CONTESTANTS IN MESSENCER TOUR

As is shown by the standing of the many contestants in The Messenger Eastern Tour Contest, thousands of votes are received daily to the credit of the ladies who are now industriously working for the trips. New leaders are recorded today, and interest grows daily as the standing of the con-testants fluctuates. It's too early for any one to be able to even predict a single winner, as some lady may enter the contest today and win. It is not too late to enter, and win. Some of the ladies who are now thinking the matter over, may go to work and win. You can never tell who will win. One lady has as good chance as another, and none should become discouraged at the progress of another, as one day of hustling will secure enough votes to take the lead. If some lady in your district has more votes than you, just hustle out and secure subscriptions enough to get ahead.
