## Jo's Notebook

I always say when Festival time rolls around, "you don't have to be crazy, but it helps!"

Perhaps nobody but some kind of a nut would attempt to make travel arrangements for seven Central American girls, over a distance of 20,000 miles, in seven countries, sitting at a desk in Fulton, but I have done that, together with arranging receptions, press conferences and arrival times and departures for a chartered plane ride to four state capitals in 48 hours.

The Lord willing and the creeks don't rise, Linda Arrington and I will be leaving Fulton either Saturday or Sunday for New Orleans to meet the marimba band, and seven Latin-American beauty queens who will be coming into the Crescent city at all times of the day and night.

We'll be staying at the Hilton Inn at the New Orleans Airport for obvious reasons. It would be an exercise in futility to be "plane dispatchers" and tour directors at the same time while trying to stay in a down-town New Orleans hotel about 20 miles from the airport.

Well, anyhow, just read what we have in store for us elsewhere on this page.

The LATIN-AMERICAN BEAUTY SPECIAL PLANE will be winging into Fulton on Tuesday evening about evening-tide. I hope that every resident of the twin cities will be on hand to meet the plane with the High School bands, local officials, Amigos and everybody extending a hand and smile of welcome to this "cargo of beauty" from Latin-America.

Hasta luego! (Translation: See you later.)

A special program is being planned for the Category Winners for Thursday afternoon. This event will be held in connection with the famous Guatemala Army Marimba Band.

### TV SETS STOLEN

Two television sets were stolen last weekend from the Fulton Country Club. Entrance was gained by breaking a window on the side porch.

## 'Citizen' Hawley To Again Emcee Princess Event

When the International Banana Festival Princess Pageant stages its competition with a truly international flavor, Dick Hawley of Station WMC-TV, Memphis, will take over the reins as Master of Ceremonies for his third consecutive year at the Princess Pageant.

Mr. Hawley is one of the Mid-South's favorite M. C.'s for variety shows, fashion shows and beauty pageants. He has been associated with some of the most outstanding events in Tennessee, Arkansas, Missouri, Mississippi and Kentucky. The "big fella" (he stands 6'5") was born in Brooklyn, New York and moved to Memphis, Tennessee in February, 1961. Dick is married to the former Opal Newton of Gadsden, Alabama and they have two sons, Rick and Ronald.

Mr. Hawley is probably best known for his nightly appearances on Channel 5's "10 P. M. News" and the "Channel 5 Weather". He is so beloved in Fulton they call him a "citizen."

# 35 Amigos Arrive Tuesday; Queens Here Next Week; Rockefeller To Host

They came off of the bus singing and with happiness in their hearts at the anticipation of meeting new friends, new families and a new kind of a life in the United States of America.

Two weeks from their arrival on Tuesday night they will leave again, with sweet sorrow at the parting from the families they have grown to love and with whom they will share a warm relationship of friendship and camaraderie forever.

That's the story of the Amigo program of the International Banana Festival. It was that way last year, and the year before and the year before. And it will be that way next year and in the years to come, so long as a gracious and understanding community like these twin cities will open their hearts and their homes to young people, and adults too, from the banana-producing countries of Central and South America.

This year 33 students were on the Greyhound bus that rolled into Fulton Monday night, with an honor police escort from two cities and two States. The blinker lights were beaming on the escort cars and the cars were alive with horn-blowing, heralding the beginning of one of the most successful Festivals in the history of the six-year program.

At the band-stand Mayor Gilbert DeMyer of Fulton and James Hickman, city manager of South Fulton, representing Mayor Rex Ruddle, gave warm and meaningful words of welcome.

And Mrs. Bill Fenwick, the indefatigable chairman of the Amigo program, told in words that only a mother can express, of the happiness a community feels at having new members in the hospitable homes around us. Mrs. Fenwick, with her equally hard-working co-chairman Mrs. John Lloyd Jones, have been working for weeks placing the students in twin-city homes. As the bus rolled in, and the students and their two chaperones strolled with song to the band-stand it was the unanimous consensus, with the throng of people on hand to greet them, that another Banana Festival was on the move.

Mrs. Florence Ballesteros, international co-ordinator for the Banana Festival, and Mrs. Evangeline Chauvin, the other chaperone, were beaming as they introduced the Amigos to the families waiting to greet them.

It was a sight to behold ... the meeting of minds and hearts in the visible warm handclaps and embraces that were exchanged that deep love and understanding will develop in the all too few days that two hemispheres will join together as one at fiesta time in the twin cities.

## Famed Marimba Of Guatemala Coming Again

For the fifth consecutive year, the famed Guatemala Army Marimba Band will make an appearance at the International Banana Festival, held this year from September 4 through 7 in the twin cities of Fulton, Kentucky - South Fulton, Tennessee.

Always a Festival favorite, the "Reina del Ejercito", as the band is titled, will again furnish the Latin American beat which has become an integral part of Fiesta time.

The International Relations Chairman of the Banana Festival, in cooperation with the Guatemala Tourist Commission, has arranged for this band to appear as a part of the people-to-people program of the Festival. To show the true coincidence of interest in the field of music, the Reina del Ejercito will play Latin American Music, North American music and light classics appreciated by all peoples regardless of place of origin.

## South Fulton Election Is Next Tuesday

On next Tuesday citizens of South Fulton will go to the polls to elect two commissioners, each to serve 4-year terms.

A third commissioner, Harry Allison, still has 2 years to serve.

