## THE CITY COUNCIL AND CONCRETE WALKS

Mr. Editor:

What is the cause of the wonderful stir-up in the construction of new walks? Who is it so persistently pleading for them that the council is tearing up first class brick walks and replacing them with concrete, a material that has not proven a success, and many of them here, at Paducah and other towns are failures? What is the purpose of this wonderful awakening? Is it to beautify the city? If so it has been a woeful failure, except, perhaps, on one or two streets. The writer does not know of a single street that has been properly laid on both sides with walks and gutters, and having the street properly graded and kept free from weeds and grass so as to enhance its beauty. On the contrary they have never before presented a more unsightly appearance. Less attention has been paid to the growth of weeds and grass and the removal of piles of lumber and dirt. Few walks have been completed in a business manner. Everything has been done in a hop, skip and jump way. Little segments have been built in out of way places with no way to reach them or to get away from them without hip rubber boots. The interest of the poor has not been guarded. In many instances he has been forced to encumber his home, while his rich neighbor has been undisturbed—some of the costliest houses within two squares of Broadway, have imperfect brick walks, while away off in remote parts of town persons owning little shacks are forced to build magnificent concrete walks and let their little ones go hungry.

There was ever a less propitious time for this heavy exaction on the poor than the present. There is not a man or family who has to work for a living that is not in a strain to get the rarest necessities on account of high prices. Fewer families eat meat than at any time before. Many poor families live along these streets on which the council is forcing the owners to build new walks, who are struggling for existence and who will suffer from the reckless extravagance of the council in forcing them to tear up good walks; good enough for any but the toniest, and they can ride in their autos.

City fathers, don't oppress the poor by bringing greater burdens on them than they can bear and force their little ones to go hungry and bare to please the esthetic eye of those who never felt hunger or saw their little ones shiver with cold.

A SUBSCRIBER.

## AT EIGHTY YEARS

Mr. W. G. Minton, of East Mayfield, was made glad by a surprise birthday dinner and he rejoiced in the fact that his children and grand children so kindly remembered him in his old age. Uncle Billie is 80 years of age and is hale and hearty, with fair prospects of a good old age. The dinner was given by his daughter, Mrs. Ben Wyatt and near relatives. It is needless to say that was a good dinner and one long to be remembered. Four grand children were present each one the oldest child of his home. Mr. Minton's youngest brother from Paducah paid him a visit Friday. We wish the gentleman a quiet and happy time in his declining years.

## BIRTHDAY DINNER

Daniel Taylor, of Cottage Grove, gave a dinner Sunday to celebrate his 49th birthday. There were about 75 persons in all. The bill of fare was as good as could be wanted by anyone. The table was loaded with fish, sheep, pork, cakes, pies, sherbet, ice cream and all other good things in abundance.

Jim Morris, of Hickory Grove, says that he hopes that they have another one soon. Those present were mostly relatives.

C. B. Cole a young real estate dealer of Benton, was in the city Monday, looking after his business.

## TOBACCO MEN CONCLUDE

### 51 Per Cent. Clause of the Pledge Remains Unchanged.

Clarksville, Tenn., Aug. 12.—The directors of the Dark Tobacco Planters' Association of Kentucky, Tennessee and Virginia closed their meeting here today. It was shown that in every county there was a stronger feeling in favor of the organization than ever before.

It was unanimously decided that the 51 per cent. clause of the pledge should remain unchanged. It was also unanimously carried that the books of the association should close at noon Monday, Aug. 15, for two years, and all who were out then would remain out for two years. It was thought that every county in the association would secure the desired 51 per cent.

## AT CITY HALL TONIGHT

There will be a mass meeting held at the city hall tonight called together by the city council and others interested in good streets and good roads. There will be several speeches made by prominent citizens of the city, all for the purpose of trying to inaugurate a plan by which good graded and graveled streets can be made in the city.

This meeting should be encouraged by everybody in the city as the city council and our public spirited citizens are all very much interested in the improvements of our streets and sidewalks.

The people pay the taxes, they travel over our streets and they should have good streets and good pavements and they should have interest enough in these good things to all join together and build them this summer and fall. Don't fail to attend the meeting.

## ARRIVED FROM TEXAS.

Mr. James Mathis, wife and son, Horace, of Tyler, Tex., arrived in the city Monday morning on their way to the Brewer Mill section to visit relatives and friends for two or three weeks.

Mr. Mathis is a nice gentleman, has a nice family and has many friends wherever he goes.

He was born in Marshall county April 8th, 1851, but has been a resident of Texas for many years.

Mr. Alfred Sanderson and Walter Cantrell left Sunday night for Beecher, Ill., where they go to engage in doing concrete work for a big elevator. They are both good workmen and will command good wages.

