THE CONTEST OVER.

The Brand-Sullivan contest came to a close Tuesday afternoon about 2 o'clock in a very happy and satisfactory way. This contest, which was brought about by Mr. Brand believing that there might have been something irregular in the count of the vote at Fancy Farm, and asked that the ballot box be opened and the votes recounted, and alleged many other irregularities at other places, but Fancy Farm was the main place which inspired the contest.

Judge Bugg, very properly, had the ballot box opened and the votes recounted, and the result was that the recount only verified the original count by the officers of the election. When the result of the recount was announced, this satisfied Mr. Brand and his friends, and at the opening of the court for the afternoon he very properly and patriotically arose and withdrew from the contest and promised his support for W. B. Sullivan as nominee for the office which he sought.

This brought to an end a contest that no doubt would have brought about much ill-feeling and many complications, which would have damaged the party in this county.

Judge Bugg is to be congratulated for the manner in which he managed the case, and in his promptness in having the ballot box at Fancy Farm reopened and the votes counted.

This brings to an end all Democratic contentions in the county and assures the election of a very Democratic nominee by an overwhelming majority.

There is no way that brings so much satisfaction as the opening of ballot boxes and recounting the votes, when there is any contention between different candidates.

The Messenger is delighted to know that the officers who held the election at Fancy Farm have been vindicated by the counting of the votes. It is also delighted that the contest ended as it did—in the best of good feeling and satisfaction to all. This contest came to an end suddenly and satisfactorily to both sides, which, of course, ends all further contention as between candidates in the county.

The Democratic party now in Graves County is in better condition than it has been for twenty years. The contest which has just ended stronger than ever cements the party, which will receive the solid Democratic vote at the November election.

Who said the contest would not end happily and satisfactorily to the contestants and in the interest of Democratic harmony?

W. B. Sullivan still remains the nominee for Sheriff of Graves County, with A. L. Brand and his host of friends heartily supporting Mr. Sullivan, as well as all the other nominees.

Nothing could have satisfied the public as well as the opening of the Fancy Farm ballot box and recounting of the votes. Judge Bugg is to be commended for his prompt action in the matter.

J. W. WILLIAMS SPOKE TO GOOD SIZED CROWD

J. W. Williams, of Hazel, who recently announced himself as candidate for Congress to succeed Hon. Alben Barkley, spoke at the Court House Monday afternoon to a large gathering of voters from the county. Mr. Williams revealed the fact to his auditors that he was well informed on many matters pertaining to the higher laws of the nation, as made friends by his clear and logical support.

GRADING STREETS BEFORE COUNCIL ON MONDAY NIGHT

The City Council held a called meeting Monday night for the purpose of deciding as to the grading of some of the streets of the city.

All members, including the Mayor, City Attorney and Clerk, were present and the session held for about an hour.

After hearing the question, Member Stovall made a motion which prevailed that the streets mentioned be graded. They are from the fountain near the college, to Second Street or Wickesham's, and thence to the Backusburg Road.

Councilman Vaughan entered a motion, which carried, that South Seventh Street, east of the college, be graded.

Councilman Dismukes' motion to grade Eighth Street from Broadway to North Street, also carried.

It was decided that the gravel hauling be advertised and let to the lowest and best bidder, the contractor not to be paid until next year. Also it was stated that a yard of gravel must be hauled at each load.

Members Hale and Vaughan were selected to decide on a place for securing the gravel and to notify the prospective bidders so that they could bid accordingly.

A newly passed ordinance relative to certain duties of the policemen was taken up and discussed in sections, and made more explanatory. The police were instructed to have all barrels, such as salt barrels, removed from the sidewalk; also obstacles in the streets, such as wagons and buggies left carelessly at night, must also be moved; piles of trash must not remain any longer than necessary or the officers will see that it is removed.

Mayor Parkhill stated that it was not the desire of the council to be too strict, but they must decide on their rights and stand by them as well as enforcing the city ordinances.

