Proper Zoning Of The City Will Insure Future Industrial Sites

Editor's note: This is the final article in a series which was prepared by the Department of Economic Development, to enlighten the public on the work and goals of the Planning and Zoning Commission.

These articles revealed in a clear manner, just what the Murray Planning and Zoning Commission is working toward.

WHAT CAN ZONING DO FOR THE CITY OF MURRAY

Cities are continually trying to attract new industry. At the same time, however, they permit the best and in some cases the only suitable industrial land to be subdivided into small lots for residential use. In this way they practically exclude industry from coming to their city. Industry must have sufficient land

area on which to operate and to expand. Good zoning will reserve desirable areas with highway and railroad access for industrial use.

The land area in our business section is so closely built-up that no place is available to park the increasing number of automobiles. For lack of off-street parking space, the streets are used for parking which increases the congestion in remaining traffic lanes. The streets should be free for the movement of traffic. Automobiles bring customers and if there are no places to park, the customers will seek out shopping centers which provide such spaces. A zoning ordinance can in time provide these spaces by requiring new construction to provide

Pleasure To Watch Real Craftsmen

By WILLIAM EWALD

United Press Staff Correspondent
NEW YORK — It's a pleasure to watch craftsmen at work. That's the principal impression I carried away from "Little Moon of Alban" a 90-minute special presented on NBC-TV Monday night.

The craftsmen were Julie Harris and Christopher Plummer, who starred in the original drama written for "Hallmark Hall of Fame" by James Costigan. It was a play set around the early 1920's when the British and Irish were having a go at each other.

"The play itself was a study of a quest for religious faith on the part of Miss Harris whose belief has been numbed after having watched her boyfriend being gunned down by the British. She enters a religious order and subsequently, regains her faith when she plays a wounded non-believing British lieutenant (Plummer) back to life and into faith himself.

Has Rare Ability

Miss Harris carried the ball most of the time and she carried it beautifully. She has that ability rare among TV actresses—and almost non-existent among movie queens—to pitch out an emotion without excessive gesture, she does something much finer—she works from inside herself, squeezing out scenes through her pores.

Plummer is a different kind of actor, but also a very good one. Where Miss Harris floats in an atmosphere of delicate quiver, he strides with strength. His speeches have muscle, he summons up hard knots of tissue from his innards and spits them out with bitter precision.

As for he play itself, I would say it was the sort of thing that leaves some viewers with a warm glow and leaves others feeling sticky. Swept along by some crisp and prickly dialogue, almost mesmerized by the cadences of Irish-English, and hammered in by the submission by Miss Harris and Plummer, I found myself leaning toward the side of glow.

Bow For Sponsor

Two further bow. One, in the direction of producer-director George Schaefer, who straws-broiled with an intelligent hand. The second, in the direction of the sponsor, a direction in which I don't often bow. The gentleman who puts Hallmark seems to give executive producer Mildred Freed Alberg a pretty free hand with his TV specs, a wise choice and a winning one. For that, I would like to send him a greeting card.

CBS-TV's "High Adventure" tripped into the Australian interior Monday night in search of the bones of explorer Harold Lassiter who disappeared 28 years ago. They found them, but the trip wasn't worth the trouble.

One hour of Australian desert and kangaroos can be pretty thin fare. Much of the footage seemed to be taken up with the efforts to free the trucks of the expedition from rats. They freed the trucks, but not the show.

The Channel Swim Jose Melis goes to the hospital for a month starting this Friday. Jack Paar announced Monday night on his NBC-TV show, "It looks like CBS-TV will replace 'The \$64,000 Question' next season with 'The Magnificent Montague,' a situation comedy with Cedric Belfrage.

Sue Lawrence and Eydie Gorme take over for NBC-TV's "Sue Allen" from July 13 to Aug. 31. ABC-TV's Pat Boone, his wife Shirley, and his brother Nick Todd, take off for a quickie trip to London and Paris after Boone's April 8 show.

The Murray Training Chapter of the Future Homemakers of America met Tuesday, March 25, in the Home Economics Room.

The highlight of the meeting was an interesting ski on Civil Defense entitled "Let's Plan What To Do Now," presented by Phyllis Maupin, Shirley Crutcher, Kay Boen, Wanda Morrison and Kathryn Parker.

