Local, State Governments To Eye Spending If Bill Wins Approval

By HERBBERT SPARROW
Associated Press Writer

FRANKFORT, Ky. (AP) — Local and state governments will have to watch their spending in the future if a bill approved by an interim legislative committee wins final approval of the legislature and the voters.

The Interim Joint Committee on State Government Thursday voted to approve a bill that had been prefiled in September by Sen. Gene Stuart, R-Prospect, to limit government spending.

The bill, which would require a constitutional amendment that would have to be approved by the voters, would tie the limit on spending to the Consumer Price Index for local governments and to the state's gross personal income for state government.

Under the proposal, state government could not increase its tax revenues by more than 12 percent of the previous year's personal income for the state, or the average personal income in the three previous years, whichever was greater.

Excess collections would be refunded to taxpayers through credits on their state income tax returns.

Local governments' revenues could not grow by a greater rate than the growth of the Consumer Price Index during the previous year as determined by the U.S. Department of Commerce.

Stuart said the figures could be exceeded on the state level through an emergency declaration of the legislature, which would also have to approve specific emergency appropriations. The level could be exceeded on the local level through a referendum.

The far-reaching measure would also limit bonded indebtedness by the state and require all bond issues on the local level to be approved by the voters. The General Assembly would have to approve all state bond issues and the bill would require annual reports on the state's bonded indebtedness.

The bill would also prohibit local governments from levying any new taxes or user fees not in effect on Jan. 1, 1981, and would limit the governor's contingency fund to emergencies and deficits only.

The measure will now be introduced in the 1980 General Assembly with the committee's recommendation that it be adopted.

Stuart said the measure would effectively contain government at its present level unless the people want it to grow.

"It requires government from this point on to set priorities," Stuart said.

"It will help insure that the tax dollar is wisely spent but it doesn't hamstring government so it cannot operate effectively."

"There has got to be a limit on the amount we can expect the taxpayers to continue to bear," Stuart said.

However, some members of the committee said they were voting for it only to keep discussion alive.

"We need to look at this more... but I feel it is an idea that needs to be kept afloat," said Sen. Joe Prather, D-Vine Grove.

"I have problems with how it affects the faster growing areas of the state, but I want to study it," said Sen. Jack Trevey, R Lexington.

"I think the more you study it the more you will come to the agreement that it is needed," replied Stuart.

Newspaper Publisher Elected To Term On Seminary Board

Walter L. Apperson, publisher of The Murray Ledger and Times was recently elected to serve a three year term on Board of Trustees of Lexington Theological Seminary, Lexington, Kentucky.

The seminary affiliated with the Christian Church (Disciples of Christ) was founded in 1865 and was associated with Transylvania University. In 1950 the school was moved to a new campus adjacent to the University of Kentucky, where it has developed several mutually beneficial ties.

The seminary is ecumenical in scope with a student body of graduate students from numerous different denominations and foreign countries. Its faculty is also ecumenical with at least four denominations represented.

The school is a part of the Theological Education Association of Mid-America (Team-A) composed of Asbury Theological Seminary, Louisville Presbyterian Seminary, Saint Meinrad School of Theology, and Southern Baptist Theological Seminary.

Ambulance Manager Seen As Priority To Hospital

Hiring a manager for the new Murray-Calloway County Hospital ambulance service was set as a major priority by the hospital board at its meeting Thursday night.

According to Stuart Poston, hospital administrator, the first responsibility of the manager would be to assist in establishing the ambulance program.

Currently, the hospital has received 12 applications concerning the ambulance service. Poston added that he and Danny Watters, hospital controller, have visited the services in the Owensboro and Henderson hospitals.

Poston said determination of quantity of staff members and length of shifts has not been decided.

The hospital board voted at its October meeting to accept the ambulance service effective Jan. 1, 1980. The present service is run by Angels of Mercy, a private firm from Paducah. Their contract expires Dec. 31.

In other business, Poston reported Phase II of the building program has progressed. He said the current work includes plumbing, insulation, outside brick, floors and roofing. Concerning the parking lot, Poston said today would be the final day this year for pouring blacktop.

Poston also said he was pleased with the progression of the site work.

The board members approved a five percent pay raise for all hospital employees. Poston said the raise was due to inflation.

Dr. William Wilson, hospital chief of staff, said a new general surgeon, Dr.

Robert Williams, is setting up practice in Murray. Coming from New York, Williams will be located on the third floor of the Medical Arts Building, Wilson said.

Watters reported that the hospital was at 81.5 percent occupancy during October.

The next meeting of the board is scheduled for 12 p.m. Dec. 27.

Citibank Increases Prime Lending Rate To 15 3/4 Percent

NEW YORK (AP) — Citibank, the nation's second-largest bank, raised its prime lending rate today from 15 1/4 percent to a record 15 3/4 percent.

Citibank said its formula for determining the prime called for a 16 percent rate, but that it had decided on the smaller increase.

The prime rate, charged by banks to their best corporate customers, has no direct effect on consumer loan rates, but is seen as an indicator of where other rates may be headed. Banks use the prime to set rates on nearly all commercial-industrial loans, with all but the most credit-worthy businesses paying rates several percentage points above the base rate.

The prime has been rising rapidly in recent months, the result of credit-tightening steps being taken by the Federal Reserve in an attempt to stem inflation.

Dr. William Wilson, hospital chief of staff, said a new general surgeon, Dr.

Militants Threaten Action Against Hostages

Demonstrators March On U.S. Embassy In Tehran

By The Associated Press

An estimated 80,000 demonstrators marched on the U.S. Embassy in Tehran today and Moslem militants threatened to take harsh action against their hostages inside the mission if the United States forced the shah to go to any country but Iran.

