to come.

"We've already told our kids that our season opens Friday," Giordano said by phone this morning. "Let's face it: a loss puts us out of it."

So when Caldwell and Murray High lock horns Friday in Princeton at 7:30 p.m., more will be at stake than a district win for one team and a loss for another.

"Certainly, Caldwell knows that to have any chance at all in this district, they feel they have to beat us," says Murray coach John Hina.

Murray has already played and lost three district games, and all to the favorites for the title — Mayfield, Fort Campbell and Heath. The latter came by an 8-2 decision last week at rain-soaked Ty Holland Stadium.

Caldwell County, meanwhile, opens its district schedule against Murray High after winning three of four games. Its only loss, though, came by a 13-1 count to Madisonville last Saturday in a game that was postponed a day because of the heavy rains.

And while the loss doesn't particularly upset Giordano, the way in which his team lost does. The Tigers raced to a 13-0 first-quarter lead on touchdown runs by its star fullback, Neal Cummins, before the Maroons rallied for the victory.

"Our schedule so far hasn't been the toughest by a long shot," said Giordano. Caldwell first three opponents — Crittenden County, Christian County and Trigg County — are all still winless.

Cummins, a 5-11, 205-pound senior, shone in all four games. He has averaged 160 yards rushing an outing, and Giordano says Cummins is being looked at closely by "all the people around: Austin Peay, Murray, Western and Kentucky."

Cummins scored 12 touchdowns and rushed for 1,280 yards last season as the Tigers went 6-3, but he was the only offensive starter that returned for this season.

Of the replacements, says Giordano, the biggest surprise has been senior Jimmy Rahn. Originally slated for defensive back action, Rahn earned the starting quarterback spot and has performed admirably.

"We run the veer offense, and that's tough for a new person to learn," he says. "But Jimmy has done an excellent job in his

execution." Heath coach Jack Haskins felt that the weather had a lot to do with the closeness of his team's 8-2 victory over Murray High, but Hina feels the reverse might have been the case.

"I think he (Haskins) said the rain and slick field took away their strength — speed — but I think it hurt us more than it did them," he said. "It totally nullified our passing game, and it was hard to run any sort of sweep. We were forced to run straight ahead, and they were able to key on it."

Hina also said that what he felt was Heath's biggest weakness, its punting game, was offset by the weather. "We couldn't put much of a rush of them because we simply couldn't get any traction," Hina complimented the punting of Nick Swift, who ignored the muddy field to punt six times for a 35-yard average, including 48- and 50-yard kicks.

Murray High's Dwight McDowell (61) and Jon Wissman stood on the soggy sidelines during last week's 8-2 loss to Heath. Friday, the Tigers hope to break a three-game losing streak against Caldwell County in Princeton.

Deadly District Tigers, Others Tackle An Imposing Schedule

These haven't been the best of football times for Murray High. With three straight district losses having eliminated the Tigers from playoff possibilities, coach John Hina is faced with the tough task of motivating the Tigers to win for the sake of winning.

Tony Wilson

Ledger & Times
Sports Editor

Too, he must ready his squad for competing against fellow teams in a district that has been tabbed by many coaches as the toughest, barring all classes, in the state.

There's Mayfield, at 6-0 and the owner of a 32-game winning streak, at the top of the heap; there's Heath and Fort Campbell, who are both 4-1; and there's Caldwell, the Tigers' Friday night opponent, who is 3-1. Those four teams, whom the Tigers have played or will play, sport a combined won-lost record of 17-3.

Murray has played solid, fundamental football against all its opponents, something especially difficult to do when one knows the next game offers no letup. But the schedule didn't always emit such overpowering tremors.

Before this season, the Class AA First District, of which Murray High is a member, contained six teams. And a team was required to play four district opponents. That posed for some problems.

Obviously, a team would attempt to schedule district opponents that usually don't field as strong a team as, say, Mayfield, Heath or Murray. Thus, at season's end, coaches, players and fans would be as confused as anyone when two or more teams owned identical district records.

Because then the complicated Dickerson System came into play, which rated teams not only on its district record, but also on the degree of difficulty of its schedule against non-district opponents.

