VOLUME VII, NUMBER 298.

MAYFIELD, KENTUCKY, THURSDAY AFTERNOON, APRIL 23, 1908

DEMOCRATIC

SOUTH KENTUCKY'S GREATEST CONVENTION FOR MAYFIELD.

MAYFIELD WILL ENTERTAIN MISSIONARY CONVENTION MAY 25 TO 27.

W. J. Hudspeth, Corresponding Secretary Writes and Urges For Large Attendance.

Come to one of South Kentucky's greatest conventions. On May 25-27, 1908, our South Kentucky Convention meets in Annual session.

With present prospects it promises to be one of the most enthusiastic and profitable conventions ever held in South Kentucky.

The fond hope is entertained that a fine delegation will come from all parts of South Kentucky, and many visitors from all parts of the state, inasmuch as matters of great moment, in which we are all mutually interested will come up for our prayerful consideration and no one interested in our missionary work in Kentucky can afford to stay away, if he can possibly help it.

Place. The place where the convention is to be held is the beautiful city of Mayfield, Graves county, in the new and beautiful house of worship just completed, and stands ready to be occupied.

Time. The time is Monday 25 at 8 p. m., to Wednesday, May 27, final adjournment to take place Wednesday night. The time to be taken in going, staying and coming home is not too much for any one to take from regular work.

Entertainment. To all who send their names to Sherman B. Moore at Mayfield, home will be provided free. No more hospitable people live anywhere than in Mayfield and if you send names in time you can count on having a good home while there. This will be one of the most pleasant features of the convention.

Railroad Rates. To all who bring with them a certificate from the railroad agent at the starting point, and who have purchased a full fare ticket going to Mayfield, a fare of one third plus 25 cents only will be charged on returning home, provided as many as one hundred holding certificates attend. Please bear this in mind.

We must according to recent rulings, have as many as one hundred holding certificates, and if we fail to have as many as one hundred holding certificates, we fail to get the reduction returning home. This is important.

Conclusion. This convention will, in all probability, be our last South Kentucky convention, as it is more than likely that the whole state will unite into one great Missionary convention.

This consummation will be hailed with great enthusiasm. I am sure, from the great brotherhood of Kentucky from Pike county on the extreme west to Fulton on the extreme east, and from one side to the other.

Let every one who possibly can come to Mayfield May 25-27. All aboard for Mayfield.

W. J. HUDSPETH, Corresponding Secretary, Hopkinsville, Ky.

A Beautiful Home.

J. N. Cooley has made out of the Old Matthews place on East Broad way one of the most beautiful homes in the city. Extensive improvements in the way of painting and concrete walks and driveways have been made until the place would hardly be recognized as the former one. Mr. Cooley and family only moved recently into the new home.

George Taylor, K. of R. and S. requests all members of Macbeth lodge Knights of Pythias to be present tonight as there is important business to transact.

ROCK WENT THROUGH WINDOW

Only One Incident Reported to Mar the Pleasure of the Excursion to Memphis.

The Memphis excursion on its return to Cairo where it started passed through Mayfield at 2:27 o'clock this morning. A large crowd took advantage of the cheap rate after the train left Fulton and by the time it reached its destination all the cars numbering 12 or more, were loaded to the platforms.

The only incident to disturb the pleasure of any one so far reported occurred last night shortly after the train had left Memphis. A rock was hurled through a window and struck a man on the hand which he had against his head lying against the window. Fragments of the glass fell on a young lady and produced slight wounds. The names of the injured could not be ascertained, but is thought they lived in this section.

HARRY KEY MARRIES AT PLAINS, KANSAS

The many friends of Mr. Harry Key, of this city, will be surprised to learn that he was married Wednesday, April 22, at Plains, Kan., to Miss Myrtle Kuhn, of that place.

The wedding was a surprise to his relatives here, who were not notified of the happy event until the day before it occurred. Mr. Key is a native of Graves county, and has many relatives living in Mayfield, among whom is Mrs. Will Shelton, his sister.

His friends are glad to hear of his matrimonial happiness and he has the wishes of them all.

MEETING AT DAWSON RESULTS IN MARRIAGE

R. F. Wright to Be Married Saturday in Louisiana to Miss Addie Pearce.

Col. R. F. Wright, the well-known and prominent tobacco dealer, of Mayfield, will be married Saturday in Cheneyville, La., to Miss Addie G. Pearce, of Evergreen, La., daughter of Hon. S. S. Pearce, a leading citizen of the Sugar State. The ceremony will be performed by Rev. Henry Benesh, net, of the First Baptist church, of Marksville, La. Mr. Wright and bride will be at home in Mayfield after, April 28.

The marriage of this couple is the culmination of a beautiful courtship, slightly tinged with romance.

During the hot month of last July Mr. Wright took a trip to Dawson Springs, La., for his health, of course. While taking an afternoon stroll at a watering place, summer resort and on the pleasure trip, he met Miss Addie Pearce, an introduced beauty. Both parties from all appearances were in a case of love at first sight. From a mere acquaintance friendship was gradually growing into love. The couple had been together for many months, but their love grew stronger until a "love" resulted in a marriage. The marriage was consummated in the arms of the bride.

Miss Pearce comes from a family of good people and she is a devoted wife and mother. She is now in Mayfield society with pleasure.

Don't throw away that old hat. Get a 10-cent package of Straw Hat Cleaner and make it good as new. Evans & Co.

BREATHING IS MUCH EASIER IN MURRAY THIS WEEK.

GRAND JURY REPORTS, BUT NO INDICTMENTS WERE AGAINST NIGHT RIDERS.

Evidence Against Men From Kirksey Section Was Insufficient to Find Bills.

Murray, Ky., April 23.—The grand jury made a report Wednesday morning, but none of the indictments returned was against night riders.

There will be no more indictments for night riding. The five cases on the West Side fell flat, there not being sufficient evidence on which to find bills. Murray Harris proved to be a poor witness. As stated, all he knew was what somebody had told him.

His sister was also before the grand jury, but her evidence was of a similar nature.

The story that Murray Harris was a night rider and had made a confession is erroneous. He is not even under arrest. Today the grand jury is investigating the sending of a threatening letter.

Clay Garland and Will Ross, who were indicted, have escaped and their whereabouts are unknown. Deputy sheriffs are watching along the Tennessee river and at their homes for their return to Calloway county. Bob Duncan executed bond and was released from jail.

