THE DAILY MESSENGER.

VOLUME VII. NO. 149.

MAYFIELD, KY., TUESDAY AFTERNOON, APRIL 2, 1907.

THOROUGHLY

DEMOCRATIC

WILL C. ORR

ed Monday Morning ng in Albuquerque New Mexico.

A. M. Thomas received a elegram Monday announcing the death of Will C. Orr, at Alberquerque, N. M., who died there of consumption. Mr. Orr is a Fannie Murray, who formerly over-sight of the jury, returned bills, many of the members were and of Mrs. Jerry Reasor, Mrs. John Bennett and Mrs. Bob Bennett.

He left here about five weeks ago in search of health but got there too late for the climate to do him any good. He was a single man about 35 years old and was known to everybedy in this country. He was a member of the Oddfellows, the Barbers Union, the Barbers Union, the Knights of Pythias and of the Red Men. His body will be brought back here and interred arrive until about Friday.

Mr. Orr had many friends here who will be sorry to learn of his sudden death.

THE WORLD

Tail Didn't Strike.

Strikes have been talked of for some time and some took place last week with more trouble of the same kind threatened, but the astronomers had predicted the greatest strike in all history to take place last Sunday, when the earth was to be struck by the new comet's tail, sending everything animate and inanimate into nothing, and not a grease spot of old mother earth was to be left. The comet failed to switch its tail, or if, it did nobody was hurt, and the earth and the inhabitants thereof are moving along as usual. The fools are not all dead yet,

Special Features.

The Flower Carnival to given April 5, at the Kentucky, by the Paducah Chapter of the Daughters of the American Revolution for the benefit of the fund for the erection of a fountain at Fifth and Broadway will be a beautiful scene. More than 5,000 flowers of different variet ies and hues, twenty four butterflies of myriad colors and twenty frogs will be represented in a tableaux, in which 150 children will take part, ending with a procession led by the goddess of the flowers. All of the children almost feel the "reward money" wave to the strains of "America," sung in chorus.

Each of the flowers represented will have separate dances and the frogs and butterflies will also to seek consolation to himself. have figure dances. The dances will be Butterfly, Frog Water Lily, Chrysanthemu:n, Poppy, Snowball, Carnation, l'ose, Sunflower, Spanish Dance, Doll Max Shelton has accepted a Dance and the little D. A. R.

Two packages garden seed for cents, at D. A. Saffold's.

THE RAISE WAS GREASED

Telegraph Companies Increase Salaries But Increase the Tolls.

The announcement made recently that the salaries of the operators and employes of the Western Union and Postal Telegraph companies had been raised is followed, of course, by an increase in the rate of telegraph

To send a telegram over the wires of either company will, beginning Monday, cost the May-At the regular session of the field business man considerably more than he has been paying.

One of the principal changes will be in the rates that have prevailed in this state. In all cases B. F. Brand, the newly elected where the rate has been for the lights out during the last month has been increased to forty cents while policeman Lewis reported for the same number of words College of Music in Cincinnati. with a charge of three cents for each additional word instead of reported that he had collected thirty cents and 2 cents for each

Another one of the changes will rate on telegrams listed in the tion of peas, which had come up \$1 25; Dave Sanford, work at city day rate at sixty cents, with four cents for each additional word. plumbing \$1; A. F. Brown, rent The night rate in this instance were for city pound, \$25; Jailer R. R. has been forty cents with three cents for the additional word, and will be fifty cents and 5 cents for each additional word.

"The change has been due for some time and more changes with the important centers of the country are expected within the next few weeks," is the official explanation.

A Nice April Fool.

The telephone bell rang at the city hall Monday afternoon and a message was received that George Curd, colored, was in the vicinity of "black bottom" and could be captured with ease if officers would come. Curd is wanted in East St. Louis for kill ing a man and a reward of \$100 is out for him. This information tickled chief McNutt and policeman Alf Brown from head to toes and they got busy at once. They made a dart for black bottom and passed policeman John Lewis like a streak of greased lightning, not even breathing to him their mission. They could will carry flags, which they will in their pockets. After a mighty rough and fruitless trip, they were informed that it was the first day of April. "Oh, pshaw," said officer Brown as he went off

city assessor filed his bond which day of 50c of a ten word message Wright, in this city, will be glad with an additional charge of three to learn of her many honors in Policeman Brown reported six cents a word the night charge music, which she is rapidly and easily winning while she is at the

Miss Wright is the young daughter of Mr. J. E. Wright, of this city, and Mayfield should certainly feel proud of being the home place of this young musibe in the advance in the night cian who is fast gaining for herself a musical career equal to the greatest.

> The Cincinnati paper last week contained an excellent likeness of Miss Wright, as one of the young pianists, and also Mr. William Barke, of Cincinnati, who both won scholarships in the College

Among many other complimentary notices, we publish for the Mayfield friends and well wishers of Miss Wright the article concerning her appearance at the College Orchestra Concert last week.

