MAYFIELD, KY., MONDAY AFTERNOON, APRIL 6, 1914.

DEMOCRATIC.

EDITORIAL.

Evangelist W. T. Brooks.

Evangelist W. T. Brooks closed a three weeks' revival here at the Christian Church Sunday night, and left Monday morning for Clinton, where he will conduct a revival for two weeks. This was the second revival he has conducted here, both of which were very successful.

He was born in Paris, Mo., about 42 years ago, and has been giving his entire time to the evangelistic work for the past eleven years. He is in the prime of life, is an ambitious, conscientious and an untiring worker in the great cause of Christianity, and he accomplishes great good wherever he goes. He usually increases the membership of the churches, but his work is of such a nature as to put all the members to work, so that from a religious and spiritual standpoint, he leaves the work of the congregation in a greatly improved condition.

It sometimes happens that the work of some evangelists is not in evidence only a short time after their departure, but not so with that of Rev. Brooks. His labors live after him, and the churches where he holds his revivals, continue to grow and prosper, both in membership and religious work.

We can hardly call to mind any evangelist who has ever done so much good and effective work for this church as Evangelist Brooks. He has the consolation of knowing he leaves the Mayfield church in a growing, prosperous condition, with a Sunday School whose attendance on the last day of his meeting was 1,304. He did great good here, and every member, both old and young, regretted to see him go. He is giving the best labors of his life to preaching the gospel and the building up of the cause of his Master, and we believe any congregation is fortunate in getting him to hold a revival.

The entire membership of this church will ever kindly remember him and his work here, and its prayers and best wishes will follow him, wherever he goes.

Our Great Sunday Schools.

When it comes to Sunday School work, Mayfield churches have no equal in a town the size of this within the broad domain of this vast country. Sunday was the banner day of all days, since the day of the flood. It should be remembered that we have only five Sunday Schools in this city of about 8,000 people, and that these five should have a total attendance of 3,500 is something indeed remarkable. Think of it. Nearly 50 per cent of our entire population in attendance at Sunday School. The attendance was larger than the entire population of such towns as Benton, Murray, Clinton, Bardwell, Wickliffe, Eddyville, Princeton, Marion and numerous other such towns.

It was a great scene to witness over 3,000 Sunday School children on our streets at once. The fathers, mothers and people generally are to be congratulated on responding to the call of the pastors of the various churches, and the teachers, by attending these great schools.

They are doing a great good, notwithstanding the friendly rivalry that exists between the people of all the churches.

Let the good work go on that much good may come of such heroic Sunday School work.

Mayfield's Sunday Schools.

(Fulton Leader, April 4.) Superintendent C. L. Albritton, of the First Baptist Church at Mayfield, is calling for an attendance of 1,250 at Sunday School tomorrow. It is the largest Sunday School in the State. He had over 900 last Sunday.

The Christian Church is expecting 1,600 tomorrow, and had over 800 last Sunday.

Mayfield is certainly a hummer when it comes to Sunday School attendance. They have the Sunday School workers throughout this section wondering how they do it.

BATTLE OF SHILOH WAS FOUGHT 52 YEARS AGO TODAY

Monday morning when a Messenger reporter stepped into the office of City Clerk J. D. Watson, he and Squire Frank Metcalf and John Hays were entertaining themselves with memories of fifty-two years ago today.

Squire Metcalf recalled incidents of the many years ago, with remarkable accuracy, or just like it happened only yesterday.

Fifty-two years ago April 6, the battle of Shiloh was fought. The disastrous battle lasted for two days, and with a great loss of life. Mr. Metcalf was in that fight, and in speaking of the kind of weather on that memorable occasion, he said it was similar with that of today, except that it was hazy on that morning. Peach trees were in full bloom, he remembered distinctly.

Mr. Watson, also, on the Confederate side, was asked if he participated in that battle. He replied in the negative, and gave a very satisfactory reason. It was that he was in Chicago, a distinguished guest of the Federal Government, having been among the great number taken prisoners by the Yankees.

EACH OF FIVE SONS' CHRISTIAN NAME ENDS WITH SAME LETTERS

Carlisle County Man Tells the Story of How Came Unique Names.

(Paducah News-Democrat.)

L. L. DeJarnett, of Cunningham, Ky., and his five sons were here Saturday, and while in the store of B. Welle & Son he introduced his five sons and told the story of how he happened to give them their unique Christian names. The sons' Christian names are Verley, Thurlay, Earley, Murley and Furley. Their ages range from 12 years to 22 years and they are bright and industrious farmers.

