VOLUME XXVI, NO. 7

SMITH SKIPS OUT

TRIAL OF HARGIS CANNOT BE HELD AT ONCE.

Confession of John Smith Has Stupefied the Men Who Are Implicated in the Sensational Charges.

JACKSON, Ky., Jan. 12.—John Smith, whose confession of complicity in the murder of Dr. Cox started everybody yesterday, has skipped out to parts unknown. Judge Hargis is on his bail for \$30,000.

Hargis and his supporters are stupefied as a result of Smith's confession that he helped assassinate Dr. Cox at the order of Judge Hargis and Sheriff Ed Callahan. Smith's confession bears out in every detail the story told by Asbury Spicer, who also swore he was employed to kill Cox by Hargis and Callahan. His confession was made last June. Hargis swears that Smith is lying.

Smith says Hargis and Callahan induced him to enter the conspiracy against Dr. Cox, making promises to see that he was acquitted, and to give him a job. He tells the murder in detail and says Ed Callahan gave him \$100 after the killing, saying Jim Hargis sent it to him. According to the confession three men shot Dr. Cox.

The Sanitarium Still Running.

The management of the Sanitarium takes this method of correcting some false reports which have been circulated. Realizing after more than a year's experience that about 7 rooms would accommodate those seeking sanitarium treatment, and Mr. J. C. Williams having been urged to provide more rooms and accommodate transients, it was deemed wise to allow him to use ten rooms not now needed.

As soon as there is a demand for more rooms for sanitarium purposes the management will build more rooms for Mr. Williams and thus reappropriate the rooms now occupied by him and in this way take care of Mr. Williams' interests.

Better Roads Needed.

The Pembroke Journal says:

South Christian would be the garden spot of Kentucky if she had a decent system of roads. Here are the finest and best equipped farms and the most intelligent and enlightened class of farmers to be found in any agricultural region on the globe. The assessed valuation of these lands is \$40 per acre and upward. The county of which this section is a part ranks about fourth in wealth of all the counties in Kentucky. Just at this season of the year the best team of mules in Kentucky cannot pull half a load of produce to market. Is it any wonder that the farmer who, to the casual observer, owns a veritable gold mine, should become dissatisfied with his lot? Of what account is a gold mine if its products cannot be marketed? Let the slogan of all South Christian for 1907 be "Better Roads."

CZAR IS MARKED

ST. PETERSBURG, Jan. 10.—Quietly the silent war on bureaucracy goes on. Hardly a day passes but that some enemy of the Terrorists is killed, a victim of the bomb or bullet of a red.

Lieut. Gen. Vladimir Pavloff, chief military procurator of St. Petersburg, was shot to death in the courtroom by a Terrorist.

Col. Andrejoff, chief of police of Lodz, was shot to death by a Terrorist, who made his escape. Andrejoff was hated for his participation in exterminating the Terrorists.

The list of the men "to be removed" by the Terrorists is daily posted on dead walls throughout the Empire. Czar Nicholas, his ministry and confidants believe they, too, will die, for it has been so decreed by the Terrorists.

HUNGARIAN ORCHESTRA COMING.

The Schildkret Hungarian Orchestra on Jan. 23 is a most attractive of the tabernacle course. The orchestra was recently in Chillicothe, Ill., and the Daily Enquirer of that city says:

"Seldom does a Chillicothe audience respond to the work of performers as did the audience that crowded Woodmer hall Thursday evening to hear the Hungarian orchestra. Recall's were so numerous that evidently a time limit had to be observed and at 10:30 the orchestra, tired out but happy, sounded the last note of harmony. In both individual numbers and in ensemble the orchestra proved itself artistic. Mr. Schouberger, the reader, was welcomed as a pleasing change between the musical numbers."

CHAT ABOUT PEOPLE AND THINGS

Cols. Van Dulin and Lem McKee, the champion pool players of the Elks club, had a heated discussion about the fine points of the game.

yesterday. "Look a-here, Lem," said Col. Van, "You are simply splitting hairs on that proposition." "No," replied Col. Mac, grinning broadly as he passed his hand over his shiny pate, "I am merely stating bald facts."

