HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, OCTOBER 30, 1903

VOLUME XXVII, NO 41

TOWN IS IN DANGER

FOREST FIRE IS RAGING NEAR
NORTONVILLE.

Flames Are About to Invade Christian
County.—Fighters Make But
Little Headway.

MADISONVILLE, Ky., Oct. 29.—It is reported that the town of Nortonville is in danger of being destroyed by the forest fire, as the flames are only one-fourth mile distant, and if the wind shifts in the direction of that place the probability is that the citizens would have a hard time saving their homes. The fire is near the creek, and if an east wind should arise the flames would consume the houses on the outskirts of Nortonville unless they are checked or extinguished.

The fighters are firing against the fire, but do not seem to make much headway against the flames. The fact that the wind has veered in an opposite course from the way the flames are burning has checked them to a great extent and prevented them from spreading like they would have under other conditions. The fire is gradually burning toward the Drake creek flats and when it reaches that point it will soon invade Christian county, where much valuable timber will be destroyed.

KENTUCKY SYNOD

Of The Cumberland Presbyterian Church Transacts Important Business in Its 80th Annual Session.

HOPKINSVILLE CUMBERLAND PRESBYTERIAN CHURCH.

The first thing coming before the Cumberland Presbyterian synod when they reassembled for business Wednesday afternoon was the appointment of the various committees, these being made up as follows:

Missions—Rev. J. T. Barbee, Rev. D. W. Fooks, Rev. B. H. Henderson, Elders J. H. Little and H. S. Thixton.

Education—Rev. J. T. Price, Rev. J. M. Cook, Rev. R. H. Moorefield, Elders Rice Listeman and G. R. Ruby.

Publication—Rev. B. H. Henderson, Rev. R. H. Moorefield, Rev. O. A. Barbee, Elders Evan Rudolph and E. C. Ambrose.

Sabbath Schools and Young People's work—Rev. O. A. Barbee, Rev. G. L. Woodruff, Rev. T. G. Grundy, Elders J. Y. Simpson and E. G. Mattingly.

Ministerial Relief—Rev. S. B. Rudolph, Rev. G. B. McDonald, Rev. W. T. Galloway, Elders I. L. Traylor and Z. W. Cloyd.

Presbyterial Records—Rev. E. W. Bagwell, Rev. R. A. Moore, Elders J. Y. Simpson and E. G. Mattingly. Church Extension—Rev. M. M. Smith, Rev. W. J. Hayden, Rev. A. C. Biddle, Elders J. T. Hendrick and R. D. Terhune.

Temperance—Rev. H. M. Guynn, Rev. W. C. Long, Elders Silas Revelett and O. D. Spence.

A special committee composed of Rev. A. C. Biddle, Rev. J. L. Price and Rev. J. T. Barbee was appointed to go to Frankfort early in December and be present at hearing before the court of appeals of the case involving the title of the church property at Sturgis. When tried out in the lower court the title to the property at Sturgis was declared to be vested in the Cumberland Presbyterian church and not in the Presbyterian church U. S. A. An appeal was taken and the case is set for hearing before the higher court early in December. The decision of the court of appeals is awaited with much interest as the decision of this case will settle the question of the title of the church property all over the state.

The clerk and treasurer made their

reports and Central City was selected as the next place of meeting.

MEMORIAL TO DAVIS

RENEWED INTEREST MANIFEST-
ED IN MOVEMENT

The Old Homestead at Fairview is to
be Converted into a Beautiful
Park.

Renewed interest is being taken in the project to convert the original Jefferson Davis birthplace at Fairview into a public park.

A few days ago Editor S. A. Cunningham, of the Confederate Veteran, accompanied by Maj. Foster, himself a veteran who wore the gray and who is an experienced civil engineer, visited Fairview and surveyed the Davis farm, or that portion which it is proposed to convert into a park, and a map will be made at once showing exactly what it is planned to do. With this as a basis the work of soliciting funds will be prosecuted with vigor and it is hoped and believed that enough money will soon be raised to guarantee the venture so that the actual purchases of grounds may be made and the work of beautifying these be begun. Mr. Cunningham also had several pictures made of various sections of the farm and of other lots and buildings which it is proposed to buy.

The options which have been taken on the land which is desired will expire next April and some definite action must be taken by that time.

Supplemental Registration.

The supplemental registration closed last night at 9 o'clock and all voters who have not secured registration certificates will be barred from voting next Tuesday. During the three supplemental days a total of 158 voters qualified, making a total of 1,957 who are entitled to vote in Hopkinsville.

Webb Bell Here.

Among those who came in on the last day to register was Webb Bell. Mr. Bell is a Democrat of the old school, and it cost him about \$30 to get here and remain over to vote. He put off coming until the last day so that he could stay over until Tuesday. Mr. Bell has been traveling for some time past in Indiana and he says that that state will go for Bryan. He has personally investigated the situation himself and says his knowledge comes first-hand and not from newspapers or campaign managers.

AT REELFOOT

REELFOOT, LAKE, Oct. 29.—Ninety prisoners are in camp here and not allowed to talk with visitors except in the presence of a guard.

Frank Ferriner has confessed he was in the band that murdered Capt. Rankin. He named many others. Capt. E. C. Ward, of Ward hotel, and Editor Bryce, of Troy, have been released as prisoners.

Son Was Killed.

HICKMAN, Ky., Oct. 29.—Since the capture of the Night Riders at Reelfoot Lake, Mrs. Keith, who lives near here, has confessed her 18-year-old son was in the band that murdered the Walker family. Young Keith was killed by Walker and the Night Riders buried him without a coffin.

Taken Home.

Dr. A. A. Hendricks, the aged Crofton physician who adjudged to be of unsound mind some weeks ago and was sent to the Western Kentucky Asylum for the Insane on September 9, was taken home last night. His physical condition is serious and he has become so debilitated that he had to be carried home on a cot. It is feared that he will not survive very long. Dr. Hendricks is seventy-eight years of age.

Carr-Moore.

The First Presbyterian church was the lovely scene this morning at 9:30 o'clock of impressive nuptial rites which linked the lives and destinies of Miss Joy May Carr and Mr. Willard Fay Moore. The interior was handsomely adorned, and the altar was a bank of chrysanthemums, palms and ferns. An attractive feature was girl ushers, Misses Nannie Malone, of Cadiz, Ellen Davison, Mary Graeme Starling and Emily Kelly. These pretty young women, dressed in white, preceded the bride to the altar. Miss Carr was lovely in a going-away London smoke coat suit, with Lat to match. She carried white chrysanthemums. The maid of honor, Miss Willie Carr, her sister, wore white over yellow, a lace hat, and carried yellow chrysanthemums. The bridegroom was accompanied to the altar by the best man, Mr. Ramsey, of Blytheville, Ark. The ceremony was gracefully performed by the Rev. Edward H. Bull. Directly after the service, Mr. and Mrs. Moore left on a bridal trip. The bride is the handsome and charming daughter of Mrs. Cassandra Emily Carr, and a sister of Mrs. W. M. Hancock. Mr. Moore is a popular and prosperous young business man of Blytheville, Ark., where he and his lovely bride will reside.

Dawson-Stevenson.

The marriage of Miss Effie Dawson and Mr. Ewing Stevenson was beautifully solemnized Wednesday afternoon at the home of the bride's father, Mr. Wick Dawson, in the Roaring Springs vicinity. This was a nuptial event of interest both in Trigg and Christian counties.

The bride is a lovely and accomplished young woman, and the fortunate bridegroom, who is a relative of the Hon. Adlai Stevenson, is a prominent young Christian county farmer. The residence was attractively decorated and the ceremony, which was impressively performed at 5 o'clock by the Rev. G. H. C.

Stoney, of Cadiz, was witnessed by a large assemblage of the friends and relatives of the contracting parties.

Immediately after the marriage the happy couple drove to their home in the Bennetstown neighborhood where an elegant wedding supper was served. Today, Mr. and Mrs. Stevenson returned to the residence of Mr. Wick Dawson where a delightful dinner party was given in their honor.

Major-Pyle.

Miss Florence Major and Mr. Jas. E. Pyle were married last night at 9 o'clock at the home of the bride's mother, Mrs. Mollie Major, near this city on the Canton pike. About fifty invited guests witnessed the ceremony which was pronounced by Rev. Millard A. Jenkins, of this city. The attendants were Misses Virginia Cayce and Louise Major, Mr. Elmer Pool and Miss Lottie Gary, Messrs. Emmett Major and Omar Pool. A delightful supper was served after the wedding.

The bride is a handsome young lady possessing many admirable traits of character. The groom is an attaché of the postoffice and a young citizen of sterling worth.

Fourquean-Warder.

Miss Senie Fourquean and Mr. Gano W. Warder were married last night. The couple sprang a surprise on their friends by keeping their intentions to themselves and accompanied by one other couple, they drove to Kelley where the ceremony was pronounced by Rev. L. L. Spurlin. Mr. and Mrs. Warder then returned to Hopkinsville and have taken board at the Yancey hotel. The bride is the eldest daughter of Squire W. R. Fourquean and is a talented young lady. The groom was formerly city marshal at Gracey but now resides in this city where he has many friends.

Republican Speaking.

The Hon. John C. Worsham, of Henderson, Ky., the Republican nominee for congress of this, the Second congressional district of Kentucky, will speak at the courthouse in Hopkinsville on Saturday, October 31, 1903, at 1 o'clock. Everybody cordially invited to come out and hear him. d3tw1t

GEN. HARDIN'S GREAT SPEECH.

Addresses Big Crowd at the Courthouse and Urges
His Hearers to Return to The Principles
of Thomas Jefferson.

GEN. P. W. HARDIN.

In the interest of the national Democratic ticket, Gen. P. W. Hardin delivered at the courthouse this afternoon a splendid and eloquent address before a great crowd of citizens from every part of the county. The speech concluded Gen. Hardin's appointments in Kentucky. He will leave tonight for Chicago to place his services at the disposal of the Democratic national committee, and will speak in western states every day from now until the election. Gen. Hardin was introduced by President J. T. Hanbery, of the Bryan and Kern club, as a great Democrat, a tried and true leader who bore the scars of many political battles but no sore places.

Mr. Hardin's Address.

Among the many things Mr. Hardin said: The majority of us are prejudiced, and are Republicans and Democrats, not because we think we think the policies and platform of our respective party are correct, but because our fathers voted this way. We are prejudiced, and our self interests govern most of our actions, and in many instances leads us far astray.

Now, gentlemen, let us forget our self interest, and think only of the great interests that are at stake, upon which the safety of our country depends. If we are to be guarded by truth, we must go back in history when men were governed by vanity and cruelty, but this day has passed. Owing to our school houses, and our women we are growing better every day.

I want you to read the first record in the old Testament about the story of Pharaoh, who had a dream, which was interpreted by Joseph, to mean that seven years of plenty would be followed by seven years of poor crops. Pharaoh then told him to gather the surplus of the first seven years and place it in granaries for the following years. In all this not one word was said for the common people, and at the end of the seven years the common people were the slaves of the kings. Now unless I demonstrate to you that the corporations of this country like the Pharaohs of old are requiring over one fifth of all that is raised, I will quit the Democratic platform and never make another speech.