When asked why he gave his sons such unusual Christian names Mr. DeJarnett answered that shortly after his first son was born he was studying one night while lying in bed what name he should give him. The name Verley ran through his mind and he suggested to his wife that their first born be named Verley. She consented. When the second son was born he was named Earley when a relative suggested it. Then he decided to continue the "urley" ending to the Christian name if another son was born, and the next was named Murley and the last Furley.

DeJarnett is one of the best known farmers in Carlisle county and has a number of acquaintances in Paducah. He brought a load of tobacco to the local market and sold it for more than \$500, leaving a liberal portion of it with the local merchants.

MONSTROUS CROWDS THROG CHURCHES

Sunday School Attendance Reaches Nearly 3,500.

GREATEST IN HISTORY.

No Other Town in United States Has Produced a Record Equal to Mayfield's.

THE ATTENDANCE SUNDAY.
First Baptist.....1,608
First Christian.....1,304
First Methodist.....355
First Presbyterian.....130
Second Methodist.....60
Total.....3,457

The greatest Sunday School day in the history of Mayfield was that of last Sunday.

More enthusiasm was displayed and the members of the different churches characterized their loyalty by their work and never-faltering efforts to get some person to attend Sunday School.

The center of the battle was centered about the First Christian and First Baptist Churches. Automobiles, buggies, and vehicles of every description were brought into play for bringing the aged, infirm and infants to the churches.

The First Christian Sunday School had appealed to its members for 1,000—not in a spirit of contest, but to have a glorious day for the closing of a three weeks' revival at the church. The number asked for was passed beyond all expectations, the aggregate in all classes totaling 1,304. This broke all previous records of other days in Sunday school attendance at any Mayfield church.

The spirit for a large attendance spread to other church and all others had larger numbers than usual.

The First Baptist Sunday school set its mark at 1,250 and their report shows that their attendance went far in advance of the number anticipated. The number at this school was 1,608. All week ribbons had been sent out from the First Christian Sunday school bearing these words, "One of a Thousand."

The Sunday school attendance for Mayfield surpasses any other town of its size and even much larger cities in the United States. As the effort to

get so many to attend will not be so great this week the tension will now relax and the fever heat enthusiasm will be at a lower ebb. The continued demonstrations on bringing out the people is likely to create a spirit of bitter rivalry and therefore the pressure will not be put on likely for another year.

REVIVAL CLOSES.

Eighty-One Additions to Church. Big Sunday School—Record Is Established.

The revival at the First Christian Church closed Sunday night, with eighty-one additions. There were eleven at the closing services—all heads of families but two. It was an impressive sight to see six men and five women come to the front to accept Christianity.

In the afternoon there was a solemn ordination service, in which one elder and ten deacons were ordained with prayer and the laying on of hands. There was scarcely a dry eye in the house. Evangelist Brooks preached a short sermon, in which he urged three things upon the church—regular church attendance, giving to the support of the cause of Christ, and unity in the local congregation. He paid the Mayfield Christian Church a great compliment by saying he believed it was the most united and harmonious congregation in the entire brotherhood of the Christian Church.

Rev. J. J. Castleberry, pastor of the church, made a few remarks at the close of the night service, thanking the official board and congregation for their loyalty to him and pledging his best efforts in the future as in the past.

MONDAY MORNING IN POLICE COURT

Police court was ground out Monday morning with the usual rapidity that has characterized Judge Gardner during the more than twelve years he has occupied the bench.

Two unfortunates entered a plea of guilty for intoxication and were given the usual dose of \$5 and costs.

Quincy Boaz, colored, waived his examination on the charges of breaking into Bowden's jewelry store, and was held to the grand jury under a bond of \$300 in default of which he went to jail.

Walter Hargrove, who failed to appear on the charge of selling whiskey, was taken for confessed, and fined \$60.

The cases of Payne Boyd and Brown Love, colored, charged with bringing whiskey here for sale, were set for Friday.

FAIR WEATHER IN SOUTH.

No Unusual Temperatures Are Indicated for This Week.

WASHINGTON, April 6.—Fair skies were promised last night by the weather bureau to the eastern part of the country the first of the week, but unsettled conditions, probably with rain or snow, will prevail in the wake of a low pressure area that will travel eastward from the plateau region, reaching the seaboard about the middle of the week.