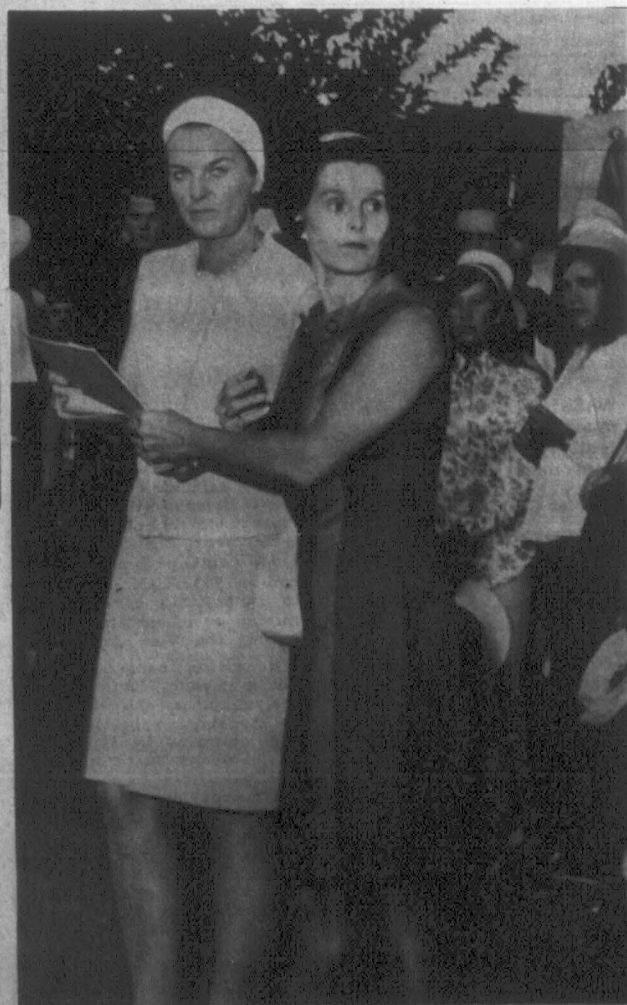

Commissioner John Reeks is running for re-election. The other commissioner, Rex Ruddle, who has been serving as South Fulton Mayor, is not seeking re-election.

Besides Reeks, others seeking the Commissioner offices include Clyde Stinson, Elmer Mansfield and Dan Crocker.

At their first meeting after the election, Allison and his two new commission members will select one of their trio to serve as Mayor.

Lovely Donna Sensing, standing between her two new friends, plans on "getting to know" (at left) Maria Sol Portilla of Quito and Magdalen Reyes de Loja in Ecuador. (Photo by Elmer Stewart)

These ladies really had a smile in their hearts Tuesday night when the Amigos arrived, but they wanted to be plenty sure that each Amigo met the "right families" for their two-week visit here. At left is Mrs. Florence Ballesteros and right is Mrs. Bill Fenwick, Amigo chairman.

There were plenty more, but this is all of the crowd that photographer Elmer Stewart could get in his lenses on Lake Street, when the Amigos arrived. (Photo by Elmer Stewart.)

## Loretto Shows Way To Community Progress Through Self-Improvement

(Lebanon Enterprise)

A few years ago the town of Loretto was like many other rural communities.

It could hardly be called a town. Just a few stores, a gas station or two, a school. Not much else.

Young people there grew up and moved away.

However this community in northwest Marion County has been rapidly changing in recent years. And without anyone hardly noticing it.

A few more stores have opened. A new brick bank building has been built. A used car lot has been opened. Thirty-one business locations are now included in the city limits. New homes have been built. Lots of them. Substantial homes. Most of them constructed of brick. Two residential subdivisions have been opened and lots are getting scarce.

And the population has been growing. Young people who formerly moved away to jobs in the cities are settling down in Loretto to rear their families there.

Over 400 persons now live in Loretto, giving it a population record that excels Lebanon's growth and far outstrips other rural communities in this area, some of them much older than Loretto.

What is the reason for Loretto's growth?

Certainly, many of the young people there would have moved away had it not been possible for them to get jobs in Lebanon or Bardtown. Many work at Lebanon industries, 10 miles away, and perhaps an equal number find employment at Bardtown distilleries and the rapidly expanding industries of Nelson county, 15 miles away.

Loretto has recently begun having growth pains and is experiencing the cost of municipal government. Loretto now has an assessed valuation of approximately \$1 million.

The leaders of the community felt that through a city government it would help to get the town the much-needed facilities that their neighbors were enjoying, and to keep it from fast becoming a ghost town like so many other small rural communities.

"We just wanted to become self-supporting," is the way one Lorettoan puts it.

With its expanding population and business trade, the town's leaders saw the need for more police protection, street lights, parks and recreation area, and looked forward to a water system and fire protection.

A town council was formed, tax rates were set and the wheels of city government started into motion. Most everyone there has cooperated with the tax program, says the town's mayor, Tommy Hamilton, who is employed at nearby Star Hill Distillery—Marion county's only producing distillery and one that has achieved nationwide acclaim with its bourbon, Maker's Mark.

Though its parochial high school enrollment has shrunk to the point that maintaining the upper four grades became too much of a financial burden on the St. Francis parish, the Catholic school center will continue to operate one of the largest parochial grade schools in rural Kentucky areas.

The strong parochial education system in the Loretto area was built by Elizabethtown pastor Father John Talbott Spalding and has been ably carried on by his successor, Father William Spalding. The annual church picnic in the parish is one of the largest in Kentucky.

Financial backing is not lacking in the Loretto area, where the Bank of Loretto has continued to grow, offering attractive interest rates on savings that have lured investors from nearby communities, particularly Nelson county.