Some of the main points brought out in the ski were:

1. Always be prepared with necessary food and clothing.

2. Be able to provide simple first aid treatments.

3. Have a first aid kit ready.

4. Always know where a good safe place to stay can be located.

The discussion, following the ski, was led by Sarah Ward, student teacher of Home Economics at Murray Training School. Phyllis Gibbs, Reporter

GOP Could Use Fund Left In Old Eisenhower Group

By LYLE C. WILSON

WASHINGTON — The Republican Party's practical politicians will be bruised by the news that there is to be a bright new Citizens-For-Eisenhower organization in their lives this year.

A bright new Citizens-For-Eisenhower organization in 1960 would be more to the liking of many of the party's old pros.

But not even a Citizens-For-Eisenhower set up by the party would start the old pros singing in the streets unless the organization could qualify professionally. That is something the various Citizens-For-Eisenhower organizations have never done. The Eisenhower organization masterminds began and remain gentlemen amateurs in the rough political game.

There is a contest on right for control of the hold-over Citizens-For-Eisenhower organization which is mostly all chiefs and no Indians. There are persons in and out of the organization which think it should be disbanded and its \$200,000 bank roll turned over to the regular Republicans for use in this year's difficult congressional campaign.

Raise Much Money

The fact that the organization possesses so much money is proof enough that it has been no amateur in the line art of raising political money. It was created for that purpose in 1952, the idea being that a great many men and women who would not care to be associated directly with the Republican Party, yet willing to contribute to and work for the 1952 presidential ticket.

It was Citizens-For-Eisenhower and Nixon in 1952. In 1954 it became the Citizens-Committee-For-Eisenhower-in-the-Congressional-Campaign. The organization dragged its heels on Nixon in 1956 until the Vice President actually had arrived in the Republican National Convention city of San Francisco and it had become obvious, even to the ill-informed that his renomination was assured.

The spark plug of the movement to keep the Citizens-For-Eisenhower organization alive in this congressional campaign year is Clifford J. Roberts, Roberts, a partner in the brokerage firm of Reynolds and Co., also is partner of the Augusta, Ga., golf club where the President plays.

Refuses To Believe

"Roberts had been described as a slight, grim looking man whose mouth frequently seems to close like a trap, but who none the less is a jolly, needing companion on the golf course and at the bridge table," an observer recently said. "I don't believe it," said Roberts, who is not a member of the Augusta, Ga., golf club where the President plays.

S. Roberts is setting up a new Citizens-For-Eisenhower organization with a sub-

Survivors Of Slain Police Get Aid

CHICAGO — Widows and children of policemen killed in the line of duty here receive aid from five different sources.

They receive 200 a month from the Police's Annuity and Benefit Fund plus \$20 a month for each child under 18 years of age. Orphans get \$40 a month.

The payments continue until the husband would have been 57 years old. Then his family is paid his regular pension: about 60 per cent of his salary.

The city council appropriates between \$7,500 and \$15,000 for such bereaved family and the mayor's Youth Foundation Fund contributes \$500.

Another \$2125 comes from the Police Benevolent Association.

And finally, when the hat is passed around the police department, the officers kick in about \$7,000 more.

Chicago lost four policemen in action last year—and four families lost husbands and fathers.

Ten Years Ago Today

A capacity crowd was present last night at a banquet in the dining room of the Momen's Club House, honoring coach McCoy Tarry and his Brewer Redmen. The function was sponsored by three civic clubs of Murray, the Young Business Men's Club, The Lions and the Rotary.

Private Atkins, son of Mr. and Mrs. Tommy Atkins of Murray was 19 at the time of his death.

Charlene Orr, daughter of Mrs. Laverne Orr, 1205 W. Main St., Murray, is one of the 12 students in the University of Kentucky College of Education to achieve a perfect straight-A academic standing for the winter quarter just ended. Dr. William S. Taylor, dean of the college announced today.

Audie Murphy Turns Down TV Series

By VERNON SCOTT

HOLLYWOOD — Audie Murphy has turned down the starring role in a TV series titled "Medal of Honor" with the observation, "I don't want to capitalize on my war record any more than I have."

"I've had enough of that I'm here in Hollywood making pictures," said Murphy.

He also refuses to discuss his heroism, and detests the never-ending identification with the medals he won.

"I'm an actor now. Period," he says. "I've made 25 pictures, 18 of them Western. Now I get hundreds of offers to play Westerns on television. They've even asked me to play like the Kid."

"I see enough bad Westerns on TV without making them myself," Murphy acknowledged that as a leading man he has little opportunity to play anything else.

One aspect of being a Western hero that pleases the tough little Texan is the comfortable wardrobe. He prefers casual clothes on and off the screen.