The accompanying picture of the memorable clash of wit was snapped by the club camera.

Webb Bell answered the telephone. "Is this 1907?" asked a woman's voice.

"No; it's 1263," Mr. Bell replied.

"Why I am sure it's 1907."

"Madam," said Webb firmly, "You've got the wrong number."

"If you will look at the calendar," sweetly said the voice, "you'll see that I am right. But really your number ought to be '23'."

The other day one of the old patients at the asylum was told that he was to be granted a furlough. He wrote to Gov. Beckham thanking him for the favor and requesting that Will Chiles also be given his liberty.

Evangelist George Stuart declares: "There is a time for everything except marriage. In this day of false teeth and false hair you can marry anywhere from the seminary to the cemetery."

MURDER CHARGED.

LOUISVILLE, Ky., Jan. 12.—Dr. Sarah Murphy was presented in court today charged with murdering Katie Bryant, of Larne county who was found dead in her establishment. She pleaded not guilty. The coroner believes Miss Bryant died of natural causes.

The Democratic committeemen of the Third senatorial district held a meeting to fix a date for a district convention to select a successor to Senator Conn Linn. The convention will be held in Murray March 6, but if only one candidate announces by February 20, the committee will meet and declare him the nominee. Senator Linn is the only announced candidate.

From an authority that should be absolute John D. Rockefeller's annual income is told for the first time authentically. It was \$60,000,000 when the year 1906 closed.

Mr. Rockefeller's income every day of the year, therefore, is \$164,383.52. Every hour of the 24, waking or sleeping, playing golf or skating, sitting in church, or superintending his new house at Pocantico, John D. Rockefeller is sure that \$6,840.98 is accumulating for him. This is at the rate of \$114 a minute. His fortune accumulates at the rate of \$1.00 every time the clock ticks.

R. Hinton Perry has finished the model for his bronze statue "Reconciliation," which will be erected, at a cost of about \$75,000, under the direction of the New York State Monuments Commission, for the battlefields of Gettysburg and Chattanooga.

Mr. Perry has been busy for more than a year on this statue, which is to commemorate the battle of Chattanooga, and will be erected on the summit of Lookout Mountain.

The two figures in the composition typify the reconciliation and reunited country in the blue and gray shaking hands under the flag of the Union. It is expected that the casting for the statue in bronze will be finished in time for its erection next spring.

The Bowling Green News says: Hopkinsville citizens are paying 14 cents for coal with the mines within 14 miles. Who's to blame for the high price and shortage?

A popular young stenographer, in the office of a big Hopkinsville firm, was industriously pounding away on her machine when the desk telephone rang. She reached for the receiver, still looking at the letter she was writing, seized by mistake the neck of a quart bottle of ink and, as the phone rang again, hurriedly thrust the end of the bottle to her ear. The ink ruined her dress and what she said would hardly adorn the pages of her Sunday school book.

BY LUMP OF COAL

BERRY WAS STRUCK AND HE WANTS \$3,000 DAMAGES.

Says L. & N. Should Not Have Allowed the Car To Be Filled So Full.

Talbert Berry has filed suit against the Louisville & Nashville railroad company for \$3,000 damages. In his petition he alleged that while he was working near Pembroke early in December as a section hand, a lump of coal fell from a passing coal car and struck him in the head causing the loss of eyesight in his right eye, rendering him unconscious and otherwise injuring him. The plaintiff claims that he stepped backward about 25 feet and that the accident was due to the carelessness and negligence of the company's employees in allowing the car to be filled so full that the lumps would fall off.

BALL PLAYER'S SUICIDE

Bob Langsford Kills Himself With Poison at Louisville.

LOUISVILLE, Ky., Jan. 11.—Sitting before a mirror and gazing on the photograph of a young actress which he had so arranged that he might behold it with his dying glance, Bob Langsford, one of the best known base ball players Louisville ever produced, drank an ounce of carbolic acid Thursday afternoon and died just as he was being taken into the city hospital. The photograph was that of Miss Elsie Crescy, who appeared at the Avenue theater two seasons ago with the "To Die at Dawn" company. Langsford had played in several leagues.