The reasons for the growth of a small community are not often easy to single out, and usually are made possible only by a combination of things for you.

So it is in Loretto, where businessmen, clergy and farmers have worked together to better themselves, in so doing, have brought progress to the entire county.

## POET'S CORNER

### WHEN WILT THOU SAVE THE PEOPLE?

When wilt Thou save the people?  
O God of mercy, when?  
Not kings and lords, but nations!  
Not thrones and crowns, but men!  
Flowers of Thy heart, O God, are they;  
Let them not pass, like weeds, away,  
Their heritage, a sunless day.  
God, save the people!

Shall crime bring crime forever,  
Strength aiding still the strong?  
Is it Thy will, O Father,  
That man shall toil for wrong?  
No, say Thy mountains; No, Thy skies;  
Man's clouded sun shall brightly rise,  
And songs ascend, instead of sighs.  
God, save the people!

When wilt Thou save the people?  
O God of mercy, when?  
The people, Lord, the people,  
Not thrones and crowns, but men!  
God, save the people, Thine they are,  
Thy children as Thine angels fair,  
From vice, oppression, and despair,  
God, save the people!

### FULTON'S

## Library Corner

By Brenda Rowlett

The citizens of Fulton County are eligible to receive library services of many kinds. In this article these services will be outlined and the citizens are urged to make use of these facilities which are at their disposal.

There are two libraries and a bookmobile which operate in Fulton County. Both libraries (one in Fulton and one in Hickman) have a wide variety of books which may be checked out for a period of two weeks and may be renewed if necessary. There is a wide variety of fiction, non-fiction and reference books in both libraries. The patrons may browse until he finds some thing that suits his taste or he may ask the librarians to help find a specific book or books on a special topic. Also the librarian will help the patron with any reference questions that he might have.

There is a shelf of books from the American Lending Library in Atlanta, Georgia, in both libraries. These books are both fiction and non-fiction and are usually the most current books which have not yet been received from the Department of Libraries in Frankfort. Books are constantly on order for Fulton County through the Department of Libraries in Frankfort and are being shipped to our regional headquarters in Murray for Fulton County.

There are several science fiction paperback books which were donated to the Fulton library and are being circulated. The science fiction

readers seem to enjoy them very much. There is also a verticle file in both libraries which has current information on various subjects that is in leaflet form only. Books may be ordered from the Department of Libraries in Frankfort and from our regional library in Murray to supplement our supply of books if we do not have enough books to sufficiently fill the patrons request.

These are records which may be checked out for a period of two weeks. These records cover all the different classifications of music.

Also there is a record played in both libraries and a set of earphones which enables the patron to sit and listen to the record of his choice and not be disturbed by the other activity taking place in the library.

There are several magazines that are received regularly and may be checked out for two weeks also, except that the current issue should stay in the library for patrons who come in to enjoy reading a magazine in a few spare moments.

There are several framed pictures that may be checked out for two months. There is a wide variety of pictures which could be used in any home and in any room ranging from the living room to the kitchen, bedroom and den.

There are films and film-strips that may be ordered for the use of civic organizations. These films should be ordered about two or

three weeks in advance so if it is already booked another film may be ordered in time for the program.

There is a film and film-strip catalog at both libraries and the librarian will assist the patron in making his selection if he so desires. Also there is a 16 millimeter projector and screen which may be checked out for showing these films or any films that the patron might wish to show.

The patron should call the Fulton library to reserve the projector for the date he wishes to use it, and he may pick it up in Fulton and return it the next day.

There is a microfilm reader-printer in Fulton. There are back issues of some magazines on microfilm that have proved very helpful to the students in writing their term papers. Also if the patron finds an article on microfilm that he wishes to have a copy of a print can be made for him.

There is a talking books machine service available for those who have trouble reading. The patron need not be completely blind to make application for this machine. There are any number of reasons that a person would have trouble reading and the librarian will fill out the application for the patron and mail it to Louisville to the Kentucky Industries for the Blind and they will receive a record player and a catalog of books on record that they may order. There is no charge for this service since it is provided by the State of Kentucky. The patron does not even have to pay postage on the machine or on the records he receives.

This summer the libraries have had a summer reading program for the students in Fulton County. The theme was "Let's take a vacation trip at our Public Library." The students read 5 books about other countries they would like to visit

## The Diplomatic Pouch

WASHINGTON, D.C.—The following letters were recently answered by the Department of State.

### Viet Cong Defectors

Perhaps the following suggestions in regard to the current Viet Nam War might, without prior publicity, be worth a try. My suggestion is this:

That the United States print notices to be dropped over North Viet Nam supply routes, etc., to the effect that for a specified amount of time, say three months, any of the soldiers so wishing, might be given not only sanctuary, but a substantial sum of money (\$2,000-\$3,000) upon turning in his weapons and ammunition to the United States.

For larger pieces such as tanks, a bonus sum might be offered. Perhaps tantamount to bribery, we need only to emphasize the peaceful endeavor of such an offer, made in the desire to better the whole country while depleting the ranks of the North Viet Nam, so that our soldiers can come home.

N.W.

Dear N.W.:

Since you have expressed an interest in the possibility of rehabilitating enemy defectors we would like to discuss with you the present efforts being made in this area. The Chieu Hoi (Open Arms) program, begun in 1963, offers amnesty to those who have been misled or intimidated into joining the Viet Cong.

