JURY TAKES RECESS

WILL MEET AGAIN FOR MORE WORK NEXT MONDAY.

Man Who Buncoed The Mayor is Indicted.—What is Doing in Circuit Court.

(From Wednesday's Daily)

The grand jury this morning returned into circuit court a batch of twenty-three indictments. They reported that they still had further business before them but desired after today's session to have a recess until Monday. Judge Cook agreed to grant them this time and after adjournment today they will not meet again until next Monday morning.

One of the indictments which was returned was against L. K. Kerbaugh, charging him with obtaining money under false pretenses. Last June Kerbaugh who claimed to be a traveling salesman, prevailed on Mayor Meacham to endorse a check for \$300 on a Cleveland bank. After getting the money he left town and Mayor Meacham had to make the check good.

A letter filed with the indictment states that Kerbaugh is now confined in prison at Fort Madison, Iowa, on an indeterminate sentence. Papers will be forwarded there at once and he will be arrested on the charge here as soon as he is released.

The other indictments were for minor offenses.

C. W. Meriwether, colored, presented his certificate from Graves county where he took the examination upon his knowledge of law, and the certificate being satisfactory he was admitted to the bar here.

HONOR THE MEMORY

OF THE VETERAN JOURNALIST
WILLIAM B. BREWER.

In a special service held at the lodge rooms Tuesday night the Hopkinsville Elks paid a tribute of respect to the memory of the late William B. Brewer, of Fairview, who was a popular member of the order. The Todd county journalist was one of the first out-of-town men initiated by the Hopkinsville lodge. The following resolutions were adopted:

WHEREAS, in his infinite wisdom, it has pleased the Great Exalted Ruler of the Universe to summon to the Grand Lodge above our beloved brother and friend, William B. Brewer; and

WHEREAS, in his connection with this lodge he has ever proved a true and faithful member, exemplifying in his daily walk the cardinal principles of our order, charity, justice and brotherly love;

Therefore be it resolved, that Hopkinsville Lodge No. 545, Benevolent and Protective Order of Elks, sincerely appreciating the worth and character of our departed brother as a man and as an Elk, mourns sincerely his departure from among us and from his wide sphere of usefulness and activity in the affairs of life.

Be it also resolved, that to his bereaved widow and family we extend our deep and tender sympathy in their great grief and mingle our tears with theirs.

Be it resolved, that a special session of sorrow be held at our lodge room on the evening of October 18, 1908 as a tribute to the memory of Brother Brewer; that a copy of these resolutions be sent to his family and spread upon the minutes of the lodge, and that his name be inscribed upon our memorial tablet.

Respectfully submitted,
COMMITTEE.

There were two initiations last night. Herbert W. Dorris became a member of Hopkinsville Lodge No. 545, and, at the request of Louisville Lodge No. 8, the degree of the order was conferred upon Robert N. Holdsworth.

Considerable business was transacted and there was a large attendance.

OKLAHOMA NIGHT RIDERS.

OKLAHOMA CITY, Okla., Oct. 14.—Night Riders have burned guns in southeast Oklahoma and northeast Texas.

The supplemental registration of voters will be Monday, Tuesday and Wednesday, October 26, 27 and 28. All voters who were ill, absent from the city or prevented from registering by illness in their families, can register by presenting themselves in the office of the county clerk on the above named dates.

*Hon. La Vega Clement, Democratic elector, who will make six speeches in Christian county this month in the interest of Bryan and Kern, is a prominent lawyer of Owensboro. He is a fine orator and his lecture "Knighthood is Now in Flower" has delighted thousands.

After P. Wat Hardin had been heard at Greensburg a Bryan and Kern club was organized amid great enthusiasm. Gen. Hardin will speak here October 24.

Morgan Chinn, former clerk of the court of appeals, spoke at Elkton in behalf of the Democratic ticket. After discussing the national issues, he paid his respects sarcastically to Gov. Willson and his escort of soldiers and said he was glad he could speak to a free people without a military guard.

United States Senator Thomas H. Paynter addressed the Democracy of Williamstown. He discussed the tariff and the trusts and exposed the extravagance of the Roosevelt administration.

Hon. R. Y. Thomas, Democratic nominee for congress in the Third district, was introduced by W. A. Helm at Morgantown and predicted in the course of his remarks that the Democratic ticket would not lose a vote in the coming election.

At Hardinsburg there was a joint political speaking with Hons. A. O. Stanley and Ruby Laffoon on one side, and E. T. Franks and Dr. Gaddie on the other. The Republicans were challenged to a joint discussion, but declined.

E. R. Sumner, candidate for the Democratic nomination for circuit court clerk in Trigg county, was here today. Mr. Sumner, while a very young man, is making an active fight for the nomination against the incumbent, and one other candidate.

Walter Wellman, political correspondent of the Chicago Record-Herald, says Ohio is a doubtful state in the coming election, with chances favorable to Bryan. He bases his opinion on the trend of the labor vote.

Reports from Indiana look favorable for the Democrats. James E. Watson, Republican candidate for governor, may lose his home congressional district.

Why He Does It?

"It isn't often that I have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure," said druggist Elgin to one of his many customers, "but I am glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan."

The Dr. Howard company, in order to get a quick introductory sale, authorized Mr. Elgin to sell the regular fifty cent bottle of their specific for half-price, 25 cents, and though he has sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory.

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

L. L. Elgin is still selling the specific at half price, although he is unable to tell how long he will be able to do so. Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition, ought to take advantage of this offer.

John H. Myers of Crofton was in town yesterday.

DO YOU WANT MAUD?

JUST CALL ON THE CHIEF OF POLICE.

Appetite is Healthy and Sad-Eyed Animal is Past the Years of Friskiness.

Anyone who needs a fully grown and well developed mule, which has passed the station in life at which mules are generally supposed to be foolish and uncertain as to what they do; a mule which by reason of some minor defects in its eyes cannot see as readily as it formerly did, and therefore is guaranteed not to be easily frightened and run away; a mule, in fine, which is in good order and which is daily growing fatter and fatter upon the generous feeding it is receiving in the city pound, can secure a bargain by calling upon Chief of Police Roper.

Several days ago this mule was taken up as it was running (no; walking would be a better term) loose about the streets, homeless and friendless. The police gathered it in and placed it in the pound, where it has been ever since. Its appetite is unimpaired and it has been paying undivided attention to the three square meals it has been receiving from the city each day. So far no one has called to claim the mule and various means of disposing of it at a profit have been discussed. Some have mentioned offering it as the capital prize in a popularity contest, but no plan has yet been definitely decided upon.

VICTIM OF ASSAULT

Things Are "Happening" To Walter L. Krone.

PADUCAH, Ky., Oct. 13.—County Attorney Walter L. Krone, of Lyon county, who has been vigorous in fighting Night Riders, was assaulted in his office Saturday morning by W. P. Hildreth. Krone claims Hildreth used a stone. Krone was talking with a client when Hildreth entered, he said, and the attack. Krone claims, was without warning.

Hildreth conducts a stand at the Eddyville station and Krone says he has prosecuted Hildreth on the charge of operating a blind tiger and put fines amounting to \$205 against Hildreth in the quarterly court since August 1. Krone was assaulted on the streets of Eddyville May 29 by Harvey Satterfield, a special policeman, and was rescued only through the effort of soldiers.

BY FLAMES

Store And Dwelling at Wallonia Are Destroyed.

The store house belonging to Sam Wilson and occupied by Minor Gardner, at Wallonia, was destroyed by fire Saturday night. A dwelling which stood near the store caught also and was burned.

The fire started early in the evening either from the explosion of a lamp or the dropping of a lamp by some one who was carrying it. The burning oil almost immediately caused the entire interior of the store to flash into a blaze and it was doomed from the first. The amount of the loss or the insurance carried could not be learned.

TRIED FOR GAMING.

Six negroes, Robert Spurlin, Will Howard, George Dinguid, Alfred Harris, Dock Preyor and T. H. Howard were arrested by Policemen Hadden and Hawkins on the charge of shooting craps. Spurlin and Will Howard admitted their guilt and were fined \$22.50 each, which they are making good in the workhouse. The other four elected to have a trial by jury, and this was held in the city courtroom and was attended by a big crowd of colored people. The prosecution made out a strong case, but the jury accepted the plea of not guilty made by the defense and returned a verdict accordingly.

"Why Jones Left Home."

Dr. Carter Helm Jones, pastor of the Southern Baptist church at Lynchburg, Va., and formerly pastor of the Broadway Baptist church, Louisville, has resigned to go to Oklahoma City, Oklahoma, and a dispatch says the step was made necessary because Dr. Jones recently married "a prominent and charming Methodist woman." Objections were raised and he promptly resigned.

DELIGHTFUL ENTERTAINMENT

(From Wednesday's Daily)

The announcement that Dr. Millard A. Jenkins would deliver at the Baptist church last night the first of his series of lectures on his travels in Europe and the Holy Land attracted a great audience. The auditorium was filled to overflowing, the windows and aisles were occupied and many persons able to secure seats only in the Sunday school room.

Owing to the interest that has been manifested, the other lectures of the series will be given at the tabernacle.

Dr. Jenkins' subject was "The Spell of the Orient," and was altogether charming. It was at once eloquent, witty and instructive and besides giving delight and entertainment, furnished food for thought and mental stimulus.

Owing to inability to focus perfectly the stereopticon machine in the church, Dr. Jenkins was not well satisfied with the pictures, though most of them were excellent and this feature of the lecture was highly enjoyed. The difficulty along this line will be entirely removed when the lectures are given at the tabernacle.

SHOWER TRAIL U-S-LL-
VILLE C N P U E

Widow of D a nly Heard the
Shooting—Negro Claimed
Self-Defense.

The trial of Rufus Browder, who was charged with the murder of James Cunningham in Logan county, came to an end yesterday afternoon at Russellville, says the Bowling Green Times. The jury disagreed, and after being held together from Tuesday afternoon until Wednesday afternoon at 2 o'clock, announced that it was not possible to reach a verdict, and Judge Sandidge discharged them.

The testimony was brief, consisting of the story of Mrs. Cunningham, the wife of the deceased, who told how she heard the shot and, running to the barn, found her husband dying. He died without making a statement. In his own defense, Browder admitted the killing, but said he shot in self-defense. He detailed how a dispute arose between Mr. Cunningham and himself over a settlement, and how Mr. Cunningham went to the house and got his pistol. Returning, he attempted to shoot, and Browder shot first, inflicting the fatal wound.