"Fair weather will continue," the forecast said, "probably most of the week in the south, except in the peninsula of Florida, where local rains will occur early in the week. A low pressure area now over the plateau region will move eastward, attended by unsettled weather and local rains or snows in the plains states and the Missouri Valley Monday, extending Monday night and Tuesday into the Upper Mississippi Valley and the upper lake region and reaching the lower lake region the middle and North Atlantic states about the middle of the week. A short period of fair weather will follow, beginning Monday, west of the Rocky Mountains, reaching the central portions of the country by the middle of the week and the east a day or so later.

"Another disturbance probably will reach the North Pacific coast by Tuesday. It will move eastward and southeastward and should reach the central portion of the country some time after the middle of the week. Temperatures will rise by Tuesday over the east and south and no unusual temperatures are indicated at present over any section."

LOST—FOB.

A watch fob was lost some time ago in the city of Mayfield bearing the emblem of the W. O. W. lodge. Finder will please return to I. H. Doyle, Hickory Grove, Ky., Route 2.

SHERIFF'S SAFE OPENED.

The safe at the sheriff's office which on account of being locked has been a source of worry and inconvenience for the past week, has been opened. Brown Galaway performed the difficult and apparently mysterious feat Saturday night in about one hour. All efforts of other parties failed to get the big door to open up.

A GREAT SUNDAY SCHOOL.

Smashed Their Record—1,304 Present at First Christian Church Sunday.

Sunday was record breaking day in the First Christian Sunday school, the attendance being 1,304. The great building was packed—main auditorium, Sunday school room, basement, galleries and all—until it looked as if not another could get in. It was an impressive scene to see Mr. Smith Thomas, 87 years old and the only living charter member of the First Christian church and Mr. Rot Wyatt, Supt. C. C. Wyatt's father, 90 years old, sitting together in Sunday school. Rev. Castleberry called attention to the presence of these aged men and asked the school to give them the chautauqua salute.

The following is the attendance of several of the adult classes:

Canon class of men, 197.
Mrs. Rutherford's class of women, 187.
Parham class of men, 105.
Mrs. McGehee's, Pittman-Parkhill classes, 78 each.
Mrs. Brizendine's, Mrs. Albritton and Wm. McDonald's classes all had over 50 each.
All departments and classes were overflowing.

PEGRAM BRANDS NOW OWNED BY SUMMERVILLE

Several other popular brands of smoking tobacco has been added to the list of the new tobaccos of the Mayfield Tobacco Company, of which Brooks Summerville is manager. They are those of the former plant of the Robards Tobacco Company. These brands are "Pegram's Pipe," "Pegram's Twist" and other well known brands, which had a large sale throughout the country. The right to manufacture these brands were purchased from B. S. Hunt and W. A. Usher.

REVIVAL SINGERS LEAVE FOR A TWO WEEKS' STAY IN CLINTON

MR. AND MRS. J. FRANK HARBISON.

This couple, from Bowersville, Ohio, have been great instruments in the First Christian Church revival in bringing souls to Christ, conducted by Rev. W. T. Brooks, of Ladoga, Ind. Mr. Harbison's singing attracted many, and Mrs. Harbison rendered great service at the piano and in training the Junior Choir to such perfection. They have traveled throughout many states, where they have been engaged in religious work, both being great workers and consecrated people. Many congratulations and compliments were extended to Mr. Harbison for his zeal and success in bringing about the best singing that ever attended a revival in Mayfield.

Where Is Your APPETITE?

If you haven't one come to the NEW YORK CAFE and look over the long list of good things to eat there. When you go to the table and have that "I-Don't-Want-Anything-to-Eat" feeling, you are doing yourself an injustice. Don't starve to death. Come to the NEW YORK CAFE and let us give you something that you can eat—something that is Clean, Well Cooked, and is something that can be enjoyed by anyone. We deliver Meals to Any Part of the City.

The fact of a restaurant advertising in a daily paper is unique, to say the least, but my aim is to acquaint the people of both city and county with the excellence of our food and service and feel assured that when they eat at the NEW YORK CAFE once, they will ever afterward remain a customer and tell others how well we pleased them.

Monday Mr. L. A. Conter, Manager of Agents for the United States for the Southern Insurance Co., came into my place and ordered a portion of chicken liver saute from the printed menu. After finishing his meal, he complimented the saute so highly and it gave me so much pride I asked him to allow me to publish it. He said: "Go ahead; I always like to inform others, when I know, where the good things of life can be found."

