WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, NOVEMBER 27, 1908

VOLUME XXVII, NO. 45

CITIZENS PETITION THE PRESIDENT OF THE L.&N. FOR NEW PASSENGER DEPOT

PRESENT BUILDING DECLARED TO BE INADEQUATE.

MOVEMENT IS COMMENDED

All the People of Hopkinsville are Showing a Desire to Sign the Petition.

Hopkinsville's urgent need of a new passenger station is set forth in a petition, which is being very eagerly signed, addressed to President Smith, of the Louisville & Nashville railroad.

Everybody Interested.

There has rarely been a movement inaugurated for the benefit of this city that has met with such general and hearty approval.

The petition to President Smith is urged by business, professional and laboring men, and people of every walk in life.

The petition reads as follows:

THE PETITION.

To Milton H. Smith, President of the L. & N. R. Co., Louisville, Ky.

We, the undersigned citizens of Hopkinsville, Ky., hereby petition you as the official head of the great corporation you so ably represent. Hopkinsville is located in one of the largest and wealthiest counties in the state. The business that your company does on the division from Nashville to Henderson, we believe to be the most profitable that is furnished by any like mileage in your whole system, except that done on the main stem between Louisville and Nashville.

Some years since, recognizing the material development, and great growth of Hopkinsville, you erected a new freight depot that has met the wants of shippers and receivers of freight. For this considerate provision, the people of Hopkinsville are grateful and have shown their appreciation by the increased business that they have given your company since the new freight depot was built.

The immediate and pressing need of our community is a new passenger depot. The present one is utterly inadequate to the requirements of the people and unworthy of the progressive and up-to-date policy which has always characterized your administration of your company's affairs. It is a discredit to our city. Our people are more than fairly representative of the progress and enterprise that have marked the south during the last decade. Hence they are entitled to the best.

A Just Appeal.

The relations between any great railroad company and the cities which it has in any sense created are always necessarily reciprocal if the great benefits to both are to be realized. It is on this principle that we feel justified in appealing to you on the subject of this petition. The traveling public demand this new depot. The people of Hopkinsville deserve it. The Louisville and Nashville railroad company owes it to the condition and to the community. The cost of such a depot as would be commensurate with the requirements of the case, which would be entirely satisfactory to the people of Hopkinsville and at the same time be a credit to your company, would not in any sense be a tax upon your resources, but would be merely an incidental expense in the intelligent and politic conduct of your corporate affairs. The heart of our whole people is in this appeal and we do not think that you will hesitate to grant so reasonable a request.

CLAUSE SUSPENDED.

LOUISVILLE, Ky., Nov. 24.—A petition presented today to the Railroad Commission asking the suspension of the long and short haul clause in Kentucky was granted.

LOWER COURT AFFIRMED.

FRANKFORT, Ky., Nov. 24.—The court of appeals today affirmed the decision of the lower court in the case of Troendle et al. vs. Highlayman, as to T. R. Troendle and Mrs. Lillie Troendle.

CAMPAIGN IN THE INTEREST OF EDUCATION IN OLD KENTUCKY

THREE MEETINGS TO BE HELD IN CHRISTIAN COUNTY.

DR. RAMSEY THE SPEAKER

Will be Under Auspices of School Improvement League at Hopkinsville, Pembroke and Crofton.

Beginning next Saturday, the nine-day educational campaign that is to be conducted in this state will commence, and judging from the interest being shown it promises to be a great initial step in the battle for better educational facilities throughout the state, which will be waged during the next year or until some active steps are taken by the legislature of Kentucky to put the schools of Kentucky on an equal basis with those of the more advanced states.

On Friday, Dec. 5, Dr. George W. Ramsey, a distinguished educator, will deliver three addresses in Christian county, the places to be Hopkinsville, Pembroke and Crofton.

At a called meeting of the Christian County School Improvement league, it was decided to hold the meeting in Hopkinsville at 2 p. m. Manager H. L. McPherson, of the Union Tabernacle association, has generously donated that building for the occasion and it is proposed to have a large representation present from every school district in the county and as many of the teachers as can possibly be here. The pastors of all the churches have been asked to make announcement of the meeting and it will be thoroughly advertised in other ways. The result will be that the tabernacle will be well filled on that day.

The School Improvement league is doing a great work in this county. The importance of the public schools is generally recognized, but the league goes at the very root of the matter and by having the teachers, trustees and citizens to meet together and exchange ideas and experiences secures a better understanding and a deeper and wider interest in the schools than could be secured in any other way.

The citizens of Hopkinsville are already showing a lively interest in the

meeting to be held here and a royal welcome will be extended to the visitors on that day.

FARM BRINGS \$16,000

Hopkinsville Man Buys Allen C. Johnson's Place.

The farm of Allen C. Johnson, on the Manson road, near Murfreesboro, was sold at auction on Wednesday to Mr. Hammock, of Hopkinsville, for the sum of \$16,000. This makes the average per acre about \$78.

The live stock, provender, farming implements and other articles incidental to the farm property realized \$4,000. A large crowd attended the sale and there were many bidders. This farm is known as the Maple Park farm, and is a very valuable piece of property. It is situated in a very desirable location, and Mr. Hammock has purchased one of the best farms in the section.—Nashville American.

NEW COMMITTEE IS LAUNCHED IN REGULAR SEA OF HARMONY

ELECTION OF CHAIRMAN AND SECRETARY IS HELD.

OFFICIALS ARE EXONERATED

Work of Organizing the Democracy For Victory in County Races Is Already in Progress.

The spirit of harmony and good feeling which was shown Monday in the meeting for the purpose of reorganizing the Democratic committee for Christian county, augurs much for the welfare of the party in the future. Old scores were wiped out and forgotten, and all met on the sound basis of good fellowship and with the idea of cementing the party and in the future of making aggressive campaigns, especially for the county offices next fall.

Called to Order.

The meeting was called to order at 2 o'clock by James West, the retiring chairman, and with L. H. Davis in the secretary's chair. Twenty-eight precincts were represented, the two missing ones being Bainbridge, which did not hold an election, and Baker's Mill, and after the committeemen had presented their credentials Mr. West made a short statement in which he thanked the Democrats of the county for the honor they had bestowed upon him in electing him chairman for six years, but stated that neither he nor Mr. Davis was in any sense a candidate for re-election. He then referred to the matter which has been the cause of much talk—the failure to file certificates of nomination for David Smith and C. W. Morrison. Mr. West stated that this was due entirely to an unfortunate oversight; that neither he nor Mr. Davis had been the officers of a nominating convention before and were therefore unacquainted with the demands of such offices and declared that no one regretted more deeply than he that the matter had been overlooked. He closed by reaffirming his allegiance to the party and telling the committee that if he could serve them or the party in any way at any time he was subject to their call.

Officials Exonerated.

At the close of Mr. West's talk, Committeeman F. I. Fraser, of Lafayette, arose and made a motion that the committee formally exonerate Mr. West and Mr. Davis of any blame in the matter. This motion was immediately seconded but before the question could be put David Smith arose and made a short talk which, if there remained any friction in the party, completely got rid of it. Mr. Smith began by saying that if anyone should be aggrieved and would be expected to harbor ill feeling, he was certainly one of the two in such a position. From this he launched into an eloquent tribute to the worth of Mr. West and Mr. Davis and the great good they had done the party. He declared that he had no more staunch supporters than those two had proven themselves to be, that whenever he called upon them they never failed to respond readily and willingly, and that he hoped that the committee would officially relieve them of the burden of blame which they have been carrying. Following Mr. Smith's talk Dr. W. A. Lackey, of Pembroke, put the question to the house and it was carried with only one dissenting vote.

Scored Republicans.

In expressing his appreciation of this action upon the part of the committee Mr. Davis seconded Mr. West's declaration that he would be found ready at all times to answer the call of his party no matter in what shape it should come. He then took up the matter of failure to file the certificate of nomination and referring to Mr. West's statement regarding it as being the true account of how it happened, he severely scored the Republicans for not permitting the names to go on the ballot anyhow, pointing out several instances where, in similar

cases, the names of candidates had been allowed to go on the ballot after the prescribed time had elapsed. One of these instances, he stated, occurred right here in Christian county when the name of the Republican opponent to Magistrate Walton Garrett was permitted to go on the ballot.

A Love Feast.

All of this got the committeemen into a most harmonious mood and the session had taken on much of the spirit of a Methodist meeting. When it came time to decide how the vote for the officers should be cast, it was decided that it should be viva voce. Nominations were then called for and Capt. J. W. Riley who was recently appointed jury commissioner by Judge Cook, was placed in nomination by J. B. Walker and seconded by F. I. Fraser. John Chilton was then nominated and quickly seconded when a motion was made and carried that nominations should close. The vote was then called by precincts, Mr. Chilton receiving 23 and Capt. Riley, 5. Before the vote could be announced however, Capt. Riley arose and moved that the election of Mr. Chilton be made unanimous and this was done. J. E. Moseley was then nominated for secretary by Dr. W. A. Lackey, and there being no other nominations, he was unanimously elected. Both newly elected officials accepted in happy speeches in which they predicted success for the Democratic ticket in next year's election and bespoke the support of every working Democrat in the county from now until the victory was won.

In the matter of stationery for the new committee, Mayor Meacham solved the difficulty of buying it without any funds being in the treasury by stating that he would donate this. After deciding to meet again on December 7 the meeting adjourned.

Attendance Large.

Not only was there an almost full attendance of the committeemen but the city court room was crowded with Democrats who were interested listeners to the proceedings and who applauded enthusiastically as each new feature of the united party was unfolded. After the meeting adjourned, knots of politicians gathered about on the streets and discussed the hearty spirit that had prevailed and talked most optimistically of the future.

STORY OF THE GAME

How Hopkinsville High School Team Lost at Paducah.

The Paducah News Democrat says of the football game with the Hopkinsville and Paducah high schools teams: "For the second time this season the Paducah high school football team was victorious over the eleven of the Hopkinsville high school Friday afternoon at League park, the score being 16 to 0 in favor of Paducah. The game was a fast one and well played on both sides. Paducah gained her scores on three touchdowns and one goal. In the first half Burton crossed the goal line, making the score 5 to 0. Then Lamb made the second touchdown and Harth kicked goal, bringing the score to 11 to 0. In the second half Hayes made the third touchdown. Yarbro, Hayes and Wilhelm were the stars of the home team, Wilhelm, the captain handling his men better than he has done this season. The crack player of the visiting team was C. Meacham, who is one of the best players that has been seen here this season. Whenever the ball was fumbled he was there to get it and he usually succeeded. The teams were pretty evenly matched and both played good, clean ball, the game being entirely free from wrangling or disputes.