W. E. THORNBROUGH AND MISS PLUMLEE MARRIED AT FANCY FARM TUESDAY

Will E. Thornbrough and Miss Minnie Plumlee, a popular Wingo young couple, drove to Fancy Farm Tuesday morning, where they were united in marriage by Rev. Father Heasley.

They returned to Wingo, where they received congratulations and the best wishes of their friends. They will make that city their home.

Mr. Thornbrough, the groom, has been a resident of Wingo for the greater part of his life, and stands well among his home townpeople. He is also favorably known in Mayfield.

Mrs. Thornbrough is the pretty and popular daughter of B. S. Plumlee, of Wingo.

The Messenger extends to this young couple its best wishes.

RESIDENCE OF MIKE JONES IS DESTROYED

The frame cottage belonging to and occupied by Mike Jones and family, on Sixth Street, near Mohundro's grocery, in the south part of town, was discovered to be in flames at 2 o'clock Tuesday morning, and before any of the neighbors or the fire department could arrive, the building and contents were a mass of flames and beyond saving. The loss on both house and contents is total.

It is not known how the fire originated. Mr. Jones is at work in Fulton, and his wife has been in the country for about a week.

There was no insurance on the household goods, but a policy covered the residence.

The home of A. W. Smith adjoining, caught fire from the flames, but was saved by the fire department.

TEACHERS' INSTITUTE

MONDAY AFTERNOON.

(By J. B. ADAMS.)

This institute is just like all former Graves County institutes, except that it is altogether experiments and illustrations were made by Dr. Kinnaman to show the need of teaching with real objects. Some of these were: Estimating the length of a pole, the weight of a bucket, the size of a grain, the length of a minute, and the number of bushels in a box of certain dimensions. A great variety of answers were given to these, not a few of which were sources of merriment, because so far wrong.

Dr. Kinnaman has brought with him a Babcock milk tester, and later tests of milk will be made to find the per cent of butterfat. To do this meant extra work for the instructor, but like a true teacher he is always willing to do more than is required of him. Is not such willingness one of the secrets of success in any work?

TUESDAY MORNING.

One of the new features of today's session of the institute was the division of the teachers into groups. Those who had never taught or were teaching their first school, were in charge of Superintendent Dodds; those who had taught from one to four years were instructed by Dr. Kinnaman, and the older teachers, or "seniors," took care of themselves, aided by Mr. Hutson. We are not able to give a report of the first two groups, but it is said their discussions were most interesting and helpful.

The first question considered by the older teachers was, in substance:

Now, that we have gone this far what shall we do with ourselves? Shall we quit, stand still, or go forward? This provoked most interesting discussions. Reminiscences were indulged in by some. Mr. Cochran said that at the close of his present school, he expected to quit, which would be his twenty-eighth time to quit. Only three teachers, he said, were present now who were teaching when he began; these were Mr. Parker, Mr. Cross and Mr. Grace.

Referring to a statement just made by a preceding speaker to the effect that teaching was one of the noblest of professions, he said that he believed with Count Tolstoy: "All honest work is equally honorable, equally noble." Many others took part in this discussion, but for lack of time we cannot report the excellent things said.

Mr. English sprung the question: What is teaching? Many answers were given, all of which more or less hit the mark.

Tonight Dr. Kinnaman will lecture. Those whose minds are not primitive and whose souls are not dead, will be glad of the opportunity to hear him.

VORIS GREGORY GOES TO WASHINGTON, D. C.

Voris Gregory, County Judge-elect, has gone to Washington, D. C., to plead in behalf of the patrons on the twelve rural routes out of Mayfield and the route system of the entire county. Mr. Gregory will present the matter to Senator Ollie James, and Congressman Barkley, and will endeavor to show these statesmen where the Post Office Department has issued orders, effective September 1st, that will work a great hardship on Graves countians, and will upset the mail system for many months.

Messrs. James and Barkley will then present the complaint to the proper authorities in the Post Office Department.