Step For Freedom.

The first step for freedom was taken by the English over 700 years ago, and then 400 years ago when this country was discovered by the inhabitants took the chance for their freedom and came to America. Our fathers lived in this country for 150 years obedient to the king, and the men he sent here to rule, and appeared satisfied. At last the hand of greed fell upon our fathers and the first tariff tax was placed upon tea. It was several years after the colonies began their fight against the mother country that the correct principle dawned upon the American people, that the people are not the servants of the officials but that the officials are the servants of the people. This was the doctrine that Thomas Jefferson advocated, and it was on these principles that the Democratic party sprang into existence. It was upon this idea of equal rights to all and special privileges to none that the Democratic party began its career.

For nearly eight years, the Democratic party stuck to these principles until self interest gained a footing and then came the downfall. The Republican party gained the ascendancy, and when the great civil war was over, they too became self interested and seeing their opportunity of taxing the people for the benefit of the classes took advantage of it. It was then that they violated the first principle of government.

Protective Tariff.

This protective tariff has been placed for the special purpose of building up large fortunes and for special interests of the few. What right have they to put a tax on me, to pay into the pockets of some one else. The constitution states that revenue for the government can be raised by placing a tax on all imported articles but at no place does it say that tax can be levied for the purpose of putting money into the pockets of a few. If a law was passed that would forbid the importing of any products into this country it would be declared unconstitutional, and would be thrown out. Now this protective tariff is the same kind of law, and is used for the purpose of playing into the hands of a favored few, and fooling the laborers and the farmer. As the natural outcome of this protection a combine was formed, and the price regulated as to what should be paid to the producer and what price they should receive for their goods.

Fool the People.

When the farmer and the poor laborer began to realize that this protective tariff was not the good thing it was represented to be, the Republican party came to the front, and said "We will have to do something to fool the people," so a tariff was placed on produce, and farm products. This, gentlemen, mind you, was placed on farm products, that are supposed to come into this country where a surplus has always been produced and shipped to foreign countries.

We had only thirty or forty people to the square mile and the greatest agricultural county on earth, while all Europe has an average of over 500 to the square mile and China and Japan have over 1000 to the square mile and 500,000,000 people to be fed.

Can they raise a surplus and send it to this country? No, we are feeding the world and Mr. Taft is fooling the farmers when he tells them that a Republican administration can regulate the demand of the hungry millions or the seasons and crops of Argentina and competing countries.

This tariff was placed to fool the people, and try to create the impression that the Republican party was really doing something for the laborer and the farmer. Did they protect the American laborer from the foreign laborer? No they did not, but let them come over to this country and compete with home labor, but at the same time would not admit the product of this foreign labor, to compete with the product of the home laborer.

The Prices Paid.

Gen. Hardin spoke for some time on the prices paid for products manufactured in this country, and sold for more here than after they

have been shipped to foreign countries. He called attention to the fact that steel rails could be purchased for \$6, cheaper in Mexico than in the United States. He also accused President Roosevelt of taking up the issues that the Democratic party had been preaching for a number of years, and that the recent panic in his estimation was caused by Rockefeller and Rogers for the purpose of discrediting Roosevelt and his policies. These same men tried hard to prevent Taft's nomination, but after he was nominated he soon became allied with the east, and these men stand ready today to help him out with his struggles. But at the same time they are expecting the same privileges that have been extended to them in the past.

In talking of the plank in the Democratic platform for guaranteed banks, he furnished proof that it has been tried and found successful in other countries. In Germany this system is in use, while in Indiana during the years of 1885 and 1890, it was tried and found successful, and only discontinued on account of the national banks coming into the state. By guaranteeing the banks panics would be prevented and people would not be so ready to withdraw their money when the government was behind them.

With an admonition, to forget their self interests, and look at the question in the proper spirit, and help the country return to that first principle of Jefferson, the equality of all, by giving the candidates for president and vice president the largest majority the Democrats of the state ever rolled up, he brought his talk to a close after which many of those present gathered around him to grasp him by the hand.

Roycroft Philosophy

By Fra
Elbertus

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

The first thing in the commonsense creed is OBEDIENCE. Do your work with a whole heart. Revolt is sometimes necessary, but the man who mixes revolt and obedience is doomed to disappoint himself and everybody with whom he has dealings. To flavor work with protest is to fail absolutely. When you revolt, why revolt—climb, get out, hike, defy—tell everybody and everything to go to hell! That disposes of the case: You thus separate yourself entirely from those you have served—no one misunderstands you—you have declared yourself. But to pretend to obey, and yet carry in your heart the spirit of revolt is to do half-hearted shipshod work.

KENTUCKY MASONS

PROHIBIT ACCEPTANCE LIQUOR MEN AS MEMBERS.

Other Important Features Are Contained in New Constitution Which Was Adopted.

The Hopkinsville delegates to the grand lodge of Kentucky Free and Accepted Masons have returned home. The lodge adjourned at Louisville Thursday afternoon.

Many matters of great interest to the 35,000 Masons of the state were under consideration, and passed upon with large majority votes.

The new constitution was an important feature, it having been postponed from last year. It contains many new features, one of the most important being the prohibiting of any lodge accepting an application from one who is a dealer of manufacturer of spirituous, vinous, or malt liquors. This was adopted without a dissenting vote. A very important matter was the question whether or not to change the old Mason's home at Shelbyville to some other point in the state. This was continued until next year, and the board of directors of the home granted the power in the meantime to select a site. The present water supply at Shelbyville is not sufficient for the needs of the city. Deep wells will be dug at that point to overcome this difficulty.

An endowment fund will be started for the old Mason's home and the Masonic widows' and orphans' home. This fund will be known as the "Henry P. Barrett fund," he being the one who gave the movement its greatest impetus. The plan will be to ask the members of the order to have sums of \$1 and up placed in their wills. The movement bids fair to be a very important one, and thousands of dollars will be left to the Masonic charitable institutions.

DANDRUFF

An Easy Task to Cure it When You Know How.

There are three kinds of dandruff cures:

Good dandruff cures.
Bad dandruff cures.
And plain liquid junk.

The first is good to put on the head; the second is good to keep off the head; and the third is good to flush out the sewer.

The owners of good dandruff cures say our remedy will cure you in two weeks or money back.

The owners of bad dandruff cures guarantee nothing, but spend their money howling fake at the good dandruff cures, which policy they consider is a clever method of enticing the shekels from the unwary.

Parisian Sage is a good dandruff cure.

It is guaranteed by Cook & Higgins to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It kills the dandruff microbes, it promotes a new growth of hair, it makes hair soft and luxuriant, and is without doubt the most pleasant and invigorating hair dressing made today.

To every reader of the New Era, both man and woman, we want to say these few words:

If you have tried other dandruff cures, hair restorers, and have failed to receive any benefit from them, don't give up hope, try Parisian Sage at our risk.

Cook & Higgins will sell you a large bottle for 50 cents with a money back guarantee if it does not do as advertised.

Orders shipped by express, all charges prepaid, at regular price, by Giroux Mfg. Co., Buffalo, N. Y.

How to Cure a Cold.

Be as careful as you can, you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens secretions and aids nature in restoring the system to a healthy condition. For sale by Anderson-Fowler Drug Co., Incorporated.

MINSTREL HAS TWO LOCAL BOYS IN COMPANY

"The Devil" Comes on November 4. —Musical Comedy And Melodrama Early Next Month.

The next attraction at Holland's opera house will be the Rosamond Minstrels, next Saturday night. One of the singers with the company is Nick Ray, formerly of this city, and Mr. Lewis, recently a member of Lebkuecher's band, is one of the orchestra. This fact, aside from the merit of the company, makes the engagement one of unusual interest.

"Tempest and Sunshine."

Few books have been more universally read than "Tempest and Sunshine" and it will be very gratifying to local readers to know that W. F. Mann, the producer of many successful plays, will bring to Hopkinsville on Nov. 11, his excellent company in Lem B. Parker's dramatization of Mary J. Holmes' famous novel, "Tempest and Sunshine."

"The Devil."

Manager Holland has secured "The Devil," the most talked about play on the American stage, for one performance here Nov. 4.

THE PEMBROKE FIRE.

Hopkinsville sympathizes deeply with Pembroke in that plucky town's latest disaster, which, by a curious coincidence, occurred on the twenty-sixth anniversary of the great conflagration which laid waste the business portion of this city. Expressions of keen regret were heard here on all sides when news of the fire was received, and everywhere was manifested an earnest desire to lend all the aid possible to the threatened town. Scores of citizens accompanied the fire department on the train to Pembroke and many others drove through the country in order to offer all the assistance they could in the event their services were needed. Probably one hundred and fifty Hopkinsville people were at the scene of the fire during the afternoon. With characteristic determination and hope, Pembroke will go to work to build up its burned district. In the case of Hopkinsville, the "big fire" here proved a blessing in disguise, for the seventy-two structures destroyed were replaced by handsome, more modern and substantial buildings. We hope the outcome of Pembroke's conflagration will prove equally as fortunate.

A DEMOCRATIC WAR HORSE.

That splendid old—and not so very old, either—Kentucky statesman, P. Wat Hardin, made a masterly address Saturday at the courthouse and inspired his Democratic hearers with courage, hope and pride. His speech was wonderfully eloquent and never has a more convincing argument been heard here. It was a call back to the faith of the fathers and a powerful plea for the eternal Jeffersonian principles on which the Democratic party was founded.

In this day of petty politics and politicians and the venting of personal animosities, it is a rare and distinguished opportunity to hear an able and dignified discussion of campaign issues by a man of conviction, brains and bravery and in whom there is no guile.

Gen. Hardin says he is out of politics and has absolutely no personal aspirations for any office in the gift of the people. Perhaps, that is the very sort of man we most need in politics. Time has not impaired his physical or mental vigor, his heart is right, his patriotism pure and unselfish. He is one Democrat who has never wavered in his allegiance to the party, and remarkable to say, is identified with none of the cliques and factions that invariably, in the long run, do a party lots more harm than good.

By the way, isn't it time for the Democrats of Kentucky to be thinking seriously about who would be the strongest and best candidate for governor at the next election?

SIX REASONS NOW.

In announcing his candidacy for county court clerk, the editor of the Murray Ledger, O. J. Jennings, publishes the pictures of his family of six members, one a baby in a perambulator, and in scare head type says: "Six reason why you should vote for O. J. Jennings. There may be others." Whether Mr. Jennings' device is a stroke is not stated.

THE TIMES SCOOP.

The Louisville Times has accomplished a genuine "scoop" in adding Edward A. Jonas, former editor of the Henderson Journal, to its staff. Mr. Jonas is a keen, incisive thinker, a really brilliant and delightful writer, and has wit that sparkles like rare wine. Col. Haldeman and Bob Brown made the Times the brightest paper in Kentucky long ago. With Mr. Jonas on the editorial staff it will be brighter than ever.

With a high southeast wind fanning flames into a fury and with only a bucket brigade and an inadequate water supply with which to fight a conflagration, Pembroke looked for awhile Sunday afternoon as if it were doomed to destruction from a fire which caught in the cone of the roof of W. W. Eddins' large frame tobacco house on Railroad street.

