# WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, NOVEMBER 20, 1908

VOLUME XXVII, NO. 44

## CALLS GRAND JURY

TO INVESTIGATE THE ALLEGED ELECTION FRAUDS.

Judge Cook to Probe Calloway Vote. The Law and Order Candidates Are all Victorious.

MURRAY, Ky., Nov. 18.—Those candidates defeated in the county primaries on the law and order issue have been hoisted on their own petards as a result of the recount they demanded.

It is found that the small majority which the law and order ticket secured for the nominations is increased by the recount, and that Walter Holland, the foe of the night riders, is safely nominated for sheriff against all others.

In some instances the recount shows almost double the original majorities for the law and order candidates.

Circuit Judge Thomas P. Cook has recalled the grand jury and insisted on a rigid investigation of the alleged primary frauds.

The Democratic county committee is also in session to probe the charges.

## CERULEAN NOTES.

The remains of Luther Sizemore, son of Mr. and Mrs. Willis J. Sizemore, who was thrown from a horse last Saturday night and fatally injured, were laid to rest in the Jeff Stewart burying ground on Sunday afternoon in the presence of a large number of relatives and friends. He was in his 21st year and an up-right and sober young man.

Mrs. Sudie Keeney, wife of Jeff Keeney, of Linton, Ky., accompanied by her husband and Dr. Bell, of Gracely, Ky., went to Evansville, Ind., yesterday, where Mrs. Keeney is to enter a hospital to undergo a serious operation. Her many friends hope for a speedy recovery and that she will soon be back and mingling with her acquaintances.

A series of meetings are being conducted at Buffalo Baptist church by Rev. Lindsey Spurlin, assisted by Rev. Mr. Rose, of Hopkinsville. Quite a good deal of interest is being manifested and there have been several additions already. It has been announced that the ordinance of baptism will be administered on Wednesday.

## GOENS-HAMPTON.

The Clarksville Leaf-Chronicle says: Married at the Methodist parsonage at St. Bethlehem at high noon today, Eugene Hampton and Miss Marion Alice Goens, both of Pembroke, Ky. The ceremony was performed by Rev. Clendenin.

## MRS. WARD DEAD

FORMER GRACEY LADY PASSES AWAY IN KANSAS.

Two Patients Die at the Western Kentucky Asylum.—Remains Sent to Their Old Homes.

(From Thursday's Daily)

A telegram received this morning conveyed the news of the death at Garfield, Kansas, of Mrs. Rebecca Ward. Before her marriage she was Miss Rebecca Cox, a daughter of R. E. Cox. Her husband and one child survive her. The body will be brought to Gracely for interment but just when it will arrive is not known. The telegram gave no particulars as to what caused her death.

Two patients at the Western Kentucky Asylum for the Insane died yesterday. One was Mrs. M. J. Spalding whose body was shipped to Uniontown for interment. The other was R. H. Bradshaw and the remains were shipped to St. Charles.

## REWARD.

LOST OR STOLEN.—A black and white pointer dog, answers to name of "Sid." Skin on legs slightly bruised in shipping. Reward for return to Hunter Wood, Jr.

## DAUGHTERS URGED

TO DO THEIR DUTY TOWARD MORGAN MONUMENT

Movement is One That Should Have Strong Appeal to All Loyal Members.

The ladies in charge of the donations to go to the bazaar in Louisville desire to call the attention of the members of the chapter to the fact that it is in no sense a local interest. The movement was a confederate one by all the chapters in the state. As the Christian county chapter is the second largest in the state, much was to be expected of its members. So far, contributions are not worthy of its numbers, and it is hoped when the box is packed on Saturday, there may be few deficiencies. Our organization is for work, not worry. No individuals have been approached because the sentiment which evoked this effort to memorialize Kentucky heroes, seems one to invite, without further suggestion, the propriety of all doing what they could.

## PRIZERS FOR THE ASSOCIATION

Walter A. Wilson and David Smith Make a Strong Firm.

W. A. Wilson and ex-Sheriff David Smith, both of whom were granted a prize contract at the last meeting of the county committee of the Planters' Protective association, have pooled their interests and will prize together during the coming season under the firm name of Smith & Wilson. Mr. Smith who has dealt largely in tobacco for many years, will represent the firm on the outside and Mr. Wilson, who is an experienced tobacco man will superintend the pricing. Both men have been farmers and are fully acquainted with tobacco, from raising it to buying and selling.

This firm has secured the American Snuff company's big plant in which to put up the tobacco consigned to them. This plant is one of the best equipped in the country, being fitted with all necessary steam connections, electric lighted and is one of the few which is fitted with hydraulic presses sufficient to turn out about twenty-five hogsheads per day. There are thousands of feet of floor space and the unloading sheds are all covered over. This firm is now ready to begin pricing as soon as the tobacco begins coming in.

## Good Detective Work.

"Happy Jack" Bronaugh and Houston Fields, colored, are being held on a charge of petit larceny, it being alleged that they stole a pistol from the buggy of L. W. Means sometime ago. Policeman Hawkins worked up the case and recovered the weapon.

## MUST STAY IN JAIL

STATE WINS IN HABEAS CORPUS PROCEEDINGS

Alleged Night Riders Recommended.—One of the Prisoners Dies in His Cell.

NASHVILLE, Tenn., Nov. 19.—With tears streaming down his face Garrett Johnson, alleged captain of the night rider clan, who is said to have led the band to Walnut Log the night of the Rankin murder, listened to the decree of Judge Thomas E. Matthews in the Davidson county circuit court Wednesday morning recommending him and his eight fellow suspects to the Davidson county jail for a term of twenty days.

Without going into a decision of a number of the important points by counsel, Judge Matthews stated that he would continue the hearing of the habeas corpus proceedings until Dec. 2, in order to give the state time to complete its investigations now in progress at Union City.

This is virtually the end of the proceedings before Judge Matthews, as the state will be trying the prisoners before Judge Jones at Union City, it is believed, before Dec. 2 arrives. Attorneys for the state announced after the decision of the court that indictments would be returned by the present grand jury at Union City either this week or next, and the state will then be ready for trial.

Tom Wilson, 46 years old, one of the alleged Reelfoot night riders in the Davidson county jail, and hangman of Capt. Rankin, according to Frank Ferriner's confession, died at the city hospital, Wednesday night, after suffering with congestive chills. He made no statement before he died, it is said.

## KENNEDY ITEMS.

Mr. and Mrs. J. G. Harris arrived from Oklahoma City Saturday night and will be the guests of the latter's relatives.

Mr. John Shaw returned from Hot Springs Sunday morning where he had been hunting with his brother, Mr. Shaw says he killed a deer while there.

Bethel protracted meeting closed Friday night. They had a good meeting, and thirteen additions to the church.

Mr. Digs Fort returned from New Mexico Saturday night. He says he had a fine trip.

Herbert Richards is the guest of Bob Allen.

## TO HOPKINSVILLE

Hugh Hammack, who recently sold his fine farm near Casky to S. P. Moseley, of Roaring Spring, will move to Hopkinsville when he gives possession of his place. Mr. Moseley has already begun moving his corn, hay and other similar supplies to his new home and expects to move his household effects as soon as Mr. Hammack gets out.

## CROPS IN KENTUCKY

STATE COMMISSIONER OF AGRICULTURE REPORTS.

Stock Water Scarce and Wheat Sowing Delayed By Drouth—Late Corn Damaged.

The New Era is in receipt of Commissioner of Agriculture Rankin's latest crop report which, he says, will be the last of this season. The next report will be issued April 1, 1909.

The long continued drouth has extended through the greater part of October and was slightly broken by rains in several portions of the state.

Stock water is very scarce and is being hauled for miles. Cattle and live stock have suffered for water.

The drouth has been almost unprecedented and has caused a severe loss to the farmers.

Wheat sowing has been greatly delayed because the ground has been so hard and dry.

Rye sowing has been delayed from the same causes and will be very late.

Corn has all been cut and the early corn is of good quality and good yield, but late corn was greatly damaged by the dry weather. The price is very high and prospects are for still higher prices.

Burley tobacco shows a very much decreased acreage. Quality not good, very little damage by frost.

Dark tobacco shows somewhat of an increased acreage over 1907 crop. Quality good and housed without any damage from rain or frost.

Grasses have been injured by the severe drouth. Some reports show grasses burned up completely. It will require plenty of rain and favorable weather to overcome damages which the grasses have suffered.

Alfalfa has withstood the dry weather better than all other grasses, showing conclusively that alfalfa is the best forage crop for Kentucky.

One grower of second crop potatoes reports that yield and quality are exceedingly good.

Dairying has suffered greatly from the drouth but there is an increasing interest shown in this important feature of agriculture.

Although the poultry interests throughout the whole state are large, yet the demand for poultry and poultry products is so much greater than the supply and the profits to those already engaged in the business are so large, proving that there is not enough attention shown this very important industry.

Because of persons owning orchards not spraying and giving careful attention to the eradication of insects the fruit crop is very short and we advocate the use of the spray, because those who have used it have fruit while their neighbors, who do not spray their trees, do not have any.

## Chickens Stolen.

Eighteen fine, fat chickens were stolen last night from the farm of P. M. Owen, on the Cox mill road. There is no clue as to the thieves.

Mrs. W. W. Eddins and daughter, Miss Sue, of Pembroke, were here shopping yesterday.

## Ranges, Cooking and Heating Stoves

We have one of the best Ranges made, all the latest improvements, oven thermometer, pouch-feed and base. This Range is the St. Clair Malleable. We want every one who is wanting a Range, Cooking or Heating Stove to come in and let us show you this line of stoves.

## Now is the Time to Place Your Order for FENCING.

We have a large quantity of Woven, Barbed and Smooth Wire at right prices. Our fence needs no recommendation to those who have used it. We want every farmer to come and examine our fence before buying his fencing.

## F. A. Yost Company

(Incorporated)

DAVID SMITH,  
Ex-Sheriff.

WALTER WILSON.

## Smith & Wilson,

Association Prizers for Season of 1908-09.

We have secured the American Snuff Company's plant on 21st street. This plant is roomy, has covered unloading shed, is equipped with steam connections and is fitted with powerful hydraulic prizes.

We solicit your tobacco and promise you our most careful attention to it at all times. Both members of the firm were raised on the farm and are fully conversant with the tobacco business from raising it to buying and selling.

