THE EXAMINATION

Of County Books By the Expert Examiners is Fast Drawing to a Close.

WILL BE READY SEPT 7TH.

The examination of ex-Sheriff W. L. Brand's books and other work by the expert examiners, which were employed by the fiscal court of Graves county, is fast coming to a close.

This examination began during the last days of March, and will probably end on the 7th of September, after having been at work for over four months.

This has been a long and tedious work and has been expensive to the people, yet as The Messenger has said before, it will be money well spent.

It was thought by those interested that the work will be completed and that the report will be ready to read to the fiscal court at its monthly meeting on Thursday, Sept. 7th, 1911.

The tax payers of Graves county are looking forward to this report with a great deal of interest. This report will show many things that will be of interest to the people of Graves county. Besides showing the condition of the affairs it will severely, no doubt, criticize the loose manner in which the business of this county has been transacted in the past.

This report will also show the names of hundreds of persons who have been dodging taxation for the past several years and the amount of money that each one has been forced to pay in taxes on property that has not been listed heretofore.

This report will be an "eye-opener" to every man who is interested in the welfare and public business of this county. It will call the attention of the citizens of the county to the great necessity of not only requiring our public officials to do their duty but it will also call attention to the law and the duty of each citizen of the county to the great necessity of not only requiring our public officials to do their duty, but it will also call attention to the law and duty of each citizen to assess his property and assist in bearing his portion of the burden of taxation.

The report will not only criticize the manner in which public officials have neglected their public duties, but it will criticize the hundreds of private citizens who have failed to come up with their part, in assessing their property and paying their part of the taxes.

Thousands of dollars are being collected on property that has been escaping taxation, besides those who are guilty of not assessing, have had to pay hundreds of dollars in penalties, interest and costs.

The fiscal court is considering the question of having the entire report, which will make over 150 pages in pamphlet form published and distributed among the entire voting districts in the county in order that they may get a look into the work which has been done during this examination.

The gentlemen who have charge of this examination understand their business and will make a report that will be good reading matter to the people of this county for years to come.

The court will only do its duty

to have this report published, in some way, because nothing else will satisfy the people of the county, because they are anxious to see it and read it for themselves.

It is thought a large crowd will be present at the next meeting of the fiscal court for the purpose of hearing read this long looked for report.

The people are anxious to know how much this examination will cost the people of the county, and if any, how much any officer has fallen behind in the transaction of his business. Also the people are anxious to know who and how much taxes are owing by the people who had heretofore not assessed their property, in fact, there is not a thing connected with this examination but what the people are anxious to know in all of its details.

AT THE PRINCESS.

The DeVons presented a fine one-act comedy sketch, intermingled with the best of comedy, and those that saw the act last night were very much pleased. "Sweetest Violet," the greatest child actress on the vaudeville stage, is featured in everything. Tonight there will be a one act dramatic sketch, running thirty minutes, featuring "Sweetest Violet" in a great child ballad written especially for her.

Whatever you do don't miss the Princess tonight. Come and hear Mr. DeVon play the violin and see Mrs. DeVin in her eccentric singing.

The pictures for tonight are great. Big feature Indian pictures. Something you will like, and two other good ones.

MRS. TOM GEORGE ENTERTAINING YOUNG FOLKS

Mrs. Tom George, at her pretty suburban home, is giving a house party in honor of Miss Marian George and some of her special friends. Yesterday afternoon they were entertained on the lawn by Mrs. George and her sister, Miss Mayme Barker, with an elegant picnic supper, and besides the little misses, who are, Maye Jewett, Julian Preston Hood, Katie Maye Harris, Virginia Wilson, Maud and Rebecca Ray and Marian George, were Rev. and Sister Hood, as honorary guests.

We are expressing it mildly when we say that this supper was enjoyed to the uttermost. The little ladies are enjoying themselves fine at the house party as Mrs. George's hospitality is unbounded.

GEO. G. CLARK.