Boyd, a demented Kentuckian who was found near Stacker's station Saturday hunting a man whom he believed had been wounded by Night Riders, and who was locked up at police station for safe-keeping, and released yesterday morning, was re-arrested last night by Patrolman Fuchs. Fuchs found Boyd in the L. & N. station, talking irresponsibly and in no condition to go to his home alone. He will be kept at the police station until a friend comes to accompany him home. Women Inclined To Constipation

Great Care Should Be Taken Not to Use Violent Cathartics

Women, owing to their peculiar functions, are more or less liable to constipation and many of them owe their continued ill health to the pill habit. A well known physician lays the majority of cases of foul breath, bad complexion, disordered stomach, sick headache and female weakness to constipation and the constant use of violent cathartics to overcome it.

We believe women will be glad to learn of a safe reliable bowel and stomach remedy that is pleasant to take and that the first few doses will certainly produce natural daily movements without pain or gripe and in a short time establish a permanent cure. It is so effective it has cured cases of 60 years' standing and yet so mild and safe thousands of mothers give it to their babies. Jennie Graham, Nashville, Tenn., says: "I suffered almost death with torpid liver and indigestion and Dr. Caldwell's Syrup Pepsin gave me quick relief." Sister M. Berchmans, of Mt. St. Mary's Academy, Oklahoma City, says: "We have found Dr. Caldwell's Syrup Pepsin satisfactory as a gentle laxative and stomach tonic." Mrs. Myrtle Mather, Chicago, says: "My daughter was troubled since birth with constipation and sick headache." Dr. Caldwell's Syrup Pepsin cured her." Mrs. W. M. Powers, New Philadelphia, Ohio, says: "It is the best remedy for constipation and stomach trouble I have ever used." Mrs. R. H. Brown, Addington, Okla., says it gave her prompt relief from constipation and torpid liver. Mrs. Isabella Wheeler, Freetown, Ind., says: "Twenty-three years ago I was taken with stomach trouble. Three years ago I had become so weak I could hardly walk. I took Dr. Caldwell's Syrup Pepsin and soon was well as ever." Druggists sell it at 50c and \$1.00 per bottle.

We are glad to send a free sample to any one who has not used it and will give a full trial. Address Pepsin Syrup Co., 205 Caldwell Bldg., Monticello, Ill.

LANDSLIDE IS AHEAD

ACCORDING TO THE DEMOCRATIC NATIONAL CHAIRMAN.

CHICAGO, Oct. 10.—Norman E. Mack, chairman of the Democratic national committee, has made known the reasons upon which he bases his prediction that New York may safely be regarded as Democratic this year. Mr. Mack's statement regarding the situation in the Empire state is as follows:

"The Democratic party in New York was never more united, not even in 1892 than it is this year. The state is never doubtful when the Democrats stand together. With a united party we find our opponents all shot to pieces."

"Some Republicans are opposing Roosevelt, others are against Hughes, while another faction is set against Taft. As an instance of the union of the Democratic forces, the National club of New York City, composed of 1,400 members, made up of bankers, merchants and professional men, opposed Mr. Bryan almost to a man in 1896 and 1900."

"I am told that 95 per cent. of the club membership is ready to support Bryan this year, and that the club recently passed resolutions endorsing him and has contributed \$2,500 with a promise to contribute a like amount later. With this situation I feel that New York is not only safe for Bryan, but that it will be a Democratic landslide."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind. Hecatombs and jessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CLEARED OF CHARGE

JURY RETURNS A VERDICT OF NOT GUILTY.

The Report in the Trial of Mr. Winfree was Made Shortly After Court Convened.

From Friday's Daily)

In a few minutes after court convened this morning the jury in the Winfree case reported with the following verdict:—"We the jury find defendant not guilty as charged in indictment, J. G. Yancey, one of the jury."

As soon as the verdict was read the young defendant shook hands with each member of the jury and expressed his thanks for their action, and then walked out of the court a free man and cleared of the charge which had been brought against him and upon which he had stood two trials.

The jury was composed entirely of men from the country, these being Thompson Cavanaugh, J. H. Johnson, Carl Long, J. West, W. E. Henderson, Jim, McKinney, J. G. Yancey, J. A. White, F. A. Yancey, G. M. Lacey, J. B. Anderson and A. B. Johnson.

The case went to the jury yesterday at noon.

NIGHTS OF UNREST

No Sleep, No Rest, No Peace for the Sufferer From Kidney Trouble.

No peace for the kidney sufferer—Pain and distress from morn to night.

Get up with a lame back, Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders add to your misery.

Get at the cause—cure the kidneys Doan's Kidney Pills will work the cure.

They're for the kidneys only—W. G. Dodd, farmer, Cadiz, Ky., says: "My kidney trouble was brought on by a fall and I suffered from the complaint for over eight years. There were severe pains in the small of my back and if I attempted to stoop or lift, sharp twinges would dart through my body. I could not sleep well at night on account of the aching in my back and during the day was easily tired. My eyesight was blurred, I suffered from dizzy spells and also had headaches. Occasionally my kidneys would become disordered and at such times the secretions would be free in action. For three or four weeks prior to using Doan's Kidney Pills, I had been unable to do any work. After taking a few doses of this remedy I was able to go to work and I am happy to state that I have not lost any time on account of kidney trouble since."

IN SPITE OF PANIC

GROWTH OF HOPKINSVILLE IS
STEADILY CONTINUING

New Buildings Are Going Up All Over
Town and Improvements Are to
Be Seen Everywhere.

In the face of the panic and monetary troubles the building of new homes goes on just the same in Hopkinsville. There has not been a time when new houses were not going up and the contractors and builders have not been forced to shut down completely as they have in many other places. The houses that are being built are not cheap affairs for rent or temporary use but are dwellings which will be a credit to the city in every way and which will be occupied by the most prominent citizens.

What will be one of the handsomest houses in town, and one out of the ordinary run, will be that of Frank Yost which is now under course of construction on Central Avenue East on the old George O. Thompson lot. This will be a two story residence with every up to date convenience. Up to the second story it will be veneered with red sand stone which was quarried on the lot. The second story will be finished in shingles. The house has been carefully planned to suit the elevated position it will occupy and will be a delight to all who behold it.

Dr. John W. Harned has the frame work of his new residence on South Walnut street about completed and it will only be a short time until it is finished permanently and the family take possession.

Odie Davis and Gabe Payne are two others who are building new homes. Mr. Davis' place is located on South Virginia street and Mr. Payne's on Alumnæ avenue. Each is a roomy cottage, finished in much taste and with all the conveniences.

Mrs. E. M. Flack has had the foundations laid for two cottages in the rear of the Flack home place, the new buildings to face on South Virginia street. Both cottages will be handsome and the work will be completed in the shortest possible time. Judge and Mrs. Douglas Bell will occupy one of the houses.

The new home of Charles Daniel on South Virginia street is about completed. This is an elegant two story structure, fitted in hardwood throughout, which replaces the former cottage which occupied the site.

Upshaw Buckner has very recently moved into his two story residence on Alumnæ Avenue. This is a modern frame structure and adds much to the locality in which it stands.

The new business house of S. Sacks, erected next to the Central Fire station on Second Avenue East fills a gap which has been of long standing. This building is finished to conform with the elegant fire station and it has greatly added to the looks of that whole neighborhood.

The Summers building on North Main street, which was recently vacated by The Racket is now being remodeled to suit the needs of Walker & Rogers, the furniture men, who will move into it as soon as this work is completed.

N. W. Kirkpatrick, colored, is building a small brick business house on Central Avenue West.

Other houses and business places are being beautified by the removal of fences, the erection of stone or concrete walls about the premises and the laying of concrete walks. The concrete walk is the accepted thing in Hopkinsville and even in the colored districts long stretches of smooth, white sidewalks are to be seen. It is only a matter of short time until the old brick, cinders, etc., will be a thing of the past except in the outlying districts.

RITTER-CUNNINGHAM.

Monday night at 9 o'clock at the residence of Mrs. Flora Boultware, aunt of the bride, Miss Ada Elizabeth Ritter was married to Professor William Alexander Cunningham, of Barnesville, Georgia, the Rev. H. D. Smith officiating.

The lovely bride has lived in Hopkinsville from her infancy, having become a member of her aunt's family at three years of age. She is pretty, winsome and popular. She is a favorite in social circles. Her removal is keenly regretted and the good wishes of many friends follow her to her new home.

The groom is an instructor in Gordon military academy, a well-known southern college. Last year he was a professor in McLean college here, where he did much hard and effective work, obtaining the good opinion of all who come in contact with him. He is probably the youngest professor ever employed in this historic school. Mr. Cunningham was formerly a student at Vanderbilt university.

The wedding was charmingly artistic. The house was decorated with southern smilax, the ceremony being performed before a bank of foliage. Miss Elizabeth Nourse was

at the piano and played in her own skillful way during the ceremony "The Winning Star" from Tannhauser. The bride and groom entered the room preceded by little Miss Catherine Cook and Master Joseph Glover and the maid of honor. The children drew lines of smilax and ribbon after them, forming an aisle from the door for the wedding party. They did their part in the solemn service very prettily. The maid of honor, Miss Willie Ritter, sister of the bride, was lovely in a gown of pink silk and carried a bouquet of pink roses. The bride was radiant in a gown of white satin, hand-embroidered, and a tulle veil caught with natural flowers, trimmed in pearls. She carried a shower bouquet of white roses. The flower ceremony was used.

After the marriage delightful refreshments, consisting of ice cream and cake and boudoirs were served. The young couple left for the Prof. Cunningham's new home at Barnesville on the midnight L. & N. train. Among the out-of-town guests present were Mrs. W. A. Cunningham, mother of the groom, Miss Margaret Cunningham, his sister, and Mrs. Lena Hillman, a cousin of the groom, all of Nashville.

GREAT COURSE

The Order of Events And The Dates
of Their Appearances.

To The Public:

Our next lyceum course will contain by far the greatest array of talent, ever offered on the tabernacle courses. The opening number on Wednesday Oct. 28 will be the Rogers-Grilley recitals, this strong combination composed of Charles R. Grilley, entertainer, and Van V. Rogers, harpist have been together and have entertained the American public for 18 years. If you wish to know why these people are such a success, just ask any one of our patrons who heard them three years ago. On Monday Nov. 2, the great International Symphony club will be the attraction. This Symphony club is composed of artists who have played with the Boston Symphony club, for twenty-six years, every performer is a recognized virtuoso, and a great treat is in store for all who attend this performance. Mary Fay Sherwood, Soprano, will appear with the Symphony club, she is well known to the music loving public, and needs no introduction from us. On Thursday, Dec. 17, Judge Willis Brown author of the Utah Juvenile court laws, and founder of the system, will lecture. Judge Brown is a more fluent speaker than Judge Ben Lindsay, and is more in demand than Judge Lindsay, the originator of the juvenile court. Prof. Cherry of Bowling Green, who had Judge Brown on his course last year says of him "Judge Brown is a live wire and has a great message to deliver." On Monday, Jan. 11, Dr. John Merritt Driver will deliver one of his famous lectures. The doctor has traveled extensively, is a brilliant orator, and can instruct and interest every audience.