Mr. Conter travels all over the United States, and when he told me that he had never before eaten chicken liver saute anywhere that so tickled his palate, it caused me to swell with pride because of our good cooking, which I have known all along, but which I want to tell to the people of Mayfield and Graves County.

I invite an inspection of my Kitchen, which is kept scrupulously clean and thoroughly sanitary. Good Cooking and Cleanliness is a hobby with me. ALL TRADE APPRECIATED.

"CHRIST'S TABLE TALK."

The vast number attending Sunday school at the First Christian Church on an interesting topic, that of Christ's Table talk. The Geldon Text was:

"Every one that exalteth himself shall be humbled, and he that humbleth himself shall be exalted."—Luke 14:11.

The events of our lesson took place probably about three months before the crucifixion. We are nearing the shadow of the cross. Every word and act of Jesus grows in importance and significance as we approach this culminating event. Jesus is on the east side of the Jordan and multitudes listen to his teaching. The officers and elders are attempting more and more to find cause to destroy him. Jesus is invited to a feast in the home of a ruler of the Pharisees. While there he heals a man with the dropsy on the Sabbath day and follows that act of mercy by the teaching of our lesson.

In the Orient much importance is attached to the place occupied at a table. The places nearest the host are the places of honor. A marriage feast was a very important social function. The man who sought a place above his true station was humiliated. So in life today, the self-seeker generally finds himself at the bottom. True humility and meekness will be rightfully rewarded and receive the homage due it. This is a law of both God and man pertaining to the self-exalted and the humble.

Jesus now addresses the ruler of the Pharisees. He does not mean that we are never to invite our friends and kinsmen, but that we are to invite others also. There is no charity in giving with the hope of receiving more in return. True charity is in helping the unfortunate of life without a hope of any return. Christ will bless us not in this life only, but our reward will continue for eternity.

When Jesus spoke of the resurrection this person was reminded of the marriage feast of the Lamb in the other world. Jesus uses the opportunity to teach a much-needed lesson. It was customary to send a second invitation. Jesus has invited you many times. They gave no reasons, but framed foolish excuses. There is a vast difference between a reason and an excuse. There were other times when all these things could be done. Third excuse was the most trivial. God has a right to be angry if he rejects his loving invitation. There is a room at Christ's feast for all who will accept. The highways and hedges represented the Gentile world. Those who reject Christ and the invitation of the gospel can not enter heaven.

Summary Of The New Road Law For Kentucky

Below is to be found a summary of the law passed by the last Legislature establishing a system of public State roads and providing for their maintenance:

In section 1 the commissioner of public roads is given the following duties: He shall have general supervision over all public roads and bridges upon which the State's money is spent; he is to prescribe the duties of the county engineer as far as the state roads are concerned; he must compel compliance with these rules; aid the county engineer and his assistants in establishing road grades and other work; must cause meetings to be held in each county for the purpose of disseminating knowledge about the building, upkeep and repair of public roads and bridges.

By section 2 is created the system of public state highways, which are to compose all of the roads to which state aid is furnished.

Section 3 creates the state road fund, which is to take care of the work done under the provisions of this law. The levy of a special state road tax is ordered in section 4. Beginning with 1915, it is to be 5 cents per \$100.

Distribution to Counties.

Section 5 provides that the amount given to each county from the state treasury shall be one-half of the amount levied by that county directly or indirectly for the construction of public roads, provided the money is spent under the direction of the commissioner of public roads. No county is to receive in any one year more than 2 per cent of the total state road fund.

Section 6 states that if the money apportioned to any county is not used by that county, it shall be returned to the state treasury and be reapportioned the following year.

Under section 7, the fiscal court of any county is given permission to pass a resolution stating that public interest demands the improvement of a public road. This shall not include any part of a road in an incorporated town, unless it is necessary to complete the connection of the improved road with the public road already improved.

In section 8, the fiscal court is given power on consent of the road commissioner to select which of the roads petitioned for shall be the first to be constructed.

The term road improvement is defined in section 9 as being such construction as will make for a firm, convenient, permanent traveling highway.

Approval of Plans.

After publishing the resolution the fiscal court, under section 10, must have a survey of the proposed construction made and submitted to the commissioner of public roads for approval. These shall be approved if one-half of the cost of the proposed road, plus one-half the cost of all other roads previously approved by him for that county do not exceed that county's apportionment from the state road fund.

