NOW FOR BUSINESS.

Now that the election is over let us get down to business. We have wasted a great deal of time with political matters and it is time now that our attention was turned to something else. Presidential elections especially are great disorganizers of business matters, the uncertainty of result affecting them. No matter what the result of the election, this is written before it is known, the country is not going to the demimion bowwows. We are all going to live together peaceably, each working out his destiny, whether Bryan is president or Taft is elected.

We have been living under excitement for months and that is neither good for the physical nor mental powers. There is no money in politics to 75,000,000 at least of the people of this country and it is no use tearing one's shirt over the result, no matter what it is. Let us get down to business now and help bring the country back to its united prosperity. Roosevelt panics are pretty stiff propositions, but we can by proper effort overcome them or at least live them down.—Frankfort Journal.

COLD-BLOODED MURDER.

The murder of Senator Edward Ward Carmack, editor of the Nashville Tennessean, is one of the most appalling crimes in Tennessee's bloody annals. His tragic fate is one that shocks the nation. His death calls for the stern and relentless administration of justice. It matters not what position or alliances his slayers boast, their terrible deed is not one to be glossed over or excused on any grounds. Let it be called by its right name, cold-blooded murder. The cheapness of human life, the villification of those in authority, contempt of law, and unbridled manifestations of hate and lust and savagery are being evidenced more and more every day. There is no hope save in law. If Tennessee permits this terrible crime to be transformed into a political farce, she will stand disgraced in the eyes of the world. In the dastardly assassination of Senator Carmack the state has lost one of her ablest, most distinguished and most brilliant sons, whose untimely and cruel taking off is mourned by the entire country.

The cackles of the American hens are swelling into a mighty chorus. Sixteen billion times a year these citizens announce the arrival of a "fresh laid," and the sound of their bragging in waxing loud in the land, according to the Technical World magazine. According to the last census there are valued at \$70,000,000 and the eggs that lay, would, if divided, allow 208 eggs annually to every

person—man, woman and child—in the United States. The value of all the fowls, \$35,800,000, would entitle every person in the country to \$1.12 if they were sold and the proceeds divided. All the weight of the animal products exported, the pork, beef, tallow, ham, bacon and sausage, weigh 846,360 tons, while the weight of eggs laid yearly tips the scales at 970,363 tons.

RELIGION AND POLITICS.

Charges made against President-elect Taft, during the campaign because of his religious beliefs, are made the subject of a letter by President Roosevelt, which he has just made public, and in which he declares that discrimination because of religious beliefs is outrageous and un-American.

The letter is in reply to one received from J. C. Martin, Dayton, O., asking for information as to Taft's Unitarian beliefs, and the charges that his brother and wife are Catholics.

Scores of such letters, Roosevelt declares, were received by him during the campaign.

"To discriminate," he writes, "against a thorough upright citizen because he belongs to some particular church or because like Lincoln, he has not avowed his allegiance to any church, is an outrage against that liberty of conscience which is one of the foundations of American life."

Such a consideration, he says, should never be raised against any candidate for public office, and, as an example of his own belief in this respect, he points to the fact that in his cabinet at the present time Protestants, Catholics and Jews are represented, each chosen solely from the standpoint of his particular fitness to fill the office.

"The Democratic party, though defeated, is in a much stronger position today than at any time since the victory of 1892. The defeat of Mr. Cleveland in 1888 was, all things considered, more disastrous than that of Mr. Bryan this year. The Democrats have made more gains in this election than in any election since 1884, and the Democracy is a more vigorous, a more harmonious and a more effective organization than it has been as a minority party since the days of Tilden."—Lexington Gazette.

GOOD LEAGUE WORK

IS BEING DONE TO IMPROVE THE SCHOOLS.

Strong Interest Is Being Manifested In the Movement—Large Attendance at the Meetings.

Especial attention is being paid in this county to the improvement of the public schools in every way possible. The Christian County School Improvement league was formed at the last meeting of the Teachers' institute and since then several meetings have been held which aroused much interest and were the means of much good.

Largely Attended.

These meetings are made a semi-holiday, the pupils, trustees, teachers and parents of several school districts meeting at a given school and all taking part in the proceedings. At the Lantrip's meeting the crowd is said to have numbered fully a thousand people and everywhere large crowds attend. Basket dinners are generally served and the meeting is an all day affair. Last week the meeting was held at Brick church, on the Princeton road.

Dr. J. B. Jackson, county health officer, is always present at these meetings and he has already produced visible results by his instructions as to how the schools should be conducted in order to keep the pupils in a healthy state. He instructs them as to sanitation and ventilation and how to act in case contagious diseases make their appearance.

General Benefit.

The teachers get together and compare notes of their own experiences which results in general benefit. The trustees follow the same example, the pupils and parents even profit by an exchange of experiences and views and a much better condition is the result. Several such meetings have been held throughout the county and many others are in prospect, the first of which will be at Casky on November 20.

WORK OF THE ROAD BUILDERS

WHAT HAS BEEN DONE IN CHRISTIAN COUNTY.

REPORTS TO FISCAL COURT

Forty Miles of New Pike in Christian County. Construction Will Be Resumed In the Spring.

Fiscal court met Monday, the particular business being the consideration of the road question. The report of a committee which had been appointed at the called meeting last Friday and instructed to deliver to W. F. Garnett & Co., the purchasers of the \$100,000 worth of turnpike bonds, a block of \$15,000 worth of the bonds, reported that this had been done and the money was in the hands of David Smith, the trustee, for use.

Supervisor's Report.

The report of road supervisor W. J. Murphy showed that the sum of \$4,411.88 had been expended during October and that for the seven months from April to October inclusive \$26,719.90 had been expended this coming out of the regular road and bridge fund set aside from the tax levy. Last year during the same period \$29,250.02 was spent. Supervisor Murphy stated in his report that special attention had been paid to grading the roads, to bridges, culverts and ditches and he believed the roads were in better condition to stand the gruelling winter weather and travel than they had ever been before.

Forty Miles of Pike.

The report of J. E. Moseley, civil engineer, who has in charge the construction of new pike to be paid for out of the special bond issue of \$100,000 showed a most satisfactory state this work. Mr. Moseley's report showed that about forty miles of new pike had been completed, this being distributed on seventeen different roads, as follows:

Nashville road.....	5½ miles
Fairview and Pembroke road.....	1½ "
Pilot Rock road.....	1 "
Antioch road.....	1 "
Greenville road.....	¾ "
Johnson Mill road.....	1 "
Kirkmansville road.....	¾ "
Madisonville road.....	¾ "
Buttermilk road.....	¾ "
Princeton road.....	1½ "
Cadiz road.....	2½ "
Gracey road.....	0½ "
Newstead road.....	2 "
Cox Mill road.....	¾ "
Palmyra road.....	4 "
LaFayette road.....	0¾ "
Tobacco road (near Pembroke).....	1 "
Crofton & Princeton road.....	1¾ "
Total new pikes.....	40.7-12 "

More Work Needed.