"The Hoptown team arrived here Friday morning at 9:25 o'clock and left this morning at 1:20 o'clock. The Girls' Athletic association of the high school gave a reception at the Washington building last night in honor of the two teams. The evening was spent in dancing, the music being furnished by an orchestra. Delicious sandwiches and chocolate were served. A feature of the evening was the rendition of several school songs by the seniors. One song, to the tune of 'Harrigan', was especially good. Coach Evans, of the high school team, expressed himself as being well pleased with the work of his men this season, several of them, he said, having in them the making of star football players."

WHY IT SUCCEEDS

Because It's for One Thing Only, and Hopkinsville People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They cure sick kidneys. They cure backache, every kidney ill.

Here is Hopkinsville evidence to prove it. Mrs. W. C. Davis, 829 West Seventh St., Hopkinsville, Ky., says Mr. Davis has never had an occasion to use Doan's Kidney Pills or any other kidney medicine since 1903. For years prior to that time he had been an almost constant sufferer from kidney trouble. He had intense pains in his back and shoulders that annoyed him all day and prevented him from sleeping at night. The relief he obtained from Doan's Kidney Pills, procured at Thomas & Trahern's, now L. A. Johnson & Co.'s drug store was surprising and gratifying. They seemed to act differently than anything he had ever tried and the fact that he has never had a recurrence of the trouble since gives him the highest opinion of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me." L. A. Johnson & Co., druggists.

EXPIRATIVE DATES

Some Hold on Until 1910 Unless Taft Forgets About Four-Year Rule.

WASHINGTON, Nov. 23.—The subjoined list for the information of those Kentucky Republicans who hope to dislodge the present officeholders has been obtained at the departments here. It gives the date on which the incumbents qualified and the expiration of the four year term. It should be remembered that while in many instances the commissions of officeholders read "for a term of four years," this is purely discretionary with the president who has the power to appoint other men when he pleases, subject of course, to confirmation by the senate.

MARKET WAS ACTIVE

And All Branches Were Represented in the Purchasing.

A few more weeks of activity equal to that of last week and the stock of tobacco remaining on this market from the 1907 crop will be exhausted. Following a week in which the trading was at the lowest ebb of the season, last week's brace is all the more notable.

The sales of the Planters' Protective association amounted to 224 hogsheads, carrying the total for the season well over the 4,000 mark. All branches of the trade were represented in the buying, among purchasers being the American Snuff Co., the Italian Regie, W. S. Matthews & Co., and Buckner & Dunkerson, of Louisville.

The report of Auditor Scales, of the Planters' Protective association, for the week ending Nov. 19 shows a slightly increased business was done for that period in the ten markets of the dark district. The report of sales for the week and the year is as follows:

A childless home is a cheerless home. The maternal instinct exists in every woman, and when it is ungratified she is deprived of much of the happiness of life. It often happens the childlessness is due to some cause which can be removed, and often is removed by the use of Dr. Pierce's Favorite Prescription. The vigor and vitality which this remedy imparts to the delicate womanly organs, puts them in a condition of normal health, the lack of which is often the sole obstruction to maternity. Every woman should read Dr. Pierce's Common Sense Medical Adviser, a book containing 1008 pages and 70 illustrations. It is sent entirely free on receipt of stamps to pay expense of mailing only. PARTLY WITHDRAWN

WILL BE TROOPS IN THE TOBACCO DISTRICT.

Conditions in Western Kentucky Will Be Investigated Later By the Adjutant General.

FRANKFORT, Ky., Nov. 23.—As the result of the tobacco deal and the subsidence of lawlessness in the "Dark Patch," it was decided after a conference between Governor Willson and Adjutant General Johnston, partially to withdraw the troops now on duty in the tobacco districts.

General Johnston intends to make a personal inspection of the situation in the western part of the state and if his report to Governor Willson justifies it, all of the troops will be withdrawn.

General Johnston, however, does not know when this inspection will be made, for he leaves for New York this week to attend the National Trotting Horse meeting. The militia has been a serious drain on the state treasury during the past ten months, as nearly \$130,000 has been spent in that way.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

SAN FRANCISCO, Nov. 23.—Former Queen Lilloukalani, of Hawaii, was a passenger on the Pacific mail liner Monday, which arrived here from the Orient via Honolulu. Not half a dozen passengers on the steamer were aware that the frail old lady, plainly attired and accompanied by one maid, was the famous former queen. She is en route to Washington. Prince Kalaula, better known as Prince "Cupid," delegate to congress from Hawaii, and Princess Kalaula, arrived yesterday and will proceed to Washington.

Eczema, Pimples, Rashes, Blisters, Eruptions, etc., Quickly Eradicated by New Skin Remedy.

Since the discovery of "A. J. M." Prescription, the new skin remedy, its success has exceeded the most sanguine expectations of the dispensers who gave it to the world. It has cured thousands of cases of eczema and cleaned the skin of facial disfigurements and repulsive pimples of years' standing. The burnings and itchings of eczema are stopped with the first application.

In minor skin troubles such as rashes, blotches, pimples, blackheads, barber's itch, salt rheum, itching piles, red noses, dandruff, oak and ivy poison, oozed feet, results show after a few applications. "FIGHTING BOB" EVANS GOES INTO BUSINESS

REAR ADMIRAL ROBLEY D. EVANS.

LOS ANGELES, Cal., Nov. 21.—"Fighting Bob" Evans is to become a builder of railroads and a developer of harbor waterways. This became known yesterday when it was announced the retired naval hero had been chosen chairman of the directorate of the Los Angeles Harbor company, which is building a railway system from San Pedro harbor to points in southern California.

The company, with which Admiral Evans is associated, has some valuable waterfront holdings at San Pedro and during the visit here of the battleship fleet the admiral became greatly interested in the development of this port.

Lieutenant General Chaffee, now a city official of Los Angeles, and other army and navy friends of Admiral Evans, urged him to come to California after his retirement from active service. Officials of the harbor company stated yesterday that Admiral Evans is expected here to assume his duties before April 1.

BUSINESS BOOMED MARCH OF PROGRESS

ASSOCIATION SOLD 164 HOGS—HEADS HERE FRIDAY.

Salesmen Buckner Had a Lively Day.—Increased Activity Very Pleasing to Members.

(From Saturday's Daily)

The biggest day's business which has been done by the local salesmen of the Planters' Protective association in many weeks was that of yesterday when 164 hogsheads were sold. Salesman Buckner was kept busy all day waiting on the crowd of buyers which besieged the salesroom. Sales for the balance of the week were not so heavy but will be sufficient to run the total for the week considerably over the two hundred mark. This increased activity in the market is very gratifying to both town and country people, and it is hoped that it will continue until all the tobacco yet on hand from the 1907 crop will be disposed of.

Interesting Nuptials.

James E. Chappell and Miss Corinne Sedberry, of Nashville, were married this morning at 9 o'clock in this city. Rev. W. N. Anderson performing the ceremony. Immediately after the wedding Mr. and Mrs. Chappell left for a bridal tour.

The bride is a talented and very charming young lady of a prominent Nashville family. The bridegroom is the son of Mrs. Ida Chappell, of this city, and he is one of the most capable and enterprising writers upon the editorial staff of the Nashville American, he having covered some important assignments for that paper, among them being the Gardner-Hunt trial at Clarksville. His many friends here will be much interested in the announcement of his wedding.

NEW STAMPS ARE VALUABLE.

Issued in Violation of the International Postal Agreement.

WASHINGTON, Nov. 21.—If you have a new two-cent stamp with a new wreath on it and the words "2 cents" underneath the oval head of Washington, do not part with it. It will be worth money.

The postoffice department forgot one of its own regulations in getting out the stamp—a regulation that requires, in accordance with the terms of the universal postal union, that the unit of value shall be indicated on the stamp by the Arabic numerals, so that it may be understood by persons speaking any language.

The postmaster general himself has not been acquainted with the fact that the new stamp does not conform to the international agreement, but that the stamp is wrong from the international standpoint is freely admitted by a number of department officers who are familiar with regulations.

IN THE CITY OF HOPKINSVILLE

Splendidly Continuing.

Business Conditions Generally are Gratifying and Prospects Brighter Than Ever Before.

Despite all the talk of a financial panic and business depression that has been indulged in for the past year, Hopkinsville has more than held her own and now that the election is over even greater activity than ever is beginning to become apparent. During the year now closing there has not been so much building as was the case in 1907, but substantial improvement has been made in many lines. Quite a number of new houses have been erected, others have been remodeled while property of all kinds has been beautified. Especially has the improvement of business houses been noticeable, many of them having spent large amounts in enlarging or making more convenient and slightly their quarters.

A man came to Hopkinsville this week with the intention of embarking in business but he was unable to find a house and he is now thinking of going elsewhere. The storeroom on Sixth street recently vacated by E. M. Moss is to be occupied by a clothing firm from Springfield, Ill. Mr. Moss has moved his gunsmith and bicycle department into the grocery of R. M. Anderson. W. A. Davis will move his confectionery into the room in the Elks' building formerly occupied by the Witt company and it is understood that the room which he will vacate has already been leased. Other changes in the location of other firms will be made in the near future. The demand for stores is larger than the supply and no sooner is there a hint that a room will be vacated than there is a swarm of applicants for it. Particularly the same condition exists with regard to residences and the constant influx of new citizens more than makes up for those who leave for other sections.

Hopkinsville's future was never brighter and the substantial increase which has been noted for the past several years will doubtless continue.

NEW OFFICIAL

Mr. Carothers Succeeds L. Yonts as U. S. Commissioner.

L. Yonts has resigned his position as United States Commissioner at this place and R. J. Carothers, Sr., has been appointed in his stead. The first case to come before the new commissioner was that of Mrs. Vida Moore, of Madisonville, who was charged with sending obscene letters through the mails. She was held over to answer to the next federal grand jury.

LOVELY LIFE ENDS

MRS. MANNING BROWN PASSES AWAY UNEXPECTEDLY.

One of the Brightest and Most Useful Young Women in City Answer's Death's Swift Summons.

(From Saturday's Daily)

Mrs. Elizabeth Brown, the beloved wife of Dr. Manning Brown and eldest daughter of Mr. George C. Long, president of the First National bank, died Friday night at her home on Alumni avenue.

The end came with shocking suddenness and has cast a shadow of deepest sorrow over all the wide circle of her friends and acquaintances. She was one of the loveliest and most admirable young women in the city, and the tenderest sympathy of the community goes out to her devoted husband and family in their untold bereavement.