NBC-TV news in Tehran said the march on the embassy was the biggest since the hostages were seized Nov. 4. After Moslem Sabbath prayers, loudspeakers broadcasting from minibuses led the demonstrators in anti-American chants.

The protest took on a carnival atmosphere, the British Broadcasting Corp. reported, with families and vendors mixing with the demonstrators. A long line of Tehran taxis drove past the embassy carrying and stuffed animal effigies of wood and straw which people in the crowd struck while shouting anti-American slogans. It was not clear what the animals signified.

A spokesman for the militants inside the embassy told Tehran Radio: "We announce the message of the Iranian people to the world that if America expels the shah, it will be committing an offense even greater than its previous ones. The shah should be delivered to the Iranian nation with his hands tied. If America expels the shah, it must be certain that harsher decisions will be taken against the hostages."

The Associated Press in Bonn, West Germany, reached the embassy in Tehran by telephone and spoke with a student who said, "So far, those hostages are safe here and in a comfortable condition."

"But I'm not sure what would happen if the United States lets the shah leave. I'm not sure what action the people will take."

Further complicating the situation was an apparently growing dispute between some Iranian government officials and the demonstrators who seized the embassy. The conflict, which intensified Thursday, left it unclear who would decide the hostages' fate.

The broadcast, monitored in London, also said the militants would boycott American goods and that they urged other Iranians to ban U.S. products in any way possible during the coming week.

So far the U.S. government has refused to meet the militants' demand for the shah's extradition, and has given no indication it planned to expel him.

Ayatollah Ruhollah Khomeini, Iran's 79-year-old revolutionary leader, has canceled all appointments for the next three weeks because of "slight fatigue and illness," the state radio said, and foreign diplomats in Tehran predicted a long siege for the hostages.

As the crisis entered its 13th day today, the United States mounted a new win increased domestic and international pressure for release of the captives, said by the State Department to number 60 to 62 Americans and eight non-Americans.

The number of hostages previously had been estimated at nearly 100, but the State Department said Thursday night that about 30 Iranian employees were freed shortly after the embassy takeover Nov. 4.

Iran was still insisting that Shah Mohammad Reza Pahlavi, ousted by Khomeini's forces in January, be extradited from the United States before the captives could be released, and there was no sign the crisis was about to end soon, foreign diplomats in Tehran told The Associated Press in Bonn, West Germany, by telephone.

Further complicating the situation was an apparently growing dispute between some Iranian government officials and the demonstrators who seized the embassy. The conflict, which intensified Thursday, left it unclear who would decide the hostages' fate.

The protracted stalemate led to calls

for President Carter to take even tougher steps against Iran, but U.S. officials in Washington said shipments of food and medicine to Iran would not be blocked for the time being.

The American Farm Bureau Federation, the United States' largest farm group, said it would support an embargo on U.S. food exports to Iran. U.S. farm products represented more than one-quarter of Iran's agricultural imports last year.

Carter, making his first lengthy public comment about the crisis, said in a speech Thursday in Washington that he was holding Iranian authorities "fully responsible" and "accountable" for the safety of the hostages.

The president, who earlier banned Iranian oil imports and froze Iranian government assets in the United States, said the Iranians "must know that the United States of America will not yield to international terrorism or to blackmail."

However, Hasan Habibi, Iran's new cultural minister and government spokesman, said in a broadcast on Tehran Radio:

"The general principles of our foreign policy are that we will, in no way, retreat from the threats and display of force by imperialism. We will further strengthen our anti-imperialist position, every moment more than the moment before."

He said of the shah, who is being treated for cancer at a New York hospital: "We want an international criminal back from the United States, that is all."

The demonstrators holding the hostages reacted angrily Thursday to acting Foreign Minister Abolhassan Bani Sadr's suggestion that women and non-white hostages be set free in the next few days without the shah's extradition.

Company Board Chairman Says Conversion Needed For Economy

Noted as an expert in areas of international trade and investment, Wearly said the energy situation has forced a change in lifestyles since Americans "can't live the way we want to."

In looking toward the future, the Warren, Ind., native said if the country is to survive, all elements of society "must work in harmony."

"There has been too much confrontation between business, government and labor," Wearly added.

President Carter's recent decision to stop Iranian oil imports will not have an effect on his company, Wearly said. However, in the long run, "it will have a great effect to cause the United States to do more to develop its own resources," Wearly added.

The Ingersoll-Rand Co., one of the world's largest corporations, operates 63 plants in the U.S. and 41 abroad. It is the largest producer of non-electrical machinery and equipment for industry with assets over \$2 billion.

The company's products are marketed in 119 countries around the globe. The firm employs 50,000 people.

Ingersoll-Rand has Kentucky plants in Mayfield and Campbellsville.

Wearly said the hiring policy of the company attempts to keep nationals in each country. However, he added several employees are required to travel to plants in various countries.

Some thought has been given to expanding business to the People's Republic of China. Wearly said some business has been conducted in that country. He added a company representative is stationed in Peking to aid in trade development.

Some economical problems due to depleting natural resources could be remedied by an increase in U.S. participation in the world export market, Wearly said. He explained that in 1960, the U.S. had 18 percent of all the world export market. He added today that figure stands at 12 percent.

According to Wearly, several major countries have increased or maintained their 1960 export figure. Wearly cited "America's arrogant hypocrisy" for the decline in exports.

"We think everything we do is right," he explained.

Holder of a Bachelor of Science in electrical engineering at Purdue University and honorary doctoral degrees from both Purdue and Wilkes College, Wilkes-Barre, Pa., Wearly joined Ingersoll-Rand in 1962 as a vice president and consultant. He was elected to the board in 1964 and named chairman in 1967.

Wearly also is on the board of directors of the American Cyanamid Co., the American Smelting and Refining Co., the J. Ray McDermott Co., the Bank of New York and the National Association of Manufacturers.