Acres of Ruins.

Before the great blaze was subdued there were acres of ruins adjacent to the town's business center. Two big warehouses, three storage houses, five dwellings, a carpenter's shop, blacksmith shop, coal office, and much miscellaneous property were consumed at a loss approximating \$25,000, with insurance covering about half that amount.

Mile-a-Minute.

When the news of the fire reached Hopkinsville in a call for the fire department the flames had made such headway that the citizens of Pembroke feared the worst. As speedily as possible the hose wagon, which also contained the chemical tanks, were loaded on a flat car on the L. & N. railroad while firemen and volunteers among Hopkinsville citizens filled a box car and caboose. Engineer Sam Courtney was at the throttle and he sent the locomotive over the rails a mile a minute. The fire had been checked when the train reached Pembroke, but it was still burning fiercely among the debris in parts of the doomed district, while large tracts of smoldering ruins threatened to spread the flames.

At Critical Time.

The Pembroke fire fighters as well as the accessible water supply were nearly exhausted. Splendid work was done by Hopkinsville firemen in extinguishing the blazes. They ran the hose to the electric light company's tank and soon had streams playing where they were most needed. Several buildings were thus saved. An L. & N. locomotive also did excellent service with its tank. Councilman George E. Randle, former fire chief, was in charge of the Hopkinsville department on the trip to the burning town, and Chief Hester caught a freight train and arrived about fifteen minutes late. Mr. Randle, several of the firemen and a number of local citizens rode on the flat car with the hose cart.

Heroic Work.

Before the arrival of the department, the Pembroke people with indomitable pluck and energy had fought the flames inch by inch, with water brought in buckets, tubs and every available sort of vessel. Great quantities of salt were also used. Sunday clothes were not thought of, the blistering heat went unnoticed, and everybody worked tirelessly, patiently and heroically until an apparently hopeless task was accomplished, and Pembroke was saved.

Caught in Roof

It is the theory of the citizens of Pembroke that the fire originated from sparks dropped on the roof of the Eddins building by a passing locomotive. It was first noticed about one o'clock by a guest who was sitting on the veranda of Ackerman's hotel. He gave the alarm and the wildcat whistle of the electric light company summoned the citizens to the scene. Had there been a way to reach the top of the building with water quickly, the

blaze could have been smothered in its incipency, but the big frame house was in a short time wrapped in flames. These were communicated to the dwelling of William Garner, colored, and to a colored hotel owned by C. W. Gunn. The loss on the Eddins building is estimated at \$1,500. The contents included a quantity of flour and hay. Garner's loss is \$500, and Gunn's \$1,500.

Leap Across Street.

The flames leaped across to the west side of Jackson street, and soon consumed all the buildings in its path. W. H. Whitlow & Son's carpenter shop, a two-story frame building was burned, the loss being \$1,000 or more. S. H. Dickinson's two-story frame residence, valued at \$1,500, was destroyed. Most of the furniture was removed from the house, but a large part of it was burned in the streets, the heat being so intense that it could not be taken out of the reach of the flames.

Taken to Safety.

Mrs. Dickinson, who has been paralyzed for eight years and is helpless, was taken in a chair from her burning home to the residence of friends in another part of the city. A 1-story cottage belonging to Mrs. W. H. Chastain was next burned. It was worth about \$800. Reeves & Wine's blacksmith shop in W. T. Buckner's building was devoured by the flames. The house was worth \$1500.

Mass of Flames.

A. O. Dority's immense two and one-half story warehouse, which had been used as a stripping house, was soon a mass of roaring flames, and Dority & Co's coal office was also destroyed. The combined loss is about \$3500. Two storage houses, valued at \$500 and belonging to E. B. Ledford, were consumed, as was the storage house of the Forbes Manufacturing company, in the rear of their Main street building. This was worth \$1200 or \$1400. A residence, occupied by R. R. Lloyd, and owned by Miss Nettie Smith, was burned at a loss of \$1200, and J. P. Garnett's \$300 cottage, occupied by the family of C. C. Ramsey, quickly followed.

In Dying Condition.

Mr. Ramsey, wife of the popular sewing machine agent, was lying critically ill of blood poisoning. She was placed on a cot and borne by tender hands to the Baptist church. She was unconscious at the time, and so desperately ill that all hope for her recovery had been abandoned. She died about 6:30 o'clock.

Much Damage.

Several of the stores on Main street caught. People stood on the roofs and with buckets of water kept these from burning. A number of outbuildings and small storage houses back of Main street went up in smoke. The electric light company's and telephone wires were damaged considerably, the board walks in that part of town were burned, and a large quantity of household goods, piled in the street, caught fire and were consumed.

Heavy Losses.

This is the third big fire that Pembroke has had within a year. In each case, A. O. Dority was a heavy sufferer. Last winter his big warehouse was destroyed at a loss of \$40,000 and during the summer Dority & Co., and McComb & Co. had fire losses aggregating \$30,000. All the fires were in the same part of town.

ALL THE OFFICERS

OF STATE GUARD TO STAND EXAMINATION

Those Who Fail to Pass Will Be Dropped From Rols and Vacancies Filled.

In the plan to bring the standard of the state guard up to the highest point of efficiency, it has been decided by the state military authorities to hold an examination of the officers of the guard who have served for three months and more. This examination will be for the purpose of inquiring closely into their qualifications as officers and will be conducted by a board appointed by the governor. An official order of the department providing for such has been issued. It is General order No. 33, and reads as follows:

"Every officer of the state guard (except those on the staff of the governor), who shall have been elected or appointed 90 days or more, before the date fixed for his examination will after the expiration of ten days from the date of this notice, be required to appear before a board, appointed by the governor, for examination as to his qualifications. Commissions will then be issued to date from the time of the election or appointment to such as pass a satisfactory examination and such as do not shall be dropped from the roster of officers and a vacancy declared in the office.

"All officers are required to take notice and be prepared for said examination. By order of the governor, P. P. Johnston, adjutant general."

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. FIFTEEN THOUSAND DAMAGES IN A CONFLAGRATION AT DAWSON

Caught at Early Hour in Livery Stable and Town Hall and Five Dwellings and Several Other Buildings Were Burned to the Ground.

DAWSON, Ky., Oct. 26.—Dawson was visited by a bad fire at an early hour this morning.

The loss is \$15,000, with no insurance.

The alarm was sounded about four o'clock, when the flames were discovered in the top of Lampson's livery stable.

The citizens turned out en masse and did herculean work, but the dry conditions and the limited water supply interfered seriously with effective efforts to prevent the flames from spreading. The Hopkinsville soldiers worked like Trojans to aid the citizens.

The stable was rapidly consumed, and two horses, a cow and several

hogs perished, and \$800 worth of hay, which had been stored in the building, was burned.

Five dwellings were destroyed before the fire was checked. Three of these were cottages belonging to Mr. Wright. The other houses were the residences of Dr. Hazel and Mr. White.

The town hall, a warehouse, Wright's blacksmith shop, an old planing mill and several private stables and outbuildings were burned to the ground.

It was only by the greatest difficulty that many other buildings, including the New Century hotel, back of which the fire occurred, were prevented from burning.

Small Blaze.

Fire caught on the roof of a servant's room at Bethel college Sunday afternoon. An alarm was turned in, but the blaze was put out before the department could arrive.

Facts About the Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing Majestic.

As for baking, it is perfection; not only for a few months, but for all time to come.

A great Majestic Range lasts three times as long as a cheap range, but don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

"WE ARE IN THE RACE TO WIN" SAY SMITH AND MORRISON

Simple Instructions Are Given as to The Manner in Which to Vote For The
Democratic Nominees For Sheriff And County Judge.

By reason of the failure to certify
to the county clerk within the time
presented by law the nominations of
David Smith and Charles W. Mor-
rison, Democratic candidates for
sheriff and county judge, respec-
tively, their names, as stated in the New
Era yesterday, will not be printed
on the official ballots.

This oversight, which was as
unfortunate as it was unintentional,
will necessitate a change in the
usual manner of voting for party
nominees, but it in no way prevents
Messrs. Smith and Morrison from
continuing in the race, and there is
no reason why every Democrat and
all oth-ers who wish to vote for them
should not do so.

As will be seen elsewhere in this
issue of the New Era, both candi-
dates announce that they are in the
race to stay and to win, and they
urge their friends to be earnest and
active in their behalf. Many Dem-
ocrats express the strong belief that
the omission, rather than injuring
the Democratic prospects of victory,
will result in renewed and enthusi-
astic endeavor among the adherents
of these candidates.

In order to vote for Messrs. Smith
and Morrison it is only necessary to
write their names with a black lead
pencil on the blank lines under the
captions "For County Judge" and
"For Sheriff" which will be printed in
the Democratic column. Any voter
who cannot write his name can have
it written by the clerk of election.
In addition to this it is only neces-
sary to stamp with the stencil in the
square beside the name and the vote
is cast properly and legally and will
so be recorded.

Apparently there is no way, under
the law, in which the names of the
Democratic candidates can now be

printed on the official ballots. Sec.
1466 of the Kentucky statutes read-
ing in part as follows: "**** Cer-
tificates and petitions of nomina-
tions herein directed to be filed with
the clerk of a county shall be filed
not more than sixty days and not
less than fifteen days before elec-
tion." However, by writing the
names and stamping with the sten-
cil, as stated above, everyone who
desires to do so can vote for the
Democratic candidates just as ef-
fectively as if the regrettable over-
sight had not occurred.

DEAD BOY'S FATHER

CHARGES A YOUNG WOMAN
WITH MURDER

Delia Mullen And Arthur Wilson Ac-
cused of Killing Joe Williams
in Todd County.

ELKTON, Ky., Oct. 23.—Joe Wil-
liams, the young man who was shot
by Delia Mullen, a nineteen-year-
old girl at her home on the William
Wisdom farm in this county, is dead
of his wounds.

Davis Williams, father of the vic-
tim, has sworn out a warrant against
the girl and Arthur Wilson, charg-
ing them with wilful murder. Both
parties were arrested, and are un-
der guard awaiting their examining
trial on next Monday.

Williams was brought to this
place immediately after the shoot-
ing, which occurred last county
court day, and after receiving med-
ical attention was removed to his
home near Allensville the day fol-
lowing. It was not thought that his
wound was necessarily fatal, but
peritonitis developed and it was
known within a few days that he
could not recover.

Williams pronounced the shooting
accidental while in Elkton, but is
later alleged to have made a state-
ment when he found out that his re-
covery was impossible, to the effect
that he was lured to the Mullen
home and shot by the girl in pursu-
ance of a conspiracy between her
and the Wilson boy, who seems to
have been Williams' rival for her
affections. Delia Mullen, and the
Wilson boy, who was present when
the wounded boy in pronouncing the
affair an accident, and this version
of the case was generally accepted
by the public.

Stay busy, Democrats.

What do you stand for?

Go to work, Democrats.

Get ready to vote, and vote right.

Keep at it, and the victory is won.

Gee! but it looks good to the Democrats.

What are YOU doing for the party?

If you are a Democrat, do your duty Tuesday.

