FAIR GROUNDS IN ZENITH OF GLORY

FARMERS TAKING GREATER INTEREST IN COUNTY FAIR THAN EVER BEFORE—FARM AND STOCK EXHIBITS WILL BE IMMENSE

ALL EYES TURNED TOWARDS MAYFIELD AND HEARTS THROBBLING FOR THE DAY.

Great Day Coming for Races of a High Class and Balloon Ascension Each Day.

The outlook for a successful county fair at Mayfield on September 7, 8 and 9 and 10 was never brighter. Everybody seems to be taking a greater interest in the fair than ever in the history of the county. The farmers are happy over the prospects of the fine crops and when they are in good spirits it is no trouble to get them to get enthused in any undertaking that will tend to hold them. The fair is for the farmers and it is to their interest to see that it is a success. The farmers are talking about the fair all over the county and each one will make an effort to show that his farm is the best. They will bring in their products to compete for the premiums. Corn, tobacco, pumpkins, apples, pears, peaches, watermelons, musk melons will fill the floral hall. While in the stock and poultry department, hogs, cows, sheep, turkeys, chickens, etc. will be seen in countless numbers. Farmers from every nook and corner have written the fair management that they would bring something to put on display in the competitive hall. The women will ornament the hall with domestic arts and handwork and prizes will be offered in this department for the best work.

Sufficient premiums have been offered also for the culinary department to get a grand display of preserves, jellies, pickles, white light breads and cakes, butter and pies will be lined up in abundance. Prizes for the prettiest flowers will be given also.

This year will find the grounds more beautiful and commodious than ever before. Elaborate preparations have been made for the entertainment of the thousands of visitors who are sure to be here. Ample room for all the stock has been provided and they will be well taken care of. Many more stalls have also been erected for the race horses as many more horses than ever before will be here.

The grounds are dream, so beautiful all the appointments and surroundings. The grass is now in its prettiest state and makes it an ideal place to spend the day on the beautiful lawns. The scenery was never more picturesque and the grounds covered so radiantly with the green grass only enhance the beauty and makes life with the cool and balmy air that is always prevalent in a breezy form in the most extreme sultry days, one round of pleasure. The giant oak trees on one side of the grounds furnishes such a delightful retreat for the family with their children to rest and enjoy the sights as well as a charming spot for those who are in the wooing and spooning age.

NOAH COFFEE BREAKS JAIL SOJOURNING IN CALIFORNIA

For the second time Noah Coffee, charged with housebreaking, effected his escape from the county jail at Benton and is still at large. While serving a sentence in jail here it was learned that Coffee had broken into the store of J. W. Provine at Gilbertsville, and he was transferred to Benton. After his preliminary trial a few weeks ago Coffee escaped from jail, but was captured and placed in a more secure cell. Surrounding towns and cities have been notified to watch for him.

There will be something to amuse the guests at all hours of the day. In the forenoon the speed ring will be filled with the blooded stock of the county and in fact it will be a never ceasing scene of activity.

In the afternoon there will be races and free attractions, besides a balloon ascension with a double parachute leap. The balloon will ascend one mile into the skies before the man will make the daring leap to the earth. This sight will be the wonder of the 20th century.

The races will consist of the grandest contests of running, pacing and trotting that has ever been pulled off this side of Louisville. The harness race where there are 14 entries will be the hummer. This will take place on Thursday, September 8, the second day of the fair. This will be the featured pacing race of the whole week. 14 horses on the track at the same time is an event seldom witnessed on any track. On the first day the school children of Graves and adjoining counties will be admitted to the grounds free of charge.

The second day will be Old Soldiers Day, when all ex-Confederate soldiers will also be allowed to pass through the gate free from any charge. The day will be devoted to their pleasure and they will have an opportunity to see the great pacing race.

The third day will be Derby day and many features of interest will be on the program, both in racing and free attractions.