He is a member of the policy committee of the Business Roundtable and the executive committees of the Machinery and Allied Products Institute, the American Institute of Mining and Metallurgical Engineers and the Institute of Electrical and Electronic Engineers.

Wearly began his career with Joy Manufacturing Co. where he was named vice president in 1948 and president in 1957.

BOARD CHAIRMAN — William L. Wearly, chairman of the board of directors of Ingersoll-Rand Co., spoke on the nation's resources in a press conference Thursday afternoon in the Murray State University television station. Wearly said the U.S. economy is becoming based on an unavailable supply of natural resources.

Miss Donna Rogers Is Married To Mr. Packa

The wedding of Miss Donna Jane Rogers of Birmingham, Ala., daughter of Mr. and Mrs. W. H. Rogers of Cadiz and the late Mrs. Loris Rogers, to Joseph James Packa of Birmingham, son of Mr. and Mrs. Richard Packa of North Canton, Ohio, was solemnized on Saturday, Oct. 13, at 1:30 p.m., at Saint Paul's Cathedral in Birmingham.

The Rev. Brian Egan and the Rev. W. H. Rogers, Jr., brother of the bride, performed the double ring ceremony before the marble altar flanked by spiral candleabra and baskets of white roses and greenery.

Special music for the ceremony was by Robert Wideman who played the pipe organ. At the close of the ceremony the couple lit the unity candle and then each went to greet their parents and in-laws. They then returned to the altar kneeling for prayer.

Bride's Dress

The bride, escorted by her father, wore a full length gown of ivory organza which featured an empire waist, Queen Anne neckline, and bishop sleeves. The gown was trimmed in chantilly lace in rows from the neckline to the bottom of the skirt in the front and back. The skirt flowed to a chapel length train which was edged in matching chantilly lace. She wore an ivory Belgian lace mantilla.

Her only jewelry was a strand of cultured pearls which belonged to her mother. She carried a cascade bouquet of roses, baby's breath, and greenery tied with ribbons in love knots.

Mrs. Nell Evans of Murray, sister of the bride, was the matron of honor, and Miss Pam Joyner of Memphis, Tenn., was the bridesmaid. They were identically attired in full length gowns of pale blue crepe with pale blue floral caplets also of crepe, and each wore a comb with rosebuds and baby's breath in

their hair. They each carried a cascade bouquet of blue roses, baby's breath, and greenery.

Best man for the groom was Michael Ott of Sea Ranch, Cal. Ushers were Kyle Evans of Murray, nephew of the bride, and Allen Wayne Kniphof of Clanton, Ala. Mr. Evans also assisted the clergymen during the ceremony, and Mr. Kniphof served as the groomsman.

For her stepdaughter's wedding Mrs. Rogers chose to wear a beige knit full length gown with bone accessories. Mrs. Packa, mother of the groom, was attired in a full length gown of blue qiana with gold accessories. Both mothers wore corsages of orchids.

The couple is now at home in Birmingham where the bride is an assistant professor of nursing at the University of Alabama, and the groom is a national staff member and safety specialist in the American Red Cross Alabama Division.

Rehearsal Dinner

Following the rehearsal dinner was served at the bride-to-be's apartment for the wedding party and out-of-town guests at which time gifts were presented to the attendants.

Several prenuptial events were held honoring the couple including a tea held at the Fellowship House of the Grace Baptist Church, Murray, with Mrs. Leland Peeler, Mrs. Nell Evans, Mrs. Tommy Walker, Mrs. Buel Downey, and Mrs. Keith Downey as hostesses.

The 10 must be "immaculately groomed and properly dressed for all occasions," said Alfonso Caprio,

Carter was best-dressed man in American politics in 1977.

The other winners on this year's list included Burt Reynolds — films; Don Rickles — night clubs; Frank Sinatra — music, and Pittsburgh Steelers quarterback Terry Bradshaw — sports.

We've all heard people say, "Take care of number one first." This statement clearly establishes number one as ourselves. Yet we are taught from childhood to be selfless and considerate of others.

Two popular books of recent years, "I'm OK, You're OK"

and "Your Erroneous Zones" support the idea that self esteem and loving ourselves are prerequisites to all other relationships and good mental health.

There is another book that takes yet another point of view.

The Holy Bible. It points out that we are not "Number One."

God is. And to love our neighbor as ourselves implies that we must love ourselves as He loves us. Only then can we adequately love another.

This is one opinion or interpretation of how Christianity can help us understand life. At the Christian Church (Disciples of Christ) you can tell us how you feel about the Bible.

And guess what? We'll listen.

HERE'S HEALTH

By DR. BRYAN THACKER

In many of the cases that come to our attention, the patients are not sure that what they have is really a "back problem." Their backs do not hurt constantly, but only "catches" in some positions. Because of this, some feel that if they give it time, the condition will heal itself.

Most back pain is caused by mechanical defects in the spine...misalignment of spinal vertebrae. At first, there may be only an occasional "catch" with a change in posture but small defects develop into larger, more serious ones with continuous pain.

Only rarely will a spinal misalignment correct itself. Chiropractic can provide immediate relief. Phone us.

We've all heard people say, "Take care of number one first." This statement clearly establishes number one as ourselves. Yet we are taught from childhood to be selfless and considerate of others.

Two popular books of recent years, "I'm OK, You're OK" and "Your Erroneous Zones" support the idea that self esteem and loving ourselves are prerequisites to all other relationships and good mental health.

There is another book that takes yet another point of view. The Holy Bible. It points out that we are not "Number One." God is. And to love our neighbor as ourselves implies that we must

A Salute To Our Youth

In 1954, a North Carolina group of Optimists decided too much attention was being given to the negative acts of youth and too little attention to the vast majority of youth accepting fulfilling roles as responsible citizens. To bring about recognition of the positive actions and contributions of young people, Youth Appreciation Week was inaugurated.