That all changed this year. The Kentucky High School Athletic Association decided that each team would play all the other teams in its district, unless the district was too large. Then it was divided into subdistricts, and teams were required to play one another within that subset.

That ruling failed to help the First District, however. Fort Campbell moved from Class A to Class AA and joined the ranks of Murray, Mayfield and the rest of the First District, upping the total of teams to seven, just one below the district-dividing minimum.

Pirates, Reds Bolster Pennant Hopes

By KEN RAPPOPORT
AP Sports Writer

Phil Niekro is one guy who doesn't like to give his younger brother a beating.

He especially felt bad about it Wednesday night.

"I'm not proud of what I've done," Phil said after outdueling his brother Joe in what amounted to a family affair.

The result was a 9-4 victory

for Phil Niekro's Atlanta Braves over Houston, dampening the Astros' hopes for the National League West title.

The defeat left the Astros 2½ games behind the Cincinnati Reds, who defeated the San Diego Padres 4-3. The combination reduced Cincinnati's "magic number" for clinching the West crown to merely two games.

NATIONAL LEAGUE

The triumph provided Phil with his third 20-victory season. Joe Niekro, already a 20-game winner, was visibly crushed by the defeat.

In another big game Wednesday night, the Pittsburgh Pirates whipped Montreal 10-1 and took a 1½-game lead over the Expos in the NL East.

Elsewhere, the Philadelphia Phillies trimmed the St. Louis Cardinals 11-5, the New York Mets defeated the Chicago Cubs 8-3 and the Los Angeles Dodgers beat the San Francisco Giants 8-4.

Phil Niekro gave up eight hits, walked one and fanned six, moving into a tie with Sandy Koufax on baseball's all-time strikeout list with 2,396.

Reds 4, Padres 3 — Dave Collins' RBI single capped a two-run rally in the eighth inning as Cincinnati defeated San Diego. Collins' single

came after doubles by Ray Knight and Heity Cruz had tied the game off loser Randy Jones, 11-12. Tom Seaver, 16-6, pitched eight innings for the victory before leaving the game for a pinch hitter. Tom Hume finished for Cincinnati to earn his 17th save.

Pirates 10, Expos 1 — Phil Garner and Tim Foli drove in three runs each and Bruce Kison scattered seven hits to lead Pittsburgh over Montreal. The victory reduced Pittsburgh's number for clinching the East to four games.

It was the last regular season meeting between the two teams. The Pirates won 11 of 18 games and they won't meet the Expos again unless the division race ends in a tie.

Kison, a clutch stretch-run pitcher in his nine-year Pirate career, raised his lifetime September record to 22-6.

Phillies 11, Cardinals 5 — Philadelphia scored seven unearned runs in the third inning, including a three-run homer by Tim McCarver, en route to a home season-ending victory over St. Louis.

Pete Rose's 23-game hitting streak, longest in the majors this year, was stopped when the Phillies' star went hitless in five appearances.

Winner Steve Carlton, 17-11, worked seven innings while Silvio Martinez, 15-8, took the loss.

Mets 8, Cubs 3 — Richie Hebner drove in four runs with a homer and a double to lead New York over Chicago. Hebner, who extended his hitting streak to nine games, hit his 10th homer of the season in the first inning after Donnie Moore walked Lee Mazzilli. The Mets chased

Moore in the fifth with four runs, two of them on Hebner's double.

Dodgers 8, Giants 4 — Run-scoring singles by Dave Lopes and Bill Russell in the fourth inning led Los Angeles over San Francisco. The Dodgers

entered the fourth trailing 3-2. Then Von Joshua started the winning rally with a single and stole second. After pinchhitter Vic Davalillo beat out an infield single, Lopes' hit produced a tie and Russell's single sent the Dodgers ahead to stay.

Thompson Is Stellar On Defense At Harding

SEARCY, Ark. — Murrayan Kerry Thompson blocked one field goal attempt and was instrumental in holding Southwest Missouri, ranked second nationally in team offense among NCAA Division II teams, to just 10 points during Harding University's 10-0 loss last week.