Gen. Williams in Command. Brigadier Gen. Roger D. Williams arrived at Paducah Tuesday afternoon and assumed command of all the troops in the dark patch. Other officers arriving were Maj. E. B. Bassett, commanding the First battalion of the Third regiment, and Maj. G. W. Albrect, of the Second regiment. They arrived from Hopkinsville. The forty-one soldiers at Murray are in charge of Lieut. N. J. Wilburn.

There has not been any excitement here since Saturday, the town being perfectly quiet. Soldiers will probably be kept in Calloway county until after the next criminal term of Circuit Court which is in August. The county officials realize that it would be dangerous to leave Commonwealth witnesses without protection.

Only Leaders to Be Prosecuted. It is admitted that only the leaders of the alleged night riders will be prosecuted, which means about five prosecutions, including Joe Bell, alleged organizer and captain of the Calloway band. The total number of night riders is thirty-one. The county agreed that the conviction of the leaders will stop night riding and that is all the prosecution desires, it is said. The night riders have ceased their depredations, and are said to have disbanded.

It is admitted that only the leaders of the alleged night riders will be prosecuted, which means about five prosecutions, including Joe Bell, alleged organizer and captain of the Calloway band. The total number of night riders is thirty-one. The county agreed that the conviction of the leaders will stop night riding and that is all the prosecution desires, it is said. The night riders have ceased their depredations, and are said to have disbanded.

GRAVES COUNTY TEACHER IN MIDST PUPILS' STRIKE.

Only Two Pupils Remain in School After A. O. Bowden Takes Charge.

Maysville, Ky., April 23.—A. O. Bowden, of Lexington, who was employed by the local school board to take the place in the High school made vacant by the discharge of Prof. Coryell, and whose leaving caused a strike of the High school scholars had just two pupils to teach today.

The rebellious male pupils who were yesterday joined by the girls of the school were still out this morning, though it was stated a note would be taken some time today on the question of going back. The board will notify the parents of the pupils that all will be expected unless they return today.

Prof. A. O. Bowden, the teacher mentioned in the above dispatch, is from Graves county, and has at

HOLLOWELL CASE ON TRIAL

Much Time Consumed in Federal Court by Noted Night Rider Case.

Paducah, Ky., April 23.—The \$100,000 damage suits of Robert Hollowell and wife, Mary L. Hollowell, against twenty-eight alleged night riders, including his brother Joe E. Hollowell, went to trial in the federal court Wednesday and consumed the whole day. The court room was packed. The character of Robert Hollowell's wife was attacked, witnesses swearing that her reputation for veracity and morality was bad. The plaintiffs alleged that on the night of May 2, 1907, the defendants visited their home in Caldwell county, whipped them, shot her in the face and drove them out of the state. Each defendant had witnesses to prove an alibi, all of them claiming they were at home on that night, and they were corroborated in most instances by members of their families. The direct evidence was conducted yesterday afternoon, and today the first thing taken up was rebuttal evidence.

All of today has mostly been taken up in arguments by attorneys in the case and the jury will be given the case late this afternoon.

"SIN"

Was the Subject of the Rev. Boyce Taylor Last Night at the Baptist Church Revival.

Rev. Boyce Taylor delivered an able sermon last night at the Baptist church on the subject of "Sin." He is one of the ablest preachers in that church and never fails to interest his hearers.

This is the beginning week of a revival at the Baptist church, which will continue for a time indefinite. This revival is being conducted by the pastor, Rev. A. S. Pettie and the Rev. Taylor, who is here to assist him.

The church was full and the congregation will continue to increase from day to day until the house will be overflowing. There will be services at 7:30 and tomorrow at 10 as announced from the pulpit.

H. P. son has returned from Cairo, he had been at work on the prohibition paper, the American Cairo went so overwhelmed with the paper went of existence the next day.

Dr. Will Mahan, formerly of Lowes, and Leaves Many Relatives in the County.

GRAVES COUNTY MAN DIES IN RED OAK, TEXAS

Dr. Will Mahan died at his home in Red Oak, Texas, Tuesday at 10 o'clock, at the age of 45 years. He is a brother of Mrs. James Seagins and Miss Marvin Mahan, of this city. He studied medicine and began the practice at Lowes, with Dr. G. T. Fuller. He is a cousin of Mrs. Coleman Farthing, of this city.

Dr. Mahan was a public spirited man, a fine physician and had accumulated quite a competency in this world's goods before he was claimed by the grim messenger of death.

His step-mother was Mrs. Julia Mahan.

Methodist Revival. The revival at the Methodist church, which was expected to begin last Sunday has been postponed until Wednesday, the 29th of this month, when it will begin.

Rev. Brown, an able and distinguished minister, and Mr. Curry, choir leader, come to assist Rev. W. W. Adams, the pastor in the contemplated revival. This was so announced last Sunday night by the pastor.

This revival will continue for a time indefinite and a great interest in the church is expected to be built up.

COULD NOT SEE PREACHER FOR "MERRY WIDOW" HATS.

FLOWERY AND FEATHERY HEADGEAR WILL HAVE TO BE ELIMINATED OR MEN CAN'T GO.

Church Auditorium Presents a Spectacle That Would Make a Japanese Panorama Green With Envy.

Oh, those "merry widow" hats, they are good to look upon in day time, but at church they are a holy terror to those who want to see the preacher or to take an interest in the proceedings. To take a look in the auditorium of one of our fashionable churches on Sunday or at night, reminds one of the old fashioned "straw pile," covered with beautiful birds.

The style this year is larger than ever, and it is simply horrifying to sit behind a young girl or a young lady, or an old lady, as far as that is concerned, and see nothing but the continual moving of the big "merry widow."

No wonder but few men are seen at the churches on and immediately after Easter; as a rule men go to church for the good of the sermon and to be benefited by the exercises, but for him to plant himself down behind one of these big straw hats where the minister and the choir are absolutely hidden from him, it is enough to cause him to stay at home and read literature of the most trashy character.

We know a man who went to one of our fashionable churches not a great many hours ago, who came away without seeing the preacher and but one or two of the choir, and the whole thing as a religious service, seemed to him as a dream. There are two revivals that will be conducted here during the next three or four weeks, and if these services could be conducted without the "merry widow" hat, there would be a great revival of religion, whereas, we fear, as it is, they will fall far short of the expectations of their pastors.

The scene reminds one of a Japanese panorama of the olden times. It is feared the new style in ladies' straw hats will prevent many souls from being saved during Easter revivals.

GRAVES COUNTY MAN DIES IN RED OAK, TEXAS

Dr. Will Mahan, Formerly of Lowes, and Leaves Many Relatives in the County.