Since its inception, this observance has grown to where it is now sponsored by Optimist clubs throughout North America. It has as its objective to publicize the fact that today's youth are not the selfish, lazy degenerates that too many adults fantasize.

The vast majority of youth is well informed, concerned, willing and interested in becoming involved in efforts to improve

our society. While the vitality and spirit of youth need the wisdom and experience of adults as support in efforts toward the successful achievement of their goals, it follows each adult has a responsibility to assist youth through the transitional stage toward adulthood.

It is indeed important that we give the needed recognition to deserving youth, but we must not become complacent and overlook the necessity for continued personal dedication and involvement with community improvement.

Youth Appreciation Week is a vehicle through which all adults and youth may work together for the good of all. We join with the Murray Optimist Club in saluting the youth of our community.

I went through my deceased husband's papers and found what looked to be four very old small pamphlets on VA benefits and programs. We called the VA Information Office here in our city and asked for all the new material they had on different benefits. They sent us the very same pamphlets. My brother said there was a book that explained all VA benefits. Do you know of such a book through the VA? — G.K.

Benefits for veterans and their families and facts on how to obtain them are described in the booklet, "Federal Benefits for Veterans and Dependents." While there are many other publications describing individual agency programs, this one gives an overall view of what is offered and is the place to start for people who have never used VA services.

The 71-page publication tells how to secure education and training, medical care, compensation, pension, G.I. loans and many other benefits.

The booklet also explains who is qualified for these benefits and lists all VA addresses and phone numbers, including the free long-distance numbers to VA regional offices. The Reign Of Love In The New Community

By H.C. Chiles

Ephesians 4:22-5:2

God requires His children to be right in their relationship with both Him and their fellowmen. In their relationship with others, believers in Christ are rightfully expected to practice and exemplify the Christian virtues in their daily living.

As God's informed children know so well, anyone whom Christ has saved as experienced a visible, admirable, thorough, and permanent change. He enjoys a peace and satisfaction that he never knew before. A Christian sees, thinks, feels, and acts differently from what he did prior to his salvation. Therefore, he is under obligation to put off the ways and habits of his former life.

Paul lists a number of carnal things that Christians should eliminate from their lives:

1. Put away lying. 4:25

When one becomes a child of God, he is to lay aside lying once for all. There is no place for a spoken or an acted falsehood in the life of any Christian. Every believer must be truthful in word and in deed.

2. Put away anger. 4:26

A Christian is commanded to refrain from cherishing anger and allowing it to smoulder in him. Anyone who harbors anger and bitterness does himself an irreparable injury, as well as hinders the progress of the Lord's work in which he is engaged.

3. Put away stealing. 4:28

If one has previously indulged in this sin, he must quit it entirely.

4. Put away corrupt speech. 4:29

A Christian is to refrain from vulgarity, profanity, and foul language of every sort.

5. Put away all that grieves the Holy Spirit. 4:30

By their unholy imaginations, impure thoughts, wrong attitudes, sinful words, and disobedient deeds, God's children sometimes cause the Holy Spirit acute pain or plunge Him into deep sorrow. He is grieved deeply when Christians neglect their spiritual duties, or ignore Him.

6. Put away all unkindness. 4:31

One cannot harm another without injuring himself and displeasing the Lord.

Paul also made it clear to his Christian readers, in Ephesians 5:12, that, inasmuch as they had undergone a tremendous transformation when they

became the children of God, they should manifest the difference by their manner of living. He admonished them to walk lovingly as they attempted to exemplify the fact that they had become the recipients of His nature and had an earnest longing to follow the example of His Son and their wonderful Saviour and Lord. Christians can enrich the lives of many people through following Christ faithfully in the pathway of genuine love for God and others.

The Story Of

Calloway County 1822-1976

By Dorothy and Kerby Jennings

Copyright, 1978

Not all of the diversification of county agricultural adventures shared the ultimate success of the milk company. Strawberry production and marketing peaked in the 1920's and collapsed in the early 1930's, although history should give an A for effort. If recollections are correct, two factors in Calloway contributed to the strawberry decline, weather and competition. Overproduction favored by excellent weather glutted the market with thousands of crates of the luscious fruit spoiling within two weeks, thus dropping the final curtain on a novel agricultural show.

The optimistic lush of the Roaring 20's prompted the city council to place on order a modern fire truck at a cost of \$8,750, capable of delivering 80 gallons of water from a booster tank to extinguish small blazes or contain a major fire until hose lines could be run into action. Another push-up for the city's future was the announcement construction would begin Aug. 9, 1929, on the Keys & Houston Clinic at the corner of North 5th Street at Walnut Street. Sponsoring medics were Dr. B. B. Keys and Dr. E. B. Houston. The medical organization had been operating on the second floor of the old Peoples Bank Building at the corner of Main and North 5th Street. The new hospital facility provided an extensive competitive health unit for the William Mason Memorial Hospital. The competition resulted in utmost care for patients, superior equipment and nominal expense, \$5 a day for private room and \$5 a day for a private nurse per 12 hour shift—a far cry from the bankrupting rates prevailing today. In addition, credit was extended without the slightest embarrassment to the most humble citizen without a dollar in his pockets.

Perhaps the hospital rates of the Roaring 20's were in harmony with tobacco sales averaging \$13.30 a hundred for the Jan. 29, 1929, season. Tobacco had to await the government program of 1933 for a more equitable guarantee for growers to subsist.

Value of annual physical

Lawrence E. Lamb, M.D.

DEAR DR. LAMB — It's about time for my annual physical examination. During the past year I've heard several reports that this is a useless exercise plus being expensive. I'm 51 years old and a male and don't have any medical problems that I know of. I get an annual physical because I want to stay in good health. I'm sure there are a lot of your readers who would like to know whether we're wasting our time and money with this effort.

