## VIEWING THE ROADS

FISCAL COURT OF GRAVES COUNTY MAKES TRIP TO PADUCAH TUESDAY IN AUTOMOBILES.

The Purpose Is to Decide What Road Will Be Graveled to Connect With McCracken County Road.

According to previous arrangements the county judge, county attorney, county clerk and all the justices of the peace of Graves county left Mayfield Tuesday morning to inspect the dirt roads of this county and the gravel roads of McCracken county and also to get such knowledge of two routes from here to the McCracken county line as to decide which one upon which to build a gravel road from Mayfield to intersect a gravel road of McCracken, so as to reach Paducah on the most direct route from Mayfield.

The court composed of Judge J. W. Monroe, county attorney M. B. Hollifield, county clerk Lee Mason, Justices Yates, Pryor, Byrd, Kirksey, Hughes, Jones, Carney and Edwards. These officials were accompanied by J. H. Owsley, road supervisor and W. T. Finley, assistant road supervisor. Besides these there were Will E. Shelton, in his automobile, Theodore Hale and his auto, Bob Hale and his auto, R. G. Robbins and his auto, Ben Covington and his auto, Jim Lochridge and his auto, and the following other parties: Dr. Hunt, J. L. Sherrell, W. E. Playter, W. A. Usher, R. A. Hale and W. N. Jeffrey. J. R. Lemon, of The Messenger, was invited into the dining room to preside over a secret meeting while eating and no longer.

The party went via Viola and the eastern route and returned via Folsomdale or the west side route.

They arrived in Paducah about 10:30 a. m. and after taking dinner at the Palmer house the party left about 1 o'clock to see the new concrete bridge just completed over Clark's river, five miles south of Paducah and Benton road.

This bridge is said to be the pride of Judge Lightfoot, of McCracken county. It is a very fine bridge, and it is said will last for all time to come, which if it does, it is a cheap and convenient structure after all.

It is a new kind of bridge and the people of both McCracken and Marshall counties will appreciate it in time to come far more than the old ones that have been an eye sore over the river for the past 40 years.

After viewing this bridge for a few minutes the inspection party returned to the city, where it remained for a few hours before departing for home.

Our justices were very much delighted at the good gravel roads in McCracken county, and all returned home more enthusiastic for good roads in Graves county than ever before.

Of course there were no expressions from the members of the court, yet it is believed the Folsomdale route will be finally selected as the route for the gravel road from Mayfield to the county line.

The desire for better roads is growing stronger all the time among all of our people and the indications are now that it will be only a few years before there will be great improvements in the public roads of Graves county.

## RETURNED FROM THE MOUNTAINS

Attorney Joe Weeks returned Wednesday afternoon from a trip to the mountains in the eastern part of the state. He attended the meeting of the State Bar Association at Middleboro and then went to Williamsburg, where he visited his brother, Thad Weeks. He then came back and stopped off and went through Mammoth Cave. Mr. Weeks stated that his brother would move August 1st to Richmond to accept a position in the office of President Crabbe, of the Eastern State Normal School. The man friends of Thad will be pleased to learn of such a fine position and wish him and his wife much success in their new home.

Miss Elizabeth Legg, daughter of C. M. Legg, has returned from a visit to Mrs. Judge Barkley in Paducah.

## FULL POWER RESTS WITH GOVERNOR

To Grant Conditional Pardons or Respite and to Return Men to Prison.

Frankfort, July 21.—Attorney General Breathitt has furnished Gov. Willson with a written opinion to the effect that the Chief Executive has full authority, under the constitution, to grant conditional pardons, reprieves or respites, to convicted criminals and to provide for their return to confinement in the event they violate the terms under which they are given freedom.

The Attorney General reviews the laws on the subject in a fifteen-page opinion, and commends the plan as "a wise one and calculated to result in great good."

## JAILER PREVENTS PRISONERS' ESCAPE

Paducah, Ky., July 20.—Turnkey Cartee prevented a bold attempt to break jail early this morning, and drove two desperate prisoners, who were hiding in the corridor, back into the cage. The plan was to overpower Cartee and place him in the dungeon. Gene Bright and Ford Jackson hid out in the corridor when the cage was locked, and early this morning, Tom Farrin, held as suspect in the Poll road murder case, pretended to be sick and called for Cartee.

The latter sent medicine to him but refrained from entering the cell house until a search revealed the presence of the two prisoners outside.

## THE LOCAL OPTION ELECTION AT FULTON

One Fight and Many Difficulties and More Rowdiness Than Ever Known There Before.