We Are Ready to Receive Tobacco at Any Time.

## COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or opium-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-over coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay or non-professional testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

## TRY THIS ANYWAY

## TREMENDOUS POPULARITY OF A SIMPLE PRESCRIPTION

A Local Druggist Says No Sufferer of Kidney Trouble or Rheumatism Should Leave it Untried.

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after meal and again at bedtime. There is enough here to last one week, if taken according to directions. Good results will be apparent from the first few doses.

## REPUBLICANS SAD

FRANKFORT, Ky., Nov. 12.—Gloom has pervaded the precincts of the offices on "The Square" since the election and to visit the state departments one would think that every state in the union had gone for Bryan. For that is the way everybody over there feels, and all because they lost Kentucky. The Republicans "set more store" by Kentucky and getting the electoral vote of Kentucky than they did anything else, and some of them even went so far as to say that they would rather have seen Bryan elected than to see Kentucky go Democratic. One would expect to see the Republican officials all smiles on the day after the election, when the whole country, nearly, had gone Republican, but such was not the case. They all looked like they had lost their last friends.

M. C. Rankin, commissioner of agriculture, was about the only one to really express himself as preferring the election of Bryan to the carrying of Kentucky by the Democrats. He had no hesitation in saying that he was more interested in the result in this state than he was in the result in the nation.

## U. D. C. CONVENTION

IS STIRRED BY MRS. M. C. GOOD-LET'S APPEAL.

Urges the Members, to Take Steps to Wipe Out Illiteracy in the South.

ATLANTA, Ga., Nov. 13.—Education was the keynote of today's sessions of the fifteenth annual convention of the United Daughters of the Confederacy. Inspired by a message from a message from Mrs. M. C. Goodlett of Nashville, founder of the U. D. C., urging the necessity of wiping out illiteracy in the south, members of the convention acclaimed in brief but earnest addresses that no more patriotic work could be done by the Daughters of the Confederacy than to use their every energy for the educational advancement of the descendants of those soldiers whose noble deeds the organization seeks to commemorate.

Miss Alice Baxter, president of the Georgia division of the United Daughters of the Confederacy, proudly announced that Georgia had taken the initiative in the work of education, referring to the Winnie Davis dormitory at the state normal school, Athens, Ga., which was erected by the Georgia Daughters. She also directed attention to the fact that the Georgia division is now building a dormitory at the Rabun Gap industrial school, Rabun Gap, Ga., as a fitting memorial to Gen. Francis Bartow.

Goodlett, of Nashville, founder of the Mrs. John King Ottley, of Atlanta, providing for the creation of an educational committee of the United Daughters of the Confederacy, which shall render a report annually covering all educational work being done by the several state divisions.

She believed that this would stimulate further effort on the part of the different divisions toward placing educational advantages within reach of every descendant of a confederate soldier.

## PEACE AFTER PAIN

MRS. FLORA RITTER BOULWARE PASSES AWAY.

Beloved Christian Woman Dies at Her Home Here, Surrounded by Her Loved Ones.

(From Friday's Daily)

Mrs. Flora Ritter Boulware, widow of the late R. L. Boulware and beloved Christian woman, died at one o'clock this morning. Her life had been hanging on by a thread for several days, and the devoted members of her family had been summoned and were at her bedside when the end came.

The deceased had been in failing health for several months, in fact since the death of her husband nearly five years ago. She was about thirty-five years of age, and a daughter of the late Congressman Burrell C. Ritter, a prominent Kentucky statesman, and a sister of the late Hon. John C. Ritter, a brilliant attorney of the Hopkinsville bar.

Mrs. Boulware, throughout her illness, was a patient sufferer and maintained her bright and cheerful demeanor to the last. She was beautiful in life and spirit, never thinking of herself, but giving her loving thoughts to the happiness and comfort of those around her. She was a consecrated Christian and a life-long member of the Church of Christ.

She is survived by four sons and one daughter. They are Messrs. Logan, Phillip, Ben and Alex Boulware and Miss Edith Boulware.

Funeral services will be held at two o'clock tomorrow afternoon at the Christian church, conducted by the Rev. H. D. Smith, interment at Riverside cemetery.

## PRISONER TAKEN AWAY.

LEXINGTON, Ky., Nov. 12.—U. S. Deputy Marshal Mays was held up at point of revolvers by a posse of men early yesterday near Louisville, and Harry Benson, under arrest for alleged moonshining, was rescued by the men, who were his friends, and hurried across the border into Wayne county West Virginia.

## THE SUNDAY SCHOOL. ABOUT GOOD ROADS

Lesson VIII.—Fourth Quarter, For Nov. 22, 1908.

## THE INTERNATIONAL SERIES.

Text of the Lesson, 1 Kings i, 32-40, 50-53—Memory Verses, 39, 40—Golden Text, 1 Chron. xxviii, 9—Commentary Prepared by Rev. D. M. Stearns.

(Copyright, 1908, by American Press Association.)

"Whatsoever the Lord pleased, that did He in heaven and in earth, in the seas and all deep places" (Ps. cxxxv, 6). "The Most High ruleth in the kingdom of men and giveth it to whomsoever He will. He doeth according to His will in the army of heaven and among the inhabitants of the earth" (Dan. iv, 32, 35). Even when our Lord was crucified Herod and Pilate and the people of Israel did what the hand and counsel of the Lord determined before to be done (Acts iv, 27, 28). So it is always, through good men and bad men, and even the devil, and through good men who often act unwisely, God is ever working out His eternal purpose which He purposed in Christ Jesus our Lord (Eph. iii, 11). He who sees and declares the end from the beginning says, "My counsel shall stand, and I will do all My pleasure" (Isa. xlv, 10; Ps. xxxiii, 10, 11). Men are left free to do as they choose and are guilty if they do wrong, but God is ever working out His purpose in spite of everything and every one who may be set against Him.

Thus we see it in our lesson today. David being old, one of his sons, Adonijah, whom he had never displeased by even asking him why he did anything, exalted himself to be the king, though he knew that the Lord had given the throne to his brother Solomon, and Joab, who was David's chief, and Abiathar, the priest, whom David had so protected and made one with him, followed Adonijah (1 Kings i, 7; ii, 15). It does not seem so strange that spoiled boys, like Absalom and Adonijah, should be so desperately wicked; but to see a priest like Abiathar joining him is perplexing. It seems so easy to turn from what is right and do the wrong thing.

There were some who remained faithful to David, such as Nathan, the prophet; Zadok, the priest; Benahiah, the son of Jehoiada, one of David's mighty men who slew a lion in a pit in snow time, and also an Egyptian with the man's own spear, and did many mighty acts (11 Sam. xxiii, 20-23; 1 Kings i, 8). Nathan told Bathsheba, the mother of Solomon, how things were going, and she and Nathan brought word to David, whereupon David called these three faithful men and bade them cause Solomon to ride upon his own mule and have him anointed king over Israel and Judah, that he might sit upon his throne and be king in his stead (verses 32-35). This was as the Lord had purposed for He had said to David, "Behold, a son shall be born to thee, who shall be a man of rest, \* \* \* and I will give peace and quietness unto Israel in his days, \* \* \* and I will establish the throne of his kingdom over Israel forever" (1 Chron. xxii, 9, 10, a promise primarily, but only partly true of Solomon, but yet to be fully and completely seen in Jesus as the Son of David (Isa. ix, 6, 7; Jer. xxiii, 5, 6; Luke i, 31-33). Then sat Solomon upon the throne of David, his father, and his kingdom was established greatly (1 Kings ii, 12), or as it is written in 1 Chron. xxix, 23, "Then Solomon sat on the throne of the Lord as king instead of David, his father, and prospered, and all Israel obeyed him." No throne but this was ever called the throne of the Lord. The days come when the same city, Jerusalem, shall be called the throne of the Lord and all the nations shall be gathered unto it, to the name of the Lord to Jerusalem (Jer. xli, 17). David's charge to Solomon in chapter ii and in 1 Chron. xxviii is worthy of being laid up in the heart. Note specially these words: "Know thou the God of thy father and serve Him with a perfect heart and with a willing mind, for the Lord searcheth all hearts and understandeth all the imaginations of the thoughts" (1 Chron. xxviii, 9).

For over twenty years I have found special blessing in these. That expression, "the imagination of the thoughts," is found again in chapter xix, 18, and again sad contrast in Gen. vi, 5. How deeply God searches not only the heart, but the thoughts of the heart, and somehow, back of that, the imagination of the thoughts! How much and how continually we need the precious blood which cleanseth from all sin! In the last chapter of 11 Sam. we find a word from David in verse 24 which is worthy of application to all believers. "Neither will I offer burnt offerings unto the Lord my God of that which doth cost me nothing." And this was in connection with the purchase of the place where the temple was afterward builded (11 Chron. iii, 1). It was also the place where Abraham had offered up his son Isaac, and the great thought is redemption by a costly sacrifice. In David's abundant preparation for the temple which he was not allowed to build we see a manifestation of that zeal which he prayed that Solomon might have. He said, "I have prepared with all my might for the house of my God, \* \* \* because I have set my affection to the house of my God." Yet with all the millions which he gave he said, "All things come of Thee, and of Thine own have we given Thee" (1 Chron. xix, 2, 3, 20).

## SUBJECT THAT STRIKES HOME TO ALL CITIZENS.

Construction Is a Form of Economy.—Some Very Important Facts and Figures.

When the farmers learn to economize as systematically as it is necessary for large industrial enterprises to economize in order to meet competition and make profits, farming will be a much more remunerative calling than it now is. One form of economy is the construction of good roads.

In a great address Allerton S. Cushman, of the United States department of agriculture, pointed out that there are 2,000,000 miles of public roads in America and that about 7 per cent. of this mileage is improved. During a year about 86,000,000 pounds of products from the farm are hauled to market or to shipping points. The cost of hauling a ton of products a mile on the country roads is upon the average 25 cents. Stone roads in good condition reduce the cost to 8 cents. "Dirt" roads in bad condition necessitate an expense of 39 cents, wet, sandy roads 33 cents, and dry, sandy roads 64 cents. About \$250,000,000 would be saved annually by reducing the cost to 123 cents per ton per mile.

The saving would be, like the present loss, so widely distributed that the computation of the totals may seem like an idle juggling of figures, yet it is by such figuring that railroads and other large corporations learn where and how to cut expenses effectively.