DEAR READER — It depends on what you mean by an annual physical examination. In certain situations—entirely too many tests and perhaps some overly sophisticated tests are done too frequently. But the major causes of death and serious illnesses are often associated with changes that don't cause

increased by high blood pressure, which may cause no symptoms at all, and high cholesterol levels which you won't know about unless you have a blood test.

Some news accounts are of reports based on expense versus economic return. This really doesn't make any sense to the individual. As one physician said, "It's like saying you don't need the fire department because you haven't had any fires."

The incidence of heart attacks and strokes has significantly decreased in this country.

Many men in your age group drop dead from a heart attack. Their first symptom is when they drop dead. It's a little late to do an examination then.

We know full well that the risk of having a heart attack or a stroke is significantly

try in recent times. One reason is because of detection and control of high blood pressure in people who didn't even know they had it.

I'm sending you The Health Letter number 10-2, Your Valuable Medical Examination. It will answer a lot of these questions you and other people have about why they need an annual medical examination and, more specifically, what such an examination should include.

Other readers who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Did you know that the third most common cause of cancer deaths in men in this country is cancer of the prostate? Did you also know that only 6 percent

of the men in civilian life with cancer of the prostate survive but the survival rate from Walter Reed Army Hospital is 50 percent? Guess why? It's because the army series is from people who have regular medical examinations and the cancer is detected early enough to do something about it.

If you adopt the attitude that annual medical examinations aren't worth the cost, you might as well forget about preventing heart attacks, strokes and cancer—the major killers and causes of disease in our society today. So what if it costs you a little time and money and you never develop any of these serious illnesses? That's a small price to pay for the opportunity to either prevent such catastrophes or to be able to be cured if one of them occurs.

Season Ending Affair? Naw — Murray To Win By Two

By TONY WILSON
Ledger & Times Sports Editor

For the first time in 28 years, Murray State's season-ending game with Western Kentucky may NOT be a season-ending game. It will be if Murray loses, but if it wins, well, the Division I-AA playoffs selection committee have the say about that.

OVC PICKS

But one thing is for certain, the Racers must defeat the Hilltoppers in Bowling Green tomorrow in a game that starts at 1 p.m. to entertain any playoff hopes.

The Racers, 8-1, seek their third victory in four years over the Hilltoppers.

Last week's picks were last seen hightailing it for the border, because they certainly weren't worth much here. Only three of the six were called correctly, dropping the season's totals to 28-8, .778.

The final, and biggest, week:

Murray 16, Western Ky. 14 — There are plenty of ways Murray could win — or lose — tomorrow, but this corner looks for the Racers' defense to set the tone early.

If Western Kentucky quarterback John Hall has time to throw, the Racer secondary will be showered with passes. But a few timely sacks by the "Crunch Bunch" can take care of that.

Eastern Kentucky 20, Morehead 12 — Probably the toughest game to call because of Morehead's inconsistency. The same defense that held Western to three points gave up 16 to, gulp, James Madison.

Too, the Colonels have the incentive of still-alive hopes for a playoff berth, especially if Murray should stumble.

Tennessee Tech 28, Middle Tennessee 14 — As lackluster a matchup as the Ohio Valley Conference can offer. Both teams are winless in league play and Middle has yet to win anything.

Austin Peay 20, Mars Hill 10 — Austin Peay has bounced back well from its three straight early-season league losses and has a chance to finish 7-4 with a victory over its non-conference foe.

Eastern Illinois 28, Akron 20 — Unless Akron wins, coach Jim Dennison will suffer his first losing season. But Eastern Illinois, the defending Division II national champion, should do the trick.

Tennessee Trial:

By TONY WILSON
Ledger & Times Sports Editor

Both Henry County and Calloway County were trying to put two-and-two together in this early-season matchup, but the former school's coach, Elliott Kemp, was REALLY trying to patch things up.

After seeing his Tennessee team fall 61-51 in a first-round game of the Calloway County Invitational girls tournament last night, though, Kemp offered little excuse.

"The adjustment hasn't been as big a deal as I thought it would be," he said in reference to all Tennessee girls teams adjusting from their former rules. Before this season, each team was made up of three offensive and three defensive players. And neither group ever deviated from its assignment.

And prior to last night, Kemp had only one earlier game this season to prepare for Calloway, the defending First Region and Calloway Invitational champions.

The puzzle did fit well enough for Henry County to pull within four points with as little as six minutes left in the game, but Calloway, to no one's surprise, rode the performance of senior forward Mina Todd.

Todd, chosen all-Jackson Purchase and second-team all-state last season, showed no ill effects of a summer's layoff. She tossed in nine field goals and seven-of-nine free throws for a game-high 25 points.

With the triumph, the Lakers advance to tonight's semifinals. After Murray High plays Hickman County at

6:30, Calloway faces Symsonia, a 49-41 victor over Wingo in the other first-round game last night, at 8. The two winners will play for the championship tomorrow.

First-year Calloway Coach David Elliott was faced with a wait-and-see attitude about his team last night. And he liked what he saw.

"We had a lot of turnovers, but when it got late and we had to have some big plays, we got them," he said. To be exact, Henry County, which once trailed by as many as 11 points in the second half, edged within three at 41-38 with seven minutes left.

But Mina Todd banged in a 12-footer and Melissa Miller sank a layup to push the margin back to seven. Henry County's Connie McClain, though, accounted for three points on a layup and a free throw to cut that lead to four points.

Time out, Calloway.

"I wanted us to be a little more deliberate with the lead," Elliott said. "We were getting the ball out well on our offense, but we were rushing some shots."

Calloway didn't rush its next two. Center Kim Willie dropped in a layup and Todd popped in a baseline 18-footer for an eight-point margin. That burst, in effect, was enough to seal Henry County's fate.