The local public is not at all pleased with the new orders which will greatly reduce and cripple the mail service of Graves County. The new route system would traverse roads that are impassable in the winter months, it will also cause many patrons to walk a great distance to their mail boxes, and a great number will not get their mail for two days after it has left the Mayfield Post Office.

It is to be hoped that Mr. Gregory's visit to Washington will bear fruitful results, and the Graves County public has the utmost confidence in him.

The Dresden Ball Team will be here Thursday, Friday and Saturday for a game with Mayfield. The Martin Team has disbanded and the visiting club will be composed of the best of these two clubs. These will be the biggest games yet.

W. B. SULLIVAN DECLARED WINNER IN CIRCUIT COURT

Noted Contest Case Comes to Abrupt Close When Fancy Farm Ballots Were Recounted
—Case Is Dismissed

BIG OVATION GIVEN ART BRAND AFTER HIS SPEECH

The Brand election contest is ended and W. Bowd Sullivan is conceded the nominee for Sheriff by Mr. Brand and all others concerned. The end to this very interesting litigation came shortly after the noon hour Tuesday, when A. L. Brand arose and announced that since the ballot boxes of Fancy Farm had been opened he found that he was mistaken in his contention that the vote there had not been correctly counted, and that he was now ready to declare Mr. Sullivan the rightful claimant of the Democratic nomination. Brand's attorneys then moved for a dismissal of the contest proceedings, and this Judge Bugg did.

Thus ended what at first appeared would be a long and hard fight over the nomination. In concluding his talk, Mr. Brand received loud applause when he said: "I am in line. I am in harness, and the night is never too dark or the roads too rough and the distance—well—I love it best. And I wish to say to the nominee: 'Come to me when you need me and I will help carry the Democratic flag to victory.'"

The Brand-Sullivan contest suit came to an abrupt but pleasant ending for all parties concerned, as well as the Democratic party.

The surprise, which came like a thunder bolt from a clear sky, was at 1:30 p. m., when Judge Bugg convened court for the afternoon, or second session.

The Fancy Farm ballot box had been opened, the vote counted with practically no change from the official count. Judge Bugg had barely opened court when A. L. Brand announced that he had a few words to say to the court and the people.

In his brief remarks, Mr. Brand said he wanted to offer an explanation as to why he had brought the contest suit. At the Fancy Farm precinct, he said, there had appeared an inspector whom he thought was acting in such capacity without authority, and as several persons had told him that they had voted for him, he thought that probably that there had been some misconduct. Since the opening of the ballot box he finds that Mr.

Sullivan is still the nominee; that the decision fully and completely satisfied him, and he was now ready to fight for the rightful nominee. As in his speeches before the primary election, and on the stump, Mr. Brand said that if he was defeated by one vote that he would surrender his claims and support the man who defeated him, and in his talk Tuesday afternoon announced that he would stick to what he had always said, a vote he is now convinced that the vote was legally counted and no fraud perpetrated; that he would abide by it.

In his closing words, Mr. Brand brought applause from the crowd when he said: "I am in line; I am in the harness, and the night is never too dark or the roads too rough, and the distance—I love it best, and I wish to say to the nominee: 'Come to me when you need me and I will help carry the Democratic flag to victory.'"

With the close of these words, Mr. Brand was instantaneously surrounded with people clamoring to grab his

hand and congratulating him on his action. The tumultuous applause lasted for several minutes.

With this gracious and commendable step of Mr. Brand, Judge Bugg announced: "Three cheers for Mr. Brand," and the cheering was forthcoming loud and long.

The election contest case in the race for Sheriff of A. L. Brand against W. B. Sullivan was called in a special term of Circuit Court Tuesday morning at 9 o'clock, with Judge Bugg presiding.

The Court House was over-crowded with people, and on several occasions the Judge and Sheriff Wallace had to insist and order the men to refrain from getting so close to the Judge's bench. Court had to be stopped for a few minutes until the throng would release their congestion from around the coveted spot, and moved back to the seats.

