WEEKLY NEW ERA.

ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY MARCH 24 1905

VOLUME XXXV, NO. 24

COURT ITEMS.

HAYDEN HERN FINED ONE HUNDRED DOLLARS.

Standard Oil Company Fined \$100 in One Case—Others Held Up.

(From Thursday's Daily.)
The jury in the case of Hayden Hern, charged with grand larceny in taking about \$140 from the safe of W. B. Long's saloon, returned the following verdict yesterday afternoon: "We, the jury, find the defendant not guilty as charged in the indictment, but guilty of unlawfully taking the property of another, and fix his punishment at a fine of \$100. Signed, W. G. TEAGUE, one of the jury."

It was stated in yesterday's New Era that the amount taken from the safe was \$105. This was incorrect, as Mr. Long claims it was from \$140 to \$100. Hern did not deny taking the money but claimed that he thought it belonged to the estate of his father, John Feland was the attorney for the defense.

James Dawson, colored, was given a fine of \$100 yesterday for shooting a chicken and a dog. The indictment charged him with malicious shooting but the jury declared him not guilty on this charge.

Dave Cunningham was tried yesterday afternoon on a charge of petty larceny, he having been charged with stealing about \$15 from the coal office of G. B. Underwood. The jury in case was unable to agree and they were dismissed, the case being continued to the next term of court.

Another case against Cunningham charging him with grand larceny was tried today. In this case the negro is charged with having gone into Hampton's grocery on Ninth street sometime ago and while the salesman's attention was attracted he seized a sack containing a considerable amount of money and made his escape.

The Standard Oil Company has accepted judgment and fine of \$100 on one of the fifty-one indictments recently returned by the grand jury against them, charging them with selling oil in this county without the required license. The remainder of the indictments are continued, pending the decision of the court of appeals on a similar case sent up from Trigg county. The Standard Oil Company contends that the payment of a fine in one case does away with the rest of the indictments.

JOHNSON DIED

Victim of Monday's Shooting Passed Away Today.

(From Thursday's Daily)
John Johnson who was shot in the back by Bob Martin Monday afternoon died at the county jail this morning about six o'clock from the effects of the wound. His physician told from the first that the wound was fatal and he was sustained thus far on stimulants. From the first he had been spitting blood showing that his entire right lung was almost shot away, the charge of shot having penetrated that side. The body was carried to a colored undertaker who prepared it for burial and it will probably be sent to Henderson where the mother of the dead man lives. The charge against Martin will probably be changed to murder.

BADLY HURT.

Mr. P. C. Griffin Falls and Breaks a Thigh.

(From Thursday's Daily.)
P. C. Griffin, of Kirkmansville, was the victim of an accident at the Illinois Central depot late yesterday afternoon which resulted in the fracture of the right thigh about midway between the hip and the knee.

Mr. Griffin hauls freight from this city to the merchants in Kirkmansville and he was standing on his wagon loading the freight when he lost his balance and to keep from falling jumped to the ground. His entire weight fell on his right leg and the bone snapped. The fracture was set at once and he was carried to Mrs. Lacey's boarding house, she being his sister. Mr. Griffin has long been a familiar figure in Hopkinsville, making regular trips here in hauling shipments of goods. He is fifty-nine years of age and has a family consisting of his wife and four daughters, one of whom is Miss Minor Griffin, superintendent of schools in Todd county.

Sunday School Convention.

The annual convention of the Christian county Sunday School Association will be held at Mt. Olivet church, Howell, April 19. A strong program is being prepared, and every effort will be made to make this the best convention ever held in this county. Mr. E. A. Fox and Rev. T. C. Gebauer, state workers, will represent the state work. They are thoroughly conversant with every detail of Sunday school work and their talks will be practical. Some of the best local talent will also be utilized.

The secretary is now gathering reports from the Sunday schools of the county, and every superintendent should send in his report and contribution promptly. Each school in the county should appoint one or two delegates to represent the school officially. In addition to these, as many others as possible should attend.

For any information address the county president, A. D. Litchfield, or the county secretary, Mrs. C. D. McComb.

Mrs. Neblett Dead.

The following press despatch appeared in yesterday's Clarksville Leaf-Chronicle.

Adams, Tenn., March 22.—A telegram has just been received by Christian county relatives announcing the death of Mrs. Lida Neblett, relict of the late Dr. J. M. Neblett, of Chattanooga.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for throat, bronchitis, coughs and colds. Guaranteed at L. L. Elgin's and Ray & Fowler's drug stores, price 50c and \$1.00. Trial bottle free.

Tri-County Fair.

Secretary Jacob Zimbro, of the Tri-County Fair, has announced the date of the fair for this year. It will be held at Henderson September 25 to 31 inclusively. This fair takes place annually and is participated in by the people of Henderson, Union and Webster counties—hence its name.

VERY CONFLICTING

IS THE TESTIMONY IN THE HOLLAND CASE.

Very Evident That Politics Is Biasing the Testimony Awfully.

(Special to New Era.)
BENTON, Ky., March 23.—In the Holland murder trial, when the court adjourned last evening, eleven witnesses had testified during the day—defense witnesses.

R. T. Wells, representative from Marshall county in the state legislature, testified that Mr. Cox, the principal witness for the commonwealth, who claimed to have seen the shooting, told him shortly after the shooting that he did not see it, but was in the opera house at the time it occurred.

Alex Forrest testified that he had heard Keys threaten to cut Holland's throat a short time before the tragedy.

W. T. Baker, a prominent merchant of Benton, said that he saw the shooting, that it was at close range and that Keys advanced on Holland. W. B. Stiles testified that he saw the knife, which Keys had a short while before.

In the face of this testimony people who knew Keys all his life say he never was known to have a knife and that he was one of the most harmless and inoffensive men in Calloway county, and they say that political differences that had unfortunately created factions was at the bottom of the homicide. However, Holland is thought to be making out a strong case of self-defense. The case is expected to consume the rest of the week.

A Temperance Lecture.

One distillery company in Kentucky turns out every seven days 1,300 barrels of sweetmaash whiskey. The output for a year would be 62,400 barrels. The cost of all this to the manufacturers may be fairly estimated at \$74,000, and they receive from the wholesaler a profit of from \$1 to \$2 per barrel. The government comes in for a nice little rake-off, but the fellow who has to pay it all, including transportation charges, government and local license fees, salary of barkeeper and rent of buildings, is the man before the bar; and for these 62,400 barrels of booze he lets go of \$24,761,678, and then goes home and beats his wife because supper isn't ready.—Lincoln Journal.

Bankruptcy Case.

The creditors of Alfred G. Hawkins, the Sebree merchant who claims to have been robbed of \$8,100 by pickpockets recently in St. Louis, have filed in the United States court at Owensboro a petition to force him into bankruptcy. Mr. Hawkins claims that he went to St. Louis to settle with his creditors and could have done so if he hadn't fallen among thieves. He is evidently playing in hard luck.

She Gets \$5,000.

At Glasgow, Ky., yesterday Mrs. Annie Molloy was given \$5,000 damages against the L. & N. on account of the death of her husband, the late Attorney Samuel Molloy, of Kuttawa, who was killed at Glasgow by a train crashing into his buggy while crossing the railroad track.

ANNUAL REPORT

GRAND KEEPER RECORDS AND SEALS K. OF P.

Mr. J. W. Carter, grand keeper of records and seals of the Kentucky grand lodge Knights of Pythias, has finished his report of the order in the state for the calendar year ending December 31, 1904. It contains many interesting items. The number of members on the corresponding day of the preceding year was 8,826. The number initiated during the year was 2,834; reinstated, 229; admitted by card, 182; total, 11,571. Number suspended during the year, 860; expelled, 32; withdrawn by card, 183; died 85; total, 940. Total membership, December 31, 1904, 10,631; net increase for the year, 1,405. The annual per capita tax amounted to \$31.55.

The membership was made up as follows: Past supreme chancellors, 1; past grand chancellors, 19; past chancellors, 1,769; esquires, 72; pages, 41.

The number of subordinate lodges at the beginning of the year was 119; instituted during the year, 7; total, 126; charters forfeited, 2; consolidated, 1; number of active lodges December 31, 1904, 123.

The financial report of the subordinate lodges in the aggregate showed cash on hand Dec. 31, 1904, \$25,695.25. The assets of the subordinate lodges, including cash on hand, investments, real estate, paraphernalia, etc., was \$138,578.38.

The next annual convention of the grand lodge will be at Hopkinsville on October 3, 1905.

TODD PRIMARY

Result So Close As to Be In Doubt in Three Cases.

The Democratic primary in Todd county was quite an exciting election. The party has nominated a ticket that will surely win next November. The gentlemen nominated are: County Judge, P. O. Duffy; County Attorney, James R. Mallory; County Clerk, C. E. Gill; Sheriff, W. S. Shelton; Representative, R. M. Kussell; Coroner, T. E. Bruce. In the races for Assessor, Jailor and Superintendent of Schools the result is so close as to be still in doubt.

ALTON PACKARD

Stands Almost Unrivaled as a Lyceum Lecturer.

On the evening of next Wednesday, March 29th, the fifth attraction in the tabernacle course should, and doubtless will, draw a large audience, for it is in every respect worthy of public patronage. On that occasion, Mr. Alton Packard will deliver one of his inimitable sketch lectures.

Jumped Track.

An empty freight car jumped the track at the junction of the Tennessee Central and the Illinois Central tracks here last night and got jammed in such a way as to completely block the track and prevent trains from either road entering the station. The car was finally turned over and rolled out of the way.

Narrow Escape.

While fishing at Jones' mill near Pee Dee, F. J. Northington narrowly escaped serious injury. Mr. Northington was fishing from the forebay of the mill and in moving about he lost his footing and fell from the dam. The back of his head struck a rock cutting a severe gash but aside from this he sustained no other injuries which could be detected.

MRS. HALL'S MIRACLE.

Experiences Similar to This Have Occasioned Considerable Comment in Hopkinsville.

Few women are better known in Hopkinsville, N. Y., than Mrs. Pattie D. Hall, as she belongs to one of the best families and has a large circle of friends and acquaintances. In a recent interview Mrs. Hall said:

"The experience I have been through in the last two years seems like a miracle. I was so badly off that life seemed almost unendurable, and my deafness increased so that I could scarcely hear anything. The deafness in my chest and the indigestion caused by my catarrh, produced very severe suffering. I had two different physicians, bought everything that anybody recommended to me, but finally gave up in despair."

"One day my milliner asked me to try and ever tried Hyomei. I began my treatment, and can thankfully testify that Hyomei does cure this terrible disease. Since using it my hearing is greatly improved, and the only time I have any catarrhal trouble is when I take cold. I then use Hyomei, and always get instant relief. My friends and acquaintances marvel at the change in my health and hearing."

