WEEKLY NEW ERA.

ONE DOLLAR A YEAR.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, NOVEMBER 8 1907

VOLUME XXVII, NO 2

EDITORIAL.

We have met the enemy and we are theirs!

Perhaps the late J. Caesar expressed it a little differently, but let'er go at that.

It is not our fault; we voted right, but somebody—mind you, we are naming no names—but somebody or other voted for Willson, and you see what's happened. It is a little early to start analyzing the ballot. All sorts of causes contributed to Judge Hager's defeat. First and foremost, the cry of "machine rule" refused to be hushed, and echoes of the late Democratic primary have been ringing in many ears; unrefuted lawlessness in this region and Willson's emphatic promise to put an end to night riding, had its effect both here and elsewhere; the conditions in Louisville, aside from turning that city over to Grinstead, played its part in influencing the vote in the state. The liquor question was also an important factor, and apparently the Republicans, while inspiring confidence among a large proportion of the temperance people, also captured most of the whiskey vote.

Judge Hager had an exceedingly heavy handicap in unsought and undesired political connections, and the burdens he carried made his race, well, rather a walk. He is clean and able, as the New Era has always delighted to proclaim, and deserved a victory.

Hopkinsville figures conspicuously in Kentucky's new political regime, by furnishing its gifted and popular son, Judge James Breathitt, for attorney-general. Judge Breathitt is a brilliant lawyer, a silver-tongued orator and a patriot, as well as a politician. However disappointed the Democrats here may be in the general result, they will gladly join the New Era in extending Judge Breathitt hearty good wishes.

As for the future, we shall see what we shall see, and for the present at least, let us not let our minds dwell too much on the unspeakable Republican administrations of days ago. Mr. Willson has promised rare and great things. He has reiterated on every stump that Kentucky is the worst governed state in the union and forty years behind the times. He proposes to govern it properly and put it in the van of American commonwealths. If this is his program, who is so partisan as not to wish him the fullest meed of success?

JUDGE JAMES BREATHITT.

REPUBLICAN LANDSLIDE IN STATE
AND DEMOCRATS ARE SNOWED UNDER

WILLSON IS ELECTED GOVERNOR OF KENTUCKY.

THE LEGISLATURE IS SAFE

And Beckham Will be United States Senator.—Some Returns Of General Interest.

Democratic headquarters at Louisville concedes the election of Willson.

Dr. Milton Board, in a telephone message to the New Era, stated that while the Democratic state ticket was defeated, the legislature was safely Democratic, and that Gov. Beckham's election as United States senator was certain.

Judge Breathitt had a personal talk over the telephone with Augustus E. Willson who said his majority would likely reach 15,000 or more.

LOUISVILLE, Ky., Nov. 6.—The latest returns from 110 counties out of the 119 in Kentucky, as received by the Louisville Post, gives Willson 14,000 over Hager.

In this city, Grinstead's majority is about 4,500.

Judge Lassing has won in his race for appellate judge.

McCord's race is in doubt. The legislature is Democratic, probably insuring Beckham's election.

LOUISVILLE, Ky., Nov. 6.—Gov. Beckham said today: "The legislature is safely Democratic and I am confident of my election as U. S. senator. I regret greatly the defeat of the state ticket."

LOUISVILLE, Ky., Nov. 6.—Governor Augustus E. Willson, Louisville; Lieutenant Governor, William H. Cox, Maysville; Attorney General James Breathitt, Hopkinsville; Auditor of Public Accounts, Frank P. James, Harrodsburg; treasurer, Edwin Farley, Paducah; secretary of state, Ben L. Bruner, Hardyville; superintendent of public instruction, John G. Crabbe, Ashland; commissioner of agriculture, labor and statistics, M. C. Rankin, Pleasureville; clerk court of appeals, Napier Adams, Somerset; railroad commissioner, second district, L. P. Tarlton, Frankfort.

Augustus E. Willson, Republican candidate for governor, and the entire Republican state ticket have carried the city of Louisville for both state and city tickets.

James F. Grinstead, Republican, is elected mayor of Louisville by 3,500 majority.

The next Kentucky legislature will have a Democratic majority on joint ballot.

Democratic Legislature.

LOUISVILLE, Ky., Nov. 6.—The Democrats will retain control of both houses of the general assembly, despite a number of losses.

The Democrats lose the Green, Hart and Larue senatorial districts, represented in the last assembly by S. T. Gorin, of Green county. His successor is G. A. Taylor, of Hodgenville.

Harry G. Overstreet, of Daviess county, Democratic nominee for senator in the Daviess-McLean district, wins by less than fifty votes over Ben F. Landrum, Republican. Thomas A. Combs, former mayor of Lexington, wins by a bare majority over M. L. Tribble, Republican, as the successor of J. Embrey Allen.

E. M. Taylor, Democrat, of Fulton, wins over John R. Ray, Independent, in the Fulton, Graves and Hickman senatorial district.

Incomplete returns show election of Senator Conn Linn, Democrat, of Murray, over G. B. Seyster, Republican, of Smithland.

CHRISTIAN COUNTY GAVE AN OLD
TIME MAJORITY FOR REPUBLICANS

AUGUSTUS E. WILLSON.

GENERAL ELECTION RESULTS.