Mrs. Brown had been ill several weeks, but her condition was not regarded as serious. Dr. Brown was with her when she was stricken, and the end, due to an affection of the heart, came a few moments after the family physician reached the residence. She was a daughter of Mr. and Mrs. George C. Long and was born in Hopkinsville thirty-three years ago. Besides her husband, three lovely young children and her parents, she leaves a brother, Mr. Clifton Long, of Texas, and three sisters, Mrs. C. H. Tandy and Misses Nannie and Catherine Long. Her personality was one of rare charm and graciousness and her nature sweet and sympathetic. Her mental gifts and attainments were unusual. Loyal and lovable she made friends readily, and her bright wit, keen insight and gentleness of manner made her a delightful companion. In her home she lavished a wealth of affection upon her loved ones and nothing could have been more ideal than the devotion of the young husband and wife. She was a life-long follower of the Master and a useful and faithful member of the Christian church. Her life was as beautiful as it was helpful, and its untimely end is one of the inscrutable mysteries of Providence.

Funeral services will be held Sunday afternoon at 2 o'clock at the Christian church, conducted by the pastor of the deceased, the Rev. H. D. Smith. The interment will be in Riverside cemetery.

UNDER MOUND OF FLOWERS

The Remains of Mrs. Manning Brown are Laid to Rest.

The funeral of Mrs. Elizabeth Brown was held Sunday afternoon at the Christian church, which was filled with the sorrowing friends and relatives of the deceased.

Rev. H. D. Smith offered a most beautiful tribute to the saintly character of the deceased and presented her life as a worthy example for the living to follow. Rev. George H. Means of the Methodist church assisted in the service and offered an impressive prayer for divine comfort and blessings upon the family left behind. The body was interred in Riverside cemetery with brief services.

The pallbearers were: Messrs. Gus Stevens, A. W. Wood, L. L. Elgin, C. W. Ducker, G. B. Underwood and E. K. Yost. Handsome and more extensive floral tributes were never seen in the city.

WORK OF ANGELS?

GUESSES AS TO BURNING OF GERHART'S BARN.

Life and Property Have Been Declared Forfeited By the Night Riders Around Clarksville.

CLARKSVILLE, Tenn., Nov. 21.—Most people here do not have as much trouble as local papers in arriving at the origin of the fire, which destroyed Joe Gerhart's barn near Gholson, this county.

Gerhart is a strong law and order man, and was one of the most active in behalf of the defendants, charged with killing Vaughan Bennett, a night rider. He was shot by a man named Rinehart last spring on account of his anti-night rider utterances at a sale at New Providence.

Gerhart never goes into the country without being armed, because his life and property have been declared forfeited long since by the night riders.

Roycroft Philosophy

Be gentle and keep your voice low. Think less about your rights in debt. Verily in the midst of life wh people in trouble, but to take joy in Any one can sympathize with bigger than I. their success requires some one is to wisely submit. Often a good way to counquits, more about your duties. Speak well of every one if you speak of them at all—none of us of use are so very good. Men are great only as they are kind. They say—what say they? Let them say. We are all children in the kindergarten of God. Aim high and consider yourself capable of doing great things. Do your work as well as you can and be kind. A little more patience, a little more charity for all, a little more devotion, a little more love; with less bowing down to the past, and a silent ignoring of pretended authority; a brave looking forward to the future with more faith in our fellows, and the race will be ripe for a great burst of light and life. Listen closely and you will detect the minor note in the voice of every man of decided worth. The men who do things, and not the men who merely talk about things are those who bless the world.

SUCCESSFUL TRIP

BY MR. GAITHER FOR MOGUL WAGON COMPANY.

Enthusiastic Over the Big Enterprise Which Is Meaning So Much to Hopkinsville.

Mr. Nat Gaither has just recently returned from a trip through Mississippi in the interest of the Mogul Wagon company.

Mr. Gaither has been traveling this territory for the Mogul Wagon Co. several years and reports that conditions through that state are very encouraging and he was successful in placing several new accounts besides taking nice orders from old customers.

He reports that his dealers down there are well satisfied with the Mogul and that the planters who have used the wagon like it and are well pleased with it. The planters are holding their cotton for better prices and it is the consensus of opinion that they will make good sales which will put plenty of money in circulation in the southern cotton states, and in view of the fact that the Mogul Wagon Co., since being separated from the Forbes Mfg. Co., are organizing their southern territory more thoroughly and having two experienced wagon salesmen besides Mr. Gaither, representing them in that territory, they expect to reap a rich harvest during the year of 1909.

Mr. Gaither reports that the company has also made a large trade with a new dealer at Roxboro, N. C., which is new territory for the Mogul, and they shipped him his first carload this week. The company also has closed a deal for 100 wagons with a new concern in the bluegrass, one car load of which has already been shipped.

Mr. Gaither is very enthusiastic over the Mogul and talks the Mogul wagon all of his spare time. Hopkinsville should congratulate itself upon having this newly enlarged enterprise and we should all work together to make this city a manufacturing district. One successful enterprise creates another and if we will all be loyal and true to our city and talk up its enterprises when we leave town, we can soon put Hopkinsville on the manufacturing map.

IN GOOD CONDITION

FINANCES OF CITY ARE IN SHIP SHAPE.

Block of Outstanding Bonds Retired and the Floating Debts Have Been Paid.

(From Saturday's Daily)

So satisfactory is the financial condition of the city of Hopkinsville that at last night's session of the board of the council the finance committee was ordered to retire \$11,000 worth of the outstanding railroad bonds. The present outstanding indebtedness of this nature is \$51,000 and last night's action will reduce this to \$40,000. Even after this has been done the treasury of the city will be left in a gratifying shape as all floating debts will have been paid in addition to this. The last retirement of railroad bonds took place in December, 1906, when \$10,000 worth were taken up.

The matter of the old bonds which were found by Dr. E. S. Stuart, of Fairview, in his safe deposit box at the Bank of Hopkinsville, was referred to the finance committee.

Aside from this there was little other important business transacted at last night's session. Several orders for new pavements were made, accounts allowed and routine matters received attention.

MAKES HIS REPORT

LOUISVILLE, Nov. 20.—Under the section of his report, designated as "Tobacco Conditions and Night Riders," Colonel Wheeler, president of the underwriters' association, said at the meeting here: "In what is known as the stemming district, the 1907 crop was sold early in the year direct from the barn to the Imperial Tobacco company and other purchasers at very satisfactory prices, and the best of feeling exists between the buyers and the producer. In the remaining portion of the dark tobacco section, which is mainly controlled by the Planters' Dark Tobacco Protective association, conditions are not so favorable, as only about 70 per cent of the holdings of the association has been sold, the remainder, with the large crop of 1908, is on hand, and it is safe to say that all of it cannot be sold during the coming year, which, judging by the year's experience, will leave over 50 per cent of the 1908 crop unsold."

"Night riding by large predatory bands has been practically broken up through the presence and activity of the state militia in the infested regions. Through the good efforts, wisdom and fearlessness of our excellent governor but small bands continue to terrorize the people in some localities, and the great danger now is that the fight between the association and the non-association individuals will become personal and that the incendiaries and murderous work heretofore done by congregated bands will be done by single individuals."

MAACK WILL PAY DEFICIT IN CAMPAIGN FUND

Chairman of Democratic National Committee Will See That All Bills Are Settled.

NEW YORK, Nov. 17.—The contributions of the Democratic national committee during the presidential campaign just ended were not sufficient to meet the expenses of the campaign, according to Norman E. Maack, chairman of the committee. Mr. Maack said that he would make the deficit good out of his own pocket, and that he would regard it as a personal obligation to see that every

bill was paid. A statement of the receipts and expenditures of the committee will be filed with the secretary of state at Albany on Nov. 24. To a reporter who asked Mr. Maack who was going to pay for the maintenance of permanent Democratic headquarters which are to be opened soon, either in Washington or New York, Mr. Maack said: "The Democratic party of the United States is going to pay for it. I have had offers from every state in the union to contribute a fund for the purpose."

How to Cure Constipation

Simple Home Remedy That Is Safe and Pleasant

Few people escape constipation. Catching cold, over eating, worry, lack of exercise, failure to answer promptly the calls of nature, diseased or weakened system or strong medicines may cause it. The too common practice of taking salts, or pills or some such violent cathartic has always done more harm than good. They make the bowels act quickly and violently simply because they irritate them, and leave them in a worse condition than before.

What is needed is a mild easy herb laxative, that gives regular daily movements in all cases, yet does not pain or irritate, and which will strengthen the bowels and tone up the system instead of depleting it.

Dr. Caldwell's Syrup Pepsin taken at night before going to bed will bring an easy pleasant natural movement in the morning even in the most obstinate cases and without any bad effects. No pain, no griping and it is so safe and pleasant to take, mothers give it to their babies with splendid results. It is an aid to digestion and tones up the system as well as cures bowel trouble.

Dr. L. E. Covey, Savannah, Tenn., writes: "I get better results from it than any Pepsin I ever used."

Dr. T. Jones, Osgood, Mo., says: "I consider Dr. Caldwell's Syrup Pepsin the best of all laxatives." Mrs. Almon Willis, Jamaica, Vt., says: "I truly believe it saved my little boy's life."

Rev. A. J. Fletcher, Rutherford, Tenn., says: "I am 80 years old and your Syrup Pepsin has cured me of dyspepsia and bowel trouble."

W. D. Jackson, Burns Station, Tenn., says: "I was afflicted with constipation and dyspepsia for nine years, and found no relief until I used Dr. Caldwell's Syrup Pepsin." All druggists sell it at 50c and \$1.00 per bottle.

We are glad to send a free sample to any reader of this paper who has never used it and will give it a fair trial. Write today to Pepsin Syrup Co., 303 Caldwell Bldg., Monticello, Ill.

THE SUNDAY SCHOOL.

Lesson IX.—Fourth Quarter, For Nov. 29, 1908.

THE INTERNATIONAL SERIES.

Text of the Lesson, Isa. xxviii, 1-13. Memory Verse, 11—Golden Text, 1 Cor. ix, 27—Commentary Prepared by Rev. D. M. Stearns.

[Copyright, 1908, by American Press Association.] Any one who writes notes on these lessons can scarcely fail to be impressed with this strange fact—that we never have a lesson from the prophets unless it is the quarterly temperance lesson, and in looking over the synopsis of lessons I notice that no lessons from prophecy appear in the course of study till 1911 and then only in connection with studies in the lives of the kings. It would seem as if prophecy was not considered a profitable study, as if it was considered a dark subject in the midst of much light instead of a light shining in a dark place whereunto we do well that we take heed (1 Pet. i, 19). Might not the Saviour have good reasons to say to the professing Christians of our time, "O fools and slow of heart, to believe all that the prophets have spoken?" (Luke xxiv, 25.) Preachers and people seem to have closed eyes and to be in a deep sleep concerning the wonderful purpose of God concerning the ages and are therefore said to be drunken, but not with wine; to stagger, but not with strong drink (xxix, 9). Which is worse—that phase of drunkenness or the beastly drunkenness, which is the result of literal strong drink? If we judge from the fact that the awful words which fell from the Saviour's lips, and only from His, concerning weeping, wailing and gnashing of teeth were spoken not concerning the openly ungodly, but concerning professing believers who did not believe, it should not be difficult to decide as to what He thinks of it.