Thompson, a 6-2, 195-pound linebacker for Harding, earned a starting spot for the Bisons this season. "Kerry had a fine game for us," said Harding coach John Prock. "When we needed him to come through for us he did."

Thompson, a junior at Harding, is the son of Mr. and Mrs. David Thompson of Murray.

History Maker?

Rice Hopes To Become Only 4th Player To Achieve Feat

By BERT ROSENTHAL, AP Sports Writer
Boston slugger Jim Rice thought that when he collected his 200th hit of the season, making him only the 17th major league player in history to accomplish that feat three times in a row, his goals for the year were over. He was wrong.

"I wanted the 200," Rice said Wednesday night after rapping a run-scoring single in the first inning, helping the Red Sox beat the Toronto Blue Jays 6-4. "I don't normally set goals, but it was the only thing left to shoot for after we were knocked out of the (American League East) race."

But Rice had a surprise waiting for him. He then was informed that he needed only one more home run to become the fifth player in the history

of the majors to hit 40 home runs and have 200 hits in two consecutive years.

AMERICAN LEAGUE

The last player to do it was Jimmy Foxx of the Philadelphia A's in 1932-33. The others were Babe Ruth of the New York Yankees in 1923-24, Chuck Klein of the Philadelphia Phillies in 1929-30 and Lou Gehrig of the Yankees in 1930-31.

Very exclusive company. Ruth, Gehrig and Foxx all are members of baseball's Hall of Fame and Klein is acknowledged as one of the game's outstanding hitters.

Rice has four games left to hit his 40th homer of the season and match those all-

time greats. The Red Sox play home against Toronto tonight and are at Detroit over the weekend for three games.

"Now, I've got something more to shoot for," said Rice, who last year became the first American Leaguer to amass more than 400 total bases since Joe DiMaggio of the Yankees did it in 1938.

Rice, the AL's Most Valuable Player in 1978, finished the year with 406 total bases as he won the league's slugging title with a .600 percentage.

In other AL games, the Baltimore Orioles routed the Detroit Tigers 13-2, the Kansas City Royals blanked the California Angels 4-0, the New York Yankees topped the Cleveland Indians 6-3, the Seattle Mariners whipped the Milwaukee Brewers 8-1, the Texas Rangers downed the Oakland A's 5-2 and the Chicago White Sox edged the Minnesota Twins 6-5 in 10 innings.

In addition to the on-field heroics by Rice and Lynn, the Red Sox made some news off the field as Manager Don Zimmer was given solid support by General Manager Hayward Sullivan, spiking persistent rumors that Zimmer would be fired.

Orioles 13, Tigers 2 — "That's really something, wins No. 1,000 and 1,100 in the same season," exalted Baltimore Manager Earl Weaver after the Orioles had won their 101st game of the year.

The East Division champions gave Weaver his 1,000th victory on opening day in April. They gave him No. 1,100 against the Tigers with the help of homers by Eddie Murray, Benny Ayala and Doug DeCinces.

Royals 4, Angels 0 — Frank White smashed a two-run homer, a triple, a double and a single while Dennis Leonard pitched a five-hitter and struck out eight as the Royals defeated California's West Division champions.

Penn State To Lose 2nd Straight?

Picker Says Trojans, Irish To Fall

By WILL GRIMSLEY, AP Special Correspondent

The "Week After" is college football's "Monday Morning Hangover." It's deadly. When a heavily favored team or one with an extended winning streak gets upended, it is almost impossible to get it motivated the next Saturday.

This is the stuff of which upsets are made — that plus complacency. These are lessons learned agonizingly by Colorado, Georgia and Texas A&M, the Aggies before bouncing back against Penn State.

This rule of thumb bodes trouble this week for Notre Dame and Penn State. Complacency could be the stumbling block for mighty USC: Beware the Ides of the Bayou.

and speed, catches the Fighting Irish in the doldrums.

Alabama 38, Vanderbilt 7: This was once one of Dixie's fiercest rivalries. Remember Dan McGugin?

Oklahoma 45, Rice 7: The Owls don't have the bulwarks to keep Billy Sims from another 100-yard game.

Texas 23, Missouri 13: Steve (Bam Bam) McMichael and his friends count tackles like pocket change for the Longhorns.