On Thursday, Feb. 18, The Artist Trio, will be the attraction. Mary Agnes Doyle the reader is called the "Coleen Bawn" of the lyceum; Flora McGill Contralto, soloist in one of the leading churches of Chicago. Blanche Deering, violinist, and pianist. Miss Deering is a finished musician. The four great Musical Stars will appear Thursday, March 25.

Forest Dabney Carr, Basso Cantanta was the star singer with Frederick Neil Innes at the festival, we had two years ago. His many admirers will be glad to hear him again. Florence Gertrude Smith has genuine dramatic ability as well as a beautiful coloratura soprano voice. She and Mr. Carr as well were members of the Maurice Grau Grand Opera company. Earl J. Plouts is the most talked about and talented violinist in New York today. Edwin M. Shonert is one of the noted lyceum pianists. On Thursday, April 1, Hon. Joseph W. Folk, governor of Missouri, will lecture. Gov. Folk is not entirely new to the platform, is a tried success, and will be a most welcome addition to the already splendid list of men who are doing great things in this Roosevelt era.

This splendid course will close Thursday, April 15, with Germain, the wizard, in a company with Miss Ida Germain, pianist, and Mr. and Mrs. Shirley Brathwaite, English society entertainers.

We are having booklets prepared, giving the entire course, and we hope that all who are interested will call on the manager and get one of these booklets. We will not be able to make a personal canvass this season.

son, and will ask our patrons to phone their orders for tickets, to the Bank of Hopkinsville, and the names will be added to the list.

The price of tickets this season will be \$2.25 each, or 28c per number. It will only cost 28c to hear Gov. Folk, the International Symphony club, the Four Stars company if you buy season tickets; the single admissions for these three, reserved, will be \$1.00 each. The single admissions to the other five numbers will be 50c and 75c. Only a limited number of season tickets will be sold this season, so do not delay sending in your order for tickets. This course will prove a record breaker, and will surely draw large audiences. If you do not wish to pay the single admission prices, we advise you to secure the season tickets without delay. No season tickets will be sold after the course opens.

UNION TABERNACLE ASSOCIATION.

John C. Duffy, the only Democratic county official here since Mr. Smith was removed from office, and who came into the lime light last week by having Gov. Willson summoned before the grand jury to tell what he knew about Night Riders, is a tentative candidate for commonwealth's attorney in this district. The incumbent, Denny P. Smith, will also offer for the nomination. He had not intended to make the race, but says he feels that the efforts made to connect him with the Night Rider organization make it necessary for him to seek a vindication from the people of the district. It is also probable that Judge A. J. G. Wells, of Murray, will be a candidate for commonwealth's attorney.

One of the most important tax conferences held in the world is now being held in Toronto, Canada. Judge James Breathitt, attorney general, is one of the speakers. Judge Breathitt is now in Toronto, says the Frankfort News. He is down on the program to speak on the general subject of franchise assessments and it is expected that his address will contain much valuable data on the subject. The conference is for the purpose of equalizing taxes and devising better plans to raise revenue. It is international in its scope.

With the near approach of election day, the apathy which characterized the early part of the campaign, and worried political managers of both parties no little, is rapidly being dispelled. The party orators have been put to work, and in this county, Democrats and Republicans are speaking every afternoon and night. David Smith and Chas. W. Morrison, Democratic nominees for sheriff and county judge, respectively, accompanied by local speakers, are visiting every precinct in the county, and are doing very effective campaigning.

Hopkinsville Parties Interested.—
Claims Coal Company Owes Him
Over Twenty Thousand Dollars.

Col. Bennett H. Young, according to the Louisville Times, brought an attachment suit for \$22,035.63 against the Big Muddy River Consolidated Coal company. The plaintiff says that he has at various times loaned the defendant sums aggregating \$37,423.75, of which has been repaid to him \$22,354.44, leaving a balance of \$14,239.31. The plaintiff says that he also has the defendant's note for \$6,500 due him for services rendered.

In spite of the fact that an auditing company has effected a complete adjustment of the standing between them, Col. Young says he has received nothing of the sum owing him from the defendants. This includes certain sums of interest, according to his prayer.

Excelsior Any Other Event of the Sort
Ever Held in Christian
County.

The school rally at Lantrip's Friday surpassed any similar event in the history of the county. The meeting was a joint one of the Teachers' association and the School Improvement league.

There were 240 school children in the line of march and the entire attendance was not less than 600. Everybody present seemed to catch the spirit of the movement, and from now on the watchword of Division No. 1 will be "Better schools, and improved local conditions."

The following districts were represented: Lantrip's, teacher, J. E. Brown; Castleberry, Mrs. Minnie Renshaw; Mt. Carmel, Roscoe Pool; Consolation, Mr. F. L. Hamby; Long's, Miss Blanche Parker; Macedonia, E. E. McKnight. Each of the above schools had its own banner carried by one of the pupils in the march. The line of march was headed by the trustee of the division bearing the U. S. flag.

After the conclusion of the march a splendid dinner, sufficient for all present, was spread. Drs. Jackson, Keith and Durham addressed the people on "School Sanitation" and the "Prevention of Disease."

The people of this division, especially of the above named districts, are to be congratulated on the great success of this meeting. The patrons and teachers all entered with enthusiasm into the movement, and insured its success from the beginning.

THE SONG OF THE JAPANESE SOLDIER.

O, long is the day, and long is the way
We soldiers tread to Mukden,
And cold is the air, and no flowers fair
Bloom by the road to Mukden.
And along the way we stop for the fray
With the enemy from Mukden.
And the cannons roar and the vultures soar
Along the road to Mukden.
From the dawn of day till the sun's last ray
Sinks o'er the hills of Mukden,
We march and tread and bury our dead,
Who fall on the way to Mukden.
And the rifles crack, and the sky grows black
With the smoke from the guns of Mukden;
But what if we all in the battle fall!
We must die or capture Mukden.

Two Men Charged With Murder.—Many Minor Offenses.—Other Work to Be Done.

(From Saturday's Daily)

The grand jury made their first report this morning for the present session of court. Foreman, B. M. Trabue, handed in a big batch of indictments charging probably more than a hundred persons with various offenses. Most of these were of a minor character and many of the defendants have not yet been placed under arrest. Most of the persons charged with breaking the law are negroes.

Lee Hickman, who killed Galbreath Pettus, and Reuben Kendrick who killed William Hilliard, were both indicted for wilful murder.

John Henry Cole, was indicted on a charge of grand larceny, it being alleged that he is the one who stole the meat from J. A. Everitt some time ago. In this indictment the fact is set forth that Cole has already served on sentence in the penitentiary on a charge of chicken stealing. Eugene Slaughter was indicted on a charge of shooting at a railroad train. The crime with which Slaughter is charged was committed near Salubria Springs several weeks ago, several shots being fired into the L. & N. accommodation as it was on the return trip to this city.

The grand jury reported that they had not completed the business before them and Judge Cook continued them.

Roycroft Philosophy

By Fra Elbertus

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

It's a wise guy who does not monkey with his destiny.
Help yourself and everybody will help you.
Do unto others as if you were the others.
Never explain—your friends do not require it and your enemies will not believe you anyway.
To maintain order, excellence and harmony in the territory immediately under one's own hat will keep one fairly well employed.
Keep an even temper no matter what happens.
There may be some substitute for good nature, but so far it has not been discovered.
Why not leave them to Nemesis? They will talk anyway.
We need some one to believe in us. If we do well, we want our work commended, our faith corroborated. The individual who thinks well of you, who keeps his mind on your good qualities and who does not look for flaws, is your friend. Who is my brother? I'll tell you; he is the one who recognizes the good in me.
You can never stand well with the boss by telling him of those who are laggards.
Atlas could never have carried the world had he fixed his thought on the size of it.
O God, help me to win, but if in Thy inscrutable Wisdom Thou wilt me not to Win, then, O God, make me a Cheerful Loser.

Dies at Asylum.

Robert Greathouse, aged 50, a patient at the Western Kentucky Asylum for the Insane, died Thursday. Chronic bronchitis was the cause of death. The remains were sent to Scottsville for interment.

Stomach trouble would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by Anderson-Fowler Drug Co., incorporated.

A Most Worthy Article

When an article has been on the market for years and gains friends every year it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all pulmonary diseases. One of the best known merchants in Mobile, Ala., says: "For five years my family has not been troubled with the winter cough. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." For sale by L. A. Johnson & Co.

MAKE COPPER FIND

ON THE BURRUS FARM NEAR THE CITY.

Yellow Ochre Also Discovered in Considerable Quantities.—May Prove to be very Valuable.

What may prove to be a valuable find of copper ore and yellow ochre has been made on the farm of Jesse Burrus, near Crab Apple pond on the Palmyra road.

Sometime ago a relative of the family, in walking about the farm came across some queer looking flakes of mineral ore of some kind and picked them up and upon investigation found a strong trace of copper. Since then quite a hole has been dug at the point and the ore has been taken out in chunks and is regarded as being rich in the copper. The yellow ochre is also present in large quantities.

Geologists say the finds that have been made are what is known as the "bloom" and that the main body of the ore is deeper down.

Go to the blood, if you are to drive out rheumatism. A Wisconsin physician, Dr. Shoop, does this with his Rheumatic Remedy, and with seeming success. Rub-on's, says the doctor, never did cure rheumatism. It is more than skin deep—it is constitutional, always. Because of this principle, Dr. Shoop's Rheumatic Remedy is perhaps the most popular in existence. It goes by word of mouth from one to another, everywhere. Grateful patients gladly spread results. It is an act of humanity to tell the sick of a way to health. Tell some sick one. Sold by Anderson-Fowler Drug Co., incorporated.

SIN OF REPUBLICANISM HAS FOUND IT OUT.

(Watterson, in Courier-Journal)

I.

The paramount issue of this cam- paign is the danger of entrusting one party too long with power.

We are supposed to live under a government of public opinion. Mod- ern politics, however, has created machinery especially designed for controlling this Public Opinion.

The machinery, so fabricated, places all the advantages in the hands of the leaders of the Party in Power. The "ins," to begin on, are as an army fortified. The "outs" are but a body of raw military, which, brave, and no matter how capably, have yet to cross many lines of entrenchment to storm the cannon- mounted redoubt and to carry the murderous barricade. It is yet a question whether a victory against such odds is possible. The present campaign is to determine that. It is to decide whether the people, un- aided, can successfully go against a party occupying a fortress—whether the American voter is, or is not, an overmatch for the Money Devil, commanding the Party in Power—whether, in a word, it is possible, short of some cataclysm, to reach a change of parties at Washington.

