MY BOY

To "mother" he's ever "my boy."
No matter how tall he may grow,
Wherever he goes or stays,
He's ever "my boy," you know.

The years may pile on his head;
The tasks which he may assume,
Still leave him ever "my boy."
Tho' roses of youth cease to bloom.

False be when the words are said,
By lips which fain would sink;
When a flush of pride the words
To the wrinkled cheek can bring.

When the words are spoken aloud,
From a heart that thrills with joy,
And a glow of love appears,
When "mother" speaks of "my boy,"
—Selected.

County Court day was on hand at Murray today.

Circuit court is still on at Wickliffe, and may continue all the week.

The country don't seem to be alarmed at the work of the Democratic administration, or the reodjustment of the tariff laws. Good Democratic government don't seem to be so bad after all.

There was a large crowd in the city Saturday and our business men did a good business. There are many fine stocks of merchandise in the city, and a cleverer set of merchants is not to be found anywhere.

FROST LOCAL OPTION LAW IS HELD CONSTITUTIONAL

Frankfort, Ky., April 26.—The Frost local option law, making it unlawful for any person, firm or corporation to purchase or procure for another intoxicating liquors in "dry" territory, either as agent of the buyer or of the seller, stood a test in the Court of Appeals this morning when that court affirmed a fine of \$60 assessed against Isaac Pope in the Leslie Circuit Court for procuring liquor for a neighbor at Wootton's Creek, although he did it merely as an accommodation for the person, whose wife was ill, and received no compensation, not taking a drink of it himself.

The court held that Pope was the agent of the buyer within the meaning of the Frost law, Chapter 146 of the Acts of 1912, and held, moreover, that the act was "not an unreasonable exercise of legislative power, and in no sense unreasonably abridges the rights of any citizen; but, on the contrary, is calculated to relieve him of what at times might be a source of annoyance." The law, it said, "removes the go-between—the middleman—between the bootlegger and his customer." Wootton's Creek is in Leslie County, which is "dry" territory. This law has made Senator Frost very popular all over the state.

ARTHUR BOYD IS CHARGED WITH A SERIOUS ATTEMPT

WELL KNOWN WHITE WOMAN OF EAST MAYFIELD CLAIMS THAT HE ATTEMPTED TO ASSAULT HER AT HER HOME SUNDAY MORNING—CASE TO BE HEARD IN POLICE COURT TUESDAY MORNING.

Arthur Boyd, a negro porter at Hotel Hall, is in jail, and will be arraigned in the city court Tuesday morning on a charge of having made improper advances toward Mrs. Sudie Vaughan, a white woman, who resides on the extreme end of East Broadway, near the Fair Grounds.

The offense is alleged to have been committed Sunday morning between 9 and 10 o'clock, and a number of witnesses on both sides will be called at the preliminary hearing of the case. The present charge is a breach of the peace, but City Attorney Gilbert this morning stated that the warrant would probably be changed to a more serious charge.

According to persons residing in that section of the city, Arthur Boyd and Frankie Jones, a negro woman, were seen going to the latter's house Sunday morning. A few moments later the Jones negro went to the home of the Vaughn woman, nearby, and told her that Boyd desired to call there. Whereupon Mrs. Vaughn grew insulted and closed the doors of her home. A short time later, she says, she heard two loud knocks, as if bricks were being thrown against the house, and when she opened the door was confronted by the Boyd negro, who made improper proposals and advances toward her. She fled from his grasp and the negro went away.

Boyd is the same negro who was charged with having forcibly taken Belle Derryberry, a well-known white woman, in a carriage to the east part of the city several months ago, and attempted assault and robbery. The case is still pending in circuit court. Much public interest is felt in the case of the Vaughn woman, and doubtless a large crowd of spectators will be on hand in the police court tomorrow morning. This is said to be the fourth case of this kind in which Boyd was implicated, and there is much feeling.

NORMAL TEMPERATURE.

Precipitation Will Be Below Normal During Week.