VICTORY PREDICTED FOR WETS.

A telephone message to The Messenger office from Fulton at 3 o'clock stated that the election was going with more rowdiness than had ever been seen at Fulton on any election day; that one fight had taken place early in the morning, when a man from the country got in a fight with one of the town men and got skinned up pretty badly.

Several quarrels have taken place and many difficulties averted by friends interfering. Quite a number of ladies are on the streets working in the interest of local option.

It is thought there this afternoon that the "wets" will carry and that the "drys" will be defeated by a small vote.

This opinion is only given from information based on the general talk by those who seem to be in position to know. It is a very hotly contested election, much money has been spent and much ill feeling engendered. No difference as to how the election may go Fulton will not get over the excitement and ill feeling for many years to come.

There are many strangers there today from many surrounding towns watching the vote with much interest and enthusiasm.

## FROZEN DEAD IN JULY

Paul Sorrente, Stricken by Heat, Packed in Ice and Dies.

Newark, N. J., July 20.—Frozen to death in mid-July with the temperature hovering around 90 degrees was the fate of Paul Sorrente, an employee of an iron foundry at Florence. Sorrente was overcome by the intense heat at his work and a physician advised placing ice about the head.

Eager friends took the advice too literally and placed large cakes of ice about his head, neck and limbs. Becoming alarmed a few hours later, the young man's family recalled the physician, who discovered that his patient had been dead for some time. Examination showed that he actually had frozen to death.

## COUNTERFEITER WAS TAKEN TO DANVILLE

Cairo, Ill., July 20.—Frank Smith was taken to Danville last night by Deputy U. S. Marshal Richard Odum to answer the charge in the district court there of passing counterfeit money. It appears that Smith went into the "chop house" across from the court house and ate a small lunch. In payment he gave Pete Dean, the clerk a dollar and found it to be counterfeit. Dean notified police headquarters and Officer Johnson made the arrest. Smith claims his home to be in Erie, Pa. Some think there is a gang of counterfeiters at work as a bad dollar was found at the Bucher Packing Co.

## MOBILE BURGLAR USES CHLOROFORM TO KILL GIRL

Mother Goes Into Children's Room to Find Daughter Dead and Room Filled With Deadly Fumes

Mobile, Ala., July 20.—Fannie May Pryor, the 14-year-old daughter of Owen W. Pryor, a prominent resident of this city, died early today from the effects of chloroform administered to the child last night by an unknown intruder, who succeeded in making his escape.

The girl was found in an unconscious condition by her mother in a room that was almost stifling from the effects of the drug.

A man wearing a black shirt and black trousers was seen to jump the fence about 1:45 o'clock this morning by Mrs. Pryor, but his color could not be distinguished. The entrance was made through a rear window.

Examination by physicians who were summoned showed that the girl had not been assaulted and why she was chloroformed cannot be explained. The girl was sleeping with her baby brother.

## JACKSON'S TWO PAPERS MAY USE SINGLE PLANT

Jackson, Tenn., July 21.—Plans have been perfected. It is said, for both of Jackson's daily papers to be printed from one plant, but the editorial direction and business management of the papers will remain separate as heretofore. As one of the papers is an afternoon journal and the other a morning one, the publishing of the two from one plant will not conflict, and it is expected that the new arrangement will reduce the expense of publication materially for both papers.

## DRYS WIN BY 17 MAJORITY

Fulton, Ky., July 21.—After a very exciting day's election, the vote has just been counted and the "drys" win by 17 majority.

This was a great disappointment to the "wets," for they were certain they would win. There was great rejoicing in the city among the local option people and the good women who worked so faithfully are wild joy. This was a great victory for sobriety against the whiskey interests and all of its money.

Three Months of the New Scientific Treatment Restored His Hair.

Baldness is caused by dandruff, which is caused by a germ. Kill the germ and it is almost certain that hair will grow again. If the follicle has not been destroyed, Neils Peterson of Lime Spur, Mont., says: "I had been bald six years, and had tried all kinds of cures but without any benefit whatever, until I tried Herpicide. November 16 1899, I began using Herpicide, and in three months a fine growth of hair covered my head completely." Ask your druggist for Herpicide. Everybody can have luxuriant, glossy hair. ## MATRIMONY AND LONGEVITY.