Hyomei has made many cures of catarrh, and in connection with Hyomei, costs but \$1., while extra bottles are but fifty cents. Ask L. L. Elgin to show you the strong guarantee under which he sells Hyomei.

ROYAL WIDOW

WHO HAS BEEN INSANE FOR LAST 38 YEARS

Former Empress Charlotte of Mexico, is Dying in Belgium.

(Cablegram.)

BRUSSELS, March 20.—According to L'Ettoile Belge, the ex-Empress Charlotte, widow of the late Emperor Maximilian, of Mexico, is near death in Royal Castle of Bonchout, where she has been confined for more than twenty-five years.

When her mind gave way, soon after the execution of her unfortunate husband in 1867, she was allowed to live for several years at the castle of Miramar, near Trieste, where she kept up a regular court, keeping the delusion that she was still empress, always in momentary expectation of her husband's arrival. Gradually, however, this delusion passed away, and, in later years, her insanity has been superseded by melancholy resignation.

She spends her time reading devotional books, has become as silent as she was garrulous, and is said not to have smiled once in several years. She is surrounded by the most loving care and attention, but prefers solitude to the company of her nurses. Recently she is reported to have entered the acute stage of her mental illness. Her appearance is said to be that of a phantom, her long, white hair streaming down her shoulders, but she has never shown the least symptom of violence or suicidal mania.

The ex-Empress Charlotte is now 64 years old. She was the daughter of the late King Leopold of the Belgians, and is the sister of the present Belgian king.

Fully Exonerated.

Mr. J. L. Wright, postmaster at Paducah, has been fully and officially exonerated of alleged irregularities in office. He showed that he had put some postal funds in a deposit bank for safe-keeping only, and not with any idea of defrauding the government. Mr. Wright has been the agent of the L. & N. in Paducah for seventeen years and stands high in that city.

Liquor Or Office?

In discussing Gov. Hanley's refusal to appoint to public office any man who drinks, an exchange says: If the example set by Gov. Hanley, of Indiana, in refusing absolutely to appoint to office any person who indulges in whisky should be generally followed by all persons having appointive power the cause of temperance would receive an impetus such as not before known. It would go hard with many politicians to have this restriction placed upon them, but the desire for office is stronger than some other passions.

Pennant Winners.

Cairo has nearly thirty good, fast men to select a pennant winning team from this year. One of the latest recommendations is an infielder named William Wilson. He led the San Antonio, Texas, team in fielding last season and batted close to 400. Manager McCarthy will order his men to report not later than April 15th. There will be a number of exhibition games played prior to the opening of the league season.—Cairo Telegram.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

No Teachers Over Fifty.

The board of education of Bowling Green has ordered the erection of a new brick public school building which is made necessary by the increased attendance under the compulsory educational law. An order was also made that after the present term no teacher should be employed that has passed the age of fifty years. The entire corps of teachers has been composed of females, with the exception of the superintendent. In the future one male teacher will be employed at each school building.

Ghosts would frighten many people who are not afraid of germs. Yet the germ is a real danger. If this microscopic animalism could be magnified to a size in proportion to its deadliness it would show like a giant python, or fire-breathing dragon. The one fact to remember is that the germ is powerless to harm the body when the blood is pure. It is far easier to keep the germ out than to drive it out after it obtains a hold in the system. Dr. Pierce's Golden Medical Discovery is the most powerful and perfect of blood purifying medicines. It increases the quantity as well as the quality of the blood, and enables the body to resist disease, or to throw it off if disease has obtained a footing in some weak organ. Wherever the digestion is impaired, the nutrition of the body is diminished, for the blood is made from the food which is eaten, and half digested food can not supply the body with blood in quantity and quality adequate to its needs. For this condition there is no remedy equal to "Golden Medical Discovery." It cures ninety-eight out of every hundred persons who give it a fair trial. When there is constipation Dr. Pierce's Pleasant Pellets will promptly relieve and permanently cure.

VICTIM OF MOB

WHO WAS HUNG BY INDIGNANT CITIZENS

In Mississippi Turns Out to Have Been a Released Lunatic.

(Special to New Era)

JACKSON, Miss., March 20.—It has now developed that the negro hanged by a mob at Elizabeth, Washington county, one week ago, was totally insane and had been confined in the jail at Greenville as a lunatic and released because there was no room in the jail for him and the state authorities said they had no room for any more negro patients.

The negro, William Martin, it will be recalled, shot and killed Dr. Oilphant, a popular physician and prominent citizen of the county, at Helm Station, on the Valley railroad on the night of March 4. Dr. Oilphant died a few minutes after he was shot and the negro was at once arrested, bound and hurriedly taken from the scene by a guard, who intended to carry him to Greenville, and was hung.

THE SENATORSHIP.

It is said that Judge Payner, of the appellate court, had the senatorial situation under consideration for three months before he decided to announce himself as a candidate against Senator Blackburn. Judge Payner will have the solid support of Governor Beckham and the other state officials at Frankfort and the senatorial race will, therefore, resolve itself into a fight between the state administration and Senator Blackburn. The differences between the governor and the senator are purely personal, and it is to be sincerely regretted that they are to be injected into the campaign for the election of members of the next legislature, for the state needs the services of the very best men that can possibly be found willing to make the race for membership in that body, and when the selection is made to depend upon the popularity of one senatorial candidate above another the qualifications, the fitness of the legislative candidate for serving the people of Kentucky is too apt to be lost sight of. An able legislature, an honest legislature is of far more importance to the state of Kentucky than the United States senatorship, for the legislators have to deal with questions close to every man in the state, their work, in fact, reaches into the very homes of the people and has to do with their everyday life. It is a matter of vital importance to every man, woman and child within the broad limits of the state, while the United States senator is only one of ninety national legislators at Washington, and being a Democrat can have absolutely no influence on legislation, for he belongs to a party hopelessly in the minority—and likely to be so for years to come.

Notice.

Sealed bids for the erection of the Y. M. C. A. building at Hopkinsville, Ky., will be received and opened at the office of Dr. F. M. Stites on Thursday, March 20th, at 3 p. m. INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could with safety be taken out. For ten years I wore a little piece of cloth about as long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring of 1884 I was persuaded by my wife to use S. S. S., which I did strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

MR. S. R. WHITE

Leaves All His Property to His Widow.

The will of the late Samuel R. White was probated in the county court Saturday. He leaves all of his estate of every kind to his wife, Mrs. R. A. White, during her life time, and at her death it is to go to their children, Miss Elizabeth White, Mrs. Sammie Gossett and James C. White. The widow is named as executrix without bond, and she qualified as such.

Mr. White's estate is quite a valuable one.

UNCOMMON WISDOM.

Some Hopkinsville People Profit by Neighbors' Experience.

It's a wise man who profits by the experience of his friends and neighbors. Here is a chance to do it and every man, woman and child in Hopkinsville who knows the misery of a bad back, the nervousness and restlessness caused by kidney complaint or the annoyance of urinary disorders, will show uncommon wisdom to profit by this citizen's advice.

J. W. Pritchett, retired grocer of 753 East Seventh street says: "My back has given me a great deal of trouble. The pain was not continually severe but came on by intermittent spells which were sometimes very painful, especially after over exertion of any kind. Being constantly on the outlook for something to relieve me I happened to read of Doan's Kidney Pills and was so impressed with the testimonials as to their worth that I secured a box at L. F. Johnson's drug store. The pills benefited me in every way and I hope that my endorsement will be the means of extending relief to some other sufferer."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NEGRO TURNING WHITE.

(Special to New Era.)

RICHMOND, VA., March 18.—James Turner, 60, healthy black man, at Wares Wharf, on the Rappahannock, is fast turning white. His arms and legs are now a pinkish white, and his face and body are changing color. It has no effect on his health.

For Paynter.

A Louisville press despatch says that Gov. Beckham has given out a statement here declaring himself for Judge Paynter for the senate to succeed Senator Blackburn. He says he is glad Paynter has decided to announce his candidacy and will gladly support him. Beckham gave out a statement several weeks ago to the effect that he expected to exert his influence in an effort to defeat Blackburn.

MAJ. WILLIAM WARNER IS ELECTED UNITED STATES SENATOR FROM MISSOURI

(Special to New Era.)

JEFFERSON CITY, Mo., March 20.—Major William Warner, of Kansas City, federal district attorney for the western district of Missouri, soldier, statesman and politician, following one of the most memorable scenes in Missouri's political history was elected United States senator to succeed Francis M. Cockrell Saturday afternoon within ten minutes of the hour fixed for the sine die adjournment of the legislature.

The grand climax which terminated the senatorial deadlock after two months of unrelenting factional warfare seems to have wiped out the bitter feeling that has prevailed in the camp of the Mysterious Stranger, and the Republicans are going home proud and happy.

There was just enough partisanship in the Democratic effort to pre-

vent an election at the last minute to force the Republicans to a realization of the fact that the interests of the party, after all, transcend factional differences.

No such contest as this has ever been waged by Missouri Republicans. Less than 24 hours ago the situation appeared absolutely hopeless and the belief was growing that Senator Cockrell would be re-elected by the aid of Republican votes.

It was hard for Thomas K. Niedringhaus, the caucus nominee, to give up the grand prize which the Republicans had won last election. He was chosen senator Jan. 17 when the two houses voted separately. But this action needed the ratification of the joint assembly.

Niedringhaus accepts his defeat and the election of Maj. Warner with an air of cheerfulness that astonishes the politicians.

THE WHOLE WORKS A PERFECT CRUSH

CADIZ AND GRACEY RAILROAD IN PADUCAH.

The Whole Motive Power Will Be Taken There For Repairs.

The Paducah Sun says: Mr. W. C. White, who bears the distinction of being president, general manager, general agent, roadmaster, trainmaster, and in fact every officer in one of the Cadiz and Gracey railroad, was in the city yesterday to have his engine repaired and closed a contract with the I. C. to overhaul the machine.

President White runs a small road between Cadiz and Gracey and has one engine, two passenger coaches and one or two box and flat cars. He made no arrangement for leasing an engine from the I. C., but may have rented or leased one from some other road until his engine can be repaired, otherwise his road will suspend operation during the repairing of his motive power.

The engine will arrive within ten days and receive a thorough overhauling and will look like a new locomotive when she comes out of the shop.

THOUSANDS FLOCK TO SEE THE HARGISES.

Deacon Callahan Interested in the Religious Services.