The pleadings of the petition of the plaintiff was first read by Attorney W. J. Webb. Next Attorney W. B. Standfield read the response of the defendant, Sullivan. Both required fully thirty minutes each to be read.

After attorneys had briefly argued their special points in the contest, Judge Bugg ordered the ballot box from the Fancy Farm voting precinct opened. It was opened by the officers of the election of that precinct and Judge Bugg announced the vote on each ballot, taking up each one slowly and carefully, allowing an attorney for each of the men in the contest to inspect the ballot after Judge Bugg had looked at it. The vote for Sheriff was the only vote announced and the result of the count was: Sullivan 124 and Brand 26. The only difference in this count and the one made by the election officers on the day of the election was the gain of one vote in favor of Brand. The official count gave Sullivan 124 and Brand 25. The allegations made in the contest papers were that Brand should have been counted 40 votes at Fancy Farm instead of 25.

A tremendous applause was sounded by the big audience following the announcement of the count.

Court adjourned until 1:30 o'clock this afternoon for a continuation of the contest proceedings.

CONTEST PROCEEDINGS

Promptly at 9 o'clock Tuesday morning Judge Bugg called the house to order and the purpose of the special session announced.

Mr. Brand sat at a table to the east in the jury box, surrounded by his attorneys, W. J. Webb, Gus Thomas and W. P. Lee. To the west, Mr. Sullivan was located, with his attorneys, J. E. Robbins, Guy Robbins, W. B. and R. N. Standfield.

After Mr. Webb had read the petition of the plaintiff, he stated to the court that their contest was based solely and unequivocally on one point—that the integrity of the ballot had not been maintained. He stated that seven precincts in question have never been tampered with and insisted that the boxes be opened. If the correct vote showed Mr. Sullivan in the majority, then they would be satisfied. "We charge no irregularities except in seven precincts," said Mr. Webb, "but if the defendant wants all of the boxes opened, it will be satisfactory to the plaintiff."

Following the reading of the response Judge Robbins spoke in behalf of the defendant, explaining the response in a nutshell. He said the storm center of the contest seemed to hub around Fancy Farm and Lynnville precincts, and according to the reply of Mr. Sullivan, over 200 votes of Mr. Brand were Republicans.

In this case, continued Judge Robbins, "neither the plaintiff or defendant is charged with any fraud, but the election officers, either from ignorance or fraudulent intention, permitted the violation of the law." He said he would be able to prove that the polls at Fancy Farm closed at 4 o'clock. "We ask for nothing more or less than the law, and if the integrity of the ballots has been preserved since the election, we have no objection to opening the boxes for a re-

count. If the Lynnville precinct was held open until 5 o'clock p. m., then this precinct is bound to be thrown out, said Judge Robbins.

Judge Bugg announced that the court was there to hear proof of the officers who conducted the election at Fancy Farm.

The first witness on the stand was A. L. Brand, the contestant. He said that since the election he had not tampered with the ballot boxes or secured any one else to do so. He stated that he saw the certificate Ed Skinner had, authorizing him to act as an inspector, and that he had no knowledge of it until then, and that he did not have it issued.

Will L. Cash testified as follows: "I was Sheriff of the election at Fancy Farm. Ed Skinner talked most of the votes and Buck Carrioco part of them. Birch and Carrioco called out the votes from the ballots. The ballots were placed in a box, locked up and carried to the Bank of Fancy Farm, where they remained until Monday morning. I have kept a key ever since and know nothing of any tampering. Mr. Skinner was admitted to the voting place by presenting a paper to Mr. Birch. I never saw anything wrongfully counted and I think the vote was counted and reported correctly. I do not think there were any spoiled or contested ballots. Mr. Skinner took down all of the vote for Sheriff and Clerk."

