## Jack Kelly Nabbed With 20 Quarts

WALKED FROM HICKORY GROVE INTO THE ARMS OF THE OFFICERS.

Long and Weary Travel Proves Unpleasant Upon His Arrival.

Sad Expression Beams Over His Face When His Situation is Realized.

Very humiliating indeed it must have been to Jack Kelly, a well known and aged colored man, Wednesday night, when he was arrested after having walked from Hickory Grove with five gallons of whisky.

Jack went to Paducah Wednesday morning and purchased 20 quarts of liquor and two bottles of beer. He was to have arrived in Mayfield on the 5:12 train and several persons who had sent by him for some of the "liquid" were very early disappointed when he failed to show up at the appointed hour.

Jack, who is an old timer, and a very smooth manipulator of certain goods, decided that he had too much excess baggage to get off the train at Mayfield and so he decided that the destination of old Jack might be more healthful if he would get off at Hickory Grove. After sitting on the cushion seats for some 30 or 40 minutes he decided that the "walkers tonic" which he had bounteously supplied himself with, called for exercise. He got off the train at Hickory and started up the track in the direction of Mayfield lugging two suit cases heavily laden with "conversation drops." So it is seen that he never got lonesome on the way.

It required about 4 hours for Jack to make the trip and about 9 o'clock he came waggling along the track near the city cemetery and when near the ice plant the ghosts appeared like icycles on a winter day. The visions that waited their forms before him brought back memories of the past and with a glee in his veins that would have changed the antics of a lark on a June day he smiled. He uttered in a low tone of voice "Well I'm here at last and I have got ahead of the police one time." His thoughts reverberated back to when things were free and easy.

No sooner had these words left his lips, while he was vigorously using a handkerchief to remove the huge balls of perspiration from his brow, which had formed doubtless by cause of the tempestuous journey, when Officer John Lewis, Sam Yarbrough and Tom Alexander instantly appeared upon the scene. Jack's eyes glared up like the sun on the 8th day of August. His heart throbbed all the faster and his sunshiny feeling was soon changed into a tempest. He bucked and reared but it was of no avail. He wanted to argue the question but the determined officers informed him that the City Hall was the place where such cases were argued and he could have the pleasure of that job later.

With the tune of the two step they marched the colored vender to the jail where he was lodged for the night. Evidently Jack's feelings were very much wounded, judging from the foul atmosphere that emanated from his lips after he was assigned to a free "bunk" in a brick mansion in which he had dwelt many, many times before.

His trial has been set for Friday morning before Judge Bunk Gardner in city court.

The manner in which the officers got on to Jack's route was over the phone. When Jack was seen leaving Hickory some person was there who knew him and he called up City Attorney Hollifield and thereby hangs a tale.

## Six Suits are Partially Settled.

FOUR DEFENDANTS GET \$1,387.50. A. H. CARDIN \$1,387.19. H. BENNETT \$6,445.31.

Total Sum of \$12,500 Paid Over by 108 Defendants, Who Will Be Dismissed.

Paducah, Ky., April 15.—Compromises have been effected in six of the night rider suits in federal court with 108 of the defendants, who paid the plaintiffs a total of \$12,500. Over a hundred defendants refused to enter compromise and the cases against them will be called in federal court here next week.

The \$12,500 paid over is prorated as follows: L. W. Wood, C. W. Rucker, Laura Toomey and G. W. Gordon, a total of \$4,687.50; A. H. Cardin, \$1,387.19; Henry Bennett, \$6,445.31.

Wood, Rucker, Mrs. Toomey and Gordon are suing for a total of \$125,000. Cardin for \$16,400 and Bennett for \$100,000.

When the suits are called the 108 defendants who compromised will be dismissed, but the remaining defendants will have to stand trial.

It is said that a settlement probably could have been effected with all of the defendants but a disagreement among the attorneys resulted in all but 108 of the defendants withdrawing.

## WILL LIMIT THE SALE OF OLD ARMY RIFLES.

United States Fears Cheap Revolutions Are Being Armed From This Country.

