VOL XI, NO. 75

MAYFIELD, KY. TUESDAY AFTERNOON, APRIL 5 1910.

DEMOCRATIC

City Dads In Session

ORDER MADE TO HAVE ANDREW BENNETT MOVE FENCE BACK 3 FEET.

Committee Appointed to Make Arrangements for Gravel From County's Pit Near City.

All members were present as follows at a regular meeting of the city council Monday evening: Messrs. Jack Lewis, W. E. Norman, E. G. Fristoe, G. W. Gordon, T. L. Stovall and H. G. Radford. City Attorney A. L. Gilbert filed a receipt from the City Treasurer showing that he had collected \$55.80 from the Hester heirs for a sidewalk built some time ago.

Policeman W. S. Hamlet reported 24 lights out in the east half of the city during the month of March.

Policeman A. F. Brown reported 18 lights out in the West part of the city.

Chain Gang Boss Joe Sellars filed a report showing the streets to be in good condition with no dangerous places in the streets.

Chief of Police C. H. McNutt filed his report showing that he had collected \$52.50 on fines during the past month.

Acting City Engineer Voris Gregory reported on grades made and measurements of dirt hauled by contractors for the city.

It was ordered that the city attorney notify Andrew Bennett to move his south fence back from off the city's property in south Mayfield. The city engineer reported that the fence was about three feet out too far.

The council ordered that lines be established and grades made for concrete walks to be built on North street between 7th and 8th streets.

Mayor Parkhill and the council selected Tuesday afternoon to make a trip through the city and ascertain where walks are needed so that ordinances calling for them could be drawn up at once.

Councilmen Gordon and Stovall were named by the mayor as the "buying committee" for the next three months. The mayor is to act in conjunction with this committee and each order for goods purchased by the city must be signed by two members of the council before the account will be allowed. City Clerk T. W. McNeilly was also instructed to have blanks printed to be used in giving orders for goods purchased from merchants by the city.

Councilmen Stovall and Norman were named as a committee to meet with the fiscal court and see if arrangements could be made to secure gravel from the county's pit north of the city.

It was ordered that the Water & Light Company be notified to lay a water main on South Second street between Water and Walnut streets.

Claims against the city were allowed as follows:

J. W. Traugher, groceries charity, \$5.95; J. L. Phipps, plumbing, \$18.80; A. C. Plumlee, merchandise, \$8.15; B. F. Briggs, printing, \$8.60; Gardner Bros., \$14.15; J. C. Belote, Sons & Co., \$18.00; G. G. Fetter & Co., Louisville, \$17.50; Jailer R. R. Byrn, dieting prisoners, \$158.60; McElwrath & Brooks, merchandise, \$3.90; O. H. McNutt, R. R. fare, &c. for girl to Fulton, \$1.15; Thomas & Burge, \$1.00; W. D. Lowry, groceries, charity, \$3.00; Dowdy & Brewer, coal, charity, \$5.00; W. N. Jeffrey & Son, grading, \$140.00; Walter-Russell, hauling, \$12.00; Mayfield Coal & Ice Co., \$10.00; Will Lancaster, hauling, \$3.20; Voris Gregory, acting city engineer, \$5.00.

PUSHING THE WORK.

The work on the government building is progressing in a rapid manner and the stone work is being placed in its proper places. The large stones are being hoisted to the top and in front and it begins to look like we will soon have a handsome post office building.

Permanent Organization Is Effected

ANTI-TUBERCULOSIS LEAGUE WILL START COMMITTEE TO WORK.

National Movement in Work Will Observe April 24, As Day of Education.

Paducah, Ky., April 5.—At a meeting of the Anti-Tuberculosis league held at the Woman's club building last night permanent officers and a board of directors were elected for the ensuing year and the line of work that is to be followed by the organization mapped out.

The organization is now settled upon a firm foundation, with regular officers instead of temporary ones, and a board of 25 directors have been elected and will begin at once upon the work that has been planned.

The officers chosen were: H. C. Rhodes, president; R. L. Reeves, vice president; James A. Rudy, second vice president; A. R. Meyers, secretary, and Richard Rudy, treasurer.

The membership of the club has already grown to 40 members and many more names are expected to be added to the organization. Committees have been appointed and will set about performing their various duties at once and within a few weeks a powerful organization will have grown out of the small number banded together with such a strong motive.

Sunday, April 24, has been set aside as a national day on which ministers over the whole United States will preach upon the movement and the Paducah preachers have been requested to devote this day to the anti-tuberculosis movement.

TOBACCO STRIKE GROWS.

Trust Closes Two Factories—Strikers Add to Ranks.

