MAYFIELD, KENTUCKY TUESDAY AFTERNOON, APRIL 23, 1907

THOROUGHLY DEMOCRATIC

NEW ROUTES FOR WATER

New Limits Calls For Additional Water Mains For Fire Protection

"ALE" LICENSE AT \$5,000

Lengthy Session Disposes of Many Things By Council Meeting.

With all the members, Parkhill, McKeel, Anderson, Hester, Lewis and Albritton, present last night the city council held quite a lengthy and interesting session.

Dr. H. H. Hunt, city health officer, filed his report regarding small pox which showed that he had two colored patients lately both of whom however had been dismissed as well.

The ordinance providing for the appointing of a city assessor was ordered held up.

Mr. Parkhill reported that he had not succeeded in getting the lumber for a bridge. Mr. Pigg, who is to furnish it, left word that it would be here right soon.

Mayor Watts said that the brick floor in the fire department was getting very slick and the horses had a hard time in getting a start when called for duty. He recommended that a floor made of very heavy lumber be substituted in the front of the building and the council ordered him to attend to the change at once.

Mayor Watts announced that the rent of the city sand pit had expired and that the rent of \$75 for the year was due and Mr. Parkhill was ordered to collect it from the surety if not from the renter. W. H. Lancaster had the pit rented with Fred Crawford as surety. The council instructed the Mayor to advertise for bids to rent the pit out for another year.

The repairing of the alleys was ordered held up until the streets were given the proper attention.

Mr. Parkhill made a motion to

put the license for selling cream ale in the city at \$2,000 per year. On the suggestion of the mayor the price was fixed at \$5,000 a year. The former license was fixed at \$1,000 but of course this provides that the said "ale" is non-intoxicating as there is already a law against selling intoxicants inside the city.

Complaint was filed by property owners on 6th street on account of dirt piled on one side of the street. It was on the property of W. A. Usher and the council decided to have him notified to have it hauled away.

J. A. Hamlet, who lives on North 6th street called the notice of the council that the water had been turned from its natural course by certain sewerage and has been allowed to run down on his property where sewerage arrangements had never been made for such a supply of water. He asked that the council have the matter remedied and the mayor and whole council selected one o'clock this afternoon to meet there and investigate the alleged fault.

A quantity of undesirable water has been running into the surface sewer on South 7th street from some unknown point and Dr. Hunt and attorney Hollifield were selected to make the examination and report to the council.

It was decided to select the city supervisors at the next meeting.

John W. Landrum, of the Mayfield Water & Light Company, appeared before the body and made a proposition regarding the new water pipe system and fire hydrants that would have to be installed owing to the extension of the city limits. He said that the manufacturers of water pipes were so over rushed with the work of filling orders that in order to get them at once it would be advisable to make the order forthwith. Looking towards this end and, at Mr. Landrum's request, the entire body of council, together with fire chief Baldrée, City engineer Voris Gregory and City attorney Hollifield, selected this afternoon as the hour to begin going over the new territory to select the new water pipes to run and the places where the fire plugs should be. This is a very important matter and can not be done in a half day and more time will be taken later to finish the work.

City attorney Hollifield suggested that "markers" be put up at the 18 corners of new city lines.

Councilman Parkhill wanted to know when the city census was to be taken and it was decided to receive sealed bids at the next meeting from persons desiring to take the census.

The following accounts were allowed:

- Fred Hamilton was allowed \$68.40 for hauling gravel for the city.
- J. R. Hester, groceries for small pox patient, \$11.35.
- C. H. McNutt, expense bringing Phil Skinner from Paducah to city prison, \$3.35.
- Bunk Kesterson, special police \$1.50
- Charley Timmons hauling lumber, 25c.
- T. W. McNuttley stamps and issuing special license, \$2.25
- C. W. Richardson, 2 weeks Janitor and repair closet, \$5.25
- J. W. Traugber, groceries

charity, \$2.50.