Washington, April 15.—No more will cheap revolutions in neighboring countries be encouraged by the easy manner in which it has been possible to purchase the old arms of the United States. Orders have been issued at the War Department stopping the selling of discarded arms of the United States. It has been reported at various times that revolutionists in Central and South America obtained from the United States.

It remained, however, for the police of Chicago to complain that the sale of the old Springfield rifles, recently discarded, was causing trouble for them. That complaint was followed by an order against the sale of the remaining 9,000 rifles by auction. These rifles may be sold to patriotic organizations only.

### \$3,000 IN MONEY BELT.

Found on Body of Tennessee Woman Being Prepared for Burial.

Clarksville, Tenn., April 15.—While the body of Mrs. Adler Cook was being prepared for burial, relatives were greatly surprised to find a belt extending around her waist which contained nearly \$3,000. Mrs. Cook lived with relatives and spent but little money.

She became afraid of the banks during the panic last year and withdrew her deposits since which she kept the money on her person without the knowledge of even her nearest relatives.

## Senators Fight For Tobacco Tax

Will Resist the Effort of Senator Aldrich to Keep 6c Graft in Force.

Washington, April 15.—It developed that there will be a fight in the Senate over the tax on leaf tobacco. Although Aldrich dropped out of the tariff bill the House amendment removing this tax, the Senators from tobacco raising States are not content with such summary disposal of the proposition. Senator Daniel, of Virginia, is expected to take the lead in waging a fight in the Senate for the restoration of the House provision, and indications are today that he will have very substantial backing.

## 88th Birthday W. S. Melloo

W. S. MELLOO.

The above likeness is that of Mr. W. S. Melloo, one of the best known citizens of Mayfield, whose birthday was today, and for the benefit of his many friends, we give below a short sketch of his life.

Mr. Walter Scott Melloo was born on a farm near Five Forks, Gooseland county, Virginia, April 15, 1822. He was reared upon a farm but given no education. He lived there until 1834 when he left at the age of 12. Later on he returned to work on the James River Canal, which was being constructed at that time.

In 1840 he went to St. Louis, where he got his only schooling—3 months at a small school house west of St. Louis.

Mr. Melloo came to Mayfield in 1857 where he has since been engaged in tobacco, coal and lumber business. After arriving at years of maturity he wedded Miss Elizabeth Williams, of Pembroke, Ky.

He took no active part in the Civil War but was a sympathizer with the South.

In 1885 he was married the second time to Miss Merrie Shanklin, whose native home was Mayfield. Mr. and Mrs. Melloo have three children, namely: Lizzie, Annie and Evalina, the former now being Mrs. J. L. Duffit.

He has been a member of the Baptist church 43 years. In politics he is a strong Democrat, who never scratched the ticket. But in whatever relation of life we find him, in the public service, business life or in social relationship is always the same honorable and honored gentleman, whose worth will merit the high regard which is uniformly given him by all who know him.

## KETCHEL WILL TACKLE THE BIG NEGRO.

New York, April 15.—Jack Johnson and Stanley Ketchel were matched to box twenty rounds for the heavyweight championship at Colma Athletic club Oct. 12, 1909. The fighters are to receive 50 per cent. of the gross, to be divided 65 per cent. to the winner and 35 per cent. to the loser. Both Ketchel and Johnson signed these articles.

The articles provide that safe surgical bandages or fingerless gloves of kid are to be permitted, and to be put on to the satisfaction of the referee. It is provided that each party to the agreement deposit \$5,000, to be paid to the winner of the contest, and that this sum is to go as a forfeit for the compliance of both men with the articles of agreement.

## MARRIED AT HICKMAN.

Miss Kate Jeffress and Maxwell Roper, young people of near Cayce, Hickman county, were married at the home of the bride.

## Closing of the Sedalia School

Last Day of Term by Professors Denton and Morgan Was a Sad Scene.

Professors Denton and Morgan closed a nine month's term of school at Sedalia Friday, April 9. It was a sad hour when the school, with many of the patrons, were called together in the afternoon to hear the parting words of the teachers and pupils as all would never be together again while on earth.