Nebraska 24, Penn State 20: Cornhuskers average around 500 yards a game, which should be enough to engulf the downhearted Easterners.

Houston 40, West Texas St. 0: The Cougars, with 270-pound tackles, should be nabbed for cruelty to fellow humans.

Michigan 28, California 19: If the Wolverines start looking ahead to hated Michigan State, the result could be reversed.

Washington 37, Fresno St. 12: A breather for the Huskies before they tackle the meat and crustle of their schedule.

Purdue 34, Oregon 13: On this exploratory trip to the West Coast, Mark Herrmann should take a look at the Rose

Bowl. Arkansas 26, Tulsa 7: With Tom Jones, Bert's kid brother, sharing the controls, the Razorbacks go by air instead of land.

Florida St. 32, Virginia Tech 17: The Seminoles have most of the pitchers and catchers back from the team No. 3 in offense in '78.

Southern Methodist 20, Tulane 14: The Green Wave will have trouble stopping freshman Charles Wagener (184 yards rushing last week).

North Carolina 27, Army 10: It's been a nice start for Army Coach Lou Saban but he hasn't seen the likes of Matt Kupec.

Sports Network ESPN Has Lured Several NBC Executives To Its Ranks

By FRED ROTHENBERG
AP Sports Writer

Chet Simmons' shoe, soft leather and shiny, is now on the other foot, and it's being used to kick his former employer, NBC.

Simmons, let go as president of NBC Sports early this summer, landed squarely on his feet as president of the Entertainment and Sports Programming Network (ESPN) — the cable TV supplier which is now on the air with all-sports programming and eventually plans to show sports 24 hours a day, seven days a week, every week of the year.

While sitting in his NBC office last May, Simmons told The Associated Press he was concerned about the glut of sports programming on TV, including ESPN's ambitious plans of mainlining sports

directly into the athletic ad-dict.

Commentary

"My immediate concern is with the dilution of the product," Simmons said then, referring in particular to cable competition with NBC's baseball broadcasts. "But long range, I have to be thinking about an eventual loss of sports programming. Cable is growing so big, and there's so much money available."

Now, as the ESPN boss, he smiles when he says: "There's a diluting affect that I'm still concerned about. But you have to look at each sport separately. For many events, we can give audiences things that they don't have an op-

portunity to see, like the early-round matches of tennis tournaments."

And now, as the ESPN boss, he can laugh and call the brand new cable operation "NBC North", while more NBC employees are defecting to ESPN every day. Already, ESPN has snared announcer Jim Simpson, business affairs administrator James Dullaghan and Scotty Connal, a 32-year veteran at NBC who was vice president for sports operations.

One year before NBC begins the most mammoth TV operation ever, the Moscow Olympics, the raid of Connal hurts the most.

"That was quite a loss," admitted one high NBC executive, who requested anonymity. "Connal oversaw all our operations. During the overlap of football and baseball seasons, he's been quite a loss — the one we feel the most. This couldn't have come at a worse time."

The staple of the programming will be college sports. The sports junkie tuned into ESPN could get a bachelor of sports diploma in no time. This weekend, for example, ESPN will have soccer games between Rhode Island and Brown, Duke and Clemson and Indiana and Notre Dame, plus the following NCAA football games Sunday: Wisconsin-San Diego State, Shippensburg-Slippery Rock, Washington State-Syracuse and Southern Cal-Louisiana State.

ESPN, backed by a \$16 million investment from Getty Oil, now has a potential audience of five million homes, with industry estimates reaching 12 million by 1982 and 18 million by 1984. Commercial television reaches 75 million homes.

But sorry sports fans, ESPN will have commercials, too. The network, for example, has already signed Anheuser-Busch for \$1.38 million. Simmons does promise no commercial breaks during the action.

Shavers Promises Knockout

By the Associated Press
LAS VEGAS, Nev. — Larry Holmes will not see the same Earnie Shavers he easily beat last year when he defends the World Boxing Council heavyweight championship Friday night, says the 35-year-old Shavers.

"When the horse gets so old you can't teach that horse new tricks," the 29-year-old Holmes said Wednesday.