Charley Burch being sworn said: "I was one of the election judges at Fancy Farm. Mr. Cash took the ballots from the box and I called out the names and Mr. Skinner took them down, assisted by Mr. Carrioco, who looked over the ballots to see that they were correct. We added up the numbers as taken down by Mr. Skinner and Carrioco. I had one key and turn-

RECENT SHOWERS ARE VALUABLE TO FARMERS

The decidedly heavy shower of rain Sunday afternoon meant thousands of dollars to farmers in Graves, McCracken, Ballard and Marshall Counties. While the rain did not fall in every section of either of these counties, it was needed sorely in every community. Corn and tobacco crops have been threatened with ruin and even though West Kentucky should enjoy an average rainfall for the rest of the summer the yield for this year will be decidedly below the average.

Besides serving to add the farmers materially, the Sunday afternoon shower cooled the atmosphere and refreshing degree. However, the warm spell Monday afternoon evening.

Many parts of Western Kentucky have not had a material shower since the summer, and in such cases have made no attempt to

THE DISAPPEARING VETERANS

One by one the members of the United States Senate, who fought in the war between the States, are "crossing over the river to rest in the shade of the trees." The death of Joseph Johnston, of Alabama, reduces the number of those who served in the Confederate Army to five—Bacon, of Georgia; Martin, of Virginia; Blinn, of South Carolina; Bankhead, of Alabama; and Thornton, of Louisiana. On the Republican side of the chamber there are six men who wore the blue during the Civil War—Works, of California; Du Pont, of Delaware; Bradley, of Kentucky; Nelson, of Minnesota; Warren, of Wyoming; and Goff, of West Virginia.

It is a curious fact that not one of these, either Confederate or Federal, held a rank higher than Colonel. Not many years ago the "Brigadiers" were plentiful in the Senate, both armies having representatives of that rank in that body and others whose rank had been higher. Now there are none who commanded any stronger force than a regiment.

The grim reaper is gathering in the heroes slowly but surely, and in very few years will see none of the leaders who that mighty host which astounded the world with its glorious deeds half a century ago left to tell personal recollections. Yet

HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio. "I suffered everything from a female weakness after baby came. I had numb spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give your Vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicines and they did me no good."—Mrs. MARY EARLEWINE, R.F.D. No. 3, Utica, Ohio.

Another Case.

Napa, Ill. "I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I would not be living to-day but for that."—Mrs. HETTIE GREENE, Napa, Illinois.

The Fulton Fair begins September 2, and continues for five days. It will be well attended by the people from this county.

Place your "ads" and sell your old stock and get ready for the fall trade. Now is the time to do it; don't delay and carry your old goods over.

Cash should accompany all local "ads" and readers for Lost, Rent or For Sale "ads." All these small ads should be paid for when the order or copy is given in.

Some people imagine all they pay for newspaper advertising is so much money thrown away. Poor deluded man! May the time come when he will wake up in time to see the bandwagon pass.

Now is the time to advertise and sell your remnants of summer goods. Don't wait until your fall goods begin to arrive, when you will find it unhandy to advertise and push the sale of two seasons at once.

The money spent for advertising brings the greatest reward to the business man of any outlay he can make. The man who does not push his business can be seen following along in the rear, with a look of disappointment on his face.

MARRIED AT INDIANAPOLIS

(From Indianapolis news, Aug. 16.) One of the most neatly executed marriages of the season was the marriage of Miss Kathryn Smith and George Clements, both of this city, at Logansport, Ind., Sunday. Announcement of their coming marriage in the fall had only recently been made, and in this way their many friends were taken completely by surprise. Accompanied by Mr. and Mrs. Albert Harris, the young lovers left this city by automobile Friday morning, presumably upon a pleasure trip. Arriving at Logansport they proceeded to the First Methodist Church, where the marriage ceremony was quietly performed.

From Logansport the bridal party went to Lake Maxinkuckee, where they will remain for a few days' outing. Miss Smith is the daughter of Mr. and Mrs. J. D. Smith, of the Colonial, and is one of society's most beautiful and most popular young ladies. Mr. Clements is the son of Mr. and Mrs. M. L. Clements, and is one of the city's promising young business men. The hosts of friends of the young couple, although outnumbered in wishing for them all the happiness in the world, Mr. and Mrs. Clements will be at home to their friends at 2857 North Illinois Street, after September 6.