Bro. Pearson opened the exercises with reading and prayer, and a few remarks to the pupils about their commencement in life, after their school days were over.

Rev. T. B. Rouse made a few remarks on the same line and some of the patrons made a few remarks, complimenting the teachers very highly for the honors and faithful service they had given.

Prof. Morgan addressed the people next and spoke several minutes of the work the pupils had done and his wish to see their efforts crowned with success. When his remarks were closed most all of the eyes were wet with tears then some of the pupils expressed their thanks to the teachers for what they had done for them. They were then dismissed after an invitation to come back after supper to the entertainment.

The entertainment was short but very interesting. There were several recitations and dialogues and a debate. The subject of the debate, Resolved, That capital punishment should be abolished, was discussed by four of the young men—Ollie Smith and Martin Porter affirmed and Allen Austin and Xolan Ray were in the negative. Interesting speeches were made on both sides.

The Vealsburg band made some splendid music, which was enjoyed by every one, though the house was crowded so that the people were uncomfortably seated. They all went away glad that they had been there.

Professors Denton and Morgan will teach a month's normal for the benefit of those who are preparing for examination.

## NEGRO ELKS F.N.E.D.

Important Decision in the Circuit Court at Hot Springs.

Hot Springs, Ark., April 15.—Charles F. Hodge, as secretary, and W. S. Gardner, as exalted ruler, of a local negro lodge of Elks, were fined \$25 each in circuit court here yesterday, in sustaining a lower court fine, where in they were charged with violating the state law which prevents the wearing of an emblem or insignia of a secret fraternity of which one is not a member. The decision carries with it one of much importance, for under the same statutes negro Odd Fellows or negro Masons may be proceeded against. The negroes set up in defense that they were properly chartered as the I. B. P. O. E., instead of the B. P. O. E., but the court and jury ruled that the difference was vague and would serve to mislead a man who was a lodge member and not close up to lodge work, and especially the general public, which were not members of the lodge.

## CAN'T EVEN SMOKE.

Another Freak Law Bobs Up in Kansas.

Galena, Kas., April 15.—Because Ace Rains, 18 years old, son of the postmaster here, smoked a pipe Tuesday he was taken to jail and will face trial today on the charge of violating the new enacted Kansas law prohibiting minors from smoking. The Galena authorities say the law, which also forbids selling tobacco to minors, will be enforced strictly.

## W. D. Sullivan Sells His Farm

Located Five Miles North of Mayfield Brings Over \$6,000.

W. D. Sullivan sold his magnificent farm and residence five miles north-west of Mayfield Wednesday evening to W. A. Usher and W. E. Norman, for over \$6,000. This farm contains 265 acres and is on Mayfield and Lovelaceville road. It is on the telephone line, rural mail route line and the house is a two-story brick with 7 rooms and is located on one of the most beautiful farms in Graves county. Mr. Sullivan will remain on it until January 1.

He located on this farm when he was 21 years old, and has resided on it now over fifty years and has raised a large family of children and he says the idea of leaving it is like breaking away from an old land mark.

His reason for selling is because he is getting old, and can't look after a farm of that size with that care and energy that he did many years ago. This is a good farm with all modern conveniences, such as good water, plenty of tobacco barns, cleared lands, etc.

Messrs. Usher and Norman are to be congratulated on securing such a valuable piece of realty.

## Forgot Commitment Papers

Two Young Men, of Pottsville, Finally Looked Up, However, at Early Hour.

Two young men of the Pottsville section were brought to the city about midnight Wednesday night but were not locked up in the jail until about 3 o'clock Thursday morning on account of the officer who brought them having no commitment papers. The names of the young men are Walter Cosby and Walter Martin and are charged with stealing tobacco. Constable Cross and Mr. Davenport, who were their bondsmen, gave them up and they were brought to the city and locked up waiting a trial.

When the officers reached the jail with the prisoners it was found they had forgotten the commitment papers. Jailer Byrn refused to turn the locks on the prisoners without the papers and Justice J. W. Monroe, of Folsomdale, was telephoned to bring them and he left there immediately and reached Mayfield about 3 o'clock with the necessary document.