MURRAY KNIGHTS--WINNER OF ATOMIC VALLEY LEAGUE SEASON

Trotters To Seek Fourth Victory

TOLEDO, Ohio — The Harlem Globetrotters, the clown prince of basketball, try for their fourth straight victory tonight over a college all-star team that almost upset them Monday night.

The Trotters beat the All-Stars 84-82, at Hershey, Pa., by scoring six straight points in the last two minutes.

The All-Stars moved ahead in the third period when Vern Hatton of Kentucky collected 13 points. Turman tied the score at 75-75 in the last quarter with a hook shot. The All-Stars pulled in front, 82-78, on four field goals by Jay Norman of Temple before the Trotters touched off their winning rally.

Orioles To Field Better Ball Club

By HAL WOOD
United Press Sports Writer
SCOTTSDALE, Ariz. — The Baltimore Orioles will field a "considerably better" club than ever before since the city came back to major league baseball, manager Paul Richards added.

The greying boss of the Orioles is optimistic about the chances of this team and he is willing to tell the world.

Two Fine Catchers
"In Gus Triandos and Myron Cinsberg we have two fine catchers. Triandos has the best throwing arm in baseball. We expect his hitting to improve year after year. He has hit 40 home runs for us in the last two years in the biggest park in the majors."

"We have two good first basemen. Bob Boyd hit .318 for us last year and is a slick fielder. Jim Marshall, who from Vancouver of the Pacific Coast League hit .30 home runs and drove in 102 runs."

"At second base we have the best defensive fielder in the league in Bill Gardner. He hit .262 for us last year and played every inning of the season. On top of that he is a clutch hitter."

"Our two shortstops couldn't be compared with the best defensive men in history, but Willie Miranda and Ronnie Hansen give us adequate protection."

"Our third baseman is Brooks Robinson. He is a great defensive player. If he hits better — and we have hopes — he will mean a lot to us."

Outfield Set
"The outfield is set with Al Pilarcik, Larry Doby and Bob Nieman. They'll provide a good punch with defensive ability. Backing them up we have Jim Busby and a couple of other good men."

"Our pitching staff is headed by Connie Johnson, Billy Loes, Hector (Skinny) Brown, Jack Harshman and Bill O'Dell. Behind them we have George Zuvorink and Ken Lehman as relievers. We also have Charley Beamon, Jerry Walker and Art Houtteman. Houtteman may make it all the way back."

Richards drew a deep breath. "It all adds up to a considerably better club than we've ever had before at Baltimore. It is a club improving all the time," he said.

Today's Sports Parade

By OSCAR FRALEY
United Press Sports Writer
NEW YORK — Well, now that the baseball season is over, who do you like in the World Series?

What brings me to this question, even before the pennant races get under way, is the apparent fact that they are already decided. This is the tenor of all the reportorial juice oozing from the grapefruit circuit.

And Fearless Fraley has to go along with those who predict that the New York Yankees and the Yankees of the National League, the Milwaukee Braves, are "in."

These two apparently are in a class by themselves. The Yankees usually do prove it. The Braves, off their world championship, have the faith which they lacked previously.

How The Races Appear
In this corner, the races shape up like this:

American League
1. New York Yankees; 2. Chicago White Sox; 3. Detroit Tigers; 4. Boston Red Sox; 5. Cleveland Indians; 6. Baltimore Orioles; 7. Kansas City A's, and 8. Washington Senators.

National League
1. Milwaukee Braves; 2. St. Louis Cardinals; 3. Cincinnati Reds; 4. Los Angeles Dodgers; 5. Philadelphia Phillies; 6. Pittsburgh Pirates; 7. San Francisco Giants, and 8. Chicago Cubs.

The Yankees are, as usual, the Yankees. They are so "loaded" that Casey Stengel's problem is what to do with some of his young stars.

Pitching is Chicago's forte but the team lacks power and you don't win many games if you can't score any runs.

Billy Martin figures to lift the Tigers. Yet the pitching may not hold up and the club could be hurt fatally by injuries.

The Red Sox have Ted Williams, infield problems and lack left handed pitching.

Cleveland's hopes depend greatly on Herb Score's comeback and the result of the operation on Bob Lemon's arm.

That takes care of the contenders. The Orioles are hopeful but their dreams look like an anemic nightmare; the A's will discover that spirit is no substitute for talent and the Senators are still the Senators.

Gobs of Everything
In the National League, Milwaukee has gobs of everything, has strengthened and has that new belief which comes to a champion.

