## ONE DAY SALE OF DARK FIRED AVERAGES \$23.28

### Leaf Market Opens In Murray After One Week Holiday

Cecil Thurman, secretary of the A. G. Outland Tobacco Company, revealed this morning that the one day sale on the local market following the recent holiday brought an average of \$23.28.

The five Murray floors sold 545,750 pounds yesterday for a total of \$127,074.75.

The season's average for the sales prior to the holiday was \$24.45.

The Murray market suspended sales from February 3 to Wednesday, February 12, and growers were urged to keep their leaf away from the floors during that time. Delivery was resumed Tuesday of this week.

The only sale of last week, Monday, brought the growers an average of \$23.77 for 746,445 pounds of dark fired leaf.

Tobacco sales in Murray during the 1947 season have indicated that the totals in sales, pounds and averages will continue to lead all other markets in the Western District, tobaccoists say.

Yesterday's average was \$1.17 below the previous season average of \$24.45.

Methodist Students  
To Conduct Service  
At Church Sunday

Methodist college and high school students will observe World Student Christian Federation Day of Prayer Sunday evening, February 16, when they conduct the regular 7 o'clock worship service at the First Methodist Church.

The morning choir will participate in the program. Students will have charge of the entire service. The front center section of the church is reserved for students.

The World Student Christian Federation is an international organization of Christian students. The day of prayer will be observed throughout the world by members of the 35 national student movements which compose the federation.

An offering will be taken for the W.S.C.F. emergency budget for reconstruction of student Christian movements and aid for pioneering movements in Latin America and West Africa.

Murray Women Will  
Observe World Day  
Of Prayer Tomorrow

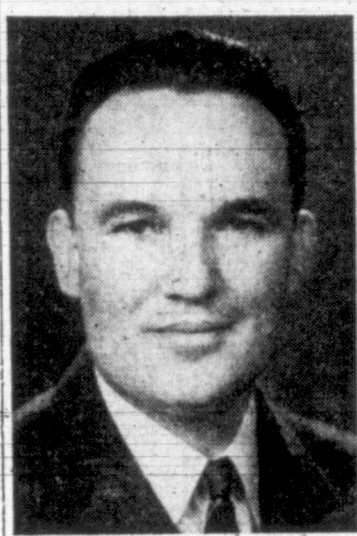

The annual World Day of Prayer program will be presented by the church women of Murray on Friday, February 21, at the First Methodist Church at 2 p.m.

The theme, "Love in the Desert: A Highway For Our God," was prepared by Mrs. Isabel Caley, a native of India and member of the staff of Ewing Christian College, Alhambra.

The idea of a world day of prayer originated 60 years ago when Mrs. Darwin James, president of the Presbyterian Women's Home Missionary Society, called together its members to pray for their own national work. In 1927 it became the world day of prayer and is now observed in more than 60 countries.

The women of Murray began the observance in 1940 when the Methodist group had the prayer service. The next year, other churches joined and the day has become an annual event on the calendar of women's activities.

## Hazel Preacher

Dr. Clyde Francisco

Dr. Clyde Francisco, teacher in the Old Testament department of Southern Baptist Theological Seminary, will preach at the Hazel Baptist Church each evening at 7:15, Friday, February 14, through Sunday, February 16. Services will also be held Saturday morning at 10:45 and Sunday morning at 11 o'clock.

Rev. Francisco is noted for his scholarship and sane, spiritual interpretation of the scriptures.

Rev. H. F. Paschall, pastor of the church, has invited the public to attend these services.

## Rev. Francis Broome To Conduct Mission At St. Leo's Church

The Rev. J. W. Saffer, pastor of St. Leo's Catholic Church, announced that Rev. Francis Broome, of the Paulist Fathers at Winchester, Tenn., will conduct a mission beginning Sunday, February 16, at 10:00 o'clock and continuing until Thursday, February 20. Before joining the Winchester Mission, Father Broome was the Catholic Chaplain to the students at the University of Minnesota. The mission will include a course of lectures on religion and questions will be answered at each evening service.

Not only members of the parish but also their friends and neighbors are cordially invited to attend. The question box may be used by all who attend the mission service. In addition to the evening services there will be a mission Mass at 7:00 a.m. each morning followed by a short instruction.

All services will be conducted in a non-controversial manner. Father Broome stated in arranging this series of lectures, "We respect the sincerity of all Americans, whether of our faith or not. Our object in this series is to get forth in a clear understanding way the position of the Catholic Church, especially in these days when so many are asking as did Paul: 'Lord, what wilt thou have me to do?'"

## Society

Mrs. H. I. Sledd, society editor, will not be in Murray during the month of February.

All society items may be placed with the Ledger and Times office.

## 431 Attend Annual Meeting Of Soil Association at College

The Little Auditorium at Murray State College was a scene of activity Monday as 431 farmers and farm women met for the Sixth Annual Meeting of the Calloway County Soil Improvement Association.

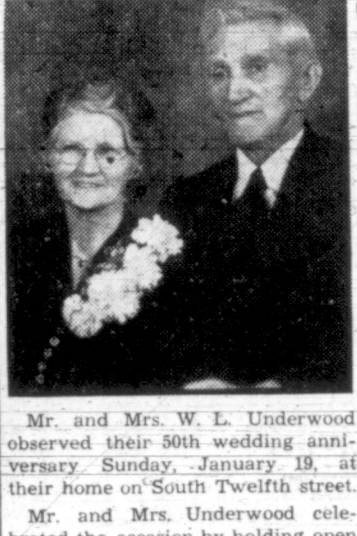

B. W. Edmonds, chairman of the local association, presided over the meeting. Invocation was given by Rev. Henry Higgs of Murray, after which the group engaged in community singing.

After a welcoming address by Dean W. G. Nash, Murray State College, the annual report of the Association for 1946 was given by Robert Perry, manager, John Lassiter, a well-known young farmer now enrolled in the Veterans Farm Training Program, spoke on the subject, "A Young Farmer Appreciates His Cooperative."

## Four Are Elected

Four farmers were elected by the members present to serve on the Board of Directors. Elected were: Ellis Ross Paschall, Hazel community; Goebel Roberts, Almo community; Bill Edd Hefford, Concord community; and Alvis E. Jones, Lynn Grove community. All four were elected for a term of three years except Alvis E. Jones, who was elected for two years. The other members of the board of directors whose terms have not ex-

## FOUR FIRES ARE REPORTED HERE

Estimated Damage Of \$3000 Is Highest In Four Residence Blazes

The Murray Fire Department answered four alarms for dwelling house fires last week—chief Ogleby announced yesterday.

On Friday, February 7, fire struck the St. John residence at Sixth and Vine streets causing an estimated damage of \$1000 to \$1500. The fire was caused by a faulty kerosene burner.

The home of Edgar Boggs, Concord highway, suffered slight damage on Saturday from a fire blamed to an overheated stove.

Faulty wiring was credited with a blaze which broke out in a residence at the corner of Main and Second streets on Sunday. Damage to the building was placed at \$3000 and reports said the contents were a total loss. The building owned by Margaret Morris, was being occupied by Ivan Outland and E. Miller.

On Monday, an overheated stove caused a fire in a warehouse at the home of R. B. Langston, South Eighth street. Slight damage was reported.

In addition to the above, the fire department answered calls to fight three grass fires and one blaze caused by a high tension line.

## Calloway County Boy Scout Drive To Start February 18

The Murray Boy Scout drive, scheduled to run from Tuesday, February 18, to Saturday, February 22, will get underway with a kick-off breakfast at the Murray Woman's Club house on Tuesday morning at 7 o'clock. Rev. Carlyle Marney, pastor of the Immanuel Baptist Church, Paducah, will be the speaker.

A challenge, to all residents of Murray and Calloway County to help put over the scout drive will be made as the campaign begins.

Harry I. Sledd, chairman of the Happy Valley District, has pointed out that most of the families in the county have either a son or daughter which benefit from the training received from scout training during the ages 12 to 15. The scouts are glad to have Calloway boys start in the Cub program, Sledd said. The Cub program is fortunate in having some eight Den Mothers who give their time to see that the young boys have a well supervised place to meet. They open their homes for meetings and see that they have numerous outings during the summer months.

During the week, February 18, to 22, the local scout committees will ask that the people of Calloway aid this organization by helping them obtain the funds necessary for the carrying out of this program.

At present there are Boy Scout troops in Hazel, Almo, Kiersey, New Concord, Lynn Grove and Murray.

Sledd has further pointed out that the national increase in juvenile delinquency has had no boost in Calloway County. Many crimes committed by young boys could have been prevented, he stated, "if this particular boy had been under the supervision of some Den Mother or Scoutmaster."

When these boys take the Scout Oath they pledge:

"On my honor, I will do my best, to do my duty to God and my country; and obey the scout laws; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight."

This is a strong pledge, Sledd said, but the boys try to live up to it.

The following will take part in the drive during Boy Scout week, February 18-22:

TEAM—Van Barnett, Maurice Crass, Ty Holland, Tom McElrath, Robert Smith.

TEAM—Carney Hendon, Joe Pace, T. H. Mullins Jr., Roy Farmer, William Jeffrey.

Dr. Orvis C. Wells, Murray optometrist, was recently elected to membership in Beta Sigma Kappa, international honorary fraternity of the profession of Optometry, with headquarters in Chicago, Ill.

Dr. Wells is a graduate of the Northern Illinois College of Optometry, Chicago, and a member of the American Optometric Association, the American Academy of Optometry, the Kentucky Association of Optometrists and the Optometric Extension Program. He is a Refractor and a member of the Council of the Boy Scouts of America.

The membership of Beta Sigma Kappa is comprised of optometrists, ophthalmologists and physicians of high professional standing.