NEW YORK, Nov. 6.—Elections held throughout the country passed off comparatively quiet. The returns from various sections show the following results:

Massachusetts re-elects the entire Republican state ticket, headed by Gov. Curtis Guild, Jr. Henry M. Whitney, the Citizens-Democratic candidate for governor, polled a much heavier vote than Charles W. Bartlett, the anti-merger Democrat.

Pennsylvania elects John O. Sheatz, Republican, state treasurer, by a large majority. New York state elects Edward T. Bartlett and Willard Bartlett, joint candidates on the Republican and Democratic tickets for justice of the court of appeals, over the candidate of the Independence league (Hearst) New York county elects the Tammany candidates by considerable majorities over the Independence League-Republican fusion candidates.

The Maryland contest for the governorship is in doubt, owing to lateness of returns. Chairman Vindiver, of the Democratic state committee, claims the state by 12,000, and conservative estimate based on

House of Representatives.

J. E. Dalton, Democrat, of Scottsville, was defeated in Allen county by T. B. Dixon, Republican.

M. E. Dowling, Democrat, defeated C. C. Trent, Republican, in Anderson county.

E. H. Lillard, Democrat, won by a close vote over Harvey Minor, Republican, in Boyle.

John P. Haswell, Jr., Republican, defeated his Democratic opponent in Breckinridge.

In Caldwell county the official count will be necessary to determine whether W. C. Jones, Republican, is the winner.

J. B. Swain, Democratic candidate in Calloway, defeated R. L. Short, Independent and a minister of the gospel.

H. C. Cole, Republican, will again represent the city of Owensboro, having defeated J. D. Kelly, a newspaper man.

In the country district of Fayette J. Gorham, of the last house, was defeated by C. C. Patrick, Republican, by one hundred votes.

Dr. W. M. Dye, Democrat, of Fleming county, was defeated by J.

meagre returns give Crothers, Democrat, for governor, a plurality of 6,600 to 8,000.

The Rhode Island returns indicate the re-election of Gov. James H. Higgins, Democrat, over Frederick H. Jackson, Republican, by a plurality estimated to be about 1,500, showing a Democratic gain from the plurality of last year.

The election of the Democratic ticket in Mississippi, headed by E. F. Noel for governor, is a foregone conclusion, as there is no opposition ticket.

In Nebraska, M. B. Reese, Republican candidate for the supreme court, the most important state office voted on, is undoubtedly elected.

The marorality contest in Cleveland resulted in the election of Tom Johnson, present mayor, over Congressman Burton.

The American, or anti-Mormon, party at Salt Lake City is estimated to have the largest pluralities ever given in that city.

At Toledo, Mayor Whitlock and the entire Independent ticket were elected.

Cincinnati elects Leopold Markbreit, Republican, mayor.

Reports from San Francisco show Taylor, Democrat and good government candidate for mayor, leading, with the union labor candidate showing unexpected strength.

T. Shanklin, Republican.

Senator George Farris, of Garrard, nominated for the house, loses to W. C. Wynn, a Republican.

John B. Brasher, Democrat, of Hopkins, loses to T. E. Finley.

Chris Mueller will be the only Democratic Representative in Louisville in the lower house.

The official count will be necessary in McCracken county between Eugene Graves, Democrat, and George McBroon, Republican.

John A. Stevens, Democrat, loses in McLean to A. T. Lee, Republican.

W. J. Gooch, Democrat, of Simpson county, is still in position to run for speaker in the next house.

GOOD OLD MISSISSIPPI.

JACKSON, Miss., Nov. 6.—The Democratic state ticket, headed by E. F. Noel for governor, was elected. Only a small vote was cast. The other offices include Luther Man-

ship, lieutenant governor; E. J. Smith, auditor; G. R. Edwards, treasurer; J. W. Power, secretary of state; T. M. Henry, insurance commissioner; R. V. Fletcher, attorney general, and H. E. Blakeslee, commissioner of agriculture.

WILLSON MAJORITY IS OVER THIRTEEN HUNDRED.

COUNCIL IS DEMOCRATIC

Lige Armstrong Gallantly Defeats His Opponent in The Seventh Ward.

Christian county added her portion to the general increase in the Republican majority over the state, the vote showing a majority for Willson of 1,313, which is an increase over the election of 1903 of 284. This is a surprise to the Democrats who had expected the county to give not more than seven or eight hundred majority for the Republican ticket. John Feland, the Republican nominee for representative, had no opposition, his vote running along with that of the state ticket.

The constitutional amendment was snowed under by several hundred votes in the county. On account of the immense size of the ballot the returns are given today only in the governor's race but the other officers will show just about the same figures. The complete vote will be published just as soon as the returns come in and are tabulated.

Armstrong Won.

The city council will be composed of six Democrats and one Republican, although the city shows a Republican majority of 290. There was opposition in only one ward, the seventh, in which E. H. Armstrong, Democrat, was opposed by J. A. Witty, Republican. Mr. Armstrong won by a heavy plurality. The only Republican who will be on the board is E. W. Glass, of the Fifth ward, who had no opposition. The councilmen will be: First ward, E. H. Higgins, Democrat; second ward, J. B. Galbreath, Democrat; third ward, M. H. Carroll, Democrat; fourth ward, L. H. Davis, Democrat; fifth ward, E. W. Glass, Republican; sixth ward, G. E. Randle, Democrat; seventh ward, E. H. Armstrong, Democrat.

Surprises of Cupid

Three Young Couples are Joined in Sacred Bonds of Matrimony.