Langsford was generally known on the ball field as Bob Langsford.

Langsford was for a short time a member of the Hopkinsville baseball team during the days of the Pennyville league. He often played ball in this city.

COMMERCIAL CLUB HAS A BUSY SESSION SUFFERINGS OVER

IMPORTANT ANNOUNCEMENT TO BE MADE SOON IN REFERENCE TO STREET CAR SYSTEM FOR HOPKINSVILLE.

Banquet Will be Given at Hotel Latham Next Month.—The May Music Festival to be Made Big Event.—Evansville Accommodation.—Physical Connection of Railroads.—Other Matters.

(From Friday's Daily)

The Hopkinsville Commercial club met last night in the city hall. It was the first meeting of the year and the attendance was large. Various matters of interest were considered and there were lively discussions. The club starts the new year proud of Hopkinsville's achievements and full of enthusiasm and faith concerning what is to be done in the next twelve months.

President Jackson presided and the minutes of the preceding session were read by Secretary Davis. The vacancy in the office of treasurer, caused by the death of the late James A. Young, Jr., was filled by the election of Herbert L. McPherson.

Secretary Davis announced that plans for a street car system were being formulated, and that he would be in a position at the next meeting to lay the details of the proposition before the club.

It was also stated that the Evansville-Hopkinsville accommodation train would certainly be run by the Louisville & Nashville railroad in the near future. The new schedule would be in effect now but for the long illness of Supt. John Logsdon, of the Henderson division. Mr. Logsdon's condition is much improved and he is expected to be back at his office in Evansville in a few days. The new accommodation will arrive here about 8:30 or 9 o'clock a. m., and leave on its return trip, to Evansville about 4:30 p. m. It was stated that the I. C. would probably put on an accommodation train between this city and Princeton, having about the same local schedule as the L. & N. train.

The question of physical connection between the L. & N. and I. C., by means of the belt line south of the city, which has been built to within a short distance of the L. & N., was discussed at length, and the imperative need of such connection was made plain. The club decided to invite President Smith and secretary of the L. & N., President Harshman and secretary of the I. C., and Supt. Logsdon, of the Henderson division, to visit Hopkinsville at their convenience and confer with the Commercial club about this matter.

It was unanimously decided by the club to assist in the big May

music festival, which is being promoted by H. L. McPherson. This promises to be one of the greatest attractions in the history of Hopkinsville. Among the engagements already contracted are Innes' famous orchestral band, of New York, of sixty players.

This nationally famous organization is to make a festival tour in the coming spring. Under the inspiration of Innes himself, who is a born organizer and director of big musical celebrations, large festival choruses are now being formed in a number of western cities for the giving (in co-operation with the band) of the Messiah, Edgar's "Geronimo," Wagner's "Parsifal," and Innes' own "Americana." Seven vocalists of national fame will accompany the band.

None of the details as to the program to be given here is as yet decided upon, but it may be set down that the festival will be of a similar scope and breadth to those given in any of the larger cities. The L. & N. and I. C. railroads will be asked to give a one-way rate for the festival, and this, together with the novelty of the plans under way, will, it is hoped, attract out-of-town visitors in such numbers as will result in the formation of a permanent music festival committee which will undertake the giving of such a celebration each spring hereafter.

President Jackson and Secretary Davis were appointed a committee to confer with Mr. McPherson as to the selection of a committee to solicit a guarantee fund for the festival.

The club decided to co-operate with the Kentucky commission in its effort to arouse interest in the movement to have the state represented at the Jamestown exposition. A mass meeting, which will be addressed by speakers of prominence, will be held here January 25.

A committee composed of J. T. Wall, Robt. West, John Poland and H. L. McPherson was appointed to confer with the fiscal court concerning the proposition to extend the Madisonville pike to the coal mines. This is a matter in which the entire county is deeply interested.