Reception centers are set up in each province for the returnees, who are given housing, subsistence, and clothing. During the initial weeks, the returnees are permitted to discuss their experiences with the Viet Cong and are given re-orientation lectures to enable them to re-adjust to South Vietnamese society. Most returnees leave the centers to return to their homes and families, but if their homes are in territory currently under Viet Cong domination, they are eligible for re-settlement benefits including a house and land in more secure areas. Some, who wish to follow new occupations, are also given vocational training. Some returnees volunteer to fight against their

former comrades and are formed into special units which have been particularly effective because of their knowledge of the enemy.

Under the Chieu Hoi program there have been growing numbers of Viet Cong defectors. The 1964 figure of 5,417 returnees increased to 11,124 in 1965. The figure for 1966 was 20,242. In total, from 1963 to 1966 there were 48,031 returnees in spite of South Viet Nam's internal difficulties. As of October 1, 1967, approximately 23,600 had left the Viet Cong ranks. Further indications of the success of the program are to be seen in the strenuous efforts of the Viet Cong to combat it and to warn their forces against it.

The Doan Ket (National Reconciliation) program was announced by then Premier Ky on April 19, 1967. While many of its provisions were already in effect, the new statement inaugurates a full-fledged attempt to persuade Viet Cong leaders to return to the Government's side. The Proclamation offers full citizenship rights and all

# SOCIETY - WOMAN'S INTEREST

## Miss Bennett, Mr. Denny Pledge Vows In First Christian Church

On Friday, August 16, at eight o'clock in the evening, Miss Elizabeth Gay Bennett became the bride of Clifford Miller Denny of Lexington, Kentucky, at the First Christian Church of Fulton. The Reverend Henry Hanna, assisted by Dr. Clarke Bloomfield, pastor of The Church of the Good Shepherd (Episcopal) of Lexington, performed the double-ring ceremony before friends and relatives.

The stately Gothic architecture of the sanctuary provided a background of elegant simplicity for the vows which were spoken before the communion table holding a central floral arrangement of large white Fuji chrysanthemums and gladioli, accented with jade, emerald and leather leaf fern. Brass vases in naves on either side of the chancel held smaller arrangements of the mums and gladioli. Heart shaped candelabra, containing white cathedral tapers, stood directly behind the communion table, while floor standards of seven-branched candelabra, entwined with jade and emerald greenery, were placed on either side of the table and in front of the chancel. The tapers were lighted by Collins Denny, IV and William Denny of Richmond, Virginia, nephews of the groom.

Preceding the ceremony, Mrs. Steve Wiley, organist, presented selections consisting of "Song Without Words," Mendelssohn; the hymns, "Now Thank We All Our God," and "All Glory Land and Honor," Bach Chorales; "Panis Angelicus," by Cesar Franck; "Andante" from Beethoven's 7th Symphony; "Ave Maria" by Bach-Gounod and "Benedictus" von Weber. The bride party entered to "Rigodon" by Campra, Wagner's "Bridal Chorus" from Lohengrin and "Recessional" by Mendelssohn were used for the processional and recessional.

The bride, who was given in marriage by her father, wore a gown of ivory silk peau de soie designed with a closely fitted bodice featuring a scoop neckline and elbow-length sleeves. Appliques of re-embroidered Alencon lace, accented with clusters of seed pearls and iridescent, encircled the bodice which was fastened in the back with tiny self-covered buttons ending just below the waistline. Wide loops of peau de soie fell from the back of the waist over the full skirt which descended into a full circular chapel train. Appliqued designs of lace were repeated on the front of the skirt and the train. She wore a chapel length veil of imported handmade Duchesse lace which had been worn by the groom's mother in her own wedding. Her bridal bouquet was of white bridal roses and carnations surrounded by lemon leaves with which she carried a Belgian linen and lace handkerchief, a gift of the groom's aunt.

Mrs. Robert Lindsey of Augusta, Georgia attended her sister as matron of honor and Miss Mary Grant DeMyer served as bridesmaid. Both attendants wore floor-length gowns of Greenspray chiffon, designed along princess lines, with bands of matching satin at the neckline ending in bows from which fell straight satin panels. The only detail on the front of the dresses was a row of oval-shaped satin-covered buttons. Their headpieces were Dior bows

over illusion in the same shade as the dresses. They carried topiary bouquets of small Fuji chrysanthemums.

Attending the groom as best man was his brother, Collins Denny, III of Richmond, Virginia. Groomsman were Dison W. Christian of Richmond; Major Robert Lindsey of Fort Gordon, Georgia; Russell des Cognes, Jr., and James Machmer, both of Lexington, Kentucky.

Mrs. Bennett, mother of the bride, was attired in a melon chiffon gown of empire design. Bands of velvet petals in the same melon shade outlined the empire waist and bordered the elbow-length sleeves. Her headpiece was a brief veil accented with sprays of feathers repeating the color of the gown.

Mrs. Collins Denny, Jr., mother of the groom, was lovely in a formal gown of pale blue alaskine which had as its only ornamentation, a jeweled band at the neckline. Both mothers wore pure white orchids pinned at their shoulders.

Following the wedding, Mr. and Mrs. Bennett entertained with a reception at the Fulton Country Club. Arrangements of small yellow Fuji chrysanthemums, white roses and tuberoses with leather fern were placed at vantage points throughout the reception room. The bride's table, overlaid in white satin and garlanded in smilax, held an all-white four-tiered wedding cake on which was a nosegay of white bridal roses. The base of the cake was encircled with strings of smilax. Punch was served from silver punch bowls at either end of a white satin-covered table whose central appointment was a five-branched silver candelabrum holding burning white tapers.

Serving the guests at the reception were Mrs. Collins Denny, III, Mrs. R. A. Batts, Jr. of Lexington, Miss Carol Luther, Miss Nancy Tress, and Miss Sherry Milsap of Fulton. Each wore a corsage of white gladioli.