Dr. Will Mahan died at his home in Red Oak, Texas, Tuesday at 10 o'clock, at the age of 45 years. He is a brother of Mrs. James Seagins and Miss Marvin Mahan, of this city. He studied medicine and began the practice at Lowes, with Dr. G. T. Fuller. He is a cousin of Mrs. Coleman Farthing, of this city.

Dr. Mahan was a public spirited man, a fine physician and had accumulated quite a competency in this world's goods before he was claimed by the grim messenger of death.

His step-mother was Mrs. Julia Mahan.

This revival will continue for a time indefinite and a great interest in the church is expected to be built up.

ALEX LATTI WAS 87 YEARS OLD

Prominent Citizen of Water Valley Died Tuesday After Lingering For Several Months.

Alex Latta, aged 87 years, died Tuesday afternoon at 2 o'clock after lingering in the shadows of death for many months. He was one of the most prominent men and probably the oldest citizen in the section of Water Valley.

He was a member of the Presbyterian church and had been a member of one church, the Bayou Decheine church near Water Valley for 65 years and had been an elder for 45 years. His wife preceded him to the grave about two years ago. He was a moral, religious and generous man. He leaves four children, Mrs. J. Hays Blair, of Fulton, John Alex Latta, E. T. Latta, of Water Valley and Hardy Latta of near Wingo. The deceased left many grand children, great-grandchildren and great, great-grandchildren. Mrs. Frank Brooks, and Mr. Nathan Blair, of Mayfield, are among his grand children. The burial took place at Mt. Zion Wednesday afternoon and the funeral preached by Rev. D. W. Fowlkes, of Paducah.

SUNDAY SCHOOL WORKER DELIVERS LECTURE

Field Worker For State Association Interests Large Audience Wednesday Evening.

Mr. W. J. Vaughan, of Louisa, Ky., who is the field man of State Sunday School Association, delivered one of the ablest lectures on that subject at the Christian church here Wednesday evening, ever delivered. He is a mountain product, able and eloquent and has been in the field at this work for four years.

He works for the Sunday School International Association, which is the association that gets up all of the Sunday school lessons of this country.

Mr. Vaughan left Thursday morning for Benton, where he delivered an able address. He has visited 102 counties in the state since his work began and is interested in the work heart and soul.

OPERATION TO BE PERFORMED IN MEMPHIS

Coleman Boyd, of the firm of Adair & Boyd, left Thursday morning for Memphis to have an operation performed for appendicitis. He was accompanied by Dr. Alexander, of Farmington.

Came Out Alive.

The lodge of Elks held a fine meeting Wednesday night when two good victims were carried through the mysteries. Warner Robertson, a brother of depot agent Harry Robertson, and Dan Lebre were the fellows who "rode the goat," and took the high dive.

Partly cloudy Thursday; Friday showers.

TWO SHERIFFS

IN CHRISTIAN

SHERIFF SMITH HAS REFUSED TO SURRENDER HIS OFFICE.

J. M. Renshaw Says He Will Open Up Another Office if Mr. Smith Does Not Vacate.

Hopkinsville, Ky., April 23.—From present indications, Christian county may soon have two sheriffs.

This morning J. M. Renshaw entered the sheriff's office in the courthouse promptly at 10 o'clock and formally demanded that Sheriff David Smith surrender the office, books, etc., to him under the ouster order issued on March 11 by County Judge Prowse and the subsequent decision of Judge Barker of the court of appeals. Mr. Smith asked for time to consult with his attorneys and the decision has not yet been announced.

In the meantime Mr. Renshaw went to the office of County Clerk Campbell and demanded the tax books for 1908, these having been ordered to be turned over to him by the ouster order issued by Judge Prowse. The books were delivered to him. Later in the day Mr. Renshaw again entered the county clerk's office, in company with Judge Prowse, and on his motion John Boyd, Edgar Renshaw and Miss Lillie Owen were sworn in as deputy sheriffs, the court, in the order made for this purpose referring to Mr. Renshaw as "sheriff of Christian county." Mr. Renshaw says that if Mr. Smith refuses to surrender the office to him he will open up another office somewhere else in town.

No Race Suicide Here.

Sturgis, Ky., April 23.—Mrs. Goldie Merritt and Mrs. Reynolds two sisters living near Providence gave birth in one night to five children, the former to triplets and the latter to twins. Both mothers and their little flocks are getting along nicely.

Browder-Owen.

Fulton, Ky., April 23.—A wedding which was a genuine surprise to their host of friends, was that of Mr. Cornelius Owen and Miss Mildred Browder. The young couple drove over to the county capital and was united by the Rev. Waters. The groom is one of Fulton's enterprising business men, while his bride is the pretty and accomplished daughter of George L. Browder. On their return home they were met by a large number of the young society set of Fulton and showered with congratulations.

I. C. EXCURSION.

On account of the Southern Kentucky Association of Odd Fellows at Bardwell, Ky., April 27, the Illinois Central Railroad will run a special train from Paducah, leaving there at 7 p. m. at one and one-third fare for the round trip. The train will go by East Cairo. Train No. 103, from Mayfield, will stop at Wingo and Water Valley for passengers connecting with train which leaves Fulton at 7:30 a. m., arriving at Bardwell at 8:25.

Reduced rates from all points.

M. C. Rankin, commissioner of agriculture, is arranging for farmers' institutes to be held in every county in the state, and will engage men well up in scientific farming to deliver lectures.

M. J. Shanley, a Memphis saloon keeper, was shot and killed last night by Detective Thomas Shea, who was endeavoring to place Shanley under arrest on a charge of assault and battery.

During the discussion of the naval appropriation bill in the senate, Mr. Bacon, of Georgia, said it would cost almost a million dollars to take the battleship fleet through the Suez Canal.

William Gray, a prominent farmer of Clark county, lost twenty-five sheep, which died as a result of feeding in a pasture which had been sprinkled either with Paris green or arsenic.

GOING INTO TRIGG COUNTY.

Troops to Try to Get to Bottom of the Trouble.

Frankfort, Ky., April 23.—Acting under orders of Gov. Willson, Adj. Gen. Johnston has formulated plans for a vigorous campaign against night riders. In pursuance of this Roger Williams, after a conference yesterday with the Adjutant General, left for Cadiz, Trigg county, where troops will be assembled to gather in all offenders against whom warrants have been issued. The selection of Trigg county as headquarters was made after information had reached the military department that men from there have been the ringleaders in the barn burning in Princeton, in the raid on Hopkinsville, in burning barns and the whipping of Henry Bennett, at Dycusburg, and the destruction of the property of Alfred Cardin, at View. They are also suspected of complicity in the raid on Eddyville.