It was decided to have a banquet at Hotel Latham on the night of Thursday, Feb. 14, to celebrate the first anniversary of organization of the club.

ROBERT H. HUGGINS DIED OF COMPLICATION OF DISEASES.

Had Been Critically Ill For Several Days.—Interment Saturday in Hopewell Cemetery.

(From Monday's Daily)

Robert H. Huggins died this morning at his home on South Main street of a complication of diseases. He had been ill for some time and for about a week his condition had been regarded as critical. He was fifty-eight years of age and moved to this county from Trigg twenty-eight years ago and engaged in farming. In the early '80s he came to Hopkinsville to reside, forming the partnership of Cowan & Huggins, in the wheat business. He later went to Texas where he lived several years. Returning to Christian county he had since made his home in the county and, for the last few years, in this city. He was a useful citizen.

Mr. Huggins had many friends and the news of his death will cause general regret. He leaves a widow and eleven children, most of whom were with him when the end came. The funeral will take place Saturday afternoon and the remains will be interred in Hopewell cemetery. His death is the first to occur in the family.

TOWNES-COMSTOCK.

(From Friday's Daily)
Miss Katie Townes and A. M. Comstock were married last night at 8:30 at the residence of the bride's mother, Mrs. A. V. Townes, 307 West Eighteenth street. The ceremony was witnessed by only a few friends and relatives and Rev. Dr. W. L. Nourse officiated. Mr. and Mrs. Comstock left at 9:45 over the Illinois Central for Princeton, the present headquarters of the groom who holds a position as traveling engineer for that road.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

BIG DEAL IS MADE

DANIEL BOONE MINE NEAR NORTONVILLE SOLD

Eastern Capitalists Are Said To Be Investing Heavily in Mining Property in This Region.

MADISONVILLE, Ky., Jan. 11.—What is perhaps the largest coal deal ever made in Hopkins county has just been closed. The mine and property of the Daniel Boone Coal company, at Daniel Boone, on the Illinois Central, has been bought by Andrew Hogg, a well-known local coal operator, together with his brother William Hogg, a prominent coal man from West Virginia, and D. F. Hugh and John P. McMullen, bankers and capitalists of Maryland. The sale includes the mine at Daniel Boone, one of the best pieces of property in the state, about 3,000 acres of fine coal lands, 100 residences at the mines, occupied by employees of the company, and one store. The price paid has not been made public, but it is a large sum, as the property has been well improved and the coal is of exceedingly fine quality.

The new company will open several mines on the L. & N. railroad in order to enable them to secure better shipping facilities, and it is said that the mine at Daniel Boone will be greatly improved, and that the daily output will be doubled.

All those interested in the new company are successful business men and capitalists. They have been attracted to the coal field of Western Kentucky, realizing that it is one of the best in the country, and there are thousands of acres of rich coal lands here that are yet undeveloped.

Liberty Was Brief.

(From Friday's Daily)

Tom Boyd, colored, escaped from the city chain gang yesterday morning about 11 o'clock. His liberty was short duration though for he was recaptured last night on the farm of A. G. Rickman near Casey where he had gone to visit to his family. According to the law in such cases Boyd's sentence was multiplied by ten making a hundred and ninety-one days which he will now have to serve.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man at Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at L. L. Elgin Anderson & Fowler Co. (Inc) Cook & Higgins, Druggist, 50c and \$1.00. Trial bottle free.

JOHN WESLEY MAD

WASHINGTON, D. C. Jan. 11.—Representative Gaines, of Tennessee, attempted to assault Mr. Mahon, of Pennsylvania, on the floor of the house yesterday afternoon. Mr. Gaines was making a speech on his so-called Docking bill to dock members for absence from the floor of the house, when he made the charge that Mr. Mahon was absent from the floor 95 per cent of the time. Mr. Mahon, as soon as he could be recognized, stated that any man who made that statement was speaking an untruth. Mr. Gaines rushed down the aisle toward Mr. Mahon, and was seized in front of the speaker's desk by Mr. James, of Kentucky, and others, who pulled him back into his seat. Finally mutual explanations and apologies were made and order was restored.