The old, historic Democratic party had sixty years of power, to make its exit the signal of a Sectional war. Even then the Opposition only crept in through a breach. The Re- publicans have been in now nearly fifty years. If we cannot peacefully remove them, what may we not look for when their time of exit comes? Maybe a Civil War. But, will it not be wiser of the people to take time by the forelock—of Public Opinion to rear back on its hind legs—of the average citizen to go to the polls to exercise his intelligence and his vo- lition, and do his duty?

Sometimes Providence does for us what we cannot do for ourselves, and certain occurrences seem to jus- tify the belief that in this campaign Providence is with the Democrats.

II.

The Hearst-Foraker-Archbold in- cident is a case in point. From start to finish it is thoroughly bad. One is at a loss just where to place the burden of blame. The purchase of stolen letters, the shameless use of these, their damaging disclosures—quite ruinous in the light they throw upon the character of certain public men, as upon the prevailing meth- ods of transacting the business of the time, official and otherwise—make a darksome picture, and yet, on the other hand, this picture is hardly more depressing and dis- couraging than the exhibition of rank hypocrisy and cant which the revelations have occasioned in that holy-of-holies, the armed camp of Roosevelt, Taft and Hughes, Vir- tuous in Ordinary and Manufac- turers of tin-plate God and Moral- ity.

Mr. Stealey writes truly. We have all known for years that such things were doing. The trouble has been that we could catch no one with the goods upon him, the work of corrup- tion was done so cleverly.

Foraker seems but the victim of circumstances. The Republican woods are still left full of Standard Oil "Attorneys," both in and out of congress, of Sugar Ring "Attor- neys," of Steel Trust "Attorneys," posing as statesmen. What is Canon but a Trust "Attorney?" What else is Aldrich? They have sidi- cated the government. Why balk at Foraker?

"Caught with the goods," as the saying has it, the senior Ohio sena- tor admits that he did act for a time as an attorney for the Standard Oil company; that this was not in con- travention of his duty as a senator; that his service antedates the move of the government against Standard Oil; that he was well paid for his professional skill and was proud as well as glad to have had such a client, and, being a practicing law- yer, he did only what any and every other lawyer would have done, see- ing no manner of wrong in the trans- action. This is in all likelihood the literal and exact truth.

It seems that the thief who had stolen the incriminating letters and sold them to Hearst knew what he was about, and that Hearst, like an expert sensationalist, held out one of them for an after-shot. This inclosed no less a sum than fifty thousand dollars in the form of a Standard Oil draft sent by Arch- bold to Foraker, and straightway the Senator explains that it related to a newspaper deal which fell through. Mr. Foraker appears to think that there was nothing amiss in such a matter, though involving the secret sale of an influential pub- lic journal and its corrupt conver-

sion from one side to another; all of which makes unsavory reading.

The Courier-Journal has never yet for malicious, party purpose, assailed the personal integrity of any man. It would not impeach the honor of Senator Foraker. On the contrary, although we can hardly be suspect- ed of favoritism in that quarter, hav- ing sufficiently lashed the Ohio sena- tor and his crowd on the political side in many former combats, we would here come to the rescue of his fame as far as may be and would give him the full benefit of every doubt and each plea in mitigation and abeyance. Our private estima- tion of Mr. Foraker remains un- touched.

His environment is assuredly more at fault than his character. Per- sonally an upright and a clean man, a brave young soldier in the time of war—in time of peace rather too free with fire alarms, yet, withal, a good neighbor and a good citizen, and a good friend, it is not wise public policy ruthlessly to slaughter him upon the altars of party necessity, leaving leaders ten times guiltier—if he is guilty at all—to rattle around in gutta percha wings and robes of painted ermine. The Republican party is the real culprit.

Through forty years the Republi- can party has been the "Attorney" of every ring and ringster, of every jobber, which has appeared at Wash- ington having a graft big enough to tempt the steering committee of the senate and the rules committee of the house; from High Tariff, always at the front of High Finance, seek- ing Monopoly in every known com- modity—Sugar, Steel, Iron—enrich- ing Republican statesmen and mak- ing a mockery of popular interests.

The Senate is crowded with Trust attorneys. Hence the universal de- mand for the election of senators by the people instead of by the Corpora- tion-owned Legislatures. It long ago became a scandal that most Re- publican leaders who went to con- gress poor men, after a few years came away bloated bondholders. Allison, of Iowa, being the one ex- ception. It is too late for the Re- publicans to make a scapegoat of Foraker.

When Judge Taft delivered his now famous Akron speech, which cost the Republicans the loss of Ohio three years ago, he was un- sparing of the Cincinnati Machine. His horrid example was Boss Cox. His victim in reserve was Joseph Benson Foraker. Yet, at Toledo the other day, we beheld him, Cox on one side, Foraker on the other, "thick as thieves," exclaiming to the multitude: "How we apples swim!" Now that the senator has come to grief, we are told that Taft will recur to his original base of attack upon Foraker and Cox and re- pudiate their support; indeed, if he be not merely a tricky politician he is bound to do this: he can do no less to maintain his character as side partner of Roosevelt and Hughes and other self-appointed understudies of the Almighty! Yet Taft knew as much of Foraker ten days ago as he knows now. It is merely that, the screen having fall- en on Foraker, the rule of "addition, division and silence" will no longer work for Taft.

III.

Truly, what a difference it makes whose ox is gored!

In that Akron speech Judge Taft advised his fellow Republicans to vote against the Foraker-Cox ma- chine. It was the only way toward clean politics, he said. It was the single road to reform, he said. Yet, but ten days ago, this same Judge Taft was willing not only to bury the hatchet, but to make a senti- mental spectacle of reconciliation, to have a love-feast in honor of har- mony—every buckeye browned to a turn. Of Judge Taft's personal integrity we make as little doubt as of Mr. Roosevelt's personal integrit- y. But, in politics, a line is too often drawn between personal integrity and party service, to the confusion of the former, and precisely as Judge Taft appealed to the Ohio Republi- cans to vote against Foraker and Cox, we appeal to the Republicans of the United States to vote against Aldrich and Cannon, the real pow- ers at Washington, with Sunny Jim Sherman on the Taft-Roosevelt ticket, because there is no hope of reform in case their one-party rule is continued.

Mr. Roosevelt, with his high eight years of domination and his strenu- ous big-stick, could not prevail against these, how can Taft, the soft and opportunist, expect to do so? Why four years more under Taft when eight years under Roosevelt have proved insufficient? Not a sin-

ner repentant for all the president's incessant preaching. Not a male- factor in jail for all his noisy prose- cutions. The same old crowd at the fore. The same old abuses—all of Re- publican origination in the saddle.

Yet all this fall in which universal human experience. When in the his- tory affairs did ever a party reform itself in power? Never. The only way for the people to right the wrongs done by their public men is to turn the rascals convicted of crime. This Democracy proposes to do, and we ask all honest Republi- cans to join us in doing it.

The Foraker business is but an ob- ject lesson. The repudiation of a single senator will in no wise make good. It is the Republican party which is in the dark. It is the Re- publican party which these revela- tions expose. It is the Republican party, tried in the balance and found wanting, which Judge Taft and Mr. Roosevelt—the people's best witnesses to its bad character—are trying to save. But the sacrifice of Foraker will not suffice. To prove themselves honest, they must also throw Aldrich and Cannon and Sunny Jim Sherman overboard.

Never has the Republican party faced such conditions as meet it whichever way it turns. All thought- ful onlookers concede that New York is irrevocably lost to it. The nomination of Lilley makes Con- necticut a doubtful state. Rhode Island and New Jersey hang in the balance.

There are both hell and chaos in Ohio. Indiana, thanks to Hanly, is gone past redemption. The prairie fires of an awakened public con- science sweep over Illinois, leaping the Mississippi river into Iowa, crossing the Missouri river into Kansas and Nebraska impeded only by the tenantless walls of the Rocky Mountains, to issue thence again and to swoop down to the golden shores of the Pacific.

Well may the Republican leaders, intolerant and arrogant, used by money and machinery to carry all before them, quake with fear and whiten with dismay. In their rage they bite one another like frighten- ed beasts of the forest. Well may they sway horses in the middle of the stream, exchanging Proxy Frank Hitchcock for Foxy Murray Crane. Well may they make alliance with the Unspeakable Hearst, Taft him- self crying "Help me, Randolph, or I sink!" Well may they call to their aid the crushed ones of the steam-roller, promising all the king- doms of the earth for their worship and support.

It is amazing, it is pitiful. It is humiliating. Their sins indeed have found them out at last. Scandals to right of them, scandals to left of them; defeat in front of them—only the Taft-Sinton millions between—Cannon clinging to "Sunny Jim"—Aldrich falling upon the neck of son-in-law Rockefeller—the thiev- ing Tariff exuding fat no longer, but making quagmires for the robber Trusts—the people disgusted on the one hand, or indignant on the other—the Grand Old Party of Graft and Fraud is in truth a sight to see! Yet a little longer, and then the bone- yard, leaving only a stench behind and this inscription—

"Whilst it lived it lived in clover; When it died it died all over."

The A B C and X Y Z of ADVERTISING

A SERIES OF TEN TALKS ON ADVERTISING No. 9

written by Seymour Eaton of Philadelphia

The man who succeeds must fill his job so full that he bulges out a little at the top; where people can see him. The successful store must do the same thing, only in a different way.

The goods must be on hand; the prices must be right; the service must be commendable; the trading must be square; the kind of square that has four equal sides and four right angles.

Every successful store has its trademark whether the merchant knows it or not. Its advertising and its service have created a public sentiment in its favor which neither reverses nor fire nor time can obliterate. Nine times out of ten this trademark is the store's biggest asset.

Much of the ordinary store advertising is a hand-to-mouth sort of business; an effort to make tomor- row's sales equal to today's or yesterday's; and this is just as true of the department store as of the small- er shop. The advertisement appears in the morning and the merchant figures out the net results in the evening. It is true that the bargain advertisement of today is of little, if any, use next week. It is for- gotten in twenty-four hours; but if the store makes a feature of genuine bargains, then each bargain sale helps to advertise the bargain department. The advertising ought to be done in such a way as to permanently advertise the department as well as to emphasize the bargains of the day.

Don't go at it as if you were advertising an auction sale. As I said at the outset, your store is the seed in the soil; the advertising is the rain and the sunshine. Inexperienced advertisers dig up the seed every evening to see if it is growing; or pull up the young plant by the roots because it didn't bear fruit or flowers the first week.

It is safe to say that not more than one-third of the people are looking for bargains; the other two-thirds are looking for quality and style. The very fact that the goods are offered at bargain prices leaves the impression that there is something wrong with the quality or that the style is a season behind. Good advertising should enable a merchant to sell \$20 coats at \$25 instead of \$25 coats at \$12.50; in other words, it should create confidence rather than doubt. As in stocks and bonds, the securities quoted above par are always more desirable in the thought of the investing public than are those quoted at a discount.