Dr. Jacques Bertillon the eminent French physician and an acknowledged authority, announces the conclusion that matrimony is the greatest aid to longevity. He says if men and women would reach a good old age they must marry. This, he says, is established by statistics gleaned from all over the world. A married man or woman has, he says, thrice the chance of a good long run as a bachelor or a spinster. In further illustration of his contention that the wedded life is best for men, he shows that the mortality among widowers is greater than the average among married men. So he recommends them to look out for a new partner, that is, at any rate, if they are under sixty. This is his advice to young men:

"Marry; you will do well, even from a selfish standpoint. But watch carefully over your wife's health, as even from this egotistical point of view her loss will be a terrible misfortune, for your life depends in a great measure on her own."

Dr. Bertillon finds that the mortality among widows is much greater than among married women of the same age.

But the doctor very gallantly finds that women have less need for men than men have for women. Men are less careful of their habits and are unable to live so near the ideal life when deprived, either by design or circumstance, of the watchful care of a wife. When we live under the rule of matrimony we gain. When people leave this influence they suffer, he concludes.

## NATCHEZ SHORT ON STAMPS.

Natchez, Miss., July 20.—For three days there has been a shortage of two-cent postage stamps at the local postoffice occasioned by reason of the fact that there was an unusual increase in the demand for stamps of this denomination and the further fact that the supply ordered by the postmaster has been delayed. Postmaster McDowell expects the arrival of a supply of stamps with every mail.

### SMALL LOSS PER MILE COST RAILWAYS \$19,000,000.

According to the Interstate Commerce Commission, the average railway rate, for carrying a passenger one mile, fell off from 2.014 cents in the fiscal year 1907 to 1.937 cents in the year 1908. This is a difference of 77 hundredths of a mill, or about one thirtieth of a cent.

The apparently small difference in the mileage rate caused a loss to the railways, in passenger revenue, of nearly \$19,000,000—to be exact, \$18,895,590. That is the added amount the roads would have received if the 1907 rate had remained in effect. This is shown by the following figures, all taken from the Interstate Commerce Commission's report:

Number of passengers carried one mile in 1908, 29,082,836,944.

Passenger revenue in 1908, \$566,832,746.

What passenger receipts would have been if 1907 passenger mile rate had been maintained in 1908, \$585,728,336.

Difference, \$18,895,590.

The tendency in recent years has been toward lower rates, for both freight and passengers. It has been proposed to fix a maximum passenger rate of two cents a mile, but the commission's report shows that the average rate (taking last year for which official statistics are published) is already less than two cents.

There is such a thing as damaging any business by adverse legislation.

### DOING THE PROPER THING.

The management of the West Kentucky Fair Association has determined to cut all objectionable features of the fair at the September meeting. An immoral side shows and points have been cut out and will not be tolerated at the coming fair.

The management has determined that nothing shall take place on the fair grounds that will be inimicable to good morals, and the enjoyment of all gentlemen, ladies and children. This we believe is a step in the right direction for the people of Graves county will patronize the fair by bringing their entire families if these features are eliminated and we have the assurance from the management that they will be. This will be a clean, enjoyable and interesting occasion, every day during the meeting.

### ONE MAN SIGNS 250 ACRES.

Many of our large farmers are signing their tobacco to the Association. This is the only way to save good prices.

The mail order houses are doing the merchants in the large cities more damage than they are to the merchants in the small towns. These big houses are fighting the retail trade and the retail trade had as well begin to fight them. Self defense is the first law of liberty. The fight is a big one, but it will have to be made.

Jack Johnson is going to put all his winnings in government bonds, he says. That's much better than investing it in barrooms in 15-cent stalls.

The aviators are making ready to fly from New York to St. Louis. There's a big bag of gold awaiting the one who first accomplishes the feat as per conditions laid down.

Many thousands of dollars have been spent at Fulton for the purpose of trying to foment the open saloon upon the good people of that little city.

The crops are all doing well this season. Corn never looked better and tobacco is coming out wonderfully.

# BEADLES-DUNCAN

Wedding Occurs Wednesday That Was a Surprise to Their Friends.

A wedding that was a surprise to their many friends was that Wednesday evening of Miss Lulie S. Beadles, of this city to Mr. J. L. Duncan, of Rapid City, South Dakota.

The ceremony was performed at the bride's parents, Mr. and Mrs. W. A. Beadles in the presence of only intimate friends and relatives, at 9:30 o'clock with the Rev. W. M. Wood, pastor of the First Baptist church officiating.