The Washington Herald reduces the figures quoted by Mr. Cushman to this form:

"It seems easy to write the figures \$1,000,000 a day; that is the amount of loss or rather that is the loss or gain the farmer would get if he had good roads. He would get \$1,000,000 a day more for his products than he does now. His bad roads imply a loss of about \$3 a day a year for every man, woman and child in the United States. If we can add that \$250,000,000 to the purchasing power of the farmer it is not likely that we should hear so much about hard times; there would be bound to be a proportional increase in prosperity and our agricultural assets would be very largely increased."

These figures do not, of course, take into account the increased value of farming lands resulting from good roads being constructed in the vicinity. The owners of city property are more ready to take advantage of an opportunity for the improvement of streets that will enhance real estate values than are the owners of country property, yet both in the country and in the city it is sometimes amazingly difficult to awaken the interest of property owners in improvements that cost a dime in taxes and net a dollar in increased values.

The farmer's freight expense is fixed in part by the railroad, but the expense begins at the farm, and the haul to the railroad is expensive or inexpensive in accordance with the condition of the roads.—Courier-Journal.

## COMPROMISE SUITS

THREE CASES AGAINST ALLEGED NIGHT RIDERS SETTLED.

PADUCAH, Ky., Nov. 12.—Three suits filed in the federal court for damages against the alleged night riders for the raid on Birmingham were compromised, and the cases will be dismissed in the federal court. The terms of the compromise could not be ascertained, as the money will not be paid until Saturday, but it is understood that the damages will be many times less than the \$100,000 sued for.

The suits were filed by Attorneys Browning and Hazell for L. A. Baker and Maggie Scruggs, and Attorney J. C. Flournoy for Nat Frizzell.

In the raid at Birmingham there were 150 in the mob, but only seventy-one alleged night riders were made defendants. However, it is stated that all of the alleged members of the band in the raid were forced to contribute to the compromise fund.

The settlement of the suit will clear the federal court docket of night rider suits at this term of court, as the Henry Bennett suit will not be tried, because the defendants cannot be located.

## S. S. S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because it is prepared entirely from the blood purifying and healing extracts of roots, herbs and barks taken directly from the natural forests of the land. It does not contain the least particle of strong mineral ingredients, and is so prepared as to aid in the upbuilding of every portion of the system, while driving Contagious Blood Poison from the blood. No unpleasant effects ever follow the use of S. S. S., such as stomach troubles, dyspepsia, mercurial rheumatism, etc., as is so often the case where other medicines are used. S. S. S. goes down to the very bottom of the trouble and gently but surely, drives out every trace of the disease, cleanses and purifies the circulation, and by its fine vegetable tonic effects, assists the system to rapidly overcome the ravages of the disease, and regain its natural healthful condition. S. S. S. does not cover up or hide the symptoms for awhile, to break out later, but so thoroughly does it remove the cause that no signs of the trouble ever return. S. S. S., Nature's cure, is the surest and safest remedy for Contagious Blood Poison. Home Treatment Book with valuable suggestions and information, and any medical advice free to all who write.

## FILE THE ARTICLES BOTH BONES BROKEN

INCORPORATING LOCKER, BASKETTE & CUMMINGS CO.

Will Do Insurance and Real Estate Business in Hopkinsville and Christian County.

Articles incorporating the Locker, Baskette & Cummings insurance firm have been filed in the office of the county clerk and forwarded to Frankfort for record in the department of the secretary of state.

The members are prominent and progressive business men, H. C. Locker, T. C. Baskette and W. H. Cummings, Jr. They will do a general insurance business in Hopkinsville and Christian county and also handle real estate. The capital stock of the corporation is \$6,000, each partner being allotted a third of the shares.

At a meeting of the stockholders Monday, H. C. Locker was elected president and William H. Cummings, Jr., secretary and treasurer. The company will occupy a commodious suite in the lower floor of the Hopper building, opposite the courthouse, and begins business with every prospect of large success.

## LOOSE SALES

At Paducah Attracting Buyers to That City.

PADUCAH, Ky., Nov. 17.—The last two years has witnessed a gradual increase in the amount of tobacco handled in Paducah, and last year probably twice as much was handled here as the year before. The association is finding this the best sales point in the western district, and buyers, forced out of exposed points in the Black Patch, are coming to Paducah.

Fifteen years ago this was the principal loose leaf market in Western Kentucky. Recently there has not been a loose leaf warehouse in the city. This year will mark the revival of the industry. C. W. Bohmer, of Lexington, has leased a warehouse in the southern part of the city, and will open the place for business as soon as the weather conditions are proper for handling tobacco. He came here because the Burley crop this year doesn't amount to anything W. M. Shaw, a tobacco rehandler of Hopkinsville, has removed to this city.

It is expected that during this next year large quantities of tobacco will be rehandled loose on the local market. Independent planters, especially, will be glad to hurry their tobacco to the market to avoid the danger of having it destroyed.

## KILLED SEVEN

Jim Deckard, a negro, killed seven men, including the sheriff of Okmulgee, Okla., a policeman and five negroes, and badly wounded two others. The policemen attempted to arrest the negro, who had severely beaten an Indian boy. Deckard barricaded himself in his home and defended it against a posse brought by the sheriff. He finally set the house on fire and was consumed in the flames.

## SALOON ROBBED

Thief Enters Higgins & Winder's and Steals Thirty-three Dollars.

Higgins & Winder's saloon on Central Avenue and Virginia street was entered by a burglar last night. The thief removed with some sharp instrument a glass panel in a rear door and, turning the Yale lock, easily effected an entrance.

Money was apparently all he was looking for. He rang open the cash register and helped himself to \$33 in money, leaving nothing in the machine but a check for \$3. There is no clue to the thief.

## ENGAGEMENT ANNOUNCED

The following interesting society item appeared in Sunday's Lexington Leader:

"Mrs. James T. Uplington announces the engagement of her daughter, Dixie Lee to Mr. Maxwell Ellis Boales, of Hopkinsville, Ky. The marriage will be celebrated early in December."

Mr. Boales is the son of Mr. and Mrs. M. D. Boales of this city.

IN RIGHT LEG OF YOUNG FOOT-BALL PLAYER.

Right Guard Meacham, of McLean College, Has Severe Accident. Game Was a Tie.

In a football game at Paducah Saturday afternoon, between the teams of that city and McLean college, D. A. Meacham, right guard of the Hopkinsville eleven, and one of the star players, met with severe accident.

During the second half of the game, while tackling Sights, of the Paducah team, young Meacham's right leg was broken, both bones being fractured. Time was called, and the unfortunate victim of the accident was given temporary attention on the field by Drs. Sights and Blythe, and then placed in an automobile and hurried to Riverside hospital, where the fractures were reduced.

The McLean team returned home Sunday morning, but Meacham, accompanied by Capt. Webb, arrived Monday evening. The injured player's leg was placed in a plaster cast, and he is getting along as well as could be expected. He is one of the most popular students at the college and a son of R. M. Meacham.

The game between McLean and Paducah was a brilliant contest, hard fought from start to finish. It ended in a tie, the score being 5 and 5.

## KENTUCKY TROOPS.

FRANKFORT, Ky., Nov. 16.—Indications are that the state troops in active service in Kentucky during the past ten months will be withdrawn. Adjutant General Johnston said today that he would make a trip to Western Kentucky to look into the situation. The administration is anxious to be relieved of this burden, as \$130,000 has been spent for active troops since Governor Willson went into office.

## ATTEMPTS MURDER FOR THE ELECTION

EFFORT TO ASSASSINATE A TOBACCO GROWER.

Would-be Slayer an Agent of Night Riders—Prisoner Has Made a Confession.

LEXINGTON, Ky., Nov. 16.—Geo. C. Graddy, a wealthy tobacco grower, who lives in Woodford county, 12 miles from here, came near paying with his life for raising a crop of tobacco in defiance of orders issued by the Society of Equity and night riders. Graddy raised a large crop and has had it under the guard of his tenants. He had implicit confidence in them, and told them all his plans. Yesterday, accompanied by one of these tenants, Graddy was making the rounds of his tobacco barns to see that all was secure, when the tenant suddenly fired his gun at Graddy.

The charge missing him, Graddy grappled with the fellow, who declared he had stumbled and that his gun was accidentally discharged.

There were so many suspicious circumstances surrounding the shooting that Graddy had the man searched, finding a paper on him in which he was offered two thousand, six hundred dollars if he killed Graddy. The paper was signed "Night Riders." Graddy promised the fellow immunity from arrest if he would give away the instigators of the plot, which he did, and arrests are expected to be made at once.

Graddy's barns were burned by night riders last spring, and he has since been very active in helping run them down.

What a splendid type of tireless activity is the sun as the psalmist describes is issuing like a bridegroom from his chamber and rejoicing like a strong man to run a race. Every man ought to rise in the morning refreshed by slumber and renewed by rest, eager for the struggle of the day. How rarely this is so. Most people rise still unrefreshed, and dreading the strain of the day's labors. The cause of this is deficient vitality and behind this lies a deficient supply of pure, rich blood, and an adequate nourishment of the body. There is nothing that will give a man strength and energy, as will Dr. Pierce's Golden Medical Discovery. It does this by increasing the quantity and quality of the blood supply. This nourishes the nerves, feeds the brain, builds up enfeebled organs, and gives that sense of strength and power which makes the struggle of life a joy. The "good feeling" which follows the use of "Golden Medical Discovery" is not due to stimulation as it contains no alcohol. The ingredients are plainly stated on the bottle-wrapper. It does not "brace-up" the body, but builds it up into a condition of sound and vigorous health.

### STOPS ITCHING INSTANTLY

Eczema, Pimples, Rashes, Blisters, Eruptions, etc., Quickly Eradicated by New Skin Remedy.

Since the discovery of "A. J. M." Prescription, the new skin remedy, its success has exceeded the most sanguine expectations of the dispensers who gave it to the world. It has cured thousands of cases of eczema and cleaned the skin of facial disfigurements and repulsive pimples of years' standing. The burnings and itchings of eczema are stopped with the first application.

In minor skin troubles such as rashes, blotches, pimples, blackheads, barber's itch, salt rheum, itching piles, red noses, dandruff, oak and ivy poison, oozed feet, results show after a few applications. A muddy, greasy or sallow complexion is quickly improved over night. Sold by all druggists. Price 50c. and \$1.00. The A. J. MARTIN MEDICINE CO., Props., Toledo, Ohio.