Late in the evening, the bride and groom left for a wedding trip to Hilton Head Island, South Carolina. For traveling, the bride wore a costume suit of brown linen with a jacket of beige knit. Her accessories were brown. Completing her costume was a corsage of beige cymbidium orchids. Mr. and Mrs. Denny are now at home at 1043 Cross Keys Road, Lexington, Ky.

Out-of-town guests were Mrs. Clarke Bloomfield, Mrs. James Machmer, Kim and David Machmer, Mr. and Mrs. R. A. Batts, Jr., all of Lexington; Mrs. Collins Denny, III, Collins Denny, IV, Bill Denny, Mrs. R. M. White, Mrs. Eugene Vann, Mrs. Dixon Christian, Mr. and Mrs. John C. Miller, Jr., all of Richmond, Virginia; Mrs. J. B. Stephenson of Kent, Ohio, and Mrs. Robert Hyland of Brandenburg, Ky.

## Miss Ann Bondurant Reveals Her Wedding Plans To Ronald Foley

Miss Ann Bondurant, daughter of Mr. and Mrs. John C. Bondurant of Hickman, is announcing plans for her marriage to Ronald E. Foley, son of Mr. and Mrs. Cleburn Foley of Martin.

The First Baptist Church in Hickman will be the setting for the wedding, which will take place at seven o'clock the evening of August 31. The Rev. R. H. Dills, pastor of the church, will officiate.

Miss Bondurant has chosen her sister, Miss Amy Bondurant, as her maid of honor. Bridesmaids will be Miss Jane Voorhees, Miss Pat Bond and Mr. David Mattox, and the junior bridesmaid will be Miss Lucy Bondurant, sister of the bride.

Cleburn Foley, father of the groom, will serve his son as best man. Groomsman will be Roy

Foley, Dennis Foley, Donnie Davis and Bruce Earheart. Ushers will be George Caldwell, David Reed and Bobby German.

Following the wedding, a reception will be held in the home of the bride's parents. Assisting will be Mrs. Johnnie Hundley, sister of the groom, Miss Betty Shaw, Miss Barbara Zarecor, Miss Janie Caldwell and Miss Susan White.

## Miss Bondurant Is Honoree At Many Lovely Pre-Nuptial Events

A popular bride and groom and two prominent families have been made happier these past few weeks by their many friends who have hosted the couple at a large number of delightful parties in their honor. Beginning in July, the bridal couple have been the inspiration at this lovely events:

Summertime finds the refrigerator center of the kitchen busy a good deal of the time. Sandwiches, lunches and snacks at all hours originate here. Make sure your center is well equipped to save you time and energy. This will include a good assortment of knives for cutting bread, meats and cheese. Extra salt and pepper shakers for this area will make sandwich preparation easier. Ice cream scoop, ordinary table knives or special spread-

ers, bottle stoppers are needed. A small cutting board to protect countertop surfaces and an ice crusher are good to have in this area. You will find it exciting to prepare that next snack without moving out of your tracks.

4-H Nutrition-Food - Foods are fun—great to eat and enjoy, interesting to prepare. There's a knack to food preparation that adds pleasure to meal planning. Mystery surrounds the action of ingredients, and the quality of the finished product. In 4-H, you have a wide field for investigation. How does baking powder differ from baking soda? Why are foods blanched before freezing? What happens if fresh (instead of canned) pineapple is used in gelatin salad and why? Have you ever had a "tasting party" to explore new and different foods? Nutrition is the principal reason for our nation's good health today. Most meals are well balanced and nutritious with sufficient amounts of proteins, vitamins and minerals for adequate body growth and maintenance. Why don't you enroll in a 4-H foods projects?

## Loretto Shows Way To Community Progress Through Self-Improvement

(Lebanon Enterprise)

A few years ago the town of Loretto was like many other rural communities.

It could hardly be called a town. Just a few stores, a gas station or two, a school. Not much else.

Young people there grew up and moved away.

However this community in northwest Marion County has been rapidly changing in recent years. And without anyone hardly noticing it.

A few more stores have opened. A new brick bank building has been built. A used car lot has been opened. Thirty-one business locations are now included in the city limits. New homes have been built. Lots of them. Substantial homes. Most of them constructed of brick. Two residential subdivisions have been opened and lots are getting scarce.

And the population has been growing. Young people who formerly moved away to jobs in the cities are settling down in Loretto to rear their families there.

Over 400 persons now live in Loretto, giving it a population record that excels Lebanon's growth and far outstrips other rural communities in this area, some of them much older than Loretto.

What is the reason for Loretto's growth?

Certainly, many of the young people there would have moved away had it not been possible for them to get jobs in Lebanon or Bardtown. Many work at Lebanon industries, 10 miles away, and perhaps an equal number find employment at Bardtown distilleries and the rapidly expanding industries of Nelson county, 15 miles away.

Loretto has recently begun having growth pains and is experiencing the cost of municipal government. Loretto now has an assessed valuation of approximately \$1 million.

## The Diplomatic Pouch

WASHINGTON, D.C. — The following letters were recently answered by the Department of State.

### Viet Cong Defectors

Perhaps the following suggestions in regard to the current Viet Nam War might, without prior publicity, be worth a try. My suggestion is this:

That the United States print notices to be dropped over North Viet Nam supply routes, etc., to the effect that for a specified amount of time, say three months, any of the soldiers so wishing, might be given not only sanctuary, but a substantial sum of money (\$2,000-\$3,000) upon turning in his weapons and ammunition to the United States.