Washington, April 27.—The distribution of barometric pressure over the Northern Hemisphere is such as to indicate moderately cool weather the greater part of the coming week in the Northwestern states and the first part of the week in the North Central and Northeastern states, while over the Southern and Southwestern states temperatures will average near the normal. Frosts are probable Monday and Tuesday in the region of the Great Lakes and the Ohio Valley, and Tuesday and Wednesday in the North Atlantic states. The precipitation during the week will be generally below normal. A disturbance of moderate intensity that is now in the Northwest, will move slowly eastward, crossing the Great Central Valleys about Thursday and the Eastern states near the end of the week. It will be precipitated by warmer weather and local showers and thunderstorms and be followed by colder weather over the Northern half of the country. Another disturbance will appear in the Far West about Thursday and prevail over the Middle West at the close of the week.

BOYS STRAY FROM HOME; ONE IS ILL IN FAR-AWAY TOWN

A telegram from the chief of police at Crewe, Va., was received here Sunday by Chief of Police McNutt, giving information to the effect that two runaway boys—Hobart Ramsey and Tory Glidewell—of Pryorsburg, Route 1, were in that city, and that the Ramsey boy had been found in a stupor in the railroad yards there.

The message came to Chief of Police McNutt, who informed Mr. Ramsey, who resides a few miles west of Pryorsburg. The father at once got into communication with Crewe, Va., and it is probable that the boys will be sent home at once, provided the Ramsey youth is able to travel.

Bob Ramsey, an elder brother of one of the missing boys, was in town Sunday looking for information that would lead to their whereabouts. He said the two left Mayfield last Monday—County Court day—and nothing had since been heard from them.

En route Rev. Mr. Hood will spend a short time with his sons at Memphis. He is a member of the Epworth League Board, and is on the program for a sermon at the Ervay Street Church, Dallas, next Sunday, that being Epworth League Anniversary day. On Monday evening, May 5, he will be present at a banquet, given the League Board, and is on the program for a toast on "The Pastor's Point of View." Tuesday, May 6, he will, with others, enjoy an automobile sight-seeing tour of Dallas.

LA GRIPPE IN SEVERE FORM THIS SEASON

La grippe this season manifests itself in a more severe form than ever before, and there have been many in this city and county who have suffered from it. Many cases are termed rheumatic grip by the doctors, and this has caused many a scare in the household of the victim, the symptoms being something like those of the meningitis victim. Many cases of supposed meningitis were reported last week, and when the physicians got there they found the patient unconscious with a raging headache and a hurting at the back of the neck. The household was, of course, in a str over the fear that the deadly meningitis had entered their home, but the physician soon allayed these fears by explaining the case to them.

Not only is la grippe in its severest form in this section this year, but according to cable dispatches, it is manifest over various other portions of the world, and one town in Germany, a short while ago, suspended business on account of its prevalence.

RESIDENCE ON WALNUT STREET IS DESTROYED

Fires Makes Ashes Out of Pretty Cottage of Will Landrum on Walnut Between Ninth and Tenth Streets. Flames Start From Defective Kitchen Flue.

The residence of Will Landrum, on Walnut Street, between Ninth and Tenth, was destroyed by fire at 1:30 o'clock Monday afternoon. The fire started from a flue in the kitchen breeze at that hour, the house was totally destroyed before the fire company could arrive and get in its effective work.

Mr. Landrum is an employe of the Woolen Mills. His wife, at the time, was at the home of a neighbor.

Some of the contents were saved. The loss was partially covered by an insurance policy of \$1,350.

Sparks from this building set fire to the roof of the two-story residence a short distance to the west, but the damage was small. This house is occupied by S. F. McWhorter and A. Singleton.

ROADS SO ROUGH EGGS CANNOT BE BROUGHT HERE

A general complaint is beginning to go out against the condition of the roads in this county.

Farmers residing only a few miles north of town find the roads too rough and bumpy to bring their eggs and other produce to town, and instead take them to Paducah, which city may be reached over smooth, graveled highways. One man stated that eggs could not be hauled over some of the roads leading to this city without a large per cent of them being broken in transit.

The bad roads of this county, it is said, is the main reason why so many of our farmers are making Paducah their trading point instead of Mayfield, and the local merchants are contemplating the presentation of a petition to the county authorities.

BRYAN CAN MAKE OWN PLANS IN CALIFORNIA

Revised Measure, Which Seems Likely to Pass, Would Allow Japs to Lease Land for Three Years—International Complications Alone Can Change Plans.