ELD. R. T. DAVIS WILL BE BURIED SATURDAY MORNING

The funeral of the late Eld. R. T. Davis will be held Saturday morning at 9:30 o'clock from his late residence on the Backusburg Road street. The services will be conducted by Rev. Boaz, of Fulton, a minister of the Primitive Baptist church. The Confederate Veterans will officiate also at the services and will act as pall bearers, as follows: Capt. T. J. Elmore, Maj. H. S. Hale, Esq. A. T. Pullen, Hon. Tom George, W. W. Brizendine and J. D. Watson.

Eld. Davis had been in the ministry for a number of years, having entered the Christian work twenty-five years ago. His friendly and charming personality will be greatly missed by those who knew him. He always had a kind and cheering word for everyone and they were always made to feel better after having met him.

Eld. Davis enlisted in the Confederate army of the late civil war when at the age of 16 years in the 8th Kentucky, a portion of which was organized in this county by Dr. Fristoe and was under the command of Gen. H. B. Lyon, who is well remembered in West Kentucky as a daring and popular commander.

THEY KEEP GOING

Tonight the Unique Is Expected to Have a Large Audience to See "The Christian."

The Guy Hickman Company at the Unique is breaking all records for pleasing and having large audiences. The show is high class all the way through, characters being exceptionally fine and of the class that will attract attention on the most metropolitan stages. The piano playing is of exceptionally high merit and is worth the price of admittance to see it alone. This is one of the vaudeville features and the gentleman does all kinds of stunts even to playing with his feet and nose. Those who are sceptical on this announcement will have to go to enjoy this act. Tonight "The Christian" will be played and this is expected to be the banner night. This act always fills the houses and from the manner the Christian people are showing their interest by buying tickets, it is predicted that the largest audience of the week will be there. Also Saturday night will be the diamond ring contest.

Last night the Guy Hickman Company, played "The Call of His Mate" and everyone was very much pleased with the performance. Mr. Hickman was seen in a comedy roll for the first time and proved himself to be a versatile actor in every sense of the word. His work last night kept the audience in laughter from the time the curtain rose on the first act until the finish of the play. Also G. Burt Rodney, as the horse thief, and Miss Vane Calvert, as the leading lady deserve much credit for their clever work.

The next subject taken up was "Writing," which was discussed nicely by Miss Emma Ratcliffe. Further remarks on the subject by Profs. T. O. Smothers, Northington and others.

Prof. J. L. Northington took up the subject of "Arithmetic" in his congenial way and threw much light on the subject. The instructor then took up the subject and gave some helpful illustrations on the matter. Next the program committee reported for Friday. Then the critics report, which was enjoyed by all. LOOKING TOWARDS BUILDING OF NEW PASSENGER DEPOT

necessity of not only requiring Looking after the question of getting the Illinois Central Railroad Company to build a new passenger depot several railroad officials, together with Lawrence Finn, railroad commissioner from this, the First District, met here Friday in consultation with the citizens of Mayfield.

J. J. Gaven, Superintendent of the Tennessee division of the railroad company, and John Doolan, of Louisville, attorney for the I. C. R. Co., arrived in the city Friday morning from Fulton, where they had been on business.

A mass or a general meeting of the citizens was called immediately for the court house at 1:30 o'clock.

Several hundred citizens and several other representatives of the railroad company were present.

Mr. Finn opened the meeting, stating that by reason of the chairman of the State Railroad Commission, A. T. Siler being unavoidably detained, on account of missing a train, that he would therefore listen to any complaints lingering on the subject in question. He asked for any person that desire to be sworn on the subject about the conditions of the present depot.

Judge Bunk Gardner was the first person to respond, but after he dwelled for several minutes on his preliminary remarks Attorney Doolan, of Louisville, objected to the scope of testimony being introduced and insisted that the witness confine himself to the real facts and not preliminaries.

After some discussion Judge Gardner was permitted to continue and among the things stated regarding the depot as it present stands was unfit and inadequate or ample for the convenience for the people and entirely too small, besides being badly arranged and out of repair. He named a number of things that he thought was in bad, but that the main thing was to build a new depot.

The visitors were given an automobile ride over the city before the meeting hour and a committee met and investigated the depot.

The question of whether Mayfield will get a new depot or not will have to be decided later. The State Railroad Commission will make a report to the railroad company and then after some length we will hear what action is to be taken, although indications point discouragingly towards getting a new depot.