The fourth and last day will be general sweepstakes day and the leading races for that day will be the 2:20 trot for a purse of \$200 and the pacing contest free for all for a \$200 and the pacing contest free for all for a \$250 purse. There will be a running race of a mile, also that will be exciting.

The attractions that have been engaged are all clean from a moral standpoint and cannot fail to please everybody. The free attractions were never seen in the state before and it is their first trip to the county since they crossed the mighty ocean.

During the afternoon the performances will take place between races in front of the grand stand.

A brass band that will furnish the music for the four days has been secured and is composed of one family, all born musicians. They have an orchestra also and music of all kinds will be furnished throughout each day from the morning until the midnight bell taps.

The merry-go-round, in all its glory, will be on hand. It is a new machine and has just been purchased at a cost of \$6,000.

There will be shows at night on the grounds and the entrance fee will be ten cents to everybody. Electric lights will illuminate the grounds and the many attractions will be like going to one of the big carnivals.

The day price of admission through the big gates is men 50 cents and ladies and children 25 cents.

Remember the dates, September 7, 8, 9 and 10.

BIG PUMPKIN FOR A YOUNGSTER

Brack Sullivan brought to The Messenger office a sample of some of the products of Riley Allen's farm, several miles north of the city, formerly owned by W.D. Sullivan. One was a corn stalk with five big fine ears of well developed corn on it and he had three leaves of different kinds of tobacco which was hard to beat. Mr. Allen has 20 acres of tobacco and it is one of the finest crops probably in Western Kentucky. Mr. Sullivan only told of a large pumpkin and left it in the field. The pumpkin is only two weeks old and measures four feet in circumference and is three feet and four inches in length. Mr. Allen intends to bring it to the fair next month to compete for the prize.

THE BON AMI CLUB.

One of the most beautifully appointed entertainments that society remembers was given Thursday evening by Mesdames Thomas and Bell, who royally entertained the Bon Ami Club and numerous friends at the home of Mrs. Albert Thomas on North 7th street.

The entertainment was Al Fresco. The porch being converted into a stage artistically decorated with the natural grape vines, Japanese lanterns, flowers, etc., from which a delightful program was rendered.

To be present at such a delightful entertainment, surrounded by beauty and decorations of the rarest type, was to feel yourself at perfect peace with the world and never did the pendulum of the clock seem to swing faster than when under the enchanting spell, caused by artists who held us subdued and filled us with admiration by their instrumental and vocal music and reading.

At the conclusion we enjoyed a delightful contest, the fortunate ones being Mrs. J. E. Watson winning the club prize and Mrs. Will Johnston the guest prize.

We were then ushered into the house where elegant refreshments were daintily served.

The hour for departure coming too soon, we were reminded of the fact, lost to our minds, that we were only temporarily in fairyland, and with many kind wishes, thanking our hosts for such a lovely evening, we bade them a reluctant goodbye until our next meeting.

BERKSHIRE PIG FOR SALE.

Only one male from my fine Berkshire sow, Duchess 5-H. Has six points, good short face, extra length, be ready for service in short time. Will have it registered and the price will be right for pedigreed stock. Also 1,500 or 2,000 tobacco sticks. C. ANDERSON, Route 5, Mayfield, Ky.

H. S. Brown of Clinton, is visiting in the city.

MIND LOST

B. A. Neale, who for many years has been one of the prominent citizens of Mayfield, was adjudged of unsound mind Wednesday morning in Judge Monroe's court and will be taken to the Institute at Hopkinsville for treatment. The change in his mind began about four years ago, caused by worry over the proposed new railroad that he had labored so incessantly for years to get built.

TWO FUNERALS TODAY

The funeral of Mrs. Martha Galloway, who died at Pewee Valley last Sunday, was held from the residence of Ed Hamlet at 9:30 Wednesday morning and the services conducted at the grave by Rev. W. W. Adams. Mrs. W. T. Council, who died Tuesday afternoon, was buried Wednesday afternoon in the city cemetery. The funeral services were conducted by Eld. A. S. Pettie, of Tampa, Florida, who is conducting a meeting at the Broadway Baptist church.