It's only a few days, Democrats—keep at work—keep on hustling.

Mr. Bryan is his own man. Mr. Taft is Teddy's.

Organized labor is almost solid for Bryan for the first time and it looks like Democratic victory.

The man who says he is a Democrat and votes the Republican ticket has all the qualifications for membership in the Ananias club.

Every Democrat should be on the alert and see to it that every other Democrat is ready to go to the polls and work and vote.

THE COUNTRY ISN'T

The president is said to be suffering from overrest. — Minneapolis Journal.

An improved apparatus has been made by Dr. Fritz Lang, of Munich, by which the inside of the stomach can be clearly photographed. The camera is actually swallowed by the patient.

A California mad has married a lady because she succeeded in fasting for 30 days. Perhaps he expects her to just sit around and look pleasant and while he takes his meals out in case the cook leaves.

WHAT ABOUT IT?

The Saturday Evening Post gravely says: "Mr. Bryan's proposal to insure bank deposits is of Republican origin."

Why, then, do the Republicans oppose it?

One can tell at a glance that Esperanto is an artificial language and not a natural growth, for it contains no profane expressions, commonly called swear words. To express his real feelings in a time of emergency each user will be obliged to draw on his own particular language.

The Republican campaign committee has already begun the fat-

trying process. The Indianapolis News, an independent Republican paper, says that "the Republican organization is made up of trust magnates, of the speaker acting through agents, of one of the speaker's representatives in dealing with the trusts, and of the rules committee which controls the action of the house. No man who gives money lead do so without knowing exactly what he is to get for it, or without the assurance that he will get it."

KEEP AT IT.

Don't forget, Democrats, that election day is just ahead. Get busy. Be ready to vote yourself, and see that your neighbors vote. Never was the prospect of victory so bright, and if Democrats will do their duty the result in November is but a question of the majority.

ON FIRM GROUNDS

But once more Bryan climbs to firmer ground when he charged that the hatted trusts are now backing Taft, and that the decision of the Republican national committee to publish the names of the contributors to the campaign fund only after election day is a confession of the fact. This policy that is not publicity will cost the Republicans many a vote. — N. Y. Post.

MR. BRYAN'S FITNESS.

When all that can be said has been said in the present campaign, when all the issues, which may honestly cause a division of opinion among thinking men, are set aside, and when this contest is stripped of all conflicting contentions, the one paramount fact stands out in bold relief, that no candidate ever entered the race for the presidency better fitted to discharge the functions of that high office than William Jennings Bryan. In the first place Mr. Bryan is an honest man. He is sincere. Not even his most bitter political opponents have ever had the temerity to question his honesty or to doubt his sincerity. His life has been clean, his character is above reproach. He has lived in the open; his every act both in public and private life is subject to the closest scrutiny. For twelve years he has occupied the spotlight of publicity without blinking. He rings true to the highest ideals of human life. There is no stain upon his escutcheon; no skeletons in his closet. He typifies in the highest degree the lofty conception of American manhood. No citizen in private life, by precept and example, by words and deeds, has done more for the moral and material uplift of all the people than has Mr. Bryan.

There is no greater student of political and economic conditions in the United States today than Mr. Bryan. It is his knowledge of history coupled with his keen judgment of men and measures which enables him to grasp and understand present day conditions. His ideals, grounded in human sympathy, have been broadened and strengthened by travel and study. His investigations into social and political conditions have not been confined to his own country, but have embraced almost every civilized land.

Mr. Bryan is an optimist and a progressive. He looks upon the bright side of things and believes that the world is growing better. He sees ways and means by which that betterment might be advanced, and with all of his marvelous ability and great force of character he strives for their accomplishment. He has not labored solely within the narrow confines of partisanship. Never has he hesitated to commend the acts of a Republican administration wherein he believed them to be for the benefit of the whole people. His commendation of the good has been as strong as his denunciation of the bad. He has, within the past 12 years, lived to see some of the important fundamental principles for which he stood become the accepted doctrines of a party and administration which but a short time before, had rejected them and condemned him for advocating them.

Mr. Bryan's career has demonstrated that without holding public office a man may gain the very best

experience for the performance of public duty, particularly when, to that experience we add honestly and sincerity of purpose. These present the qualifications and especial fitness of Mr. Bryan for the presidency. No man with his heart in the right place as is Mr. Bryan's with his hand upon the public pulse, and with his sympathies for the advancement of the welfare of the whole people, can fail to achieve signal success as president. The time has passed when Mr. Bryan was wrongfully considered a mere theorist. He is looked upon now as an intensely practical man; as a man of experience. His administration will be one of progress along safe lines.

CRY OF POLITICANS.

The best service that can be rendered for permanent prosperity is to rebuke the assumption which certain politicians continually are seeking to create in the public mind, that continued prosperity depends on the success of a particular political party.

Our form of government contemplates changes from time to time, and nothing is so disastrous as to instill in the people's minds the belief that there is danger to business in changing a portion of the officers of our government.

If the people cannot change their officers without creating a panic, then the logical step is to go to a monarchy, which, of course, none advocates.

ALL SIGNS POINT TO VICTORY.

In 1896 and 1900 Mr. Bryan had no effective party organization back of him in the great states where he must win to be elected. In the central western states the Democrats were never so well organized as now. Cleveland campaign of 1892 not excepted. In Illinois Adlai Stevenson is the Democratic candidate for governor. In Ohio Mr. Judson Harmon is the guiding spirit of the party. Mr. Johnson is again the candidate for governor in Minnesota. The Democrats are everywhere putting forward their men of character and ability. The Republicans, on the other hand, are tormented by factions and feuds in nearly all these great states of the central west. This year Missouri is as solidly Democratic as South Carolina. In 1904 Roosevelt carried Missouri because 24,000 Democrats remained away from the polls. They will not stay at home this year.

But more important than organization, Republican apathy, and the issues of the campaign, is the markedly changed attitude of the people toward the Democratic candidate. There are still many persons who do not yet know and understand Mr. Bryan, but if the great number of people who have come to appreciate his character and ideals since he was last a candidate, vote for him, there can be no doubt of his election. As a pointer indicating the inroads he has made on the Republican party in the west, out of one Democratic club in Iowa of 192 members, 49 are old-line Republicans, never having voted the Democratic ticket. Democratic clubs in Indiana, West Virginia, Illinois, Minnesota and Nebraska show a Republican membership of from ten to twenty per cent.—From "Mr. Bryan's Third Campaign," by Josephus Daniels, in the American Review of Reviews.

THE TARIFF QUESTION.

If the American voter could lay aside politics long enough to regard the tariff question as one of business it would not take long to settle it. We are quite sure if one of our stores sold a suit of clothes for \$20 for which the store across the street charged \$28, there would be no hesitancy on the part of the wage-earner as to which store he would patronize. Why should we be so dense when the tariff is the matter of consideration?

WHERE'S YOUR DOLLAR?

The Democratic campaign committee must have more money with which to defray the legitimate expenses of the campaign. If you want Bryan to be our next president, help elect him with your contribution as well as your vote. The time is short,

and an urgent appeal for funds has gone out from National Committee. If you can emulate Mr. Wilgus' example and give a \$100 do it. If you can afford even a dollar it will help. We'll send the money on for you and give you a handsome Bryan button and a souvenir receipt.

WHAT ABOUT SHERMAN?

If Theodore Roosevelt is really looking for undesirable public men he need go no further than the Republican National ticket. Let him inquire how many millions of dollars of Indian oil leases have been given away since James Sherman was made chairman of the committee on Indian affairs of the House of Representatives. Let him find out what the Indians ever got for those leases in excess of a bottle of whisky. Let him find out how many times those leases were given away in some omnibus appropriation bill and how they were granted in bills whose title stated their contents.

If the Republican party proposes to appeal to the conscience, the patriotism and the incorruptible citizenship of the country it must rid itself of the candidacy of James Sherman or its campaign is a forgery on its face. — Buffalo (N. Y.) Times.

FRIENDLESS WAIFS

Every school child in Kentucky has been asked to aid the friendless waifs of the state through the Kentucky Children's Home Society. A novel movement has been launched that is meeting with encouragement from every section of the state. Teachers in all counties have been requested to set aside Friday, November 20, as Children's Home day in their schools. On that occasion it is planned to have appropriate exercises mark the afternoon, and the children are requested to make voluntary contributions to the society's fund.

Mr. Robert W. Bingham, president of the Kentucky Children's Home society, has added zest and interest to the movement by offering a series of prizes to the school turning in proportionately the largest subscriptions to the funds on that day. He offers a \$50 library to the school making the largest contribution in proportion to enrollment; a \$30 library to the second largest, and a \$20 library to the third largest. The superintendents of the counties in which the winning schools are located will make the selection of books for the respective libraries.

Mr. Bingham, in explaining why he makes the offer to the school children, instead of turning his contribution over directly to the society's treasurer, sets forth an important point. He declares that the movement, to his mind, bears a deeper and more important significance than the mere raising of funds to immediately aid the society in its noble work.

"I want to encourage the Kentucky school children in a course that will reflect credit on them for the remainder of their lives," states Mr. Bingham. "The little workers for this fund are going to reap as much or more good out of their philanthropy than even the needy boys and girls they have resolved to aid. I feel that children's home day will be an epoch-marker in Kentucky school history. I regard it as essential to the education of the school children that they should be taught to help their little unfortunate neighbors."

Prof. J. G. Crabbe, superintendent of public instruction, has given a hearty indorsement to the plan, and county superintendents and teachers in all sections of the state have added their indorsement. Children's home day should, indeed, be a red-letter event in Kentucky school history.

HIS TALK INDECENT

ATLANTA, Ga., Oct. 27.—The State Court of Appeals sustained the verdict of the lower court in the case against Rev. Walt Holcomb, the Cartersville, Ga., evangelist and son-in-law of the late Sam P. Jones, charged with using "profane, obscene and vulgar language in the presence of a female." The remarks which led to the indictment of Rev. Mr. Holcomb were delivered at a Sunday afternoon meeting at the Tabernacle in Cartersville which had been advertised for "men only." He was found guilty and fined \$200. The case was appealed and today's decision upheld that of the lower court.

FULL CONFESSION

HAS BEEN MADE BY TIP BURTON, OUTLAW

Tells of Night Rider Band That Had Terrorized the Reelfoot Lake Region.

CAMP NEMO, Oct. 28.—In a confession made to the officers, whom he called to his cell in the Tiptonville jail, Tip Burton, arrested by Sheriff Haynes of Lake county, near Samburg, last Thursday, named himself, and about forty others as members of the bands of outlaws of this section, and while denying his own presence at Walnut Log when Captain Rankin was murdered, implicated a number of others in that foul crime.

More than half of the number named by Burton as the murderers of Captain Rankin are already under rigid guard in Camp Nemo. Burton was calm, but wore a hopeless look.

