DEMOCRATIC.

ATTEMPTED ASSAULT

Eight Year Old Daughter of Joe Bodkin, of Berkley, the Victim.

Arlington, Ky., Aug. 18.—An attempted assault was made on the little 8-year-old daughter of Joe Bodkin at Berkley, Ky., Tuesday morning and Charley Patrick, a white man about 30 years old, is under arrest accused of the crime. According to the affidavit made by the little girl a man whom she did not know was in Lelon's store at Berkley when she and her brother, aged 12, went in to buy some goods. The man caught her and fondled with her in the store. Then he bought some candy and gave it to her. She and her brother started home, which is a short distance up the railroad north of Berkley. However, the children had started along the dirt road, but were overtaken by the man, who persuaded them to cross on the railroad with him. After they had followed the railroad a short distance the little girl states that the man caught her and tore a portion of her clothing off, the boy in the meantime threatening to throw rocks and doing all he could to assist his little sister. While her assailant was watching the boy she managed to break away and ran home and reported to her parent at once. Efforts were made to apprehend the man.

Charley Patrick of this place, who is said to have been with a fishing party on the lakes near Berkley, was arrested accused of the crime. He had come out to Berkley for some purpose and is said to have been drinking. He has always borne a good reputation, never having been connected with any crime before. He is married and his family live here. He was taken into Bardwell for trial.

WOUNDED MAYOR IS IMPROVING

New York, Aug. 18.—Today has been the best day the mayor has had since he received his injury and this evening he is stronger than at any previous time.

There is no foundation for the alarming rumors which have been in circulation. If conditions continue as they now are, only two daily bulletins will be issued hereafter.

IRVIN COBB ON THE "THIRD DEGREE"

Irvin Cobb, the New York World's humorist, who was formerly in the staff of the Evening Post, has a description of the "Third Degree" in the World of last Sunday. The description is given in a interview with Sherlock Holmes, in Mr. Cobb's famous series, "Live Interviews with Dead Ones."

Mr. Cobb's description of the third degree is as follows:

"They take him to headquarters, where the chief inspector, moistening his palms by the same method that the Haggertys and other kings of Ireland have always employed, takes a firm grip on the suspect's neck and presses the Adam's apple firmly back into the main design until the prisoner's tongue hangs down on his chest like a plush necktie. This is known as the third degree, and is so called because nobody ever lived to take the fourth. While the accused is in the hospital recovering from the effects of his preliminary examination, his confession is secretly published in all the papers and the reporters collect the evidence and save the jurors any mental strain by trying him in advance. That closes the incident unless it should develop that he belongs to a wealthy family, who can afford to hire an alienist."

RETURNS FROM TEXAS PRISON

D. C. Riley, Formerly of Graves County Tells of the Treatment of Convicts.

D. C. Riley, a former citizen of Graves county, who went west several years ago and was sent to the penitentiary for killing a man, has returned to his native county and will make his home here. He gives an account of the treatment that the prisoners receive there and the following were published from the Houston (Tex.) Post, by permission of Mr. Riley: D. C. Riley, who was sent to the penitentiary from Montgomery county five years ago, reached Houston yesterday, after having served out his term. His discharge papers bore date of June 29, but originally June 22.

In talking of this change in the date, he said:

"Conditions are about as bad as ever in the convict camps. There was a bettement just after the committee made its rounds but the old state of things is rapidly returning. While I can not, of course, say positively of my own knowledge, it is the general impression among the convicts that every man who testified before the committee has been punished; I know some of them have. Of course, not punished for testifying—but punished, just the same. For the past six months I have been in Camp Goree, which is located near Huntsville. We have been cursed, abused and whipped, and I now have four raw places on me where I was whipped only last week. My discharge papers had been sent to the sergeant dated June 22; I was punished and kept seven days longer at the hardest sort of work and the date on the papers changed to June 29.

Claims Unfair Treatment.

"My punishment I regarded as distinctly unjust. I had carried a trunk belonging to a guard for 200 yards from the first lot to the house and was then ordered to carry it upstairs despite the fact that two other men had the trunk and were carrying it up. I told the guard that I was not able to carry the weight, owing to my rheumatism, and on his report the whipping was ordered without me being permitted to offer any evidence or to make a statement. I was promptly called a liar on the statement I did make and that was all there was to it. The skin was broken during the whipping and there was no citizen present as required by the rules.

"Last week there was another flagrant violation of the rules when a guard shot a convict named Reagan. The man now lies in the hospital at Rusk prison. I was told that he was trying to escape, but the guard could easily have shot him in the legs, as he is commanded to do; instead he emptied a shotgun at close range into his head and lungs. Reagan fell with his face in the sand and blood and lay there for some time, no effort being made to remove or relieve him until two of us who were some distance away could get to him. His brains were oozing from his head, but he was packed into a wagon and jolted to the main prison.

Promised to Investigate.

"I reported the whipping given me and the change in the discharge date to Superintendent Herring and he promised that he would look into it without delay. I don't know what he did, as I left Huntsville as quickly as possible.

"My wife is married here, and I will stay in Houston several days, until I can get away to Kentucky, my old home, where I intend to remain.