"Signor Albino Gorno presented a bright and talented pupil in Miss Alla Wright, who, under his direction, played with orchestra Beethoven's piano concerto B flat major. Her playing showed clear phrasing, rhythmic firmness, good tone production and much above the average intelligence, The last movement was clearest in its periods. She has the velvety touch which is one of the inherents of Gorno pupils."-

Smallpox.

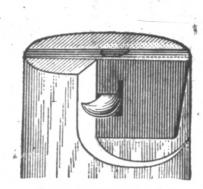

Rev. J. W. Hall, colored, of Bowling Green, Ky., who is here to hold a revival is confined with smallpox at the home of Eld. Barrett, south of the Old Woolen Mills office. Dr. Hunt, the city physician says he has quite a severe case, but thinks there will be no other cases to come of this one.

The yellow flag has been put out and the proper protection will be guaranteed the people.

Heads That Don't Fly Off

That's one of the advantages of Keen Kutter Axes, Hatchets and Hammers. The heads are wedged on with the Grellner Patent Wedge, which positively prevents them from ever working loose or flying off the handles. This wedge is used only on Keen Kutter Tools. Keen Kutter Axes are made of the highest grade open-hearth steel, with extra heavy crucible steel bit, overlaid to present greater wearing surface and to avoid tendency toward splitting of the eye. They are hand-tempered by the old process and inspected and tested before leaving the factory. The Keen Kutter Handled Axes are handled by experienced workmen. who know the correct shaping and setting of the handle, and every axe is handled by a fixed guage to insure its having the correct "hang."

Keen Kutter Hatchets are made of the highest quality crucible steel, in all leading patterns, and are equally high grade tools. All

KEEN KUTTER

Axes and Hatchets are sent out sharpened ready for use. Keen Kutter Hammers are forged from one solid piece of highest grade crucible hammer steel, with specially hardened faces and extra tempered claws. Every one undergoes a severe breaking test before being finished. All Keen Kutter Axes, Hatchets and Hammers have handles of highest selection, second growth hickory, fastened into the heads with the Grellner Wedge.

The way in which these tools are made is representative of the excellence of quality found throughout the Keen Kutter Line.

Some of the other kinds of Keen Kutter Tools are: Chisels, Screw Drivers, Auger Bits, Files, Planes, Draw Knives, Saws, Tool Cabinets, Scythes, Hay Knives, Grass Hooks, Brush Hooks, Corn Knives, Eye Hoes, Trowels, Pruning Shears, Tinners' Snips, Scissors, Shears, Hair Clippers, Horse Shears, Razors, etc., and Knives of all kinds.

Keen Kutter Tools are for sale by all first-class dealers. It will pay you to write for a copy of our handsome Book on Keen Kutter Tools. It's a Book that every user of tools will find very useful as a permanent reference. We will mail you a copy FREE.

CHINESE TOWN'S ONE INDUSTRY. Chingtechen Has Made Nothing But

Pottery for 900 Years. For at least 900 years the town of

vale industry. The houses are for the most part built of fragments of fire clay that were at one time part either of old lns or of the fire clay covers in which the porcelain is stacked during

The river bank is for miles covered with a deep stratum of broken chinaware and chips of fire clay, and the greater part of the town and several square miles of the surrounding counry are built over or composed of a similar deposit.

Chingtechen is unlike anything else in China. There are 104 large pottery kilns in town. The greater part are in use only for a short season in the summer.

During this busy season the population of Chingtechen rises to about 400,000 souls, but of this total nearly half are laborers drawn from a wide area of country, who come for the season, live in rows of barrack-like sheds, and do not bring their families with them.

Visitors to Chingtechen pass along street after street where every shop is occupied by men, women and children all engaged in the designing, molding, painting or distributing of pottery.

Potters' sheds, where the clay is mixed and molded on the wheel, are innumerable. The river bank is crowded for three miles by junks either landing material and fuel, or shipping the finished product.

Everything Counts.

Everything leaves its impress. It is one of the immutable laws of the universe. The workman strengthens his arm by exercise, he weakens it by disuse. The student gains the power of concentration by concentrating, he loses it by habitually allowing his thoughts to wanger from the thing

The danger lies in drifting without the effort necessary to set one's bark aright. Idly drift and you will become less a man, less a woman; less able to meet the next obstacle that rears its head. The opportunity for added strength comes with the obstacle. As you meet it so will be your power to meet the next "lion in the way."-Spere Moments.

College Students as Thinkers.