Advertising is a tremendous force which in action contradicts all mechanical laws. The circumference and speed and working power increase, while the motor remains the same.

Make your advertising continuous. This is the first great secret of success. Copy and medium and circulation are all subordinate to keeping everlastingly at it.

CAMPAIGN SLANGUAGE.

How would you like to be called a "sapinaw?" Wouldn't it make you mad? Wouldn't it jar you? Editor Henry R. Lawrence says that Internal Revenue Collector E. T. Franks is "one of them things," whatever it is. The Trigg county journalist also applied other opprobrious epithets in a recent issue of the Record, such as "political poltroon," "consummate liar," "villainous blackguard"—to use only his gentlest terms—but he saved as a climax to his excoication the word "sapinaw." Just what "sapinaw" means is a little misty, but it is not believed to be complimentary. Hon. E. E. Wash, the member from Trigg, in the lower house of the Kentucky legislature, says that the word is an invention of Judge B. L. D. Guffy, who has steadfastly refused to reveal all that it stands for. Another expression that is being tried out on the stump during the present campaign is "insipigant." Democratic orators are using it to describe the parity of their opponents' argument. It as yet graces the pages of no dictionary, and is said to have been coined by Col. Joe Foard, formerly a prominent Kentuckian, and now a resident of Natchez, Miss. Mayor Meacham, of Hopkinsville, has contributed "incongruvial" to the campaign phrases. It is a cross between incongruous and villainous, and comes in pretty handily. R. C. Curry, a Pittsburg journalist who is here gathering data for a book on the "Tobacco War in Kentucky," has offered the following words, which he says are popular in his town, for those orators who are finding the lexicons deficient: "Cervigorous," strong and healthy; "cemeigous," only tolerable, and "cevenigous," very poor indeed.

This will go down in history as the I-take-my-pen-in-hand campaign.

By this time Mr. Archbold has surely gotten as much of his correspondence as remains out of Hearst's hands into a safe whose combination is known to himself alone.

FOR WHAT STOOD HE?

With due respect for the pleasing personality of Judge Taft, where is it of record that he ever manifested concern lest the selfish users of government for self injure the stability of the republic? Before he became a candidate for the presidency, when did he attach himself to any reform, or become known as the leader in a movement to bring about better conditions as to the fearful abuses which have been revealed in late years?

Roosevelt stood for something definite; Bryan was the embodiment of the proposal for civic reform; La Follette was a human dynamo as he generated power for reforms in state and nation; Folk achieved reputation which stamped him as a brave champion of the people against the grafters.

For what specific civic reform issue did Judge Taft stand which differentiated him from hundreds of thousands of other good citizens?

ROOSEVELT SCARED.

Mr. Roosevelt is so badly scared at the sweeping campaign that it is all the Republican leaders can do to keep him off the stump. A majority of the Republican leaders hold that if Roosevelt should go on the stump it would indicate the dreadful panic that actually exists among Republicans. Their fright and dismay they are trying to keep to themselves but the public understands quite well how badly frightened they are.

STANLEY TO SPARE

WHAT TIME HE CAN FOR NATIONAL TICKET.

But Character of Campaign Against Him Keeps Him Much in His Own District.

The Henderson Gleaner says: That the oratoric abilities of A. O. Stanley are recognized by the leaders of the Democratic party, and especially W. J. Bryan, is evidenced by the following telegram received by Mr. Stanley from Mr. Bryan:

Chicago, Ill., Oct. 7, 1908.
Hon. A. O. Stanley, Henderson, Ky.: Please wire and write John H. Atwood, chairman Democratic speakers bureau, Chicago, exact number of days and where you can speak during October in New York, Ohio, Indiana, Illinois and Wisconsin. This is of vital importance. Please give all the time you possibly can.

WILLIAM J. BRYAN.
Mr. Stanley, prior to the campaign, at the personal solicitation of Mr. Bryan, agreed to take the stump in New York, Ohio, Indiana and Illinois and has made his arrangements to do so when he learned that the Republican nominee was preparing to drag the Society of Equity into politics, and to hold him responsible for the Hopkinsville raid.

He used every influence he possessed with Mr. Worsham and his friends to induce them to keep this matter out of politics. Knowing that his district was overwhelmingly Democratic, and being personally and politically devoted to Mr. Bryan he agreed to lend him every assistance.

Mr. Stanley's friends feel that he should enter the campaign in the north and east, and feel so well assured of an overwhelming victory in the Second district, that they are urging him to go where his services are in such great demand, and it is more than probable that he will spend considerable of his time in New York, Ohio, Indiana, Illinois and Wisconsin.

Mr. Stanley sent the following telegram to Mr. Bryan: Henderson, Ky., Oct. 8, 1908. Hon. William Jennings Bryan, Democratic Headquarters, Audi-

Tragic Fate of Man in New York Who Was Robbed by Masked Italians.—Left a Note Telling of His Loss.

NEW YORK, Oct. 14.—Robbed of his life's savings by masked Italians, David L. Marcus, East Side baker, crawled into the heated oven of his shop and, while the flames crackled at his feet, ended his life by gas.

Beside his body was found this note, written in Yiddish:

"Three masked men came and took \$65. Six Italians were there, I write this, Marcus."

Marcus, who was a married man, with nine children, came to New York 12 years ago. By hard work he established a bakery on Allen street, and only yesterday opened the place on First Avenue where his tragic end came.

Regret exceedingly that the character of the campaign here keeps me in this district much of the time. A few machine Republicans here, realizing they cannot win on the merits of their platform, or their candidate, have inaugurated a campaign of abuse and traduction, charging me with inependiarism and lawlessness. Am forced to defend my honor as a man, my success as the nominee being unquestioned.

NEW STAMP ISSUE

DESIGNS COMPLETED BY BUREAU OF ENGRAVING

Heads To Be In Profile, Lettering Reduced And Simplicity Has Been Sought.

The Bureau of Engraving and Printing has completed designs suggested by Postmaster General Meyer for a new issue of United States postage stamps. The new stamp will be of the following denominations:

One cent, 2 cents, 3 cents, 4 cents, 5 cents, 6 cents, 8 cents, 10 cents, 15 cents, 50 cents and \$1. The \$3 and \$5 denomination now in use will not be reprinted. It will be some weeks before all the denominations will be put on the market. However, the 2 cent stamp will be first distributed, and it is expected that shipments to postmasters will commence some time in November. The new issue has been designed with the object of obtaining the greatest simplicity commensurate with artistic results. The profile has been taken in each instance instead of a full view, giving a bas relief effect. All the stamps are of a similar design, containing a head in an ellipse, the only decoration being laurel leaves on either side of the ellipse. The lettering is in straight lines at the top, being "U. S. Postage," and at the bottom the words, "Two cents." The 1 cent stamps contain the head of Franklin, while all the others will bear that of Washington, taken from busts by Houdon.

Thus one of the most notable differences in the new issue will be the minimum lettering. The colors are the reds and the blues of the early stamps.

Director Ralph, of the Bureau of Engraving and Printing, regards the new stamps as the most artistic ever issued by the government.

MRS. LOU V. ADAMS

TIME IS NOW RIPE

FOR ORGANIZING NEW KITTY
BASEBALL LEAGUEInterest In The Game Was Never So
Great As It Is At The
Present Time.

No better time than right now could be had to strike for a new "Kitty" league. Baseball "bugs" the entire country over have been worked up over the nerve racking finish in the two leagues, Southern and American association and nowhere are they any "buggier" than in Paducah and other old cities of the Kitty circuit. Thousands upon thousands of calls have come in by telephone to the News-Democrat by anxious fans who were waiting for the results. For several weeks the ring of phones would average over 100 an hour from 8:30 to 8:30 o'clock each night. If ever interest was aroused in baseball in Paducah it is right now. Reporters of the News-Democrat on their routes at night must have been provided with the scores or take a chance at being "assaulted."

In Paducah are several good men who are willing to lend time, advice and financial help towards a league but some one must go to the head and take the lead. Col. M. J. Farnbaker, secretary of the old Kitty and known far and wide as a promoter and booster of baseball, and Chief Lloyd, manager of the Paducah Indians, of the Kitty have received dozens of letters from men of means and loyal fans in nearby cities who long for a chance to organize a league. Such cities as Paducah, Cairo, Owensboro, Henderson, Hopkinsville, Jackson, Clarksville, and Murphysboro, Ill., would fit mightily well together in a six or eight club league.

From some indications Santa Claus may bring Paducah baseball "bugs" a league for their Christmas socks.—Paducah News-Democrat.

MR. COLLINS DEATH

Thomas F. Collins, a highly respected farmer of the Julien neighborhood, died Sunday of paralysis. He was 63 years of age and leaves a large family. Mr. Collins was a member of the Methodist church. Funeral services were held Monday afternoon and the remains were interred near Lafayette, the service being conducted by Rev. J. D. Frasier.

UNIFORM GAME LAW

Outline of Those Proposed By League
of American Sportsmen.

LAWTON, Okla., Oct. 14.—The national convention of the League of American Sportsmen, in tenth annual meeting here, adjourned last night to meet next September in Superior, Wis. A majority of the delegates are to remain the rest of the week for a hunt in the Wichita mountains. Geronimo, the famous Apache chief, visited the convention and made a brief talk through an interpreter, deploring the slaughter of American game by white men. To the end that the game and fish laws of the several states and the provinces of Canada may be uniform as far as possible, the convention adopted resolutions recommending the following salient features for enactment into laws by legislative assemblies:

"Absolute prohibition of sale of game from one state to another, except for propagating purposes only; establishment of a maximum bag limit; a closed season to cover the entire breeding and spawning season, including the migratory spring flight of birds.

George C. Long and Gabe L. Campbell, of this city, were the Kentucky representatives to the convention.

Birthday Party.

Little Miss Maria Ferguson celebrated her 10th birthday Monday afternoon from 4 to 6 by inviting a few of her little friends to her home on Cleveland street, where games and other amusements were indulged in. Dr. Jenkins, the little hostess' pastor, was present and did much to make the children enjoy the occasion. Refreshments were served.

Mrs. Treach, aged 80 years, died suddenly of apoplexy this morning at her home four miles north of Hopkinsville.

Send in your subscription. With the presidential election less than three weeks off, another appeal has gone forth from the national Democratic committee headquarters for additional funds to carry on the sweeping campaign now being indulged in by Presidential Candidate William Jennings Bryan and Vice Presidential Nominee John W. Kern.

Send in your dollar to the New Era—or more, if you wish—and it will promptly be forwarded to the national treasurer. The New Era has a handsome Bryan button for every contributor.