In their first fight, Holmes won a one-sided 12-round decision that earned him his title-winning shot against Ken Norton.

"I hurt him in the second round with one punch," said Shavers, who contends he was bothered by managerial problems and was not in top condition for the first fight. "If

I had thrown combinations, it would have been over. This time I will. I will knock him out in five rounds."

"I don't really believe Shavers has the punching power he says he has," said Holmes, who also feels he will win inside the 15-round limit.

Shavers earned his second title shot — he was outpointed by Muhammad Ali in 1977 — by stopping Norton with a two-fisted onslaught in the first round last March 23.

This will be Holmes' fourth title defense and his first since he looked unimpressive in stopping little-known Mike Weaver in the 12th round last June 22. "I learned I got to discipline myself," said Holmes, who admitted he was overconfident against

Weaver. Shavers said he doesn't expect to see the same Holmes that fought Weaver. "Larry is a much better fighter than that," he said.

One big difference for Holmes between the Weaver fight and Friday night's bout is money. The champion is guaranteed \$2.5 million for the fight that will be televised nationally by ABC. He fought for a percentage against Weaver in a bout that was not televised and says that promoter Don King gave him \$450,000.

Shavers is getting \$300,000, the same amount he got for fighting Ali.

Also on the card are top welterweights Sugar Ray Leonard and Roberto Duran,

WBC super bantamweight champion Wilfredo Gomez and heavyweights Jimmy Young and Michael Dokes.

Leonard, of Palmer Park, Md., will fight Andy Price of Los Angeles and Duran, of Panama, will fight Zeferino Gonzalez of San Jose, Calif., in two scheduled 10-rounders that will be televised live.

The ABC telecast will from 8 p.m. to 8 p.m. PDT.

Gomez, of Puerto Rico, will defend against Carlos Mendoza of Panama in a bout that will be taped for television. How long the Leonard, Duran and Holmes fights last will determine whether the 10-rounder between Young, of Philadelphia, and Dokes, of Akron, Ohio, will be televised.

District Is Loaded With Talented Teams

Continued from page 11

That could be simply solved, though, one might say. Just find another team that will join and draw the number to eight. "That won't happen," says Hina. "There's no team willing to join this district, because they know how tough it is."

So Murray and the rest of the teams are forced to play seven district games, a large portion of a 10- or 11-game schedule, and that puts a great deal of pressure on almost every Friday night.

Too, it may lessen the excitement of the games of traditional rivals, like Murray vs Mayfield, since more hinges on the outcome that simply who wins. It also counts in the district standings, and a coach might not be willing to gamble as readily if he knows a loss dumps him from the district race.

"We've had some great games against Mayfield and our other big rivals," says Hina. "But it's really advantageous to play them when it isn't a district game, because there isn't as much pressure and the kids can have more fun."

That was the case before 1975. Prior to that season, Murray was a Class A school, and many of its opponents, including Mayfield, were nondistrict ones.

Now, though, it's a different story. Murray High will play its fourth consecutive district game Friday. The pressure's on.

Assisting Evans, who is in his eighth year at the school, will be Robert Hodge, a graduate of Tennessee State at Nashville and who has been at the school for 15 years. **Janie Evans**, the director's wife is the color guard instructor. Also a University of Tennessee graduate, she has been with the band for eight years.

The band's eight-minute show will include seven numbers: "Heaven on My Mind" from the musical, "Jesus Christ, Super Star";

"Buglers' Holiday," featuring the band's trumpet trio of Tom Shewchuk, David Koelz and Todd Adams, all seniors; "Come in from the Rain," featuring junior Gil Robbins in a trombone solo.

Also, the band's concert number, "I Will Survive," featuring Koelz and Shewchuk in trumpet solos and a French horn duet of Becky Clayton and Larry Grisson, both seniors; "Sweet Georgia Brown" from "Porky and Bess" and featuring senior Mark Sellers on the tuba.

Concluding the show will be a percussion feature and "Brian's Song," featuring Adams in another trumpet solo.

The Marching Racer Band will perform before the game as well as the half with the pregame show beginning at 7:15 p.m.