Sacramento, Cal., April 27.—When Secretary of State William J. Bryan reaches Sacramento tomorrow he will be allowed to make his own plans for meeting members of the Legislature to lay before them what reasons he may have why this state should not have a law prohibiting the ownership of land by aliens. If he wishes to meet them separately or in groups, or if it is his desire to have the two houses called together in executive session so that the 120 members may hear him, he will be granted that privilege. In short, there is no disposition on the part of those in authority to lay out a line of procedure for Secretary Bryan to follow.

Secretary Bryan is due to arrive at 8 o'clock in the morning. He will be met at the depot by Gov. Johnson and taken to the gubernatorial mansion for breakfast. This will be entirely a family affair, no others besides the Secretary, Governor and Mrs. Johnson and their two sons being present.

Bill is Gone Over.
As evidence of this anxiety on the part of the legislators was the conference held today in Governor Johnson's office, at which the situation was discussed in all its phases. The final draft of the bill was gone over and dissected in detail so that those present might be prepared to talk with Secretary Bryan, should he care to do so.

From members who attended the conference it was learned that the bill, as now constructed, avoids the use of the words "ineligible to citizenship," which seemed to be the cause of so much alarm, by substituting the phrases that land shall be held only by "those capable of becoming citizens." The bill has also been changed so as to allow land to be leased by Japanese for three years.

Will Pass, Same Bill.
So far as the sentiment among the Progressives goes, this bill stands a fair chance to be passed unless Secretary Bryan can show strong and sufficient reasons why it should be. To do this he will either have to deny what President Wilson has already conceded—that the state has the right to enact such law if it sees fit—or plead the certainty of international difference should the bill be passed. And if, because of the latter, the bill is dropped, the Progressives will insist upon a strong guarantee that the National Government will, by treaty or otherwise, bring about the result which is aimed at in the bill.

HURRAH FOR MORRIS!
J. E. Morris, of Graves County.

Mr. J. E. Morris, who is attending Bowling Green Business University, has just been the recipient of a great honor in being selected as one of the speakers in the annual joint debate between the two literary societies of that institution. This year the subject is, "Should We Take Mexico?" Mr. Morris and his colleagues champion the affirmative. The occasion, takes to Bowling Green every year many people from different parts of the state, while the citizens of Bowling Green become so much excited over the event that no building in that city is able to accommodate all who wish to hear. The audience is, therefore, admitted on ticket and the large opera house with a capacity of 1,500 is filled to its utmost. For three hours the audience listens with intense interest, banners and pennants fly, yell follows yell, and men and women scream themselves hoarse in their approbation of their favorites, and finally the victorious speakers are carried out of the room on the shoulders of their friends.

Mr. Morris is the son of Mr. O. M. Morris, of the Hickory Grove neighborhood. All Graves County will join in wishing for him the success he deserves. Here's you, Mr. Morris!

The Messenger is always glad to give recognition to the favored sons of Graves County when, on account of worth and ability, they force themselves to the front in places of honor. The people of this county will be glad to know of young Mr. Morris being selected to discuss such a live question as "Should We Take Mexico?" The above cut shows Mr. Morris and his two colleagues.

GOOD RESULTS FROM WEBB LAW

Anti-Saloon League Members of Kentucky to See That It is Enforced

DRY TERRITORY TO BE DRY

Efforts To Be Made To Have Enacted in All States Laws Similar To the Kentucky Statute, Which Prohibits Express Companies From Carrying Liquor From Wet To Dry Territory.

Special.—The triumphant exultation of the leaders of the Anti-Saloon League over the enactment of the Webb law is manifest in many directions.

An active worker and prominent Kentucky member of the league, who recently asked concerning the effect of the law, made the following statement: "We hope for great and good results from the Webb law, and we intend to see that it is enforced."

"It is not so much the bootlegger and blind-tiger peddler that we were after when we asked congress to pass the Webb law. The local state authorities can always get after them, but what we want is some means of stopping shipments for personal use."

"What is the use of our going to the effort and expense of voting a county or a state dry if every man in such territory can order and get liquor shipped to him for his own use and the use of his friends and family? It is this practice which we intend to break up."

"Where a territory is voted dry, we intend that it shall be really dry."

"We demanded of congress and secured the passage of the Webb law after years of effort, and we have no intention of letting a stream of whisky flow into dry territory protected by the clause of a right to get the stuff for personal use."