Wanted.—A live, hustling deputy to organize lodges. Good position. Write for particulars, enclosing stamp. Address W. S. Foy, Sec'y Independent Order of Workmen-Mayfield, Ky.

Retirement of Major Ives.

Washington, D. C., April 22.—Major Francis I. Ives, surgeon, was placed on the retired list of the army today on account of disabilities incurred in the line of duty. Major Ives was appointed an assistant surgeon in the army from New York in 1885, and during the Spanish-American war he was a brigade surgeon of volunteers. Recently he has been stationed at the Presidio of San Francisco.

Lost Watch.

A gold, double-case, Elgin movement, No. 6, watch with letter E. on front case, with common, black leather fob, and a charm made of bright metal, with bull-dog head, was lost on the streets of Mayfield, Monday, April 20th. I will pay a liberal reward for its return to me, or any information so I can get it. Address Rufe H. Sutherland, Lynnville, Ky.

PAWNBROKER'S LESSON.

A pawnbroker in Atlanta, Ga., who violated the law by purchasing two military overcoats from enlisted men will hardly do so again. He was found guilty of making an illegal purchase and was given the opinion of paying \$1,000 fine, and the costs of the trial or of going to prison for one year. He paid the fine in the U. S. court to Judge Newman. The pawnbroker was Joseph Epean, and did business on Decatur street. He was placed on trial charged with violating a section of the revised statutes prohibiting the taking in pawn or buying government property from U. S. soldiers. The law puts the penalty at a fine of not less than \$1,000 nor more than \$5,000, or imprisonment not less than one year, or more than five. Judge Newman imposed the minimum sentence. The defense of the pawnbroker was that the men who pawned the overcoat said they were discharged soldiers and were leaving the country.—Army and Navy Journal.

DON'T WAIT.

Take Advantage of Mayfield Citizen's Experience Before It's Too Late.

When the back begins to ache, Don't wait until backache becomes chronic.

Till serious kidney troubles develop. Till urinary troubles destroy night's rest.

Profit by a Mayfield citizen's experience. Charles Bengel, North Eighth street, Mayfield, Ky., says: "I have no reason to alter my opinion about Doan's Kidney Pills first expressed in the summer of 1903, but today, May, 1907, I can say that I hold a higher opinion of them than ever, for I have learned more about them and know of many, like myself, whom they have cured. Prior to four years ago I was subject to attacks of backache and kidney complaint. At night my back troubled me severely and often I could not lie down with any degree of comfort and in the morning when I arose, I felt lame and sore. There was also a urinary weakness which was very annoying at times. I read about Doan's Kidney Pills and procured a box at Evans & Covington's drug store. They went directly to the seat of the disease and gave me relief. As I continued the treatment, I gradually grew better, the backache left me and the secretions became natural and normal in action and I was cured of the disease. Doan's Kidney Pills are a valuable remedy for weak backs or kidney trouble." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

JAS. D. WOOD KILLED.

IN A FIGHT WITH A DISCHARGED POLICEMAN.

Others Were Wounded—The Dead Man Was Formerly Head of the Union Miners.

Central City, Ky., April 23.—James D. Wood, for many years president of District 23, United Mine Workers of America, was shot and instantly killed Tuesday night in a fight in which his brother, John Wood and John H. Magan, a former policeman, were also wounded.

The fight occurred on the platform of the Illinois Central railroad station and grew out of political troubles between the Woods and three former policemen who were recently let out of the city's service, largely through the influence of James D. Wood, who was a member of the board of councilmen.

Nearly twenty shots were fired by the two Woods and James Jenkins, former chief of police, and Walter Hardwick and Magan, both formerly members of the police force. The five men met on the platform and are said to have quarreled violently for some minutes before the shooting began. Who first drew a weapon is not known, but after the first shot, nearly every man in the party emptied his revolver.

James Wood was shot once in the neck and a second time in the heart, the bullet causing instant death. John Wood was twice wounded, one ball entering the stomach and a second lodging in his arm, but it is believed that he will recover. Magan was shot in the leg, but the wound is not serious. The other two men were not wounded.

James D. Wood for a number of years was president of District No. 23, of the United Mine Workers of America, which was during the time of the Hopkins county trouble. Subsequently he went on the stage and was the hero of a play entitled "Down in Hopkins." Wood also had the honor of being a member of the National Board of the United Mine Workers of America.

The last office of any importance which he held was that of president of the State Federation of Labor.

For a few months he ran a weekly labor paper, at Henderson and later on moved it to Central City.

They Know It.

Thousands of people throughout the country know that the ordinary remedies for Piles—ointments, suppositories and appliances—will not cure.

The best of them only bring passing relief.

Dr. Leonhard's Hem-Roid is a tablet taken internally that removes the cause of Piles, hence the cure is permanent. Every package sold carries a guarantee with it.

It is perfectly harmless to the most delicate constitution. A month's treatment each package. Sold for \$1.00 at Evans & Covington's drug store or Dr. Leonhard Co., Station Buffalo, N. Y.

The Merry Widow Hat.

There are so many things to trouble the pastor of a church that he is not expected to take notice of such a small matter like the attire of his congregation. The Rev. Dr. Day, pastor of a Methodist church in Albion, Mich., greatly stirred over the advice of the Merry Widow hat and expressed himself recently in a public address as follows:

"I don't see how I can preach through those flower gardens. My sermons will surely lodge there. I cannot understand how more than two of you women folks can get into my church at one time. Bring those things in baby carriages or wheelbarrows, and then don't it be a whole lot easier to wring them in your laps than on your heads after you get here?"

One hundred and fifty-four men have been deprived of the rights of citizenship by the Chicago courts as a result of the war of the state and federal governments upon anarchists.

DECLARED INSANE.

C. B. Lescher Ordered to Asylum by Jury Tuesday Afternoon.

C. B. Lescher, of Paducah, at one time one of the best known trainers of running horses in Western Kentucky and a former patrolman of the Paducah police department, was adjudged of unsound mind in the county court Tuesday afternoon by a jury. He was ordered to the Hopkinsville asylum. Mr. Lescher has been in failing health for several months.

For Sale.

Tomato plants and cabbage plants for sale at J. C. Burt's at southeast corner of College.

NOTICE TO CANDIDATES.