(Special to New Era.) LEXINGTON, KY., March 20.—A steady stream of visitors passed in and out of the jail yesterday to pay their respects to the Hargis brothers and Sheriff Callahan, the Breathitt county prisoners, and it has been estimated that during their first week of confinement over two thousand people have called at the jail and been admitted to their cell on the fourth floor.

The Christian Endeavor Society of the Central Christian church held regular Sunday services at the jail, which were attended by the four Breathitt county men. Sheriff Callahan is one of the deacons in the Presbyterian church on Frozen creek, in Breathitt county, which was built by him, and he evinced great interest in the services at the jail yesterday.

Another Job.

Mr. Gus Tyler Brannon, of Owensboro, who married Miss Gertrude Bramham, of this city, has decided to accept a position as cashier of a bank at Eufaula, Ala., recently tendered him, and will soon remove with his family to that city. Mr. Brannon is said to be an excellent bank man, highly competent.

THE GUN CLUB

Is Making Preparations For Its Tournament.

The members of the local gun club are preparing to entertain their visitors on the 26th and 27th of April, at which time they will pull off an interesting target tournament under the auspices of the Interstate Trap Shooters' association.

Regular practice will be begun on the local grounds on Tuesday of next week and continued regularly throughout the year as usual; probably the grounds will be opened also on Thursdays and Saturdays of each week, for the purpose of giving the members an opportunity to better prepare themselves for the coming tournament.

A meeting of the executive committee will be held tonight to arrange program and matters of detail pertaining to this tournament. A number of applications for membership have been received, and the outlook for a large and enthusiastic membership is better than at any time since the organization of the club a few years ago. All members are urged to attend the opening practice on Tuesday next, at 8:30 p. m.

DOCTORS DISAGREE

OVER THE CAUSE OF MRS. STANFORD'S DEATH

Eminent Physicians Make a Signed Statement in Case.

(Cablegram.)

HONOLULU, March 18.—Edmund Shore, chemist of the United States agricultural station, and Drs. Wood, Murray and Humphries have signed a statement replying to Prof. Jordan and Timothy Hopkins, who recently announced their conclusions that the death of Mrs. Stanford was due to natural causes. They characterize the statement of these gentlemen as astonishing, and reiterate their finding that strychnine was the cause of death. They say that the publication of the Jordan-Hopkins opinion makes it incumbent upon them to reply, and they give the following reasons why the death must have resulted from strychnine poisoning:

First—Mrs. Stanford died during a characteristic strychnine convulsion, which was seen by Drs. Humphries and Murray.

Second—A post-mortem rigidity, identical with that peculiarity to cases of that class of poisoning.

Third—The post-mortem revealed no other cause of death from any affection of the stomach or intestines. They contained no undigested food and were in a healthy condition.

Fourth—The post-mortem in every respect gives the evidences of authenticated cases of strychnine poisoning, and these, combined with the fact that strychnine was found in the bicarbonate of soda, which was used by the deceased, furnished a chain of evidence that will withstand the fiercest assaults.

Continuing, the statement goes on to discuss the testimony of Miss Berner, Mrs. Stanford's secretary, of May Hunt, her maid, and that of Drs. Humphries and Murray. It quotes medical authorities, regarding the symptoms of poisoning by strychnine and reaffirming the positive opinion that strychnine poisoning caused the death.

Family Poisoned.

The family of Josiah Ashby, a prominent farmer near Henson, in Hopkins county, had a narrow escape from death by poison, caused by drinking milk, which had been left in a tin vessel over night. Eight members of the family drank the milk for breakfast, and in a few minutes began suffering intensely. It is believed all will recover.

Smallpox Situation in Trigg.

The officials say they have the smallpox situation well in hand, and there has been only one new case of the disease reported during this week. This is in the home of John Patterson, colored, near Caledonia. Other cases are getting well, and the people are assisting those in authority in their efforts to free the county from the malady.

Gets Six Years.

In the circuit court, at Princeton, Mack Beverly, colored, was sentenced on two charges of house-burning, the first being a five year sentence and the second one year. He is to be tried on the charge of attempting to burn and blow up with dynamite one of the principal business blocks in the city of Princeton. The charge for which he was given a five-year sentence was for burning L. H. Housechild's meat market on the night of November 11, 1904.

MARRIED IN JAIL

BAR OF STEEL HOLD NO TERRORS FOR CUPID.

A Dusky Couple Married In the Bridegroom's Cell.

(From Saturday's Daily)

Jean Duffy, alias James O'Brien, colored, is a recent addition to the city work house gang. Thursday the negro is alleged to have quarreled with a white man and that he flourished his pistol at the time, afterward met him on the street and again attempted to renew the fuss all the time with his gun at hand. The white man would not quarrel with him and the negro was arrested and placed in the lockup. He was tried on two charges, one for breach of the peace for which he was given a sentence of 152½ days, and another for carrying concealed a deadly weapon for which he received 27½ days. Besides this there was an old sentence of 21½ days against him which had been held up during good behavior and this was also added to the other terms making a total of 201½ days.

Soon after Duffy was arrested and placed in the lockup a negro woman giving her name as Ida Preston came to the police office and asked if she and the prisoner could be married. Lieut. Morris told her that if it was agreeable to she and Duffy it was with him, so the license was issued, the services of Rev. A. P. Payne secured and with Lieut. Morris and E. H. Armstrong as witnesses the ceremony was pronounced in the cell, after which the couple took an affectionate leave of each other and the woman went home while Duffy was locked up.

A Lyon County Horse.

The horse known by the name of John, formerly owned by Leonard Cash, of this county, which won every race that he ran in the county, was sold in Montgomery, Ala., a few days ago for \$8,000. Mr. Cash sold the horse to stock buyer about three months ago for \$90.

This horse won a race at New Orleans about three weeks ago which brought his owner \$2,100; also one at Birmingham, Ala., winning \$1,600.

So far as we know, this is the fastest horse ever raised in Lyon county.—Lyon County Times.

Kentucky Railroads.

The printed report of the Kentucky Railroad Commission, consisting of 137 pages, is being distributed. The latest mileage of the railroads in this state is 3,370 miles, and the gross earnings for the year were \$33,407,662; net earnings \$9,677,840.

The Lesson of April.

She was a maid and I was a man, And, in a springtime long ago, When April had entered as April can, In a glint of green and a rosy glow, Under the changing skies we strolled, Sunshine and rain above us played, And the old old tale was the one I told, Since I was a man and she was a maid.

Many and many a year has gone, And April is smiling in tears again; I am facing her fickle self, alone, And proving her blandishments worse than vain; Much shine and shower have served to let My heart grow wise and my passion cool; At length, I am even past regret That she was a woman and I a fool! —Nannie Byrd Turner in Smart Set.

TAYLOR COLLIER

ACCUSED OF ROBBING THE PEST HOUSE.

Was Arrested This Afternoon By Deputy Sheriff Clark.

(From Wednesday's Daily.) Deputy Sheriff George Clark this afternoon arrested Taylor Collier upon a charge of grand larceny, the crime which he is alleged to have committed being the robbing of the pest house near this city on the night of January 24.

A full account of the robbery was published in the New Era at the time, the thief getting away in the night with numerous articles of clothing, a watch and a small amount of money. A day or so previous to the robbery the boy appeared at the pest house broken out with smallpox and was being treated as a patient. He disappeared simultaneously with the articles and was suspected.

Today the deputy sheriff learned that Collier was here visiting out on Durrett's avenue and he went out after him. The boy saw him coming and hid between a high fence and the house, but the officer saw him and arrested him. When placed in custody Collier acknowledged that he stole the articles but said that the overcoat, shoes, etc., were taken by mistake as he thought he was getting his own clothing but in the darkness he got articles belonging to other patients. He said he got \$3.00 in money and the watch belong to J. M. Rose, custodian of the pesthouse. He pawned the watch and it has not been recovered.

The prisoner is young and says he is only thirteen years of age. He claims his father died when he was three years old and that he staid in an orphan home in Louisville for three years and was then taken into the family of a farmer, but ran away. He also claims to have been stolen while very young and his stepmother did not regain possession of him for about a year. He was placed in jail and will probably be sent to a reform school.

The Todd County Times has the following about a freak calf at Elkton:

"Mrs. J. S. Foster is the owner of what is one of the greatest curiosities in this section or anywhere for that matter. It is a double-tongued calf, or rather was such, until about three weeks ago, when it chewed one of them off. The one of which now only the stub remains grew directly above the other. All doubting Thomases are invited to call at the Foster home and have their doubts brushed away by looking at the freak."

HAY TO RETIRE.

(Special to New Era.)

WASHINGTON, March 21.—The conviction prevails in cabinet circles that Secretary of State Hay will never resume his duties, but will retire to private life. His successor is likely to be Secretary of War Taft, who is also said to be President Roosevelt's choice for the Republican presidential nomination in 1908.

PHYSICIANS

VISIT THE STATE'S CONFEDERATE HOME.

For the purpose of determining whether the conditions at the Confederate Home at Pewee Valley are unsanitary, as charged by Horace McFarlan, the County Attorney of Oldham county, the Board of Trustees yesterday asked a committee of prominent physicians to visit the home and inspect the premises thoroughly. Col. Bennett H. Young, chairman of the Board of Trustees; Charles J. Clarke, the architect, and Dr. R. B. Cassady, chairman of the Oldham County Board of Health, met with the physicians, and the result of the visit was a complete refutation of the charges against the management of the home. Dr. Cassady repudiated Mr. McFarlan's charges and said the County Board of Health had not prepared a report censuring the management.

The physicians went over both the main building and the infirmary thoroughly, examined the kitchens and the food prepared for the veterans, investigated the water supply and sewerage systems and at the close of the investigation were unanimous in declaring the institution to be admirably managed and that the charge that unsanitary conditions prevailed without a foundation.

OVER POOL GAME

TWO NEGROES FALL OUT AND USE GUNS.

One of Them Is Fatally Wounded and May Die Before Night.

(From Tuesday's Daily.)

Two negroes, John Johnson and Bob Martin, engaged in a shooting bee in an upstairs room on East Seventh street yesterday afternoon, as a result of which Johnson received a load of bird shot in his back and is now lying in the county jail in a very critical condition.

The account of the shooting as given by Martin seems to be the most definite of any of the reports and is as follows: He says that they were in the pool room conducted by George Duiguid who was absent and had left the room in charge of a boy named James Henry, who in trying to enforce some of the rules of the pool room angered Johnson, who was one of the players. Martin says he then spoke up and said that a person who would not be guided by the rules of the house should not be playing. This kindled Johnson's wrath against him and he turned and cursed Martin and fired at him with a pistol. Martin then ran over to the corner and picked up a Winchester repeating shot gun standing there and fired at Johnson who was then running out the door. This charge missed and Martin stepped to the head of the stairway and fired a second time at Johnson as he ran down the steps, this charge lodging in his back. Johnson fell on the pavement and laid there some time before he was removed to the police office where the wound was dressed and he was then carried to the jail.