It may not be amiss to call attention to the section of Isaiah which this chapter begins, the woe section, but in another aspect it might be called the section of the cornerstone, the tried stone, the sure foundation, laid by God Himself (verse 16), and other foundation there is none, for all else is a refuge of lies, a bed too short to stretch oneself on, covering too narrow to wrap oneself in, and when the Lord comes in judgment and righteousness to sweep away all false refuges and to cause Israel to blossom and bud and fill the face of the earth with fruit then it shall be seen (verses 17-20; chapter xxviii, 9). Drunkenness is the outward manifestation of a phase of proud sinful self which, not knowing what ails it, seeks satisfaction in this form and calls it a glorious good time, not considering that there is a judgment to come, a time when the sowing shall bring a fearful harvest of everlasting woe and all the glory and beauty (in their eyes) of the present rioting shall forever fade away. The disgusting filthiness of their feasts, even though accompanied by music and much that is attractive to the natural man (chapter v, 12), is set forth in verses 8, 9. Not only the ordinary people, but priests and prophets, those who should be the Lord's messengers to the people and stand for the people before God, were guilty of this sin, which may perhaps have been the sin of Nadab and Abihu when they died before the Lord while officiating as His priests (Lev. x, 1-9).

Not the energy nor the excitement of the flesh can serve the Lord, but only the zeal which comes by the Spirit of the Lord; hence the admonition, "Be not drunk with wine, wherein is excess, but be filled with the Spirit," and that other word, "Not by might nor by power, but by my Spirit, saith the Lord of hosts" (Eph. v, 18; Zech. iv, 6). "Out of the way" is the expression used twice in verse 7 of our lesson concerning these erring ones. It is found also in Rom. iii, 12, "They are all gone out of the way." In Isa. lili, 6, it reads, "We have turned every one to his own way." There is only one way that is right, and that is "the way," even Himself (John xiv, 6). Those who followed Him are in Acts ix, 2, margin, and elsewhere called people of "the way." "Blessed are the undefiled in the way who walk in the law of the Lord" (Ps. cxli, 1).

We cannot lead others into this good and true way unless we are walking in it ourselves—walking with Him in peace and equity. Then only shall we turn others from iniquity (Mal. ii, 6). How beautiful is verse 12 of our lesson, but how sad its ending, "This is the rest wherewith ye may cause the weary to rest, and this is the refreshing; yet they would not hear." See the same sad refrain in xxx, 5; Matt. xxiii, 37, "Ye would not." Hear Him also in John v, 40, "Ye will not come to Me." In Matt. xv, 8, He had to use the words of Isa. xxix, 13, "This people draweth nigh unto Me with their mouth and honoreth Me with their lips, but their heart is far from Me." There is no hope for any sinner but in the word of the Lord, therefore verse 14, "Hear the word of the Lord, ye scornful men." But they made light of Him and of it, asking if He thought they were babes just weaned. They did not know, and many today do not seem to know, that "these things are hidden from the wise and prudent and revealed unto babes" (Matt. x).

The day is coming when all the glory and pride and unbelief of man shall be laid low and the Lord alone shall be exalted. Then shall the Lord of hosts be for a crown of glory and for a diadem of beauty unto all who are truly His (verse 5).

CLARK TO BE LEADER

FAVORITE WITH PARTY AND MEMBERS OF HOUSE.

Brilliant Congressman From Missouri Will Be Choice of Caucus Soon to Be Held.

WASHINGTON, Nov. 8.—Representative Clayton, of Alabama, chairman of the Democratic caucus of the house, will issue a call for a caucus within a few days.

The object of the caucus is to accept the resignation of Representative

CHAMP CLARK.

Williams, of Mississippi, as the minority leader.

So far as can be learned Representative Champ Clark, of Missouri, will have no opposition for the minority leadership. He is now serving his fourteenth year in the house. There is no better Democrat than Mr. Clark, especially on the question of tariff, which subject will be uppermost in the next six months. Mr. Clark is a native of Kentucky, having been born in Anderson county, and is a graduate of Kentucky university.

BABY'S ITCH EASILY CURED

Infantile Eczema Quickly Relieved by External Use of Oil of Wintergreen Compound.

Infantile eczema, which has baffled the skill of the best physicians for so many years at last seems to be curable—and curable with great ease.

Results of the last two years indicate conclusively that baby's itch, infantile eczema and other skin diseases of children can be very simply cured by the application of a compound composed of oil of wintergreen, thymol and glycerine, as in D. D. D. Prescription.

The Rev. Lewis Steeley, of Weatherly, Pa., writes:

"Our baby boy's little face was so dreadfully covered with eczema that blood and water ran from the sores nearly all the time. After using 8½ bottles of D. D. D. Prescription we are so happy to tell you he is entirely cured and the disease has never broken out again. If this letter is in any help to other sufferers, you may publish it."

If you have a child which is suffering with this terrible itch, we are sure you will not neglect one hour to give your baby the right kind of relief. We have seen too often how quickly the remedy mentioned above takes the itch away at once and how all the cures seem to be permanent; we have seen this too often to hesitate at all in recommending the remedy for your children. CONSUMPTION COST BILLION

This the Annual Loss to the Nation, Say Experts at the Tuberculosis Congress.

According to Prof. Irving Fisher of Yale, the "Great White Plague" costs over one billion dollars a year. He estimates that consumption kills 138,000 every year in the United States. This is equal to the deaths from typhoid fever, scarlet fever, diphtheria, appendicitis, meningitis, diabetes, smallpox, and cancer all put together.

Consumption is undoubtedly infectious and like pneumonia and diphtheria is usually contracted in winter when closed doors and windows cause impure air. Careful ventilation and the use of a reliable disinfectant are the best preventatives. The last thing at night pour into the traps of the closets, wash-basins, sinks, etc., a little Platts' Chlorides. All suspected places should be freely sprinkled with a mixture of one (1) part Platts' Chlorides and ten (10) parts of water. Platts' Chlorides is an odorless, colorless liquid disinfectant which destroys foul odors and disease germs. It is sold everywhere in full quart bottles, and is prepared only by Henry B. Platt, 42 Cliff St., New York.

CHRISTMAS STAMP

WILL BE SOLD TO HOPKINSVILLE PEOPLE.

Plan Made Famous By Red Cross Is Adopted by Anti-Tuberculosis Society.

The coming of Yuletide and the return of the holidays bring with them the first appearance in Kentucky of the Christmas stamp, which has come clear across the ocean to help in the battle now being waged against tuberculosis. Its home was in Denmark, but it proved to be so powerful a weapon in the great fight that Americans transported it and used it effectively last year in the east. The Kentucky anti-Tuberculosis association, with headquarters in Louisville, is in charge of its introduction in this city and in others throughout the central and western parts of the state, while the Lexington association will be in charge there and in the east.

The Christmas stamp, issued by the National Red Cross society, is more powerful than it looks. To outward appearances it is simply a holiday "sticker," adorned with a holly wreath and a Christmas greeting, and similar to others which are used on letters and packages during the Christmas season. But this stamp is distinctive. It is sold for a cent, and the hundreds of thousands of pennies that flow in through its sale create a fund which is usually large enough not merely to aid in the general work, but actually to save many lives.

The cities which are included in the territory assigned to the Louisville organization include Paducah, Mayfield, Madisonville, Hopkinsville, Henderson, Owensboro, Russellville, Bowling Green, Lebanon, Versailles, Frankfort, Shelbyville, Princeton, Elizabethtown, Bardonia and Carrollton.

It is intended according to announcement received here today, to have stamps disposed of through local merchants, women's organizations and at the postoffice, while all organizations which have the betterment of conditions in this state, whether it be business, religious or educational, will be expected to lend a hand in its sale.

INCREASE \$2 A BARREL.

State Board Considers That the Price Has Gone Up.

FRANKFORT, Ky., Nov. 19.—The tentative assessment on whisky in Kentucky was fixed at \$10 a barrel, which is an increase of \$2 a barrel. The State Board of Valuation of Assessments met yesterday and fixed the assessment at \$10. This is not final as the whisky men have thirty days in which to file protests and try to have the assessment reduced. It is contended by the board that the price of whisky has gone up and that the liquor is worth more than \$8, the old valuation.

S.S.S. HEALS OLD SORES

Before any sore can heal, the cause which produces it must be removed. As long as the blood, from which our systems receive their necessary nourishment and strength, remains impure and contaminated with disease germs, any old sore on the body will remain open, and resist every effort made to heal it. The nerves and tissues of the flesh around the places are continually fed with unhealthy matter and nature is simply disposing of the poison by draining it from the system through the sore. The only cure for an old sore is a thorough cleansing of the blood, entirely ridding the system of the cause. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down to the very bottom of the trouble and so completely cleanses the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the place soon fills in with healthy, firm flesh, the tenderness leaves, all discharge ceases, the skin regains its natural color and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed. Book on Sores and Ulcers and any medical advice free to all who write.

CARNEGIE ON THE TARIFF.

In a signed article in a New York magazine Andrew Carnegie demands at once the abolition of all tariff on oil, sugar, thread and steel and the fixing of tariff only on luxuries consumed by the rich, and only in amount sufficient to meet the expenses of the government.

Carnegie declares in the article that its manufacturers no longer need the aid of tariff for protection and that tariff henceforth should be only for the revenue necessary to maintain the federal government.

In the main the ironmaster's latest ideas follow:
He believes that the "infant industries" of the country have now grown to maturity and that the need of protecting them by a tariff has passed away.

He would abolish the duty on oil and steel.

He would cut the duty on manufactured articles away down.

He would put the biggest tariff on "luxuries for the rich" and thereby assist the struggling poor.

He would be "thankful and philosophical" if congress, in revising tariffs, will take care of the "timid manufacturer" whom "we have always with us."

THE ROOT OF GRAFT.

The man responsible for bribery and corruption, and not their tools, will suffer if Francis J. Heney has his way in San Francisco. So far recovered from his wounds that he could outline his future action, the district attorney declared his life work would be carried to completion.