While the work on most of these roads has been completed there are several of them which are a long way from it yet. For instance there is the LaFayette road on which only one quarter of a mile has been built, or just enough to get work under good headway. This is the road that leaves the Palmyra road at Beverly. The Palmyra road has received its four miles of macadam and now the pike reaches almost to Howell. On the Nashville road the pike is complete to the Todd county line where it is met by a pike built by that county and travelers can now go from here to Trenton without ever getting off the pike. This road passes through Pembroke and is one of much importance to that town. The Clarksville and Fairview roads were already piked to the county line, the Gracey road lacks only a few miles and the work will be continued until all the important roads of the county are metalled to the county limits. All of the new pikes that have been built were laid strictly according to specifications which called for a depth of stone in the center of ten inches and grading to six inches at the edges and the pikes range from twelve to sixteen feet in width.

Getting Its Share.

Every section of the county is receiving its proportionate share of the improvement of roads and the result is especially noticeable in North Christian where the roads generally become so bad. New pikes are gradually stretching into this part of the county and it will only be a short

time until its roads are as good as any.

The county already had about 125 miles of pike in use and this 40 miles runs the total up to 165 miles, a fact in which every citizen of the county should take pride. This forty miles has cost about \$68,000 of the \$100,000 realized from the bond issue. In many sections the residents have made subscriptions which have helped materially in the work. The work for this year is now being brought to a close as the winter is at hand and the pikes cannot be laid successfully after the freezes have begun.

To Resume Work.

Next spring the work will be resumed again and the \$32,000 yet on hand will be enough to keep the work going throughout next summer and will build about twenty miles more which will bring the total close to the two hundred mark.

The recent drouth was a great hardship in many ways but it was the greatest advantage that could have been secured in the road building. As stated before, the work was under headway on seventeen different roads at the same time and the pikes seemed to literally grow as a result of these efforts. The dry weather was exactly suited to the quarrying of rock, the hauling of it to the desired spots, the grading of the roadbed and every phase of the important work.

GET THEIR PAY

Officers of Election Like Operation of New Law.

Heretofore the officers of registration, of the election and the election commissioners have had to wait several months before getting the money for their services. Under the new law however these amounts are payable at once and the fiscal court Monday allowed the claims of the officers who officiated at the registration in this city, at the various election precincts throughout the country and the board of election commissioners.

NAME DR. CAMPBELL

TO SUCCEED DR. FERGUSON AT WESTERN ASYLUM.

Young Bowling Green Physician Is Appointed by the State Board of Control.

(From Tuesday's Daily)

The bi-partisan board of control of Kentucky charitable institutions, at the regular meeting at the asylum, Monday, appointed Dr. D. A. Campbell, to the position of first assistant physician of the Western Kentucky Asylum for the Insane, vice Dr. J. M. Ferguson, the incumbent.

Dr. Campbell is a prominent young physician and Republican of Bowling Green, and has had experience in asylum work. He has a wife, but no children.

Dr. Ferguson, who, by the expected

political program, loses his position, has a host of friends and admirers here. He is an admirably qualified physician and has discharged his duties at the asylum with rare efficiency and faithfulness. He will return to his home in Muhlenburg county. Dr. Ferguson did not learn of his removal until today.

Three members of the board of control attended the meeting, viz: Col. Albert Scott, Republican; Stanley Milward, Republican, and Dr. Milton Board, Democrat. Percy Haly, the other Democratic member, was not present.

Other business transacted was of a routine nature. Col. Scott is still here and the other members have returned to Louisville.

The Imperial Deal.

Dr. J. L. Barker, chairman of the Christian county committee of the Planters' association, states that the deal on between the association and the Imperial company—referred to in the widely published Clarksville dispatch—has not yet been consummated. In case the contracts are made, Montgomery county will not, as might be inferred from the Clarksville telegram, get all the benefit, but Christian and other counties in the district will come in for their proportionate share.

S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. WOMAN AS A RIDER

SAYS SHE OFTEN ACCOMPANIED MEN ON RAIDS.

Special Session of Court and a New Grand Jury to Investigate Reel-foot Murder.

UNION CITY, Tenn., Nov. 6.—Admissions of a startling nature were made by Mrs. Ella Pride, it is claimed, when she was taken before the coterie of lawyers who are prosecuting the Night Riders cases. It is said she admitted that she had been a helper of the Night Riders, had gone with the riders on some of their raids and has a list of them, and their secrets, which she unfolded Wednesday morning.

Her testimony was taken down by a stenographer, it is said, and is one of the most damaging blows yet secured against Night Riders. According to the story told by Mrs. Pride she was forced into the night riders' organization through a combination of circumstances. After she had learned their secrets they took her on some of the raids. She denied that she was in the Walnut Log raid.

Later she and some members of the gang had a quarrel. It is intimated that jealousy had something to do with the quarrel and became so bitter that her house was finally burned. Her father, Z. Baugus, and she were whipped by the night riders, and it is understood her father will swear to a number of affidavits against men whom he recognized in the raid on him. Mrs. Pride's confession may also be used in swearing out a number of other warrants. Mrs. Pride is about 40 years old.

Attorney General Caldwell would not state whether she would go before the grand jury.

She claims she was secretary of the night riders and has all of their secrets written down.

Roycroft Philosophy

By Fra Elbertus

Written in a sincere and kindly desire to help the young who do not know, and the older ones who sometimes forget

Copyright, 1908, by Elbert Hubbard.

It is foolish to say sharp, hasty things, but 'tis a deal more foolish to write 'em. When a man sends you an impudent letter, sit right down and give it back to him with interest ten times compounded—and then throw both letters into the waste basket.

To obtain a place, a free field, a harmonious expansion for your power—this is life. To be tied down, pinned to a task that is repugnant, and have the shrill voice of necessity whistling eternally in your ears, "Do this or starve," is to starve—for it starves the heart, the soul—and all the higher aspirations of your being wither away and die.

The man who allows his life to justify itself, and lets his work speak, and when reviled reviles not again, must be a very great and lofty soul.

If you wish to get an education you can.

Your heart does the work.

Be sure of one thing—yourself.

Do not sneak your way through life.

Have something back of the smile.

An act is only a crystallized thought.

Remember the week-day to keep it holy.

The store is a hive; be a bee, not a drone.

A business education is an economic freedom.

Every duty well done makes the next easier to do.