(From Wednesday's Daily)

Three young couples surprised their friends this morning by marrying. Two of the ceremonies took place in Nashville, Tenn., and one in Paducah. None was an elopement, the happy sweethearts marrying away from the city to avoid the details incident to home weddings.

Knight-Stowe.

Miss Margaret Knight and Mr. Charles H. Stowe went to Nashville early this morning over the Louisville & Nashville railroad, and were married shortly before noon at the residence of Rev. Dr. Anderson. They will return home tomorrow. The lovely bride is one of the most popular and efficient teachers in the public schools, a position she has resigned much to the regret of trustees and patrons. Mr. Stowe is a prominent and successful young farmer.

Shanklin-Grubbs.

Miss Nettie Shanklin and Mr. Eugene Alexander Grubbs were married this morning in Nashville, Tenn.

Mr. Grubbs and Miss Shanklin, accompanied by her sister, Miss Maud Shanklin, and Miss Ellen Dennis, left this morning over the Illinois Central railroad for Nashville. At that city they were met by Mr. Grubbs' brother and other friends and the party proceeded to the residence of the Rev. Dr. Lansing Barroughs, pastor the Broad street Baptist church, who impressively pronounced the ceremony.

Mr. and Mrs. Grubbs will return to Hopkinsville to-night. The bride is the accomplished and attractive daughter of Mrs. Sue Shanklin, and a favorite among a wide circle of friends. The fortunate bridegroom is a prosperous and progressive young farmer. Mr. and Mrs. Grubbs will reside at the Norton farm on the Clarksville pike, which is under Mr. Grubbs' management.

White-Redd.

Miss Mary Redd and Mr. Robert W. White left this morning for Paducah, Ky., and were joined there this forenoon in the holy bonds of wedlock. Miss Redd is the handsome and charming daughter of Mr. and Mrs. P. K. Redd, and Mr. White, who is a popular business man of sterling worth, is local manager of the Geiser manufacturing company.

ECZEMA NEARLY REACHED EYES

Disease Spread Over Whole Body—
Face Was in Awful Condition—
Itched So that Baby Could Not
Sleep—Doctors and Home Remedies
Failed—Mother in Despair.

CURED IN THREE WEEKS
BY CUTICURA REMEDIES

"I take great pleasure in dropping you a line to tell you what a Godsend Cuticura Remedies were for my baby. He was suffering from that terrible torture, eczema. It was all over his body in patches, but the worst was on his face and head. His face was awfully bad; the eczema extended up to the lower eyelids and I was just about sick for fear it would get into his eyes before I got it stopped. He cried and scratched all the time and could not sleep night or day from scratching. I took him to the best doctors, and one of them said that he would keep the disease till he got all of his teeth; but if I had depended on the doctors, I guess my boy would have been laid at rest by this time. My friends told me to try many kinds of remedies, and I nestled the child to death with all the different things, but could see no improvement. Finally I got discouraged, and was just about to give up all hope of his ever getting cured, when I read about the wonderful Cuticura Remedies, which came just in time to save my baby from the terrible torture. I used Cuticura Soap and Cuticura Ointment, and I saw an improvement in three days, and in three weeks his skin was as clear as it could be. That was six or seven months ago, and I have not seen any return of the disease since. I should have written long ago, but I waited to see if it would return. I shall recommend the use of Cuticura from one end of the world to the other. Mrs. Marcia Smith, 314 W. Creaser St., Akron, O., July 24 and Aug. 11, 1906.

Complete External and Internal Treatment for Eczema of Infants, Children, and Adults consists of Cuticura Soap (25c) to cleanse the skin, Cuticura Ointment (50c) to heal the skin and Cuticura Remedies (50c) for the form of the disease. Richard Martin First American Tenor
Ever Engaged For Leading Roles
At Metropolitan Opera House

NEW YORK, Nov. 1.—The first American tenor ever engaged to sing leading roles at the Metropolitan opera house arrived in New York City on the steamer Prinzess Irene. He is Richard Martin, who was born in Kentucky and who began his musical education under Edward McDonnell, with whom he studied composition.

He later studied singing in Paris and made his debut five years ago in Verona; sang later at La Scala in Milan, and after some experience in Paris, came last year to New Orleans. He will sing all the leading roles of the French repertoire at the Metropolitan, and will also sing Lohengrin in German.

He spent the last summer learning German parts in Vienna under Gustav Mahler.

Mr. Martin will make his first appearance at the Metropolitan in "Faust."

Mr. Martin is a native of Hopkinsville and spent his boyhood and young manhood in this city where he has many friends and relatives who are following his remarkable career with deep interest and pleasure.

NATIONAL GROWERS

The fourth annual convention of the National Tobacco Growers' association closed at Shelbyville after electing officers and choosing Owensboro as the next place of meeting. Reports made to the convention showed that two-thirds of the tobacco production of this county is controlled by the growers' associations and the delegates were unanimous in expressing confidence as to the outcome of their movement. Resolutions endorsing the decision of the burley growers not to raise a crop in 1908 were adopted.

Making Good.

There is no way of making lasting friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, with friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest, square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery. It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's therefore don't accept a substitute that the dealer may possibly make a little bigger profit. Insist on your right to have what you call for.

Don't buy Dr. Pierce's Favorite Prescription expecting it to prove a "cure-all." It is only advised for woman's special ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nervine it is unequalled. It is not a "booster" who want "booster," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—three a dose. Much imitated but never equaled.