The Illinois Central will sell to Washington, D. C., and return for \$23.25 account Southern Commercial Congress December 7-8, 1908, and Elver and Harbors Congress December 9-11, 1908.

Date of sales, December 5, 6, 7, 8, and for trains scheduled to arrive at Washington before noon December 9, 1908, return limit, tickets will be good to leave Washington returning up to and including, but not later than midnight of December 16, 1908.

OF PARTY OFFICERS CALL HAS BEEN ISSUED.

Precinct Committeemen Chosen Next Saturday and Chairman and Secretary on Following Monday.

Following are the rules adopted by the Democratic state convention, governing the election of precinct committeemen chairmen and secretaries of Democratic county committees:

"In the voting precincts of the counties there shall be elected by the Democratic voters in such precincts a committee of one member, who shall constitute the precinct committeeman of such precinct. In all state, district, legislative or county mass-conventions the proceedings and election of delegates or election of committeemen shall be null and void if the chairman of said mass convention refuses to give tellers and have a count of the vote of those Democrats present, if said request for tellers and count is made, and on the refusal of said chairman to give tellers a count, the chairman so refusing shall be removed from his office by the state central committeema upon proper proof so made to him.

"Said precinct committeemen shall be elected on the third Saturday in November, 1908, and shall be residents of their respective precincts. The Democrats of this state shall meet at their various voting precincts at the hour of 2 o'clock p. m. (standard time) and proceed to the election of a committeeman to serve until his successor shall be elected by order of a succeeding state convention. The retiring precinct committeemen shall call their respective mass meetings to order and shall preside until the mass meeting shall elect a chairman. Where there is a vacancy in the office of precinct committeeman the chairman of the county committee shall designate some qualified Democratic living in the precinct to call said meeting to order and preside until the election of a chairman.

"On the Monday following such election such precinct committeemen shall meet at their various county seats in counties having not more than one legislative district, and in legislative districts they shall meet at some convenient place in their said legislative districts, to be designated by the respective county or legislative district chairmen then in office, who shall preside and organize by electing a chairman and secretary to said county or legislative district committee, who may or may not be a member of said committee. The chairman or secretary may be removed at the will of a majority of said committee.

"No precinct committeeman or chairman of any committee, shall hold any federal, state, district, county or municipal office, or be eligible therefor.

"Any member of a county or legislative district committee, shall, when a candidate for any office in the gift of the people over which said committee has jurisdiction, vacate his office as committeeman."

In compliance with the above, the Democratic voters of the thirty voting precincts of Christian county are hereby called to meet at their respective voting places at 2 o'clock, standard time, Saturday, November 21, and proceed to the election of a precinct committeeman in each of said thirty precincts.

On Monday, November 23, these precinct committeemen, duly elected Saturday, November 21, are called to meet in the city court room, in Hopkinsville, Ky., for the purpose of electing a chairman and secretary.

## DEATH OF EMPRESS DOWAGER OF CHINA

Female Despot of Celestial Kingdom Passes Away.—Small Boy Is Placed Upon the Throne—Soldiers Are on Guard.

PEKIN, Nov. 16.—Tse Hsi An, the dowager empress of China, the autocratic head of the government, which she directed without successful interference since 1861, and without protest since 1881, died at two o'clock Sunday afternoon.

The announcement of her death was official and followed closely upon the announcement that Kuang Hsu, the emperor, had died.

An edict issued at 3 o'clock this morning placed upon the throne Prince Pu Yi, the 3-year-old son of Prince Chun, the regent of the empire, in accordance with a promise given by the dowager empress soon after the marriage of Prince Chun in 1906. An edict issued on Friday made Pu Yi heir presumptive.

The foreign legations were notified this morning by the foreign board of the death of the emperor and the succession of Prince Pu Yi. Troops have been in readiness for several days to quell any disorders that might arise on the death of Kuang Hsu and the possibility of an uprising was made greater because of the fact that the death of the dowager empress was known to be close at hand.

Prince Chun, the regent, has ordered the viceroys and governors to take precautions for the continuation of the administration of the

DOWAGER EMPRESS.

provinces as heretofore, and he has ordered a hundred days of mourning. The court will go into mourning for three years.

Pekin already has been greatly transformed; all red objects have been removed and blue substituted.

### NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpticide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpticide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

## FORESTRY IN STATE

STUDY OF CONDITION MADE BY GOVERNMENT.

Christian County Was Included.—Suggestion Made For the Protection of Our Trees.

The field work of the forestry service which has been making a close study and examination of forestry conditions in Kentucky under the silviculture branch of the government forest service, has been brought to a close for the year. Chief A. P. Chittenden has just filed with Commissioner of Agriculture M. C. Rankin his concluding report, in which he tells of the work that has been accomplished. The report says:

"The field work connected with the study of forest conditions which the forest service has been conducting in co-operation with the Kentucky board of agriculture, forestry and immigration, was brought to a close late in October. Since September 20, when I last wrote you, Rockcastle, Pulaski, and Wayne counties in southeastern part of the state have been covered. This completed the study of the mountain section of of the state.

"Work was begun in the Trade-water region in September, and by the end of October, when operations were suspended, conditions in the following 14 counties, had been studied: Todd, Muhlenberg, MeLean, Henderson, Daviess, Union, Webster, Hopkins, Christian, Trigg, Lyon, Caldwell, Crittenden and Livingston. Though the forest is not as important a factor in these as in the mountain counties, still there is much that can be done to improve forest conditions. A supply of fence posts is absolutely essential to the farmers of this agricultural region and there is no reason why each man should not raise on what is now waste land and producing nothing, all the posts and other material he needs on the farm. A special study of the black locust was made, so that some definite information could be put before the farmers of this region.

"After agriculture, coal mining is the chief industry of the region. A supply of mining timber is essential to the permanency of all operations. Each company should own and manage enough forest land to insure a permanent supply of props, ties, etc., unless the surrounding country can be depended on to furnish timber to fill all future demands."

## MEMORIAL TO DAVIS

ALL SOUTHERNERS URGED TO AID MOVEMENT

Confederate Veteran Gives an Interesting Account of Work Up to Present Time.

Having the hearty endorsement of the United Confederate Veterans association, the movement to convert the homestead of Jefferson Davis at Fairview into a Confederate Memorial park is gaining widespread attention and every effort is to be made to realize the plans of the promoters. The sub-committee of fifteen appointed by the Confederate convention at Birmingham to have general supervision of the steps to acquire this historic spot of Kentucky ground has placed C. A. Cunningham, editor of the Confederate Veteran, in charge of the canvass for funds, and Dr. C. C. Brown, of Bowling Green, who conceived the plan, has been named to solicit subscriptions. In the current issue of the Confederate Veteran, Mr. Cunningham makes a stirring appeal to all Confederate organizations and friends of the Lost Cause to lend their enthusiastic aid to the inspiring project. "All sections are concerned," he writes. "While members predominate from Kentucky, it is no more a Kentucky than a Virginia or Texas enterprise. The inspiration of every Southern man and woman should be to take this up and accomplish its purpose during the remainder of the year 1908. Next year there will be a widespread effect on account of the memorial to President Lincoln, at the place of his birth near Louisville, and surely the pride of the Southern people will induce a procurement of the birthplace of President Davis, if its adornment should be left to the coming generations." A special appeal is made to the Daughters of the Confederacy to co-operate with the committee in buying these lands. It is stated that the most desirable place in the list of options secured by the committee is the residence of Dr. Wooley, on the former Davis farm, which "would be at once a fitting home for worthy widows of Confederates who may be in need."

The options which were secured by the late W. B. Brewer, and who is praised highly by the veterans for his work, expire next April. The Veteran also states: "Mr. Hunter Wood, of Hopkinsville, has procured a quit claim to the Baptist church area from Mrs. J. A. Hayes (a daughter of President Davis) the bequest being such that the property would revert to her estate if it be converted to any other than church purposes." The Veteran continues: "This is a fitting opportunity to show the spirit of co-operation which the southern people should possess above all other of the earth. The most isolated camp, chapters or individuals can help in this undertaking. The matter of memorials may be cared for in the future. It seems so fitting in this centennial year of the birth of our Confederate president that we should do well to honor his memory by securing such an admirable area that our children's children may have the inspiration of this year's work to build worthy memorials. \* \* \* This should be the south's mecca, and it would seem most fitting to locate here such a memorial as the southern people desire to Maj. Henry Wirz, who was offered his life if he would incriminate our beloved president of the confederacy, but preferred death. In this connection the suggestion is made that the Wirz monument fund be applied to the Davis home enterprise for all who want to pay tribute to his memory and likewise honor Mr. Davis. \* \* \* Fairview is easily accessible. A splendid turnpike connects the town with Hopkinsville, and the magnificent highway runs in the other direction to Elkton and on to Russellville; while Pembroke street is the nearest direction to the railroad. Then it is quite probable that an interurban railway will ere long connect Hopkinsville and Russellville via Fairview and Elkton."

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest and lungs," says W. V. Henry, of Panama, Mo. "The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Cook & Higgins drug store and Cook's Pharmacy. 50c and \$1.00. Trial bottle free.

## THE SLEEPING SICKNESS

**WHICH MEANS DEATH**

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mervous knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

## WHY WE DIDN'T WIN

JUST BECAUSE THE TIME WAS NOT YET RIPE

"Are We Disheartened?" Asks Urey Woodson.—No; Not a Bit Of It.

LOUISVILLE, Ky., Nov. 13.—Urey Woodson, secretary of the Democratic national committee, returning home from Chicago, where the national headquarters were finally closed Wednesday, was in

**UREY WOODSON.**  
Kentucky journalist and ex-railroad commissioner, who is secretary of the Democratic national committee.

Louisville last night. Secretary Woodson said he would about the first week in December open his permanent office at Washington.

He is the custodian of the organization, records and documents of the committee, and at the end of the campaign the work of the secretary is by no means completed. It goes on through the years that intervene between presidential campaigns. The organization must be kept up, information furnished and the party press kept aware of the advantageous points at issue. Washington is the natural place for party headquarters and both the Democrats and Republicans will have their offices there.