Louisville, April 5.—The strike of tobacco stemmers for higher wages, which was inaugurated last week, resulted today in the closing, by the American tobacco company, of two of its largest plants in Louisville. It is understood that the American company will ship the leaf to Richmond, Va., for stemming. The plug factory, at Eighteenth and Broadway, against the strikers have directed their efforts for the past two days, opened this morning, but with a diminished force. About 4,000 men and women are now on strike.

This morning about 1,000 strikers suddenly surrounded the factory of Nall & Williams, at Eight and Breckinridge, and before the superintendent knew of their presence had induced 250 men to join their ranks. The next objective point was the Mengel box factory, at Twelfth and Oak, but when the marchers arrived there they found a detail of police guarding the building, and no demonstration was made. This company is not connected with the tobacco company, but supplies a large amount of boxes to the latter company.

The strikers will meet tomorrow to formulate plans for another conference with the American Tobacco officials, and, if this is without result, it is said they will call upon organized labor in Louisville to come to their aid. A committee will also be appointed to request the Brotherhood of Locomotive Engineers to haul no tobacco out of Louisville to be stemmed for the concerns involved in the present strike.

WATER VALLEY BANK TO BUILD HOUSE.

The Citizens bank, at Water Valley, is preparing to build a handsome new home on the corner opposite Tarpley's store.

The building is to be of brick and will be the handsomest structure in Water Valley when completed. The contract price is \$3,500, but this sum will probably be exceeded as nothing will be left off that will enhance the beauty of the new building which is to be the permanent home of the bank.

Fell Dead In Orchard

UNCLE SAM PATTERSON, AN AGED MAN OF NEAR WINGO HAS HEART FAILURE.

Monday afternoon about 3:30 o'clock Uncle Samuel Patterson was found dead in the orchard of the farm of Mrs. Martha Coplen, his sister, one-half mile north of Wingo, where he made his home. He had gone out to take a stroll and do work about the farm and about 30 minutes before he was found dead, he was seen walking around and his nephew had a short conversation with him. He never complained of being ill. The orchard was on the side of the road and the body was found about 125 yards from his home.

He was discovered lying on the ground face downward by W. H. Luther and wife, who were passing by. They called him, but when he failed to reply, they made an examination and found that life was extinct. The corpse was removed to Mrs. Coplen's and Coroner Saffold, of Mayfield, notified. He went and held an inquest and Dr. Mullins, who also in the meantime had been summoned made an examination of the body and pronounced that his death was due to a sudden attack of the heart. No marks of violence were discovered about the body.

Mr. Patterson, before the civil war, lived in Mayfield, but for many years has been living in

Harry Robbins Died Tuesday

PROMINENT YOUNG MAN VICTIM OF THE WHITE PLAGUE.

Harry Robbins, a well known young and prominent farmer, passed peacefully away at 3:50 o'clock Tuesday morning at his home a short distance south of Mayfield, after an illness of one month of stomach trouble and tuberculosis. He is survived by a wife and six small children and leaves a number of relatives in Mayfield and in the county. He was the son of the late William Robbins and was born and raised in the same neighborhood where he died. Harry Robbins was 32 years old and had many friends. He was an honest man and a hard worker. He was a member of the Christian church and a conscientious Christian gentleman.

His wife, who survives him was Miss Mary Evans, sister of Leon Evans, druggist of Mayfield. Mrs. W. L. Brand, of the city, is a sister of the deceased and his brothers are George, Will, Jim and Ben Robbins, while Miss Elsie Robbins is a half sister and Messrs. Henry and Lewis Robbins half brothers.

The funeral services will be conducted by Eld. J. C. Shelton Wednesday morning at 11 o'clock with interment in the Robbins graveyard.

Missouri with a sister. He came to this county four years ago and has been living with Mrs. Coplen ever since.

Big Fire At Fulton

ANOTHER CONFLAGRATION DOES DAMAGE—HOTEL BUILDING NEAR I. C. DEPOT.

Fulton, Ky., April 5.—(Special) Fire originating mysteriously in one of the rooms of the frame hotel building near the Illinois Central passenger depot Monday afternoon just about 5 o'clock caused a loss estimated at \$5,000. The house was at one time occupied by a saloon, restaurant and a hotel, but saloons were vetoed out, it has been used as a restaurant and lodging house. Guy Bennett has been conducting the house for the past few years and enjoyed a splendid patronage. There was insurance on it to the amount of \$2,500.

MARRY AT METROPOLIS.