Wise Counsel From The South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at L. L. Elgin Anderson & Fowler (Inc) Cook & Higgins, Druggist.

CADIZ NOTES.

(From Friday's Daily)

At the meeting this week of the stockholders of the Cadiz railroad, the board of directors was reelected, with one exception. Ben T. White succeeded F. K. Grasty. W. C. White and D. L. Grinter were re-elected president and vice-president, and J. P. White treasurer and general freight and passenger agent. The road is to be ballasted with crushed limestone.

May Be Abolished.

The Carlisle Indian school is in danger of being abolished. The subcommittee of the senate on Indian affairs, which has the Indian appropriation bill under consideration, agreed to report an amendment striking out the appropriation for this school. The reason advanced by the members of the committee is too far away from an Indian reservation that it is not so effective as western educational institutions for Indians. It is certain that the senate will accept the amendment.

IN BAD CONDITION

ARE DIRT ROADS OF CHRISTIAN COUNTY.

Two Rural Routes Have Been Shortened.—Carriers Have to Make Rounds Horseback.

(From Friday's Daily)

Owing to the extremely bad condition of the county roads, due to the freezes and thaws and continued rains, rural free delivery routes Nos. 3 and 6 have already been forced to curtail their routes so as to cover only the piked portion of the roads over which their circuit goes.

On others, carriers have been forced to take to horseback in order to make their rounds and unless this spell of weather breaks up to some extent, at least, it is very probable that all of the routes will have to be curtailed. The mud and water in the dirt roads is said to be nearly impassable in some places and it is getting worse all the time.

D. W. Hanberry, carrier on route No. 3, has made arrangements whereby the boxes of his patrons who live beyond the end of the pikes are to be moved to his stopping place and the mail will be left there each day until the condition of the roads improves.

NATURE'S CATARRH CURE

Sensible and Scientific Way to Cure this Disagreeable Disease.

Nearly everyone suffers at one time or another with catarrh.

The natural way to cure this disagreeable disease is by applying healing medications direct to the diseased spot.

In no other way can this be done as naturally as by the use of Hyomei, breathed through the neat pocket inhaler that comes with every outfit.

Put several drops of Hyomei in the inhaler and then for a few minutes, four or five times a day, let the air you breathe come through it. In that way all the air that enters the nasal passages, the throat or the lungs, is filled with Hyomei healing medication, reaching the most remote air cells of the respiratory organs, destroying all catarrhal germs and soothing and healing the irritated mucous membrane.

A few days' use of Hyomei will show how quickly it relieves all catarrhal conditions, and you will not have to use it long before you find it has effected a complete and lasting cure.

So strong is L. L. Elgin's faith in the power of Hyomei to cure catarrhal troubles that with every dollar outfit he gives a guarantee to refund the money unless the remedy gives satisfaction. He takes all the responsibility and you cannot afford to suffer longer with catarrh when an offer like this is made to you.

Should extra bottles of Hyomei be needed they can be obtained for 50c making this one of the most economical as well as the most reliable remedies for catarrh that is known.

Nearly every person who is subject to attacks from the stomach suffers from a morbid dread of a dietetic treatment for relief, that is three-fourths starvation, and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol For Indigestion after your meals. It digests what you eat. Sold R. C. Hardwick.

"They like the taste as well as maple sugar" is what one mother wrote of Kennedy Laxative Cough Syrup. This modern cough syrup is absolutely free from any opiate or narcotic. Contains Honey Tar. Conforms to the National Pure Food and Drug Law. Sold by R. C. Hardwick.

Woman's Trials.