"The true source of the vice and corruption so far uncovered," he said, "is not the individual dynamite, jury briber, kidnaper and assassin. Such beings are but the bubbles welling from the pool of filth that has been years in the making. We must be satisfied with nothing but the root."

Heney is recovering rapidly, and declares he is anxious to get back to the prosecutions he planned before he was stricken down in Judge Lawrence's court Nov. 14.

"My blood has not been shed in vain," he declared. "If the assassin's bullet has revealed to the public the hideousness of the gigantic conspiracy that aims to defeat the law, I will be well satisfied if my efforts result in immeasurable benefit to my city and state."

CHARGES AGAINST BOOE.

Not since the discovery years ago that "Honest Dick" Tate, the State treasurer, was a defaulter and disappeared, has there been such a sensation in Frankfort as the arrest of Judge C. E. Booe on Saturday night on warrants charging the former assistant state auditor with defalcation of the state's money. The amount of his alleged shortage has not been determined, but it will doubtless run up into the thousands and is estimated as high as \$50,000. The money was secured by manipulating the state's accounts, which were in charge of Judge Booe as assistant auditor, and padding them to conceal his operations. The warrants which were issued at the request of State Inspector

Thatcher, charge three offenses. The first is making a false statement as to the liability of the state for the purpose of defrauding the state. The penalty for this is confinement in the penitentiary for from one to ten years. The second charges forgery, the penalty being the same. The third is obtaining money by false token or pretense, the punishment being imprisonment for from one to five years.

Judge Booe was placed under arrest at his home by Sheriff Heatt, but it had already been arranged that his bond should be \$5,000, and this was furnished and he did not leave his home. If Judge Booe is found guilty of the charges he should be tried without unnecessary delay and placed where he cannot commit crime.

THANKSGIVING PROCLAMATION

Mayor Recommends That All Business Houses Close From 10 A. M. to 1 P. M.

(From Tuesday's Daily)

To the People of Hopkinsville:

In accordance with the proclamations of the President of the United States and the Governor of Kentucky, setting apart a day of thanksgiving on Thursday, November 26, I, Chas. M. Meacham, mayor of the city of Hopkinsville, hereby call upon all the people of Hopkinsville to observe the day thus set apart in a manner that will give an opportunity for every one to rest from his labors and join in the giving of thanks for blessings that have been enjoyed.

The people of Hopkinsville have much to be thankful for. The business men have passed through a period of

dullness and inactivity with less cause for complaint than most cities in this or adjoining states.

The health of the people has been remarkably good, and the death rate extremely low.

The churches have all added to their membership and several revivals of unusual proportions have been held in the city.

There have been no epidemics, calamities or serious conflagrations during the year 1908.

The schools are all enjoying increased attendance and are flourishing as never before.

The administration of city affairs has been characterized by harmony in all departments and by co-operation in promoting morality at all times.

There have been no race troubles, and at the close of a heated campaign political differences have engendered no lasting bitterness to interfere with the general good will.

There have been fewer violations of law than usual and no shocking crimes have disturbed the serenity of the city.

In order that proper thanks may be given to the giver of all good for these and other blessings, I do herein recommend that each and every business house, or other place of public character, be closed on Thursday, November 26th, from 10 a. m. until 1 o'clock p. m., in order that all of the people who desire to do so may be permitted to join in the union thanksgiving services to be held at the Christian church.

Done under my hand this November 24, 1908.

CHAS. M. MEACHAM.
Mayor of Hopkinsville, Ky.

MRS RANDLE RETIRES

On Pension From The Western Union After Thirty-five Years Continuous Service.

After more than thirty-five years of continuous service—one of the most remarkable records in the history of the company—Mrs. Mattie P. Randle, manager of the Hopkinsville office of the Western Union, will be retired on a pension.

From her home at Laverne, Tenn., Mrs. Randle, then Miss Mattie Park, came to this city in September 1873 as local manager of the telegraph company. Since that time her active connection with the company in this capacity has been unbroken. She was married to Mr. W. F. Randle in 1875.

She learned telegraphy under her brother at Laverne without expecting to put her knowledge to practical use, but accepted an offer from the Western Union to represent the company here. She is without a doubt one of the most efficient and skillful operators in the country and a thoroughly capable business woman. Her devotion to the interests of the company have frequently won her expressions of gratitude and praise, and her fine enterprise, unflinching courtesy and rare tact in her relations to the public have long elicited the admiration of the people of Hopkinsville. No lady in the community is better or more favorably known than Mrs. Randle and while for more or less selfish reasons her retirement will be regretted by the patrons of the company, everybody will heartily applaud the Western Union's recognition of her long, faithful and always excellent services. During all these years her sister, Miss Mary Park, has with ability and fidelity aided Mrs. Randle as operator and in conducting the business of the office, and the company and the public as well owe Miss Park a debt of gratitude. She was not an applicant for the position of manager and will retire from the local office. Later she may accept a position as operator elsewhere. Miss Park has had many opportunities for advancement in the company's employment at

increased salary, but has preferred to continue her association with her sister.

Mrs. Randle has seen Hopkinsville grow from a small town into a city. Her office was first located over what is now T. M. Jones' store. Later it was removed to the Hopper block, thence to Hotel Latham and eleven years ago to the present Anderson-Fowler building. This month it opened new quarters in the Skarry building.

Many of the messenger boys have risen to places of prominence in the professional and business world. One of these was John Feland; another Ed R. Tandy. James, Edward and Richard Boyd, now leading business men of Denison, Tex., carried messages for Mrs. Randle. T. McQuigg, Dudley Mitchell, John Pickford, Charles L. Daniel, Tom Watson and others learned telegraphy under her and all of them are now commanding good salaries.

During her administration, Mrs. Randle and Miss Park have handled, it has been estimated, not less than a million messages. In her position, with never a betrayal of her knowledge, Mrs. Randle has been told by the wire thousands of secrets of business, political, social, and domestic importance. Last year, for instance, about 25,000 messages were handled by the Hopkinsville office, many of a private nature.

In retiring Mrs. Randle on a pension, J. R. Terhune, superintendent of this division, wrote: "We desire to thank you for your long and faithful services and trust that the relief from the burden and cares of the office will be of benefit to you."

Mrs. Randle will relinquish her duties on December 1 and leave for Tennessee on a visit to relatives. Miss Park will visit her aunt in Indiana.

Miss Katherine Mitchell, of Bennington, Kansas, who will succeed Mrs. Randle as manager of the Hopkinsville office, will arrive in the city tonight.

ACCEPT THE RESIGNATION

Of John B. Chilton as Member of Election Board.

John B. Chilton, having been honored by the Democrats of Christian county with the office of county chairman, tendered by wire his resignation as one of the election commissioners. He is in receipt of the following reply: "Frankfort, Ky., Nov. 23: Your resignation as election commissioner received and accepted."
"NAPIER ADAMS Chairman."

Had a "Bum" Voice.

Noticing the workmen drilling a hole in a slab marble at the Anderson-Fowler drug company's store this morning, an umbrella mender who had been imbibing too freely, began singing in stentorian tones "I dreamt I dwelt in marble halls." Chief Roper was telephoned to and he went down and arrested the singer.

WHERE DID IT GO?

ALL MISERY FROM INDIGESTION VANISHES PROMPTLY.

Free Yourself From Stomach Trouble by Taking Diapiesin-Which Digests all Food and Stops Fermentation.

As there is often some one in your family who suffers an attack of indigestion or some form of Stomach trouble, why don't you keep a case of Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and regulate a sour Stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapiesin, then you will readily see why they cure Indigestion, Sour Stomach, Heartburn and prevent at once such miseries as Belching of Gas, Eructations of sour undigested food, Nausea, Headaches, Dizziness, Constipation and other Stomach disorders.

Some folks have tried so long to find relief from Indigestion with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or believe theirs is a case of Nervousness, Gastritis, Catarrh of the Stomach or Cancer.

This is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which will putrefy in the entire digestive tract and intestines, and, besides, poison the breath with nauseous odors.

A hearty appetite with thorough digestion, and without the slightest discomfort or misery of the Stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.

One candy-like Triangle, taken after eating, will promptly digest all your food, the same as a strong, healthy stomach would do it.

ENGLAND A TRAITOR

SENSATIONAL CHANGE MADE BY
EMPEROR WILLIAM

Says Japan is Stirring up Rebellions in India.—He Sympathizes With Russia.

NEW YORK, Nov. 23.—The New York American publishes an interview with Kaiser Wilhelm, secured by Dr. William Bayard Hale, American newspaper man, last summer. It embodies the article accepted by the Century Magazine and withdrawn from its December number at the solicitation of the emperor's representative. The emperor told Dr. Hale, the interview says, that he was bitter

EMPEROR WILLIAM.

against England for her alliance with Japan. He said that he was bitter against England for her alliance with the white man's cause, and predicting she would lose some colonies through her treaty with Japan.

The invitation to the American fleet to visit New Zealand and Australia was intended to serve notice on England that these colonies were with the white man.

The German emperor declared Japan is fomenting insurrection in India, which may break out in six months.

Germany and the United States will, however, find a solution to eastern problem. The emperor declared, it is said, that there is a complete understanding between Roosevelt and himself on this point. They intend to divide the east against itself by becoming the recognized friend of China.

Negotiations have been progressing favorably for months and a high Chinese official would soon visit Germany and the United States, the Kaiser said, on this quest. Terms will then be made known, guaranteeing the protection and integrity of China and the open door.

The Kaiser was sympathetic with Russia for losing the fight for the white man's cause, and remarked how different the result would have been had Japan faced his invincible legions. The emperor said America would be forced to fight Japan within 10 years.

DICK WOOD IS DEAD

NEWSPAPER ARTIST WHO FORMERLY LIVED HERE.

Had Many Friends and Relatives in City Who are Distressed at the Announcement.

Wednesday's St. Louis Republic says:

Richard ("Dick") Wood, cartoonist and author of eccentric stories, died at Mount St. Rose Hospital yesterday at 4:45 p. m., of pneumonia. He was stricken and entered the hospital November 9, his fortieth birthday. His mother, Mrs. Mary Wood, of Bloomington, Ill., was at his bedside when the end came. The body was taken to the Ellis undertaking rooms, No. 727 North Kingshighway, where it will remain in state from 8 a. m., until 6 p. m., today, and then will be taken to the old family home for burial.

Dick Wood was one of the best all-around newspaper men in St. Louis. He began his career in the newspaper field as a reporter for the Bloomington Eye twenty-five years ago, and at once evinced a genius for journalism.

He was a natural-born artist with wonderful imaginative powers, and it was not long before his talent in this direction eclipsed his gift as a writer.