"I was sent to the penitentiary upon conviction for murder in the second degree. I have never been dishonest in my life. But since I have been in the service of the State I have been abused for everything under the sun and called all sorts of names. This abuse by the guards slackened just after the visit of the committee, but it is getting as bad as ever, and the most insulting and abusive language toward the convicts is common. The convicts

SALE OF LOTS WAS A BIG SUCCESS

Handsome Sum Realized Out Of Henry Addition Wednesday Afternoon.

Wednesday was the day when the big sale of town lots took place in the Henry Addition in the southeast part of Mayfield.

This was a new experience for the people of Mayfield and notwithstanding the poor encouragement Mr. Henry received from some people it was a success and each and every lot was sold. Long before the hour for the sale to begin there was a large crowd of men, women and children assembled on the ground as thick as they could stand in the hot sunshine and in the dust, ready for the big auctioneer to begin the sale.

Duplicate tickets were issued to all present. One end was torn off and put in a box and shook up, after which a little girl got up in the carriage and took out one ticket and the one holding the duplicate to this got a \$10 gold piece. The lucky one to this prize was Miss Ethel Smith.

After this was over the big sale began. The first lot sold brought \$400, which was the highest price paid for any lot.

It and the next two lots were bought by Mr. Art Brand, which entitled him to name the two streets running through the property. This Mr. Brand readily did, naming one Brand street and the other Usher avenue.

Then the sale continued with a hop and a jump, from one part of the "addition" to the other, until all of the lots were sold.

Interest at times lagged and it looked for a time that the sale would be pulled off, but as the sale progressed interest picked

up and the prices increased until the last lot was sold.

This piece of land contained about 19 acres and is now known as the "Henry Addition" to the city of Mayfield, for which Harry A. Coulter was paid \$5,000 cash. It was divided into 97 lots, besides the streets and alleys, the highest lot bringing \$400 and the lowest one \$27.50, the total sale amounting to \$8,510.

The expenses of Mr. Henry since he came amounting in all to about \$1,000, realizing for his services and because of his shrewd business sagacity the neat little sum for his two week's labor about \$2,750.

Mr. W. A. Usher was the largest purchaser and Mr. Art Brand the next and the other lots were bought by various and sundry persons.

Mr. Dave Henry was here and conducted the sale. He is an inveterate worker and never knows when to quit. He is a nice gentleman and while here made many friends by his courteous bearing and honest dealing.

Mr. Moore, the famous Tennessee auctioneer, did the selling and showed himself to be on to his job. He received \$150 for his evening's work here and the same at Murray, which took place Thursday.

The deeds were signed and the money paid in as fast as they could be written up.

This is only another illustration of what tact, energy and alertness can do, even in the dull dry season of the midsummer.

The persons to draw the two lots that were given away were Robert L. Mahan and W. W. Chapman.

The music for the day was furnished by the brass band of Folsomdale.

SHOT BRICE'S WIFE

Was Shooting at Brice, Who Had Whipped Him.

Hickman, Ky., Aug. 18.—In attempting to shoot Edgar Brice, Will Johnson accidentally shot Mr. Broce's wife through the breast and lung, wounding her seriously, yesterday afternoon at Brice's home, a few miles west of town. Earlier in the day Brice and Johnson had had a difficulty, and came to blows, and Brice whipped Johnson. Late in the afternoon, Johnson, armed with a pistol, came by Brice's house, and seeing him out in the yard playing with his children, began firing on him. Mrs. Brice, who was in the rear of the house, heard the noise and came running out into the yard to see what was the matter, when she received a bullet wound in the chest. The wound is serious, but is not thought to be fatal. Johnson fired five times at Brice. Immediately afterward Johnson phoned to the sheriff and gave up.

WILL MOVE TO HARDIN.

H. C. Shelton, who recently sold out his insurance business, has sold his residence on West Broadway to his son, W. E. Shelton and will soon leave for Hardin, Marshall county, to locate. The many friends of Mr. Shelton will regret to learn that he is going to move away after being one of the leading citizens of Mayfield for so long.

dare not for their very lives make complaint while they are still in the power of the guards and sergeants.

"At Camp Goree the quarters provided for the men are very good, but the bedbugs are getting to be something fierce and a man can't sleep well. The food is fair, but there are cows on the place and the men never see milk or butter though I presume that the cows are there for that very purpose."

BROTHER SHOT AT HOT SPRINGS

Mrs. B. W. Reynolds Left to Attend Bedside In Response to Message.

Mrs. Dr. B. W. Reynolds received a telegram late Wednesday apprising her that her brother, Sheriff Jake Houpt, had been perhaps mortally wounded in a pistol duel with two desperadoes at Hot Springs, Ark.

Mrs. Reynolds left Thursday morning to attend the bedside of her wounded brother. The following dispatch has been received regarding the trouble:

Hot Springs, Ark., Aug. 18.—In a pistol duel between Sheriff Jake Houpt and his brother and chief deputy, Sid Houpt, on one side, and George and Oscar Chitwood, farmers, on the other side, which took place within the shadow of the county court house at noon Wednesday, Sheriff Houpt was perhaps mortally wounded and George Chitwood was killed. More than twenty shots were exchanged in the fusillade between the quartette.