If you want the votes and consideration of about 4,000 union democrats of Graves county it will be a good idea to have the label you see below put on your printing, and your announcement in papers that carry this label at their mast-head, which indicates good workmanship, good sanitary conditions and that they are a friend to organized labor.

The following newspapers and job offices have the right to use this label, which is the only label that makes a paper a union paper or job work union product; and that they pay their men living wages and work them merciful hours.

THE MESSENGER, THE MONITOR, HOGWALLOW KENTUCKIAN, BRIGGS JOB OFFICE.

Do not be deceived by other labels pretending to make any kind of printing union product, for there are none. Any other label purporting to make a paper a union paper or printed matter the product of union labor is a gross fraud and should and will be condemned by all upright people.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—as the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are Little Candy Cold Cures. No Quinine, no phos, nothing sickening. Nice for the children and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 10¢ boxes for the pocket, also in 50¢ boxes of 48 Preventics. Insist on your druggists giving you

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my best-kept secret with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand woman's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or White Discharge, Bleeding, Displacement or Falling of the Womb, Prolapse, Scanty or Painful Periods, Ulcers or Burns, Tumors, or Growths; also pains in head, back and limbs, bearing down, feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, nervousness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment simply free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, if you will, I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to look for herself. Thousands of women have cured themselves with my home remedy. It cures all old or young. In Mothers of Daughters, I will explain a simple home treatment which speedily and effectively cures Leucorrhoea, Green Discharge, Painful or Irregular Menstruation in young Ladies, Pimples and skin blemishes always result from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this home treatment really cures all women's ailments, and makes women well, strong, plump and robust. Just send me your address, and the free ten-day's treatment is yours, also the book. Write today, as you may not see this offer again. Address: MRS. M. SUMMERS, Box 100, South Bend, Ind., U. S. A.

ANNUAL MEETING

OF EDITORS

Kentucky Press Association Will Meet in June at Cerulean Springs and Visit Mammoth Cave.

The Kentucky Press Association will meet this year at Cerulean Springs, one of the best watering places in the state. It will meet on Monday, June 15th, as was decided by the executive committee which met at Louisville last week. The members of the association will arrive at the spring on the evening of June 15th, when an informal reception will be held.

Tuesday, Wednesday and Thursday will be devoted to business and other matters of importance connected with the association. At the close of these sessions on Thursday, the party will go to Hopkinsville, where a fashionable entertainment will be given the party, after which they will go to Mammoth Cave where they will remain until Saturday.

The following committees were appointed: Arrangements, Henry Lawrence, chairman; W. A. Wilgus, and T. C. Underwood; Banquet, E. A. Jones, chairman; and toastmaster, Charles Hart; and T. C. Owens; Program, E. Barry, chairman; H. A. Summers and Paul Moore; Entertainment, E. B. Schinick, chairman; E. C. Wood, Lewis Landrum and W. B. Richardson.

The newspaper men of the central and eastern part of the state will have the pleasure of coming into the western part of the state, where they can meet all of the West Kentucky editors. It is expected that all of the newspaper men in the west end of the state will take a little more interest than they have done heretofore.

CURES COUGHS AND COLDS

Hyomei Gives Relief in 10 Minutes—Cures Over Night

Everybody knows, or ought to know, that Hyomei is recognized among scientists as the specific for Catarrh, Asthma, Bronchitis, and Hay Fever, but there are a great many people who do not know that Hyomei will cure a cough or a cold in less than 24 hours.

But everyone should know that the soothing, balmy and antiseptic air of Hyomei when breathed over the raw and inflamed membrane of the nose and throat will instantly allay the inflammation, and will effect a prompt cure.

Complete Hyomei outfit, including inhaler, costs only \$1.00 at Evans & Covington's, extra bottles, if afterwards needed, will cost but 50 cents.

Joseph M. Harbaugh, Heldredge Neb., writes: "I have used your Hyomei in my family for two years or more, and find it one of the best remedies we ever used for a cold or sore throat. We find that it gives quick relief in cases of catarrh."

The House Committee on banking and currency has submitted a report favoring the creation of a currency commission on which all interests are to have representation.

Verdict for Dr. Pierce

AGAINST THE Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. E. V. Pierce and his Favorite Prescription published in the May (1904) number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000.00 damages.

Dr. Pierce alleged that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business, furthermore that no alcohol or other poisonous or habit-forming drugs are, or ever were, contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients, whatever; and that Mr. Bok's malicious statements were wholly and absolutely false.

SURPRISE IN TRIGG.

Over Sending of Troops by the Governor.

Cadiz, Ky., April 23.—The news received here this morning that Gov. Willson had decided to send troops to Trigg county to investigate the night riders of this county has caused general surprise as there has been practically no trouble in this county for some time.

Tobacco men declare that the report that the parent body of night riders has its headquarters in Trigg county is false, and that the outrages charged to Trigg county men were really committed by those from other counties.

The Curious Natural Formations Found in Utah.

Of ever increasing interest to natural curiosity seekers are the hot pots, about three miles from Heber City, Utah, on a branch line of the Denver and Rio Grande railroad, running up through picturesque Provo canyon.

This region is a level plain, upon the surface of which arise in strange confusion numbers of conical shaped cisterns, the largest of them being all of fifty feet high, a hundred feet in diameter at the top and twice that at the base and containing in their dark depths immense volumes of water heated to a high temperature in the furnaces of the earth. The waters contain the usual chemical properties of thermal springs and are used for bathing and drinking with excellent effects.

These pots have evidently been formed by the slow deposition through countless centuries of the silica and soda which enter into the composition of the waters that once welled over the rim. The hot pots are found in the midst of cultivated fields and thriving orchards notwithstanding the peculiar rocklike soil composition.

One of the marked peculiarities of the region is the hollow, rumbling sound caused by carriages and horses as they move over the roadways for miles around. "Is there an enormous cavern just below the surface and will it ever cave in?" is the anxious inquiry of every visitor alarmed at the strange underground sounds.—Exchange

CHEAPER TO BUY CURRENT.

After Running Its Electric Plant Seven Years a Michigan City Makes Contract For Current.

In 1900 Escanaba installed an electric light plant at a cost of \$70,000. By a contract recently signed the generating plant will be closed down, a ten year contract having been made with a private company to furnish current. As far back as 1903 the finance committee of the city council advised selling the plant on the ground that it was losing money. Last June an attempt was made to bolster up the plant by having a special audit, the report of which showed a generous profit by the usual methods of suppressing some of the large cost factors. When, however, it was found that \$15,000 or \$20,000 would have to be spent on renewing the plant, a vigorous protest was made by the citizens, one of whom asked why the lights were so poor and so often out if the plant was as good as was claimed by some of the city officials. The city also owns a gas plant, of which the Escanaba Mirror says:

"Excessive rates, and an unsatisfactory lighting service being furnished to consumers of Escanaba by the municipal lighting plant have resulted in Escanaba becoming the Mecca for representatives of gaslight manufacturing companies; and a majority of the business places on Ludington street are now being lighted from private gas plants installed by the store tenants."