The senatorial campaign in the second district is now attracting very much attention. The candidates are in the field and doing all they can to win votes for the nomination which takes place on the 27th of this month.

## COURT HOUSE YARD.

At the next meeting of the Fiscal Court it should make a small appropriation to build concrete walks in the Court House yard. There should be one about 8 or 10 feet wide from each gate to the Court House door. Then there should be a narrow walk on an air line from the east gate to the south gate and one from the south gate to the west gate. Then a narrow walk all around the Court House itself. This would not cost the county much but would go far towards beautifying the Court House yard and making it convenient for the tax payers of the county.

This yard belongs to the people and its guardians should put it in tiptop order.

Cleveland, April 15.—Mr. and Mrs. J. H. Boyle were indicted by the local grand jury Wednesday for stealing Billy Whitta. He says for such act he has been damaged in the sum of \$250.

## MATRIMONIAL ADVICE.

Given by a Woman Who Married a Gambler.

St. Louis, April 14.—Henry Becker often expressed chagrin because he could not wage his beautiful wife on the races, according to Mrs. Becker, who was divorced by her husband today. The decree was granted to Becker after a settlement with his wife in which she agreed not to contest.

Mrs. Becker tonight advised young women never to marry gamblers, and blamed her own troubles on the inherent tendency of human nature to gamble.

"Tell girls, whoever they may be, never to marry a gambler," said Mrs. Becker, who is a blonde and winner of a beauty contest, and the niece of R. M. Sylvester, major and superintendent of police of Washington. "I knew when I married at fifteen that I should not marry a gambler, but I got the gambling fever myself and decided to take a chance on the turn of the wheel."

"It didn't take me long to learn that any man is a gambler to a greater or lesser degree. The real gambler is more so, but the spirit is within them all."

"When a man wins a woman and he has her completely for himself he has won the stakes for which he played and he wants to gamble over again. "Some men don't try a second chance at the wheel of matrimony. Most of them would, though, if divorce were more conventional, as it is fast becoming."

Then came our separation when the wheel had stopped on the black, and I knew I had lost."

## EXCITED THE PEOPLE.

This morning, when several of the policemen went down South 6th street to get some hogs out of the vacant lot east of the Brewer Mill, many people thought that another raid had started on whisky dives or something else and the whole populace of that section rushed out into the street in great excitement.

## STEAMBOAT CREW INDICTED.

Paducah, Ky., April 15.—The crew of the steamer Liberty, who put off today's trip to Louisville, was indicted by the grand jury for conspiracy to defraud. The indictment was returned against the crew for conspiring to defraud the public by selling liquor on board the steamer.

## "THREE-FINGERED JACK" REFORMS AND WILL PREACH.

Paducah, Ky., April 15.—News has reached the city from Nashville that H. E. Whitesides, familiarly known as "Three-Fingered Jack," has turned minister. ## Anty Drudge Gives a Lesson in Spelling

Little Mary—"F-E-L-S-N-A-P-T-H-A. What does that spell, Anty?"

Anty Drudge—"To you, Dearie, it spells just Fels-Naptha, the name of a soap. To your mother and me it spells an easy way of washing clothes in cool or lukewarm water, without boiling or hard rubbing and with a saving of time, labor, bother, discomfort and money. You'll learn, some day, my child, that it's a very important word to the housekeeper."

## The biggest woman's club in America is the Anti-Drudgery Club.

It has more than a million members now.

All that's necessary to belong is to use Fels-Naptha soap and quit drudging on washday.

You'll have no more boiling of clothes, no bending over steamy suds, no back-breaking rubbing on a washboard in winter or summer.

You will be through with your washing before you would be well started on the old way.

And your clothes will be fresher, cleaner, whiter and sweeter.

Fels-Naptha does it.

The rules of the club are to be found in the directions for using Fels-Naptha on the back of the red and green wrapper.

Follow them carefully and you'll save money as well as hard work and bother.