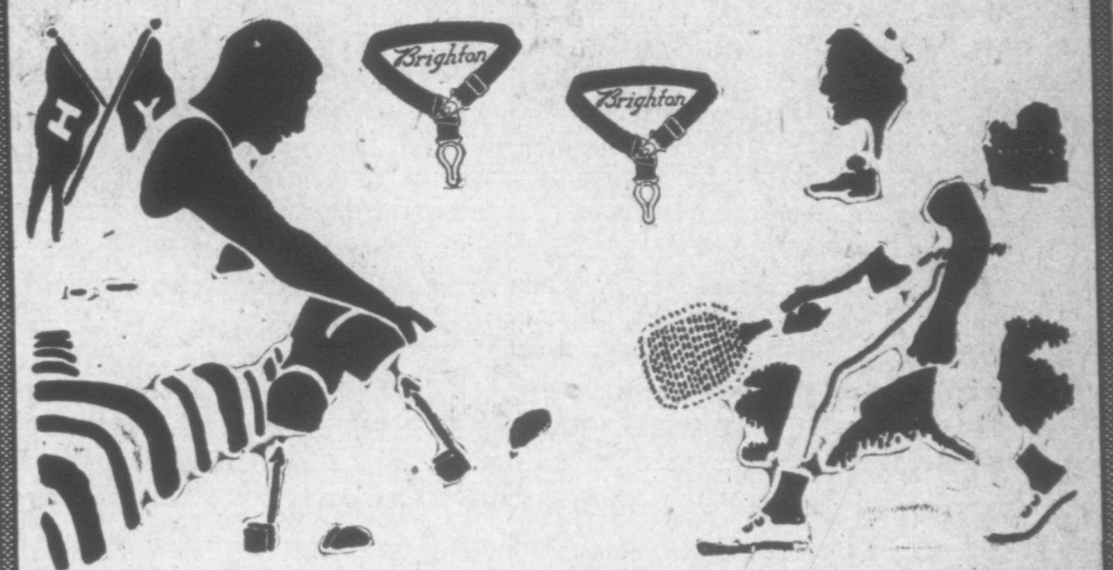

"It's all up," he said. "I will tell you all I know, for God knows it is enough to haunt me to death." He then stated that he had been a member of the band that burned the fish docks at Reelfoot lake last April. That was the first raid of the kind in Obion county, and since that time he had taken part in all the raids except the one in which Captain Rankin and Colonel Taylor were dragged from their beds at Walnut Log. Burton said he had been a member of the band that whipped Justice G. H. Wynn, of Lake county, last summer, and from that date to the murder of Captain Rankin had been one of the band. He emphatically denied that he was present when Captain Rankin was killed and Colonel Taylor miraculously escaped.

Asked to name the leaders, Burton hesitated, and then, breathing deeply, declared: "Tom Johnson, Garrett Johnson and Will Watson."

It is believed here that in the capture of Garrett Johnson, the troops have the leader of the Night Riders in this region.

James L. Allensworth and family have returned to this city from Ft. Smith, Ark. Mr. Allensworth will make Hopkinsville his home and practice the profession of law here.

SYNOD IN SESSION

REV. MR. ESHMAN, OF BOWLING GREEN, ELECTED MODERATOR.

Impressive Memorial Services In Honor of The Late Dr. Gill's Memory Are Held.

(From Wednesday's Daily)
Before an audience which filled to its capacity the auditorium of the Cumberland Presbyterian church, the eightieth annual session of the Kentucky synod of that denomination was called to order last night. The opening service was purely devotional in its nature and was deeply spiritual and uplifting.

The service was opened by the singing of the doxology and this was followed by a most impressive invocation by Rev. A. C. Biddle, pastor of the local church. The choir then sang a beautiful anthem. Rev. D. W. Fooks read as a scripture lesson from Romans 8:31-39. Following this a hymn was sung. The annual sermon was delivered by the Rev. J. L. Price, of Providence. He took for his theme "Preservation of the Believer," his text being Jude 24-25. His discourse was eloquent and profound. Rev. O. A. Barbee offered the constituting prayer. Maj. E. B. McEuen, of Sacramento, the stated clerk, declared the synod opened and the announcements for today's work were made, after which the benediction was pronounced.

Business sessions were begun this morning and the enrollment showed that 19 ministers are in attendance, 40 churches are officially represented by delegates, and 76 visitors are here.

When the matter of electing a moderator was taken up, Rev. E. S. Eshman, of Bowling Green, was unanimously selected.

The memorial service in honor of Rev. J. M. Gill, of Elkton, the deceased moderator, was a beautiful tribute to the memory of that departed man of God. Addresses extolling his virtues and reciting his many years of service to the church in various capacities were made by Rev. W. J. Hayden, Rev. M. M. Smith and Rev. A. C. Biddle. So intense and absorbing was the interest taken in this service that it was not concluded until the time for noon adjournment. According to the figures given in these addresses Mr. Gill was born on May 1, 1827, and he died May 6, 1908. He was educated at Cumberland University, entering that institution in 1849 and graduating with high honors in 1855. Among the notable services he rendered was when he presided as moderator over the general assembly of the church which met in Bowling Green in 1876.

The greetings of the synod were sent to the Tennessee synod which is now in session at Tullahoma, Tenn. This afternoon the program as announced is being carried out.

The Woman's Missionary societies are holding their meetings today in the Christian church. Tonight's service will be conducted under their auspices in an open session at the Cumberland church.

Some Things Worth Remembering.

When in need of anything in the Jewelry or Optical line, get it from the OLD RELIABLE, then there will be no question as to the article being just what it is represented to be, and as cheap as the same quality can be bought for anywhere.

Only one price to all, rich and poor, old and young; and you have the assurance from an exclusively practical jeweler who has been in the business in Hopkinsville a quarter of a century and who does not misrepresent his goods either in price or quality.

Hundreds of articles bought from M. D. Kelly over thirty years ago are to be seen today in use, and are the best evidence of the quality of goods sold by the old reliable. These are considerations that should not be forgotten.

M'GAUGHEY SWAMP

FIRE HAS RAGED THERE SINCE SUNDAY

Flames Are Now Under Control But Serious Damage Was Done to The Timber.

Fire, which had raged in McGaughey's swamp, one mile from Newstead in the southern part of the county, since Sunday, was by strenuous work gotten under control Tuesday night after doing serious damage to very valuable timber.

The tract contained about three hundred acres of timber, mainly white oak and red oak, and was owned by Henry and Dr. Howe Wallace, of this city; Alfred Wallace, of Newstead, B. B. Nance, Arthur Henry, Ed Jones and Robert McGaughey.

The flames swept the undergrowth, dead timber and small trees and destroyed or badly injured many of the large trees. The heaviest sufferers are Alfred Wallace and Arthur Henry. The loss and amount to hundreds of dollars. The origin of the fire is not known. It was burning fiercely when discovered Sunday and all efforts to check it at first were of no avail. The people of the neighborhood worked hard and systematically and Tuesday night succeeded in subduing the flames.

In the Flat Lick vicinity between Lafayette and Roaring Springs, considerable damage has been done by fires which burned fields, trees and fencing. In several instances it was only with difficulty that dwellings have been prevented from burning.

Noted Fisherman Dead.

Flavius Northington, who lived just across the line in Trigg county near Pee Dee, died Tuesday afternoon. For a month or more he had been seriously ill of inflammation of the stomach and his death was not unexpected. He was about seventy-two years of age, a member of the Christian church and a widely known and respected citizen. Mr. Northington's chief recreation was fishing and almost any favorable day he could be found on the river bank angling for the finny tribe and his success in landing beauties was so well known that he was regarded as a master of this art. His wife survives him. Interment took place today in the family burying ground.

BABY'S ITCH EASILY CURED

Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.

Infantile eczema, which has baffled the skill of the best physicians for so many years at last seems to be curable—and curable with great ease.

Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen, thymol and glycerine, as in D. D. D. Prescription.

The Rev. Lewis Steeley, of Weatherly, Pa., writes:

"Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 3 1/2 bottles of D. D. D. Prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any help to other sufferers, you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children. L. L. Elgin.

The Devil.

The engagement has been made with the sensational play causing so much furor all over the country entitled "The Devil" which will appear in this city Wednesday Nov. 4. "The Devil" has caused a sensation similar to that by "The Merry Widow." "The Devil" is a great play and those who have seen it wish that it had been written by an American author instead of the Hungarian Franz Molnar.

TRESTLE IS BURNED

OVER BRUSH CREEK ON THE ILLINOIS CENTRAL.

Fire Occurred Saturday Night and No Trains Could Pass Until Tuesday Night.

A trestle about 300 feet long on the Tennessee Central railroad was partly destroyed by fire Saturday night, about 125 feet of the trestle being burned out. This trestle was over Brush Creek about eight miles out of Clarksville and it is supposed to have caught from a spark from a locomotive. The loss is estimated to be about \$3,000.

On account of the damage no trains could cross until temporary repairs could be made. These were not completed until last night and trains began running this morning. During the time the trestle was down all freight trains were sidetracked. Passenger trains ran to the trestle from each direction and the passengers would be transferred and in this way the traffic was not interfered with.

Made a Hit.

A special from Frankfort says: When Judge James Breathitt was in Toronto recently he delivered an address which attracted a great deal of attention there, but it was so far away from Kentucky that Kentuckians rather lost sight of it—that is they did not hear about it. It was delivered at a meeting of the International Tax association, which had representatives from all over this country, Canada, England, Scotland and Ireland. It is the most important tax conference held in the world and some of the brainiest men in the world were there. Judge Breathitt was a delegate from Kentucky. He took part in the discussion of franchise taxation and read an able paper on this subject. It was strongly complimented by the delegates. Judge Breathitt is such a modest man that nothing would have been heard of the address had not some of the other delegates who attended from this state brought back the news.

PERHAPS FATALLY

The Memphis News Scimitar says: E. T. Ryan, 25 years, 1007, South Willett street employed as receiving clerk for the Southern Express Co., is lying at the City Hospital in a serious condition, suffering from knife wounds received when he was attacked, it is said, by W. C. Evans, an express driver, Thursday night.

According to the police, Evans walked into the express office, at Webster avenue and Main street, and insisted that Ryan sign his receipt book ahead of a number of other drivers. When Ryan refused, Evans whipped out a knife and slashed the clerk three times, it is charged. One of the wounds in Ryan's left side may prove fatal, physicians say.

The wounded man was hurried to the City Hospital, where an operation was performed.

Evans escaped and has not been arrested.

Dawson-Stevenson.

A social event of interest will be the marriage this afternoon at 5 o'clock of Miss Effie Dawson, of Roaring Springs, and Mr. Ewen Stevenson, of Bennettsburg. The ceremony will be solemnized at the home of the bride's father, Mr. Wick Dawson, by Rev. G. H. C. Stoney, of Cadiz. Supper will be served to the bridal party at the groom's home and dinner tomorrow at the bride's home. The groom-to-be is related to former vice-president and the present Democratic candidate for governor of Illinois, Adlai E. Stevenson.

Mrs. Harry E. Johnson and little daughter Elizabeth who have been visiting the family of Mr. Jas. Beazley, left Tuesday for Atlanta, Ga., where Mr. Johnson has located in business.

DANGER FROM FIRES

SHOULD CAUSE PEOPLE TO BE ON THE ALERT.

Some Suggestions That are Pertinent and Valuable In These Days of Dry Weather.