It is important for college teachers to promote the pursuit on the part of their students of such subjects as in their innerent character demand thinking, and also to promote such a pursuit of these subjects as does promote thinking. Mathematics is a subject which demands thinking. It is thinking; it is nothing else. History may be presented as a matter of acquisition; it also may be presented as a matter of weighing evidence as a study of cause and effect. ' Economics is a subject which specially offers opportunities for such study as develops thinking. Its phenomena are complex and the causes which prevail in ita field are often obscure. These studies and similar ones offer a special advantage in creating and nourishing the power of thinking.-North American Review.

DOCTOR'S ALL AGREE THIS TIME.

The most eminent writers on Materia Medica, whose works are consulted as authorities and guides in prescribing by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medicai Discovery. In fact is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No predicine will. Nor is the "Discovery" so good for a sudden attack of acute ough, but for the lingering, obstinate, hang-on-coughs, accompanying charrhal, throat, larvegeal and bronchial affections, it is a most efficacious emedy. In cases accompained with wasting of flesh, night-sweats, weak stamed and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has prover wonderfully successful in effecting cures.

morning, poor or variable appetite, coated tongue, feul breath, constipated or irregweak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Plerce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscutts, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use covery" regularly and stick to its use

until you are vigorous and strong.

Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood. other manifestations of impure blood. In the cure of scrofulous swellings, enother manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has been constructed by the most marvelous cures. In

larged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's Medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not besitate to recommend these medicines, since they know exactly what they contain and that their ingredients are the very best known to medical science for the cure of the several diseases for which they are recommended.

With tricky dealers it is different.

Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to accept a substitute of unknown composition and without any particular record of cures in place of Dr. Pierce's medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not besitate to recommend these medicines, since they know exactly what they are made of. The same is true of leading physicians who do not besitate to recommend these medicines same the very best known their ingredients are the very best known to medical science for the cure of the several diseases for which they are recommend the sements are the very best known their ingredients are the very best known to medicine for weak swell as the "Golden Medical Discovery." In

Besides curing all the above distressing allments, the "Golden Medical Discovery" is a specific for all diseases of the mucous memoranes, as catarrh, whether of the pasal passages or of the stomach bowels of pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, feul breath, constipated or irregular. Besides curing all the above distressing from compiled from numerous standard

tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distressed feeling in stomach, perhaps nausea, bitter or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor indians as "Sanaw-Weed." Our known.

As made up by improved and exact pro-cesses, the "Favorite Prescription" is a most efficient remedy for healing ulcera-tions, regulating all the womanly functions, correcting displacements, as prolap-sus, anteversion and retroversion, over-coming painful periods, toning up the

Why We Deserve **Your Confidence**

The Rexall formulas have never been secret.' We have always known them ourselves and have given them to thousands of customers. Right here is where Rexall Remedies have always done more to protect you than is even now required by the Pure Food and Drug Law.

You only know the dangerous drugs in other remedies—the rest of their formulas are still secret. You have always known everything in

every Rexall Remedy.

No Rexall Remedy is a "cure-all"—there are 300 different remedies—one for each human ill -the most reliable and successful remedy for that ill proven by years of experience. We have sold these Rexall Remedies upon the squarest plan on which merchandise was ever sold. We have guaranteed to return the money to every purchaser who came back with the empty bottle or package and said that he or she was not satisfied—and we've never failed to live up to this guarantee.

The Pure Food Law did not necessitate any change in Rexall formulas —on the contrary it has set the stamp of approval upon them. Best of all, you can actually prove that Rexall Remedies are unchanged. You knew their formulas four years ago, and you'll find them the same today!

Don't the Rexall Remedies deserve your confidence? Wouldn't you more readily trust a man whom you had proved to be naturally honest, than one who was honest because he had to be? You know that Rexall Remedies have been voluntarily manufactured and sold for four years in the very way that the law now declares to be the only right way.

FOR NERVES-AMERICANITIS ELIXIR

Rexall Americanitis Elixir is one of the 300 Rexall Remedies. It is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphates and Calisaya.

The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it is a proposed to the fact that it supplies the proposed to the fact that it is a possible to the fact that it is not proposed to the fact that it is not pr can be immediately and easily taken up by them.

The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to this branch of medicine and unquestionably a more efficient remedy than the well-know

ypophosphites. The Iron Pyrophosphates are the more easily assimilated form of iron which give tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body. 75c. and \$1.50 a bottle.

Changed Her Mind.

mind about marrying Luke Ma- fair and square. Buy of us; you thewsla, and is cleaning the will find variety enough to suit husband.-Hogwallow Kentuck-

That our American rorests abound to plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This informa tion, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cult of most obstinate and fatal diseases, if we would properly investigate them; and in benfirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic liver invisorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by J)r. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's distressing derangements, is Dr. Pierce's Favorite Preacription as is amply attested by thousands of un olicited testimonials contributed by waterul patients who have been cured by it of catarrhal nelvic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulcerphysicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes emnative, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.