The bitter trail in a woman's life is to
be childless. Who can tell how hard the
struggle may have been ere she learnt to
reign herself to her lonely lot? The ab-
sence of this link to marital life
together, the absence of this one pledge
to mutual affection is a common disap-
pointment. Many unfortunate couples
become estranged thereby. Even if they
do not drift apart, one may read the whole
extent of their disappointment in the eyes
of such a childless couple when they rest
on the children of others. To them the
largest family does not seem too numerous.
In many cases of barrenness or child-
lessness the obstacle to child-bearing is
easily removed by the cure of weakness on
the part of the woman. Dr. Pierce's Fa-
vorite Prescription has been the means of
restoring health and fruitfulness to many
a barren woman, to the great joy of the
household. In other, but rare cases, the
obstruction to the bearing of children has
been found to be of a surgical character,
but easily removable by painless operative
treatment at the Invalids' Hotel and Sur-
gical Institute, Buffalo, N. Y., over which
Dr. Pierce of the "Favorite Prescription"
fame presides. In all cases where child-
ren are desired and are absent, an effort
should be made to find out the real cause,
since it is generally so easily removed by
proper treatment.

In all the various weaknesses, displac-
ements, prolapsus, inflammation and de-
bilitating, catarrhal drains and in all
cases of nervousness and debility, Dr.
Pierce's Favorite Prescription is the most
efficient remedy that can possibly be used.
It has to its credit hundreds of thousands
of cures—more in fact than any other
remedy put up for sale through druggists,
especially for woman's use. The ingredi-
ents of which the "Favorite Prescription"
is composed have received the most
positive endorsement from the leading
medical writers on *Materia Medica* of all
the several schools of practice. All the
ingredients are printed in plain English
on the wrapper enclosing the bottle, so
that any woman making use of this
famous medicine may know exactly what
she is taking. Dr. Pierce takes his pa-
tients into his full confidence, which he
can afford to do as the formula after
which the "Favorite Prescription" is
made will bear the most careful exami-
nation.

Dr. Pierce's Pleasant Pellets are the
best and safest laxative for women.

There is more Catarrh in this sec-
tion of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many years
doctors pronounced it a local disease
and prescribed local remedies, and
constantly failing to cure with local
treatment, pronounced it incurable.
Science has proven catarrh to be a
constitutional disease and therefore
requires constitutional treatment.
Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo,
Ohio, is the only constitutional cure
on the market. It is taken inter-
nally in doses from 10 drops to a
teaspoonful. It acts directly on the
blood and mucous surfaces of the
system. They offer one hundred
dollars for any case it fails to cure.

Many a happy citizen makes a pub-

years the condition of my back and
of the kidney secretions furnished
ample evidence that I was suffering
from kidney disorders. The aching
in my back would come on by spells
often so severe that it was painful
for me to stoop, to straighten up or
to attempt any sudden movement. I
saw Doan's Kidney Pills advertised
locally and thinking they might help
me, got a box. I had used them or-

marked improvement in my condi-

It did me more good than any medi-

THE SUNDAY SCHOOL

LESSON III, FIRST QUARTER, INTERNA-
TIONAL SERIES, JAN. 20.

Text of the Lesson, Gen. III, 1-15.
Memory Verse, 15—Golden Text, 1
Cor. xv, 22—Commentary Prepared
by Rev. D. M. Stearns.

[Copyright, 1906, by American Press Association.]

In this third chapter from the be-
ginning of the Bible we are introduced
to one whom we have not met person-
ally before, the one whose story is
told in the third chapter from the
end of the Bible and who is there
known as "the dragon, that old ser-
pent, which is the devil and Satan,"
his doom being a thousand years in
the bottomless pit and then the lake
of fire for ever and ever. Today's les-
son gives us the beginning of the con-
flict between God and the devil over
man and his inheritance, the earth,
and the whole Bible is the full record
of this conflict. Let the glorious con-
summation cheer us as we journey on:
"A new heaven and a new earth
* * *. And there shall be no more
curse, but the throne of God and of
the Lamb shall be in it" (Rev. xxi, 1;
xxii, 3, 4).