Fair Treatment Pays in the Long Run. After calling attention to the fact that many electric companies do not earn enough to pay dividends the Municipal Journal and Engineer says editorially:

"It is the undoubted duty of all cities whose streets are lighted by private companies to obtain the lowest possible rates for this, but it will certainly be for the ultimate good of all concerned that their efforts in this direction be conducted with a spirit of fairness. A majority of the unfortunate differences which arise between municipalities and public service corporations result from a failure of the former to realize the business conditions under which the latter must operate, and such differences are in the end disadvantageous to the municipality as well as to the private corporation. Publicity of the accounts of such corporations would do much to obviate these misunderstandings, and many corporations are realizing this and welcoming such publicity."

The inhabitants of the Marquesas islands are among the most expert tattooers on earth, and not even the crown of the head, the fingers and the toes are exempt from the needle. The hands are ornamented with utmost care, all the fingers having their own pattern, so the hand would look as though incased in a tight fitting glove were it not for the finger nails of enormous length which complete the hand adornment of the wealthier natives.

Couldn't Hear It. A man who was charged at the Wilkeson police court with intoxication and using bad language pleaded guilty to the first part of the charge, adding: "As to the language, I know nothing about that because I'm deaf."—London Express.

JUDGE WELLS RETURNS.

But Will Have Nothing to Say About the Situation.

Murray, Ky., April 23.—Judge A. J. G. Wells, county judge of Calloway county, returned today from Louisville and maintains his silence as to what he went away for. He said there will be special counsel to assist the prosecution, but he would not give out their names or say whether Louisville attorneys are to help.

Itch cured in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by B. S. Hunt.

SOUND WAVES.

The Way They Are Deflected by Atmospheric Causes.

One of Uncle Sam's scientists at Washington gives an interesting explanation of the action of the wind in preventing the spread of sound toward the direction from which the wind comes.

It is, he claims, not the wind, as such, that prevents sound from traveling against it, but differences in the strength of the wind. If, for instance, the wind is stronger above than below or stronger at one side, its effect will be to tilt the sound waves in one direction or another.

Differences of temperature in the air also cause deflection of the waves of sound. Other atmospheric causes exist which deflect sound from a straight course and prevent it from going as far in certain directions as it may have been expected to go.

Some of the sirens in this country, says the scientist, produce sound which ought theoretically to be audible at a distance of 1,500 miles, but in fact, the authorities are satisfied if they are heard only two miles away. The reason for the discrepancy between calculation and experiment was probably atmospheric deflection of the sound.—Minneapolis Journal.

Coughs.

Every person who coughs should not alarm himself with the idea that he is in a bad way. Experience has convinced us of a fact that there are two distinct kinds of coughs—one proceeding from an affection of the lungs and air tubes, as in a cold, the other proceeding from effervescence in the stomach. The lungs cough is a symptom which all know to require attention, lest serious consequences ensue. The stomach cough is a much more simple matter and may easily be got out of. It is caused by the food and drink which are put into the stomach effervescing and producing an irritation. A knowledge of this fact ought to lead persons so affected to ponder a little on the nature of their ailment and the tone of their digestive powers.

An Embarrassing Explanation.

"Why do you charge me 25 cents when your sign says, 'First class hair cut, 15 cents?'" demanded the indignant customer. The small French barber shrugged his shoulders and lifted his eyebrows.

"Pardon, monsieur," he returned softly, "but it is not all who come to me that have the first class hair."

More Than Luck.

"Do you believe in special providence?"

"Sure! When I was a boy the school I attended was struck by lightning one night and burned."

"Nothing special about that?"

"Oh, but it was just the night before the circus came to town!"—Philadelphia Ledger.

There is a curious custom at the courts of the Indian princes. When a British officer or a physician calls upon a rajah he is shown into the reception or throne room, where sits the rajah, surrounded by the great state officers. After the exchange of the usual salutations one of the officers brings in a tray on which are displayed jewels and golden ornaments studded with valuable stones, perhaps worth £50,000 or more. The trayful of valuables is supposed to be a present from the rajah to his visitor, and it is offered first to the gentleman, who, inclining his head, touches the edge of the tray with the tips of his fingers, and it is then passed over to the lady, who invariably accompanies the British officer, if he is married, on such occasions. She follows the example of her husband, and the tray and its contents are then returned to the jewel room. In lieu of the unaccepted jewels a long necklace of tinsel, of little value, is placed around the neck of each, where it remains during their stay within the palace. There is a very strict law against any British officer accepting a gift from a native prince. Even when a doctor may have performed some serious operation upon a rajah, who, being grateful, wishes to give exclusive of a money fee, varying from £200 to £1,000, according to the operation performed—a present of a shawl, golden cup or some similar valuable, the doctor must obtain special permission from the viceroy before he dare accept the present. If any officer accepts a gift of any value without such permission he may have to resign. This rule was made because in the old days when the East India company governed India, an officer's pickings and the presents often extorted from the rajahs were worth much more to him than his salary.—London Tit-Bits.

IT WAS ONLY A JOKE.

Declare Youngsters Who It Was Thought Had Tried to Elope

Paducah, Ky., April 23.—If it was only a joke they were playing as Will Meadows, seventeen years old, and Birdie Mason, sixteen years old, of Barlow, Ky., claimed their trip was, they created sufficient excitement to fully repay them. They arrived in Paducah Sunday afternoon, having left a note informing their respective families that they had gone away to get married. They spent Sunday night at the home of the young man's relatives, and the next day took a boat to Metropolis, Ill. Meanwhile the police in Paducah and Metropolis had been notified and the couple were met by a policeman in Metropolis, who asked if they were looking for the courthouse. They denied it, but made several attempts to get to it without the policeman seeing them. They took the next boat back to Paducah, where they were met by a detective and policeman at the wharf and escorted to a boarding house, when they were conveyed home on the train. They were met at the Barlow station by a good majority of the citizens of the place.

REFUSED THE OFFER.

Charles H. Wells Has Been Offered \$9,000 For the Gold Which He Found.