Butterflickians were busy in Metropolis, Ill., Sunday and Monday at the marriage license counter and six young folks were made happy. Magistrate Luzzett was busy and here are the couples that he united:

Charles E. Craig, a florist of Paducah, and Miss Maud A. Craig, of Paducah; Henry White, of Paducah, a carpenter, and Miss Mary Barton, of Paducah; James B. Farrigan, of Cunningham, Ky. and Maud Epperson, of Melber, Kentucky.

New Sensation In Forestry Probe

Subpoena Issued For Man in Alaska to Go to Washington to Explain.

Washington, April 5.—The activity of Collier's Weekly on behalf of former Chief Forester Gifford Pinchot was brought forcibly to the attention of the attention of the Ballinger-Pinchot Congressional Committee today when H. K. Love testified that John W. Dudley, former Register of the Land Office at Juneau, Alaska, Collier's had intimated to him that "it would be worth from \$5,000 to \$10,000 to him to go to Washington to testify."

Although Mr. Love told the committee that he had not previously mentioned the conversation to anybody because he feared Dudley might have misconstrued what Collier's agent had said to him, the committee was unanimously in the opinion that the incident was of such importance to have Dudley come here from Alaska to testify for him at once.

"Did you understand Collier's was trying to bribe Dudley to testify?" inquired Representative Madison, the "insurgent" member of the committee.

"No, I merely understood they wanted him to come here to tell the truth," answered the witness, explaining that Dudley had been let out as Register of the Land Office and that he had declared his intention of going to Washington to clear his record. He said Dudley had told him he wanted to go to Washington to testify for the "other side," meaning for Ballinger, and he had asked Love to convey that information to the Secretary.

Love said he did not comply with this request.

Attorney Brandeis concluded his cross-examination of Mr. Love and Attorney Vertress called Frank L. Spalding, former disbursing officer in Glavis' office at Seattle, by whom he tried to show that Glavis made an effort to get him to cut out a \$55 item for typewriting done in Chicago on a report to the President, of Glavis' expense account on his trip east to Beverly last summer.

Spalding said Glavis has asked him to cut it out and make it appear as an error in addition. Later on cross-examination by Mr. Brandeis the witness said Glavis had explained his intention of reimbursing the Government for the full amount in order that he might keep for himself two of the three copies of the report he had made against Secretary Ballinger. He also admitted that Glavis had made no attempt to have other items incident to his trip to Beverly cut out and said he did not believe Glavis had intended to cheat the Government.

Secretary of the Interior Ballinger announced this afternoon that in due time he would institute proceedings in law against Collier's Weekly as the result of the publications concerning him which are appearing in that paper.

Raaford Building In Safe Condition

Architect William L. Brainard, of Paducah, was in the city Tuesday morning to make an examination of the west brick wall of the business house that H. G. Radford is having erected on Broadway opposite Hotel Mayfield. Several days ago the front corners sank slightly and threw the wall somewhat out of gear and caused many to think that the wall was dangerous. Mr. Brainard alleviated all such reports by saying that the wall was in a safe condition and was caused by the heavy weight in front making the corners sink a small fraction, the ground below being rather soft on account of their formerly being a creek which ran through the lot years ago. In order to make the building thoroughly substantial he recommended that a concrete footing six feet square be laid under the front corners, which will be done at once.

Young Men Grasp This Chance

to get clothes that are "just your style." You can get them here, any time, any pattern, any price.

Do you like nobby clothes? Do you like clothes quite a bit different from the average, ordinary, every-day sort? These Ederheimer-Stein garments are for you, if you do.

Do you want swagger clothes? We mean "swagger" in the refined, well bred, accepted-by-good-society sense. Then these Ederheimer-Stein clothes are for you sure.

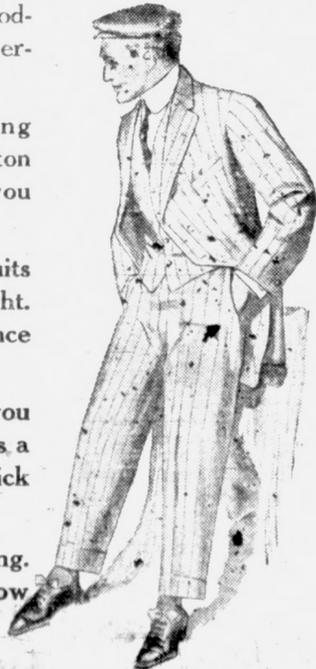

Here they are with form fitting effect, full chested, two and three button styles, peg top trousers, patterns that you never before knew existed.

When you get into one of these suits you feel right, you know you look right. You can go anywhere and be a prince among good dressers.

These clothes are tailored as you would have them if your income was a hundred thousand and you could pick out the swellest tailor in the land.

Just try one of these suits this spring. Come in and look them over. Learn how the leading Young Men's house make clothes especially for you.

