**CULTURE REPORTS.**

The drouth has been almost unprecedented in this region. The crops, because of drought, are all covered over. This firm is one of the few which is fitted with hydro-prizes sufficient to turn out hydraulic prizes, sufficient to turn out hydraulic prizes, sufficient to meet the demand. This plant is one of the best equipped in the country, being very good, and is equipped with the most modern machinery. Alfalfa has withstood the dry weather. The price of alfalfa has been raised, and the demand for it has been increased. It is very high and prospects are for an increased acreage over 1907 crop. Quality good and housed Without any difficulty. The grass has been injured by the drouth but there is an increasing interest shown in this important feature. The hay products is so much greater than the supply and the profits to those who have used it have been considerable. It was stolen last night from the farm of P. Bob Allen.

"Whatever the Lord pleased, that did He incline to do."

[Copyright, 1908, by American Press Association.]

"Even when our Lord pleased to make the choice in this case, He was not inconsistent with the will of men."

"The Lord is the maker of heaven and earth, and of the sea, and of all things that are therein."

"For if God would make nations great, who is he that can stand before His presence?"

"For even the Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many."

"As a nurse cherisheth her infants, so shall the Lord cherish thee; and thee he shall exalt, and set thee upon his holy hill of Jerusalem."

"I will set him as a sign in the land; and they shall know that I am the Lord."

DEATH OF EMPRESS DOUGHERY OF CHINA

Female Despot of Celestial Kingdom Passes Away—Small Boy In Placed Upon the Throne—Soldiers Are on Guard.

PARK, Nov. 9—The fall of the despot empress of China, the power of which has long been felt in all quarters of the globe, creates a profound sensation throughout the world. The despot empress of China, her name being Empress Dowager, was found dead in her palace on November 9th, after a reign of over 50 years. The power of which she has ruled over the destinies of China for so many years is now in the hands of her son, who is only a small boy. The empress dowager was a woman of great strength, and her death is a great loss to the world. The world has been plunged into mourning at the news of her death.

Three Cures of Severe Eczema

Ecze9na is a skin disease which causes intense itching and often leads to the formation of thick, scaly patches. It can be caused by various factors, including allergies, dry skin, and exposure to harsh chemicals. Treatment for eczema involves identifying and avoiding the trigger factors, using moisturizers to keep the skin hydrated, and sometimes using topical medications.

This firm never offered a shoe bargain like this. Not even in the days of 1896, when labor reached the lowest ebb the country ever knew, were we able to approach this. It's the same old story of every election year—factories swamped with orders, countermanded, and forced to unload regardless of price. Our Mr. Anderson was there with the ready cash—and bought ten thousand pairs of Ladies' Shoes at prices that make this the greatest shoe purchase we have ever made. We got 900 pairs at this store, and Friday—and 'til Wednesday night—we offer unrestricted choice of the entire lot at

THE BREAK CONNECTION FINDING FEW BIRDS

LEAVE OF THE BETTER IS NOT BUILDING OUT.

The hunting season is not too far along as we have not received any reports of birds having been flushed. In previous seasons we have heard of more and larger parties of birds, but this year we have not heard of any. The few birds that have been flushed have been flushed by the few parties that have been out.

WELSLEY, Ky., Nov. 3.

In the case of birds flushed by the cooperation of the farmers, the managers may have any guaranty that the growers would receive an offer, but no guaranty is given on the part of the managers. The average price of the pheasant, which is in demand, has been $1.00 per dozen.

The managers have the option of this offer on their tobacco leaves and without any agreement to this offer, they are guaranteed 1 enthusiasm that they would show if it was made.

It takes co-operation to insure success. Let there be no tent true.

The second question is one to which the growers would receive an offer, but no guaranty is given on the part of the managers. The average price of the pheasant, which is in demand, has been $1.00 per dozen.

ROYCROFT PHILOSOPHY

By Fred Elbertus

In a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget.

The method of "Jerrytude" in the life of a child is often its advantage. And on the other hand, "advantages" are very often disadvantages of a very serious sort. To be keen in the quality of your pain is a disadvantage.

The young must take pains, and the large classes, even you, may take pains. It is the road to boredom! To understand, to work, these are your advantages. Yet if you do not work your pains, you will not do it. Why do agents put their pains away? It is not a difficult thing to do.

The new spirit and soul is always optimistic. It is not the safe thing, but it is the only thing that has any value to the world. It is not the safe thing. It is not the safe thing. It is not the safe thing.

If you don't nobody will. It is your business to keep out of all the rest of the world. It is your business to keep out of all the rest of the world. It is your business to keep out of all the rest of the world.