Cardinal pitching is a question and the club lacks outfield defense.

The Reds sacrificed power to improve their pitching and fell short in both departments.

The Dodgers' old pros will keep them respectable but the loss of Campanella is a killing blow.

Philadelphia may make a bid as last year, but it is doubtful.

After that you have the real also-rans. Pittsburgh lacks pitching; the Giants are "shooting for a pennant" and using blarney; while the Cubs have a poor outfield, poor power, poor pitching and fair defense.

In the series, I'll take the Yankees in six games.

Whatever Happened To COONEY WEILAND

By United Press

Cooney Weiland smashed all National Hockey League scoring records of his day while playing center in the "dynamite line" of the Boston Bruins between Dit Clapper and Dutch Gairner from 1928 to 1932. Weiland, in 1929-30, racked up 43 goals and had 73 points as the Bruins went through the regular season losing only five games. He also was adept in the now lost art of poke checking. After being traded, Weiland returned to the Bruins to captain the 1938-39 Stanley Cup winners and to coach the 41 champs.

Whatever happened to Cooney Weiland? Today he is the hockey and golf coach at Harvard University.

Len Sutton Went All Way Sunday

TRENTON, N.J. — Len Sutton of Portland, Ore., went all the way without one pit stop to win the 100-mile U.S. Auto Club Grand National championship race at Trenton International Speedway Sunday.

An estimated 15,000 persons watched at the one-mile oval track as 13 starters dwindled to seven finishers.

Sutton, ahead most of the distance, covered the 100 miles in one hour, two minutes, and 48 seconds. He averaged 95.501 miles per hour despite 19 caution laps during the race.

Tony Bettenhausen of Tinley Park, Ill., finished second and held the lead at several stages of the race.

Third place went to Johnny Thompson of Boyertown, Pa. Chuck Rodeo of Speedway, Ind., plunged into the fence on the home stretch of his 83rd lap and suffered fractures of the right arm and left ankle and possibly a fractured skull. Although he managed to bring his badly-damaged car under control, it was 10 minutes before pit attendants could extricate him from the car.

At St. Francis Hospital, Rodeo's condition was described as serious.

Pat O'Connor of Vernon, Ind., holder of the world's record for 100 miles, spun out on the second turn in his eighth lap. He was among four cars fighting for the lead at the time.

Tom Brewer
Red Sox

by Casey Stengel as the Yankees' most dangerous American League

Frank Sullivan
Red Sox

rival, faced the gloomy prospect today of opening the season

without their possible No. 1 battery.

Tom Brewer, the leading Red Sox pitcher last year with 16 wins, and Haywood Sullivan, a rookie bidding for the starting job behind the plate, both suffered fractured fingers Monday. Brewer will be sidelined at least three weeks, Sullivan at least six weeks.

Brewer, 26, was taking batting practice when hit by a Bob Porterfield pitch. Brewer suffered a hairline fracture of the middle finger on the pitching hand.

Foul Hits Sullivan

Sullivan, 27, was hit by a foul off the bat of Roy Sievers of the Washington Senators in the first inning of an exhibition game. Sullivan's right index finger was fractured and dislocated. The Red Sox were hoping that Sullivan would play well enough to replace Sammy White behind the plate.

Another catcher, Yogi Berra of the Yankees, also was put out of commission. A foul off the bat of Charley Nease of the Los Angeles Dodgers struck Berra on the right hand, split the web between two fingers and sidelined him for 7 to 10 days.

Aside from the injuries, tight pitching performances by some of the best in baseball featured the nine-game exhibition program.

Billy Pierce and Jim Wilson combined for a one-hitter as the Chicago White Sox shut out the St. Louis Cardinals, 7-0. The Cards won a six inning nightcap, 7-5.

Herb Score ran his scoreless

streak to 11 innings in the Cleveland Indians' 8-2 victory over the San Francisco Giants.

Pirates Beat Braves
Lew Burdette pitched four scoreless innings for the Milwaukee Braves before the Pittsburgh Pirates got to his relievers and won, 4-3. Hank Foiles singled in the winning run in the ninth.

In other games, the Chicago Cubs blanked the Baltimore Orioles, 1-0; the Dodgers scored a 7-3 triumph over the Yankees; the Sox whipped the Senators, 8-3; Cincinnati Redlegs took a 2-1 decision over the Philadelphia Phillies; and the Kansas City Athletics beat the Detroit Tigers, 5-4.