ABOUT THE COMET.

Of course there are a few people in Calloway and Marshall counties and a great many in McCracken county who are very much alarmed about the coming of the comet, and we feel it our duty to say a few words about it, and as far as possible cause the people not to become alarmed.

This comet was born over 2100 years ago and has come to see the earth and sun several times, and this is only another of its visits.

Someone who has hoped to reap a rich harvest by playing upon the superstitious fears of those who revel in prophecies of great disaster, has issued and offered for sale a luridly illustrated volume in which he has collected what he seeks to show is a record of terrible things which have preceded or followed the visits of comets. His inspiration is the approaching entry into our celestial arena of what is known as Halley's comet.

It has not been difficult for this mischief-maker to gather a mass of related superstitions which had their origin before the ingenuity of man had made possible a somewhat comprehensive knowledge of the forces and existing conditions in the space approximately near the earth. Records of the recurring visits of what is now known as Halley's comet antedated all related astronomical knowledge. The comet which will soon be visible, and which is now approaching the sun in its seventy-seven year journey covering uncounted billions of miles, is known as the "oldest" comet of which the scientific world has knowledge. Since its discovery, or at least since its habits have been known to man, perhaps thousands of comets, for generations regular, started visitors in our firmament, have disappeared. This ultimate failure to return, scientists tell us, is caused by gradual disintegration or a burning-out process, and eventually will be dissipated and absorbed of the elements.

But Halley's comet, because of its great size and the length of its orbit and the consequent infrequency with which it nears the sun, when combustion becomes greatest, is disintegrating slowly. Because of what may be called its "durability" it has been possible, especially since 1682 when Sir Edmund Halley the second astronomer royal of the England, charted its orbit to predict somewhat accurately its recurring visits. Now, it is the estimates of scientists and astronomers are worth anything, the path of this comet through space is as well defined and as definitely known as that of any of the other celestial bodies.

It is deplorable that any man or set of men should seek in this enlightened age, to prey upon the false fears of the superstitious. This comet visited us in 1449, 1222, 1301, 1378, 1456, 1531, 1607, 1682, 1759 and 1835. From B. C. 240 to A. D. 1910, a period of 2,150 years, the comet made twenty-eight revolutions, which gave a periodic time of nearly seventy-seven years, which is very close to its mean or average.

Important events, which have been associated with the return of the comet serve to connect its visits with important epochs in history with which it in reality had no connection save that they were simultaneous. This is not an age of superstition, because men have found a way to penetrate what seemingly were inviolate secrets. The light which their knowledge has diffused has dispelled the darkness of ignorance. The comet will return many times. Its coming will not presage the end of the world now, any more than it did thousands of years ago.

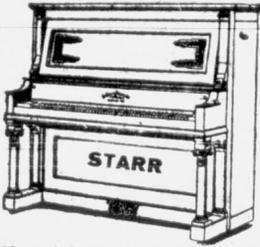

WAVY HAIR-CURLER.

The ladies in West Kentucky are now fast falling into the habit of wanting wavy hair and as a result there is a new invention just out that will give their desires along Ballard, now known as for

B. S. HUNT,

use for curling the hair of women and children. The aim is to produce a device which can be readily applied when in practical use. Instead of making the device of round cross section it may be made angular or square, so as to produce a wave effect in the hair.

NEW PIANOS.

Have just received three new Pianos, which can be bought at a bargain. I have a second hand organ nearly good as new, which I will sell for \$15.00.

Talking machines at reasonable prices. General repairs of all kinds. JAS. McDAVID, Agent, Mayfield, Ky.

DON'T EXPERIMENT

You Will Make No Mistake If You Follow This Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Mayfield residents demand further proof than that contained in the following testimonial?

D. F. Looney, retired blacksmith, E. Third St., Mayfield, Ky., says: "I think just as highly of Doan's Kidney Pills today as when I gave a public statement in 1903, recommending them. Kidney complaint clung to me for years. The passages of the kidney secretions were so badly at times that I could hardly get about and to top or bend in any way caused sharp shooting pains to dart through my loins and kidneys. I doctored and tried many remedies but Doan's Kidney Pills which I procured at Evans & Co., Mayfield, Ky., was the first that gave me any permanent benefit. I noticed an improvement after the first few doses and a few boxes of the remedy did me a world of good. I have told many people of the great benefit I have received from Doan's Kidney Pills. I will continue to do so." Price 50 cents. Foster-Milburn Company, Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

STATE NEWSLETS

Henderson to oil streets. A. T. Hoover dies at Benton. Drouth injuring plant beds at Henderson county.

Sheriff John W. Milliken, of Logan, to be superintendent of reform school.