The entire load of shot lodged in a small space a little to the right of the spinal column. The shell must have contained a heavy charge of powder as all of the shot went into the right lung and even bits of the negro's clothing were driven into the wound. He was not expected to live through the night but did survive, though he is very low today and his death is expected at any time. He has been spitting blood ever since he was shot and can scarcely make himself understood. He came here Sunday morning from Madisonville. His mother lives in Henderson.

Officer Tally, of the police force, was standing in front of Hammonds' saloon off Virginia street when he heard the shots and rushed to the scene and at once arrested Martin and locked him up. The negro made no resistance whatever and when arrested had gotten rid of the gun.

The pistol which Johnson is said to have used was picked up from the pavement where it had fallen and is now in possession of the police. The weapon is an Iver Johnson, 32 calibre and every chamber was loaded with one exception and this contained an exploded shell. The revolver was a cheap grade and the cylinder could be spun around at will.

Mrs. Henry Hauser, of Louisville, is appointed matron.

JUDGE OF THE SUPREME COURT

Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

HON. W. H. PARSONS.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, also Brigadier-General in Confederate Army. In a recent letter from 925 H Street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week. It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration."

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

There is no remedy in the world that soothes while it stimulates, heals as it expurgates. Peruna is not a purgative, gripper better than the remedy, Peruna, nor a cathartic, or sedative, or stimulant, Peruna strengthens as it renovates, nor a vegetable or mineral poison. It

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

Pe-ru-na cures more cases of la grippe than all other remedies combined.

reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves.

Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so. The grippe has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do. A great many remedies have been suggested for this condition from time to time, but Peruna appears to be the only remedy that has any substantial value in these cases. It has never failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe.

Henry Distin, the inventor and maker of all the hand instruments for the Henry Distin Manufacturing Co., writes the following from 1441 South Ninth street, Philadelphia, Pa.:

"I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try Peruna. I began with a bottle the first week in March and it certainly did me a great deal of good. I was so well satisfied that I purchased another bottle and followed the directions, and can say that it has cured me."—Henry Distin.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

DOINGS IN COURT

HARDISON WAS LIBERATED BY THE JURY

Hayden Hern Is On Trial On a Charge of Grand Larceny.

(From Tuesday's Daily.)

Ernest O'Neal and John Hardison, the two colored boys who were tried yesterday afternoon on the indictments recently returned, charging them with stealing coal from the L. & N. railroad, were found not guilty by the jury impaneled in the case and were released from custody. The indictments charging John Campbell and Ida Wright with the same offense were dismissed.

Columbus Pepper, colored, indicted for manslaughter in killing his brother, Plush Pepper, with a shovel near Crofton several weeks ago, was tried this morning and the jury returned a verdict of not guilty after receiving peremptory instructions to that effect from the court. According to these instructions the evidence produced in the trial did not warrant and would not sustain a conviction.

The trial of Hayden Hern, indicted on a charge of grand larceny, was begun this afternoon. Hern is charged with having entered the saloon of W. R. Long on Ninth street and taking about \$195 from the safe.

After having the case of "Tissue Paper" Jack Hardison, colored, charged with murder, under consideration since Saturday afternoon the jury returned a verdict at 2:25 this afternoon finding the defendant not guilty.

Hardison was charged with killing Charles Johnson at a colored dance near Empire several months ago.

From the evidence it seems that Hardison and another negro named Bob Carter, had a difficulty in which both used their guns, although Carter claimed to have shot into the wall near the ceiling. Hardison fired his pistol after running out of the door and while Carter was still in the house. Johnson was also standing outside and one of the flying bullets struck him and caused a wound from which he died the next morning.

LIKE FINDING MONEY.

L. L. Elgin Offers Popular Medicine at Half-Price.

L. L. Elgin, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty-cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist Elgin that this medicine could be bought for less than fifty cents, he urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified his good judgment, for the sale has been something remarkable. w24d28

A SAD CASE.

JOHN CHARLTON IS ADJUDGED INSANE.

His Condition Is the Result of A Severe Attack of Grip.

(From Tuesday's Daily.)

John Charlton was tried in circuit court this morning and was adjudged a lunatic and carried to the asylum.

The case is one of the most pitiable which has come up here for some time. Charlton is about forty-five years of age and has a wife and five children who live on Durrett avenue, where they conducted a small grocery. About a month ago the head of the family suffered a severe attack of cramp colic and this was followed by grip. From this his mind seemed to rapidly give way, until within the last two weeks he had to be watched constantly in order to keep him from running away from home. His idea was that there was work for him in Clarksville and that he was being kept from going to it and every chance he had he would attempt to escape. This morning he got away and outran J. W. Overby who was staying with him, until he had passed Cates' Mill before he was finally captured. He had never attempted any violence but would become very angry and make threats when prevented from leaving home, so it was thought best and safest to have him sent to the asylum. It is hoped his derangement is only temporary.

Mr. McGehee Dead.

Mr. Hugh McGehee, of Gracey, received a telegram yesterday from Portsmouth, Va., telling him of the death of his father. The deceased was an uncle of Mr. T. E. Bartley, of this city and a brother of Mr. William McGehee, who resides in this county, near Gracey.

Cosky News.

Farmers are very busy in this vicinity preparing for another crop.

Rev. U. H. Vaughan will preach at the Baptist church the first Sunday morning at 11 o'clock and Saturday afternoon at 3:30 o'clock. Everybody invited to come.

Dogwood Doings.

Miss Laura Underwood died at the home of her father, Mr. J. H. Underwood, near Kelly last Friday. She had suffered many years from consumption, and her death was not a surprise to any one. The remains were buried in the West graveyard Saturday.

An infant son of Mr. and Mrs. Nick King died March 2.

Mr. George West, our hustling merchant at this place, is in very bad health. He has been unable to be at his store for some time, but we hope, however, he may rapidly recover.

Mrs. S. T. Myres who has been sick for some time is in Hopkinsville under treatment of a physician.

Miss Johnnie Renshaw is recovering from a severe attack of grip and pneumonia. Dr. Wright was her attending physician.

Miss Mamie West and Mr. Will Leon were united in marriage Sunday at the home of the bride. Miss West is the charming daughter of Mr. Warner West of this place, and the groom is an energetic young farmer of the Bluff Springs vicinity.

Miss Mina Wood, of Sinking Fork, is spending several weeks with her sister, Mrs. Nick King.

Mr. and Mrs. Charles Gates paid a visit to the family of Mr. Tom Gates, proprietor of Gates' hotel at Kirkmansville last week.

Mr. Willie H. Clark has accepted a position under Mr. J. D. Russell to work for the Cumberland Telephone company.

Miss Emma Johnson, an attractive young lady of Kelly, is boarding with Minnie King attending school.

Mother of Fourteen.

The body of Ballie Holman, colored, arrived here last night from Paducah, where she died of phthisis. She, with her husband, Allen Holman, formerly lived here and conducted a restaurant. The woman was one of the sort to suit President Roosevelt. Though only thirty-nine years of age, she had given birth to fourteen children, nearly all of whom are dead. Interment will take place in the colored cemetery here this afternoon.

Chance For the Girls.

Girls who are not married in Siam before they reach a certain age are put under the care of the king, and he finds a husband for them. This is a simple thing to do, for he goes through the list of prisoners in the jails, picks out one man, and tells him he can have his liberty if he will marry one of these girls.

HARGIS ON STAND.

HE GIVES SOME PRETTY WARM TESTIMONY.

Denounces Testimony Of Feltner as a "Vile, Base and Foul Lie."

(Special to New Era.)

LEXINGTON, Ky., March 23.—When, placed on the stand Judge James Hargis denied being implicated in the plot to assassinate Cockrill, and said he had no knowledge of such a plot. He denounced the testimony given by Mose Feltner as a "vile, base and foul lie," but the statement was ruled out by the court. The principal witness for the prosecution was Anderson White, brother of Tom White, who was convicted of assassinating James Marcum. White swore that Judge James Hargis endeavored to get him to kill James Marcum, James Cockrill, Dr. Cox, McKinley Cockrill and Attorney Vaughn. Other important witnesses were Jeff Smith and Wilson McDaniel.

The testimony for the prosecution was concluded with the exception of the testimony given in the trial of William Britton, which will be submitted to the court.

Alex Hargis is on the stand and makes a general denial of any connection with Cockrill murder. Says he left Lexington during Britton's trial, thinking he would be indicted. Left because he wanted to straighten out his business affairs before being arrested.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease by L. E. Elgin and Ray & Fowler, druggists, at 50c a bottle.

A FINE GANG

IS THE PRESENT COLORADO LEGISLATURE.

Peabody Crowd Declare Senator Morgan Unworthy Of Belief.

(Special to New Era.)

DENVER, Col., March 23.—The Colorado General Assembly in joint convention exonerated James M. Herbert, vice president and general manager of the Colorado and Southern railroad, and Daniel M. Sullivan, postmaster of Cripple Creek, who had been charged with bribery in the gubernatorial contest.

On March 5 when the joint convention was hearing arguments in the Peabody-Adams contests, Senator Richard W. Morgan, a Republican, presented a signed declaration that Messrs. Herbert and Sullivan had offered him \$1,500 to vote for Alva Adams, and that one-half of this sum had already been given him. This money, he said, he had placed in the hands of District Attorney George Stidger. A committee was appointed to investigate this matter, and all other reports of bribery affecting members of the legislature. This committee presented a report to the effect that Senator Morgan was a confessed bribe-taker and "unworthy of belief."

The report was adopted by a vote of 78 to 2.

Senator Morgan spoke in his own defense and declared he would push the prosecution of Herbert and Sullivan in the criminal court.

SUGGESTIONS BY MR. BRYAN.

In the Commoner issued last Friday, W. J. Bryan says he has received many letters from the rank and file of Democrats announcing their readiness to begin the fight of 1908, and asking for suggestions. These he gives as follows:

"Let each Democrat pledge himself to attend all the primaries of his party to be held between now and the next Democratic National convention, unless unavoidably prevented, and to use his influence to secure a clear, honest and straightforward declaration of the party's position on every question upon which the voters of the party desire to speak. This plan does not involve the writing of a platform in advance of the primaries. It does not rest upon the paramount importance of any one issue. It recognizes the right of the Democratic voters to control the policy of the Democratic party, and to determine its position upon public questions. It also recognizes the importance of honesty and sincerity in politics."

CONSUMPTION'S WARNING

Bleeding facts soon become evident in outside
symptoms.—Dr. C. G. GREEN.