The conflagrations at Pembroke and Dawson should be sufficient warning to the citizens of Hopkinsville and all other cities and towns throughout this section, to take every precaution to prevent the breaking out of a fire. This is certainly a case of where an ounce of prevention is worth many pounds of cure, for there is no telling how serious a fire might be should it break out with everything in the extremely dry condition it now is.

All inflammable material should be carefully gathered up and burned; especially is this true of the leaves which are now falling from the trees. If these leaves, or other combustible material, are allowed to collect about the premises there is great danger of a flying spark setting them on fire. Many times already have piles of leaves been ignited by a cigarette or cigar stub, a carelessly dropped match or in an unknown manner, possibly from a spark from some chimney, and it is not at all improbable that a fire might be started from just such a small beginning. In advising the burning of leaves, though, the further advice is given to use all proper safeguards. The burning should be superintended by grown people and not left entirely to children as is too often done. The fires should not be started when a high wind is blowing, nor should they be located close enough to fences, outbuildings, etc., to be dangerous.

Then there bobs up at this time that old trouble breeder—hot ashes. Many people persist, despite the repeated warnings of city officials in

depositing hot ashes in wooden boxes, against a board fence or in an exposed place in the yard where the hot coals are liable to be blown about by the wind. Every family should provide a metal can in which to put the ashes and should see that the top is always kept on it. Hot ashes, carelessly disposed of, cause as many mysterious fires as any other single agency.

The continued drouth has brought about such a bone-dryness that probabilities of fires are greatly increased in every way, and should a blaze get a good start there is absolutely no telling where it would end. The fire department has heretofore been able to control any fires which might break out, and they would be able to successfully fight any fire which they could get to, but if a fire should break out in the business section or the thickly settled residence sections, and once get outside of the walls in which it originated, it is very probable that it would soon get beyond the reach of the firemen. Sunday was the anniversary of the terrible fire which visited Hopkinsville in 1882 and the remembrance of that awful visitation should be enough to make every citizen put forth every precautionary measure to prevent a repetition of that disaster.

Residents of the country sections should also be careful or they may suffer the loss of practically all they have. In the country there is no organized and well equipped fire department and once a house catches now it is almost sure to be destroyed unless the blaze is discovered almost immediately and put out in its incipency. The inflammable matter about the premises should be destroyed as religiously as it is in town. On account of the number of fields that have been burned off, it would not be a bad idea where a field which is covered with heavy dry grass or weeds, if the farmer would run a few furrows around his barn, stables or residence so that if the vegetation should take fire this would serve to stop it and thus save the buildings. Especially is this true of farms along the railroads where a spark from a locomotive is liable to fire the dry vegetation at any time.

HIS HEART'S BLOOD

OOZED UPON THE BRIDAL GOWN ON TRAIN

While Husband of a Few Hours, Shot By Rival, Dies in His Wife's Arms.

PLAQUIMINE, La., Oct. 28.—F. S. Beauvre masked a throbbing heart when F. F. Vaningen supplanted him in the affections of pretty Miss Mamie Rhorer, and even after the wedding ceremony, which united the girl he loves with the man she loved, he congratulated the couple with a smile, but when he saw the bride slip her arm caressingly around her husband's shoulders, jealousy dethroned self mastery, and he shot and killed the bridegroom.

Then he would have killed the bride, but as he pointed the revolver at her a white haired passenger in the same coach of a Texas Pacific train—the scene of the tragedy, jumped to his feet and made a grab for the weapon. His thumb landed on the trigger between the hammer and the cartridge while the trigger was back. The hammer came down on the thumb and pierced it, but it did not explode the cartridge and the bride's life was saved. Other passengers on the train then overpowered Beauvre and he was placed under arrest.

Vaningen's head fell into the lap of his bride-widow and he expired within a few minutes, his blood staining the pure white gown of the newly-made wife. The wedding occurred yesterday at Alexandria.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical anesthetic suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissue, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well the "Night Cure."

HAWKING MACHINES

Catarrh Sufferers Are Nothing But Hawking, Spitting and Blowing Machines, Says an Authority.

It is possible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh, when there is an absolutely certain remedy always on hand.

Hyomei (pronounced High-o-mei) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrh. It will stop foul breath, watery eyes, and crusts in the nose, in a few days.

It is guaranteed by L. L. Elgin to defile or money back, and such a guarantee ought to be strong enough for anybody.

Entirely Cured by Hyomei.

Having suffered from catarrh for about two years, and having tried numerous remedies without any satisfactory results, I finally tried Hyomei, and am glad to say that after using about one and one-half bottles I am entirely cured. I have recommended it to others with satisfactory results.—C. N. Lindsay, 407 East First Ave., Mitchell, S. D.

A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei, costs only \$1, and extra bottles, if afterwards needed, cost only 50 cts. each at L. L. Elgin's or direct by mail, charges prepaid, from Booth's Hyomei Co., Buffalo, N. Y.

Hyomei also cures Asthma, Bronchitis, Coughs and Colds, Croup of infants, and any inflammatory disease of the respiratory tract. mwf

NUMEROUS ARRESTS

BUT ALL BUT TWO HAVE BEEN RELEASED.

One Man Captured After a Boat Race.—Funeral of Victim Takes Place.

CAMP REELFOOT, Tenn., Oct. 23.—Sixty men were arrested, but all except two of them were afterwards released. There was no specific charge against the men, but they are suspected on general principles of being members of the Night Riders' gang which murdered Capt. Quentin Rankin and endeavored to mete out the same fate to Col. R. Z. Taylor last Monday night. It is expected that a number of arrests will be made today.

One of the men under arrest, Tip Burton, is also wanted on a charge of night riding, the indictment having been returned against him some time ago. The other man, John C. Cochran, was caught after a spectacular chase across the lake, Cochran in a skiff, pursuing officers in a gasoline launch, and Gov. Patterson, Col. Patton and staff and Sheriff Haynes, of Lake county, watching the chase through a spyglass. Burton was paroled in order that he might spend the night with his sick child.

Receives Ovation.

TRENTON, Tenn., Oct. 23.—The home-coming of Col. R. Z. Taylor, who arrived here on the train from Dyersburg, was an ovation of which any citizen might be proud. It was noised about that Col. Taylor might come on the 5 o'clock train, and a crowd from all sections of the county, numbering at least 1,000, was on hand to greet him.

The train was fifteen minutes late. There was a mighty scramble to see him when the train stopped, and a mighty shout went up as Col. Taylor appeared leaning on the arm of his son, Hillman Taylor.

He embraced his wife and children and many relatives. Friends gathered around, but were begged not to worry Col. Taylor, as he had passed through such a strain. He was placed in a carriage and driven to his home. Mr. Taylor looks considerably worn by his sad experience of the last few days, but had a smile for all.

Capt. Rankin's Funeral.

TRENTON, Tenn., Oct. 23.—Attended by one of the largest crowds that ever assembled here, the funeral of Capt. Quentin Rankin, who was murdered by Night Riders at Walnut Log Monday night, was held yesterday. Hundreds of floral tributes were sent by friends from all sections of the state, and among those who gathered at the grave were residents of nearly every county of West Tennessee.

The young widow of Capt. Rankin is nearly prostrated by the shock.

TO ERECT SHAFT

ADAMS, Tenn., Oct. 22.—Friends of the Bennett family held a meeting in East Montgomery county and discussed the erection of a monument to the memory of Vaughn Bennett, who was killed on the night of March 9. Notices will be inserted in several county papers calling the people together October 31 at 11 a. m., at the grave of young Bennett, in Sango Cemetery, near the scene of the tragedy, to take concerted action. Ladies throughout the county are requested to bring fall flowers for decoration, and appropriate religious ceremonies will be held.

WILL LEAVE CITY

Dr. C. B. Petrie Will Remove Family to Louisville.

Dr. C. B. Petrie has decided to leave Hopkinsville and he has bought a home in Louisville. Exactly when he will remove from this city is not certain but he will very probably leave soon after November 1, or thereabout. He has bought the residence of Senator H. S. McNutt in the Highland and will practice his profession in that city. The many friends of this most estimable family will sincerely regret their departure from Hopkinsville.

S.S.S. CURES OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

GOVERNORS ARE ASKED TO AID IN PUTTING AN END TO OUTLAWRY

CONFERENCE OF EXECUTIVES HAS BEEN CALLED.

BY PATTERSON OF TENNESSEE

Chief Officials of Eight States Will Meet to Discuss The Terrible Situation.

FRANKFORT, Ky., Oct. 24.—So wide and general has become the lawlessness and outlawry in the middle states that Governor Patterson of Tennessee has requested the governors of Kentucky, Arkansas, Missouri, Illinois, Indiana, Mississippi, Alabama and Ohio to meet him in a conference as soon as possible to devise some means of suppressing it.

Governor Willson of Kentucky received a telegram from Governor Patterson requesting him to join this conference, and, he immediately replied that he would gladly attend.

The first lawlessness in the Night Rider trouble originated in this state.

In Arkansas, Mississippi and Alabama the Night Riders have been threatening the cotton growers until a reign of terror has been inaugurated. Governor Willson has been in correspondence with several of the governors of the border states for some time in regard to the conference, and it will take place as soon as possible after the election. It will be held at some central point, possibly Nashville or Memphis, and regardless of politics the governors will discuss such means as they have at hand to break up lawlessness and chase the outlaws from the states.

A pain prescription is printed upon each box of Dr. Shoop's Pink Pain Tablets. Ask your doctor or druggist if this formula is not complete. Head pains, womanly pains, pains anywhere get instant relief from a Pink Pain Tablet. Sold by Anderson-Fowler Drug Co., incorporated.

MACK'S FIGURES.

NEW YORK, Oct. 26.—Chairman Mack, of the Democratic national committee, this morning gave out a statement in which he predicted that Mr. Bryan would receive 301 votes. Chairman Mack said the election would be a veritable landslide, in spite of the fact that the Republican party had accumulated a tremendous slush fund. He said he understood that the Republican organization had accumulated \$2,000,000, which would be used in several of the debatable states. "But," he said, "they cannot defeat us with \$2,000,000."

Mr. Mack had a conference with Mr. Bryan's private car in Jersey City, and said that while Mr. Bryan understood that the Republican national committee had vast sums of money, he expressed belief of his election.

Absent Witness.

Says the Elkton Times: A report has reached here from Mississippi to the effect that J. M. Burgess, who has been in jail there awaiting trial on a timber swindling charge, had secured a continuance of his case on account of the absence of an important witness, who was sick. The report contained no information as to whether he had succeeded in making a bond.

BY NIGHT RIDERS

MORGANTOWN, Ky., Oct. 26.—

The home of Mrs. Joseph Sprague, near here in Butler county, was visited by Night Riders last night.

The members of the gang were armed and masked.

The outlaws whipped Mrs. Sprague and shot her son-in-law, Perry Embury.

Embury's wound is slight.

This was the second visit that the Night Riders had made to the house. The band has been going about at night to regulate the morals of the community.

This morning Embury was badly beaten in the sheriff's office by John Ayres when he went to get warrants for alleged members of the mob.

A Jeweler's Experience

C. R. Kluger, the Jeweler, 1090 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney troubles that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." L. A. Johnson & Co.