Thursday several railroad officials visited the Mayfield depot and ordered a number of improvements such as painting in some places and placing in new planks in the floors and platforms.

COMMERCIAL CLUB MET.

The Mayfield Land Graves County Commercial Club met Thursday night with a view of taking some action regarding the visitors expected here Friday to look after the depot question. There were only a few members present and there was nothing done.

N. B. Colgs returned Thursday afternoon from Hardin, where he went on business.

W. L. Melvin returned Thursday afternoon from Hopkinsville.

Chief of Police C. H. McNutt captured George Dowdy, colored, after a hard chase Thursday. George was wanted on an old charge and is now languishing in the county jail.

LITTLE NORMAN CHARLETON.

The death angel came on July 5th, 1911, and claim for its victim the little son of Lovis Charleton, aged 2 weeks and three days. We loved him yes we loved him but God loved him best. He came on Wednesday evening and carried him home to rest, for Jesus said suffer little children to come unto me and forbid them not, for such is the Kingdom of Heaven. We find that bitters are for good and in the path of life we should not wait for man to light the way, but ever to thy spirit pray, and this will raise thy name to praise. He was laid to rest in the Antioch cemetery by the side of his mother.

OBITUARY.

The dark angel of death visited the home of S. R. Brown and left sorrow and desolation in its wake by taking from that home 3 of its most dearly beloved inmates inside of 2 weeks the cause of their death being measles and pneumonia. The first one to succumb to the dreadful disease was Mrs. Mary Osmont the aged mother of Mrs. Brown who died March 22, 1911 aged 84 years and 21 days. She was a member of the Baptist church at Millburn. She was laid to rest in the cemetery at William Chapel, her funeral services were conducted by Rev. J. B. Jones, Pastor of the church at Arlington. She made her home with her children. She was a good and true woman, a fond and devoted mother and was fully prepared to enter into her eternal rest. On the following day March 23 1911 her daughter, the wife of S. R. Brown joined her mother in the better home. She not being aware of her mother's death. She was 53 years, 11 months and 22 days old, was married to S. R. Brown Oct. 26, 1886. She leaves besides her husband 5 children and one sister to mourn their loss, she also was a member of the Baptist church at Millburn and was interred in the Millburn cemetery her funeral services were conducted by G. L. Ellis her former pastor. She was a good wife and a loving mother devoting her entire life to her family who will sadly miss her kind hand and fond and loving care, but dear ones let this thought cheer and sustain you that it will only be a little while at best until you will meet her again in that beautiful home of the soul where pain and sickness never comes and partings will be no more. No more sad good byes and tears for God will wipe away all from their eyes. Be prepared to meet her there. The third one to succumb to the chill waves of death was the 18 year old daughter of Mr. Brown, who was born April 23, 1893, and died April 3, 1911. She was a member of the Baptist church at Millburn, having professed faith in Christ at an early age. She had spent the most of her young life in the Masters service and her heart's desire and

prayer to God was that her unsaved brothers whom she loved dearly might be saved and prepared to meet her in a happy home above that their eyes might be complete. Her funeral services were conducted at the Millburn church by her pastor Bro. Williams after which her mortal remains were laid to rest beside her mother to await the calling of our Lord at the last great day. My dearest loved ones you have left us And your loss we deeply feel But tis God that has bereft us And he can all our sorrows heal. We will weep not that they are gone For they are in tender care They are in the dear saviors arms No pain can reach them there. Though cast down we are not forsaken Though afflicted we are not alone The Lord gives and he has taken Blessed Lord thy will be done. A Friend.

FARMERS, NEED IT.

The progressive farmer is regarded as the TYPE of independence. He lives well, has practically everything he wants, and has money in the bank. Do you know what made the successful farmer? Why, it was simply the application of business principles and methods to agriculture. If you are a farmer and haven't a business education, you are simply making old Mother Earth give you a bare living, when she ought to yield you a surplus. Apply business principles—book-keeping, etc.—to your farming operations, and you will be astonished to see how much more can be done by a little FIGURING than by a lot of SWEATING. For catalogue, address, Draughon's Practical Business College, Nashville, Tenn., or Paducah, Ky., or Evansville, Ind., or Washington, D. C.