## DOING BIG BUSINESS

W. E. Norman, the big clothing man of the city, is certainly laying his competitors in the shade when it comes to selling fine goods at low prices. He took a hammer and knocked the prices all to pieces and is now selling clothing, quality considered, for below any prices ever before offered in the city. He did a land-office business Saturday and Sunday night and was well pleased at the manner in which the people are taking advantage of the great sale in clothing.

## PARIS MAN SHOT DEAD AT HOT SPRINGS, ARK.

Hot Springs, Ark., Aug. 12.—Wood C. Turner, of Paris, Ky., was shot and killed here last night by J. C. Purnell, a local hotel proprietor. Turner and Purnell's wife were returning from a moving picture show when Purnell opened fire, killing him instantly. Purnell surrendered to the police.

## LOST WATCH.

A ladies' small gold watch with flowers on the case and a set in one side of the case. Was either lost or stolen in Mayfield or between Mayfield and Sedalia about the 29th of July. It was in a small black leather purse. Anyone finding it or knowing of such a watch will notify MRS. W. P. BARTON, Sedalia, Ky.

## TODD REPORTS ON THE BOOKS OF GALLATIN

Frankfort, Ky., Aug. 13.—State Inspector and Examine McKenzie R. Todd has filed with Governor Willson his report of the investigation of certain officers of Gallatin county. The report shows that Todd collected \$182.75 from officers of that county which he turned into the State Treasury.

In commenting on the condition of affairs in Gallatin county, Todd says: "It seems to have been the custom of this Judicial district for Commonwealth attorneys to collect the fines and forfeitures paid to the trustee of the jury fund."

Ex-Commonwealth Attorney F. C. Green stated to Todd that it had been the custom for a long time in the Fifteenth Judicial District for Commonwealth attorneys to collect the fines, and that the people have been educated to believe that they are the proper persons to whom the fine must be paid.

## PUBLISHES REPORT

The sheriff of Ballard county has published his report of the delinquent list, which was certified to by the county clerk of that county in the Ballard Yeoman as is required by law.

Notwithstanding the law requires this in Graves the same as they do in Ballard the report of the sheriff for 1909 has never yet been published. This is something that is a little strange to the tax payers of this county that these official reports are not published.

## FIRE IN BUSINESS DISTRICT

Clinton, Ky., Aug. 12.—Clinton has suffered another big fire in the business district. About midnight fire broke out in the restaurant of Albert Nall and threatened the entire block. The stock of Mr. Nall was entirely lost and building badly injured. The plate glass in three other stores was broken, but owing to the splendid work of the firemen it was soon put out. Clinton has one of the best fire companies anywhere around, and they have saved the town much loss. The last loss was fully covered by insurance.

## ERECT TOBACCO FACTORY.

Paducah, Ky., Aug. 12.—A. D. Dickerson, a buyer for the Italian government, is preparing to erect the largest tobacco factory in Western Kentucky, to prepare tobacco for shipment to the foreign market. At least 5,000,000 pounds of dark tobacco will be handled every season, according to Mr. Dickerson. This is the second announcement within a week of large tobacco plants to be erected here, the other to be built by T. J. Stahl, a prominent buyer. Each will cost several thousand dollars.

## TOBACCO NOW ON HAND

Only about 300 hogsheads of tobacco remain in warehouses in Mayfield after the immense business that was done here during last winter and spring. This tobacco will soon be sold, which will be the winding up of many very large purchases of tobacco on this market.

## BENTON FOLKS IN TOWN.

Robert Cornwell, Z. Burnham, Tom Vaughn, Sam Parks, Johnnie Vaughn and wife and Charlie Coles spent Monday in the city visiting and attending county court.

Misses Lou and Cora Hargrove, of Farmington, accompanied by George Carneel, of Kirksey, and W. T. Davis, of Mayfield, spent Saturday at Almo at the home of Miss Helen and Beatrice Hargrove, of that place. They report having a fine time. That night they were honored by a moonlight picnic.

Mr. Jim Buck Smith, the big horse dealer, was in the city Monday trying his luck trading.

## NIGHT RIDERS ON RAID

### Demolished Mill Near Glasgow—Women Fire On Marauders.

Glasgow, Ky., Aug. 13.—A band of night riders visited the home of Mrs. Mary Buchanan in Green county and completely demolish a mill owned by her. They cut all the belts, broke all the pumps and other machinery about the building and otherwise damaged the property. Later they attacked the dwelling, breaking out the windows and chopping on the doors. Mrs. Buchanan and her daughter defended the home and fired on the marauders, frightening them away. It is not known if the shots hit any of the miscreants.