## High Sales Lady

Miss Hilda Galloway, 47 Girl Scout calendars in a recent sales campaign sponsored by the Murray Girl Scout Association and won the prize offered by the local organization.

Miss Galloway, 44 years of age and the daughter of Mr. and Mrs. Harding Galloway, 1637 West Main street, is in the eighth grade. She is a student of the Murray Training School.

Miss Galloway is an outstanding member of her Scout troop. Her leader, Mrs. Keith Kelley, says that she is enthusiastic, cooperative and regular in attendance. Her troop meets at the Training School each Monday afternoon.

Miss Galloway has other interests. According to her mother, who was formerly Miss Hattie Lee Farmer, Hilda is interested in music. She plays the piano and doesn't have to be persuaded to practice. She is a member of the school orchestra and plays the violin.

Hilda was a bit disappointed in the recent calendar sales, her mother stated. She had wanted to sell 50 calendars. She fell three short of that number.

## Officials Say Country Doctor Fund Shaping Up

The first contribution to the Calloway County Rural Medical Scholarship Fund has been received, according to officials of the committee. The Calloway County Farm Bureau met its quota of \$300 to start the drive to establish a "country" physician at Murray for a future year.

Officials predicted that other quotas would be met within the week.

The Calloway organization, headed by Dr. Ralph H. Woods, president of Murray State College, has outlined a series of quotas to bring about the raising of the fund.

Participating in the drive are civic organizations, county and city schools, agricultural groups, business firms and veterans organizations.

Other members of the local executive committee selected by the state officers are A. G. Gibson, R. L. Wade, Wells Overbey, Miss Ella Welhing, Rudy Henderson, S. V. Foy, Luther Robertson, Wildy Berry and Frank A. Stubblefield.

Max Hurt has been elected treasurer of the group.

Overall plans for the scholarship were laid at the initial meeting of the group last week.

## L. R. Melugin Gets Navy Appointment

Lee Ross Melugin, son of Mr. and Mrs. Noel Melugin, 710 Olive, has received an appointment as Cadet-Midshipman in the Merchant Marine Corps and left Murray to enter training on Tuesday, February 4.

Lee Ross was put on the eligible list last October when he satisfactorily passed the scholastic test given in Chicago. In December he was notified to take a physical examination in Cincinnati. His next communication came as a surprise, when in January, he was assigned to Cadet School at Pass Christian, Miss., and received appointment as Cadet-Midshipman in the U. S. Naval Reserve.

An outstanding student at Murray High School, Lee Ross was president of his class throughout his four years at Murray High and was regular fullback on last season's West Kentucky Conference championship team.

At present he expects to return at commencement and receive his diploma from Murray High with the rest of his class.

## President Calls For National Conference On Fire Prevention To Curb Loss of Life

Faced with an average annual toll of 10,000 deaths from fire, together with property loss which exceeded \$500,000,000 in 1946, President Truman is sponsoring a nationwide effort to cope with the fire menace.

The President's Conference on Fire Prevention is now past the formative stage and a volunteer staff is at work preparing for the meeting, which will be held May 6-8 in the Departmental Auditorium in Washington.

Representatives of municipal and State governments, Federal agencies, and of non-official organizations with a basic interest in fire prevention have been organized into a coordinating committee to draft an agenda for the conference and to appoint committees which will prepare recommendations to be submitted to the conference as a whole.

Especially because of his past experience as chairman of the President's Highway Safety Conference, President Truman has appointed Major General Philip B. Fleming, Federal Works Administrator and Administrator of the Office of Temporary Controls, to be general chairman of the fire prevention conference. W. E. Reynolds, Commissioner of Public Buildings, Federal Works Agency, has been named chairman of the Coordinating Committee and A. Bruce Bricker, assistant general manager of the National Board of Fire Underwriters, has been named executive director.

The action program adopted at the President's Highway Safety Conference is being increasingly applied throughout the country.

General Fleming said, "and the toll of traffic fatalities to miles driven has been greatly reduced. I am confident the same sort of concerted effort will drastically reduce fires which during the last decade, have resulted in an average of 10,000 deaths a year."

### Toll Is Appalling

The fire toll has been rising since 1934 and 1946 was the most destructive year in our recent history with a property loss of \$561,487,000. This was 23 per cent greater than in 1945. December, 1946, showed the heaviest fire loss for any single month in the last 16 years, \$58,094,000. This unnecessary, appalling waste of lives and property can be reduced by an all-out nationwide effort.

"The Highway Safety Conference found that education, enforcement and engineering are the keys to highway safety. I believe these three E's also are the keys to fire prevention. We need widespread education in methods of fire prevention and control, more adequate laws and their rigid enforcement, and better engineering to make buildings fire resistant."

A staff under Commissioner Reynolds' direction, with offices in the Federal Works Agency Building, will handle details relating to the conference. Invitations will be sent to governors, mayors and city managers, State fire marshals and municipal fire chiefs, and law enforcement officials, and to representatives of non-official organizations working in the fire prevention field.

Committees will be appointed to make advance studies of special as-

pects of the fire prevention problem, including enforcement, law revision, building codes, inspection, fire-fighting services, education and publicity, and to draft recommendations for the conference. General Fleming said:

### 2,000 Expected To Attend

More than 2,000 delegates are expected to attend the conference, representing Federal departments, State, county and municipal governments and business and civic organizations with a basic interest in the fire prevention problem.

The conference will be in session for three days during which it is hoped, a coordinated program will be formulated that will revitalize the national effort to reduce death and financial loss from fire.

Members of the Coordinating Committee appointed to draft plans and policies for the conference met with President Truman at the White House on January 28, 1947, for a preliminary discussion. They are:

O. J. Arnold, president, Northwestern National Life Insurance Company, Minneapolis; Frank Bone, executive director, Council of State Government, Chicago; Paul Bettner, executive secretary, United States Conference of Mayors, Washington; D. C. Erickson, president, Ernest W. Brown, Inc., attorney and manager, Associated Recreational Exchanges, New York; A. Christensen, president, National Fire Protection Association, Springfield, Ill.; Ned H. Dearborn, president, National Safety Council, Chicago; Charles A. Delaney, president, International Association of Fire Chiefs, Lakewood, Ohio; Robert E. Dieen, president, National Association of Insurance Commissioners, Albany, New York; Jas. R. Edwards, Jr., president, American Institute of Architects, Washington; D. C. Wallace J. Folwey, chairman, Advisory Committee, National Conservation Bureau, New York; Hovey T. Freeman, president, Manufacturers Mutual Fire Insurance Company, Providence.

Also A. V. Gruhn, general manager, American Mutual Alliance, Chicago; W. K. Jackson, president, Chamber of Commerce of the United States, Washington; D. C. Leroy A. Lincoln, president, Metropolitan Life Insurance Company, New York; W. E. Mallahan, general manager, National Board of Fire Underwriters, New York; Earl D. Maloney, executive director, The American Municipal Association, Chicago; James H. Mooney, president, Building Officials Conference of America, Boston; James H. Park, president, Pacific Coast Building Officials Conference, Compton, Calif.; Curtis W. Pierce, president, National Fire Protection Association, New York; George J. Richardson, secretary and treasurer, International Association of Fire-Fighters, Washington; D. C. Mc. Pearl Wainmaker, president, National Education Association.

## Wickliffe Falls To Concord 48-41

New Concord High School's Redbirds served notice of trouble in the district playoffs by cracking a highly regarded Wickliffe quintet 48-41 on the Redbird floor Friday night.

Wickliffe, winner of the Paducah JCC Invitational and Purchase winner over St. Joseph of Owensboro last Wednesday, found its own foulhouse attack left at the post as Coach Curd's squad saddled the visitors with a 17-3 deficit in the first quarter.

J. B. Bell ripped the nets for 19 points to gain scoring honors. Anderson was high for Wickliffe with 14.

The Blue Tigers threatened to come back in the third frame after trailing 29-14 at the half, but the Redbirds stepped up the pace to win going away.

The victory was revenge for the Redbirds as Wickliffe had handed the Concordians with one of their two losses of the season, early in regular play.

Subs: New Concord—T. Winchester, Wickliffe—Arinam 4, Stewart 6, and Bardsley 1.

Score by quarters: New Concord 17, 29, 36, 48; Wickliffe 3, 14, 24, 41.

## Army Wants You

NAVY RECRUITER, Union City, Tenn.—Attention veterans of World War II, ex-veterans of World War I. Have you investigated the new Naval Reserve Program to see what it has to offer? Well, it's like this: Members of the V-6 Volunteer Naval Reserve go about their regular civilian jobs, yet enjoy important benefits. For instance, they are steadily building up longevity which will increase their pay if they are ever called back to active duty during a future national emergency, and remember you can only be called back in a national emergency.

For full information see your local naval recruiting office, Union City, Tenn., open until 8:00 p.m. each evening.

## Henderson Defeats Tigers By 49-43 in WKC Meet

All-Tourney Lists Slaughter And Furgerson

Murray High's hardwood Tigers fell before an underdog Henderson quintet 49-43 in the finals of the West Kentucky Conference tournament Saturday night to shatter Tiger hopes of lifting the pigskin and cage crown in the same year. Led by "Shorty" Jamerson with 16 markers, the Purple Flash held the Tigers in check throughout the tussle. The Tigers managed a 30-29 tie at one stage of the game but Jamerson quickly put the Flash back in the lead.

Kenneth Slaughter, Murray center, and Billy Furgerson, guard, were named to the all tournament team. Murray gained the finals by downing Bowling Green 42-29 and lashing Madisonville 43-32.

## Six Calloway County College Students Are In Dramatic Production Tonight

Wilma Lovins

Six students of Murray State College from Calloway County will take part in the production of Thornton, Wilder's play, "Our Town," to be presented at the college auditorium tonight and tomorrow night at 8:15.