Ed. White, Who Killed His Father in
Self Defense, Not Wanted
By The Officers.

(From Friday's Daily)
Ed White, who shot and killed his father, John White, Wednesday afternoon, came to town this morning for the purpose of surrendering himself to the authorities. As no one had sworn out a warrant of arrest nor had there been any evidence given contradicting that presented before the inquest held by Squire Parker and upon which the jury exonerated the young man, no steps were taken against him and he was allowed to return home. Every statement which has been made in the case shows that young White acted entirely in self defense and that he avoided shooting his father as long as he could possibly do so.

DIED AT LAFAYETTE.

CLARKSVILLE, Tenn., Nov. 1.—Ben Faulkner, who will be remembered by many Clarksville people, died yesterday at the home of his father near Lafayette, Ky., after several weeks' illness of typhoid fever. He was about 50 years old, and left Clarksville about eight months ago to make his home in Kentucky. He served on the police force as "extra" and was liked by all who knew him.

SITUATION IS TENSE

DAVIES COUNTY FARMERS ARE
ARMING THEMSELVES

"Another Army," it is Threatened,
May Follow Cohorts of Peace.
—Trouble Ahead.

The Owensboro Messenger in speaking of the tobacco situation in that county, says:

"There is more or less a feeling of uneasiness and uncertainty both in the city and out in the country. Reports are received to the effect that farmers who are not members of the organization are arming themselves. The man in charge of the firearms department of a local hardware store said yesterday that he has sold during the past few days a number of Winchester rifles and shotguns, as well as quantities of ammunition.

"A well known farmer was seen to drive out of the city yesterday afternoon with a repeating rifle leaning against the seat of his buggy. Another well-known farmer was quoted as saying: 'I dare not go into my fields without arming myself with a rifle and revolver.'

"J. C. Moseley, whose reply to the army of peaceful invasion was quoted a few days ago, desires it stated that he made the statement attributed to him, but that he did not speak in that manner merely because he had been requested to pool his tobacco. He says that after he had conversed with the delegation for some time, he asked: 'If I do not see fit to pool my tobacco, then what?' He says that he was told that another army would follow for whose actions the peaceful army would not answer, and that if he refused to pool he must make the consequences. He states that he then said to them, 'I shall arm myself and try to shoot the first man who comes to my place.'

"A report reached Owensboro yesterday of one man who replied in kind to the statement that violence might be done by another 'army' to come, but that those in this 'army' would have nothing to do with it, and that if his barn should burn he himself would be responsible for it. 'If my barn burns,' he said, 'I am not going to ask d— fool questions about who burned it. I am a law abiding man, but I can't answer for everybody, and if it happens after my barn is burned that every Equity barn in this neighborhood goes up in smoke, you yourself will be responsible for it.'

VERY LITTLE DOING

AT PRESENT ON THE HOPKINSVILLE TOBACCO MARKET

New Crop is Beginning to Move. Indications Point to a Most Prosperous Season.

The usual detailed report for the local tobacco market was not issued for October, as there has been very little doing during the month, though some sales were made and prices ruled strong. On the independent market now only about 250 hogsheads of common to good lugs, on which prices ranging from \$6.50 to \$8.50 per hundred are expected to be realized, and about 50 hogsheads of common to medium leaf, on which prices will range from \$8.75 to \$10.00, and about 40 hogsheads of good to fine leaf of the "wrappery style," which will bring from \$10.50 to \$12.50.

The salesman for the Planters' Protective association still has his lonely four hogsheads and business is therefore at a standstill with them. As they handle only tobacco which is prized in hogsheads, it will be several weeks before this begins to be delivered in large quantities, and it is not expected that their trade will open soon.

The new crop is beginning to move in its loose state. The various independent rehandling houses have their buyers out in the country buying what they can from farmers who are not members of the association, but on account of the scarcity of the independent farmers, the buyers are not meeting with much success. It is said that these buyers are offering from \$8 to \$12 around for common to good crops to be delivered loose. The various prize houses for the association are ready for business, and have begun receiving some tobacco, and these expect an unusually heavy business.

Indications continue to point to increased prices next season. The association members say that the schedule asked by that organization will be from \$1 to \$5 per hundred higher than last year. Independent dealers are also anticipating a material advance. The present crop is estimated to be only about 80 per cent of the average and it is claimed this will not be enough to supply the demand for it.

SAYS IT IS A FACT.

L. L. Elgin Confirms Guarantee on Hyomei, Cure for Catarrh.

The question having been raised as to whether or not L. L. Elgin will refund the money if a Hyomei outfit does not do all that is claimed for it in curing catarrh, he wants to state positively that this guarantee is an absolute fact.

A guarantee like this is the best proof that can be offered as to the curative powers of Hyomei in all catarrhal troubles. You do not risk a cent in testing its healing virtues. L. L. Elgin takes all the risk. If you have catarrh, try this wonderful medicated air of Hyomei. It does not drug, or derange the stomach, but is breathed through a neat pocket inhaler that comes with every outfit, so that its medication reaches the most remote air cells in the nose, throat and lungs, where any catarrhal germs may be lurking. It quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is no longer possible. You can lose nothing by giving Hyomei a trial, nothing but the catarrh and that is good riddance.

The price of the complete outfit is but \$1.00; nothing if it fails to cure. Get an outfit from L. L. Elgin today and begin its use at once.