The aid of scientific inventions is not
needed to determine whether your lungs
are affected. The first symptoms can be
readily noted by anyone of average in-
telligence.

There is no disease known that gives so
many plain warnings of its approach as
consumption, and no serious disease that
can be so quickly reached and checked,
if the medicine used is Dr. Boecher's
German Syrup, which is made to cure
consumption.

It is in the early stages that German
Syrup should be taken, when warnings
are given in the cough that won't quit,
the congestion of the bronchial tubes and
the gradual weakening of the lungs, ac-
companied by frequent expectoration.
But no matter how deep-seated your
cough, even if dread consumption has
already attacked your lungs, German
Syrup will surely effect a cure—as it has
done before in thousands of apparently
hopeless cases of lung trouble.

PERFECT ASSIMILATION

Some people eat heartily, even ravenously, yet nothing seems to stick to their ribs. Others don't eat much, but assimilate all nutriment in the food and get fat. We have letters from people who say that

Dr. Caldwell's Syrup Pepsin

makes them fat. It doesn't. It simply gets their digestive organs in shape to take the nutriment out of the foods which they eat. It also acts as a gentle laxative and tonic. Please try it.

A. C. Jones, of Hortonsville, Ind., writes: "I can say for Dr. Caldwell's Syrup Pepsin that it is one of the best medicines I ever have taken. In less than six days after I began to take your medicine, I had gained six pounds in weight. I felt like a new man and I can highly recommend it to any one who is troubled with indigestion or dyspepsia."

LESSON XIII, FIRST QUARTER, INTER-
NATIONAL SERIES, MARCH 26.

Text of the Lesson. A Comprehensive
Quarterly Review—Golden Text,
John 1, 31—Commentary Prepared
by Rev. D. M. Stearns.

[Copyright, 1905, by American Press Association.]

LESSON I.—Christ the Life and Light
of men (John 1, 1-18). Golden Text,
John 1, 4, "In Him was life, and the
life was the light of men." Repeat
with all possible emphasis and prove
from other Scripture, as well as this
Lesson, that Jesus is God, that there is
no life apart from Him and that he
who must be truly received as the
Christ, the Son of the living God, the
only Saviour of sinners, without whose
precious blood there is no forgiveness
of sins (1, 12; Heb. ix, 22; Acts iv, 12).

LESSON II.—The witness of John the
Baptist to Jesus (John 1, 19-34). Gold-
en Text, John 1, 29, "Behold the Lamb
of God, which taketh away the sin of
the world." John was only a voice, to
be heard and not seen, a messenger
with a message, the herald of a great
King, himself great in the sight of the
Lord, before whom he stood and seek-
ing only His glory. This Lesson should
lead from Gen. iii, 21, by way of Ex.
xii to Calvary and on to Rev. v, 6; xxi,
22, 23.

LESSON III.—Jesus wins His first dis-
ciples (John 1, 35-51). Golden Text,
John 1, 49, "Thou art the Son of God;
Thou art the King of Israel." John
pointed Him out and honored Him,
two of John's disciples followed Him,
and thus began a following, ever since
increasing, which shall result in a glo-
rious church, a redeemed Israel and a
world filled with His glory.

LESSON IV.—The first miracle in Cana
(John 1, 1-11). Golden Text, John 1,
6, "Whatsoever He saith unto you do
it." Not until after the marriage of
the Lamb (Rev. xix), of which this and
many other marriages in Scripture are
in a sense typical, notably the marriage
of Adam and Eve (Eph. v, 31, 32), shall
the kingdom come and the words to
Nathaniel be fulfilled. Would we hasten
that time let us note carefully His
command in Matt. xxviii, 19; Mark xvi,
15; Acts 1, 8, and obey the Golden Text.

LESSON V.—Jesus and Nicodemus
(John 3, 1-15). Golden Text, John 3,
16, "For God so loved the world." We
cannot be of any use to the Sav-
iour to hasten His kingdom until we
are born again, for until that takes
place in us we are dead in trespasses
and in sins, we have no real life (Col.
ii, 13; 1 John v, 12), and He does not
ask dead people to serve Him, for they
that are in the flesh cannot please
God.

LESSON VI.—Jesus at Jacob's well
(John 4, 5-14). Golden Text, Rev. xxii,
17, "Whosoever will let him take the
water of life freely." While the most
religious must be born again, the most
wicked may be born again, and where
there is truly the new birth there will
be in greater or less degree a repetition
of this woman's experience, who be-
came so occupied with Christ that she
forgot herself and her errand and be-
came His joyful messenger.

LESSON VII.—The second miracle in
Cana (John 4, 43-54). Golden Text,
John 4, 36, "The same works that I
do bear witness of Me, that the Father
hath sent Me." While the new birth
comes only and wholly by believing—
that is, receiving—and we become wells
of living water in the same way, it
must be a simple believing, without
seeing or feeling.

LESSON VIII.—Jesus at the pool of
Bethesda (John 5, 1-15). Golden Text,
John 5, 2, "And a great multitude fol-
lowed Him, because they saw His mir-
acles." No religiousness helps; no sin
need hinder, no case is beyond His
power, but the pool is not necessary
nor a man to put us in. He Himself is
the fountain, and a word from Him is
sufficient.

LESSON IX.—The miracle of the
loaves and fishes (John 6, 1-14). Gold-
en Text, John 6, 51, "I am the living
bread which came down from heaven."
Vast multitudes, the majority of the
people on earth, have never heard of
the new birth, the living water, the
bread from heaven, and while it is the
tendency even of those who have re-
ceived for themselves to say, "Send
them away," or let them alone, His
command is, "Give ye them to eat."

LESSON X.—Jesus at the feast of tab-
ernacles (John 7, 37-46). Golden Text,
John 7, 46, "Never man spake like
this man." While they are abusing
Him and seeking to kill Him because
He broke their national idol, their Sab-
bath day (for that day, like their feast
days, had become the Jews' instead of
the Lord's). He continues to offer free-
ly the living water to all.

LESSON XI.—The slavery of sin (John
viii, 31-40). Golden Text, John 8, 34,
"Whosoever committeth sin is the serv-
ant of sin." There was not one of all
those who brought the woman to Him
who could say that he was without
sin (verse 7), yet they dared to say that
they were never in bondage (verse 33),
for, being only natural people, they
talked foolishly concerning spiritual
things. All the unsaved are servants
of sin, all the redeemed are servants
of righteousness, but many are in
bondage by disobedience (Rom. vi).

LESSON XII.—Healing of the man
born blind (John ix, 1-11). Golden Text,
John ix, 5, "I am the Light of the
World." Not only are all born in sin,
but all are also born blind and live in
darkness till the Light shines in. The
same Jesus Christ who gives the new
birth and health is the only one who
can open blind eyes, but He often uses
human instrumentality, as when He
sent Ananias to Saul to open his eyes
(Acts ix, 17). If we would be used
we must be willing to give Him all the
glory, for no flesh can glory in His
presence.

Talmage Sermon

By Rev.
Frank De Witt Talmage, D. D.

Los Angeles, Cal., March 19.—What the whole world esteems, yet what only the few strive for; what a man reverences and values as priceless, yet often flings away, and what every one wishes to bequeath to his children is the subject of today's sermon, the text chosen being Proverbs xxii, 1, "A good name is rather to be desired than great riches."

What is capital? "Money, property or stock employed in trade, manufacture, etc., the sum invested or lent as distinguished from the income or interest," is the definition given by the lexicographer. It is wealth producing wealth, not wealth being absorbed or being eaten up by expenses. When Clarence Bowen, the New York editor and multimillionaire, was a young man he put his savings in a bank for safe keeping. When he went to draw that money out he received a certain amount of extra money. "What is that for?" asked the young man. "This is interest money," said the cashier. "This is money earned by money." "Then," said Bowen, "if money earns money, I must have more money. I will earn it."

The money Clarence Bowen put away in bank at interest was his capital. But capital, according to the lexicographer's definition, is not represented in gold ingots or coin only. I climb with the miner a hillside in Colorado and find the miner a hillside in Colorado and Nevada. He points to some rock and says, "There are millions of dollars worth of gold buried here." "Why do you not get it out?" "Because," he answers, "I have no capital. I must have machinery to break the rocks; I must have miners to burrow into the depths; I must have money to cart away my ore to the smelting furnace. Money must be had before you can produce money."

I go into a store and see at work the busy manager of a great mercantile firm. I say to him: "Why are you not working for others? Why do you not enough to manage a business for other men, certainly you are smart enough to manage a business for yourself." "Aye, aye," answers the manager, "that is true. But I have not the money to start a business like this. I must have hundreds of thousands of dollars to start before I can make a cent. I must buy my goods from the wholesale dealer before I can sell them to my customers. I must rent a store and hire clerks and spend enormous sums for advertising. All these outlays demand a large amount of capital."

Capital represents the seed and the land, to use an illustration of the farmer. Income represents the harvest. The farmer must own or hire his farm and plant his seed before he can get his harvest, or his income. Now, as the farmer and the miner's machinery are the merchant's stock and nearly always valued from the standpoint of money, it is a common custom to give these sentences as translations: "It takes money to make money." "Everything amounts as well as inanimate will bow before the scepter of gold." "Midas' touch has in his hand the grip of iron."

But today the author of my text emphatically says: "The best producing capital a man ever had in life is a good name. It is better than all the diamonds of Golconda, than all the gold of the Comstock bonanza, than all the pearls of the Persian gulf. Pile up the gold ingots on one side of the scale and put a good name on the other side of the scale, and the good name will outweigh the gold." If a good name is such a priceless treasure, let us begin to study why its wealth is of such vast value. Its producing capital must be enormous. If it were not so, King Solomon, up to his time the wealthiest as well as the wisest man who ever lived, would not have made this inspired statement in his book of Proverbs.

Value of a Good Name.
A good name, in the first place, is not a pauper. Her mansion is not the poorhouse. Her wardrobe is not filled with rags. Her family plot is not a potter's field. As a rule, she has a comfortable house to live in. Her sitting room has a glowing fireplace. Her library shelves are filled with books. "She is not afraid of the snow for her household, for all her household are clothed with scarlet." "She is like the merchant ships—she bringeth her food from afar." "Her husband is known in the gates when he sitteth among the elders of the land." For what her hand findeth to do she doeth with all her might. She gathereth the rewards of an earnest and practical industry. She inevitably giveth to the holder of her family name all the necessities for a happy competency and a healthful physical and mental existence.