Section 11 orders that the advertising of specification for bids must be within thirty days after the commissioner has approved the plans. Before the contract is finally let, however, it must be submitted to him and he may reject it.

Five per cent of the contract price is to be withheld from the contractor for a period of a year after the work is completed, according to section 12.

Inspection Provided.

Under section 14, the commissioner is given the power to employ an inspector at \$3 a day for state road work, with the additional power of dismissal at any time. There may be one inspector for each piece of work.

Section 15 defines the duties of the inspector. He is to keep watch on the amount of work done, on the payments made to contractors, and on adherence to specifications. The payments for work shall be through the county court.

Section 16 permits the fiscal court to omit the advertising for bids if the work to be done in conjunction with the commissioner is only survey and map work.

Section 17 orders the county engineer to keep an itemized account of all work and items of expense.

Section 18 stipulates that one-half of the cost of all the roads built under the provisions of this act shall be borne by the state, but that no part of the road fund should be spent to secure right of way or pay damages.

Section 19 specifies the formalities by which the state money is to be paid out.

Changes in Plans.

Section 20 permits changes in plans to be made after the original contract is let, the difference to be added or deducted. After a road has been built as a state public road it shall be the

duty of the county, according to section 21, to maintain and keep it in repair and it shall be known as a county road.

Section 22 demands that the fiscal court of any county receiving state aid shall appropriate sufficient money to keep in repair all roads in its boundaries now properly constructed.

Section 23 prohibits any common carrier from charging more than three mills per ton per mile for the transportation of any material used in building public roads.

Section 24 provides that the law can be made use of by two counties when a road constitutes a boundary between them, provided the fiscal courts agree on it.

In section 25 the commissioner is ordered to co-operate with the United States at any time that the Federal Government gives state aid in road building.

COXEY TO COME BACK

"General" Jacob S. Coxey, leader of the famous Coxey's Army, which marched onto Washington in 1894, arrived in New York last week and registered at the Waldorf-Astoria.

It is a somewhat pretentious stopping place for the man who makes the plea of poverty the cause of his periodical uprisings.

The history of Coxey's campaign of 1894 is well remembered. His infesting crew of hoboes were worse than rats. Their depredations caused much loss to railroads. The police found the army beyond their control. It had to be handled with consummate skill. Each city in the middle west visited by the marauders suffered.

Now "General" Jacob S. Coxey, the man of advanced years, with a perpetual smile, encouraged by the recent attempt of another general of equal distinction, Kelly, of California, by name, proposes to muster an army of 500,000 and march on to Washington, with certain demands in behalf of the men who want work.

The government should be willing to answer their demands. The farms of the country want men. The men, Coxey declares, want work. There should be no difficulty in settling the entire disputed question. Let the government conscript the Coxey army when organized and ship by the railroads to the farmers willing to pay \$30 a month for farm labor and to furnish board in addition to this amount.

As he did before, Coxey proposes to again make Ohio the campaign ground. The main division of his army he promises will leave Massillon, Ohio, some time in the early part of May. His lieutenants have been working for several weeks, and "all are welcome," declares the general.

Probably there is some glory in commanding such an army—glory of a certain discreditable kind—but it is more than likely there is something else.

Almost any city in the country would pay well to be rid of a pest. In the event of an epidemic from disease the health authorities do not consider the question of money when it comes to relieving the general public of the contagion. So it is with many other evils. It is said that General Coxey found many communities willing to pay well if he would take his hungry horde away, and no doubt this is why "General" Coxey is now trying to come back. At any rate he is willing to make the attempt, and there are roving spirits equally willing to join him, for the excitement, if for nothing else.—Memphis Commercial Appeal.

THE RIGHT KIND OF PUBLIC SPIRIT

Pete Ely, Solon Palmer, and other public-spirited men of our town, have agreed to furnish wagons and teams to haul the gravel, if the town will furnish the pit hands, to gravel the streets. The town should meet this liberal offer and get our streets out of the mud. We would like to hear from others on this important matter.—Benton Tribune-Democrat.

By A. T. SANDERSON, Deputy Sheriff.

HERE IS GOOD NEWS FOR STOMACH VICTIMS.

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years-standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by Kline & Gilliam.