For larger pieces such as tanks, a bonus sum might be offered. Perhaps tantamount to bribery, we need only to emphasize the peaceful endeavor of such an offer, made in the desire to better the whole country while depleting the ranks of the North Viet Nam, so that our soldiers can come home.

N.W.

Dear N.W.:

Since you have expressed an interest in the possibility of rehabilitating enemy defectors we would like to discuss with you the present efforts being made in this area. The Chieu Hoi (Open Arms) program, begun in 1963, offers amnesty to those who have been misled or intimidated into joining the Viet Cong.

Reception centers are set up in each province for the returnees, who are given housing, subsistence, and clothing. During the initial weeks, the returnees are permitted to discuss their experiences with the Viet Cong and are given re-orientation lectures to enable them to re-adjust to South Vietnamese society. Most returnees leave the centers to return to their homes and families, but if their homes are in territory currently under Viet Cong domination, they are eligible for re-settlement benefits including a house and land in more secure areas. Some, who wish to follow new occupations, are also given vocational training. Some returnees volunteer to fight against their

former comrades and are formed into special units which have been particularly effective because of their knowledge of the enemy.

Under the Chieu Hoi program there have been growing numbers of Viet Cong defectors. The 1964 figure of 5,417 returnees increased to 11,124 in 1965. The figure for 1966 was 20,242. In total, from 1963 to 1966 there were 48,031 returnees in spite of South Viet Nam's internal difficulties. As of October 1, 1967, approximately 23,600 had left the Viet Cong ranks. Further indications of the success of the program are to be seen in the strenuous efforts of the Viet Cong to combat it and to warn their forces against it.

The Doan Ket (National Reconciliation) program was announced by then Premier Ky on April 19, 1967. While many of its provisions were already in effect, the new statement inaugurates a full-fledged attempt to persuade Viet Cong leaders to return to the Government's side. The Proclamation offers full citizenship rights and all

Though its parochial high school enrollment has shrunk to the point that maintaining the upper four grades became too much of a financial burden on the St. Francis parish, the Catholic school center will continue to operate one of the largest parochial grade schools in rural Kentucky areas.

The strong parochial education system in the Loretto area was built by Elizabethtown pastor Father John Talbott Spalding and has been ably carried on by his successor, Father William Spalding. The annual church picnic in the parish is one of the largest in Kentucky.

Financial backing is not lacking in the Loretto area, where the Bank of Loretto has continued to grow, offering attractive interest rates on savings that have lured investors from nearby communities, particularly Nelson county.

The reasons for the growth of a small community are not often easy to single out, and usually are made possible only by a combination of things for you.

So it is in Loretto, where businessmen, clergy and farmers have worked together to better themselves, in so doing, have brought progress to the entire county.

## POET'S CORNER

### WHEN WILT THOU SAVE THE PEOPLE?

When wilt Thou save the people?  
O God of mercy, when?  
Not kings and lords, but nations!  
Not thrones and crowns, but men!  
Flowers of Thy heart, O God, are they;  
Let them not pass, like weeds, away,  
Their heritage, a sunless day.  
God, save the people!

Shall crime bring crime forever,  
Strength aiding still the strong?  
Is it Thy will, O Father,  
That man shall toil for wrong?  
No, say Thy mountains; No, Thy skies;  
Man's clouded sun shall brightly rise,  
And songs ascend, instead of sighs.  
God, save the people!

When wilt Thou save the people?  
O God of mercy, when?  
The people, Lord, the people,  
Not thrones and crowns, but men!  
God, save the people. Thine they are,  
Thy children as Thine angels fair.  
From vice, oppression, and despair,  
God, save the people!

### FULTON'S

## Library Corner

By Brenda Rowlett

The citizens of Fulton County are eligible to receive library services of many kinds. In this article these services will be outlined and the citizens are urged to make use of these facilities which are at their disposal.

There are two libraries and a bookmobile which operate in Fulton County. Both libraries (one in Fulton and one in Hickman) have a wide variety of books which may be checked out for a period of two weeks and may be renewed if necessary. There is a wide variety of fiction, non-fiction and reference books in both libraries. The patrons may browse until he finds something that suits his taste or he may ask the librarians to help him find a specific book or books on a special topic. Also the librarian will help the patron with any reference questions that he might have.

There is a shelf of books from the American Lending Library in Atlanta, Georgia, in both libraries. These books are both fiction and non-fiction and are usually the most current books which have not yet been received from the Department of Libraries in Frankfort. Books are constantly on order for Fulton County through the Department of Libraries in Frankfort and are being shipped to our regional headquarters in Murray for Fulton County.

There are several science fiction paperback books which were donated to the Fulton library and are being circulated. The science fiction

readers seem to enjoy them very much. There is also a verticle file in both libraries which has current information on various subjects that is in leaflet form only. Books may be ordered from the Department of Libraries in Frankfort and from our regional library in Murray to supplement our supply of books if we do not have enough books to sufficiently fill the patrons request.

These are records which may be checked out for a period of two weeks. These records cover all the different classifications of music.

Also there is a record played in both libraries and a set of earphones which enables the patron to "sit" and "listen" to the record of his choice and not be disturbed by the other activity taking place in the library.

There are several magazines that are received regularly and may be checked out for two weeks also, except that the current issue should stay in the library for patrons who come in to enjoy reading a magazine in a few spare moments.

There are several framed pictures that may be checked out for two months. There is a wide variety of pictures which could be used in any home and in any room ranging from the living room to the kitchen, bedroom and den.

There are films and film-strips that may be ordered for the use of civic organizations. These films should be ordered about two or

three weeks in advance so if it is already booked another film may be ordered in time for the program.