Waller Russell, 11 days hauling, \$22.00

J. M. Choate street work, \$13.75.

Jack Kelly street work, \$13.75.

The council will not meet again until May 6

PROMINENT MAN INJURED

J. B. Warford, of Viola, is Seriously Hurt While Loading Logs On Car

J. B. Warford, the well known merchant and mill man of Viola, is reported to be in a serious condition as the result of an injury received while loading logs at his mill. The heavy iron hooks pulled out of a log and struck him on the head. His skull was fractured and he has been in a semi-conscious condition since.

Mr. Warford is one of the most prominent and substantial citizens of the county and the news of the accident will be heard with regret.

Uncle Sam to Open Up New Country.

Uncle Sam is seeking 500 hardy farmers, mountaineers preferred, to turn over to them for a merely nominal rental 75,000 acres of irrigable land located in the Uintah Indian Reservation. More than 15,000 acres these lands are now irrigated by ditches constructed by the Government. Other canals are being built rapidly to cover the balance and the new settlers will be given employment at good wages on this work.

These lands are the allotments made to the Ute Indians, the band which recently left the reservation and wandered northward into Wyoming and South Dakota. As these Utes don't care particularly for farming the Government is offering the white farmers an opportunity to acquire a home and a competence by cultivating these farms.

The Uintah Indian Reservation is located in Northeastern Utah in the drainage basin of the Duchesne River and its tributaries. The lands are in the valleys of these streams. The altitude is from 5,000 to 6,000 feet above sea level, giving this section a delightful climate. The summer temperature is rarely above 80 degrees and the winters are extremely mild. Wheat, oats, and alfalfa are the principal crops grown, although in the lower and more sheltered valleys apples, apricots, peaches and plums do quite well. All of the fruit is of excellent flavor.

PEANUTS AND BALLOONS

Circus Tomorrow Will Bring Many of Our Country Cousins to the City.

Red lemonade, peanuts, toy balloons and many of our country cousins holding hands, will be much in evidence tomorrow.

This is the day and date for the appearance here of the Great Sun Bros.' World's Progressive Shows with its myriad of amazing new wonders and wild animals.

It is really the first good show of the season, and the ubiquitous "Kid" and his curious sisters, too, will be early on the scene to see the expectant elephant. The Sun Bros.' Show is famed for its exclusive features for children, to whom they cater, and wherever this show exhibits their tents are invariably crowded with happy, smiling youngsters.

Here will be found in the programme a feast of trained animal oddities, enacted by the cutest of ponies, dogs, elephants, horses, birds, bears, comical mules and monkeys. See them at the Fair Grounds.

Card of Gratitude

From Miss Payne.

I desire to take this occasion to thank, most heartily, the many friends who assisted me in winning the Messenger's trip to Jamestown which recently closed. I assure them that their support is appreciated, and that my trip will be one of the most enjoyable that I have ever taken, knowing that my friends proved faithful, and helped me win the trip.

Again thanking them all for their support, I am,

Very resp'y,
Opal Payne.

Club Meeting.

The Woman's Club will meet with Mrs. Tom Elliott, Thursday April 25th, at 2 o'clock. This is election of officers, and the last meeting until September, and it is important that all members shall be present.

Fancy Farm Items.

Miss Bettie Sellars is very ill and is not expected to live.

Mrs. Louisa Richardson and family spent Saturday and Sunday with Fayette Leonard and family.

Lillian Riley is visiting her grandparents, H. C. Richardson and family.

The farmers have been very busy hauling peas and baling hay

for the past week.

Emma Dawson was the guest of friends Saturday night at Fancy Farm.

Several young people were the guests of Miss Albertha and Ethel Buckman Sunday.

Mat Willett, of near Wheel lost his fine mare worth \$150 last week. While hitched to the water wagon Friday morning, she got scared and made a lunge and struck the large wheel of the engine and from the effects of it, she died in a few minutes.

Mrs. Sallie Buckman is quite sick.

Boulevards For Paducah.