The cast includes, Wilma Lovins, in the role of Mrs. Webb; Jackie Robertson and James Glasgow, in minor roles; Betty Jean Carraway, lighting technician; Bill Shelton, assistant stage manager, all of Murray; and Barkley Jones, Lynn Grove, as Editor Webb.

Wilma Lovins, daughter of Mr. and Mrs. Otis Lovins of Route 5, is playing a leading role in the production, that of Mrs. Webb of Groves Corners. This 18 year old freshman is a graduate of Murray High School in the class of 1946 and appeared in "Tom Boy," "Swing Fever" and "Show Boat," dramatic productions of the high school.

Graduating in the upper third of her class, she was a member of the National Forensic League and as a student in the college is taking an English area with a minor in dramatics.

Miss Lovins was cast in the play "Lilium" which was presented earlier in the season by Sock and Buskin, dramatics club at the college. Commenting on the play, Wilma said, "I think this will be one of the finest plays seen here and I feel that I am very fortunate to have a part in it."

The unusually large cast includes Charlie Benson, Benton, in the role of Stage Manager, the narrator of the play. Through his eyes, the audience will see life in a small town involving two childhood sweethearts and their families. These players, with the addition of

## Strawberries To Be 4-H Club Cash Crop

Through sponsorship of the Seggs-Roeback Foundation, 150 members of 4-H clubs in six Kentucky counties this year will begin growing strawberries on a commercial scale, it is announced by J. W. Whitehouse, state club leader at the UK College of Agriculture and Home Economics.

The Foundation will furnish plants and fertilizer, and the college will train local leaders to guide the boys and girls enrolled in the project. Strawberries will be produced to sell as one means of increasing cash incomes, and not for home use.

"Strawberries over the years, sell for 10 times as much per acre as corn," Mr. Whitehouse explained. "Therefore an acre of strawberries in normal times brings in as much cash as 10 acres of corn."

Counties in which the strawberry projects will be launched this year are Clay, Jackson, Knox, Laurel, Rockcastle and Whitley.

## Camps Assigned For U. K. Cadets

Approximately 150 University of Kentucky ROTC advanced students will again spend six weeks in practical training at a regular Army camp this summer, according to an announcement from Headquarters, Second Army.

Col. G. T. MacKenzie, head of the University military department and ROTC commandant, disclosed this week that Ft. Meade, Md., and Ft. Monmouth, N. J., had been assigned to reserve officer training units in this area.

Infantry unit enrollees, numbering approximately 120, will report to Ft. Meade, while some 30 Signal Corps cadets will get their summer training at Ft. Monmouth, he announced. No information has been received as yet as to where members of the other University ROTC unit, the Air Corps, will report.

All camps are scheduled to begin June 21 and last for six weeks. Each cadet will receive the pay of a private in the regular army and his duties during the period will be rotated from private to company and battalion commander, it was explained.

## Mrs. John Gentler Is Queen For A Day

Mrs. John Gentler, Los Angeles, was recently selected "Queen for a Day" on a nation-wide broadcasting system. Mrs. Gentler is a piece of Mrs. Wallace McElrath, Murray.

Upon being made "Queen," she was presented with a diamond ring, movie camera, a complete formal outfit, a sports outfit and \$200 in cash. She was then asked to reveal her favorite ambition.

Her answer, "To attend a fashionable fox hunt at Charlottesville, Va.," was promptly granted.

She was presented with the traditional hunting costume of dark velvet breeches and black velvet hunting cap. Accompanied by Mr. Gentler, she was seen on her way to Charlottesville. Upon arrival, she was made Queen of the annual fox hunt. The mayors of the Charlottesville and Richmond, Va., counties, and the Richmond, Va., city, also honoring Mrs. Gentler were the station manager of the local radio company and the Secretary of the State Chamber of Commerce.

Mrs. Gentler made two radio appearances in Virginia and was presented with numerous souvenirs, including a Virginia Ham.

The owner of a horse breeding ranch at Burbank, Calif., Mr. Gentler also manages a string of Arabian horses that are much in demand for show purposes. She made a study of various breeds of horses in a recent trip to the British Isles, where she sailed with Mr. Gentler to visit his family.

She is the former Mrs. Maurita Brown, daughter of Mr. and Mrs. Earle E. Brown of Los Angeles, and has visited home with her aunt, Mrs. Wallace McElrath, and Mr. McElrath a number of times.

**Miss Mary Lou Outland Honored With Shower**  
Mrs. F. B. Outland and Mrs. Bill Bates entertained with a miscellaneous shower at the home of the former, Thursday afternoon, February 6, honoring Miss Mary Lou Outland, bride-elect.

Mrs. A. G. Outland was the winner of the contest in dressing a clothes pin as a bride.

By reading a series of clues, which were placed about the living room, the honoree was directed to a red wagon loaded with gifts.

A color scheme of pink and white was carried out in the party plate.

Mrs. F. B. Outland and Mrs. Beale Outland assisted the hostesses in serving.

Forty-five guests were included.

**Woman's Society Meets Saturday At Church**  
The February meeting of the Kirksey Women's Society of Christian Service was held at the church Saturday afternoon. There were 14 members and the pastor present. The program opened with the group singing "Jesus Calls Us," followed by the devotion led by Bro. Blankenship. During the business session the group voted to give a pair of black shoes to Loyd Cunningham whose home was destroyed by fire.

The lesson, "Children of One World" was given by Christelle Palmer. "God's Heart Touch Cause" was given by Mrs. E. E. Douglas. "Autumn, Eternity, Love Each Other As Brethren," Mrs. Dixie Palmer; "Judge People by Their Average," Mrs. Eunice Carson; "If I Had Time," Mrs. Elizabeth Ezell.

The theme of the Bible lesson was "Love."

The roll call was answered with a Bible quotation. Two new members were added to our roll—Mrs. Edna Swift and Mrs. Betty Palmer. The meeting was dismissed with prayer.

## Bishop C. D. Rockey, India Missionary, Is Speaker For Missionary Institute

Bishop Clement D. Rockey, head of the Methodist Church in the Lucknow area, India, former missionary and the son of pioneer missionaries born in India, will be the guest speaker at the Paris District Missionary Institute of the Methodist Church at Dresden on Wednesday, February 19.

Bishop Rockey will deliver his address at 11:30 a.m. on that date.

A recent visitor to Burma and most of the provinces in India, he will speak on the future of the Christian movement in Asia. He is now visiting the United States on a brief furlough.

Bishop Rockey was born in the historically famous city of Calcutta, the son of Rev. and Mrs. Noble L. Rockey. His father was principal of the Methodist boys school in that city and superintendent of the Calcutta district. As a lad, the future bishop became proficient in the native tongue, Hindi, and grew up with a deep understanding of Indian customs and people, and with a fondness for the people among whom his parents labored.

He attended the same mission schools as did the Indian children, finally graduating from the famed Philander Smith College in Naini Tal. He then came to the United States and continued his education at Ohio Wesleyan University, Drew Theological Seminary and the University of Chicago. He received a degree of doctor of philosophy from the latter institution and Ohio Wesleyan University bestowed on him the honorary doctor of divinity degree.

In 1913 Dr. Rockey was ordained to the ministry and has since that time been active in the work of the church. He has been a member of the General Conference of the Methodist Church, and has served in various capacities in the church, including being a member of the Board of Christian Education in India, and being a member of the Board of Christian Education in the United States.

## BUILD UP CROP YIELDS

Ross Martin of the Stanton community in Powell county says that since he bought his farm several years ago, he has increased production of tobacco more than three times. From approximately 800 pounds of tobacco to the acre, he has increased his yield to 2,437 pounds, and his corn from 20 bushels to 114 bushels per acre.

The high productivity, according to Farm Agent Charles D. Shouse, is due to Martin's use of lime, phosphate, clover, cover crops, commercial fertilizer and manure.

More than 500 carloads of pulpwood have been cut in Rockcastle and Southern Madison counties this year, totaling \$115,000.

"Campus Lights of 1947" is only two weeks off. The curtain goes up on the first performance at 8:15 Friday evening, February 28, in the college auditorium.

The set for the show has been under construction for several weeks and starts going up right away. Approximately 100 students are working to make this show a colossal performance. The auditorium is expected to be filled for both performances. Four thousand programs are being printed and that many people are expected to attend. Letters are pouring in for reserved seats.

In 1941, Campus Lights reached its peak and was rated as the third best college show in the nation. This year a 32-piece orchestra is being used. This is the largest orchestra ever used in a Campus Lights show. Also a chorus numbering 32 voices will be used.

The Campus Lights staff is headed by producer Ralph Cole, senior from Paducah. Billy Crossway, senior from Springfield, Tenn., is the assistant producer and publicity manager. Wayne Johnson, junior from Clay, is the music director and Mary Esther Bottom, senior from Owensboro, is the assistant music director.

Len Foster, sophomore from Lora, Ohio, is the staging director and Betty Wiggins, senior from Wirtala, senior from Ashland, O., is the stage manager and Janet Lyles, senior from Mayfield, is his assistant.

Miss Yvonne Titterback, sophomore from Louisville, is in charge of the dancing. This is the event of the year. Crossway in regard to the show. "I only wish the Hollywood and New York producers could see it. It would make their eyes pop open."

Tickets for Campus Lights are on sale at the fine arts building at the college.

## Girl Scout Brownies Win Contest

### Subjects Of Interest To Farmers On Slate At Princeton Meet February 26-27

Pictured above are Murray's master salesladies—29 of them. They recently received recognition of being the first in the local Girl Scout organization to sell the entire amount of Girl Scout calendars assigned their Brownie Troop. Not only did they sell every one of the 100 calendars, but they sold their quota first.