You can see this fact demonstrated in almost every department of life. "Honesty is the best policy," whether it is found within church walls or down in the busy commercial section of a great city. My text does not say, "Be good, and you will be financially poor." Oh, no! If it did, that would not be true. It would not be true in professional life. I go to you and say: "Why is Judge So-and-so the leader of the brilliant bar of one of our great cities? They tell me that his practice is worth \$50,000 a

year. He never impressed me as one who had a very brilliant mind." "No," you answer, "he has not. He is not a Rufus Choate nor a William Wirt nor an Edmund Randolph nor a Pinckney. He is, however, a good, fair lawyer. But, above all, he is an honest man. On account of his honesty his clients leave their property to him, as their executor, often without bonds. When men go to him with legal difficulties they know his chief purpose is to keep them out of the law courts rather than to push them in. Others lawyers may be more brilliant mentally, but Judge So-and-so holds his clients to him with links of steel. They all know he will look after their interests as though they were his own."

Why does your family physician have such a large practice? You trust him not only as a good doctor, but as an honest man. You know when he is called he will not grip and call it pneumonia and charge you \$100 to cure you. You know of a disease you never had. You know he will not run up useless bills against you, as some dishonest dentists do, who, if they cannot find any cavities in your teeth, will bore holes into them just to send you a bill to make you support them and their families. You know that yonder merchant has a large business not because he offers better goods than his rivals, but because you can believe his statements in reference to those goods. Indeed, I go further than my original assertion in reference to my text. A good name is more often found in a comfortable home than it is in a hotel.

Where Good Names Are Found.
"Seek ye first the kingdom of God and his righteousness, and all these things will be added unto you." That things will be added unto you, means clothing, food, home, education. As a rule, all these blessings accompany the industry of a good name. In order to win a good name, sacrifices you will have to make. In order to win the battle of Waterloo, Wellington had to make awful sacrifices. A short time after his famous conquest the English commander wrote to a dear friend as follows: "What do you think of the total defeat of Bonaparte by the British army? Never was there in the annals of the world so desperate or so hard fought an action or such a defeat. My heart is broken by the terrible loss I have sustained, of my old friends and companions and my poor soldiers." In the battle of Waterloo, in which you have to struggle for a good name, you will have to make many sacrifices, as did Wellington. But, as a rule, you will not have to suffer poverty, hunger, homelessness and cold. A good name is won by industry, frugality, purity, honesty and doing with all your heart and mind what your hand finds to do. These characteristics of man, earnestly and faithfully followed through life, will inevitably land a man in a better place than the poorhouse or potter's field. It does not follow because you are financially poor that you are holy; it does not follow because you live in a palace that you are a rascal. Beau Brummel died a pauper; Peter Cooper lived in a rich man's mansion.

But a good name does more than pay your butcher's and baker's and grocer's and clothes' bills. It does more than give you a title deed to the house in which you live. It offers to you the most priceless gift on earth, next to the gift of Jesus Christ, the love of your family and your friends and the love and respect of the community in which you live. There is an old proverb which says: "A man cannot live on love alone. When poverty knocks at the door love flies out of the window." Poor proverb that! The richest home on earth where love is not is poorer than the poorest man's hovel where love dwells. The love of a manly is yours if you will earn it with the deeds and loves of a good man.

If you were a great man, this One great man, I could not say this. One of the heavy prices a truly great man, as a rule, has to pay for his greatness is to suffer misrepresentation and slander and hate. Most of the contemporaries of John Milton never could appreciate the true worth of the blind prelate in the black exile of national contempt had to go to his study for comfort until his blinded eyes saw the more of the glories of heaven than two eyes of any inspired writer. Many ever since apostolic times. Many a soiled statue in Westminster abbey could be washed as white as the driven snow if it were only possible to collect all the tears which once fell from the eyes of those whose bodies are now sleeping under yonder cold marble. Those tears were shed in the days of neglect and ostracism and poverty. Only the other day I ran across an editorial written by one of the most famous of northern writers, who afterwards became one of the greatest eulogists of our martyred president Abraham Lincoln. This editorial was written in the heat of the civil war. "Any man who would go down to Washington and shoot the stupid fool in the white House service on the American mainland were it not for the fact there was a bigger blockhead in the vice presidential chair." Ah, yes, the interest of exorcisms were hurled at Lincoln when he was alive, as the most fulsome of eulogies are given to him now he is dead.

The Injustice of the Public.
Though the world often has been unjust and bitter to the great men, I have always felt that this persecution and this bitterness were not due, as a rule, to the innate meanness of the human race, but rather to its inability at certain times to appreciate the heroes and heroines who were sacrificing men. But, my friend, you need not be afraid that the world will be unable to appreciate your good works, if you are doing any good works. You are not a great warrior, a great statesman, a great reformer. You are only an ordinary man,

living an ordinary life in an ordinary place. Therefore if you are kind and loving and gentle and forgiving and helpful to your fellow men they will be kind and loving and forgiving and gentle and helpful to you. Why? Because each day of your life you come into personal touch with your little world, the friends and the people of your community see you just as you are.

Would you not like to be loved by the people of the community in which you live? When you go to sleep tonight, would you not like to feel that some woman who is tossing and turning on her bed unable to sleep is smiling over the good cheer you brought her this afternoon by your visit and is saying, "God bless you, God bless you." Would you not like to have people always speaking your name and saying, "No one is ever in trouble, but he is ready to help them if he can?" You can win this love if you will. Come, get a good name for kindness and love. Come, make the people by whom you are surrounded love you. Whom you love with whom we come in contact is one of the most priceless boons offered to man, whether he lives in a palace or a hut.

Taking another step forward in my subject, I declare that a good name is the most glorious of all inheritances which a man can leave to his children. It means more, infinitely more, than gold. It means more than landed estate. It means more than anything else on earth that you can give. Most of us want to leave our children the best we can. We must not forget to give them this treasure, which is of more value "than great riches."

The Greatest of Inheritances.

How can parents financially poor leave to their children the greatest of inheritances? Let me explain more in detail. The adjective "good" comes from the substantive "good." To be "good" in the highest sense means to be "goodlike" or "like Christ." There, when a father bequeaths to his son a "good name," he gives to him, in a "good name," a Christian example the highest sense, a Christian example well lived. He seems to step to his boy's side and put his hand in his boy's hand and say: "My son, I want you to come with me and kneel in prayer. I want you to come with me and learn to read the promises of God in his holy book. My son, when you have these I want to tell you where I have found strength and when sorrows come, temptations, and when sorrows come, as they will, I want you to learn where you can find God as a refuge and strength." Side by side with their children the Christian parents walk. Long after the parents have passed on their heads in the dust the memory of their good names or good Christian examples live on to guide their offspring. Are you not going to leave to your children a Christian example of a good name or a Christian example, such an inheritance as that which your fathers and mothers left to you? If any young men and women need to be held to the cross of Christ by the Christian example of a parent's life, trusting in God and being with God, those children of yours need it. They have exactly the same kind of temptations that you have. They are high strung. They are impulsive. They are easily swept off their feet by success and discouraged by defeat. What are they going to do in "the swellings of the Jordan"? My brother, even with all the advantages of your boyhood, still you have had a hard struggle. What, then, are your children going to do when temptations assail them? They have never seen their father kneeling in prayer or walking with Christ. They have never thought that you had a divine succor. "A good name" as an inheritance. Why, it is simply priceless in value. Is not, for your children, a good name rather to be chosen than great riches?

But, if our good names are essential to our children after we are dead, how much more essential are they for us when we step out of this life into the next! The heaviest money bag that was ever secreted in the dark vaults of the rich man who despised the poor Lazarus groveling on his palace steps cannot be carried by him or his friend one single link beyond his grave. Do you not think it an absurd thing for a rich man to struggle and to keep on struggling for something he cannot keep over a few years at best? This money may and in all probability will do his children a damage after he is gone. It is an old saying that "shrouds have no pockets," yet many men seem to live as though their shrouds would be different from all other shrouds or that they would live on forever and never have a shroud.

Death is Sure.
But, though death may postpone its coming, death will surely come. Now, my friends, what are you going to do for your open sesame of heaven? I grant that your name may be a very important one on earth. How important it is but few of us, even the humblest, realize. We are all Americans, blessed, realize. We are all Americans, the most honored nation on earth. Many years ago two travel railroad Americans alighted from the railroad train in the French capital. No sooner had we registered at the hotel than we heard that a great statue was to be unveiled that afternoon, at which some of the greatest orators of France were to speak. At once we headed toward the place of the ceremonies. The streets were blocked with the crowds. The police were pushing the people to the right and to the left. We had no friends there and no one to assist us. At first, nonplussed, we were about to go back to the hotel. Then a happy thought struck me. I went up to one of the guards and spoke a single magic word, "Americans." At that word way was made for us. We were asked down the lines and upon the platform

and were given two of the best seats. Ah, the word "America" is a magic word in European lands! But, when we think that last voyage and pass over the sea of eternity, think you that any national name or any family name or any earthly name will open to us the gates of heaven? Oh, no! We must have royal blood in our veins. We must bear the family name of the King of kings or else we shall never be allowed to enter heaven. We must have a "good name." That means we must be "goodlike." We must be "like Christ." My friends, if I were you, I would not center my heart and soul in acquiring a few more government bonds and a few more railroad stocks and a few more bank receipts. You do not need them and will never be able to spend them. Struggle today to get that priceless name, which moth and rust will not corrupt and which death as a thief will not break into your strong box and steal.

But if the divine name of Jesus will give to us "abundant entrance" into the heavenly kingdom it will also give to us a mighty spiritual success in this world in which we live. When the ambassador of Germany comes to our national capital the president shows to him exactly the same respect and deference as if he were King William. Why? At that audience truly he stands in the place of his royal master. At the national inauguration the nearest seats to the president elect are those of the ambassadors who represent the kings and the queens and the powers from across the sea. So when you and I bear a good name we become the ambassadors of the Lord God Almighty. God will work through us. God will be in us.

A Friend in Need.

Is this bearing the name of the Lord God Almighty to you a meaningless figure? Will you not at least rejoice in it as much as you would for bearing the name of a human friend in your hand? You remember some years ago your business was going absolutely to pieces. You did not know which way to turn. The bills were coming in and had to be paid or you would be flung into the bankruptcy court. All night long you kept walking the floor. You kept saying to yourself: "Oh, God, what shall I do? What shall I do?" The morning broke, but that morning suddenly there came a ring at your doorbell. You thought it was one of your creditors. The hammer of that bell struck your brain, as though it was a butcher's bludgeon. The parlor door opened. At first you looked you saw not a creditor, but a dear old friend. "Perhaps a father, a brother or a Jonathan," said he, "I hear you are in financial trouble. Well, here I have lots of property. Well, here is a blank check to which I have signed my name. You can draw on me for all you need. God bless you, my boy. Goodbye. You will come out all right." What did you do? Did you thank him? Oh, no. You just cried like a little child. Then you brushed your tears away and went forth to meet your creditors. Oh, your head was up; your step was firm; your lips were a happy smile. In your hand you bore the name of your friend who had financially saved you.