The meeting at Spence's Chapel continues with increasing interest. It is being conducted by the pastor, Rev. W. P. Hamilton, assisted by Rev. Ted Hollifield. There were six confessions Tuesday night.

SUNDAY RATE WILL BE INCREASED

There will hardly be as much Sunday travel on the Illinois Central railroad on Sundays after September 4, as beginning with that day the fare on Sundays will be increased. The fare now is one fare plus 25 cents for the round trip, but under the new order it will be one fare plus 25 cents for the round trip, the minimum being 50 cents. This cuts down considerably the heavy traffic on Sunday.

CHRISTIAN CHURCH.

Prayer meeting this evening at 8 p. m., led by Bro. Fred Shelton. Subject: "How to Develop Our Church." Mark 13:34. A large attendance of the membership is earnestly solicited. The public cordially invited.

MAYFIELD, ROUTE 2.

Health in this neighborhood is very good at present.

The farmers are very busy catching tobacco worms.

Jim Pritchard reports that he found a hundred and thirty-five worms and two eggs on one tobacco plant.

Mrs. Annie Richmond and little grand child of Hickman county, visited her daughter, Mrs. R. A. Vaughan Saturday and Sunday.

Miss Willie McAllister visited her aunt, Mrs. Susan Ward, of near Mayfield.

Earl Heathcott and wife, of Lake county, visited the latter's sister, Mrs. R. A. Vaughan, Sunday.

Mrs. Jones, of near Pottsville, is visiting her son, Tom Jones, this week.

The people are very much delighted over the fine rain.

John Golden has bought an interest in a tobacco spray and says he is done catching tobacco worms.

Miss Gertrude Sheridan is at home attending the Institute.

Miss Alice McClain went to Wingo Sunday.

LAWYER FORGOT PROMISE; HITS UPON EXPLANATION.

Here's Luther Little's latest story: What threatened to be a serious situation at an uptown club late yesterday afternoon was relieved by the ingenuity of a prominent New York lawyer, whose name can not be given.

When he was leaving his house yesterday at noon his wife informed him she was to give a 5 o'clock tea, and exacted a promise that he would assist in receiving the guests. The lawyer went to his club, where he drank numerous Scotch highballs.

Suddenly he thought of the 5 o'clock tea. It was then 5:15, and an excuse came to him like an inspiration. Scrawling the following note, he sent it by messenger:

"Dear Fannie—I am sorry to disappoint you, but I have been taken unexpectedly drunk."

Edward George, of Louisville, is here to attend the funeral of Mrs. Martha Galloway.

NUMBER OF TEACHERS ENROLLED IS 143

INSTITUTE MOVES ALONG WITH MUCH INTEREST—HELPFUL TALKS ARE BEING MADE.

145 teachers had enrolled at the Graves County Teachers' Institute up to Wednesday at noon.

Immediately after the Institute had convened for the Tuesday afternoon session Prof. Dickie addressed the Institute in his very entertaining way. The subject of reading was ably discussed by Mr. Yarbrough, Mr. Coates and others.

After the recess hour R. C. Reed discussed "The difference between advanced and primary history."

Mr. Oscar Shemwell advanced some splendid suggestions on "Correlations in History."

Prof. Coates closed the work of Tuesday with a very instructive talk on selecting and organizing of facts.

The following telegram from H. H. Cherry was received by Supt. W. D. Dodds and read to the institute:

"Bowling Green, Ky.
"Supt. W. D. Dodds, Mayfield, Ky.
"Greeting to the county superintendent, instructor, former students and others:

"Behind number lies the power of personality. Behind every great school is a great soul. The constructive personality of a great teacher in other words, a teacher's vision, a teacher's preparation, a teacher's conscience, a teacher's service. The school is largely in the spirit of the teacher. In the last analysis this is

the school. "The Western Normal joins you in the patriotic work of putting at the door of every child in the land not only a qualified teacher but a modern school house, modern equipment and practical courses of study. Hope to see many of you with us next year.