Coming to St. Louis, he got a position on The Republic as artist, in charge of the department, and served in this capacity faithfully for years. He had been identified since with various newspapers and illustrating concerns here and elsewhere, and at the time of his death enjoyed a reputation as a writer and illustrator of eccentric stories.

Perhaps he was best known to the public through his recent creations of "Pinkie Prim" which were published in the Sunday comic sheet of many papers throughout the country, and through his "Statistical Sam" series of articles, which appeared as a special feature in some of the eastern papers. The work was given to the public through the World's Color Printing company, No. 1208 Olive street, where Wood was latterly connected.

Mr. Wood was a member of the Damon Lodge, Knights of Pythias, and one of few members in America of the Chinese Masonic order. He was made a member of the exclusive Oriental organization because of his many kindnesses toward the Chinese during his stay in China as a newspaper correspondent at the time the allies fought their way to the relief of Peking in 1900.

There is not a Chinese in St. Louis who did not know Wood and look upon him as a friend. He had done much for the members of his race, when, through misinterpretations of violations of the American laws, they have found themselves answerable in the courts. Wood could speak Chinese fluently. The local Chinese thought more of "Dick" Wood than they did of their emperor and were frank in admitting it at every opportunity.

Wood was a great Bible student, though he affiliated with no church. He had exalted ideas of morals and was charitable, kind and full of goodness.

He was the author of many Bible stories for children and could quote the Testament by heart. On his desk at the World's Color Printing company his Bible was seen yesterday, most conspicuous among his belongings.

Quong On Lung, of No. 17 South Eighth street, an influential Chinese and a Mason, said last night that the Chinese Free Masons and other Chinese friends of Mr. Wood have subscribed to a fund to purchase a floral tribute. Great sorrow was expressed in the Chinese quarter and the natives were standing about in little groups, discussing the friendly characteristics of their long-time friend. There was a melancholy atmosphere in all the Chinese shops.

WANT SQUARE DEAL

AND SAY THEY HAVE NOT RECEIVED ONE.

Committeeman Lyon Writes Caustic Letter to General Manager Ewing of the Association.

EDDYVILLE, Ky., Nov. 23.—Hugh Lyon, a member of the executive committee of the Lyon County Dark Tobacco Growers' Protective association, has sent a salty reply to the recent response of Felix G. Ewing, of the same organization, in relation to the action taken by the Lyon county tobacco growers at meetings held at Kuttawa and Lamasco on November 7.

There is said to be great dissatisfaction existing among the farmers of Lyon county who, call them financial stringency among them has been brought about by the policy pursued by the officials of the Dark Tobacco Growers' association. The answer of Mr. Lyon is very caustic and it is said to have the endorsement of the growers of Lyon county, who allege that they have not been given a square deal by the managers of the association. The reply is as follows:

"To the Hon. F. G. Ewing:—Dear Sir: Was the Planters' Protective association organized to promote the welfare of the tobacco grower or to promote the welfare of its officials? Aren't the members of the association entitled to a report of the business and transactions of the association?"

"Will you hand each tobacco grower \$100 and accept his receipt? Do you think the association will live long under present methods and conditions?"

"Do you not know that the voice of the tobacco growers and the voice of all other workmen must be respected?"

"You state in your article in the Tobacco Planter of November 12 that other counties have sold out. Then why is it impracticable for Lyon or any other county to sell out?"

"Do you want us to drive our merchants to the wall, cramp our banking institutions, starve ourselves, say our prayers and die, just to gratify our desire to overthrow the American Tobacco trust?"

"Don't you know that we will have more respect for you if you will have the same for us?"

"Will you and the association obligate yourselves to us for as much as you want us to obligate ourselves to you?"

"Will you and the association grant us our petition asked for November 7, or will you not?"

"My actions are not prompted by any desire whatever to see the association crumble and fall, nor by any suggestions from any tobacco-buying or handling societies, nor by any aspirations for position or office, but as an honest, law-abiding citizen. My actions are prompted by a desire to see the principle and methods of the association improved to such an extent that the tobacco growers will receive a square deal. Let us adopt methods to meet the conditions and try to effect a co-operation and consolidation of other tobacco handling societies whereby forming one of the grandest unions that will ever be recorded in the annals of history; and let us not use methods that will grind down the people who labor and make this organization, while the officials of the organization roll in luxury and wealth, for we will not stand for it."

"Awaiting an early reply I am, respectfully yours," HUGH LYON, "Member of executive committee of Lyon county association."

The Illinois Central will sell to Washington, D. C., and return for \$23.25 account Southern Commercial Congress December 7-8, 1908, and River and Harbors Congress December 9-11, 1908.

Date of sales, December 5, 6, 7, 8, and for trains scheduled to arrive at Washington before noon December 9, 1908, return limit, tickets will be good to leave Washington returning up to and including, but not later than midnight of December 16, 1908.

FOR THANKSGIVING

TRADE IN TURKEYS HAS BEEN VERY LIVELY.

Thousands Are Shipped By the Dealers Here to Markets in the Cities.

The heaviest shipments of turkeys from this section known in many years are now being made to the city markets. Flaming advertisements, personal solicitation and other means have resulted in a flood of the birds and for days past the receipts have been larger and the shipments almost as big.

The Peter Fox Sons company which makes Hopkinsville their headquarters for this entire section of Kentucky and Tennessee, have been killing and stripping the feathers from all the turkeys they have been shipping. They have rented the V. M. Williamson storehouse on First avenue west and here they have kept from thirty to fifty negroes busy every day and most of the night preparing the fowls for the market. The turkeys would come in by wagon, by rail in small lots and even in car loads. They would be taken to this warehouse and turned loose in the upstairs room. In the lower room the negroes were arranged in two rows the length of the room, by each worker being a rope fastened to the ceiling and barrel in which to put the feathers. The turkeys would be sent down from the upper room through chutes and his turkeys would be hung up by the feet on the rope. An owl would then be stuck into his brain through the mouth and almost before he was dead the feathers would be off of him and he would be on his way back to the cold storage room. Further than taking off the feathers no other dressing of the bird was done. After lying in cold storage until thoroughly cold and almost frozen he would be packed into a barrel along with other turkeys and shipped either to Louisville or Chicago where he again went into cold storage until wanted. This firm alone handled on an average of 700 turkeys per day.

The Haydon Produce company has also done a large business in turkeys, geese and ducks, but they ship all of their purchases alive. They have sent out thousands of fowls in this way.

The price for turkeys on the market is now 12 cents per pound on foot and they are getting scarce at that price and many raisers are holding out for 12 1/2 or even 13 cents. The rush for Thanksgiving turkeys is now about over as the last shipments are now being made, but with the first of December the Christmas rush will begin which will be even greater than the Thanksgiving demand. The Fox company say they expect to handle not less than 1,000 turkeys per day for the Christmas trade and the Haydon company are, as usual, in the market for all that they can get. Other firms also deal in turkeys on a smaller scale but their combined business will amount to a considerable item.

DEADLY REVOLVER.

Georgia Woman Kills Man Who Offered Her Violence.

DUBLIN, Ga., Nov. 23.—In defense of her honor, Mrs. Rosie B. Davis, a handsome young widow, shot W. L. Tillery, a leading business man of this section, inflicting wounds from which her assailant died in a few hours. The tragedy occurred Saturday night at the home of Mrs. Davis, which is located in the suburbs of Dublin.

According to Mrs. Davis, she was alone and heard some one knock about 9 o'clock. Going to the door, she peeped out and saw a man whom she did not recognize as Tillery. He demanded admittance, which was refused. The man then said he would break in. Mrs. Davis retreated to her room and seized a pistol. By this time the man had broken through the screen door and rushed at Mrs. Davis, she warning him. He seized her in his arms, and as he did so she fired, the bullet striking him near the heart.

CROKER BACK TO VISIT; NOT TO ENTER POLITICS

NEW YORK, Nov. 23.—Richard Croker, who for years directed the destinies of Tammany hall before he retired to lead the life of a country gentleman at Glencairn, his big estate in Ireland, has returned to New York merely as a visitor, he has said, to see his old friends and renew old acquaintances. That he contemplates again entering the field of politics in New York City where he so long held sway, he has positively denied.

It is expected that Mr. Croker will remain in the United States about six months and it is likely that a portion of that time will be spent in southern California or some other section of the country where the winds of winter are less severe than in New York.

Mr. Croker had as companions on the voyage across the ocean his man and Mrs. Benjamin Bewlett, and daughter, Ethel, his nieces, Mrs. Bow-the latter's husband.

CARMACK AND HENEY

VICTIMS ON INTERESTS THEY HAD BEEN FIGHTING.

Tobacco Money Bloodstained If Forced By Murderous Means—Dr. Jenkins' Strong Sermon.

Dr. Millard A. Jenkins preached Sunday night at the Baptist church on "The Little Tin God." He traced the heathen religions of Molochism, Mammonism and Baalism through the ages to modern times, and showed that idol worship obtained today. The spirit of cruelty manifested in the unbridled tongue "set on fire of hell" is a relic of Molochism, and those who make wealth or worldly pleasure their god are followers of Mammon or Baalam.

Dr. Jenkins vigorously deprecated the ruling passion of gain that impelled men to commit or excuse crime. He rejoiced that the tobacco trust had paid the Burley growers the right price for their product, but denounced as horrible and devilish the employment of any violent or murderous means to accomplish a business trade. He was particularly severe in his denunciation of the murderers of Sen. Carmack and said that they should be promptly tried and hanged. He claimed that Senator Carmack's death was procured by the saloon people and that political grafters were responsible for the attempted assassination of Attorney Heney.

The "Little Tin God" was self, the worshippers of idols creating for themselves a deity that expressed their own spirit.

Dr. Jenkins returned Saturday from Louisville where he preached in the general Baptist revival. As a result of the concerted effort in Louisville there was about 600 additions to the churches.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain, of Floyd, Ky. "I found it to be so good for the group and have used it for years. The above shows the implicit confidence many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. Coming Back Home.

The powers of old Rock spring are just as strong as ever, and every now and then give some fresh evidence that the old saying that whoever drinks from it cannot remain away from its vicinity, is true.

The latest one to respond to the insistent call is M. F. Winfree, who left here about three years ago and went to Ordway, Colorado, where he purchased a fine ranch. Mr. Winfree has now sold his ranch and has written to Judge W. P. Winfree to secure him a house in which to live for "he is coming home." Judge Winfree has secured the house for him and expects the entire family to arrive next week.

It is also reported that T. A. Smithson, who went to Oklahoma some months ago, will return here in a short time to make his home.

WHERE REST THE BODIES OF OUR PIONEERS

MONUMENT TO THEIR MEMORY
TO BE ERECTED.

MOVEMENT HAS BEEN STARTED

Mayor and Committees at Work.
Home-Coming Week Next Summer Is Proposed.