Oscar Chitwood, one of the brothers, made his escape on horseback immediately after the tragedy, and tonight the county towards the west is honeycombed with posses of armed men, under the leadership of Sid Houpt and Reb Houpt, brothers of the sheriff. Chitwood is armed and nothing less than another tragedy is expected when he is encountered.

The trouble grew out of warrants which had been issued several days ago charging the Chitwoods with thefts of horses. The warrants had come from Amity, in Clarke county, west of here, and Sheriff Houpt and his brother Sid went to make the investigation and arrests. They found two horses last Monday, which they brought to town as part of the alleged stolen property. The Chitwoods could not be found to be served with arrest.

DAMAGE SUITS

Two Prominent Citizens Are Made Defendants to Actions.

Two sensational damage suits were filed in circuit court Thursday. The plaintiff to each one is Mrs. Ida Ducobu against J. J. Osborn for \$5,000 damages and the other one against John Wright for \$10,000. The attorneys for the plaintiff are Webb & Weaks.

Mrs. Ducobu states in her petition that on or about August 25, 1909, the defendant, Osborn spoke of and concerning the plaintiff these words: "That some person had stolen from John Wright \$400 and that he was satisfied that it was Oscar Ducobu's mother and if they did not return the money that John Wright would prosecute her."

The suit against Mr. Wright for \$10,000 alleges that he also spoke words accusing Mrs. Ducobu of stealing \$400 from him.

About a year ago, it seems that a roll of money, about \$400 at the Wright home got misplaced some way and could not be found at the time. Several months later, it is understood, the money was found in some of the trunks or dressers by Mrs. Wright. Mrs. Ducobu claims that the shock by being thusly accused has permanently wrecked her health.

Other Suits.

Ervin Dennie has sued Mamie Dennie for divorce on grounds of desertion. They were married in 1906 and separated last year. Johnston & Wyman are attorneys for the plaintiff.

Elvie Hooper Higgins has brought suit against S. T. C. Smith for \$264.05 alleged to be due on a note. The plaintiff asks for an order directing the sale of certain property to satisfy the claim. Attorney W. B. Stanfield represents the plaintiff.

SUNDAY DINNER.

In honor of his birthday there will be a dinner given at the home of Doc Barley, three miles north of the city Sunday. All of his relatives and a number of friends will be present and it is fully expected that 200 people will be there, among them being many from Mayfield.

SUES FOR ALIMONY

Mrs. Keren H. Taras, of Wingo, has filed a suit in circuit court against her husband, J. M. Tartt, for a decree separating them from bed and board and for \$2,500 alimony. An attachment on his store was granted and house closed by order of the court. Attorneys Speight & Dean represent the plaintiff.

SUMMER HAIR DRESSING

Ask Evans & Covington for Parisian Sage if you Want the Best.

Almost everybody in Mayfield knows that there is no preparation for the hair that can compare with Parisian Sage.

It cures dandruff, stops falling hair and itching scalp in two weeks or money back.

It puts radiance and lustre into that dull, lifeless hair that many women possess, and does it in a few days.

It makes hair grow; prevents hair from turning gray and is without doubt the most refreshing and invigorating hair tonic in the world.

It is daintily perfumed and is not in the least sticky or greasy.

In summer, people or refinement use it regularly, because it keeps the scalp cool and free from odor of perspiration.

On March 25, 1910, Lulu D. Fix, of Raphine, Va., wrote: "Parisian Sage is a wonderful hair restorer; it stopped my hair from falling out and stopped my scalp from itching; also cured the dandruff. I only used one bottle, but I like it so much I am going to use more."

Parisian Sage is sold by druggists everywhere and by Evans & Covington for 50 cents a large bottle. Mail orders filled, charges prepaid, by American Makers, Giroux Mfg. Co., Buffalo, N. Y.

SOMETHING NEW.

We have just issued from this office one thousand copies of a remarkable booklet of 50 pages. Its author, Ex-State Senator Jas. D. Watson, claims that the doctrine of universal immortality taught by the religious world is not taught in the Bible, and introduces more than 60 quotations from the book to prove his position on this and other issues growing out of it. The best Bible students, who have examined it, pronounce it a strong presentation of an unusual claim, which, if accepted by the religious teachers of the world would revolutionize orthodox Christianity. We predict that it will be extensively read by those who are interested in the study of the Bible. The price of the booklet is 25 cents and can be found at our book stores. It was scarcely off the press before many Bible readers were calling for it to see what its author had to say on the immortality of the soul from a Bible standpoint. The old and now commonly accepted doctrine that a sinner has an immortal soul is strongly denied in the arguments presented by the author of this little book, taking the position that in order for the soul to become immortal it must be born again.

The book is well worth the perusal by any one interested in the immortality of the soul.

Mr. Henry, the big real estate man, was a little frightened during his sale that he would not come out all right, but the prices remained firm until the close, when, with a smile, he discovered a nice little amount on the right side of his ledger. No man can lose money when he advertises in The Messenger.