Get a cake of Fels-Naptha and join the club to-day.

# Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia.

Kodol will effectively assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work.

Kodol removes the cause—and the effect quickly removes itself. When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do. It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

### Milburn Ky

On April 7, 1909, Vester Poe, of Arlington, and Miss Jessie Wilson, of Milburn, were married at the home of the groom's father, in Arlington. The ceremony was performed by the Rev. Mr. Jones, of the Methodist church.

Mrs. John Davis died of pneumonia April 2, 1909, at the family home two miles north of Milburn and was buried the next day in the Milburn cemetery. She was followed to her last resting place by a large concourse of sorrowing friends and relatives.

Mr. Tom Greene, a former resident of Milburn, was here last week partly on business and partly to visit his son, Harry Green, and his daughter, Mrs. Ruby Cates, wife of Mr. C. Cates, one of our drygoods merchants.

Mrs. Ella Stone is still quite feeble, being confined to her bed. Mrs. Stone is near 90 years old and is one of Milburn's oldest citizens. She has been a widow for many years.

Mrs. Tom James and son, Ray, came from Clinton Saturday to spend Sunday at home. The young man is attending school at Clinton College and Mrs. James is matron of the girls boarding hall at Clinton college.

Henry Clark has recently moved his family from Arlington into a house on the lands of T. E. Hall, near Milburn, for the purpose of engaging in farming.

### BULLARD CAPTURED.

Fulton, Ky., April 15.—County Attorney T. N. Smith received a message stating that T. C. Bullard had been arrested at Long Beach, Miss. Bullard acknowledged to being the man wanted. Attorney Smith is now making out requisition papers to have Bullard brought back to Fulton.

Bullard was formerly employed as bookkeeper and cashier for the McDowell Franklin Company and defaulted with a large amount of money. He was later captured in West Virginia and brought back here for trial. Some three months ago he escaped from the county jail at Hickman and since that time has been at large.

### MANY LAID OFF IN I. C. SHOPS.

Paducah, Ky., April 15.—A large cut was made in the force at the Illinois Central shops Wednesday afternoon, 110 men being let out of employment.

Some employees had been expecting a reduction, but to the majority it came like a clap of thunder from a clear sky, and even to those expecting a cut the number was a surprise.

About half the number was let out of the car department and the remainder out of the locomotive department, which includes machinists, blacksmiths, boiler makers, pipe fitters, helpers and laborers. About 20 machinists were affected. The ax was used on men last employed, those who had been in the service longest being retained. However, this is always the rule in case of a cut.

Probably the smallest force is being worked at the shops now that has been employed in many years. Cuts had been made several months previous, and a gradual reduction had been taking place since the last previous large reduction.

The excuse offered is that traffic is falling off and a decrease in expenses is demanded. There is an abundance of work at the shops.

### MCCRACKEN COUNTY RAISE.

### Confirmed Proof

Residents of Mayfield Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Mayfield, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Mayfield kidney sufferers.

Mrs. J. L. Jones, of North Eighth St., Mayfield, Ky., says: "It is some five years ago that I first used Doan's Kidney Pills and was cured of an attack of kidney complaint which had annoyed me for some time. Today I can cheerfully state that during the years which have elapsed since the cure was effected, there has been no recurrence of the trouble. Other members of our family have used Doan's Kidney Pills with gratifying results. It is with pleasure that I confirm the testimonial I gave in 1903 for I still hold the same high opinion of this valuable remedy."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Locked Inside of Vault. He Ticked Combination to Woman Operator On the Outside.

St. Louis, Mo., April 15.—S. E. Bonnevill, clerk at the Planters' Hotel, stepped into the vault at midnight to place valuables therein. Jack Shannon, the mail clerk, did not see him enter, closed the door and turned the bolt, imprisoning Bonnevill, the only person who knew the vault's combination.

Bonneville pounded frantically against the vault doors until Miss Cora Benson, the hotel telegraph operator, recalled that Bonnevill was a telegrapher. With a paper weight she rapped a Morse code message to him on the vault door. With a penknife he tapped back a reply to her message, giving her the vault combination, and was released.