Two of the Brownies tied in the selling campaign. Patsy Shackelford, daughter of Mr. and Mrs. Solon Shackelford, and Leah Dell Hopkins, daughter of Mr. and Mrs. Fonzie Hopkins, sold 15 calendars each.

Since the above picture was made, six new members have been added. They are Judy Carr, Jackita White, Lynn Hahn, Betty Thurmond, Carolyn Sue Fulton, and Frances Lee Cohoon.

Mrs. L. M. Overbey and Mrs. Ray Treon, leaders, and Miss Margaret Graves, assistant leader, say the Brownies are most cooperative and enthusiastic in all the activities and attend the meetings held each week in the recreation room of the First Christian Church where the above picture was made.

These girls represent "the ages of seven to ten years." Several of them will "fly up" into the regular ranks of Scouts this summer at the Day Camp ceremony.

Reading from left to right, front row: Jo Ann Crider, Rose Mary Jones, Doris Jean Jennings, Carmelia Tallant, Lydia Pave Jackson, Anita Rowland, Margaret Ruth Atkins, Betty Jo Crawford, Patsy Shackelford, Geraldine Outland.

Second row: Carolyn Stokes, Fidelity Austin, Louise Jones, Patsy McKel, Annette Ward, Nancy Jetton, Nancy Outland, Betty Sue Jones.

Back row: Mary Louise Gregory, Mary Beth Furches, Clara Ann Wilson, Lilya Miller, Sandra Covington, Jane Baker, Ann Barnett, Emma Lou Hatcher, Leah Dell Hopkins, Shirley Sue Outland, and Beverly White. Mrs. L. M. Overbey is standing in the back.

Two members were absent when the picture was made. They are Jennie Sue Stubbfield and Mary Frances Bagwell.

**Ton and Half of Tobacco To Acre**  
Tobacco produced at the rate of 3,040 pounds per acre was sold by Tom and Cooby Jenkins of Madison county for \$49 a hundredweight. On slightly more than three-fourths of an acre, they harvested 2,344 pounds of Ky 16 tobacco, their total returns being \$1,148.56. Farm Agent J. Lester Miller notes that the crop was grown on creek bottom land, where an excellent crop of wheat and vetch had been turned under and 1,000 pounds of complete fertilizer applied. It was the eighth consecutive year the field had been in tobacco.

Eleven out of 22 entrants in the station corn derby made more than 100 bushels to the acre. P. E. Hughes producing 1494 bushels, and Paul Burdick, 4-lb. club member, 138 bushels per acre.

## COUNTY HAS TWO SPEECH WINNERS

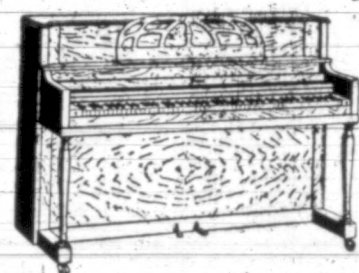

Jimie Crouch And Jackie Ellis Given Awards At College

Jimie Crouch, Lynn Grove, and Jackie Ellis, Hazel, were among three winners in the First District public discussion contest held at Murray State College Saturday, February 8.

Miss Clara Jane Miller, Tilghman high school, Paducah, was winner of first place. Second place went to Jimie Crouch and third place winner was Jackie Ellis.

The subject was "Kentucky Needs a New Constitution." Miss Miller won the right to compete in the state contest next Saturday at Lexington. Cash awards of \$15, \$10 and \$5 went to the three top rankers respectively. Miss Miller received an additional \$15 for expenses to Lexington.

Judges were Dr. E. L. Pross, Prof. E. B. Howton and Miss Ella Wehling, all of the college faculty. Also competing were Anna Lee Crass, Murray High; Ermon Lature, Trigg County High of Cadiz; Ann Lilly, Marion, David Alexander, Butler High of Princeton; Agnes Gorsuch, Murray Training and John Mullins, Wingo.

## Toppers Pushed to Down Breds 54-47

Murray State's Thoroughbreds gave up a 54-47 victory to the classy Hilltoppers of Western here Saturday night, but not before the Toppers were forced to bring out the best of their "Madison Square" trickery.

Battling every inch of the way, the Breds failed to connect with grating flings and crisp shots which otherwise might have spelled upset in the KIAC race.

"Sleepy" Spears of Western and Racer pivotman Charlie Snow split scoring honors with 14 each. Western made 19 baskets from the floor to 18 for Murray but the Diddleman accuracy from the foul line was like money in the bank as Murray turned down free throw after free throw.

## Makes Picture From Wallpaper

Because Mrs. Charles Patrick of the Pewee Valley Homemakers Club in Oldham county is both resourceful and thrifty, she has in her home an attractive picture which is not likely to be duplicated, said Home Agent Lillah Hembree. The space over a divan required a picture of considerable size. Having refinished a large, old-fashioned frame, Mrs. Patrick set about to find a picture for it. When prices were more than she cared to pay, she turned to hand-blocked wallpaper. Selecting a suitable subject in the right colors for her room, she skillfully framed it.

In Union county, 536 boys and girls attended 4-H club meetings in November.

About 25,000 acres of the 65,000 acres of plowed land in Barren county were planted to crops in 1948.

## College Presbyterian Church

Architect's sketch of the Sanctuary for which funds are now being raised by the church.

The Presbyterian Church of Murray was organized November 1, 1931, and met in the First Christian Church by the courtesy of that organization. There were 19 charter members. A commission of pastors and elders appointed by the Presbytery of Princeton (U.S.A.), effected the organization and installed elders.

Under the able leadership of Rev. J. C. Barr, D.D., the first pastor, the work was systematized. Though the services had to be held at first in the Court House, then in the high school building, and then in private homes, the congregation grew slowly but steadily.

During the years many valuable members have joined the group, served faithfully during their stay in Murray, then moved on to where their business or professional interests have led them. Each year finds a number of earnest young people who become affiliated with the church while they are students in college.

In 1939, during the pastorate of Rev. Howell M. Forgy, the first unit of the church building program was completed on the church owned lot at the corner of Main and Sixteenth streets. This is now used as the church kitchen, the ladies parlor and the beginners class room. Soon, a Social Hall was erected. It is now equipped with folding chairs, a platform for choir and pulpit, and is used as the church auditorium. Before Mr. Forgy left

to become a chaplain in the Navy, the modern, attractive manse was built. The church is open for regular services and is always available for meetings of women's societies and college and high school groups. The congregation is now looking forward to the last unit of the building program, the much needed Sanctuary. Architect's plans are in hand, and funds are being raised. It is hoped that at a not too distant date, ground will be broken and the building, which will be attached to the social hall, will be started.

Two years ago the grounds surrounding the church and manse were beautified by the planting of evergreens and shrubbery, the gift of Mrs. Hattie Laura and Mr. David Holton McConnell, in memory of their husband and father, Rev. D. F. McConnell, D.D. Last year the Schalmereich Sound System was presented to the church by Mrs. Mary Briesendine of Whitlock, Tenn., a charter member of the church, in memory of her husband, Mr. Will Briesendine, who was also a charter member. This makes it possible to amplify recordings. The musical part of each Sunday morning worship service is also distributed for the benefit of the community through the four tower stentors, which are temporarily located on the roof of the social hall. When the new Sanctuary is erected these will be installed in the tower.

The present pastor, Rev. S. C. Wyatt.

McKee, who came in September, 1942, is also director of the Westminster Foundation, a national organization of the Presbyterian Church carrying on work for students in tax supported institutions in nearly 80 centers.

Recently the name of the church has been changed from "First" to "College" Presbyterian Church in recognition of the fact that the work for college students is one of its prime responsibilities. By many, this church is affectionately called "The Little Church Across the Campus."

Beside the three pastors mentioned above, Rev. Bruce B. McGuire (1936-38), and Rev. Leon A. Haring, Jr., (1940-42) have served this church as pastors.

The present officers of the church are:

Elders: James Eyer, Harry E. Jenkins, Walter R. Jones, Benjamin F. Scherffius.  
Absentee Elders: Capt. Alvin H. Kopperud, Dr. W. D. Lewis, Dr. F. C. Pogue.

Trustees: Rex H. Hawkins, Paul Rogers, James C. Williams, Superintendent of the Sunday School: David H. Winslow.  
President of the Women's Association: Mrs. F. D. Mellen.

### Boy Scout Drive

The annual drive of the Murray Boy Scouts starts February 18 and ends February 22. The purpose of the fund is to further the interest of scouting.

It is to the advantage of all citizens to back this drive. It does not make any difference whether a person has a boy in the organization or even if he does not have a boy. By making a donation to the drive, a taxpayer will build responsible youth and at the same time save money. The money spent each year in the prosecution and correction of juvenile delinquents is a major consideration in many towns and cities in the United States today.

Murray and Calloway County, fortunately do not have the juvenile delinquency problem to cope with. This is largely due to a well organized Boy Scout and Girl Scout set up that has been developed by persons who have given their time and effort to make it what it is.

Scouting teaches a youngster how to live a better life. It gives him an opportunity to develop his mind, body and personality. It teaches him to exercise the Golden Rule.

Where you find a boy deeply interested in Scouting, you find a boy who is self-reliant, resourceful, and of a high moral sense.

When you are approached to contribute to this most worthy cause, think twice before you say no. It is a hackneyed phrase, but the youth of today are still the men of tomorrow. When you contribute to the Boy Scout Drive you are contributing to a movement that is world wide. You are contributing to a movement that makes a fine man out of a boy.

The Scout oath, "On my honor, I will do my best, to do my duty to God and country; obey the Scout laws; to help other people at all times; to keep myself physically strong, mentally awake; and morally straight," is a binding oath for anyone to take. Every Boy Scout takes this oath and really tries to live up to it.