Paducah, Ky., April 20.—Plans for constructing a boulevard along Jefferson street, 100 feet wide, from Fountain avenue to the city limits for the Tenth street boulevard were approved tonight by the board of aldermen. From the city limits property owners will continue the boulevard. The work will be started this summer under the supervision of the board of park commissioners.

An Approaching Wedding.

The marriage of Mr. Robert Taylor and Miss Novella Harris will take place tomorrow evening at 8 o'clock, at the residence of Mr. J. N. Harris.

The wedding will be witnessed by only relatives of the parties and a few neighbors and friends.

Both Miss Harris and Mr. Taylor are well known in Mayfield, where they number their friends by hosts. Miss Harris is the charming daughter of Mr. J. N. Harris and Mr. Taylor is the son of Mrs. Margaret Taylor and a brother of Mrs. Claude Parkhill, of this city.

They will reside in Mayfield.

CAPT. MOORE SHEDS TEARS

Over Seeing An Ox Wagon in Paducah.

One of the most pleased men in Paducah Saturday morning was Capt. Moore, the detective.

Tears of joy coursed down his cheeks when he saw a team of oxen hauling an old fashioned wagon along Fourth street, between Broadway and Kentucky avenue.

"That takes me back to my boyhood days in my old Georgia home," said Capt. Moore. "I have not seen a team of oxen in 30 years. But it looks so natural. I'll bet \$5 that fellow is from Georgia. I'll go and talk to him."

Capt. Moore accosted the driver of the team and ascertained that he was from a local option district in Graves county, and came to Paducah to get a gallon jug of whiskey.

Delightful House Party.

Quite a delightful time was spent by the younger crowd at the home of Mr. S. A. Smith when Mr. Onus Smith came in after a few of the young people to spend a few days at their beautiful home southeast of town. Our hearts leaped with joy when the time came for us to leave town and breath the good old country air, to say nothing of all the good things prepared for us to eat.

They did everything in their power to make us welcome and have a good time at their home, for which we enjoyed to the utmost.

Those who were fortunate enough to share in this pleasure were Misses Grace Council, Bettie Hollifield, Maude Watkins, Ruth Smith, Liza Beasley, Mary Hunt; Messrs. Slayden and Ben Covington, Charlie Albritton, Hal Gardner and Onus Smith.

A Guest.

Visiting Old Home.

J. O. Perry, of Illinois, is in the city. He is a brother of the late Fon Perry and is engaged in the railroad business. He has been in Paducah for the past few years but formerly lived in Texas. He was born and raised in Mayfield and has always been a hard-working and honorable gentleman. He has many friends here who are always glad to see him.

At Metropolis Sunday Dick Roach and Miss Bessie Bidwell, of the Coldwater section, were married.

Misses Clara and Eva Breckenridge are visiting in Paducah.

J. N. Crutchfield is able to be out after a several days illness.

Local Option Election in Daviess County.

The town of Owensboro voted 3,486 votes in the local option election—giving a majority of 442 in favor of open saloons. In the east, giving a majority against county there was a vote of 6,782

the saloon of 1,524. This clearly demonstrates that the people in the county don't want open saloons among them.

Philpot precinct in that county was the banner local option precinct. It voted 4 for saloons and 125 against.

This was a pretty strong fight and it is said the "visiting statesmen" composed of ministers and saloon men went away on the same trains, but they did not sit together.

The election cost thousands of dollars and put business at a stand still.

Crop prospects in many counties are not very flattering at present. A scant acreage is predicted in both corn and tobacco in Kentucky this year.

The Story of **Rexall**

REX means "king," and the combination makes **Rexall** "king of all."

We have proven time and time again that Rexall Remedies are kings above all others.

For more than two years an expert travelled all over the world in search of extraordinary remedies. Whenever he heard of a wonderful cure of any nature he did not rest until he personally could see the effect of the prescription used. Where he found the remedy perfect he purchased the prescription, but it was never used as a Rexall remedy until the properties had been thoroughly analyzed by the chemists and physicians of the United Drug Company.