Show Great Interest In Politics

Washington Ladies May Be Seen Daily In House and Senate Galleries.

Washington, April 4.—Perhaps there was a time in Washington when society and politics were not an era when social activities were set entirely apart in another sphere from the machinations of politics. If that state prevailed it is rapidly passing away. The principal cause for the keen interest of the present day society women in politics arises from several causes: First, because it seems to be fashionable; second, because of the widespread wave of suffrage and suffrage sentiment, and third, from the great numbers of women's clubs which discuss political affairs.

Quite often I go into the galleries of the house or senate and it very frequently happens that I see a party of society women, intensely interested in the proceedings on the floor below applauding the telling points of a speech.

Mrs. Nicholas Longworth is said to know more of the secret history of the Taft administration than any other woman in Washington. Miss Cannon, daughter of the speaker, discusses politics at her dinners and displays amazing knowledge. Mrs. Chas. Warren Fairbanks surprises a Washington by her thorough knowledge of parliamentary procedure. Mrs. Champ Clark, one of the cleverest women in the congressional circle, follows every move of the parties. Mrs. La Follette, Mrs. Cummins, Mrs. Gore, Mrs. Carter, Mrs. Dewey and Mrs. Owen, all wives of senators, are thoroughly posted and really know more of the broad conditions than many men.

Politics as a dinner and dance topic will be quite the thing, I fancy, very shortly.

Admiral Dewey, who is almost unknown in society, helped recently the guests at the ball of the Navy Relief society which was given on Wednesday at the navy yard. Admiral Dewey is president of the Navy Relief association.

Those who think that the state of Texas can produce nothing but cowboys and upstart millionaires will be surprised to learn that Mr. Seymour Thomas, the artist who is painting a picture of British Ambassador Bryce, for the National Liberal Union Club of London, is a native of San Antonio. Mr. Thomas has lived and worked for a long time in both London and Paris and I am told that continental dilettantes are proud to claim friendship with him. Mr. Thomas was quite amused when I asked him if it were really true that he is a native of Texas. "Why, of course," he replied, "unless Texas wishes to repudiate me."

Society and scientific societies, and with each other this week to honor Sir Ernest Shackleton, the English Antarctic explorer, and Lady Shackleton, who are the guests of Ambassador Bryce—and society won out. Ambassador Bryce entertained for Sir Ernest and this was reciprocated several times over. Mrs. Bryce entertained at tea for Lady Shackleton. Sir Ernest is a brisk, energetic young man and is interested in everything American.

Night Rider Hangs May 25

MARCELLUS RHINEHART ACCEPTS SENTENCE WITHOUT EMOTION.

Nashville, Tenn., April 4.—Not the slightest trace of emotion or concern was shown in the expression of Marcellus Rhinehart, about 25 years old, when he was sentenced to be hanged by the supreme court today. The young man had the paleness of prison confinement, and doubtless did not appreciate the full weight of the sentence, which was said by Chief Justice Beard. Rhinehart was found guilty of the murder of Rufus W. Hunter, a farmer of Montgomery county, whose home was shot up by the "night riders," and who was himself cruelly shot down in the door of his home. The jury recommended mercy, which was disregarded by the circuit judge. Rhinehart was sentenced to be hanged Saturday, May 28, and the execution will be by the warden of the state prison in accordance with the statute of 1909.

BIOGRAPHICAL SKETCH John Dalzell.

When time heals the scars Speaker Cannon recently received in his fight over the House Committee on Rules, "Uncle Joe" will find that Fate has not dealt with him so harshly as it first seemed. Next to doing a thing yourself there is nothing better than having somebody else do it your way. That is how matters stand regarding the all-important Rules Committee. The Speaker has been deposed as Chairman but his chief aide-de-camp, John Dalzell, Representative from Pennsylvania succeeds him by seniority of service. Then, too, it must be pleasant for Mr. Cannon to reflect that the remaining Republican members of the enlarged committee are "regulars." Everybody conversant with Congressional doings are pretty well acquainted with Dalzell. He is one of the old-fashioned, unreconstructed, iron-gray congressmen who came into fashion in the Fiftieth congress and have been slowly going out of fashion ever since—but more rapidly most recently. Dalzell would perish on the job before he would make one concession to the insurgents—parliamentary or otherwise.

He's iron gray now, and he earns the liking the manufacturers have for him by his courageous service in the House. Only the statutory restrictions keep him from taking down his good old gun and going after dark to put a few insurgent leaders. He was born in New York City in 1845, was taken to Pittsburg when he was but two years old—Pittsburg was a small village then and was practically defenseless—graduated from Yale in 1865, and was admitted to the bar in 1867. He never held an office until he was elected to the Fiftieth Congress, and hasn't held anything else since.