Tabernacle Improvement.

If you heard the speech Saturday afternoon, you saw that we had been at work on the tabernacle stage. The stage when finished will be up to date in every particular, and will be supplied with convenient, well lighted, and comfortable dressing rooms. This is a matter that will not only appeal to patrons on the course, but to the talent engaged as well. The two posts in front of the stage will also be removed, and then all in front will have a full view of the speakers, without looking through a post. Did you ever notice how these two posts in particular would seem to move around, and finally locate just between you and the lecturer, or artist on the platform?

We will continue the sale of season tickets until after Mr. Frederick Warde's date, which will occur Friday night Nov. 15th. The prices for the balance of the season will be only \$1.75 and seats can be reserved for the season. Saturday afternoon we had the last seat in the house, and on account of the stage having been raised, the speaker was in full view. Those who have delayed getting season tickets, will get we think the best seats in the house, and will enjoy the performances just as well or better than on the front rows. Do not delay securing your season tickets, if you do not care to get them in the tabernacle door the night Mr. Warde comes, get them from the boys and girls who have entered the Tabernacle Contest, you will help these boys and girls win the prizes, and also help them to get tickets for themselves, which perhaps some of them would not otherwise have. We want more of the boys and girls to enter this contest and have made them a most liberal proposition. Any boy or girl who does not win a prize, shall have credit on a ticket for themselves of 35c on every name secured. In this manner no one who enters this contest will have lost by entering same. If they secure seven names, they get a ticket, or if they get only four names the ticket costs them only 75c. This contest will end Nov. 12th, and if you expect to enter you had best do so at once.

The prices for the Frederick Warde entertainment as stipulated in his contract will be general admission 75c, reserved seats \$1. A special price will be made the public school students of 50c, general admission. The prices for Marco, the great magician, and for the Hungarian orchestra will be the same; now think about it a moment, would it not be wise to procure season tickets? We think so, and while we have sold more season tickets than ever before, there are a number of people who are not yet supplied. Now help these boys and girls and help yourself at the same time by subscribing for season tickets from them. Some of them have no doubt been discouraged, and this will help them wonderfully.

No more season tickets sold after the Frederick Warde date.

FOR TREATMENT

Mrs. J. W. Mitchell Will Go to Pasteur Institute.

(From Friday's Daily)

Mrs. J. W. Mitchell, who was attacked Sunday afternoon by a dog that is supposed to be the one that bit Mr. J. W. Allen Saturday night, will leave tonight for Chicago where she will be treated at a Pasteur Institute. Physicians could not ascertain whether the dog bit Mrs. Mitchell or just scratched her, but thought it best that she go to the institute to be treated. Mrs. Mitchell will be accompanied to Chicago by Mr. Mitchell.

TOBACCO QUESTION

Not at the Bottom of the Hendrix Cabin Burning.

Later reports from the burning by Night Riders of the two cabins on Mr. Hendrix's farm in Trigg county, indicate that the reason for the raid was a private matter between Mr. Hendrix and his neighbors. Some persons had gotten the idea from the article published yesterday in the New Era that the intimidation was that the tobacco question was at the bottom of it.

As we understand the matter the tobacco question did not figure in the affair at all and that Mr. Hendrix had been warned that unless he acceded to the demand of his neighbors that the cabins would be destroyed.

MORE ROOM ADDED

TO LARGE QUARTERS OF J. H. ANDERSON & CO.

Building Occupied By B. B. Rice Will Be Used For Millinery and Ladies' Clothes.

Another storeroom will be added, on January 1st, to those already occupied by J. H. Anderson & Co. A deal has been closed whereby the Anderson company will secure the room now occupied by the grocery of B. B. Rice, and at the first of the year this will be remodelled to suit the new lessees' needs and as soon as the improvements are completed they will take possession of it.

The new store room will be used for the millinery and ladies ready made departments. At present these departments are located on the balcony in the rear of the store but the quarters have become very crowded and so one entire floor was secured to accommodate this part of the big business. The space vacated by these two departments will probably be utilized for displaying men's hats etc.

The present entrance of the store room will be closed and an arch cut through the wall connecting it with the present dry goods department. Customers will then go through either the shoe or dry goods departments. The interior of the third room will also be renovated and fitted up especially for the needs of the new occupants.

This move does not in any way mean that the company has abandoned their intention of building on the lot which they purchased on Main street between Eighth and Ninth. They are holding this lot and as soon as matters shape up to suit them the big three story department store building will be built as they had planned.

KILLED BY A TRAIN

(From Tuesday's Daily)

Marion Russell, a colored man, twenty-five years of age, was killed Monday afternoon at the Bradshaw crossing south of this city, presumably by an L. & N. train. No one saw the accident and therefore the exact details of how the accident occurred cannot be learned. The verdict of the coroner's jury was that the man was killed by a train. The chief wound was a hole in the forehead just above the left eye. One arm was broken and there were a number of cuts and bruises over the body.

Russell lived on East Howe street in this city with his wife and three children. The remains were brought here and taken to the undertaking establishment of Tyler & Tyler.

A TRIP AROUND TOWN.

"Bonnie Boy" took three of the candidates out driving Saturday afternoon. The children had a glorious time and are more determined than ever that they will win the pony and outfit so that they may drive it when and where they please. "Bonnie Boy" also thoroughly enjoyed the afternoon, though he got pretty tired along toward the last, and the following is his account of the trips he made.