It is ridiculous to suppose that a youth can shut himself away from the actual world of men, women and things in a college for a few years, and then come forth and direct mortals in the way of life.

HIS TOBACCO SOLD

BUT RAISED IT ONLY WITH GREAT DIFFICULTY.

Sales of Burley Begin at Lexington. Johnson Has Guards and a Searchlight.

LEXINGTON, Ky., Nov. 6.—Tobacco sales in the south for the disposal of the 1908 crop opened on the Lexington breaks. One hundred and sixty thousand pounds were sold at \$11 to \$23 per hundred. The American Tobacco Co., known here as the trust, bought nearly all the tobacco offered, securing the greater part of it at \$19.50, \$22 and \$23 per hundred. Only 22,000,000 pounds of tobacco were raised in the white burley district this year, and it is believed the trust will buy it nearly all regardless of the price.

Last year the same district produced 80,000,000 pounds, the yield being cut down this year because of night rider outrages, and the "no crop" of the Society of Equity. A large part of the tobacco sold today was raised near town by Louis Johnson, who from the time the seed was planted last spring had guards about his field and barn. He had nine men about his buildings up to last night to keep away nightriders, and with one exception raised the only crop without night rider molestation. Johnson's crop was the largest raised in Kentucky this year, and is valued at \$10,000.

He has a searchlight in a cupola on top of the house, which is constantly used every night to prevent the occupants being surprised by nightriders, as they have sworn vengeance for his defiance.

RATIONAL CURE FOR ECZEMA

No More Dosing the Stomach—Cure The Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it, and then the skin cures itself. You do not take blood medicine to cure a festering wound.

The best skin specialists today are agreed that the only way to cure the skin is through the skin.

The fact that eczema is a skin disease and not a blood disease is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an inward malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a true skin cure by using oil of wintergreen as compounded by D. D. D. Prescription.

This liquid attacks the disease germs, numbing them while building up the healthy tissue of the skin. We have now handled this meritorious and thoroughly scientific remedy for so long and have seen its reliable result so many times that we freely express our confidence. L. L. BABY'S EYESIGHT WAS THREATENED

By Terrible Eczema—Head Became a Mass of Itching Rash and Sores—Would Scratch Till Blood Came—Much Money Wasted in Fruitless Treatments—Disease Was Soon

CURED AT SLIGHT COST BY CUTICURA REMEDIES

"Our little girl was two months old when she got a rash on her face and within five days her face and head were all one sore. We used different remedies but it got worse instead of better and we thought she would turn blind and that her ears would fall off. She suffered terribly, and would scratch until the blood came. At night we had to pin her hands down. This went on until she was five months old, then I had her under our family doctor's care, but she continued to grow worse. He said it was eczema. When she was seven months old I started to use Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and in three weeks—what a change! I kept using the Cuticura Remedies for two months and our baby was a different girl. You could not see a sign of a sore and she was as fair as a new-born baby, and all for the small cost of a dollar and seventy-five cents where we had spent ten times the money for doctoring. She is now two years old and has not had a sign of the eczema since. Mrs. H. F. Budke, R. F. D. 4, LeSueur, Minn., Apr. 15 and May 2, 1907."

I tried several remedies but it grew worse until I got some Cuticura Soap and Cuticura Pills which began to relieve me at once. By the time I had used one vial of the Pills, the humor was entirely gone. I wish every sufferer could secure the Cuticura Remedies. Travis Bates, Hamburg, Ark., April 26, 1907."

SOLD SOME PEANUTS

AND WAS WHIPPED BY TENNESSEE NIGHT RIDERS.

Family Needed the Necessaries of Life—Wife Made to Witness the Brutal Beating.

WAVERLY, Tenn., Nov. 6.—Jesse Robinson, a farmer living on the Tennessee river near Cuba Landing, was taken from his home to the woods nearby a few nights ago and given a severe thrashing with hickory whips by some unknown parties, who also made his wife go with them to witness the punishment inflicted.

It is said that Mr. Robinson, who belongs to the Farmers' union, had sold several sacks of peanuts a few days before, and this gave offense to his enemies.

After wearing out several switches on him they made him take the stumps of the whistles home with him that he might remember not to offend in future.

Mr. Robinson is a poor man and he and his family have been ill nearly all summer. He sold his peanuts so that he might pay his debts and provide some necessities for his family. He is a member of the Farmers' union in good standing, and his loyalty to the union is said to be attested by the fact that he has on hand his last year's crop of peanuts, holding them for a better price, as other union men are doing.

Mr. Robinson says he has no idea who his assailants were, not knowing that he had an enemy anywhere.

Several merchants of the same community and other citizens have been warned not to buy or sell peanuts until they were given notice of the price to pay or at what price to sell.

Facts About the Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickled Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing Majestic.

As for baking, it is perfection; not only for a few months, but for all time to come.

A Great Majestic Range lasts three times, as long as a cheap range, but don't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

ANCIENT DEMOCRAT

PROBABLY OLDEST VOTER IN THE COUNTRY

Has Never Failed to Cast His Ballot And Never Scratched The Ticket.

The claim of Christian county to producing in the Cayce family the largest number of Democratic voters in the same family was never refuted or even questioned, but to our neighbor, Trigg county, belongs the distinction of having the oldest active voter possibly in the country. For the seventy-sixth time in his life "Jack" Wood, one of the foremost citizens of that county, voted the Democratic ticket last Tuesday.

The ballot was cast at Roaring Springs and to reach the polling place Mr. Wood had to ride in a surrey three miles over some of the roughest and hilliest road in that county. This he did, though, and kept clear his record of "never having missed an election or scratched a ticket" since he became of age.

Mr. Wood recently passed his ninety-seventh birthday and despite his advanced age he is still hale and hearty and talked to his friends gathered at the voting place last Tuesday. He expects to see several more elections roll around and says he will continue to cast his ballot each time if he can possibly get to the polls.

Tickling, tight Coughs, can be surely and quickly loosened with a prescription. Druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No opium, no Choloform, absolutely nothing harsh or unsafe. The tender leaves of a harmless, lung healing mountainous shrub, gives the curative properties to Dr. Shoop's Cough Remedy. These leaves have the power to calm the most distressing Cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babes. Test it yourself! and see. Sold by Anderson & Fowler Drug Co. (Incorporated.)

NOT CLERK'S FAULT

That Ballots Ran Short at Baker's Mill.