There is a film and film-strip catalog at both libraries and the librarian will assist the patron in making his selection if he so desires. Also there is a 16 millimeter projector and screen which may be checked out for showing these films or any films that the patron might wish to show.

The patron should call the Fulton library to reserve the projector for the date he wishes to use it, and he may pick it up in Fulton and return it the next day.

There is a microfilm reader-printer in Fulton. There are back issues of some magazines on microfilm that have proved very helpful to the students in writing their term papers. Also if the patron finds an article on microfilm that he wishes to have a copy of a print can be made for him.

There is a talking books machine service available for those who have trouble reading. The patron need not be completely blind to make application for this machine. There are any number of reasons that a person would have trouble reading and the librarian will fill out the application for the patron and mail it to Louisville to the Kentucky Industries for the Blind and they will receive a record player and a catalog of books on record that they may order. There is no charge for this service since it is provided by the State of Kentucky. The patron does not even have to pay postage on the machine or on the records he receives.

This summer the libraries have had a summer reading program for the students in Fulton County. The theme was "Let's take a vacation trip at our Public Library." The students read 5 books about other countries they would like to visit

# SOCIETY - WOMAN'S INTEREST

## Miss Bennett, Mr. Denny Pledge Vows In First Christian Church

On Friday, August 16, at eight o'clock in the evening, Miss Elizabeth Gay Bennett became the bride of Clifford Miller Denny of Lexington, Kentucky, at the First Christian Church of Fulton. The Reverend Henry Hanna, assisted by Dr. Clarke Bloomfield, pastor of The Church of the Good Shepherd (Episcopal) of Lexington, performed the double-ring ceremony before friends and relatives.

The stately Gothic architecture of the sanctuary provided a background of elegant simplicity for the vows which were spoken before the communion table holding a central floral arrangement of large white Fuji chrysanthemums and gladioli, accented with jade, emerald and leather leaf fern. Brass vases in naves on either side of the chancel held smaller arrangements of the mums and gladioli. Heart shaped candelabra, containing white cathedral tapers, stood directly behind the communion table, while floor standards of seven-branched candelabra, entwined with jade and emerald greenery, were placed on either side of the table and in front of the chancel. The tapers were lighted by Collins Denny, IV and William Denny of Richmond, Virginia, nephews of the groom.

Preceding the ceremony, Mrs. Steve Wiley, organist, presented selections consisting of "Song Without Words," Mendelssohn; the hymns, "Now Thank We All Our God," and "All Glory Land and Honor," Bach Chorales; "Pavane Angelica," by Caesar Franck; "Andante" from Beethoven's 7th Symphony; "Ave Maria" by Bach-Gounod and "Benedictus," Von Weber. The bride party entered to "Rigodon" by Campra. Wagner's "Bridal Chorus" from Lohengrin and "Recessional" by Mendelssohn were used for the processional and recessional.

The bride, who was given in marriage by her father, wore a gown of ivory silk peau de soie designed with a closely fitted bodice featuring a scoop neckline and elbow-length sleeves. Appliques of re-embroidered Alencon lace, accented with clusters of seed pearls and iridescent, encircled the bodice which was fastened in the back with tiny self-covered buttons ending just below the waistline. Wide loops of peau de soie fell from the back of the skirt over the full skirt which descended into a full circular chapel train. Appliqued designs of lace were repeated on the front of the skirt and the train. She wore a chapel length veil of imported handmade Duchesse lace which had been worn by the groom's mother in her own wedding. Her bridal bouquet was of white bridal roses and carnations surrounded by lemon leaves with which she carried a Belgian linen and lace handkerchief, a gift of the groom's aunt.

Mrs. Robert Lindsey of Augusta, Georgia attended her sister as matron of honor and Miss Mary Grant DeMyer served as bridesmaid. Both attendants wore floor-length gowns of Greenspray chiffon, designed along princess lines, with bands of matching satin at the neckline ending in bows from which fell straight satin panels. The only detail on the front of the dresses was a row of oval-shaped satin-covered buttons. Their headpieces were Dior bows

over illusion in the same shade as the dresses. They carried topiary bouquets of small Fuji chrysanthemums.

Attending the groom as best man was his brother, Collins Denny, III of Richmond, Virginia. Groomsmen were Dison W. Christian of Richmond; Major Robert Lindsey of Fort Gordon, Georgia; Russell des Cognes, Jr., and James Machmer, both of Lexington, Kentucky.

Mrs. Bennett, mother of the bride, was attired in a melon chiffon gown of empire design. Bands of velvet petals in the same melon shade outlined the empire waist and bordered the elbow-length sleeves. Her headpiece was a brief veil accented with sprays of feathers repeating the color of the gown.

Mrs. Collins Denny, Jr., mother of the groom, was lovely in a formal gown of pale blue alaskine which had as its only ornamentation, a jeweled band at the neckline. Both mothers wore pure white orchids pinned at their shoulders.

Following the wedding, Mr. and Mrs. Bennett entertained with a reception at the Fulton Country Club. Arrangements of small yellow Fuji chrysanthemums, white roses and tuberoses with leather fern were placed at vantage points throughout the reception room. The bride's table, overlaid in white satin and garlanded in smilax, held an all-white four-tiered wedding cake on which was a nosegay of white bridal roses. The base of the cake was encircled with strings of smilax. Punch was served from silver punch bowls at either end of a white satin-covered table whose central appointment was a five-branched silver candelabrum holding burning white tapers.

Serving the guests at the reception were Mrs. Collins Denny, III, Mrs. R. A. Batts, Jr. of Lexington, Miss Carol Luther, Miss Nancy Trease, and Miss Sherry Milledale of Fulton. Each wore a corsage of white gladioli.