The game was the first Kentucky high school contest Kemp had seen, and he had a specific point to make — namely, walking calls, or a lack of them.

"What killed us as much as anything was their getting away with all those traveling violations," he said. "I don't want to fault Calloway, because we were beaten by a fine

team. But the officials let them get away with walking a lot of the time."

Kemp then scratched his chin and reconsidered. "Or maybe that's the way Kentucky schools are allowed to do. I may just not be used to it."

Melissa Miller and Willie, who with Todd formed the Laker starting from line, accounted for 28 more points between them with outputs of 15 and 13, respectively.

McClain finished with 17 to lead Henry County, while guard Lola Williams added 12.

"Part of the pleasure of coaching is that first game — if things go right," Elliott says. "Certainly everything wasn't right for us, but we did show a lot of poise late in the game."

Sedalia 49, Wingo 41

Four of Wingo's five starters were gone with five fouls before the error-plagued game ended, and the two teams between them committed 59 fouls, shot 77 free throws and put an undetermined number of people asleep with the performance.

After Sedalia assumed its biggest lead at 45-35 with five minutes left, both teams accounted for just three field goals thereafter. The rest of the time was spent strolling up and down the floor to the free-throw line.

The totals found double-figure scorers in Sedalia's Penny Wray (14), JoJo Harris (13), Debbie Darnell (12) and in Wingo's Dorris Hussey (19) and Penny Clapp (14).

Calloway 61 — Todd 9-7-9-125; Miller 5-4-4-15; Willie 5-3-6-13; Overby 2-2-2-46; Hoke 1-0-1-2; Lamb 0-0-1-0.

UK-Duke Matchup To Be Official College Opener

By DICK BRAUDE
AP Sports Writer

SPRINGFIELD, Mass. — The college basketball season begins Saturday, earlier than ever, with a New England matchup of southern rivals who last met for the NCAA title.

Kentucky, ranked second in the nation, and Duke, No. 3, in The Associated Press preseason poll, play the first annual TipOff Classic here in a showdown to benefit the Basketball Hall of Fame. The pairing is a rematch of the 1978 NCAA final, won by Kentucky.

The 1 p.m. EST game at the Springfield Civic Center will be part of the teams' won-lost records but it won't count towards the maximum number of regular season contests allowed by the NCAA.

Traditionally, the first college games are played shortly after Thanksgiving. The TipOff game, however, has been approved by the NCAA as the official opener.

Duke has five of its six top players back from last season. Center Mike Gminski is the squad's key man, but the Blue Devils also have junior forwards Gene Banks and Kenny

Dennard. Both have been two-year starters.

Duke was 22-8 last season, ranked seventh in the nation. But Coach Bill Foster's Atlantic Coast Conference powerhouse has been smar�ing because of its prompt elimination from the NCAA tournament. After a bye in the first round, Duke was dispatched by St. Johns.

Kentucky was unranked at the end of the 1978-79 season and finished with a 19-12 record after its 1978 national championship.

But the Wildcats, who made a one-game appearance in the National Invitation Tournament, won 13 of their last 18 games and finished second in the Southeastern Conference tourney.

Coach Joe B. Hall spent the spring snapping up top high school prospects, getting five highly-regarded freshmen topped by 7-foot-1 center Sam Bowie.

Mixing with the youngsters will be such veterans as star guard Kyle Macy, who led Kentucky with a 15.2 scoring average last season.

Hall says the opener "will give us an opportunity to establish our credibility... This is the most athletic group I've ever had."

Big Bowl People Will Have Georgia On Their Minds

By the Associated Press

A lot of people connected with college football's bowl games will have Georgia on their minds Saturday.

The unranked Bulldogs, with an untidy 5-4 overall record—but a tidy 5-0 in the Southeastern Conference—can clinch a berth in the Sugar Bowl by defeating 15th-ranked Auburn.

If Georgia wins, and top-ranked Alabama beats Auburn Dec. 1, the Bulldogs and Crimson Tide would finish in a tie for the SEC title with 6-0 records. But Georgia would get the coveted Sugar Bowl spot because Alabama went last season as the league representative.

However, if Auburn beats Georgia, then the Sugar Bowl would have to wait for the Alabama-Auburn result. If Alabama wins or ties that game, then the Tide would go to New Orleans for the New Year's Day bowl game.

But if Auburn—which is on NCAA probation and ineligible for bowl participation—also beats Alabama, then Georgia would back into the Sugar Bowl, and the Crimson Tide might get shut out of a bowl altogether because by that late date, all the major pairings would be completed.

Alabama, sporting the nation's longest winning streak (18 games) and winners of 47 in a row at home, faces non-conference opponent Miami of Florida Saturday at Tuscaloosa.

"It is the opportunity of a lifetime," Miami Coach Howard Schnellenberger said about playing the nation's No. 1 team and trying to beat Bear Bryant, his former coach in college and the man he once served under as an assistant.

Bryant said he was wary of the Hurricanes despite their 4-4 record, including a 26-10 upset over Penn State two weeks ago.

"Any time you win at Penn State, and they won going away, you have done something," Bryant said.

Saturday at 6 p.m. is the time when bowl invitations can be extended officially, and many of the choice spots will be filled then.

One bowl not worried about its matchup is the Rose. No. 4 Southern California, idle Saturday, will be the host team for the 10th time in the past 14 years if it beats UCLA next week. The other Rose Bowl participant will be either second-ranked Ohio State or No. 13 Michigan. The two Big Ten powerhouses meet Saturday at Ann Arbor, Mich.

Both coaches, Earle Bruce of Ohio State and Bo Schembechler of Michigan, agree that the game will hinge on defense.

"The defenses will be strong on both teams," said Schembechler.

