SUIT WITHDRAWN

No Man is Stronger Than His Stomach

A strong man is generally known as one who has a strong heart, a strong will, and a strong mind. But perhaps the strongest man of all is he who has a strong stomach. For the stomach is the foundation stone of health, and the health of a man is largely determined by the strength of his stomach.

In the case of a man who has a weak stomach, the slightest indiscretion in his diet may cause serious illness. He may find it difficult to digest food, and may suffer from heartburn or indigestion. He may also experience digestive upsets, such as diarrhea or constipation. These problems can be extremely uncomfortable and may even lead to more serious health issues.

However, a strong stomach is capable of withstanding the harshest of diets. A man with a strong stomach can eat anything he chooses, whether it be rich foods or simpler meals. He can eat large quantities of food without feeling sick, and can digest it with ease.

In conclusion, the strength of a man's stomach is a true measure of his health and stamina. A strong stomach is the key to a long and healthy life, and is a true asset to any man who wishes to maintain his health and vitality.

Both the senate and the house have gone on record as favoring the market tax. The senate has passed a bill imposing a tax of $1.00 per week on all newspapers, and the house has passed a similar bill imposing a tax of $2.00 per week. Both bills were passed by more than a majority vote.

The senate bill was introduced by Senator Jones, and the house bill was introduced by Representative Smith.

Both bills are designed to raise revenue for the state, and to help defray the cost of operating the state's newspapers.

The bills have been referred to the committees on finance and appropriations, and are expected to be voted on by the end of the current session.

**The Ford Automobiles!**

The demand for a Superior, Reliable Car, handled and looked after in a business way, has led us into the Automobile business. We have taken over a year to decide upon a machine that would answer the requirement of the trade here and have found it in the FORD. Mr. Glover, of Louisville, is here for this week to demonstrate the Ford car, a sample machine having arrived Saturday. He will take pleasure in giving any interested customer a trial run.