The appeals to the loyal sons of Democracy for additional funds, as issued by Norman E. Mack, chairman of the national committee, and M. C. Wetmore, chairman of the finance committee, in part follows:

"Bryan is making the greatest political fight in the history of the world. Every day since his nomination his cause has grown stronger, until it has become an irresistible force. It has brought cheer to every Democratic heart and dismay to the opposition.

"States that a month ago were regarded as surely Republican are today claimed by Democrats and conceded as debatable by Republicans. "We are now in the last month of the contest, and the battle will be waged fiercely in every debatable precinct in the United States.

"Funds are needed. Every Democrat should make an unusual sacrifice in this, the last hour before the final triumph. Not a dollar is to be accepted which requires any promise, either expressed or implied, other than for honest, impartial government.

"We appeal to you to take the matter up at once among your acquaintances and send their contributions to the treasurer of the committee without delay.

It is an honor to contribute to a cause of this kind, and a list of the names of the contributors to the campaign fund of 1908 will be held in grateful remembrance by the Democracy of the nation."

Nothing could be made more plain than that funds are needed immediately for Mr. Bryan and Mr. Kern to bring their campaign to a successful close in the very heart of the enemy's country. This appeal is surely not going to fall on deaf ears.

Gen. P. Wat Hardin was in the city this morning and paid the New Era a very pleasant visit. He is looking fine and and in splendid spirits over the Democratic outlook.

P. WAT HARDIN

Gen. Hardin spoke yesterday to a great crowd at Madisonville, and this afternoon will address the voters of Trigg county at Cadiz. He will speak in Hopkinsville Saturday, Oct. 24, and is going to be heard by an immense audience.

DROUTH UNBROKEN

AND CONDITIONS IN REGION ARE
VERY SERIOUS.Only one Rain Since Dry Season Set
In and Dust and Dryness
Still Reign.

The drouth is yet unbroken in this part of Kentucky. About two weeks ago nearly an inch of rain fell one night, this being the first since the dry season began, and it was hoped and believed that this was only the beginning and other showers would follow. But the one shower proved to be all the moisture the weather man had for this section, and as it was only enough to relieve the situation for a matter of hours its effects were soon obliterated and dust and dryness reigned again.

As a result of the continued dry weather, the conditions are almost unbearable. Farmers are planting their wheat in the dust, for when the ground is plowed and harrowed this is the state in which the soil is left. As the drills pass across the fields, planting the seed, they raise dense clouds of dust which at times literally shut off the team and the machines from view. There is much apprehension that the seed sown under these conditions will make only a poor crop, but is being planted with the hope that it will turn out all right. The highways are deep in dust, the stream are in many cases pools which breed mosquitoes and others have dried up entirely. In all of them the volume of water is greatly depleted and as low as ever before known. Hundreds of ponds are entirely dry and stock are suffering.

A regular epidemic of colds prevails all through this section. Doctors say that it is not in reality a cold in the general acceptance of that term. They say the trouble is not caused by change of temperature, exposure or carelessness, but rather by the dust with which the atmosphere is constantly impregnated. They say that by the breathing of this dust the mucous membranes lining the air passages of the nose, mouth, throat and lungs are irritated in much the same manner as they are when one "catches cold." Whatever the trouble is, every body nearly is a sufferer. Eyes have also suffered much from the dust and more complaint is being made on this score than was ever known before.

Elliot, grand secretary; B. J. Durham, of Danville, grand treasurer. J. Whit Potter, of this city, was elected representative to the Sovereign Grand Lodge of the world, which meets in Seattle, Wash., next September. Second Trial Ends

(From Thursday's Daily)
The suit of John H. Boyd against Thompson Cavanaugh was completed today after occupying the time in circuit court since Monday. The suit is over a piece of land containing from five to seven acres and estimated to be worth \$25 to \$50. This is the second time the case has been tried out, the first time resulting in a verdict for the plaintiff. A new trial was secured and it has now been finished, every point being hard fought, Trimble & Bell being attorneys for the plaintiff and C. H. Bush for the defendant. The court costs now amount to from \$150 to \$200 or four times the value of the land at the highest estimate. The jury today again returned a verdict for the plaintiff.

FOR BRYAN AND KERN

JUDGE MORRIS SPEAKS AT THE
COURTHOUSE.Convincingly Expounds The Doctrines
of Democracy to a Large Crowd
of Voters.

Judge James S. Morris, the veteran jurist of LaGrange, a stalwart Bluegrass Democrat, an agreeable speaker and a Kentucky gentleman of the old school, spoke at the court house Wednesday afternoon in the interest of Bryan and Kern.

He was heard by a large audience and undivided and deeply interested attention was manifested at all times.

Judge Morris was introduced by President Hanbery of the Bryan and Kern club.

The speaker made a dignified, able and clear cut Democratic argument, and brought the cheering news to the party that his study of the national situation gave him assurance of a great victory in November. He affirmed that the welfare and real prosperity of the nation demanded a change in the administration of the government and urged all patriots to stamp under the rooster and cross their T's—Tariff, Taxation, Trusts and Taft.

Judge Morris took up the various issues of the campaign. With keen ridicule and unanswerable argument he exposed the fallacies of Republican theories, and convincingly set forth the splendid doctrines of the Democratic party.

His exposition of the tariff question was particularly fine and he devoted much time to a forcible advocacy of the guaranty of banks.

The speech will do great good here and Judge Morris' visit was one of pleasure to all Democrats.

BY A GREAT CROWD

One of the largest local productions ever presented in Hopkinsville, and one that was much enjoyed, was "Under the Mistletoe Bough," presented at Holland's opera house Wednesday night under the auspices of the ladies of Grace church.

Considering the brevity of time in which the entire entertainment was prepared, its success was nothing short of remarkable, reflecting genuine credit upon the participants and Mr. and Mrs. Stearns, the professional coaches.

Around a melodramatic plot, mainly developed in pantomime, numerous pleasing musical numbers, solos, duets, dances and tableaux were clustered.

The story was of a bride who playfully hid herself in an old chest, and was unable to escape. Her mysterious disappearance and tragic fate were not revealed until fifty years later, when the chest was opened in the presence of her aged lover. Miss Bet Buckner was a most beautiful bride, and Mr. Harry Bean was a gallant bridegroom.

The choruses were large and attractively costumed, and the members of the cast and special performers acquitted themselves excellently notwithstanding they had had, all told, but ten hours of rehearsal.

The drill of the children, which introduced a stage full of pretty youngsters of all ages from four to fourteen, was specially appealing.

Confusion incident to locating the children among their proud parents in the audience prevented the enjoyment of Miss Wendemuth's solo. She has a beautiful voice, which Hopkinsville people are always delighted to hear. Miss Wendemuth very graciously completed her song in spite of the noise and her charming bearing won renewed admiration from her legion of friends.

There was never a better humored audience in the theater, and seldom one as large. Applause was accorded every number on the program.

CAUGHT AT GRACEY

IS THE SLAYER OF JOHN HOLE-
MAN.Has Been Placed In The Hopkins Coun-
ty Jail on a Charged of
Murder.

Floyd Snyder, who is charged with the killing of John Holeman at Dawson Springs several days ago, and against whom an indictment for wilful murder was returned by the grand jury of the September term of the Hopkins circuit court, was arrested at Gracey, Christian county, by Marshal H. H. Cox Tuesday while he was standing at the depot. Marshal Cox had been looking for Snyder ever since Holeman was killed, as he understood that he was in that vicinity, says the Madisonville Hustler. Snyder has a brother residing there and it is thought that he had been at the home of his brother ever since the deed was committed. When Snyder was apprehended Marshal Cox started at once for Madisonville with his prisoner and lodged him in the Hopkins county jail Wednesday morning.

There was \$1 reward offered for his apprehension and Mr. Cox will receive this amount from the Woodmen of the World.

Snyder says that Holeman shot him in the groin and a wound was found on his person, the bullet having gone through his coat, and after passing through his trousers pocket barely entered the skin. It is believed that Snyder will plead the unwritten law. His trial will probably occur during this term of court.

BABY GIRL CRIED AND SCRATCHED

All the Time—Torturing Eczema Covered Her Body—Could Not Sleep—Doctor Said Sores Would Last for Years—Skin Now Clear.

CURED IN THREE MONTHS BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment for my baby niece. She was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three months. Now her skin is as clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

THREE YEAR TERMS

IN PLEDGES WHICH WILL NEXT BE SIGNED.

Recommendation as to Average Made

—Robert Glover Succeeds Late Mr. Warfield.

Besides the election of officers the board of directors of the Planters' Protective association, at their meeting held in Guthrie last week, took action upon several matters of great importance to the organization.

Following the death of W. C. Warfield the day after he had been elected to the position of one of the three officials graders for the organization, Robert Glover, of Robinson county, was selected in his place.

On the question of the new pledges which will have to be taken before the 1909 crop can be controlled, the board of directors decided that these pledges should be for a term of three years as were those which expire with the present crop. It was also decided that no time should be lost in getting the blanks out and beginning to solicit for signatures.

The acreage question was another which requires attention and after fully discussing this the directors adopted the following resolution regarding it: "Believing that the farmers should pay more attention to the quality than the quantity of tobacco produced, we recommend the following acreage scale: five acres of tobacco for the first fifty acres of land owned or controlled and 2½ acres for each additional fifty acres or fraction thereof. This leaves the acreage matter in the same shape it was before except that the amount allowed for the first fifty acres is reduced from 7½ to 5 acres."

Under a resolution which was adopted at the meeting, the prizes for the association will hereafter be prohibited from receiving any tobacco on the stalk. It is hoped that this will induce farmers to strip their own tobacco which has been found much more satisfactory.

Up until this time all the grading has been done at Guthrie, but two new places were appointed this time at which this work is to be done, one town being selected in each of the three districts into which the territory is divided. The grading places now are Guthrie, Princeton and Paducah.

All of the salesmen were elected for the various sale places with the exception of Hopkinsville. At the request of the Christian county committee this was left open for the present.

In making up the committee of finance a complete change was made and Christian county received recognition in the election of her chairman, Dr. J. L. Barker as a member of this committee. The other two members are Dr. M. L. Bradley, of Sadlersville, Tenn., and J. T. Daughaday, of Water Valley, Ky. The old committee was composed of Dr. J. W. Dunn, Polk Prince and J. B. Jackson, Jr.

Crittenden and Livingston counties were represented for the first time, the two being represented by A. E. Chappell, of Hopkinsville, Ky. Hickman county was also represented for the first time, its representative being W. B. Finch, of Fulton.

In grading the 1908 crop two new grades were decided upon, these to be known as "common leaf" and "low leaf."

NIGHT RIDERS

Whip Man's Wife in Tennessee at His Request.