A boy that lives up to the Scout oath as he grows to be a man will be a man that anyone can trust. He will be a Christian. He will be honest. He will be morally straight. That is worth contributing to.

### KENTUCKY ON THE MARCH

In the office of the Committee for Kentucky the other day, I saw on a desk a paper-bound book entitled "The Small Community" by Arthur E. Morgan, Chairman of TVA when most of that Tennessee River hydroelectric system was built; former president of Antioch College; originator of the Progressive Education Association, internationally known civil engineer, and now president of Community Service, whose purpose is to give professional assistance, counsel, and managerial aid to lagging communities and to the formation of new ones.

Here, I said to myself, is something right up my alley. And before Maurice P. Bement, Executive Director of the Committee, had time to say yes or no to my request that he lend me the book, I had it in my overcoat pocket. And let me say before I get too far along with this little essay that Mr. Morgan's book ought to be read by every person interested in making this country a better place to live and work in.

As you may judge by the title, Mr. Morgan's book is mostly about the small community, with special emphasis on the dangers it faces and the means and methods of preserving the basic good in it. The author aptly calls the small community the seed bed, the refuge and the home of many of the finest qualities of civilization.

Most important of all, he helps to focus your mind on what may be likened to the individual bricks in the foundation masonry supporting a great building, consisting of 50 rooms (our 48 states and two territories) sheltering a total of 140 million people and topped with a waving stars-and-stripes flag. To put it more simply and less rhetorically, Mr. Morgan makes us see vividly every small community as a cross-section of the nation. It has been your correspondent's contention from the first meeting I attended of the Committee for Kentucky, that, without belittling any over-all work for a better commonwealth, we must use our hamlets, villages, agricultural groups, towns, small cities and sections of large cities as a fulcrum for our lever if we are to move Kentucky upward. That conviction grows every day in the minds of all workers for the common good, in the Committee for Kentucky or out of it.

Mr. Morgan tells about the sending of a sociologist to Europe a few years ago by a large American foundation to discover ways to vitalize community life. The investigator, after extensive studies abroad, reported that the best example of community renaissance was not to be found in the old world but in the work of the Neighborhood Advisory Councils of the Ohio Farm Bureau Federation. The people of Alexandria, Ohio, together with surrounding farmers, found community cooperation so interesting that in ten years they have made their a shining example in American communities.

What Mr. Morgan's organization, Community Service, is doing throughout the nation, the Committee for Kentucky is undertaking here in our own state. The work, headed by James W. Armstrong, has the same objectives. The Committee for Kentucky Republic Building, Louisville 2, Kentucky, will send valuable literature to individuals or groups, and personal service when possible.

All the vitamins needed seem to be found in plebeian dishes.

Losing one's temper sometimes attracts enough attention to win better service, but more often it does harm rather than good.

### Better Farming in Calloway County

A weekly feature prepared by members of The Calloway County Farm Leaders organization and dedicated to better farming.

### The Use of Hybrid and Certified Seeds

By Wayne Dyer, assistant agriculture teacher, Murray Training School

Good seeds, like good livestock, are important in our farming program if we are to realize the greatest return from our farming effort. Until the arrival of hybrid corn, we had done comparatively little to increase our crop yields and to produce varieties of crops that were far above those used 75 to 100 years ago.

Hybrid corn, along with good soil management and fertilizer practices, promise to give us yields of corn of which we had never before dreamed. Kentucky's new "wonder grass," 31 Fescue, promises to give us pasture that will carry more animals per acre and a larger number of days pasture per year than we ever before imagined. These are only two examples of what is being done in plant breeding to improve crop varieties and yields.

The Kentucky State Seed Law requires that any seed or grain sold for seed must have a state tag on the bag with the following information:

- (1) Name of seed — such as corn, lespezeza, etc.
- (2) The approximate percentage of purity by weight.
- (3) The total percentage of noxious weed seeds by weight.
- (4) The name and number per ounce of any noxious weed seeds that are present.
- (5) The approximate percentage germination of the seed.
- (6) The name and address of the seller of the seed.
- (7) The name of the state where the seed was grown.

On uncertified seed there are no minimum requirements as long as the actual information is on the tag. If the germination of a lot of seed is 50 per cent, there is no law that says he cannot sell the seed, provided he properly labels each bag. Then it would be up to you not to buy the seed, or if you did buy this seed, it would take two pounds of it to get the same number of viable seed that will germinate as it would take with one pound of good seed that will germinate 90 per cent or better. This is a point we sometimes overlook in buying seed. The price of seed with germination of 50 per cent will usually be more than half the price of good seed, although you are getting only half as many viable seed.

The state law defines 9 weeds as noxious weeds, and the number of seeds of each weed per ounce of the crop seed must be written on the back of the tag. These nine noxious weeds are: Quack-grass, dodder, sorrel, buckhorn, cockle, wild onion, Canada thistle, ox-eye-daisy, and Johnson grass. These weeds are all perennials and reproduce both from the roots and from seed. Once you get any one of these weeds on your farm it is almost impossible to get rid of it.

Let us suppose we are going into a seed store to buy some uncertified lespezeza seed. The back of the tag of one lot of seed is blank. This means there are no noxious weed seeds in this lot. But suppose the tag on another lot of seed has a lot of seeds in the blank opposite wild onions. This means that this lot of seed has three wild onions to each ounce of lespezeza seed. That would be 48 onions per ounce of seed or 1,200 onions per bushel of lespezeza seed. If you were sowing a ten acre field of lespezeza, at the rate of one bushel per acre with these seed you would get 12,000 wild onion plants scattered over your field the first year. By the time each of these 12,000 wild onion plants grow and produce bullets on the roots and sets in the top how many wild onions will you have on your farm? This seed will usually cost you one to three cents less per pound than the seed in the other lot. Could you afford to sow the cheaper seed on your farm even if they were given to you? I think not.

Certified seed does not have to have the above tag on the bag, because it has been approved by the Kentucky Seed Improvement Association and carries the Association tag which gives the above information. To be certified a lot of seed cannot have any noxious weed seeds and must have minimum standards of germination and purity. Different minimum standards are set up for different seeds but most seeds must have a germination of at least 90 per cent and a purity test of 97 per cent or better.

There are three steps that are necessary in producing certified seed, so when you buy certified seed you are assured these steps have been followed in producing the seed you buy.

First, the seeds are from certified seeds or of known origin. Hybrid corn comes from inbreds that are developed and produced at the Kentucky Experiment Station.

Second, these crops are inspected in the field while growing, by a representative of the Kentucky Seed Improvement Association for trueness to variety and freedom from noxious weeds. Hybrid corn is inspected once to twice a week during the tasseling season to see that detasseling is properly done and that the corn is at least 40 rods from any other corn.

Third, a sample of the seed is sent to the Association to be tested for purity, germination, noxious weed seeds and in the case of corn, for grading and moisture content.

### CAPITOL COMMENTS

By David M. Porter

The passing of time, day and night, always bring progress. This is a definitely type of Government, and the people themselves make the Government. Their thoughts and

than truck drivers or coal miners.

This is no reflection on those professions, but teachers must be trained specialists with years of education behind them, and what do they have to look forward to?

A profession that is underpaid, unheralded, limited in scope and financial gain. As I look back over my 19 years of schooling, I remember Miss Sophie Reeder, Miss Salie Moss, Miss Julia Arnold, Dean Alfred Heckel, President Paul Williams, and a few others who were sincerely interested in training the minds and even the spirits toward accomplishment, and I think of others, who I now know had no ability, who were teaching for a living, just marking time waiting for an opening in a field that paid more. Can we blame them? The owner of a race horse knows he must have a good trainer to condition him and train him to run his best. He gets the best trainer he can and often pays him as much as \$10,000 a year, and yet he will send his children to school without questioning whether the teachers who train their minds are competent, qualified, or well paid. A business man will often spend large sums on new and modern equipment to run his business, yet will object to more school taxes that are necessary to reward teachers for the training of his young. How many of you have ever thought or questioned the qualifications or ability of the teachers you entrust the training and future knowledge of your children.

Now is the time to act. I have talked with the Governor and I believe he will call a Special Session to appropriate funds to the school districts in order to pay better salaries to the teachers, but it is only a temporary measure. We must have more funds and higher standards for our teachers. Kentucky, a proud State with a great record, ranks 39th in literacy. Should we put a tax on per-mile fuel betting and divide the revenue among the school districts? Should we put more taxes on tobacco? Whiskey? Property? A sales tax? Whatever the method, we must have the means to pay our teachers just salaries, in order that they will not forsake the teaching profession for some more lucrative field.

RANDOM SHOTS — Kentucky has more outstanding basketball teams than any other. The University of Kentucky ranks Number One nationally and has, along with Western, Eastern, The University of Louisville, Murray and Morehead, brought much favorable publicity to Kentucky. Which reminds us of what we used to pull this column. Many outstanding athletes go to schools outside the state and make names for themselves. You can play on the best teams in the country and still go to college in Kentucky. Plan on going to a Kentucky college, the friends and schoolmates here will be your business acquaintances after college and that means a lot. While we are on that subject we would like to call your attention to a dress shop in Hopkinsville that

awards the outstanding athlete who excels as a scholar, a \$100.00 award on his expenses at the University of Kentucky, a precedent that should be followed by many other firms for the benefit of the student and Kentucky's College.

Last week we said we would tell you of the potential candidates in the Republican primary in this week's column. We are delaying that until next week because of some developments that will change the outlook. We'll tell you of this next week.

Mr. and Mrs. George Washburn received a letter from their daughter, Lucille, in Florida which said she had been a patient in the hospital for nine days. Sure hope she soon recovers.