"H. H. CHERRY,"
Wednesday Morning.

The Institute opened with singing by the Institute. Devotional exercises led by Prof. Dickie. He read just one scriptural sentence, "Cast thy bread upon the water, for thou shalt find it many days after."

Messrs. A. C. Burton and J. L. Duffot were elected as a committee for the County Teachers' Library.

County Superintendent Dodds made an interesting report on the county library.

The regular work of the Institute was taken up at 9:35 by Prof. A. M. Wilson, whose task was to outline a course in Arithmetic. He deplored the tendency of certain teachers to "skip about" in Arithmetic. He said that one of the most difficult things for him to teach was practical measurements which, he said, are the most important things in Arithmetic.

Mr. Coates, taking up the same subject, pointed out that the main difficulty in arithmetic arises from a lack of the pupils understanding of the unit.

After recess Prof. J. F. Pearson spoke on the first steps in "Theme-writing."

CLINTON NEWS

(Gazette)

Hiram Floyd was born in Henry county, Ky., June 29, 1818, died August 20, 1910, aged 92 years, one month and 21 days. He came to this county with his father when a boy ten years of age and lived the remainder of his long life in the neighborhood in which he died.

He was married to Elizabeth Wren in 1837, and she died ten years ago. Of this union there are six children living, viz., Mrs. Margaret McAllister, Henry Floyd, Mrs. J. G. VanPool, Mrs. J. I. Bone and Misses Sara and Sippi Floyd, all of whom were with him in his last hours. There are also a host of grand-children great-grand-children and friends who will mourn his death. He was an ex-Confederate soldier, having served faithfully during the four years' conflict, and he was a staunch Democrat and never missed casting his vote in the interest of his party.

At the home of Miss Clara Evans in North Clinton a jolly crowd was entertained at a "Deer Hunt" on last Friday evening in honor of Miss Ruby Morehead and Mr. Alf W. Bennett, of Mayfield. Everyone reported a delightful time. Delicious refreshments were served.

Sunday afternoon at the railroad crossing in the west part of town the horse Mrs. Bruce Lindsay was driving got frightened at a train passing over the trestle above him and ran away. Before he had run far the buggy was overturned and Mrs. Lindsay and her little girl and Charley Rennick were thrown out. None of them were badly hurt, though Mrs. Lindsay was right sharply bruised and shapen up. The little baby girl, aged 8 or 9 months, of Mr. and Mrs. Will Carr, who live near Harmony in Fulton county, became violently ill Thursday afternoon and died in a few hours. The funeral and burial took place Friday at Harmony.

WHAT LIGHTNING DID AT THE MOORMAN HOME.

Lightning performed some peculiar pranks at the home of Hon. H. J. Moorman Tuesday at noon while his family and Mrs. Joe Warren and Mrs. W. B. Stanfield were sitting at the dinner table. The electric bolt entered the window in a fork like shape and burned several holes in the table cloth and scorched the napkin that in front of each one's plate and strange to say no person was shocked and they proceeded to partake of the meal as if nothing had happened. The cook explained matters by saying that the lightning came in the window, turned around and went back out again.

JOHN ABNER LAID LOW BY ASSASSIN

Noted Feudist Shot to Death By
Unidentified Persons in
Jackson.

Jackson, Ky., Aug. 24.—Three shots shortly after 9 o'clock last night ended the life of John Abner, well known throughout the mountains of Kentucky an notorious on account of his alleged connection with the murders of Dr. D. B. Cox, J. B. Marcum and Town Marshal James Cockrell.

Abner had only come to Jackson from his home during the afternoon and was walking down the street toward the river bridge between the store of M. S. Crain and the "malt mead" stand of Govan Smith, accompanied by Barron Miller, one of his friends, when he was called to by two men from the gate of an adjoining yard.