This great adversary seems to need
a creature through whom to work, and
to reach Adam and Eve he selects the
wisest and possibly the most beautiful
of all God's creatures, the serpent,
which at that time, as is clear from
verse 14, did not, as now, go upon his
belly. We can only briefly note some
characteristics of the devil as here set
forth, but may these lead us to study
more carefully his wiles that we may
not be ignorant of his devices, but re-
sist him and successfully overcome
him by the shield of faith and the
sword of the Spirit, by the blood of the
Lamb and the word of our testimony
(Eph. vi, 10-18; Jas. iv, 7; 1 Pet. v, 8, 9).

Notice in the first five verses of our
lesson how this wicked one questions
the word of God and the love of God,
talks of unholiness and ambition and actually
makes God a liar. He is zealously do-
ing these things still and perhaps nev-
er more so than today. Let us remem-
ber that all who question the word of
God are for the time being in the
service of the devil, and if we refuse
to accept the testimony of God we are
guilty of making God a liar (1 John
v, 10).

Eve saw and coveted and took. So
did Achan (Josh. vii, 21) and David (II
Sam. xi, 2, 4) and multitudes ever
since because of this same devil. Con-
trast this fall of Adam and Eve with
the victory of the last Adam in the
wilderness when similarly tempted.
They had everything they needed
and fell. He had nothing and was hun-
gry, yet He conquered. For our guid-
ance see 1 John ii, 15-17.

Although Adam and Eve had no "put
on" clothing, as we have, they must
have been clothed with light as a part
of themselves, for they were in the
image of God before the fall (Gen.
i, 26). Life is knowing God, commun-
ing with God, and the absence of this
is death (John xvii, 3; Eph. ii, 4, 5, 12).
When they sinned they died, and as a
substitute for the garments of light
which they had lost they made them-
selves fig leaf aprons and attempted
to hide from God (verses 7, 8). But
"God is love" always. He came to
walk with them in the garden with
lovestime, and they no longer came to
meet Him, but are afraid of Him and
His voice. He lovingly calls them,
draws from them a confession, and
after telling them some results of their
sin He reveals to them by object les-
sons the way of salvation and also a
future resurrection life when the earth
shall be paradise restored. The first
announcement of a Redeemer and De-
liverer for man who shall also finally
crush the devil is made to the devil in
verse 13, where we have set before us
a suffering and also a conquering de-
liverer, a serpent who shall have some
success for a time, but a Deliverer who
shall finally crush him. This verse
tells of the atonement and the new
birth, but in verse 21 the manner of
the atonement by the shedding of
blood is fully set forth. And we see
the Son of God (for every manifesta-
tion of God from the beginning is
through the Son, John i, 1-3, 18) with
His own hand shedding the blood of
the innocent animals, probably lambs,
and providing redemption clothing for
the guilty but now penitent pair who
could do nothing but drop their fig
leaf aprons and accept meekly and
gladly God's provision. And they
might have sung if they had known
them the words of Isa. lxi, 10. Doubt-
less the Son of God in this institution
of sacrifice looked down the stream of
time to Golgotha, where He would lit-
erally fulfill that for which He was
set apart before the foundation of the
world (1 Pet. i, 18-20), and Adam and
Eve and through them their descend-
ants were taught the way of forgive-
ness by the shedding of blood, a sub-
stitute and the only way by which
sinners can draw near to a holy God
(Lev. ix, 11-14, 22; x, 19, 20).

Let partaking of the tree of life
should prolong their stay unduly in
mortal bodies tainted by sin they are
sent out of Eden, or rather, out of the
garden of Eden, which we infer, con-
tinued with its tree of life and flowing
river and cherubim until the deluge.
This is no doubt the sword referred to
in Zech. xiii, 7, as a sword against the
true sacrifice by whom alone we re-
enter Eden and have the tree of life
restored to us (Rev. ii, 7). Let those
who have pointed eyes study the
cherubim from this to Rev. v, 8-10, and
if the song they sing, along with all
their previous history, does not in-
crease the redeemed of the Lord, then
I have not yet seen aright.

The devil's aim was and is to
lead man to knowledge and progress
apart from God. It may help us to un-
derstand the present condition of
things.