Late in the evening, the bride and groom left for a wedding trip to Hilton Head Island, South Carolina. For traveling, the bride wore a costume suit of brown linen with a jacket of beige knit. Her accessories were brown. Completing her costume was a corsage of beige cymbidium orchids. Mr. and Mrs. Denny are now at home at 1043 Cross Keys Road, Lexington, Ky.

Out-of-town guests were Mrs. Clarke Bloomfield, Mrs. James Machmer, Kim and David Machmer, Mr. and Mrs. R. A. Batts, Jr., all of Lexington; Mrs. Collins Denny III, Collins Denny, IV, Bill Denny, Mrs. R. M. White, Mrs. Eugene Vann, Mrs. Dixon Christian, Mr. and Mrs. John C. Miller, Jr., all of Richmond, Virginia; Mrs. J. B. Stephenson of Kent, Ohio, and Mrs. Robert Hyland of Brandenburg, Ky.

Summertime finds the refrigerator center of the kitchen busy a good deal of the time. Sandwiches, lunches and snacks at all hours originate here. Make sure your center is well equipped to save you time and energy. This will include a good assortment of knives for cutting bread, meats and cheese. Extra salt and pepper shakers for this area will make sandwich preparation easier. Ice cream scoop, ordinary table knives or special spread-

ers, bottle stoppers are needed. A small cutting board to protect countertop surfaces and an ice crusher are good to have in this area. You will find it exciting to prepare that next snack without moving out of your tracks.

4-H Nutrition-Food - Foods are fun—great to eat and enjoy, interesting to prepare. There's a knack to food preparation that adds pleasure to meal planning. Mystery surrounds the action of ingredients, and the quality of the finished product. In 4-H, you have a wide field for investigation. How does baking powder differ from baking soda? Why are foods blanched before freezing? What happens if fresh (instead of canned) pineapple is used in gelatin salad and why? Have you ever had a "tasting party" to explore new and different foods? Nutrition is the principal reason for our nation's good health today. Most meals are well balanced and nutritious with sufficient amounts of proteins, vitamins and minerals for adequate body growth and maintenance. Why don't you enroll in a 4-H foods projects?

## School Merger Board Moves Toward Reality

Following the lead taken Tuesday night by the Union City Council, both the Union City and Obion County school superintendents said today they will soon name their members to a 20-member board to study the combining of the two school systems.

Acting under a bill passed by the state legislature in 1963, Mayor James L. Rippy Tuesday named five members to serve on the board.

The law provides that both the mayor and county judge appoint five members and that both school superintendents appoint five more members each.

This board will then be given from 18 to 18 months to make detailed studies of the school systems involved and submit their recommendations in writing to the city and county governments.

Both J. H. Rochelle, superintendent of the Union City school system, and C. D. Parr, superintendent of the Obion County school system, said today they are notifying their board members in order to give them time to think about possible choices before they next meet.

Mr. Rochelle said the city board will meet Monday night and that their five members of the study group will probably be named that night.

Mr. Parr said the county board does not meet until late September but indicated a called meeting may be held in order that their five-member group can be named.

Judge McKinnis, who will name the five remaining members to the study committee, was not in town for comment today, but it is expected he will name these persons in the near future.

Commenting on the proposed merger of the two school systems, Mr. Rochelle said, "I think it is wise to make a study and I will be willing to abide by the findings of the group, provided the study is made in a systematic and scientific manner."

"I think the people should be given the facts and then allowed to decide the matter on the basis of these facts."

"I certainly am taking an open-minded attitude toward the study and think we are fortunate in having a law setting out how it should be done."

Mr. Parr said, "I'm wholeheartedly in favor of doing anything and making any move which will provide a better education for our boys and girls. I think perhaps the city is thinking along the right lines and this move might be the right approach to the matter."

Mr. Parr went on to say such a combination of school systems might make it possible to operate with fewer but larger schools which could offer a more comprehensive program.

Both superintendents made it clear the views they expressed were their own and did not necessarily reflect that of their boards.

**SHARP SHOOTERS** — Fulton's Jasper Vowell (third from left) held the lead at the ninth annual J. Vernon Verhine Open Golf Tournament at Poplar Meadows Country Club Sunday until he slammed two drives into the cemetery for penalty strokes. He wound up with a 150 and tied for second with Jimmy Knott (right) of Trenton. Vowell broke the tie in a sudden death playoff. Here they talk with Felix Gossom of Fulton (left) and Mike Powell of Trenton. Don Rogers of Newbern (not pictured) won the tourney with a 148.

## Newbern Golfer Wins Vernon Verhine Open

The ninth annual J. Vernon Verhine Open Golf Tournament, with a full field of 123 players participating, was won by Don Rogers of Newbern Sunday with a 36 hole score of 148.

Jasper Vowell of Fulton, a favorite with many Union Citizens, captured second place by defeating James Knott of Trenton on the second hole of a sudden death playoff.

The two tied at the end of the regular 36 holes with scores of 150. Vowell, a former Verhine champion, had things going his way

and appeared to be the winner until disaster struck on the Number 4 hole where he drove into the cemetery twice and his shot off the tee then was stroke Number 5 on a par four hole.

Club professional Kayo Mullis had the course in excellent shape for the tourney but today said there is no opportunity for the tourney, now well established, to grow unless the club is able to build another nine holes. He said the need of a second nine holes has been demonstrated this summer with crowded conditions existing on most days.

During the tournament the participants were provided lunch by the club and many of them attended a membership dinner dance