"I was hitched up Saturday afternoon about two o'clock and was driven to West & Lee's where they inspected the buggy to see that it was all right, and then Mr. Reeder brought me around to the New Era office. Here we were told that Master Johnny Burkholder, of Crofton, was in town and that he was to be taken out for a drive, but that everybody was so busy at the office that no one could get off to go with him. Then I was driven up on Ninth street where Mrs. Bacon got into the buggy and we came back to the office and she piloted me during the afternoon. We took Master Burkholder for quite a good drive and Mrs. Bacon let him handle the reins. He was highly pleased with the way in which I drove, the easy riding qualities of the buggy and stated that although he had a big horse at home he wanted me worse than ever and that he expected to work harder than ever to win me."

"After Master Burkholder got out I was driven back to the New Era office, where Master Lowe Johnson had just come in. When asked if he didn't want to go home he said yes and he got into the buggy and we took him as far as the North Main street bridge and would have gone all the way if the bridge hadn't been torn away."

"Back to the New Era office we came again and here we found Miss Mary Keegan, who eagerly accepted an invitation to take a drive. We finally wound up at her home on West fifteenth street and by that time I was so tired I could hardly travel. Miss Keegan went into the house and brought me out a saucer of sugar and I was so glad to see it that I couldn't help nicker for it, this being my way of talking. I ate every bit of it and it made me feel so much better that when we again started off I trotted as lively as if I wasn't tired at all."

"This wound up the trips for that time. Everywhere we went people of every age, size and color would run out and say nice things about me and about the buggy, while children trotted after me lots of times."

"This is only a beginning of these trips and from now on the New Era expects to send some of the candidates out for a drive nearly every day."

How to Cure a Cold

Be as careful as you can you will occasionally take cold, and when you do get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Anderson & Fowler Drug Co. (Incorporated.)

Kentucky Confederates Re-elect Col. Young.—The Meeting at Pewee Comes To an End.

The Kentucky division of the United Confederate veterans closed their annual reunion at Pewee with the re-election of Col. Bennett H. Young as commander of the division; Gen. James B. Rogers, of Paris, commander of the first brigade; Gen. William Stone, of Kuttawa, commander of the second brigade; Gen. D. Thorton, of Louisville, commander of the third brigade, and Gen. George B. Taylor, of Nicholasville, commander of the fourth brigade.

About 600 veterans and their guests occupied seats when dinner was announced in the home.

The entire morning was given over to renewing old friendships and fighting over again the battles of the war. The rendition of "Maryland, My Maryland," "Old Kentucky Home," "Dixie" and "The Star Spangled Banner" by the band served to keep the enthusiasm at a high pitch.

After dinner, Commander Young called the reunion to order, and in accepting Duke Hall, in behalf of the veterans, paid a beautiful tribute to Mrs. L. Z. Duke, of New York, the donor. Mrs. Duke, who was a former Kentucky woman, a daughter of Daniel B. Howe, was present, and received an ovation when she responded to a resolution conferring upon her the "love, gratitude and esteem" of the division, introduced by the Rev. Deering.

In his annual report Col. Young pointed out the reasons for the veterans' thankfulness for the past year's blessings. He dwelt upon the fact that forty monuments had been raised to Confederate dead and said that five new ones are to be raised this year.

Gen. S. B. Buckner, one of the three surviving lieutenant generals of the confederacy, was given an enthusiastic reception when he addressed the veterans. He urged the purchase of the Jefferson Davis homestead, and upon concluding, a motion, introduced by Col. William A. Milton, for co-operation with the Jefferson Davis Home Association, was unanimously carried.

A resolution of thanks was tendered Gen. Henry A. Tyler, of Hickman, for the gift of a fine piano for Duke Hall, and a similar resolution was voted Col. Young for a stained glass window with the Confederate flag. The election of officers concluded the session.

FORGOT HER NAME

Aged Negro Had Some Trouble in Getting License.

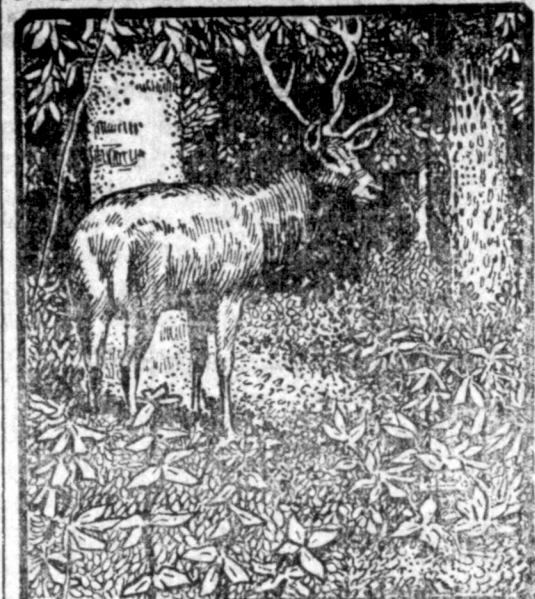

(From Saturday's Daily)

George Mumford, an aged negro, applied for a marriage license yesterday but when Deputy Clerk Wicks asked him the name of the prospective bride the would-be bridegroom acknowledged that he did not know it. "Her name is Jane," said the old man, "but what the other part of it is I don't know." Nelson Goode, the colored blacksmith, was with Mumford and he went out on the street and inquired as to the woman's name and on his return stated that it was Jane Wright and the license was issued.