We sure hope Mrs. J. E. Brown will soon get over her cold. She has been sick for over two months. Mrs. Leslie Pittman of near Concord underwent an operation last week. We wish for her a speedy recovery.

Mr. and Mrs. Galen Outland and daughter and son, R. G. Outland and wife and baby, spent the weekend in Paducah with Mrs. C. Eldridge, who has been ill but is reported better at this writing and will be able to go home soon.

Little Norma Jean 'Curd, who had the whooping cough, is reported better at this writing.

Mrs. Emma Valentine is confined to her bed. She is now 84.

Henry Gene Miller was Sunday guest of Mr. and Mrs. Burie Waldrop and family.

Miss Laurene Hotsappie was Monday guest of her sister, Mrs. Wilson Melugin of North Thirtieth street.

Mrs. Katherine Lewis and son went to town this afternoon. Hope they enjoyed the show.

I notice Ray Johnson and Luther Washburn have returned with a truck of lumber. Hope they didn't leave Robert Martin in Mississippi as I don't see his truck at home.

Mrs. Fred McClure received a letter from her husband and son who arrived in Detroit Tuesday night, and they're about to freeze looking for a service station.

Robert Graham is recovering from pneumonia and his little son was ill today, too.

Bernice Wischart and Mason McClure have been attending school this week at the college.

Mrs. Willie Taylor and daughter, Jean, came home from Detroit to make this their home.

### Reading Is Basic

If you can't read you don't do much of anything else involving books. One's ability to read is usually in direct proportion to one's ability to get along in all other phases of school work.

We once worked upon the supposition that the learner gained all the techniques of reading in the elementary school. In other words, one learned how to read while in the grades.

Much talk and some actual attention has been given to the job of remedial reading. Many teachers have struggled hard to teach the big overgrown chap to read after he has been promoted to grades far beyond his reading ability. This effort has often been made without very much stage setting by school administrators.

We now recognize the fact that much remedial reading must be done on the high school level if it is ever done. A number of factors have contributed to this condition, so don't be too quick to say that the elementary teacher hasn't done her job well.

The need for more such work on the high school level has been recognized by the National Education Association. Administrative stage setting was thought necessary enough by this organization that six years ago it devoted a whole research bulletin to it.

In addition to thorough diagnosis, providing special classes and making available much reading material, easy and appropriate to the individual, are steps which the administrator may take to improve the reading situation.

The college could well provide a reading clinic of a more technical nature which would serve the whole area. Mechanical devices—such as the telebinocular, audiometer, ophthalmograph, metronoscope, fish meter, tachistoscope, metronome and voice recorders would be valuable equipment.

By all means those of us in administrative positions should join the classroom teachers in taking this reading situation seriously.

### FLINT NEWS

Rev. Eldon A. Byrd, who was a chaplain in the last war, will preach at Flint Baptist Church next Sunday afternoon at 2:30. Everybody is invited to come hear him. All members are urged to be present.

Mr. and Mrs. Mike Strank spent Tuesday in Paducah.

Mrs. Mary Margaret Outland, has moved to Benton for the winter to be near her work.

Mr. Cary Rose and family have moved to Murray.

Mrs. Kate Rose, who has been quite ill, is better.

Mr. and Mrs. Elmus Trevathan received a letter from Mrs. Charley Manning of Bryan, Texas, stating that her husband had a stroke January 13. His entire right side is paralyzed and he can't speak. Mr. Manning is a brother-in-law of Mr. Trevathan and was reared at Alma. He has taught school most of his life. He and his family lived at Murray a few years ago and attended Murray State College. Three years ago he moved to Bryan to make his home.

## Presbyterians Near Completion Of \$27,000,000 Restoration Fund

Presbyterians Have \$20,005,501 Toward The \$27,000,000 Restoration Fund Drive

Dr. Harold A. Dalzell, executive director of the Presbyterian Restoration Fund, reports on progress of the nationwide campaign to Rev. George Emerson Barnes, D. D., chairman of the Restoration Fund Commission, and to Frank M. Totton, chairman of the National Laymen's Committee for the Restoration Fund and vice-president of the Chase National Bank, New York.

Ahead of schedule with three-quarters of the \$27,000,000 Fund raised during the first 21 months of the three year campaign, Presbyterians anticipate the Fund will be fully subscribed by May, 1947, and fully paid by May, 1948, when the campaign period ends.

Restoration funds are aiding religious agencies in Europe, Asia, the Philippines, and the United States, and include churches, hospitals, colleges, and many other kinds of enterprises concerned with strengthening the Christian basis of the postwar world.

Three quarters of the \$27,000,000 goal has been subscribed by Presbyterians in the first 21 months of the three year Restoration Fund campaign, Dr. Harold A. Dalzell, executive director announced, as returns received from \$804 Presbyterian churches throughout the nation were tabulated today.

Cash and pledges total \$20,005,501, Dr. Dalzell reported. "This unexpectedly large response at this stage in the campaign leads us to believe that the full \$27,000,000 goal can be subscribed by the time of our General Assembly next May, and that the full amount in cash can be reported by the end of the campaign period in May, 1948. Cash in hand now is \$9,798,315."

Returning from a six weeks tour of churches in California, Texas, Illinois, and Michigan, Dr. Dalzell also reported a deep feeling of responsibility among laymen and ministers for the successful termination of the campaign at the earliest possible date. "There is no question in the minds of our two million Presbyterians that the Restoration Fund is an obligation that cannot be ignored or postponed. The restoration of the Christian agencies of the world is an immediate imperative. They realize it must be done now, or it may be too late."

As fast as funds are received, they are being routed immediately to religious agencies all over the world that are being aided by the Restoration Fund. These agencies are located in Europe, Asia, the Philippines, Japan, and the United States, and include churches, hospitals, colleges, and many other kinds of enterprises concerned with strengthening the Christian basis of the postwar world.

**VA LAUNCHES DRIVE TO CONSERVE GI INSURANCE**  
The Veterans Administration this week opened an intensive nationwide campaign to inform World War II veterans as the value of National Service Life Insurance.

Officials of the VA's Ohio-Michigan-Kentucky Branch Office in Columbus, O., said two out of three of the 1,587,000 World War II veterans in the three states have dropped their G.I. Insurance.

"The VA feels that the majority of veterans who have allowed their NSLI to lapse are not familiar with the privileges and economic security which this insurance affords them," VA Deputy Administrator Ralph H. Stone said. "We believe that NSLI will provide protection against privations that enter the lives of veterans' families who are left without security for the future."

Stone pointed out that VA now is in a position to provide prompt and efficient insurance service, a vast improvement over the below-par service which prevailed before VA decentralized its insurance program from New York to its various branch offices.

Insurance benefits to veterans were materially extended and liberalized by Congress last fall. Amendments to the USLI Act of 1940 provide endowment types of policies which were not included in the original law, permit the naming of beneficiaries outside the restricted classes included in the original bill, and offer lump-sum payments and total disability benefits which were not previously available.

Stone emphasized that the cost of NSLI is low because the government assumes the administrative expense. He urged veterans to continue their NSLI term insurance during their readjustment to civilian life, and to convert to a permanent type of insurance only after they have become reestablished and know what their financial capabilities and insurance needs will be. Permanent forms of insurance include ordinary life, 20-payment life, 20-year endowment at age 65, endowment at age 60 and 20-year endowment.

Veterans should visit their nearest VA Contact Office for further information and assistance.

**VA SEEKS JOB OPENINGS FOR DISABLED VETERANS**  
An appeal to employers to provide job opportunities for disabled World War II veterans in Ohio and Kentucky was made today by Ralph H. Stone, Deputy Administrator for the Veterans Administration tri-state Branch Office in Columbus, O.

Stone said that more than 3,000 disabled veterans in the three states now are awaiting assignment to job-training facilities, including 1,500 in Ohio, 1,000 in Michigan, and 500 in Kentucky. He said job-training opportunities for handicapped veterans are needed particularly in the metal, electrical and building trades.

Employers who establish job-training courses benefit materially from VA's vocational advisement and guidance program, which is required of disabled veterans before they enter training. This procedure virtually assures a prospective employer that the disabled veteran who is about to enter his employment will succeed in the work.

Employers who are willing to accept disabled veterans as trainees are urged to contact the nearest VA office.

**VA RECOVERY OF EXCESS PAYMENTS FAVORS VETS**  
The recovery of subsistence allowance overpayments from veterans in training under the G.I. Bill will be made in a manner that will impose no undue hardship on a veteran or his dependents. It was emphasized today by officials of the Veterans Administration Branch Office in Columbus, Ohio.

Any veteran whose subsistence allowance has been suspended in order to balance prior overpayments, and who can show resultant hardship, should apply for readjustment at his VA regional office. Veterans are advised that any subsistence allowances which they have accepted in excess of the \$175-\$300 income ceiling established by the last Congress are subject to recovery by the government.

**COMPENSATION PAYABLE FOR CERTAIN CHRONIC DISEASES**  
Veterans who can show that they developed certain chronic diseases within one year after their discharge from service may be entitled to service-connected disability compensation.

As an example, claims officials of the Veterans Administration in Columbus (O.) Branch Office today cited the case of a veteran who developed active tuberculosis within a year after his discharge, but who did not have the disease prior to induction nor during his time in service. By proving the existence of active tuberculosis within a year after discharge, the veteran was eligible for disability compensation.

This provision of the law means that a veteran may be entitled to the same benefits as though he actually contracted tuberculosis in service. Benefits may include compensation, out-patient treatment and priority in hospitalization.

The provision applies to other diseases such as arthritis, opticosis, psychoses, encephalitis and other which veterans did not have prior to induction but which occur within a year after discharge.