WISDOM OF THE AGES. Excess of wealth is cause of covetousness.—Marlowe. Ignorance of one's mistakes is clear gain.—Euripides. Write meas one who loves his fellow men.—Leigh Hunt. Whatever you lose you should reckon of no account.—Publius Syrus. God the first garden made, and the first city Cain.—Abraham Cowley. Chiefly the mold of a man's fortune is in his own hands.—Francis Bacon. A great man is made up of qualities that meet or make great occasions.—Lowell. There is nothing so easy but that it becomes difficult when you do it with reluctance.—Terrence.

LIFE AND DUTY. Life is joy, and love is power, Death all fetters doth unbind. Strength and wisdom only flower When we toil for all our kind. Hope is truth—the future giveth More than present takes away. And the soul forever liveth Nearer God from day to day.—James Russell Lowell.

THE MISERY OF WAR. For hundreds of people growing rich out of war hundreds of thousands are made poor and miserable. In 2,000 years 900 battles were fought, which have cost about 6,000,000,000 human lives. England spends \$100 a minute for military purposes. Half a billion homes were devastated in the civil war of this country. The Hague peace conference may not exercise great influence, yet it can do only good in educating the conscience of the civilized world against war. The fact is that war is steadily declining. In the seventh century slaughter of men was the only occupation of repute. To drink wine from enemies' skulls, to kill captives, to ravish and slaughter captured women, to burn old people and children, was considered legitimate warfare in the middle ages. In the nineteenth century, in spite of improvement of instruments of destruction, the loss of life by war in Europe has not exceeded one out of every ten thousand annually, while a thousand years ago one of every hundred was a low estimate.—Rabbi Emanuel Schreiber of Philadelphia.

COST OF DRINK. What does drink cost in human misery? It costs millions of money, myriads of criminals, thousands of paupers, thousands of ruined women, hundreds of thousands goaded by misery into suicide or madness, with every blossom of what might have been the garland of their lives, blighted as by a fury's breath.—F. W. Farrar.

AS TO POSTERITY. America is at present taking great interest in her ancestry. We have all sorts of patriotic societies, and none among us is more proud than those who trace their ancestry back to the Mayflower, Plymouth rock, or who can proudly claim to be sons and daughters of the Revolution. But is the ancestry the only important family pride? How about the posterity? Is the strain running out because of unworthy ideals of parenthood, because of a lack of the courage of sacrifice or a growing fondness for the fleshpots of Egypt? To be true to our ancestry means, in high souled dignity, to provide for our posterity. Oh, young American men and women, proud of your family, of your blood, of your ancestry, remember that to honor thy father and thy mother, that thy days may be long upon the land which the Lord thy God giveth thee, means this—to bury, through a noble conception of the dignity of parenthood, your ancestry in your progeny and by a lordly conception of the meaning of life to aspire, if God shall grant you this grace, to be worthy disciples of its majestic dignities and faithful stewards of its disciplining, engaging and joyful occupations.—Rev. Nehemiah Boynton.

FACING DEATH. To every man upon this earth Death cometh soon or late And how can man die better Than facing fearful odds For the ashes of his fathers And the temples of his gods?—Thomas B. Macaulay.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and BAILLARD'S SNOW LINIMENT applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c, 50c and \$1.00 per bottle. Sold by B. S. Hunt.

MORE TOBACCO SUITS.

New York, Aug. 16.—The United States circuit court held today that the recent decision of the supreme court declaring the American Tobacco Company an illegal trust and directing its reorganization, need not hamper a suit pending against the company for damages attributed to its unlawful restraint of trade.

This opinion was expressed by Judge Noyes in a case brought by tobacco brokers of this city.

WOMEN
MAY AVOID
OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.
Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 6, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has justly restored the health of thousands of women. Why don't you try it?

PUSH STEPHENSON PROBE.

Washington, Aug. 16.—The committee appointed today to investigate the election of Senator Stephenson of Wisconsin will waste no time in getting to work. Senator Heyburn, the chairman, probably will call a meeting of the committee tomorrow to organize and decide upon the date of the beginning hearings, which probably will be about September 15 or October 1. An attempt will be made to expedite the inquiry and get a report before Congress early in the next session.