DEATH WAS SUDDEN

MRS. H. H. SKERRITT ANSWERS THE DREAD SUMMONS.

Had Taken Supper With Her Sister And Expired After She Had Returned Home.

(From Monday's Daily)

Mrs. H. H. Skerritt died very suddenly at her home on Second street last night of heart failure. She had given no indication during the day of the approach of the attack and had taken supper with her sister, Mrs. Keith. After supper she was taken home by Dr. Paul Keith in his buggy and then she complained of some pain and dizziness but when Dr. Keith left her she was seemingly much better.

Soon after Dr. Keith returned to his home he received a telephone message stating that Mrs. Skerritt was in a very critical condition and he hurried to her bedside but when he arrived Mrs. Skerritt was barely alive. He called in Drs. Jackson and Woodard and the three worked faithfully for nearly two hours but artificial respiration and the other remedies employed failed to revive the patient and she finally died.

Mrs. Skerritt was forty-nine years of age and a daughter of John A. Lewis, of Crofton. She has been a devoted member of the Baptist church all her life and was a most estimable lady. Her husband and three sons survive her. Four sisters also survive her, these being, Mrs. S. R. Keith, of this city, Mrs. O. A. West, of Crofton, Mrs. S. E. Cooksey, of Sturgis and Mrs. J. M. Woodson, of Humboldt, Tenn.

The funeral services will be held tomorrow afternoon at one o'clock at the Baptist church and will be conducted by Rev. Millard A. Jenkins, assisted by Rev. H. D. Smith of the Christian church.

A Meeting is Called to be Held in
Henderson on Wednesday
November 6th.

Invitations have been issued to the cities, towns and committees comprising the Second congressional district, to attend a meeting to be held in the city of Henderson, for the purpose of forming a permanent organization, and discussing ways and means of benefiting the several interests of the counties of the Second district.

The meeting will be held on Wednesday, Nov. 6th, and an all-day's program will be carried out. The morning session will be held in the council chamber, and will be called to order at ten o'clock, when the permanent organization will be perfected. Short instructive addresses will be made by prominent business men from all sections of the district, on points of vital interest to all. An interesting program has been arranged and every section is urgently requested to send as many delegates as possible to attend this meeting.

As the State Development association meets in Louisville, Ky., on the 19th, it is of great importance that a strong delegation be sent from this district, which can place the advantages and needs of western Kentucky in a concise and interesting manner before that body. To this end, every delegate attending the meeting of the 6th, at Henderson, should come prepared to state just what their respective communities have and what they most need for their greater development and prosperity.

In the evening, the Henderson Commercial club will entertain the visiting delegates with a luncheon and smoker. The full program will be announced later.

Mrs. W. C. Owen, 212 E. Fourteenth street, Hopkinsville, Ky., says: "I do not hesitate to recommend Doan's Kidney Pills as being an excellent remedy for kidney complaint. I speak for them in behalf of my husband who was cured of a severe backache some two years ago when we were living at Curdsville, Ky. He had complained a good deal and some days it was all he could do to drag himself about. Stopping or lifting hurt him intensely. Finally Doan's Kidney Pills were highly recommended to him and he procured them. They soon helped him and by the time he had taken the contents of two boxes he was completely cured. I have never heard him complain of even feeling a symptom of a recurrence since."

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold—only—your lungs are being poisoned. Don't lightly suppress it with a suppressant. It's strange how some things easily seem about. For twenty years Dr. Shoop has constantly warned people not to take such pictures or suppressions containing Opium, Chloroform, or similar poisons. And now—this is the truth—Congress says "Put it on the label." Very good! Hereafter for this very reason, mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

BIG DEAL IS MADE

TOBACCO CROP IS SOLD FOR THE
SUM OF \$1,280,000

Imperial Company Takes The Product
of Five Counties.—Average
Price is Eighty Cents.

HENDERSON, Ky., Nov. 2.—The Stemming District Tobacco association has consummated a deal whereby the Imperial Tobacco company will become possessor of the 1907 tobacco crop of 16,000,000 pounds. The price to be paid in round numbers is \$1,280,000 or about an average of eighty and a fraction cents a pound. This tobacco will come from the five counties, Crittenden, Webster, Union and Henderson.

The executive committee of the association has appointed graders for the various factories at which the tobacco will be delivered and the prices will be paid for each of the four grades as follows:

First grade \$10, \$10 and \$4; second grade \$9, \$9 and \$3; third grade, \$8, \$8 and \$2; fourth grade \$7, \$7 and \$2. This means much ready cash for the tobacco growers of the stemming district, and which they will get as the deliveries are made. The deal was made through Edwin Hodge, manager for the Imperial of this point, J. Stokes Taylor conducting the negotiations on behalf of the association.

The 1906 crop is as yet in part unsold. The association put up about 11,000,000 and after selling two factories, the association now has of this crop 5,000,000 pounds of script which is held at about \$900,000. Negotiations are now pending for the sale of this balance of the 1906 crop. There is much joy among the growers and the members of the association.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STRONG Again

is what Mrs. Lucy Stovall of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it. Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weakens, and become diseased.

What's the use of worrying.

The Democratic party is slightly bent but not broken.

It is not easy for a man to get excited over a panic when his own bank account is overdrawn.