The New Era:

There has been some talk regarding the giving out of the ballots at Baker's Mill precinct at last Tuesday's election and from some sources I have been accused of sending out less than the necessary amount for political purposes. The law expressly states that each year the number of ballots to be printed shall be decided by the election of the preceding year; that an additional fifty per cent shall be added to the number of votes cast the year before. In 1907 a total of 145 votes were cast at Baker's Mill, and by adding fifty per cent to this the number of ballots as required by law should have been 218, but to make sure, the book contained 230 as any one can see by the stub book. The reason the ballots gave out was on account of the unprecedented and unexpected increase in the vote.

Trusting this will fully explain the matter, I am

Yours Truly,
G. L. CAMPBELL,
County Court Clerk.

Good Cough Medicine for Children and Grown Folks, Too.

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain, of Floyd, Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too." The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years' experience in the use of it. No one need hesitate to use this remedy for it contains no choloform, opium or other narcotics and may be given to a child as confidently as to an adult. For sale by Anderson-Fowler Drug Co. Improvement League.

(From Saturday's Daily)

The Gracey School Improvement League gave a box supper at the school house last night for the benefit of the school.

The affair was a decided success, netting the sum of \$33 dollars.

The first improvement to be made with this money will be to install the individual cup system in the school. Other improvements will follow. The league at Gracey has some very determined ladies as members.

NIGHT RIDERS NEAR NASHVILLE

Warned Two Men Not to Open A Lumber Mill And Attempted to Destroy The Property By Fire

NASHVILLE, Tenn., Nov. 7.—A band of Night Riders appeared within thirteen miles of this city last night.

They warned two brothers, J. and C. Brown, not to open a lumber mill. The Night Riders tried to set fire to

both the mill and a quantity of lumber, but failed to accomplish their purpose.

Two arrests have been made, and the officers of the law are determined to ferret out the band and capture all of the members.

ADLAI E. STEVENSON WILL CONTEST DENEEN'S ELECTION

CHICAGO, Nov. 7.—The election of Gov. Charles S. Deneen to serve another term as governor of Illinois will be contested by his defeated Democratic rival, according to a signed statement issued by Charles Boeschenstein, chairman of the Democratic state central committee. The statement follows:

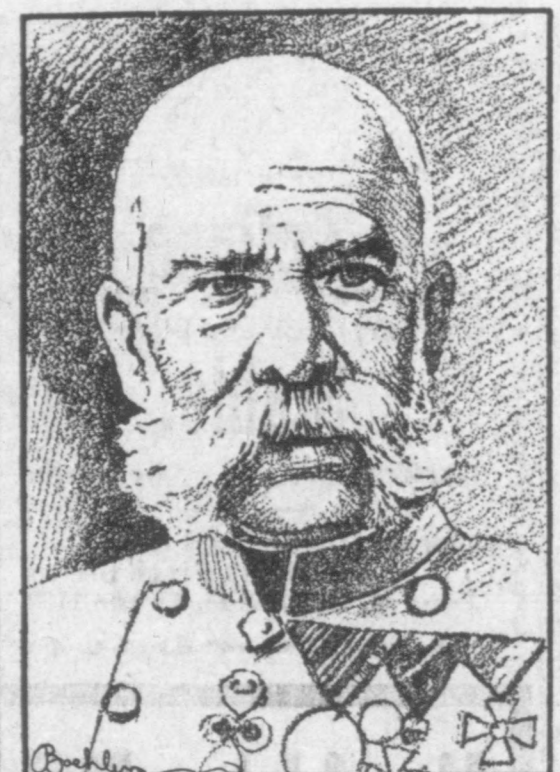

"I am convinced that with a correct count and an honest canvass, Adlai D. Stevenson has a plurality of the vote cast in the election last Tuesday for governor of Illinois. We will demand that the ballots be recounted. The demand for a recount will be made upon the legislature as provided for in the statutes."

Gov. Deneen's plurality is estimated at 23,000 to 26,000. Ben P. Atwell, secretary to Chairman Boeschenstein, explained that errors in the count had already been discovered in several precincts, and it was calculated that if only three ballots in each of the 4,040 voting precincts in Illinois were taken from Deneen and given on account to Stevenson the latter would be found to have won the election.

KERN ANNOUNCES AS A CANDIDATE FOR SENATOR

Bryan's Running Mate Wants to Succeed Hemmaway in Indiana.

INDIANAPOLIS, Ind., Nov. 9.—John W. Kern, defeated candidate for Vice-President, announces that he is a candidate for United States Senator to succeed James A. Hemmaway. The Indiana legislature is Democratic on joint ballot by a majority of twelve. Others mentioned as probable candidates are John E. Lamb, of Terre Haute, who was in charge of Democratic National headquarters at Chicago during the last campaign; Thomas Taggart ex-National chairman; State Senator L. Ert Slack, Benjamin E. Shively and Edward Hoffman, of Fort Wayne.

After declaring that it has always been his life-long ambition to represent Indiana in the United States senate, Mr. Kern said: "I do not want the place unless the Democrats of Indiana so desire. If a majority favor my election, I feel that I am entitled to it. It is scarcely necessary to say that I have no money to put into the race. If I am elected, it will be because the people favor me and so declare through their representatives."

IN SACRED SESSION

ELKS WILL HONOR MEMORY OF DEPARTED BROTHERS.

The Hon. Thomas Thomas, of Bowling Green, Will Deliver the Annual Memorial Addresses.

The annual sacred session of Hopkinsville Lodge No. 545, Benevolent and Protective Order of Elks, will be held on the afternoon of the first Sunday in December. This beautiful custom of paying tributes of respect and love to the memory of departed brothers is observed with impressive ceremonies at the same time in every city and town in America in which an Elks' lodge is established. In Hopkinsville the following committee has charge of the details of the service: Col. J. H. Underwood, T. J. Tate, J. D. Russell and E. J. Duncan, all past exalted rulers, and Lawson B. Flack, the esquire. As the orator of the occasion the lodge, through the committee, extended an invitation to the Hon. Thomas W. Thomas, of Bowling Green, a prominent member of the order and a leading attorney of the Warren county bar, and he has consented to deliver the annual address. Mr. Thomas, who is a brother of the Rev. Frank Thomas, chaplain of the Third Kentucky regiment, and Capt. Richard Thomas, is an able and eloquent speaker and a thinker of marked originality. Last year, members of the local lodge, John Stites and J. T. Hanbery, were the eulogists, and in preceding years addresses have been delivered by former Mayor Robert Worth Bingham of Louisville, and Hon. E. E. Earlywine of Paris, former Attorney General E. A. Price, of Nashville, Rev. Geo. C. Abbit, the chaplain of the lodge, Attorney General James Breathitt, District Deputy Grand Exalted Ruler William Farley, of Paducah, and the Hon. Ruby Laffoon, of Madisonville. The service, owing to the very large assemblage of citizens that always attend, will probably be held at the tabernacle, which will be appropriately decorated for the occasion. The musical features of the occasion promise to be unusually attractive, that portion of the program being in the capable hands of Mr. Flack. Messrs. Jarrett, Duncan and Tate will look after the decorations.