## MUCH TRAVEL

There is a vast deal of travel out of Mayfield to various parts of the country during these hot days and nights. There were something like 300 tickets sold Sunday to the various parts of the country and the like of travel from here is greater than it has been any summer for many years.

This is always strong indication of the good condition of the city and the country, because people, as a rule, never travel unless they have money.

## BACON TWO AND ONE-HALF CENTS IN 1843.

An old letter, written in May, 1843, by a Boone county (Indiana) farmer, gives some prices of current commodities which will probably interest our readers: "Corn is now selling at 25 cents a bushel; wheat 50 cents a bushel; bacon two and one-half cents a pound; plenty of deer, turkeys, badgers and Indians." Deer and turkeys were so cheap that he did not regard them as worth quoting. (Neither was there any quotation on Indians). It will be noted that there has been considerable advance in the price of bacon since those good old days.

## COUNTY COURT DAY

Monday was county court day and although the crowd was not large, yet there was quite a lot of business transacted of various kinds. A number of people come to Mayfield on county court day and at this season of the year nearly all of them have some kind of business.

A good crowd of horse jockeys were here and the usual amount of swapping took place among them. Business always picks up when a lot of horse jockeys get together, it makes no difference whether they are good or bad horses, little or no money.

The surrounding country pretty well represented in this line and all went away thinking that they had spent a profitable day.

## CHURCH AT MACEDONIA.

The revival closed Sunday night with 11 baptisms and one restored. The boy preacher preached to large crowds there Saturday night and Sunday night. As usual at all of his sermons he delighted his audience.

Mr. Bob Green, popular book-keeper of the city, left Sunday for French Lick where he will spend his vacation enjoying life.

## FINE CROP OF CORN AND TOBACCO

Mr. Brack Sullivan and wife spent Sunday in the country visiting his son-in-law, Claude Brown, an dwife and while there discovered a very fine crop of corn and tobacco. Mr. Brown raises the silver leaf corn, which has a short stand and has two or more ears of corn on it.

Mr. Sullivan says that crops are very good. Mr. Brown sent The Messenger office some very fine samples of corn tobacco and cabbage, for which he has our thanks.

## EL PASO MAYOR A HERO

### Gives Up His Life Trying to Save Doomed Firemen.

El Paso, Tex., Aug. 14.—In endeavoring to save the city firemen from what appeared to be certain death, Mayor W. F. Robinson was himself crushed to death at 9 o'clock this morning. Fireman Todd Ware also met death at the same time. Fire Wman William Robinson was seriously, if not fatally, injured, and Tssistant Fire Chief Dave Sullivan was badly injured. They were crushed by falling walls of the Buckley building.

After the building had been gutted, and while firemen were still working within, the mayor, who had been on the scene for two hours, observed that the walls were swaying in the wind and rushed in and called to the firemen to get out. As they started back the walls fell.

The mayor looked up as the walls tumbled toward him, then started to rush out of the way, but was crushed to death. Both teh mayor and Fireman Ware never breather after being dug out. Hardyl a bone in their bodies was left unbroken.

The property loss will total \$250,000.

**MURRAY LAWYER  
FILES LIBEL SUITS**

(Cádiz Record.)

An important lawsuit was filed in the Trigg Circuit Court Tuesday by Attorney John W. Kelly, of the local bar, Max Hanberry, of this city, and Emmett Holland, of Murray also being attorneys in the case. She style of the suit is Zeb A. Stewart, a prominent Murray attorney, against the Sun Publishing Company, of Paducah. The plaintiff asks damages in the amount of \$10,000 by reason of the publication of the following article in the Sun in its issue of the 9th of August, 1909: "Phillips is the law partner of Zeb A. Stewart, who is accused by some of his own party by virtue of his position as a member of the county committee of having practically disfranchised two thousand Democrats in the re-organization of the Democratic party. At the same time there are about 900 Republican votes in the county and nearly every one of them will vote for Patterson, Jordan and Langston, and when one adds to this vote some 1,200 dissatisfied and disfranchised Democrats, one can understand why certain Democratic nominees are on the anxious seat."

In the petition it is alleged the publication was done with malicious intent and for the purpose to humiliate and degrade plaintiff in the eyes of all good people and to injure him in the practice of his profession, upon which he was dependent for a livelihood.

**DID A GOOD BUSINESS**

Walter Davis was in town Friday and left for home in the afternoon. He spent three days in Mayfield, Route 8, and did about \$80 worth of business for The Messenger office. This was a banner trip for him or any other man in the newspaper business for that length of time in this county. He speaks in praise in the hospitable manner in which people treated him on this route. B. F. Bennett is in Paducah this afternoon.