He and Joseph Cannon have been close friends for a number of years and their political views are very much alike. Dalzell has had some close shaves at re-election, but he always manages to get the votes. Time was when the steel men were accused of making a special district for him, for the uneducated persons who owned the priceless right-of-suffrage in Mr. Dalzell's neighborhood were planning to exercise it almost unanimously against him—but a new home was landscaped for him in Pittsburg. Every time he comes up for re-election it is said to cost a little more to preserve his talents to the service of his country—but, after all, that is no one's business but Dalzell's and he has never betrayed any desire to discuss it.

Eye Strain!

Causes distressing headaches, nervous depression eyes to itch and burn, granulated lids and eventually loss of vision. If you are having any or all of these troubles don't you think it would be wise to have them looked after? You may comfort yourself that you are wearing glasses now and they don't do any good. I pledge you my word that more than 85 per cent of these troubles yield to glasses if your glasses have been properly fit. It does not make any difference who did your work, and if your troubles still exist your work has not been properly done.

I am prepared to make a thorough examination and know how. I guarantee a correction. I keep a complete record of every examination made and will gladly furnish you with the names of people I have done this work for. I would be glad to talk your eye troubles over with you.

Model Road 30 Miles Long Is to Be Built

Apple Trees Will Line Highway From Spokane, Wash., to Cour d'Alene.

Spokane, Wash., April 5.—Rivalling in scenic environment and material excellence the finest roadways of Europe, the Great Apple Way, connecting the cities of Spokane, Wash., and Cour d'Alene, Idaho, is now assured and work will begin within 30 days. Bisecting one of the most fertile irrigated fruit districts in the inland empire for 31 miles, the roadway, 60 feet in width, will be built of macadam with an asphaltum binder. Every mile will be of standard construction and properly crowned and drained, with fountains for man, dog and horses placed at intervals of a mile. Apple trees will be planted 40 feet apart on both sides of the roadway, these being alternated with English elm trees. The cost of the road is placed at \$10,000 a mile, and the expense will be borne by the property owners along the right of way.

TO THE PUBLIC

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers make ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation.

STUDEBAKER HAD BUT FIFTY CENTS.

John M. Studebaker is the head of a company that turned out last year 130,000 vehicles of various kinds. Mr. Studebaker said to a New York interviewer recently that he had started out in life with a capital of 50 cents. Yet his concern employs in its works at South Bend, Ind., 4,000 men, and has branches all over the country. Mr. Studebaker says he is 77 years old. "though," he added, "my wife always gets after me when I tell my real age. You see, the secret of long life and good health is hard work."

"Two of my brothers had a little blacksmith shop in South Bend, but I decided in 1852, while I was working for a wagon maker there, that I wanted to go out to California and seek my fortune. So I built a wagon body that winter and my brother did the iron work for me. There was a company going West the next spring, and I turned my wagon over to them to pay for my share of the expenses."

"It took us five months and eight days to get across to California, and when I landed there I had only 50 cents. I took to prospecting, then I decided to make use of my trade, and I started in making wheelbarrows and picks. After four years I returned to South Bend in the winter of 1857. "My two brothers were still in business and I bought the elder out. There wasn't any marvelous growth—just natural."

We are the Authorized agents in MAYFIELD for the CELEBRATED

Cooper Preparations

Introduced with such remarkable success in Mr. Cooper's leading cities throughout the United States. Cooper's New Discovery \$1.00 Per Bottl.

EVANS & COVINGTON.

"What has been the effort of the automobile on the carriage business?" Mr. Studebaker was asked.

"Well, it has practically killed the fine vehicle, but it has increased the output of the medium class article."

MARKET REPORT

PRICES PAID TO PRODUCERS BY MAYFIELD DEALERS.

As Reported April 5.

Peas, Table, 5@6c lb.
Whippoorwill Peas, \$1.75@2.00
Turnip Greens, 5c.
Spring Onions 35@45c doz.

UNCLE SAM PAYS HIGH RENTS IN WASHINGTON

Washington, April 3.—On motion of Chairman Bartholdt the house committee on public buildings and grounds authorized Representative Martin of South Dakota to report a resolution to the house providing for a commission to inquire into the sanitary and other conditions of buildings in the District of Columbia which are rented by the government. Information secured by Chairman Bartholdt shows that the government pays an annual rental of \$562,000 for buildings in the district. He favors the government owning its office and storage buildings. The commission is composed of J. Knox Taylor, supervising architect of the treasury; Dr. Walter Wyman of the public health and marine hospital service and Elliot Woods, superintendent of the capitol.