Blondes are expensive enough, without the druggist putting up the price of peroxide of hydrogen.

If anybody calls Judge Hager the Alton B. Parker of Kentucky Democracy we shall be offended.

The heavy expenses of the peace conference might also serve as an excuse for putting off the revision of the tariff.

If President Roosevelt will not eulogize Thomas Jefferson he may succeed in pulling Mr. Bryan's last prop from under him.

Mr. Harriman apparently didn't see his chance to get out of the "undesirable" class by contributing a few millions to the "relief fund."

Will the opening ode of Mr. Wilson's inauguration ceremonies be "Won't you Come Home, Bill Taylor," to the tune of ragtime "Bill Bailey?"

MAKING A CONTEST

FOR CONTRL OF AMERICAN SOCIETY OF EQUITY.

Who is president of the national body of the American Society of Equity?

The press dispatches of last week announced that C. M. Barnett, of Ohio county, Ky., had been elected to succeed J. A. Everitt. Now Mr. Everitt is sending out "An Address" from Indianapolis to the effect that W. H. Mitchell, of Kansas, is president and that he, (Everitt,) is vice president.

The Everitt faction in this address which is very lengthy, says:

"Without regard to anybody's personal interests, personal feelings, or personal preferences, we are compelled to declare that the late convention which assembled in Indianapolis, October 22, and pretended to be an annual meeting of the American Society of Equity of North America, was revolutionary in its purpose, unconstitutional in its makeup, and dominated by influences entirely foreign to the principles of said American Society of Equity of North America.

"For months, almost a year, before the assembling of the convention, the secretary and a horde of assistants that he had around him in the pay of the society, and who were in no sense identified with farming or its interests, had been circulating false and slanderous literature to create a sentiment against Up-to-Date Farming, the official paper, and those who stood as unyielding supporters of Equity in its original purpose to help the farmers to secure equitable prices for their crops.

"The address says the 'sincere and loyal members' of the society returned from the Indianapolis convention and held another annual meeting, at which Mitchell was elected president and Everitt vice president.

On the heels of this address comes a lengthy statement from Barnett attacking Everitt for "his 'czarism.'"

"In the first place, as publisher, he made a contract with himself as president, and three others, whereby his paper, Up-to-Date Farming, was to be the official organ for a term of fifty years. As owner of that paper he has received good remuneration for advertising.

"He was president, and by some means or other has managed to hold down the chair for the past five years and drew a salary.

"As president, he managed to have his book-keeper, Mr. I. C. Rous, appointed treasurer. As publisher he either gave Mr. Rous all the space used by R. C. Iroving & Co. (I. C. Rous, by the way) or allowed it as additional remuneration for his service.

"As publisher, in the past year he has received from the society a sum in excess of \$30,000 as subscription to his paper. The advertising in the past year represents over \$100,000.

"As owner of a job printing office he has received nearly \$3,000 from the society for job printing.

"Mr. Everitt has made threats of starting an opposition society, but members of the A. S. of E. express themselves of the opinion that never again will he be able to obtain any hold upon the agricultural class.

DWELLING BURNED.

The cottage of D. C. Williams, about two miles from Pembroke, was destroyed by fire this morning, together with most of the contents. It caught from a defective flue. The loss will amount to about \$3,000, on which there is \$1,100 insurance.

Under \$300 Bond.

Irvin Powell, who was arrested several days ago and brought before United States Commissioner L. Yonts, was tried yesterday on the charge of having shot through a rural free mail delivery box. Commissioner Yonts held him over under \$300 bond to appear before the next federal grand jury and failing to give it Powell was sent to jail at Owensboro.

Thrown From Buggy.

While returning from a box social at Pleasant Green church, near Sinking Fork, last Saturday night, Misses Jossie and Cora Gilky were painfully injured when their horse became frightened at a racket being raised by some parties who were also traveling along the same road, and ran away. The young ladies were thrown from the buggy. The horse was found some time later standing at a gate near the Gilky home.

STILL ARE VOTING

NOT FOR GOVERNOR BUT IN CHILDREN'S CONTEST.

Young Folks More Interested in New Era's Election Than in Any Political Races

The excitement incident to the election held for the purpose of selecting state officers had not died out before the vote in another election was counted. This count was made last night in the New Era's gold watch and pony contest, but instead of being final it was for the purpose of letting the candidates know just how they stand so that they might increase their efforts and make up for any deficit which they might show. It is noted that many of them have closed up to a great extent the gaps which separated them from their opponents and still greater gains may be expected in the future. The state election held Tuesday was a great surprise to everybody, Republicans and Democrats alike, but the election now being held for the valuable prizes which the New Era will give away on December 10 will contain even greater surprises, you mark our prediction.

Last night's count shows that in District No. 8, the regular change is noted, Miss Sarah Smith taking the lead over Miss Janie Walker. The other candidates are closely bunched and anything is probable in this district. In District No. 9 Miss Zora Moreland jumps from fourth to second place. In all the other districts heavy gains are shown by nearly all the candidates.

There were probably two hundred ballots which had been clipped from the paper, that were thrown out at last night's count by reason of the date having expired. We have repeatedly cautioned the candidates about watching this date, which is printed plainly at the top of every ballot, and get them into the ballot box before they have expired, otherwise they will be thrown out when the count is made. If you are holding back any ballots issued on subscription you had better watch these too, for they are also dated at the top and must be voted before that date runs out.