A Torpid Liver is a fine field for the "Herbina" germ—and it thrives wonderfully. The certain result in such cases is a spell of Chills.

HERBINA
Is a Powerful Chills Tonic and Liver Regulator.

It puts the liver in healthy, vigorous condition and cures the chills by destroying the disease germs which infect the system. Herbina is a fine anti-periodic medicine, more effective than the syrupy mixtures that sicken the stomach; because it not only kills the disease germs, but acts effectively in the liver, stomach, and bowels, thus putting the system in condition to successfully resist the usual third or seventh day return of the chill. Herbina is a cleansing and invigorating medicine for the whole body.

LIFE ON PANAMA CANAL

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, weakness, jaundice, lassitude, and general debility. But these bitter never fail to destroy and cure malaria troubles. Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fratwell of Lucas, N. C., "and I've had good health ever since." Cure Stomach, Liver and Kidney Troubles, and prevent Typhoid. 50c. Guaranteed by W. W. Andrew.

MUCH TALK ABOUT IT

Reports Do Not Seem to be Exaggerated.

There is much talk over the country about the medicine, Root Juice, and many of those who have used it seem to think that there is no medicine on earth which equals it as a general tonic, and scores of those who have tried it for chronic stomach, liver and kidney troubles, rheumatism and nervousness, claim that after taking a few bottles of it they are feeling as well as they ever did in their lives. It is claimed the great remedy cures rheumatism and catarrh by removing weakened and diseased conditions from the blood-making and blood-filtering organs. It certainly does soothe, heal and tone the stomach, bowels, liver and kidneys and seems to be good for any weak, thin, debilitated person, and experience of many is that after taking it a while the appetite becomes good and the digestion is soon almost perfect, which means good, rich blood for the nourishment of every weakened part of the body. The people at Evans & Covington's drug store have heard many local people praise the medicine, and are therefore, pleased to sell it, because it gives unusually good satisfaction.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE DRAUGHT
BLACK-DRAUGHT
Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

KILL MORE THAN WILD BEASTS.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back if not satisfied. Only 50c at Evans & Covington's, Mayfield, Ky.

RIGHT TO RICHES.

Most millionaires' wives are not happy. They have too many luxuries and have no mental resources to fall back upon. Some of my partners have been unjustly criticised for what was not their fault, but the fault of their wives. I would rather be born poor than a millionaire, and I have had experience in both directions. I have made forty-two or forty-three millionaires in my time, but I want to say that the only right a man has to wealth lies in his acquiring it by some useful labor. The great trouble with the wealth of today is that the sons of millionaires do not realize this very necessity of being useful to the community. Work that one is not glad to do never amounts to much. Smile all the time.—Andrew Carnegie.

LOVE OF NATURE.

There is a pleasure in the pathless woods;
There is a rapture on the lonely shore;
There is society, where none intrudes,
By the deep sea and music in its roar:
I love not man the less, but nature more.

—Lord Byron.

SWEAR NOT AT ALL.

Cursing is useless. You cannot obtain in the long run by an oath more than the contempt of the one that is the object of your blasphemy. The devout Christian should resent this miserable and altogether contemptible habit. You should resent it first because it is an affront placed upon your religion, an insult offered to Almighty God, and silence where insult is offered looks as if you were willing to participate in the crime. But it is not only an insult to your religion; there is another reason—it is an insult to yourself. You have many friends and relatives. If one were to use the name of your father or mother, who perhaps is dead, in a contemptuous or slighting manner you would resent the insult offered yourself, and you would say that such an insult should not go unrebuked. And if you guard the names of those whom you honor, your parents and relatives, and help them in such honor, how can you permit an insult to your best friend, your Father who is in heaven, the Almighty being who is the author of all that is, and allow His name to be handled around in irreverence and blasphemy? Surely that name that is above all names should be mentioned only with the reverence that is its due and should be reserved for prayer and praise, not degraded to the offensive associations of the blasphemer.—Archbishop Gleason.

MOUTH AND HEART.

We should not trust the heart too much. The heart speaks to us very gladly, as our mouth expresses itself. If the mouth were as much inclined to speak the feelings of the heart it would have been the fashion long ago to put a padlock on the mouth.—Lessing.