**QUESTIONS AND ANSWERS**  
Q. As the widow of an Army officer who lost his life in battle, am I entitled to a pension as well

as the life insurance of the deceased?  
A. Insurance benefits have no relation to widows' pension rights. You may apply for widows' pension on VA Form 534.

Q. If I convert my National Service Life Insurance, does the converted policy have a surrender value?

A. Yes. All converted policies have guaranteed cash values, paid-up insurance and automatic extended insurance values, together with policy loan provisions after the policy has been in force one full year.

Q. Since my discharge from the armed services, I find that I am suffering from a chronic ailment. Am I entitled to anything in the way of compensation or pension because of my disability?

A. Chronic disease causing 10 per cent or more disability within one year from separation from active military service is presumed to have been incurred in, or aggravated by military service. Your service must have been for a period of 90 days or more, part of which was war-time service.

**Kentucky Champion Litter Brings \$620**

A litter of 14 pigs that weighed 3,400 pounds when 175 days old won the Kentucky ton-litter championship for Joseph R. Cooke of Bracken county. The litter sold for \$628.50.

The pigs were raised mostly on home-produced feed, including corn, skim milk and small amounts of ground wheat, bran, barley and alfalfa meal. They ran on bluegrass, red clover, sweet clover and lespedeza pasture.

This year's ton-litter contest was announced by Grady Sellards, extension swine specialist at the UK College of Agriculture and Home Economics, is open to litters farrowed between Feb. 1 and April 30. The annual ton-litter show will be held at the Bourbon Stock Yards in Louisville Sept. 6.

## New Concord News

One can learn a lesson even at a ball game. I hope next time I won't judge too much by outward appearances as I did Friday evening when my heart quaked with fear as I saw the powerful Wicks life team avalanche onto our little floor.

But lo, and behold! When our spirited little team rushed out that first quarter as fearless as David faced the giant, Goliath, I wasn't the only surprised one! That Wicks life team who had been defeated but once, never did recover from that terrific onslaught. New man after new man was sent in to relieve their surprised players, but the tongues were out and perspiration-poured from our red clad boys, they came out victorious by seven points.

Yes, they had a better bus than we have, but it carried home that cold, winter, night a defeated ball team!

Concord lost to Detroit again. Mr. and Mrs. Wavel Moody who moved last week.

Mrs. Charlie Stubblefield spent last week at the Homesteaders meeting in Louisville. I believe she and her husband visited in Detroit this week.

Duiney Lovins took a flying trip to Detroit last week.

We are sorry to hear of the death of the husband of our former Maxine Parker.

We are still having Sunday School with the faithful few attending, regardless of cold.

Mrs. Edward Lovins had all of her children and her brother, Odie McClure, to eat birthday dinner with her Sunday. She may be 75 but she still does her washing, her housework, milking, sewing, etc., and gets to Sunday School regularly. Still interested in schools, and never sits down to read the newest magazines without a dictionary to learn new words for life, will never stagnate for her.

Mr. Len Dunn, a nearby grocery man, took a cool plunge into the creek recently when he accidentally slipped off a foot log while out walking. The companions certainly did enjoy it.

Mr. and Mrs. George Smith, formerly of Concord, returned from New Mexico last week for a short visit.

## SUNDAY SCHOOL LESSON

By HAROLD I. LUNDQUIST, D. D.,  
Of The Moody Bible Institute of Chicago.  
Released by Western Newspaper Union.

Lesson for February 16

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

JESUS AT THE FEAST OF TABERNACLES

LESSON TEXT—John 8:12-18, 31-36; 9:1-5

MEMORY SELECTION—I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life.—John 8:12

"The Light of the World" is Jesus! Who does not remember with what delight we as children sang, "Come to the light, 'tis shining for thee . . . The Light of the World is Jesus." How precious was the truth that thus flooded our souls!

Has the passing of the years dimmed the beauty and glory of that light in our hearts and lives? Do we need it renewed? God is willing and ready. Jesus is the light, and just as the sunlight sheds its glory on the awakening world at dawn, so Christ sheds abroad the light of God in the hearts of believing men. The writer of these lessons pens these words with the prayer that as this portion of God's Holy Word is studied and taught, that light may break forth on many a soul lost in the bewilderment of this dark world.

Our study centers around three simple words—*light*—with beauty and rich in meaning.

I. Light (John 8:12-18). The text says, "Then spake Jesus." When? Just after he had silenced the hypocritical accusers of a woman taken in sin, and had spoken the word of peace to her troubled soul. She was to "go and sin no more" because she had met him who is the light of the world. The text follows him "shall not walk in darkness"; they are the children of light, they have the very light of life.

How sad it is that with the light of the world shining in all its brightness, men loved their own darkness. The Pharisees, instead of receiving the light, had to argue, and to do it on a low, fleshly plane. They even accused Jesus of being a liar. Think of that!

So it is that men may reject the Light of God and go on into a darkness made deeper because they have seen the light.

Now we look at our second beautiful word. How sweet it sounds as we repeat it—

II. Freedom (vv. 31-36). Free! Four letters, but what a depth of meaning! Chains have fallen off, prison doors are open. The one who was bound is free. But here we are concerned with an even more important liberty, the freedom of the soul. Many there are who boast of their independence, but who are merely slaves. Jesus said: "Whosoever committeth sin is the servant of sin" (v. 34) not if master.

How shall they be freed? Note three things in these verses. (1) A condition—"If ye continue in my word." This means not only a profession of faith, but a daily appropriation and realization of his truth in life. (2) A promise—"Ye shall know the truth." The philosophies of men profess to be a seeking after truth, but how few there are who look to the one place where it can be found—in Jesus Christ. (3) A result—"The truth shall make you free." Truth always sets free.

Men are enslaved because, as in some foreign lands, they have not had the opportunity to learn the truth (we have failed to send it), or because they have rejected it.

Freedom and light can lead only to

III. Vision (John 9:1-5).

"This is the most instructive passage in Scripture. A man born blind is seen by Jesus. His disciples note his interest and begin to theorize on a theological question. They had learned so little of the compassionate spirit of Jesus that they saw in this blighted life only an illustration of a theological problem. May God help us that we may never be so blind."

Jesus goes at once to his blessed work. He was in the world to do the works of God. He and the Father always work. Let us follow his blessed example. The "king's business" requires haste. Let us work "while it is day, the night cometh when no man can work."

By a loving and gracious act, Jesus stirs in the heart of the man that faith which causes him to go, to wash, and, glory to God, he sees!

Such a personal experience of the divine power of the Son of God leaves no doubt in the man's mind that the One who caused him to see "is a prophet." All of a man's doubts concerning the deity of Jesus Christ disappear when he becomes his Saviour.

Do not fail to read the remainder of the chapter and note how this man's faith was victorious in the face of trials, persecution, and even of excommunication; for outside the temple he met Jesus and took him as his Lord. As Dr. Scroggie puts it, "His excommunication was a promotion. He went from the synagogue to the Saviour."

Humanity and Goodwill  
reunite men . . . the  
basis of every political  
establishment.

## Veterans' Corner

This column is published weekly through the cooperation of this paper. Questions should be mailed to the Veterans Employment Representative, United States Employment Service, Mayfield, Ky.

Q. What is the name of the organization formed recently by former members of the U. S. Army Air Forces? Where is it located, who are the sponsors, and what is its purpose?

A. The organization is the Air Forces Association. It has National Headquarters at 1603 K Street, N. W., Washington 6, D. C. Lt. Gen. James H. Doolittle is president. Other officers and directors include widely known former officers and seven former enlisted men. Membership is open to all former Air Forces personnel, commissioned or enlisted, including those who were assigned or attached. This category takes in former members of the aviation section, signal corps, flight surgeons, medical corps, aviation engineers, corps of engineers, supply, ordnance, and administrative personnel, and W.A.C.s. Purpose of the organization is to preserve the spirit of fellowship among air-men, provide comradeship, perpetuate tradition of the Air Forces, educate the public in development

of air power, maintain an adequate U. S. Air Forces, and encourage peace and security. Local units are being organized throughout the country.

Q. My first husband was killed in World War II and I remarried. I divorced my second husband and now would like to know if my widow's pension can be re-instated?

A. Existing legislation provides that compensation or pension shall not be allowed to a widow of a World War II veteran who has remarried. Her status cannot be changed if she is divorced.

Q. Will the fact that I have a 30 per cent disability, for which I am receiving compensation, bar me from obtaining total disability insurance in addition to my \$5,000 life policy? If I am totally disabled after taking the disability insurance, how much will I receive, and will the disability payments be deducted from the face value of the life policy in the event of death?

A. Before a veteran can obtain a total disability rider on his National Service Life Insurance policy, he must supply evidence of good health satisfactory to the Veterans Administration, but the V.A. will not deny good health, simply because the applicant has a service-connected disability less than total. To obtain total disability insurance, the veteran must pay a premium

on his life policy. If he becomes totally disabled and remains in such condition for six consecutive months, payment of \$5.00 a month for each \$1,000 of insurance will be made effective on the first day of the seventh month. Because additional premium must be paid for the disability insurance, it amounts to a separate policy and any payments for disability will not be deducted from the face value of the life policy in the event of death.

Wilbur Litsey, derby corn winner in Grayson county, told Farm Agent R. T. Faulkner that 20 years ago it took the corn crop from 40 acres to fill a crib 16 by 8 by 8 feet. Last year, his crop of 11 acres more than filled two such cribs. His average yield was 90 bushel to the acre, although his winning acre produced 110 bushels. Litsey credits the TVA and Extension Service soils and crops programs of the past 10 years for building up his farm which was completely terraced in 1938.

The first corn shredder to be brought into Clinton county has been purchased by E. A. Barnes.

Don't Think The Panic Is On . . .

just because some of us merchants have one-half price stickers on our windows. Just step inside and ask for some item of staple merchandise and see if it is not higher.