When God gives to us a good name he gives to us a pledge that he will see us through all the struggles of life. He says: "The sheep upon a thousand hills are mine. All mine. The winds deepest mines is all mine. The winds obey my voice. All that I have is thine. I will, if necessary, give it thee in this struggle of life." Oh, my friends, cannot you today feel that God is back of you when he gives to you the offer of a "good name"? Will you bear the name of Christ as your Saviour's name? Will you bear it upon your forehead? Will you allow your name to be engraved in the palms of his hands? When you choose between a good name and riches you do not choose between Christ and poverty; you choose between Christ, with all the wealth of a universe, and gold as an oracle which might spread her yellow wings and be gone in a night.

When Cyrus offered to Artabazus a cup of gold and gave to Cyrus a kiss, Artabazus said, "The cup thou gavest to me was not so good gold as the kiss thou gavest to Cyrus." Why? When Cyrus gave his kiss he gave to his favorite his heart. He gave to him the symbol that hereafter he to him that he had been Cyrus. May the dear Christ place upon every one of our lips a holy kiss! And when he becomes a part of us and then a part of him we shall bear his name, and all that he has shall be ours, and that one kiss we shall enter into the royal family of which God is the Father and Christ the Elder Brother. His name shall be upon every forehead. "A good name." Oh, let us change the text! "The Christ name is rather to be chosen than great riches."

TOBACCO GROWERS

HELD AN INTERESTING MEETING TODAY.

Chairman Ewing and Salesman Warfield Delivered Addresses.

(From Monday's Daily.)

Notwithstanding the disagreeable rain which is falling today a well attended and interesting meeting of farmers in the interest of the Tobacco Growers Protective association was held at Mosayon's hall.

Hon. F. G. Ewing, chairman of the district executive committee, and Charles Warfield, salesman for the association, were present at the morning meeting but were forced to leave at 11:20 for Princeton. They both addressed the farmers while here and explained various matters regarding the plans of the association. Mr. Ewing touched on the subject of appointing salesmen for each of the leading markets in the district and of storing samples at each of these cities, this action having been taken at the recent meeting held at Guthrie. Mr. Ewing stated that when the action was taken appointing Clarkville as the sole depot for samples that it was thought this was the best for the association from all points of view, but when representatives from the other markets showed that such a course would have a tendency to destroy the markets in the other cities he willingly consented to appoint salesmen in each of those cities and appoint a depository for samples although the change would cause a considerable increase in expense to the association.

This afternoon the meeting reassembled at one o'clock and continued for some time, a number of citizens of this county who are deeply interested in the movement and who are well-informed regarding its plans, making addresses and explaining knotty points. Christian county has all along been the least organized in the district but as a result of the persistent work conducted under the leadership of County Chairman W. W. Radford, great strides have been made and within a short time this county will be almost solidly organized.

HOW TO KEEP WELL

Strengthen the Stomach With Mi-o-na and Get Perfect Health.

The source of health is the stomach and the digestive system. When acting as Nature designed they should, the organs of digestion do their work regularly and unconsciously, like a perfect machine.

Those who use Mi-o-na do not have a sallow complexion, sunken cheeks, nor flabby flesh. Their skin has a ruddy glow, the eyes are bright, the breath sweet and the step elastic. In short, the users of Mi-o-na have the maximum of good health and are plump, rosy and robust.

Nine-tenths of all sickness comes from a weak stomach, causing loss of flesh, shattered nerves, flatulency, heartburn, sick headaches, backaches, spots before the eyes, rheumatic troubles, and general weakness and debility. Take a Mi-o-na tablet before each meal, and all irritation, congestion and inflammation in the stomach or bowels will be immediately soothed and relieved. In fact, the stomach will become well and strong and the whole system filled with strength and vitality.

Even if a weakened stomach has brought you to a chronic stage of ill health, where life is one long drawn out pain, do not despair. Mi-o-na will effect a cure if the simple directions in each box are faithfully followed.

Read the guarantee given by L. L. Elgin with every package of Mi-o-na he sells. He pledges himself in this guarantee to refund the money, should Mi-o-na fail to help.

COURT NEWS

Henry Fields, Col., Is Tried Under New Law.

(From Monday's Daily.)

A decree of divorce was granted Saturday to Mrs. Fronie B. West from her husband, J. R. West. Mrs. Ada Veach was also granted legal separation from her husband, C. S. Veach.

Henry Fields was given a sentence of one year in the penitentiary this morning on an indictment returned at this term of court charging him with stealing coal from the L. & N. railroad. Under the new law coal stealing in this manner is made a felony, and this is the first conviction for this special infringement of the law.

John Hargraves and Ernest O'Neal, charged with the same offense, are being tried this afternoon.

The case of "Tissue Paper" Jack Hardison, charged with murder went to the jury late Saturday afternoon, and no decision has as yet been reached in this case.

Bethel College Notes.

Miss Janie Garrett spent a few days last week with her aunt in Clarksville.

The members of the Kalestic society are busily engaged in learning their parts for the play, "School for Scandal," which they expect to give in a short time.

Misses Nannie and Ethel Stowe spent Saturday and Sunday at their home near the city.

Tuesday the college expects a visit from the board of education.

Misses Lucie White, Mable Wilson and Edna Eades enjoyed a brief stay at the home of Miss Katherine Jones.

Miss Bounie Howard was unexpectedly called home on account of the serious illness of her brother.

We are very sorry to mention that Miss Butler is ill at the home of her sister. We hope that she may soon be able to resume her duties here.

Miss Cassie Cohn intends to make her parents a visit the latter part of the week.

Miss Susie Cooper, who left our school some time ago is reported to be dangerously ill.

Miss Lillian Eades spent Sunday in the country with her sister.

FIFTY LIVES LOST.

(Special to New Era.)

BROCKTON, Mass., March 20.—Fifty lives were lost here today in a fire which partially destroyed the R. B. Gover Shoe Co.'s factory. Fire was due to a boiler explosion.

Mrs. Geo. W. White and daughter, Miss Lillie, of Cadiz, were in the city today.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which falls off perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kumble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only, \$1.00. Six holding 2 1/2 times the trial size, which sells for 50c.

PAYNE-SNIDER

"BOB" PAYNE SURPRISES HIS FRIENDS

He Was Married in Jackson, Tenn., Last Thursday Morning.

The many friends of Mr. Robert C. Payne, a Hopkinsville boy who now resides at Jackson, Tenn., will learn with pleasure and surprise of his marriage, which took place in the latter city last week. At half past seven o'clock last Thursday morning Mr. Payne, at the home of the bride's parents in Jackson, was married to Miss Nettie May Snider, daughter of Mr. and Mrs. J. F. Snider, and a most charming young lady. Not only was the marriage a surprise to Mr. Payne's friends in Hopkinsville, but it also surprised the Jackson friends of the couple, for while it was generally known that they were sweethearts and believed that they would eventually marry, the date of the affair had not been made known outside of the young woman's family. Owing to a recent death in the family of the bride the ceremony was private, only relatives and a few intimate friends being present at the home when Dr. Williams of the Baptist church, in a few well chosen words united the lives and destinies of Mr. Payne and Miss Snider.

The bride was gown in a handsome brown traveling suit and wore a hat that exactly matched her dress,

IT FORTIFIES YOUR SYSTEM

DR. THACHER'S Liver and Blood Syrup

Is the only preparation that really cures all kidney troubles, because it is the only preparation that removes the cause—puts the liver in healthy working order, and then fortifies your system against future attacks of the same troubles.

The indications of kidney disease are—weakness in the small of the back, sick headache, pains in the joints and groins, numbness of the thighs, high colored or scalding urine, milky or bloody urine, frequent desire to urinate, nausea, vomiting, colic, constipation, hot and cold flashes, furred or unnaturally red tongue. Do not neglect these certain signs of diseased kidneys. Take Dr. Thacher's Liver and Blood Syrup at once, and nip the trouble in the bud.

Dr. Thacher's Liver and Blood Syrup is the result of 52 years of scientific research and experimentation. The formula is: Mandrake (May Apple), Yellow Dock, Dandelion, Hydrangea (Seven Barks), Senna, Sassafras, Gentian, Iodide of Potassium, Buchu, Juniper Berries.

These ingredients are carefully blended in just the proper proportions to accomplish the desired result. There is no harm in a thousand bottles.

For sale by all druggists, two sizes, 50 cents and \$1.00. If you have never tried this great remedy, send to-day for a free sample and "Dr. Thacher's Health Book," and state your symptoms. Try it at our expense.

GOV. ADAMS OUSTED

FEABODY IS SEATED CON-
DITIONALLY.

He Pledges Himself to Re-
sign in Favor of the Lieu-
tenant Governor.

(Special to New Era.)

DENVER, Col., March 17.—James H. Feabody won his contest for the office of governor, from which he retired on January 10, after serving a term of two years, but his victory was achieved only after he had given his pledge to resign and surrender the chair to Lieut. Gov. Jesse F. McDonald.

The vote in joint convention of the general assembly by which Gov. Adams was ousted and Gov. J. H. Feabody was installed was fifty-one to forty-one. Ten Republicans voted with the Democratic members for Adams. The legislature's act is a disgrace to the state.

Deserves the Job.

Col. E. G. Sebree is an applicant for appointment as collector of internal revenue for this district and is said to be out vigorously for the place. Col. Lige is one of the most widely known and popular Republicans in the state and has behind him a record of many years of unselfish service to his party. If anybody deserves the recognition of official appointment it is Col. Sebree.—Earlington Bee.

More Ran Away.

(From Friday's Daily.)

Mr. S. E. Everett's mare ran away this morning on Campbell street and completely demolished the buggy to which she was hitched. No one was in the vehicle at the time, Mr. Everett having gone into the office of Tandy & Fairleigh, leaving the mare standing unhitched outside.

The Song of the Cradle.
Bye, bye! Hesperus high!
There's a sweet little cradle
A dear little life that is
Coming to bless!
Two soft chubby hands
That will pat and caress!
A pure little soul winging
Down from above!
A darling to care for,
A baby to love.