NEGRO TAKEN BACK TO HOPKINSVILLE

Henry Boland, the 18-year-old negro, arrested here Thursday evening on a passing train by Sheriff Sullivan and Deputies Nunnley and Elliott, was taken to Hopkinsville Friday night in charge of Deputy Sheriff Johnson, who came after the negro. Boland is charged with a heinous offense, that of criminally assaulting a young colored girl. It is said that Boland went to the house where the colored girl was servant and caring for young white children, locked the children in a stable with several head of stock and then committed his atrocious act. The girl is said to have been badly injured.

THE NIGHT RIDER.

I have just shipped "THE NIGHT RIDER," my fast trotting stallion, from Bowling Green, Ky., to Charles Boswell, Mayfield, Ky., to be trained this season, and will allow him to serve a few mares.

The people here have never had an opportunity to breed to a horse like this. He is 16 hands and 3 inches high, a coal-black and sound. A trial mile in 2:05. Will stand him at \$15.00 cash, and in case there is no colt, the mare will be served free next year.

The Night Rider was foaled 1906, by Museo; dam Bessie S, by Silgo; granddam Bess Simmons, by Simmons 2744; great granddam Gift Edge, by Vindex. Bred by W. T. Miller, Forum, Okla., passed to John E. Gray, Bowling Green, Ky.

No better trotting horse has ever been brought to Graves County, and this is an opportunity that the breeders of Graves County have not had before.

Care will be taken to prevent accidents, but not responsible should any occur. You are invited to call and see this fine trotting stallion. Owner, D. L. HESTER.

PRETTY-FULTON WEDDING

A beautiful wedding took place at Fulton Thursday evening when Miss Inez Ayers became the bride of Glenn Lewellyn Robertson. The ceremony took place at the Baptist Church, and was performed by the pastor, Rev. M. E. Miller, in the presence of a brilliant assemblage of relatives and friends. The church was handsomely decorated for the occasion, and a program of beautiful music was rendered as the guests assembled.

The bride was beautifully gowned in white satin and hand-made lace. Her short veil was in the castle cap effect, and her bouquet was bride roses and valley lilies.

The attendants were: Miss Maurine Rye, of Paducah, maid of honor; Miss Clara Fields and Miss Harriet Murrell, of Fulton, bridesmaids; Little Misses Virginia Ayres and Lewellyn Jones, flower girls; Mr. Lance Savage, of Memphis, best man; Messrs. Frank Carr, James Clements, Trevor Payne, and Ed Paschall, of Fulton, groomsmen.

The maid of honor and all the bridesmaids wore pretty toilettes of pink crepe de chine with broad girdles of light blue velvet and carried bridesmaid roses.

Col. Mott Ayers and Mrs. Ayers, parents of the bride, entertained with a reception-dance at the Usonia hotel following the ceremony.

Mr. and Mrs. Robertson left at 12:30 o'clock for Washington City and other points east. The bride wore for travel a pretty blue silk coat suit with hat to correspond.

3,500 OF 9,000 MEN GOT OUT OF TORREON

Remaining 5,500 Were Killed, Wounded or Caught by Rebels Villa Pursues.

JUAREZ, Mexico, April 4.—Gen. Villa left Torreon late yesterday to take charge of his troops at San Pedro, where they are reported to have brought on an engagement with the Federals who evacuated Torreon on Thursday.

This information was given out officially last night and it was added that the rebels were attempting an enveloping movement. It was said that the battle was continuing last night.

EL PASO, Texas, April 4.—Federal sympathizers in this city last night claimed information to the effect that the Federals who escaped from Torreon last night numbered 3,500. As they estimated Velasco's forces at 9,000, this would indicate that in dead, wounded and prisoners, the Huerta forces lost 5,500.

WATER VALLEY

WANTS COUNTY

HIGH SCHOOL

Quite a number of Water Valley

citizens were in the city Monday to

attend a meeting of the County Board

of Education. These people came to

ask the board to give them a county

high school. That is a good section

of the county, and there is no doubt

but what Water Valley needs one.

The good citizens have expressed

their desire of securing one by ap-

pealing to the county board.

A MEDICINE OF MERIT.

A proprietary medicine, like every-

thing else that comes before the pub-

lic, has to prove its merits. The law

of the survival of the fittest applies

in this field as in others. The reason

for the tremendous success of Lydia

E. Pinkham's Vegetable Compound is

because it has been fulfilling a real

human need for forty years, so that

today thousands of American women

owe their health and happiness to the

marvelous power of this famous medi-

cine, made from roots and herbs—

nature's remedy for women's ills.