In the roster trimming department, the Dodgers optioned shortstop Bob Lillis to St. Paul and returned outfielder Felipe Montemayor and catcher Norm Sherry to Spokane. The Orioles sent Wayne Causey, a bonus infielder to the Louisville training camp. The White Sox shipped pitcher Jim Derringer and outfielder John Callison to Indianapolis.

BOUT PROMOTION OFFERED

PHILADELPHIA — Philadelphia promoter Nick Troilo has offered to stage the Virgil Akins-Vince Martinez welterweight title bout in either Philadelphia or Pittsburgh this summer as part of a benefit show. The fight, being promoted in conjunction with the International Boxing Club, tentatively has been scheduled for June 6 with no site as yet named.

Garrett Beshear And Ken Peterson Pace The Victorious Knights In Winning Championship

The Murray Knights dumped Hardin, 73-59, to capture the championship of the Atomic Valley Independent League last night in the Carr Health Building. The victory made the Knight season complete as the Murray team had already won the regular season title.

Garrett Beshear, a former Murray State great pushed in 12 of 14 points in the first half and 6-9 Ken Peterson notched 16 of 21 points in the second half in leading Murray to victory.

Two regulars missed the game. Smikoski and Brooks were injured earlier in the day in a horse riding incident and did not start. Murray was leading by eight points, at the end of the first period but Hardin trimmed the gap to three at halftime, 37-34. The Knights were able to enlarge their margin by one in the third stanza, 50-46. Murray quickly pulled away from its smaller foe in the final canto to win over runner-up Hardin, 73-59.

The league president, James Elkins, made the presentation of the trophies to the top three teams. The Knights, in addition to the championship trophy, were awarded jackets for their regular season title. John Powless was voted the most valuable player.

It was the first year that the Murray Knights had participated in the ten team league, which is Western Kentucky's oldest

independent league. The Knights lost only two games, both by close decisions. Murray fell once to second-place Benton and once to third-place Hugg The Druggist.

Hugg The Druggist defeated the Princeton Atoms, 61-58 in the consolation game of the evening. Hugg trailed eight points at the end of the first period and was down by one at halftime but forged ahead in the third period.

Hazel Homemakers Club Meets In Home of Mrs. Harper

The East Hazel Homemakers Club met recently in the home of Mrs. Sarah Harper at 1050 in the morning. Presiding was Mrs. Leland Alton, president.

Mrs. Harley Craig opened the meeting with a devotion which was followed by a prayer led by Mrs. William Adams.

The minor lesson on Program Planning was given by Mrs. Alton. Each year club members are given an opportunity to select what they would like to study for the coming year. The main areas to be selected from are: foods, clothing, home management, and home furnishings.

Votes from the clubs over the country will be totaled and the subject most voted for will be the subject the clubs will study. At the noon hour a meal was served from the lesson on food preparation in oven and refrigerator. Mrs. Harper gave some pointers on preparing the meal. Mrs. Wraether led the group in a quiz on nutrition.

Parables of Christ

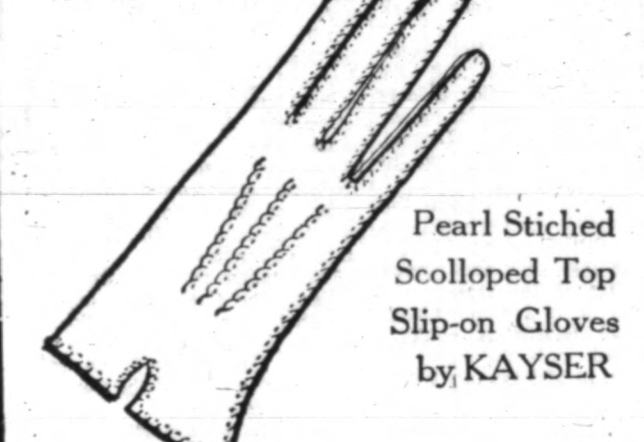

"THEN shall the kingdom of heaven be likened unto ten virgins, which took their lamps, and went forth to meet the bridegroom."
Five, who were wise, took oil with them, but the five foolish virgins took none. When the time came, the five wise virgins refused to share their oil, but advised the foolish ayes to go out and buy their own.
"And while they went to buy, the bridegroom came; and they that were ready went in with him to the marriage: and the door was shut."
"Afterward came also the other virgins, saying, Lord, Lord, open to us."
"But he answered and said, Verily I say unto you, I know you not."
"Watch therefore, for ye know neither the day nor the hour wherein the Son of man cometh."