"It's been three years since we've beaten Michigan," noted Bruce, in his first year as Ohio State coach after succeeding the controversial Woody Hayes, "three years since we scored a touchdown on them."

Penny Overby (right) found her path blocked by Henry County, Tenn., High School's Connie McClain during last night's game in the Callaway County Invitational basketball tournament. Overby and her Callaway teammates won to advance to tonight's semifinals.

Ryan To Join Forces With Fellow Flamethrower J.R.? It's Probable

By the Associated Press

HOUSTON — The Houston Astros will own two of the strongest right arms in the major leagues if Nolan Ryan joins the Glasshouse Gang, a possibility that seems to have become a probability.

Houston, which already owns the intimidating fastball of last year's major league strikeout king, J.R. Richard, was one of 12 clubs to select Ryan in the recent free agent draft.

Other serious contenders reportedly were the New York Yankees, Texas Rangers and Milwaukee Brewers.

Although no one on either side was saying much Thursday, all indications were that the 32-year-old pitcher plans to sign a four-year Astros contract for \$4 million-plus.

And Ryan, who grew up on schoolboy

diamonds 26 miles from the Astrodome, said from his hometown of Alvin that he had chosen the team he would join. But he wouldn't say which one.

"I'll let the club make its own announcement," he said. "But I've made up my mind, you can say that."

When Ryan's agent, Dick Moss, was asked in New York if the fireballing free agent had signed with the Astros, however, he said, "I can't deny the obvious."

But Moss also said he and Ryan felt a "duty to let the club involved make its announcement the way it wants to make it, and when it wants to make it."

When Ryan declared his freeagent status, he said the nearness of the Astrodome to Alvin was an important consideration for him.

"Houston has everything in its power to sign me," he said.

The Houston Post reported Thursday that the formal contract signing would be held Monday, but Astros owner John McMullen and Manager Bill Virdon, said they knew of no such plans.

LOS ANGELES — Dave Goltz, the newest Los Angeles Dodger, is also now apparently the highest-paid Los Angeles Dodger.

With a six-year contract reportedly worth some \$500,000 a year, the free agent pitcher with 96-79 career record will make more than such Dodger stalwarts as Steve Garvey, Davey Lopes, Ron Cey and Reggie Smith.

Fitzsimmons Is Singing Praises Of Rookie As King Leads Kings

By ALEX SACHARE

AP Sports Writer

Kansas City Coach Cotton Fitzsimmons, who had a Rookie of the Year last season in Phil Ford, thinks he's got another fine freshman this year in Reggie King.

NBA ROUNDUP

"Someday we'll be able to send him out bear-hunting with a switch," Fitzsimmons said of the muscular young forward. "I think we got us a good one. I can't believe he was still available on the 18th pick."

Even though they didn't get to pick until late in the first round, Kansas City was still able to get the rebounding forward it was hoping for in the 6-foot-6 King, from Alabama. And he's already paying dividends.

King hauled down four defensive

rebounds in the last two minutes Thursday night to help Kansas City defeat the Los Angeles Lakers 114-108.

Ford provided the offense, scoring 34 points for the second game in a row.

In other NBA games Thursday night, the San Antonio Spurs outscored the New York Knicks 136-132 and the Golden State Warriors beat the Denver Nuggets 120-102.

The Lakers, who had a three-game winning streak snapped and lost for just the third time in 13 starts, led throughout the first half and held a 61-52 advantage at intermission.

But the Kings closed the gap in the third period and played the Lakers even for most of the fourth quarter before going ahead to stay 107-106 on a free throw by King. Baskets by Ford and Scott Wedman, one free throw by King and two foul shots by Ford kept the Kings on top.

"The second half we went out and started playing aggressive defense,"

said Ford. "And Reggie did a good job on the boards."

"In college I scored a lot of points but I was mostly a rebounder," said King. "This was my best game rebounding as a pro."

Kansas City has now beaten Philadelphia and Los Angeles, following a six-game losing streak. "I think this gives us a lift, beating two of the top teams in the league," said King.

Spurs 136, Knicks 132 — George Gervin scored 33 points and Larry Kenon broke out of a slump with 29 points and 12 rebounds as San Antonio handed New York its fourth consecutive loss.

The Spurs, who hit 52 percent of their field goal attempts, outscored the Knicks 18-5 to build a 103-90 lead and coasted home. The Knicks made the final score close by scoring the game's last eight points after the outcome was decided.

Bucking The Edge

NFC To Beat AFC, At Least This Weekend

By HAL BOCK

AP Sports Writer

Everybody knows that when they go head-to-head, American Football Conference teams hold a distinct edge over their cousins from the National Conference.

NFL PICKS

The margin is 26-10 for the season and the AFC needs just one more victory to clinch the 52-game series for the sixth straight year. Ignoring that evidence, however, the Pro Picker offers a couple of NFC-

over-AFC upsets this week,

picking Chicago over the New York Jets and New Orleans over Seattle. As usual, no guarantees, just hunches. But you knew that already, didn't you?

Last week's 9-5 made the season's record 95-57 for .625.

The picks:

CHICAGO 24, NY JETS 20: Bears are hot with three straight victories and have discovered that Mike Phipps' arm can gain yards almost as regularly as Walter Payton's legs.

MIAMI 19, CLEVELAND

17: Dolphin defense makes the difference here.

NEW ORLEANS 31, SEATTLE 24: Chuck Muncie and Archie Manning give the

Saints too much respect for that Seahawk defense.

PITTSBURGH 20, SAN DIEGO 14: Terry Bradshaw says the Steelers were seconde-rate last week. Their second rate is better than most teams' first rate.

WASHINGTON 23, DALLAS

21: The Cowboys' midyear dip lasts another week and it will cost Dallas sole possession of the NFC East lead.

MIAMI 19, CLEVELAND

17: Dolphin defense makes the difference here.