Charles H. Wells, the man who found the kettle containing \$5,500 in gold coins, has been offered \$9,000 for the money by G. J. Thomas, of Hartford, Mo. Mr. Wells has refused this offer and thinks he may be able to realize that much or more as premiums himself from the old and odd coins.

English Spavin Liniment removes Hard, Soft or Calloused Lumps and Blemishes from horses also Blood Spavins, Curbs, Splints, Sweeney, Ring Bone, Stiffes, Sprains, Swollen Throats, Coughs etc. Save \$50 by use of one bottle. A wonderful Blemish Cure. Sold by B. S. Hunt, druggist.

Organ Recital Postponed.

The organ recital which was to have been given at the Christian church Friday evening has been postponed indefinitely. Miss Courtney Puryear, of Paducah, who is organist at the First Presbyterian church in that city, and who is a most competent organist, was to have presided as organist here on the occasion of the recital. Other attractive musical numbers by home people were also on the program.

The recital will be given at some time in the future, but no date has as yet been selected.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration.

Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

We are authorized to announce Claude Cates a candidate for assessor of Graves county, subject to the action of the democratic primary election, Nov. 3, 1908.

R. E. Johnston.

In today's Messenger we announce Hon. R. E. Johnston as a candidate for county judge of Graves county, subject to the action of the democratic primary election, Nov. 3, 1908.

The subject of this sketch was born April 14, 1869 in Mayfield, where he was raised, educated and now lives. He was educated in the schools of Mayfield, and graduated in his profession at the Louisville law school in 1890.

After he arrived to young manhood, he worked three years in the county clerk's office, after which he has successfully practiced law. He served one term in the Kentucky legislature, 1904-05, but never offered his services for re-election. He made a very popular representative, and has never been a candidate for office until the present.

He is a democrat without guile, always voting the ticket and having made many speeches in the interest of the party nominees.

He desires to serve the people of Graves county as their county judge, and among the many things he favors are the following:

Equal rights to all, exclusive privileges to none.

Strict economy in the public expense.

Enforcement of law.

Letting of public work to lowest and best bidder.

Better public roads.

No pets. No enemies and a square deal to every man.

Assisted by the board of magistrates he would undertake a thoroughly business-like administration of county affairs, giving the office his undivided time and attention.

Mr. Johnston is a well-known lawyer of the Mayfield bar. He is a good, upright and successful business man, a member of the Presbyterian church, is moral, capable, honest and popular, and is well qualified to discharge the duties of the office which he now seeks.

The Messenger asks a favorable consideration of the claims presented by Mr. Johnston for county judge.

Kodol-For-Dyspepsia has helped thousands of people who have had stomach trouble. This is what one man says of it: "E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. I could not digest anything I ate little occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, C. N. Cornell, Roding, Ga., Aug. 27, 1906." Sold by Evans & Covington.

Baby Show.

I have more than a thousand pictures of babies, but they will not do for the baby show; nothing but pictures made expressly for this show will be used.

No one but J. C. Graham, west side of public square, in the Park building over Carter, Mahan & Co., can make the pictures for this show. Don't forget the place, and come as soon as you can.

J. C. GRAHAM.

Cows Wanted.

I can use a few more good milk cows. Apply to George Parsons, phone 24, Home phone, Mayfield, Ky.

Knights of Pythias Notice.

Every member of L. H. Wilson lodge is requested to be at the lodge room at 8 o'clock tonight to assist in conferring the first rank and to attend to other important business.

B. F. BRIGGS.
K. R. S.

To have perfect health we must have perfect digestion, and it is very important not to permit of any delay the moment the stomach feels out of order. Take something at once that you know will promptly and unfailingly assist digestion. There is nothing better than Kodol for Dyspepsia, indigestion, sour stomach, belching of gas and nervous headache. Kodol is a natural digestant, and will digest what you eat. Sold by Evans & Covington.

Leap Year May Get Him.

News from Paducah comes that our old friend Fayette Sutherland may be a victim of leap year. A very charming old maid, it is said, has been casting cupid eyes around the old colonel and by the next time he comes to Mayfield it may be that he will be accompanied by a bride.

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. Witt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Evans & Covington.

Andrew Lassiter and Mary Pryor, colored, were granted license to marry Wednesday.

COUNTY OWES NOTHING.

Fulton County Out of Debt and Treasury Has Over \$2,000 to the Good.

Hickman, Ky., April 23.—Five years ago the county of Fulton was in debt to the extent of more than \$7,000. Today there is a balance in the treasury of \$2,284.42, and the county does not owe a cent. In addition to this, the tax rate is less now fact that a 5 cent road tax is being paid for the maintenance of public highways. All this speaks well for the present county administration and shows that the public funds have been handled with economy.

Boarders Wanted.

Apply to Mrs. Jno. L. Wrather, West Water street.

Mother and Child Die.

Hickman, Ky., April 23.—Mrs. Virgil Donnell and infant child died at her home at Clayton, several miles south of Hickman. She was only 19 years old. Burial took place at Antioch church.

Kennedy's Laxative Cough Syrup—the cough syrup that tastes nearly as good as maple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels through which the cold is forced out of the system, and at the same time it allays inflammation. Always use Kennedy's Laxative Cough Syrup. Sold by Evans & Covington.

WILL GET NEW BUILDING.

Mississippi and Tennessee Cities in Public Buildings Bill.

Washington, April 23.—A public buildings bill, carrying approximately \$22,000,000, will be reported to the house Friday.

Cities in Tennessee included in the list of beneficiaries are: Jackson, Paris and Union City.

In Mississippi, Corinth, Greenwood, Brookhaven, Laurel, Hattiesburg, West Point, Columbus, Jackson, Yazoo City, Vicksburg and Greenville.

A big cut or a little cut, small scratches or bruises or big ones are healed quickly by DeWitt's Carbolized Witch Hazel Salve. It is especially good for piles. Get DeWitt's. Sold by Evans & Covington.

LOST.

\$15.00 in a roll of three five-dollar bills, Thursday morning about 10 o'clock, between W. E. Playter's residence and R. E. Smith's. Finder will please return to Mayfield Grocery Co., or Messenger office and receive reward.

Marriage Permits.

C. W. Caruthers to Miss Claudia Waller. Mr. Caruthers lives in Marshall county, but formerly lived near Pryorsburg. J. H. Harding to Lona Turner.

Hudnut's Roger & Gallet, Eastman's, Palmer's fine toilet water from 25 cents to \$1 per bottle. B. S. Hunt's. Both-phones 77.

Latest From Murray.