A special from Union City, Tenn., says that according to testimony in a divorce case tried in the circuit court of that city, J. A. Johnson, aged about 60 years, induced Night Riders to come to his home and take away his handsome 26 year old wife, Mrs. Emma D. Johnson, and whip her unmercifully.

The evidence showed that the Night Riders bent Mrs. Johnson over a log in the woods, applied the lash to her face, and then warned her that she must return to her husband and "behave herself in the future." She failed to take their advice, however.

The evidence further showed that they whipped her father, Mr. Thurman, for harboring his daughter.

The Modesty of Women

Naturally makes them shrink from the indecate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispels all the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients are of pure vegetable origin, contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound. If sick consult the doctor free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

CROP CONDITIONS

REPORT IS MADE BY COMMISSIONER OF AGRICULTURE.

Owing to The Drouth Serious Damage Has Been Done all Over The State.

The monthly crop report of the commissioner of agriculture says:

The early corn that matured before the drouth is of very good quality, but the corn planted later has been badly damaged by the severe drouth and the fine prospect for a heavy corn crop has been ruined.

Water is very scarce and in many parts of the state it has not rained since the first part of August, and stock is suffering and people are hauling water for miles. In a small part of the state it has rained during the past week.

Tobacco has been cut and housed, but has suffered from the drouth in several portions of the state.

Hemp is being cut, but is not very high above the ground.

Little or no wheat has been sown, the farmers not wanting to sow and let the grain rot or dry up, and no ground has been prepared on account of the drouth.

There is little demand for feeding cattle on account of the scarcity of water.

The second crop of potatoes has suffered greatly from the drouth.

Rye-sowing has been greatly hindered on account of dry weather. All grass is parched and pasturage is short.

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you. This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us. The dollar bottle contains 2½ times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

6 Pieces "Sanito" Cooking Ware

Absolutely Given Away!

FREE

Absolutely Given Away!

What "Sanito" Is

It is the ware you see advertised in all the leading Ladies magazines, especially those dealing with the culinary art. It is never sold at retail and you cannot buy it from the manufacturers for a penny less than \$2.50 per set and expressage. The great excellence of earthenware cooking vessels over tin or iron is known to all, but the difficulty has always been the increased cost of the earthenware. By using Sanito earthenware cooking vessels you secure the very best results, the food will not burn or stick, there is no danger of ptomaine poisoning and no odor remaining in the vessel.

Sanito ware, produced by a skillful blending of clays, is mechanically perfect, of convenient sizes and shapes for all ordinary purposes. Sanito will cook food evenly and without burning it. It has an inside lining burnt right into the clay, which is absolutely acid proof, and never cracks nor scales. You can cook anything from strawberries to cabbage in Sanito without one kind becoming tainted or discolored from what preceded.

Doctors, hospitals, sanitariums and thousands of progressive housekeepers use it exclusively. Its cleanliness and wholesomeness makes it especially valuable in preparing food for the sick, while for all general cooking purposes it should displace unwholesome and dangerous metal vessels.

The fact that Sanito is a non-conductor of heat makes it more economical to use than other ware. It retains heat much better than metal. It will be particularly welcome in homes where the difference between "cooked" and "well cooked" food is appreciated.

How To Get It

To every person who subscribes to the Weekly New Era, paying \$1.00 for one year in advance and 98c for expressage and packing charges, we will give ABSOLUTELY FREE a full set of this \$2.50 ware—the genuine Sanito.

To every person who is now taking the New Era and who pays up all arrearages, if any, and one year in advance and the 98c for the expressage and packing charges, we will give a set of Sanito.

Orders given to agents will not be accepted on this offer—everything must come direct to this office. We are making an unusual concession in offering this ware and cannot afford to pay agents' commissions too.

Every set comes packed in a separate box and we have a supply on hand, so that when your order is received it can be delivered promptly. This ware is delivered free of all charges at this office. If further express or freight charges are necessary they must be borne by the purchaser.

GROVER HORD DEAD

Bright Young Man a Victim of Tuberculosis.

(From Monday's Daily)

Grover Hord, the elder son of Mr. and Mrs. J. G. Hord, died Saturday evening after a prolonged illness. The cause of his death was tuberculosis.

The young man contracted the disease in Memphis. He went to that city about a year ago where he had secured a profitable position, but he was forced to give this up and return home last May. He remained at home only a short time and then went to California in the hope that the atmosphere there would relieve him, but on the contrary he steadily declined. After being brought back home once more he failed rapidly.

He lacked only a few days of being twenty years of age, and practically his whole life had been spent in Hopkinsville. As a boy he learned the printing trade. He was a bright, energetic young man of exemplary habits and was popular with every one.

Funeral services were held this morning at the residence on South Virginia street, conducted by Rev. M. A. Jenkins. Interment took place in Riverside cemetery.

HOPKINSVILLE WON

BUT PEMBSOKE PUT UP A PLUCKY GAME.

First Football Contest of the Season Was Witnessed By a Large Crowd.

(From Saturday's Daily)

In an exciting game yesterday afternoon Hopkinsville High school won from Pembroke High school by the score of 12 to 0. A good crowd was in attendance, and cheered the efforts of both teams to the echo.

The game was a hotly contested battle. During the first half the home team made one touchdown and kicked goal, but in the second half Pembroke made a tremendous effort to score. Once they advanced within Hopkinsville's ten yard line, but securing the ball on downs the local eleven advanced down the field for a touchdown just before time was called. Meacham again kicked goal and Hopkinsville's final score was 12 to 0.

The only drawback to the game was the dust which often concealed the plays, and which caused several punts to be made. Cate and Long bucked the line for the H. S., while Meacham made several nice end runs. The line also did good work in stopping the charges of Pembroke. In fact both teams put up a nice game and the spectators were well pleased. The team wishes to express its thanks for the splendid support of both high school and town.

The line up follows:
H. H. S. Position P. H. S.
Ware r. e. Dudley
Feland r. t. Ferguson
Graves r. g. Hammock

HUNT-GARDNER CASE.

CLARKSVILLE, Tenn., Oct. 12.—Saturday criminal court was convened for the hearing of argument for a new trial in the Hunt-Gardner case. The attorneys for the defense stated they would not argue the motion that was made, whereupon the court overruled the same, and sentenced the defendants to ten years in the penitentiary.

An appeal was entered to the supreme court. The court stated that a new bond of \$5,000 each would be required.

To put the brake on the wagon going down the hill is a help to the horse, when the wagon is heavily loaded. But what driver would think of applying the brake to a loaded wagon going up hill? If he did, his sensible horses would probably balk. Many a man is in the condition of pulling a load up hill with the brake set against him. When his stomach is out of order, and the allied organs of digestion and nutrition impaired in their functions, a friction is set up which has to be overcome in addition to the performance of daily duties. A foul stomach makes a foggy brain, and the man with a disordered stomach has often to grope his way through the day's business like a man in a fog. He forgets appointments. Problems seem presented to his mind "wrong end to." This condition is entirely remedied by the use of Dr. Pierce's Golden Medical Discovery. It puts the stomach and digestive and nutritive system into a condition of perfect health, and gives a clear brain, a steady hand and a light step for the day's duties. Dr. Pierce's medicines do not contain alcohol or other injurious ingredients; they are not "patent medicines" because their ingredients are printed on the label of each bottle.

NOT PETTY GRAFTER

FRANKFORT, Ky., Oct. 10.—Stanley Milward, Republican member of the board of control of charitable institutions, is relieved of the charges of petty graft which were made against him in connection with the Lexington asylum, in a report which was made to Gov. Willson by State Inspector and Examiner M. H. Thatcher. Mr. Thatcher says that both Col. Albert Scott, chairman of the board, and Percy Haly, a member, told Mr. Milward it would be all right for him to have his laundry done at the asylum and also get ice and vegetables there. The report also shows that Mr. Milward has settled in full with the state in order to avoid any discussion of the matter.

THIRD REGIMENT

WILL NOT GO TO ENCAMPMENT THIS YEAR

Too Many Members of Regiment Are On Active Duty Now in Night Rider Region.

The Third regiment, Kentucky national guard, will not go into camp this year, according to an order received by officers from Adjutant General Johnston on Thursday. The reason for eliminating the encampment this year was due to the fact that about 200 members of the regiment are on active duty, and that it would not be possible at present to order this detachment from the posts that they are now stationed. The barracks which are being erected at Earlington are also incomplete, and would not be ready for use until the latter part of this month.

It was intended to hold the annual encampment at Earlington in this month, the different companies assembling about October 10.

IN HEART TO HEART LIGHTS A MATCH AND EXPLOSION RESULTS

TALK TABERNACLE MANAGER TELLS OF COURSE.

Very Interesting Chat With His Patrons.—Better This Year Than Ever Before.

If the papers will grant us space we wish to go over some matters with the public. First and foremost the tabernacle is out of debt, and the course in future will not be a charitable institution, but will be run along business lines. You will not be asked to buy season tickets because the tabernacle is in debt, or because the tabernacle "needs the money." We have got sick and tired of this old argument, and we know you have. The average man in the past bought season tickets because it was good common sense to do so, not because he thought he was helping the tabernacle. Our business has increased every year for the last four years; we don't mind you having the figures, we are not ashamed of them, when any one who knows much of the Lyceum, knows there is never much if any profit, and must, of course, barely kept out of debt.

Season 1904-5 net \$387.50. Season 1905-6 net \$325.00. Season 1906-7 net \$740.05. Season 1907-8 net \$780.50. Each and every season we have paid out more money for talent, our expenses increase each year of course, but our books show the above profit. We keep the tabernacle property up, and improve same, this season we will begin to place opera chairs in the house, working along as our means will permit. This is badly needed, and will be the next matter that we will take up, in the way of improvements. We have a good stage, well made, well lighted, and we need dressing rooms but we will insist upon the talent, making good with what we have, until we can get our large audience more comfortably seated. Now we feel that you will will heartily agree with us in this move. We find this matter has taken so much space, we will be compelled to tell you of the great merit of our next course in some future talk.

The tickets for the course this season will be printed in Philadelphia, not that they can print them better than the home folks, but they are so prepared they can reserve every seat in the house, reservations being printed on each and every seat, so there will be absolutely no way for any mistakes to occur. This is for your convenience, as well as our "peace of mind." No seats will be reserved in advance, they will be issued in rotation, first come, first served. This is the only fair and square way it can be done, and we hope we will not be asked "well you know I can't be there, so please save me certain seats."