At the halftime, the Murray musicians will present:

"Divergents" from "The Wizard of Oz" and featuring Kevin White, Desloge, Mo., and the entire drum line in special presentations; "My Way," a ballad; and the band's concert number, "Land of Make Believe," featuring Randy Herpel, Springfield, Ill., and Terri McConnell, in trumpet solos.

An added feature of halftime will be recognition of the parents of Murray State students on the campus for Parents' Weekend Friday and Saturday. A plaque will be presented to the parents who traveled the greatest distance to attend.

Activities for parents will begin Friday evening when they will be guests for a concert by the Duke Ellington Orchestra. Scheduled at 8 p.m. in Lovett Auditorium, the concert will also be open to students for \$1 each and to the general public for \$3 each.

Saturday plans for the parents include the following: an open house in residence halls, academic departments, and fraternities and sororities from 10 a.m. to noon; a tour of Roy Stewart Stadium, followed by a reception in the Racer Room from 1 to 3 p.m.; and a jazz and dixieland music and comedy skit show from 2:45 to 4 p.m. in the Student Center auditorium.

Tax... (Continued from Page 1)

\$100 valuation to 15 cents per \$100 valuation on March 26. The board voted not to honor a petition calling for a referendum on the tax increase in the May primary because the petition was improperly filed.

The county school tax has increased from \$181,576.69 in 1978 to \$343,975.12 in 1979.

City tax bills, which city residents received in August, are due by Oct. 31 without a penalty, according to city clerk Jo Crass. A 10 percent penalty is added Nov. 1, and 6 percent interest is charged on unpaid bills after Jan. 1, 1980.

General fund taxes for this year are \$602,931.67, as compared with \$562,050.31 in 1978. Part of the general fund tax goes into the policemen and firemen's pension fund, as required by state statute. For every 32 cents that

goes into the general fund, Mrs. Crass said, 2.6 cents goes to the pension fund.

The city school tax, which is also collected by the city clerk, is \$350,300.71 this year. In 1978, the city school tax was \$330,556.23.

House Bill 44 also provides that the state rate on real property be adjusted each year to limit annual statewide additional revenue to 4 percent, including revenue from new real property.

The tax due on an individual property can be in excess of a 4 percent increase if the assessment is increased more than the average for the entire district. However, the overall revenue produced in any district cannot increase more than 4 percent, excluding revenue from new real property, without advising the public of their right to call an election to vote on the tax rate.

Unpredictable Forces Confuse, Confound Weather Watchers

By THOMAS S. WATSON
Associated Press Writer
BEATYVILLE, Ky. (AP)

Folklore signs used to be considered accurate indicators of what kind of winter to expect, but unpredictable forces have confused some weather watchers and caused them to lose confidence in Mother Nature.

"Its just guesswork," admitted Clarence Farmer, 90, of Lee County in the Daniel Boone National Forest area of east-central Kentucky. "Go ask the wolly worm!" he suggested.

The intrepid wolly bear caterpillar has long been used as an indicator of the kind of winter to expect although he's lost respect since scientists have noted that different species of the worm are striped differently.

"Haven't seen a wolly worm this year," Farmer said, "but its said that if he's got black on his head, brown in the middle and black on his tail, the winter will begin rough, there will be a break, then another week of hard weather."

Farmer said a friend of his

picked up a solid black wolly worm a few years back and gasped at the discovery. "If he's all black, its said you'll have winter straight through with no breaks. Sure enough, it was a bad winter," Farmer said.

Naturalist Nevyle Shackelford, who lives in the same neck of the woods as Farmer, recently found a bald hornets' nest that had been constructed just a few inches off the ground. That's a sure folklore sign that there won't be any deep snows during the coming winter, he said.

Shackelford said folklore signs are fun to study and

compare to what actually occurs, but admits "I hold more stock in the National Weather Service."

The number of fogs in August has also been a traditional folklore sign of how many snows to expect and the density of the fogs traditionally indicate the depths of the snows.

"The total number of days with fog was 24," Peter J. Tellez of the National Weather Service in Louisville said. "There were two days in August when visibility was less than a quarter of a mile."