EWALD CASE SETTLED

Common Law "Wife Gets Her
Share of the \$4,000,000
Estate of Deceased.

LOUISVILLE, Ky., April 6.—All lit-
igation pending in courts here for sev-
eral years against the \$4,000,000 estate
of Louis Philip Ewald, late Louisville
& Nashville Railroad iron master, was
ended here today. The jury in the
trial of the \$1,750,000 suit of Ellen J.
Golden, or Ewald, against the estate,
returned a verdict today declaring the
woman to be the lawful widow of
Ewald, under a common law marriage
in St. Louis twenty-four years ago,
and the court finally approved a com-
promise agreement for settlement of
the woman's claim by which she will
receive \$300,000 cash and an annuity
of \$10,000.

Three children of the couple, adopt-
ed by Ewald, are adjudged legitimate
heirs at law of the late iron master.

YOUTH IN OLD AGE.

Possible With Proper Care.

A few generations back a man at
50 was considered old, gray-bearded,
and waiting for death. Note the
change today; at a meeting of the
Medical-Legal society, it was stated
that a man of 50 ought to have forty
good years ahead of him and, thus
at ninety he is in the fullness of ma-
turity.

What if you have seen sixty, or
even seventy birthdays—temperate
habits, fresh air and exercise, with a
simple diet and a sufficient amount
of sleep will guard your health.

If perchance, your circulation is
poor, if you become run down—weak
and no appetite—nothing in the world
will tone up those tired back-sliding
organs—enrich the blood and create
strength so quickly as our delicious
cod liver and iron tonic Vinol.

We ask every feeble, discouraged
old person in this vicinity to try Vi-
inol on our agreement to return their
money if it fails to give satisfaction.

ECONOMY OF THE SILO.

In an address on the subject of
silos at a western meeting, J. E. Dor-
man, of the United States Department
of Agriculture, compares silage with
hay on the basis of space required for
each. He said:

"Silage contains about 75 per cent
moisture, and for this reason the econ-
omy in storing has been questioned.
It requires 400 cubic feet to store one
ton of hay and 50 cubic feet to store
one ton of silage. Therefore, eight
tons of silage can be stored in the
same space required for one ton of
hay. One ton of hay contains about
1,800 pounds of dry matter, while
eight tons of silage contains 4,200
pounds of dry matter, more than twice
as much as hay.

"Again one ton of alfalfa hay con-
tains about 1,000 pounds of digestible
nutrients. Eight tons of silage, which
can be stored in the same place, con-
tains 2,100 pounds of digestible nutri-
ents, or more than twice as much.
Corn is recognized as the best silage,
although other crops are used with
success. Those who have used silos
are the boosters for them, and those
who argue against them have never
used them."

RUTH ST. DENIS.

World's Greatest Classic Dancer
to Appear at the Kentucky
Theatre, Paducah, Easter Mon-
day, April 13th.

As the silken tapestries of the east
are to the products of the caucasian
brush, so are the wonderful dances
of the orient to the drama of the west.
Where the one but paints his ideal,
the other weaves it into tangibility.
What the west would tell in spoken
parable and the east in the mystic
expresses in the unhindered sense of
motion only, and that the latter goes
further, mounts to a higher form of the
beautiful, and can be made a more
perfect vehicle for the expression of
thought and feeling. Is strikingly
proved by Ruth St. Denis, who will
appear at the Kentucky Theatre, Easter
Monday, April 13, in her reper-
toire of Hindoo, Egyptian, and Japa-
nese dance-plays.

Like the spirit of the land, whose
strange mystic as, and stranger phil-
osophies she would interpret through
the lovely medium of her flashing
fingers and twinkling toes, Miss St.
Denis is herself quite beyond the com-
prehension of the caucasian mind. She
deals in ideas and ideals, in forms
and expressions, that have about them
impenetrable gauze of the mystic
orient. But in the delineation of
beauty, which in its highest form has
but one standard, she is thoroughly
understood.

Miss St. Denis has gathered about
her a bit of the east itself and trans-
planted it to the American stage.
Her attendants and very capable sup-
porters are for the most part natives
of the land she depicts in her dancing.
The musical mantle that goes over
it all is so sweetly strange that it dis-
turb the listener's peace of mind and
produces an uneasiness that is only
satisfied when the beautiful dancer
fits on to the stage and melts into the