"If in this very personal use traffic which we intend to stop."

"If the country is to be taught temperance by our efforts, this shipping of liquor to the homes must be stopped. This is the logical attitude of the Anti-Saloon League."

"Having, as we claim, the right to secure the regulation of the people in their personal habits, so far as the use of liquor is concerned—not only in public, but in their homes—we will seek to use the strong arm of the law in enforcing our plans."

"To this end efforts are being made to have enacted in all the states laws similar to the Kentucky statute which prohibits express and railroad companies from carrying liquor from a 'wet' county to a 'dry' county for personal use."

"There will be real prohibition when a man can not get a quart of liquor shipped to him for his household use, but it is surely coming, and the people of Kentucky and the rest of the country may as well prepare to welcome the day."

If you eat something which disagrees with you, don't let it work its own way through. It's a slow process and makes you feel bad. Get rid of it quickly by taking a dose of HERBINE. It drives out impurities in the stomach and bowels and you feel better immediately. Price 50c. Sold by \$1.00 per bottle. Sold by Evans & Gilliam.

AFTER SICKNESS

How to Recover Strength.

So many people are asking how to recover their strength after severe sickness, that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation (without oil). It creates strength, improves the blood, sharpens the appetite and restores the entire system to a healthy robust condition.

Mrs. Alice Mill, of Newton, N. C., says: "I had a very severe attack of grippe which confined me to my bed for several weeks. After I was able to sit up, I felt weak, tired and worn out for a long time. A friend advised me to try Vinol and before I had taken one bottle I was entirely relieved of that tired, worn-out feeling which usually follows grippe and I had regained my strength and felt well again."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. J. F. Wilson, Mayfield, Ky.

Coughs and Consumption

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 60c and \$1.00. Recommended by Hale & Gilliam.

Washington, April 26.—The special House Committee, which investigated the assault by Charles C. Glover, a local banker, on Representative Sims, of Tennessee, reported today it had found Glover in contempt of the House and recommended that the Speaker issue a warrant for his arrest to answer that charge.

Chairman Davis, of West Virginia, said he would call it up for action as soon as the House had disposed of the tariff bill.

"At An Afternoon Call"

Many women are gamblers for very high stakes. They stake their health and good looks upon everything working out all right when attacked by those ailments which their sex alone are called upon to suffer.

The only excuse can be ignorance of the dangerous consequences or an aversion to undergo medical examination. This may often be avoided by recourse to Lydia E. Pinkham's Vegetable Compound, a perfectly safe and harmless remedy compounded from roots and herbs, which for nearly forty years has been curing American women from the worst forms of female ills.

Louisville Ranks 26th in Postal Savings.

Washington, April 26.—On March 31, 1913, Louisville ranked twenty-sixth among the thirty-seven post-offices having more than \$100,000 on deposit in postal savings funds. The city's deposit was \$153,928, or more than Washington, Buffalo, Pittsburgh, Dallas, Newark and Indianapolis. New York leads with \$2,366,049.

Best Known Cough Remedy

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. It Proves That There's A Way Out For Many Suffering Mayfield Folks.

Just another report of a case in Mayfield. Another typical case. Kidney ailments relieved in Mayfield with Doan's Kidney Pills.

Mrs. Harriet Davis, Ann St., Mayfield, Ky., says: "I was a sufferer from kidney complaint for years before I really knew what ailed me. I had backaches and could hardly get up after sitting for awhile. I could not work and my head bothered me. I kept growing worse and in the spring of 1903 was taken with hemorrhages of the kidneys. That trouble continued for four weeks and I was in a critical condition. Doctors failed to help me. One of my neighbors brought in half a box of Doan's Kidney Pills and I began using them. I felt better right away and before long I was cured. I have since kept Doan's Kidney Pills in the house and I know that they live up to the claims made for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BEN MARSHALL WILL WIN

Washington, D. C., April 26.—Ben Marshall has won his fight for appointment as Collector of Internal Revenue at Lexington, if the signs of the times are to be relied upon, the endorsement of Senator James carrying the day.

As far as the White House is concerned, no definite statement as to the situation is to be obtained. Secretary Tumulty said at noon, in answer to a query, that there was absolutely nothing to announce with reference to this matter.