Under the enthusiastic promotion of Mayor Meacham, who is capably aided by committees from the city council and women of the city, a movement has been inaugurated to preserve and beautify in a worthy way the neglected cemetery which holds the remains of Hopkinsville's pioneer citizens.

Here was buried the original settler, Bartholomew T. Wood, and it was the last resting place of Dr. A. Weiler, a distinguished Kentucky physician, of the wife of Governor Charles S. Morehead, of Congressman Robert P. Henry and of the Hon. Francis M. Dailan, whose descendants are now leading citizens of Louisville and Henderson.

Several revolutionary soldiers were buried in this spot. The names of about two hundred persons whose bodies were interred in the cemetery are known, together with the location of their graves, but many headstones have crumbled away or their lettering has become obliterated by the ravages of time.

It is the purpose of Mayor Meacham and the committees to secure funds from descendants of the pioneers and all who may wish to aid and reclaim the abandoned burying grounds. Trees are to be planted, walks and driveways built and the entire lot fenced in. All of it lies within the boundaries of the city and in a stone's throw of Main street.

The chief feature of the work is to erect a suitable monument to the pioneers and it is hoped to have its unveiling next summer, at which time Mayor Meacham proposes that a Hopkinsville Home Coming Week be held. The reclaimed burying grounds is to be known as "The Pioneer Graveyard."

DEEP CRACKS FROM ECZEMA

FOUND A PERMANENT
CURE IN CUTICURA

"I had eczema on my hands for about seven years and during that time I had used several so-called remedies, together with physicians' and druggists' prescriptions. The disease was so bad on my hands that I could lay a slate-pencil in one of the cracks and a rule placed across the hand would not touch the pencil. I used Cuticura Soap and Cuticura Ointment and one cake of soap were used. I now keep them on hand for sunburn, etc., and use Cuticura Soap for shaving. I could write a great deal more in reference to my cure but do not want to take more of your time. William H. Dean, Newark, Del., Mar. 28, 1907."

DUEL WITH PENCILS

Robert Hille, formerly of Hopkinsville, and now editor of the Ballard County News, and Editor Overstreet, of the Wickliffe Yeoman, are saying things about each other.

The Yeoman starts the ball rolling thusly:

"Hille, the fellow who had so much to say during the campaign, is now looking around for a soft place to light. He has been arrested and put under a \$500 bond and will appear here shortly to answer to the charge of criminal libel. He looks very lightly upon the charge, but we venture he will know more about the libel laws of the state when he has finished with this case. The burden of proof, as we understand the law, rests with the accused. He must either put somebody else behind the bars or go there himself. The young man has finally accomplished something, to say the least of it—gotten before the public."

Mr. Hille comes back with the retort courteous in this manner:

"We had hoped that when the campaign had closed the hatchet would be buried between the Ballard County Semi-weekly News and the Wickliffe very weakly Yeoman, but as the microscopic-brained fellow who shapes the destinies of that sheet desires to take advantage of the fact that the editor of the News is being slightly embarrassed in his attempt to clean out the Stygian stables in and around the county seat, to dig up that same hatchet and write such rot in a further endeavor to let the same old conditions apply in the future that have applied for sometime past, we are perfectly willing."

"If the topographical contortionist who poses as an editor and whose name flies and lies at the mast head of the Yeoman would pause and cogitate for an instant or so he would probably be minded that it is only because on the broad-mindedness of the editor of the News that Overstreet is not at this minute facing the same charge of criminal libel (not libel). Possibly if he will refer to his files he will see a certain libelous article, a thousand times true, written in a moment of dementia, about the editor of the News and possibly even yet he too may be on the wrong side of the self same question."

"The editor of the News considers himself fully posted as to the libel laws of the state of Kentucky, as he is a native Kentuckian and does not hail from parts unknown. Not only that but he has some little legal education as well as literary education, which is saying a great deal more than the errant blunder of the Yeoman can truthfully say."

"The editor of the News is not afraid at all that he cannot prove the truth of every allegation which has appeared in these columns and he has more sense than to make a statement in a newspaper which is unprovable."

ADMIRAL ON VISIT BIG TOBACCO

SILAS TERRY BACK AT OLD KENTUCKY HOME.

Distinguished Naval Officer, Recently Retired, Who Has Had Long and Remarkable Career.

Admiral Silas Wright Terry, retired, of the United States navy, reached Cadiz Tuesday afternoon, and will be here until the first of next week on a visit to his brothers and sisters and other relatives in Cadiz and Trigg county. He reached Paducah Saturday from his home in Washington, and spent several days in Paducah with his sister, Mrs. Mary Burnett, who came with him Tuesday. The brothers and sisters of Admiral Terry now living in Kentucky are: Mrs. Burnett, of Cadiz; Capt. F. G. Terry, Mrs. Eleanor Hopper, Mrs. M. A. McCarty, Mrs. W. C. White, and Mr. George A. Terry, of this county. Admiral Terry will go to Louisville the first of next week, where he will spend a day or two with friends before returning to his home in Washington.

Admiral Terry was born in December, 1842, at Wallonia, Trigg county. In 1858 he entered the navy as an acting midshipman. He studied at the naval school at Annapolis until the spring of 1861, the breaking out of the war between the states, when the school was removed to Newport, R. I., from which point he and all other advanced pupils were ordered to sea, and were distributed among the various ships of the navy, most of which at that time were employed on blockade duty along the Atlantic coast. In 1862 he was assigned to duty under Admiral Porter, then fitting out a river flotilla to go down the Mississippi river; with the expedition of Porter and Banks up Red river when he had a lively experience with a confederate command of infantry, cavalry and artillery, by which the boat he was commanding was pretty severely pounded and shot up, but by a bold dash he managed to run past the shore battery and escape to the protection of the fleet below, with the loss of many of his crew. For this action he was commended by his superior officer and was advanced five numbers in his grade.

He was with Porter's fleet at the reduction of Fort Fisher, the last great confederate stronghold, on the Atlantic coast. After the war he cruised on the European station in the Ticonderoga frigate, and later was executive officer of the steam frigate Wachusett, at which time he had attained the rank of lieutenant commander. He served in various fleets and ships till about 1887, having attained the rank of commander. He was ordered to the sloop or war Marion, then at Montevideo, South America. After his assumption and command of the Marion, he received telegraphic orders to go at once to the Herd Islands in search of a cast-away crew. After a long voyage he found the men alive and brought them away. He afterwards commanded the fleet of training ships, three in number, on a cruise to Europe and the West Indies; was in command of the Newark, which conveyed the three Spanish caravels to Quebec on their way to be exhibited at the Columbia exposition in Chicago; was on the Newark with Admiral Benham at Rio Janeiro during the excitement incident to the insurrection of the Brazilian navy in 1894-5.

During the Spanish war he commanded the U. S. receiving ship Franklin, at the Norfolk navy yard, and later was given command of the Iowa battleship, at that time the finest ship in the navy. He later commanded the navy yard and great gun factory at Washington.

He was retired for age in December, 1904, after forty-six years of constant service in the navy.

DEAL HAS FINALLY BEEN COMPLETED

BETWEEN AMERICAN COMPANY
AND BURLEY ASSOCIATION.

ENORMOUS SUM IS INVOLVED

Large Part of the Pool Is Taken Over
As a Result of the Conference.

LOUISVILLE, Ky., Nov. 20.—The big deal between the American Tobacco company and the Burley Tobacco society for the 1906 and part of the 1907 crops of tobacco, which has been hanging fire for several years, was closed here late yesterday. The price agreed on in the transaction, which is the largest of its kind ever put through, is an average of 20 1/2 cents for the 1906 crop and 17 cents per pound for the 1907 product.

The deal involves nearly 75,000,000 pounds of tobacco held in the pool by the Burley Tobacco society, and an outlay of something like \$12,000,000 on the part of the American Tobacco company, practically all of the money being placed in circulation at once in Central Kentucky.

The tobacco which was sold includes the larger part of the holdings of the Burley Tobacco association which was formed several years ago, and which pooled its crops in 1906 and 1907. There was no crop raised by the members of the association in 1908, though a number of independent raisers raised large crops in Central Kentucky under guard.

According to many who are in a position to know the sale of the pooled crop will mark the end of the night riding in Central and Eastern Kentucky at least for the present, as it is believed with these two crops out of the way, practically all the growers will raise tobacco next year. The sale has nothing to do with the crops in the dark district or western portion of Kentucky and Northern Tennessee.

The deal was the largest tobacco deal ever consummated in this country involving leaf tobacco.

The Burley district in Kentucky extends through the central part of the state and includes the famous blue grass region. Its counties are Anderson, Bracken, Bath, Boone, Bourbon, Boyle, Boyd, Breathitt, Bullitt, Campbell, Carroll, Carter, Casey, Clark, Elliott, Estill, Fayette, Fleming, Franklin, Gallatin, Garrard, Grant, Greenup, Hardin, Harrison, Hart, Henry, Jefferson, Jessamine, Kenton, Lewis, Lincoln, Madison, Magoffin, Marion, Mason, Meade, Mercer, Menefee, Montgomery, Morgan, Nelson, Nicholas, Oldham, Owen, Pendleton, Robertson, Rowan, Scott, Shelby, Spencer, Taylor, Trimble, Washington and Woodford. The burley belt also laps over into Southern Ohio and Indiana, though the output in this region is small compared to Kentucky's. As far as has been discovered there is no other place in the world where white burley will grow.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has the badge of HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, discharges, catarrh, pelvic, drain, dragging-down distress in lower abdomen, or pelvic, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out to the rescue of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription"; it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a second-nature as a substitute for this remedy of known composition.

RATIFIED ACTION

OF COMMITTEE IN ELECTING
BARNES CHAIRMAN.

Frazer's Resignation Accepted.—Pro-
posed Deal With Imperial.—Asso-
ciation Directors Hold Session.

The called meeting of the board of
directors of the Planters Protective
association met at Guthrie Tuesday
and adjourned Wednesday night.

Chairman E. E. Wash, of Trigg
county, who passed through here en
route to his home at Cadiz, was asked
regarding the proceedings and stated
that there was very little that could
be given out at this time. He said
that the resignation of W. E. Frazer
as assistant general manager was ac-
cepted by the board but that his suc-
cessor was not selected. The action
of the Christian county committee in
selecting George W. Barnes as sales-
man for the Hopkinsville market was
ratified as was the action in Trigg by
which Charles Miller was selected as
salesman for Cadiz.

Mr. Ewing's fraternal insurance fea-
ture was not taken up as had been
expected.