Mr. Duncan who is the uncle of T. L. Stovall, of this city, arrived a few days ago for a month's visit to Mr. Stovall, and the wedding was to have taken place later, but on account of Mr. Duncan's having been called back to Rapid City, arrangements were made to have the ceremony take place at once. Mr. Duncan is at present engaged in the real estate business in Rapid City, where he has made his home for the past four years. He formerly resided here and has a host of friends, where he is known as an upright, honorable citizen.

Mrs. Duncan is the eldest daughter of Mr. and Mrs. W. A. Beadles, and is not only popular and beloved among a circle of intimate friends, but is also among the young ladies of Mayfield. She has been a teacher in the public schools in Paducah for three years, and has taught also in Wingo and in Mayfield. She is a charming, conscientious young woman and is worthy of all the happiness and good fortune that shall fall to her.

It might be stated that 40 years ago to the hour the parents of the bride were married in Mayfield in the old Methodist church that formerly stood next to the First Baptist church on the same street where the wedding above took place.

Mr. and Mrs. Duncan left early Thursday morning on the 6:45 train for their far-away home in South Dakota. They left with the best wishes, good luck and hearty congratulations of a host of relatives, friends and acquaintances.

The following out of town guests attended the wedding: Mrs. A. L. Crutchfield and son, James Charlton, of McAllister, Okla.; Miss Ollie Wilson, of Paducah, and Dr. C. C. Charlton, of New York City.

## THEY ALL DEMAND IT

Mayfield, Like Every City and Town in the Union, Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

Mrs. George Combs, Cedar street, Fulton, Ky., says: "For some time I suffered from backache and weakness across my loins. Any overexertion aggravated my trouble and at times I could hardly work. There were other annoyances due to weak kidneys. A member of my family who had found wonderful benefit from Doan's Kidney Pills, induced me to try them. He procured a box for me and I began their use. In a few days I noticed a change for the better and after I had finished the contents of the box, the backache and all the other distressing symptoms of my trouble had disappeared." (From statement given in 1903.)

### A Permanent Cure.

On May 15, 1907, Mrs. Combs confirmed the above statement, saying: "I have never had occasion to use Doan's Kidney Pills since I gave a public statement, recommending them in May, 1903. I advise anyone suffering from kidney trouble or backache to give Doan's Kidney Pills a trial."

## AN IMPRESSIVE SCENE.

Tribute of Pastor Russell at Albert Hall to Late King Edward.

[From the Leeds Yorkshire Post.] Pastor Russell of Brooklyn Tabernacle, the great American preacher, who is now on a tour in this country, prefaced his remarks to a huge audience in the Albert hall last night with the following:

"In Germany I learned of the death of your esteemed monarch, Edward VII. I realized that not your nation only, but all Christendom, had lost an unobtrusive but wise counselor, a power for peace and good will among men. I take this opportunity to express to this great audience my sympathy, which, I assure you, is shared by the great majority of my American countrymen. My first thought was that out of respect for the illustrious dead, his family and the nation this service should be postponed, but my second thought was to the contrary. Surely at no more fitting hour could we consider 'the great hereafter.' There is, thank God, a hereafter for kings as well as peasants. Royal mourners and a mourning nation need a message from God's word, particularly now, and since no more representative audience will probably assemble in this capital of the empire, I have a suggestion to offer, which I trust will have your approval. It is that before offering prayer we show our sympathy for the royal family in their bereavement by standing."

After about a minute, while silent prayer was offered, Pastor Russell offered prayer generally and requested the great audience to sing one verse of "Nearer, My God, to Thee." The whole scene was very impressive.

## IN SCOTLAND.

The American Preacher's Address in City Hall, Glasgow.

[From the Glasgow Herald.]

Pastor C. T. Russell of New York addressed a crowded meeting in the city hall, Glasgow, yesterday evening. As chairman of the International Bible Students' association he is at present engaged in a European tour for the purpose of explaining the doctrines of the Bible in a series of discourses which take the form of religious lectures.

Since leaving America he has conducted meetings in the Holy Land and the principal continental cities, and in the course of his present visit to this country, which he has toured on four previous occasions, he has addressed two meetings in the Albert hall, London, where his eloquence and convincing style of preaching have attracted large audiences. In the city hall last night Mr. Russell's subject was "The Overthrow of Satan's Empire." This evening he will lecture in Dundee, and tomorrow he will appear in Edinburgh. On leaving Scotland he will cross to Ireland, where he will visit Belfast and Dublin.

## YACHT FOR GOSPEL WORK.

Pastor Russell to Work Among Sailors in the Port.