If Mr. Marshall has won, as is indicated, the President has conceded to Senator James the right to name any one whom he chooses. This may not be the right dope, but it is the best obtainable today, and from this viewpoint seems to be correct. If Mr. Marshall is named soon Senator James will then probably take up at once the Danville collectorship, where Dr. Ed Dishman of Barbourville, is reported to be his choice, and next Covington, where Ulie Howard is said to be favored by him as successor to Maurice Galvin.

I have one or two furnished rooms for rent; also want a few more boarders. MRS. WILLIE MAE COOLEY.

Ballard's SNOW LINIMENT

Is the Right Remedy for All Abrasions of the Flesh.

If the wound is cleaned and the liniment applied promptly, the healing process begins at once and the wound heals from the inside outwardly, thus performing a perfect cure that leaves no scar. If the wound heals on the outside too quickly, pus forms under the surface and breaks out into a running sore that is hard to cure and inevitably leaves a bad scar.

Owners of blooded stock prefer this liniment to all others for that reason, and they use it not only on fine animals, but on human flesh, as it does its work quickly and thoroughly.

Price 25c, 50c and \$1.00. James F. Ballard, Prop., St. Louis, Mo.

God gives me many things—
He gives me fears
That I may learn how to be afraid
Of this strong world's rough bluster;
He gives me tears
That I may bravely learn how not to weep
And how to rouse a languid soul from sleep!

God shows me many things—
He shows me doubt
That I may learn how deeply to believe,
For old faiths a new gospel
He shows me wrath, which I must yet subdue,
And treachery that I may be more true!

Cadiz, Ky., April 26.—As the capstone was being hoisted to its place on the large Confederate Monument, which is being erected by the local chapter, U. D. YOU be the Judge

THERE are no clothes of any other make priced at \$20 to \$25 that have a better reputation than **STYLEPLUS CLOTHES \$17.**

There are no clothes at \$20 to \$25 that will give you more style, more comfort, more wear, more satisfaction than

Styleplus \$17
Clothes

"The same price the world over"

That is our candid judgment, and as judges of clothing, we think we have some class. But we don't ask you to take our statements on faith. Just come in and investigate for yourself—you be the judge.

Try on a **STYLEPLUS** suit and compare it with the best you ever had at \$20 to \$25, and then if you don't agree with our conclusion, you'll not be "out" anything.

But it's a pretty sure thing that you'll buy a **STYLEPLUS** suit and be "in" that difference of \$3 to \$8 in hard cash.

No other store in town sells **STYLEPLUS**—we are the exclusive agents.

PARENT-TEACHER MEETING HELD MUCH INTEREST

The Mayfield Parent-Teacher Association held its second meeting Thursday afternoon, April 24, in the North Ward School Building.

The president of the association Mrs. Lucien Smith, called the meeting to order with some brief remarks concerning the intent and purpose of the organization:

First—A greater sympathy and cooperation between mother and teacher, in order to efficiently supplement each other's work.

Second—A working for the betterment of school conditions.

After a prayer by Mrs. Will McGehee, Miss Hammonds announced the good news that Mr. Faughender was very hopeful of gaining medical inspection for the schools, and that he wished the help and influence of all the mothers to bring this to pass.

The program for the afternoon was begun with a paper from Miss Beulah Elliott, on the "Importance of Care and Cleanliness of the Teeth."

Mrs. J. E. Watson reported on "Nourishing Foods for Children," speaking particularly of the staple and cheap foods that are in the reach of all classes of people.

Mrs. Will Vaughan spoke on the question of "Home and School Government With God as the Master Teacher in Both Places."

Mrs. Terry Smith read an article from Dr. Wood Hutchinson on "Bad Colds, Deafness and Adenoids in Children."

The question of a more central meeting place was discussed, and Mrs. Will Benjamin and Mrs. Will McGehee were appointed a committee to secure the Christian Church Library, if possible. A number of the mothers were in attendance at the meeting. The officers are expecting and working for splendid results from the association, and urge all mothers in the entire city limits, who are interested in the welfare of their children, to join in this good work, and with their presence and counsel help to achieve great things.

William McDonald and John Derington, of Mayfield, were on the grand jury in Federal Court, and C. W. Pullen, of this county, on the petit jury, which was in session in Paducah last week.