No definite action was taken regard-
ing the proposed deal with the Im-
perial Tobacco company for a pro-
portion of the 1908 crop. Mr. Wash
explained how it was planned to work
the deal with this company so as to
deliver the tobacco to them in such
shape as to meet their requirements
and still not violate any of the asso-
ciation's regulations as to having it
priced. He stated that if the deal
went through each prizer would be re-
quired, when he received any tobacco
suitable for the Imperial company, to
send a sample to them. If they de-
cided they wanted it the prizer would
then lightly prize it into a hoghead
to contain not over 1,200 pounds. It
would then be re-sampled and if this
sample came up to the first type sub-
mitted it would be taken. This deal
has not yet been consummated, how-
ever, but this is the plan upon which
it is hoped it will work.

The schedule of prices for the 1908
crop was not decided upon but was
left over for consideration at the next
meeting.

Reports from the various sections of
the district regarding the new three
year pledges were mainly very satis-
factory, these showing that the farm-
ers were signing up readily for the
new term. In some sections the re-
ports were not so favorable, chief of
these being Lyon county.

THE CHRISTMAS STAMP.

Organizations of business men and
women's clubs throughout the state
have been asked to aid in the work
of selling the Christmas stamp in
Kentucky during the holidays. The
Kentucky Anti-Tuberculosis associa-
tion has undertaken the sale
which is the second held in this
country, the idea having originated
in Denmark in 1904 and having been
used with remarkable effectiveness
in raising funds with which to fight
the great white plague. Besides at-
taching a complete organization in
Louisville, the Christmas Stamp
committee is making an effort to se-
cure a wide distribution of the
stamp in every city of importance in
the state, and promises of co-opera-
tion have already been made in
many of these communities.

F. A. Sampson, secretary of the
association, is to visit the principal
cities in the near future, and will
take up with the local bodies and
with the business men the project to
sell the Christmas stamp.

The stamp has been printed by the
bureau of printing and engraving of
the United States government, which
has encouraged its use in all possi-
ble ways, particularly by permit-
ting the sale to be made in the lob-
bies of the postoffices. The stamp
is printed in red and green and is
the work of Howard Pyle, the fa-
mous artist. It bears upon it the
legend, "The Red Cross Christmas
Stamp 1908" and the salutation,
"Merry Christmas and a Happy
New Year." It is to be sold for a
cent and the Kentucky association
believes that one million of them
will be put into use during the hol-
idays.

"It does not carry mail, but any
kind of mail will carry it."

B. Allen, of Christian county, were
married Tuesday evening in this city
at the home of Judge Duffy, who offi-
ciated.—Elkton Times.

SOCIETY OF EQUITY

DELIGHTED OVER SALE AND EX-
PECTS BIG BUSINESS.

An Interview With Salesman H. H.
Abernathy About the Organiza-
tion and Local Conditions.

H. H. Abernathy, salesman for the
Society of Equity in this city, being
asked in regard to the big deal in
burley made by the society said:
"Yes, it was a big deal, but the equity
people do business on a big scale. In
fact they have their victory won. By
that deal all of the prized tobacco in
the various districts controlled by
the Equity is disposed of and we begin
the season with practically no old
stock on hand. In this district the
people have decided to prize their to-
bacco this year and have contracted
with me to prize, store, and sell, thus
reducing the expenses to a minimum.
My floors are swept, my prizes
greased, and I am ready. We work
in perfect harmony and accord with
the Protective association. Our ob-
jects being to control marketing and
thus get equitable prices. The Equity
people limited their crops this year
and hence, with a clean field and
empty sample box we are expecting a
ready sale for our tobacco at highly
remunerative prices.

"In some districts our people sell
loose, but I believe that would be very
disastrous in this district. The very
reason that is urged for selling tobacco
loose (that it unites it for certain pur-
poses and markets) could be used the
other way and it could be truthfully
said that unless it is prized a great
many markets would be unable to use
it at all.

"In districts where it is sold loose
it is generally tobacco suitable for
stemming purposes, while in our dis-
trict all demands have to be consid-
ered. You must recollect that our to-
bacco is demanded not only for home
manufacture and consumption but for
a great many foreign countries and
purposes and some of these buying
in limited quantities, would be entire-
ly shut off, if the tobacco was not
prized, and when you shut off them
you certainly decrease the demand
and consequently reduce your prices.

"Yes, I expect all the tobacco sold
on this market this year to be sold
through the Protective association or
the Society of Equity. I expect to be-
gin receiving and pricing the first
season. Our people will be able to get
some Christmas money by getting their
tobacco in storage before that time,
but having sold the 1907 crop at a
good price our folks don't need money
so bad.

"We don't ask or expect exorbitant
prices but want a fair profit on our
work added to the cost of production.
Now if a merchant gets 25 to 50 per
cent over the cost of his goods we
think we are entitled to the same
profit over the cost of production on
our crop. The Equity people limited
their crops this year and hence have
only an average crop in quantity and
of fair quality."

Taken to Asylum.

Wm. Dyer, aged about 62, and a
painter and paper hanger of Sharon
Grove, was adjudged insane Satur-
day and taken to the asylum at
Hopkinsville.

His condition appears to be due to a
form of paralysis, caused, it is be-
lieved, by the breaking of a blood-
vessel of the brain several weeks
ago. He also appears to labor un-
der the delusion that his wife has
his money, and has on several occa-
sions threatened her.—Elkton Times.

Pay Your Taxes.

On the first day of December—
which is Tuesday of next week—the
penalty clause will be put on all
taxes. Every taxpayer who wishes
to escape this added burden of tax-
ation should pay his taxes before
this date. The law is mandatory and
the sheriff has no more to do with it
than any other citizen. He must col-
lect the penalty, after the time limit,
so suffer the consequences himself.

Pay your taxes before Tuesday of
next week—or pay the penalty after
that date.

Plead "Not Guilty."

Duncan B. Cooper, Robin J. Cooper
and John D. Sharp, charged with the
murder of former Senator E. W.
Carmack, were arraigned in court at
Nashville yesterday and entered
pleas of not guilty. The case was
set for December 8.

Mr. Long Named.

Gov. Willson has appointed E. B.
Long, president of the City bank, as
one of the delegates to represent
Kentucky at the Southern Commer-
cial congress to be held at Washing-
ton, D. C., on December 7 and 8.

DENIES THE TRUTH

OF STATEMENT MADE BY THE RE-
TIRING SECRETARY.

County Clerk Campbell Issues a Card
In Reference to the Walton Gar-
rott Certificate.

To the Editor of the Daily Kentucky
New Era:

I notice in your issue of the New
Era of November 24th 1908, in report-
ing the proceedings of the Democratic
convention which was held in the city
court room in this city on Monday No-
vember 23, 1908, you state that Mr.
Lucian Davis, the retiring secretary
of the Democratic county executive
committee, in his explanation of why
the names of Messrs. C. W. Morrison
and David Smith were not printed on
the ballots used in the recent election,
said in substance that "In several in-
stances in similar cases the names
of candidates had been allowed to go
on the ballot after the prescribed time
for filing certificates of nomination
had elapsed. One of these instances
having occurred right here in Chris-
tian county when the name of the
Republican opponent to Magistrate

Walton Garrott was permitted to go
on the ballot."

I deny the truth of such a state-
ment and will say, that if Mr. Davis
made such a statement he did not
state facts, as records of the Christian
county clerk's office will show.

In the instance referred to by Mr.
Davis as the one happening in Chris-
tian county Mr. Walton Garrott was
the Democratic nominee for justice of
the peace from the Fourth magisterial
district and Mr. R. H. Kelly was the
Republican nominee for said office and
the opponent of Mr. Garrott. The cer-
tificate of nomination of Mr. Kelly
was filed in the office of the county
court clerk on the 16th day of Oc-
tober 1905, and the election occurred
on the 7th day of November, 1905,
more than fifteen days after the filing
of the certificate. The certificate was
properly gotten up, signed, acknowl-
edged and certified and is now a pub-
lic record in the county clerk's
office and can be seen by any
body who wishes to see it at any
time. I will add that Mr. Kelly's cer-
tificate was filed on the same day that
Mr. Garrott's was and both of them
more than fifteen days before the
election.

I make this statement in order that
the public may not be misled, about
a matter that is of public record, by
a statement of a man who is either
amazingly ignorant of the facts in the
case or knowingly misrepresents them.

G. L. CAMPBELL,
Clerk Christian county court,
Hopkinsville, Ky., Nov. 25, 1908.

HANG THREE NEGROES

Who Were Charged With Murdering
an Officer.

UNION CITY, Tenn., Nov. 25.—The
little town of Tiptonville, bordering on
Reelfoot lake, which has been the
scene of many stirring incidents the
past month, witnessed the lynching,
late yesterday afternoon, of three
negroes, who were arrested for mur-
dering Special Deputy Sheriff Richard
Burruss, and fatally wounding John
Hall, a deputy sheriff.

The negroes' name are: Marshall
Stineback, Edward Stineback, Jim
Stineback.

These brothers created a distur-
bance at a religious meeting near Tip-
tonville Saturday night, and when the
two officers attempted to arrest them
a fight ensued in which the negroes
came out victorious and made their
escape.

It was nearly daylight Sunday
morning before a posse of citizens
from Tiptonville and the surrounding
country were in pursuit of the neg-
roes but they successfully eluded the
whites until 8 o'clock yesterday
morning, when they were surrounded
and captured in a little swamp near
the village of Ridgeley.

The negroes were hanged on a
scaffold in front of a pulpit in a col-
ored church.

FIFTY APPLICANTS

No fewer than fifty applications are
on file in Governor Willson's office for
the position of member of the state
board of control for charitable insti-
tutions, which will be vacated by Dr.
Milton Board in January, when his
term of office expires. The applica-
tions are from all parts of the state,
and most of them are accompanied by
long lists of indorsements, says a
Frankfort telegram.

The law requires that Governor
Willson shall appoint an organization
Democrat in Dr. Board's place, and
there is a merry scramble on for the
\$2,500-a-year.

One of the recent applicants for the
place is Emory J. Dent, of Scottsville,
a well-known merchant, and one of
the most prominent Democrats in
southwestern Kentucky. Mr. Dent is
indorsed by the Third district Demo-
cratic organization, as well as the
county Democratic organization.

The governor has not yet given his
attention to the claims of the appli-
cants, and probably will not take up
the matter before the last of the year.

FRANKFORT, Ky., Nov. 25.—Dr.
George J. Armes, of Leitchfield, an
applicant for appointment as a mem-
ber of the state board of control, when
the term of Dr. Milton Board expires
January 1 next, is here to see the
governor, accompanied by a number
of his friends. Prominent among
them is George W. Long, United
States marshal.