WIFE KICKED WRONG MAN. But He Was Able to Take the Hint and Decline the Beer.

A Milwaukee man and his wife recently received a call from an old friend whom they had not seen for years. Just before the three sat down to a little supper in the German style, the wife, seizing a favorable opportunity, whispered to her husband:

"We have only three bottles of beer in the house—just enough to go around. Don't ask him to have more."

"Very well," answered the husband, who chanced to be thinking of something else at the time.

Half an hour later the host, according to Lippincott's, to his wife's consternation, asked the guest to take more beer. The invitation was politely declined. A dozen times the caller was urged to drink; a dozen times he firmly refused.

When he had departed the wife took her husband to task. "What on earth made you persist so? Didn't I tell you there were only three bottles? Why did you insist upon his having more beer, more beer, more beer?"

"Mercy!" exclaimed the husband. "I forgot entirely."

"But," continued the wife, "why did you suppose I was kicking you under the table?"

"My dear," blandly replied the husband, "you didn't kick me!"

FINE CREAM FOR SALE.

A trial order of Wing's Ice Cream for your reception will convince you that it is higher quality, yet our dealer will charge you no more for a dish at the fountain than others do for cheaper cream. We make any kind and in any form you want.

Revivo RESTORES VITALITY
"Made a Well Man of Me."
THE GREAT FRENCH REMEDY produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. Young men can regain their lost manhood, and old men can recover their youthful vigor by using REVIVO. It quickly and quietly removes Nervousness, Loss of Vitality, Sexual Weakness such as Lost Power, Failing Memory, Wasting Diseases, and effects of self-abuse or excess and indolence, which unfit one for study, business or marriage. It not only cures by slaying at the seat of disease, but is a great nerve tonic and blood builder, bringing back the pink glow to pale cheeks and restoring the fire of youth. It wards off approaching disease, loses on vitality REVIVO, no other. It can be carried in vest pocket. By mail, \$1.00 per package, or \$5.00. We give free advice and counsel to all who wish it, with guarantee. Write to the address below.

EASY TO CURE
Coughs, Colds, Sore Throat and Catarrh.

Breathe Hyomei. It will cure catarrh or any nose or throat trouble if you follow directions. Don't lay it aside when the sneezing, hawking and spitting have ceased. Stick to it daily until you are sure that the catarrh germ is dead, and that your air passages are free from their poisonous influence. Hyomei (pronounced High-o-me) is the only treatment for nose, throat and lung troubles that has ever been sold with the understanding that if it did not cure, it was to cost nothing.

Hyomei can be obtained at drugstores everywhere and at Evans & Covington's who guarantee it to cure catarrh, croup, sore throat, coughs and colds. A complete outfit \$1.00, which is mighty cheap for a remedy that has cured more cases of catarrh than all the catarrh specialists on earth.

An outfit consists of an inhaler, a bottle of Hyomei, a supply of antiseptic gauze, a medicine dropper, and full instructions for use. The inhaler is made pocket size, of hard rubber, and will last a lifetime. And bear in mind that extra bottles of Hyomei, if needed, cost only 50 cents.

The following letter received by the postmaster at Mayfield requests that all rural mail boxes be painted white and numbers placed upon them besides the names of the owners. It is also requested that road signs, for the direction of passers between villages, be printed upon the boxes conspicuously.

The letter in full follows:
Washington, March 31, 1910.
Postmaster, Mayfield, Ky.
Dear Sir—It is the desire of the department that you earnestly request patrons of rural delivery out of your office to paint their boxes and the posts to which they are attached a pure white color. This course, if pursued, will not only result in benefit to the patron in serving to protect his box and post from damage by the weather, but will give all boxes a uniform color and serve to fix their identity in all parts of the country as United States mail boxes, and will give them a much neater and sightlier appearance than they now possess. It is also desired that patrons be induced to imprint their names and box numbers on boxes in black letters about two inches high.

It is also desired that you endeavor to induce road officials to paint upon the posts of boxes which are located at cross-roads (but not attach signs thereto) the names of the towns or villages to which the cross-roads lead, with an indicator showing the direction.

Posts to which boxes should be attached shall be set in an easily accessible position at the side of the road and boxes securely fastened to a projecting arm of wood, or to a bracket of band iron, about three-sixteenths of an inch thick, or, if preferred, an automatic extension arm may be used.

Respectfully,
"P. V. DE GRAW,
Fourth Assistant Postmaster-General."

She doesn't Worry about Cooking

The Mother's Oats Free Fireless Cooker is doing her work. And much better than she could do it.