A plentiful crop of nuts and early activity by squirrels

storing them is supposed to signal a hard winter ahead, according to folklore, but wildlife experts say the growing season for nuts was lengthened this year by excessive rain, so the squirrels have had no reason to be hyper-active.

The opening day for squirrel hunting Aug. 18 was a real bummer. They were in the hickories like they should have been but weren't as concentrated as before," Bill Graves of the Kentucky Department of Fish and Wildlife said. "But August is really too early to hunt them," he added.

Warren County Water District To Begin Installation Of Line

BOWLING GREEN, Ky. (AP) — The Warren County Water District will soon begin installation of a 10-inch water line to Smiths Grove, where it has been providing emergency service.

Liles said Smiths Grove residents would pay less to get water from the county system than to maintain the separate town water system. He said the residents use an average of 2,300 gallons a month and pay \$8.50 for it. They would pay \$6.54 for the same amount from the county system, he said.

"It looks like everybody will be in favor of it, and in view of their present situation, we decided to go ahead and hook them up," Liles said.

The county district has been

Historic Property Owners Encouraged To Use Markers

FRANKFORT — The Kentucky Heritage Commission is encouraging owners of historic property to identify the sites with decal markers.

Property listed on the National Register of Historic Places or the Survey of Historic Sites in Kentucky may display the decals which are available from the Heritage Commission at a cost of \$2. Blue decals identify National Register sites — green ones are placed on survey sites.

The historical decals first became available in May.

The \$2 payment can be sent by check or money order to the Kentucky Heritage Commission, 104 Bridge Street, Frankfort, Ky. 40601. Orders should include the historic name and location of the property and should indicate whether it is listed on the National Register or the survey.

Calloway Board Expels Student

Due to the age of the student, details on the matter were not released.

The News In Brief

INTERNATIONAL VIENNA, Austria (AP) — OPEC finance ministers meeting here today feel the sagging dollar is cutting their oil revenues, but a spokesman said they have no immediate plans to switch the currency used to set petroleum prices.

Hamid Zuberi, spokesman for finance ministers of the

Organization of Petroleum Exporting Countries, said the group would discuss the falling value of the dollar, replenishment of the OPEC aid fund and increased cooperation between members to deal with developments in international oil markets.

MOSCOW (AP) — A planned tour of the United States by the Moscow Symphony Orchestra "will not take place" as scheduled, Soviet official sources said today.

Soviet authorities had been reported earlier to be having second thoughts about the tour following the defection of five prominent Soviet artists in the past month. The tour was scheduled for Oct. 3 through Nov. 4.

DUBLIN, Ireland (AP) — An elite anti-terrorist unit carrying submachine guns will escort Pope John Paul II everywhere on his three-day visit to Ireland starting Saturday, and they will be backed by 12,000 troops and policemen in Ireland's biggest security operation since its founding 58 years ago.

WASHINGTON

WASHINGTON (AP) — For eight or nine hours, the seven men grilled CIA agents and analyzed secret data on the

situation in Cuba. Their mission: "Get all the facts" and help President Carter decide what to do about the armored Soviet brigade 90 miles off American shores.

The elite study group was headed by former Secretary of Defense Clark M. Clifford, who said Wednesday. "The president wanted to get a group of very experienced men to explore fully all the facts regarding the Cuban situation."

WASHINGTON (AP) — In a hand-written note, President Carter has told Sen. Edward M. Kennedy he meant no reference to Chappaquiddick when he said he himself could handle a crisis without panic.

Kennedy said he was glad to get Carter's note Wednesday, but did not consider it an apology. White House press secretary Jody Powell said the message was an "explanation" after what the president called "grossly exaggerated" press accounts of a remark he made Tuesday at a "town meeting" in New York City.

NATIONAL

TUCSON, Ariz. (AP) — Acting on Gov. Bruce Babbitt's orders, National Guardsmen have entered the American Atomics Corp. plant and seized radioactive tritium in an action the company

called "absolutely crazy." The company said Babbitt's order for guardsmen to pack and remove the radioactive substance could endanger Tucson residents.

The plant, which used tritium to make luminous watch dials and signs, was shut down in June after \$300,000 worth of food intended for school children was found to be exposed to radiation.