"The Democratic party has perfected in the past six months," said Mr. Woodson, "a better organization than it has had since 1892, and no labor will be spared to keep it up. We are not disheartened by the recent defeat. Leaders of factions who had been divided and embittered toward one another since 1896 were at last reunited and worked together harmoniously. We did not win because the time had not yet come for us to win, because the enemy frightened a majority of the voters, especially the business interests, into the belief that our candidate was unsafe."

"But Speaker Cannon will not be dethroned and Republican legislation, all signs now indicate, will be so reckless and in such utter disregard of the wishes and interests of the people that we cannot lose in the next contest."

**Wants to Settle Debts.**

J. Miller Clark, a Hopkinsville grocer, who is in the bankrupt courts, has offered terms of settlement to his creditors and the majority of them have accepted. Clark petitioned Federal Judge Evans to allow the settlement and has placed the money necessary in the City Bank of Hopkinsville to the credit of the court. Judge Evans has set November 28 for the hearing of the petition.—Owensboro Inquirer.

**Death of Mr. Moore.**

A telegram received this morning conveyed the news of the death at his home in Atoka, Oklahoma, of Mr. R. M. Moore, a brother of Mrs. M. E. Bacon of this city. Mrs. Bacon left at 11:30 this morning for her home at Marion. Mr. Moore was the eldest child of Judge and Mrs. James A. Moore of Marion, and he had lived in Atoka for many years. His wife and several children survive him.

## THREE CURES OF SEVERE ECZEMA

Michigan Woman Tells of Her Brother's Terrible Suffering with the Disease—Grandchild and Another Baby also Permanently Cured.

**CUTICURA REMEDIES PROVED INVALUABLE**

"My brother had eczema three different summers. About the same time each summer it came out between his shoulders and down his back, and he said his suffering was terrible. He used different kinds of medicines that were said to be good for that disease, but nothing seemed to do him much good. When it came on the third summer, he bought a box of Cuticura Ointment and gave it a faithful trial. Soon he began to feel better and he cured himself entirely with Cuticura and has never been bothered with eczema since. He also used Cuticura to cure a bunch over his eye and a terrible corn which was so bad that he could not wear his shoe. A lady in Indiana heard of how my daughter, Mrs. Miller, had cured her little son of terrible eczema by the Cuticura Remedies. This lady's little one had the eczema so badly that they thought they would lose it. She used Cuticura Soap and Cuticura Ointment and it cured her child entirely, and the disease never came back. **AMOS WAS ABSENT**

SEARCH WAS MADE FOR ALLEGED "GENERAL"

Officers Serve Notices of Trial on Men in Trigg, Lyon and Caldwell Counties.

The damage suits in the federal court against parties charged with night riding and conspiracy, in which a number of citizens of Trigg, Lyon, Caldwell, Marshall and other western counties are defendants, will come up for trial at Paducah next Monday, says the Cadiz Record.

Deputy United States Marshal Neel was in Trigg county last week serving summons on a number of the defendants in the Bennett suit. The Paducah News-Democrat says that summons was served on but twenty-five of the eighty-seven defendants in the Bennett suit.

In speaking of the matter, the Paducah Sun says:

"All efforts to locate Dr. D. A. Amos, alleged to be the Night Rider general, and one of the defendants in the Bennett suit, have failed, but the search for him has not been let up. Monday morning at 1 o'clock Marshall Neel, accompanied by Captain Carl Henderson and a few soldiers called at Dr. Amos' home at Cobb and searched it from attic to cellar, but nothing was learned. None of the family was at home and the tenant in charge of the house denied knowing where any member of the family was. On the hall table an envelope was found with Dr. Amos' name written on it, but the writer had failed to write any post-office address."

## WILL BE PRINCESS

MISS ELKINS TO BE WEDDED IN ROME.

Senator Would Not Consent to Morganatic Marriage, and the King Has Given In.

LONDON, Nov. 14.—The Daily Express asserts that the wedding of the Duke of the Abruzzi and Miss Katherine Elkins will take place in Rome or Turin.

The Express claims to have authority to state that the king and members of the royal family wish the marriage to be solemnized in Italy

**MISS KATHERINE ELKINS.**

with state ceremony so that the nation may participate, as it is among the Italian people that the bride will spend her life.

According to the Express the wedding probably will take place early in 1909, though possibly not before Lent. Difficulties arose through Senator Elkins' refusal to sanction a morganatic marriage and because of the opposition of the queen mother, who had other matrimonial views for the duke.

The king's consent, however, has been obtained, and the bride will be fully recognized as a royal princess. Queen Helena has been a strong supporter of Miss Elkins throughout.

## GRAND DUKE DEAD

PARIS, Nov. 14.—Grand Duke Alexis, uncle of the czar of Russia, died here today of pneumonia.

## Keep Your Bowels Open

A Safe Certain Home Remedy that is Sold By All Druggists

A fact and doctor will verify is that constipated people suffer most from disease. Regular bowel action is absolutely necessary to health. People who are constipated either part or all of the time must use something to make their bowels move. This should not be a violent purgative or a cathartic that merely tears its way through the bowels emptying them of waste matter for the time but leaving them in a weakened state that prolongs the constipated condition. Dr. Caldwell's Syrup Pepsin is an easy, pleasant, natural laxative that removes the waste matter and establishes regular, daily movements without pain or griping.

Children and delicate women should never be given strong physic for it not only weakens the bowels but the entire system. Dr. Caldwell's Syrup Pepsin serves as a tonic and an aid to digestion as well as a laxative that is certain in its effect upon the most obstinate old cases and yet safe and pleasant for a baby.

With the first few doses the ill effects of constipation, such as dyspepsia, indigestion, liver trouble, biliousness, flatulency, sour stomach, sick headache, bloated stomach, etc., quickly disappear. It is a remedy that should be in every home for every member of the family at some time has need of a safe, sure laxative.

Mrs. J. C. Cooper, Chicago, Ill., writes: "I use Dr. Caldwell's Syrup Pepsin for myself and family. I keep it on hand constantly, as I find it to be a most pleasant laxative and is all you claim for it."

Sarah J. Houser, Eureka Springs, Ark., says: "I would have been dead had it not been for Dr. Caldwell's Syrup Pepsin. It is the best medicine I ever used for constipation, indigestion and biliousness."

M. R. Zerfel, Troy, Ohio, considers it the best known laxative for children.

We are glad to send a free sample to any one who has not used it and will give it a fair trial. Write today to Pepsin Syrup Co., 205 Caldwell Bldg., Monticello, Ill. All druggists sell it at 50c and \$1.00 per bottle.

## FEW CHANGES.

The recent election did not make  
many changes in the Kentucky dele-  
gation to congress. There will be  
only two noted at the next session.  
R. Y. Thomas, Jr., Democrat, will suc-  
ceed Dr. A. D. James, Republican, in  
the Third district, and J. Campbell  
Cantrill, Democrat, will succeed W.  
P. Kimball, also a Democrat, in the  
Seventh district. On March 4, Senator  
James B. McCreary, Democrat, will re-  
tire after forty years in public life,  
and will be succeeded by William O.  
Bradley, Republican. The delegation  
will then stand one Democratic sena-  
tor, one Republican senator, eight  
Democratic congressmen and three  
Republican congressmen.

## CO-OPERATIVE CREAMERY.

First—Does it pay?  
Second—Will it go the way of Stock  
creameries?  
Third—How can one be organized?  
Fourth—What are the requisites to  
successful operations?  
These are some of the most pertinent  
questions to be asked and as I  
understand them I will explain.  
The first question, "does it pay?" is  
one that presents itself to all minds  
when asked to invest in any enter-  
prise. This is natural and right and  
now to give it answer that will sat-  
isfy allow me to ask intending in-  
vestors.  
Does it now take co-operation in all  
things to make them pay? Then if  
it takes co-operation to insure suc-  
cess, why not a co-operative cream-  
ery?  
The second question is one to which  
I must give answer in emphatic, no!  
and give as my reason that all chance  
of graft is eliminated and which I am  
sorry to say has caused the downfall  
of many enterprises that were hon-  
estly organized and I am almost of  
the opinion that all joint enterprises  
that end by failure, do so by graft.  
The third question, "How can a co-  
operative creamery be organized?"  
This can be done in the best and most  
popular way as follows: A set of in-  
tending investors organize by giving  
their joint note for the outfit of the  
necessaries of the creamery, such as  
land, buildings, machinery, etc. Each  
one of the joint investors to supply  
the creamery with all of the milk  
each one can spare and the amount  
of \$5 to be taken from the value of  
each 100 pounds of milk he takes  
to the creamery, this sum to be set  
aside as a sinking fund to pay off the  
joint note and other expenses. In this  
way all investors are made equal.  
Many creameries in the great north-  
west are now in successful operation  
having been organized in this way.  
Let the creamery manager be a salar-  
ied man so no chance of graft will  
come in when he knows he owes his  
position to all jointly.  
The fourth and last question that I  
will at this time try to answer is one  
dealing with the requisites to suc-  
cessful operation, is one that can be  
answered in a very concrete way by  
quoting our state motto:  
"United, we stand, divided we fall."  
In unity is success, let there be no  
jealousies, let all cooperate and all is  
well.  
These are some of the most pertinent  
questions and their answers as I  
see them. But call for answers to  
these questions from those who have  
experience along these lines. Of one  
thing I am certain that as we people  
need creameries. For in this way our  
labor bills can be curtailed and that  
is what we want and must have.  
Other views are asked on this sub-  
ject.

# VERY LITTLE DOING

LAST WEEK ON THE TOBACCO  
MARKET

First of the New Crop Received.—  
Report is Made by Auditor of  
The Association.

There was practically nothing doing  
on the local tobacco market dur-  
ing the past week. Only 16 hogsheads  
were sold by the Planters' Protective  
association and none is reported by  
the Society of Equity. The latter,  
however, has about closed out its  
stock. The first consignment of the  
new crop was received last week, and  
now that there has been a good to-  
bacco season, heavy receipts are ex-  
pected. The report of Auditor Scales  
of the Planters' association shows  
that 39,178 hogsheads have been sold  
this year through the organization.  
During the past week 642 hogsheads  
were sold. In round numbers the as-  
sociation has about 20,000 hogsheads  
unsold. A deal is on with the Im-  
perial Tobacco company, which, if  
consummated, will result in the sale  
of a large part of this tobacco.