WOMEN, LOVELY WOMEN

"Fair Tresses Man's Imperial Race Ensnare," Says Pope.

The grandest of feminine attractions is a beautiful head of luxuriant hair. Glorious hair! Great poets have sung its praises; artists have endeavored to portray it accurately, but have seldom succeeded.

Are you a woman? Would you crown yourself with glorious hair? Would you add doubly to your present attractiveness?

Then go to the drug store of Cook & Higgins and ask for a bottle of Parisian Sage, the great hair tonic and beautifier. A large bottle costs but 50 cents, and in one week's time it will change harsh, lusterless, untidy hair into soft, silky and luxuriant hair.

Parisian Sage is fully guaranteed by Cook & Higgins to stop falling hair, cure dandruff and itching of the scalp in two weeks, or money back.

It kills the microbes, that's how it cures dandruff. It is a pleasant and invigorating hair dressing, does not dye the hair, and is not sticky or greasy.

"I have used Parisian Sage two weeks only, yet in that time I find my hair has wonderfully increased in beauty, thickness and luxuriance. But what surprised me most was the disappearance of all dandruff. It pleases me to recommend such an efficient remedy to all my friends. Gracefully yours, Mrs. Maud Hagar, 617 West 136th St., New York City."

For sale by Cook & Higgins or by express, all charges prepaid, from Groux Mfg. Co., Buffalo, N. Y.

Stop That Cold

To check early colds or grippe with "Preventics" means sure defeat for pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head of these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 1c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

BEECH CUT OFF

Judge Hargis Leaves All His Estate to His Widow.

JACKSON, Ky., Nov. 7.—The will of Judge James Hargis was probated in the Breathitt county court.

BEECH HARGIS.

Young Kentucky feudist who slew his father and is aided by his mother in his fight for acquittal.

The witnesses are Floyd Day, now administrator for the Hargis estate, and Judge G. J. C. Black, the attorney who prepared it.

This will is dated June 5, 1906, and by its provisions bequeath all of the property of Judge Hargis of every kind to his widow.

Beach Hargis, the youthful slayer of his father, received nothing whatever from the Hargis estate. Neither does Mrs. Evelyn Hogg, the only daughter of Judge Hargis. Floyd day was discharged as administrator.

Rheumatism promptly driven from the blood with Dr. Shoop's Rheumatic Remedy. Don't waste time with common remedies. A test will surely tell. In tablet or liquid form. Sold by Anderson & Fowler Drug Co. (Incorporated.)

SUNDAY'S GOSPEL HIT.

JACKSONVILLE, Ind., Nov. 7.—"Billy" Sunday, the baseball evangelist, closed a five weeks' meeting here. In two free will offerings he received \$7,779. The people started to take the third offering when the evangelist entered the tabernacle and stopped the tellers. Finally the evening offering, at the suggestion of an evangelist, was given to a hospital.

Sunday has caused 2,542 professions of conversions, and 20,000 people heard him Sunday. Every saloon in Jacksonville has closed its doors, and fifteen saloon proprietors are enjoying liberty through the sufferance of the judge of the circuit court.

It has been the greatest gospel clean-up Jacksonville has ever seen.

JURY WHEEL FILLED

NEW COMMISSIONERS HAVE COMPLETED THE WORK

Special Term of One Week in Order To Relieve Crowded Condition of Docket.

(From Saturday's Daily)

The jury commissioners, J. W. Riley, James Orten and Oscar Wilson, have completed their work of filling the jury wheel with the names of citizens from whom the juries for the next term will be drawn.

Before adjourning court this morning Judge Cook made an order calling a special term of one week to convene one week in advance of the regular February term, this being done so that the present crowded condition of the docket might be relieved. In calling this special term Judge Cook had the hearty support of all the lawyers at the bar and a special docket of eighteen cases, or three per day for the time, was soon agreed upon which should be tried during that week. Nearly all of these cases are small but they greatly hamper the docket and if they will greatly ease the situation. The special term will begin on the third Monday in February and will make the term at that time last for seven weeks instead of the usual six weeks.

Judge Cook wound up the business of the present term just in time to take the 11:30 train for his home at Murray where court will open Monday morning. Special interest centers in the coming term at Murray as several cases where the defendants are charged with night riding are on the docket.

NEW STAMPS

Will be Issued This Month by The Government.

Information has been received here that the postoffice department has in course of preparation a series of postage stamps of new design, known as the series of 1908, and that stamp books containing the new 2-cent stamps will be ready for issue to postmasters Nov. 16. Requisition for postage stamps will be filled with the old design until the supply of the department is exhausted, unless the postmasters indicate the new stamps are desired.

The postage stamps of the new design are of 1, 2, 3, 4, 5, 6, 8, 10, 13, 15, 50-cent and \$1 denominations. The 1 cent stamp bears a head of Benjamin Franklin in profile from Houdon's bust. All the other denominations bear the head of George Washington, in profile from Houdon's bust. The border designs of all the denominations are identical, the head being in an ellipse on end, with laurel leaves on either side of the ellipse. Above the head are the words "U. S. Postage," and below it the denominations. The size and shape of the stamps are the same as the series of 1902.

OF NEW YORK CITY AND THEN
KILLED HIMSELF.

Stenographer, Supposed to be Insane,
Causes Shocking Tragedy on
Streets of the Metropolis.

NEW YORK, Nov. 10.—As a result of a shocking tragedy, Edward M. Morgan, postmaster of New York, and a distinguished citizen, is seriously wounded, and E. P. Mackey is dead.

Mr. Morgan was shot on the street by Mackey, who was a stenographer for a law firm.

After firing on the postmaster, the stenographer turned the pistol on himself and fired a bullet into a vital spot.

It is supposed that Mackey was insane.

Mr. Morgan was removed to a hospital. He may recover but his wound is very dangerous.

Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest and lungs," says W. V. Henry, of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Cook & Higgin's drug store and Cook's Pharmacy. 50c and \$1.00. Trial bottle free.

ROOM FOR OTHERS.

Elsewhere in this issue of the New Era appears a notice entitled "Dividend No. 1," a simple announcement that the directors of the Mogul Wagon company met last Thursday in semi-annual session and declared a 3 per cent dividend on their Preferred stock for the first six months of the new corporation.

This city and community are gratified to see success crowning the efforts of this enterprise at the very outset, for its prosperity means much to us. It puts into manufactured shape crude material grown in our native forests, which, shipped to other states, brings in foreign capital.