Mrs. Clements is popular in Mayfield, where she has frequently visited. Miss Margaret Sanders, of this city, is also a guest of Mrs. Clements.

FACE DISFIGURED

Barbers' Itch Causes Scars—Treat It Promptly.

Try This Remedy at Our Risk. When little yellowish pimples, or watery blisters form on the hairy portions of the face and body, it is a sign of Barbers' Itch, which is very contagious and if allowed to become chronic is painful and produces permanent scars.

This disease is caused by a tiny parasite, and when treated with Sazo Salve, our new skin remedy, which permeates and saturates the skin, these parasites are killed, and the skin made healthy again.

Sazo Salve is wonderfully healing in all kinds of skin diseases and eruptions, such as salt rheum, tinea, eczema, ivy poisoning, etc., because it purifies the skin and carries its purifying and healing ingredients to every portion of the diseased tissue. Doan's Kidney Pills have brought benefit to thousands of kidney sufferers.

Read this Mayfield case: Mrs. Douglas Russell, 226 South St., Mayfield, Ky., says: "Some years ago one of the family suffered from sharp twinges across the small of the back. When she got a box of Doan's Kidney Pills, they relieved her, strengthened her kidneys and stopped all the pains. I can highly recommend Doan's Kidney Pills to anyone suffering from kidney trouble, as they are the best remedy for that purpose."

COOLER WEATHER COMING.

Precipitation Will Be Local, But Near the Normal.

Washington, Aug. 18.—Temperatures near or below the average of the season will prevail throughout the greater part of the country during this week, according to the Weather Bureau experts.

A general moderation of the heat waves over the central valleys and the middle states is probable during the first part of the week; the weekly bulletin said last night. "The precipitation during the week will be local, but generally near the normal. Over the great central valleys, the plains states and the Rocky Mountain region there will be frequent showers and thunderstorms during the next several days, attending the eastward movement of a disturbance that will prevail the first part of the week over the Rocky Mountain region."

BIG CHICKEN THEFT.

Thieves Make a Profitable Haul in Fulton County.

Hickman, Ky., Aug. 19.—The greatest chicken stealing that was ever known in this section occurred Saturday night, when thieves visited the chicken house of G. Ezell, a short distance below town, and carried away 140 of their finest chickens.

Tracks leading away from the barn in the cotton field showed that at least two individuals did the stealing. They stole about 100 good-sized frying chickens and forty hens, the 140 weighing about 400 pounds, and it would have taken two good-sized men to have gotten away with this many. The tracks led to the main road, where the thieves doubtless had a wagon.

Mr. Ezell and wife, who were sleeping near an open window, believe they were chloroformed by the thieves, as they did not awake, while others residing in that vicinity were awakened by squalling of the chickens.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by all dealers.

SUFFERED ECZEMA FIFTY YEARS—NOW WELL.

Take Plenty of Time to Eat.

There is a thing that "rapid eating is slow suicide." If you have forced the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel all and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by these tablets. They are easy to take and most agreeable in effect. Sold by All Dealers.

BLUE-BLOODED CANINES.

Will Shine at the Kentucky State Fair
Sept. 15-20.

Big dogs, little dogs, short dogs, tall dogs, dogs with hair, dogs smooth and fair, dogs grave and staid, dogs cute and frisky, dogs of a kind you can get those whom to touch would be a task, dogs of royal degree, dogs who shine on a farm, dogs for milady's lap, dogs from New York, Philadelphia, Pittsburgh, Cincinnati, Memphis, Chicago, St. Louis, in fact, that a dog from each city of the great bench show to be given at the Kentucky State Fair, Sept. 15-20, is of the fair management, as the classes 600, and the prizes offered in connection with the affair are sufficiently valuable and highly regarded among breeders and owners to attract the leading dog fanciers of the country. The fact that the bench show of the American Kennel Club guarantees the unimpeachable standard and the race of dogs of genuine merit only, for the 600 classes there have been more than 20 special prizes offered to dog fanciers, and their dog shows include both cash as well as magnificent cups and silver plaques.