Abner started to the men leaving Miller some twenty feet away, and when in about ten feet of the gate he was told by the men they had come to kill him, and they fired three shots into Abner's body. Abner fell into the street and died instantly.

A CARD

Under the above head I noticed in Saturday's Messenger that Wallace Trousdale had brought suit against me for \$5,000 damages, claiming, he says, "that he was coming to me for a friendly talk while I was in the field at work." Now I come in this manner, before the public to announce just how the shooting was done. It took place about the noon hour on the first Sunday in this month. The big meeting begun at my home church on this day, but as there had been a raid made on my water wagon patch on Friday night, previous, I decided I might find out who was stealing my melons by guarding the patch on said Sunday instead of going to church, so about the hour mentioned, said Trousdale and another man entered the patch and began pulling melons. I got up from my hiding place and told them to get out. Said Trousdale placed his hand on his pocket and said, "You get out." After he had ordered me off my own premises I fired at his limbs, not to kill, but to show him that he had no right to come on my premises and take that which I had worked and made. J. V. BOYD.

IONIC THE WONDER, AT HOME

Lee Lewis has reached home with his two running horses Ionic and Mayfield, the latter being a colt on his first round.

Ionic will be here for the races September 7, 8, 9 and 10. This horse has done some remarkable running this season. Mr. Lewis has been making a circuit through Illinois and Missouri, where his horse had to go up against some of the swiftest in the country. Ionic was there with the goods, having been entered in nine races and came out victorious in eight of them. The race in which Ionic was beaten was the first one after being unloaded from a long ride on the train. He was not in condition, being sore and stiff. A big horse from Chicago walked away from him in an easy manner. The next day, however, at a different place, Ionic was matched against the same horse and left him so far behind that he never had to meet him again. This horse is a wonder and the people of Mayfield have just cause to be proud of him.

ELECTION ORDER

Allowing a Vote On a General Stock Law in Graves County.

State of Kentucky, Graves County Court, regular term, Monday, August the 15th, 1910.

This day came J. W. Griffith and filed a petition signed by himself and more than one hundred other legal voters of Graves county, Kentucky, asking the court to make the necessary orders for a submission of the question, "Are you in favor of making it unlawful for cattle, including horses, mules, jacks, jennets, hogs, sheep, goats, geese and cattle or any species thereof, to run at large on the public highways and uninclosed lands of Graves county, Kentucky." And the said petitioners having deposited with the judge of the Graves County Court, the sum of \$25.00, which sum the court doth adjudge to be sufficient to defray the expenses of said election on said question. It is therefore ordered by the court that the election officers of the several voting precincts in Graves County, Kentucky, at the regular election to be held on Tuesday, November the 8th, 1910, open a poll in their several voting places at such time and place as is prescribed by law for said election, for the purpose of taking the sense of the legal voters in Graves County, Kentucky, upon the question, "Are you in favor of making it unlawful for cattle, including horses, mules, jacks, jennets, hogs, sheep, goats, geese and cattle or any species thereof to run at large on the public highways or uninclosed lands of Graves County, Kentucky." It is further ordered by the court that a notice of said order for said election on said question be published in at least four issues of a newspaper published in Graves County, Kentucky, having the largest bona fide circulation, at least twenty days before said election.

CHAMPION TEAMS MEET AT FULTON

Fulton will have three warm games of baseball this week. Three games will be played between Fulton and Martin, the former being the champion team of West Kentucky and the latter the champions of West Tennessee. These games will be the hot, test contests that have taken place in this section for years and as each team will do their utmost to win. The days are Wednesday, Thursday and Friday.

A. H. Kindred, of Murray, is the manager of the Fulton team and since he took charge of it he has strengthened it until it will compare favorably with many of the league teams. Pat Runyan passed through Mayfield today enroute to Fulton to pitch for the Kentucky team. Runyan is a twirler of considerable ability and has been doing work in the Kitty league.

Manager Kindred is full of energy and enthusiasm and he never lets up in his work until he has carried the team to victory. The games this week will decide which team is entitled to the championship.