Murray, Ky., April 23.—There has been no disorder here in the past several days but outbreaks are liable to occur at any time in the eastern section of the county. Soldiers are patrolling the east side near the river.

When you need a hair brush, clothes brush, tooth brush, bath brush, flesh brush, hand brush, infant brush, remember we have a complete line. B. S. Hunt, druggist. Both phones 77.

TENNESSEE EDITOR INDICTED FOR ARSON.

Nashville, Tenn., April 23.—Homer L. Higgs, of Greenfield, Tenn., a well-known editor, has been indicted by the grand jury of Weakley county for alleged arson in causing his house to be burned on which loss he collected insurance. The house, barn and green house were burned at intervals of a week apart some months since. Nanny Jordan, a domestic in Higgs' family, is said to have confessed the crime and was sent through Higgs' agency to the insane asylum at Bolivar.

Recently she told that Higgs promised her \$75 to set fire to the buildings. She was brought from the asylum before the grand jury and the indictment was found on her evidence. Higgs promptly surrendered himself and gave bond.

OUR STYLES
In Low Shoes Are
Fraught With Style
Interest

As might be expected of a store that has always been the style center in the matter of fine footwear, this store is showing the most attractive lines of Spring low shoes that was ever gathered together in any stock outside of the Eastern centers.

The New Style Colonial Buckle Pumps

are perhaps the most fashionable low shoe models for women, and are shown in a wide variety of kinds and leathers. There is a great deal of charm in the graceful lines of these popular styles.

Our present showing includes all the popular and approved styles of Walking Pumps and Oxfords. The array is very comprehensive and embraces styles of Men's, Ladies and Children's fine footwear at every price.

ONLY CARRIAGE LINE IN MAYFIELD 25 cents to any part of city.

Carrriage ready day and night.

W. W. Meadows Prop.

Ed. Smith has returned from a trip to Texarkana and other places.

When you buy medicine from B. S. Hunt's, remember that 17 years' experience goes with each package.

Try Eagle Truck grower for early vegetables. It will increase the yield and mature the vegetables earlier.

R. D. ROBERTSON.

No one is doing more to bring about a feeling of hostility between public service corporations and the people than the men who, posing as experts, deceive the people by their estimates of profits to come because of their supposed technical knowledge of the business concerned.

Another even more noted electrical "expert" leaped at a bound from a professional of political economy into that lush technical knowledge which is necessary for a man to qualify as an electrical expert and which takes ordinary men many years of theoretical study and practical experience to acquire. It is upon the evidence of such men, whose claims to expert knowledge are clearly fraudulent, that cities condemn the corporations that are seeking them and embark upon enterprises that are attended with great loss.

Other things being equal, power and light should be produced with greatest economy by private enterprise rather than by changing municipal governments whose available financial resources and general business aggressiveness are more limited.

The experiment of municipal ownership of lighting properties which has now been quite extensively made has not proved actually successful. Some few municipally operated plants have produced current continuously at comparatively low cost, but in most cases the properties have ultimately fallen through political changes into the hands of incompetents, with disastrous results. In some instances honest management has been maintained, but such vital elements as depreciation have been wholly unprovided for during the period of apparently successful operation, resulting in impaired service and in greatly increased operating costs and in some cases in the abandonment of plants.—Judson H. Boughton in Engineering Magazine.

FEDERAL GRAND JURY

Adjourned Thursday But No Indictments Against Night Riders.

Paducah, Ky., April 23.—The grand jury in Federal court adjourned today, but to the surprise of many, there were no indictments returned for night riding. It was reported that probably bills would be returned in the Maxon's Mill section where a number of notices had been sent through the mails.

Wallace-Gish.

Harry Gish, of Paducah, and Mrs. Mamie Wallace, of Symonsia, were married at the home of the bride, by Rev. Spears, of Oak Lev. el. The couple will reside in Paducah.

GIRLS CAN WIN HUSBANDS BY PERSONAL MAGNETISM.

South Norwalk, Conn., April 23. Judge John H. Light, member of the board of school visitors, in an address before the Norwalk Town Teachers' association on "The Psychology of Teachers," urged the young women to spend an hour of study each day in the development of personal magnetism, the same as they would the study of any art.

Primarily, this was for the purpose of gaining the interest and the attention and the love of their pupils, he said; secondly, it was not only to obtain a husband, but that the discipline might win a large number of suitors from whom a girl had but one chance, he said, and accepting the one they soon found they made a mistake.

Judge Light said only one-fourth of the teachers married. If they had spent as much time in cultivating personal magnetism as they did in dressing their hair, he declared, three-fourths of them would be married.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gaston, Posco, Ga. This remedy is safe and sure. For sale by all druggists.

The Odorless Sweet Refrigerator

It will pay any woman to come in and examine the Odorless Refrigerator.

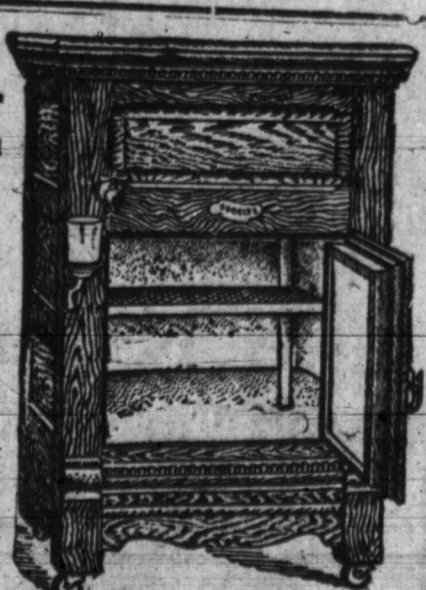

The one that breathes but the tainted air.

It is always cold, sweet and wholesome. By a unique system of ventilation all foul odors are expelled as soon as they collect and replaced with chilled pure air from the ice chamber. You can safely stock it with milk, vegetables, fruits and meat at the same time, they will keep longer than in the ordinary refrigerator and never intermingle their odors.

The Odorless Refrigerator is shown in many styles and sizes—Seamless Porcelain, White Enamel and Zinc-Lined food compartments, with or without water cooler and glass rack. You are invited to come in and inspect this wonderful, economical refrigerator and learn how it does these very things that every housewife wished her refrigerator would do.

We have a little booklet, "A Woman's Idea," describing the operation of the Odorless Refrigerator and the reason why it's the most economical, that is free for the asking.

Odorless Refrigerators are hand-somely finished in solid oak, and there's one to fit every purpose. All reasonably priced.