The pow-wow over the dog-show will take place in the new show building, a handsome structure devoted entirely to the exhibition of the canines, handsomely and conveniently outfitted, brilliantly lighted and entered in the most accessible spot in the group of exhibition buildings. The dog show will be under the personal supervision of experts in dog breeding and the keen interest already displayed by prospective exhibitors, both in Kentucky and throughout the country generally, indicates not only the largest but the most brilliant fair of the kind ever held in the south.

STATE FAIR IS IN COMPETENT HANDS

Personnel of Management Assures Splendid Exhibition.

The powerful and efficient operation of a gigantic piece of machinery is dependent upon its smallest cog, and it is also true that the intricate movement of a great enterprise like the Kentucky State Fair is equally dependent upon the smooth and successful running upon the various human cogs forming its operating force. For the eleventh annual State Fair, to be held next Sept. 15-20, there are already 22 component parts and subsidiary cogs in active and united operation, all working toward the most brilliant and successful enterprise of the kind that Kentucky has ever known.

The 22 departments embrace an enlarged area of exhibits, each department being presided over by a member of the state board of agriculture, and under the direction of each member-in-charge there is one or more superintendents, who have active supervision over the various exhibits, and the personal welfare of exhibitors and visitors to their domain.

The various departments, with their heads, are as follows: Agriculture—Commissioner J. W. Newman, Frankfort, member-in-charge; J. W. Wilson, Bardonia, superintendent; Mules and Jack Stock—James M. Terry, Cynthiana, member-in-charge; Cattle—Guthrie Wilson, Bardonia, superintendent; Beef Cattle—R. J. Bassett, Lexington, member-in-charge; W. R. Moore, Lexington, superintendent; Dairy—Professor J. THE FULTON FAIR

Begins September 2 and Continues
Five Days and Promises to Be
the Best of All Its Fairs.

The Fulton Fair no doubt will be well attended this year. It has one of the greatest racing cards that has been offered in West Kentucky and Tennessee for some time. It offers four stake races of \$500 each.

It will be on for five days with many extra attractions. There will be special rates on the Illinois Central Railroad, which will insure a large attendance from all the surrounding counties.

The people of Graves County love to attend the Fulton Fair, and the faces of many hundreds of them will doubtless be seen each day.

Rheuma Will Stop Uric Acid Deposit

Rheumatic Complications Checked and the "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged Uric Acid sediment lodges in the muscles and joints and Rheumatism follows. ELECTION IN DECEMBER.

To Vote on Question of Liquor in Fulton County.

Hickman, Ky., Aug. 19.—Petitions have been circulated throughout the county for the indorsement of 25 percent of the legal voters of the county, which amount is required by the new law to have an election on liquor in the entire county.

This movement was launched several days ago by the temperance people of Fulton to hold an election on October 11, over the county, but this election cannot be held on that date owing to the fact that an election on liquor cannot be legally held within thirty days of any other election, and this will make this election on December 6, since the county election will be held on November 4.

The temperance people of the county wish to hold this election in an attempt to prevent whiskey being sold in any part of the county, or an election taking place in any one district, according to the new county unit law.

FROM A KENTUCKIAN

To the Messenger:
Dear Editor and Friends:—As I enjoy very much a letter from former Kentuckians who are living in different parts of the West, thought perhaps a sketch from this part of Oklahoma might be interesting to others also.