In an interview with one of the directors, he stated that a report of the meeting in question, recited the fact that the company had sold within the last thirty days, one-fourth as many complete wagons as the old plant ordinarily turned out in twelve months. The improved wagon being turned out by the new plant strikes the eye of the dealer and the farmer, while retaining the qualities of strength and durability that have made the Mogul famous.

Such a showing for its first six months, made as it was in an exceedingly dull wagon year, is most flattering, while next year bids fair to be a prosperous wagon year, the country over, which always follows a year of depression.

Hopkinsville offers to investors advantages and conditions superior to those of any city in this section of the country.

Now let others profit by the example of the Mogul Wagon company.

A clergyman writes: "Preventives, those little Candy Cold Cure Tablets are working wonders in my parish." Preventives surely will check a cold, or the grippe, in a very few hours. And Preventives are so safe and harmless. No quinine, nothing harsh nor sickening. Fine for feverish, restless children. Box of 48 at 25c. Sold by Anderson & Fowler Drug Co. (Incorporated.)

The official count of Christian county's vote in the election of Nov. 3 was completed this morning by the board of commissioners. Taft's majority is 1,442, just three less than the unofficial returns published by the New Era. This majority is on the basis of the vote cast for the Second district electors. Worsham's majority is 1,294. Prosser receives a majority of 801 and Renshaw \$35. The county stock law was defeated by the overwhelming majority of 1,867. In the vote for electors-at-large the vote is as follows:

Republican.

H. G. Smith.....4,616
T. J. Sparks.....4,597

Democrats.

Ward Headley.....3,120
William Smith.....3,160

A. J. Wells received 6 votes for elector, his name being written with pencil.

The foregoing table gives the official returns.

Clements' Ambition.

The Owensboro Inquirer states that La Vega Clements, of Owensboro, Democratic candidate for elector in the Second district at the late election, is an avowed candidate for congress to succeed the Hon. A. O. Stanley, of Henderson. Mr. Clements made several speeches in Christian county during the campaign.

For Franks' Shoes.

The Inquirer at Owensboro publishes the following list of tentative candidates for the position of internal revenue collector for the Second Kentucky district:

E. T. Franks, of Owensboro, the incumbent.
George W. Jolly, of Owensboro.
Lawson Reno, of Owensboro.
M. L. Heavrin, of Hartford.
A. J. Oliver, of Allen county.
Walker Wilkins, of Central City.
Judge Sparks, of Greenville.
Mr. Speight, of Mayfield.
Dr. William Turner, of Bowling Green.

Judge W. T. Fowler, of Hopkinsville.

Tom And Dick.

Capt. R. C. Thomas, of Bowling Green, is having a little fun at the expense of Hon. T. W. Thomas, who is to be the orator at the Elks annual memorial services at the Hopkinsville tabernacle. Says the B. G. Messenger: "Several spellbinders in the recent campaign were discussing the results as the returns were coming in. City Attorney Dick Thomas was twitting his brother, County Attorney Tom Thomas. 'You made speeches in Allen county, and the county went 500 Republican. You were billed to speak in Simpson, and I had to go in your place. Look at the result—eight hundred to the good. They invited you to Todd, and I went as your under study. Todd landed back in the Democratic column with 333 majority.' Tom could not say anything, for it was even so as Dick had asserted."

ELECT GEO. BARNES

TO SUCCEED S. G. BUCKNER AS
SALESMAN.

Prizers and Warehousemen For the
Association.—Report of Condition
of the Local Market.

The Christian county executive committee of the Planters Protective association met this morning in adjourned session, the chief business to come before them being the awarding of prize contracts, warehouse contracts and the election of a salesman and bookkeeper. After receiving reports from the various committees, all of these showing the work of getting the new pledges signed was progressing most satisfactory, the committee went into executive session and all except committeemen were excluded from the circuit court room where the meeting was held.

The selection of a salesman was the first thing taken up and the committee instructed for George W. Barnes for that position. This instruction must be ratified by the district executive committee which meets at Guthrie, but as the wishes of a county committee are almost invariably acceded to, this is equivalent of an election. Mr. Barnes has been a member of the county committee for three or four years and has prized tobacco for the association at his place at Carl.

Further than this the actions of the committee were not announced and they are in executive session again this afternoon.

Last week showed quite conditions on the local tobacco market than have ruled for the past two or three weeks.

Sales by the Planters' Protective association at this place amounted to 46 hogsheads, prices being those prescribed by the schedule adopted by the organization. Instead of awarding prize and storage house contracts last week, the county executive committee of the association postponed this action until to day. After these contracts have been awarded, tobacco will begin to move, provided it ever rains again, and tobacco is brought into condition for handling. Not once since the tobacco crops were cut and housed has there been enough moisture to bring it into condition, and it is now so dry that the slightest touch causes it to crumble.

There was nothing doing with the Society of Equity last week, their stock having been about sold out.

Commenting on the condition of the local trade during the month of October, Broker M. D. Boales, says:

"There has been larger inquiry and demand, with increased sales during the month, with some encouragement for larger deals during November from negotiations now under way. Quite a large sampling is being done as well as regrading, the prices being lowered on all grades except low lugs. The time is now at hand when buyers are able to buy more freely at lower prices than at any time this season. Prices now rule as follows:

"Lugs—Low, \$7.00; common, \$7.00 @ 7.25; medium, \$7.50 @ 7.75; good, \$8.00 @ 8.50; fine, \$8.50 @ 9.00.

"Leaf—Low, \$7.50 @ 8.00; common, 8.50 @ 9.00; medium, \$9.00 @ 10.00; good, \$10.00 @ 11.00; fine, \$11.00 @ 12.50.

"Clear wrappers \$9.50 @ 12.00; binders, \$8.00 @ 9.50; fillers, \$7.00 @ 8.00.

"Receipts for the year, 3,628 hogsheads; sales for the month, 328 hogsheads; stock on sale, 2,957 hogsheads.

"The weather has been very dry, no rain having fallen in two months or more. Hence there has been no season for handling the new crop."

SALE OF RAILROAD

Irving H. Wheatcroft, president of the Kentucky Valley Railroad company, has transferred his railroad to the Illinois Central Railroad company. Negotiations for the sale of the property have been pending for some time and the deal was closed last week. The consideration is not made public but the sum paid for the road is said to have been over \$200,000. The road runs from Providence to Wheatcroft, where it connects with a branch of the Illinois Central and was constructed about three years ago. This road will be greatly improved by the new owners and put in first class condition.

CONSUMPTION
COST BILLION

This the Annual Loss to the Nation, Say Experts
at the Tuberculosis Congress.