ANCIENT WISDOM.

There are many things which men in threadbare coats dare not say.

All of us are quick at learning to imitate base and depraved examples.

What mortal man is there whom you ever saw contented with a single crime?

Do we not look with just suspicion on the desire that covets the sin, but lacks the power?

The examples of vice we witness at home more surely and quickly corrupt us in that they insinuate themselves into our minds under the sanction of those we revere.—Juvenal.

LONGING.

The thing we long for, that we are one transcendent moment. Before the present, poor and bare,
Can make its sneering comment. Longing is God's fresh heavenward will
With our poor earthward striving;
We quench it that it may be still—
Content with merely living;
But, would we learn that heart's full will
Which we are hourly wronging,
Our lives must climb from hope to hope
And rid the longing.

GLORIOUS HAIR

To Possess it Every Woman Must Get Rid of Dandruff.

Dandruff is caused by germs; these germs dig into the roots of the hair and voraciously devour the nourishment that nature intends the hair to have.

Allow these destructive and persistent little devils to keep feasting and soon the hair of any person will lose its natural life and lustre, will fade, turn gray and fall out.

A fifty cent bottle of Pabian's Sage (now sold all over America)

will kill more dandruff germs than any other known agent.

It is guaranteed to banish dandruff, stop falling hair and itching scalp, or money back. Sold by Evans & Covington's and druggists everywhere.

GUARANTEED PILE CURE.

If you have any kind of piles, get a box of Dr. Leonard's Hem-Roid at Evans & Covington's and druggists everywhere on the money-back plan.

Hem-Roid is made from Dr. Leonard's own prescription—a tablet remedy, taken internally and cures thoroughly by removing the internal cause of piles, something that suppositories, ointments or cutting operations will not do.

\$1 for large bottle which lasts 34 days. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet. Sold by Evans & Covington.

Hub Bennett and Will Stevens left Friday for Mayfield to visit friends.

TO USERS OF FLOUR.

HADN'T you rather use a flour made in Mayfield than to use a flour made elsewhere, especially when the flour made in Mayfield is better? Are you too prejudiced to give our flour a trial?

What you use will not cost you one cent unless it is everything we claim it is.

To the most exacting who use the highest priced flours, we recommend our Aristocrat (we will soon change this name to "Kevil's Best Patent"). We guarantee this flour to be better than any flour at any price that you have ever used.

To the users of a high patent flour, we recommend our Jersey Cream flour and guarantee it to give absolute satisfaction to the most particular. At our risk let these flours convince you of their merits.

OUR COMING FAIR.

The coming fair, which begins here September 27th and continues four days, promises to be the greatest event in the history of such meetings ever held in Graves county.

The young men at the head of the association are capable, progressive and popular and dare do all possible to give to our people a clean and up-to-date meeting.

They should receive the unqualified support of not only the people of Mayfield, but of the entire county.

Without the races and the fair this county would be placed up on a back seat in so far as local pride and progress is concerned. Let everybody join with the boys and make the coming meet the greatest in our history.

THE FAIR CATALOGUE.

The Messenger job printing office will finish up the fair catalogue Saturday with 82 pages. This catalogue of 4,000 copies, with 82 pages, has only been given to the office two weeks.

This will be a remarkable record for an office to get out a catalogue of this kind in so short a time and at the same time do the regular custom work, which has been very large during this time.

This has been a test of the rapidity of the job department of this office.

With our new press and our increased facilities for doing job work, we are able to meet the increasing patronage and give to the people of the county the benefit of a first class job office. Something this city has needed for many years.

A HAPPY PEOPLE.

Since crops have turned out so well and health is so good and since there is no internal disturbances among our people they are joyous and happy.

The financial and healthful

conditions of our people is enough to make any and all happy to be citizens of this great county.

The Messenger is pleased to note the happy and prosperous condition of the people of Graves county.

SOLIDLY UNITED.

The democracy of Graves county for once is solidly united and will poll perhaps the largest Democratic vote at the November election ever given for a State ticket.

The ticket is of the best and the platform is Democratic from one end to the other, and the Democrats of the county are all in perfect harmony and are preparing to give a solid and united vote against further Republican rule.