We left Graves County fourteen years ago last March, arriving in Oklahoma City on the 16th; lived there nearly two years. Together with my father-in-law, Geo. A. Feland, we filed on a claim in Roger Mills County, sixty-five miles from a railroad. We can hardly comprehend the change that has been made in the past twelve years. The only thing to be seen in those days were the vast prairie, with a dugout here and there; very scarce at best, with large herds of cattle. We arrived on the claim with a plug team, an old wagon, \$5 in money. Our first residence was a dugout, covered with brush. First year was a drought. We had to go away to work on railroad. The \$15 earned was a drought. We received as many times that amount would be today. While gone, the cattle men drove large herds of cattle on the crops and ate them up. My only way of supporting my family was freighting sixty-five miles, paying \$1.00 per bushel for corn to feed my team, and could only get a load about once a month, as the kind-hearted merchants tried to equally divide the freight as the few people here were all alike—in poverty. The cattle men were well-to-do, with the hopes of starving the people out to still possess the grass. No help could be gotten from them. Many times I have not known where the next sack of flour was coming from, but some how it always came. By and by better days began to dawn. Now the country is well improved with good buildings, a silo here and there; many farmers enjoying their automobiles. We are very thankful for the Lord's blessings in many ways. We now have one of the best farms in Beckham County; well improved with best stock barn in the county, an 8-room house with general improvements; with sixty-five head blooded stock in the way of horses, mules, cattle and hogs. Last but not least, eight bright, healthy boys and girls that any man would feel proud of.

With best wishes to the Messenger and its many readers,
CLARENCE C. PERRY.

HELPLESS AS BABY

Down in Mind Unable to Work and What Helped Her.

Summit Point, W. Va.—Mrs. Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womb trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 boxes, my health was completely restored. I am now 45 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak over poor, suffering women, and convince them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

FOOLING WITH DYNAMITE MAY COST LAD A HAND

Member Badly Mangled and Physicians Fear Tetanus May Follow.

Death threatens Harrison Chandler, aged 8 years, of Ballard County, who fooled with dynamite caps. The lad found the caps in a stable and attempted to light one without any fuse, causing it to explode in his hand. The third finger of his left hand was blown away and his whole hand injured seriously by the shock of the concussion. Efforts are being made to keep the lad from losing the hand, but it is very doubtful if it can be done, owing to the badly mangled condition. The attendant physicians, too, are at a greater disadvantage because of the fear that tetanus may develop in the injured member.

The Law Breakers

(2-reel, 101 SISON)

A profligate son of an old Southern family needs money. He bribes a bad negro to rob his sister. This starts a race riot. All ends happily with the confession of the culprit. There is a very realistic fire scene, a spirited horse race, a race riot, a threatened lynching, and to cap the climax, the jail is blown to atoms by a bomb. This is a successful sensational offering.

HAVE YOUR CLOTHING
FIXED RIGHT BY A PLANT
DOING HIGH CLASS WORK.

John W. Summerville, of this city, is working-up a good business with his dry cleaning and pressing agency. The people who wear the best clothes in town, both men and women, have discovered that they can risk their most costly garments with Mr. Summerville and there has been no dissatisfaction over their appearance upon their return from the Owens Dry Cleaning plant at Fulton. This plant, of which Mr. Summerville has the local agency, is one of the best in the State, making a specialty of fine work. Old clothes are sent away through his agency, and are so improved upon their return the owners sometimes have difficulty in recognizing them.

Mr. Summerville will call for and deliver any article of wearing apparel on the shortest notice, and satisfaction is absolutely guaranteed in every job. His headquarters is at Vail's Drug Store. Both Phones.

COLT SHOW.

There will be a colt show second Saturday in September, at E. C. Coleman at Kansas, Ky.

MUSIC

I will teach pianoforte music at my home, on South Seventh Street, during school months. I arrange and simplify the major and minor scales and chords so as to make the work easy and at the same time gain the ear for the harmony in music works. A Graduated Course is used to suit the needs of each pupil, selected from works of Czerny, Clementi, and others, amplified by pieces of classic and modern composers. Also to teach first studies in music, biography, and Baitell's History of Music. Pupils wishing to enter may do so at any time.

Saving Your Collars and Ties

We have added to our well equipped plant, the latest invention in a Collar Finishing Machine. The Collar while wet is simply moulded into perfect shape leaving an "easy-slip" tie space, and finished with a well rounded Velvety edge. This Moulder repairs old Collars and treats new Collars so they do not become worn and frayed.