According to Prof. Irving Fisher of Yale, the "Great White Plague" costs over one billion dollars a year. He estimates that consumption kills 138,000 every year in the United States. This is equal to the deaths from typhoid fever, scarlet fever, diphtheria, appendicitis, meningitis, diabetes, smallpox, and cancer all put together.

Consumption is undoubtedly infectious and like Pneumonia and Diphtheria is usually contracted in winter when closed doors and windows cause impure air. Careful ventilation and the use of a reliable disinfectant are the best preventatives. The last thing at night pour into the traps of the closets, wash-basins, sinks, etc., a little Platts Chlorides. All suspected places should be freely sprinkled with a mixture of one (1) part Platts Chlorides and ten (10) parts of water. Platts Chlorides is an odorless, colorless liquid disinfectant which destroys foul odors and disease germs. It is sold everywhere in full quart bottles, and is prepared only by Henry L. Platt, 42 Cliff St., New York.

Lesson VII.—Fourth Quarter, For Nov. 15, 1903.

THE INTERNATIONAL SERIES.

Text of the Lesson, Ps. xxiii.—Memory Verses, the Whole Psalm—Golden Text, Ps. xxiii, 1.—Commentary Pre- pared by Rev. D. M. Stearns.

[Copyright, 1903, by American Press Association.]

How beautiful the description of David in II Sam. xxiii, 1, "David the son of Jesse, the man who was raised up on high, the anointed of the God of Jacob, and the sweet psalmist of Is- rael," and notice in verse 2 from whence he received his messages, "The spirit of the Lord spake by me, and His word was in my tongue." The tongue and the pen were David's, but the messages were the Lord's by His spirit. See also Ex. iv, 12; Jer. i, 7-9; Ezek. iii, 10, 11; John xii, 49, and note how the prophets and even our Lord Himself received their messages from God the Father. The spirit of Christ in the prophets had mainly a twofold theme, the suffering of Christ and the glory that should follow (I Pet. i, 11), and in no psalm are these more fully set forth than in Ps. xxiii, written as if by an eyewitness and giving some of the very words He uttered on the cross (verse 1), yet pointing on to His resur- rection kingdom and glory, saying, "The kingdom is the Lord's, and He is the governor among the 'nations'" (verse 23).

The psalm for today seems to refer to the millennial glory of Israel and yet was the personal experience of David and may be that of each indi- vidual believer. David knew well the life of a shepherd and what it meant to care kindly for the sheep, and even to put his life in danger for them, as when he delivered one of his lambs from a lion and a bear and slew them both (I Sam. xvii, 34-36). As he thought of his care of his flock he could look up to the living God, the Lord of hosts, and say, "Jehovah is my shepherd," and as he knew that his sheep were safe and well cared for under his watchful care, so he was sure that he was even better cared for by his shep- herd, the stone of Israel (Gen. xlii, 24; Ps. lxxx, 1). Hear the Lord's own words in this connection in John x, 11: "I am the good shepherd. The good shepherd giveth his life for the sheep." Think of Him also as great shepherd living in us and working in us to will and to do of His good pleasure (Heb. xii, 20, 21). Then see (I Pet. v, 1-4) where as the chief shepherd He will reward those who for Him feed His flock. All the blessedness comes from being able to say My Shepherd.

We may know all the facts about Him and believe all that He says He is and has done and will do, but if there is no personal appropriation there is no benefit. The soul must be able to say My Redeemer, My Lord, My Shep- herd. Then we can rest in Rom. viii, 32, and know of a surety that we shall not want, for there is no want to them that fear Him and live uprightly before Him (Ps. xxxiv, 9, 10; lxxxiv, 11). Lying down is restful, and green pastures speak of satisfaction; satisfied and restful. He satisfies the hungry soul. There is such a thing as abiding satisfied (Prov. xix, 23), and yet there is a satisfaction that will be only when we awake in His likeness (Ps. xvii, 15). In Him dwelleth all the fullness of the Godhead (Col. i, 19; ii, 9), and if we are not filled full in Him the diffi- culty is with us and not with Him. Not only rest and fullness, but quiet- ness of soul, is ours also in Him (verse 2, margin). He is "The Lord our Righteousness" (Jer. xxiii, 6), and the work of righteousness is peace, and the service of righteousness is quiet- ness and assurance forever. When He giveth quietness, who then can make trouble? (Isa. xxxii, 17; Job xxxiv, 29.) Like sheep we are prone to wander, and straying sheep must be sought, for they do not return of their own accord; therefore David said: "I have gone astray like a lost sheep. Seek thy servant" (Ps. cxix, 176).

His sheep can never perish, but may lose the joy of salvation; hence the prayer, "Restore unto me the joy of Thy salvation" (John x, 28; Ps. ii, 12). Being righteousness itself, He can lead only in paths of the same, and this He does, as He does all else, not for our sakes, but for His Name's sake (verse 3; I John ii, 12; Ezek. xxxvi, 22). Let us say: "Lord, I place my hand in Thine and will not murmur nor repine. Content whatever lot I see, since 'tis my God that leadeth me." Our whole life here is lived in the shadow of death, for it is always true as David said elsewhere, "There is but a step between me and death" (I Sam. xx, 3). But He is with us every day and all the way, and nothing can touch us unless He permit it, and if He allows death to touch us it will be a gain, a very far better "release" from the body, present with the Lord.

A table in the presence of his enemies was many a time David's experience while fleeing from Saul and Absalom. It will be Israel's in millennial days. It will be ours as far as we need it, and it is for God's glory. Our future as be- lievers is all told in verse 6. God is love, and love is kind, and therefore He cannot permit anything that is not loving kindness as He sees it, however it may look to us. Here we may dwell in Him and He in us (John xiv, 23; xv, 23; II Cor. vi, 16-18), and by and by it will be for every child of God "for- ever with the Lord," and with Him on His throne (I Thess. iv, 17; Rev. iii, 24). May we ever hear His voice as in

Bad Symptoms.

The woman who has periodical head- aches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, drag- ging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or with- out pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which de- mand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescrip- tion. No medicine has such a strong professional endorsement of each of its several ingredients, with much more than any other medicine.

The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are der- ranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Fa- vorite Prescription." It will not perform miracles; will not cure tumors—no med- icine will. It will often prevent them, if taken in time, and thus the operating knife and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

NEW YORK, Nov. 6.—Charles W. Morse and Alfred H. Curtis, a former president and vice-president of the National Bank of North America, were found guilty by the jury in Judge Hough's court about 6 o'clock last night on two charges. One charge is for misapplication of funds and the second for making false entries. A recommendation for mercy in Curtis' case is made.

Sentence will be passed by the court.

On the charge of misapplication of funds the prisoners may be sen- tenced on each count to two years' imprisonment and \$10,000, or both fine and imprisonment.