[From the New York American, June 4, 1912.]

Pastor Russell, president of the Peoples Pulpit Association, was yesterday presented, for Christian mission work, the fully equipped and seaworthy Angel, a naphtha and sailing yacht. She is about 125 feet over all, has seating capacity in dining saloon for seventy persons and is prepared for daily dock meetings in fair weather. As indicated by Pastor Russell in his acceptance of the vessel, unique work will be undertaken in New York harbor. It is said the meetings on board the Angel will be advertised from day to day, stating her moorings as well as the language of the speaker. Thus all who desire may keep in touch with this witness of the "gospel of glad tidings" to all nations.

"Fortunately, my friends, this gift is not wholly a surprise to me," said Pastor Russell in accepting it. "I had intimations and was in touch with some of you respecting the Angel. Nevertheless I am at a loss for fitting words wherewith to express my appreciation of your loving zeal in following a suggestion I dropped respecting the soul needs of the sailors of all nationalities visiting this great port."

"Let me, then, briefly say I accept your gift, not in my own name, but in the name of the Peoples Pulpit Association—as its trustee, if you please. May the Angel always and in every language sound forth the praises of the God of all grace!"

## PASTOR RUSSELL RETURNS.

A Two Masted Schooner Presented to Him For Religious Work.

[From the Brooklyn Eagle, June 3, 1912.]

Among the passengers who arrived on the Lusitania this morning was the Rev. C. T. Russell, pastor of the Brooklyn Tabernacle. His arrival was awaited by a number of friends, who presented him with a two masted schooner for missionary work about the harbor.

The schooner that was given Pastor Russell was right on the job as the Lusitania began warping in. From one mast of the sailing vessel to the other was strung an enormous piece of bunting bearing the words "The Angel," that being the name of the craft. Below was a sign reading "God is Love," and a third sign with a religious admonition followed.

Talking of his trip abroad, Pastor Russell said he expected that within five years Jews would begin returning to Palestine to make that country their home. The preacher visited Palestine during his trip and said he found evidences constantly of a steady progress of the Zionist movement.

# WATER AND WEEDS IN MAYFIELD

Health is largely a matter of education. In countries where nothing is known about the importance of sanitation the average length of life is very much lower than it is where the value of taking reasonable precautions for the preservation of health and life is understood.

The average of longevity responds symmetrically to the establishment of sanitary regulations in all countries. There is no more important health measure than that of providing good drinking water. Drinking muddy unfiltered water containing drainage is folly.

Years ago it was believed that persons had to be "acclimated" to live in certain countries. New arrivals who drank the native water, died off in large numbers and a few who survived were "acclimated." It is now known that the important thing is to be careful as to what you eat and drink. Climate does not often kill. The Mahadajah of Beroda said in New York the other that India knew no such heat as Manhattan Island. It is not climate, that makes the average of life in the Maharajah country about half as great as it is in Switzerland. It is a lack of sanitary regulations.

In America we are learning a little about the unwise of drinking out of streams that are full of mud and contaminated by receiving all sorts of drainage. Most large cities have established municipal filtrations with resultant good effects upon public health. In time all of the smaller cities will do so.

Mayfield has a splendid system of water and is not only clear as crystal but pure, wholesome and free from any danger. It is pronounced the purest water of any city in this section.

It comes from several hundred feet below terra firma and is always cool and sparkling.

There is another subject that it would not be amiss to call the attention of the people of Mayfield at this season of the year and that is; the cutting down of the weeds.

Dr. Hunt, the city health officer, advises that the weeds be slaughtered and if they are not cut soon, he will issue a proclamation, and if they are not removed, it will be the duty of the Police to do the rest. The wise man will not wait. Why should he? Cut the weeds do not wait for the exercise of Police authority.

The City Health Officer is actuated only by a desire to protect the public health, and to perform his duty as such Officer. Civic pride should remind people who own yards or lots, in which weeds are growing, to get rid of them. It is best for the community. It costs little to cut the weeds.

They are unsanitary. They cause malaria, and other sickness. There should be no hesitation. Get rid of them and Mayfield will have but little sickness. Lets have another "clean up" day in the city.

## EVANS &

## COVINGTON'S SUCCESS

Evans & Covington, the enterprising druggists, rather than await ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for their celebrated specific for the cure of constipation and dyspepsia by offering the regular 50c bottle at 25c.

In addition to selling a 50c bottle of Dr. Howard's specific for 25c Evans & Covington have so much faith in the remedy that they will refund the money to anyone whom it does not cure.