Suppose she falls asleep. When her husband comes home and wakens her, all she will have to do is to go to the Fireless Cooker and take out the perfectly cooked and steaming hot dinner that will be all ready. Nothing that's put in the Mother's Oats Fireless Cooker can burn or boil over. It cooks everything and several things at once.

It's especially planned to prepare that ideal food—

Mother's Oats

(REGULAR AND FAMILY SIZES)
which are not like "others" oats. They're not only rolled (to make easy cooking) but are crushed (to make easy digestion). Easy work for the cook and easy work for the stomach.

If you are a user of MOTHER'S CEREALS: Mother's Oats, Mother's Corn Meal (white or yellow), Mother's Wheat Hearts (the cream of the wheat), Mother's Hominy Grits, Mother's Corn Flakes (toasted), Mother's Coarse Pearl Hominy, Mother's Old Fashioned Steel Cut Oatmeal, Mother's Old Fashioned Graham Flour, you can get a Mother's Oats Fireless Cooker free with coupons. Ask your grocer.

Modern Woodmen At Hickory Grove

The Modern Woodmen of America at Hickory Grove pulled off quite a stunt Saturday night and about 200 members of the order were present to enjoy the evening. Twelve persons were initiated into the lodge and a big supper was served after the lodge ceremonies were over. District Organizer S. A. Smith and a number of others from Mayfield were in attendance and they speak in the highest of praise for Hickory lodge and predict a successful future for it if the enthusiasm continues.

WINGO.

Uncle Samuel Patterson, aged 71 was found dead in his field at 3:30 o'clock Monday afternoon.

Uncle Sam was living with his sister, Mrs. Martha Coplin, just north of town, and was seemingly in good health. He went to his work after dinner as usual and nothing was known to be wrong with him until his dead body was found near a brush pile.

Circuit Court

A verdict for the defendant was returned in the suit of G. L. Beasley against the Illinois Central railroad company. The plaintiff sued for damages for the killing of a hog by a train.

A verdict was also returned in favor of the I. C. R. Co., in which F. H. Alexander brought suit for \$200 damages. He claimed he was injured by a door slamming against him, while on a train.

The famous road case of Mrs. Annie Whitis and others against J. R. Wilkins & Co., for damages for building a new road was called Tuesday and much time was taken up in arguing and discussing various points. At last it was decided that the court appoint three commissioners to make an examination and report to the court by April 15. These commissioners are Jimmie Carter, E. K. Bolten and John Drafflen.

Convicted At Marion

Boone Bush Given Year in Dycusburg Raid.

Marion, Ky., April 5.—In the case against Boone Bush, for complicity in the night raid of February 8, 1908, in which H. B. Bennett and William Hines were dragged from their homes at midnight and unmercifully whipped while tied to thorn trees, and in sight of Dycusburg's burning factory at Dycusburg, the jury rendered a verdict Saturday night of guilty, fixing his punishment at one year in the penitentiary.

The case was given the jury at 4 o'clock, four hours being consumed in coming to an agreement in the case.

Other cases will be tried to the end of the term of court, Saturday, April 9.

The Bush case was the second to go to trial, the first, that of Tom Jones, resulting in an acquittal. There are about 80 more cases to be tried.

BULLET PIERCED LUNGS CAUSING DEATH.

Well Known Young Man of Owensboro is Shot in His Room.

Owensboro, Ky., April 5.—Daniel Monarch, one of the best known of the young men in Kentucky, lies dead at his home, on South Frederica street, from a bullet hole through his left side.

The members of the family heard the report of a revolver in Mr. Monarch's room, and rushing in found him unconscious with a revolver by his side. Three physicians found the ball protruding from the skin at his back. The ball was removed and the bleeding stopped. The bullet went through the lungs and barely missed the heart.

Daniel Monarch was about 35 years of age and leaves a wife and five young children. He was married to Miss Pauline Mattingly, one of the most beautiful girls of Owensboro. He was a son of the late M. V. Monarch, who was at one time one of the largest distillers in the country. His mother's living.

College Low-Cut Regal Styles For Young Men

In our latest shipment of new Regal styles for Spring and Summer are several ultra-fashionable low-cut models especially designed for young men. These swagger shoes reproduce the extreme fashions for this season, and are now being worn extensively by college men at all the leading universities.

REGAL SHOES

always give you the latest advance styles—and we always get these styles as soon as they are produced by the Regal factories. Another distinct advantage of our Regal low-cut shoes—they are made on special Oxford lasts, not on regular high-hoe lasts. Regular Oxford shoes are made on regular high-hoe lasts, and are not so comfortable. Regal Oxfords never chafe, and are more comfortable. Moreover, they are quarter size, and are made on a last which you cannot find in other shoes.