The report of Auditor Scales of the  
Planters' Protective association, cov-  
ering the business done on the ten  
markets of the dark district for the  
week ending Nov. 12, shows the fol-

## CLOUD-WILLIAMS.

(From Wednesday's Daily)

The marriage of Miss Elizabeth  
Cloud and Mr. Ben W. Williams  
was beautifully solemnized this af-  
ternoon at the home of the bride's  
father in the West Fork vicinity.

The ceremony was impressively  
performed by the Rev. Granville W.  
Lyon, of Pembroke. The brides-  
maids were Misses Ellen Cloud, a  
sister of the bride; Annie Cox, of  
Hopkinsville, Ledley Logan and  
Virginia Barker.

The wedding took place in the  
presence of a large assemblage of  
the friends of the happy couple. The  
residence was handsomely decorat-  
ed in honor of the auspicious occa-  
sion.

The bride is one of Christian coun-  
ty's most attractive and lovely  
belles, and the bridegroom is a pros-  
perous young farmer of Trenton,  
and a popular member of the Hop-  
kingsville Elks lodge. After a bridal  
trip to southern points of interest,  
Mr. and Mrs. Williams will be at  
home at Trenton.

## Suit Filed.

Tandy & Fairleigh have brought  
suit against the Firemen's Fund In-  
surance company to compel payment  
on a policy of \$800 which they claim  
was in force on a frame warehouse  
building which was burned by the  
night riders last December.

# BREAK CONNECTION

WITH ASSOCIATION, SAYS LYON  
COUNTY DESPATCH.

Dissatisfied Members Enter Into Ne-  
gotiations With Other Tobacco Or-  
ganizations.—Demand Guaranty.

EDDYVILLE, Ky., Nov. 18.—  
Negotiations are said to have been  
entered into by the tobacco growers  
of Lyon county, who formerly  
affiliated with the Planters' Pro-  
tective association, and representa-  
tives of the Farmer's Union and  
American Society of Equity with  
the view of having one of those or-  
ganizations handle the dark tobacco  
grown in the county this year.

All connection is said to have been  
broken, because of the inability of  
the managers to make any guaranty  
that the growers would receive an  
average price of nine cents for their  
tobacco, which is demanded of any  
organization before the tobacco is  
delivered to the prize house. The  
farmers have an offer of this amount  
for their tobacco loose and without  
any expense to them for prize, or-  
ganization fees, etc., and they de-  
clare they will not deliver to the  
pool without they are guaranteed  
that amount clear of expenses.

The break with the association be-  
gan November 7, when a meeting  
was attended by more than 500 Lyon  
county farmers, who have become  
dissatisfied with the way the as-  
sociation is managed and object to  
the way of putting a price on tobacco,  
the organization controls, and  
offering it for sale, and regrading it.  
It is claimed by some of the farmers  
that their holdings have been re-  
sampled and regraded until it has  
been put to the lowest figure pos-  
sible under the laws of the associa-  
tion and yet there is no sale for it.  
Association managers claim that  
the reason for their being unable to  
sell the tobacco is that it is in bad  
condition, and that is to a large ex-  
tent true.

## OAK RIDGE ITEMS.

We are happy to say the weather  
is very pleasant at this time, and  
since the nice rain the all-wise God  
in mercy sent us last week wheat is  
coming up and the people of this vi-  
cinity are very busy gathering corn  
and hauling stock fodder.

There was a singing at Miss Hattie  
Lou Bule's last Saturday night. There  
was a large attendance. The organist  
was Miss Cora Means, the violin and  
guitar were played by Mr. Bule and  
daughter, Miss Hattie Lou. Misses  
Pearl Duke and Bannie Guthrie, of  
Hopkinsville, were present at the  
singing and went home with the lat-  
ter's cousin, Miss Ella Mai Morris,  
and spent the night and Sunday.

Mr. Ennis Morris will spend a few  
days of his vacation at home this  
week.

As the 15th of November has come  
and passed there will be quite a great  
deal of hunting going on for the next  
few weeks, and great sport for those  
who like to hunt. "GUESS WHO"

## BIG SALE OF TOBACCO.

OWENSBORO, Ky., Nov. 18.—J. C.  
Englehart, manager of the American  
Tobacco company in Owensboro, has  
announced that the Bowling Green  
Tobacco Growers' association has sold  
to the American Tobacco company 3-  
500,000 pounds of air-cured tobacco  
of the 1908 crop to be delivered at  
Bowling Green, Smith's Grove and  
Glasgow, Ky. The tobacco was sold  
under the same contract that has been  
in use in the Green river section for  
two years. This is the first crop  
handled in this way in southern Ken-  
tucky.

## WILL INVESTIGATE.

PADUCAH, Ky., Nov. 16.—In  
federal court today, Judge Evans  
ordered an investigation into recent  
alleged false swearing in his court.  
This is supposed to be in connection  
with the Redd Night Rider cases.

The Henry Bennett suit was con-  
tinued to the next term.

Mr. Lucian Dade, son of Mr. and  
Mrs. Charles L. Dade, of Christian  
county, was married Monday at  
Beaumont, Texas, to Miss Willie  
Sandall, of Georgia. The ceremony  
was performed at the residence of  
the bride's uncle Judge W. L.  
Duff. The bride is a lovely southern  
belle, and Mr. Dade is the popular  
young traveling representative of a  
Cleveland business house.

Priv. Claiborne has gone trapping  
for muskrats.

# FINDING FEW BIRDS

LUCK OF THE HUNTERS IS NOT  
HOLDING OUT.

The hunting season is not panning  
out altogether as well as had been  
expected. In no previous season were  
the sportsmen out in larger number  
or were they better equipped with  
dogs and guns, but the supply of birds  
has, in most localities, proved disap-  
pointing. This is accounted for to a  
large extent by the drouth and the  
drying up of the ponds and usual wa-  
tering places of the birds. Those hun-  
ters who have visited those sections  
near streams have been more fortu-  
nate than those who sought the inland  
country strictly. Along the streams  
the birds are said to be as plentiful  
as ever, or even more so, but here the  
trouble comes that the birds fly back-  
wards and forwards across the  
streams, the bushes and undergrowth  
are generally heavier and shooting is  
made more difficult and so it is gen-  
erally a hard luck story that you hear  
from any of them.

The ever-present rabbit is to be  
found on every hand and they were  
never fatter or more toothsome. In  
fact nearly every hunter, disappointed  
in finding birds, comes home loaded  
down with cotton tails. Hunters who  
have disdained to shoot at rabbits  
have been known to surreptitiously  
fill their gamebag with them and ex-  
hibit the bulging sack with all the  
enthusiasm that they would show if it  
was filled with quail.

Conversation on the street has  
changed entirely since the game law  
expired. Politics, religion, the wel-  
fare of the country at large and aerial  
navigation have all been forgotten and  
the question now is: "How many did  
you get?" or "How did you find them?"  
and any of these is enough to start  
a discussion of hunting and the re-  
counting of experiences which lasts  
anywhere from thirty minutes to half  
a day and then only is ended because  
it is time for dinner or supper.

## Challenge From L. L. Elgin.

L. L. Elgin is seeking the worst  
case of dyspepsia or constipation in  
Hopkinsville or vicinity to test Dr.  
Howard's new specific for the cure  
of those diseases.

In order to secure the quickest  
possible introduction L. L. Elgin  
will sell a regular fifty-cent package  
of this medicine at half price, 25  
cents.

This specific of Dr. Howard's will  
cure sick headache, dizzy feeling,  
constipation, dyspepsia and all  
forms of malaria and liver trouble.  
It does not simply give relief for a  
time; it makes permanent and com-  
plete cures.

It will regulate the bowels, tone  
up the whole intestinal tract, give  
you an appetite, make food taste  
good and digest well, and increase  
vigor.

Take advantage of L. L. Elgin's  
challenge and secure a bottle of Dr.  
Howard's specific at half price, with  
his personal guarantee to refund  
your money if it does not help you,

## Roycroft Philosophy

By Fra Elbertus

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

The so-called "disadvantages" in the life of a child are often its advantages. And on the other hand, "advantages" are very often disadvantages of a very serious sort. To be born in the country of poor parents is no disadvantage.

We grow through expression, and the large colleges, even yet, afford a very imperfect means for expression—all is expression, repression and suppression.

No one knows a thing for sure until he tells it to some one else.

Talk less and listen more.

Recipe for securing love—Love.

The weakest among us has a gift.

Stop crying. Get to work. Smile.

Men are great only as they are kind.

Shirkers get paid what they are worth.

Blessed is the man who has found his work.

To secure friends—be one.

To know things we must know their detail.

To lose one's self-respect is the only calamity.

Happiness is only attainable through useful effort.

It is a good policy to leave a few things unsaid.

Live without hate, whim, jealousy, envy or fear.

Positive anything is better than negative nothing.

Work for yourself by working for the good of all.

Be content with your condition or else improve it.

## WINN A WINNER

If His Friends Will Aid Him With Their Votes.

The Louisville Post says: "Mr. Paul Winn, with 44,692 votes, although one of the late entries in the contest, is one of the most successful contestants, and is striving every day to see if he cannot give some contestant a good race. If Mr. Winn keeps at it the way he has started, he is liable to be one of those to be reckoned with when it comes to figuring on who will win the house and lot, though the automobile would suit him pretty well. Mr. Winn is fortunate in having friends throughout the western part of the state, and even expects to get quite a number of votes from Paducah. He is general manager of the Paul Winn Coal company in Hopkinsville, prominent in lodge work, and with the combination of a host of friends and all kinds of energy, should be one of the winners."

Mr. Winn wishes his friends to know that they can leave votes for him and subscribe to the Post at the Anderson-Fowler Drug company's store. He will greatly appreciate your support.

## BABY'S ITCH EASILY CURED

Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.

Infantile eczema, which has baffled the skill of the best physicians for so many years at last seems to be curable—and curable with great ease.

Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen, thymol and glycerine, as in Dr. D. D. Prescription.

The Rev. Lewis Stealey, of Weatherly, Pa., writes: "Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 3½ bottles of D. D. D. Prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any a help to other sufferers, you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children. "L. L. Elgin."

## How Is Your Digestion?

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market today." This great tonic and alternative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at Cook & Higgins drug store and Cook's Pharmacy.

## SPIRIT OF MURDER

SEEMS TO BE BROODING ALL OVER THE COUNTRY.