One of the greatest agencies which enlighten suffering is the "Favorite Prescription" devised by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

This wonderful "Prescription" imbues the entire nervous system with natural healthy vitality; gives elastic vigor to the delicate organism specially concerned in motherhood, and makes the coming of baby entirely free from danger and almost free from pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results," writes Mrs. Kate M. Anna of Hudson, New Hampshire. "Had been in poor health for over four years and had been twice in the hospital. My husband brought some of your 'Favorite Prescription,' and it had carried me easily through my last two confinements. We are now blessed with two healthy children, and I am sure your medicine has done me more good than all the other treatment I have ever received."

BAD HEADACHES generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, constipation or belching of gas, are common symptoms. Do not let all these in every case. To cure, take small doses only one or two each day of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two a laxative, three or four a cathartic.

SUCCEEDS COX.

NASHVILLE, Tenn., March 17.—The senate caucus has nominated Hon. Ernest Rice, of Dyer county, for speaker pro tem of the senate to succeed Hon. John I. Cox, who will become governor of the state when the legislature next week elects Gov. Frasier to the United States senate to fill the vacancy caused by the death of Senator Wm. B. Rife.

READ THIS.

Hopkinsville, Ky., June 7th, 1901.
Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: I suffered ten years with severe kidney and bladder troubles, and at times was unable to work. I was advised to try your Texas Wonder, and after using one-fourth of one bottle, I passed a large gravel, and I have never suffered since passing the same, three years ago. I have recommended it to many others, who reported themselves cured. I most heartily recommend it to all sufferers from kidney or bladder diseases.
SAM DEAN.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist, it will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. E. W. Hall, sole manufacturer, P. O. SHE'D BE A BIRD.

KNOXVILLE, Tenn., March 17.—It is stated that Congressman Brownlow, of Tennessee, Slomp, of Virginia, and Edwards, of Kentucky, will present a bill in the next congress for the creation of a new state out of East Tennessee, Southeastern Kentucky and Southwest Virginia, the three tough mountain sections. Knoxville would probably be the capital.

IN DISGRACE

GEN. KUROPATKIN IS REMOVED BY CZAR.

Gen. Linevitch Named as His Successor—On To Harbin.

(Cablegram)

ST. PETERSBURG, March 17.—The czar has removed Gen. Kuropatkin from command of the army and has named Gen. Linevitch to succeed him. Kuropatkin is now disgraced officially and may be punished when he returns home.

The army did not tarry long at Tientsin but is now falling back on Harbin, but as Harbin is nearly 300 miles distant and the Japs are in hot pursuit it is feared that the whole outfit will be captured before any reinforcements can possibly reach them. So far the retreat has been orderly.

IMPROVEMENTS

The T. C. Will Spend Quite a Sum in Clarksville.

A special from Clarksville in today's Nashville American says: "It is reported in railroad circles here that the Tennessee Central will soon begin the contemplated improvements which have been drawn up. It is understood that between \$100,000 and \$150,000 will be spent by the railroad company here. A freight depot will probably be erected, the present passenger depot remodeled and converted into a modern depot, a number of sidetracks will be laid and Spring street will be graded. "When the road was constructed the city granted the railroad company the right of way along Spring street providing the street would be graded down to a level with the tracks. Between Commerce and College street, on Spring street, a cut of fifteen feet was made. Recently when the railroad company received its subscription of \$100,000 from Clarksville it gave an indemnity bond to have the street graded within one year. In order to fill that contract work will have to be started at an early date."

A Destructive Fire.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. MARCONI MARRIES.

Weds a Descendant of Brian Boru.

(Cablegram.)

LONDON, March 17.—In the Roman Catholic church of St. George, Miss Beatrice O'Brien, a lineal descendant of King Brian Boru, of Ireland, became the bride of Guglielmo Marconi, who enjoys a worldwide fame as a scientist, largely due to his

remarkable discoveries in wireless telegraphy.

The wedding was made brilliant by the attendance of many persons of note, including public officials, writers and some of the foremost scientists of England.

Signor Marconi and his bride have engaged passage to sail for America on Saturday. They will remain in the United States about six weeks, and then will go to Rome, where it is reported they will be the guests of the King of Italy for a few days.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirrel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Ray & Fowler and L. L. Elgin.

Annual Examination.

The annual examination conducted by the Kentucky board of pharmacy will take place Tuesday, April 11, in the council chamber in the City Hall at Louisville. All applications should be sent to Mr. J. W. Gayle, of Frankfort, by April 1.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00 at Ray & Fowler and L. L. Elgin.

Died at the Asylum.

Constable Tom Coleman received a letter yesterday from Milton Board, superintendent of the Western Kentucky Asylum, telling of the death there on February 22, of Ed Smith, a negro, sent from Owensboro last winter. His hallucination was that he had 5,000 head of hogs. The superintendent stated that at the time of his death the authorities could not find his relatives and his remains were buried in the asylum cemetery.—Owensboro Messenger.

LIVES DEARER THAN OUR VERY OWN

How many lives dearer to us than our very own have been placed in needless jeopardy by failure to provide against and forestall the great suffering which too frequently accompanies and follows the bearing of children? That we would do anything within our power to obviate the possibility of such an happening is too patent to admit of question; therefore—mark well this fact—a liniment,

MOTHER'S FRIEND

by name, has been devised, whose function it is to prepare in advance the muscles and tissues intimately associated with parturition.

This liniment is for external application. By its use the parts are relaxed and enabled to withstand not only the actual strain brought to bear on them during accouchement, but also to rally from this ordeal and speedily regain their normal proportions and tonicity. It is not irritating to the most sensitive surfaces, and is applicable to all cases. It is not only a Mother's Friend—it's the friend of the whole family. It's all in a bottle. "Motherhood" friend.

MR. F. G. EWING REPLIES TO THE WESTERN TOBACCO JOURNAL

In a Straightforward, Plain, Dignified Statement Refutes
Claims of a Trust Representative.

I read in the Nashville American of the 17th inst. an article said to have been written by a correspondent of the Western Tobacco Journal. In replying to the article I would first say, that it must be perfectly evident to every man, who has a real knowledge of the situation, either by being a member of the Executive Committee of the Association, or who has followed its work so closely, as to be in a position to

know, that the so-called correspondent, does not know whereof he speaks. He enumerates the counties to his own liking. In so doing he mentions several in which this association has never done an hour's work, or in any other way endeavored to secure a pledge of a planter's crop. He also fails to mention others where we have a thorough working organization, and have pledged a large amount of tobacco. Again, we take up this gentleman's estimate of tobacco sold. A thoughtful man would quickly see that they are greatly in excess of what the buyers claim to have bought. It occurs to me that these two things are sufficient to mark the article,—what I have no doubt it is,—a subtle effort to get us to render for the benefit of those who are opposing us, a detailed statement of our affairs, so that they might somewhere find an unprotected spot, upon which to "concentrate their forces in their desperate desire to buy tobacco. The gentleman says: "In a short time the organization claimed," etc., etc. The organization has never claimed to have so much tobacco, and it knows the crop is not nearly so large as he states. This organization has no secrets to be kept from its members and friends. We are perfectly willing to admit that in some counties we are much stronger than in others, but this gentleman does not see proper to give us credit for being really strong anywhere. I would say we are perfectly satisfied with our progress and with the amount of tobacco being legally pledged to the association. I would furthermore say that we have chairman and secretary for each county, as well as district chairman. We prefer to keep our own books and statistics to having him keep them for us. We are sure they will be more correct and that our members will be better satisfied.

Could the gentleman have shown a partisan spirit any more conclusive than when he says, "While it can be seen from the above that the organization did not get control of the necessary 70 per cent and that it falls far short of the 84,000,000 lbs claimed still the indications are that a great deal of the tobacco in the Hopkinsville and Clarksville sections will be prized." What else could have caused this unusual amount of prizing except the work of this association? I submit that nine tenths of the prizing houses in operation are operating for the association, and that the corporations that usually are so busy at this season are operating very few prizing houses simply because they have not the tobacco to prize. This gentleman furthermore says, "From the beginning it has

been the hope of the leaders to sell all the tobacco in a lump, but so far they have not succeeded in doing so, and it looks as if the tobacco will have to go through the usual warehouse channel to the market. Whether this experiment will prove a success or not will depend on the price ruling on the break market next summer and fall." To take up this last paragraph, I would say that we have never attempted to sell this tobacco in a lump, and was an imagination, probably born of an inspired brain. We much prefer that the different types be sold to their usual market, but, of course, at a better price than heretofore. Now this last prognostication of his, which is printed as a positive fact, that the price will depend on the ruling price on the break market is probably the opinion conceived in hope of one on the other side, and whose interest lies in the disintegration of the organization. It is very evident that he sees proper to ignore the fact this association has already put up the price of tobacco 2½c lb., that the very highest grades of tobacco and the tobacco which positively cannot be substituted is in that section of the district in which he admits we are the strongest.

Furthermore this gentleman, for reasons of his own, does not see proper to call attention to the fact that of the amount the Regies have purchased, fully 60% is absolutely unsuited to their requirements, and while they may think they can make this association think it a menace, we know a very small per cent of it is suitable for export tobacco, and will remain at home to supply cheaper requirements. One of the ablest tobacco men representing these large corporations said to me, "If your people will reduce the acreage for this year (1905), you have won your fight." Every county is reducing determinedly and positively, this will be done without a peradventure, but even if the planters were not so determined upon this, the labor question would, to a great extent, control it. There is not an intelligent planter in the district who does not realize that the industrial progress of the cities mining regions and railroads has depleted the agricultural sections of labor, to the extent that it is not a possibility to raise as much tobacco as we have in the past, while the world's population is increasing, and the consumption of tobacco becoming greater. I have before me a letter containing pledges representing 152,500 lbs. of tobacco from one county. This is in one day's mail, and very nearly every mail brings pledges. Would the gentleman so clearly espousing the cause of the other side have the temerity to say, "Our opponents are accomplishing nearly so much?"

This same journal which has a convenient correspondent, when occasion suggests, published some weeks ago an account of my coaching a special attorney employed by the United States government, to find evidence of the fact that the American Tobacco Company was a trust, but this attorney was a "mare's nest." Throughout the ar-

ticle the name of the American Tobacco Company frequently appeared. In my public utterances, both in speaking and in print, I have refrained from using the name of any special correspondent corporation as a trust, and this frequent use by the journal of the name of this corporation favored so strongly of a guilty conscience, I could not do otherwise than think of the article as having been inspired by the American Tobacco Company. At any rate we have touched foils with our opponents of our success, as agriculturists, in whatever phase we have found them, and we are sanguine of a successful issue, the opinion of the journal to the contrary notwithstanding. We have tenders of assistance from a sale aspect, and of money from some of the ablest tobacco men of the world, as soon as we have it prized, and can have an accurate accounting of what we have to offer. We only ask our members and allies to pursue the same calm conservative course, which has brought our organization to its present high state of perfection.