**CONES AND CREAM BAD.**

Paducah, Ky., Aug. 12.—Under an order from the board of health ice cream cones sold in Paducah have been analyzed by Dr. G. C. McKinney of the Illinois Central staff hospital, and were found to contain ingredients not beneficial for children. However, the ice cream sold in them was found to be worse than the cones. Steps probably will be taken to prohibit the sale of the cones. The analysis also shows that an enormous profit is made off the cones.

**SID BROACH PAROLED.**

Sid Broach, sent to the penitentiary from Graves county for life for murder, has been paroled. He has served seventeen years but is now only 40 years old.

Broach has an unusual record. He has been in the penitentiary nearly half of his life, being only 23 years old when he was admitted seventeen years ago, to serve a life sentence. The Commission thought he had been in the prison long enough a she has made a good prisoner and is said to have shown signs of reformation.—Murray Gazette.

**WOMEN  
OF MIDDLE  
AGE**

**Need Lydia E. Pinkham's  
Vegetable Compound**

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUISA WOOD, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

**SURPRISE THEIR MANY FRIENDS.**

A surprise wedding took place Saturday, July 30th between two and three o'clock p. m., when Iven Sellars and Miss Rigge Nance were joined in holy bonds of matrimony. They quietly drove to Mayfield, and after having the necessary legal papers in readiness had the knot tied and returned to their future home, near Hiser. After November 1st they expect to reside at Maynard, Arkansas, where the groom's parents reside. Iven is one of the best and most industrious and influential young men of this part of the county, while the bride is an exceptionally attractive and charming young woman. She is beautiful and cultured and is in every way deserving of the young man who is to go with her through life. She is the daughter of Mr. and Mrs. Ira Nance, of the Lowes section. They are recipients of congratulations from many friends.

WALKER VERSUS WATTERSON.

Yes, even the Clinton Gazette, edited by Col. Ed Walker, living in the good town of Clinton, has given Col. Watterson, the great editor of the Courier-Journal, a very nice little drubbing. Ordinarily this could not be done by a country editor, but Col. Watterson has managed to get himself on the wrong side of the liquor question, which places him in a position to get the worst of it, by almost any editor, though he lives in a small town and edits a country paper.

No man can espouse the cause of the open saloon and the "Model License League" in this, or any other state and be what we turn a good democrat, who holds to that good old democratic doctrine, the "greatest good to the greatest number; equal rights to all and exclusive privileges to none."

The democratic party is a party of the people, and not a party of the saloons.

Col. Walker is on the right side of this great question, and Col. Watterson is on the other side.

We are astonished that the great Courier-Journal, a paper of its standing would allow its chief editor to try to read everybody out of the democratic party, who are opposed to saloons and the domination of the people by the liquor interests of the state and country.

As for us, there is not a democrat in the state who has a better voting record than we.

We began voting the democratic ticket, with our first vote in 1870, and not a scratch or a dodge has been made by us since that memorable day, and yet, in spite of our devotion to the democratic party, we have never at any and all times failed to vote against the demoralizing influence of the open saloon. We believe the democratic party to be the only political party to rule and govern this country as it should be and as long as we live and as long as we are able to vote, so long will we vote the ticket, regardless of who the nominees may be and on the other hand we will never vote for open saloons or support the Model License League. We are a better and truer democrat than Col. Watterson and we are happy to say we are unalterably opposed to the domination of this state by the whiskey ring as well as the republican party; but we had rather, yea a thousand times rather, be governed by the republican party than by the whiskey power.

So long as Col. Watterson is the chief flogger of the whiskey interest in this state, so long will our friend, Editor Walker, of the Gazette, have no trouble driving the big editor to the wall before the good people of Kentucky on the radical position he has taken in favor of the power of whiskey against the power of the people.

Mr. Watterson need not become alarmed at the right and privilege of democrats doing as

they please in voting for local option, county unit or any other law to keep open saloons away from their doors.

The Scriptures tell of a man named Haman who was hanged from a very high gallows. Another of the name has come into prominence by trying to bribe a blind man in a case before Congress involving lawyers' fees of three million or more. Pity the latter day Haman can't be hanged as high as he of ancient times and Judas Iscariot.

There are \$1,676,000,000 in the savings banks in New York. This is far in excess of France or Austria-Hungary and about equal to the combined holdings of such institutions in Great Britain, Ireland and Russia. Germany of the foreign powers alone exceeds ours. Pity that the purchasing power is so greatly less in this country than in those named.

You don't have to go to war to be patriotic. Improve your locality, uphold your town, enlarge its interests, and lend a hand to progress, and you are a patriot—a lover of your country—as truly as the soldier who shoulders his musket.

Time was not far back when the hoodler was called a statesman, or, at worse, a shrewd politician. It is to the great advantage of this country that he is now known by his right name.

It is said that a goose drinks water one hundred times a day. Some geese don't drink water at all.