SAN FRANCISCO, Nev. 14.—The San Francisco bribery graft cases had a dramatic climax late yesterday, when Assistant District Attorney Francis J. Hepey, who has been in charge of the prosecution during its tortuous course of two years, was shot and seriously wounded in the crowded court room by Morris Haas, an ex-convict.

The shooting occurred during a brief recess in the third trial of Abraham Ruef, on a charge of bribery, now in its eleventh week.

Mr. Hepey is now resting easily in the Lamb hospital, and the physicians say his wound is not fatal. Haas is in the city prison.

The would-be assassin is a saloon-keeper, who was drawn upon the jury panel in the second trial of Ruef, and who, after having been temporarily passed by both sides, was exposed in a dramatic manner by Mr. Hepey as an ex-convict, and discharged from the jury. Haas declared after the shooting that Hepey had ruined his life by the exposure, and that he had determined to kill him for that reason.

## South Tragedy.

WAYNESBORO, N. C., Nov. 14.—David B. Vaughn, was shot and killed here by James Moody, a son of the late Congressman Moody, of North Carolina. There had been feeling between Mr. Vaughn, who was traveling for a New York house, and Moody. Vaughn had offered to apologize, when Moody drew a pistol and fired.

## Millionaire Murdered.

NEW YORK, Nov. 14.—In the presence of a large crowd of persons that filled the Pennsylvania railroad station in Jersey City, Walter Ammon, a millionaire oleomargarine manufacturer and bank director, was slain yesterday afternoon as he started down the stairway leading to the street.

His murderer was Archer McGrath, and a quarrel over a business deal was the motive of the murder. McGrath is in jail.

## CARMACK A MARTYR

BISHOP HOSS MAKES A SENSATIONAL CHARGE.

Killed for What He Would Say—Slayers of Dead Editor are Indicted.

COVINGTON, Tenn., Nov. 14.—Resolutions declaring that Edward Ward Carmack died a martyr to his convictions of duty, to the cause of temperance and of righteousness, were adopted by a rising vote by the Memphis conference, Methodist Episcopal church, South, here.

Bishop Hoss created a sensation when he declared that every word Carmack uttered in his editorials was true, and that if Carmack was killed for what he said, then he (the Bishop) should also be killed for affirming the editorials. This startling declaration followed a statement that the bishop did not really believe Carmack was killed for what he had said.

"He was killed for what they knew he would say," declared Bishop Hoss.

NAHVILLE, Tenn., Nov. 14.—Yesterday afternoon the grand jury of Davidson county returned an indictment charging Duncan B. Cooper, Robin Cooper and John D. Sharp with murder of Edward W. Carmack, and John D. Sharp with being an accessory before the fact.

## Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c at Cook & Higgins drug store and Cook's Pharmacy.

## FISCAL COURT.

Fiscal court met again Friday and considered mainly road matters. One thing aside from this was their action in officially allowing the report of David Smith, ex-sheriff, showing that \$21 dog taxes remained unpaid. This was officially declared to be a delinquent list and as such will be certified to the auditor of public accounts and upon Mr. Smith will receive his quietus.

The following road orders were issued: The one-half mile of pike ordered upon Mr. Smith will receive his quietus. The one-half mile of pike ordered to be built on Palestine and Crofton road was reduced to one-quarter mile. The five miles to be built on the Princeton road was reduced to three and a half miles. The one mile on the Johnson Mill road was reduced to 1.232 lineal yards. Work was ordered to be stopped at once on the Pilot Rock road. The county clerk was instructed to notify E. D. Jones and other subscribers to the fund for building the pike on the Cox mill road to come in and settle these amounts. J. F. Dixon and J. E. Moseley were appointed as a committee to advertise for bids for the construction of two miles of pike on the Palmyra road to begin where the present pike leaves off.

An additional 150 yards of pike was ordered to be built on the Hinsleytown road leading to the Clarksville pike via Thompsonville.

## ANOTHER OFFER TO THE BURLEY SOCIETY

Thirteen Million Dollars is Tempting Proposition For the Crops of 1906 and 1907.—Another Conference Next Week.

LOUISVILLE Nov. 14th.—Following the refusal by President Clarence LeBus, of the Burley Tobacco Growers' society, of the offer of 15 cents per pound for about eighty per cent of the holdings of that organization, made by representatives of the American Tobacco company yesterday, the trust today made another offer of \$13,000,000 for the 1906 and 1907 crops now in the pool. This offer was the outcome of a conference between Presi-

dent LeBus, of the growers' association and R. K. Smith, for the American Tobacco company. This offer is now being considered by the Burley society and another conference will be held here next week when the decision will be announced.

The offer made by the trust is 22 cents per pound for the 1906 crop, amounting to 12,000,000 pounds, and 16 cents for the 1907 crop, amounting to 60,000,000 pounds.

## LOOKS AT THE SITES

AVAILABLE FOR HOPKINSVILLE'S PUBLIC BUILDING.

But Government Agent Fourchy Gives Out No Information.—Question Held Open One Week.

Richard Fourchy, superintendent of construction of public buildings, spent Friday in the city inspecting the various sites offered for the proposed government building. The Hopson property, the lot in rear of Hotel Latham, the residence sites of A. M. Wallace and Miss Fannie Bell Bronaugh, the old Gish home, near the I. C. railroad and the Duck and Gunn places, on Second Avenue, were visited by the government agent and Deputy Postmaster Gus Breathitt and voluminous notes made as to their availability. The last named site, while doubtless the best location in the city, is held for \$15,000, while the appropriation of congress is limited to \$12,000. The agent agreed to hold the matter open one week longer, in order that amended bids might be offered. Mr. Fourchy gave out no information whatever as to what his report will be. He returned Friday night to Kansas City.

## Lyon-Whaley.

A marriage of much interest to many warm friends was that of Miss Julia Farnsworth Lyon, of Nashville, and Mr. John Hickman Whaley, of Pensacola, Florida, which took place Thursday afternoon at five o'clock at the home of Judge and Mrs. Charles O. Prowse. It was very quiet in plan, only a few friends and relatives being present. The parlor was decorated to represent a miniature chapel with palms, ferns and white roses, and the ceremony, which was performed by Rev. G. C. Abbott, assisted by Rev. R. L. McCready, of Louisville, took place before an altar in the bay window.

The bride entered the parlor with her brother, H. M. Lyon, of Clarksville, Tenn., by whom she was given in marriage, and the groom was attended by his brother, Leonard Whaley. The bride was beautiful in a handsome gown of taupe color, with a white messaline satin waist and blue hat, trimmed in blue wings. She carried an arm bouquet of La France roses.

Miss Lillian Bush played the wedding march and a soft interlude during the ceremony.

The bride is the youngest daughter of Mrs. Julia B. Lyon and a sister of Mrs. C. O. Prowse. The groom is a son Rev. and Mrs. Percy Whaley, of Pensacola, Fla., and is manager of the Memphis branch of the Southern Lumberman.

Immediately after the ceremony Mr. and Mrs. Whaley left for a visit to the groom's parents in Pensacola, and will then go to Memphis to reside. The presents received were numerous, consisting of cut glass, silver, hand-painted china and several checks.

## BACK TO NASHVILLE

ILLINOIS CENTRAL RAILROAD MAY GO.

Important Movement Looking to That End Is Said to Be On Foot.

Because of the fact that some officials of the Tennessee Central and Illinois Central railroads held a conference here Thursday those well up in railroad circles are under the impression that a move is on foot to reorganize the Tennessee Central road, with a view to the Illinois Central again coming into Nashville.

The information given out concerning the conference was that it was held solely for the purpose of settling up some old claims, and that it had nothing to do with the return of the I. C. The report is going around with persistence, however, that the I. C. is to return here, and at no distant day at that. Developments in the situation will be watched with decided interest.—Nashville Tennessean.

## FOOTBALL GAME.

Friday afternoon the Hopkinsville High school football team played the High school of Pembroke on their own grounds. H. H. S., won by a score of 21 to 4 securing four touchdowns.

In the first half Hopkinsville kicked off but secured the ball in the middle of the field. Then by a forward pass and other plays H. H. S. crossed the goal line to a touchdown in the first three minutes of play. H. H. S. again kicked off and once more secured the ball and then punted. J. Cate recovered the ball on a run and carried it thirty yards for another touchdown. H. H. S., failed to kick both goals and the score stood 10 to 0 in their favor at the close of the first half.

Hopkinsville received the ball in the second half and was downed on their twenty yard line. The ball was then punted and after rolling some distance Pembroke secured it on their twenty yard line. (The field was than regulation size.) Finally H. H. S., having recovered the ball, Feland bucked the line for a touchdown but the goal was not kicked. Pembroke then received the kick off and by the good run of Petre, and their fallback on short end runs advanced the ball to H. H. S., twenty-five yard line. This was as near as they could get to their opponents' goal during the whole game. From here Bell their star fullback dropped kicked the ball and made their only score. Hopkinsville then received the ball and advanced down the field to Pembroke's goal and punted. P. H. S., secured the ball and on lining up punted the ball themselves. Meacham returned the punt and Dabney on securing the ball made the fourth touchdown for Hopkinsville. Meacham kicked goal and the final score stood 21 to 4 in favor of H. H. S. With only a minute to play Hopkinsville advanced the ball to their twenty-five yard line and were ready for a place kick when time was called.

The local High school team shows steady improvement since their last game and also since their first game with Pembroke which they won by a score of 12 to 0. Land and J. Cates showed the selves up well on end while the back end is doing its work with good speed. The team will go to Paducah next Friday.

The line up is as follows:

### Hunting Season On.

Nearly everybody with sporting blood in his veins is in the field today with gun and dogs. One day was lost by reason of the opening of the season falling on Sunday. Many of the city and county officials are missing today, and there are numerous absentees from offices and places of business. This year promises to be the best for sport in a long time. Birds are reported plentiful, and nothing is in the way of hunters, but permission from the farmers to use their fields.

## FINDS BONES IN TUB

### MYSTERIOUS DEATH OF A NEGRO FARMER.

His Dwelling Destroyed Sunday Morning By Fire—Sheriff Renshaw Is Investigating Case.

(From Monday's Daily)

Mystery surrounds the disappearance of Albert Johnson, a colored farmer. Charred bones, supposed to be his, were found Sunday in a tub among the debris of his dwelling, which early that morning was destroyed by fire. Sheriff Renshaw, accompanied by Dr. R. L. Woodard, went to the scene of the fire Sunday. The physician pronounced the bones those of a human being.