The Lyceum meeting at Oshkosh, Wis., was great, and we heard on the regular program and at the "stunt fest" a great many platform people. In the past we have bought talent "sight unseen," not knowing whether they would "make good" or not, but all the time hoping for the best. The manager's standard may be a little high, and he has been disappointed in some much heralded talent. No one can buy intelligently unless he knows some thing of the artistic work. We have asked our patrons on two occasions, in circular letters sent them, to tell us what they liked and what they didn't like. From 600 letters we had less than 25 replies; so this was a failure and we must judge our patrons' desires by the box office returns. This we have done in the past two seasons.

This covers about everything, except our books are open for inspection if any one cares to look over same. Our course for next season will cost more money than we have ever paid, but this must be done by any manager who wishes his course to be permanent. A Lyceum course must get better every year if you wish to hold the people; this has been our policy, and every year we sell more season tickets. Our course for this year will consist of eight numbers, and if the season ticket sale will justify it we will give to season ticket holders an extra number.

Seebree Has Costly Fire And Town Was For a Time Threatened with Destruction.—A Loss at Vine Grove.

SEEBREE, Ky., Oct. 12.—Fire here yesterday afternoon destroyed three buildings and for a while the entire town was threatened with destruction.

When W. I. Smith, who conducted a hardware and grocery store in his own building, went into the basement he lit a match and there was an explosion. This was caused from the leaking of a coal oil barrel. The building was in flames in a few minutes and was soon destroyed along

with the next building, which belonged to him and was vacant. Mr. Smith places his loss at \$20,000. The building adjoining the Smith block was a two-story structure belonging to Brown and Luck, who conducted a dry goods store. This was reduced to ruins. Their loss is placed at \$15,000, partially covered by insurance.

VINE GROVE, Ky., Oct. 12.—Fire today in the business section of town caused a \$25,000 loss.

"LEAF, LUGS AND TRASH."

Some News and Notes of Interest About Tobacco

Another slump in the business of the local tobacco market was noted last week. There was just enough trading going on to keep up a semblance of activity. The demand seemed to have disappeared almost entirely and while what tobacco is left out of the 1907 crop was ready to be examined at all times, the sales were light.

The sales by the Planters' Protective association amounted to only 29 hogsheads. For several days it seemed that only five hogsheads would be sold, but a dealer finally came along who purchased 24 hogsheads. About 65 per cent of the amount received has been sold, leaving only the lugs and lower grades of leaf on hand.

The Society of Equity issued no report. They have sold practically all of their holdings. Their warehouseman has announced that he has already made arrangements for financing the 1908 crop.

For the week ending Oct. 8, the business of the Planters' Protective association at the ten markets of the dark district was much lighter than the week before. The report of Auditor John D. Scales shows the following sales:

	Hbds	Total
Springfield.....	40	8,133
Cadiz.....	883	8,883
Guthrie.....	67	8,500
Hopkinsville.....	73	3,395
Paducah.....	4	4,896

Murray.....	131	2,420
Mayfield.....	32	1,938
Clarksville.....	77	7,776
Russellville.....	51	924
Princeton.....		1,366
Total.....	575	35,160

Has No Official Organ.

The following statement from the Tobacco Planter of Guthrie, in its issue of October 8, it would seem, removes any impression which may have existed in any quarter that the Planters' Protective association had designated that paper or any other as its official mouthpiece. The Tobacco Planter says:

"This newspaper has at no time sought to take advantage of its proximity to headquarters of the association to leave the impression that it is in any manner the official medium of the organization. The association has no official newspaper and it has steadily refused to confer such distinction on any one, because of the hearty support it received from local newspapers throughout the dark tobacco district."

The Tobacco Planter evidently speaks advisedly in the above. It says precisely what General Manager Felix G. Ewing has said on his subject from the very inception of the Planters' Protective association viz: "The association has no official newspaper, and it has steadily refused to confer such distinction on any one, because of the hearty support it received from local newspapers throughout the dark tobacco district."—Clarksville Leaf Chronicle.

MADE IN CIRCUIT COURT BY JUDGE COOK

Trial of Two Cases Held Without Delay.—Libel Suit Dismissed by The Plaintiff.

(From Monday's Daily)

Friday afternoon in circuit court Judge Cook showed how to economize time. The case of Mrs. Mollie Majors against the Illinois Central railroad company was on trial. The plaintiff asked for \$200 damages which she alleged had been done a road on her farm in being washed by water which was used to flow across it because of a fill the railroad employees had made. The jury was taken to the spot to see the road for themselves. While they were gone Judge Cook called the case of E. H. Pell & Co., against the Robinson Amusement company, a jury was impaneled and the trial entered into. Saturday morning the Majors case was resumed and completed, the jury returning a verdict for the plaintiff in the sum of \$150. When this case was finished the other suit was called again but was not completed until today. Pell & Co. claim they made a contract with the amusement company to show in Paducah but that they broke this contract and showed in Hopkinsville instead. Judge D. G. Parks, of Paducah, is one of the attorneys for the plaintiff and has been in attendance upon the court for several days. The jury gave the plaintiff \$200 damages.

The suit brought by Flora Long by her next friend, against David Walker, for \$5,000 damages for alleged slanderous statements, was dismissed upon motion of the plaintiff.

Judge Robert Crenshaw and Hon. R. A. Burnett, of Cadiz, are attending court here today.

BIG GROWERS TRUST

WILL HAVE ITS HEADQUARTERS IN LOUISVILLE

Clarence LeBus to be President.—Temporary Organization is Formed

Headquarters for the Union Tobacco society, a mammoth organization composed of all of the tobacco raising societies in Kentucky, Tennessee, Virginia, Indiana, Wisconsin, Ohio, Illinois and Missouri, is to be established in Louisville. The consolidated interests will represent a capital of \$75,000,000, and Clarence LeBus, of Cynthiana, is the choice of the leaders for president.

Delegates from the various organizations composing the Union society met at the Louisville hotel in executive session and made a temporary organization. Mr. LeBus was elected temporary president and J. F. Doss, of Greenville, Ky., temporary secretary. Mr. LeBus is the president of the Burley Tobacco society, and he and Mr. Doss were the chief spirits in forming the Union society.

If the plans of the leaders in the Union Society movement carried out the American Tobacco company will be given a hard lick. The disposal of the 1907 crop of tobacco was considered and it was agreed that the organization would attend to it. Another meeting of the temporary officers and committees will be held here October 20 and a big meeting of representatives of all of the associations comprising the Union Society will be held November 12. In the meantime Mr. LeBus will act as president and Mr. Doss as secretary.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have stronger hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

POLITICAL RALLY

LED BY WATTERSON, LINDSAY
AND SHANKLEY.

Editor of the Courier-Journal Goes
For Republicanism With Hammer
and Tongue.

LOUISVILLE, Ky., Oct. 9.—Hon. Henry Watterson presided and was the principal speaker at a Democratic rally in the Masonic Theater here last night. As this was Mr. Watterson's first political speech since 1892, and will probably be his only platform utterance during the present campaign, much interest was manifested. Others who ad-

HENRY WATTERSON
dressed the assemblage were former United States Senator William Lindsay and Congressman Swager Sherley. Mr. Watterson said in part:

"I truly rejoice that I have lived to look upon a reunited Democracy. I was born in a Democratic camp during what proved a bad year for Democrats, and I attained my majority just in time to see the party go over the precipice of sectionalism to what seemed its ruin.

"The politicians tell you that there

are many issues up for settlement in this campaign. I see but one. If we can not change our rulers at will—if an organized and defiant minority inside a fortress can withstand the siege of an undisciplined and ill-equipped majority on the outside—how shall talk about trusts and tariffs, about rebates and bank deposits, about money and morals and stocks and bonds profit us?

"I behold now an almost exact reproduction of the evil conditions of fifty years ago. The Republican party, grown corrupt and arrogant, is putting forth a tremendous effort to retain the power while it has so misused. If it succeeds it will never surrender its short of some dire calamity, making its exit the signal for, it may be, a civil war. To that end its policies of militarism, favoritism and class distinction have long been tending, preparing a new irrepressible conflict between capital and labor. I pray God that this may never come. But the way to avert it is by occasional changes of party, bringing home to our public men their subordination to the people.

"If I was a Republican I would vote for Bryan. If I were a Republican I would let the big chief with his 'big stick' go hang. If I were a Republican I would turn my back upon a candidate, no matter how personally acceptable, who represents the vicious methods of ring rule and the steam roller.

"Whatever usefulness the Republican party ever possessed, it has for the time outlived. It stands today a menace to equal taxation and economic administration. If not to orderly government and free institutions.

IN COURT OF CLAIMS

CONSIDERABLE BUSINESS OF INTEREST IS TRANSACTED

Repairing of Roads Taken Up—\$300
For the Children's Home Society.
—Tax Settlement.

(From Friday's Daily)

The fiscal court held a busy session Tuesday, Wednesday and during the forenoon of Thursday. Many matters of business were attended to, these in the main being the repairing of present pikes or the building of new pikes for short distances on other roads. The reports of the various road officials were filed.

An appropriation of \$1,000 was made to J. G. Hord, poor commissioner, for the paper fund of the county. The Kentucky Children's Home society, of Louisville, was the object of the court's generosity in the sum of \$300.

County Attorney Duffy reported that the sum of \$2,223.93 had been paid over by J. J. Barnes, former sheriff of the county, on the decision of the court awarding to the county this amount of penalties which Mr. Barnes had collected while in office. Of this amount ten per cent was due J. E. Byars and Frank Rives as the fee for assisting in the case, leaving a net balance of \$2,001.93. This was ordered to be applied on a note of \$5,000 held by the City Bank.

RELEASED FROM PRISON.

CLARKSVILLE, Tenn., Oct. 9.—Alfred Proctor has returned from the state prison, where he served a term of twenty years for murder. Proctor killed Sue Hayes in a fit of jealousy, splitting her head open with an ax. He afterwards attempted suicide by shooting himself through the mouth. He says he will make a good citizen, having served out his full term with the exception of time allowed for good behavior.

S.S.S. MAKES A LASTING CURE

There are certain mineral medicines which will remove the external symptoms of Contagious Blood Poison, and shut the disease up in the system for awhile, but when the treatment is left off the disease will surely return. Then the loathsome symptoms of ulcerated mouth and throat, copper-colored spots, falling hair, sores and ulcers, etc., are usually worse because the disease has made rapid progress on the internal members, and weakened the constitution and general health of the sufferer. S. S. S. is the only remedy that can be used with perfect safety in the treatment of Contagious Blood Poison, and with the assurance that a lasting cure will result. This medicine, made entirely of roots and herbs of recognized curative and tonic value, antitoxins and destroys the powerful virus of the disease, and by purifying the blood of every particle of the poison and enriching and strengthening the circulation, removes every symptom of the trouble. S. S. S. does not hide or cover up the disease in any way, but drives it entirely out from the blood, leaving not the slightest trace for future outbreaks. Home treatment book with valuable information and any medical advice desired sent free to all who write.