NEW YORK GIANTS 21, TAMPA BAY 17: Confidence builds every week for Phil Simms.

OAKLAND 30, KANSAS CITY 14: Chiefs are in a spin and the defense is starting to show signs of wear and tear.

NEW ENGLAND 23, BALTIMORE 21: Colts won the first meeting in Baltimore.

BUFFALO 27, GREEN BAY

21: With quarterback Joe Ferguson calling his own plays for the Bills, the AFC's NFC formula works here.

DENVER 34, SAN FRANCISCO 10: ...and here, too, as the Broncos dominate the defenseless 49ers.

HOUSTON 24, CINCINNATI

21: The difference could be a Tom Fritsch field goal as it is often for the Oilers.

PHILADELPHIA 21, ST. LOUIS 13: A matchup of 1,000-yard rushers with Wilbert Montgomery of the Eagles against Ottis Anderson of the Cardinals.

MINNESOTA 17, DETROIT

14: Vikings have fallen on hard times, but not as hard as the Lions.

Home Given To Exotic Animals

By NANCY SHULINS
Associated Press Writer
PATRONVILLE, Ind. (AP)

Jeanne Ellis' cozy homestead has sheltered more than a dozen exotic creatures over the years, including a lion "who'd follow me anywhere" and a mockingbird known as the village drunk.

"I never turn anything down — not even the snakes," said the gray-haired woman. In a voice that's a cross between a bark and a growl, she speaks with affection of all wild things.

Besides, Mrs. Ellis, has faced far bigger problems — like how to cool the ardor of a love-starved possum and how to papertrain a pig.

These days, she shares her home with a ferret that has taken a shine to a warm kitchen drawer. The living room walls are covered with photos

Bazaar Planned By The Bethel Women

The Bethel United Methodist Church Women will have a bazaar on Saturday, Nov. 17, from 8 a.m. to 5 p.m. at the American Legion Hall.

Items to be featured at the bazaar include homemade quilts, afghans, pillows, Christmas decorations, home canned fruits and vegetables, baked goods, and white elephant pieces, according to a church spokesman who

of Charles Herbert, ferret No. 1, and with blue ribbons won by the show dogs Mrs. Ellis has owned.

Along with the ferrets, and the dogs that live in her Humble Acres Kennel out back, there have been three raccoons, a lion and a pig; a mockingbird known as the village drunk.

Many were rescued, some were delivered, and a few were purchased for nominal fees from owners whose methods Mrs. Ellis disapproved.

"Congo the lion was given to me by the Mesker Zoo in Evansville. Her 18-month assignment — to tame him so he could be led on a leash — was successful. But the happy liaison ended in tragedy.

Back at the zoo, Congo was unable to adjust to being behind bars, and eventually, he was put to sleep. More than a decade later, Mrs. Ellis still grieves. But she says she learned long ago that wildlife does not always end happily.

"I've been at it all my life ... My animals took the place of playmates," Mrs. Ellis said, and that hasn't changed.

She still prefers the company of animals to that of

objection: critics said the show discouraged development of a child's attention span. "It is my fixed belief," says Ms. Cooney, 49, CTW's president since 1970, that children live in a television environment, and if "Laugh-In" is the most popular show of the day — as it was when we began — then had better realize that and adapt yourself to it.

"Then things slowed down, and 'Sesame Street' slowed down with them," she says. "Our pacing is slower now, and the segments are longer. When we started, our researchers said 2-year-olds could take a half-hour of the program. Now they say the same age group can watch the full hour."

An Arizona native, Ms. Cooney has worked as a newspaper reporter, a TV publicist, a public television documentarian and a consultant on preschool education and TV for the Carnegie Corp. In 1967 she helped found CTW to produce "Sesame Street."

"I think we've all lived it so utterly intensely over the years," says Ms. Cooney, "that today it's hard to separate my personal life from my work life, and I don't try."

CTW helps support "Sesame Street" and its other projects through the sale of toys and other materials inspired by the program.

In 1969, the show was produced for \$6.9 million, all of it from grants and public funding. The budget for its upcoming season is \$8.3 million. Almost half — \$3.9 million — is CTW-generated from sale of its "Sesame Street" products. "On balance," says Ms. Cooney, "I would say the financial atmosphere for us is worse than it was in the late '60s, when there was a good deal of emphasis on education, especially of those children of impoverished circumstances."

"Vietnam and, now, inflation, have changed the program's approach," says Ms. Cooney. "The curriculum has broadened to include such concepts as health, cultural diversity, bilingual skills and, recently, women's roles and ecology."

MSU Faculty To Conduct Free Piano Workshop

Three members of the piano faculty at Murray State University will conduct a free Piano Workshop on the campus for students in grades nine through 12 and their teachers on Saturday, Nov. 17.

Sponsored by the Department of Music at Murray State, the workshop will include instruction by Dr. Judith Lippman, Dr. James McKeever, and Marie Taylor.

Three workshop sessions are scheduled in the Farrell Recital Hall of the Price Doyle Fine Arts Center — at 11 a.m. and at 1:30 and 3 p.m.

The sessions have been designed to inform students about piano study at the college level, to provide an opportunity for learning, and to present performances by Murray State faculty and students.

THANKSGIVING

The Importance of Thanksgiving

Why do we have a national day of Thanksgiving? Why did our forefathers think it important to set aside a special day to thank God for our many blessings? Perhaps the contrast between the degree of political and religious freedom was still fresh in the minds of these early settlers. They felt a particular gratitude to God for leading them to this land of freedom and plenty.

Over the years, Thanksgiving may have lost some of its original significance. Now it has become a time for families to meet, to feast on turkey and to watch football games on television. This year would be a good time to review the history of our national day of thanks. It will provide a renewed significance for you and your family to celebrate.