WITH MARTIAL LAW

UNION CITY, Tenn., Oct. 26.—

About fifty alleged Night Riders were arrested by the Tennessee state militia in the Reelfoot Lake section yesterday. They are some of the best known men of that district. Many of them are believed to have knowledge that will lead to the culprit who murdered Capt. Rankin and those who were guilty of the assault on Judge Taylor. In the event that Gov. Patterson declares martial law it is said several military hangings may take place.

Gov. Patterson has cancelled all of his speaking appointments in his campaign for re-election and has returned to Reelfoot Lake.

The grand jury is in session here today to act on the evidence collected against the Night Riders. Gov. Patterson will appear before the jury. Troops are still out looking for suspects.

Crofton Revival.

State Evangelist James W. Rose closed a highly successful revival Sunday in the Baptist church at Crofton. Thirty-two members were added to the church, twenty-four by baptism six by letter and two by restoration. A Sunday school was organized with the following officers: Superintendent, W. E. Denton; Assistant Superintendent, D. T. Cranor; Secretary and Treasurer, M. L. Cooke; Teachers—Mrs. B. E. Myers, Bible class; Miss Carrie Hendrix, intermediate department; Mrs. G. C. Bowles, primary department; Miss Ella Brasher, infant department. Mrs. Bowles organized a flourishing missionary society. The church under the able leadership of the pastor, Rev. C. S. Gregston, is making excellent progress. The revival meeting continued two weeks, and Evangelist Rose preached a strong series of sermons. After a short rest here he will go to Buffalo church to conduct a meeting.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might life to a good old age like Moses, "the eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body. If it is diseased, the disease will taint the nourishment which is distributed, and so spread disease throughout the body. It was the realization of the importance of the stomach as the very center of health and the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." "Diseases which originate in the stomach must be cured through the stomach. The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood—by the use of the "Discovery" which is solely and singly a medicine for the blood and organs of digestion and nutrition.

Not a secret or "patent medicine" because ingredients are printed on the label; contains no alcohol, is purely vegetable.

SHAFT TO BOONE

PETITION TO ERECT MONUMENT IN CUMBERLAND GAP

Congressman Brownlow Interested in Movement.—Object Lesson Road Built.

MIDDLESBORO, Ky., Oct. 27.—

Congressman W. P. Brownlow, of Tennessee, has been presented a monster petition signed by citizens of Kentucky, Tennessee and Virginia asking that the United States government donate \$5,000 toward the erection of a monument to Daniel Boone in far-famed Cumberland Gap in the Cumberland Mountains.

Congressman Brownlow announces he will support the petition. The school children of Kentucky, Tennessee and Virginia will also be as to donate their money and dollars toward this movement.

An effort will be made to erect a monument valued at \$100,000 or more in the Cumberland Mountains on the old Boone trail, Daniel Boone and other early pioneers having used this trail when the West was opened up to Americans of the Virginias and Carolinas.

An object lesson road over the mountains has just been completed at a cost of \$25,000. The road was built under the supervision of the United States government. The monument will be erected at the corner of the three states on this road.

Go to the blood, if you are to drive out rheumatism. A Wisconsin physician, Dr. Shoop, does this with his Rheumatic Remedy, and with seeming success. Rub-on's, says the doctor, never did cure rheumatism. It is more than skin deep—it is constitutional, always. Because of this principle, Dr. Shoop's Rheumatic Remedy is perhaps the most popular in existence. It goes by word of mouth from one to another, everywhere. Grateful patients gladly spread results. It is an act of humanity to tell the sick of a way to health. Tell some sick one. Sold by Anderson-Fowler Drug Co., incorporated.

BRANDENBURG ARRESTED.

Get at the cause—cure the kidneys Doan's Kidneys Pills will work the cure.

They're for the kidneys only—

W. G. Dodd, farmer, Cadiz, Ky., says: "My kidney trouble was brought on by a fall and I suffered from the complaint for over eight years. There were severe pains in the small of my back and if I attempted to stoop, or lift, sharp twinges would dart through my body. I could not sleep well at night on account of the aching in my back and during the day was easily tired. My eyesight was blurred, I suffered from dizzy spells and also had headaches. Occasionally my kidneys would become disordered and at such times the secretions would be free in action. For three or four weeks prior to using Doan's Kidney Pills, I had been unable to do any work. After taking a few doses of this remedy I was able to go to work and I am happy to state that I have not lost any time on account of kidney trouble since."

ACTIVITY IS SHOWN

DURING WEEK ON HOPKINSVILLE TOBACCO MARKET

Association Makes a Good Number of Sales.—Latest Report of The Auditor.

Activity was shown on the local tobacco market this week in the way of sales, as after several weeks of small sales the association disposed of a good number of hogheads.

They hope to dispose of much more during the coming week than they did during the last.

The Society of Equity is about finishing stock for this year, having only a few hogheads in the store-rooms, and expects to have no trouble in disposing of them. This week they gave out no report, but some sales were made and the same prices that they have been receiving all the year were received.

The report from the Planters' Protective association salesman show a total of 107 hogheads sold during the week, and the prices that were adopted by the association were received, ranging from \$7 to \$10 for logs and from \$10.50 to \$12 for leaf.

The report from the auditor of the Planters' Protective association for the week ending October 22, for the entire district of ten markets, with three of the markets unreported, show total sales of 1,115 hogheads. The report shows the following figures:

MARKETS	SALE THIS WEEK	SALES THIS SEASON
Springfield	8,133	8,133
Clarksville	207	8,180
Guthrie	92	3,673
Hopkinsville	30	3,481

PLANT DESTROYED

MULLINS, S. C., Oct. 27.—Fire destroyed the three-story structure of the Imperial Tobacco company, owned and operated by J. P. Sale & Co. The fire was discovered in the redrying machinery. About 200 negro employees were at work in the building, and so rapidly did the fire gain headway several came near losing their lives in getting out. A negro girl was so badly frightened that she ran back into the burning building after she had left it. Jim Holland saved the girl, but being overcome and blinded by the smoke, lost his way and fell through an elevator shaft and came near losing his life. In the building were about 800,000 pounds of tobacco. The loss is estimated at \$400,000, mostly covered by insurance.

FIRES NUMEROUS

AS A RESULT OF THE CONTINUED DRY WEATHER

Many Fields and Woodlands Have Blazes and Considerable Damage Has Been Done.

From all sections of the country come reports of fires of more or less magnitude. These are mostly confined to the burning off of fields but in many cases this is accompanied by the destruction of a considerable amount of fencing and often the fire spreads and reaches wooded territory. Along every railroad these burned areas can be seen on both sides of the track. In some places the burned spot may not be larger than a blanket, in others it may have burned for quite a distance and then have gone out while many times the entire field has been swept.

Sunday the high wind made these fires especially vigorous. In Caldwell county between Crider and Princeton, such a fire started in one locality and after sweeping a field entered a woodland and was burning its way through that at night fall. At another place in the same locality several panels of fence had been destroyed and the flames were devouring other sections along the line. In many places the fires were burning with less fierceness.

Sunday a fire got started in a field near Pee Dee and burned its way to a woodland but was put out at that point before any serious damage had been done, although a large space was burned over.

CAMP CHAT.

DAWSON, Ky., Oct. 27.—All of the boys are gaining flesh since coming to Dawson. The water seems to agree with them.

Every morning at 9 o'clock we have inspection of quarters. One day last week young Herbert McPherson was up here at camp. He was talking to one of the boys, and told him that he would be up to the camp early next day so that he could attend "expection."

All during the day and night we are entertained by the musical voices of three jacks that are next door to us.

Another form of amusement is afforded us by a billiard table that seems to take pleasure in playing on the tops of our tents.

Unless something happens real soon Lucian Walker will receive a bill at the end of the month which will read something like this: To over-indulgence in trying to satiate his gastronomic desire.....\$5.00

Now that Sergt. Cullen has received his olive drabs, we suppose he is goodlooking enough to be in the front row.

A few of the boys here thought they had a chance with the young ladies, but it seems as if Lieut. Bassett has them all beaten to a frazzle. Already he has received a large bouquet of flowers from a couple of "young" ladies who are boarding at the Hainby House.

And still no rain.

All of the boys did gallant work at the fire yesterday morning.

We hope to get in the very near future some new hats and leggings which we need very badly.

The greatest issue of the day—politics—is discussed in text No. 3 daily.

S. T. B. Smith is "in" again.

The persimmons grow very large in this country. While making the hike from Cobb over here one of the boys started to get what he thought was some apples off of a tree, but upon closer inspection found them to be persimmons.

COURT NEWS

(From Tuesday's Daily)

The jury Monday afternoon awarded Dr. H. L. J. Hillie, of Roaring Springs, J. P. Moss and Virgil Hancock damages in the sum of \$300 in their suit against Sam Bumpus. The plaintiffs alleged that they contracted with the defendant to hull their clover crops but that he waited so long that the clover was almost ruined by being rained upon. A motion for a new trial was filed this morning but has not yet been acted upon.

A motion for a new trial has been made in the case of Miss Dorothy A. Jams against the city of Hopkinsville and the Meacham Construction company in which a verdict of \$750 was returned Saturday. Judge Cook has not yet passed on this case.

WITH RENEWED FURY

FOREST FIRE IN HOPKINS COUNTY IS RAGING.

Flames Were Supposed to be Under Control.—Family Loses Home and Crop.

After the forest fire, which raged in Hopkins county for a week, was under control and everyone in the affected section felt secure the fire has broken out again with renewed fury and great damage is being done, says the Madisonville Hustler. The fighters are redoubling their efforts to extinguish the flames and believe they will succeed in a few days.

Many fences and unharvested crops have been destroyed and the loss already entailed will be a heavy one.

The fire is now burning fiercely in the Island Ford neighborhood and it is reported that a man lost his dwelling as well as his crops in this community.

Reports from the Island neighborhood, southeast of Madisonville, say that the fire is burning there again after it had been checked by the fighters and was burning in many new places. It is understood that one hundred men men spent all day Sunday fighting the flames, but made little headway against them.

AT REELFOOT LAKE

SAMBURG, Tenn., Oct. 27.—A strict censorship has been placed on the telephone line between this place and the Reelfoot Lake Camp on account of the fact that many people are listening to all conversations over it.

Additional troops arrived here today.

The citizens of Trenton, Tenn., received a Night Rider warning in the shape of an anonymous letter left at the door of T. J. Kappel's home. A special term of court began its investigation of the murder of Capt. Rankin at Union City, and the soldiers on duty at Reelfoot Lake took fourteen additional prisoners into custody, bringing the total under arrest up to sixty-one.

FOREST FIRES.

FULTON, Ky., Oct. 27.—Forest fires are doing serious damage in Ballard, Carlisle and Hickman counties, Kentucky, and in Obion county, Tennessee.

MAKES CONFESSION

REELFOOT LAKE, Oct. 27.—Ted Burton, alleged Night Rider, arrested today, has made a full confession.

Hon. A. O. Stanley, Democratic nominee for congress, will address the voters of Christian county at Pembroke, Monday, Nov. 2, 1908, at 1:30 p. m. Everybody is cordially invited to hear the noted congressman. A division of time will be granted Mr. Stanley's opponent.