Johnson was a tenant and caretaker on the farm of Curtis A. Brasher, four miles south of Hopkinsville. On Saturday night, he and his wife went to a "festival" held by negroes at Masonville. They sent their children away from home to spend the night at the Garnett farm. It was after one o'clock Sunday morning when the "festival" ended. Johnson's wife decided to remain at Masonville with friends. Johnson and two negroes, Cornelius Meriwether and Will Thomas, left the entertainment in company.

About four o'clock Sunday morning, Johnson's dwelling was burned to the ground. When Mr. Brasher, later in the morning, went from this city to his farm, he found the house in ruins and the stock on the place unfed. Discovering what seemed to be human bones in a tub in the debris of the burned building, Mr. Brasher communicated with the sheriff, who went with Dr. Woodard to the farm. Johnson's wife arrived soon afterward. The bones found in the tub had been burned to such an extent that only a few pieces were intact, but Dr. Woodard was certain they were those of a person. He brought these to town and a thorough investigation by himself and Dr. Jackson confirmed his conclusion. In the tub the steel rim of a pocketbook and three silver dollars and a quarter were also found. Johnson's wife identified the portion of the purse as belonging to her husband.

Sheriff Renshaw was unable to locate Meriwether and Thomas, the negroes last seen with Johnson. He left a summons for Meriwether to report to him here today.

The fate of Johnson at present is purely a matter of conjecture. The theory advanced is that he returned home very late, started a fire in the grate and went to bed. After he was asleep, the house caught on fire and when he woke and tried to escape, he fell in the tub, which was between the bed and the door, and was burned to death.

Meriwether went to the sheriff's office at noon. He stated that Johnson left him about 2 o'clock and started in the direction of his home. Corporal Allenworth will hold an inquest this afternoon.

## PATIENCE IS URGED

### MR. EWING WRITES TO LYON COUNTY FARMERS.

Asserts That Their Demands Are Unreasonable.—Would Defeat Whole Purpose of Association.

To the 500 farmers of Lyon county, who in mass meetings adopted resolutions declaring that unless certain alleged wrongs were redressed and complaints noted, they "as white free-born citizens" would never sign another obligation in the Planters' protective association, General Manager Felix G. Ewing has issued an address explaining why present conditions exist and counseling patience on the part of the members which, he says, will bring speedy relief.

Mr. Ewing says that he is "sorry indeed that some dissatisfaction in your county, growing out of causes which upon quiet inquiry are understood, should have been given public notice by imprudent persons, who do not seem to appreciate the fact that by pursuing the course they have thoughtlessly selected, they are more apt to make, than correct, unfavorable conditions."

Mr. Ewing promptly discards the plan proposed by the Lyon county farmers to allow each county to sell its tobacco through the county organization without reference to the other counties. This, he says, would defeat the whole purpose of the association and complicate and break down all idea of concentrated action.

Mr. Ewing says he does not doubt that the tobacco of Lyon county could be sold as a whole and at an agreed price, but that it had taken the combined efforts of all the counties to win and that the other counties would not stand firm and stiffen the market in order to let Lyon county sell its tobacco quickly. And if all counties demanded the same privilege, prices would tumble back to what they were five years ago. He reminds the farmers that the association is selling 60,000 hogsheads this year, 20,000 more than last year, and that already and at satisfactory prices, as many hogsheads have been sold as in the year before.

Grading down has been caused, he states, because nearly all the tobacco was prized too high in order. Already, he says, \$6,000,000 has been put in circulation, and he predicts that every hogshead will be sold within a reasonable time. He also affirms that the prospect of handling the 1908 crop is the brightest in the history of the organization. He closes with advice for the farmers to be patient. "Do all you can every day for the upbuilding of the association as the guardian of the den rule rigidly; select well your advisers in time of trial, and look fervently and lovingly to God for all else."

## HIS FALL IS FATAL

### A YOUNG CERULEAN FARMER IS THROWN FROM HIS HORSE

Was on His Way Home After Attending Revival Meeting Saturday Night.

CERULEAN, Ky., Nov. 17.—Luther Sizemore, a popular young farmer, was the victim Saturday night of a fatal accident.

He had been attending a revival meeting near this place and was returning home horseback.

The animal he was riding became unmanageable and ran off. Young Sizemore was thrown from the saddle and came in violent contact with the ground. When assistance reached him he was unconscious. The young man was taken to his home and physicians summoned. It was first thought that his neck was broken, but this was a mistake. He received internal injuries from the fall and these caused his death at an early hour Sunday morning.

Mr. Sizemore resided about two miles from Cerulean. He had a host of friends and his shocking death has saddened the community. The funeral took place Monday.

### DAVIS-ARGABRITE.

Dr. Ben G. Argabrite and Miss Leah Davis were married Sunday afternoon at the home of the bride near Crofton. Dr. Argabrite is from Spencer, West Va. The pretty bride is the youngest daughter of Mr. and Mrs. W. T. Davis. The happy couple will live in this county. Rev. P. A. Thomas, of Crofton performed the ceremony.

Been Made.—Invalid Ten Years.

TSAI TIEN HWANGHTI, Emperor of China.

PEKIN, Nov. 13.—It is reliably, but not officially, reported that Tsai Tien Hwang, emperor of China, is dead.

He had been extremely ill and the announcement of his death had been momentarily expected several days.

The emperor had been suffering for ten years past with chronic nephritis, a condition later complicated with diabetes and sciatica, and recently his brain has been affected.

The emperor was born in 1870. He was a grandson of the great emperor, Taou Kwang.

## SQUIRE BREWER'S WILL PROBATED

Leaves Library to Elks Lodge Under Certain Conditions, or if These Are Not Complied With,  
To the Hopkinsville Public Library.

SQUIRE W. B. BREWER.

The will of the late W. B. Brewer, of Fairview, was probated in the county court Monday. It bears date of Aug. 25, 1908, and is attested by J. C. Lyne and M. R. Tandy.

After directing the payment of his debts, testator provides that out of the life insurance policy he carried, \$500 be appropriated for the erection of a monument at his grave, on which the date and place of his birth, the date of his death, and the emblems of the various fraternal orders to which he belonged be inscribed.

He gives to his wife, Albertine Brewer, in fee simple, the home place, the printing office and lot adjoining, specifying that he does so to repay her for the money she gave him following their marriage. She is also given all the household and kitchen furniture.

With reference to his son, Carl Brewer, testator says, "I will and bequeath my son, W. C. Brewer, the sum of ten dollars and direct that this be paid to him in gold. I do this because I have had to spend so much money on him, which I think is all is entitled to."

He further directs that of the net proceeds of his insurance policy and

personal estate his wife have one-half absolutely. His daughter, Bertha B. Wilkins, and son, Clarence B. Brewer, are given the remainder equally, the interest on his daughter's share to be paid into her own hands annually as long as she lives, and at her death to go to her bodily heirs, should any be living, and should there be none living, it shall be paid to the Old Masons' Home, located at Shelbyville, Ky. He directs that whatever interest may be going to his son, Clarence, be paid him in the sum of \$50 quarterly as long as he lives, and in the event he dies before Mrs. Wilkins the interest be paid to her.

He gives the Elks lodge of Hopkinsville his library, with the exception of certain volumes, upon the condition that the lodge appoint a librarian to take care of same as similar libraries are cared for elsewhere in the country, and if the lodge fails to comply with this condition within six months the library becomes the property of the public library at Hopkinsville.

The Planters' Bank and Trust company, of Hopkinsville, is named as executor.—Todd County Times.

## WON THE AMERICAN

IN A POKER GAME WITH ITS  
PROPRIETOR

How Col. Duncan Cooper Once Came  
in Charge of a Nashville  
Newspaper.

MEMPHIS, Tenn., Nov. 13.—Duncan B. Cooper, one of the principals in the three-cornered duel at Nashville, in which United States Senator Carmack was killed, and Robin Cooper wounded, became historic throughout the state about twenty years ago, when he gained control of the Nashville American in a poker game with W. I. Cherry, who then owned the controlling interest in the publication.

Cooper is said to have won \$175,000 from Cherry. To pay the debt Cherry transferred all his stock in the American to the winner. Cooper retained control of the paper till about five years ago.

When in control Cooper installed Carmack as editor, and the two for a long time were close personal and political friends. Their differences sprang up recently in the warm fight between Patterson and Carmack for governor, which was waged over the state-wide prohibition question.

## ORGANIZED GANG

OF OUTLAWS OPERATING NEAR  
MONTGOMERY COUNTY.

Trying to Drive All Negro Families  
Out of the Henrietta  
Vicinity.

(Clarksville Leaf-Chronicle.)

There is said to be an organized band of men operating in the Henrietta vicinity, in Cheatham county, near the Montgomery county line, who are trying to drive from that section all negro families. Several nights ago it is said that a band of men went to the farm owned by Ed Williams, colored, in the Fourteenth district, and set fire to his stable and house. Williams was warned to leave that neighborhood about one month ago and had moved into the Fifteenth district. The house was not occupied and both buildings are said to have been destroyed. Parties living on adjacent farms say a large number of shots were fired on the night the houses were burned.

It is said that all of the colored tenants and farm hands on Ed Gupton's place have left on account of threats and recently Mr. Gupton received a visit from the band. He was called to his door and it is thought they desired to threaten him if his tenants did not move. Mr. Gupton refused to go out and the men after waiting several minutes went away.

Henry Evans, colored, is said to have been called upon by a band of fifty men and ordered to leave, which he did, taking his family with him. The families of late Sam Persons, colored tenant, are said to have moved away on account of the warnings sent them.

## NEXT MAY

Is Date Fixed for Unveiling of Goebel  
Monument.

The monument of the late Governor Goebel that has been erected in the State cemetery here, will not be unveiled until next May. This was the decision of the Goebel monument commission at their meeting here yesterday, which was attended by all of the members of the commission able to be present. The monument was accepted, and R. C. Adams, of Lexington, who contracted for it, was paid \$15,000. There was a quorum at this meeting, for the first time in months.

There will be a meeting of the commission called in March, at which time the exact date of the unveiling and dedication of the monument will be named. Those present at the meeting were Chairman, Senator James B. McCreary, Governor Beckham, Dr. Hume, Miss Sallie Jackson. Arthur Goebel, although not a member of the commission was also present.—Frankfort Journal.