I have my first case of sacrifice made by any merchant—Oh, well, some items that never should have been stocked in the first place are reduced, but still won't sell.

No one should encourage a panic by saying they expect one soon. There certainly will not be lower prices on quality merchandise this spring; however, all possible resistance against further advances should be put on—don't buy if you can do without.

Certainly we don't want prices to go down on hogs, cattle, sheep, or any farm products; so all farmers should support the Farm Bureau in keeping representation in Washington. Calloway farmers should double their membership—only one out of ten farmers in Calloway belong. Leave the business men non-farmers out and it would not be maintained.

If Federal support of soil improvement drops out, a real falling off of production will follow.

Been lots of moving so better check up on registration at the County Clerk's Office. Will nominate candidate for Governor and all state officers; certainly all voters will be interested.

## Earl Bruce Tucker Is Named To Post In Washington

Earl Bruce Tucker, son of Mrs. E. A. Tucker, Murray, and graduate of Murray High School in 1932, was recently appointed as administrative assistant to Senator Overton, Mississippi.

Tucker was recently honored with a dinner at the Hotel Vicksburg, Vicksburg, Miss., by the Vicksburg Chamber of Commerce. The dinner was in acknowledgment of Tucker's interest in civic progress.

He was employed approximately five years with the Army Engineers, during most of which time he was stationed with the commission and the Vicksburg engineer district, where he dealt with the flood control and river and harbor problems of Louisiana and the lower Mississippi Valley. For 10 years prior to his connection with the Corps of Engineers he was employed on various southern newspapers.

For a long period during the war, Tucker was stationed at the atomic bomb project in Oak Ridge, Tenn.

## UNDERWOOD AND REDDEN WIN CORN RAISING CONTEST

### Calloway Farmers See Movie and Hold Discussion at Meet

Featuring a contest to determine the largest ears of corn raised in this section last year, Calloway farmers assembled on Wednesday, January 29, for a special hybrid corn meeting arranged by Southern States Cooperative and Calloway County S.U. Association, the cooperative agency in Murray.

Winners in the contest were Huron Redden, Murray, who was awarded a half-bushel of hybrid seed corn as first prize and Earnest Underwood, Murray, second place winner, who received a peck of hybrid seed corn. Duplicate prizes were presented to C. D. Morris, Murray, and Lowell Walker, Murray, first and second place winners respectively in the "What's

the Correct Answer" contest. W. H. Perry Murray, presided as chairman of the session, which included a movie entitled "Golden Harvest" and an open discussion, in addition to the contests.

### Logan Farmers Have Banner Sheep Year

That 1946 was the banner year in sheep profits in Logan county was stated by Farm Agent John R. Wallington, who based his statement on the records of 728 ewes in 21 flocks in 14 communities. The average wool clip per ewe was 9.2 pounds, selling for an average of 49.5 cents a pound, or \$4.52 per fleece. Eighty-five per cent of the 134 lambs born per ewe were saved, the average marketing value being \$16.17. The gross profit per ewe from lambs and wool was \$22.96, an increase of \$3.27 over the previous year.

### VETERANS ADMINISTRATION Contact Office Murray, Kentucky

Do you as a veteran really know what your National Service Life Insurance has to offer in the form of protection and security for you and your family? You have heard what some one else has said about "GI" Insurance but have you really investigated and got the facts from someone who has first hand information on all phases and provisions of National Service Life Insurance?

Today, two out of every three veterans have allowed their insurance to lapse. If you are one of those veterans who has allowed his insurance to lapse, you owe it to yourself and to your family to get the facts, first hand, on your National Service Life Insurance.

Possibly, your dropped your insurance not knowing that you had the privilege of continuing this insurance as a peace time protection and security. Perhaps you were of the opinion that you must continue the full \$10,000 after your discharge, and the premium on this amount was more than you could afford. These are mistaken ideas. National Service Life Insurance offers to you, as a veteran of World War II, the same protection and even many more advantages than it did on the battlefield. Many changes have been made in National Service Life Insurance to meet the peace time needs of the veteran, his family and dependents. It's not necessary for the veteran to continue the full \$10,000 of National Service Life Insurance after his discharge from service. He may continue any amount from \$1,000 up to \$10,000 in multiples of \$500, if he so desires.

The veteran who has allowed his Term Insurance to lapse, may be reinstating his insurance although he has paid no premiums since his discharge. He will be required to pay only two monthly premiums on the amount of insurance he reinstates—one back premium and the premium for the current month.

For information and assistance on your National Service Life Insurance, you are urged to get in touch with the local Veterans Administration Contact Office, Room 114, Gatlin Building, James W. Williams, contact representative, states that the local Contact Office is prepared to assist veterans with any and all problems relating to their National Service Life Insurance. This office is also prepared to give assistance in filing for other benefits to which a veteran may be entitled under the laws administered by the Veterans Administration.

The local Contact Office, which has been keeping office hours from 8:00 a.m. to 6:30 p.m., daily, as an added service to the veteran during the opening insurance campaign, reverted to its regular hours, 8:00 a.m. to 4:30 p.m. and 8:00 a.m. to 12:00 noon, Saturday, beginning Monday, February 10.

### Business Leaders Meet

The Future Business Leaders of America held its regular business meeting Wednesday, January 22.

The president, Jacqueline Miller, called the meeting to order and Willodean Goodwin read the minutes in the absence of the secretary, Sue Hughes. Pictures were being made for the annual and the president had to leave. Mr. Gunter took charge of the meeting and called for the treasurer's report.

The club discussed the banquet they are planning to hold later in the year. Billie Smith, chairman of the committee to get information about the places where the banquet could be held, made a report. There were other banquet discussions before adjournment.

### Debate Club

The Debate Club and Mrs. C. S. Lowry went to Paducah, February 5, to debate with the Tilghman debate club. Both clubs decided that a round table discussion including the entire Tilghman club would benefit both teams more.

Those who went were Joanne Smith, Wanda Lee Farmer, Bill Corbin, and John Shelton.

### Student Council

The Student Council was in charge of the chapel program Friday, February 6. The high school council enacted a business session in which they discussed many of the things that need to be done to improve the school. A short humorous skit was given before the business meeting to show how many students go to the lunchroom at noon.

Those who participated in the program were Ralph Boyd, Mrs. Lowry, Miss Tarry, Evelyn and Elmer Heater, Roy Smith, Betty Rogers, "Jackie" Sharborough, Marlene Swann, Don Tucker, Verona Smith, Bob Trevathan, Gus Robertson, Harry Gorsuch, and Wanda Lee Farmer.

### Grade News

The first grade will give the chapel program on Friday, February 14. They will have a Valentine post office and party on Valentine Day.

The third grade has been studying animals for the past three weeks. They have been seeing films about animals.

Three students of the fifth grade—George Ed. Waldrop, Charles Dodd, and Jeanette Huie—had nature drawings printed in the "News on the Wing," the Junior Audubon Club paper. Charles, drawing was of "Red," a wild squirrel; George Ed drew a "Tree in Winter," and Jeanette's was a "Tree in Fall."

These pictures were all drawn from memory.

The Audubon Club meets every Thursday afternoon at 1:00 o'clock. The new officers are Pat Redden, president; Nancy Jones, vice president; June Barnett, treasurer; and Ann Farmer, secretary.

Each program has been very interesting. Miss Wyatt, the science teacher from the college, made a talk at one meeting. At another the film, "Bird Sanctuaries" was shown. Kodak pictures of the club have been made and it is planning to have a hike on the first Thursday that is suitable. Some of the children are making scrapbooks on birds and how to care for them; others are keeping a list of birds they know; while others are writing stories about birds they see.

The fifth grade wrote to the Wildlife Conservation Association for stamps and other free materials.

### Visit Tobacco Barns

Since the tobacco industry is the largest industry in Murray and so many people in this county make their living from tobacco, the fifth grade has been interested in tobacco sales and prices received for tobacco. Last week they visited three barns—Jack Farmer's, C. E. Farmer's, and the Outland Brothers. They were fascinated with the auctioneer and the amount of tobacco on the floor.

—Jean Thompson

Story Hour Club Formed

Miss Ola Brook reports that a Story Hour Club has recently been organized by the second grade.

Officers of the club are Cally Jones, president; John Shroat, vice president; and Judy Shogmaker, secretary. Members of the program committees are Janet Miller, chairman; Noel Buchanan, Wanda Kline, Loretta Tucker, and Billy Presson.

The club meets weekly; the next program will be composed of all boys.

The second grade has three new pupils—Clifton McCallon, Penny, Prudence McKinney, Iuka, Ky., and Bobby Horton, Arkansas.

According to Miss Brock, the class has the largest enrollment in years. There are 43 in the grade.

—Wanda Lee Farmer

### Seniors Slick Up

Have you noticed a decided change in the appearance of the seniors lately?

I think this calls for an explanation; we want no one to come to the wrong conclusion. No, we aren't trying to impress our dignity on the lower classmen by discarding our "sloppy joes" and plaid shirts. We have been having our

pictures taken for the annual, and of course it's only human nature to try, mind you say "try," to look your best when you know your picture is to be put on display.

The old nature of desiring to be different prompted us to have our pictures made differently from any senior the Training School has had. Each had his picture made in his chosen field or favorite class. It's very interesting to see Billy Smith, of all people, posed over a typewriter and Joe Dorch and Sue Hughes working a bookkeeping problem. Of course where would "Jackie" Miller be, but among her test tubes, imagining herself to be another Adam Curie.

Anne Adams is seated at her trusty piano; although she's looking very musically inclined, the picture doesn't reveal that her mind keeps drifting to another piano. The Heater twins, trying to impress Mrs. Rowlett for an A, had theirs taken in ceramics class molding clay.