When your head aches, your stomach does not digest food easily and naturally when there is constipation, specks before the eyes, tired feeling, giddiness, bad taste in the mouth, coated tongue, heart burn, sour stomach, roaring or ringing in the ears, melancholy and liver troubles Dr. Howard's specific will cure you. If it does not, it will not cost you a cent.

# HAVE YOU GOOD MOTOR MANNERS

Authority Says, Don't Try to "Kid" the Unfortunate Under the Car Who is Doing His Utmost!

It may be difficult to run a motor car; it probably is; but it does not require half the delicacy or finesse, not to say tact and diplomacy, that it takes to deport one's self properly in the tonneau when accident has happened somewhere which seems to necessitate a passionate peering into the very "boards" of things by the man driving, says the New York Evening Star. To come out of an hour's wait by the roadside without having made one's self unpopular is a triumph of which any woman may be proud.

When the thing happens one must not ask questions, as questions rightly provoke violence; yet one must be so silent as to appear depressed or to let the person fumbling in the tool box feel that one is lacking in sympathetic interest. On no account be humorous. Humor at such a moment unless it comes from the driver himself, is worse than questions. If he says anything even faintly cheerful laugh delightedly as though everything was as lark as possible, but restrain any mirth on your part. Lead what assistance you can by glancing at the occupants of passing motor with an air which says the car you are in has but that moment stopped and will the very next second be going on again.

To the heated troubled soul who from time to time comes from under the car look as though you liked this particular part of the road, but do not settle back in your corner with a resigned permanency, and this is very important—do not look exaggeratedly comfortable. When other people are suffering you must not seem to swallow in luxurious inaction nor on the other hand, you look chilled to the bone and starved to the point of sudden emancipation, so that they feel a burdensome responsibility toward you. These are perfect motor manners and though a fixed stare is a little apt to put one to sleep, that risk must just be run.

## EMANCIPATION DAY

Annual Celebration Will Be Held This Year on August 3 Instead of August 8th.

On account of the 28th annual emancipation celebration there will be an excursion run Wednesday, August 3 from Dyersburg, Tenn., to Paducah. Formerly this annual day was celebrated on August 8th, but a committee has decided to celebrate on August 3rd, hence the change. The train will leave Dyersburg at 8 a. m. and will reach Mayfield at 11:12 a. m. and the fare will be 50 cents from this city for the round trip. This special train will make only the following stops after leaving Fulton: Water Valley, Wingo, Pryors and Mayfield.

## POINTED PARAGRAPHS

A girl has a splendid time watching just before and after she does it. A girl knows too much to let a man find out. Next thing to being rich himself a man would rather nobody else was. A man doesn't seem to think bad language can do its work unless it's very loud as well. A man can always pity any woman for what she has to go through unless he is married to her. Relatives are very useful to make you feel how much worse of you could be to have a few more.—New York Press.

## HAIR DRESSING

Ask Evans & Covington for Parisian Sage, if You Want the Best.

Almost everybody in Mayfield knows that there is no preparation for the hair that can compare with Parisian Sage.

It cures dandruff, stops falling hair and itching scalp in two weeks or money back.

It puts radiance and lustre into that dull, lifeless hair that many women possess, and does it in a few days.

It makes hair grow; prevents hair from turning gray and is without doubt the most refreshing and invigorating hair tonic in the world.

It is daintily perfumed and is not in the least sticky or greasy.

In summer people of refinement use it regularly, because it keeps the scalp cool and free from odor or perspiration.

On March 25, 1910, Lulu D. Fix, of Raphine, Va., wrote: "Parisian Sage is a wonderful hair restorer; it stopped my hair from falling out and stopped my scalp from itching; also cured the dandruff. I only used one bottle, but I like it so much I am going to use more."

Parisian Sage is sold by druggists everywhere and by Evans & Covington for 50 cents a large bottle. Mail orders filled, charges prepaid, by American makers, Giroux Mfg. Co., Buffalo, N. Y.

Chicago, July 21.—City detectives who went to Winnetka to investigate the killing this morning of Ira G. Rawn, president of the Chicago, Indianapolis and Louisville Railway, reported today that it was their opinion he shot himself.

It has been asserted by the family that the burglar was in the doorway when the shooting took place.

The members of the family, although claiming that the door was forced open with a "jimmy," have all day refused to permit an inspection of the marks made by the alleged "jimmy."

It is also claimed by the family that Mr. Rawn was shot while standing on the stairs.