On the conviction for falsifying the books of the bank the penalty is five years imprisonment.

Sentence Passed.

INHERITANCE TAX

CLAIM IS MADE BY STATE REVENUE AGENT

First Case in Christian County Under the New Law.—Papers Filed in Circuit Court.

Holland L. Anderson, state revenue agent, has filed suit here against M. C. Forbes, executor of the estate of James K. Forbes, for back taxes alleged to be unpaid, and for an inheritance tax.

In his petition the revenue agent claims taxes on \$5,000 in bank, \$5,000 worth of notes and \$2,000 worth of accounts for 1905, 1906, 1907 and 1908, and for the 20 per cent penalty provided for collection.

He also alleges that \$150,000 worth of property was left to M. C. Forbes and Mrs. Mary L. Givens and he prays for an inheritance on this of \$5 on the \$100.

WOMEN'S WOES.

Hopkinsville Women are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ill. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people from all over the United States.

Mrs. W. T. Winegar, living on Clarks-ville street, Elkton, Ky., says: "I am very glad to state that Doan's Kidney Pills cured me of a most annoying case of kidney trouble which had resisted doctors' treatment and every remedy that I had given a trial. My health and strength became greatly run down, I had little ambition to perform my household duties. Hearing of Doan's Kidney Pills I was for. Before I had finished the contents of the first box of the remedy, I noticed a decided change for the better in my condition and by the time I had used the second box, I felt like a different woman. I do not hesitate to give Doan's Kidney Pills my endorsement."

Plenty more proof like this from Hopkinsville people. Call at S. A. Johnson & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

SON OF WATTERSON

FALLS FROM A WINDOW AND IS
KILLED.

The Career of a Promising Young
Kentuckian Cut Short by a Terri-
ble Accident.

NEW YORK, Nov. 13.—Harvey W. Watterson, a lawyer and younger son of Henry Watterson, editor of the Louisville Courier-Journal, plunged to his death from the nineteenth floor of his office building at 37 Wall street late yesterday afternoon. His body shot downward for 110 feet and landed on the roof of a ten-story building adjoining. Almost every bone was broken and the head crushed, and death was practically instantaneous.

While there was no eye-witnesses to the tragedy, evidently it was entirely accidental. Mr. Watterson's hat and overcoat were on his closed desk. Presumably he had attempted to lower the window and either stumbling over the radiator, which was in front of the low sill, or losing his footing in some manner unknown pitched forward and down to death

on the roof below.

Mr. Watterson was thirty years old and married. He was junior member of the law firm of Wing, Russell & Watterson.

Father Grief-Stricken.

LOUISVILLE, Ky., Nov. 12.—The news of the tragic death of Harvey W. Watterson, first communicated by Associated Press to the friends of Col. Henry Watterson, editor of the Courier-Journal, created a profound impression in Louisville, and there was immediately formed a little conspiracy, having for its purpose the breaking of the news to the veteran editor as gently as possible. Telephone communication with his country home, fourteen miles from the city, was immediately stopped, and the friends deputed to Mrs. Benjamin Ridgely, widow of the consul general to Mexico, the difficult task. Mrs. Ridgely, suddenly bereaved a few weeks ago of her husband, who had been Mr. Watterson's protegee and intimate friend, has accomplished her mission, and the editor is sitting at his home benumbed by grief, while hundreds of telegrams from men of national prominence already are pouring in offering condolence and sympathy.

The bond between Mr. Watterson and his son was an unusually strong one, their common interest in politics and national affairs being very keen, and the father's satisfaction at the rapidly widening career of the

son was very great.

It was decided by the family that Mr. Watterson would not be able to undertake a journey to New York and Mrs. Harvey Watterson was therefore wired to, asking her to bring the body to Louisville, which probably will be done on Friday or Saturday. The funeral will probably be held on Sunday, but this has not been definitely decided on.

Harvey W. Watterson was thirty years old. He leaves no children. His wife before her marriage was Miss Alice Burrows, of New York.

SIXTY-FOUR OVER

The Ten Thousand Mark Bryan's Majority in Kentucky.

LOUISVILLE, Ky., Nov. 12.—The final returns from every precinct in the state fix the majority for Bryan and Kern at 10,064 votes.

The figures have been variously estimated ever since election at anywhere from 15,000, the Democrats' claim, to 9,000, the claim of the Republicans. The people just split the difference.

Bryan's majorities totaled 35,822, as against 25,258 total majorities for Taft.

HUNTING NEXT WEEK

VIOLATORS OF LAW WILL GET
INTO TROUBLE.

Game Wardens are Watching Every
Part of the Country.—Birds Said
to be Plentiful.

The quail law will expire next Sunday and hunting will begin on Monday, but judging from the reports that are being brought in many birds are being killed already. It is reported that about fifty game wardens have been appointed throughout the county and if this be true unlawful hunting had better be abandoned or somebody will be in bad.

Penalty Prescribed.
The game law prescribes a penalty of \$5 fine for each bird, or any portion thereof, killed, captured or held in the possession during the closed season. A jail sentence is also prescribed and this is left to the discretion of the court.

The law applying to game wardens and their duties is very drastic and is as follows:

Sections 3 and 4 of Chapter 68, of

the Acts of 1904: "It shall be the duty of the game and fish wardens to enforce within the state all laws relating to the protection, preservation and propagation of fish, birds and game. Each fish and game warden shall have full power to execute and serve all warrants and process of law issued for, in connection with, or growing out of, the enforcement of any law relating to the protection, preservation or propagation of fish, birds and game in the same manner and to a like extent that any sheriff or constable may serve and execute such process, and shall be entitled to the same fees for said services as are now allowed by law to sheriffs for similar services in criminal cases. They may arrest on sight and without warrant any person detected by them in the act of violating any such law, they shall have the same right as sheriffs to require aid in executing any process or in arresting without process any person found by them in the act of violating any of said laws; and they shall have authority to seize without process, any birds, fish or game then found in the possession of any such person, together with the guns, nets, seines, traps or other devices with which the same were taken or killed, and destroy or confiscate such guns, nets, seines, traps or other devices, and forthwith convey such offender before a court or magistrate, having jurisdiction of the offense, and such court or magistrate shall, upon the filing by the warden of a proper complaint, proceed speedily to try and

determine the truth of the charge."

Bird Crop.

The crop of birds this year is said to be unusually large and every sportsman who can so arrange is expecting to get off and begin the season at the first opportunity. The drought, by drying up the water supply, forced many of them to seek running streams but now that the rains have come they are expected to return to their usual haunts and hunting will probably be exceedingly good. The open season lasts until January 1.