## RECORD PRICE FOR WHEAT ON T. LOUIS MARKET.

Highest Record in Thirty-One Years Paid for Cash Grain.

St. Louis, April 15.—The highest price paid for cash wheat in St. Louis in thirty-one years was recorded today when sales of No. 2 red were made at \$1.47 at 150. Largely as a consequence of these market conditions, the flour industry has almost ceased locally, several mills being shut down, while others are running on half time. Export business, usually of some moment here, has dwindled to practically nothing. Prices have risen steadily, the best grades going to \$7 today. Receipts of wheat have fallen to an unusual degree, only \$5,000 bushels having come in yesterday and 9,000 today.

## In Memory of Mrs. C. P. Jones.

The shadows have fallen over our home because the reaper whose name is death has invaded our home and taken as his victim our darling mother and wife. Mrs. C. P. Jones, who was born Nov. 23, 1848, was 60 years, four months and four days old, and went to live with Jesus March 27, 1909. For three long years mother bore her afflictions bravely with Christian fortitude. She was converted when quite young and united with the Presbyterian church, but being an invalid for many years was deprived of attending church, but did not forget to pray and praise God at home. She so often said "I'm ready to go." And in her dying hour told us it was all for Jesus' sake and not to grieve after her. Oh, how she did suffer! As she often related, God only knoweth, but God in his infinite wisdom and mercy saw that a separation in this world was good and would be the means of leading some of her children home to God, where they would some day all be happy with Jesus and mother, while our hearts are almost broken we know she has gone to be forever with the Lord for we have seen her since she is there. Just as she is smiling down upon us as if to say, dear children no trouble or sorrow here. Though we consign her body to the earth, her soul has mounted triumphantly to God.

Rev. A. Murphy conducted the funeral service. He took for a lesson St. John 14, and her most favorite song "I'm going through with Jesus." Oh, praise God today, while it is hard to even think of her being gone from us forever on earth, it is blessed to think we will live together forever and ever up there where all tears are wiped from our eyes with no suffering and troubles. Oh, dear father, brothers and sisters, our home is so lonely without mother, but trust God to the end then all that now seems so mysterious will be bright and as clear as the day, for heaven is made dearer since she is there and sure we will never have to stand around her dear afflicted bed and see her gasp for breath no more. I am so glad God knows what is best and the Judge of all the earth, who will do right. How restful it is to the Christian heart to be settled in the will of God and to know he loves us too well to forsake us or give us one trial too much. But let me say to the dear bereaved family, while she cannot come to us we can live to meet her again in the mansions in the skies. She leaves a husband and seven children besides a host of relatives and friends to mourn her death. While we sustain a great loss she realizes a greater gain.

Dear loving mother, we grieve for thee More than tongue can tell; For you were a loving mother, And I know we loved you well.

And on earth you were a blessing, A mother kind and true; A more loving gentle mother Was never known than you.

For pure was your own life, mother, As the flowers that bloom so fair; Heaven has claimed as bright a gem As ever was up there.

But while our hearts are bleeding, O'er the spoils that death has won; We would at this solemn hour Calmly say, "Thy will be done."

By thy hands the boon was given, Thou hast taken but thine own; Lord of earth, and God of heaven—Evermore thy will be done.

Written by a daughter, Lena Hullin, of Paducah, Ky.

## More Travelers May Soon Go

Dick Watson Says That He Will Send Out a Bunch in Next Few Days.

Dick Watson, restaurateur on West Broadway, says he has a lot of winter loungers who will leave in a few days to tour the country. He says his men, unlike those of Ben Parker, will not take medicine out to sell, but they are carnival and railroad people with one doctor in the bunch. He says in a few days they will leave for the various parts of the country and take their positions among the big shows and the big railroad corporations, where they will spend the summer, promising Dick, if he will chip in his part, they will not return until the middle of October.

He claims he will send probably a baker's dozen from Mayfield, which, if he does, the people together with his patrons, will rise and call his blessed.