William Jennings Bryan after a busy day of campaigning in Westchester county, spoke last night to a tremendous gathering in Madison Square Garden, New York. The crowd cheered for fourteen minutes when Mr. Bryan entered and was demonstrative throughout his address. Others who spoke were D. R. Francis, of Missouri; Lieut. Gov. Chanler, of New York, and Gov. Hoke Smith, of Georgia.

CROWD AT CADIZ.

CADIZ, Ky., Oct. 27.—Gov. Willson is speaking in front of the courthouse this afternoon to 4000 people. Much excitement was caused when soldiers moved a man from the audience for raising a disturbance. Many people crowded about the soldiers and it was first feared there would be trouble, but the man was taken out and the disturbance subsided. Hon. Ollie James will speak at 8 o'clock.

Of Interest To

To such women as are seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much nervous weakness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a medicine of known composition, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Nov. 1, 1908.

THE INTERNATIONAL SERIES.

Text of the Lesson, II Sam. xv, 1-12.
Memory Verses, 5, 6—Golden Text,
Ex. xx, 12—Commentary Prepared by
Rev. D. M. Stearns.

[Copyright, 1908, by American Press Association.]

It was a rare thing that the Lord

was able to write of Abraham. "I know

him, that he will command his chil-

dren and his household after him, and

they shall keep the way of the Lord" (Gen. xviii, 19). It is written of so

good a man as Eli that his sons were

sons of Belial. They made themselves

vile, and he restrained them not, and

the Lord looked upon that as honoring

his sons above God. He did reason

with his sons, but he did not command

or restrain them (I Sam. ii, 12, 24, 29;

iii, 13). David had one son, a fine look-

ing fellow, whom he never even dis-

pleased by asking him, Why hast thou

done so? (I Kings i, 5, 6). But he turned

out very badly. He had a beautiful

name, Adonijah, which means Jehovah

is my Lord, but a beautiful name or

form or features count for nothing if

the heart is not right with God. Absa-

lom's name signifies "father of peace,"

and there was not a more beautiful

man in all Israel (II Sam. xiv, 25, 26),

but we see him in today's lesson ready

to dethrone and kill his own father.

Absalom, having slain his brother

Amnon, fled to Talmai, king of Geshur,

his mother's father, and was there

three years (II Sam. xiii, 37, 38; iii, 3),

but David longed to see him. Joab,

perceiving David's longing for Absa-

lom, brought it about through a wise

woman of Tekoa (chapter xiv), so Absa-

lom returned to Jerusalem, and yet

he was there two full years without

seeing his father's face (xiv, 28). In

due time Absalom and his father

met. The king kissed him (verse 33). Then follows the lesson of today,

wherein we see Absalom stealing the

hearts of the men of Israel and under

the pretense of keeping a vow to the

Lord at Hebron caused himself to be

proclaimed king, saying, "Absalom

reigneth in Hebron" (verse 10). He sent

for his father's counselor, Ahithophel,

and took with him 200 men from Jeru-

salem, who went in their simplicity

and knew not anything, and so the

people increased continually with Absa-

lom, and the conspiracy against David

was strong (verses 11, 12).

God calls Israel His son, His first-

born, and said of him, "Thy beauty

was perfect through my comeliness,

which I had put upon thee," and called

him the dearly beloved of His son, and

yet had to say, "I have nourished

and brought up children, and they

have rebelled against Me," although

nothing could possibly be done for

them that He had not done. See in

confirmation of these statements Ex.

iv, 2, 23; Ezek. xvi, 14; Jer. xii, 7; Isa.

i, 2; v, 4. Then when Jesus came in

humiliation as their Messiah they de-

spised Him and rejected Him and

killed Him, and the night before they

crucified Him He went forth with His

little band over the same Kidron and

to the same Olivet (verses 23, 30), for

the people had said, "We have no king

but Caesar." In due time Absalom

was slain, and David returned to his

throne and kingdom. So in due time

the great adversary shall perish and

Jesus shall reign (Rev. xx, 1-3, 10; xi,

15). David did not return until the

men of Judah as one man sent him

this word, "Return thou and all thy

servants" (xix, 14), and we cannot

but wonder what might take place if

in response to our Lord's threefold

"Surely I come quickly" of Rev. xxi

the church should as one person cry,

"Amen! Even so come, Lord Jesus!"

With all her divisions and on the part

of the majority no expectation of His

return we cannot think that the church

ever will be of one accord on this

point, but we rejoice to believe that in

the fullness of time, the church being

completed, He will come to the air to

welcome her to Himself and then re-

turn with her in His glory for this

same Israel's benefit and to subdue

all things unto Himself.

During the time of His rejection may

we be found like the servants of verse

15, the 600 of verse 18 and those of

verse 21. It is surely a small thing

for us to say as His redeemed, and

yet something we ought to say, "Be-

hold, thy servants are ready to do

whatsoever my Lord the King shall

appoint" and hold ourselves for any

manner of service wholly at His com-

mandment (I Chron. xxviii, 21). The

600 recall the whole Adullam story of

the faithful followers and their reward

when he came to the throne. It is an

his memorable words, "As the Lord

liveth and as my Lord the King liveth,

surely in what place my Lord the King

shall be, whether in death or life, even

Due Often To Carelessness or Neglect
and Stubborn to Cure

"The knife is not always necessary to cure even desperate cases of piles," says a physician whose years and experience make him an authority. "Indeed," he says further: "I have known some very aggravated cases of long standing cured by a simple home remedy that restored to the bowels easy natural daily move-ments."

And the doctor is right, as many letters from cured people in various parts of the country prove. If sufferers from piles, rectal tumors and ulcers would try Dr. Caldwell's Syrup Pepsin they would often save themselves the terrible pain and danger and the heavy expense of a severe surgical operation.

Piles are often due to constipation and are always aggravated by it. Easy natural movements of the bowels such as are invariably produced by this famous laxative without pain or gripe do much to restore the bowels to their normal condition to the bowels and thus cure piles.

M. H. Miller, Mowague, Ill., says: "I have been troubled all my life with piles brought on by constipation. I tried many doctors and numerous remedies, but found no relief until I used Dr. Caldwell's Syrup Pepsin. I have used it as a laxative for the past nine years and have no more troubles with piles." H. N. John, Minneapolis, Kan., says he suffered for four years with piles which were so bad that he could not work. Four bottles of Dr. Caldwell's Syrup Pepsin cured him, and he says he has not been bothered since. Dr. Caldwell's Syrup Pepsin is a safe sure remedy for constipation, restoring easy natural daily movements in the worst old chronic cases, yet so mild and pleasant to take mothers give it to their babies with splendid results. It is sold by all druggists at 50c and \$1.00 per bottle. Dr. Caldwell, 329 Caldwell Bldg., Monticello, Ill., will send a free sample to anyone who has not used it and will give it a fair trial.

AGAINST NEGROES

NIGHT RIDERS ARE OPERATING
IN ALABAMA

Post Notices in Many Places Warning
Planters to Have No Dealings
With Blacks.

FLORENCE, Ala., October 23.—
Night Riders have made their ap-
pearance in this county and have
posted notices over the fertile terri-
tory known as "Colbert's Reserve"

from one end to the other. Mr. M.
R. Haley, one of the largest planters
and landlords in "The Reserve" brought the following copies of the notices which were posted on the mile posts of the roads penetrating "The Bend," as the territory is called by the resident tenants:

"Notice—Read and Obey: Any
man having any dealings with the
negro after the year 1908 inside the
government fence is subject to us
and we will tend to him properly.
Give this a thought."

"Notice—We ask Mr. Landlord to
collect in all due time and forbid you
renting any negro land after the
year 1908 inside the government
fence, and if you fail to do this we
will call around to see you at a late
hour."

"Notice This—Read and Obey—
We forbid all merchants and land-
lords in the bend for the river fur-
nishing, aiding or assisting in any
way or renting any land inside the
government fence to any negro what-
ever after the year 1908. If this is
not complied with, we will deal with
you as we see fit, and if we have to
visit here again we will leave ashes
behind. We are fully strong enough
to execute our plans. Please give
this a thought and save yourself
some trouble."

The government fence is a fence
enclosing "The Reserve," built and
maintained by a special tax on the
lands comprising the territory south
of the Waterloo road to the river,
and extending to near the town of
Waterloo, nearly twenty-two miles,
and is the principal cotton-growing
portion of the county. What the re-
sults of this initiatory move on the
part of the Riders will be is only
conjectural, but it is believed that
public sentiment here is strong
enough to hold the lawless element
down.

Women as Well as Men Are Made

Miserable by Kidney and
Bladder Trouble.

Kidney trouble preys upon the mind,
discourages and lessens ambition; beauty,
vigor and cheerfulness soon disappear
when the kidneys are
out of order or dis-
eased.

Kidney trouble has
become so prevalent
that it is not uncom-
mon for a child to be
born afflicted with
weak kidneys. If the
child urinates too often, if the urine scalds
the flesh, or if, when the child reaches an
age when it should be able to control the
passage, it is yet afflicted with bed-wet-
ting, depend upon it, the cause of the dif-
ficulty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
trouble is due to a diseased condition of
the kidneys and bladder and not to a
habit as most people suppose.

Women as well as men are made mis-
erable with kidney and bladder trouble,
and both need the same great remedy.
The mild and the immediate effect of
Swamp-Root is soon realized. It is sold
by druggists in fifty-
cent and one-dollar
size bottles. You may
have a sample bottle
by mail free, also a
pamphlet telling all about Swamp-Root,
including many of the thousands of testi-
monial letters received from sufferers
cured. In writing Dr. Kilmer & Co.,
Binghamton, N. Y., be sure and mention
this paper. Don't make any mistake,
but remember the name, Swamp-Root,
Dr. Kilmer's Swamp-Root, and the ad-
dress, Binghamton, N. Y., on every
bottle.

FLOUR!

LOOK FOR THE LADDER

NO SUPERIOR! FEW EQUALS!

If there is any one thing that the good housewife is more particular about than another its FLOUR We made a large purchase some time ago and for the week BEGINNING MONDAY NOVEMBER 2nd AND ENDING SATURDAY NOVEMBER 7th we make the following offer:

1 Bbl. Preference Step Ladder Flour for \$5.00 Cash

Only one bbl. to a customer and not delivered; this in a saving of 50 cents per barrel over present mill cost.

The above offer is made for the reason that a great number have never used PREFERENCE (step ladder) FLOUR and we offer this SPECIAL inducement hoping that all will give it a trial and after doing so would like to have your opinion. Don't forget that ABOVE FLOUR IS HIGHER IN QUALITY BUT NOT PRICE than other flour. How does the attached letter strike you. It's only a sample of what users think from the best information we can gather.

Gentleman:-

I wish to say that in all my experience as a Circus Steward, which covers a period of 10 years I have never came in contact with such a High Class brand of flour as I purchased from you whele in your city. I buy flour every day and have used about all the branns on the market, but must say that your Preference brann is the King, and should think you would push it into a leader as one trial will convince any one of its excellent quality.

Yours truly,
JAS. DAVIS,
